Methodist Church To Have Guest Speakers

Alva H. Brock will preach at the First Methodist Church on Sunday morning at 11:00 A.M. He is the son of Mrs. Nancy Brock, and a native of Sanford. He graduated from Seminole High School and the University of Florida. Mr. Brock is at present studying for the ministry of the Methodist Church at Garrett Theological School of Northwestern University at Evanston, Ill.

Miss Virginia Chapman, daughter of Mr. and Mrs. W. P. Chapman of Sanford, will tell of her work as a mission worker at the Methodist Church on Sunday at 8:00 P.M. She is also a native of Sanford and a graduate of Seminole High School. She received a degree from Florida Southern College in Lakeland and will some graduate work at Scarritt College in Nashville, Tenn. She is assigned to student work at the University of Havana under the woman's Division of Board of Missions and Church Extensions of the Methodist Church.

Mrs. Sipple, Beckwith Entertain Circle

The regular monthly meeting of Circle 7A of the W.S.C.S. was held at the home of Mrs. Wallace Sipple on Park Avenue Tuesday evening with Mrs. Arthur Beckwith, Jr. as co-hostess. The meeting was opened with the Lord's prayer by the group.

The chairman asked for volunteers to assist in the following activities sponsored by Circle 7A this month: a visit to the County Home, nursery during church hours, a welcoming committee at the church doors on Sundays, and the program at the regular monthly business meeting of the W.S.C.S. It was announced that an Educational Seminar will be held at 10:00 o'clock on Monday at College Park Church in Orlando. Members are urged to attend and bring sandwiches.

The chairman of the business meeting Mrs. Ernest Southward gave the devotion from "The Book of Acts". Mrs. Bernard Harwood was welcomed into the circle as new members.

Refreshments were served by the hostesses to the following members and visitors: Mrs. F. Adams, Mrs. Marvin Dyal, Mrs. James Higgins, Mrs. J. H. Lee, Jr., Mrs. Marvin LeDion, Mrs. E. I. Lay, Jr., Mrs. Ernest Southward, Mrs. W. Whiten, Mrs. Broughman, Waikins, Mrs. John Williams, Mrs. Eugene Williams, Mrs. Earl Donney, Mrs. Charles Atkinson, Mrs. Hanky, Mrs. Warmack, Mrs. Wynne, Mrs. Ruth C. Warrick, Mrs. Hiltchcock and Louise Sipple.

WMU Circles To Meet And Have Luncheon

Circles of the Woman's Missionary Society of the Baptist Church will meet at 1:00 o'clock Monday afternoon for a fellowship and coffee luncheon, following their regular circle meeting to be held in the morning. The luncheon will be served in the General Assembly room with Circle No. 3 in charge.

Circle No. 2 will be in charge of the program under the direction of Mrs. Clyde Humphrey, program chairman. Her mission area topic will be "Parallels of Faith" in Stewardship. The aim is to show the need to match personal advances with faithful stewardship. Her Bible topic will be "The faith done what she could". Mark 14:5-9. This is the last circle meeting of the W.M.U. year and all the women of the church are urged to attend. Visitors will be welcome according to Mrs. John D. Abraham, W.M.U. Publicity Chairman.

LONGWOOD By Mrs. J. H. Menick

Lyman School with Principal Rayborn Millwee and 30 teachers is office opened Tuesday morning. Two new class rooms have been added to the school building. Teachers are at the school this year. They are, Eleanor Winkie, Gladie Kretzer, Carolyn Blalock, Kathleen Boucher, Flora Willis, Lucille Snyder, Lucille Wells, Sather Radebaugh, Hettie McNamara, J. G. Payne, E. S. Douglas, June Thunander, Rosebud North, Esther Williams, Shirley Stuart, Mary Hartley, Hazel Flint, Aldia Millwee, Perry Bremer. There will be a reception given for the teachers. This is a high enrollment for the beginning of the term.

Mrs. F. J. Niemeyer and Mr. and Mrs. A. J. Blatline have returned from Pennsylvania and New York. The former visited relatives in Harrisburg and the Blatlines a son in Schenectady.

Miss Emily towers who lately graduated at Winter Park High School took the college examinations and will enter Rollins on a scholarship this fall.

Mr. and Mrs. Harry Law flew their plane to Palm Beach where

Earth Satellite

(Continued From Page One)
 from floating around weightless. Koelle said his station could be built for \$518,000,000 and would cost \$40,000,000 to \$50,000,000 a month to maintain.

"For perhaps one per cent of the expenditure likely to be involved in a Third World War," the young German said, "we could construct several space stations, build a moon rocket and in time send an expedition to Mars."

Koelle said peaceful uses of such a station would include relaying short wave radio and television, making long range weather forecasts and of watching national trouble spots for the United Nations.

The Space Congress is an official meeting of 50 scientists from eight nations. Atomic and rocket experts from four other countries sent papers, including Dr. Wernher von Braun, designer of the German V2 rocket of World War II.

Von Braun is now a leading researcher of the U. S. guided missile program at White Sands, N. Mex.

Hurricane

(Continued From Page One)
 100 feet high accompanied the wind at that velocity.

The last 15 miles which the hurricane hunter avoided is termed the "wall of the eye." It is, as the term expresses it, a solid wall of rampaging winds and water spinning around the eye.

"Recommend no more low level penetrations be made due to severe turbulence," Lt. Bishop radioed to his base at Miami. The aerologist on the flight was L. R. Upton, chief aerologist mate of Union, Nebr.

The 11 A. M. advisory from the Miami Weather Bureau gave the location of the eye as latitude 24.2 north, longitude 07.0 west.

The U. S. produces some 400 feature movies a year.

GENEVA NEWS By Mrs. Addie Prevatt

A number of people from Chuluota attended the Baptist Church Sunday night where Rev. Hickman showed pictures of Costa Rica. He and his wife have been doing missionary work there for the past year and they plan to continue the work for the rest of their lives.

Mary Oldham spent a few days in Orlando with Mr. and Mrs. W. H. Henderson and son Larry. A number of people from here attended Vacation Bible School and Revival at the Chuluota Baptist Church conducted by Rev. Hall of College Park.

Mr. and Mrs. W. C. Anders had as their guest over the weekend Mrs. Anders' sister, Mrs. Bula Greenwell and son Billy of Gainesville.

Larry Henderson of Orlando spent a few days with Mr. and Mrs. C. A. Oldham and children Mr. and Mrs. W. H. Henderson also spent Sunday with the Oldham and Larry returned home with them.

A Day Worth Waiting For!

There are but few times in a man's life when he gets a thrill that matches the one he gets when he takes delivery of his first Cadillac.

We've watched it happen many, many times—and it never ceases to be a heart-warming experience.

You see—a man isn't simply buying a motor car when he gets his first Cadillac. He is marking a milestone in his life.

For years, he has been saying to himself that, some day, he would step up to a Cadillac.

All this time, he has seen it as something he wanted to do for his family... and as a sort of personal reward for the effort and planning that have gone into his own work.

And when you watch him slide over behind the wheel—well, it's a thrill just to be there. He's a proud and happy man as he turns the key in the ignition switch—and hears the deep-throated answer of the powerful engine.

If you are one who has been looking forward to a Cadillac—we think you would be well advised to come in and place your order now.

There's a little delay these days before a Cadillac can be delivered—and obviously, the sooner you place your order, the sooner you'll get your car.

And when the great day comes, you'll know at once that it was well worth waiting for—because all the things you've heard about a Cadillac are *dearly* true.

It isn't just a motor car. It's a wonderful contribution to a wonderful way of life!

Truman Demand For Stricter Price Controls Rejected

Senate Group Argues Over Compromise Tax Toned Down On Farm Cooperatives

WASHINGTON, Sept. 10.—(AP)—The Senate Banking Committee today rejected President Truman's demand for repeal of what he calls "the terrible Caphart Amendment" to the price controls law.

Amid cries of "filibuster" raised by Senator Moody (D-Mich.), the group then got into an argument over a proposed compromise version of the amendment, and whether to hold public hearings on it.

The committee recessed to 1:30 P. M. following a quick show-down then.

At issue is an amendment sponsored by Senator Caphart (R-Ind.) which allows sellers to pass on to consumers a great number of cost increases.

Price stabilization officials have evolved a compromise amendment which they said would be more workable. They would prefer outright repeal of the amendment.

Truman Stresses Need For Helping Poorer Countries

International Monetary Fund Called Peace Instrument

WASHINGTON, Sept. 10.—(AP)—President Truman said today the world's free nations must supplement their military defense program with continued efforts to help underdeveloped nations and lay a firm economic foundation for a "sound peace."

The President spoke at the opening of the sixth annual meeting of the International Monetary Fund and the International Bank for Reconstruction and Development.

Addressing some 250 delegates from the 50 participating countries, Mr. Truman declared the fund and bank are "part and parcel of the same great effort as the United Nations—an effort to maintain peace."

He said the three nations now engaged in a "great cooperative effort to protect themselves against aggression."

The President said the free nations have resources "sufficient to provide both for military defense and economic progress," and that they must not slacken in their attempt to provide the machines and equipment needed by less privileged countries despite their own shortages of these goods.

"We're not joined together purely for defense purposes," he added. "We do not want just to preserve things as they are. Our great object is to secure the peace and create better lives for all the peoples of the world."

As the meetings opened this morning, reports spread among the delegates that the United States and the only Iron Curtain country with membership in the fund and bank would attempt to go to the Nationalist (anti-Communist) Chinese government through out membership in the two organizations.

Canadian Finance Minister Douglas C. Abbott, chairman of the board of governors of both institutions, said in his welcoming address that the two institutions will welcome to membership.

Castle Brewer Court Dedication

Members of the Sanford Housing Authority, city and county officials and leading Negro citizens were in the group that celebrated the laying of the cornerstone in the Administration Building of the Castle Brewer project on the afternoon of Sunday, Sept. 2. The speakers included the Rev. J. E. McKinley, City Commissioner W. H. Stomper, and representing the colored residents, Prof. J. N. Crooms and H. L. Duhart.

Arch Foes Join Hands In Muddled Race For Louisiana Governorship

BATON ROUGE, La., Sept. 10.—(AP)—A quarter century ago, the late Huey Long split politics into two camps—"his and them"—but it's hard to tell who's who today in the present gubernatorial race.

New Orleans Mayor de Leveaux and U. S. Sen. Russell Long, son of the late Huey Long, are both supporting U. S. Rep. Hale Boggs' candidacy for governor.

The dynamic Huey Long split Louisiana politics into two camps in 1928 and for seven years before he was shot to death in 1935. The Kingfish beatrice the state like a colossus.

He was governor and U. S. senator and his "Share the Wealth" program founded a political dynasty.

The Kingfish divided the state into Democratic and anti-Democratic camps. The Kingfish divided the state into Democratic and anti-Democratic camps. The Kingfish divided the state into Democratic and anti-Democratic camps.

Higginbotham Is Named Chairman Of Housing Group

Sanford, Fla., Sept. 10.—(AP)—Warren today announced the appointment of a five-member Sanford County Housing Authority to function in a manner similar to the Sanford Housing Authority and to promote the building of low cost housing projects in incorporated and unincorporated areas in the county.

Named as members of the new county housing authority were Earl Higginbotham, Sanford, chairman for a four year term; Henry A. Simpson, Titusville, two years; C. R. Clontz, Br. Ovidis, three years; J. D. Wright, Jr., Sanford, two years; Leslie Bryan, Altamonte Springs, one year.

Cooperating in the formation of the new authority were three members of the Sanford Housing Authority including George Williams, secretary, treasurer, Eileen J. Moughtin, and Volie A. Williams, Jr., legal adviser.

Mr. Higginbotham, chairman of the county authority on housing, is manager of the local Standard Oil Bulk Plant, is first vice president of the Sanford Kiwanis Club and has taken an active part in the work of both the Junior and Senior Chambers of Commerce.

Korean Veterans Will Be Rotated Before Christmas

WASHINGTON, Sept. 10.—(AP)—All U.S. soldiers who fought in Korea last winter must be brought home "before this coming winter," the Army chief of staff said today.

Gen. J. Lawton Collins made the statement in a letter to Senator Dworthak (R-Iowa), who had protested against Army plans to use Idaho National Guardsmen as combat replacements.

Collins said "There is no satisfactory alternative" but to depend upon Guardsmen now in general service to help meet "a pressing manpower need."

"The overriding need is the requirement for rotation of men from overseas, including the rotation before this coming winter of all personnel who endured the bitter cold of last winter."

Cpl. G. B. Revels Is Back From Korea

SAN FRANCISCO, Sept. 10.—(AP)—Cpl. G. B. Revels, 413 Palmetto Avenue, Sanford, Fla., is among the 18 combat veterans from Korea who are due here today from the Korean aboard the transport, Thomas Jefferson.

They are returning for leave and reassignment. They include: Sgt. Ervin J. Bailey, Hilliard; Cpl. John D. David, Baldwin; Sgt. Elmer E. Driggers, Jacksonville; Pvt. George Dyal, Jacksonville; Cpl. Carl Flowers, Altamonte Springs; Sgt. Harold O. King, Jacksonville; Pvt. Henry S. Osteen, Jacksonville; Cpl. Charley Payne, Clearwater; Sgt. Douglas P. Mims, Miami; Sgt. Jimmie R. Smith, Starke; and Cpl. Roland E. Spooner, Altus.

Mrs. America's Ambitions Only For Her Family

ASHBURY PARK, N. J., Sept. 10.—(AP)—Movie actor Wendell Corey, a judge in the 1952 Mrs. America contest, today protested the method of selection of the new titleholder, Mrs. Penny Duncan of New York City. He said he had talked in a "great many" of the judges and found only one who had voted for Mrs. Duncan. Corey said he felt the results of the contest had been pre-arranged.

Building Permits For August Hit \$226,546

Permits for the construction of new homes sent the August total for city building permits up to \$226,546, nearly twice that of August 1950. John Gillies, city building inspector, pointed out today.

The total value of construction in August, 1950, was \$60,000. Of the 64 permits issued last month, 23 were for new homes having a total estimated value of \$194,226. Among the new homes are 17 now under construction in the Wynewood Subdivision by the Phillips Properties where it is planned to build a total of 95 homes.

Commercial permits in August included the new addition to the Margaret Ann Grocery, and improvements to Rocky's Tire Shop.

Big Loading Scale Installed At State Farmers Market

Sandy Anderson, manager of the Sanford State Farmers Market, is of the opinion that the new truck weighing scale just installed in front of his office is going to save him a lot of shoe leather, time and money.

The old scale, located west of the office about 100 feet and adjacent to the market annex, necessitated many 100 yard dashes, he pointed out, from the office to the scale in order to weigh trucks and cargoes.

Now, he stated, he will have the weighing beam in his office, and won't have to get wet on rainy days. In order to permit easy access to the scale platform, he plans to have a door installed in place of one of the windows of his office.

Workmen on Friday finished concreting the surface of the weighing platform which measures 50 feet long and 10 feet wide and which is capable of weighing up to 50 tons.

"What if some truck comes along that is longer than 50 feet and the driver wants to be weighed," a prankish trucker asked Mr. Anderson.

"I'll run for my shot gun," Sandy replied.

He predicted, however, that this emergency will never occur as trucks are limited in weight in accordance with Florida law which allows up to 18,000 pounds per axle, and this limits the size of the scale, which is to be used for Agriculture Marketing Board trucks more than 85,000, will be in operation in about 30 days, he said.

The State Road Department has been requested to slope the paved area up with the entrance and exit of the scales. Trucks will roll onto it from the south end.

Raymond Studio Now Owned By Kirehner

Fred Kirehner, photographer, who with his wife fled from Germany in 1938 to escape Nazi persecution, has taken over the operation of the Raymond Studio, formerly owned by Mr. and Mrs. Tom Swalm.

A graduate of the Imperial School of Photography in Berlin, Mr. Kirehner came to Sanford from Nashville, Tenn., where he had operated a studio for four years and closed it due to the death of a partner.

When he first came to this country, he worked for a number of well known photographers, including Ernest Nash in New York.

He stated that he specializes in three types of photography, portraiture and wedding ceremonies, work and restoration of old documents and photographs.

"I like the friendly spirit of the people of Sanford," he declared recently. "Kirehners live at 217 Oak Avenue."

Scientist Reveals Activity Helps To Delay Aging Process In Brain

ST. LOUIS, Sept. 10.—(AP)—Keep active and you'll delay the fattening and aging of your brain, a German scientist suggested today.

Dr. O. Vogt of Schwarzwald, Germany, told a conference on the physical and other problems of elderly people that the aging of the brain consists largely of fat-formation in brain cells.

And, he said, "exercise acts as a delaying factor in the aging process."

Describing researches on the brain cells of elderly people after death, Dr. Vogt said the findings constituted "an important factor in the difficult problem of retirement."

Examination of the brains of two women, between 80 and 100 years old, who had been "very active" throughout their lives, showed that the aging of brain cells had been considerably delayed, he said.

"In addition we have observed no case in which overwork was found to have accelerated the aging of nerve cells."

Vogt's report was made by word in the second International Gerontological Congress. Scientist who heard the report said they interpreted the German's account as meaning that "exercise" exercises could delay the aging of the brain.

At the same meeting, another scientist offered the view that

Rockets Of Russian Type Land Behind UN Lines In Korean War

Ganas, Fleming Sharp Words Are Told Rotarians Of Grid Outlook Over Cease-Fire

64 Boys Have Turned Out For Football Frosh Team Slated

By ROBERT LUKMAN, MURKIN, Iowa, Sept. 10.—(AP)—United Nations officers swapped deep words with Red in Kansas today after receiving a Communist challenge that an Allied warplane strafed the cause.

The U. N. officers refused to give the Reds an on-the-spot report of their investigation. They also refused to consider that an attack had occurred as that a U. N. plane was involved.

After two meetings with Red liaison officers, the Allied investigators told them the evidence gathered was not sufficient and would be submitted for further study.

A report of a plane being shot down and the U. N. officers pointed out.

Nearly all the Allied troops were within an area of a few feet.

There was no possible shell on any.

A gas tank in full earth were mangled.

They acknowledged only that during a four-hour outbreak of the alleged neutrality zone violation they found one bullet mark and a dozen or so caliber rings.

Jury In Bartow Murder Trial Sees Scene Of Death

BARTOW, Sept. 10.—(AP)—The jury in the murder trial of A. Elwood North paid a delayed day today to the family farm home where Mrs. Betty Abington died.

The court had planned in anticipation of the death scene yesterday, but Judge Don Rogers called it off because of what he described as a technicality.

Today State Attorney Walter Woolf renewed his request that the jury visit the Abington home and Judge Rogers agreed.

He did not say what technicality he believed would be better to make the jury more fully other than Sunday.

The 27-year-old widow, who called North all her family estate, lived about halfway between Frostproof and Bartow in southern Polk county.

North, 35, a plump, soft-spoken undertaker, had been in the cattle business with his husband and was helping her handle the estate.

Lakes Are Seined For Predatory Fish

R. J. Johnson, president of the Seminole County Sportsmen Association reported today that the seining to remove the rough fish in Lake Jessup by the Game and Fresh Water Fish Commission crew was very successful last week.

There has been an abundance of predatory fish removed, Mr. Johnson said. He added that in seining this large amount of predatory fish that there will be good fishing in Lake Jessup next season.

There have been good catches of bass and bream in the water, which are placed back in the waters and the predatory fish destroyed.

The seining has been supervised this week by Game Warden, Bill Johns and John Warren on the absence of Harold Moody, technician of the Game and Fresh Water Commission, who has charge of this crew.

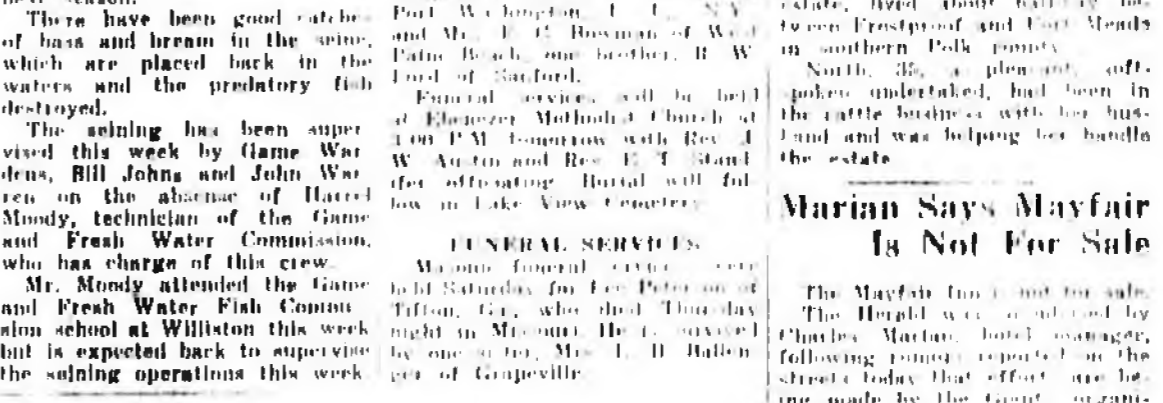

Mr. Moody attended the Game and Fresh Water Fish Commission school at Williston this week but is expected back to supervise the seining operations this week.

Marian Says Mayfair Is Not For Sale

The Mayfair hotel is not for sale, the Herald was informed by Charles Martini, hotel manager, following rumors reported in the streets today that efforts are being made by the Coast organization to dispose of the property here.

It can be seen from the Martini and that an attempt is being made to sell the Mayfair Inn, and that the hotel is not for sale at the present time.

Truck Wreck In Path Of Gromyko's Car

After the FBI had reported a plot to ram a bear truck into a car carrying Soviet Deputy Andrei Gromyko to the Japanese peace conference, a huge meat truck turned over on the route Gromyko was taking into San Francisco. It is shown here lying on its side, partially blocking the highway. The Soviet official, guarded by six special police cars, came racing along shortly after the accident and avoided the wreck. Police said the meat truck incident was coincidental and had nothing to do with the "plot" (International Soundphoto).

THE WEATHER

Generally fair and mild through Tuesday, except possibly a few light showers along southeast coast and Keys and in the Tallahassee area.

TODAY'S BIBLE VERSE

The struggle for liberty has caused rivers of blood to flow. Nothing is more precious. There is nothing in all the world for which we can exchange it without eternal hurt to ourselves.

"If all mankind minus one were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that one person than he, if he had the power, making."—John Stuart Mill.

"I have always strenuously supported the right of every man to his opinion, however different that opinion may be to mine. He who denies to another this right makes a slave of himself to his present opinion, because he precludes himself the right of changing it."—Thomas Paine.

A visitor in the Herald office Saturday was Dick Myers who used to do a column for us back in 1938 on Seminole High School. Dick now has his own business up in Columbus, Ohio and is doing very well. He is in Florida to see his father who is sick in Lake City and who used to be the druggist at Touchton's Drug Store.

Here's an argument for not building a sewage disposal plant in Sanford: In New York City the other day a policeman argued with a woman who was threatening to jump to her death off the municipal pier. Finally he got onto the right track. "All right, go on and jump," he said, "but that water is dirty and nasty. It's full of filth. With that the gave up the attempt, and was taken to the hospital."

You are going to have to pay four cents to mail a letter, two cents for a postcard, in the future if a bill passed last week by the Senate becomes law. The bill would also increase the postage which newspapers have to pay for mailing privileges by 30 percent. That will not slay us (most of our papers are delivered by our own carriers) but it is another drop in the bucket. We should say it is another straw on the camel's back. And like the people who have to pay more for postcards, we are beginning to wonder how much the camel's back will stand.

Newspapers all over the country are having increasing difficulty with public officials and others who for one reason or another want to keep news out of the paper. In Elkhon, Md. the other day two reporters were expelled from a town council meeting because they had printed something in their papers which the mayor had told them not to print. A few days later, after hearing from the American Society of Newspaper Editors' committee on information, the mayor reversed his decision and opened the council meeting to the public. Something for everyone to consider in this day and age, whether they want their newspapers to print the news, or whether they want their public affairs conducted in secrecy. And important for them to remember is that if one man can suppress news, anybody can.

You may not like General MacArthur because of the way he wears his cap or because he strutted down the ramp, or because he was in the Army and you were in the Navy, but you have to admit that he is delivering some pretty strong messages. One message is that he will be delivered. As a man who is, few leaders are strong enough, or big enough, to strike out against the stiff resistance and the frightful corruption which characterize so large a part of our political institutions. It is high time for someone to get down on the lines for our own good. General MacArthur has the military reputation in the last war, and he is making some very strong messages.

Worry And Long Life

An individual who reaches his hundredth birthday becomes the center of interest for his neighbors, relatives and friends in a sense for the entire community. The newspaper carries a story on the birthday celebration and it seems inevitable that the celebrant should be asked what he feels contributed most to his long life.

There have been all sorts of recommendations made by men with unusual life spans to younger men. Most of these old people maintain that their life has been free from worry. While an individual may sincerely believe that he never worried, it seems unlikely that a person wholly without worry ever existed.

The person who today is alive at a hundred has lived through one of the most trying periods in the history of the world. Wars, depressions, vast and rapid changes in the tempo and manner of living marked the last hundred years. Few men live through such times without worrying to some extent.

Perhaps it is because their last days are so serene that the very old forget that they once worried. Time has a happy way of dulling the edge of sorrow and making big trouble seem smaller. The realization that man is capable of meeting any test or problem helps to banish the memory of worry.

Code For Psychologists

Psychology has been a greatly misunderstood and misused science since it first captured the public fancy. Persons with inadequate knowledge and training have frequently embarrassed honest psychologists and have undermined public confidence in the help which can be given by the trained and ethical psychologists. For the past two years the American Psychological Association has been working with funds granted by the Rockefeller Foundation to draw up a code of ethics for the profession which will help to guide practicing psychologists in making ethical decisions.

The leadership of the Association has stated that it is the duty of competent professional psychologists to protect the public from charlatans and incompetent practitioners. Psychology has a useful function in our present society. It can help in industrial counseling, aid confused people to adjust to their environment and bring comfort to the troubled. But psychology must maintain public confidence if it is to be useful.

The same sort of self-discipline which the medical profession imposes on its members, and the same vigilance against frauds and incompetents, might do much to solidify the gains that psychology has already made in capturing public confidence.

After The Pressure

There is an interesting explanation of the small earthquake which recently shook up an area near New York City, without causing any appreciable damage. Small shocks are frequently recorded in that general vicinity, and seismologists say that the earth's crust is still readjusting itself, snapping back into place, after the removal of the weight of a giant ice cap which once pressed down over New England and upper New York and which melted five thousand years ago. Father Joseph Lynch of the Fordham University laboratory said it was like the creaking of boards in stair steps, popping back some time after the passage of feet which pressed them down.

There is something awesome in the thought of forces deep within the earth which can lie tensed, like steel springs, for so long a time and then at last push themselves back into place. Awe-inspiring, too, is the conception of the great weight which must have been needed to crush down the earth in this manner. By comparison, the weights which bear down sometimes on the human mind and heart seem small indeed, and the heart snaps quickly back when the weight is removed.

Louisiana Election

(Continued From Page One) vote—endorsed Boggs, too. Sen. Long call for "bi-partisan support" of Boggs won over William Fozell, oil millionaire and the Longs key financial backer. However, it pitted Russell against his uncle, Gov. Earl Long, whose candidate is district Judge Carlos Specht of Baton Rouge. Among the anti-Longs, loyalty is split between Boggs and Appeal Court Judge Robert Kennon of Minden. Kennon ran well, but lost in races against both Earl and Russell Long. He again seeks the governorship.

Dudley Leblanc and Lt. Gov. William Dodd

Perex, who once defied Hue Long against impeachment, is national spokesman for State Rights Democrats. He was Long's campaign manager in 1948, reportedly favors Miss Luella May Grice, register of the State Land Office and the only woman candidate for governor. Leblanc made a fortune off his patented medicine tonic, (Hadalcol). A volatile descendant of Louisiana's pioneering Acadians and variously foe and friend of the Longs, Leblanc is another gubernatorial candidate. Gov. Long broke months ago with Lt. Gov. Dodd, once considered the heir apparent. Dodd also is in the governor's race as an independent.

Sanford Forum

Sanford Forum Dear Editor,

Well I asked for it, and I got it. A red hot letter right off the press, but I wasn't surprised. Since I got this letter I made up my mind to say a little more. If any of you other folks got the impression that I was a well wisher to liquor and tobacco using, I did not intend for you to. I don't use either one in any form. But I believe there is a right way to go about trying to get the other fellow not to use it.

Lot of folks say; well God put these things here on earth and he meant for us to enjoy them. He also created poison, that will kill us right now, if we partake of it. But most of us have got common judgment enough to let it alone (the poison). God also put the tree of fruit in the Garden of Eden. BUT he told Adam and Eve not to eat of the fruit. If they did they would die. But they did not really die. It meant their relationship would be cut off from God. So you see it is like this. Liquor or tobacco is harmful to the body and if you partake of both or either of them your mind can not think clearly anything that harms the body also affects the mind.

And if ever in this world we needed strong clear minds to think with it is in these days in which we are living. God could just as easily as not put that tree in the garden. But he wants people to choose for themselves whether they will listen to him or to the enemy. So dear readers, the only thing I have to say along this line is that I can not make you not drink or smoke as some would like to do.

But I know one that can help you quit any habits you might have, if you want to quit them. My Savior, the Lord Jesus Christ. Liquors and tobacco were here in this old world long before any of us and will be here when we are dead and gone.

So make your own choice but rather choose God and the things that are pure and clean because the enemy only has things to offer such as sick bodies, loss of mind and in the end eternity without God. Thank you for these few moments of time spent with you. Mrs. J. M. Whitaker Rt. 1, Box 91 Sanford, Fla.

Editor, The Sanford Herald, Sanford, Florida Dear Sir: Some few months ago I attended a special meeting of the Board of County Commissioners of Seminole County, at which time the closing hours for the sale of beer were under discussion. After a thorough discussion of the matter and a strong plea

by the clergy and other interested in the subject, the Board voted, in substance, the exclusion of the sale of any intoxicant during Sunday hours and until Monday morning.

However, it has come to my attention that after a short period of time the matter was brought up again with the result that this new closing period was withdrawn by the board, and the matter is as wide open as before. It occurs to me that we should follow suit and keep our closing hours the same as that of our adjoining county—Orange.

The wet and dry issue will doubtless always be with us, but we who wish to raise our families in a clean and healthy atmosphere should certainly like to see them brought up in the least contaminating atmosphere possible. Furthermore, we have at this time both White and Colored who are giving this matter of drink serious consideration and who are determined to put their influence behind the question of temperance, and are not inclined to be satisfied with an amendment of those who wish for momentary reasons to force upon us this issue against our better judgment. There are those in every community who need a restraining influence to help them carry on and live right. There are those, also, who put the almighty dollar first and are not concerned with moral or spiritual values. There is a great deal being written at this time, pro and con, on honest government and good interpretation placed upon them, and from the head of our nation on down the line there is much criticism at the moment because

When Children Won't Eat

By W. V. Bittling Touchton Drug Co. Few doctors advocate forcing a child to eat. Still there are minimum requirements of certain foods that must be consumed daily if the child is to grow and be healthy. When your children pass all your schemes to get those necessary vitamins into their system daily the best thing to do is consult your doctor. There are many drug forms of food chemicals which will adequately make up the deficiency. If your doctor prescribes one or more it will be to their advantage to secure them from a quality pharmacist. This is the title of a series of editorial advertisements appearing in this paper each week.

Old Age

(Continued From Page One) have our faculty of acquiring maturity by knowledge, experience and emotional insight. "The result is," he said, "that at the end of these years which are meant to be the climax of our life span, we are only empty shells, and ready to be nasty, ignorant and helpless old men and women, suffering from all the neurotic symptoms of post-mature infantilism."

The Sanford Home Demon-

Mrs. Greene, Roche Honor Miss Babecek

Mrs. Victor Greene and Mrs. W. L. Roche were hostesses on Thursday night for a miscellaneous shower honoring Miss Kathleen Babecek, popular young bride-elect.

The Green home was lovely with Fall flowers. The dining table was overlaid with lace and in the center a crystal bowl held pink and white flowers and fern.

When the guests had assembled they enjoyed the presentation of a mock wedding. Mrs. C. C. Welch performed the ceremony which united as bride, Miss Mary McMahon, and bridegroom, Mrs. R. W. Tench. Others taking part in the mock ceremony were best man, Mrs. Fred Robb; bridesmaids, Mrs. R. G. Brisson and Mrs. R. E. Moul; bride's mother, Mrs. E. C. Williams; bride's father, Mrs. R. C. Long; flower girl, Judy Robb; ring bearer, Sally Robb; officiant, Miss L. P. Greco; soloist, Mrs. W. A. Linton, and accompanist, Mrs. S. J. Nix.

At the close of the ceremony Miss Babecek's many lovely gifts were presented to her by the bride and groom with the admittance to keep them until they returned from their wedding trip. Gifts were also presented to Miss McMahon and to Miss Zillah Welch.

Mrs. Long and Miss Greene assisted the hostesses in serving punch, cake, salted nuts and mints. Tiny parasols were used as favors for the guests. In addition to those taking part in the wedding, others invited to be with Miss Babecek were the Misses Mary Anne Gallagher, Zillah Welch, Barbara Becker, Ernestine Westfall, Barbara Chapman, Joanne Williams and Lita Leffer.

Also the Misses Nixie Kitch-

Personals

Mr. and Mrs. C. B. Ripley and family have moved from 2017 Mellonville Avenue to Crystal Lake.

Mr. and Mrs. John W. Epps left last week for Atlanta where Mr. Epps is a student at Emory University School of Dentistry.

Syd Chase, son of Mr. and Mrs. S. O. Chase, Jr., left this afternoon for Woodbury Forest Preparatory School in Orange, Va.

Mr. and Mrs. Randall Chase and children have returned to their home in Sanford after spending the summer in Barnstable, Mass.

Mrs. Tony Rupp and son of 204 Maple Avenue left on Friday for Cherry Point, N. C. to join her husband, S. Sgt. Tony Rupp.

Charles Nelson of Stetson University has returned for the Fall semester after visiting Mrs. Charles E. Ginn.

The Misses Myrna and Shirley Eubanks plan to return on Wednesday to DuBoise School at Zellwood after visiting with Mrs. Charles E. Ginn.

R. L. Morton returned on Sunday to his home in Sanford from the Orange Memorial Hospital where he recently underwent an operation.

Miss Mary Margaret Herndon has returned to Sanford after spending several months with her brother and sister-in-law, Mr. and Mrs. O. P. Herndon, Jr. in the Panama Canal Zone.

Frank Backes of Glenview, Ill. is the guest of Mr. and Mrs. E. Whitner, Jr. The Whitners also had as their guest over the weekend, Miss Jane Turner of Lake Wales.

A G. Clause was honored on his 40th birthday with a surprise party held at his home at Wilson Corner. Twenty-five descendants and several friends celebrated the event with Mr. Clause.

Joe Clingenpeel has arrived on a 30 day leave from active duty in the Pacific to visit his wife Nancy Elts Clingenpeel, at the home of Mrs. Ruth Hand, Thirtieth Street and Park Avenue.

Mrs. D. H. Matthews of Hawthorne and son, Billy is staying in Sanford at the home of Mrs. M. J. Morris, 117 West First Street. She is a frequent visitor in Sanford and is also visiting other friends here.

Miss Dorothy Niblack Given Dinner Party

OVIEDO—(Special)—Miss Dorothy Niblack, of Oviedo, bride-elect of Dave Jackson, of Sanford, was feted at a dinner party at the Orange Court Hotel Tuesday night by Mrs. J. E. Partin, Mrs. J. C. Faircloth and Mrs. J. E. Partin.

The dining table was covered with a lovely heart, made of pink lace, flanked with white pom-poms and fern. Pink candles in crystal candleholders completed the arrangement.

Ministerettes, holding pink and white mints, greeted each guest.

The hostesses presented Miss Niblack with a beautiful champagne crystal bowl.

With the honors, guests were her mother, Mrs. C. T. Niblack; Miss Billie Chase and Miss LaJune Estes, all of Oviedo; Miss Barbara Lee, Mrs. Dot Parham and Mrs. Lionel Nelson, of Orlando; Miss Martha Taylor, of Mims and Mrs. J. L. Jackson, of Sanford.

Miss LaJune Estes Is Entertained At Tea

OVIEDO—(Special)—Miss LaJune Estes, lovely bride-elect of Kenneth Wiggs, was feted Wednesday afternoon with a tea, given by Mrs. T. H. Daniell, Mrs. T. H. Daniell, Jr., Mrs. Young Harris and Mrs. Marvin Estes, of Oviedo, and Mrs. Marvin Estes, of Stuartland.

The spacious auditorium room of the Memorial building was gorgeous, with tall baskets of pink hibiscus and fern gracing the entrance and sides.

The tea table, covered with a linen cloth of rare beauty, was centered with a lovely arrangement of tub roses, pink rosebuds and white lilies.

In the receiving line were Mrs. T. H. Daniell, Mrs. R. W. Estes, mother of the bride-elect, Miss LaJune Estes and Mrs. Marlon Estes.

Mrs. Young Harris, Mrs. T. H. Daniell, Jr. and Mrs. Marvin Estes were circulating hostesses.

They were assisted in serving by Mrs. L. A. Hardy, Mrs. Milton Gore and Mrs. Don Ulrey. Also the Misses Kay Estes, Martha Jean Hardy and Ann Lehnhart.

The U. S. census shows 42 per cent of American made over 18 have completed at least one year of college.

Pigskin Prospects Surveyed, 3 Southeast Bowl Teams Seen

ATLANTA, Sept. 10 —(AP)—Southeastern Conference football gets an early start this fall—Sept. 15—and unless a lot of predictions are all wet, Southeastern football will finish late—Jan. 1—in about three bowl games.

Going along further with general predictions, the three Southeastern teams which will be busy New Year's Day making a hundred or so thousand dollars apiece, will be among this group:

Tennessee, Alabama, Georgia and Kentucky, Alabama and Georgia Tech have slim chances of gate crashing the bowls.

Generals Bob Neyland's Tennessee Vols probably have the best reputation of any Southeastern team ever had before a season started. They're No. 1 nationally in the Associated Press annual pre-season poll.

The reason is an astutely arranged schedule, profound knowledge of basic football (blocking, tackling, running), and 23 young men of medium football size who spend little time getting their feet cold.

Neyland will do almost anything to minimize his team's reputation, but he can't keep covered such players as Hank Lauricella, Gordon Fofonko, John Miles, Ted Laffer, Harold Payne, Vince Kavata, Bill Pearman, Jim Haslam and Andy Kozar.

When a coach has players like those, plus 15 men who would be first stringers almost anywhere besides Tennessee, he shouldn't complain. The Vol schedule doesn't even start until Sept. 29—a week later than the average Southeastern team.

Duke the following week is tough. But Chattanooga on Oct. 13 isn't. Alabama on Oct. 20 is the season highlight in the Southeast. Between Alabama and North Carolina on Nov. 3 is neatly sandwiched a thin slice of football talent from little Tennessee Tech.

There was little trading in Georgia stock six months ago and just why Wally Butts' Bulldogs suddenly have become gilt edged securities is simply a matter of good news leaking out.

Presently, Georgia isn't good enough to rank in a three some with Tennessee and Alabama, but Georgia might be that good by midnight Sept. 20. That will be after the Georgia-North Carolina game in Chapel Hill.

Three Southeastern teams certain to be far better than they were in 1949 or 1950 are Mississippi State, Florida and Auburn. All three are coming along well under comparatively new coaching regimes. State and Florida are at least two years ahead of Auburn in cosmetics and this season they should challenge for a first division spot in the 12-team league.

Mississippi backs need experience but the Rebel line is better than the Dixie average. Vanderbilt apparently has been relieved partially by Darrell Crawford's fine development. But Tech had a long series of injuries during fall training. If most injuries aren't serious, then Tech should do well against S. M. U. in Atlanta Sept. 22.

City Champion Gene Tucker, left, is congratulated by his opponent Hollis Percy after defeating the latter in the finals of the men's singles tennis tourney sponsored by the City Recreation Department.

Sports Reporters Name Tennessee Gridiron Favorite

NEW YORK, Sept. 10 (AP)—Four of the major college football conference champions of 1950 stand to be dethroned in the new season starting this month if the nation's sports writers and broadcasters know their business.

This was indicated today in a pre-season, nationwide Associated Press poll calling upon the press box experts to choose the top 10 teams for the 1951 pigskin parade.

First, let it be noted the poll put Tennessee on top—and more or less on the spot—as the No. 1 outfit. General Holt Neyland's Volunteers got an overwhelming 60 first place votes out of 115 cast, and a total of 923 points.

This automatically projected Tennessee as the Southeastern Conference champion, replacing the 1950 winner, Kentucky. The Wildcats were named the No. 2 team and Alabama No. 3.

Ohio State is figured as the new Big 10 champion, by an overwhelming point total, with Maryland ahead of the ten major championship caliber in the Southern Conference and Texas A. & M. the new titleholder in the south-east circuit.

Michigan State, with 18 first place votes and a total of 728 points, got the nod as the top independent team in the land. The Spartans were rated No. 2 in the first ten. The 1950 poll closed with Army in the No. 3 spot, and the dejected leader among the independent outfits.

Army, it ranks ridged by loss of most of the squad in the embarrassing scandal, rated a 25th place in the new poll with only five points.

Miss Louise Suggs Wins 2nd Annual Carrollton Meet

CARROLLTON, Ga., Sept. 10.—(AP)—Little Louise Suggs won the second annual Carrollton women's golf tournament—the tournament created by her hometown fans as tribute to their favorite golfer.

The little southerner fought her way up from a three-stroke handicap and sixth place to overtake and win Mrs. Miffred (Habe) Zaharias of Tampa, Fla., by one stroke yesterday. Miss Suggs had a total of 77-74-70-221; Mrs. Zaharias, 77-71-74-222.

Her second shot on the last green was the one which clinched the championship for the slender professional, who was runner-up last year. The ball barely missed the cup and she holed out easily with a birdie three.

First place in the \$2,000 tournament was worth \$750. Mrs. Zaharias won \$200.

Third place and \$200 went to Betty Jameson of San Antonio, Tex., who had 76-77-76-229.

Low handicap was 18-year-old Pat Lester of Seattle, with 75-75-74-224. She tied with professional Helen Dettweiler of Indio, Calif. for fourth place. Miss Dettweiler had 75-73-76-224, good for \$250.

Next was Mary Lou Faulk of Thomasville, Ga., amateur who never broke par after setting the pace for the first round. She finished with 73-78-76-227.

Patty Berg, St. Andrews, Ill., won this tournament in its initial year, 1948. Miss Faulk for sixth and won \$200 with 76-76-74-226.

Fro Beverly Barton of Pasadena, Calif., co-leader with Mrs. Zaharias going into the final round finished tenth with 74-74-81-229, worth \$150.

Miss Suggs' final round 70-two under par—tied the tournament record which had been set last year by Marlene Bauer of Midland, Tex. Miss Bauer tied with fellow Texan Betty Babin of Austin for eighth place, each picking up \$175.

Mrs. George Wilcox, Jr., Miami 80-76-76-232.

Mrs. Sam Emerton, Marian, Ky. 84-86-86-256.

Only Two Florida State Pitching Records Broken During 1951 Season

SILVER SPRINGS, Sept. 10.—(Special)—Only two Florida State League individual pitching records were broken during the 1951 season, it is revealed in official and final averages released at league headquarters here today.

The veteran knuckleballer, Cecil Hutson of Palatka, broke a record that has stood since 1938 when he appeared in 67 games as a pitcher. The old mark of 57 was set by Leeburg's Jake Bunch in 1938.

Gerald Schultz, Sanford left-hander, set a brand new record for the number of men walked in a season when he passed 196. This was 26 more than the 172 walked by George Fulla of Gainesville in 1949.

The complete domination of the DeLand hurling staff highlighted the final figures. The team had a 2.60 earned run average, while the first four hurlers topped the entire lot, and they were all DeLand hurlers.

Rookie Walt Palmaki posted the best, a fine 1.70 after appearing in 25 games, 17 of which he started and finished. He won 16 and lost four, and with his manager, 28-year-old, most earnest hurler with an earned run mark of less than two per game. He also hurled five of his team's 16 shut outs.

Budger had the second best earned run average, a 1.94 after 20 little during which he shut-out four clubs, won 12 and lost five, and otherwise departed himself as was predicted.

Rookie John Janace, also of DeLand, won the most games—38—and was the league's only 25 or more game winner, the first such since 1940. He had an earned run average of 2.31 after 44 games, 24 of which he started and finished. Janace also hurled the most no-no's—10—and faced five shut-outs.

Lowell Gray of Cocoa lost the most games, 21, and gave up the most runs—190; the most hits, 259; the most earned runs, 119. He also tossed the most "goopher" balls—20 home runs having come off his pitching.

The veteran Wally Gaddis of Daytona was charged with 21 scientific hits to lead in that department, while Harry Bates, Cocoa rookie, hit the most men—11 Young Jim Coppock of Daytona fanned the most—176—a far cry from the league record of 305 set back in 1940 by Dick Hearn of St. Augustine.

Sixty-six shut-outs were hurled DeLand winning 10 and losing 5; Orlando won 13, lost 10; Sanford 6; Leesburg, 3-11; Palatka, 7-10; Micanopy, 5-11; Palatka, 7-10; Daytona, 7-8; Cocoa, 4-8; Gainesville, 3-5.

Forty extra innings tilts were played, the longest being Orlando's 9 to 5 victory over Cocoa in 18 innings in that city. Orlando won 10, lost one extra frame tilt; DeLand, 6-5; Cocoa, 6-9; Leesburg, 5-4; Gainesville, 4-6; Daytona, 3-6; Palatka, 3-4; Sanford, 3-5.

Boxing Officials Meet; Study TV, Safety Measures. CHICAGO, Sept. 10.—(AP)—National Boxing Association delegates officially opened their convention today studying television problems and urging universal adoption of NDA-enforced safety measures for fighters.

This 1/2-ton INTERNATIONAL pickup
will never let you down!

Model 4110 135 cu. in. wirewheel 60" Ht. International pickup body 4,200 lbs. GVW. Package to 4,100 and 4,000 lbs. after 10,000 and 14,000 wirewheel 2 and 4 Ht. 135 cu. in. V-6 2,800 lbs. Special vehicle subject to change without notice.

When you choose an International pickup— you're picking a truck that will never let you down.

Like every one of International's 115 basic models, this 1/2-ton pickup gives extra long life, operating economy, and greater riding comfort.

Features that pay off on performance include the new Silver Diamond valve-in-head truck engine. Built to handle a steady diet of heavy work, it has a beautiful balance of pep and power—designed to get engine operating and maintenance costs.

Steelex frame combines greater strength for heavy loads with proper flexibility for roughest roads.

And in the **compo-vision cab** you get "the roughest on the road." Deep-cushioned seats give firm support. "Sweep-sight" wind-shield gives full front visibility. Longer, stronger springs cushion you over the bumps.

Come in and get the full story about International pickups! Or if you need multi-stop delivery trucks super equipped to fit your business—ask us about International's with Metro or panel bodies. Whatever your loading problem, we can give you an International Truck to do it better, at lower cost.

Orlando Youth Held For Brutal Beating

ORLANDO, Sept. 10—(AP)—Two Orlando youths, arrested pre-dawn today, have confessed to the brutal beating of a 75-year-old woman here Saturday night. Sheriff Dave Starr reported.

Starr identified the pair as Robert Ford, 19, and Richard Gastell, 20. He said the confessions came this morning after several hours of questioning.

The victim of the attack is Mrs. Belle Hixson of Orlando. She is in Orange Memorial Hospital where her condition is described as "fair."

The woman was attacked late Saturday night as she was returning to her home from a church meeting, the Sheriff said. Badly beaten, Starr said Mrs. Hixson was still unable to relate details of the attack today.

Starr said in their signed confessions the youths stated they had been drinking and attacked the woman "for no particular reason."

Both were held without formal charge, pending outcome of the victim's condition, the Sheriff said.

Miss America

(Continued From Page One)

and will stay home with Mrs. America of 1952 is the wife of Maynard Duncan, a student and the son of a 75-year-old boy, Craig. She won the title after displaying her five-foot 7 1/2 inches and 126 pounds in a fitted white bathing suit with straps.

She measures 36 inches at the bust and 24 at the waist, identical with the new Miss America, Colleen Kay Hutchins of Salt Lake City who is three years older than Mrs. Duncan. Both beauty winners claim sewing and painting as hobbies.

Mrs. Central Florida, Peggy Creel of St. Petersburg, placed third in the contest to determine the queen of America's married beauties. She won the Florida title at Sanlando Springs.

Shapely Toreador Kills Her Bull, Is Awarded His Ear

JUAREZ, Mexico, Sept. 10—(AP)—The ear of the bull she killed. That's what Patricia McCormick got to: courage in the bullring. Patricia, blonde, pretty, shapely, 22 and from Midland, Tex., stood in the Plaza de Toros yesterday with her cape.

With grace and precision she started off on the intricate passes to taunt the bull. But soon she became mired in the very intricacies of the passes.

And she stood too close to the bull—so close that the huge beast lifted her on its horns and threw her at 25 feet. She was trampled, but she got up to start again.

The crowd shouted and yelled until it was near-hysterical. "Get that girl out of there," one woman yelled.

But Patricia came back with sword to kill the bull. On her first try she missed completely. Her second thrust was far back, but finally the bull staggered and toppled. Patricia stood in the ring, her slacks and blouse smeared with the blood of the bull.

The crowd went wild. Interant judges awarded her one ear of the bull it's usually given for unusually excellent performance.

Patricia left the ring quickly and went off to celebrate at a banquet given by her friends. She's a grad at Texas Western College here. She grew up wanting to be a bullfighter. She had fought in rings before, but yesterday she killed her first bull.

Bin Is Installed By Sanford Fruit Co.

A bin for juice oranges capable of holding 1,500 lemons, fruit has been installed by the Sanford Fruit Co. at the east end of its parking house at the Sanford State Farmers Market.

Oranges are brought from the packing house to the bin by means of an overhead conveyor belt. The oranges do not drop to the bottom of the bin but roll down a number of inclines and ledges, preventing bruising.

The fruit can then be released from any part of the bin to another conveyor belt that takes it to an elevator conveyor and up to a high chute from which the oranges roll into waiting trucks.

O. L. Coulter, sales manager for the company which is owned by Harry Touke, stated that the new bin will be put into operation about Oct. 1.

Costing about \$2,000, the bin and conveyors control the flow of oranges evenly, and much labor is saved.

MARKET MEETING
WINTER HAVEN, Sept. 10—(Special)—The Annual Meeting of the Managers of the Florida State Farmers' Markets will be held in the Florida Room of the Florida Citrus Building in Winter Haven on Sept. 13, 14, and 15.

William L. Wilson, Director of the state market system announced today. "The opening session will be at 8:30 A. M. Thursday, Sept. 13 and the annual banquet will be on Friday evening."

Managers scheduled to attend the meeting are: D. D. Coleman, Bonifay; Miss Dorothy Sivards, Starke; J. W. Lamb, Dade City; C. S. Phillips, Florida City; M. E. Williams, Fort Pierce; R. L.

This free service includes assistance to employers of veterans under the G. I. Bill, vocational training, subsistence or other problems.

Korean War

(Continued From Page One)

aimed at any specific target. Reports indicated only a small number were fired.

Eighth Army officers refused to say whether they could have been launched from a Communist plane.

At least one rocket was identified definitely as being of the size used by the Red army against the Germans.

The missiles are erratic, but awesome when fired in barrages. Their launching requires skilled handling, which indicated they may be part of the arms to be used by the Red's "austrian troops" if and when they are thrown into battle.

The Allies have used rockets frequently in the Korean war, primarily to blanket an area which infantrymen are going to attack.

Monday's jet air battle ranged from altitudes of 40,000 feet down to tree-top level.

The Allied warplanes were led into battle by Col. Francis Gabreski, America's top ace.

"It was one of the most ferocious air battles I have ever seen," said Gabreski, a veteran of aerial warfare against the German Luftwaffe in World War II.

Other Fifth Air Force warplanes ranged through the clear Korean skies to pound Communist supply lines.

In the pre-dawn darkness Monday Allied fighter-bombers and bombers attacked heavy Red vehicular traffic bringing fresh troops and supplies down from the north. The U. S. destroyer escort Selverling suffered some damage but no casualties yesterday when

Cease Fire Talks

(Continued From Page One)

and around a group of stone houses. The talks were about three-quarters of a mile from the site of the suspended armistice talks.

The investigators said the bullets appeared to have been fired from several directions and at different angles.

This would conflict, they said, with the Red assertion that the plane made on pass over the house.

When the investigation was completed, the senior Allied officer refused a Communist demand for a reply to the charge.

Col. Don Darrow, Air Force officer from Tacoma, Wash., told the senior Red liaison officer, Col. Chang, that the evidence would be studied further. He said he would report his findings to Gen. Matthew B. Ridgway, supreme Allied commander, and Vice Adm. C. Turner Joy, chief U. N. negotiator.

Several times Darrow and Chang exchanged sharp words. At one point Darrow called a statement by Chang "stupid" and Chang demanded that Darrow be replaced by another U. N. officer.

At a meeting in the truce conference house after the investigation, Chang charged that "this kind of violation" had no purpose other than to delay resumption of the cease-fire negotiations.

Cynthia.

He will remain here until Oct. 8, when he will report for duty at Ft. Jackson.

Congress

(Continued From Page One)

outright repeal requested by the President.

Voting for the proposal, he said, were Senators Sparkman (D-Ala.), Douglas (D-Ill.), Benton (D-Conn.), Moody (D-Mich.) and Ives (R-N.Y.).

Voting against repeal, Maybank said, were Senators Fulbright (D-Ark.), Robertson (D-Va.), Frear (D-Del.), Capehart, Bricker (R-Ohio), Schoenfel (R-Kan.), Dirksen (R-Ill.) and Maybank.

The chairman said he cast proxy votes for Robertson and Frear, who were not present, and that the votes should not be interpreted as indicating the sense

ors stand on the compromise. Mr. Truman in a special message Aug. 23 asked Congress to repeal provisions of the law.

The Senate Finance Committee voted down its tentatively approved tax on farm cooperatives in the face of sharp criticism from rural areas.

UN Command Admits One Of Its Planes Raked Kaesong Zone

**Strafing Is Called
Mistake By Pilot;
Savage Hill Fight
Resumed At Front**

TOKYO, Sept. 11.—(AP)—The United Nations command admitted tonight that one of its planes strafed the Kaesong neutral zone by mistake yesterday.

The Reds charged that the plane raked the site of the suspended Korean armistice talks before dawn Monday.

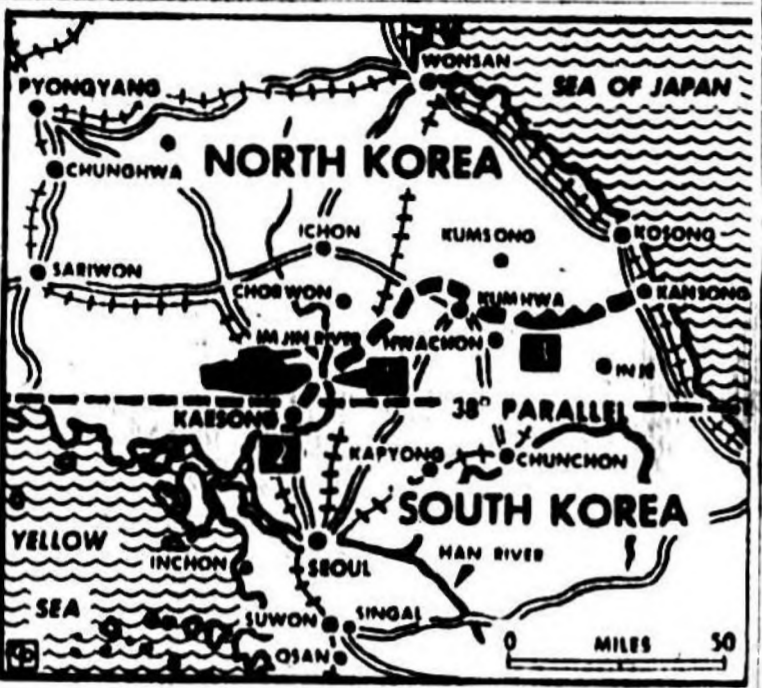

The headquarters of the Supreme Allied Commander, Gen. Matthew B. Ridgway, said Vice Adm. G. Turner Joy, chief Allied negotiator at the truce talks, will send his Communist counterpart this message tomorrow morning:

"The United Nations command regrets this violation of the agreed neutrality which resulted from the pilot's error in navigation. Appropriate disciplinary action is being initiated."

Allied reply notes that no casualties were inflicted and only slight damage was caused.

This is the first time the U.N. command has admitted any bias to Red charges of neutrality zone violation. The strafing charge (Continued on Page Six)

Korean Red Tanks In New Battle

RUSSIAN-TYPE TANKS appear on the west Korean front (1) for the first time since last winter. In the surprise Red action, one United Nations unit was cut off but Allied planes blasted the tank concentration 35 miles north of Seoul and only a few miles above Kaesong (2), headquarters of the future truce talks. On the east-central front (3), the American Second Division consolidated its position on the heights of Bloody Ridge.

Morrison Is Named Circulation Mgr. Of Sanford Herald

Charles Morrison, well known Sanford civic and religious leader, has been appointed circulation manager of the Sanford Herald. R. L. Dean, president of the company, announced today.

It has long been our desire to improve the service which we have been able to render our subscribers in this county," Mr. Dean said. "It is our hope that Mr. Morrison's experience and ability for the direction of this work."

Mr. Morrison came to Sanford in 1938 as manager of the Ritz Theater from Tampa where he had been manager of the Seminole Park and Victory Theaters and Tampa and Orlando, he is on Scout Commissioner of the Gulf Breeze Council.

Recently he has been connected with the New York Giants, both as a football player and the former Farm Training Base at the Naval Air Station site and as business manager of the Sanford baseball club.

It is well known in tennis circles throughout the state and is often called upon to umpire exhibition matches by top flight tennis stars in Jacksonville, Tampa and Orlando, he is on the staff of the National Tennis Umpires Association in this part of the state qualified for this work.

This week with church choir and other singing groups in Central Florida is well known as he has been conference song leader (Continued on Page Four)

Three Arrested In New York City Armed Conspiracy

NEW YORK, Sept. 11.—(AP)—Three men were charged with homicide and arson today after a city detective and an alleged "trench" died in a million-dollar explosion and fire. One of those arrested was a clothing manufacturer, allegedly seeking to collect insurance. The detective died as he pursued the trail of an arson plot that backfired last night into an inferno which wrecked a nine-story loft building.

Kefauver Seeks Federal Inquiry Of Gag Attempt

WASHINGTON, Sept. 11.—(AP)—Senator Kefauver (D-Tenn.) today asked the Justice Department to investigate the indictment of five newsmen and three civic leaders in Louisiana on charges of "defaming" gamblers and public officials.

Nine Story Building Is Wrecked By Ex- plosion Of Gasoline

Indictments Called Attempt To Intim- idate Newspapers

WASHINGTON, Sept. 11.—(AP)—Senator Kefauver (D-Tenn.) today asked the Justice Department to investigate the indictment of five newsmen and three civic leaders in Louisiana on charges of "defaming" gamblers and public officials.

Ganas, Fleming Are Speakers At Lions Club Meet

Seminole High School line coach, Fred Ganas, today invited members of the Lions Club to attend the initial night practice session of the football team Friday night at 7:30 o'clock at the school field.

He was introduced by Principal Herman E. Morris, who also called upon Bill Fleming, coach of the football team, and Coach Mike Whelch, coach of the basketball team, and Ernest Cawley, band leader, to speak.

Coach Ganas said that he and Coach Fleming are getting along fine together in their dual coaching roles, and the result has been spirited rivalry between the line and backfield during practice sessions. Two new schools are on the football schedule, Orlando and South Broward, he said.

Coach Fleming stated that his backfield had plenty of substitution material, and although the backs are light, they are fast. Among backs mentioned were Ed Gordon, Junior Metts, Ray Davis and Chester Harper.

Mike Whelch revealed that the line is heavy with two tackles weighing more than 200 pounds, guards up to 180 pounds and fast 175 pound ends. Ed Gordon stated that the backs have good spirit, are fast and shifty. Mr. Morris revealed that the team had been strengthened by four boys who had recently moved here.

Mr. Cawley stated that the band is now up to 60 members and stressed the fact that aside from music, the students learn good citizenship and co-ordination in the band. They learn to get in step and keep in line, he said.

King Lion Carlton stated that the Lions will do all they can to aid the school team and band. He announced that the next meeting of the club will be Tuesday night at 7:30 o'clock when a dinner and some meeting will be held at the Yacht Club. About 50 Lions from the district are expected.

Cleveland Named Freedom Chairman

Mack Cleveland, Jr., local attorney, has been appointed county chairman of the "Crusade for Freedom" movement in Seminole County, announced by Senator J. E. Baker of Umatilla.

Mrs. James McGrath of Longwood will serve as chairman of her area, said Mr. Cleveland, and W. E. Percock as financial chairman in the county.

The Crusade for Freedom has as its goal increasing its membership to 25,000,000 and raising \$2,500,000 in contributions to provide two more powerful transmitters for Radio Free Europe, and to establish a freedom station in Asia to stop the spread of Communism in the Far East.

The "Crusade for Freedom" is described as the challenge of the American people to world Communism, and among its major efforts was a fund raising campaign that resulted in contributions of \$1,317,000 to give the free nations of Europe the most powerful transmitter in the free world.

This station, located at Munich, went on the air on May 1, and is beamed exclusively to Czechoslovakia in direct competition with Radio Prague and Radio Bratislava.

C. OF C. MEET

The Board of Directors of the Seminole County Chamber of Commerce will meet tonight at 7:30 o'clock in the City Hall auditorium. Among other matters, the situation created by the recent resignation of the Chamber of Commerce manager, Ed Whitney, is expected to be discussed.

At 7:30 P.M. in the City Commission room a public hearing will be held before the City Board of Adjustment to consider proposals for rezoning changes in regard to new construction.

COOPERATION

All members of civic organizations wishing to attend the luncheon on Sept. 23 sponsored by the Business and Professional Women's Club are requested to contact Miss Dorothy Von Neuberg in stead of Mrs. P. M. Haggis.

More Steel Needed Now, Says Wilson

**Defense Mobilizer Is
Shocked At Winter
Production Fore-
cast By Industry**

WASHINGTON, Sept. 11.—(AP)—Defense Mobilizer Charles E. Wilson, declaring himself "shocked" at this winter's steel prospects, today rejected the steel industry's production forecast and demanded at least a million-ton increase in the first quarter of 1952.

Wilson was referring to the 2,000,000 tons in the second quarter of next year—plus stepped-up scrap collection to make it possible—and asserted:

"This is simply a question of the security of America."

He told a meeting of scrap experts from industry and government that the mobilization program "cannot wait" for the steel industry to attain its goals in some future quarter a year or two hence.

"If any of you, and any doubts that we cannot deal with the Russians from any position but one of might, those doubts must have been dissipated by what happened at San Francisco," Wilson said.

There was nothing consolatory in industry's words or actions, Wilson was referring to the efforts to block the signing of a peace treaty with Japan at the San Francisco Conference last week.

The Mobilization Chief called for the collection of 30,000,000 tons of scrap to feed into steel production this winter to prevent a shortage for both military and (Continued on Page Six)

Burke Hickenlooper and Sen. H. Alexander Smith. (International)

President Asks Butner To Study Economy Is Strong

WASHINGTON, Sept. 11.—(AP)—President Truman today asked a study of the economy by a commission headed by the President's Council of Economic Advisors.

Such a study, the President said, should be completed by the end of the year.

And he directed the study to show the government is spending itself into bankruptcy, are doing so, the President said, particularly through the kind of government which are now being proposed.

An existing study, following up on a new government spending, the President said, should show that the existing study is not the best way to spend money.

The study should be completed by the end of the year, the President said.

The study should be completed by the end of the year, the President said.

American Woman Goes Both Ways In Channel Swim

SANFORD, Fla., Sept. 11.—(AP)—California's Florence Chadwick swam across the English Channel from Britain to France in near record time today—the first woman to swim the Channel from East to West and to swim in both ways.

She climbed ashore here even as police were investigating reports that she had been lost at sea.

Mrs. Chadwick, 32, reached France after 16 hours and 11 minutes in the water. She had started the swim from St. Margaret's Bay, near Dover, England, last night.

She had started out in a dinghy and there had been no sight of her when the fog lifted. She veered somewhat from her planned course.

Butner Asks County Commission For Reapportionment Of Districts

SEMINOLE COUNTY COMMISSIONERS are not likely to act on a proposal to redivide the county into population districts as required by the state Constitution, it was reported today by Leo Butner, prominent local lawyer.

Mr. Butner is head of a committee of the Seminole County Farm Bureau which was founded by the Bureau several years ago for the purpose of promoting the county's agricultural interests.

He said the county is divided into 11 districts, and that the population of each district is not nearly as nearly as possible equal to that of the other districts.

According to Mr. Butner, the five county commissioners, including himself, are not in favor of the proposal.

Mr. Butner said that the proposal would result in a loss of representation for the rural areas of the county.

Bell Telephone Co. Seeks Site For Building

P. H. DAVIS, a representative of the Bell Telephone Company, is seeking a site for a new building in Sanford. He said the company is looking for a site for a new building in Sanford.
