Union and company officials agreed a shutdown of the two lines would seriously hamper movement of steel, coal and iron ore. The workers want a 40-hour work week for men in yard service without loss in their present pay for a 48-hour week. They demand wage adjustments for those in the general train service to narrow the pay between their earnings and those of engineers and firemen.

A presidential board in May recommended a pay boost of 18 cents an hour as a compromise for the yardmen, but denied pay boosts to train service men.

Marines on the southern crest had lost contact Friday night with Reds. I had led before Taeju. Allied troops tasted triumph on all other fronts Friday. For the first time in 13 bitter days of fighting, Americans rolled back some of the 12,000 Red infantrymen who had held across the Nakdong River below Changryong 23 miles southwest of Taeju.

The victory southwest of Taeju was the sharpest in a day of winning for Allied forces all along the line. In a counterattack led by tank, American and South Korean troops lashed out at three Red divisions that were stopped on their move toward Taeju from the north.

The emergency South Korean capital itself was being emptied southwest of Taeju was being pushed back steadily by both the First Marine Brigade and the U. S. 24th Infantry Division.

General Church said the Marine-Infantry attackers in his sector may have ended the North Korean Fourth Division's fighting days. "I think everything has gone very well," said the General.

Marine Corsairs strafed and bombed the Reds as they tried to stop them. Allied headquarters said the Red force may have turned back north to escape through steep hills under fire.

General MacArthur's Tokyo headquarters, in its first early-morning summary in four days, said the South Korean First Division had regained half to all the ground it lost north of Taeju Thursday. (This would be one and one-half to three miles).

Senate Talks Of Home Front Mobilization

Passage Of Controls Bill Seen Tonight; GOP Asks Truman State Objectives

WASHINGTON, Aug. 21—(AP)—Over Administration protests, the Senate voted 47 to 12 today to give the Commerce Department the job of dividing scarce materials among industries under the home front mobilization program. Democratic Leader Lucas (Ill.) protested that the Secretary of Commerce would have "more power than the President." He argued the President should have discretion to make allocations and priorities.

WASHINGTON, Aug. 21—(AP)—The Senate wrote into its home front mobilization bill today blanket power for President Truman to make any needed improvements in government-owned war plants.

Key provisions of the far-reaching measure to grid the country's economy in emergency would let the President restrict credit, allot scarce materials, and if he decided they were needed—put on wage and price ceilings and ration consumer goods.

After days of debate, the Senate met under an agreement to remain in session until it completed action on the measure. Indications were that it would run far into the night.

Voting began with a series of non-controversial proposals.

A voice vote approved an amendment by Senator Edwin C. Johnson (D. Colo.) giving the President blanket authority to install additional equipment and make improvements in plants and other facilities now owned by the government.

There was no contest of an amendment by Senators Wherry (R. Ohio) and Barkman (D. Ala.) which would require the government in allocating scarce materials, to make sure the remaining supply is distributed fairly for civilian needs. A voice vote approved it.

Distribution would be based on (Continued on Page Two)

Orientation Meet Is Held Today For School Teachers

All teachers of Seminole County schools reported at the various schools at 9:00 o'clock this morning for general orientation, and conferred with principals regarding duties.

The meetings will continue tomorrow and Wednesday from 9:00 A.M. to 3:30 P.M.

On Thursday from 8:45 A.M. to 2:30 P.M. a county wide meeting of teachers will be held at Seminole High School. Teachers will meet again Friday at respective schools, and at 10:00 A.M. principals will meet in the county house with Mr. Harris, school superintendent, and Mrs. Dillman, school lunch director.

Following more meetings of principals and teachers next week, registration of pupils will take place Thursday morning, Aug. 21, at from 9:00 A.M. until noon. School buses will operate over all routes. All schools open for the regular school program on Sept. 5. The County Board of Public Instruction will meet tomorrow morning at 10:00 o'clock at Mr. Lawson's office to consider bids for a two room addition and a central heating plant for the Lyman School at Longwood.

Police Stage Raid On Cuba Sellers

Police made two arrests Saturday morning in raids against persons selling Cuba lottery tickets. Provided with search warrants police entered a radio shop on East Third Street near Sanford Avenue and arrested Tom Newsum, proprietor. Lottery tickets were found, said Police Chief Roy Williams.

The other arrest, made shortly after 10:00 A.M., was at a pool room on Sanford Avenue between Third and Fourth Street. Evidence of lottery tickets was found and Allen Mitchell, Negro was arrested. Both men arrested were released on \$200 bond.

The police raided two other places which had white groups, but no arrests were made due to lack of sufficient evidence, said Chief Williams.

CITY MEETING
The City Commission will meet in regular session tonight at 8:00

Trainmen Strike In Midwest But Truman Is Silent

Efforts To Prevent Nationwide Train Walkout Continue

WASHINGTON, Aug. 21—(AP)—Trainmen walked out in three key terminals today, and President Truman called on his top leader adviser to make another effort to head off a nationwide railroad strike.

He ordered John R. Steelman, presidential assistant, to get representatives of the railroads and unions together in another attempt to reach an agreement.

Charles G. Ross, presidential secretary, said Mr. Truman then will review the situation again before deciding what to do next.

"If this fails," a reported asked, "isn't seizure the last resort?" "You will have to draw your own conclusions," Ross said.

The President, Ross said, directed Steelman to make "further efforts this afternoon to bring the contending parties together to seek an agreement."

The country-wide dispute is over wages and hours. Today's strikes were called for five days. Trainmen said the idea is to call attention to the issue.

New Rule May Bring Death Of Game Group

TALLAHASSEE, Aug. 21—(AP)—The State Game and Fish Commission was warned today it may be abolished if it permits every day hunting.

The warning was made by State Representative E. Griner of Dixie County. They declared their warning was not a threat, but said they would support a constitutional amendment to abolish the commission if every day hunting was permitted.

They and several other legislators headed a large delegation, mostly from the central Florida Second and Fifth Congressional Districts, to protest the every-day rule.

The rule was adopted by the commission at its regular July 6 meeting. Last year hunting was prohibited on Mondays, Tuesdays and Fridays.

W. B. Stovall Is Another Sanford Resident Who Aided Panama Republic

By WILLARD CONNOLLY
W. B. Stovall, resident of Sanford since 1929, is a former Navy signalman, who as a member of the crew of the gunboat Nashville, aided the Republic of Panama to secure its independence from Colombia in 1903.

He is well acquainted with Col. R. H. Hull, 84 year old retired soldier of fortune, who also aided in the establishment of the new republic.

Polk Delegation Sees Governor On Nothing At All

TALLAHASSEE, Aug. 21—(AP)—The men who headed Governor Warren's campaign in Polk county conferred with him here today but all denied the talk had anything to do with the county's gambling problem and an internal row over law enforcement.

Frank Wright, the Governor's executive assistant, said it was "just a general discussion of Polk county affairs" with members of the Warren campaign executive committee.

He said the meeting was called before Polk County Solicitor Hunter Stephenson asked the Governor to investigate what he called false charges made by Sheriff Frank Williams that criminal cases had been dismissed for "personal and political reasons."

Wright and members of the Polk county delegation insisted the matter was not discussed.

They also said there was no discussion of the Saturday arrest of C. T. McKown for alleged bootleg operations in the Winter Haven area, and his reported release to the custody of J. J. Elliott, the Governor's special investigator.

Elliott joined State Attorney Walter Woodfolk, County Solicitor Stephenson and others in a raid on Mr. McKown's residence, Sheriff Williams' office was bypassed.

Wright said the Governor conferred with Elliott this morning before the Polk county delegation came in, but declined to comment. He said the Governor didn't see Mr. McKown.

Paul Ritter of Winter Haven, whose young son was in the conference, said "I can assure you we were talking about non-political matters."

Other members of the delegation were Floyd Dugdale of Winter Haven, Mel Wilson of Bartow, Ralph L. Crum of Lakeland and Carl Floyd of Haines City.

They are members of the State Racing Commission, and Floyd is a member of the Advertising Commission.

PRAYER FOR PEACE

In keeping with the Mayor's proclamation calling for a few minutes of prayer for peace during the noon hour, Rev. H. Little Zimmerman announced today that he will lead intercession in the Chapel of Peace at Holy Cross Church from 12:05 to 12:15 daily to which all are welcome. These intercessions, he stated, will be for the peace of the world and the welfare of our armed forces.

C. OF C. MEETING

The presence of all members of the Board of Directors of the Seminole County Chamber of Commerce is requested by President W. A. Patrick at a meeting Tuesday night at 7:30 o'clock in the Chamber of Commerce room.

Following the initial meeting at 7:30 o'clock a meeting of Industrial Committee chairmen will be held, Edward Higgins, manager announced today.

QUADE DOING FINE

SYDNEY, Australia, Aug. 21—(AP)—Mrs. Betty Sara's quads, who gave most of Australia theitters during the 40 hours they took to arrive, were reported in good health today.

Peterson Gives Rotary Outline Of Defense Plan

Says Sanford Would Be Used As Refugee Haven In A Warfare

An outlined of the organization of the Seminole County Defense Council and the program for civilian defense was presented by A. B. Peterson, director, at the regular weekly luncheon of the Rotary Club today at the club.

Mr. Peterson pointed out that in the event of atomic warfare Sanford would probably be used as a refugee haven, while in the civilian defense would probably be limited to the protection and relief of civilian populations while property losses would have to be discounted 100 percent.

"If we are in for a global war," Mr. Peterson said, "we should have been preparing for it for the last five years. We are doing it now on the basis of ignorance and not knowledge, when we should have known it was only last week that the government finally got around to issuing a small brochure on what to do in case of atomic warfare. And when I wrote to Rep. Helms to get me a copy he replied that they were already sold out at \$1.25 a copy."

O. P. Herndon, as county clerk, was instructed by the State civil defense board to set up a Seminole County organization, said Mr. Peterson. He promptly recreated the old Economic Council Defense Council which served during the last war and was headed by James L. Ingley with H. James (Continued on Page Two)

Lee Kinard Died Yesterday In Miami

Word yesterday received of the death yesterday of Lee Kinard, Jr. in Miami where he had lived for the past six years.

Born Feb. 8, 1904 in Sanford, Mr. Kinard had lived here all of his life until moving to Miami.

He is survived by the widow, Mrs. Annie Belle Kinard and three daughters, Frances, Doris and Mary Ann; also three sons, Jimmie, Danny and Timothy, all in Miami; his mother, Mrs. Mary Kinard of Lake Monroe; five sisters, Mrs. A. P. Hittell, Lake Monroe; Mrs. L. E. Melandy, Waukegan, Ill.; Mrs. W. B. Harriott, Lodge S.C.; Mrs. Owen T. Coop, Winter Park and Mrs. Ivan Nobles of South Miami; two brothers, Clifford and William (Billy) Kinard of Orlando.

The body will arrive in Sanford today for funeral services and interment pending the arrival of relatives. Erielson Funeral Home is in charge of arrangements.

Princess Margaret Has 20th Birthday

BALMORAL, Scotland, Aug. 21—(AP)—Princess Margaret Rose stepped blithely out of her teens today and thereby cracked a record. Despite many rumors of romantic attachments she is not yet engaged.

Her birthday was celebrated quietly at Balmoral castle, where Margaret is staying with her parents. A picnic on the grounds of the estate and a family party tonight were planned.

Margaret is not expected to return to London until the King and Queen leave Scotland in October.

LEGION MEET

Plans for an intensive membership drive for the Sanford Post No. 83, the American Legion, will be announced at the meeting tonight at the Legion Hut. A supper at 7:00 o'clock will precede the meeting.

Enemy Attack On UN Defense Lines Results In Huge Loss; Night Bombers Repulse Reds

Enemy Flanking Move Stopped By Planes Guided To Targets By Field Artillery

U. S. 27th REGIMENT, Korea, Aug. 21—(AP)—21 American night flying planes guided by flares shot from U. S. artillery broke up a Red Korean attempt to outflank this crack infantry regiment in the overnight darkness of Sunday-Monday.

Perhaps for the first time in any war, artillery weapons acted as spotters for pilots. The big guns guided planes to targets with a flare-up of phosphorous shells breaking the darkness.

The night raid was believed to have broken the back of the enemy flanking move 12 miles north of Taegu city.

On the ground infantry beat back an enemy counter-attack during the night. This morning a patrol found five enemy tanks destroyed, two self-propelled guns, a troop carrier, and three trucks knocked out by artillery mounds and rocket fire.

These actions stalled the enemy's desperate efforts to open a drive into Taegu.

The Red Army's 15th, 10th and 3rd divisions were believed to have engaged in the battle north of Taegu. But the Red was held by the U. S. 27th (Wolfhound) Regiment and by first South Korean Division, working across mountains and valleys.

The enemy succeeded yesterday in cutting two intercity railroads around a mountain on the Wolf (Continued on Page Two)

Four Phases Of Korean Fighting

NORTH KOREAN COMMUNIST HAMMERING of United Nations defense lines below the 38th parallel has caused a progressive shrinkage of the territory now being held by United States Army divisions, Marines and Republic of South Korea forces. The above maps depict the outcome of the enemy's main campaign in Korea. (Continued on Page Two)

Atrocity Hill Battle Teaches UN Troops Grim Lesson Of Korean War

By HUI ROYCE
TAEGU, Korea, Aug. 20 (REUTERS)—(AP)—In most military campaigns one or more hills gain a kind of long reason as giant men and gravenstones for the men who died upon their slopes.

In war you've got to control the high ground to win.

Treasury Chief Says Stability Of Market Essential

WASHINGTON, Aug. 21—(AP)—Secretary of the Treasury today said that a stable and confident situation in the market for federal securities is our first line of defense on the financial front.

Snyder issued a statement in effect defending his management of the cost-of-living fund.

Some persons in banking circles were disappointed Friday when Snyder did not raise the interest rate in offering \$15,570,000,000 in new Treasury notes in exchange for maturing securities.

The Federal Reserve Board thought it did not comment on the Treasury action, generally favoring higher interest rates on short term securities on the grounds that would combat inflation.

In fact, the board on Friday raised from 1 1/2 to 1 3/4 per cent the discount rate, or charge made when private banks borrow from Federal Reserve banks and give commercial paper as security.

Snyder said in his statement today that the national debt, now about \$237,714,000,000, is greater and more widely distributed than (Continued on Page Six)

Communists Mass Men On Southern And Central Fronts To End War This Month

TOKYO, Tuesday, Aug. 22—(AP)—Communist casualties, totaling a minimum of 11,000 and possibly as high as 15,000 in three days, soared Monday as the North Korean Reds strove in desperation to crack the United Nations defense lines in South Korea.

Despite their punishing losses, mostly in dead, the Red invaders were continuing to mass men and to probe the lines on the central and southern fronts for the big push which Americans predict may be their last. They are under orders from their high command to wipe out the defense by Aug. 31.

At one point north of Taegu on the north central front the Reds made a tough two-mile gain before being halted by a brilliant night artillery cooperation. Today, however, General MacArthur's Tokyo headquarters omitted its usual early-morning communique, saying the situation had not changed since.

Significantly, the North Korean communique, broadcast by the usual "total news" theme and complained that the American and South Korean forces were heavily counter-attacking on all sectors.

Tokyo headquarters put the total Red casualties on the entire front Friday and Saturday at 10,000. This included only an unexplained part of the 4,500 casualties it listed as being inflicted on the enemy in the region north of Taegu alone.

In addition, front-line dispatches reported at least 1,500 enemy dead counted in a single action on the extreme southern front, and (Continued on Page Two)

Powerful Little Hurricane Rages Off Leeward Isles

MIAMI, Aug. 21—(AP)—A small but powerful and swiftly developing hurricane swept two miles across overnight in the Atlantic, a short distance east of Antigua, in the Leeward Island group.

Hurricane warnings were issued at 10:00 A.M. for the islands from Guadalupe to St. Marks, and northeast storm warnings were displayed in the Virgin Islands.

Gradly Norton, a 200-mile-per-hour storm, was forecast by the U.S. Weather Bureau, said the U.S. Weather Bureau, said the storm is very small at present, but its diameter of only 60 miles, may show unusual force for a tropical storm in its early stages of development.

The new hurricane formed while weather forecasters tracked a low which bred in the same general area spun along the West England coast on a path leading out to sea. The big hurricane, now to days old, approached the Hawaiian and Fiji Islands, causing preliminary alerts, and brushed near the coastline from Cape Hatteras, N. C., northward. Its heaviest winds remained off shore.

The hurricane off Antigua was believed moving north-northwest at eight to 10 miles an hour. Interests in the islands and shipping at sea were advised to exercise caution.

Its position was 1,500 miles southeast of the Florida coast.

Giants Defeat Orlando And Daytona; Drop One To G-Men

Lake Gets 12th Win By Setting Orlando Down With 8 Hits; Forsyth Homers

Veteran right-hander Buddy Lake went the distance against the Orlando Senators yesterday afternoon when the Sanford Giants defeated them by a score of 9 to 2. Lake, who scattered eight Orlando hits while fanning three and walking none, never was in trouble. This was the second straight game in which Lake didn't issue a base on balls.

The Giants clubbed three Orlando hurlers for 12 hits, three of which were doubles and one four-bagger by the Giant catcher Ted Forsyth.

Starting early in the game the Giants pushed the winning run across in the first frame on three hits and a base on balls.

Orlando ace Hank Broder, sporting a 15-7 record, started on the hill for the Senators but was clubbed out in the first inning in favor of Jim Romeo, who managed to stick it out for an inning before being sent to the showers.

Giant manager Ed Levy took the batting honors with 3 for 5, two of which were for extra bases, before taking himself from the game because of an injured ankle received when sliding back into third when Forsyth grounded to Miranda.

The Giants journey to Deland tonight to take on the Red Hats at 8:15 with pitcher Jim Singleton slated to start on the hill.

Tonight at Tinker Field will be Player Appreciation Night for the Orlando Senators as they tackle the second place Daytona Beach Islanders in one of the most crucial games of the Florida State League season.

The Jaycees, Orlando Merchants Association and the Chamber of Commerce have purchased the gate for the game and plan to give all profits realized to the individual Orlando players as a cash present.

LEESBURG-G-MEN
The Gainesville G-Men took a 9-2 victory over the Leesburg Packers here yesterday afternoon in a hotly-contested game.

Roberts and Brewster were the leading hitters for Gainesville, getting three apiece, out of Brewster's being a homer. For the Packers Sykes led with three for four, including a homer over the left field fence in the sixth.

DAYTONA-DELAND
The Daytona Beach Islanders defeated the Deland Red Hats in a 10-0 victory here yesterday afternoon.

Manager Red Ruffino's Islanders tagged George Fultz for eight hits.

The Red Hats were held to six hits by Eddie Gasque and George Cave who pitched brilliant relief ball for three innings.

Deland ace Fred Brown was held to one hit by the Islanders in the first two games of the series.

Manager Red Ruffino's Islanders tagged George Fultz for eight hits.

The Red Hats were held to six hits by Eddie Gasque and George Cave who pitched brilliant relief ball for three innings.

(Friday Night)
The Gainesville G-Men grabbed a big lead by pushing across 7 runs in the first two innings to defeat the Sanford Giants by a score of 11 to 6.

Rookie Clyde Stevens started on the hill for the Giants but was wayed in favor of Bob Callahan in the third inning after giving up seven runs on two hits and six bases on balls.

Melny elected himself to the mound duties in the seventh inning to replace Callahan.

HE'S A WYNN-ER! By Alan Maver

EARLY WYNN, CLEVELAND RIGHT-HANDER, WHOSE IMPROVED PITCHING IS ANSWERING THAT OLD 'WHAT'S IN A NAME' QUERY WITH ONE WORD—PLenty!

FIRST INDIAN KURLER TO SAY HE WOULD GAME THIS YEAR, HE'N PASS 18,000 VICTORY NUMS OF 18,000 IN 1934'S WYNN! HIS WITH WASHINGTON!

Football Tryouts For Stetson Team Being Held Today

DELAND, Aug. 21.—(Special) Candidates for the 1935 Stetson football squad were arriving in Deland and practicing on the field today.

Coach Jay Patton, who has been in Deland since the summer, returned to Deland Saturday. Line Coach Carl Simmons has been here during the summer.

Trainer Bert Kurland and Equipment Manager Bob Musher are on hand to sound out the department as it swings into operation for the fall.

Ron DeHalla, who saw considerable service last year as a quarterback, was one of the early arrivals. Palmer Armstrong has been in Deland this summer as has Bud Ives, Fred Moran has been in Daytona Beach where he was assistant director of the Daytona Beach youth council. Al Sapp reports that he has been doing construction work in New Jersey and is ready for the first practice.

Martin Padgett will report a day late as he is pitching for the Bluewater Bombers in the finals of the state outdoor tournament. Padgett was in Stetson during the spring quarter and was out for spring training.

New men expected Sunday include Jerry Gallagher, a center, Singletary, Valdosta, Ga., 185-pound quarterback; Billy Joe Hurst, of Wildwood, 205-pound end; and Delbert Rhainey, of Lorain, Ohio, 225-pound tackle.

Southern League Vols And Memphis Split Double Bill

By ASSOCIATED PRESS
The Southern Association's big three Sunday pitching punch came on Sunday and practically gave the infielders a sabbatical leave.

Bob Schultz quieted his nerves perfectly and did almost as well against Mobile with six hits and two runs in the second game of the doubleheader, the high tension Nashville Vol won his 21st game of the year 6-1 on seven hits.

Marvin (The Mite) Rothbart of Memphis ran his strikeout total to 178 by fanning seven Vols in the first game. He was a 2-1 winner with a three hitter.

Rothbart's 18 victory-eight defeat record was matched by Atlanta's Art Fowler who pitched the league leaders to 7-2 victory over Mobile in the first game of another doubleheader. Fowler supplied Mobile with six hits and put enough outs between them so they didn't hurt.

The second Atlanta-Mobile game came to an untimely end in the seventh inning with no decision. The score was 9-9 when the umpires said there wasn't enough light to go around.

The Cracker victory in the first game took a lot of light out of Birmingham's pennant hopes since the second place Barons lost their first game to New Orleans 7-4. The second Barons-Pet game ended 4-4 for the same reason Atlanta's game was called off. The sixth inning was the last.

Atlanta now leads by a spurious six games.

The restful dwelling Little Rock Travels and their soups once removed—the seventh place Chattanooga Lookouts—also split. The Travels won the opener 13-9 and Chattanooga the finale 4-0.

Sanford ace Fred Brown was held to one hit by the Islanders in the first two games of the series.

Manager Red Ruffino's Islanders tagged George Fultz for eight hits.

The Red Hats were held to six hits by Eddie Gasque and George Cave who pitched brilliant relief ball for three innings.

Rotary To Sponsor Tennis Tourney For Adults, Teen-Agers

A senior tennis tournament, sponsored by the Rotary Club and conducted by the City Recreation Department, will begin Wednesday at the Sanford Bath and Tennis Club Courts. Robert Newman, chairman of the Rotary Community Service Committee, announced this morning.

The tournament is open to both adults and teen-agers, and will continue through Sunday, Sept. 3, when the finals will be held. Entries may be addressed to Post Office Box 1932 or may be made by telephoning 887-3.

The divisions of play will include women's singles, men's singles, men and women's doubles and

Ostein News
By DIATINA DUNNING

Daytona spent Friday with Mr. and Mrs. Ted Colley. Mrs. J. W. C. Pelms is spending this week with her daughter and family Mr. and Mrs. Morris of

Leesburg. Rev. and Mrs. J. C. Walters of Tampa spent the weekend with their son Rev. and Mrs. J. C. Walters Jr. in DeLand and attended church with them here.

Robert Barriere of New York City is spending several weeks here visiting his grandfather Edward Hitt, Sr. and his aunts and

uncles. His parents are expected to come next Sunday for a two weeks vacation with father, sister and brother. Robert will go home with them.

Next Sunday in the absence of our pastor, Rev. H. Harrington of Sebring will fill the pulpit.

The farewell party for Mr. and Mrs. Marvin Riggs at the Burke home Thursday night was a grand success. They all wished Mr. and Mrs. Riggs a safe voyage to their old home in Kentucky. Those in attendance were Mr. and Mrs. R. E. Burke, Mr. and Mrs. J. W. Lawe, Mr. and Mrs. Marvin Riggs, Mr. and Mrs. J. E. Peterson, George Hight, Mrs. H. Williams, Mrs. H. Haught, Mrs. A. Allman, Mrs. W. Mattair, Mrs. G. Giddens, Mrs. Dunning, Mrs. H. Osteen and Mr. and Mrs. Wilbur Lloyd and son Jerry, who acted as host and hostess.

The H. H. boys held a picnic at noon Sunday. This was the last going before the leader Marvin Riggs leaves for Kentucky. Guests attending were Mrs. R. Collins, Mr. and Mrs. Ray Riggs and Nancy, Mrs. Francis and Steve, Mrs. A. Haught, Mrs. H. Hauck, Roy Callan and the boys that were present were David Husack, Billy Husack, Kenneth Husack, J. C. Allman, Lewis Allman, Wendell Hitt, Rayan, Nettle, Herbert, Gladys, David, Cummings and Pat Hight.

Miss Eva Williams of Orlando is having one month's vacation from her duties at the Memorial Hospital and spending one week with her parents Mr. and Mrs. E. H. Williams. Next Sunday Miss Williams and her mother Mrs. E. H. Williams will leave for a two weeks visit with Mr. and Mrs. Clarence Snyder of New Springs.

Miss Clara Snyder is spending her home time in Jersey City, N. J.

Clarence Snyder is quite ill at his home.

Mrs. Mildred Eschelon of Sixth Florida spent the week end with Mr. and Mrs. Ted Colley.

Mrs. Ray Lawson and daughter Frances left for East Liverpool, O. last night to visit with their relatives.

The "Home" demonstration club held their annual picnic at the beach on Saturday.

Since August, 1915... We've Nearly Doubled the Number of Telephones

...and we're still on the run!

What an expansion of telephone facilities for five short years! The number of Southern Bell telephones in service has been increased from 1,805,980 at the end of World War II to 3,060,000 today—nearly doubled. Thus, in five years' time, we have achieved an increase in telephones as large as the increase for the first 63 years of our company's history.

LONG-DISTANCE CIRCUITS nearly doubled, going from 9,400 to 18,500. AMOUNT OF MONEY INVESTED IN TELEPHONE FACILITIES more than doubled, advancing from \$389,600,000 to \$847,400,000. SERVICE... clearer, faster and more dependable.

The South has experienced five years of unprecedented growth... and a tremendous upsurge in telephone demand in town and on the farm. Meeting this demand has meant constructing new buildings, installing new central office equipment and thousands of miles of wire on pole lines and in cables. For each telephone added today, these facilities are costing nearly twice as much as in 1945.

Telephone service is one of the nation's great assets in any time of emergency. Our facilities and the skill of telephone men and women were never so far advanced as they are today. Whatever communications needs may arise, they will be met to the utmost.

Pentagon And Senate Group Insist On UMT

Johnson And Bradley Say Not Time To Train Men In Case Of Sudden Attack

WASHINGTON, Aug. 22—(AP)—With economy advocates in the saddle, the Senate today voted 77 to 37 to postpone the \$100,000,000 off proposed rural roads funds for a two-year highway authorization bill. Senator Byrd (D-Va.) sponsored an amendment to trim the amount back to \$100,000,000, the level of previous yearly outlays.

WASHINGTON, Aug. 22—(AP)—Universal military training got a strong push today from the Pentagon and nine key senators, even though President Truman says he won't ask for it again this year.

The Senate Armed Services Committee started hearing on a UMT bill.

All nine senators present, a majority of the committee, joined one by one in urging that Congress return in session until it acts on a training program. The senators included five Democrats, four Republicans.

Secretary of Defense Johnson and General Omar N. Bradley, chairman of the Joint Chiefs of Staff, asked for UMT on grounds there will be no time for training enough manpower in event of an all-scale war.

Johnson said UMT should be on a steady basis, with the President having authority to start it when it seems necessary. It would cost an estimated \$2,000,000,000 a year at first.

Mr. Truman favors UMT. He has asked Congress for it over and over and been turned down. But now he doesn't want it to interfere with other bills for legislation required for the Korean war and the home front.

Now, with most of the Senate Armed Services committee behind him, Chairman Byrd (D-Md.) said he is going to try for quick passage of legislation to require a year's military service of all 18 to 20-year-olds.

Meanwhile, with little opposition (Continued on Page Five)

Navy Wants Funds To Build Carrier Base At Mayport

WASHINGTON, Aug. 22—(AP)—A Navy request for an appropriation of \$10,000,000 for building a carrier base at Mayport, Fla., was passed today by the House Appropriations Committee.

Testimony concerning the project, as given before a subcommittee at a closed session, was made public as the committee announced it is considering a bill providing \$10,000,000 in supplemental appropriations for the Armed Services in the year ending June 30, 1951.

Rep. Mahon (D-Ten.) justified Admiral Jellicoe's plan. Admiral Jellicoe replied: "At present we have no place south of Norfolk, Va., for berthing aircraft carriers. On the east coast we can berth at Quonset Point Air Station and at Norfolk Air Station. This will permit us to do it at the Jacksonville Air Station (Mayport is near Jacksonville)."

Mahon then asked if the Navy would be berth aircraft there at a particular time, and Admiral Jellicoe replied: "Yes sir. In connection with their training and operations they cannot stay in the north all year round. They move south in the winter to get the proper proportion of flying days. As it is now they have to operate out of Norfolk, which is very crowded and congested. This will spread us out and disperse us a bit."

The committee also disclosed a Navy request for \$110,000 for improving the power plant at the Pensacola Naval Air Station. Admiral Jellicoe said the Pensacola plant "has been in poorer condition than any other of the Navy power plants. We are really anxious to get this in good shape."

FURUKAWA TELEGRAM
BEATTLE, Aug. 22—(AP)—Mr. and Mrs. Koshio Furukawa received two notices yesterday. One said their son, Sgt. Fred Furukawa, serving with the 24th Infantry Division in Korea, has been awarded the Bronze Star medal for heroic achievement on July 8 near Pyongyang. Fred led a machine-gun section to safety from an enemy trap.

The second said that another son, Sgt. Isaac Furukawa, had been killed in action in Korea. There were no details.

Both were World War Two veterans.

PLETHER MEMORIAL
GAINESVILLE, Aug. 22—(AP)—Mr. Fred Pletcher of Jacksonville, niece of the late U.S. Senator Duncan W. Fletcher, has given the University of Florida 300 volumes from the Senator's library. Senator Fletcher represented Florida for 26 years, and was ranking Democratic senator when he died in 1936.

NATIONALISTS GO ENGLISH
TAIPEI, Formosa, Aug. 22—(AP)—Gov. K. C. Wu said today the Chinese Nationalist government will adopt the English trial system under which a person is presumed innocent until proved guilty. Wu said the Nationalists also would ban arrests without warrants.

Red Tanks And Crew Silenced By South Koreans

DESTROYED BY SOUTH KOREAN FORCES, two North Korean Communist tanks glumly attest to the fierceness of the fire power that caught them as they sought to move in to attack. The body of a dead tank man is shown lying in the debris-strewn road, a few feet from the Russian-made tank he had been riding. (International)

Game Commission Urged To Permit Seining In River

Biologist Advocates Commercial Fishing Of Non-Game Fish

TALLAHASSEE, Aug. 22—(AP)—The State Game and Fresh Water Fish Commission's chief biologist today recommended that commercial fishing of bream and crappie be permitted in Lake Okechobee and the St. Johns River.

The recommendation was made by John F. Dequine following a two-year study of fish in the two areas. He recommended that bream and crappie be taken commercially and sold under strict State regulations.

Commission Director Coleman Newman declared, however, he was unable to accept these recommendations (Continued on Page Five)

Malik Calls U. S. Enemy Of Peace In Korean Conflict

LAKE SUCCESS, Aug. 22—(AP)—Russia's Jakob A. Malik launched another blast at the United States today charging that the U. S. does not want a peaceful settlement of the Korean conflict.

Malik took the floor immediately after the 11-nation Security Council convened at 10:30 P. M. (EST) to resume its long wrangle over the Korean problem. He announced he would reply to the speech made by Chief of State Dwight D. Eisenhower in the Council last Thursday.

Austin and Britain's Sir Gladwyn Jebb were on the speakers list ready to slip back at Malik when he finished.

Malik repeated his earlier assertions that the fighting in Korea originally was a civil war and that the only aggression there was United States intervention.

The United Nations flag, Malik said, "cannot hide the brutal aggression by American troops."

Malik called the American bombings in Korea "atrocious, inhuman, impossible."

He said Austin had talked about objectives in Korea after the fighting, but had not once mentioned the bombings. "This was a reference to Austin's statement that an independent unified Korea must be included in any long-range objectives."

Malik said the Korean intervention by the United States was an extension of "the notorious Truman Doctrine proclaimed three years ago."

Antigua Lashed By Hurricane Winds Of 100 M. P. H.

MIAMI, Aug. 22—(AP)—Antigua of the Leeward Islands, was lashed by winds of 100 mph last night and something seemed to be happening to the hurricane as it drifted into the Caribbean Sea.

Reports from a Navy hurricane hunter indicated the storm may be losing force, forecasters at Miami reported.

Northeast storm warnings were hoisted along the south and east coasts of Puerto Rico and at nearby Vieques Island. Other storm warnings flew in the Virgin Islands, and hurricane warnings were up on St. Croix to the south.

An aid thing about reports on the Antigua storm, forecasters said, was that all the winds blew from the north-northeast. In rotating storm, the winds should have changed direction.

While small and performing erratically, the storm still packed a kick and was being watched closely. It apparently is at a stage when it may continue to develop or may revert to an easterly wave and possibly flatten out.

Its position at 10:30 A. M. was approximately latitude 16.0 north, longitude 63.0 west, or 50 miles off the island of St. Kitts. The area of hurricane winds was only 50 miles in diameter.

Future movement was uncertain.

Red Armies Poised For Tibetan Thrust

SPRINGAR, Kashmir, Aug. 22—(AP)—Tibetans arriving here report that the remote western Chinese province of Sinkiang has become an armed camp in preparation for a Communist invasion of Tibet.

The Chinese tribesmen, who came here via high Himalayan mountain trails, also reported anti-Communist guerrillas in Sinkiang.

Guerrilla activity, particularly near the provincial capital of Lhasa, was reported some months ago by officials for the former Sinkiang government who fled here after the Communist seizure of power.

Meanwhile Buddhists from Tibet who visited Ladakh, Kashmir, to inspect religious relics said there was "some Communist pressure" on the eastern and northwestern borders of their remote "land of the Lamas." Trade between Ladakh and Tibet has continued normal, however.

The Chinese Communist regime has announced several times it planned to extend its authority to Tibet. Preparations for an invasion have been rumored for several months.

SCIENCE HALL
TALLAHASSEE, Aug. 22—(AP)—The Cabinet of Budget Commission today declined to consider before November a requested expenditure of \$436,000 to rebuild Science Hall at the University of Florida.

The board, at the suggestion of Governor Warren, told Board of Control Chairman Frank Harris to come back the first Tuesday in November when the State's financial picture may be clearer.

American Legion Plans Debate On Expansion Of UN

Members of the Sanford Post 53 of the American Legion, following spirited and lively debates last night, voted to invite two speakers to the Sept. 18 meeting in order to present both sides of the issue of whether or not to expand the United Nations into a World Government to enforce peace.

This action followed the reading of a letter by Kaylie Housholder, in which American Legion headquarters requested that members oppose, and educate the public to oppose the proposed petition to Congress which voters of Florida will act upon on November 7.

The vote will be on the following question: "Do you as a sovereign citizen of Florida and the United States of America direct our representatives in the National Congress to urge the President and the Congress to take the lead in calling for a amendments to the United Nations Charter strengthening the United Nations into a limited World Federal Government capable of but limited to enforcing, interpreting and enforcing laws to prevent war?"

The Post last night unanimously approved a program of universal military training.

Commodore Housholder pointed out that last April at the Department Convention in Fort Lauderdale, the Department of Florida declared itself opposed to the United World Federalist movement.

He also read a statement from the department declaring, "In May of this year the National Executive Committee of the American Legion, meeting in Indianapolis, approved a resolution declaring 'the American Legion is opposed to any form of World Federation or world government at this time.'"

The department is associated with other organizations in the fight to defeat the World Federalist proposal through the Florida Committee for American (Continued on Page Three)

First Big Post-War Atomic Oven Starts Operation At Brookhaven

By HOWARD W. BEAKESLEE
Associated Press Science Editor

BROOKHAVEN, N. Y., Aug. 22—(AP)—The first big post-war atomic oven, or reactor—barricade that Russia may have—went into action here at the Brookhaven National Laboratory at 2:30 A. M. (EST) today.

This reactor is designed wholly for research. It can produce heat enough to make electric power for a village of 3,000 to 3,600 inhabitants.

Opening this reactor is one of the big events in atomic work, because of the oven's many important uses, especially at this time, the research fits into not only peacetime science, but it has other bombs and naval and aviation atomic engines. This reactor is equipped better than anything else of its kind to do research on the discoveries still being made in military and peacetime atomic progress.

Other reactors have been built since the war, in Canada, England, France and the United States, but none so powerful as (Continued on Page Two)

White House Try Impact Of Korean War To Give At Settling Rail Strike Is Failure

124,000 Quit Work On Two Principal Canadian Lines

WASHINGTON, Aug. 22—(AP)—Another White House attempt to settle the rail strike failed today as 124,000 workers left their jobs.

John R. Steinhilber, assistant to President Truman, spent two hours today with representatives of the striking unions and a committee of railroad officials in a joint conference.

At 12:30 P. M. both groups had left the White House without getting together and with no definite plans for further meetings.

Road had said earlier that Mr. Truman had given this instruction to Steinhilber: "Keep on trying."

The Canadian rail strike by 124,000 employees of 17 unions had the most serious immediate economic impact. The Canadian National and the Canadian Pacific systems, whose operations were blocked fast by the walkout over wage and hour issues, do most of the nation's freight and passenger hauling from coast to coast.

In addition, the Canadian strike disrupted telephone and telegraph service for many communities and blocked mail service.

There was immediate concern over food shortages in some areas, and widespread layoffs were expected in industry if the strike is prolonged. And oil companies said the rail stop may cut off gasoline to motorists and trucking concerns.

The U. S. rail strikes, called for five days by the Teamsters' and conductors' unions, were termed "wildcat" because they were not authorized by the unions' national leaders. The U. S. rail strikes, called for five days by the Teamsters' and conductors' unions, were termed "wildcat" because they were not authorized by the unions' national leaders.

Polk County Man Pleads Guilty To Lottery Charges

BARTOW, Aug. 22—(AP)—T. C. McKown, arrested Saturday in connection with the Polk county lottery, pleaded guilty to three lottery charges.

In another move here today, Circuit Judge Don Register issued a call for the Polk county grand jury to meet on August 23.

Stephenson reported they found lottery tickets and income tax returns which showed McKown had handled \$90,176 worth of lottery tickets last year and made a net profit of \$24,000 from them.

McKown pleaded guilty before Circuit Judge Roy H. Amick (Continued on Page Two)

Rocket Project Expert Arrested In Denver, Colo.

Senate Investigators Find Sugar Business Linked To Costello

WASHINGTON, Aug. 22—(AP)—The FBI today announced the arrest of a rocket project expert at Denver, Colo., on charges of violating the Atomic Energy Act.

FBI Director J. Edgar Hoover said the man, Sanford Lawrence Simon, 28, employed at Denver University and now assigned to an Army rocket project in that area.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Hoover said the plutonium, a highly flammable material, had been taken from the Los Alamos, N. Mex., atom bomb project.

Simon was arrested on charges of having taken "an extremely valuable piece of plutonium" away from the project.

Hoover said the plutonium, a highly flammable material, had been taken from the Los Alamos, N. Mex., atom bomb project.

Work Completed On Repairs To City Incinerator

All work was completed last week on the City Incinerator, City Manager Clifford McKibbin said today.

Repairs to the furnaces were first completed so that it could be placed in operation, following which repairs to the side walls and roof of the enclosing structure were begun. This had been damaged by a large several years ago by ignition of material stored on the firing deck and off the roof.

City workers recently completed repairs to the City warehouse on Lake Monroe. Workmen stored lumber cut from old wharf pilings had found evidence of serious deterioration, and S. M. Richard directed necessary repairs be made. Fertilizer and lumber are now stored in the warehouse, and other items used by the City can be stored there if necessary.

The warehouse was constructed with docking facilities on the lake side, and it might be used as an auxiliary dock when the proposed terminal facility has been built and is operating, said Mr. McKibbin. At present it affords an adequate capacity for dry storage, and is being maintained for that reason.

A small shed, he declares is being constructed in the City Pound yard for the storage of bulk fertilizer which is now in storage at the Municipal Airport.

Green Found Guilty Of Reckless Driving

John Green, Negro, was found guilty this morning by a jury in County Court of reckless driving and willful and wanton disregard of other traffic. Judge Douglas Stenstrom fined him \$25 plus costs amounting to more than \$20.

State Patrolman R. D. Harrison pointed out to the jury that at the time of an automobile accident on Highway 46 near Kersaw's Store on Apr. 10 Green had passed at more than 55 miles an hour.

A jury yesterday found Cecil L. Schooner, 35, not guilty of a charge of driving while intoxicated.

Commission Plans Study Of City's Sewerage Needs

Purchase Of 17 Fifty-Foot Lots For Castle Brewer Okayed

The City Commission last night instructed Fred Williams, civil engineer, to make a study of sewerage needs south of Twenty-fourth Street and between Melloyne Avenue and the A.C. branch line.

For a number of years requests have been received from citizens for sewerage facilities in this area and City Manager Clifford McKibbin.

Following consultation with Mr. Williams regarding installation of sewerage facilities in the area bounded by Twentieth Street, Republic Drive, East and Melloyne Avenues, it was decided in view of the facts that the need for sewerage facilities was not critical, and that plans prepared by Mr. Williams could be used later.

The form of bonds and Stimpson, Orlando, has made a low bid of \$22,231 for these improvements. Mr. McKibbin declared he added that the facilities could be installed for less expense in the Twenty-fourth Street area, so it was decided to go ahead with the plans.

The City approved the purchase of 17 fifty-foot lots for the Castle Brewer Housing project in Toddville. The property, which is to be turned over to the Sanford Housing Authority, is held in the County.

The Commission reviewed brief reports of A. P. and R. K. (Continued on Page Five)

Taegu Rescued From Strangulation By Smashing Of Red Highway Blockade

RAMBOUILLET, France, Aug. 22—(AP)—France's cabinet decided today to send a French land force to fight with United Nations troops in Korea.

France's contribution will be composed of an infantry battalion, probably numbering 800 soldiers, many of whom will be volunteers, informed sources said. The decision was reached after an all-day cabinet meeting held here at the summer chateau of the President of the Republic, Vincent Auriol.

The U. S. and other United Nations troops and tanks wiped out a threatening Red Korean roadblock 10 miles north of Taegu Tuesday. Their mates took three commanding hills to block the coastal gateway to Pusan port in the south.

The Red's behind-the-lines roadblock near Taegu had choked off all Allied supplies from Taegu for two hours and threatened to trap troops of the U. S. 27th "Wolfhound" Infantry Division.

The central front and extreme southern fighting was the most bitter of the 24-hour period ended Tuesday midnight.

All along the 120-mile perimeter of the Allied beachhead United Nations troops held firm or advanced.

Tuesday's air action was topped by a fleet of 70 B-29 bombing bombers with 700 tons of explosives. Chongjin is out far from (Continued on Page Six)

American Airliner Lands After Mishap At Denver Airport

DENVER, Aug. 22—(AP)—The pilot of an American Air Lines plane was tipped over when an engine broke away high over the Colorado Rockies early today and the big ship landed here with one dead and seven injured.

The four-engine DC-6 was bound from Los Angeles to Chicago carrying 52 passengers and a crew of five at 21,000 feet near Engle, Colo., when the right inboard engine suddenly broke from its wing moorings.

Part of the propeller on a piece of the shattered engine slashed through the top of the passenger compartment, tearing a hole about four feet square in the fuselage. Three rows of seats and releasing the air from the pressurized cabin.

THE WEATHER

Partly cloudy with little change in temperature through Wednesday. Widely scattered thunder-showers, mostly in the afternoon. Light to moderate variable winds through Wednesday.
