STRIKE ORDER SIGNED BY SIX PRESIDENTS RAILROAD SHOP MEN

Organizations Will Receive Strike Orders Today Calling Men Out

400,000 MEN IN ALL

WILL START AT 10 ON JULY 1ST ON ALL RAILROADS AND PULLMAN SHOPS IN U. S.

(By The Associated Press) CHICAGO, June 29.—Strike orders signed by six craft presidents of railroad shopmen's organizations were sent out today to general chairmen representing four hundred thousand men, authorizing a strike at 10 a. m. July 1st, "on all railroads and Pullman shops in the United States."

CHICAGO, June 29.—Two possible means of averting the threatened rail strike of 400,000 shopmen suggested themselves to railroad circles last night followed by what B. M. Jewell, head of the shop unions, termed the "last word" to the railroads in the union ultimatum sent to the Association of Railway Executives Tuesday night.

The executives, by co-incidence, were scheduled to meet in Chicago today, and local railroad executives said yesterday the shopmen's proposal of a truce pending further negotiations on wages and working conditions would undoubtedly receive attention.

President Jewell's telegram Tuesday night to T. DeWitt Cuyler, chairman of the executives, left little leeway for avoiding the strike. It was felt by the railroad officials.

The certain rejection of the union proposal therefore left, in the opinion of railroad men, but two possible loopholes to avoid issuance of the strike call.

One was that a conference between the union heads and the executives might be called today, and if no agreement was reached a technical dispute might be announced, over which the railroad labor board, acting under authority of the transportation act, could take jurisdiction as it did in the "big four" brotherhoods strike last year, and act to prevent a walkout.

The other was that if the strike is called the board could also take jurisdiction under the act, on the ground that the strike would interrupt commerce, and order the men back to work.

Ben W. Hooper, chairman of the board, refused to comment on these two possibilities. The action of the board in the threatened strike last October was interpreted as representing the board's position on the first possibility, and since the board has never had occasion to act in any strike of consequence, the chairman declined to state what the federal body's interpretation of the transportation act on that point would be.

Mr. Jewell, while refusing also to discuss the possibilities of a conference today with the railway executives said "a statement" would be given out today, about the hour the executives go into session.

Among phases of the strike situation which received considerable attention last night was the fact that but 19 roads are involved in the practice of contracting work to outside firms, one of the points on which the shopmen cast their strike vote. Among the 201 railroads themselves, there was said to be a decided split on the question of contracting, and there was said to be some doubt as to whether the majority of the roads, which have refrained from contracting, would support the minority which have held contracting to be their legal right.

Chairman Cuyler and the heads of the larger roads of the country were to arrive in Chicago this morning for a meeting announced as a conference on contracts with the American Railway Express Company. Numerous other subjects, however, would be discussed, it was said.

A letter from Mrs. A. K. Powers at Wrightsville Beach, North Carolina, says the weather is delightful up there and she and the children are enjoying the beach and the climate but they want the Daily Herald to complete their stay as they want to get all the news from home.

LATE WIRES

(By The Associated Press) WASHINGTON, June 29.—The Department of Agriculture today forecast the current watermelon crop in Florida as 1,274 cars. Georgia 22,207.

DUBLIN, June 29.—Rory O'Connor's band of insurgent Irish republic army men are still holding out in four courts stronghold at noon today against continuing attempts of free state troops to dislodge it. Firing in progress all forenoon, sniping operations incessant.

WASHINGTON, June 29.—Mexican rebels who seized Aguda Camp of the Cortez Oil Company in the Tampico region Sunday, holding the property and forty American employees for 15,000 pesos, withdrew Monday without damage or injury to the employees but with threats of return the state department was advised today by Consul Shaw at Tampico.

WASHINGTON, June 29.—Secretary of Labor Davis announced today the bituminous and anthracite coal operators had accepted the invitation of President Harding to meet at the White House Saturday with the United Mine Workers officials to devise methods upon which negotiations for settlement of the coal strike can be initiated.

TOKIO, June 29.—Japan is preparing to file protest to Peking against the burning by Chinese bandits of the Japanese consulate near Chuentao, in Manchuria. Dispatches report three Japanese killed, the hospital and thirty houses burned.

CLEVELAND, June 29.—Engineers and trainmen, members of the railroad brotherhoods with headquarters here will continue to perform their regular duties and will not take places or do work of any railroad employees on strike in connection with the walkout of shop crafts called for Saturday morning the chiefs of the brotherhoods advised members of their organizations today.

LONDON, June 29.—Unconfirmed report that the railroad station at Foynes, twenty miles from Limerick, was occupied by Irish provisional government troops, attacked and set on fire.

CHICAGO, June 29.—United States Railway Labor Board today cited national officers of six shop craft unions, railway executives now meeting here and officers of four other railroad unions to appear before the board tomorrow afternoon in inquiry into "the threatened interruption of traffic."

BRADENTOWN MAYOR MADE MEMBER STATE ROAD DEPARTMENT

(By The Associated Press) TALLAHASSEE, June 29.—E. P. Greene, mayor of Bradentown, was yesterday appointed a member of the state road department to fill the vacancy created by the death of W. W. Clark. Mr. Greene was in Tallahassee today to confer with Governor Hardee. It is understood the executive tendered him the office Saturday.

Appointment of Mr. Greene came as a surprise generally. Although he has been prominent in the local affairs of Bradentown since going there about ten years ago from Marietta, Ga., he has not held any county or state office. He has been a member of the city council at Bradentown for several years.

Mr. Greene, who is about 50 years old, is engaged in the real estate and naval stores business. Governor Hardee chose Mr. Greene from a large number of applicants for the position.

NEGRO KILLED AT JAX. IN DUEL WITH POLICE

(By The Associated Press) JACKSONVILLE, June 29.—Police officer Mark M. Mathias emerged victor from a pistol duel with John Matthews, negro, of Starke, in the "black" belt of the city last night. Matthews finally dropped with several pistol wounds in his body.

MAY REBUILD WILSON DAM AT THE SHOALS

SEEM TO BE WAITING FOR THE PRESIDENT'S SIGNATURE FOR THE MONEY

(By The Associated Press) WASHINGTON, June 28.—President Harding's signature was all that was required last night for authorizing the appropriation of \$7,500,000 for new work on the Wilson dam at Muscle Shoals. The army bill containing authority of congress to spend the money on that project, effective October 1, next, was passed yesterday by the senate without a change in the language already approved by the house and by conferees of the two legislative bodies.

During final senate consideration, however, the measure at certain stages was threatened with being sent back to the house for further conference, Senator Norris of Nebraska, chairman of the agriculture committee, moving that the senate disagree with the house provision delaying expenditure of the money until October. He was finally overruled by the senate on a vote of 28 to 32.

The Nebraska senator led the attack on the house amendment and was joined by Senator Wadsworth of New York, chairman of the military committee in charge of the bill, and by Senator Underwood of Alabama, the Democratic leader, in declaring the house action "unfortunate." The latter two senators, however, differed with Senator Norris on his motion to disagree, declaring that if it prevailed the bill would be returned to the house and the appropriation probably would be jeopardized in that procedure.

Others, including Senators Glass, Democrat, Virginia; Heflin, Democrat, Alabama, and Smith, Democrat, South Carolina, supported Senator Underwood in requesting concurrence in the house amendment in order to make the appropriation certain. Senator Underwood recalled past occurrences where differences between the senate and house had resulted disastrously to Muscle Shoals appropriations and reminded his colleagues that the army bill had to be on the statute books by July 1, and that they had no time to lose in adjusting differences in language, however unfortunate they might appear to the senate.

The first executive meeting of the agriculture committee since it concluded its examination of proposals from Henry Ford, the Alabama Power Company, Frederick Engstrom, and Charles L. Parsons, for developing the Shoals properties, also was held yesterday. Senator Norris was understood to have informed the committee that he would submit a report to the senate, although he was alone among the sixteen members with reference to their opinions of offers considered.

RATHENAU ASSASSINATED HAVE BEEN ARRESTED DISPATCH FROM BERLIN

(By The Associated Press) LONDON, June 29.—The men who assassinated Rathenau have been arrested, according to a Central News dispatch from Berlin.

FRANKFORT, June 29.—Ernst Werner Techow, of Berlin, 21 year old student, who the police declare was the driver of the murder car in the Rathenau assassination, was arrested near here today.

"HEARD ON THE STREETS"

While enroute to the postoffice this morning I passed two of our citizens engaged in conversation and as I passed, one said to the other: "Say what you please, this is no place for any one dependent on their own efforts for a living."

I ask the question: What is the backbone of this country composed of and where would our good citizen be, if he could not employ some of the self same people, he stated were out of place here?

Sanford is marching forward, and I am glad to say my observations of a bit over three months, leads me to believe my fellow countryman was in error and that such remarks are not only unkind, thoughtless and detrimental but certainly not the kind for BOOSTERS to use. Now, how come? Boost and bury the hammer. We have no room for knockers—this is the day of efficiency in every line of endeavor so measure your passing remarks even.

"A NEWCOMER BUT A BOOSTER."

PRES. OBREGON SAYS ALL A LIE ABOUT BANDITS

NO AMERICANS ARE HELD CAPTIVE AND ALL IS PROP-AGANDA

(By The Associated Press) SAN FRANCISCO, June 29.—President Obregon, of Mexico, in a telegram to the San Francisco Chronicle asserts news from Tampico of Americans held captive by bandits "absolutely baseless." He characterized the dispatch as "only one of many malicious deeds to create unfavorable opinion between the two nations."

WATCH THE CHICKENS WHEN THEY STAGGER AROUND AIMLESSLY

(By The Associated Press) GAINESVILLE, June 28.—You should not arrive at any hasty conclusions if you see a chicken staggering around with its head dangling about aimlessly, especially if the combs are darkened and the wings are drooping, according to R. C. Blake, professor of poultry husbandry of the Florida College of Agriculture. These are symptoms of ptomaine poisoning, caused from eating decayed or soured food.

The disease is prevalent at this season of the year, according to Prof. Blake, who adds that it has wrongly been called chicken cholera. The latter disease is little known in this country, he says.

The poisoning comes from poor conditioned mash. Grain that has been wet and allowed to stand in the hot sun quickly ferments. Any fowl eating the mash in this condition usually dies, Professor Blake declares. Remedy, he says, lies only in prevention, and warns that the mash hoppers be kept clean and that none of the food be allowed to spoil.

There is a small chance that if the symptoms of the disease are recognized in the early stages the fowl can be cured by one teaspoonful of castor oil.

MAJOR ODUM IS HERE FOR HOPE HALL AND FLORIDA RESCUE HOME

Major L. A. Odum, state superintendent of the Volunteers of America under the leadership of General Ballington Booth, is in Sanford this week in the interest of two most worthy charities—Hope Hall and the Florida Rescue Home.

Hope Hall is a reservation being conducted at Hampton, Florida, wholly in the interest of released prisoners. It comprises some 200 acres of land on which a number of cottages have been erected, furnished and equipped for the purpose of receiving and aiding men as they emerge from prison.

In addition to this, a most extensive state-wide welfare work is being conducted among the prisoners while incarcerated at the various state road camps. This consists of regular visits where religious services are conducted, the free distribution of a reading matter, Sunday school supplies, etc. It enables the organization to reach the men better than they could otherwise.

The Florida Rescue Home at Jacksonville is doing a most worthy work in the way of helping young women who have made a mistake in life. This institution is like that of Hope Hall, as it is state-wide in its conduct and free in its benefits. Hence cases are received from every county throughout the state and assisted as long as may be necessary. When it is considered that this is the only home in Florida of this character, it is not surprising that the demands being made upon it are great.

Major Odum is simply here on his regular annual visit endeavoring to raise a subscription in keeping with says, however, that he has many friends here who are very much interested in his labor of humanity.

George Speer is making some changes in the store room recently occupied by the Jones Cash Store. The ceiling is being torn out and will be replaced by a steel ceiling and the room will be extended back to the alley making one of the best store rooms in the block.

TOKIO, June 29.—The Privy council passed the national treaty adopted at Washington arms conference and submitted it today to Prince Regent for ratification.

BATTLE ROYAL ALL NIGHT BETWEEN IRISH FACTIONS DUBLIN CITY IS BESIEGED

CHIUNG MING ASSASSINATED SAYS CABLE

MAN WHO DROVE SUN YAT SEN FROM CANTON IS BUMPED OFF IS REPORT

(By The Associated Press) MANILA, June 29.—Chen Chiung Ming, who recently drove Sun Yat Sen from Canton has been assassinated, according to a cable received here today from Shanghai by local Chinese newspapers.

Strout Farm Agency Places Agent Here To Handle Business

F. C. MacMahon Will Be Local Manager for Sanford

The increasing importance of Sanford and its surrounding country from an agricultural standpoint has just been recognized by the establishment here of a selling office of the E. A. Strout Farm Agency, Inc., and the appointment of Francis C. MacMahon, as its local manager.

The effect of this step will be to give Sanford and Seminole county representation in the largest farm selling organization in the world, having more than 620 agents scattered all over the United States, in Canada and Great Britain and divisional offices in many of the large cities of this country.

The move is an incident in a \$1,000,000 sales promotion campaign which the Strout Agency has undertaken to put over in 1922. It means that Sanford and the farming country around it is in for a big boost for it will share in the benefits of that campaign.

Many thousands of dollars are spent by the Strout Agency annually in advertising farms for sale and this year the expenditure will be increased. Farm seekers all over America and abroad will be told through this advertising campaign of the opportunities for buying farm property advantageously in this section.

In addition a very attractive little booklet describing the attractiveness of farming property here will be issued especially for Mr. MacMahon by the Strout Agency and distributed by him to thousands of farm seekers and home seekers. It will tell these prospective farm buyers what crops are best adapted to our soils and most profitable in our markets and will show what some of our successful farmers have accomplished.

The Strout Agency has on its lists the names of many thousands of persons who are seeking farm homes, many of whom desire to locate in this state or vicinity. The little booster for Sanford will be placed before them. It should help to place Sanford more prominently on the world's map.

What this means to a community may readily be imagined. In some cases, representatives of the Strout Agency say this plan has brought as many as 174 new families into a single section thus advertised in one year.

The Strout Agency is convinced that the American farmer now has turned the corner and is again on the road to prosperity. This is shown by reports of their own agents as well as from disinterested observers in the great agricultural states who have noted a marked improvement in the farming conditions that extends from Maine to the great plains states of the Middle West and from the Great Lakes to Florida.

"The value of farm products is advancing while the cost of the things he has to buy is declining," said a representative of the agency. "This means that confidence is being restored and confidence in the great basic industry of farming means better business sooner or later not only for the farmer but for everybody."

Mrs. O. E. Watts and daughters, of Boston, are here for a short visit at the home of Mr. and Mrs. J. Allen. Mrs. Watts is the wife of the leading seed man of Bartow and is being warmly welcomed here.

Fighting Between Republicans and Provisional Free State

DEAD NOT KNOWN

BUT ESTIMATED TODAY THAT AT LEAST FIFTY HAVE BEEN KILLED.

(By The Associated Press) DUBLIN, June 29.—The battle between the republicans and provisional free state forces continued all night and firing still is proceeding vigorously today.

The number of casualties is not available, but it is estimated that at least 50 have been killed and wounded.

DUBLIN, June 29.—Michael Collins, head of the Irish Free State yesterday against the republican insurgents under Rory O'Connor, in their stronghold in the center of Dublin, Four Courts. An ultimatum for the surrender of the insurgents was ignored and at the expiration of a brief time limit, Free State troops in armored cars and motor lorries began a movement against the insurgents, which was met with building.

From dawn until late last night there was heavy exchanges, although at intervals the firing ceased. Small artillery, trench motors and machine guns were employed by the attacking forces, but the irregulars confined themselves largely to machine gun and rifle fire. No attempt was made to carry Four Courts by assault, but one of the walls of the building was breached at various places.

The casualties are few in proportion to the nature of the fighting, and they consist for the most part of civilians caught in the line of fire. So far as is known today, seven were killed and a score more or less seriously wounded. This does not include any casualties that may have been suffered by the irregulars, these being impossible to obtain.

Less than 1,000 Free State troops are engaged in the present operations, and it is known that the irregulars number several hundred. The insurgents were obliged to evacuate several buildings during the progress of the battle, but immediately took up new positions which had evidently been prepared in advance. The Free State troops did not interfere with activities at republican headquarters in Suffolk street where Eamon De Valera and his colleagues met as usual. Mr. De Valera declined to make any statement on the present warlike situation.

MEXICAN BANDITS RELEASE BIELASKI

(By The Associated Press) WASHINGTON, June 29.—The state department was officially advised in a message from Charge Summerlin at Mexico City late yesterday of the release of Bruce Bielaski. Mr. Summerlin said he had received a telegram from Puenta Ixtla, near where Bielaski was captured by bandits, stating that he was there "safe and well" and that he expected to arrive in Mexico City tonight.

Escaped Without Ransom.

MEXICO CITY, June 29.—Bruce Bielaski, the American kidnapped by Mexicans, escaped without the ransom his captors demanded having been paid, according to information reached here from Cuernavaca, where Mr. Bielaski arrived last evening.

With the Bielaski kidnapping apparently entering in final phase, attention now is being centered on the Tampico oil region, where forty Americans are being held by the rebel, General Corozave, for ransom. Confirmation of reports that Corozave had captured the Americans reached here today in a private message from Tampico. The message said money for the ransom of the Americans was being forwarded to Corozave from Tampico. The dispatch did not designate by whom the money was being sent.

SOCIETY FOR THE WEEK

(From Thursday's Daily)

Miss Vivian Telford, of Winter Haven, is the guest of Miss Agnes Peritt for this week.

Miss Mary Elizabeth Puleston left yesterday for Tampa where she will visit Mrs. T. W. Ramsey.

Stanley and J. J. Hammett, of Elm avenue, has returned after a two weeks visit at Plant City.

Miss Rhoda Vaughan, of Sanford Heights, is visiting her sister, Mrs. Stackhouse of New Smyrna.

Mrs. W. McCoy, of Carlstrom Field, Arcadia, was the charming guest of Mrs. H. A. Bivins this week.

W. P. Townsend, of Birmingham, Ala., is stopping at the Montezuma while in the city on business.

Morris and Robert Moyo, of Oak avenue, have left for Arcadia where they will visit their grandmother.

Miss Ruba Williams and Mrs. C. A. Williams leave tomorrow for Macon, Ga., where they will spend the summer.

A. F. Clover, of Tampa, was in the city yesterday attending to business, making his headquarters at the Montezuma.

R. L. Proctor, of Moultrie, Ga., is spending a few days here at the Montezuma while in the city on a business mission.

Mrs. J. N. Tolar and Mrs. Robert Hines have returned home from Daytona Beach where they spend the past two weeks.

Miss Corinna Lowe of Clearwater, is the guest of Mrs. P. M. Boyd at her home on Magnolia avenue for several weeks.

Miss May Landgraf, who has been in charge of the Fernald-Laughton hospital, left this morning for her home in Baltimore.

Mrs. M. H. Mabry and son Harton left Tuesday for Louisville, Ky., where they will spend a short time before going to Michigan for the summer.

Capt. and Mrs. W. A. Fitts, Sr., now of Orlando, gave a day's picnic party to a group of their Orlando friends at their old home place in Rose Court.

Lieut. and Mrs. H. A. Bivins leave today for Texas, after a short visit here as the guests of the latter's parents, Mr. and Mrs. B. W. Herndon.

Dr. Claude S. Breedin, who has been visiting his sister, Mrs. J. N. Robson of Park avenue, has returned to his home, St. Mary's Hospital, Anderson, S. C.

Misses Anna Lou Huff and Wynette Manning returned to their homes in Atlanta after a pleasant visit here as the guests of the former's sister, Mrs. Ben Caswell.

E. Walker Dickson, of Longwood, was a social and business visitor in Sanford yesterday. While here, he bought a new tractor for his large grove there.

Mrs. Mabry and son Harton, who have been spending a delightful winter with her sister, Mrs. George Frederick Smith on Magnolia avenue, left yesterday for Louisville, Ky.

Miss Agnes Dumas will spend the week-end at Daytona Beach as the guest of Miss Fern Ward. Miss Ward will entertain at bridge Friday afternoon, honoring Miss Dumas.

Mrs. J. M. Baggott, who has been spending some time here with her daughter, Mrs. P. M. Boyd, left yesterday for Tarpon Springs. She will also visit friends at Dunedin and at

other places on the West Coast before returning to Sanford.

Mrs. W. A. Lester has returned home from Monticello where she attended the marriage of her sister, Jeanne. She was accompanied home by little Miss India Kuder.

Frank J. Gonzalez and son, Joe, of Miami, are here for a few days with friends. The many friends of the Gonzalez are glad to see them even though for a few days. Mrs. Gonzalez and daughters are visiting in Orlando, the guests of her sister, Mrs. LaRue Bliss.

Dr. and Mrs. John Cook Deen returned last evening in their car from Georgia, where they visited relatives and White Springs, Fla., where they spent their "honeymoon," and are now at home to their friends at 901 Magnolia avenue.

Lieut. and Mrs. H. A. Bivins are visiting Mr. and Mrs. B. W. Herndon on their way to their home in Arcadia, having returned from a visit to Lieut. Bivins' home in North Carolina. On Friday they leave for the new aviation field near San Antonio, Tex.

Mrs. B. W. Herndon gave a most congenial swimming party yesterday morning at Palm Springs. The guests were: Mrs. T. E. Fitzgerald and son Franklin, of Daytona; Mrs. H. A. Bivins, of Arcadia and the Misses Esther Miller and Dorothy Rumph.

Mrs. Alex Vaughan, of Sanford Heights, returned today from an extended visit north, visiting Philadelphia, New York City and other points of interest. While in Philadelphia she attended the graduation of her daughter, Miss Abby H. Doudney, from the Philadelphia hospital.

FOR VISITOR

Mrs. W. A. Lester entertained about twenty children Monday afternoon at her home on Magnolia avenue in honor of her young guest, India Kuder of Monticello, Fla.

The afternoon was merrily spent with games of all kinds, and at a late hour the hostess served ice cream, cake and divinity fudge.

Mrs. Lester was assisted in entertaining her guests by Ruth Henry, Carmeta Barber, Claire Zachary and Katherine Huff.

Mrs. J. C. Hall delightfully entertained the Social Service Department of the Methodist Missionary Society at her home on Celery avenue Tuesday afternoon, June 20. Mrs. Crenshaw was leader. Subject for study being "Rio de Janeiro." Papers read by Mrs. Thornton and Mrs. Hall were most instructive. A picture talk given by Mrs. Chappell proved to be a unique way of teaching us the customs and manners in Rio. After the program Ruby Hall sang a solo and graciously responded to an encore.

Lois Hall gave a reading which was much enjoyed. The hostess, assisted by Mrs. Spurling, Mrs. Chappell and Mrs. Kelly served sherbet and cake. The July meeting will be with Mrs. Walter Hand.—Reporter.

PERSONALS

(From Thursday's Daily)

Everything continues to grow. Don't our pleasant little city "look pleasant?"

Jacksonville was represented here yesterday by C. E. Bullock.

Bob Robertson, of Tampa, was in the city yesterday attending to business.

W. A. Ames, of Leesburg, was among the business visitors here yesterday.

Another fine shower today just to let the earth know that rain still hovers in the sky.

L. W. and G. M. Wicker, of Jacksonville, were in the city yesterday transacting business.

Clarke Robertson, the Reo man of Orlando, was in the city today casting about for a location in which he can tell the public about the points of the Reo cars and trucks.

A big crowd attended the dance at the Lake Mary pavilion last night when the Daytona orchestra played for the dance. The Wednesday night dance was even larger than the Thursday night affairs, but a big crowd is expected out tonight. The floor was really too crowded last night.

The redoubtable Pat Murphy, who knows more legislators in Florida than any other man, was in the city today getting up advertisements for his Legislative Blue Book. Pat keeps the new legislators before the people and while he does not tell all he knows he tells some very interesting stories about the legislature and the members of the same.

The many Sanford friends of the Gonzalez family will be rejoiced to know that they expect to move back to Sanford and make their home here again. The family is now in Orlando and Mr. Gonzalez is here looking for a house. They resided here for many years but for the past three years

have been living in Miami. They will receive a warm welcome back home.

Sam Bradford and J. R. Forest, of the Churchwell company, left last night for Jacksonville where they will spend several days on business for their firm. The Churchwell company has a large wholesale business in Jacksonville and ten stores in Georgia and are doing a big business but they claim the Sanford store is leading all of them in new business.

Harry Kent, of the Kent Vulcanizing Co., who sells Hood tires and other good tires and who has recently taken on the agency for the new Oakland cars, has contracted for a year's advertising in The Daily Herald to let the people know what he has to offer.

Watch The Herald for Kent's Kute Kuts every day. H. G. Dieterich, that live wire salesman, is selling the Oakland cars for the Kent Co., and can be found any day at the headquarters on Oak avenue.

Every resident member present Sunday morning—that's the ideal.

But a few of the members are expecting their friends for the day. Well, there is no objection to the coming of the friends. This will give these members the opportunity of bringing their friends to church. Let no Baptist family remain at home the fourth Sunday in June to entertain. This is home-coming day at the First Baptist Church, and every member is expected to be present.

WOMAN THREW HERSELF IN FRONT OF ENGINE IS INSTANTLY KILLED

KEY WEST, June 22.—Mrs. L. G. Bigelow, aged 48, threw herself in front of the south-bound Havana special at Modello early today and was instantly killed. Grief over the recent death of her husband is believed to have prompted the act.

Again we wish to tell the "dear public" that running free advertising is the same as eating free groceries, wearing free dry goods and asking for free bread. Every line that goes into this paper costs real money and

please remember this when you ask for column after column of free stuff to be printed in the Herald and stuff that is advertising your own particular business.

Lakeland is putting meters in all over the city for light and water. The Southern Utilities Co. put in meters in Sanford several years ago—that is they put them in at some places and left them out at other places. They should be put in every residence or taken out altogether. Why should one family pay on the meter rate while a family next door uses as much as they want at a flat rate?

We note by the dispatches where a great quantity of liquor was seized near Oakland, California. Oakland is just across the bay from Frisco and in Frisco is Sheriff Hand and L. P. McCuller. Both of these gentlemen are great prohibitionists and we are just wondering if they had a hand in the seizure of all this liquor.

Babe Ruth is acting the part of the baby sure enough. Maybe Ruth being a real artist has the artistic temperament and has the right to exercise this temperament upon any and all occasions. He will soon find, however, that temperament has no place in the umpire's collection of antiques.

Many building projects are underway in Eustis will preclude the possibility of a dull season in this city during the present summer. Eustis has reached the stage in her career when dull seasons should not occur at any time of the year.

HOME-COMING DAY AT THE FIRST BAPTIST CHURCH

Every resident member in church! That is the plan of the First Baptist church for next Sunday morning. This will be home-coming day, and every resident member of the church is expected to be present unless unavoidably detained.

Of course some of the members have already made their plans to be out of the city Sunday morning, but let the plans be changed immediately.

3 per ct. MONEY Pay off that 8% mortgage; build on that lot; churches, lodges, etc., can do all this with 3% money. Drop a line to the

Florida Sealdsweet Grapefruit Health

GROCERY & MARKET

Solving the Problem of Large Sizes in Grapefruit

The successful merchandiser anticipates conditions and is prepared for them when they arise.

In the sale of their fruit, the co-operating Florida citrus growers operate along sound merchandising lines.

The over-supply of large sizes in the Florida grapefruit crop for the past season was anticipated by these growers and their sales department was ready to meet the situation when it became acute.

Twenty-five thousand of the "Buy Big Ones" color poster, shown herewith in a very small reproduction, were on hand and quickly placed in retail stores throughout the country, for the information and influence of customers.

Nearly a million color reproductions of a "forty-six" grapefruit, containing directions as to how to prepare for eating, were distributed in the homes of cities where demonstrations of Sealdsweet grapefruit had been arranged.

Other forms of secondary and specialty advertising were utilized to supplement the magazine and newspaper campaigns, all the advertisements in which were illustrated so as to be suggestive of the larger sizes in grapefruit, and much educational work was done with the trade.

Hundreds of thousands of housewives demanded Sealdsweet grapefruit in large sizes and thousands of retail dealers specified them to fill the demand. Many retail stores co-operated by displays of large sizes similar to that in the window, photograph of which is reproduced herewith. Through a single one of many similar outlets, more than one hundred and fifty cars of "forty-sixes" and larger were sold at prices netting growers satisfactory figures!

In its advance work along this line there is a typical example of the efficiency of the growers' own organization. Other like problems which may be expected to be solved in the future will be handled in an equally aggressive manner, and to the sole advantage and benefit of Florida growers.

Don't let your fruit meet that of your neighbors in competition that crucifies both. Join the Florida Citrus Exchange and get the high dollar for yourself while helping others to do likewise. Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

The FLORIDA CITRUS EXCHANGE

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak nervous, depressed. I was so weak I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully in the treatment of many womanly ailments.

If you suffer as these women did take Cardui. It may help you, too. At all druggists. E 85

WHAT A PUBLICITY TAX WILL DO FOR A COMMUNITY

The following editorials from Florida papers will be interesting to the people of Sanford. The question of a publicity tax is one of the most important in our community:

The Science of Publicity

Wide comment is being given the action of the Miami Chamber of Commerce in setting aside, through its publicity committee, a budget of \$91,000 for the coming season. It is doubtful if any city in the South even dreams of using that much money to tell the outside world why all the rest of the people outside of Miami ought to visit the Magic City. Certainly no Florida town or city has a publicity budget anywhere near that contemplated by Miami. Consequently no other town or city in Florida can expect to reap anywhere near the benefit Miami expects to reap from the bringing in of new residents, some for the winter only, others to be permanent. Miami is strong for good band music, knowing that to keep people pleased and amused is to make them contented. Thousands of people who frequent Miami and other Florida cities every winter, are attracted there by the love of the very best band music. Miami is figuring on spending not less than \$35,000 for a good band. The next item is that of

booklets. To meet this need, \$20,000 is to be set aside and a like amount is to be spent in newspapers throughout the North and West. Another means of getting the Miami message to the traveling public is through the agency of the bill boards. About \$4,000 will be spent for this purpose in the North and about \$2,000 in the territory surrounding Jacksonville, Waycross and Savannah. It is also proposed to put up direction signs over a wide territory east of the Mississippi river and north of the Ohio and more than \$5,000 will be spent in this way. It will take another \$5,000 to carry on the publicity work in the Miami headquarters so here we have an ambitious and extensive program that would make most communities gasp for breath. To those who have never visited the Magic City and are wondering just what sort of place it is do not have to bother to make the trip of inspection. All that is necessary is to realize that Miami is about to spend \$91,000 for publicity. That tells the story of a progressive people who know full well the value of telling the other fellow. It is this same spirit of determination to excel, that will give Miami a population of more than one hundred thousand people within the next half dozen years. While it may not be possible for any other city to

follow Miami's example as regards amount, the lesson is there just the same for all who care to read. Without publicity, without a determined effort to tell the outside world what a city has in the way of assets and attractions, there can be no advance, no gain in population, no great forward step.—Lakeland Telegram.

Liberal Publicity Brings Returns.
Proper publicity must be preached and must be practiced if any city or county is to forge ahead.

This has been proven so many times that it should be needless to make it a weekly or a monthly text.

The city or the county which builds an almost prohibitive wall about it from lack of publicity will fall behind its neighbor who is a believer in printer's ink.

Florida has many advantages, possessed by no other state—yet if any section of the state decides to hibernate for a season it will require large sums later to forge to the front.

A dozen years ago there was no more flourishing town in the state than Kissimmee—and it was recognized as such a community by every city and all authorities spoke of it as the place where the future was close at hand.

Then, suddenly, it commenced to stand still—at least it did not forge ahead; and people began to wonder why, with so fine a location—such a centralized position—there should be a cessation of growth where everything had been conducive for a city of much importance.

There were a number of reasons—some of which will be spoken of later. One of these reasons—possibly the chief cause—still exists to a certain extent; but this article is intended for an argument for the city to take up a system of gaining publicity which will destroy that evil—even as the swift gliding water will, by erosion, wear down unsightly elevations.

Miami has by its recently-published budget drawn attention from all portions of the United States—for the figures have been taken up by the Associated Press and widely scattered. The publicity budget of the Chamber of Commerce of that city has been filled out with five figures for the year—\$91,000; a sum stupendously large even for a city the size of Miami. Yet that entire sum will come back into the city—to a host of beneficiaries—the year shall have been closed.

Ninety-one thousand dollars—think of it! Yet think what will result! Of this \$91,000 goes for employment of a band next winter, \$20,000 for advertising booklets, \$4,000 for billboards in the north, such as the "June in Miami" board on Broadway in New York City, \$1,800 for billboards near Jacksonville, Waycross and Savannah, \$5,200 for highway signs, and \$5,000 for publicity work in the home office.

The budget for publicity last year for all Osceola county was sliced in two—and some twelve hundred dollars was appropriated for "publicity." Yet even that trifling sum not one cent was spent for publicity. The year prior to that there was but one thousand dollars used for "publicity." And what the harvest is to be for the coming year—"for publicity" it is difficult to state. And that for the entire county!

Compare the county of Osceola with Miami in a progressive way. Miami, with 29,000 population, raises \$91,000 of which some \$55,000 goes for publicity—the balance for music. That means about \$3.17 per capita. Osceola county, with 7,000 population raises \$1,000 for publicity—or about fifteen cents per capita—of which less than \$300 was used for publicity. If Osceola county had devoted the same pro rata as Miami there would have been more than \$22,000 in the publicity fund; if Miami had made the same pro rata as Kissimmee there would have been but about \$4,350 in its treasury.

No one would for a moment expect Osceola county to raise a sum anywhere near the amount of the city of the lowest east coast; that idea would be absurd. But it should by all means set aside a sum equal to perhaps one-sixth of that amount—say fifty cents per capita, which would give \$3,500 some publicity work which would be as a nucleus with which to commence bring such good results that the people, of their own volition, would desire to increase it another year.—Kissimmee Gazette.

WEST VIRGINIA POLICE MOBILIZED TODAY TO STOP MINERS' MARCH

(By The Associated Press)
FAIRMONT, W. Va., June 28.—The entire Fairmont police force and all the Marion county deputies were mobilized shortly before noon today to stop the reported march of striking miners and sympathizers from Monongah, a mining town ten miles south of this place. The authorities were informed that an attempt would be made to liberate 91 prisoners now in the county jail here. They were arrested Friday after the march of the striking miners through this city.

FUNDS READY MUSCLE SHOALS WILSON DAM

HOUSE AUTHORIZED AN APPROPRIATION OF OVER SEVEN MILLIONS

(By The Associated Press)
WASHINGTON, June 28.—An appropriation of \$7,500,000 for new construction work on the Wilson dam at Muscle Shoals, Ala., was authorized Saturday by the House and sent to the Senate for concurrence. Under a limitation fixed by the House, however, none of the money can be expended prior to next October.

As authorized originally by the senate when it attached a provision to the army bill providing for renewal of work on the dam, the \$7,500,000 was made available for that use as soon as the bill was signed by the president. House Republican leaders endeavored to obtain straight out acceptance of the appropriation as approved by the senate; but were defeated by a combination of Democrats and farm bloc Republicans.

Final action was taken after Representative Huddleston, Democrat, Alabama, had offered an amendment preventing any expenditure on the dam before January 1, 1923, and not then if the Ford proposal to purchase and lease the Muscle Shoals properties should have been accepted by congress. His motion was lost 119 to 132. The vote on the substitute offered by Representative James, Republican, Michigan, fixing the effective date as October 1, was adopted 145 to 105.

Two hours debate on the appropriation preceded the final voting. During that time Representative Mondell, of Wyoming, the Republican leader, and other majority spokesmen urged that the dam be completed without delay, and criticized the Democrats for favoring postponement of work until October and January.

Democratic spokesmen, supported by Republicans who favored the Ford offer, pointed out in reply that they wanted action by congress on Henry Ford's offer and did not propose to have that postponed. By October, they said, the House would have had an opportunity to vote on it and if serious work on the dam meanwhile serous complications, beyond the power of congress to adjust before final adjournment of this session, probably would result in the indefinite suspension of action on the Detroit manufacturer's offer.

Representative Garrett, of Tennessee, the Democratic leader, appealed to Mr. Mondell and later to Representative Madden, of Illinois, chairman of the appropriations committee, to bring in the bill avorably reported by the military committee providing for the conditional acceptance of the Ford bid. In each instance he was informed that it was impossible to comply with his request because of the legislative situation in the House and that if the James or Huddleston amendments carried, the Democrats would have to shoulder responsibility for delaying construction work on the dam.

Neither Republicans nor Democrats in the House interested in the Muscle Shoals properties appeared apprehensive regarding the attitude of the Senate on the question of concurring in the amendment fixing October 1 as the effective date for the appropriation. While the Senate proposed that the money should be made immediately available, they said there was no reason to believe that body would insist upon such a proviso.

REP. FORDNEY WILL NOT RUN FOR THE HOUSE

MEMBER FOR 24 YEARS AND HAS HAD ENOUGH OF IT

(By The Associated Press)
SAGINAW, Mich., June 28.—Representative Fordney, chairman of the House Ways and Means Committee, and author of the Fordney tariff bill, announced today in a telegram to the Saginaw News-Courier he will not be a candidate for re-election. He plans to retire at the end of his present term after twenty-four years continuous service in congress.

DEMPEY MAY FIGHT NEGRO PUGILIST WILLS

(By The Associated Press)
NEW YORK, June 28.—Articles for contest between Jack Dempsey and Harry Wills, the negro fighter, may be signed today or tomorrow. Jack Dempsey arrived here yesterday from Los Angeles declaring willingness to fight "anybody, anytime, anywhere."

WASHINGTON, June 26.—John L. Lewis, president of the United Mine Workers, who arrived here yesterday for a series of conferences with government officials, will confer with Secretary of Labor Davis this forenoon and later accompanied by Davis will go to the White House for a conference and lunch with President Harding to discuss the coal strike situation.

CIGAR MANUFACTURER OF THOMASVILLE, GA., IS TARRIED AND FEATHERED

THOMASVILLE, Ga., June 26.—County authorities are investigating the kidnapping last night of O. Haselgrove, a cigar manufacturer, who was taken into the country near here by four men, tied to a tree, flogged, and tarred and feathered. Later he was returned here and freed near the court house with a warning to leave town within sixty hours. Haselgrove said the men took a vote as to whether to kill him or apply tar and feathers.

WILFUL MURDER IS THE VERDICT IN ENGLAND

AGAINST J. CONNELLY AND JAS. O'BRIEN FOR KILLING OF FIELD MARSHAL

(By The Associated Press)
LONDON, June 26.—A verdict of wilful murder against James Connelly and James O'Brien was returned this afternoon by the coroner's jury in the inquest into the killing of Field Marshal Wilson.

CREW OF PURITAN ARRIVED SAFELY AT NOVA SCOTIA

(By The Associated Press)
LEHAVE, N. S., June 26.—The schooner Spray arrived today with 15 of the 16 missing men of the Gloucester schooner Puritan, which was wrecked off Sable island Friday. Only one of the crew was drowned.

CATES CRATE CO.

THE BIG NEW FEED STORE
NOW IN OUR NEW BUILDING

You Can't Get Good Oats Now

The quality of this year's oat crop is away below a good grade. Reports from all sections show this year's oats average weight is 19 to 25 pounds to the bushel. There is too much "wood" and not enough "meat" in the light oats. A horse or mule cannot eat more than 20 or 25 pounds of grain a day. Of the 1921 oat crop, that would be a bushel or 28 pounds average "field run" oats. Five bushels of oats are now big as a feather bed.

Horse Feeders are consequently on the look out for better feed for their horses and mules. You can't get good heavy oats now.

But You Can Get O-Molene

The manufacturers of Purina O-Molene have scoured the country for good heavy oats and this is the kind that are going into O-Molene.

Just come in and examine the big, fat, meaty kernels. You can feed one-third less O-Molene by weight than oats. Your mules and horses will do more work and keep in the pink of condition. It costs no more to use than ordinary feed.

Ask us about it today.

ALL PRICES EFFECTIVE AT ONCE FOR CASH

Purina O-Molene 100-lbs., per sack	\$2.52
Purina Cow Chow, 24% Protein, 100-lbs., per sack	\$3.23
Purina Calf Chow, 25-lbs., per sack	\$1.30
Purina Hen Chow (Scratch) 100-lbs., per sack	\$2.86
Purina Hen Chow (Scratch), 50-lbs., per sack	\$1.49
Purina Hen Chow (Scratch), 8 1-3-lbs., per sack	\$0.30

CITY AND COUNTY BOND ISSUES SELL AT PREMIUM

County Bonds Sold Yesterday Afternoon to Marks & Co., of Birmingham, and Brought Premium of \$1,131—Were Thirty Year Bonds in Sum of \$100,000 and Money Will Be Used for Improvements of Roads Recently Built in the County.

The county bonds sold yesterday at the meeting of the county commissioners when the sealed bids were opened and it was found that the highest bidder was Marks & Co., of Birmingham, Alabama. The bonds were for \$100,000 in the shape of thirty year bonds and sold at 104% at par with accrued interest bringing the total premium to the sum of \$1,131 for the \$100,000 issue which is a good price and one that gave general satisfaction to the commissioners and the people who were present at the meeting.

City Bonds Sold Last Night to Spitzer, Rorick & Co., of Toledo, and Marks & Co., of Birmingham; Sold at Premium of \$1,631—Will Be Used for City Streets, Sewers, Municipal Dock and Boat Basin and Other Improvements.

The city bonds sold last night, the sealed bids being opened in the meeting of the City Commissioners at the City Hall. The issue of \$325,000 bonds bearing 5 1/2% sold at the premium of \$1,631 and were sold to the highest bidders, the bonds going to a joint bid from Spitzer, Rorick & Co., of Toledo, Ohio, and Marks & Co., of Birmingham and these two bond firms will get the bonds. There were seven bids in all but only three of them were considered. The highest bid on the bonds was the joint bid of the Seminole County Bank and The Atlantic National Bank, of Jacksonville, their bid being \$1,050.00. The bid is very satisfactory to the City of Sanford and the City Commissioners who have the best interests of the city at heart and the commissioners think it is a good price for the bonds. The money from the sale of the bonds will be used for new streets, sewers, a municipal dock and boat basin and many other big improvements in the city. The bid of the joint firms also means that they will bear all the expense of the bonds and the delivery of the same at Toledo which is quite an item of expense saved to the city.

WHAT THESE BOND ISSUES MEAN TO SANFORD AND SEMINOLE CO.

What is this spirit that is making a big difference in Sanford? This question is being asked by the visitors to the city and by the people who reside here and by every one that comes to Sanford from the country for the big difference in one year's time is noticeable. There is no change in the topographical location of the city, there has been no change in the personnel of the people here for the new ones have hardly started. There is but few changes in the business interests and the majority of the business men here today are the business men who have been here for many years. There are new faces in the Sanford Chamber of Commerce, in the various clubs, in the places where men gather to put over big projects, in the banks, in the parts of trade. What is the big difference? It is simply that abiding faith in one's own home town that will crop out eventually and when it does it will make an oasis in the middle of a desert, build a thriving city from a village, turn deserted houses and factories into beehives of industry and make two blades of grass grow where only one grew before. It is that spirit of faith in your town and your county and your state that might lie dormant for many years and break out over night into that steady flame that will endure as long as life lasts. It is that thought that you have been sleeping over your rights, that you have missed something all these years, that you have waited years to accomplish what should have been done years ago, that you have just listened to the call to arms and without a moment to lose cast your armor and start the fight for a big city, for a progressive town, for the best city in Florida. Some people here have had the vision for many years. They have never

lost faith in Sanford. They know what this city had in location, in health, in schools, in railway facilities, in river transportation, in farming lands, in real people—real people if they could only be awakened. Many things have conspired to waken Sanford to her wonderful possibilities and we will not take space here to attempt to enumerate them. Suffice to say that the bond money will be spent for new streets, sewers, for a municipal dock, for a boat basin, for a library, for wonderful improvements in many lines that will make Sanford the most beautiful, the most progressive, the greatest city industrially and commercially in the state. These improvements are so large in their scope as to leave but little to be desired in the way of making Sanford the city of the future. The money will be spent only upon things needful and things that looking ahead ten years means so much to the city of Sanford when it reaches the twenty thousand class. The same can be said of the county bonds only in a different strain. The county bonds are a business proposition pure and simple. These roads were already laid but insufficient money would not make them what they should be. The new bonds will give the roads a good asphalt covering that will make them the best in the state. The new bridge across the St. Johns river is one of the best propositions that a board of county commissioners ever undertook. The entire bond issue means progress in Seminole county, means that our county commissioners are doing all in their power to make Seminole the most progressive county in the state. And these bonds only strengthen the idea that we are living in the best city in the best county in the best state in the greatest country on earth. Let's go!

Sanford is going to vote on municipal ownership of her water, light and gas plants. A good thing, if you can keep them out of politics. Name your commission in advance, and have it composed of your best business men who will not work the job for themselves or political cohorts, but for the interest of the people.—Reporter-Star. Righto, old dear. Something on the plans you are following in the building of your school house, we presume.

GOVERNMENT AID IS COSTLY CONVENTION.

"No more expensive phrases have been invented in recent years than 'state aid' and 'federal aid,'" declared former Gov. Frank O. Lowden, of Illinois, in a recent address to students of the University of California. He spoke rightly and wisely.

Citizens of every state in the Union "pay through their noses" every time they mention or invoke these phrases. Those who fondly deceive themselves into the belief that, because some project they are interested in is receiving either state or federal aid, they are getting something for nothing, are going to wake up some day with sore noses and empty pockets. As the Indianapolis News says:

It is their money which has been collected in taxes that the government is giving back to them, and they are getting only part of it back. From their payments in the form of taxes, a large deduction must be made for the cost of the government handling the money, probably the most expensive kind of money handling there is.

The increase in understanding by the taxpayers that the money spent by any government—national, state or municipal—is not the government's money, but the taxpayers' money, which has been turned over to the government to defray the cost of administration, should have a tendency to compel a stricter accounting for their trust by public officials. Furthermore, it should be borne in on public officials that they are not in office to spend the funds in the public treasury in such extravagant ways as foster their ambition or satisfy their desires, but in the manner that those to whom the money belongs—the taxpayers—wish. This wish is for efficient and economical administration, a wish that is not often granted, but which seems to be growing more insistent daily.

In his address to the Colorado graduates, Mr. Lowden also declared that "the prolific cause of rapidly increasing cost of government is to be found in the number of public agencies that have authority to levy taxes. There is the federal government, there is the state government, there is the local municipal government. In many states there is the school board. All of these have the power independently of one another to levy taxes." Indiana's recent experience tends toward an agreement with this. It has all these taxing authorities, and some of them have been exercising their powers pretty freely. No doubt there must be some separation of tax levies such as federal, state and municipal, but within a state something in the nature of co-ordination in the business of taxation is well worth the study of the law makers and administrators.

However imperfect our system of taxation may be, the thing that is taking money from the people in the most bagrant ways is the multiplication of bureaus, commissions, and officials to enforce and to administer laws which are forced upon the states and communities under the pretense that they are beneficial to the public health, the public morals, or the public uplift, whether the people wish them or not. Here government aid is only a strong arm of the federal government in its intervention in local affairs.

Co-ordination in the various systems must come sooner or later. There toms of government and taxation are too many existing evils under present conditions.

Those union miners who deliberately killed the non-union miners in cold blood, tied them together and threw them into ponds and otherwise acted like wild beasts, should get the full limit of the law and they should be made to suffer for this crime. The union miners and the non-union miners have suffered by the greed of the corporations who control the mines and this is admitted by all who know anything about coal mining. But if the miners are not satisfied with their wages they should quit and let it go at that. They have nothing to do with the working of the mines after they have given up their jobs and they have nothing to do with the men who want to work. And certainly they have no excuse for killing men in cold blood after they have surrendered.

Reports from Tampa say that the recent bond election for three millions for roads was illegal and will have to be done all over again. There was some mistake in the publishing of the notices that makes the election invalid or rather makes the bonds invalid if they ever come to a sale. This only goes to show that too much care cannot be exercised in arranging for the sale of bonds and the attorneys who arrange the matter for the city or county officials must know their business before they start an election for bonds. Seminole county and Sanford have been very fortunate in this respect and some people have thought there was much time lost over technical points in the law but it pays in the

long run to be careful and look before you leap on bond matters. We hope that Hillsborough county will be able to adjust the matter satisfactorily and again put the bonds across.

JUDGES OUT OF POLITICS.

Many times has this newspaper argued for the taking of the judiciary out of politics and again it is anxious to bring the idea forward hoping that some legislation may be enacted soon that will do away with the possibility of a candidate for a judgeship becoming prejudiced through the necessity of electioneering or seeking after votes. Florida's judiciary is as high as any in the land and the judges of the courts of this state, although required by the present to stand for reelection every two years, have maintained the dignity of their positions and carried on their highly important work with impartiality and fairness. The strain must be enormous, however, upon the judges who each two years must go into a campaign—announcing themselves as candidates and going through the preliminaries, asking the voters for votes and perhaps making speeches and promising to uphold the laws of the state, just as though their records of the years previous were not sufficient endorsement of their ability and intentions. The federal government, realizing that judges should be above petty politics required in repeated campaigns and re-elections, names its judges to serve during life, although they can be impeached. The state judge, clothed with the duty of deciding in matters of life and death and property, must spend at least a part of his salary—modest enough in Florida—in paying campaign expenses, every other year. If a judge has served ten years or twenty there is no difference, he must be a "candidate" each election and it is only human that he should have some worries over the possibility of defeat, even though strong in the feeling of duty well and faithfully performed.

With state judges named as are the federal judges, for life or during good behavior, the mental strain would be relieved and judges would at least feel that their time could be advantageously used in deliberations and in expounding the laws. There is often heard a clamor of the law's delay—and possibly sometimes it may be that the human side is forcing consideration of matters political whereas a judge without the necessity for campaigning every two years would not need be thinking or worrying about re-election.

If judges were elected for life the selection would be made with the greatest care and there would be little tolerance of the claims of men unfit for such positions who possibly appear in the free-for-all biennial contest now staged. The judiciary should be above politics and its elevation should be a benefit to the state.—Times-Union.

Governor Small of Illinois has been found "not guilty" of the charges of conspiracy and his acquittal seems to give general satisfaction in Illinois—that being the case, Florida is satisfied.

Looks like Sanford would have at least two new theatre buildings if the plans of the builders go through.

EMPLOYMENT SITUATION IS IMPROVING GRADUALLY

NEW YORK, June 23.—Industrial and financial conditions in the last week presented a generally favorable aspect, notwithstanding the reactionary tendency in the securities market, which apparently was connected with the technical speculative position.

Steel production exceeded the best rate previously attained this year. More coke plants were started and more blast furnaces blow in. Coal production was greater and some observers believe that plants were in preparation for re-opening union mines in the I.P.T.sburg district.

Detroit employment figures showed another increase, thus confirming statements of automobile manufacturers as to the continuance of satisfactory business. Railroad car loading figures continue good. Although the absolute number reported during the week ended June 3 was smaller than in the previous week, the rate was higher if allowance be made for the memorial day holiday.

A similar calculation showed that the gain in the absolute amount of cotton consumed by mills during May as compared with April was not accounted for merely by the greater number of working days in the latter month. May's takings corresponded almost exactly to the average, for the last ten months, which in turn, were 23 per cent greater than those in the corresponding period a year ago. If the present rate of consumption is continued during June and July the total for the crop year will amount to nearly 6,000,000 bales. Exports during the same interval will have drawn slightly more than another 6,

FIRST NATIONAL BANK HAS AWARDED CONTRACT FOR THEIR NEW BUILDING

Will Be Six Stories in Height and Cover the Entire Lot TO COST \$175,000

GEO. A. FULLER CONSTRUCTION CO. GETS CONTRACT AND WILL START AT ONCE.

The First National Bank Saturday closed the contract for the building of their new bank and office building, the contract going to the Geo. A. Fuller Construction company of New York. This splendid building, Sanford's first sky-scraper, will be finished by the first of the new year.

The officers and directors of the First National Bank are men of vision and foresight. Recognizing the fact that Sanford is to be a city of 25,000 inhabitants within the next few years they are building with that end in view and the new bank will be amply large to serve the community at that time.

The banking room will be 50 feet wide by 80 feet long, with a ceiling of 24 feet and will have a mezzanine floor over the vaults. The most modern burglar-proof vaults will be constructed. The safe deposit vault alone will have a capacity of 2,000 boxes. In the rear of the bank will be two store rooms facing Park avenue. The new building will contain some 80 or 90 offices of the most modern type, served with elevator. The materials used in the construction will be Indiana limestone, terra cotta and brick, with a steel structure, making the building strictly fire-proof.

The architects are the well known firm of Mowbray & Uffinger of New York City. They have designed some of the largest buildings in the country.

The contractors, the Geo. A. Fuller Construction company are one of the largest firms of the kind in the United States. They erected the Pennsylvania station and the Pennsylvania Hotel in New York, also rebuilt the Grand Central Terminal in New York and have recently completed the Lincoln Memorial in Washington. They have just about completed a ten-story bank and office building for the First National Bank of Miami.

The men making this splendid achievement possible for Sanford are F. P. Forster, president of the bank; L. A. Brumley and T. J. Miller, vice-presidents; B. F. Whitner, cashier; A. L. Betts, assistant cashier; S. O. Chase, T. I. Hawkins and B. E. Squires, directors.

The First National Bank, in a recent statement to the comptroller showed deposits of \$1,200,000.00, capital and surplus of \$130,000.00 and total resources of over \$1,400,000.00.

000,000 bales from our supplies. As the actual yield of the last crop totaled 8,300,000 bales, it was believed that the carry over will have been reduced by approximately 4,000,000 bales. It will be, in fact, somewhat less than normal. Prospects for a full crop in the coming year meanwhile remained doubtful and operatives in the New Hampshire textile mills were reported to be showing a greater disposition to return to work.

The week which brought unusually treasury passed without creating any disturbances in the money market. These transactions which centered on June 15, included the collision of \$300,000,000 in income taxes, the payment of \$125,000,000 in interest of Liberty bonds at the paying off of \$380,000,000 in maturing certificates of indebtedness, the redemption of \$250,000,000 in Victory notes and the flotation of \$250,000,000 in new certificates. The rates of calloney, the most sensitive index of the market's condition, ruled at close to 3 per cent throughout the week, and at 2 1/2% touched what was virtually a new low since October, 1917.

country around Lake Okeechobee than was ever there before. The people have money and the country is prosperous although these are some of the conditions and some of the things that have happened within the year: Lake fish didn't show up and the country lost the revenue that usually comes from that big industry; the country suffered a drouth, and there were losses because of lack of transportation facilities.

Plans for the extensive municipal improvements are now under consideration by the Palm Beach city council and will be submitted to the voters of the city when they return in the fall. Included among the improvements are extensions of water mains, additional fire plugs throughout the city and considerable paving. The

plans are being carefully considered by every official of the municipality, who are working as a unit for the benefit of the town as a whole.

The Daytona News tells that great preparations are in the making for the celebration of the Fourth in the Triple Cities. Committees of the Chamber of Commerce, the Rotary, Kiwanis and Peninsula civic clubs, the American Legion and other organizations are together arranging a series of events which will take in several days culminating in the grand general holiday festivities of July fourth.

Keen interest is being shown in the proposed Palm Beach and Western railroad. Other railroad plans are discussed and according to the latest news, there may be a junction close to Okeelanta in the near future.

Mrs. H. B. McCall is spending a few days in Lakeland this week. A number of the Oviedo citizens attended the celebration at Lake Mary Thursday and enjoyed it to the full.

CHULUOTA

The home of Mr. and Mrs. N. C. Jacobs was the scene of a beautiful wedding Sunday evening at 6 o'clock when their only daughter, Myrtle May was united in holy wedlock to Joe Sewall Chalker of Vidalia, Ga.

EAST SANFORD

Mr. and Mrs. C. F. Baker, of Richmond avenue, have had Dillon Pickering, of Cleveland, Ohio, as their guest during the past week.

SOCIETY FOR THE WEEK

(From Tuesday's Daily) Misses Betty and Wynette Yowell, of Daytona Beach, are the guests of Misses Marie and Gladys Stemper this week.

Alfred Robson, who is cashier for the Peninsula Oil Co., was in the city Saturday en route to Jacksonville on business.

Mr. and Mrs. R. R. Eldredge and daughter and Miss Julia Laing, leave today for Richmond, Va., where they will spend the summer.

Dr. McCoy, dean of G. M. A., at Atlanta, and J. C. Woodward, Jr., of Atlanta, were the guests of Dr. and Mrs. J. N. Robson on Sunday.

Mrs. M. Fleischer left yesterday for New York where she will spend a short time, going from there to Mount Clemens, Mich., for the remainder of the summer.

Rev. A. S. Peck and mother, Mrs. Jonathan Peck, left yesterday for Daytona Beach where they will spend the summer at the Manor Apartments. Rev. Peck will have charge of the church at Daytona this summer.

Mrs. Jeannette Thompson, of Louisville, Ky., who has been the charming house guest of Mrs. J. G. Ball, left yesterday with her son Dr. Ed. Thompson, for Daytona Beach, where they will spend a short time before returning to their home in Louisville, Ky.

Mrs. R. A. Newman and Olive and Bobbie Newman, accompanied by Miss Mildred Holly, left this morning for Daytona Beach, where Mrs. Newman and baby will spend the summer. Olive leaves July fifth with her uncle W. C. Hill for Waynesville, N. C., where they will join Mrs. W. C. Hill. Mildred Holly will return home next Wednesday.

DUPLICATE BRIDGE CLUB Mrs. F. E. Roumillat was the charming hostess yesterday when she entertained at a bridge luncheon, at her home on Palmetto ave., the guests included the members of the Duplicate Bridge Club.

FRAGRANT PINK ROSES were effectively used in the rooms where the card tables were arranged, and at one o'clock, a delicious four course luncheon was served.

During the afternoon duplicate bridge was enjoyed, the prizes, traveling cases, were awarded Mrs. Frank Miller and Mrs. David Caldwell.

Those enjoying Mrs. Roumillat's cordial hospitality were Mrs. Frank Miller, Mrs. David Caldwell, Mrs. F. J. Gonzales of Miami, Mrs. S. Puleston, Mrs. W. T. Langley, Mrs. A. P. Connelly and Mrs. E. F. Housholder.

EVENING BRIDGE CLUB. Among the social events of yesterday was the bridge party given last evening by Mrs. D. L. Thrasher at her home on Park avenue, the guests including the members of the Evening Bridge Club and one extra table.

Quantities of shasta daisies in vases and baskets were used with charming effect in the rooms where the card tables were placed.

Mrs. George W. Knight holding the high score among the club members was awarded silk hose, while F. E. Roumillat held high score for the men of the club, and was given silk hose.

Mrs. G. D. Bishop, Mr. and Mrs. Frank Miller, Mr. and Mrs. Archie Betts, W. C. Hill, Col. and Mrs. George W. Knight, Dr. and Mrs. S. Puleston, R. A. Newman, Mr. and Mrs. F. E. Roumillat and Judge and Mrs. E. F. Housholder.

(From Wednesday's Daily) Misses Carrie and Roxie Darsey leave this afternoon for Waycross, Ga., where they will visit friends and relatives.

Mr. Geo. Fredk. Smith leaves Sunday to attend a large reunion of the "Smith family," in his old home in North Carolina, during which will occur the marriage of his niece, Mrs. G. F. Smith will be, during that time, the guest of Mrs. T. L. Dumas, of Park avenue.

Mrs. R. F. Crenshaw and son, Olaine accompanied by her brother, Mr. Abrams, left this afternoon for Atlanta where Mr. Abrams expects to take unto himself a bride.

they will return to Sanford to make their home. Mr. Abrams is a fine and promising young man and Miss Fannie Lee Boyd, a much loved girl. We will be glad to have them with us and we wish them much happiness and prosperity.

FOR MISS DUMAS Among the many delightful social courtesies with which Miss Agnes Dumas, a bride-elect of September, is being honored, the bridge party given yesterday by Miss Fern Ward, at her cottage at Daytona Beach, was exceptionally enjoyable.

Of exceptional interest was the game of bridge played during the afternoon, the prize for high score, an opal-encased vase was awarded Mrs. Ben Caswell, while the cut prize also an opal-encased vase went to Mrs. C. R. Kirtley.

Refreshments consisting of a delicious salad course followed by an ice course, were served at the conclusion of the game.

Among those enjoying this pretty party were Miss Agnes Dumas, Mrs. Ben Caswell, Mrs. C. R. Kirtley, Mrs. Roy Chittenden, Mrs. Ed. Betts, Misses Florence and Ethel Henry, Miss Dorothy Rumph, Mrs. Don Whitcomb, Mrs. Hawkins Connelly and Mrs. Roy Bower.

(From Thursday's Daily) P. C. Allen, of Jacksonville, was in the city yesterday attend to business.

C. B. Thompson, of Orlando, was in the city yesterday calling on old friends and attending to business.

Neel S. Yent and Wm. Cooper, of Tampa, were among the business visitors here yesterday stopping at the Montezuma.

G. M. Wicker, of Jacksonville, made his headquarters at the Montezuma yesterday while in the city on a business mission.

Dennis Ford, of Lakeland, representing the Central Shoe Co., of St. Louis, was in the city yesterday calling on his local customers.

Mr. and Mrs. N. H. Garner and baby Marguerite Garner and Dorothea Lawson motored to Daytona Beach this morning where they will spend the day.

Henry Rodenberry has returned from a visit to Hazelhurst, Macon and Atlanta, Ga. He has accepted a position at the First National Bank of this city.

MARRIED IN JACKSONVILLE The many friends of A. C. Fort, the local manager of the San Juan Garage in Sanford are extending congratulations over his recent marriage in Jacksonville which occurred on June 16th.

SANS SOUCI BRIDGE CLUB. Entertaining in her usual charming and gracious manner, Mrs. F. E. Roumillat was hostess Tuesday afternoon when she entertained at bridge at her home on Palmetto avenue, the guests included the members of the Sans Souci Bridge Club and a few extra guests, there being five tables of players.

The rooms where the games were played, were artistically decorated with quantities of lovely roses.

The prize for top score among the club members, embroidered guest towels, was won by Mrs. Percy Mero, while the high score guest prize, also guest towels, was awarded to Mrs. Don Smith, second high score club prize, a bathing cap, went to Mrs. G. Davis Hart, while Mrs. R. E. Tolar won the second high guest prize, and was given a bathing cap.

At the conclusion of the game, the hostess, assisted by Mrs. Ed. Lane and Mrs. Hal Wight, served a dainty ice course.

Mr. and Mrs. L. P. McCuller and children returned home last evening. Mrs. McCuller and the children returned from Jasper and Marianna, where they visited relatives, and Mr. McCuller went to San Francisco to attend the Shriners convention.

Mrs. J. K. Mittinger left Monday for Daytona Beach where she will spend a short time with her daughter, Mrs. Walter Morgan, before going to her home in Jacksonville.

Miss Erminia Houser leaves today for Columbia, S. C., where she will spend a week or ten days with relatives.

To prevent a cold, take 666. 38-20tc

JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Sanford man says:

D. G. McLarlin, 311 West 3rd St., says: "Doan's Kidney Pills have been my standard kidney medicine for the past fifteen years. When I take a cold it usually settles on my kidneys and causes attacks of kidney complaint. I had a dull, heavy ache in the small of my back and was in misery. I had to get up often at night to pass the secretions and they burned in passage. I suffered from awful pains in the back of my head. I used Doan's Kidney Pills bought at Mobley's Drug Store and they quickly rid me of the trouble. I am glad to recommend Doan's."

Don't suffer any longer. Get your stomach in shape by taking Tanlac and eat what you want.—Union Pharmacy.—Adv.

FOR SALE—Lots number 156 and 167 in the town plat of Midway. Address Robert Hughey, 615 North Dearborn Street, Chicago, Ill. 47-4tp

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now, and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

Tanlac is a family medicine, as good for children as it is for grown folks.—Union Pharmacy.—Adv.

A. P. Connelly Named National Councillor U. S. Chamber Commerce

National Council is Composed of Representatives From Each Organization

Mr. A. P. Connelly of Sanford has from the more than 1,400 commercial to represent the Sanford Chamber of Commerce in the Chamber of Commerce of the United States.

The national council of the Chamber of Commerce of the United States consists of one representative each from the more than 1,400 commercial and industrial organizations making up the national chamber's membership.

A councillor occupies a position of liaison officer between the national chamber and his own organization on important questions.

The chamber of commerce of the United States is the strongest commercial organization in the world. Its object is to encourage trade and commerce; increase the efficiency of American business organizations; to obtain uniformity and equity in business usages and laws and to get proper consideration and concentration of opinion on questions affecting the financial, commercial, civic and industrial interests of the country at large.

A system of freer trade operated by the chamber has met with unusual success in obtaining the viewpoint of business men on national questions. These opinions, when they point to the need of legislation or other governmental action, are transmitted to the government's executive officers and to congress by the national chamber's headquarters at Washington.

Congratulations to the First National Bank upon the starting of the fine six-story bank building in a few days. This is Sanford's first skyscraper and we are justly proud of the fact, and also of the First National Bank, who are making such a building possible.

Sanford city bonds and Seminole county bonds sold the other day for not only par, but with a premium of more than three thousand dollars for the combined issue.

Thanks. Sanford certainly has a friend in the Orlando Reporter-Star.

The house of representatives has authorized the sum of \$7,500,000 for the new work on the Wilson Dam at Muscle Shoals and none of the money can be spent until next September.

Japan has made good on her promise to assist in world peace. She will withdraw her troops from Siberia despite the fact that the anarchists are in control of the Russian government.

IN MEMORY OF MRS. WILLIAM ZACHARY

She is not dead, but sleeping. They told us she was asleep. Silence followed and we wept.

A life that meant so much to each of us has slipped away.

We shall see her face no more, but we can never cease to feel that inspiration which her life gave to us. An inheritance most precious.

She was one of the dependable mothers who make up the membership of the Wesleyan Truth Seekers class of the Methodist Sunday school. For many years she has been in the class and truly her life was a testimony to the class motto, "My Sister and I."

For three and one-half years she had served as secretary, and always rendered her class pledge in full.

In the class sessions on Sunday morning she assisted in making the

study of God's word clear and forceful and the teacher was ever looking for her when the class assembled.

We loved her; yes, more than we realized. We miss her everywhere, and while we are afflicted by her going, we know that she has gone to receive her reward in that heavenly home, and one day we shall see her again by following in the footsteps of our Master as she did.

To us she will ever live, though we see her not; the memory of her sweet life will speak to us, becoming us onward, upward to the land beyond the skies where parting is no more.

Mrs. C. H. Smith, Mrs. T. W. Williams, Mrs. L. Allen

St. Augustine is now fighting changing the route of the East Coast Canal to the St. Johns River, and will be strongly represented at the canal hearing at Daytona next Monday.
