

Medicare Insurance 'Bargains' Outlined By Social Security

By John Truan
Newspaper Enterprise Assn.
WASHINGTON — After months of foot-dragging, Americans are flocking to sign up for the big-time Medicare insurance offered by Social Security.

Q—How is the premium to be paid?
A—If a person who is signed up is drawing a monthly Social Security, Railroad Retirement or Civil Service Retirement check, the amount will be deducted automatically from the check. Otherwise, the person will be billed by Social Security at regular intervals.

Q—What other reasons do people give for refusing the insurance?
A—Many have said—and this is generally a mistaken reason—that they don't want the supplementary insurance because they already have such coverage either through Blue Shield or Blue Cross or a commercial firm.

Q—But will the "Blue" and commercial companies continue such coverage after Medicare takes effect?
A—"That's just it. Most of them have made it clear they aren't going to duplicate for the aged what Medicare offers, and most are urging their policyholders to sign up. Some already have announced how they are going to change their coverage once Medicare begins.

Q—That's next July 1?
A—Yes. That's when all Medicare benefits except those pertaining to skilled nursing homes go into effect. The nursing-home benefits will not be available until Jan. 1, 1967.

Area DeMolays To Honor Top Masons

By Barry Laves
Sanford DeMolays will honor the founding of the International Order of DeMolays with a banquet at the Capt. Club. The dinner gets underway at 6:30 and is open to the public.

Gleason, Ocala, most worshipful grand master of the Masons of Florida, and Roy R. Wright Jr., Sanford, most excellent high priest of the Royal Arch Masons of Florida.

Mark Parker, junior counselor — has perpetuated the name of Jacques DeMolay by giving his name to a tiger at the Sanford zoo. The youthful members of the organization conducted a fund-raising drive in which over \$1,000 was raised. Part of the money went for the purchase of a young Bengal tiger, and the rest went toward the irrigation system for the plant bank

on the site of the proposed Tropical Garden. There are just two of the many worthwhile projects the Sanford organization has taken part in.

DeMolay does not attempt to take the place of the home or church, but rather to supplement them. The organization's purpose is to offer the teen-age boy of today (1) a wholesome occupation for his spare time; (2) worthwhile association; (3) the best of environment; and (4) an interesting and complete program of all-around youth development.

Demos Meet

Campaign committee of the Seminole County Democratic executive committee will meet with Democratic political candidates at 8 p.m. tonight at the courthouse for the purpose of setting up rallies and assisting in campaigns.

'Go-No Go' Is Gemini 8 Status

CAPE KENNEDY (UPI) — An around-the-clock effort to get Gemini 8 ready for launch Wednesday was under way today but project officials reserved a "go-no go" verdict until the day after the launch.

The decision on whether to send Astronaut Neil Armstrong and David Scott on the action-packed rendezvous and spacewalk flight Wednesday or wait until Thursday hinged on the progress of tests on the Gemini capsule's repaired breathing system.

Technicians on launch pad 14, little more than a mile south of the Gemini firing stand, wound up repairs and tests on the Atlas booster for Gemini's Agena target satellite during the night.

"Everything is ready to go on the Atlas," a space agency spokesman said.

But the work on the spacecraft took longer. At about 8 a. m. the agency reported that the Agena's main engine had been replaced, but that the installation of the pilot's couches and final wiring still had to be finished.

Weather forecasts for a Wednesday launch were bright with scattered clouds and light winds expected at the Cape and acceptable at the launch area.

The twin launchings had been set for today, but schedule was scrapped Monday when the rocket and spacecraft troubles cropped up.

Engineers spent most of the morning tracing the cause in both the Atlas and the two-aster capsule and then devoted the rest of the day to repairing them as fast as possible.

The Atlas trouble turned out to be more fuel overboard than the Agena's, and the Agena's valve and regulator. But the Gemini program was not as serious and there was some doubt late Monday as to whether it would be a 7 a. m. launch day could be set.

The Atlas-Agena will start the flight off with Armstrong and Scott following in pursuit 10 minutes later. They will perform the rendezvous maneuvers as well as Gemini 8 did last December, Gemini 9 will catch up with the Agena about 45 minutes. Then Armstrong, a 35-year-old civilian who has flown the X-15 rocket plane, will attempt to make the nose of his ship into a conehaped opening on the Agena for history's first linkup in space.

Scott, a 33-year-old air force major, will climb out of the Gemini to repair the Agena 20½ hours after launch and perform a record-breaking two-hour and 10-minute spacewalk crisscrossed with experiments.

LONGWOOD COUNTY COMMISSION Chairman John Alexander will be among many local and area dignitaries attending Saturday's annual Southern Fried chicken dinner sponsored by the Longwood Volunteer Fire Department. Here, Alexander is shown picking up tickets from Fire Chief Brian Snow for the 4 until 8 p.m. event. (Herald Photo)

Canada Angry Over Scandal

OTTAWA (UPI) — Tumuluous, angry debate over the security of Canada's atomic energy program was under way today, but schedule was scrapped Monday when the rocket and spacecraft troubles cropped up.

Engineers spent most of the morning tracing the cause in both the Atlas and the two-aster capsule and then devoted the rest of the day to repairing them as fast as possible.

The Atlas trouble turned out to be more fuel overboard than the Agena's, and the Agena's valve and regulator. But the Gemini program was not as serious and there was some doubt late Monday as to whether it would be a 7 a. m. launch day could be set.

The Atlas-Agena will start the flight off with Armstrong and Scott following in pursuit 10 minutes later. They will perform the rendezvous maneuvers as well as Gemini 8 did last December, Gemini 9 will catch up with the Agena about 45 minutes. Then Armstrong, a 35-year-old civilian who has flown the X-15 rocket plane, will attempt to make the nose of his ship into a conehaped opening on the Agena for history's first linkup in space.

Scott, a 33-year-old air force major, will climb out of the Gemini to repair the Agena 20½ hours after launch and perform a record-breaking two-hour and 10-minute spacewalk crisscrossed with experiments.

Six Downed Flyers Rescued From Reds

SAIGON (UPI) — Communist gunners shot down a U. S. Air Force Phantom jet off the coast of North Vietnam, then sank an amphibious rescue plane with mortar fire but an American helicopter braved the heavy shelling to rescue six of the eight crewmen involved, it was disclosed today.

The U. S. military spokesman said the hair-raising incident occurred during one of 30 bombing missions by Navy and Air Force planes over the North.

He said the two-man crew of the Phantom F-4, which was struck by conventional ground fire, bailed out into the sea two miles off the coast and 22 miles south of Thanh Hoa in the panhandle region.

An Air Force HH-19 Albatross amphibian settled in the water near the two but mortars from nearby Ho Me Island scored direct hits on the lumbering rescue craft. The Albatross quickly sank.

Wayne Albert, of the Sanford-Seminole Jaycees, announced the approaching deadline for the merit scholarship contest for teaching contest, jointly sponsored by the Florida Jaycees and the Florida Consumer Finance Association.

Purpose of the scholarship is to offer financial assistance to a worthy student who wants to prepare himself for a career teaching in Florida schools. Now in its eighth year, the contest has the approval of State School Superintendant C. C. Christian and the State Department of Education.

Albert said the contest is open to high school seniors with a scholastic average above "C". Extra certificates and activities also are taken into consideration. A 150 to 200-word essay on "Why I want to be a teacher" must be submitted on the form provided.

Details of the contest and application blanks for entering can be obtained from the student's scholarship or guidance counselor, or from the Sanford-Seminole Jaycees Building on French Avenue.

Owners Of Loot Are Sought

TAMPA (UPI) — Thousands of dollars worth of jewelry, furs and silvers were placed on display at police headquarters today in hopes that victims of recent burglaries can identify the items.

Most of the goods were recovered in a raid Friday night on a house here that resulted in the arrest of six persons and the smashing of what police called "a million dollar" burglary ring operation.

Some Alarm

PITTSBURGH (UPI) — George Thomas, 27, a burglar alarm salesman, told police a demonstration kit containing an automatic fire and burglar alarm system was stolen from his parked automobile.

Low On List

NORTH SOMERSET, England (UPI) — Girls ranked eighth when boys' club members were asked to list their top 10 interests. Boys failed to make the list in a similar poll among girls.

Full Burglars

PONDICHERRY (UPI) — Starting police are looking for three thieves who robbed the Pondicherry Police station in a midnight attack before escaping on French Avenue.

College Students May Miss Draft Due Volunteers

WASHINGTON (UPI) — The Army announced today that so many young Americans are volunteering to get into uniform it may not have to begin drafting college students in the near future.

The suggestion was contained in enrollment figures for the month of February. The Army reported that first enlistments during the month totaled 20,900 — almost 2,000 more than January's 19-year-high of 19,900 enlistments.

These figures are more than double the enrollment figures of a year ago. Before President Johnson announced the buildup for the war in Vietnam last July only 9,000 to 11,000 men were signing up for Army service in a good month.

The surge in enlistments has been reflected in lower draft calls. January's enrollment figures caused the Defense Department to revise its draft quota for this month down from 22,000 to 20,000.

And last week the department issued a draft quota of 21,000 men for April. It was the lowest since December, 1964, when it was 40,200 men.

Last summer it was estimated that if enlistments remained constant, draft calls would be about 30,000 men or more a month would be necessary for the armed forces to reach a total planned strength of 3,091,000 men. As of Jan. 21, there were 2,899,724 men in uniform.

A Selective Service official confirmed today that if the enlistment figures continue, the 30,000 mark each month — as they are now — there is a chance of avoiding drafting college students.

The Army report of increased enlistments gave no indication of the reasons for the upsurge.

Risky Drivers Eyed By State

TALLAHASSEE (UPI) — State Insurance Commissioner Broward Williams says lighter regulations will soon be put into effect for writers of non-standard auto insurance in Florida.

Williams made the announcement following a public hearing.

The commissioner said he hopes to get more companies to handle the risky drivers to lessen the volume on those now handling it.

Companies writing a non-standard insurance account for 10 to 15 per cent of the total Florida auto insurance business at present, Williams said. They write premiums in excess of \$10 million a year.

Williams said in recent years there has been a tendency among standard insurance carriers to avoid submarginal risk drivers, thus putting heavy pressure on the companies that do write such policies.

Bizarre Theft Case Nears End

GREENVILLE, S.C. (UPI) — Directed verdicts of innocence may spell the end this week of the bizarre case in which \$100,000 in cash was stolen, allegedly by the victim's estranged wife and daughter.

The prosecution's case fell apart when John D. Hollingsworth, a Greenville attorney, said he told the court a visit to the largest cash haul in the state's history.

Thomas said he will ask that sentences against a missionary, Mrs. Theodora (Duck) Koper, and Mary Jane's brother-in-law, Jeffrey Farrell, be set aside.

Hollingsworth, a textile machinery producer and dealer, had signed complaints and a statement to be used against the two women. But he told the court a visit to the largest cash haul in the state's history.

Clyde Robertson President Of Monroe PTO

By Mrs. H. L. Johnson

The 1966-67 state officers for the Lake Monroe Parent-Teacher Organization, elected at the March meeting, will be headed by Clyde Robertson as president.

Other officers are Mrs. Winnie Dunn, first vice president; Mrs. Marion Betha, secretary; and Mrs. Ruth Kniffin, treasurer.

Impressive flag ceremony to open the annual election meeting was given by members of the Lake Monroe 4th Wiling Workers Club who also led in singing "America."

The meeting was conducted by the current president, Walter Betha. Opening devotion was given by Mrs. Dottie Bellie who read "Let Me Live in a House by the Side of the Road."

Mrs. Kniffin reported on the successful sale of identification tags at the school and that 84 new members had joined the organization during the recent membership drive.

It was voted to purchase three folding tables for the library and to install new basketball backsets for the gymnasium on the April 20 spaghetti supper and book fair. The group will sponsor at the school.

It was reported the new 20-cup coffee urn has arrived and will be used for PTO meetings.

Room count was won by Mrs. Jane McCarthy's second grade.

Program for the evening was given by the principal, Mrs. Mary Groves, who spoke on achievements of the past year, the testing of students, and plans for the next year, with an overhead projector will be used for the first time at the school.

The hospitality chairman, Mrs. Anita Miller, assisted by Mrs. Gladys Pringle, served refreshments at the close of the meeting.

Girls taking part in the flag ceremony were Debbie Kniffin, Kerrie Kniffin, Joann Doyle, Marilyn King, Tawana Metts, and Scarlett Hopkins. Singing was done by the choir, Mrs. Groves, Carmen Mercer, Deanne Brown, Carol Dowdy, Debbie Strickland, Christa Gault, Sonja Wilster, Emma and Mary Lou Boston, and Carolyn Burk. Club leader is Mrs. Betha.

KAMPUS KLUB of Forest Lake Academy sponsored fashion show for teenagers with students serving as models. Rainwater was shown by Judy Hand and Sandy Cavanaugh while styles appropriate for Sabbath Day were shown by Barbara Morris, Beverly Kuhlman, and Linda Bratcher (left to right, top photos); formal to casual wear, shown by Jeanne Emde, Mrs. Pat Fleisher, Bonnie Williams and Shanna Davis (center photo), and for the surfing set, Karen DeMott, Edwin Gantz, Becky Heath, and Steve Hunt. (Herald Photos)

Oil Boom Hits Illinois Farm Community

NEWTON, Ill. (UPI) — There was a time when folks who met in the heart of this town (pop. 200) to talk about politics, crops or what-have-you.

But that was when Newton was strictly a farm community. Now it's the heart of the biggest oil boom to hit Illinois since the 1940s.

"Oil is all anyone talks about," said M. L. Van Fossan, an independent producer who gave up a life of retirement after the discovery of a new oil pool. "I quit going uptown because people stop me and want to talk about the oil."

A few weeks ago, the Union Oil Company of California checked a 13-year-old test well and brought in the first gushing proof of the new oil supply, just under 2,000 feet beneath the rolling southern Illinois countryside.

Newton hasn't been the same since.

Promoters, lease holders and drillers walked into town. The state issued 125 building permits for drilling — in the past two months alone, compared with an average of five or six things are so tight at the courthouse that there's a 10-15 day wait to have deeds recorded.

Farmers are asking from \$10 to \$20 an acre for short-term leases on their property and are assured of a substantial royalty if it will come in.

Most of the land to tie up for as much as 20 miles from Newton but the promoters keep coming.

One farmer reportedly turned thumbs down on a \$10,000 offer for a 20-acre lease. Potential investors have been called in from as far away as Hollywood, Calif.

At night, flames from natural gas lines flare at producing wells split fire into the night and cattle bawle near the flares to keep warm.

A/C Charles F. Benham Jr., son of Mr. and Mrs. Charles F. Benham Sr. of 605 W. 20th St., Sanford, has been graduated at Lowry AFB, Colo., from the training course for U.S. Air Force missile instrumentation mechanics.

Benham, a graduate of Seminole High School, is being assigned to Vandenberg AFB, Calif., for duty with the Air Force Systems Command.

News Of Area Men In Service

Fireman Apprentice Wayne E. Bayes, son of Mr. and Mrs. William E. Bayes, Longwood, and Naval Airman Benjamin J. Davis Jr. son of Jack Davis, 215 West First Street, Sanford, have deployed to the Mediterranean.

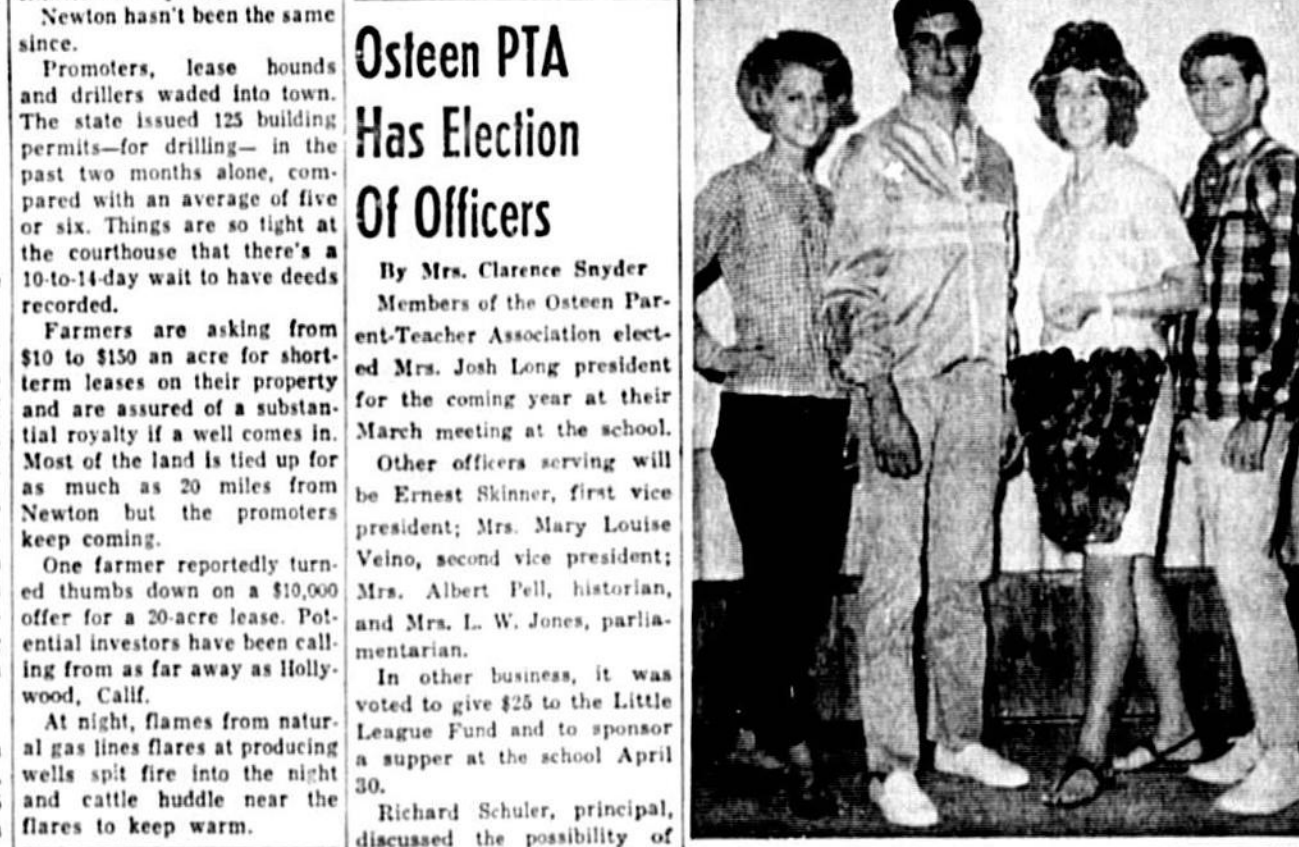

Most of the land to tie up for as much as 20 miles from Newton but the promoters keep coming.

Modern Math Class Open For Registration

By Jane Casalberty

Registrations are now being taken for a course in modern math for parents which will begin next Tuesday at 7 p.m. at South Seminole Elementary School at Casselberry.

The class will be taught by C. M. Harp, principal of the school, and will meet each Monday for 10 weeks.

Registrations may be made at the South Seminole school office, and if there are too many for one class, another will be formed.

Southern Bell Plans Huge Expansion

Southern Bell Telephone Company plans to spend a record \$101 million in 1966 to provide more and better telephone service to Florida, L. E. Rast, vice president and general manager, said today.

Of this amount, approximately \$45,000 will be in the Sanford area.

This included an additional trunking cable between Sanford and Winter Park, Sanford and Del Rio, and Sanford and Lake Mary.

It also includes a further addition to the present DeBary central office due to the growth of the DeBary-Del Rio area, according to Robert Shadden, local manager.

Rast said the \$101 million to be spent in Florida in 1966 would help stimulate and support Florida's economic progress as well as provide the telephone service that facilitates any economy.

Southern Bell had in service as of Jan. 1, 1966 a total of 1,881,000 telephones in Florida and expects to serve 2,002,000 by the end of 1966.

"Of the \$101 million," Rast said, \$12.8 million is expected to be spent for new central office equipment, \$7 million for land and new or enlarged buildings, and \$26.7 million for cables, poles and supplies for outside lines.

None of the other telephone companies had any immediate comment on the American and Philip Morris price boost except to say they were studying the price situation.

No reason was given for the price increase but increased costs were believed to be the major factor.

American raised the price of its five brands by four to eight cents a pack, or 40 cents a thousand to the whole pack. The cost went from \$8.80 to \$9.20 a thousand for Lucky Strike, Marlboro, Winston, Carlton, Waterford, Half and Half, Montclair and Fall Mall. Philip Morris raised its price from \$9 to \$9.40 a thousand for its 10 brands.

Philip Morris announced a 40-cent per 1,000 cigarette increase for Marlboro filter, American's Fall Mall filter and Philip Morris's Benson and Galaxy from \$9 to \$9.40 a thousand for the Philip Morris filter.

Both companies reduced the price of one brand each. American's Fall Mall filter king and Philip Morris's Benson and Galaxy from \$12 to \$9.40 per thousand.

Cigarette Price Going Up Again

NEW YORK (UPI) — The average cigarette smoker is expected to plant down a penny more per pack as the result of wholesale price increases announced by two major cigarette manufacturers.

American Tobacco Company and Philip Morris, Inc., hiked the wholesale price of 14 brands of cigarettes and other manufacturers were expected to follow suit.

None of the other cigarette makers had any immediate comment on the American and Philip Morris price boost except to say they were studying the price situation.

No reason was given for the price increase but increased costs were believed to be the major factor.

Can't Get Rich This Way

When was the last time you saw a half-dollar? In change, that is, not in the drawer or piggy bank where you and unpteen other Americans are stashing them away as fast as the Treasury turns them out.

Since they were first introduced in March 1964, some 400 million Kennedy halves have been produced—two for every man, woman and child in the United States. Not only have these useless vanities but the old Ben Franklin 50-cent pieces are disappearing as well.

The half-dollar inflow to the Federal Reserve banks shrank from 254 million pieces in fiscal 1961 to 13 million in the last six months of 1965.

Now there are indications that quarters, especially the shiny 1964 ones, are starting to go the same way.

What began—and would have eventually ended—as a fad for JFK coins promises to turn into nationwide hoarding of all silver coins because of the introduction of the new copper-nickel quarters. The silverless dimes and halves of only 40 percent silver that are due to appear soon will only speed up the phenomenon.

Observers say the situation is developing into a classic example of the Gresham's Law—that "bad money drives out good."

In other words, when govern-

ments circulate coins with the same face value but with one made of cheap metal and the other of precious metal, people will hoard the latter.

Why? In the old days it was because of inflation or economic uncertainty. Today, some people are obviously doing it in hopes that a rise in the price of silver will make silver coins worth melting down someday. Others are just saving them because they are the last of their kind.

In either case, it's going to be a long wait for any profit. In the first instance, the government can be expected to maintain the price of silver at its present level for an indefinite period.

In the second, with so many coins stored away in private reserves, no one now alive will ever see the time when a half-dollar or a quarter stamped "1964" is worth more than four bits and two bits respectively, silver or no.

Thought For Today

So you also outwardly appear righteous to men, but within you are full of hypocrisy and iniquity. —Matthew 23:28

Men in general judge more from appearances than from reality. All men have eyes, but few have hearts. —Niccolo Machiavelli, Italian statesman.

Dr. Crane's

Worry Clinic

Mr. Roy is a clerkman who makes some "house calls" with his religious zeal. Discuss his views at your luncheon club meeting on Monday School. For we have been exposed to a muddle type of world view that may be producing further Frankenstein to bite Uncle Sam's enormous feeding hand!

CLASSY 422, Roy D. is a returned missionary.

"Dr. Crane," he began, "several leading American newspapers and magazines are starting in India and we are asked to send them food and medicine. They say the natives have embraced the sun worshipers of Egypt and the Biblical devotees of the idol of Baal, as very primitive. So maybe it would be wise to insist on a modernization of religious concepts before we deluge those backward nations with American food."

"Yet meanwhile millions are starving in India and we are asked to send them food and medicine. They say the natives have embraced the sun worshipers of Egypt and the Biblical devotees of the idol of Baal, as very primitive. So maybe it would be wise to insist on a modernization of religious concepts before we deluge those backward nations with American food."

Eyeball to Eyeball, but not Eye to Eye on Wage Boosts

Helen Fuller Soys Dognaping Reaches Solons

WASHINGTON—Have dog-napers and catnapers reached their neighborhood. They have reached mine, and the neighborhoods of thousands of American pet lovers, judging by what Congress is doing in the House and Senate in the past week.

Many Senators and Representatives report that their mail bagging the widespread theft of dogs and cats is heavier than on any other subject, including the war in Vietnam. When a House agriculture subcommittee opened hearings on a bill to make the abduction of animals a federal offense the crowd that came to the session overflowed into the corridors.

The extent of public concern over this newest form of organized interstate crime is so great that the Maryland state police chief told Congress that this interstate business of laboratory take will require study how large that the states cannot afford to ignore it. He urged a tough Federal law to stop the interstate trafficking in stolen dogs and cats.

The House committee also heard from scientists who caution Congress to go slow lest it interfere with legitimate animal research. A spokesman for the American Surgical Association reminded that the great advances made recently in surgical treatment of abdominal cancer resulted from experimental work on animals. Dr. Helen Tausig, the world famous heart specialist, also urged care in drafting new legislation. As an animal lover whose own dog was stolen, she spoke with special conviction. The bill which most

Letters To The Editor

Editor, Herald: I just received information that you have just received a county commission report that they have just submitted to the road department in DeLand that they have the necessary money, and are willing to spend it on blinder lights at the Palmtoe Ave. railroad crossing. The next step, they said, was up to the Road Department. I urge every one with an interest in this crossing to write to the State Road Department, I would especially urge parents of children riding the school buses that must cross this unguarded crossing every morning and afternoon. This includes Lake Mary Boulevard children, Park Ridge, Pinecrest and others. I have personally for the past week timed trains from the moment they came into view to the crossing and timed loaded school buses from their stopped position until they are safely across the tracks. I tell you people, it is apparent what could happen! Also, the time that the buses cross this track coincide with the time the trains cross it. Approximately 900 children a day are transported across this track. That means 4,500 children in a week and 18,000 in a school month. A total of 122,000 in a school year! Look at these figures, think about them for a minute. In your child one of them? Get busy now, and write that letter to the State Road Department in DeLand and urge them to put blinkers at this dangerous crossing!

Mr. Doris B. Omev
Editor, Herald:

Many, many thanks for your story on eye exams and hearing aids, or cosmetic surgery. Q—How about dental care? A—It won't cover dental care generally. But it will help pay for dental services in surgery on the jaw or other facial bones if this is required by accident or disease. Q—Any other coverage? A—If a person is treated outside a hospital for a mental, psychoneurotic or personality disorder, the insurance will cover half of the bill, up to a total benefit of \$250 a year for this purpose. Q—Anything else? A—If a person needs the services, in his own home, of a part-time nurse, a nurse's aide, a medical social worker, or a physical speech or occupational therapist, the insurance will cover up to 100 percent a year by such health workers provided by a home health agency. Q—Isn't this home health benefit the same as that offered "free" by the basic Medicare plan? A—It's similar. But to draw home health benefits under the basic plan, the patient must first be hospitalized. Under the supplementary plan there is no hospital requirement. Furthermore, if a patient needs home health care after discharge from a hospital he can draw 100 cents a year under the basic plan 100 under the supplementary. Q—What else does the supplementary insurance cover?

Supplements Outlined For Medicare Project

By John Troan
Newspaper Enterprise Assn.
WASHINGTON—In an exclusive questionnaire interview on Medicare with Social Security Commissioner Robert M. Ball, some of which was reported in Part One of this 2-part special series, Mr. Ball said Medicare is now divided into two parts: "Plan A" or basic hospital insurance, and "Plan B," or supplementary medical insurance. Commissioner Ball said Plan A will offer up to 90 days of care in a hospital for each spell of illness with the patient paying the first \$40 plus \$10 for each day after the first 60. It also will include hospital benefits—in a patient's own home—following hospitalization. And in 1967, he said, benefits in skill-nursing homes will be added.

Plan B, the commissioner stated, will help pay doctor bills, whether the services were rendered in the patient's home, in the doctor's office, hospital, nursing home, or other institution.

The rest of the exclusive questionnaire was given to the chief of the Social Security Administration, Mr. J. Edgar Hoover.

Q—Any exceptions? A—The biggest exceptions are drugs and long-term nursing-home care—beyond that provided by the basic plan. Nor will the supplementary insurance cover routine physicals, inoculations, examinations for eyes, ears, nose, or throat, or hearing aids, or cosmetic surgery.

Q—How about dental care? A—It won't cover dental care generally. But it will help pay for dental services in surgery on the jaw or other facial bones if this is required by accident or disease.

Q—Any other coverage? A—If a person is treated outside a hospital for a mental, psychoneurotic or personality disorder, the insurance will cover half of the bill, up to a total benefit of \$250 a year for this purpose.

Q—Anything else? A—If a person needs the services, in his own home, of a part-time nurse, a nurse's aide, a medical social worker, or a physical speech or occupational therapist, the insurance will cover up to 100 percent a year by such health workers provided by a home health agency.

Q—Isn't this home health benefit the same as that offered "free" by the basic Medicare plan? A—It's similar. But to draw home health benefits under the basic plan, the patient must first be hospitalized. Under the supplementary plan there is no hospital requirement. Furthermore, if a patient needs home health care after discharge from a hospital he can draw 100 cents a year under the basic plan 100 under the supplementary.

Q—What else does the supplementary insurance cover?

CHARLOTTE SANDERS, of Longwood, will represent the South Seminole Jaycees in the Apopka Foliage Festival beauty contest scheduled Friday through Sunday.

PROCEEDS from fashion show sponsored in Altamonte Springs by South Seminole Jaycees will be used to buy Easter outfit, and other benefits during the year, for a 10-year-old child at Lutheran Haven in Slidell. The group also will be donating books to schools in the area. Among models for the show were (left to right) Linda Mills, Betty Norstrom, Judy Giebel, Alma Hattaway, Peggy Hattaway, Doodle Miller, Vivian David, and Charlotte Sanders, who is "Miss South Seminole Jaycee."

Homemakers Planning Election

A nominating committee to recommend new officers for the Lake Monroe Extension Homemakers Club was appointed by the president, Mrs. Joanna Dulbis, at the March meeting.

Serving on the committee, with reports to be presented at the April meeting, are Mrs. Marion Lee, chairman, and Mrs. Ruby Sjoblom and Mrs. Betty Blackwelder.

Mrs. Dulbis expressed appreciation to members of the club who served as hostesses at the Seminole County extension at the Central Florida Fair. She invited the group to attend the 4th County Dress Review scheduled March 26 at St. Luke's Christian Day School in Slavia and reminded those sewing for the Home-makers Dress Review to send full description of their outfit to the club clothing chairman, Mrs. Kathryn Malloy, before April 8. A Western Vacation theme will be carried out in the event with County Council President Mrs. H. L. Johnson visiting a Homemakers Salon to purchase outfits for the trip. A "secret surprise" has been planned for those attending.

A crafts class on knitting and smoking was announced under the basic plan 100 under the supplementary. Q—What else does the supplementary insurance cover?

Educators Slate Thursday Meet

Fred Karl, of Daytona Beach, former candidate for governor, will be principal speaker at a meeting of the Seminole County Education Association at 8 p.m. Thursday at South Seminole School.

Education in the light of the state and federal picture will be the topic for discussion and Mrs. Mack Cleveland and Rep. S. J. Davis also have been invited to take part. Main order of business on the agenda will be the nomination of officers for the April 15 election and a vote on the proposed merger of the SCEA with the Seminole County Teachers association.

ONE CANDLE TALLAHASSEE (UPI) — The Board of Regents gave Chester Ferguson a cake with one candle signifying the end of his first year as chairman of the board.

APRIL 15

Save money two ways on income tax this year and every year

The April 15th day of reckoning (and reckoning and re-reckoning) is rapidly approaching, bringing with it the customary frantic figuring and painful payments. Tiedly offers two suggestions that will help you cut your tax substantially.

1 TAKE ADVANTAGE OF ALL POSSIBLE DEDUCTIONS! Itemize all your legitimate deductions. Reliable income tax guides give a complete listing of all possible deductions plus many other tax-saving hints; special tax consultants are available to help with complex returns. You can, of course, deduct the various direct taxes you pay each year. Your total tax bill, however, adds up to much more than these direct taxes. You cannot deduct "hidden taxes" included in the price you pay for goods and services.

2 KEEP THE GOVERNMENT OUT OF BUSINESS! There are some who advocate not only wide governmental controls, but outright federal ownership of certain businesses. Combat this creeping socialism by being ever vigilant in the defense of our system of individual initiative and free enterprise—which has made America great.

Healthy Kaline Sends Tigers Past LA

By UPI
Happiest of a healthy Al Kaline as far as the Detroit Tigers are concerned, and the 31-year-old outfielder was glad to get his batting average up to .300 after a hard day at the bat.

Al Kaline, one of the American League's great outfielders for many years, has been bothered by osteomyelitis and other ailments for the past few seasons, but the Tigers are confident that if the star batter can get himself in good form, he will have a good chance to win the pennant.

Al Kaline, who has been a member of the Detroit Tigers since 1952, is expected to lead the team in batting average and home runs this season. He has been a consistent performer for the Tigers, and his health is expected to improve.

Angles Dodgers, 4-3. Kaline's homer, which came off Howie Reed, followed a triple by Norm Cash and led to the score at 3-2. Two batters later shortstop Dick McAuliffe hit a home run to give the Tigers their third straight victory. Gites Brown also homered for Detroit in the eighth inning.

Clayton Kixx (25-1), Drysdale (20-12) and Claude Osteen (15-11) will anchor the pitching staff with the same big 1-2 punch in the bullpen—southpaw Ron Permonski (6-9) and right-hander Bob Miller (6-7).

Alston is leaning toward either Jim Frazier (15-11) or Tom Seaver (15-11) as the fourth starter with John P. M. in the fifth spot. The Tigers are expected to lead the league in home runs and batting average.

Big League Prospect: Dodgers and Reds

By Leo H. Petersen
UPI Sports Editor
VREBO BEACH, Fla. (UPI)—Manager Walter Alston is counting on pitching, speed and "a lot of guts" to win the National League pennant for the Los Angeles Dodgers again.

Alston is leaning toward either Jim Frazier (15-11) or Tom Seaver (15-11) as the fourth starter with John P. M. in the fifth spot. The Tigers are expected to lead the league in home runs and batting average.

Alston Has Same Formula

(EDITORS NOTE: This is the first of two dispatches on the 1966 prospects of the major league baseball teams.)

Alston is leaning toward either Jim Frazier (15-11) or Tom Seaver (15-11) as the fourth starter with John P. M. in the fifth spot. The Tigers are expected to lead the league in home runs and batting average.

Experts Feel That Cincinnati Best In League, Man-For-Man

By Leo H. Petersen
UPI Sports Editor
TAMPA, Fla. (UPI)—Man for man, the baseball experts contend, the Cincinnati Reds are the best club in the National League.

Alston is leaning toward either Jim Frazier (15-11) or Tom Seaver (15-11) as the fourth starter with John P. M. in the fifth spot. The Tigers are expected to lead the league in home runs and batting average.

Baseball Takes Turn At Plate In Court Fight

MILWAUKEE (UPI)—The Braves' move to Atlanta was the best in the history of the game, the Milwaukee Braves' attorney said today in court.

Alston is leaning toward either Jim Frazier (15-11) or Tom Seaver (15-11) as the fourth starter with John P. M. in the fifth spot. The Tigers are expected to lead the league in home runs and batting average.

Horoscope Forecast

WEDNESDAY, MAR. 16, 1966
GENERAL TENDENCIES: This is what might be called a day of opportunities...

ARIES (March 21 to April 19) If you are especially skillful and courteous with high-ups, you find they extend the favors and backing you need...

Taurus (April 20 to May 20) Find better outlets of expression instead of sticking to that humdrum routine you are in, since you have talents that can be very lucrative...

GEMINI (May 21 to June 21) Gain the special consideration of others by being very efficient and thoughtful, keeping promises to the letter...

LEO (July 22 to Aug. 21) Getting right into these interesting duties that appeal to you brings the very finest results...

SCORPIO (Oct. 23 to Nov. 21) Certain duties you have now can bring about successful results if you do something constructive about it...

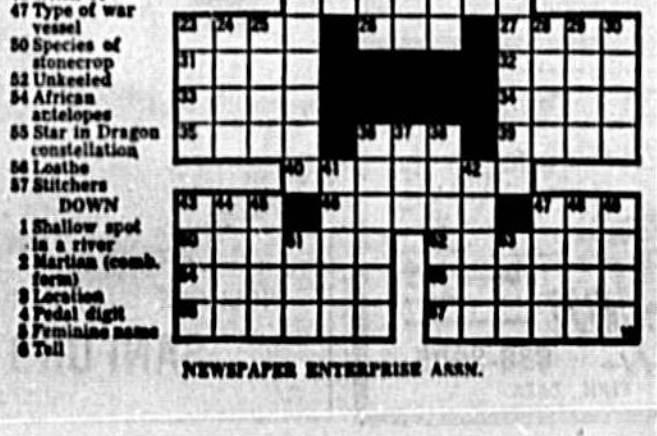

Capricorn (Nov. 22 to Dec. 21) Becoming abundant financially is your aim...

pisces (Feb. 20 to March 20) Contact those associates who could help you to get merchandise, etc., moving nicely...

IF YOUR CHILD IS BORN TODAY... If you are able to help him by having a cheerful attitude that will uplift his spirit...

Carroll Righter's Individual Forecast for your sign for 1966 is now ready.

THE SANFORD HERALD
SINCE 1908

ONE OF THESE will be named Baby of the Year April 9. Contestants in the annual event, sponsored by Zeta Xi Chapter of Beta Sigma Phi, are as follows: 1. Richard Joseph Gilmartin; 2. Dean Allen Shoemaker; 3. Clifton McKesky Ailes IV; 4. Franklin Beck Snider; 5. Michael Wing; 6. Steven Patrick Shea; 7. James Randolph McKee II; 8. Sarah Elizabeth McKee; 9. Jere Elizabeth Moore; 10. Timothy Alan Farrens; 11. Ronald G. Stafford; 12. Donna Kampf; 13. Jennifer Smith. (Photos by Gasman Studios)

Zeta Xi Baby Of Year Contest Under Way

Annual "Baby of the Year" contest, sponsored by Zeta Xi chapter of Beta Sigma Phi got underway Saturday with 13 babies, each sponsored by a Zeta Xi club, entered in the event.

Prize for the winner will be a trophy donated by Wertz's Jewelry Store and a \$25 savings bond donated by Florida State Bank. Second prize will be a loving cup donated by Kader's Jewelry Store and third place winner will receive a sterling silver fork and spoon set donated by Sanford Jewelry and Luggage.

Photographs of the babies, taken by Gasman Studios, will be placed at Rosenthal's Drugstore, Tenthon's Drug Store, Ben Franklin Store in Food Fair Shopping Plaza and Public in 8 a.m. to 7 p.m. Photos and collection jars will be rotated each week. Posters for the contest were made by O-Dee's Sign Service.

Babies, their parents and sponsors are as follows: Richard Joseph Gilmartin, son of Mr. and Mrs. Eugene Gilmartin, sponsored by the Democratic Women's Club of South Sanford; Dean Allen Shoemaker, son of Mr. and Mrs. A. K. Shoemaker Jr., sponsored by Dusty Boots Riding Assn.

Clifton McKesky Ailes IV, son of Mr. and Mrs. Clifton Ailes III, sponsored by Seminole County Board of Realtors; Franklin Beck Snider, son of Mr. and Mrs. Franklin Snider, sponsored by 40 & 8 Society; Michael Wing, son of Mr. and Mrs. Kenneth Wing, sponsored by the Sanford Women's Club; Steven Patrick Shea, son of Mr. and Mrs. Herbert Shea Jr., sponsored by the Sanford-Seminole Jayceettes; James Randolph McKee II, son of Mr. and Mrs. Charles McKee, also sponsored by Sanford-Seminole Jayceettes; Sarah Elizabeth McKee, daughter of Mr. and Mrs. Charles McKee, sponsored by the Civilian Club; Jennifer Smith, daughter of Mr. and Mrs. Michael Smith, sponsored by the Credit Women's Breakfast Club.

Churchwomen Hear Talk On MRI Program

By Mrs. Rita H. Ellis

Refreshments were served during a social hour following the meeting. Mrs. Robert Elgers, chairman of the refreshment committee, was assisted by Mrs. Russell Francis, Mrs. Harriet Condit and Miss Katherine Litch.

Arrested and charged with 14 counts of forgery in Seminole County was Martella Ramsey, 19, of 424 North Winter Park Drive. She was released from jail after posting a \$3,000 bond.

According to Sheriff Hobbs, the girl picked up the check in the Penney store in the Winter Park Mall. She then apparently filled them in with different names and addresses, and added a false signature as authorizing agent for Penney's.

Arrested by Sheriff Hobbs, the girl visited Penney's in Sanford Plaza, and the chain's store in downtown Orlando, where she made several hundred dollars worth of purchases. Finally, a sales clerk recognized the authorizing signature as fake. A check was made between the three stores and the girl's shopping spree was discovered.

Charles L. Robinson, manager of the Sanford J. C. Penney store, notified the sheriff's department. Deputy Lou Haddleton was assigned to investigate, and he arrested Miss Ramsey.

STRETION GRANT DELAND (UPI) — The Pease Foundation of Philadelphia has given Stetson University \$200,000 to help construct a new music building. The new building will cost more than \$600,000.

Tiger Climbing Out Of Tank For Entire '67 Car

DETROIT (UPI) — The tiger in the tank is climbing out and taking over the entire car in 1967. Auto industry sources say the "feline look" of softer contours and the appearance of a big cat about to spring will dominate the styling of next year's cars, due for introduction next fall.

In addition, there will be three new nappies, one of them powered by a 15-cylinder engine, the first American production V12 in 30 years.

General Motors will produce two of the three new cars, Chevrolet division is introducing a sporty model to compete with Ford's Mustang, and a new Cadillac, which reportedly will revive the faded La Salle name, to take its place in the luxury personalized car field along with the Oldsmobile Toronado, the Buick Riviera and the Ford Thunderbird.

Reports are the new La Salle will have a front wheel drive like the Toronado, and a 12-cylinder engine. The Chevrolet entry currently is called the Panther, but may be renamed before introduction.

The third new entry will be a Lincoln-Mercury division stablemate to the Ford Mustang, called the Cougar. Sources say the car will be built on the Mustang wheelbase, but will be somewhat longer overall, containing the same lower-priced luxury trim as the Oldsmobile Toronado, the Buick Riviera and the Ford Thunderbird.

Overall, according to industry sources, there will be much more of the European styling of the 1967 models than has ever been seen before on American cars, except for Chrysler's Corporation's unhappy experience of 1961 and '62.

Chrysler went sharply European in 1961 and also started the trend toward longer hoods and shorter rear decks. Ironically, this very trend, which proved disastrous to Chrysler, is now compelling all the companies now in their 1967 models.

To accomplish it, most models will abandon the former smooth beltline separating lower body and roof, a line which has been marked by a straight flow from front to rear fenders. Also new will be the clean, sharp roof styling influenced by the so-called Thunderbird top.

Instead, the body line will have a curving hop-up at the rear fenders, and all lines will be rounded, giving the impression of a crouched tiger about to spring. The line will give an impression of sloping gently toward the front, and there will be sharp sloping of the hood line from windshield to noseplate.

This is the European styling touch. Governor Burns' office told UPI at Tallahassee this morning (in response to an inquiry by The Herald) that the Chief Executive will be in Orlando this afternoon for the opening of a campaign headquarters and will leave for Tallahassee tonight but will NOT accept an invitation to attend the DeMolay affair at the Capri Masonic dignitaries. Burns is a Mason and a Shriner.

Collecting money for any cause, however worthy, at roadblocks set up on the highway is deemed a violation of the state and local laws. It is deemed a violation, both by statute and by common law, and brings in numerous complaints.

Arthur Godfrey fans will be interested in his personal philosophy as expressed in the February "Galepost" magazine, "The Fire or the Scrap Heap?" tells how he lives his life and how he made it a better person.

Seminole Spottsmann's Big fish fry in late April will be some of the top candidates for state and local office. The fish fry will be held at the Sanford Municipal Stadium.

The Seminole County School Board has been up as possible the best on the local level.

John Alvin says that he pledged in federal bid, utilization funds is still in the works. Red tape, as usual, is holding up the money.

Why don't you stop when they run over dogs or other household pets? We hear the complaint constantly: "He ran over my dog, and didn't even stop."

"When are you going to make it stop raining?" Chairman John Alexander of the Board of County Commissioners asked Road Superintendent J. C. Lavender Tuesday.

"We've got it under control," replied Lavender, "it's only raining at night."

Fred Passano, who had announced for a seat in the Legislature, says under the reapportionment plan he will spend the qualifying fee on a new suit.

Paving contracts for St. Johns River Estates are being prepared by County Engineer Bill Bush and should be ready in a week or two.

The controversy over Wilson Drive in Lake Mary has been held over to the March 22 meeting of the Board of County Commissioners. A fence has blocked off access to a lake, causing a neighborhood furore.

Rep. Bill Reed of Euclid would like to see both Mark Cleveland and Joe Davis in the Lake-Seminole House races. He says he doesn't want either to make an opponent to either in Lake County.

Some one described John Alexander as "nervous as a crippled eel with the St. Valentine's Day massacre." Tuesday qualifying deadline. As it turned out, John didn't get any opposition anyway for the Board of County Commissioners.

Marina, Motel Contract Signed Today

SIGNING OF LEASE by private investors and City of Sanford at special session of City Commission today morning. Standing: A. J. Thomas Jr., Chester Merrill Jr., Monroe Motel; Mayor A. L. Wilson, Harold Slama, Monroe Harbor, and Howard Wheelch, city clerk; standing: William Hutchison, city attorney, and Commissioners Earl Higginbotham, Dr. W. Vincent Roberts, Joe B. Baker and M. L. Raborn Jr. (Herald Photo)

Contracts for agreements to lease portions of the Sanford lakefront development landfall area in Monroe Motel, Inc., and Monroe Harbor, Inc., were signed by city and corporation officials at high noon today in City Hall.

A. J. Thomas Jr. and Chester Merrill Jr., of Monroe Motel, Inc., of Orlando and Harold Slama, of Monroe Harbor, Inc., of Sanford, inked contracts with the city to construct the commercial enterprises.

Signing for the City of Sanford were Mayor A. L. Wilson and Harold Wheelch, city clerk.

Terms of the leases are for 55 years, with option for renewal for 45 years.

Officials of Monroe Motel plan to construct a motel of not less than 61 rooms, a restaurant, club and swimming pool on a three-acre plot on the west end of the landfall area. They also will have first refusal on an additional two-acre site, for future expansion.

Merrill and Thomas indicated they plan to fly to Memphis, Tenn., headquarters of Holiday Inns of America, to discuss the details of the lease and the construction of the Holiday Inn to be built on the landfall area.

Slama, producer of Cranberry Motel here, will be granted permission, under the terms of the agreement, to construct a dry storage boat facility, boat repair facilities and an office and will be in charge of operation of the floating and fixed boat berths in the harbor.

Estimated costs of the motel complex are expected to be between \$100,000 and \$150,000 with the marina facilities on the east end of the landfall area estimated at more than \$100,000.

Today's signing ceremonies signaled the beginning of the development of the Sanford area as a vacation spot.

The Sanford area, representing 400 newspapers in the Southeast as well as Texas and Eastern producers, already charging \$134 a ton, kept the East-West differential intact by boosting their prices April 1.

The SNPA board, representing 400 newspapers in the Southeast as well as Texas and Eastern producers, already charging \$134 a ton, kept the East-West differential intact by boosting their prices April 1.
