

## SOLON'S QUERY FINDS 6,000,000 WITHOUT WORK

### Pinchot Only Govern- ment Who Says Star- vation Is Existing; Figures Optimistic

WASHINGTON, Mar. 16.—(A.P.)—Senator Bingham, Republican of Connecticut, said today that 43 replies have been received from telegrams sent governors of states asking statistics on distress and unemployment but only one that of Governor Pinchot, Pennsylvania, stated starvation exists.

The number of unemployed mentioned by Bingham on the basis of his replies is 6,000,000. He explained that he telegraphed all the governors on the day after the House passed the Democratic emergency unemployment highway construction bill to determine facts in the face of statements, he said, had been made on the Senate floor that 10,000,000 are unemployed and millions starving. He expected to use the material in opposing the highway bill which is yet to pass the Senate. Pinchot said that 1,000,000 are unemployed in Pennsylvania.

Other replies for the controversial unemployment insurance law were raised yesterday in the House.

Concrete efforts in both parties to organize in opposition to the 3.25 per cent levy began and at the same time the American Federation of Labor and the National Grange said they were against the proposal.

A meeting to form a Democratic anti-sales tax bloc was called for tonight. Republican independence party to assemble soon for a similar purpose.

President William Grid of the labor federation said 450 positions in his organization was based upon its traditional opposition to all forms of sales tax legislation.

"The imposition of a general sales tax would meet with the unqualified disapproval of the 27 million people upon the farms of this country," a statement issued by Fred Brannaman, Washington representative of the Grange, said.

## City Makes Deal For Last Parcels Of Right-Of-Way For Lakefront Boulevard

Meeting in regular session in the City Hall last night, the City Commission passed two resolutions, an ordinance, and signed a deed to the State Road Department, which completes several years' plans and several months' hard work looking toward the construction of a lakefront boulevard. The City now finds itself as having done all it reasonably can toward the early construction of the road, for which contracts may be let within the next few months.

The Commission also passed an ordinance, long sought after by local dairymen, which prohibits the sale in this city of all milk, cream and milk products produced outside of Seminole County, unless the products are pasteurized in the county.

While many matters faced the Commission last evening, a major portion of the meeting was occupied with the lakefront boulevard matter. They first passed a resolution releasing \$57,780.51 in bulkhead assessments against lakefront property owned by Charles B. Tyler, Randall Chase, and the Zachary Veneer Co. in exchange for a portion of the land held by these people, and a 90-foot right-of-way alongside the seawall. Commissioner Lehman voted against the resolution.

In the passage of that resolution the Commissioners secured the final right-of-way necessary to complete the entire right-of-

## SMITH, BOYLE ENTER RACES FOR OFFICES

### Present Circuit Judge And Prosecutor To Seek Nominations In Coming Primary

Millard B. Smith, former state attorney and recently appointed judge of the 23rd judicial circuit by Gov. Carlton following the death of Judge Wallace W. Wright, today announced his candidacy for re-appointment to office of circuit judge, subject to the Democratic primary in June.

Lloyd F. Boyle, junior partner of the law firm of Wilson and Boyle of this city and recently appointed state attorney of the 23rd judicial circuit by Gov. Carlton upon the elevation of Judge Smith to the office of circuit judge today announced his candidacy for re-appointment to the office of state attorney, subject to the Democratic primary in June.

Judge Smith, who is at present opposed for the nomination by Geo. A. DeCottis of this city and W. S. Collins of Titusville, present Brevard county judge, first entered local politics when he defeated Mr. DeCottis for state attorney of the 7th judicial circuit then composed of Seminole, Volusia and Brevard counties, in 1924. Upon the division of the 7th circuit, Gov. Martin appointed Judge Smith state attorney for the newly created 23rd judicial circuit. In 1930 he was unopposed in his candidacy for re-election to this office.

Judge Smith was born in New Smyrna, Dec. 5, 1893 and attended the public schools of Volusia county. Later he graduated from Colby Academy, New London, N. H., and from Boston University in 1918 with the degree of LL.M. He began the general practice of law as a junior partner in the firm of the late Judge Minor S. Jones in Titusville. Prior to 1924 he had served as advisor to the Board of County Commissioners of Brevard county and as chairman of prosecuting attorney.

Mr. Boyle was born in Chicago. (Continued on Page Three)

## FOUR GENERATIONS OF LINDBERGH-MORROW FAMILY

Mrs. Charles Long Cutler (second from left), great grandmother; Mrs. Dwight Morrow, grandmother; Mrs. Lindbergh, and the kidnapped baby. Despite the combined efforts of every police agency in the country the solution of the mystery has progressed very little since the child was taken from its crib nearly two weeks ago.

## WORLD COURT ACTION OF U. S. AT ZERO POINT

### Senate Uncertain As To Course On Amer- ican Adherence To International Body

WASHINGTON, Mar. 16.—(A.P.)—Prospect for Senate action this session on American adherence to the World Court are almost at the zero point. Friends of the court have enough votes in the foreign relations committee to report it favorably to the Senate and will probably do so before long, but they are divided on seeking immediate action and at odds on the effect of the Reel resolution for modifying the protocol of adherence.

Senator Robinson, a rank and advocate of the court, has just about settled the question when he announced "now is not the time" to test the court issue.

Senator Walsh, Montana leader of the court forces, conceded that prospects are almost hopeless but gave notice that he is going to drive for a report of the committee. Unsettled world affairs is among the reasons advocated against action now.

Senator Hiram Johnson of California yesterday arranged international banking as a "track" and rebuked the government for "amuse complacency and supine indifference" while American investors were losing billions of dollars in foreign securities.

With his characteristic machine-gun diction, the California senator reported the results of the recent investigation of the conditions in the United States and demanded legislation to protect the public in the future.

Crowded galleries remembered frequent suggestions that he become a candidate for the presidency as the California thunderer. "Above all, had I the power" (Continued on Page Two)

## OTHER KIDNAPING CASES PROBED IN LINDY BABY HUNT

Police seize paroled participant in abduction years ago.

HOPEWELL, Mar. 16.—(A.P.)—Police delved still further back into the history of the kidnaping today in persistent efforts to see if from other famous cases they might learn the secret of the theft of the Lindbergh baby.

Yesterday investigators focused attention on the attempt to kidnap Max Phillips, wealthy coal maker seven years ago. Nothing being learned from the study of that case which might help them they turned to another famous case of nine years ago.

In 1923 small Verner Alexander, son of a Schneckstadt scientist, was kidnaped and after a wild search the child was found near the Canadian border. Today Rochester police picked up Stanley G. Grandall, paroled convict, one of the principal figures in the Alexander kidnaping.

A lead in the two-week-old Lindbergh kidnaping case, described as "important enough to be taken seriously," was being tracked down last night by detectives as they investigated the story of an old pilot to steal the famous flier's son.

The importance of the clue was stressed by Joseph Fishman, deputy commissioner of corrections of New York city, after he had brought a prisoner from the Tombs prison in New York city to Jersey City to confront two persons he charged with being in on the plot.

The prisoner, who has been a mysterious figure in the case for days and was interviewed in the Tombs by a confidential representative of Colonel Lindbergh last week, was identified today as John Smith when he left New York. It was learned, however, his real name is Charles Fitzgerald.

## KEY IS LEADING IN RECALL POLL HELD IN ATLANTA

ATLANTA, Mar. 16.—(A.P.)—Twenty-two of Atlanta's 82 voting precincts last night showed returns of 5973 votes for the recall of Mayor James L. Key while forces fighting his recall had polled 2652.

From a registration of 34,916, yesterday's election, which would call for the selection by voters of another mayor should the recall forces win, was the most spirited and apparently the closest municipal contest in Atlanta's history. In one precinct with a total vote of 2066 there was a majority of only 20 votes. Many other precincts saw similar closeness.

Heretofore Atlanta's biggest vote on any question has been around 20,000. The most conservative estimates yesterday ran well over that number and most of them were around 25,000.

More than 6000 persons registered for the election Monday, the voters list to 29,912, or nearly 3000 more than ever qualified here before. Throughout the day registration kept all forces of the city clerk's office busy.

Mayor Key's political path has (Continued on Page Two)

## MAYOR APPEARS TO BE VICTORIOUS IN FIGHT TO TAKE AWAY JOB

Sanford women golfers are expected to meet at the Sanford Country Club course Friday morning at 9:30 o'clock to take part in another one-club tournament, sponsored by a luncheon at noon, and headed by a member of a contemplated Women's Golf Association.

To insure the affair being a success, a committee headed by Mrs. E. F. Housholder, with Mrs. H. M. Papworth, Mrs. A. W. Epps, Mrs. John Meisch, Jr., and Mrs. E. S. McCall, is canvassing the city in an attempt to enlist the support of every woman interested in golf in this city.

It is hoped to hold a one-club tournament and later a real golf tournament each week. Allan Stewart, professional at the club, declares that there are enough women golfers in this city to provide for such events weekly, and that a creditable team of women golfers should now be entered in tournaments attracting state-wide women golfers.

## FORMER RESIDENT OF CITY DIES IN NORTH

Word was received in Sanford today of the death of George Orliatt, 20, former resident of this city, who died at Marion, Ohio, after a long illness. Funeral services will be held in that city on Friday, it is said.

Mr. Orliatt was born in Marion, Ohio, but had lived in Sanford with his family for the past six years. Three months ago he went to his birthplace. He is a graduate of Seminole High School.

He is survived by his parents, Mr. and Mrs. J. B. Orliatt, of Sanford, and three sisters, Mrs. Florence Perkins, of Columbus, Ohio, Mrs. Margaret Benson, and Miss Grace Orliatt, of Sanford.

## Mrs. Leonardy To Lead Committee On Better Citizenship

Mrs. John G. Leonardy yesterday accepted the chairmanship of a Seminole County committee which will sponsor a state-wide "Better Citizenship" week sponsored by the Florida State Bar Association. The week of Mrs. Leonardy has been so designated, she announced.

American Citizenship and its maintenance has been a major interest of the Bar Association for many years, according to Mrs. Leonardy, and the Florida Bar has a standing committee on the matter.

This committee hopes, during the week designated, to have every town, city and county in Florida ring with the voices of speakers who will spread the significance of good citizenship and its vital need at the present time. Training clubs, athletic clubs, civics, fraternal organizations, churches, even will be included by voluntary speakers during that week, according to the plan.

Sponsors of the week are of the hope that public spirited leaders of this county will join Mrs. Leonardy in the successful sponsoring of appropriate committees in Seminole County during the week. They are particularly anxious that most of the speaking be done in the schools, which they term the main factors for the production of good citizens.

G. Edwin Walker, of Lakeland, secretary of the Citizenship Committee, called Mrs. Leonardy to the attention of the committee in Seminole County during the week. They are particularly anxious that most of the speaking be done in the schools, which they term the main factors for the production of good citizens.

## Babe Ruth Signs Up At \$75,000 Per Year

ST. PETERSBURG, Mar. 16.—(A.P.) Babe Ruth signed a contract here today with the New York Yankees for the season of 1932 at a salary of \$75,000. The contract was taken as a compromise between the Bambino and Col. Jacob Ruppert. The Babe has been paid \$40,000 for each of the last two seasons.

## Canning Factory In Leading Place In Its Production

With the Eckerson Fruit Canning Co. plant on Thirteenth Street, now operating at full capacity in Florida, will can 100,000 cases of grapefruit juice or grapefruit hearts this season. That figure is the equivalent of 2,400,000 cans of No. 2 size, 1000,000 pounds or 2000 tons for one season.

According to T. H. Eckerson, president of the concern, the plant is probably canning the largest amount of grapefruit and juice of any canner in the state. At the end of the season, approximately 10 per cent of the total amount canned in Florida this year will have come from the Sanford plant.

At the present time there are 60 persons employed at the plant on the day and night shifts, a majority of them being women. The day and night schedule is in effect six days each week.

As an indication of the thorough supply organized sales system which is a feature of the organization, 1000 cases of canned products will be sent to the Pacific Coast, and 15,000 cases to Baltimore, Philadelphia, New York and Boston on the Atlantic Coast, this week alone. The 20,000 cases weigh 800,000 pounds, or 40 tons.

To facilitate the handling of their products, the Eckerson Canning Co. has leased a dock and warehouse on Lake Monroe, from which point they ship their product north, and receive freight of various types.

## More Seminole County Dollars Get Signatures

Two more Seminole County Trade Dollars have been returned to the offices of the Seminole County Chamber of Commerce, both having been started by A. F. Collins, and first paid to the Sanford Furniture Co.

One of these dollars passed through 21 hands, while the other went into 24 hands. In that way, one dollar bills have done 45 worth of business in the payment of accounts, or purchase of new merchandise in this community. Trade body heads say that these dollars are among some 250 others now being circulated and clearly seen as generalizing "trade at home" enthusiasm locally.

Here are the records of the dollars. The first one went into the following hands: A. F. Collins; Sanford Furniture Co.; Seminole County Credit Association; Andrews Company; L. V. McLaughlin; E. J. Healey; The Shoehouse; D. J. Garrett; Western Union Telegraph Co.; Huber's Place; Sanford Photo and Glass Co.; Mrs. Elsie Bennett; Leonard Battery Shop; Sanford Gas Co.; H. D. Brown; City of Sanford; Esomillat and Anderson; E. D. Yarboll; Joe W. Connolly; J. B. Rowland; and Sanford Furniture Co.

The other dollar was spent as follows: A. F. Collins; Sanford Furniture Co.; Ned Smith; Woodruff & Watson; W. E. Wilson; Barbara D. Rowland; F. A. Dyer; Mrs. E. D. Blackwell; Fidelity Supply; First Street; E. C. Nohr; L. L. Lane; Drug Store; Marvin and Lane; Fruit Store; P. S. Brown; J. B. Rowland; Sanford National Bank; Esomillat and Anderson; Mrs. George Connolly; Joe W. Connolly; Sanford National Bank; J. E. Connolly; and Sanford Furniture Co.

Sanford, Mar. 16.—A. A. Park established primary store in Dr. Wood street, East Main St.

## SIX LAW VIOLATORS ARE TRIED MONDAY

Six alleged law-violators formed the docket appearing before Municipal Judge E. W. Ware on Monday afternoon, five of whom were fined, and one dismissed.

Doc Filds, charged with willfully driving over a fire hose, pleaded guilty and was fined \$5.

Burton Holloman, charged with disorderly conduct, pleaded not guilty, but was fined \$7.50.

Jenny Martin and Jennie Mae Tamm, jointly charged with disorderly conduct, pleaded guilty and were fined \$5 each.

Vivio Phillips and T. C. Phillips were also charged with disorderly conduct after an argument. The former was dismissed, while the latter was fined \$4, although he pleaded not guilty.

## WOODMEN OF WORLD STAGE INITIATIONS

An address on "Fraternism," by District Manager J. M. McPhail, of the Woodmen of the World, and the initiation of three candidates into the protection degree, featured the regular meeting of Colony Camp No. 125, Woodmen of the World, at their club rooms last night.

Approximately 25 members were present to hear Mr. McPhail tell of the growth and workings of the Order, and hear him express his gratification over the increased activity of the local lodge.

L. V. McLaughlin, E. Fender, Jr., and E. V. Bridges, of Sanford, were all given the protection degree by a team headed by W. H. Hawkins.

A short musical program of violin and piano selections by R. Hendel and his daughter, was an interesting feature of the meeting. C. B. Barler, past consul and C. C. Collins, consul-commander, presided over the meeting, with the following officers: H. Kastner, advisory lieutenant; J. W. Spivey, treasurer; E. B. Phillips, financial secretary; Carl Schoonemans, watchman, and R. O. Fergusson, secretary.

## Fons Hathaway Is Visitor In Sanford For Short Period

Fons A. Hathaway, prominent Florida political figure and a candidate for Governor, spent a short time in Sanford yesterday afternoon greeting old friends, visiting his brother J. J. Hathaway, and discussing the political situation as he has observed it after a short tour of West Florida. He was on his way to Jacksonville after a visit in Tampa.

Mr. Hathaway, a former candidate for governor in the 1928 campaign, announced his active speaking campaign in Bonifay, his home town, on Monday, Mar. 21. After he completes a speaking tour of West Florida he will come into Central and South Florida with his reasons for seeking the nomination as Governor of Florida.

Mr. Hathaway's career has been long and interesting. A native of Florida, he has since his graduation from college, been in public life almost continually. He has served as principal of the Orlando High School; principal of Duval High School, Jacksonville, and superintendent of Public Instruction for Duval County for 11 years.

From 1925 to 1929, he was a member of the State Road Department from the state at large, and was its chairman. He polled a large vote in the gubernatorial race of 1928, and has since devoted his time to business interests in various sections of Florida.

Mr. Hathaway holds two degrees from the University of Florida, an A. B. and an LL.D. The latter degree being honorary, and having been conferred by the faculty of the University and approved by the Board of Control in recognition of his work in the field of education, particularly in Duval county.

He is a life member of the University Alumni Association, a member of the Presbyterian Church, Chamber of Commerce, Mason, Shriner, and maintains a lively interest in all civic affairs in his home county.
