Officers elected for the new club's first year include Mrs. Roberta Maupin, president; Mrs. Ann Sutton, first vice president; Mrs. Mary Rowell, second vice president; Mrs. Rita Ginchereau, secretary; Mrs. Nancy Wazolek, treasurer; Mrs. Doris Dean, delegate; Mrs. Barbara Cordray, alternate delegate; Mrs. Wanda Jones, recreation leader and Mrs. Kreck, 4-H Club leader.

Others attending the organizational meeting were Mrs. Maria O. Darum, Mrs. Myra Stodden, Mrs. Mary A. Nevean, Mrs. Ruth Clark and Mrs. Mildred MacKintosh.

The North Orlando club will meet at 1:30 p. m. on the fourth Sunday of each month at the home of members.

Seminole Women's Clubs Meet At Casselberry

By MARIAN E. JONES

The Seminole Federation of Women's Clubs ended the current year's program of events last Thursday when participating clubs held a luncheon meeting at the Casselberry Women's Club.

New officers for the ensuing two-year period, installed by State Federation District Director Mrs. Eva Wright of St. Cloud, were Mrs. Charles N. Rust of Sanford, president; Mrs. Milton Tinsley of Altamonte Springs, first vice president; Mrs. Albert Grimwood of Casselberry, second vice president; Mrs. B. R. Gray of Altamonte Springs, recording secretary; Mrs. C. M. Flowers of Sanford, corresponding secretary and Mrs. J. D. Morrison of Altamonte Springs, treasurer.

Corssages, fashioned of hibiscus blooms, were presented each incoming officer as she was installed.

A board meeting of new and old officers opened at 10 a. m. and was followed by the regular business session with Mrs. Lynn Mosier, president for the past two years, presiding.

The welcome address was given by Mrs. Kenneth Green, vice president of the hostess club with president from Mrs. Mosier. Mrs. E. P. Richards of the Longwood Club gave the devotional which was followed by Mrs. Gray's Hymnal solo.

Reports were heard from Mrs. J. D. Morrison, retiring secretary; from Mrs. Flowers who was chairman of the barbecue dinner recently sponsored by the federation and from Mrs. Ryals, chairman of the scholarship fund.

Members voted to send the president to this year's State Convention in Miami and also to future annual conventions.

Mrs. Wright spoke on interesting details relative to club work which a motion from Mrs. Tinsley suggesting that copies of the constitution and by-laws of the federation be typed and presented to each president of par-

ticipating clubs was approved. Miss Myrtle Wilson, county home demonstration agent, volunteered to handle the typing work.

Meetings of the next year will be held at the Sanford Women's Club in November, at Oviedo in February and at Longwood in May.

The covered dish luncheon was served at noon from beautifully decorated tables with place settings on individual lace mats. The officers' table was centered with a basket arrangement of daisies and day lilies flanked by horizontal rows of hibiscus and greenery.

Casselberry members who assisted with serving and registration included Mrs. Grimwood, Mrs. C. K. Fisher, Mrs. Gray, Mrs. Eleanor Storrs and Mrs. Green.

Mrs. Doretta Benson, music director of Lyman High School, presented her students in a program of group singing preceding the address from Judge Vernon Mize, guest speaker, who was introduced by Mrs. Benjamin Evans of the hostess group.

Judge Mize spoke on his duties and experiences of service as a juvenile judge and related many interesting points of the work.

The program closed with reports from each federation officer and from presidents of each member club with the Oviedo Club drawing a round of applause for its many activities of the year.

Officer Is Proud Of Young Friends in North Orlando

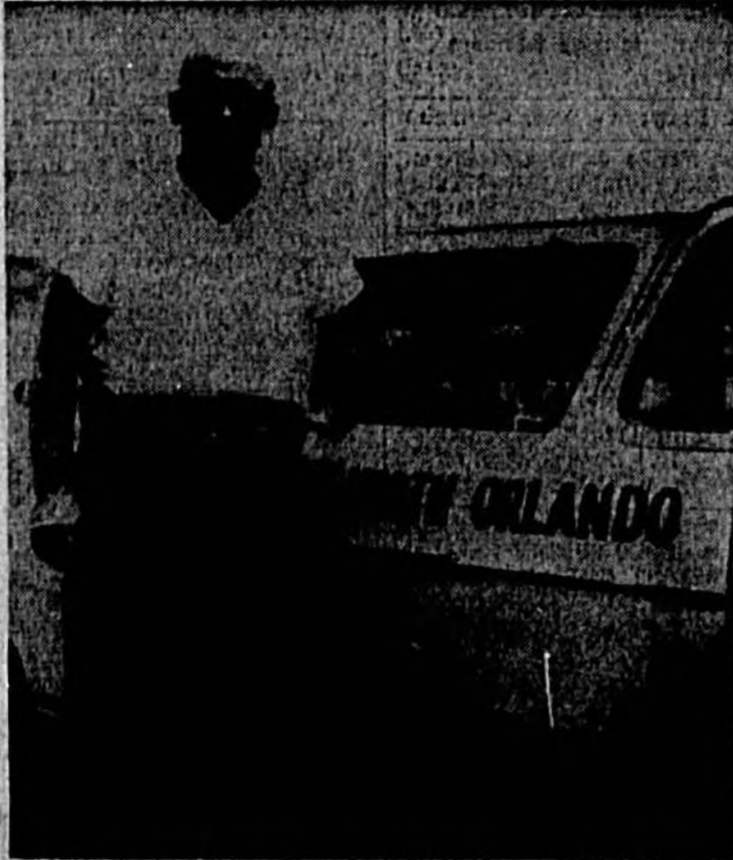

By MONA GRINSTEAD

North Orlando's police officer, Jack Sutton, who has served as a one-man Police Dept. for the village since February, said recently that he is quite proud of the many acquaintances he has made among the younger generation of the Village.

The pre-school children know him as "Jack, the policeman," or "Sutton" and give him quite a reception as he passes by in the well-recognized blue and white patrol car.

The school children know him because he watches over them each morning and afternoon as three buses load and unload on the Longwood-Oviedo Rd. Sutton helps them cross the highway and has authority to control traffic for their safety.

Many times during these past

'JACK, THE POLICEMAN,' is a familiar personality to North Orlando's children who have come to depend on him during the past four months to solve many of their problems which range from locating lost sweaters or textbooks to providing their ambulance service. (Herald Photo)

four months, he has taken books and sweaters, left at the bus stop, to homes of the students.

He gives them a feeling of security because he is a "hand-to-give" aid when it is needed. Recently a small girl was frightened by a dog and Sutton took her home in the patrol car. This, he reports, has happened a number of times with the children. He also serves as a chaperone at the Teenage Hop held each Saturday night and often is on duty at the Little League ball games.

One of the officer's latest jobs is to locate persons who dump garbage on the outskirts of the village and he has successfully located several of these offenders. He charges those responsible with clearing the debris and gives them 24 hours to get the job done.

Other duties performed include answering reports of peace disturbance, burying dead dogs and acting as an ambulance service for the North Orlando residents.

Recently he spent nine hours one night looking for a runaway boy who was found in the early morning hours. He delivers telegrams and acts as a "lost and found" dept. for neighborhood bikes, sometimes having as many as three on hand before they are claimed.

It is his duty, too, to patrol the village traffic and he has, in some instances, stopped offending trucks from using the streets. Recently he advised one driver, with a truck and trailer, to park in the North Orlando Co. lot and walk to his destination if he had business in the village.

A telephone for police department use has been installed in Sutton's home and he is on call seven days a week, 24 hours a day. While he is on duty, his wife, Ann, takes the calls which he checks every 15 or 20 minutes.

Sutton also takes water complaints and contacts water department officials when an emergency is reported.

Each Tuesday at 10 a.m. he appears in traffic court with Ambrose Ollitt, presiding judge, to testify against offenders and is credited with the noticeable slack in speeding cars through the area. The one thing he still has trouble with, the officer says, is the failure of drivers to recognize stop streets and he requests that residents be more cooperative in the matter.

Mr. and Mrs. Sutton came here one year ago from Phoenix, Ariz. Their home is at 21 N. Third St. They have a son serving in the Navy, now on his way to the Pacific, who is expected home on leave sometime in October.

Canal Called Greatest Factor To Spur Growth

Nothing in the destiny of this area, now or in the future, compares with the magnitude of the Sanford-Titusville Canal and its construction is unsurpassed by any other economic factor in the area, John Krider, Chamber of Commerce manager, told the Jaycees at their Thursday meeting.

Krider challenged the young men's organization to think hard about what it would mean to the economy of Sanford and Seminole County if the Sanford Naval Air Station should move out.

"You'll hear it said, 'bring in industry,'" said Krider and then added: "There are over 300 organizations in Florida actively seeking to attract industry to their area—many of them with plenty of money to back them up.

"Young men, such as you, decide the future," Krider told the Jaycees. "Young men must step up and take their place or we will be in serious trouble.

"Now the 100-year dream is beginning to come true," said Krider.

He explained that in 1856 the state legislature earmarked \$30,000 to finance the beginning of the cross-state canal, but the project was sidetracked by the Civil War. Now the cost is estimated at \$11 million.

Contrary to what most people believe, Krider added, river cargoes in the U. S. have increased every year since World War II. All major cities are on some body of water and it actually costs less to ship a barge of oil 1,700 miles by water than to ship one quart of milk across New York City. Water traffic has been proved to be 30 to 40 percent cheaper than railroad or truck deliveries, although slower.

Krider said that 25 percent of cost of living expenses goes into transportation

costs for goods purchased by the consumer.

Krider brought out many examples of canals and water traffic surveys in other parts of the country.

One such example was the Gulf Intercoastal Waterway which runs from Florida to Brownsville, Tex., and was estimated by engineers, before its construction, to be capable of doing a maximum \$5 million business, but is now clearing \$55 million worth of traffic and commerce a year.

In another example, Krider cited Houston, which built a canal 50 miles to the Gulf and is now the second largest port in tonnage in the United States.

Both houses of the Florida legislature have now endorsed the Sanford-Titusville Canal and have gone on record asking for immediate construction.

Waterways have now been incorporated into the Conservation Board for the first time in history, a giant step forward in Florida's move to develop its natural resources, he said.

The engineer reports refused to take into consideration the revenue from recreational boating, Krider said, and this is now the biggest industry in the state. One in every 10 persons in Florida now owns a pleasure craft.

"It is inconceivable to do more than vision what a tremendous boom and expansion this canal could mean to Sanford and the whole Central Florida area," Krider said.

"I challenge you young men," said Krider, "to step forward now and put your youth and energy into this vital and unsurpassed project, for the future of your children and the basic survival of the Sanford-Seminole economy."

Allies To Keep Berlin Rights, President Says

PARIS (UPI)—President Kennedy said today he and French President Charles de Gaulle agreed that Soviet force or pressure should not be allowed to drive the Allies out of Berlin.

"I think neither General de Gaulle nor I would feel it appropriate to have our statutory rights in Berlin changed by force or threat of force," the president told a press lunch.

Kennedy stopped short of a flat declaration that the United States would fight to hold the Allied position in the former German capital.

He said, in response to a question it would not be "expedient at this time" to go into details of his and De Gaulle's position on Berlin.

Kennedy spotlighted the Laos crisis and the deadlock in the Geneva nuclear test ban talks as major issues to be discussed during his weekend meetings in Vienna with Soviet Premier Nikita Khrushchev.

He said if any progress could be made on these two issues that would "make the trip worthwhile."

Kennedy and De Gaulle have reached a wide area of agreement on the need for high level consultation among the Allies, French sources said today.

At a public ceremony earlier today Kennedy pledged himself to "strengthen and maintain United States commitments to the defense forces of Europe."

Kennedy also said today differences among the Communist powers some day may burst into full-fledged rivalries.

He said there might be trouble behind the Iron Curtain because of the "somewhat peculiar" relation existing in a situation where Albania sides with Communist China in its ideological disputes with the Soviet Union.

This was one reason, Kennedy said, why he believed the tide was running in favor of the free world instead of the Communists.

Kennedy said the West had no way of knowing how far tension in the Sino-Soviet bloc would lead but indicated his belief it could lead to more open rivalries and differences.

Sanford Urban Renewal Bill Dies On Adjournment

An urban renewal bill for the city of Sanford died midway between the House and Senate in the closing minutes of the Legislature today.

Rep. Mack Cleveland of Seminole rushed the bill to House passage today by a 36-34 vote, but it did not reach the Senate until after sine die adjournment.

The legislature adjourned the 1961 session at 11:59 a. m.

Death of the measure means Sanford cannot take advantage of federal funds to clear slums and blighted areas for at least two

more years, until the Legislature meets again.

The remaining local bills for Seminole County were in the legislative hopper today and scheduled for passage.

Reps. Gordon Frederick and Mack Cleveland Jr. reported these bills:

Creation of a natural gas district for the southwest Seminole area including Casselberry, Longwood and Altamonte Springs;

Repeal of 1957 and 1959 acts creating fire control districts and consolidating them into a new act;

Enabling act for the City of Sanford to set up an urban renewal program.

Passed Thursday were local bills authorizing the county commission to grant sewerage franchises;

Permitting the county health department to charge fees for health examinations;

Authorizing the county commission to require deposits in escrow by developers to cover costs of putting in water and sewer lines prior to recording of plats;

Revising of the pension laws for

Sanford police and fire departments to update them and outline specifically cases in which the laws are applicable;

Authorizing county officers to prosecute cases in which owners allow vicious animals to run loose without supervision.

Previously passed by Frederick and Cleveland were bills allowing Longwood to be called City of Longwood instead of Town of Longwood and setting up election of Oviedo town councilman for staggered terms of office.

The Sanford urban renewal bill was the only act giving the county delegation much difficulty in the closing rush.

It was being prepared Thursday for introduction "with amendment of several parts," Cleveland said.

These were deletions of items in the bill such as one clause which allowed the extension of the urban renewal program five miles beyond the city limits, he pointed out.

A full report on all the local bills will be given in a Herald resume of local legislation next week.

Trujillo's Playboy Son Takes Dominican Reins

CIUDAD TRUJILLO (UPI)—The Dominican Republic today slipped quietly under the control of Gen. Rafael Trujillo Jr., playboy son of the man whose 30-year domination over this country was ended by assassins two days ago.

There was no immediate outward sign here of resistance to the new 32-year-old strongman and he moved quickly to stop any from building up.

In a proclamation issued Thursday night he ordered an all-out effort to track down the men who murdered his father Tuesday night and he appealed to the people for unity and order in the potentially explosive situation.

He pledged continuance of the Dominican Republic's anti-Communist foreign policy, faithful fulfillment of the nation's international obligations and "support for the welfare of the people."

At a cabinet meeting Thursday attended by figurehead President Joaquin Balaguer and the serv-

ing heads of the Trujillo family—Rafael Jr. and his uncle Hector—the post of chairman of the joint chiefs of staff was created for the younger Trujillo.

In that capacity, he became the effective ruler of the republic.

In Jersey City, former U. S. Ambassador to Ciudad Trujillo Felipe Phelps said "the man who controls the army controls that country."

Young Trujillo is remembered in the United States as the youthful general whose free-spending ways in Hollywood while he was supposed to be attending the U. S. Army's Command and General Staff College at Ft. Leavenworth, Kan., attracted the attention of Congress.

He lavished automobiles and other gifts on the stars he dated, including Zsa Zsa Gabor and Kim Novak.

Congress defeated a move to halt U. S. aid payments to the Dominican Republic, but young Trujillo was dropped with the curt announcement that he "did not graduate."

The bullet-riddled, disfigured body of the elder Trujillo lay in state at the Dominican "White House" for three hours today before being taken to his home town of San Cristobal for funeral services in the cathedral.

The official story of the elder Trujillo's death, based on a death bed statement by his fatally wounded chauffeur, said he went down shooting when three assassins of gunman waylaid his limousine on a beachfront road outside Ciudad Trujillo.

Nazi Guards Called 'Drunk With Blood'

JERUSALEM (UPI)—Adolf Eichmann's Nazi death camp guards were "drunk with blood," a Jew who survived three such camps told the court today. Israel Gutmán, a veteran of the bloody Warsaw ghetto revolt of 1943, testified that once he saw 85 men laughing at a 10-year-old Jewish boy marching naked to the gas chamber carrying a smaller child.

"Whenever we were sad they were happy, whenever they could torture us they laughed. They were drunk with blood," he said.

The Israeli prosecution charges that Eichmann was directly responsible for operations of the horror camps. Gutmán disclosed that Jewish prisoners staged a desperate insurrection at the Auschwitz death camp in November 1944. He said the revolt was suppressed and all the rebels were killed.

City To Study Sewage Treatment Plan

The City Commission agreed Thursday night to study ways to get a primary sewage treatment plant built after the State Board of Health, representative of local commissioners that no more extensions of the city sewer lines will be allowed until they offer a plan.

The state says the city needs a primary treatment plant to avoid adding to the pollution of Lake Monroe along the city front.

Commissioners said they didn't understand the supposed danger to the city, since a report by sanitary engineers showed that the lake effluent from the city sewerage system is assimilated by the flow of the St. Johns.

Growth of population and additional sewage would create a danger if it is not stopped now, Syd Berkowitz, assistant director of the bureau of sanitary engineering, said.

The bacterial pollution of the lake from the sewage is the main problem, he said.

Commissioners J. H. Crapps and Joe Baker told Berkowitz they could not see any imminent danger to the city's residents and felt that the commission should not be pushed into burdening itself with financing a plant which may run as high as \$400,000 just to make the lake safe for swimming and water sports.

City attorney William Hutchison told Berkowitz that the city's fiscal adviser had told the commission that selling revenue certificates or bonds would be difficult in the present situation.

Berkowitz explained that the city will be able to get 30 percent of the cost of plant from federal funds after Congress passes new legislation "which probably will double the available funds for the states."

He said in answer to a question by Hutchison that, if the city had its plans, bids, etc., and was ready to proceed, such funds could be obtained immediately.

This would leave the city with the problem of raising about \$200,000 to go with an \$80,000 fund it already has set aside.

Underground Fault Caused Cave-In

PARIS (UPI)—A French geologist today blamed a known underground fault for a landslide that killed at least 16 people and injured 45 others — and warned that it could happen again.

Police and firemen hunted by searchlight for more survivors and bodies in suburban Clamart Thursday night and continued their grim search in a drizzling rain over the daylight hours.

Sixteen bodies had been recovered by dawn and the chances were that there would be more.

Twenty-five houses and a three-story apartment building were destroyed when the earth in an entire two-block area suddenly gave way Thursday.

Prof. Pierre Gligasaud, dean of geology at the University of Paris, said the cave-in was caused by a slip of the "mesodon anticline" underlying the entire area. He said the subsoil in the area was arranged semi-vertically instead of horizontally, so that when shifts occurred the earth gave way rather than sliding sideways.

The slippage opened a giant crater into which humans, houses, animals, and automobiles tumbled.

City To Study Sewage Treatment Plan

"We are in the position of being duty bound to enforce our previous agreement with the city not to allow more extensions to the sewer lines until the city presents some plan of action toward getting a treatment plant," Berkowitz said.

This means no additions to the sewer lines inside or outside the city limits, he said.

The conference with Berkowitz was scheduled by the commission after the board of health refused to grant a permit for Fairlane Estates developers to add homes in the second unit of their project to the city sewers.

The board last week gave in to another plea by the developers and the city and allowed the addition to proceed with 94 new homes.

Baccalaureate Service Sunday

Senior will assemble in caps and gowns in front of the auditorium at 7:30 p. m. and march in a body to their seats at the designated time. The procession, "Pomp and Circumstance" traditional baccalaureate march, will be played by the Seminole High School Band.

The Doxology will be sung by the congregation and the Glee Club choir will present the anthem, "Let There Be Music."

Rev. Clyde Dollar will read the scriptures, followed by the "Cherub Song" sung by the choir.

Rev. James Barnett will deliver the baccalaureate sermon to the graduates and the congregation will join in singing, "Blest Be the Tie That Binds." The benediction will be given by L. Richard Clark, with a prayer response by the choir.

"The War March of the Priests" will be the recessional march played by the band.

Following the service, a reception for the graduates will be held in McKinley Hall at the First Methodist Church, sponsored by Methodist parents of seniors.

Tallahassee (UPI)

The House today passed a compromise congressional redistricting plan, 54-33, ridding the Legislature of its last important issue and clearing the books for sine die adjournment.

The bill gave one of Florida's four new congressmen to North Florida, one to South Florida, and two to Central Florida. Hillsborough, Pinellas, and Duval counties get congressmen of their own.

Rep. Emmett Roberts of Palm Beach called the 800,348 population set for his district "a gross inequity." District Six, which includes Palm Beach, also contains Broward, Glades, Martin, Collier, Hendry and Lee.

Rep. James Pruitt of Broward also opposed the compromise, as did Rep. Allen Markham of Oklawaha.

Rep. A. J. Ryan of Broward said the joint conference committee which worked out the plan "completely ignored" the wishes of both Houses. He said the proposal would hurt the Democratic Party.

Rep. Beth Johnson of Orange called the redistricting "expedient."

"We are just laying the foundation for the Republicans to take over control of the state," said Rep. John Crews of Baker.

Several other bills were also on the House calendar today, including the one that started out as an act to ban liquor store advertising. In a flurry of shuffling between Houses it was amended almost to the point of being meaningless, but was up for House concurrence in still another amendment today.

The congressional reapportionment plan was adopted 22-7 by the Senate late Thursday.

Episcopal Diocese Holds Conference

Four representatives from Holy Cross Church attended the annual conference for Junior Episcopal Young Churchmen which was held at Camp Wingmann in Avon Park last weekend. Joining others from all churches of the South Florida Diocese were Fr. John R. Griffith, curate, and Mrs. Dwight Smith, John Horner and Marge Demmond who attended instruction sessions, a business meeting, election of officers and enjoyed recreation of swimming, games and boating. Each conference day from May 28 through May 31 opened with Mass and was concluded with the ancient and lovely service of Compline. Theme of the three-day meeting was "Cheating."

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor in each for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	65	6-15
Monday	1 Kings	19	9-15
Tuesday	Psalms	27	25-30
Wednesday	Psalms	27	24-40
Thursday	1 Peter	1	5-9
Friday	1 Peter	1	15-21
Saturday	Revelation	6	16-18

This is life! On top of the world... then let in the depths.
For a child it can be exciting sport. For a grownup it is bitter reality.
No other resource in life is better geared to this frightening swing than religion. For centuries it has provided purpose for our summits, and courage for our valleys.
Don't let some imagined sense of the inevitable chain you to the pendulum of fate. The Church, its message rooted in the life of Jesus Christ, offers all men a Faith for climax... and for crisis.
Attend church next Sunday. Let the love of God invade your defenses... add opportunity to your victories.

The new Church of Christ on the corner of 15th St. and Park Ave. will hold dedication ceremonies Sunday at 3 p. m. with Herbert Bass, former minister of the church and a native of Australia, preaching the dedication service, assisted by preacher Morris Ruby and the local men of the church.

Following the dedication of the \$75,000 building an open house will be held, with all visitors welcome to tour the facilities of the church until the beginning of the evening services at 7:30 p. m.

The modern steel and concrete structure, designed by Paden Construction Company, was built to a great extent by the labor of the men and women of the church, assisted and aided by local contractors in the technical and skilled lines.

The building contains a large auditorium which will seat 480 worshippers in the new red oak pews. There are 10 classrooms devoted to the Bible Study classes and two utility rooms, plus the preacher's study.

The altar and the aisles of the sanctuary are covered with a beautiful new gray carpet, contributing to the hushed atmosphere of the worship center.

The shrubbery and plants, which beautify the landscape of the oak-shaded setting of the new church, were contributed and planted by members of the congregation.

Building of the new church was begun last fall and continued steadily until its completion.

You're Invited to our OPEN HOUSE

Sunday, June 4, 3 P. M. Through Evening Worship

THE CHURCH OF CHRIST HAD ITS BEGINNING UPON THE FIRST PENTECOST FOLLOWING THE RESURRECTION OF CHRIST. (Read Acts 1 & 2) EACH CONGREGATION OF THE CHURCH OF CHRIST IS AUTONOMOUS, AND/OR SELF GOVERNING, HAVING ITS OWN ELDERS AND DEACONS. (Read 1 Timothy 3 and Titus 1) THE ONLY ORGANIZATION OF THE CHURCH OF CHRIST IS WITHIN THE FOUR WALLS OF EACH CONGREGATION. THERE IS NO DISTRICT, REGIONAL, STATE, NATIONAL, OR WORLD WIDE ORGANIZATIONAL STRUCTURE. CHRIST IS ITS HEAD (Read Eph. 5:23) THE NEW TESTAMENT IS ITS ONLY TEACHING. THERE ARE NO MANUALS, CREEDS, PRAYER BOOKS, DISCIPLINES, OR CATECHISMS IN ADDITION TO THE NEW TESTAMENT. THE CHURCH OF CHRIST BELIEVES THE OLD TESTAMENT TO BE TRUE, BUT ITS LAWS WERE BINDING ONLY UPON THE PATRIARCHS AND THE ISRAELITES. GOD'S DEALINGS WITH THEM ARE RECORDED AS EXAMPLES UNTO US ACCORDING TO THE WORDS OF THE APOSTLE PAUL IN THE BOOK OF ROMANS. THE WORSHIP OF THE CHURCH OF CHRIST IS BASED SIMPLY UPON THE TEACHINGS OF THE NEW TESTAMENT. THEY COMMEMORATE THE DEATH OF CHRIST EACH FIRST DAY OF THE WEEK BY PARTAKING OF THE LORD'S SUPPER. (Acts 20:7); THEY SING SONGS UNACCOMPANIED BY INSTRUMENTS OF MUSIC. THEY CONTRIBUTE OF THEIR MEANS AS THEY HAVE BEEN PROSPERED TO SUPPORT THE WORK OF THE CHURCH. THEY BELIEVE THAT FAITH IN GOD IS A MUST (Heb. 11:6) THAT EVERYONE MUST REPENT OF HIS SINS (Acts 17:30) THAT HE MUST CONFESS CHRIST (Matt. 10:32) AND THAT HE MUST BE BAPTIZED AND THAT BY IMMERSION FOR THE FORGIVENESS OF SIN (Mark 16:15-16.)

Fr. Lyons' 35th Year Is Celebrated

Fr. Richard J. Lyons of All Souls Catholic Church celebrated the 35th anniversary of his ordination to the priesthood on May 29.

In observation of the event, members of the Holy Name Society honored their priest at a reception on Sunday from 3 p. m. until 5 p. m. in the Social Hall during which he received a 20-inch floor fan from the society and a spiritual bouquet from the Catholic Women's Club.

A program of two skits was presented by the ninth graders of All Souls School and refreshments of punch and anniversary cake were served to the more than 400 persons attending.

Honored guests at the celebration were James Lyons, of Chicago, Ill., brother of the honored priest, and his cousins, Mr. and Mrs. V. Choyce, of Sanford.

Other special guests included Rev. Roch Laurensano, chaplain at SNAS; Rev. W. Trainor of the Lake Mary Church of Nativity; Rev. Vincent Crawford, O.S.B., present associate pastor of All Souls and the Sisters of Christian Charity, teachers of all Souls School.

Students taking part in the program skits were, for "Beauty and The Beast," Paulette Normand, Donna Coutermarsh, Margot Mitchell, Elizabeth Smith, Roseanne Belsito, Mary Doucette and Judith Baccash.

In a modern version of "Little Red Riding Hood" were Donna Coutermarsh, Barbara Bolger,

Mary Doucette, Elizabeth Smith and Paulette Normans.

Monday an 11 a. m. High Mass, sung by girls of the seventh, eighth and ninth grades of the school, was attended by all pupils. Following the Mass, a student program was held on the lawn in front of the Social Hall at which time the children congratulated Fr. Lyons and presented him gifts of spiritual bouquets, Benediction Veil and Cape and Benediction Stole and Burse.

First Grader Louise Zeuli greeted the priest with a poem of congratulations and the program closed with the song, "A Priestly Heart," sung by the entire group.

Fr. Lyons, a native of Chicago, received his early education in the city's parochial school system and later attended the Seminary of Society of Divine Word Missionaries at Techney, Ill.

After ordination in Chicago on May 29, 1926, he traveled to the Philippine Islands where he participated in missionary work. Upon completion of this service, he spent one year in Switzerland prior to reporting as chaplain of St. Theresa Hospital in Waukegan, Ill., where he remained for three years.

He served as pastor of a parish in Greenville, Miss., until 1942 when he was transferred to the Immaculate Conception Parish in Jacksonville.

He became pastor of St. Edwards in Starke in 1951, serving there one year before coming to Sanford.

FR. RICHARD J. LYONS of All Souls Catholic Church, center, receives congratulations from Robert LeFila, right, at the reception marking the 35th anniversary of his Ordination to Priesthood. At left is Dr. Bernard R. Blais, president of the Holy Name Society which presented the pastor with the large floor fan and anniversary cake. (Gassman Photo)

Robert Kennedy Overlooked Big Factor In Prediction On Negro

By LYLE C. WILSON
WASHINGTON, (UPI) — Atty. Gen. Robert F. Kennedy left something big out of his forecast that a Negro can become president of the United States around the year 2000.

As these newer arrivals multiplied in numbers they established themselves on social, political and economic levels below the lowly Irish. The Irish no longer were the low men and women of the U. S. totem pole. From there, the Irish went onward and upward, too.

Kennedy supported his forecast with a bob-tailed reference to the political emergence in the United States of Irish Catholics. He cited his grandfather who emigrated from Ireland to Boston at a time when prejudice against the Irish was tremendous.

Members of these later immigrant nationalities are beginning to show up as governors or senators in New England states. The American Negro, however, scarcely has his foot on the first ladder rung as a politically emancipated individual.

Help wanted signs sometimes were accompanied by warning that no Irish help was wanted. It is a fact that the immigrant Irish of 100 years ago and less lived in circumstances of social, political and economic degradation.

Who—what immigrant nationality group—will do for the American Negro what the eastern and southern Europeans did for the oppressed Irish of the 19th Century? Asia probably would send millions here to move under and live beneath American Negroes. But Asiatics are substantially barred.

"And now," Bobby Kennedy said in a Voice of America speech beamed to the new African nations, "there's an Irish Catholic who is president of the United States. The same kind of progress will be made for U. S. Negroes."

If American Negroes are to achieve political parity and the White House, as foreseen by attorney General Kennedy, they will do it more nearly on their own than did the Irish.

Left out of Kennedy's oversimplified reference to the rise of Irish Americans was the fact of the immigration that moved in behind and under the Irish. These newer immigrants were from eastern and southern Europe.

Giants Drop Out Of First With Loss; Yanks, Angels Lose, Tigers Play Tie

United Press International
They call Harvey Haddix "the midget" but a better nickname might be "the giant killer."

The first nickname describes the little, little left-hander's pitching mannerisms adequately enough but the second is a far more accurate guide to his value to the world champion Pittsburgh Pirates this year. In fact, it's no exaggeration to say that Harvey is the principal reason the Pirates are favorite all their problems — are only three games out of first place in the National League.

Haddix displayed his value to the Pirates again Thursday night when he pitched them to a rain-shortened, seven-inning, 5-3 victory over the Milwaukee Braves. The win raised his record to 4-1 and his a record that requires a second look to judge his value to the club.

Here's why. The Pirates are rocking along a little above .500 and having trouble "out-gunning" the heavier-hitting other contenders. They stand only 9-9, for example, against Milwaukee, San Francisco and St. Louis — the three teams against which Haddix has compiled his entire record. That 4-1 mark thus represents a difference of six games in the standings — the difference between the Pirates' current contending position and a position that would have the world champions in dire straits.

The Cardinals enabled idle Cincinnati to take a half-game lead by beating the San Francisco Giants, 7-4, and the Chicago Cubs routed the Philadelphia Phillies, 10-3, in the other National League games. In the American League, the Boston Red Sox beat the New York Yankees, 7-5, the Washington Senators shooed the Los Angeles Angels, 3-2, and the Detroit Tigers played a 4-4 tie with Kansas City in a game shortened in the eighth inning by a thunderstorm.

Haddix survived a shaky first inning, in which the Braves scored all their runs, to strike out seven and breeze behind a 10-hit attack that included two homers by Smokey Burgess and one by Dick Groat. Lew Burdette was battered for seven hits and five runs in 3 2-3 innings to suffer his fourth loss for the Braves.

The Cardinals routed Mike McCormick with a five-run fifth-inning rally to take a 6-0 lead but wound up fighting for their lives when sixth-inning homers by Felipe Alou and Willie McCovey cut the Giants' deficit to one run. The victory ended the Cardinals' three game losing streak and the loss was the Giants' fourth in five games.

George Altman hit a homer and a two-run triple and Don Zimmer's Cub attack that paved the way for Glen Hobbie's third win. Tony Taylor and three of the Phillies' six-hits as Frank Sullivan suffered his sixth loss.

Vic Worz drove in three runs with a triple, single and two sacrifice flies to pace the Red Sox's 10-hit attack on four Yankee pitchers. Bill Monbouquette went 7 2-3 innings to win his fourth game for the Red Sox while Bob Turley suffered his third loss for New York.

Gene Woodling's two-run pinch double capped a three-run Washington uprising in the sixth after Ryan Duren's apparent game-ending strikeout of Billy Klau was nullified by Earl Averill's passed ball on the third strike. El Grba carried a 2-0 lead into the ninth but was relieved in favor of Duren when he walked leadoff batter Chuck Hinton. The loss was Duren's fifth compared to one victory.

Norm Cash homered for the Tigers and Wayne Causery for the Athletics before rain ended the game in the eighth inning. It will be replayed on July 17.

Season Sees New Track Marks

KANSAS CITY, Mo. (UPI)—This is a year for record-breaking track and field performances, as two world records have been bettered and two others equaled during the 1961 season, according to latest figures released by the NCAA.

The record-setting has been turned in by Tennessee A&I broad jumper Ralph Boston and Oklahoma State pole vaulter Dennis Davies. San Jose State's Dennis Johnson, Villanova's Frank Budd and Oregon's Harry Jerome have each tied the 100-yard dash mark, and Abilene Christian College's 580-yard relay team has equaled the world record in that event.

Boston's broad jump of 27 feet, 1/4 inch broke his own world, American and intercollegiate mark of 26 feet 11 1/4 inches set last year. Davies' vault of 15 feet 10 1/4 inches broke the world and American record of 15 feet 9 1/4 inches set by Don Bragg last year and smashed the intercollegiate mark of 15 feet 8 1/4 inches recorded by Occidental's Bob Gutowski in 1947.

Johnson has tied the world 100-yard dash record of 9.3 seconds on four occasions and Budd and Jerome have each done it once.

Abilene Christian College's 1:22.8 clocking for the 800-yard relay equals the world, American and intercollegiate record set by the same school in 1952.

Kiwanis, Lake Mary BRL Teams Win

Kiwanis continued to be the most consistent winner in the Babe Ruth League Thursday, beating the Shiras nine by a 6-3 score.

Lake Mary beat the Elks team 7-4 in the other Babe Ruth League contest.

Chase defeated Standard Oil by a one-sided 16-4 score in Thursday Little League action.

Eagles Get Two

PHILADELPHIA (UPI)—The Philadelphia Eagles, champions of the National Football League, have signed fullback Clarence Peaks and lineman Gene Gossage to 1961 contracts.

Snead Shoots 67 To Take Opening International Lead

DORADO BEACH, P. R. (UPI)—Slammin' Sammy Snead, playing the best golf of his career at 49 but still moaning about his putting, carried a two shot lead into the second round of the International golf championship today.

Snead matched the competitive course record at heat-swathed Dorado Beach Golf Club in Thursday's opening round with a dazzling five under par 34-33-67. That, added to 52-year-old Jimmy Demare's 33-40-73, also gave the U. S. a three stroke lead over Australia in the four-round chase for the coveted Canada Cup.

But Sam wasn't too happy—on the surface.

"Sucks," he said with a side-long grin that betrayed his inner satisfaction, "after all I three-putted the second hole for a bogey."

It was the only bogey of his round in 85-degree heat as, for the eighth time in his last nine competitive rounds, he broke 70. In the process he won his last two tournaments and it was evident he had his sights set on making it three in a row.

When the opening day's play had ended on this lush swamp on the palm-studded shores of the Atlantic, Snead held a two stroke lead over a par-busting trio composed of four-time British Open Champion Peter Thomson, lanky Al Balding of Canada and five foot four inch Ben Arda of the Philippines. They all had 69's.

Veck's Health May Be Big Factor In \$5 Million White Sox Proposal

CHICAGO (UPI)—Bill Veck, baseball's bounciest club owner, and his financial "angels," Hank Greenberg and Arthur C. Allyn, will decide by Monday whether Veck's ill health and a last place ball club justify their playing "double or nothing" to sell the Chicago White Sox.

Veck, Greenberg and Allyn were the prime investors who paid \$2,825,000 barely two years ago for 54 per cent of the White Sox stock.

Now they have for decision whether to accept an offer of about \$5 million from Hollywood actor Danny Thomas, and five Chicagoans, attorney Bernard Epstein, investment broker Thomas A. Lewis Jr., insurance broker Hamilton Loeb Jr., manufacturer Victor S. Joseph and executive Donald McKellar.

"The thing that has made this more plausible," Veck, the acknowledged leader of the Sox group, said, "is my physical condition."

For nearly two months, Veck has been kept at home under orders of Mayo Clinic physicians, who examined him in April and who have not yet given him, he said, a final report on what ails him, or his prospects for the future.

"I'm supposed to report to them by phone on June 5," he said.

With Veck sidelined and Greenberg running the club from the front office, the White Sox, 1959 American League pennant winners who finished third in 1960, have sagged to a dismal last place.

Thus Veck, Greenberg and Allyn, who originally had planned to give a quick answer to the proposal by the Thomas group, delayed their final action until Monday to permit more thorough consideration.

Braves Unload Martin To Twins

MILWAUKEE (UPI)—Infielder Billy Martin was the first to go today as Milwaukee Braves Manager Charlie Dressen initiated his awaited house-cleaning program.

Martin, who has done little but sit on the bench for the Braves since the season started was sent to the Minnesota Twins for infielder Billy Conzolo and cash.

Conzolo was immediately shipped to the Braves' Vancouver farm club in the Pacific Coast League leaving an opening on the Braves roster and indicating more deals are still to come.

Dressen hinted Wednesday that he was more than fed up with the performance of certain Braves this season by saying they played like "nanny goats" and warning that some wouldn't be with the team when the major league trading deadline came around on June 15.

The Braves bought Martin from Cincinnati last December.

This Was Day Gehrig Started, Ended Fabulous Yankee Record

NEW YORK (UPI)—This was the day it all started and all ended for Lou Gehrig.

It was on June 2, 1925 that he took over first base for the New York Yankees and began his amazing record of playing in 1,330 consecutive games.

And it was 30 years ago today, on June 2, 1941, that baseball's "Iron Horse" finally wore down and died in his Riverside, N. Y. apartment.

Most of the current Yankees and even kids who Gehrig died the only way they know him, by his reputation. One of them, Coach Frank Corbett, knew him intimately, as a competitor, a teammate and as a friend.

"I think Gehrig must have felt sorry for me," Corbett recalls. "When I first came up to the bench I was a scared kid and never took a walk."

"I had noticed it and he'd always go out of his way to help me. He'd see me getting downed after a ball game with obviously no chance to go, he'd say, 'Come on, we'll go out and have dinner together.'"

The story of how Gehrig got started on his consecutive game streak is a familiar one.

Wally Pipp, the Yankees' regular first baseman, showed up at the ball park with a headache, and Miller Huggins, who then was the manager, said to Gehrig: "You've been hollering for a chance to play, so now you've got it. Get out there on first base."

Gehrig got out there and no one ever was able to get him off for the next 14 years.

Gehrig hit a total of 493 homers during his career and he was not what would be called a friend of the pitchers.

On May 2, 1926, with the Yankees in Detroit, Gehrig decided to snuff his string and bench himself. Babe Dahlgren took over first base and Iron Man Lou never was to play again.

Later, when he was given a day at Yankee Stadium, Gehrig brushed the tears out of his eyes and said, in a voice choked with emotion:

"I think I'm the luckiest man on the face of the earth."

It was a dose of what finally got Lou down.

Death caught him in his sleep. He would have given it too much of a battle had he been awake.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I was widowed four years ago, and up until recently I never accepted any dates because I was too broken up. I realized I couldn't continue to live with a memory, and my children needed a father, so I started dating.

I met a very attractive man who is new in town. He appears to be a perfect gentleman, but no one knows much about him. He seems to be a man of means. I forgot to mention that I am fairly well off. My insurance company just settled an old accident claim, and I was awarded \$26,000, and this was in the paper. (I put it in trust for my children's education.)

This man told me if I married him I wouldn't have to worry about money. What does this mean? I can't ask him how much money he has, can I? I am not a gold-digger, but I don't want to marry a man I have to support. How can I find out his financial status?

CAREFUL WIDOW

DEAR CAREFUL: If he is on the up and up, he will not resent your asking him to meet with your lawyer (and banker) and reveal his financial status. If he balks, lose him fast. A woman is a fool to marry a man who won't hold still for questioning.

DEAR ABBY: Next Friday we have posture tests and we have to strip down to our underwear for a male doctor we don't even know. Do you think this is right?

BASHFUL

DEAR BASHFUL: There is nothing wrong with it. Doctors are trained to be impersonal, and there is no need to be embarrassed.

DEAR ABBY: Could you or a reader satisfy my curiosity? There are two birds nesting in an umbrella tree where a woodpecker used to make his home through the winter. These birds are different from any I have ever seen. They are bigger than blackbirds. Their plumage is so black it shines like patent leather. They have yellow beaks, and make a whistling sound that causes women to turn around. The whistle sounds like a "wolf" whistle. (You know what I mean. "Wheeee-Whoooooohh.") I am not a bird watcher, but I would like to know what kind of birds they are.

MRS. V.

DEAR MRS. V.: Tell me what part of the country you live in, and I will tell you what kind of birds they are. I am not a bird watcher either, but some of my best friends are.

CONFIDENTIAL TO "LOOKING FOR THE RIGHT ONE": Look for the fellow (or girl) who has not the best face or figure, the nicest car, or the smoothest line of patter. Look for purity of speech, kindness of heart, sweetness of disposition, and a willingness to work hard. In the meantime, set about to make yourself the same kind of person as you are looking for. And you will find that person.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

JAMES DARREN, DEBORAH WALLEY and Michael Callan are the young stars of "Gidget Goes Hawaiian," new Columbia romantic comedy in Eastman Color. The film co-stars TV-famous Carl Reiner, Peggy Cass, Eddie Foy Jr., and Jeff Donnell; Vicki Trickett and Joby Baker are featured. Miss Walley, pert and red-headed, makes her screen bow.

'Gidget Goes Hawaiian' At Ritz

Redheaded, pretty and pert, Deborah Walley makes an auspicious bow in "Gidget Goes Hawaiian" new Columbia romantic comedy produced by Jerry Bresler starting Sunday at the Ritz Theater. However, Miss Walley is not the only pleasing element in this highly-recommended successor to the memorable "Gidget."

James Darren, the young actor who also appeared in "Gidget," returns in the Eastman Color production, again as the teenage girl's often-lawlarded friend, and the songs he has in the film are certain to be among the more favored discs of the current crop; one is the title song, the other is a sparkling tune called "Wild About That Girl." Along with Darren, as Gidget's major interest in life apart from surfing, is Michael Callan, who scored a tremendous personal success in "Pepe" with his "Rumble" dance here appears as a popular TV entertainer, a dancer, naturally. And his new routines are exciting indeed.

Others in the delightful cast include Carl Reiner and Jeff Donnell as Gidget's parents, and Eddie Foy Jr., and Peggy Cass as the parents of lovely Vicki Trickett, another screen newcomer who plays Gidget's romantic rival. And, important to both the story and to the sheer pleasure to be found in the film as it unwinds on the screen, are such matters of visual interest as the Royal Hawaiian Hotel, Waikiki Beach with its waves and surf-boarding, a luau and hula girls.

DEW LINE

What is known as the "DEW line" is a chain of "distant early warning" radar stations strung across the Arctic to warn of possible transpolar air attacks, a product of U.S. and Canadian cooperation.

Neither Bolivia nor Paraguay in South America has a sea coast or seaport.

Highlights

TV Key Previews

Friday's top television shows as previewed and selected by TV Key's staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood:

President Kennedy's Trip. — Again, all three networks cover the president's day in Paris with the schedule of events including a Kennedy news conference at the Palais de Chailloit, a final conference with French President Charles de Gaulle, and a Kennedy meeting with his advisers in the evening. Each program will also highlight a segment from Vienna on the eve of the Kennedy meeting with Russian Premier Nikita Khrushchev in addition to analyses and reactions from correspondents abroad.

Harrison And Son. — "Junior Joins the Law Firm." (A repeat.) This was the opening show of the series in which Harrison Jr. tried his first case and learned his first lesson from his pa. Incidentally, viewers are likely to prefer the senior Harrison's choice of secretaries, as the partnership got started, over junior's more

conventional selection. 8 p. m. ABC.

Route 66. — "The Opponent." A corny fight story features a first rate performance by Darren McGavin. The boys are in Youngstown, Ohio, to see one of Bur's boyhood idols pulverize a local boy in the main event. After making a big bet on his hero, Bur learns his idol has become a breakdown pug who doesn't know when to quit. There's a fair share of lengthy speeches filled with platitudes and morals, but the interest here is guest McGavin, living down his "Riverboat" series as the pug, plus nice support by Lois Nettleton. 8:30 p. m. CBS.

Twilight Zone. — "The Obsolete Man." Fine camera work and production give this tale about a man on trial by the state a big lift. Also, actors Burgess Meredith and Frits Weaver have a field day playing the accused librarian and the judge, both of whom have plenty to say. 10 p. m. CBS.

Peru was conquered by the Spanish conquistador Francisco Pizarro.

SHIRLEY MacLANE, as an elevator girl, is given a big play by Jack Lemmon, an IBM operator for an insurance company. "The Apartment," directed by Billy Wilder, will open Sunday at the Movieland Drive-In Theatre through United Artists release.

Two Oscar Winners At Movieland

The Movieland Drive-In will feature two Oscar winners on the same program starting Sunday. "The Apartment," voted best picture of 1960, will be one of the attractions and "Elmer Gantry," with Burt Lancaster, winner of the best actor award, the other. "The Apartment" stars Jack Lemmon and Shirley MacLaine

also highly favored in the actor award categories. "Elmer Gantry" is a controversial picture from the great novel by Sinclair Lewis. The twin bill runs Sunday, Monday and Tuesday, when a double feature consisting of Pillars of the Sky with Jeff Chandler, and Black Shield of Falworth, starring Tony Curtis, take over.

Adventure Star Denies Paternity

SANTA MONICA, Calif. (UPI)—Gardner McKay, star of TV's "Adventures in Paradise" series, denied Thursday he could be the father of an 18-month-old girl, as charged in a paternity suit.

But the good-looking actor admitted he paid \$300 to Mrs. Patricia Frantz to cover the cost of delivery in Michigan and \$58 for her return fare to Hollywood.

McKay admitted he had sexual relations with the woman once, in late January of 1959. Since the baby was born Nov. 6, 1959, he said he couldn't be the father.

Dance Recital Slated June 9

The Deanna School of Dance will present its fifth annual recital June 9 at 8 p. m. in the auditorium of the Seminole Junior High School.

This year's recital will be presented in three acts: "Treasure Hunt," starring the younger children of the studio; "Photograph Album," featuring the tap dance students, and "Winter's Enchantment."

Friends and relatives of the children are invited to attend. The land of Tibet has no roads or highways.

We The Women:

By Ruth Millet

Here's a handy little checklist of signposts that lead only down the road to a monotonous marriage. Have you passed any of them lately?

You and your husband have narrowed your social life down to a small circle of friends whom you see over and over again and with whom you always do exactly the same things.

You have no big plan for the future toward which you both are planning and working.

When the two of you are alone your conversation is limited to local gossip, the children or the budget.

Neither of you has any creative hobby or outside interest.

You approach entertaining as a chore, intended solely to "pay back" those to whom you have become "indebted."

Your husband never tells you anything about his business.

Long ago you quit dressing to please your husband and long ago you stopped noticing your clothes unless prodded into making some comment on a new dress or hat.

You seldom laugh together when you are alone.

You are overly cautious about

taking a chance or trying something new.

The two of you can no longer have fun going out together in the evening. You must depend on others to make an evening out worth the effort.

It's a wise woman who recognizes those signs for what they are.

For more thought-provoking suggestions, see Ruth Millet's booklet, "How to Have a Happy Husband." Send 25 cents to Ruth Millet Reader Service, c/o The Sanford Herald, P. O. Box 488, Dept. A, Radio City Station, New York 19, N. Y.

Thunderstorms, Hail Cross Ohio Valley To New England

By United Press International Thunderstorms rode a cold front through the Ohio Valley into Pennsylvania, New York and New England today, packing rock hard hail and vicious winds. A southward driving rain pattern in the Rocky Mountains and Great Plains matched the Eastern weather, and a Rocky Ford, Colo., man deposited a three-inch-thick hailstone in his freezer for a season's souvenir. Winds and rain Thursday caused an estimated \$1 million damage at Marion, Ohio, formed sizeable lakes in Detroit's Tiger Stadium and wrecked power lines and small buildings in western Pennsylvania. At Washington, Pa., Al Jackson said winds peeled his frame garage away from the ground and left his car unscratched. Jackson's neighbor opened his back door to investigate the noise and a gust snatched the door away. Widespread cellar flooding, power line breaks and tree damage was reported throughout western keystone state counties. The storm had moved east from northern Ohio where it struck Marion, Mount Gilead, Loudenville near Akron and parts of seven counties with winds up to 81 miles per hour at Marion. Marion Schools Supt. Robert S. Brown called off classes today to avoid danger to children from fallen power lines. Mayor Karl Dune estimated damage at \$1 million and said "hot wires" were down throughout town. A tree was reported to have fallen on the Marion home of former President Warren G. Harding and a section of metal roofing ripped away from the courthouse. Skies were bright for most of the Middle West as the weekend began but the Weather Bureau forecast a chance of showers in flood-drenched eastern Kansas. Moderate to heavy flooding threatened on the Solomon River near Glasco, Kan., but the swollen Republican River was reported at three-fourths bankful at Clay Center.

Keep Your Eye On The Holes When Buying Swiss Cheese

WASHINGTON (UPI) — The next time you step up to the supermarket dairy counter, lady, keep your eye on the Swiss cheese. It may be phony. If it has well-developed holes scattered throughout, okay. But if it doesn't, you are being slyped. The gimmick is that some Swiss cheese manufacturers have been trying to dupe you. And not only have they been using machines to put the holes in cheese not meant for consumer sales, they've also been jiggering with the packages of sliced cheese. They get some good cheese—the kind with holes developed naturally during the aging process—and put it on the top of the package, then they put some of the lower grade stuff in the center. Result: They make a penny or two more per pound; you don't get what you paid for. All this came to light Thursday when the Food and Drug Administration announced it had requested seizure of three lots of Swiss cheese. It said the cheese had artificial holes or no holes at all and thus violated standards set in 1950.

Longwood Firemen Show Appreciation

The Longwood volunteer firemen will entertain "the women behind the scenes" Sunday when they hold a barbecue in honor of the wives at the Roy Rester home. Chief Claud Lavo said Thursday "we're doing this to show our appreciation for all the help the department has received from the ladies in the past. "The Pit Bar-B-Q Diner is in charge of the cooking," he said "and during the afternoon entertainment which begins at 2 p. m. we'll get all our chairmen lined up and other details worked out for the big Fourth of July Celebration."

Business Briefs

The first Gordon, French car built by Renault, has been received by Seminole County Motors in Sanford and was delivered to a customer half an hour after it arrived. The brand new model Gordon is being introduced now in the Southeast. Bob Thomas, sales representative, sold the first one to William Bernacki. The Gordon, named after the famous race car designer, Amos Gordon, is similar to the Renault Dauphine, but has vented wheels and a 20 percent increase in power, plus other additional features.

Ike Raps 'Government By Big Brother'

WASHINGTON (UPI) — Republican leaders lined up today to elect a new party chairman, prodded by former President Dwight D. Eisenhower to lead the GOP into battle against President Kennedy's domestic program. Rep. William E. Miller of New York appeared to be the choice,

Mrs. Rosa Grier Dies At Winter Park

Mrs. Rosa Grier, mother of Hugh H. Grier of Sanford, died this morning at Winter Park, where she lived. Funeral services will be held at 3:15 p. m. Saturday at Cox-Parker Funeral Home, Winter Park.

probably without opposition, to replace the retiring chairman, Sen. Thurston B. Morton of Kentucky. The election of a new chairman was set for the climax of a two-day GOP National Committee meeting which included a fundraising dinner Thursday night that drew 6,000 party leaders and contributors to hear Eisenhower.

In his first speech since he left the White House Jan. 20, the ex-President summoned the party to war against the Kennedy domestic program. He also offered some implicit criticism and advice to the administration about handling foreign affairs. He told the \$100-a-plate dinner audience that in foreign affairs the nation needs "steadiness of leadership, care and experience in

planning, prudence in word, firmness in deed." In lashing out at the Democrats on domestic issues, Eisenhower said he was "sick and tired of hearing alleged leaders scold at a balanced budget."

"I am deeply disturbed, as I believe millions of people are, by the indications of sheer recklessness in programs compelling deficit spending on the federal level," he said. "A free healthy, competitive economy cannot long exist if it is to be subject to political abuse, bewildered by constantly shrinking dollars and continuously fearful of governmental controls." The former president, who sat at a giant head table with members of his cabinet, Thomas E.

Dewey and other GOP leaders, received his biggest round of applause when he said the GOP was against "government by big brother."

The ex-president said his party opposed "the ever-increasing concentration of power in Washington" because it believed the individual was better able to plan his own life and spend his own money. "We are against the insulting concept of government by big brother," he declared. "Excessive public housing, rampant public power, federalized youth programs are cases in point." "I look in vain and with deep concern for fiscal responsibility today in public affairs," he said. "As I note the mounting expend-

itures, I often think how easy it is to buy things when you're spending the other fellow's money."

VOL. 53 United Press Leased Wire Established 1908 MONDAY, JUNE 5, 1961 SANFORD, FLORIDA NO. 206

U.S., Britain Reaffirm Allied Stand

LONDON (UPI) — President Kennedy and Prime Minister Harold Macmillan said today Soviet Premier Nikita Khrushchev's agreement in Vienna on the need for an effective ceasefire in Laos could break the deadlock in the 14-nation Geneva conference on the crisis in that Southeast Asia kingdom.

In a joint communique following a morning of talks at the prime minister's office, Kennedy and Macmillan also reaffirmed their determination to stand fast against any renewed Soviet pressure against the Allied position in Berlin.

The British and American leaders said "there was full agreement on the necessity of maintaining the rights and obligations of the Allied governments in Berlin." The communique was issued after an announcement by White House press secretary Pierre Salinger that Kennedy would report to the American people on his European trip Tuesday night over nationwide radio and television networks.

Kennedy and Macmillan said they "noted with satisfaction the agreement in Vienna on the need for an effective ceasefire which in their opinion should lead to progress in Geneva towards an agreement permitting the establishment of a neutral and independent Laos."

The Anglo-American leaders reviewed the world situation in the light of the Vienna meeting and said "particular attention" to the nuclear test ban conference and the disarmament question.

Salinger declined to say, in response to a question, whether Macmillan and Kennedy discussed the

possibility of a "big four" meeting on Berlin and other subjects. He said, "I won't go behind what is in the communique."

President Kennedy and Nikita Khrushchev spent more than 15 hours together Saturday and Sunday.

Authoritative American sources said the session brought no real concessions from either side but spawned some indications of possible progress in the future.

Russian officials were more optimistic, seeing the meeting as a forerunner of more such conferences.

The Russians hinted they wanted Kennedy to visit Moscow. Kennedy was non-committal.

The American sources gave this breakdown of the highlights of the talks:

Laos: Khrushchev agreed with Kennedy on the importance of an effective ceasefire in Laos, lead-

ing to hopes that the Russians would break the deadlock over this issue in Geneva.

Berlin: Neither side altered its position but Khrushchev gave no indication he intends whipping up a new crisis there. Kennedy had warned the Allies were firm and stressed the danger of war by "miscalculation." Khrushchev replied that miscalculation was a bad thing and could operate from either side.

Nuclear test ban and disarmament: Khrushchev continued to insist on veto powers for Russia over any inspection system. He said if Kennedy wished they could end the nuclear conference and include it in the disarmament talks to begin in August. Kennedy was non-committal.

Relations: A final communique said the two nations would continue "to maintain contact on all questions of mutual interest."

A LITTLE GRASS SHACK, HAWAIIAN STYLE, is under construction by fathers of the senior class of Seminole High School in preparation for the Hawaiian Luau which will climax the Fun After Graduation activities Tuesday night at the Golden Lake recreation area at the Naval Air Station.

'Give, Don't Take,' Seniors Advised At Baccalaureate

"Give of yourself," Rev. James Barnett told the 1961 graduating class at baccalaureate services Sunday at Seminole High School. "There are too many takers," he told them.

"You will have many experiences in the coming years," he told the graduates. "In the next ten years, some of you will be dead, most of you will be married, many will have children and most will be settled in their occupation. Whatever you do, you can only survive in an ordered existence, through service to man and devotion to God."

It is faith, which is not a gift, but must be earned. "Nothing is more valuable than your faith," he told the capped and gowned students, "to preserve you as a dignified, self-respecting human being in the coming years."

Special Tax Relief Bill Pushed In House Action

WASHINGTON (UPI) — Democratic leaders were trying to push through the House today an administration-opposed bill to give special income tax relief to lawyers, doctors, farmers, business owners and others.

There was strong bipartisan support for the legislation. Political pressure for such action has been mounting for the past decade. Self-employed persons would be permitted to postpone until retirement payment of income taxes on a portion of their current income if it is placed in a special retirement fund. Taxes could be deferred on 10 per cent of income up to a maximum of \$2,500 annually.

The Treasury tried in vain to persuade the House Ways and Means Committee to delay the measure. It wanted to wait until President Kennedy decided whether to recommend such legislation as part of his program next year for overhauling income tax laws.

Bryant, Sen. Kelly Disagree On Action

TALLAHASSEE (UPI) — Gov. Kelly Bryant and Sen. Scott Kelly of Lakeland disagreed today over the merits of the work of the just-adjourned 1961 Legislature.

According to the Treasury, the House bill would cost the federal government \$300 to \$400 million in annual revenue starting next Jan. 1.

Trujillo Murder Suspect Is Killed

CIUDAD TRUJILLO (UPI) — Security police shot and killed retired Gen. Juan T. Diaz, alleged mastermind of last week's assassination of Rafael L. Trujillo, in the streets here Sunday night.

An armed forces communique issued early today said Antonio de la Maza Vasquez, one of Diaz's right-hand men, was killed with him in a tommy-gun battle in downtown Ciudad Trujillo.

The 38-caliber revolver with which Trujillo battled his killers was found on De La Maza's body, the communique said.

The deaths of Diaz and De La Maza increased to 12 the number of persons known to have been arrested or killed by police searching for the assassins.

Security police announced Sunday that three suspects had been arrested and a fourth had committed suicide. Six persons had been either captured or shot while resisting arrest earlier.

According to the government, only one of the actual killers—Antonio Imberti—still is at large. Three persons suspected of complicity in the assassination plot have not yet been captured.

Although the government says the plot was motivated by "personal revenge," the fact that Diaz and a number of other army officers were involved suggested that it may have been intended as a military coup.

Gen. Rafael L. Trujillo Jr., who as chairman of the joint chiefs of staff has in effect inherited his father's power, has denied reports that at least 1,000 persons have been arrested since the killing.

The 32-year-old general said about 200 friends or relatives of the assassins were arrested last week, but that only 70 of them still are being held.

Appeal Planned On Freedom Ride Curb By Court

By United Press International
Negro leaders today planned to appeal a federal restraining order prohibiting "freedom riders" in Alabama, but said riders would temporarily bypass the troubled state in a continuing attack on neighboring Mississippi.

U. S. Middle District Judge Frank M. Johnson Jr. said Sunday in Montgomery, Ala., his order "is directed only to and against those organization... who sponsor such groups" as the "Freedom Riders."

The federal judge made it clear those who wish individually to test bus and train segregation laws in Alabama may do so without government interference.

In Atlanta, meanwhile, the Southern Christian Leadership Conference and Congress of Racial Equality (CORE) said in a joint statement the "Freedom Ride" movement would continue in the Deep South.

"The principle and objectives of the 'Freedom Riders' is thoroughly American and consistent with the exercise of constitutional privilege... the ride will continue," the statement said.

The two anti-segregation organizations said official "Freedom Riders" would not be sent to Alabama until a court appeal of Johnson's Friday ruling can be made. But the statement indicated more riders would be sent to Mississippi from Tennessee across the state's northern border.

To date 65 riders have been arrested and jailed in Jackson, Miss., for attempting to break down bus and train de facto segregation laws.

Fifth of the jailed anti-segregationists began a hunger strike Thursday in both the city jail and the Hinds County jail. All but seven ended the protest over Mississippi segregation laws during the weekend, police reported.
