

## More Concerts At No Price Rise Offered

More entertainment for the same price as last year is the offer made today by Judge Vernon C. Mize, president of the Seminole County Mutual Concert Association.

Renewal membership lists were opened Wednesday with Mayor Al Wilson buying the first renewal from Mrs. Ralph Austin Smith, membership chairman.

A telephone committee will begin today to call on all for-

mer members soliciting the renewal of their membership for the 1964-65 season, which has a tentative slate of five programs, including two outstanding programs from the Central Florida area.

Kicking off the concert season in November will be the Stetson Glee Club. This group is well-known throughout Florida and are veterans of many concert tours under the direction of Professor Harold Giffin.

### Jax Charges 2 City Patrolmen

JACKSONVILLE (UPI) — Two city patrolmen surrendered to county police on shakedown charges Tuesday night, the sixth and seventh.

Mayor Haydon Burns said it was "likely the arrests will reach to certain county officials," but did not name them.

"The matter is far from being closed," Burns said after a meeting with Sheriff Dale Carson and Duval County Solicitor Edward Booth.

The patrolmen charged with unlawfully accepting unauthorized compensation were James Branch, 30, and J. F. Luman, 28.

### High Claims 3 Union Locals Support Him

By United Press International  
Miami Mayor Robert King High claimed support today from three labor union locals in his race for the governor's office.

He said the locals of the Hotel and Restaurant Union, the Waiters and Bartenders Association, and a union vowing education group endorsed him Tuesday night after meeting at Miami.

High, whose campaign platform includes a plank for a minimum wage of \$1.25 per hour, said he understood several other union locals have scheduled meetings in the next few days to endorse him.

# Seminole Schools Rated Far Above State Average

Seminole County schools, across the board, are rated far above the average for the state, the Seminole Board of Public Instruction was told Thursday afternoon.

Offering statistical data to back this finding was W.W. Wharton, the county's guidance and testing counselor.

Schools Superintendent R. T. Milwee noted the high rating "is a direct result of each teacher doing more than is required. Their energy, time and talents is used to the fullest and the results speak for themselves."

Wharton pointed to tests given 700 plus ninth graders and compared them with what had been set up as the statewide norm.

Using 50 percentile for the norm, he showed that test results in the county averaged as high as 71 percentile—1015

in the sciences. The norm was hit on languages and Wharton explained this meant the English language.

It consisted of grammatical construction, punctuation and the like. Asked why the testing showed the normal percentile rather than continuing the higher trend as in other subjects, Wharton explained:

"The language pattern of student is usually formed by

the time the child is six years old. If it is not of above-standard level, it usually stays in the same area even after the child enters school."

The general average for Seminole's ninth graders was about 20 percentile above the state's norm.

Seniors were also tested, this time for a college entrance score which, Wharton said, is considered by colleges and universities as being 300 or higher.

Of the 461 seniors taking the exams, 41 per cent qualified with higher than 300 marks. This, the general average throughout the county, was led by Oviedo seniors were 70 per cent achieved the 300 plus grade.

Board members commended the educators for the ratings and urged that every effort be made to continue what they called "an excellent trend."

MISS PAM GIBBS is the latest entry in the Civitan Club's Miss Seminole County Beauty Contest. Pam, 17 years of age, is a junior at Seminole High School. The contest will be held at the Civic Center April 23-25 in cooperation with the Industrial Show to be sponsored by the Seminole County Chamber of Commerce. For further information contestants should contact Charles Kampf, Civitan president, 322-9484. (Herald Photo)

# Emergency Rail Talks Open At White House

WASHINGTON (UPI) — President Johnson opened emergency negotiations in the railroad dispute today and said he expected a solution before a 15-day strike moratorium is over.

Johnson, who won a strike delay last night, told union and management officials that he was optimistic about chances for settling the four-year-old rail controversy. Bargaining sessions began shortly before 10:30 a. m. EST in the White House cabinet room.

Johnson brought a five-man team of federal mediators in to the discussion to help the parties reach a solution but emphasized they would not "cast their weight on either side."

Johnson won a dramatic agreement from the warring rail union and company officials Thursday night that blocked a nationwide rail strike less than 90 minutes before the walkout was set to start.

Using persuasion, because all the powers of law at his command had long ago been exhausted, the Chief Executive got union leaders to change their minds and accept his proposal for a moratorium on a national rail strike.

An informed source said the chiefs of the five railroad operating unions at first turned down the President's proposal because they said it would undercut their entire bargaining strategy by halting the two-day-old strike against the Illinois Central Railroad.

Railroads, meanwhile, tried to highball train service back to normal, but foot-dragging unions triggered massive snarls in New York and Chicago.

Local unions set up picket lines at midnight in rail centers in Pennsylvania, northern Illinois, upstate New York, and Missouri.

Leaders of the four operating unions that set a strike for 12:01 a. m., said many locals had not been officially notified to return to work.

Washington (UPI) — Secretary of State Dean Rusk left today for a round of conferences in the Far East and an on-the-spot inspection of the war in South Viet Nam.

Also included in the 10-day trip will be a stopover on Formosa for a meeting with Nationalist President Chiang Kai-shek.

En route, Rusk scheduled a two-hour stop at Anchorage to inspect Alaska's earthquake damage.

Rusk said Thursday night after a meeting with President Johnson that the chief executive had asked him to go on to Viet Nam after attending the ministerial meeting of the eight-nation Southeast Asia Treaty Organization (SEATO) in Manila.

The SEATO conference begins Monday and continues through Wednesday. Rusk originally had planned to return to the United States Thursday afternoon stopping briefly at Formosa.

Rusk said the extension of his trip to include Viet Nam indicated "no special emergency or crisis" there.

North Orlando City Council is really "split up" . . . and is in a dither. Mayor Irene Van Epeol has a Winter Park exchange telephone number. Councilmen Art Rhodes, Mona Grinstead, Dave Tilson and Art Ferrin have Sanford exchange telephone numbers. Even though they all reside in North Orlando when the council members want to telephone the mayor they must call long distance. Wonder how North Orlando felt about the county-wide metro telephone system?

We hear of a grocer offering instant water for sale to go with instant coffee and instant tea. Then, too, we hear the cannibals now shop for "instant people."

That five-day plan to stop smoking, scheduled for last month, was postponed and now will be held starting April 12 at 7:30 p.m. It'll be in the County Health Department offices. A few more reservations are available and can be made by calling 322-3620. The deal has proven successful throughout the county. Basically it involves a mass effort by persons who want to, but haven't kicked the tobacco habit.

In England, a brewery is planning to build a chain of gas stations next to pubs it owns on the theory that such an arrangement will do no harm because motorists who want to drink and drive will do it anyway. Why not go all the way; set up a chain of hospitals and undertaking parlors to take care of the motorists who patronize the gas-grocery combo.

You've seen those television commercials telling about a certain razor blade and comparing it with a "koo-koo" blade. We know a fellow who decided he'd see how the "koo-koo" blade worked. Put one in his razor February 1 and shaved with it until this morning. After 69 shaves (he counted 'em, he says) the only reason he changed was because the blade was getting rusty.

ACL Head Asks End To Threats JACKSONVILLE (UPI) — The president of the Atlantic Coast Line Railroad called Thursday night for "an aroused nation" to take steps through Congress to halt the continuing threat of a nationwide railroad strike.

W. Thomas Rice of Jacksonville fired a hot volley at the rail unions and said, the Illinois Central walkout which almost triggered a national strike "demonstrates the urgent need for action."

"Congress should be called on for legislation requiring binding arbitration of all the issues involved to settle this dispute over featherbedding," Rice said.

JP Charged JACKSONVILLE, (UPI) — Justice of the Peace J. W. Jones was charged today with accepting monthly payments of \$300 as bribes to protect an illegal gambling lottery operation.

# County Orders Land Purchase

James P. Avery Jr., chairman of the County Commission, today announced that County Attorney Harold Johnson has been directed by the board to initiate steps to procure approximately 210 acres of land northwest and immediately adjacent to the county-owned Ocoola Airfield property.

The county purchased approximately 900 acres of the airfield property for \$75,000 about two years ago.

However, the U. S. General Services Administration (GSA) withheld 210 acres in the northwest corner for bivouac use by Florida National Guard units out of Daytona Beach.

This parcel will square off the total county-owned land holdings in the area.

Thousands File Past Mac's Bier NORFOLK, Va. (UPI) — Mourners filed slowly past the open coffin of Gen. Douglas MacArthur today to view the body of the old soldier as it lay in state in his own memorial building and in the city he had called "my spiritual home."

Road Emergency Measures Taken Action to forestall possible delay in the county road improvement program due to the possible railroad strike was taken today by James P. Avery Jr., chairman of the County Commission.

Avery directed J. C. Lavender, county road superintendent, because of "the possibility of a national railroad strike, with the consequent catastrophic effect on road projects now in process," to commence an immediate stockpiling of limestone on various county sites.

Lavender was directed to stockpile in amounts that will suffice to maintain the road construction program as authorized by the Commission.

Fish Story Three more large fish in the Schlitz \$500,000 fishing derby have been taken from Lake Golden. Latest catch, all bass, was by Donald Bayles, Chester A. Cisowski and David H. Iles, all of Sanford Naval Air Station. This makes 15 prize fish taken by 13 anglers. Value of the tags has not yet been determined.

Senator Shot BALTIMORE (UPI) — Mrs. Verda Welome, Maryland's only Negro state senator, was shot and wounded early today in front of her home. Police issued a citywide alarm for a Negro man who tried to force his way into her home last week.

Would Sell All MIAMI (UPI) — Commerce Secretary Luther Hodges said Thursday night the United States, in danger of being outbid on world markets by its Allies, should sell the Russians "everything they can eat, drink or smoke."

Nikita Heads Home BUDAPEST, Hungary (UPI) — Soviet Premier Nikita S. Khrushchev left for home today after a 10-day stay in Hungary and said he was "satisfied with the results of the visit as we return to our own country."

# Rusk Leaves On Tour Of East's Trouble Spots

WASHINGTON (UPI) — Secretary of State Dean Rusk left today for a round of conferences in the Far East and an on-the-spot inspection of the war in South Viet Nam.

Also included in the 10-day trip will be a stopover on Formosa for a meeting with Nationalist President Chiang Kai-shek.

Rusk said the extension of his trip to include Viet Nam indicated "no special emergency or crisis" there.

Ev Relents WASHINGTON (UPI) — Senate GOP Leader Everett M. Dirksen, faced with liberal objections, indicated today he would soften or drop some of his proposed amendments to the civil rights bill.

Brazil Purge RIO DE JANEIRO (UPI) — Brazil's anti-Communist generals and admirals today launched a wholesale purge of prominent leftists, including two ex-presidents and at least one retired army marshal.

# Oviedo School Site Purchase OK'd

SABIN ORAL SUNDAY got off to an early start Thursday afternoon when SOS officials gave the vaccine to staff members of The Herald. Nurse Janet Cuthrell offers a cube of sugar containing two drops of the vaccine to Herald Society Editor Doris Williams. Ray Stevens of the Herald mechanical department awaits his

turn at left. Looking on, from left, are Dr. Frank Leone of the County Health Department, Wally Peacock, Jaycee chairman of the project, Dr. G. D. Stanley and Dr. G. H. Starke. The vaccine will be offered Sunday at 12 stations throughout the county. Hours are from noon to 5 p.m. (Herald Photo)

# County Board Authorizes Negotiations

Negotiations for the purchase of land suitable for a new high school complex in the Oviedo area was authorized Thursday by the Seminole County Board of Public Instruction.

Board Member John Evans suggested the project, citing the rapid growth in the area and the future potential of an even more rapid expansion.

Primary reason for the growth, he said, is the new university which is planned for that area.

Evans presented a map which outlined the proposed areas to be purchased and suggested the selling price would be "around \$1,000 an acre." About 30 acres are involved.

He added he has received assurance from the owners they would make the land available for the school complex, should the board seek a site.

Evans was named chairman of the negotiating committee. Serving with him will be Board Member James Berkenwyger, Schools Superintendent R. T. Milwee and his administrative assistant, Walter Teague. County Commissioner Lee Gary will also be asked to join the committee, as the project is in his district.

No immediate plans were made for actual construction of the plant but officials explained that in three or so years the student population will make it mandatory that sites be available in that area.

A state survey team is expected in the area next October to check proposed school sites and the board said it hoped to have the Oviedo land available for the survey team to check.

In another effort to keep pace with the population explosion in the county, the board ordered the purchase of eight new 60-passenger buses at a cost of \$5,180.50 each.

These will allow for the retirement of some ancient buses now in use and will augment the fleet serving the county school system.

# Karl Attacks Bryant Regime At Palm Beach

By United Press International  
Rep. Fred Karl attacked the Bryant administration today in the home territory of the gubernatorial candidate that has been labeled the "crown prince" of Gov. Farris Bryant.

Opening a campaign headquarters in Palm Beach, Karl charged the last three and one-half years have been marked by "inefficiency, irresponsible spending, waste and inefficiency."

"It is my belief the people have had enough," said the Daytona Beach legislator. "For this reason, Bud Dickinson is losing grounds in his effort to become governor."

Sen. John Mathews Jr. of Jacksonville made a strong pitch for help for the seafood industry in a handshaking tour of Tarpon Springs. He said the seafood industry, so important to the area, has been the "red-headed stepchild" of Florida for too long.

Jacksonville Mayor Hayden Burns barnstormed across a northeast Florida today, after a day of campaigning Thursday in Tallahassee.

A group of picketers representing the Congress of Racial Equality, which tried to stop the mayor's motorcade when he arrived by plane and carried signs criticizing his handling of the Jacksonville racial situation, showed up at a huge fish fry at the fairgrounds Thursday night, but left their signs at home and did no demonstrating.

# \$1 Million Flood Fund Sought

WEST PALM BEACH (UPI) — Executive Director Ed Dill of the Central and Southern Florida Flood Control District says the district hopes to get another \$1 million from the federal government this fiscal year — plus considerably more next year than President Johnson has recommended.

The FCD governing board met Thursday and approved a tentative 1964-65 fiscal year budget of \$14,000,000 of which \$7.5 million would go for land acquisition, \$3.6 million for construction as matching money for federal funds, and \$2.2 million for operation and maintenance.

The board will meet May 15 in Fort Pierce to formally consider adoption of the budget. Of the total, \$6 million would come from the state general fund and the rest from revenues coming into the 18-county district.

# Road Emergency Measures Taken

Action to forestall possible delay in the county road improvement program due to the possible railroad strike was taken today by James P. Avery Jr., chairman of the County Commission.

Avery directed J. C. Lavender, county road superintendent, because of "the possibility of a national railroad strike, with the consequent catastrophic effect on road projects now in process," to commence an immediate stockpiling of limestone on various county sites.

Lavender was directed to stockpile in amounts that will suffice to maintain the road construction program as authorized by the Commission.

# Show Pays

The Sanford Auto Show really paid off, in the opinion of Dave Tomlinson, general manager of Holler Motor Sales Company. The Cadillac - Oldsmobile - Chevrolet dealer reports that his firm's offerings at last week's Auto Show were very well received by the public.

Page 10 in today's Herald is given over to a display of the 15 Auto Show visitors who purchased GM cars from Holler sales representatives during the exhibit.

# 7,500 Troops To Leave Germany

WASHINGTON (UPI) — The United States announced today that it will pull 7,500 troops from Germany beginning in May.

A Defense Department announcement said the withdrawal will represent the last of the re-enforcements sent to Germany during the 1961 Berlin Crisis. It said they were "in excess of the U. S. commitment to NATO."

# Cape Orders 'Thermometer' Brought Down

CAPE KENNEDY, (UPI) — The space agency, buoyed by improving weather over the South Atlantic, today gave a go-ahead to plans to send a "flying thermometer" on a meteoric dive back to earth.

Early reports today said the area near Ascension Island where the cone-shaped payload was to be rammed back through the atmosphere was blanketed by clouds, but later reports (at 11 a. m. est) said the skies were clearing.

Scientists said weather appeared to be the only questionable item for the opener of the Project Fire series that is to measure the heat returning moonships will face on their 25,000 miles per hour plunge into earth's atmosphere.

The Atlas, with its 200-pound "fire" payload tucked under protective cover in its nose, was scheduled to blast into space at 3:31 p.m., EST, but scientists could wait as long as 11:33 p.m.

The space agency needs clear skies over the south Atlantic re-entry area to observe the spacecraft's 42-second plunge through the atmosphere. Too much cloud cover blocked the shot last Monday.

### Christian Happiness

Small wonder that Christians like to sing! The Bible recognizes the fact that when one realizes that the Spirit of God is willing to live with him the joy has to come out. Ephesians 5:18-19 says, "And be not drunk with wine—but be filled with the Spirit; speaking to yourselves in psalms and hymns and spiritual songs, singing and mak-

ing melody in your heart to the Lord." Some of us can't sing very well and cover our embarrassment by confessing that we simply "make a joyful noise." Actually that is what we do, if we know the blessing of living constantly in the presence of God. The joy of the Christian should be so spontaneous that he lives in the warm glow of worship.

### Area WSCS Group Attends Conference

By Jane Casselberry  
Several members of the Casselberry Community Methodist Church WSCS attended the 24th annual meeting of the Women's Society of Christian Service and Wesleyan Service Guild Florida Conference held Tuesday, Wednesday and Thursday at the First Methodist Church in Orlando. Official delegates were Mrs. Arthur Polman, Mrs. Ralph Newcomer, and Mrs. E. P. Richards. Serving as ushers were Mrs. Frank Messick, Mrs. Phil Casseber, Mrs. Robert Deppen, Mrs. Harold Kryder and Mrs. William Tillford. There were more than 2,300 women from throughout the Florida Conference registration at the meeting which was climaxed Thursday evening with the installation of officers and Sacrament of Holy Communion conducted by Bishop James W. Hooley.

### Question 7 To Be Shown In Sanford

The timely and tension packed motion picture of conscience under test in East Germany, "Question 7" will be seen for the first time in the Seminole County area in a special showing on Sunday, April 19, at the Lutheran Church of the Redeemer, W. 25th Place (Oak and Park) at 8:30 p. m. and 8 p. m. Sponsor is the Wether League of the church. The title, Question 7, refers to a questionnaire that children in East German public schools are forced to answer before they can continue with advanced studies. Only those whose answers are politically reliable are chosen. Thus the questionnaire becomes a supreme test for a boy who is forced to choose between what is easy and expedient and what is right and honorable. The incidents depicted in Question 7 are true. They are based on interviews with thousands of refugees who have fled to West Germany and hundreds more still remaining behind in East Germany. It is a motion picture which has been selected "best film of the year" by the National Board of Review. The National Legion of Decency has strongly recommended it to every movie goer. The film was shot on location in West Germany within sight of the East German Zone guard towers and in Berlin before the Brandenburg Gate.

### Church To Honor Sunday School

Barry is coming to participate in the observance of "Sunday School Workers Recognition Day." The church will honor more than 200 Sunday school officers and teachers in special recognition services at 8:30 and 11 o'clock on Sunday morning. Workers will receive a corsage or boutonniere as they enter the sanctuary. A brief recognition will be made by R. F. Cooper, Sunday School Superintendent, and R. Willard Warfield, Education Youth Director. The Sunday services will be conducted by Warfield in the absence of the pastor, Fred B. Chance, who is holding revival in Tavares.

### Annual Visit

Rainbow Girls of the Winter Park Chapter will attend the 10:45 a. m. service of Christ Episcopal Church in Longwood this Sunday on the annual visit to the church of their worthy advisor who this year is Miss Sharon Taylor of Alamonte Springs.

### Church Merger Group Facing Its Toughest Issues

By Louis Casella  
United From International Leaders of six major denominations will meet at Princeton, N. J., next week to resume consideration of the most far reaching church merger ever envisioned in America. This will be the third full dress meeting of the Consultation on Church Union. The consultation was established in 1961 to explore the possibility of uniting 20 million Americans in a church which would bring together the catholic, reformed and evangelical traditions of Christianity. It grew out of a proposal of the Rev. Dr. Eugene Carson Blake, state clerk of the United Presbyterian Church. The denominations participating in the merger talks are the United Presbyterian Church, the Episcopal Church, the Methodist Church, the United Church of Christ, the Disciples of Christ and the Evangelical United Brethren. Previous meetings of the consultation were held at the College of Preachers in Washington, D.C., in 1962 and at Oberlin College, Oberlin, Ohio, in 1963. Far more progress was achieved at these sessions than is commonly realized. At Oberlin last year, the delegates astounded skeptical observers and even surprised themselves by reaching a broad consensus on the authority of the Bible and the importance of Tradition. Next week's meeting at Princeton Theological Seminary will begin Monday and run through Thursday. Some church leaders are saying that it will be the crucial test which determines whether the merger plan will eventually bear fruit. Its make-or-break significance stems from the fact that this time the delegates will be talking about the ministry and the sacraments. There is universal agreement that the biggest barriers to unity will be encountered in these two areas. Are bishops necessary? By whom may a clergyman be ordained? Must ministerial orders be traced in unbroken succession back to the first apostles in order to be valid? Is there any biblical warrant for infant baptism? In what sense is Christ "really present" in the bread and the wine of holy communion? On these and dozens of related doctrinal questions, the denominations involved in the merger talks have deep-seated historical differences. No one expects all of the differences to be resolved at Princeton. But next week's discussions may show whether there is enough common ground—or, perhaps more important, enough will to unity—to justify a continued effort to work out an actual plan of union. At the most optimistic effort, it will take five to 10 more years of patient negotiation to consummate the merger. But is there any reason why the six denominations can't begin now to work together on a practical basis? The United Church of Christ will raise that question at Princeton by proposing "immediate steps" to pool missionary efforts overseas and in such home mission fields as the inner city. The United Church proposal also calls for uniting activities of the six denominations in race relations, recruitment and education of ministers, and radio and television programming. The Rev. Dr. Ben M. Herbst, president of the United

Church, said he is confident of "ultimate success" in the merger talks, but "it will not be achieved today or tomorrow."

### VBS Material Displayed

By Jane Casselberry  
Samples of the study material to be used in the Vacation Bible School this year at the Casselberry Community Methodist Church were shown to the Commission on Education at a meeting Sunday afternoon by Mrs. Frank Messick, who will be the director. The school is scheduled to be held June 15-28 this year. Volunteers are needed to serve as teachers, helpers or kitchen workers and anyone wishing to help is asked to contact Mrs. Messick.

### Catholic Circle Appoints New Treasurer

By Donna Estes  
Mrs. Elena Shaw was appointed treasurer of Longwood's St. Catherine of Siena Circle of the Church of the Nativity Catholic Women's Club at the regular monthly meeting held Monday evening at the home of Mrs. J. W. Hicks in Longdale. Mrs. Dolores Dean, who had been treasurer, resigned due to other commitments. The meeting was opened with prayer led by Mrs. Jennie Fox, chairman, in memory of Gen. Douglas MacArthur and for the speedy recovery of an ill member, Mrs. Agnes Williams. A bake sale was scheduled for April 18 at Winn-Dixie in Longwood beginning at 9 a.m. Other fund raising projects discussed included a smorgasbord, doughnuts and coffee sales, a rummage sale and a dessert social. Dates and places of the events will be announced. Mrs. Fox announced that the Catholic Women's Club installation banquet will be held April 20 at the Trade Winds Cafeteria in Casselberry. She urged the women to make their reservations as soon as possible. Following the business meeting refreshments of cake, coffee and iced tea were served by Mrs. Hicks and her co-hostess, Mrs. Chela Ansley. The next meeting will be held May 4 at the home of Mrs. Marguerite Hyland on Pasadena Avenue.

### Westminster Presbyterian To Consider Call Given Pastor

By Jane Casselberry  
Rev. John N. Montgomery, pastor of Westminster Presbyterian Church for the past two and one-half years, has been invited to accept the pastorate of Palmdale United Presbyterian Church in Eau Gallie. A meeting of the Westminster congregation was called for Sunday following the morning worship service. At this time the congregation will be asked to concur in the pastor's request to North Presbytery, Synod of Florida, meeting at South Lake United Presbyterian Church in Clearmont, April 16, that the pastoral relationship be dissolved April 30 and that he be dismissed to East Presbytery in order to take up the new work. Chaplain Francis A. Hanks of McCoy Air Base will serve as moderator for the congregational meeting. Although Rev. Montgomery plans to assume duties in Eau Gallie in May, his family will not join him until the end of the school year. Mrs. Montgomery is a teacher at Lakemont Elementary School in Winter Park. Their daughter, Claire, is a student at Maitland Junior High and their son, Jack, is a cadet at Miami Military Academy.

### Ebenezer Church To Observe Navy Night

Ebenezer Methodist Church will observe its second annual Navy Night this Sunday in honor of all Navy families in the church community. A supper will be served starting at 6 p. m. under direction of the Commission on Membership and Evangelism of which Mrs. W. L. Hets is chairman. The meal will be prepared by ladies of the church. Special guest for the program following the supper will be Dr. H. C. Scholberg of Daytona Beach, a retired missionary from India who is reported to be a most interesting speaker. His topic will be "Wings Over India." Rev. Ray Gregory, Ebenezer pastor, urges all Navy families to join the church congregation for the evening activity and fellowship.

### Grace Church Sets Quarterly Conference

Dr. Joe Tolle, district superintendent, will deliver the 11 a. m. worship service at Grace Methodist Church this Sunday on the topic "Interruptions," which deals with Christian response to the many modern-day interruptions. Following the service the congregation will remain to attend a covered dish luncheon after which Dr. Tolle will convene the church's fourth quarterly conference. Reports will be presented by all church organizations and commissions. Officers for the coming year will be elected and goals will be set.

### Pentecostal Ladies To Have Rummage Sale

By Donna Estes  
Plans for a rummage sale were made by the Ladies Auxiliary of the First Pentecostal Church of Longwood at their regular monthly meeting held Monday evening. The sale was scheduled for two days in May at the Super Valu Market on SR 436. An assortment of miscellaneous items, as well as good used clothing, will be available. Exact dates will be announced. Persons wishing to donate rummage may contact either Mrs. M. L. McDaniel, president of the auxiliary, or Rev. E. Ruth Grant, pastor. Proceeds will be used toward the current project of the women which is to cell the church annex. Following the business meeting refreshments were served to the 18 members present by Mrs. Thomas Airey. The next regular meeting will take place May 4.

### Forest City Baptists Plan Homecoming

By Maryanna Miles  
Homecoming at Forest City Baptist Church, W. Lake Brantley Road, will be held Sunday with a pot luck dinner on the grounds to take place immediately after the morning worship service. Rev. Clifford Gresham, new pastor of the church, also will be honored at this time. Those attending are asked to bring a covered dish. Mrs. Ralph Green is in charge of arrangements.

# Geneva Gems

By Mrs. Jos. Mathieux  
Saturday, April 4, 1964, is a day that will long be remembered in Geneva!

Never before have I seen the Community Hall ablaze with such sparkle, flowers and people as it was for the celebration of the W. L. Sieg's Golden Wedding Anniversary.

Mr. Sieg was handsome and most jovial in spite of his recent and serious accident and Mrs. Sieg was all-a-glitter in gold from head to toe. As accessories she wore an heirloom heavy gold bracelet and an antique heirloom lace shawl which was handmade by European craftsmen under water. This same shawl was worn by the honoree's grandmother at her wedding and by her mother on her wedding day and golden wedding anniversary.

Background for the refreshment table was a unique arrangement of greenery forming a frame for the picture of Mrs. Sieg's parents who celebrated their golden wedding when the Siegs celebrated their silver anniversary.

The table was overlaid with an exquisite cloth, hand crocheted by Mr. Sieg's sister, the late Mrs. David Soper who was affectionately known as "Aunt Linnie." Golden, five-branch candelabra graced each end of the table which was centered with a tiered wedding cake touched with gold and surrounded with a circle of small ivy leaves. Golden wedding punch was served throughout the celebration from bowls chilled with floating "wedding rings" of frozen orange blossoms. White cake, iced in pastel gold, and mints also were served.

Forming the background for the receiving line were two large golden hearts which provided attractive displays for some of the many congratulatory cards received by the couple. At one side was an elaborate arrangement of greenery and centered between the hearts was a golden money tree heavily laden with love tokens. At the base of the tree were 50 silver dollars wrapped in gold foil, gifts to the honorees from the hosts and hostesses, Mrs. Louise Fedders, Mr. and Mrs. Ernest M. Ward, Miss Helen Alderman, Mr. and Mrs. Henry A. Wolcott, Mr. and Mrs. R. E. Gustafson, Major and Mrs. Carroll W. Culpepper, Mr. and Mrs. John Neal Culpepper and Major and Mrs. Vernon M. Culpepper.

The registration book was kept by Mrs. Charles Lamb, Mrs. J. L. Corley, Mrs. B. F. Wheeler Jr., Mrs. Edson Golt, Mrs. Frederick Bauer and Mrs. W. L. Edwards. Presiding at the punch bowls were Mrs. Grylo Culberhouse, Mrs. Ed Bielejeski, Mrs. George Kelsey, Mrs. W. T. Raynor, Mrs. W. T. Edwards, Mrs. Donald Norton, Mrs. Calvin Oldham, Mrs. Gordon Baker, Mrs. Dinty Whiting, Mrs. Walton Torres, Mrs. Mills Sanders, Mrs. Ed Ball, Mrs. Lloyd Koontz, Mrs. Fred Thompson, Mrs. Otis Cotlow, Mrs. Robert M. Sieg, Mrs. W. T. Eura, Mrs. S. E. White and Mrs. William Wilkerson.

# Pre-Readiness Clinic Set In Casselberry

By Jane Casselberry  
The last in a series of pre-readiness clinics of parents of pre-schoolers will be held in the cafeteria of South Seminole Elementary School at Casselberry next Tuesday at 8 p.m.

Subject for discussion will be problems of discipline and general school policies. Also, at this time, parents will be able to make appointments for their children to visit a first grade classroom for a day during the month of May. No child will be given visitation privileges unless a parent has attended at least one session of the clinic.

# A. C. Smith Jr. Vows County Improvements

A. C. Smith Jr., candidate for County Commissioner, District 1, Seminole County, Smith is better known county-wide as Smith Brothers Lumber & Supply, Longwood, Fla.

His qualifications:

Three years of road construction with W. C. Shepard Construction Company, of Atlanta, Ga., prior to his military service.

He served with the 9th Engineer Command in the European Theater more than two years overseas. He was engaged in the invasion of Normandy, Northern France, Rhineland and Central Europe, which gave him four major campaign stars, EAMET Service Medal, Good Conduct Medal, World War II Victor Medal, a unit Presidential Citation, 9th Engineer Command Citation and the Silver Star.

He was discharged in December 1945 as Motor Transportation NCO. He moved to Seminole County January 1946 and has been in business for himself ever since. He now operates a business in Longwood Plaza, Seminole Hardware.

Smith has made no political promises. He stands for road improvement, cleaner ditches, advancement of 4-H and Home Demonstration work, new industry, improvement of our school system, equal distribution of county funds in all five districts. And above all, cooperation and coordination with fellow board members.

Smith is a member of the Methodist Church, member of Sanford Lodge 82 F&AM, 32nd Degree Scottish Rite Mason, member Bahai Shrine Temple, Sanford Shrine Club. Married to former Miriam B. Boykin.

Smith says he is a Georgia "Cracker" by birth. A Florida "Cracker" by choice. He says he has the time and energy to devote to the needs of Seminole County. He also said he wishes it was possible to meet and talk with every voter of Seminole County. After he is elected, he wants every citizen of the county to feel free to discuss county problems, large or small, anytime, with no appointment needed.

Your vote will be appreciated.

# Gibson Places Fourth At State Science Fair

By Jane Casselberry  
South Seminole Junior High School ninth grade student Stewart Gibson took fourth place in Physics Junior Division, at the state science fair held last Thursday, Friday, and Saturday at the Jacksonville Civic Auditorium.

His project, a home built sonar, previously won honors locally and in the regional science fair held in Mt. Dora. Using a mixing bowl as a parabolic reflector, the sonar amplifies the echo and records on a graph the sound and the distance of the object away.

While in Jacksonville he stayed at the Robert Meyer Hotel along with others from all over the state taking part in the event. He went up on Thursday with the sponsor from Oviedo and Jonathan Lukas, who was also entering a project. Mrs. Catherine Martin, South Seminole Science teacher, joined him on Friday and brought him home on Saturday.

Before returning home he toured the carrier, USS Saratoga at Mayport along with other students. They were taken on the flight deck, hangar deck and the bridge.

Stewart, the 16 year old son of Mr. and Mrs. R. B. Voliva of Altamonte Springs, hopes to go into the field of electronics and bio-chemistry. He is already making plans for a bigger and better project for next year's science fair.

# Blue Team Leads Church Contest

By Donna Estes  
Miss Sybil Grant, leader of the Young Peoples Department of the First Pentecostal Church of Longwood, reports that the blue team is ahead in the current competition being held at the 7:30 p.m. Friday service each week during the months of April, May and June.

Teams received points for attendance, Bible and new members.

Jesse Brown, captain of the blue team, is in charge of this week's program entitled "Now is the Time."

# Longwood Fire Auxiliary Names Committee

By Donna Estes  
A nominating committee was appointed at the regular monthly meeting of the Ladies Auxiliary to the Longwood Volunteer Fire Department held Tuesday at the new Fire Hall.

Named to serve on the committee were Mrs. Eloise Lommer, Mrs. Sue Brabazon and Mrs. Judy Snow. The committee will report recommendations at the next meeting at which time election of officers will be held.

In other business a bake sale was scheduled for April 18 at the post office beginning at 8 a.m.

Following the business meeting, refreshments were served by Mrs. Snow, Mrs. Brabazon and Mrs. Marguerite Umstead. The next regular meeting will be held May 5.

# Annual Scoutorama Today And Saturday

Booths at the Sanford Armory will be filled with interesting handicraft and crowd-stopping ideas today and Saturday as the annual Scoutorama is conducted for Scouts of the St. Johns District.

The doors will be open at 7 tonight as the two-day event begins. The Scoutorama will close at 9 p.m. and then reopen at 2 p.m. Saturday. Hours tomorrow are 2 to 4 and 7 to 9 p.m.

An estimated 600 Scouts will take part.

Each booth will furnish an opportunity for members of Scouting units to display a hobby, skill or Scout training to the general public and also to make the public conscious that the parent institution is making the Scouting program available to the youth of the community.

All types of displays are being arranged for the 7 p.m. opening.

Cub Scouts are expected to show displays as Family Fun and Games, Scrapbooks, Leaf Printing, Make Believe and a host of other activities.

Scout members will show displays or Merit Badges, Camp Scenes, Miniature Tent Displays, Types of Fires, Indian Lore and many more.

Explorers will have displays on such subjects as Guns and Safe Shooting, Radio Communications, Religion, Vocational Interests, Emergency Service, Explorer Camping, Nature Study and many more.

These are some of the ideas suggested by B. F. Ganna, district activities chairman, and Thomas G. Albert, district scouting executive.

The units have been at work on the exhibits since last fall, mapping plans and preparing for this weekend. Judging will be made on each booth and blue, red and yellow ribbons awarded.

The Clothes Poll Silk Purse Can Be Sow's Ear

Some women seem to be afflicted with squirrel fever. They hoard in their handbags everything from last year's vacation photographs to a collapsible umbrella.

DEAR DOLLY J.—Cover girl, no. Attractive, yes. After all, how much longer does it take to slip into a fresh dress than into a rumpled one? Get yourself some colorful, young-looking, no-iron shifts for daytime. They suds out in a jiffy and look like new again for the next wearing.

It's a mistake to think you're too busy to look pretty. Five minutes with a comb and lipstick and bright, inexpensive, easy-care, at-home clothes will bring compliments from your husband. And your new look won't take any longer to achieve than your former careless one.

We The Women: By Ruth Millet

If the following indications seem to describe your husband, it's a sign that middle-age is creeping up on him. Perhaps you had better exert some extra effort to let him know how much you love and admire him.

He tells you to stop cooking rich desserts, even though he goes right on ordering them in restaurants. He complains that the cleaners have shrunk his suit when he discovers it doesn't hang as comfortably loose as it did last year.

He keeps talking about having to take more exercise, but doesn't do anything about it. He worries about himself if he doesn't feel quite up to par.

NEW YORK (NEA)—If you think you see someone walking in the rain wearing only a sweater, take another look. He is probably sporting a laminated jacket which looks like a cardigan sweater.

"drape" well. Men persist in their preference for clothes which look and feel like cloth. And why not? With this behavior handicap to cope with, it was logical that laminate clothing manufacturers looked around for a type of garment in which drape was relatively unimportant. Hence, the concentration on straight-hanging, cardigan-type outerwear.

# WEEK END TOUR of HOMES in the Sanford - Seminole Area

The Sanford Herald

Fri. Apr. 10, '64—Page 5

While you are out driving this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

## Takes Heap Of Living.. To Make Home

It takes a heap of living in a house to make a home. A heap of sun and shadow and you some times have to roam before you really appreciate the things you left behind. And hunger for 'em somehow with 'em allus on your mind.

—Edgar Guest  
The majority of residents of Sanford and Seminole County - eliminating the native Floridians - have completed their roaming and are here to enjoy the "gracious living" of the Sunshine State. To those who are new to the area and to those who desire a change to the type of home referred to by Post Guest, turn to the residences offered by the Shoemaker Construction Company and Kingswood Builders. (The accompanying map shows the locations.) Herb Stenstrom Realty, agents for Shoemaker Construction, said three more new residences have been

commenced in the Ravenna Park third section. These are three-and-four-bedroom homes, with two baths. They still are in the stage where, by purchasers may choose their own colors for the tile, walls, etc.

Four homes are completed in the Ravenna Park third section. These are centrally heated, fully equipped and are "prepped" for air conditioning.

Shoemaker also has two completed homes for sale in Idyllwilde and in a few days will commence construction of others.

Stenstrom Realty says that FHA, VA and conventional financing is available on these homes.

Kingswood Builders have all the answers to your home problems. Beautiful, spacious residences on large, spacious lots. What more could anyone ask for "gracious living?"

For example, Kingswood now is nearing completion two beautiful homes on citrus studded lots in the

last available area in Grove Manor, at Mellonville Avenue and Washington Drive.

While nearly completed, these homes have not yet reached the stage of interior decoration . . . and purchasers may select their own wall colors.

The corner house has a completely screened, covered patio. The other has a carport at the rear, with a turn apron.

Kingswood also has two new

homes at Greenbriar of Loch Arbor, facing the golf course. These residences contain fully equipped General Electric kitchens.

The home at 109 Highland Court has what has been described as "a gorgeous kitchen, with an abundance of cabinet and closet space, especially designed for the discerning housewife."

The second, on Par Place, facing the 12th green, is of Colonial architecture, with used brick.

### Stop Reading Word By Word

### Pre-Reading Gives Sense Of Direction

Time your reading of this column and compare your speed with that indicated at the end. The expected speed assumes a daily five per cent improvement.

Pre-Reading will be the best time-saver in reading you'll ever learn. And it is impossible to compute how much more understanding you'll get from your reading using this technique. You've done a little pre-reading in the column on concentration, but now we'll go into it fully.

When and when not to pre-read is the first thing to learn. When you read for style appreciation (Dickens, Frost, Shakespeare), forget pre-reading. When you read for information or opinion, pre-read. Here's how it's done.

Take your book in the subject you least like. Let's make it European history this time. Turn to the title page. The title and subtitle should tell you the subject of the book. Most books will have something like this: NINETEENTH-CENTURY EUROPE. That's some help; not much. The subtitle tells you

more: CHIEF MILITARY ALLIANCES. Now look under the author's name for his credentials. This may tell you whether he is a real specialist and perhaps whether he has an axe to grind.

Now read the table of contents. You'll learn the steps to be taken to where you'll be going and the relation of one step to another. You'll learn where emphasis will be placed, and you'll want to know why. One of the steps may tie in with some personal like or dislike or something you've always been curious about. This will involve your interest. Know the table of contents and you know the outline of the book.

Now turn to the preface. You may never have read one before. It's what the author writes last. The preface tells you where the author is taking you in his book and will clear up many questions unanswered by the table of contents. Generally the opening two paragraphs and the closing two will fill the bill.

So far, you know where you're going, the steps to get there, who's taking you. If this

little pre-reading has raised as many questions as answers, splendid! Now you'll look for answers.

Turn to the first chapter. Read the title and whatever else precedes the main body of type. Now read the first two paragraphs. The opening paragraphs give you an idea where you are going; the divisions are the steps along the way and the concluding paragraphs sum up the trip. Now do the same with each chapter.

If the text has an index, take a quick look through it. A name may strike a familiar chord. Look it up and see where it fits into the pattern. If it's a pet personality, see how the author treats him. You'll get further involved with the author's plans.

Get into the habit of pre-reading what we call practical prose as opposed to fiction, poetry, drama. It gives you a

very acute sense of direction for your thorough reading. (You should have completed this reading in 75 seconds.)

(NEXT: No Questions, No Answers.)

JANESVILLE, Wis. (UPI)—The parent who thinks good penmanship is no longer important in this era of typewriters, dictating machines and tape recorders, is asking for trouble.

This is an opinion shared by thousands of educators and documented by the Handwriting Foundation. The Foundation conducted a study of school systems in cities of more than 100,000 persons.

## Marian Routh And Ronald Chilton Wed Via Trans-Atlantic Telephone

By Mrs. H. L. Johnson  
Via trans-Atlantic telephone on Easter day, March 29, Rev. Walter Routh Jr., of Saigon, Viet Nam, united in marriage his sister, Marian Routh, to Ronald Chilton.

Robert Theron Madden, brother-in-law of the bride, Mrs. Routh chose for her daughter's wedding, a dress of lavender lace with a matching flower hat. Her corsage was pink roses.

A reception followed the service in the church parlors. The bride's table was overlaid with a white linen cloth.

The groom's mother wore a dress of cocoa brown knit with matching accessories. Her corsage was of yellow roses.

The four-tiered wedding cake was outstanding because it was made by the bride's father. It featured two large layers on the bottom and between the two top layers were placed four white columns. Between the columns were a miniature bride and groom.

The double ring ceremony took place in the Central Baptist Church at 9 p.m. with the Rev. Gail Smith, pastor of the church, assisting here.

The bride, daughter of Mr. and Mrs. W. A. Routh Sr., and the groom, son of Mr. and Mrs. B. W. Chilton, of High Point, N. C., repeated their vows via the telephone in front of the altar which held a large basket of white gladioli and white Easter lilies.

Mrs. Charles Grieme, organist, played the traditional wedding music.

For her wedding the bride chose a street length gown of white satin featuring a lace over bodice. The shoulder length net veil was attached to a crown of seed pearls. Her bouquet was of miniature Easter lilies centered with a white orchid.

The matron of honor, Mrs. Hazel Madden, sister of the bride, chose a street length gown of green organza over blue taffeta and a short length green net veil and matching shoes. Her bouquet was pink roses.

Allen Arthur Hunt served as best man and ushers were George E. Armstrong and

### Market Basket Sale Held For Daughters Of Wesley

The Daughters of Wesley Sunday School Class met last Tuesday for the regular business and social meeting.

Serving as hostesses were Mrs. J. Brodie Williams, Mrs. C. M. Flowers, Mrs. J. C. Davis, Mrs. Marguerite Paul, Mrs. Thomas L. Sullivan and Mrs. R. G. Hickson.

Lovely arrangements of spring flowers were placed at vantage points throughout the hall.

The president, Mrs. C. M. Flowers, presided over the business session, hearing reports from the various committee chairmen.

Mrs. Charles Meriwether gave the devotional program, followed by prayer.

A very successful market basket sale was held during the meeting with Mrs. S. G. Harriman in charge.

Sandwiches, cookies and coffee were served to the Misses. Claude Herndon, Charles Meriwether, C. M. Flowers, R. G. Hickson, Ruth Hawthorne, Lucy Courier, S. G. Harriman, Louise Knowles, Lucy Smith, Thomas L. Sullivan, Harry Brown, P. A. Rowland, O. E. White, A. B. Stevens and Grace Gregory.

Also Miss Vera Woodcock and Miss Olive Chapman.

### Theta Epsilon Of Beta Sigma Phi Honors Pledges

Members of Theta Epsilon chapter of Beta Sigma Phi met Tuesday night at the home of Mrs. Paul Lewis for the regular monthly meeting.

A beautiful, impressive candlelight ceremony was held for the two pledges, Mrs. Bob Kuhlke and Mrs. Charles Sims.

The president, Mrs. Rick Walker, announced that the state convention will be held in Clearwater on May 15, 16 and 17. Plans were made for several of the girls to attend.

Mrs. Walt Bohannon was in charge of the program, which was entitled "Sculpture." Various famous sculptures were discussed such as the Statue of Liberty, Mt. Rushmore, etc.

Cake and lime punch were served to the following members: Mrs. Don Cahill, Mrs. Cameron Lawrence, Mrs. Art Lee, Mrs. Wally Peacock, Mrs. Faye Stetson, Mrs. Bob McKee, Mrs. Bob Dekle, Mrs. Al Davis, Mrs. Tom Lergen, Mrs. Sterne Bolte, Mrs. Sims, Mrs. Kuhlke, Mrs. Walker, Mrs. Lewis and Mrs. Bohannon.

### Patty G. Johnson Tapped By Tift Honor Music Club

On Thursday, March 26, before the entire student body Miss Patty Glenn Johnson, Tift College, Forsyth, Ga., was tapped for Beta, Beta, Beta, the Honorary Music Club at Tift. The membership is composed of upperclassmen who have been outstanding in music studies.

The main purpose of the club is to broaden and deepen the student's knowledge and appreciation of music.

Since there are no sororities on the Tift College campus, being tapped for an honor club is the same as being rushed for a sorority on another campus.

The Tri-Beta is one of the outstanding clubs on campus and sponsors student attendance at concerts held on campus as well as those held in neighboring areas, such as Atlanta.

Patty will be required, as a new member, to present a program on April 27. Immediately following the program, in which the 10 new members present their particular talents, the club will entertain them at the Sarasota, in Mexico.

Insisting on one's own way, no matter what the situation, gets boring—for those on the giving end.

## Carol Burnett Stars

The vivacious TV comedienne Carol Burnett stars in a feature entertainment Sunday, Monday and Tuesday at the Movieland Drive-In Theater, "Who's Been Sleeping in My Bed?" This will be the first Sanford showing.

The co-feature will be Alfred Hitchcock's suspense thriller, "To Catch a Thief," in color and starring Cary Grant and Grace Kelly.

On Wednesday and Thursday the fare will be two color movies, "Tarzan Goes to India," starring George Mahoney, and "The Courtship of Eddie's Father," with Glenn Ford.

The triple feature, all in color, for Friday and Saturday April 17-18, will be "Old Rex," starring Billy Hughes; "Kings of the Sun," with Yul Brynner (first Sanford showing), and "13 Frightened Girls," starring Joan Taylor.

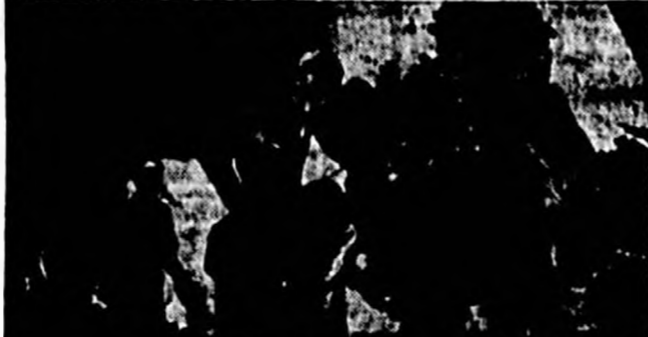

Carol Burnett is termed a "riot" in her first movie role in the color feature, "Who's Been Sleeping in My Bed?"

The plot tells what happens when people confuse the actor with the role he plays. TV doctors, as everyone knows, are strong, moral, right thinking men—but the character Dean Martin plays is anything but that in his private life. Although people come to him with their problems and ailments, Jason Steel is ill-equipped to help them since his own personal life is a mess of poker games and girls.

His fiancée's best friend is

"I WANT to take it off," says Carol Burnett (left), being restrained by Dean Martin and Elizabeth Montgomery from doing a strip tease in a scene from "Who's Been Sleeping in My Bed?" The first Sanford showing of the comedy will be Sunday through Tuesday at the Movieland Drive-In Theatre.

IN THE WAR ROOM OF the Pentagon, Peter Sellers as President of the United States makes a desperate effort to save the world from atomic destruction, triggered by a psychotic Air Force General. It's a scene from Stanley Kubrick's "Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb." The film opens Sunday at the Ritz Theatre.

## Ritz Feature

Peter Sellers and George C. Scott are starred in Stanley Kubrick's "Dr. Strangelove or: How I Learned to Stop Worrying and Love the Bomb," triggering an ingenious, fool-proof and irrevocable scheme, unleashing his wing of B-52 II-Bombers to attack Russia. The President of the United States, unable to recall the aircraft, is forced to cooperate with the Soviet premier in a bizarre attempt to save the world.

Sellers plays three roles in the film, as he did in Kubrick's earlier picture, "10-11-11."

Gemini is safely in orbit in space, the weather's pretty, so let's get out and go places too.

Starting this Sunday, Lake Monroe Inn will open their dining room from 10 a. m. 'til 10 p. m. Sunday breakfasts, lunches, dinners and sandwiches will be served, however, no alcoholic beverages will be sold on Sundays. Lake Monroe Inn's usual fine foods will be served, with charcoal broiled steak as a specialty. Hank and Louise Pyle have received numerous requests from their many customers to provide this Sunday service.

The Paddock Bar will have a Hootenanny Wed., April 15. All of you who like to wear "tacky" clothes, play instruments and sing will have a real ball at the Paddock. Everyone's welcome to come at 7 and stay 'til 7. Stop in this weekend and Harold and Delia Cumby can fill you in on the details.

Marco LaStanza says they are very pleased with the fine reception you gave them at the new Cypress Room, formerly known as the Dog Track Inn or Deck Bar. "The Virginians" play for your entertainment and dancing pleasure every Friday and Saturday night. Cocktail hour starts at 5:30 and ends at 7. Stop in and get acquainted.

Chicken Cacciatora with all the trimmings is the featured menu at Jean's Spaghetti House today through Sunday, at a special low price. Of course, Jean and Rocco Morillo have a varied menu of deliciously prepared foods. A wonderful place for the family to dine.

## Protests Mar Two Games In Boys' League

A pair of protests marred play Thursday afternoon in the Junior Boys League sponsored by the City Recreation Department.

In the first contest, the CPO nine scored a 4 to 8 victory over Kiwanis but the affair was protested when a Kiwanis player was ruled safe on a theft of third but the batter was called out because of interference with the CPO catcher on the throw to third.

In the Elks-Rotary affair, the Elks registered a protest on the grounds that the Rotary nine used an ineligible hurler. The Rotarians won the contest by a score of 7 to 6.

League officials this morning decided to hold up any official reports of the games until a final decision is made on the protests. Therefore, league standings will remain the same.

In games slated today, Lake Mary will tangle with the Shriners at 4:30 p.m. in Sanford's Memorial Stadium.

## Perfection In League Lead

Perfection Dalries pulled out in front of the Little National League Thursday afternoon when they halted a last inning effort by the Navy nine to capture a 7 to 8 verdict behind the three hit pitching of Mark Cockman.

In the Little American League, David Wiggins came up with an impressive mound performance for First Federal all when he limited Standard Oil to only a pair of scattered asingles. The Savinages posted a 6 to 9 victory over the Oilers.

First Federal, trailing the Oilers 3 to 0, suddenly exploded in the sixth inning for a half dozen runs with Eddie Grooms and Hal Duncan leading the attack with doubles in the big frame.

Tommy Gracey, first man at the plate in the Perfection-Navy encounter, homered off Ray Milwood.

The line scores:

Perfection ..... 102 013-7 0  
Navy ..... 000 005-3 3  
WP—Mark Cockman, LP—Ray Milwood, HR—Tommy Gracey.

First Fed. .... 000 080-4 5

## Lyman Hosts Red Devils

The Lyman High Greyhounds get another crack at Orange Belt Conference competition this afternoon when they tangle with the Lakeview Red Devils of Winter Garden at Longford Park.

Donnie Smith is likely to get the hurling nod from Lyman's Coach Jim Payne. Lyman's current record is four victories against five defeats.

Lyman, which has not had a losing season in some 17 years of baseball competition, is trying desperately to get on an even keel again so that the 1964 season will not break the long string of better than average years of play.

## If So, Reds Can Forget Worries

By Sandy Padwe  
UPI Sports Writer

When a baseball player reaches 13 it's time to worry, especially if you stumbled through a whole season the way Bob Skinner did in 1963.

Skinner split his time between Pittsburgh and Cincinnati, hitting only .259 with three home runs and just 23 RBIs.

## Seminole Nine Tangles With Evans There

The Seminole High School baseball club goes back into Metro League action this afternoon when Coach Jim McCoy takes his charges to Orlando for a contest with the Trojans of Evans High.

At the present time, Evans is in second place in the loop's standings with four wins and two losses. They trail the Hoone Braves who top the circuit with six victories against a pair of defeats.

On the other hand, Seminole is resting comfortably in seventh place one game behind the sixth place Oak Ridge Pioneers. The Seminoles have posted two wins and five setbacks.

In other loop tilts, Oak Ridge will host the Colonial Grenadiers, Boone travels to Winter Park and Bishop Moore meets the Edgewater Eagles tonight at Tinker Field in Orlando.

McCoy will probably send Eddie Fitzgerald to the hill for the Seminoles with Rick Sires ready for relief duty if needed.

## Crooms Beats Euclid 10-3

By Bob Thomas

The Crooms High Panthers recorded their third consecutive win in as many games by whipping the Euclid High Tigers of Deland by a score of 10-3. Perry Galena had a perfect day at the plate, bashing out two singles, a double and triple, driving in 3 runs.

Billy Bush collected a double, triple, and a long home run. His circuit clout was a tremendous shot as it sailed high over the old home economics building in deep right field.

Andrew James went five innings, striking out five. He was touched for two hits. Tommie Joseph was brilliant in a relief performance for two innings, striking out 3 as he white-washed the Tigers.

The Panthers travel to Deland tonight where they will engage the same Tigers in Conrad Park.

## South Semiole Teams To Play

By Doris Deas

Two North Orlando teams of the South Semiole Little League will be in competition Saturday.

The team will meet Altamonte, in Altamonte, for a 9:30 a. m. game while the seniors will host Longwood at 8 p. m.

It is urged that as many residents as possible attend these games to lend support to the enthusiastic players.

## Two Join 500

INDIANA POLIS, Ind. (UPI)—Former winner Troy Rutzman of Dearborn, Mich., and Chuck Arnold of Indianapolis Thursday entered the 500-mile Memorial Day auto race, bringing to 88 the number of drivers in the 1964 classic.

## Dudley Hurls No-Hitter For Sanford JH

Ron Dudley entered baseball's junior high hall of fame Thursday afternoon when he tossed a no-hitter in hurling the Sanford Junior High School Braves to a 3 to 2 decision over the JayVees of Lyman High.

The Little Greyhounds moved into the lead with a single tally in the second inning and increased it to 2 to 0 with another lone marker in the fifth.

In the Braves' half of the sixth, the Sanford aggregation jumped on Bill Lillo of the Greyhounds for five hits which produced five runs. The principal stroke during the explosive frame was a circuit smashed by Braves' catcher Tommy Bryant.

The Braves now have a record of four victories against one loss—a 13 to 1 decision against them last week at the hands of the JayVees from Evans High in Orlando.

Monday afternoon the Braves entertain Oviedo Junior High, Thursday afternoon they travel to Oviedo for a return tilt, and Saturday of next week the locals will meet Leesburg Junior High in a 7:30 nighttime affair in Leesburg.

The line score:

## Wilson-Maier Kingswood Tied

Wilson Maier moved into a tie for first place in the Men's Six-Pitch Softball League Thursday night when the Furlinturemen walloped the Florida State Bankers by a 10-2 score.

Meanwhile, Mike Hendry clouted three home runs to pave the way for Leroy Robb's Constructionmen to break into the win column for the first time this season with a 13 to 8 triumph over the USO.

Round trippers by Larry Helman, Tom Dehard, Art Natallini and Don Massie paced the Wilson Maier attack in a contest marred by 21 errors.

# Why Not Guns?

Any resemblance between the following editorial and real life is purely coincidental:

There is afoot in this land a plot, which is no less sinister because it has the support of millions of sincere (but misguided) Americans. If these people had their way, every single car in this country—or at least all cars manufactured in the future—would be registered with some organ of government. Each car would be numbered and a record kept of it.

This idea is now new, but the tragic hit-and-run assassination of a prominent citizen has given its proponents new fuel for argument.

But does anyone seriously think that the registration of motor vehicles would have prevented the assassin from carrying out his plan? He would have obtained a car in some way.

Would registration prevent the well-known gangland "ride"? Would it cut down the rate of car theft or juvenile joy riding? Would it promote traffic safety?

Certainly not. The Revolutionary War was

fought for the ideals of liberty and the pursuit of happiness. The Fourth Amendment to the Constitution guarantees all citizens to be secure in their persons and effects. This certainly includes their automobiles.

Can anyone doubt that motor vehicle registration would open a whole new field of red tape to the bureaucrats, a whole new source of taxes? (And we must ever remember that the power to tax is the power to destroy.)

Does anyone believe that it would stop at vehicle registration and that the next step would not be to require the licensing of drivers?

But most sinister of all, car registration laws would open the way to Communist infiltration and takeover of our nation, for the very first thing an enemy would do would be to seize the vehicles of the populace—using the conveniently provided registration lists—in order to immobilize resistance.

Fortunately, thousands of citizens in hot rod and gun clubs and rifle associations are alert to the dangers inherent in these well meaning proposals for automobile registration. They shall not pass.

# Just a Song at Twilight

# People Deserve Better

If the senators who have just about closed the books (that were never opened very far, anyway) on the Bobby Baker case hope that the whole thing will now blow over and everybody forget about it, they will be absolutely right.

Nobody except a few reporters and editors and Republicans really got excited about this latest example of influence peddling and questionable conduct by a government employe, one of a long line of similar cases that began at least as long ago as 1789 in the United States.

Most people apparently still don't know what the Baker case was all about, nor do they care.

One thing the senators should seriously consider, however, is that many people are quite ready to believe that the affair extended far beyond the little circle in which Bobby Baker swung his weight. Ending the investigation with too many

questions unanswered will only encourage such thinking.

It does indeed extend beyond Bobby Baker in the sense that the entire Senate—the entire government—will be suspect. This being an election year, it is not unlikely that during the course of the campaign, vague, generalized charges of widespread government corruption will assail the national nostrils like fetid odors from half-buried garbage.

The senators deserve better for themselves, not to mention the American people.

# Too Late To Classify

In the last few years a more and more dangerous type of espionage has become a threat to our national economy and security. It is research espionage and it is being practiced not only by our enemies but in some cases by our allies.

As we are all aware, American firms, foundations and organizations spend hundreds of millions of dollars and many years of effort in research. This research is

conducted by private industry in an effort to provide this nation and the world better things for better living.

This is particularly true of our pharmaceutical and electronic industries whose research has developed the American knowledge and know-how that has been a bulwark of our free enterprise system. The products and techniques developed by this costly, independently fi-

nanced research have already enabled us to maintain our economic leadership and extended our political power around the globe.

This gigantic industry of discovery has become a \$10 billion giant entirely private and competitive. It has given us the products of the future and helped protect our high standard of living and our high wages.

From it have come the automatic computers, new light and durable metals and plastics, life-saving drugs and useful chemicals and the new miracles of electronics and chemistry.

It is imperative that the fruits of American research be as carefully guarded as are the secrets of our military activities. While re-

search knowledge is protected by American and some foreign patents, other countries afford no such protection and if they can steal this knowledge and produce the products of our costly and time-consuming research by manufacturing these products with cheap starvation wages they can undersell us and thus weaken our economic power throughout the world.

Several valuable research formulas developed at great cost and effort have been stolen from under our noses, carried to other countries. In one case at least, the U. S. Government contracted with a foreign firm to supply it with a product developed by our own research. This was offered at a lower price since there was no research cost as far as the foreign producer was concerned and it was produced with cheap labor in direct competition with American high standards.

Scientists and researchers employed by American firms have found it profitable to steal highly secret and valuable information and pass it on for price to some foreign firm. "Drug piracy" cases involving patented drug secrets and antibiotic cultures developed by Lederle Laboratories are now before both civil and criminal courts, pointing up the critical situation faced by industrial research leaders. ## LBJ's Program For Poor

By Sargent Shriver  
Special Assistant to the President

(Second of a Two-Part Series)

President Johnson's war on poverty is a comprehensive program. It offers new opportunities, and offers them immediately, to millions of Americans—to almost half-a-million young Americans who would enter the job corps and the work-study and work-training programs—to the farmers covered by the rural economic opportunity program—to the citizens of every community with the initiative to establish community action programs—to the long-term unemployed, hired by those businesses assisted by this program.

For these people this bill offers immediate hope to develop their skills and capacities, to get and hold jobs, to maintain their farms or their small businesses.

It is focused specifically on the 35 million people, almost 10 million American families, who are obliged to exist on a median income of \$1,800 a year.

It is not the creation of a few ivory-tower bureaucrats in a Washington office. We have called upon the advice

and counsel of businessmen and labor leaders, foundation officials and farm experts, educators and scholars.

In short, we have called upon those who have worked with them, and who have useful ideas to offer. This bill represents the consensus of the best thinking in the Nation on this subject.

This is a new program in its new emphasis upon youth. We want to give young people a chance to escape from the cycle of poverty—to break out of the ruthless pattern of poor housing, poor homes, and poor education which condemns them to an unproductive life without adequate income. We want to give them a way out.

We propose to do this through the job corps—which will take young men from crippling environments and put them in camps where they will receive a blend of useful work—often upon needed conservation projects—job training and basic education. They will graduate from these camps better able to earn a living and to play a useful role in society.

We propose to do this also through work-study and work-training programs which will provide part-time jobs for hundreds of thousands of young men and women—allowing them to finish their schooling, or receive a minimum sustaining income while they learn the discipline of work.

Finally, this is a completely voluntary program. No one is required under this Bill to enter into any one of the proposed programs. It gives new opportunity to those who want to help themselves or their communities. But the choice is theirs. It does not raise the national budget by a single dollar.

It is prudently planned. Every dollar allocated to this program will be spent to help

the poor. There is no leakage, no huge new bureaucracy. Every section of this program has been designed to give maximum help to those to whom this help will mean a real chance to escape from poverty—to those whose escape poverty will mean, in the long run, a substantial lessening of poverty in the United States.

If, as time goes on, we find that any of our programs is not making a maximum contribution to our total effort, we will change that program or get rid of it—just as large business disposes of those divisions which are unprofitable.

We believe this is a program that will work. And it will mean a new life to those of our fellow citizens who in the abundance of America have not been able to share can society.

There are two sides to every question and the wrong one is always the other fellow's.

It's the optimist, not the pessimist, who doesn't get a shock when he looks at himself in the mirror.

Take your car to a mechanic to have the one thing you think is wrong fixed and he'll think of several others.

This is about the only time of year when a man looks forward to cutting the grass. It means spring soon will be here.

One word tells the story about the ball player who had a bad season last year and has just signed a new contract: "CUT!"

# Dr. Crane's

# Worry Clinic

Larry says postal employes get pay raises but we taxpayers don't. So he wonders how we could stop this mad trend toward Socialism and profligate misuse of our taxes. Scraperhook this case for it shows the quick and sure remedy. And don't be duped by the president's "mark-up" strategy!

CASE 8-434: Larry J., aged 32, is a successful dental surgeon.

"Dr. Crane," he began, "it is getting harder and harder for anybody in private practice to make a living."

"Taxes are zooming and I understand the president has added 250,000 more workers to the government payroll just in the past 3 years!

"That brings the total beyond 2,500,000, which is fantastic."

"So how can we ever hope to balance the budget?"

Remember No. 218  
Remember the crucial Number 218.

There are 435 members of the House of Representatives. And ALL appropriation bills MUST originate in the House. So whenever 218 Democrats and Republicans unite to produce lower taxes and less boondoggling, then we'll have sensible government again.

"But what about those 2,500,000 civil service federal employes?" you may exclaim.

"They have permanent tenure and isn't it impossible to fire them?"

"They often dawdle along and affect arrogance, even though we taxpayers are really their bosses."

Well, nobody will work without salary!

And if 218 Congressmen team-up to veto any appropriations bill the president may demand, then NOBODY gets paid.

That means the 9 Supreme Court Justices receive no pay checks, nor does the President or members of Congress, etc.

And the various Cabinet members will no longer be able to squander billions on frilly, non-essentials.

In that connection, the Food and Drug Administration, plus other sections of the HEW department, squander almost \$5 BILLION per year (\$20 BILLION in Kennedy's first term).

Yet we have 2,000 college chemistry departments that

would gladly do most of the work of the FDA.

Thus, the testing of new drugs would furnish Ph. D. thesis topics for graduate students in chemistry, medical and dental labs.

Why should we taxpayers be burdened with a \$20 BILLION outlay for the HEW cabinet department when we could get even better service and AT NO COST TO TAXPAYERS?

Editor, Herald:

I wish to express my deep appreciation for the kind assistance that I received while driving through Sanford on April 3, about 5 p. m.

I was driving north on U.S. 17-92 (within the city limits) when tire trouble developed. I pulled to the extreme right of the highway and as I came to a stop a young man pulled up in back of my car and offered assistance which I accepted.

Before the tire could be removed one of your police officers arrived and gave added assistance which, together with his courtesy, was outstanding.

I tried to pay the young man for his trouble but he refused to accept anything and drove away.

I am sending your local Red Cross a small contribution as a "thank you" for the kind assistance I received in your city.

Charles W. Morgan  
20 Columbia Tr.  
Delary, Florida.

So put the pressure on your local Congressman.

When he is joined by only 217 others, any foolish waste of our taxes by Washington stops AT ONCE.

For 218 House Members can make any president pare his budget to meet "horse sense" demands of us taxpayers.

"The government should fear the people," said newspaper publisher Frank Gannett, "and not the people, the government."

We also need to expose the "mark up" practice by which we are duped.

When the President wants 5 billion for foreign boondoggling, he asked for 7 or 8 billion.

Then our Congressmen boast about how they pared down his budget by voting him only 5 million. It is to laugh.

This standard "mark up" is used to hoodwink voters, both by the national Congress and our own state legislatures.

So let's start calling the shots ourselves, since we taxpayers pay the bills. Economy will begin as soon as 218 Congressmen want it!

Boat Camping Expert Likes Peaceful Rest

By Wm. Taylor McKeown  
 Newspaper Enterprise Assn.  
 MARCO, Fla. (NEA)—It's special when Erwin (Joe) Bauer says his favorite boat camping may be around the Bass Islands in western Lake Erie, near Sandusky, Ohio.

He also favors wild wilderness waters of the West—the Green, Colorado, Snake and Flat Head rivers and the San Juan Islands.

Joe's choices are special because you might also meet him at the African headwaters of the Nile, or up the Amazon in South America. If you're lucky enough to travel the world photographing hunting and fishing, as Bauer does, you learn where to go and how to keep boat camping enjoyable.

Bauer was packing for a small-boat fishing trip into Florida's lower Everglades when he checked equipment going into his 16-footer.

"Maybe I prefer small boats because you don't have to be an expert to run them," Bauer reports. "They let you explore the shallows, they're easy to handle, and like most people, I guess, they're the size I can afford."

Bauer doesn't like to load his boat down with a lot of fancy equipment. Summers when school is out, he and his two sons, 14 and 18, have explored a lot of western rivers with only basic tackle, bedrolls, food, and swimming suits along. Aqua-vagabonding they call it.

Overnight camping equipment should be chosen with comfort first in mind, Bauer claims. If you can get a good night's sleep stretched out on deck or even a rocky shore, the days will be more fun.

Joe's latest trophy is a roll-up foam mattress he bought from an outfit called American Outdoor Industries in Medina, Ohio. Named Trail Bed, Joe thinks it may replace air mattresses.

Depressing sight, isn't it? And what is it we say when something old, familiar, once-cherished, once-useful has succumbed to the ravages of time? *It served its purpose!*  
Could all the churches in our town someday look like this? They could! *Maybe they will...*  
If they have served their purpose...  
If we don't need them anymore!  
Even if you haven't been getting to church of late, I think you'll protest that we DO need our churches. We need the truth they teach — the faith they instill — the hope they inspire — the God-given strength with which they undergird our life.  
This is the very point: We ALL need our churches. And to bring ALL of us to realize and fulfill our need... That is their purpose!

Enrico Caruso, Amolita Galli-Curci, John McCormack, Amato Pasquale, Sir Harry Lauder, Alma Gluck. Names of some of history's greatest musical artists. These and many, many more have been added to the list of what the Sanford Library now contains. Jim Talmadge donated the rare, priceless collection of works of these and other artists to the local library. He's been collecting the ancient recordings for long years and, in an all too rare burst of generosity, has made them available for the public to see and hear.

The records are in excellent shape for their age. They're sure to bring back nostalgic memories of yesteryear. But, temporarily at least, you'll only be able to look at the albums. The library has no record player. Maybe . . .

Homework for today: Look up the word "bivector" in the dictionary and let us know what it means. We did and still don't know.

Crews working on razing the Woodruff Building probably aren't aware of it, but last week they created an artistic scene in one of the former stores. They ripped the ceiling off the first floor in one area. The modernistic way the wooden laths hang down is striking, to say the least.

To the Jaycees, Seminole County Medical Society, County Health Department and to all others who took part in the Sabin Oral Sunday project yesterday: Heartfelt thanks from a grateful community. And to those who took the time to get the polio vaccine: Congratulations for thinking of your fellowman. Of course, YOU would never have gotten polio, but you could have given it to your children, neighbors or anyone you contacted. It could be the best 50 cents you'll ever spend.

Think cigarette smoking is on the downgrade? Listen: The State Beverage Department reports the cigarette and alcoholic beverages contributed more sales tax monies to the state general fund in the first nine months of the current fiscal year than in all of the 12 months for the previous year.

The department has thus far collected \$91,595,220.11, more than \$2 million above collections for fiscal 1962-63. If the present trend continues, the tax take will reach the \$120 million figure by the end of the fiscal year. These taxes are the second largest contributor to the state general revenue fund.

Jaycees are not completely engaged in civic projects such as the highly successful Sabin Oral Sunday program. They're also in the midst of an election. And, although it's restricted to membership, the fever pitch is very high. One candidate took advantage of last Thursday's Civic Center luncheon to give a subtle hint of his candidacy. He placed a giant, colorful sign on the wall letting it be known the Jaycees should elect him as president.

For probably the last time this year, either the Senators or Angels will be on top of the American League when nightfall comes today. The other one will be on the bottom. They're the only two teams playing today as the season opens.

Navy wives will model the latest in swimsuit fashions Tuesday at 4 p. m. during the dedication ceremony of the Enlisted Men's swimming pool at Sanford Naval Air Station.

**Meeting Set**  
The North Orlando Civic Association will hold its April business meeting at 8 p. m. today in the Civic Building. A new secretary will be elected at this time. All interested residents and prospective members of the association are urged to attend.

## 15,000 In County Get Vaccine

Sabin oral vaccine was administered to more than 15,000 persons in the county Sunday as the Sanford-Seminole Jaycees conducted the first Sabin Oral Sunday at 12 feeding stations.

Due to the overwhelming response, the clinics will be repeated next Sunday, according to Wally Peacock, Jaycee project chairman.

He said the stations will be set up next Sunday at the Florida State Bank, Pinecrest Shopping Center, Jai Alai Fronton and at Oviedo City Hall. The hours of noon to 5 p. m. will be used again, Peacock said.

SABIN ORAL SUNDAY drew an overwhelming response Sunday at 12 feeding stations throughout the county and will be repeated next Sunday to be sure all desiring the polio vaccine will be accommodated. An estimated 15,000 persons visited the feeding stations in a five hour period with some stations depleting its supplies of vaccine. It was replenished in hurry-up trips to an Orlando hospital. Wendell Springfield is shown checking in one of the recipients at the Movieland Drive-In Theater.

## 3-Orbit Trip Set For Around Christmastime

HOUSTON (UPI) — Space veteran Virgil I. (Gus) Grissom and former test pilot John W. Young will ride America's first two-seater Gemini spaceship on a three-orbit around earth, possibly about Christmastime, it was announced today.

Grissom, who rode a Redstone rocket on a 15-minute suborbital journey July 21, 1961 and said frankly he was "scared a good portion of the time," will become the first American to make two flights into space.

The selection of the stocky, moon-faced Grissom, 38, and dark-haired 33-year-old Young to the pioneering flight in the Project Gemini was announced by the National Aeronautics and Space Administration (NASA) at its new manned spacecraft center 25 miles south of Houston.

Project Mercury veteran Walter M. Schirra, 40, who made a six-orbit space flight Oct. 3, 1962, was named a "back-up" Gemini flight pilot along with new astronaut Thomas B. Stafford, 33.

Grissom, an Air Force major and a member of the nation's original seven-man Project Mercury team, will lend the hand of experience to the pilot's seat inside the 7,000 pound Gemini capsule.

Riding in the co-pilot's seat will be the steady-handed Young, a Navy lieutenant commander, whose comparative youth makes him a top prospect for a flight to the moon aboard a three-man Apollo spaceship which the United States plans to launch about 1970.

Selection of the first Gemini pilots and Russia's successful orbiting of a new, maneuverable satellite called "Polyot 2" Sunday were indications of stepped-up drives by the United States and Russia to send astronauts and cosmonauts into space this year.

## Management, Unions Speed Negotiations

WASHINGTON (UPI) — Under constant presidential pressure, railroad union and management negotiators pressed efforts today to settle their rules dispute and avoid a nationwide strike.

The carrier and union representatives, meeting together for the first time since President Johnson revived negotiations last week, were in session until 11 p. m. EST Sunday. They planned to return to the bargaining table today.

## Primary Polling Places Listed

- Registrar Camilla Bruce today released the following list of polling places for the May 5 primary:
- Precinct 1 — Sanford Junior High School; 2 — Lake Monroe Scout building; 3 — Home Demonstration building, 25th Street at Sanford Avenue; 4 — Altamonte Springs fire house; 5 — Oviedo city hall; 6 — Geneva community house; 7 — Chulinda (old school house).
  - Precinct 8 — Goldenrod community house; 9 — Longwood town hall; 10 — Lake Mary fire house; 11 — Altamonte Springs community house; 12 — Forest City (H. E. Pervis real estate office); 13 — Longwood school; 14 — Lyman school gym; 15 — Shrine Club, 104 South Lee Avenue.
  - Precinct 16 — Bear Lake (Florida Power lounge); 17 — Carberry fire station; 18 — Farmers Auction Market, highway 17-92; 19 — Seminole High School gym; 20 — Upper Church educational building; 21 — 500 French Avenue; 22 — 401 West 13th Street, and 23 — Prairie Lake Legion Hall.

## City Inspector Resigns Post

M. A. (Foots) Yelvington has submitted his resignation as city building and planning inspector, effective April 24. He will be succeeded by Lin Risner.

## Discussion Set

Discussion of a change in the constitution and by-laws of Branch 147, Fleet Reserve Association, will be held at 8 p. m. tonight. Hospital rights for retirees also will be discussed.

## Cracker Days Coming

Third annual "Cracker Days" under the sponsorship of the Sanford Merchants Association will offer bargains galore to shoppers. The event will be staged by merchants on Friday and Saturday. Store employees will be garbed in attire of yesteryear to add color to the occasion.

The WDBO (Channel 6) Marionette Theater will be on hand to lend entertainment to the occasion. They will appear 4-6 p.m. Thursday, 4-9 p.m. Friday and 11 a.m.-6 p.m. Saturday on First Street at the new mall (formerly Rand Avenue).

Marionette members will pantomime to the actual voices of the Beverly Hill Billies, Mr. Ed (the talking horse), Red Skelton (as Freddy the Freelander), Ed Sullivan, Uncle Walt (of Outer Space) and Miss Nancy (of the Romper Room). A hill billy band will entertain Friday evening.

FARULOUSLY FANTASTIC, is but a partial description of Seminole High School gala Junior-Senior Prom Saturday evening at the Civic Center. This event was a sensational success and presented in a stupendous fashion. Enjoying the festivities are left to right, Bill Young, Sharon Jackson, Dan McCall and Donna Sandage, standing by the castle. More pictures in Tuesday's Herald.

## GOP Candidate For Governor To Visit Area

By Jane Casselberry  
Charles R. Holley, Republican gubernatorial candidate subject to the May primary, will make several public appearances in the area this week starting with a talk before the Sanford Republican Women's Club Wednesday at 10 a. m. at the home of Mrs. O. G. Bryant, 1807 Paloma Avenue.

From 12:30 to 2 Wednesday Holley will be in the banquet room of the Trade Winds Cafeteria at the Seminole Plaza in Casselberry to greet the public and residents of the area are invited to go through the serving line and have lunch with him or just come in to get acquainted.

A reception will be held in his honor Thursday from 4:30-6:30 p. m. at the Orlando Garden Club on Rollins Ave. in Orlando and all interested persons are invited to attend.

A coffee is planned for Friday morning from 9:30-11:00 a. m. at the home of Mrs. Sidney C. Ward at 1420 Via Tuscani in Winter Park with the public invited.

He will be guest of honor at a luncheon Friday at the Angelt Hotel at 11:45. Those wishing to attend should make reservations by Thursday with Mrs. Thomas A. Griffith of Winter Park.

## Seminole Group To Tour Georgia Port

A delegation of four Seminole County residents, proponents of the Sanford Port Authority, will tour the Brunswick, Ga., port facility Thursday.

The group will leave from the Sanford Naval Air Station in a Florida Power & Light Company plane at 8:30 a. m., spend the day in Brunswick as guests of that port authority and return later that day.

The Sanford-Seminole contingent will consist of Francis E. Roumillat, chairman of the Chamber of Commerce's Port Authority Committee, Sanford Mayor A. L. Wilson, John Alexander, member of the County Commission and Harry I. Johnson of The Herald.

This quartet and others recently visited the Jacksonville Port Authority to learn first hand the operation there. They learned the Brunswick authority parallels that proposed for Sanford and this trip resulted.

The Sanford Port Authority would establish a terminal system along the St. Johns River west of Sanford, catering to barge traffic and the multiple goods they can haul. Officials assert that the port authority would prove the decisive factor in attracting industry to Sanford and Seminole County.

Jacksonville port authorities assured the Sanford-Seminole group that as the terminal facility is publicized, industry will "definitely follow."

The Brunswick activity will afford the local delegation an opportunity to see just what can be arranged here. On their return a comprehensive report will be made available for the Chamber's Port Authority Committee.

The rapid progress of plans for the St. Johns-Indian River Canal has spurred local officials to keep pace in arranging the Sanford Port Authority.

With the two projects, authorities see the "greatest surge of prosperity" the Sanford and Seminole County areas has ever experienced.

## FFA Chapter In Corn Contest

The Sanford Junior High School Chapter, Future Farmers of America, will enter the "Challenge 204" corn-growing contest this year in cooperation with a seed company and several local businesses and institutions.

The Louisiana Seed Company has donated a half bushel of seed to be planted at the school farm on a measured acre of land.

The corn will be fertilized with 1,600 pounds of plant food donated by Chaso and Company through the cooperation of Art Molar, plant superintendent.

Weeds and insects will be controlled by chemicals donated by the Kilgore Seed Company and Homer Osborne, local firm manager. Before planting the land was fumigated for nematode control through the generosity of the Central Florida Experiment Station.

Dr. J. W. Wilson and Dr. Harlan Roades made those arrangements and Richard Pickles, station farm manager, made the fumigant application.

The corn will be cultivated and irrigated by the local FFA Chapter and harvested in late summer. Don Farrans, FFA adviser, says his group hopes to get 100 bushels of corn to the acre. This will be twice the average for the county, he said.

## British Against Field Tonight

SANTA MONICA, Calif. (UPI) — It's the British against the field in tonight's Academy Awards with "Tom Jones" expected to win the best picture award.

Almost half the performers nominated for the 36th annual Oscar awards were Britons, including three nominees for best actor: Albert Finney, Richard Harris and Rex Harrison.

Dapper Jack Lemmon will be master of ceremonies for the two-hour show at the Santa Monica Civic Auditorium.

Some 2,500 celebrities were to be on hand for the motion picture winding which held such contrasts as "Cleopatra," the most expensive movie (\$10 million), competing against "Lilies of the Field," one of the least expensive at \$450,000.

The English production of the Henry Fielding classic, "Tom Jones," led all others with 10 nominations. Its star, Albert Finney, was favored to win best actor.

## Injured Child Convolescing

Four-year-old Wanda Keen, suffering a broken leg, is convalescing at Seminole Memorial Hospital today.

Police and sheriff's deputies today reported the girl was riding on the front fender of a car driven by her father, Richard Keen, 1821 Summerlin Avenue, when she fell under the wheels. The accident occurred at 5:30 p. m. Sunday at Mullet Lake State Park.

Sheriff J. L. Hobby said Keen, a sailor, was held overnight at county jail and released this morning to the Shore Patrol of Sanford Naval Air Station, where he is assigned.
