

# Giants, Browns To Meet In Title Contest Sunday

**By EARL WRIGHT**  
United Press International  
The Cleveland Browns will play the New York Giants, only team over to interrupt their unprecedented domination of the National Football League's Eastern Division, for the conference title next Sunday at Yankee Stadium.

Cleveland, most consistent winner in professional football history, clinging to its one-game lead over New York Sunday by scoring a 21-14 decision over an inspired Eagles team at Philadelphia. The Giants, described by their coach as "not a good club," kept their hopes alive when Harry Sware hinged a Jim Martin field goal try with 13 remaining to preserve a 1917 victory over the crippled Detroit Lions.

The Browns can win their eighth Eastern Division title in nine years by defeating or tying the Giants Sunday in a game which will draw a capacity crowd of more than 71,000. The Giants must win to tie for the crown and then beat the Browns again at Yankee Stadium Dec. 21 to qualify for the championship game with the Baltimore Colts Dec. 29.

Haltmore, which will invade the Eastern champion's park for the championship game, clinched the Western crown a week ago. The Colts opened the weekend action by dropping a 30-28 decision to the Rams at Los Angeles before 100,202—the third largest crowd in league history.

In Sunday's other games, Bob by Layne's two touchdown passes sparked a rally that gave the Pittsburgh Steelers a 14-14 tie with the Washington Redskins; the Chicago Bears turned Chicago Cardinal passes and fumbles into an easy 30-14 victory; and the San Francisco Forty-Niners turned three interceptions into touchdowns in the first six minutes on route to a 48-21 triumph over the Green Bay Packers.

## Kirchhoff Leads Mather In Sweep In Bowling Loop

Ed Kirchhoff bowled a 207-539 series to lead Mather of Sanford in a three-game sweep over Celery City Printing in action in the Sanford City Bowling League last week.

The Furniture men rolled a fine series in stopping the rise of the Printers. Bob Steele and Clyde Piery led the Printers, each bowling 525.

In other action in the league, first place Burnett Painters remained five games in front, even though losing two games, thanks to the efforts of Gene's Seminole Dry Cleaners who took two from second-place New York Life Insurance. Gene's rolled consistently, and made good use of their handicaps, to beat the Insurers. Bill Kasee led the Cleaning men with a 698, while Jesse Cook led the Insurers with a 698. Dick Richards rolled a 211-525 to top the Painters in their loss to Bukur's Music Shop, led by Buck Ferguson's 502.

"Split-shrinkers" for the night included Larry Piver, Tom Brown, and Ed Kirchhoff who all picked up the 5-7 split. Ed Callan and Harold Hebert making the five-and-dime; Paul Perold with a 5-6-10, Otto Boradorf with a 5-8-10, and Bob Steele with a 3-6-7-10 pick-up.

In this week's bowling, the match-of-the-week will be on lanes 1 & 2, where first place Burnett will take on second place New York Life. Gene's Seminole Dry Cleaners rolls against Celery City Printing on 3 & 4, and Bukur's Music Shop takes on Mather on alleys 5 & 6.

Averages after last week's bowling are:

Richardson—166, Fox, DePalma, and Maloney—164, Wheeler and Von Herbulst at 153, Perold, and Hea—161, Stieler and Steele at 160, Kasee—159, and Cook and Callan at 158.

Swann, Bukur, and Ferguson at 157, Gilstrap and Ring at 155, Rugenstein—152, and Piver, Proctor, and Luhn at 152. Hebert and Joller—150, Hurnett and Brown—148, B. Boradorf—140, Estridge—145, Piery—144, Harrison at 134, Perry—131, and O. Boradorf at 129.

**TROPHY FOR SEMINOLE**—Jerry Covington (left), Herald sports writer, presents Most Valuable Player Award for Celery Bowl game to Quarterback Cecil Dandridge. (Herald Staff Photo)

## Quarterbacks Win Awards In Celery

Two quarterbacks won the Most Valuable Player awards in the first annual Celery Bowl football game here Friday night.

Jerome Shaw, Apopka quarterback, scored all three of his team's touchdowns to win the award for the losing squad. Cecil Dandridge scored two and passed for another for the winning Seminoles.

One of Dandridge's touchdowns was an 80-yard kickoff return which turned the tide of the game. At the time, Seminole was leading Apopka, 18-13. He scored the first marker on a four-yard plunge and passed eight yards to Gerald Jones for the other.

Dandridge completed eight of 12 passes for 120 yards and ran eight

times for 42 yards and three first downs, one of which kept a TD drive going on fourth down. He also got the Seminoles out of trouble twice with booming punts.

Shaw scored on "keeper" plays of 33, 23 and 20 yards. His passing was a key to setting up the three markers.

Others considered for the trophies presented by The Sanford Herald were David Stanley, Vernon Kirk, Walter Middleton and Ray Lundquist. Shaw had no competition for the MVP for the losers, although Larry Blackwelder and Gerald Odum played fine games.

The trophies presented by The Herald were based on performance in the one game. Play in games during the regular season was not considered.

Stanley, chosen to the Orange Belt Conference all star team for the second year in a row, was Dandridge's closest competitor. The big guard who shares captain duties with Dandridge proved himself to be the best line man in the state and among the best in the state by his sterling play Friday night.

He completely overshadowed Odum, the other all-conference guard of 57 and an all-ORC full-back this year. Odum played in the backfield on offense, in the line on defense. On occasions, he also was a linebacker this year.

Stanley and Middleton were the outstanding defensive players for Seminole. Middleton recovered a fumble which led to a TD and made several key tackles, as did Kirk. Middleton also caught one pass for 37 yards.

Lundquist picked up 100 yards pushing, high for the Seminoles. Of this total, 55 came on a TD scamper. Kirk scored once and had several long gains on off-tackle slants. He also threw a 37-yard pass which kept a drive alive.

Dandridge and Shaw were presented the trophies at a barbecue at the Elks Club following the game. Making the presentations were Walter Gielow, Herald publisher, and Jerry Covington, Herald sports writer.

## Yanks Seek Hyde, Nats Want Lumpe

NEW YORK (UPI)—The Washington Senators are playing without a major league slugger as a result of their trade with the Tigers.

At the moment, the Senators are without a major league slugger as a result of their trade with the Tigers.

Both the Yankees and Indians are in with "concrete bids" for Washington's ace reliever, Dick Hyde, but from all indications the world champions were there first with the most.

Senator President Clavin Griffith, who completed a six-player deal with Detroit Saturday, freely admitted today that he and the Yankees "are still talking." These talks are expected to culminate with Hyde going to the Yanks in a deal for Lumpe.

## Rights Group Demands Records

### Justice Department Asked To Help Get Alabama Vote List

MONTGOMERY, Ala. (UPI)—Chairman John A. Hannah of the Civil Rights Commission announced today he was calling in the Justice Department to help the commission secure registration records in six Alabama counties where Negroes claim their voting rights have been denied.

Under the law which created the commission in 1957, Congress gave the Justice Department power to issue contempt citations against witnesses who refuse to obey orders of the federal agency.

The commission itself does not have the power to issue contempt citations. The citations must be issued through a federal court.

Hannah, president of Michigan State University, said, "This commission regrets the failure of certain persons to appear at this hearing after having been formally subpoenaed to appear in accordance with the provisions of the law creating this commission, and the failure of others who have appeared in person to produce certain records that they were subpoenaed to produce, and the refusal of some who were physically present to be sworn as witnesses when requested to do so; and the failure of others to answer questions that were asked of them."

Six county officials refused to answer any questions presented them by the commission. Five of the officials, appointed registrars in Bullock, Barbour, and Marion counties, refused to take the oath despite a command by Vice Chairman Robert G. Storey, dean of the Southern Methodist University law school.

The commission, in recess, unofficially decided to demand the officials take the oath and answer questions, and each official was ordered to do so individually. This action could set up the procedure for contempt citations.

### Would-Be Robber Shot And Stabbed

DELAND (UPI)—An amateur holdup man who used a toy pistol to try to rob a finance company was recovering today from two bullet wounds and a sore shoulder where he was stabbed with a letter opener.

Police said Maxwell Cummings, 40, was shot in his attempt to get away with \$1,000 Monday when a company executive noticed the gun wasn't real.

Cummings told officers he needed the money to pay his rent and utilities bills.

This would-be bandit entered the offices of Tribble & Reynolds Co. carrying a toy gun in a paper bag. Taking the gun out, he ordered Hill Tribble, son of co-owner James P. Tribble, to fill the bag with cash.

But Tribble, after putting \$1,000 in the sack, saw the pistol was phony and lunged at Cummings with a letter opener, stabbing him in the left shoulder. Then he picked up a .25 caliber automatic—a real one—and shot Cummings twice as the injured robber tried to escape.

Cummings suffered bullet wounds in the left leg and in the stomach. His condition was not serious, authorities said.

He was taken to a Daytona Beach hospital and will be charged with armed robbery, upon release.

Expected this afternoon is Paul Harney, who copped the lucrative Dorado Beach Invitational Sunday. Mike Felchick arrived yesterday, after a fifth-place tie in the Havana International. Here too are Doug Ford, George Bayer and Art Wall.

Al Balding of Markham, Ontario, who won the first Sanford Open—after a fifth-place tie in the Havana International—also is here.

### Elks Charity Ball Slated Saturday

The Elks Charity Ball Saturday night climaxes a week of strenuous activity in Sanford.

The annual party will be held in the Mayfair Inn, where guests will dance to music by Pete Bukur and the Populares.

More than 50 patrons have subscribed to the ball benefiting the Harry Anna Crippled Children's Home. A diorama display will be placed in the hotel lobby, depicting the treatment given children at the hospital.

Host and hostess are Bill Hardin, Executive Editor and his wife Peggy. They will lead the Grand March which follows an eleven-hour hour toast. Entertainment is planned during intermission.

Invitations may be obtained at the door of the Mayfair Inn. Reservations are now being made by Moughton Insurance Co., FA 24863.

Russell Spencer, chairman of the dance, said today, "We hope to have 500 people Saturday night. The Elks have invited all their friends to attend and support the Harry Anna Crippled Children's Home."

### Insult To Injury: Left Dishes Dirty

Somebody has added insult to injury, the City Commission was told last night.

Not only did the culprit break locks on doors which housed the china at the Civic Center, and use the dishes but left 'em dirty, according to Commissioner David Gatchel.

As a result, Kwananans and Robinsons, perhaps others, were forced to wash the dishes, Gatchel added.

Many of the groups which meet regularly in the Civic Center keep their dishes stored in the building, Gatchel told fellow commissioners that someone had broken the dishes, used the dishes and "spilled them in the sink."

The Commission voted to get to the bottom of the whole affair. Earl Higginbotham said the city is paying enough money for the city to pay a reasonable price for the dishes, used the dishes and "spilled them in the sink."

Not only should the guilty parties be charged for damage to the dishes and locks, but they should pay a reasonable price for the dishes, used the dishes and "spilled them in the sink."

Howard McNulty, UF fund chairman, said, "The community at large will be very anxious to support it. This has not been done so far. We have found that the payroll deduction plan has worked well with the few firms in which it has been introduced. If this doesn't succeed, your door will be rung six more times. And in the long run you will give more, and forget to deduct it from your income tax."

At once, monthly, quarterly or semi-annually.

Preferred agencies may be marked for the major portion of the money that are not desirable to the donor may be marked out on their subscription.

All the money collected stays in Seminole County. If the United Fund fails this year, its leaders say it will not be continued. This will add seven more individual drives to the large number already being solicited. Experience has proved that this would be six more dollars than most people are paying now.

## 'Appreciation Day' Tempo Increases

Navy Appreciation Day plans are snowballing, as civic clubs and local merchants lend their support to the Jaycees' gigantic celebration next Saturday at Fort Mellon Park.

All Navy personnel and their families at the Sanford Naval Air Station will be guests of the Jaycees and Senior Chamber of Commerce for a chicken pilau dinner. Entertainment will be furnished by the Five Oaks and The Rebels.

Civilians may purchase tickets at the park or get them from their favorite merchants, who will have a number to give away.

Price of the lunch is \$1 for adults and 50 cents for children.

According to Art Harris and Bill Brunley, co-chairmen of Navy Appreciation Day, everyone in town is "enthusiastically supporting plans to show the Navy how welcome it is in Sanford."

Serving begins at 12:30. Tables will be manned by members of the Jaycee Wives Club, Rotary, Kiwanis, Lions, ELS, World War I Veterans Barracks, Civitan, American Legion, VFW, Masons and Shriners.

A short address will be given by Mark Cleveland Jr. at 2 p. m. Cleveland is president of the Seminole County Chamber of Commerce. Capt. Laurel Arthur, commanding officer of the Air Station will respond.

Games for children are planned during the afternoon, under the direction of Ronald Perry, while the music plays on until 5:30 p. m.

Tickets for Navy Appreciation Day are available at Othman and Taylor, Winn-Dixie, Joseph's, K. Shoemaker Jr., Seminole County Laundry and Downtown Cleaners, Florida State Bank, Sanford Atlantic Bank, First Federal Savings and Loan Association, Cowan's, Ivey's Shoe Store, Florida Power and Light Co., Caraway and McKibbin, Hersey's Wholesale Furniture Warehouse, Senark Glass and Paint Co., B. L. Perkins and Son and Sweeney's.

The first day of Heavy Attack ended with Squadron Nine, from the USS Saratoga, leading the field. The high flying "cats" accumulated 400 points in the first two events.

The "checkers" of VAH-11 from the USS Franklin D. Roosevelt got an early lead by scoring a perfect 100 points in the special weapons loading and check exercise. VAH-9, however, overcame the early lead when the scores from event 2 were totaled.

At 7 last night a SteeK A3J "Skywarrior" of Squadron One, from the USS Independence, roared off the Sanford Naval Air Station as event 2 got underway. It was followed at 10-minute intervals by the other competing twin jet carrier aircraft. They were off on a night mission that required them to fly more than 2,000 miles, as radar missions were run on small airfields at Troy, Ala., and Hattiesburg, Miss.

The third phase of the event required a simulated weapons drop on a target in Dallas, Tex., from a height of nearly seven miles and a speed of approximately 600 miles an hour. A crucial total of 100 possible points hung in balance as the select combat aircrews worked to solve the intricate flight, navigation, photography, and bombing problems involved.

As the jets returned to Sanford in the midnight darkness, an unseasonable fog blanketed the area and the all-weather flight capabilities of the crews were tested as ground control approach guidance, coupled with the Navy's landing mirror aid, brought the Skywarriors to a safe landing.

Skilled umpires spent the remainder of the night analyzing and interpreting scores, and photos, gathered during the missions, to properly evaluate the pilots on a scale followed by Squadron Eleven, trailing by 39 points.

VAH-1 is running third with 274 points. Squadron Seven from the USS Enterprise is fourth with 192 points.

Events tonight will consist of a special weapons operational mission for each crew, conducted on the ground. It carries a possible 100 points.

Tomorrow morning the ten-minute Skywarrior take to the air in a simulated mission culminating in the dropping of a bomb "shape" from a height of approximately seven miles, aimed at a target ship near Cape Hatteras off the North Carolina coast.

Crews then will be required to conduct an additional mission consisting of a scored attack on a radar bomb site at Jacksonville Fla. A possible 40 points can be earned in this event.

## Squadron 9 Leads In Bombing Derby

The first day of Heavy Attack ended with Squadron Nine, from the USS Saratoga, leading the field. The high flying "cats" accumulated 400 points in the first two events.

The "checkers" of VAH-11 from the USS Franklin D. Roosevelt got an early lead by scoring a perfect 100 points in the special weapons loading and check exercise. VAH-9, however, overcame the early lead when the scores from event 2 were totaled.

At 7 last night a SteeK A3J "Skywarrior" of Squadron One, from the USS Independence, roared off the Sanford Naval Air Station as event 2 got underway. It was followed at 10-minute intervals by the other competing twin jet carrier aircraft. They were off on a night mission that required them to fly more than 2,000 miles, as radar missions were run on small airfields at Troy, Ala., and Hattiesburg, Miss.

## Goldfine Indicted In Contempt Case

WASHINGTON (UPI)—Industrialist Bernard Goldfine was indicted by a federal grand jury today on 18 counts of contempt of Congress.

The charges were based on Goldfine's refusal to answer 18 questions—all involving transactions of the Boat Lift Development Co.—at a House hearing last July on his troubles with federal regulatory agencies and his friendship with Presidential Assistant Sherman Adams.

Goldfine told the House Legislative Oversight Committee the questions concerned the "internal affairs" of a private company and were therefore outside the committee's powers of inquiry.

Today's indictment was the second legal action involving Goldfine in two days. The U.S. Court of Appeals in Houston Monday denied Goldfine's appeal from a lower court order that he turn over certain financial records to tax investigators.

For more than two months, more than 150 United Fund workers have been beating the bushes trying to raise money for seven agencies.

The goal of \$36,000 is still a long way off. To date about 50 per cent of the minimum requirements has been pledged.

This means that the seven agencies can operate for six months, no more. These include the Boy Scouts, the Florida Children's Home, Girl Scouts, Mental Health Association, Red Cross, Salvation Army and USO.

## Verdict Expected On Assault Charge

City Judge Amrose Olliff will hand down a verdict this afternoon in the case of Joseph Benkowski, 20-year-old Navy man attached to VAH-11, charged with assault on a police officer and petty larceny.

A third charge of drunk and disorderly conduct was dismissed by the court.

Benkowski testified in court Friday and yesterday, denying the charges pinned against him by police officer Herman Harriett. The young Navy man claims that when he held his hands out for handcuffs, the arresting officer struck him.

The City of Sanford has been notified by Gordon Frederick of tortious damages for Benkowski of a claim against the city.

Benkowski told the court that he had sustained cuts on his ear and head from the assault by Harriett. Notice of the suit was filed with the city manager under a law which says that all claims against the city must be filed within 30 days of an incident.

# 'Copters To Shop, Army Hopping Mad

BANKFURT, Germany (UPI) — The U. S. Army is hopping mad at the officer who used a helicopter to go shopping for a poodle and just wishes it knew his name.

The story of the shopping expedition was told by Hans Bohrmann, a shopkeeper in the village of Lautersheim, who said it began when two Army helicopters landed on the Lautersheim soccer field.

A captain stepped out of one of the machines and strolled over to Bohrmann's store where he asked to buy a poodle. Bohrmann had none and the officer promised to return the following week.

Sure enough he did — but this time with three helicopters.

While the captain made the purchase the helicopter crews gave the Lautersheim villagers—

and above all the kids—free five-minute flights over the village.

When the shopping and sight-seeing were over the helicopters flew back to Mannheim where the captain allegedly is stationed.

At that point everybody was happy. The captain had his poodle, Bohrmann had made a sale and the villagers had their first ride in a chopper. Then the Army heard about it.

"All Army aircraft, including helicopters, may land only on authorized and pre-selected areas," a spokesman said with some heat. "Giving a ride to anyone, unless permission is given beforehand, is also prohibited."

The spokesman said the captain, when he is finally found, could be court-martialed and certainly will be disciplined.

### Longwood To Have Annual Yule Party

By JO HAMMOND

The committee for the annual Christmas tree and party met at the home of Mr. and Mrs. Russell Drant, chairman, recently.

The event will be held Saturday, December 20, beginning at 6 p. m. in the Longwood Park. Santa will arrive at 7 p. m.

Parents are requested to register children at Jean's or Carhart stores.

Members of the committee, other than the chairman, include Mrs. Joe Screoney, Mrs. George Otto, Miss Dorothy Heath, Mrs. A. L. Gent, Mr. and Mrs. Earl Duncanson, Mrs. Ralph Hammond and Mrs. L. L. Cox.

**Play Presentation**

Members of the Lyman High speech and Dramatics class will present, "Miss Jimmy", a three-act play, Tuesday, December 9 at 8 p. m. in the Lyman Auditorium. Directing will be Mrs. Adia Milne.

parties in Sanford for the coming year.

**Civic League Meeting**

The Civic League, meeting in Library Hall, was called to order by president, Mrs. George Otto, with Mrs. Lee Carlson leading the devotionals.

Mrs. E. E. Hillie sang "My Task" and also led singing of Christmas carols by the members.

Tables were festive with Christmas arrangements and a gaily lighted tree was placed on the platform. The Madonna and Child was attractively arranged for the decoration on the President's table.

Following the business meeting, Mrs. Frank O'Brian of Altamonte Springs gave a talk on Christmas arrangements using dried material gathered from the woods and articles found around the home.

Plans were made for holiday gift-giving.

Delicious refreshments were served by the hostess committee who were Mrs. L. L. Cox, Mrs. J. C. Durning, Mrs. Ellery Radcliff, Mrs. Don Hittman, Mrs. E. C. Hillie and Mrs. John Strong.

Forty members were in attendance.

**MD Club Meeting**

The Longwood Home Demonstration club met Thursday at the Library Hall.

The meeting opened with the flag salute led by club president, Mrs. Lucille Mulvaney and the devotionals led by Mrs. Leota Punnam.

Mrs. Ben Gray sang "Star of the East" accompanied at the piano by Mrs. Maude Long.

Mrs. Agnes Brant recited "The Little Star" after which Mrs. Ben Gray led the group in carol singing.

Decorating the serving table with miniature Christmas trees made of pine cones, turka caps and pyracantha.

A Christmas gift exchange was conducted and the year's secret was revealed.

Members will make the usual contribution toward the Community Christmas party and plan participation in the U. S. O. Birthday

Mrs. Jayne Helms, daughter of Mr. and Mrs. B. L. "Buck" Helms, celebrated her first birthday anniversary with many small guests last Monday.

Enjoying cakes and punch were Ginger Hodges, Robin Hodges, Lindy Helms, Chris Farina and Valerie, Brenda and Allen Scott.

Also there to enjoy celebration were grandmothers, Mrs. J. H. Hodges and Mrs. A. L. Helms and mothers, Mrs. R. C. Hodges, Mrs. Delton Helms, Mrs. Harry Scott and Mrs. Ralph Farina.

## Craving Metal Polish Is Sure Sign

LONDON (UPI) — "Darling," when he told the tale to the family doctor, that he probably was going to be a father.

Metal polish is only one of a long and bizarre list of "cravings" of pregnant women collected by the British Medical Journal here and the medical publication Obstetrics and Gynecology in the United States.

The survey, which was under way for a long time, came to the conclusion that most pregnant women crave ordinary foods such as available fruits although a relatively high number also want raw vegetables, candy, pickles and raw cereals.

Items of Diet

But there are some who have serious cravings for more unusual items ranging from mothballs to toothpaste and these may be accompanied by a compulsion on the part of the women to keep their desires secret.

The physicians who reported on their findings to the British Medical Journal said there were only theories but no actual proof as to why pregnant women want to eat or smell the foods and substances they do.

They discounted that it was always a natural need for some calcium and Vitamin C which led women to seek out foods rich in those substances. Dr. J. M. Harries and Dr. T. F. Hughes of the Ministry of Agriculture expressed belief the cravings were possibly as much psychological as physiological.

**Apples Lead List**

Out of 291 cases studied, 261 had a craving for fruit (mostly sour green apples). This was more than double the next craving for vegetables, 103 cases. Then came 79 cases of candy and 68 of pickled foods. There were 193 reports of women who developed an aversion to things they usually liked, such as tea, tobacco, coffee and marmalade, during pregnancy.

One woman reported she had a craving for dog biscuits. Others said they wanted to chew, drink or smell coal, soap, disinfectant, gasoline, tar, chalk and wood.

## Russia Schedules 'Copter Service

MOSCOW (UPI) — The Soviet Union's first helicopter passenger service will begin soon between Simferopol and Yalta, according to the newspaper "Soviet Russia."

Ten-seater aircraft will carry vacationers from the Crimean city to the Black Sea resort in 25 to 30 minutes — a trip which formerly could be made only by car or bus and took four hours.

Other helicopter lines are scheduled to open later this year or next.

## Scientists Seek More Citrus Uses

LAKE ALFRED, Fla. (UPI) — A crew of scientists here is seeking to find uses for citrus by-products — peels, seeds, pulp — which would pay for hauling the big Florida crop to market.

Already, citrus wastes are used in cattle feed and by segments of the chemical industry. But it is the goal of citrus scientists to find a profitable use for every part of an orange.

## Safecrackers Pull 'Pro' Job In Tampa

TAMPA (UPI) — Police sought some skilled safe crackers today who broke into the W. T. Grant Department Store here with an acetylene torch hidden in a golf bag, spent from four to five hours riddling through a safe door, and fled with an unknown amount of money.

Detectives said the "professionals" took the money some time between store closing Saturday and store opening Monday, when the burglary was discovered. The thieves broke into an adjacent store, battered a hole in the concrete wall and entered Grant's. Company officials said it may be several days before an audit can determine the amount of money missing.

Officers said the safe crackers left behind the golf bag, acetylene tanks, crow bars and other tools, along with several hundred dollars in small change.

## Woman, 72, Proves She Isn't Too Old

BEN LOMAND, Calif. (UPI) — A 72-year-old woman, who believes that "people get it in their heads they are too old to do things," has just completed an 8,000-mile camping trip to Alaska.

Mrs. Etta Konigshofer, who intends to live another 30 years, made the trip in a Volkswagen Microbus equipped with running water and electricity.

"Everywhere people were amazed that I traveled alone," she said. "But alone is a wonderful word. There was no reason for me to be afraid. Who would harm an old woman?"

During the three-month trip to Alaska Mrs. Konigshofer camped at open-air campsites along the way. She said the expedition cost her only \$143 plus gas.

# Chancel Choir Schedules Yule Concert On Sunday

By candlelight in the sanctuary of the First Presbyterian church at 8 p. m. Sunday, the Chancel choir will present its annual all music Christmas service under the direction of Mrs. George Touhy, minister of music.

Prior to the starting hour of the service, there will be an interlude of carols played on the chimes. In the prelude music will be two of Giliere's compositions played on the violin and cello by Julie and Robert Anderson and an organ number by Mrs. Touhy. This trio will be heard in the offertory which will be a fantasy on Christmas carols.

The manger story will be told in an anthem by the women's chorus. The men of the choir will sing the seasonal favorite, "Greece on the Ruins of Missolonghi."

The full choir will present eight anthems on the Christmas theme and will close the service with the traditional "Silent Night."

Members of the choir participating in the service are Alto: Mmes. Robert Berg, Robert Crumley, Eugene Estridge, Roy Mann, Rudy Bloan and Leon Walker.

The sopranos are Mmes. David Bach, J. A. Bistline, F. L. Correll, William Cortwright, Robert Graham, Nick Pfeiff and the Misses Joan Wilke and Patty Walker.

In the male section of the choral group are basses Warren Adams, J. A. Bistline, Robert Crumley, Donald Howard, Clifford McElhin and Charles Strorion, with tenors Andrew Bracken, Walter Gielow, William Hoag, Robert Mene, George Touhy and Harry Weir.

The public is extended an invitation to attend this feature of the year's nativity celebration at the church, a spiritual emphasis of the season.

## No Right To Vote Judge Tells Group

CANTON, Miss. (UPI) — Circuit Judge Tom Brady of Brookhaven, a possible candidate for governor of Mississippi next year, said Monday night that "there is no such thing as the right to vote."

Brady told the Madison County Citizens Council that voting is a right that must be earned according to qualifications set down by the state. He said it is not a privilege to be declared by the federal government.

"We of the South want the freedom to be different and to have the right to be left alone," Brady said.

Brady does not have a member on the Civil Rights Commission is that "we do not have a man who will so degrade himself as to participate in this conspiracy."

Brady also gave his definition of a madcat on the race issue: "A man who is going to let a little sewage in the door."

Check the new official price labels for Edsel's new, low prices

The new law says that every car must have a label showing the manufacturer's suggested retail price—and Edsel Dealers are even happier about it than the public! Because Edsel prices didn't go up this year—they went down! The 1959 Edsel is now priced with the most popular three—and the price labels prove it! Edsel's four new high-efficiency engines prove something else important—real gas economy. They include a thrifty six with a great test-track record—and a new, economy V-8 that uses regular gasoline!

Edsel's new size makes sense, too. Six-passenger room inside—less length outside. And less useless car weight. So it's much easier to handle than long, bulky cars. Try the car that's proud to wear its price—proud to prove it makes sense! See your Edsel Dealer!

## Movietown Attends First Holiday Party

By **VERNON SCOTT**  
**HOLLYWOOD (UPI)**—Movietown rushed the Christmas season this week with its first garish party—a cozy hoodoo involving 700 guests and a Christmas tree valued at half a million dollars. Hostess for the soiree was Mrs. Joan Joseph, manufacturer of airplane parts and costume jewelry, who mixes her guests like an imaginative bartender. On hand were movie stars, aircraft moguls, fashion designers and an assortment of Hollywood hangers-on. It's an annual event at Romanoff's Restaurant where the boozie flows like a flood-tide on the Mississippi. But the big show is the Christmas tree. This year the "tree"—actually a wood and metal frame—was draped with hundreds of baubles comprised of precious and semi-precious stones, all from Mrs. Joseph's vaults. In addition to her manufacturing activities, the hostess runs

Hollywood's most successful jewelry-rental business, renting out thousands of baubles and bangles to the movie studios and television networks. "I've been displaying a different tree every Christmas for the past six years," Mrs. Joseph smiled. "It started out as a gag, but now my friends insist I continue the custom." "Last season the tree was all white. Nothing but diamonds and white gold. As you can see, this year the motif is Christmas in the different countries of the world. I selected all the jewelry from my collection of some 3 million pieces." "Actually my jewelry business is only 10 per cent of my total income. The rest comes from aircraft companies." Mrs. Joseph's million-dollar-a-year enterprises stem largely from tiny mechanical parts for planes. She says there isn't a commercial or military plane in the sky that doesn't contain her product. While the party raged on around the glittering, spot-lighted tree a guard dressed as an old English beefeater kept an eye on the crowd. "I used to hire a couple of policemen to guard the tree," she smiled, "but they lent an air of somberness to the festivities. This year the tree is nine feet high. The highest yet." Mrs. Joseph and her biggest problem is choosing jewelry to wear herself. Her collection includes some gems from the Russian crown jewels, a necklace that once belonged to Napoleon's Josephine and numberless trinkets worn by movie stars in pictures. "I only throw one party a year," she concluded. "And to be certain I don't offend anyone, I invite everybody I know. It's much easier that way."

### "TIME, THE SUBTLE THIEF OF YOUTH"

—Author's Name Below—

To have the physical joys of youth, combined with the experience of age, has always been the hoped for wish of everyone. Formerly, this dream was impossible. People just couldn't live long enough.

But now average life expectancy is up to the biblical three score and ten and steadily increasing. You can prevent time from stealing away your youth. The chief enemy of youth is sickness. Visit your physician at the first sign of any illness. He can prescribe the proper medication to help you get well quicker, before any serious damage is done.

## Fashion Show Given By Welcome Wagon

Smart ensembles from Yowell's were presented at the fashion show sponsored by the Welcome Wagon Club. The show was held Thursday night at the Sanford Woman's Club building. Those modeling the clothes for morning, afternoon, and evening wear were members of the Wel-

come Wagon Club. Occasionally a model and ensemble merited unusual comment:

Jenny Dinkins in a jewel pink cocktail dress, with full length, fully lined matching coat; a black velvet cocktail dress, accented by a six-strand pearl necklace falling from the back neckline, worn by Vida Smith; a handsome black wool suit complemented by a white feather hat and matching accessories, worn by Bobby Debord; a smart grey flannel suit with red hat and bag, modeled by Fran Morgan; Eva Hunt wearing a classic shirt-waist dress by Serben, in a tapestry print with matching handbag; a raspberry red, cotton knit accented by a pink chiffon scarf and pink parasol, worn by Willa Mae Prokosch; Anne Sierackowski in an afternoon dress of "mink" pure silk with jacket and matching velvet pillbox; an after-five brocade gown in apricot, with deeper woven cloth dots and shirred bodice, worn by Shirley Remsberg.

Following the show refreshments were served. Card games with table prizes were an added feature.

## Shopping Rush Is On, Beware Counterfeit

The Christmas season has arrived. With it has come a warning from the U. S. Secret Service that merchants should be on the lookout for "funny money."

Since the start of the Yule shopping rush, there have been increasing reports of counterfeit bills being passed. Those who pass the phony bills usually choose such a season. There is much less danger of the counterfeit being spotted.

In addition to the great rush on clerks, many business firms hire temporary help during this holiday season. The employees "filling in" during the heavy shopping period are less likely to spot phony money than experienced employees.

Whenever it is found, counterfeit money is confiscated. The loser in the deal always is the guy who gets caught with it.

This also is the period when merchants have another big worry: shoplifting. When large crowds are in stores, it is almost impossible to prevent stealing. Many local stores have signs posted which warn would-be-shoplifters that this store is a member of a protective association. It also warns of the shoplifting law passed by the Legislature.

Dishonesty is bad at any time. During the season of Christmas, it appears worse.

As an example, the pickpocket who took money from three persons watching the Christmas parade Saturday caused his victims a great deal of grief. In addition to losing money, one victim also lost his pants pocket, which was slit with a razor or sharp knife.

Such crimes are very difficult to solve. Those who are victimized don't have a very merry Christmas. In some cases, children probably are deprived of a part of their Santa Claus.

Remember, it is a season of good will toward men.

## Confession Was False

That Mohawk Indian who confessed to murders for which another man was hanged has a great deal of imagination, but he isn't very truthful. So said Miami detectives in dismissing his story as false.

Francis Thompson definitely wasn't telling the truth about the slayings in Canada, detectives said after giving him the detector tests. He was just another of those people who go around confessing to things they didn't do.

Thompson's lurid account of how he and a companion killed and cut up two hunters left quite a few people "shook up." Most shaken by the statements, no doubt, were the judge and members of the jury which sentenced a man to death for the crimes.

As a Sanford insurance man said, this type of story causes the average man to do a great deal of soul-searching. Over the period of years, just about everyone gets a call for jury duty.

Occasionally, a man is imprisoned or executed for a crime he did not commit. The cases are rare, considering the number who appear in court to face various charges.

For the sake of all concerned, it is good that the Indian's story was untrue. Why anyone would dream up such a tale is one of the major things that keeps psychiatrists in business.

## MR. SMUG AND MR. SMOG

## Washington Calling

WASHINGTON—The professional leadership of the Republican party, largely controlled by Vice President Richard M. Nixon, has firmly adopted a policy of unexampled ductility in "telling off" business.

It is as extraordinary as though the Democrats had set out publicly to reprimand labor. Indeed, this is news of a kind that it is said to result when man bites dog, and "little man" face put upon it after the adoption of the Taft-Hartley Labor Act by a Republican Congress.

They suggest that one more round of right-to-work, under Republican sponsorship and at the demand of management, might end up: give the Republicans the dubious satisfaction of being very acceptable to management—but quite unacceptable to the voters.

For another six to eight years. Accordingly, what might be called a committee of calculation risk has been taken by the Republican organization leadership. This is to tell business leaders, in the plainest possible way and hazarding all their displeasure, that only two rational courses are really open now.

## 2 Candidates Plan To Challenge Vote

LITTLE ROCK, Ark. (UPI)—Two moderate candidates, defeated by segregationists in the election for the Little Rock School Board, today planned to challenge the results which created a divided board.

The new board, consisting of three moderates and three avowed segregationists, was elected Saturday to replace the board which resigned except for one member last Nov. 14.

Mrs. Charles W. Stephens, who lost to Municipal Judge R. W. Lester by 53 votes, said she was "confident" she won and would contest the result of the election.

W. F. Rector, who lost to Ben D. Rowland Sr. by 316 votes, said he would contest his loss if segregationist C. C. Bailey did the same.

Raley, who lost to Russell L. Nelson Jr. by 288 votes, indicated he might contest his defeat, but was reserving decision "until after the votes are certified."

Critic of Gov. Orval E. Faubus interpreted the victories of the three moderates as an indication that opposition was developing against his position. Faubus, who attacked the five moderates in the race as the "integration state," ordered the city's four high schools closed last September to block integration.

The new board now faces a federal court order to reopen and integrate the high schools.

## Petition Lacking Only 138 Names

Due to the increase in population in the fringe area, the Pinecrest annexation petition now needs 138 more names before it can be presented to city commissioners.

Those who have not signed the petition may do so by calling Mrs. Carol at FA 2-3332. Fifty-one per cent of the property owners in the area must sign the petition before it can be submitted.

## Cleaner License Tag

NEW YORK (UPI)—It's against the law to allow your license plates to become so dirty they can't be read. They shouldn't be allowed to hang by one bolt either.

A good idea is to give the plates a solid waxing as you wax your car. The wax acts as a cover for the plates and makes them much easier to keep clean. It also cuts down on rust.

## Fred Othman Says

WASHINGTON—My first Christmas card, a deeply religious one, has arrived by mail from somebody I never heard of.

This is all to the good. The sentiments I have noted and Postmaster General Arthur Summerfield will be pleased to hear that this particular card didn't louse up his mailmen. The rush starts in about a week.

From Summerfield and Co. I am in receipt of a notice regarding their work with the Post Office Department is devoting itself to the delivery of Christmas Cards, Dec. 13 to 24. I refrain from mailing any mail in mailboxes. These will be full of Christmas cards and the boys in gray have about given up hope of emptying them on schedule.

A better idea, they say, is to put letters in long envelopes, paste upon these special delivery stamps, and drop them in the slot at the post office. Then they should get delivered.

At 34 cents per letter they should and all I want Gen. Summerfield to know is that I'll not be sending any mail for a while. My letters aren't worth 34 cents each. The card situation I'd solve as I have for many years past, by not sending any.

You'd think an old Scrooge like me, who sends no tinseled angels to anybody, wouldn't be bothered by deluges of Christmas cards. It hasn't worked that way. Every year I get more, mostly from sentimental corporations, government people, press agents, movie actors I haven't had the pleasure of meeting, hotels in which I stayed years ago, book publishers, haberdashers, auto agents, television agents, restaurants (including one in Dallas, Texas, where I never ate), railroads, airlines, whisky distillers, a bank where I have no account, insurance agents, soda-pop bottlers and other strangers. I'm always surprised how full of good will these unknown ones are.

They must trade their mailing lists. Sometimes these lists get mixed up good. From one U. S. Senator I've regularly received two Christmas cards; one to lure to important constituents; the other plain for garden-variety voters. How I got on both his lists I don't suppose I'll ever know.

Last year I got so many cards, including one from Gene Autry and his horse, that my pay check was a week late. The trouble was the management didn't send it special delivery and I trust the Accounting Department will take note of this complaint.

Here lately some Christmas cards have been supposed to be funny. Those I've received have verged on the feeble. Gen. Summerfield is concerned about this, too, but such cards mostly travel by first-class mail and his censors can't see 'em. This is too bad, somehow. If I must get hales of cards, I'd prefer 'em with Santa Clauses and glistening reindeers rather than with pictures of neck ladies.

My bride likes Christmas cards; she even likes to send 'em, the hard way. No more card with her name printed on it suits her. She writes Christmas letters to her friends. This takes time, but she says it makes her feel better. Even now she's at her desk.

My own system I still think is better. I save postage, the temper of the Postmaster General, time and stickum. Better yet a friend of mine who gets no card from me knows he's not being dropped from my list. He also knows from experience that I'll write him a note long about next July, when the Postmaster General will be drumming up business.

Over 100 Invited For Derby Dinner

More than 100 men will attend the stag dinner Thursday night at the Varsity Country Club in honor of visiting dignitaries here for the bombing derby at the Sanford Naval Air Station.

Invitations are in the mail to local business and professional men from the Armed Forces Committee of the Chamber of Commerce, headed by Andrew Carraway. Reservations should be made promptly; with the Chamber of Commerce.

An estimated 65 admirals, captains, commanders, and civilians from the Air Station will attend the barbecue. Music will be furnished during the evening. The dinner starts at 6:30 p. m.

# Qualifying Now Under Way For Mayfair Inn Open

## Balding Won '55 Crown, First Big U.S. Victory

Sanford and the Mayfair Inn Open tournament have a special meaning for Al Balding. This is the tournament in which Balding "arrived" as one of the nation's top golfers. He won the Mayfair title in 1955. It was his first major victory in the U. S. He is back this year to attempt to top the crown again.

"I hope you know what you're doing," said Al Balding's father when Al announced his plans to go into pro golf in 1950.

The ransy Canadian knew all right. It's too bad his father didn't live to see his cigar-smoking offspring win more than \$2,000 in 1957, sixth highest total in golf.

Last year, ex-brewery truck driver Balding authored one of golf's greatest success stories as he zoomed from 50th on the 1956 PGA east to ninth in the official PGA list standing. In 1957, Balding, now representing both the Bigwin Inn, Ontario, and a Miami Beach hotel on the PGA tour, won the Miami Beach and West Palm Beach Opens and established himself as one of golf's top performers.

That victory surprised a lot of people, especially Balding. Before he won at Sanford, Al had done pretty well in Canada but when the slender stylist made his first winter tour in '52 he failed to win a dime in 53 starts. The following year he gained a first-place tie in the Canadian tour.

## 31 Schooling Runs Scheduled Tonight

Two Grade A races, the first and eleventh events, are on tap at the Sanford-Orlando Kennel Club tonight as 31 contests send 187 greyhounds into action.

In the first race two greyhounds will be trying for a third win, which would give them a perfect schooling race and possibly a spot in the Inaugural Handicap, the big attraction when the track opens officially Saturday.

The speedsters who have already registered two firsts are Mr. Pigstaff and Fable Jury. The latter won a Derby elimination in Sarasota last May but missed the money in the Derby.

Others in the initial race of the evening are Rusty Reason, Stand By, Simla and Mentone. The other Grade A contest is a four dog affair and lists Soulel, Lucky Renard, Kiego and Famed Fable.

Simla has one first in the bag and looms as an inaugural frontrunner, having been clocked at a sizzling 31.25 seconds, the fastest time made last week.

After tonight just two more schooling sessions remain, Wednesday and Thursday nights. The track will be dark Friday as final preparations are made for Saturday's opening.

## Seminole Cagers To Host Lyman High Five Tonight

The Sanford Seminoles cagers, after taking a back seat to football in the last two contests, will take the limelight here tonight as the young hopefuls of coach Bud Layer hope to sew up their third victory in a row. The Seminoles now have victories over Oviedo and Pierson and will go against a stubborn Lyman team here in a double header. The first contest will have the JV team starting.

## Lyman Footballers Honored At Dinner

The 1958 Lyman football team heard Fred Kersey, program director of the YMCA, at a dinner in their honor recently in Longwood.

Coach Bill Proctor was master of ceremonies for the event and other special guests included school superintendent Rayburn Milwee, Lyman High principal, Ralph Diggs and Jim Payne.

The Rev. Darwin Shea gave the invocation.

Receiving awards were Jim (Red) Lyons, most outstanding lineman, and Keith Tennant, most outstanding backfield player. Tennant also was chosen captain for next season. Co-captain will be James Beusse.

Special recognition was given Miss Betty Jeanne Robinson, homecoming queen, and her court, the Misses Patsy Helms, Linda Schrader, Mary Ann Renninger and Carol Paul.

Entertainment for the dinner party was provided by "The Ensemble" singing group.

## Florida Signs 13 State Prep Stars; Seminoles Get 10

Recruiting of prep football stars by college coaches now is in full swing.

In the race for the state's top talent, the University of Florida has signed 13 Florida State 10, headed by Sanford's David Stanley.

Florida's signees included three each from Jacksonville and Tampa.

From Jacksonville were halfback Jack Hoover, tackle Dalton Bray, and end Harold Milton. Tampa prep stars going to the Gators included tackle Anton Peters, guard Wale Entminger, and fullback John Lastra.

Others signing grants-in-aid to Florida were end Jack Willis and tackle Carlton Fenit of Pensacola; fullback Eugene Green and tackle Jimmy Morgan of Lake City; quarterback Eddie Feely of Gainesville, and Gerald Odum and Jerome Shaw, Apopka.

Florida State signees included six from Georgia. In addition to Stanley, they are tackle Jesse Odum of Panama City, fullback Troy Pittman of Panama City and fullback Bill Renfro of Largo.

From Georgia were center Ben Shekman of Valdosta, guard Eugene McDowell of Waycross, guard Farrell Henry of Colquitt, tackle Page Conradi of Thomasville, halfback Cawood Arrington of Thomasville and fullback Boxy Thomas of Valdosta.

Three Florida high school players signed with the University of Georgia. They were quarterback David Boyd and halfback Wayne Hittell of Jacksonville and center Alvin Jones of Tampa.

## West Shrine Team Has 2 Top Passers

SAN FRANCISCO (UPI) — The West should have great passing when it tangles with the East in the 34th annual Shrine East-West football game in Kezar Stadium here Dec. 27.

The West squad of 24 announced by managing director William M. Coffman included hot passers Bob Newman of Washington State and Lee Grosscup of Utah.

The squad, composed of 4 ends, 11 linemen and 9 backs, will be coached by Jack Carter of Stanford, Len Castanova of Oregon and Bill Meek of Southern Methodist.

The squad:

Ends — Ron Stover, Oregon; Dick Wallen, UCLA; Dave Sherer, Southern Methodist; Buddy Dill, Rice.

Tackles — Bill Lecka, UCLA; Charles Horton, Baylor; Ted Bates, Oregon State; Troy Barbee, Stanford.

Guards — Bob Grottkau, Oregon; Tom Koening, Southern Methodist; Harold Davis, Houston.

Don Chadwick, Missouri; Charles Nash, Missouri.

Centers — Don Butler, Denver; Roch Conklin, Stanford.

Quarterbacks — Lee Grosscup, Utah; Bob Newman, Washington State.

Halfbacks — Boyd Dowler, Colorado; Eddie Dove, Colorado; Leon Burton, Arizona State; Bill Steiger, Washington State; Don Stone, Arkansas.

Fullbacks — Larry Hickman, Baylor; Clarence Beamer, Oregon State.

The average life span of American men and women has increased by about 10 years during the past 20 years.

## Tourney Draws Nation's Top Pros

Action began this morning in the \$15,000 Mayfair Inn Open, when the 104 golf pros and amateurs teed off at seven minute intervals for qualifying rounds at the Mayfair Country Club. The tournament begins Thursday.

Exempt from qualifying are former PGA winners and amateurs, including most of the famous names associated with golf. The "big ones" arrived today from Miami—port of entry from Puerto Rico, where Paul Harvey won the Dorado Beach Open Sunday.

One of the first to arrive (Monday, 1 p. m.) was Arnold Palmer who also scored a victory Sunday when he edged Gay Brewer Jr. by one stroke to win the Metropolitan AGA Open in Tequesta.

Sanford amateurs entering the tourney include Carl Hubbell, Tom Sheehan, Jim Spencer, Gene Wilsey, Mel Fleischer, and Clarence Phillips. Fleischer has placed high in Marine Corps and Navy golf competition. Other amateurs include Andy Arcury, Daytona Beach; Berrie Bernheim, Klamath Lake, N. Y.; Jack Hungard, Leesburg; Jack Collins, Sarasota; Truman Connell, Tequesta; Jim Hamilton, Maui, Charles Hurr, Dr. Gordon Manchester and Jack Petrock, all of Orlando and Leo Daigle, Lake Orion, Mich.

Professional golfers entered in the Open include Al Balding, Markham, Ont.; John Barnum, Grand Rapids, Mich.; George Ayer, Glenageary, Ill.; Al Besselin, Grossingers, N. Y.; Leo Biagetti, St. Paul, Minn.; Don Biplinghoff, Orlando; Tommy Holt, Paradise, Julius Boros, Mid Pines, N. C.; Gay Brewer Jr., Paradise, N. Y.; W. A. ## Tennis Tournament In Quarter-Finals

The Sanford Recreation Department's tennis tournament is now in the quarter-finals.

The singles division is narrowed down to eight players from an original entry of 25. The quarter-final pairings in the singles division are: Jim Hunt vs. Bob Shedd, Al Doudas vs. Dr. John Morgan, Joe Davis vs. Bill Fleming, Larry Dorr vs. John Getlach.

All quarter-final singles games must be completed by Dec. 11.

From a field of 13 doubles teams, there is one quarter-final game to be completed. Then the semi-final pairings will be announced.

## Tennessee To Test Strength Tonight

United Press International — The Tennessee Vols test their newfound basketball prowess tonight against Wake Forest, an always dangerous customer from the heart of cage-conscious Atlantic Coast Conference country.

The Vols have opened three inter-sectional opponents so far this season but are as yet untested against Southeastern Conference competition. Their wheelhorse is Gene Tomohlen, a dependable scorer and a top rebounder.

Louisiana State meets Arkansas in tonight's only other action involving an SEC club.

Monday night, defending national champion Kentucky had a fairly easy time with Duke of the ACC, withstanding a brief second-half rally to defeat the Blue Devils 84-64.

In other SEC action, Florida stayed off upset-minded Seton College for a 73-62 win; two-time All-America Bailey Howell rang up 29 points in pace Mississippi State to a 73-57 victory over Arkansas State; Mississippi triumphed Murray State 67-51; Missouri went into overtime to beat Vanderbilt, 78-72; and Tulane got its third straight win, 77-69 over Southwestern Institute.

Kentucky led Duke all the way, paced by junior guard Sid Coffey and sophomore guard Dick Parsons. Duke narrowed the margin to one point early in the second half, but the Wildcats got hot again and won easily.

Mississippi State had its longest game score of the season, 100-81 almost reached the 30 point mark, despite the fact that three men were guarding him all night.

Other games more or less followed the form book, although the SEC winners had more trouble than was expected from outgunned opposition.

### Parishoners Place Faith And Shirts On Reynolds Nag

LONDON (UPI)—Roman Catholic Msgr. Anthony Reynolds and his parishioners in London's Southwark district put their faith and their shirts today on a horse named Reynolds he tipped to win.

They hoped the horse, with a record of two wins in 76 starts over the hurdles in 11 years, would confound the experts and win the 1:30 p.m. race at Nottingham.

According to form charts Reynolds didn't stand a chance. Newspaper tipsters thought a horse named Melled Ice would win in a walk.

But Southwark's \$2 bettors loyally backed their priest's hunch as advertised in the parish magazine of the Church of the Most Precious Blood.

Msgr. Reynolds, who edits the "Borough Piper," with the Rev. John Moore, another priest, tipped the horse named Reynolds and added a hopeful note that if the horse won he was sure the faithful would do right by the collection box.

The two priests have scanned the form charts for several years, just before Christmas, and the selection is an annual one.

Southwark's church-going bettors' morale was boosted with the recollection that two years ago the two priests tipped Linner Hill which won a race and paid off at 7 to 2.

But that hardly made up for last year's vital statistic. Stroller, the priestly tip for pre-Christmas 1952, didn't even start.

### Deaths

**NEW YORK (UPI)**—Charles A. Wall, 30, President of Associated Music Publishers, a subsidiary of Broadcast Music, Inc., died Monday after a short illness.

**ST. PETERSBURG, Fla. (UPI)**—George B. Bradshaw, 63, a leading marine propulsion engineer, died Monday.

**HOLLYWOOD (UPI)**—George Runney, 43, son of silent film comedian John Runney, died Monday when he pulled his room in an apartment house.

### Guardianship Plea Denied By Judge

**HOLLYWOOD (UPI)**—Actor John Carradine's former wife Monday was denied guardianship of the couple's three children.

Mrs. Sonia Bowen, 34, now married to artist photographer Michael Bowen, 21, of Reno, Nev., broke down and cried when Superior Judge Kenneth M. Chaney refused her request for the children's custody.

The judge said he could see no reason why the children, Christopher, 11; Keith, 9; and Robert, 8, should be taken away from Carradine with whom they have lived since the couple's divorce in May, 1952. The actor is now married to the former Doris I. Rich.

### Ouster Of Serov Lauded In West

**LONDON (UPI)**—Western diplomats said today they hoped Gen. Ivan Serov's sudden departure as chief of the Soviet secret police might herald a major show of "relaxation" in the Soviet Union.

There was no immediate clue from Moscow itself, and few experts would rule out the possibility that Serov might merely have been transferred from one top administrative post to another.

But there were indications Serov and his secret police might both be in for a further taste of de-stalinization as a sort of year-end demonstration to Russia's populace.

Soviet Premier Nikita S. Khrushchev told Sen. Hubert Humphrey (D-Minn.) in Moscow just a week ago today, "come back to Moscow next year and you will see a lot less policemen around." Khrushchev also said "we don't have liquidations any more."

### Paper Says Adams Will Write Book

**BOSTON (UPI)**—Former Presidential Assistant Sherman Adams will sign a contract for publishing rights to a book on the Eisenhower administration within the next few days, the Boston Globe said today.

The paper said that Adams, who resigned after he was linked with Boston industrialist Bernard Goldstein in the congressional "influence" investigation, will make about \$100,000 on the book.

He will sign a contract with Harper & Brothers and Life Magazine, the Globe said. Life would get publication rights to the book.

**For Want Of Shoe**  
MILTON, N. Y. (UPI) — A \$30,000 fire that destroyed Robert Strussberg's farm here was touched off by two seven-year-old boys who were searching for a lost shoe in the hay, using matches to light their way.

### Quotable Quotes

**United Press International**  
**WASHINGTON**—State Department spokesman Lincoln White on the crushing Communist defeat in the West Berlin election:

"The decisive defeat of the Communist Party should give some idea as to the amount of trust the people of West Berlin are willing to place in Soviet policies regarding their future."

**MOSCOW**—The Soviet explanation for the abrupt removal of Gen. Ivan Serov from his post of head of Soviet state security—the secret police:

"The move was made 'in view of his transfer to another post.'"

**WASHINGTON**—Former President Truman on Eisenhower's drive to curb government spending:

"If they (the Republicans) want to tell you the country can run on George Washington's budget, they're crazy as hell. It can't be done."

### Unity Church Sets Study For Tonight

The Unity Church Center will study a new textbook tonight, entitled "Talks on Truth," by Charles Fillmore, co-founder of the Unity School of Christianity located in Lee's Summit, Mo.

The class meets every Tuesday at 8 p. m. in the classrooms at 204 E. First St. The Rev. Josephine B. Stuckie will conduct the class. The public is welcome.

### Successful Association: Baptist Church, Pastor

The Rev. W. P. Brooks has just entered his 60th year as pastor of the Sanford First Baptist Church.

This is noteworthy in itself, but the church will celebrate its 75th anniversary Feb. 1, and Rev. Brooks thinks that this is a more important story.

As the congregation grew, the original wooden church was replaced by the present building, and the church auditorium erected. The educational building filled a great need when it was built in 1948, as the church began to expand very rapidly after the second World War. The educational building was dedicated as a war memorial.

While the church has bought additional land and houses for the Sunday School, the planning committee now is studying educational facilities again. Also proposed is the remodeling of the church exterior.

Three other local churches have been organized by the First Baptist Church: Central, Elder Springs and Pinecrest. The missions committee presently is considering the establishment of an additional mission. The First Baptist Church never has sought an overly large congregation.

Supported entirely by tithes and free will offerings, the 75-year-old organization has emphasized evangelism, missions and Christian education. It is well known for its work with intermediates and young people.

From the nursery to the junior department, work with children has been of primary importance. Many First Baptist church leaders are in the Navy, with which it maintains a most happy relationship.

### Plot Is Smashed, Iraq Ruler Says

**BAGHDAD, Iraq (UPI)**—Premier Abdul Karim Qasbi announced Monday his government has smashed a plot to overthrow his regime.

The announcement, broadcast by Baghdad Radio, said the conspirators, who were not identified, were "corrupt elements in league with foreigners outside Iraq."

In Cairo, the Egyptian semi-official Middle East news agency said "foreign quarters" believed to be American were involved in the plot.

VAH-11 LAUNCHES A3D SKYWARRIOR FROM SUPER-CARRIER — The squadron is stationed aboard the USS Franklin D. Roosevelt prior to deployment. All squadrons will be flying the huge carrier jet, which carries nuclear bombs.

A carrier-based squadron will compete in the major and final events of the sixth bombing derby, staged this week by Heavy Attack Wing One.

VAH-11, affectionately known as the "Checkertails", is stationed aboard the USS Franklin D. Roosevelt, preparing to deploy to the Mediterranean in February. Even though they may be hundreds of miles at sea, the squadron's A3D Skywarriors have permission to participate in the Airmanship Competition on Friday, and simulated bomb drops on major cities Thursday.

This is the first time in bombing derby history that a squadron has been permitted to enter from a ship. The remainder of the men in VAH-11 will participate prior to reporting aboard the Roosevelt. The major event on Thursday includes a series of simulated bomb drops scored by a radar bomb scoring system, covering cities in the Eastern U. S. The exercise will be completed with a celestial navigation problem covering some 900 miles.

Hatron Eleven will land aboard the super carrier at sea following the navigation problem. The squadron has won two of the last three bombing derbies, and hopes to make it three out of four when the winners are announced Friday afternoon at the Sanford Naval Air Station.

Josephine and Catherine Wiegman both teach sixth-grade classes. They live together, dress alike and belong to the same professional and social organizations. They both graduated from Illinois State Normal University and earned masters' degrees from the University of Illinois.

Tom and Tim Hall are the other Dwight faculty twins. But they don't dress alike and they do not live together. Tom is married and has three children. Tim is a bachelor.

The brothers were graduated from Iowa Wesleyan but then each went his own way. Tom did his graduate work at Illinois Normal; Tim was awarded his master's degree from Southern Illinois University.

Tim is a coach, physical education instructor and eighth-grade social studies teacher at Dwight. Tom is principal of the school.

## Maintenance Crews Get No Time For Coffee Now

The glory that comes with bombing derby awards may go to the flight crews, but the deep satisfaction of their success is in the hearts of the maintenance gang.

For a few hours the other day, the mechanics and technicians of VAH-9 were relaxed and enjoyed coffee. It's up to the bombardiers now. We have done all we can until they come back from the first flight," said First Class Aviation Firecontrol Technician (quite a title), Dwight W. Mayo.

Mayo is a bombing system trouble-shooter who will be a key figure during this week of the sixth bombing derby. His skill will be used to analyze malfunctions in the complex bombing system of the A3D Skywarrior, flown by all squadrons in the competition.

Chief Aviation Mechanic Mate Frank W. Staus, line chief of VAH-9 told the men, "This is just the lull before the storm, boys, if you think you've been busy before the derby, just wait 'til the planes start coming back!"

This veteran of 19 years in the Navy knows what he is talking about. When the planes return from the long bombing derby flights, they may have to be used again in the next launch. A turnaround time of one hour is not uncommon. Only perfect coordination makes it possible for a plane

to be completely inspected, repaired, refueled and oxygen replenished in 60 minutes. Each man must be able to perform his particular job in the least possible time.

Coordinator of VAH-9 aircraft maintenance, Jimmy Downs, mentioned this during the coffee session. "We are using the same procedures we used when we were at sea. Each shop will have a crew standing by to check and repair the aircraft as they land. Another will stand by to inspect and help when needed. I'll supervise and make sure they don't get in each other's way."

Well, the first flight went out last night for long-range radar bombing operations. They will launch again today at sundown. There is no time now in the maintenance department for coffee. All their efforts are concentrated on VAH-9's A3D Skywarriors, convinced that the "Dails" will be victorious in the bombing derby.

**Leaves From Tree**  
MERIDEN, Conn. —(UPI)—A thief who broke into a firm here only took some leaves off a tree. The leaves were one-dollar bills which had been attached to the tree in honor of the firm's opening up for business.

**MAINTENANCE GANG RELAXES** — Long hours of work on Heavy Attack Squadron Nine's A3D Skywarriors leaves little time for coffee breaks. Now the crews feel they have done their job — temporarily. Left to right, Solomon, Aqi, Ellis, Aqi, Mayo, D. W. Aqi, Perrin A. C. Aqi.

WIVES BRIEFED ON DERBY ACTIVITIES — Importance of the HATWING One bombing derby is explained to the VAH-7 wives whose husbands will be competing for awards this week. Lt(jg) John Gerlack, VAH-7 intelligence officer, is shown during a lecture about the "all hands" effort. Left to right, Mrs. G. S. Hatch Jr., Mrs. R. A. Mergl, Mrs. J. R. O'Donnell, Mrs. K. F. ## Snow Storm Buries Frigid Midlands

United Press International — A diminishing snow storm today swept out of the frigid midlands into the East already staggered by record snows in upstate New York.

It sucked sub-zero cold behind it from Montana to the Great Lakes. Readings plunged to 10 below zero early Tuesday at Chicago's O'Hare International Airport.

A dozen huge snow plows worked through the night to dig Oswego, N. Y., on the eastern shore of Lake Ontario, from a record five-foot snowfall Monday. Drifts up to 20 feet paralyzed the city, prompting Mayor Vincent Corsaro to declare an emergency.

Mail and milk deliveries, cut off by the lowering snows, were being resumed at Oswego. However, schools and industries in the city of 23,000 were scheduled to remain closed a second day.

Weathermen warned more snow flurries were expected along the eastern and southern shores of the Great Lakes and in New England.

At least nine weather fatalities were blamed on the storm, which began during the weekend and spread heavy snow across the northern state to the East Coast. There were five auto deaths on snow-laden roads in Illinois and one each in Indiana and New York. In addition, two transients were found dead in Chicago's cold and snow.

The extreme cold also played a part in a rash of home fires since the weekend which killed 10 persons, nine of them children, in Michigan, Minnesota and North Carolina.

The storm hit Pittsburgh, Pa., during the evening rush hour Monday night, dumping four inches of snow on the city and delaying home-bound motorists as much as two hours. Pennsylvania state police reported roads, including the Pennsylvania Turnpike, snow covered and dangerous throughout the western part of the state where accumulations reached up to 17 inches.

A two-inch snowfall in the New York metropolitan area during the night snarled traffic in mid-Manhattan and caused numerous minor traffic accidents.

**Ships Flee Ice**  
Heavy snow elsewhere in New York buried Boonville under 45 inches, Pulaski 24, Rome 21 and Ulica 14.

About 30 ships were jammed on the St. Lawrence Seaway at the Lachine Canal south of Montreal trying to clear the locks before they are frozen in for the winter. Another ship went aground near Massena, N. Y.

At Houghton, Mich., the Coast Guard cutter Woodruff freed itself from ice Monday and sought to break a path to a freighter icebound in the Keweenaw Waterway. The Brown Steamship Co. freighter James McAlphine has been locked by ice since last Thursday. The ship was en route from Buffalo, N. Y., to Duluth, Minn.

Forecasters said the cold weather will push into Texas today and spread to parts of the Gulf states and the Ohio Valley. Occasional rain was expected along the northern Pacific Coast with rain or snow inland in Washington, Idaho and Oregon and northern Nevada and Utah.

**Professor Cites Rural Church Lag**  
MADISON, Wis. —(UPI)—A University of Wisconsin rural sociologist doubts that country churches have kept pace with the changing world.

Prof. A. F. Wilder said church literature and programs must be as good as other modern teaching materials to fill the needs of the present generation.

"In the past, country churches and country schools have grown side by side," he said. "Most schools are changing to meet today's needs but I question whether country churches have kept pace."

Wilder said that because of the "suburban area trend" and its many social needs, churches have an opportunity for adult education, improvement of physical and mental health and citizenship training.

## Church Bomb Is Fatal To Nine

### Barefoot 'Messiah' Among Dead; 3 Seriously Injured

CHATHSWORTH, Calif. (UPI) — An exploding bomb ripped through the Fountain of the World religious colony today, killing barefoot "messiah" Krishna Vanta and destroying the main monastery building.

At least eight other persons—including an 11-month-old boy—were killed or missing according to Sheriff Capt. Howard Bowman. At least three others were injured, one—a 9-year-old girl—critically.

Vanta's charred body was found in the smoldering wreckage. It was identified by dental work.

The blast caved in one wall of the building, and spread debris several hundred feet in Box Canyon, some 30 miles northwest of Los Angeles in the Santa Susana Mountains.

Debris Starts Fire  
The flaming wreckage touched off a brush fire that roared out of control through the tinder dry watershed. Some 250 men were out on the fire lines.

A cult member, Brother Martin, told deputies that shortly before the explosion he overheard "Master" Vanta and another brother in a conversation with a stranger in the office of the main monastery building.

The man was wearing shoes and was not a member of the sect because none of them wear shoes, Martin said. The stranger was in his early 20s, wore khaki clothes and carried a small canvas zipper bag about 18 inches long.

"I heard the master say, 'What do you think I am, a hypocrite?' just before I left the building and in a moment the whole thing exploded," Martin said.

Fire officials said there was "no doubt the explosion was caused by a bomb."

### Fly-Over Planned For Public Friday

The air demonstration Friday at the Sanford Naval Air Station will include a fly-over by the largest formation of ASD Skywarrior ever assembled.

The aircraft of the HatWing One will demonstrate carrier landing procedures in judged competition during the final exercise of the sixth bombing derby.

Timing will be of prime consideration, just as it is during operations from the flight deck of an aircraft carrier. The pilots will land the jet bombers at 40 second intervals. The Skywarrior is the largest carrier aircraft in the world.

The air show Friday is not intended to be a display of trick flying, which is never used in operations. Proper carrier procedures and timing will be emphasized.

The airmanship competition will climax an entire week of bombing derby events. The Sanford Naval Air Station will be open to the public from 11 a. m. until 4:30 p. m. Highlight of the Open House will be the airmanship demonstration.

### Weather

Partly cloudy with scattered showers today, tonight and Thursday. Temperatures about the same. High today 75 to 80, low tonight 55 to 62. North to northeast winds 10 to 15 miles per hour today, becoming east to northeast tonight.

### Market Humming, Additions Started

The Sanford State Farmer's Market sold fruit and produce valued at \$445,078.75 during the month of November, officials said today.

Stalls during the past month included 20 varieties of produce and fruit, a total of 137,153 packages. Leo Butner, manager of the market, said "we are anticipating a record-breaking year."

Climate conditions cooperating, the market is expecting to do a \$5 million business in this fiscal year, Butner added.

The market's fruit house now is running at capacity, putting out oranges, grapefruit and tangerines. Twenty of the 22 stalls at the market now are occupied, two prospects have entered negotiations to the unfilled stalls.

Butner said a new heating system is being installed in Unit One and construction is under way on a new, modern restaurant which will accommodate 72 patrons. Plans are nearing completion for an up-to-date "red line" truck service station, which will be operated around the clock.

Two new firms doing business at the market are American Produce Exchange, Inc., and Pioneer Big Co.

Butner said when present plans are completed, including the landscaping along French Ave., the Sanford State Farmer's Market will be the "show place of the South," so far as markets are concerned.

## Squadron Nine Increases Lead In Bombing Derby

At the close of the second day of the Sixth Bombing Derby, Squadron Nine of the USS Saratoga increased its lead to 63 points over the nearest competitor, Heavy Attack Squadron Eleven of the USS F. D. Roosevelt.

Tuesday's derby event consisted of a special weapons operation on mission for each competing crew. The mission was carried out on the ground in special training facilities. Malfunctions were introduced in the equipment during the simulated mission and crews were graded on the manner in which the discrepancies were corrected.

A Squadron One crew from the USS Independence consisting of Lt. Dick Davis, aircraft commander, Ensign Bill Halsey, bombardier-navigator and Ed Sykes, aviation machinist third class made a perfect score in the event, as did aircraft commander Lt. Ralph Mattus, bombardier-navigator Lt. (jg) Abe Fennell, and radar gunner Gordon Mitchell, aviation structural mechanic first class, all of Heavy Attack Squadron Nine.

In Event III, Nine scored a near-perfect 96 points, followed closely by One with 93 points. Squadron Seven, representing the USS Enterprise, scored 90 points and Eleven with 76 points.

With scores adjusted by arbitration umpires, the Derby standings through Event III are: Nine 410 points; Eleven, 341 points; One, 309 points, and Seven, 186 points.

Three additional high scores remain in the Derby, all consisting of mock combat missions and either actual practice bomb drops or Radar Bomb Site scored drops. Competition still can be won by any of the competing squadrons.

Event IV began today at 7:30 a. m. when a twin jet Skywarrior roared into the air carrying a practice bomb "shape" to be dropped on a target ship grounded at Cape Hatteras, off the coast of North Carolina.

A bomber stream of A1Hs followed at 10-minute intervals as each crew prepared to better its squadron's position in the standings. Final scores for this event also will contain the score the bombers make on a Radar Bomb Site run at Jacksonville, Fla. A total of 450 points are at stake.

### 5,000 Hot Dogs To Be Prepared By Four Women

Five thousand hot dogs will be cooked Friday by four officers from the HatWing One staff.

The hotdogs and soft drinks will be served to guests at the public open house during the sixth bombing derby.

Topped with chef's hats, Mrs. John Miller, Mrs. Donald Runyon, Mrs. Carl Hobbitt and Mrs. Ralph Chandler will affiliate at the stands when hungry spectators crowd the Naval Air Station.

The dogs, buns and relishes have all been donated for the open house by Wade's Supermarket. Bill Wade also has arranged for free cold drinks from the Coca-Cola Bottling Co.

Gov. LeRoy Collins is expected to head the list of distinguished visitors Friday, final day of the derby.

### Pretty Weather Is Forecast Here

Excellent weather is ahead for Sanford and Seminole County.

In a report to the Chamber of Commerce this morning, the weather bureau at the Sanford Naval Air Station said that only a few showers tomorrow morning might mar the remaining days of this busy week, which includes the Mayfair Golf Open, the HatWing One bombing derby and Navy Appreciation Day.

### Gas Tax Increased In Past 3 Years

CHICAGO (UPI) — Fourteen states have raised taxes on gasoline or diesel oil in the past three years, according to a survey by the Federation of Tax Administrators.

The increases boosted the average state tax on a gallon of gasoline to 3.91 cents. The average had been 3.76.

Twenty states tax gasoline six cents a gallon, 10 states impose a seven-cent tax, and 10 tax each gallon five cents.

## Tempers Get Short In 'Mixing' Hearing

ATLANTA (UPI) — A Negro minister and an attorney for the State Board of Regents were ruled out of order by a federal judge today in a sharp exchange during the trial of a suit by three Negroes seeking admission to a white college.

The Rev. Samuel W. Williams, professor of philosophy at Morehouse College, a Negro institution in Atlanta, was on the witness stand when attorney B. D. (Dick) Murphy asked him:

"Are you a member of the Communist Party?"

Williams at first said simply that he was not. Upon reflection, however, he added that he considered the question an insult and shot a question at Murphy:

"Are you a member of the Klan?" he asked.

At that point Federal Judge Boyd Sloan ruled both out of order and the case got back to fundamentals.

Mrs. Marion Moore, now of Springfield, Ohio, and formerly secretary in the Atlanta NAACP office, testified that she applied for admission to Georgia State College in Atlanta with four other Negroes.

She said she typed a number of letters and did some mailing in an effort to have the applications processed according to regulations of the university system.

The regulation that tripped up the Negroes who brought the suit was one requiring signatures of three alumni on all applications.

Another witness, Rosalind Mc Gee Williams, testified that she picked up her application blank at the Atlanta Life Insurance Co., a Negro-operated firm located half a block from the NAACP office.

### Mistrial Declared In Bomber's Case

ATLANTA (UPI) — A mistrial was declared today in the case of George Bright, accused of murdering the bombing of the Atlanta Jewish Temple.

Judge Durwood T. Pyle pronounced the case a mistrial after 10 hours of testimony they could "never reach a verdict."

The 12-man jury, which included former Ku Klux Klan member, reported it had reached no verdict in 22 hours and 30 minutes of debate, the longest such deliberation in an Atlanta criminal case in 23 years.

Foreman Ralph Castleberry told the court, "I believe this jury will never reach a verdict."

Judge Pyle gave the state until March 1 to bring Bright to trial again. He was the first of five indictments to go on trial for the Oct. 12 bombing.

The defense was blocked in its attempt to free Bright. Defense lawyers charged he would be prejudiced in double jeopardy by being retried, but Judge Pyle said the Georgia Constitution allowed retrial and that a mistrial is declared.

### Appreciation Day Recreation Listed

Recreational activities for all ages will be part of Navy Appreciation Day Saturday at Fort Meunier Park.

Under the direction of the Sanford Recreation Department, relay, volleyball, horse shoes, dodge ball and basketball will keep athletic guests busy. Also planned are a father-and-son softball game.

The Jaycee-sponsored luncheon will feature a free chicken dinner for all Navy personnel and their families. Civilians may purchase tickets at the park, or get them from business houses announced in yesterday's Herald.

Added to the list are Goodyear Service Stores, Marcel Fails Sign Co., Western Auto Associate Store, Bonwillit and Anderson, Ho-Jay's Hill Implement Co., Nebi Bottling Co. and Central Florida Foods.

## Around The Golf Course

some look like weekend "duffers" A tour around the club yesterday produced a few interesting notes. Such as: TV's Maverick is much faster on the draw than his brother because he didn't report in the tee box fast enough.

Where was Bumgarner? Watching some of the world's best golfers on the 10th tee, of course. A friend finally located him, informed him that he'd missed his "last call" from the public address system. He eluded anyway, although told he could finish no higher than fourth—in a four-some.

Bumgarner is president of the Florida-Georgia Turf Association. He is the greenskeeper at Leesburg.

Man with the most sympathetic audience: golfer who stepped up, aimed at the first green and trickled one down the fairway. The guy just ahead had boomed one long and long. Many, many people were watching because it was a play-off.

Henry Williams Jr., Fleetwood, Pa., who set a new course record with a 66 in the qualifying round: "I just play on the winter circuit." His major claim to fame came in winning the 1952 Tucson Open. He was a finalist in the 1950 PGA championship.

Last year, Williams was struck in the head here by a ball driven by Bob Crowe, who drove the green on which Williams was putting. He made a few repairs and continued to play, but failed to qualify.

Huston (Paddy) LaClair Jr., Birmingham, Ala., who fired a 68 second low: "I'd like to have four of those (68s) back-to-back. I went home for two weeks because my putting and chipping was so bad. They treated me right today."

### Father Takes Life After Slaying Two

NEW PORT RICHEY, Fla. (UPI) — A father shot and killed his two teenage stepdaughters, critically wounded his wife and then took his own life in their trailer home late Tuesday night.

Sheriff's Deputy Basil Gaines, the first officer on the scene, said William Cooper, about 35, fired three pistol shots into his stepdaughters, Dorothy Allen, 17, and Katherine, 14, as they walked down the narrow hallway of their trailer about 10 miles north of here.

Cooper's critically wounded wife, Dorothy, 35, was found in her bed. Cooper, an electrician and handyman, was slumped nearby, a .32 caliber pistol near his body. Gaines said he could determine no motive for the shootings. There was no suicide note.

The deputy said, however, that Cooper and his wife were known to have had violent quarrels recently.

### Appliance Dealers Expect Good Year

CHICAGO (UPI) — Significant sales increases in 1959 for major appliances have been predicted by a leading sales executive.

Forecasting a five to eight percent rise in the coming year, John F. McDaniel, Holpoint Company's general sales manager, said "the sales gain will be all across the board; no one product will stand out."

### City Judge Rules Navy Man Guilty

Joseph Renkowie, 20-year-old Navy man, was found guilty of larceny and opposing a police officer early today by municipal Judge Ambrose Olliff. Renkowie was fined \$50 and costs or 30 days in jail for the first offense, and \$150 and costs or 45 days for the second.

Another charge of drunk and disorderly was dismissed by the court. Renkowie was arrested Nov. 8 by police officer Herman Harriet.

Bond was placed by the chief of police at \$50 for the charges of petty larceny and drunk and disorderly, and \$102 for opposing a police officer.

Gordon Frederick, Renkowie's attorney, protested the fine. He told The Sanford Herald this morning, "The fine of \$50 more than the bond is extremely unusual. I have remarked often that the municipal court is a reves-

## No Immediate Aid For Rights Probe

MONTGOMERY, Ala. (UPI) — The Civil Rights Commission apparently will have to set a new hearing date before receiving the help of a federal court in its attempt to take the state out of voter registration in Alabama.

The commission broke off its hearings for an indefinite period here Tuesday after two days of abortive efforts to get information from recalcitrant state officials.

Chairman John A. Hannah halted the proceedings abruptly and announced he would ask the Department of Justice to take action in federal court against state officials who have impounded the voter registration records in six counties.

Headed for Court  
The Justice Department said in Washington it would comply with the request, but could not do so until the commission had set a date for renewal of the hearings.

Atty. Gen. William P. Rogers said a U. S. attorney in Montgomery would take the case to the federal court at the proper time.

Under the 1957 act that created the Civil Rights Commission, the attorney general is empowered to seek court orders when necessary to compel witnesses to testify or to have records brought before the finding body. Refusal to comply would constitute contempt of court.

### Housewives Saved \$2 Million—Odham

TALLAHASSEE (UPI) — Florida housewives saved more than two million dollars this year through abolishment of retail price controls, the MUP Commission said today.

Administrator Howard Walton said during the year there was a total savings of \$2,241,885, or about eight cents per unit on milk bought in supermarkets in half-gallon containers.

Walton said apparently there had been no cut prices on quart containers, and that all the competition is with the half gallon size.

The commission also reported another \$156,000 was saved by producers since the first of July by transferring milk from areas of surplus to areas of need, thus making it possible for the milk to bring a higher price.

Chairman J. Hradley Odham emphasized the savings was not to the detriment of the producers. He said it apparently came from some seven to 12 million dollars in rebates which were being paid yearly by the markets.

### Appliance Sales Statement Wrong

A Herald story yesterday said that Sanford Gas Co., which is seeking a franchise for distribution of natural gas here, would be unable to sell appliances.

This statement was untrue. According to the proposed ordinance granting the franchise, the city of Sanford agrees not to sell appliances or connect in any way with the gas company during the 25 years that the franchise would be in effect.

Following the first 25 years, the city could, if it so desired, purchase the system, run it and sell appliances.

### Unusual Tattoo, But He Refutes It

TALLAHASSEE (UPI) — The crew aboard the U. S. Navy Destroyer McDermott on patrol in the Formosa Straits has the usual collection of tattoos of mottoes, women, anchors, etc., but Seaman D. R. McCullough of Birmingham, Ala., is tattooed with a difference.

On his shoulder, McCullough wears the words, "This sailor should go to Heaven. He spelt his hitch in hell." McCullough apparently doesn't mean it. He enlisted recently for six years.

### Children Unhurt In Bus Accident

LAWDALE, N. C. (UPI) — More than 60 children crowded into a school bus swayed seriously today Tuesday when the bus hit a ditch, plunged down a 12 foot embankment and landed on its roof.

The State Highway Patrol said 10 of the children were treated by local physicians for minor cuts and bruises and were released.
