George Montgomery Tackles Television In Series

By VERNON SCOTT
HOLLYWOOD (UPI)—George Montgomery, who has lived in the shadow of his famous wife (Dinah Shore) for the past six years, tackles television himself this week in a new Western series.
George wins—so do all movie-land husbands — when he is referred to as "Dinah Shore's husband."
As the bouncy singer's star rose to the video heights, George's movie career began to wane. But if there ever was any resentment, Montgomery never gave a hint of it. He is as proud of Dinah's success as if it were his own.
While Dinah entertained millions every Sunday night, George was busy with his furniture business and designing the couple's new home, much of which he helped build.
Now, however, the big handsome guy will become a TV star in his own right. Saturday night he makes his debut in "Clamrion City," an hour-long horse opera on NBC—the same network Dinah toils for.
Saddle Role Is Familiar
"It's back in the saddle for me," Montgomery said during a lunch break.
"I got my start back in 1937 in 'The Lone Ranger' movie serial with five other guys who were playing the same role. They killed me off in the sixth episode.
"Since then I've made 43 pictures, half of which have been Westerns.
"Clamrion City" will be an 'adult Western.' The character

is the son of one of the city founders who tries to keep law and order as part of his duties as mayor.
"He's not a lawman, though. With 'Gunsmoke,' Wyatt Earp and a flock of others there's too much competition in the badge-wearing department.
"Doing an hour show a week is too much, so I'll alternate with John Smith. He plays a deputy sheriff in a more heroic role than I play. Audrey Totter is a regular member of the cast, too. She plays

a gal who runs a boarding house. Montgomery admits his Western field is overcrowded, but he believes the genre will endure.
"I'll get out before the wedding process begins—if I don't believe in the show," he said. "I'm a partner in the production company and I'll be in a position to know."
In addition to his TV series, Montgomery recently completed a swashbuckling starring role in MGM's "Return to King Solomon's Mines."
It looks as if George's career is in the ascendancy again. And

who knows, maybe some day soon Dinah Shore will be introduced as "George Montgomery's wife."

Officers Pressing Hunt For Bomber Of Jewish Temple

ATLANTA (UPI)—City, state and federal agents, joined by several bomb experts, staged an all-out hunt today for a mysterious "Confederate underground" believed responsible for a wave of dynamite terrorism against Jewish institutions in the South.

The latest bombing in what some officers said followed a definite pattern blasted out a wall of a fashionable Jewish temple on Atlanta's famed Peachtree Road before dawn Sunday. President Eisenhower demanded a full, first-hand report from the FBI.

Postmaster, Catholic and Jewish leaders over the South expressed "shock and distress" shortly after the Atlanta blast. A rabbi in Miami received a "cut and abrupt" anonymous call that a synagogue would be bombed. Police put all available men on a standby watch at some 30 synagogues in greater Miami.

Police in Knoxville, Tenn., also reported they were guarding a Jewish temple against a threatened bombing. No one was hurt in the explosion here.

The latest, which police said came from between 30 and 50 sticks of dynamite, punched an 18-foot hole through a wall of the religious school area in the rear of the temple. Rabbi Jacob Rothchild said that although it left the temple without lights or water, services would not be interrupted.

DEED AND CHECK—T. E. Tucker (left), president of the Florida State Bank, Sanford, hands a check to Lelloy B. Giles, division attorney for Atlantic Coast Line Railroad, in exchange for a deed to property on which a new bank will be erected. (Herald Staff Photo)

Land Is Purchased From Railroad At Cost of \$100,000

The Florida State Bank of Sanford today announced purchase of property for construction of a new modern building, cost of which will be announced.

The new building will be erected on property purchased today from the Atlantic Coast Line Railroad. The property is located along First St. and Railroad Ave. and extends to the lake. Deed stamps indicated that the purchase price was \$100,000.

Construction of the new building is scheduled to start in the near future, T. E. Tucker, bank president, announced this afternoon.

Tucker announced purchase of the property following negotiations with ACL officials this morning. Negotiations for the property began about a year ago.

The decision to spend more than \$100,000 for property on which to construct the new bank was based on two factors, Tucker said. These are: 1. Obtaining quarters adequate to serve the bank's customers and (2) elimination of a bottleneck to the growth of Sanford.

Tucker said the property transaction was made possible by the policy of the new ACL president, W. T. Rice, other ACL bank and city officials.

Of the new quarters to be constructed, Tucker said: "This is an indication of our faith in the future of Florida's growing economy." He added that the bank, when completed, will be among the nation's most modern. It will contain drive-in and parking windows and adequate walking facilities, he said.

Lions Club Sets Light Bulb Sale

The Sanford Lions Club Wednesday morning will kick off its annual sale of light bulbs.

Goal for this year is the sale of 200 bags of assorted bulbs, which the Lions Club will offer at \$2 per bag. The proceeds from the sale, as in former years, will be used for the club's light conservation and youth activities projects.

For purposes of the sale, the city has been divided into five zones. Teams will work in the residential and business districts until all bulbs are sold, according to H. W. (Buddy) Rawls, president.

The bags contain bulbs from 40 to 100 watts and are being offered at the regular retail price, Rawls added. No definite time limit for the sale to be completed has been set. Rawls said "we'll just work until we have sold them all."

Didn't Ask Favor, Dunn Says; Predicts Write-In

Street and Prairie Lake Drive "never had been stabilized" and that Lake Drive, near Casselberry, "wasn't stabilized until the county started working on it a short time ago."

The Longwood Citizens League today released a copy of a letter to Dunn, written by Joseph E. Rogers, League president, demanding to know if an "underground campaign" is being waged in Dunn's behalf for the November election.

The letter said: "We are a league dedicated to promote good government. In the primary election, you lost to Mr. Vernon Dunn. Mr. Dunn is the people's choice. Rumors have reached us that there is an underground campaign to have a write-in for you in the November general election and that you are urging it."

"Is this the truth? If so, kindly make a public statement, print it in our paper, as we are an organized striving to get the facts before the thinking public in order to have intelligent voting and quell the rumors in high office. We feel that because of your 8 1/2 years in elective office that you will be happy to declare your stand about these rumors as no doubt you do not condone underhanded methods after the people have spoken."

Reds Extend Cease-Fire

Energetic Oldster 'Granny Of Year'

CHICAGO (UPI)—A silver-haired oldster with teenage energy is the "grandmother of the year."

"Grandmother" is Mrs. Charles B. Clark, Chicago, a noted clubwoman, civil leader, writer and traveler whose busy life once prompted a doctor to tell her to "walk like a lady instead of a rocket."

She was named Sunday at the national Grandmother Clubs of America convention here. Her crowning came on Grandmother's Day, which federation officials hoped would emancipate grandmothers from the rocking chair stereotype into a world of activity and current affairs.

"It's time grandmothers did some living of their own," said the federation's president-elect, Mrs. Edith Waddell, 55, Corpus Christi, Tex. "We spend too much time baby-sitting."

Four Gunned Down On Beirut Streets

BEIRUT (UPI)—Street assassinations and bomb explosions today ushered in the bloodiest fourth week of an anti-government strike. Lebanese leaders work anxiously for political compromise to avert civil war.

At least four persons — among them a nephew of ex-President Sami Solh — were gunned down in Beirut streets before noon today.

With the followers of ex-President Camille Chamoun threatening an even stiffer strike, President Fouad Chehab called in Premier Rashid Karami and Christian Phalangist leader Sheik Pierre Gemayel in a new attempt to bring a violence — ending political compromise.

Air Force Rocket Floated In Space

WASHINGTON (UPI)—A top scientist said today that for more than two hours America's lunar probe rocket virtually floated in space when it reached a historic altitude of more than 79,000 miles and slowed to a stop.

Air Force figures bore out the scientist's statement by showing the rocket was at about the same altitude between 4:47 and 6:47 a. m. e. s. t. Sunday starting at 79,120 miles, it rose to 79,212 and then fell back to the 79,120-mile level.

Rocket Returns, Crashes After Record Space Trip

WASHINGTON (UPI)—America's pioneer moon rocket apparently crashed into a meteor into the atmosphere over the south Pacific at midnight e. s. t. Sunday night after completing an unprecedented 43-hour exploration of outer space.

The heavily-instrumented rocket which soared more than a third of the distance to the moon, the pioneer rocket blasted a trail into space that may well be the forerunner of true manned flight to the moon, the planets and even someday the distant stars.

American Officials Think Indefinite Truce Likely

WASHINGTON (UPI)—American officials said today it appeared likely the Formosa cease-fire will drift into an indefinite truce if so, they said the United States will try to persuade Chiang Kai-shek to reduce substantially his garrison on the Quemoy and Matsu islands.

But officials cautioned that easing of the war tension over the offshore islands would not erase the basic dispute between Communist China and this country — the fate of China Kai-shek's Nationalist stronghold of Formosa.

There were visible signs of relief in top diplomatic quarters here, when the Reds announced Sunday they were extending their one-week cease fire for another two weeks.

The United States was considered certain to continue withholding its naval escort of Nationalist convoys to Quemoy. The Reds said any resumption of their convoying, halted when their first cease-fire went into effect, would mean resumption of their shelling.

President Eisenhower, who was in New York, was given the news on the telephone by Secretary of State John Foster Dulles here. White House Press Secretary James C. Hagerty told newsmen Sunday.

The president and the secretary agreed that this was good news and that with the extension of the cease-fire, it admits the government of the United States further chances to work out through negotiations a settlement of that problem in that area.

Earlier, the Red radio had charged that two U. S. warships and two fighter planes "intruded" Sunday on Red China's straits.

American officials in Washington predicted that United States will urge Chiang to reduce his garrison in the Quemoy and Matsu outpost islands if an indefinite truce appears likely.

The extension was announced too late for comment in the local press, but the headlines indicated the deep distrust with which Nationalist newsmen regarded the move.

Communists plan political blackmail, said the Independent United Daily News. The official China Daily News described the extension as a cloak for "military failure." At least three other newspapers denounced the extension as a "trick."

McAlexander Rites Held Here Today

J. E. McAlexander, 80, died at Seminole Memorial Hospital at 4:15 a. m. Sunday after a short illness.

Born in Carroll County, Tenn., on Dec. 21, 1877, he had lived in Sanford for the past 40 years. A retired carpenter, Mr. McAlexander made his home at 1101 French Avenue. He was a member of the First Methodist Church.

Surviving are his wife, Mrs. May McAlexander, Sanford, five sons, Watson, McAlexander, Birmingham, Ala.; Gale, McAlexander, DeLand; Virgil, McAlexander, Ft. Myers; E. H. McAlexander and James McAlexander, Sanford, two daughters, Mrs. Era Anderson and Mrs. Alva Gordon, Sanford, 12 grandchildren; 14 great-grandchildren; two brothers, and three sisters.

Blackmail Charged To Chinese After Radio Broadcast

TAIPEI (UPI)—The Communists, in an anti-American gesture regarded by newspapers here as a ploy to "political blackmail," promised today they will extend the uneasy truce in the Formosa Strait for two weeks.

Beiping Radio announced the extension of the cease fire at 1:30 a. m. A half-hour after it was to have ended, the announcement said the Reds hope their action will cause discussion between the United States and its Chinese allies.

It said also that the Communists will resume their bombardment of Chinese Nationalist offshore islands immediately if U. S. ships or planes are seen to fly in the area.

Quadruplets Born

DETROIT (UPI)—Quadruplets, all born within 11 minutes, were reported doing fine today at Grace Hospital, the mother, Mrs. Julia Ullman, 33, also was reported in excellent condition.

Warehouse Razed By \$100,000 Fire

LESHURB (UPI)—Fire roared through the rambling Growers Marketing Service warehouse here early today, causing an estimated \$100,000 damage.

Firemen said the one and two story wood structure was almost a total loss. Also destroyed were several trucks, a quantity of fruit, packing equipment, bags and crates.

At first it was believed that the burning building belonged to the Inland Fruit Co., which owns a packing house nearby. The construction arose because the Growers Marketing Service building was not prominently marked while there were a number of Inland signs nearby.

Review Is Denied On Use Of Troops

WASHINGTON (UPI)—The Supreme Court in a new rebuff to Arkansas Gov. Orval Faubus, today refused to review federal court actions forbidding him to use National Guard troops to keep Negroes out of Little Rock Central High School.

Technically, the high court rejected Faubus' request that it review an April ruling of the 8th U. S. Circuit Court of Appeals which upheld a district court injunction against Faubus and his National Guard garrison.

The action left Faubus bound by the court order not to use troops again to interfere with integration, as he did a year ago.

In August the high court, composed in an extraordinary special term, refused to sanction a 2 1/2 year delay in Central High's integration. The postponement had been approved by Federal District Judge Harry J. Lemley.

Faubus' attempt to establish a private segregated school system in Little Rock is now on appeal to several courts.

The 3-judge's appeal from the April ruling stemmed from events during the early days of the Little Rock dispute. His appeal, made jointly with National Guard commanders, raised a number of objections to the government's tactical maneuvers prior to the issuance of the injunction.

William Hollister Dies In Hospital

William G. Hollister, 81, died in the Florida Sanitarium, Orlando, at 7:30 a. m. Saturday after a short illness.

Born in Humphrey, N. Y., on Oct. 2, 1874, Mr. Hollister had lived in Longwood for the past 11 years with his son and daughter-in-law, Mr. and Mrs. Harlie N. Hollister. For 25 previous years, he lived in Lake Helen, where he was a former mayor and a member of the Congregational Church.

Mr. Hollister attended the Baptist Church in Longwood. He was a member of the Odd Fellows Lodge in Allagany, N. Y.

Survivors include two daughters, Mrs. G. B. Henson, Longwood; Mrs. Arlene Austin, Anguilla, N. Y.; a son, Harlie N. Hollister, Longwood; a granddaughter, Mrs. Robert Winniechee, Jamaica, N. Y.; a grandson, James Hollister, Longwood.

Funeral services will be held at 1:30 p. m. tomorrow at Brison Funeral Home with Rev. L. C. Futch officiating. Burial will be in Lake Helen Cemetery.

READY TO SELL, BULBS — Members of the Sanford Lions Club get ready for the annual light bulb sale, which begins Wednesday morning. Left to right, standing, H. W. (Buddy) Bawls, president; J. Q. (Slim) Galloway, Jack K. Morrison and Hugh Duncan. In front is Foots Yelvington.

American Males To Get Look At Russian Beauties
WASHINGTON (UPI) — Marilyn Monroe may not have to worry. But American males may well do some whistling when some of Russia's choice lovelies like Iya Arelina and Ruffina Nifontova smile at them from the screens of American movie theaters.

Nazis On Trial For Multiple Murders

BONN, Germany (UPI) — "Iron Gustav" Sorge today told a court trying him for multiple murder in Nazi concentration camps that he got his nickname "because I had no fear."
The trial of Sorge and Wilhelm (Pistol) Schubert opened before a Bonn court this morning.
Both men are accused of multiple murders, committed separately and jointly, in the Sachsenhausen concentration camp between 1933 and 1942. In addition, Sorge is accused of murder in the Esterweze concentration camp.
Both are former SS men.
Sorge told the court that he joined the SS in 1931, and got his nickname "Iron Gustav" between then and 1933 because "in the political disputes of that time, I showed no fear."

Spank As Needed, Young Mothers Say

WASHINGTON (UPI) — A conference of young mothers agreed children should:
— Be spanked as needed.
— Not call their parents by their first names.
— Do household chores without being paid for them.
The 100 delegates to a "better living" conference concluded a three-day session by also agreeing that parents should act as parents instead of trying to be "pals" with their children.
The mothers — whose average age is 32 — felt that school work should be stiffened. Most said they would consider it a compliment if their children were called "eggheads."

Negro Pours Gas On 8 In Family; Match Goes Out

TAMPA (UPI) — A Negro man was held for arson and attempted murder today after splashing his wife and seven children with gasoline and trying to set them ablaze.
Police said Sam Hawkins slipped into the bedroom of his wife and children while they were asleep and poured gasoline from a five-gallon can. He dropped a match in the pool of the liquid but it did not ignite.
He struck a second match but his wife awoke and fired a .38 caliber pistol at him. The gasoline ignited but was extinguished before any damage was done, police said.

Man Cut Fatally In Bottle Brawl

ST. PETERSBURG (UPI) — William H. Jones, 27, of St. Petersburg, today was charged with fatally slaying another man during a bar room brawl here Saturday night.
The victim was Glenn S. Heron, 22, of St. Petersburg. Police said Heron was slashed in the throat with a broken wine bottle and died Sunday in a hospital.
Police said Jones admitted the slaying. He said the argument started over a woman.

CHURCH ENTERTAINS — Sanford's Lutheran Church of the Redeemer last night initiated the practice of providing Sunday night dinner for servicemen at the USO. Hosts for Naval Air Station personnel at the dinner were Mr. and Mrs. William F. Holcomb and Mr. and Mrs. George Daniels. Here, a couple of men help themselves to the food.

Oviedo PTA Sets Meeting Tuesday

OVIEDO — The first meeting of the Oviedo PTA will be held tomorrow night in the auditorium of the school.
Mrs. John Lundy, new president, will preside over the business session.
Mrs. Thomas Moon, program chairman, announced an entertaining program for the evening, a special treat for the fathers and new parents. It is "Father's Night and New Parents' Night."
Fun Time, under the direction of E. L. Bellhorn, promises to be very entertaining. There also will be a question and answer panel. Miss Lois Ruddell, Miss Dorothy Rice, Mrs. James Partin and C. K. Bucklew will participate, with principal "H. DeShazo acting as moderator."

Law Seeks Bandit, Pistol-Toting Gal

LAGO (UPI) — A statewide search was underway today for a young gunman and his pistol-toting girl friend who robbed a gas station and escaped after spraying bullets at pursuing police.
Police said they believed they had the couple trapped in the Gulf Beach area near St. Petersburg. A stolen car, believed used in the robbery, was found in a vacant lot in nearby Redington Beach.
The Pinellas County sheriff's office said the pair held up a service station here Saturday night, escaping with \$10 and leaving the attendant bound with a belt.
A short time later, Patrolman Joseph Mucetano spotted the fugitives' car and began chasing it. Mucetano said the robber's girl friend, a pony-tailed blonde, broke out the rear window of the car and began firing at him. None of the bullets hit but the fugitives escaped.
The man was described as being six feet tall with wavy black hair.
Wyoming was the first state and Colorado the second to grant suffrage to women.

Women's Auxiliary Sponsors Pink Lady Card Party Friday

The Pink Lady Card Party sponsored by the Seminole Memorial Hospital Women's Auxiliary on Friday in the Civic Center was described as a complete success by Mrs. W. H. Foulk, chairman.

Fall colors predominated in the decorations. Adding an autumn accent was the refreshment table covered with a yellow cloth upon which were placed tall silver candleabra holding cream-colored tapers. At the base of the candleabra were yellow chrysanthemums, fern and greenery. In the center was an artistic arrangement of yellow flowers, greenery and bronze frosted grapes.

Bridge, canasta and samba were enjoyed during the afternoon and evening, and prizes awarded to the high score at each table. Other prizes were won by Mrs. Andrew Marsh, Mrs. T. W. Van Arsdale, Mrs. Harold Fanning, Mrs. W. J. Toll, Mrs. Rhoda Melzer, and Mr. J. P. Meehan.

Assisting Mrs. Foulk were Mrs. J. M. Tully, program and projects chairman; Mrs. R. N. Blackwell, Auxiliary president; Mrs. Robert Shelden, arrangements chairman, assisted by Mrs. Clifford McKibbin and Mrs. George Nicely; Mrs. G. J. Kessovich and Mrs. A. C. Rector, refreshments co-chairmen; Mrs. R. C. Herick and Mrs. Irving Peyer, prize co-chairmen; Mrs. George Eick, publicity; Mrs. W. J. Toll, reservations chairman, assisted by Mrs.

Cooks Escape From Mainland

NEW YORK—(UPI)—Mainlanders can escape to lunch at meal time with this Americanized version of "big ota," or lime-marinated fish, a favorite first course in French Oceania.

Fresh black bass or rock cod are recommended, although any fresh—not frozen—fish will do.

Using 1/2 pound fish per serving fillet the fish, cut crosswise in 1/2-inch strips and remove all small bones and skin. Cut strips into 1 1/2-inch pieces, and add 1 tablespoon salt for each pound of fish.

Cover completely with fresh lime juice and let stand at least 2 hours at room temperature. Stir occasionally so the marinade reaches all the fish. The acid in the lime juice cooks the fish as thoroughly as heat would, but without any loss of flavor.

When the fish flakes easily with a fork, drain thoroughly and mix with 1 small chopped onion for each 2 pounds fish and a generous amount of coconut cream. Garnish with dried tomatoes, chopped green pepper and cucumber, and hard-cooked eggs. If desired, some of the garnishes may be mixed directly with the fish.

Coconut cream, home-kitchen style, is made by soaking 2 1/2 cups shredded packaged or fresh coconut in 1 1/2 cups heavy cream for 30 minutes. Simmer 10 to 12 minutes, cool and strain through several thicknesses of cheese cloth, squeezing out as much liquid as possible.

Garden Circles

AZALEA CIRCLE
Mrs. Henry McLaughlin presided over the Thursday night meeting of the Azalea Circle which met at the home of Mrs. C. P. "Larkie" with Mrs. Henry McLaughlin, co-hostess.

Several announcements were made. The General Garden Club meeting will be held at the Shrine Club Oct. 16 at 12:30 p. m. For reservations, which must be made by Monday, call FA 2-2010.

The Flower Show will be held Nov. 25 and 26 at the Giants dormitory on Mellonville Ave. District Garden Club meeting will be Nov. 3 in Winter Park. The State Flower Show will be held in Sanford in 1960 with Mrs. Fred Ganas as chairman.

Autumn arrangements, the program, was given by Mrs. J. P. Cullen. Several fruit and flower arrangements were shown, keeping Thanksgiving in mind. Cullen leaves, fruit, fall leaves, and driftwood were suggested to members for flower arrangements at home. The hostesses served refreshments to the 12 members present.

ROSA CIRCLE
The opening meeting of the Rosa Circle Club was held Friday at the home of Mrs. Joe Baker in San Lusia. Co-hostesses were Mrs. A. J. Pleva and Mrs. John Huston IV. The meeting began with a covered dish luncheon held in the garden of the Parker home.

The business meeting was opened by Mrs. W. H. Meriwether, chairman, who welcomed Mrs. Harry M. Weir as a new member of the group following roll call and reading of the minutes. Mrs. Meriwether reported on the Wednesday board meeting, stating that the general business meeting and luncheon of the club would be held on Oct. 16 at the Shrine Club. The speaker will be Ruth Stewart Allen of Miami, who is a director of the American Hibiscus Society and is well-known as an editor of nurses' and garden magazines.

Following the meeting members of the circle participated in foliage for arrangements which will be offered for sale at the forthcoming show in November.

County Has Company In Low Tax Bracket

Based on recent statements by Gov. LeRoy Collins, Comptroller Ray E. Green and a few other officials, it would seem that Seminole isn't the only county in the state in which property assessment taxes are too low.

On the contrary, Gov. Collins threatened to suspend assessors in some 60 of the state's counties because they had not, as he put it, been complying with the "full value" requirement of the law.

Following conferences with Green, the governor said he would not suspend tax assessors in counties where real estate is being assessed for taxes at less than half its value. His decision, he said, does not represent a "softening" of his determination that assessors must make rapid strides to comply with the "full value" law.

Collins said he based his decision on a report, delivered by Green, that assessors are making progress and are working on "realistic assessments." Green told the governor that assessors attending the annual convention in Fort Pierce were planning reappraisal of property.

Some of the counties, like Seminole, are planning to have the appraisal done by a professional firm. Others will attempt to do the jobs themselves.

No matter who does the work, it all adds up to the same thing: taxes on real estate will be increased in practically all of the state's counties.

In Seminole, the task of evaluating all property has started. There was considerable debate about this matter recently. Appraisals by an independent company should equalize, to a great extent, the property taxes of Seminole County residents.

Whether for or against such a move, and the county appeared to be pretty well divided on the question, past arguments mean little now. Had Seminole's County Commissioners not acted as they did, Gov. Collins would have initiated action to start such a reevaluation.

Bomb Test Ban Talks

The most hard-bitten pessimist might find a glimmer of hope in the big power agreement to begin talks Oct. 31 on a nuclear weapons test ban and the much broader question of disarmament. The most dedicated optimist would be well advised not to let himself be carried away by this theory news.

There is reason for hope. To some extent, the Geneva talks scheduled to start the end of this month will be a departure from common practice in the past. When the representatives of the United States, Great Britain and the Soviet Union sit down to discuss banning nuclear test explosions, they will not merely be engaging in the usual political tug of war. Their deliberations will have as groundwork the findings of scientists who studied the whole matter of nuclear test detection and reported that a system of control was technically possible.

Pointing this out is not the same as implying that the Geneva talks will be carried on with none of the usual political and propaganda maneuvering. That would be too much to hope for. Yet there are two factors that justify a guarded optimism.

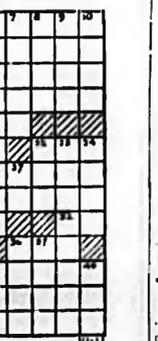

The first is that the scientific conclusions as to the feasibility of a test ban have been made known all over the globe. The second, and much more important, reason for optimism is that both Soviet Russia and the free world atomic powers have strong motives for desiring to call a halt to further bomb tests.

If a workable agreement can be reached on this matter, that will have been a tremendous step forward. Stopping nuclear test explosions is a long way short of meaningful disarmament, but once the great powers are moving in the right direction the impetus of world opinion may keep them going.

Farm Income To Drop, Demos Think

By BERNARD BRENNER
WASHINGTON (UPI)—A leading Democratic farm spokesman predicts that American agriculture is heading for a new postwar income low unless the voters turn enough Republicans out of Congress to break President Eisenhower's veto power on farm issues.

Unless the next Congress passes an "effective farm program over the objection of Agriculture Secretary Ezra Taft Benson, farm income will establish a new postwar low and the effects will be felt not only by our farm people, but also by the nation's total economy," Chairman Harold D. Cooley (D-N. C.) of the House Agriculture Committee said in an interview.

But he said no major reversal of the Eisenhower-Benson farm policy is likely unless Democratic congressional strength is boosted sharply in next month's elections. The congressional farm bloc's experience with a vetoed bill last spring showed that Democrats and their GOP farm belt allies do not have the votes to override a presidential veto on a farm bill. Later in the session, farm bloc influence fell so low that the House refused even to consider an omnibus farm bill proposed by Cooley's committee over Benson's objections.

Benson is "in the driver's seat" at present on farm legislation, Cooley said, charging that Eisenhower has, in effect, turned over the presidential veto power to his trusted secretary of agriculture. Any change in the situation, the North Carolina Democrat added, "is all going to depend on this election."

Under pressure from Benson and facing the prospect of cuts in cotton and rice planting allotments next year, the Democratic-dominated Congress finally passed a farm bill authorizing lower price support floors for cotton, corn and rice. Benson has made it clear he would not support moves to stave off the acreage-cutting authority.

Benson's "drive for lower and lower farm prices" will lead to a great "farm debacle" within the next two years, Cooley said in a long review of the farm situation placed in the Congressional Record just before Congress adjourned.

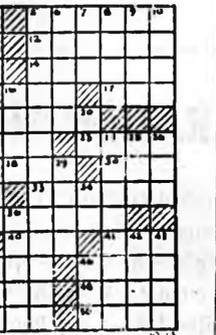

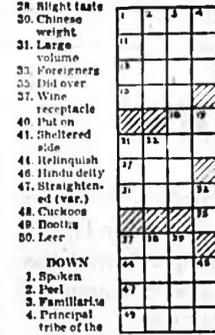

Farm prices in mid-September were up 3 per cent from last year and farm income for the first nine months of 1958 was estimated at 19 per cent ahead of 1957. But Cooley said there was future trouble brewing from the record food and feed grain crops of 1958, the "weakening" of production control programs, and "further reductions in price supports which will encourage larger crops as farmers try to make up in volume what they lose in unit price."

These developments, Cooley said, will lead to: —New record highs in farm surpluses. —New heights in farm program costs to taxpayers. —Sharp cuts in meat animal prices with hogs possibly dropping as low as 10 or 12 cents a pound. —Farm debts rising to new record levels.

Too Late To Classify

By Russell Kay
Florida is probably the best advertised and publicized state in the nation. In addition to the advertising in newspapers, magazines and trade journals placed by the Florida Development Commission and the Florida Citrus Commission on their resorts, hotels, airlines, railroads and many other interests spend thousands of dollars in national advertising media. Add to this the widespread publicity featured in newspapers, magazines, on radio and television concerning Florida events and attractions and it totals up to a tremendous volume.

What sort of an impact has this terrific promotion had on the minds of our friends throughout the country? In an effort to find

out Henry Quedan, Inc., advertising agency of Tampa, recently conducted a nation wide survey, employing both personal contact and questionnaires with people from 36 states. One question asked consultants to name subjects which caused them to think of Florida. The answers were as follows: Palms or palm trees were given by 30.7 per cent of the people surveyed. Next in line was sunshine named by 20 per cent. Our beautiful beaches held first place with 15.3 per cent. The next highest percentage of first mentions tallied was 3.8 who thought of Florida in connection with a vacation. Remaining tabulations covered a variety of 23 subjects. When asked to name six leading

Florida cities, the following 16 are listed in order of frequency mentioned as outstanding in the minds of those who responded: 1) Miami, 2) Tampa, 3) St. Petersburg, 4) Jacksonville, 5) Ft. Lauderdale, 6) Key West, 7) St. Augustine, 8) Palm Beach, 9) Orlando, 10) Day Beach, 11) Miami Beach, 12) Tallahassee, 13) Sarasota, 14) Pensacola, 15) Daytona, 16) Clearwater. These 16 top cities received 65.7 per cent of all first mentions. In all there were 88 Florida cities named in response to the query. Consultants were asked to describe what they associated with the various cities named. The responses covered everything from cigars to missiles. Asked to name five West Coast resorts, 45.3 per cent mentioned the following cities in the order named: St. Petersburg, Tampa, Sarasota, Ft. Myers and Clearwater. The top five East Coast cities named were: Miami, Jacksonville, Ft. Lauderdale, St. Augustine and Palm Beach. It is interesting to note that 61.1 per cent of those questioned stated that they had visited Florida. Another 93.5 had not but were very anxious to. And 90.1 per cent stated that they usually vacationed out of their own state. In some respect the answers recorded by Henry Quedan, Inc. are rather surprising. One would think that Winter Haven and Ocala would rank high in the public mind due to publicity being constantly given Silver Springs and Cypress Gardens. During the past year Charlotte Harbor and Punta Gorda have been publicized nation wide by developers. Cocoa and Cape Canaveral have probably received more national publicity than any other Florida location but evidently people did not think of this in connection with tourism or a vacation. Florida has long been a magic word. No state has more friends and we can make more and keep those we have through courtesy and consideration of our visitors. Help our friends have an interesting, pleasant time when they visit us and they will return again bringing others with them.

DeBary News

By Mrs. Adam Miller
The DeBary Women's Club will hold its first meeting of the season Friday at 2 p. m. in the Civic Center. A reception will be held for the new officers, new members and friends. Guest speaker will be Mrs. H. G. Carter, attorney. Mrs. Wallace F. Gabler will have charge of the program. Refreshments will follow at the close of the day. Mrs. Charles Ulrich and Mrs. Helen Bruce in charge. On Oct. 18 at 8 p. m. in the Civic Center—a lively evening has been planned with quartets from Central Florida famed for their barber shop singing. The Men's Club of the Community Methodist Church met in the church hall. Everett Swift presided, the Rev. Wilfred Aldridge gave the invocation. Sidney Swallow led in the singing. Wesley Sankamp, who attended the Leesburg retreat with Rev. Aldridge, led in the devotions.

After a short business session, James H. Hedcock introduced the guest speaker, Dr. A. M. Winchester, head of the biology department at Stetson University, who told of the effects the dust from bombs set off here and in distant places would have on the human race and the animal kingdom. The Auxiliary to the DeBary Volunteer Fireman's Association held the first meeting of the fall season Thursday afternoon at the Five House. Mrs. William Cole presided in the absence of the president, Mrs. Everett Phillips. A covered dish supper will be held for members and their husbands, Oct. 20, at 6 p. m. in the Five House. Ketterlinus Blanks Seminoles

By Jerry Coalington
The Ketterlinus Yellow Jackets of St. Augustine struck for touchdowns early in the first and again in the second period Friday night to defeat the Sanford Seminoles 13-0.

The rough and speedy team from the "ancient city" took advantage of every yard in the first half of the contest and was able to control every Seminoles attempt in the second period.

The Seminoles completely dominated the offensive show in the second half and piled up nine first downs to Ketterlinus' two. The

locals were inside the 15-yard line four times in the last two periods but were unable to move through the determined Jacket defense. It was a hard-fought game on the part of both squads and the Seminoles made many fine attempts to come back. After the first score, it became almost even in the opening period after being scored upon so quickly but co-captain David Stanley soon put his charges together and they began to fight. Stanley began to crash through the line, throwing

the fast backs from Ketterlinus for good losses and then the entire squad began to work. He did a great job throughout the contest and was the outstanding player of the game. Duke Schirard, Ross Neely and Don Carter also were outstanding in the defensive effort and did much to stop the onslaught of the Seminoles.

The contest opened with Sanford receiving. Dandridge received the kick and moved the ball to his own 40. On the first play from scrimmage he fumbled and St. Augustine recovered.

On their first play, Pope broke

off tackle for 37 yards to carry the ball to the Seminoles end. On the next play the quarterback carried it over on the keeper. The kick was good and the Seminoles were down seven points. Before the end of the first period the Seminoles made a slight threat by picking up two first downs but Ketterlinus bore down and put a halt to this situation.

In the second period, Ketterlinus had moved the ball to the Sanford 25. The quarterback took the roll-out play, broke over the Seminoles' left side and traveled 25 yards for the score. The conversion attempt was blocked and this as the end of the Ketterlinus offense for the evening. Stanley, McKibbin, Schirard and the rest of the work-horses began to click on the defense and kept the entire Seminoles squad went to work.

Just before the end of the half Dandridge began to take the option play around the ends for two first downs. With the ball inside the Ketterlinus 15 it looked as though the Seminoles would score before the half but the efforts were all in vain. Dandridge and Lundquist were thrown for total losses of 30 yards and the half ended with the Seminoles at a safe distance from the goal. Both were attempting to get passes away but were chased down by the Ketterlinus ends.

PLAY OR PENALTY? — Officials ask David Stanley (60), Seminoles high captain, for a decision. Stanley ponders the question of whether to accept a penalty against Ketterlinus, or take the down. (Herald Staff Photo)

DANDRIDGE ROLLS — Seminoles High Quarterback Cecil Dandridge (10) rolls around right end for 11 yards and a first down in the second half of the Friday night game against Ketterlinus. Two defenders are in hot pursuit and No. 19 knocked Dandridge out of bounds to prevent a touchdown. (Herald Staff Photo)

Louisiana State To Host Kentucky In Top Battle

By DAVID M. MOFFETT
ATLANTA (UPI) — The Louisiana State Bengals and the Kentucky Wildcats tangled at Baton Rouge, La., Saturday night in a contest which is rapidly shaping up as one of the great clashes in this rugged 1958 Southeastern Conference race.

LSU was figured only an also-ran in pre-season fighting but now rates as one of the real powers in the SEC. The Bengals, with only a handful of seniors on their squad, have mangled four tough foes and are definite contenders for the SEC title. LSU eliminated all-doubt last weekend by clawing highly-regarded Miami by a surprising 49 margin.

Kentucky is only 22 on the season but the record doesn't give a true picture of the Wildcats' ability. Kentucky outplayed Auburn, the nation's No. 1 team, until quarterback Lowell Hughes was sidelined by an injury, and even then lost only 8-0.

Three other conference contests are scheduled for this weekend and each can have an important bearing on the race. Auburn, which turned in a snub performance against Kentucky, will be at Georgia Tech, 2:17 p.m. over; Tennessee will be at Alabama, a team showing improvement weekly, and Florida, 2:14 p.m. over; UCLA, will be host to Vanderbilt which lost to unbeatens Clemson 12-7.

In non-league action, Mississippi State will be host to Arkansas State, Mississippi will meet Navy at Norfolk, Va. Georgia is not scheduled.

The SEC had a good weekend so far as inter-sectional games were concerned. In addition to LSU beating Miami and Florida beating UCLA, Alabama rolled over Furman 29-6, Mississippi State beat Memphis State 25-6 and

Colts Hold Edge Over Bears, Rams

By TIM MORIARTY
United Press International
The frisky Baltimore Colts, who hit the quarter pole of the season with a daylight lead, may be tough to catch in the National Football League's Western Division race.

Always regarded as good front runners, the Colts proved they also can come from behind when they spotted Green Bay, a 12-0 lead Sunday and then walked to a 24-17 victory on Andy Nelson's 82-yard touchdown run with an intercepted pass.

It was the unbeaten Colts' third straight victory and enabled them to remain one game ahead of the Chicago Bears and the Los Angeles Rams in the Western race. The Rams also staged a thrilling rally, scoring twice in the final minute to down the winless

Detroit Lions, 42-28, while the Bears rolled to a 28-0 triumph over the San Francisco Forty-Niners.

Browns Whip Cards
The Cleveland Browns remained unbeaten in the Eastern Division by whipping the Chicago Cardinals, 35-28; the New York Giants took over undisturbed possession of second place by edging the Washington Redskins, 21-14; and the Pittsburgh Steelers gamoloped the Philadelphia Eagles, 24-3, for their first victory of the season.

The Colts climaxed their thrilling comeback against the Packers at Milwaukee when Nelson intercepted a pass by Bart Starr on the Baltimore 48 and went all the way behind a mountain of blockers. Johnny Unitas also had a big hand in the triumph,

plunging over for the Colts' first touchdown and tossing a 34-yard scoring pass to Jim Mutscheller.

Jon Arnett's three touchdowns featured the Rams' victory at Detroit. Earl Morrill, acquired by the Lions from Pittsburgh last week, wound up as the goat when the Rams intercepted one of his passes with less than a minute remaining. Los Angeles scored in five plays, with Joe Maroon traveling the final 21 yards to break a 28-28 deadlock. Arnett added the crusher seconds later on a 17-yard gallop.

Hill Stars For Bears
The Bears whipped San Francisco behind the pass-catching of Harlon Hill and the ball-carrying of Willie Gaillore and Rick Casares.

Hill nabbed two touchdowns passes while Gaillore and Casares each gained 74 yards rushing. Gaillore scored one on a 23-yard scamper.

A crowd of 66,403, the largest turnout for a Cleveland home opener in history, watched Jim Brown lead the Cardinals' line for three touchdowns. M. C. Reynolds, the Cardinals' brilliant rookie, tossed a pair of touchdown passes to All-American John Crowe and another to Gene Vacker. The awesome Browns totaled 332 yards rushing and 122 yards passing.

The Steelers looked like a new club with newly-acquired Bobby Layne at the controls. They turned three Philadelphia fumbles into touchdowns and held the Eagles to 22 yards rushing. Tom Tracy, one of Layne's teammates at Detroit earlier this season, scored twice for the Steelers.

Giant Pass Wins
A 10-yard touchdown from Charlie Conely to MacAfee early in the fourth period provided the Giants with their winning margin at Washington. New York scored twice in the opening quarter on a six-yard run by Frank Gillford and a 41-yard pass from Don Heinrich to Bob Schmeiker. However, the Skins tied the score in the second period on a 29-yard aerial from Eddie LeBaron to Jim Podley and Ed Sutton's end run.

The Colts run into the defending champion Lions next Sunday at Detroit while the Bears entertain the Rams. San Francisco will visit Philadelphia, Pittsburgh is at Cleveland, New York entertains the Cardinals, and Washington hosts Green Bay in other games.

Redskins Adopted By Southern Fans

By BOB BERLING
WASHINGTON (UPI) — Maybe they should change the name of the Washington Redskins to the Washington Confederates.

One of the professional football's most surprising phenomena is the way southern football fans have adopted the Redskins as their representative in the National Football League.

President George Preston... pardon us... Colonel George Preston Marshall revealed today the formation of a Redskins booster club in Charleston, S.C., which happens to be more than 800 miles away from Washington.

Redskins games set wide radio and television coverage throughout Dixie, with 28 TV and 79 radio stations carrying them throughout Virginia, North and South Carolina, Georgia and Florida, plus Maryland and West Virginia.

'All Come Down
Six newspapers from Virginia and North Carolina are staffing Redskins games this season, both home and out of town. Players have been invited for public appearances as far south as Jacksonville, Fla., and General Manager Dick McCann adds this observation:

"If we filled all the requests for players' appearances in southern communities, we wouldn't be able to practice during the week."

In Winston-Salem, N.C., where the Redskins play an annual pre-season charity game, they are cheered as loudly as they are in Washington.

Col. Marshall, a man who insists that the South would have won the war with a better defensive backfield, has gone out of his

way to encourage Dixie acceptance of his Yankee team.

Some years ago for example, he ordered the Redskins band to insert a few strains of "Dixie" in the team's famous marching song, "Hail to the Redskins!"

Now when the band cruises downfield and comes to the notes of "Dixie," rebel yell thunders through Griffith Stadium.

Only six players on the 33-man roster went to southern schools—fullback Don Bosseler (Miami), halfback Ed Sutton (North Carolina), end Bill Anderson (Tennessee), end John Larson (Georgia), tackle Will Kenfro (Memphis State) and linebacker Bill Fulcher (Georgia Tech).

Plans Being Made For Peanut Bowl
Preliminary plans are being made for the Peanut Bowl football game at Memorial Stadium on the night of Nov. 14.

Contestants in the annual bout will be teams from Pinecrest Junior High School, with Howard Gurdie and Pete Schirard as coaches.

As in the past, the game will be highlighted with the crowning of the Peanut Bowl queen during halftime ceremonies.

J. B. Phillips and J. W. Buckler are co-chairmen of the event.

Army, Navy, Texas Face 'Breathers'

By JOE MARGIN
United Press International
Army, Navy and Texas, the big guns on the college football scene, take breathers this week, while the teams they licked last Saturday try to regroup for a return to the front ranks.

Coach Earl (Red) Blah's well-drilled Cadets, with Pete Dawkins and Bob Anderson carrying the colors, completely bottled up Notre Dame's offense and flashed just enough attack of their own to gain a 14-0 win over the third-ranked team before a capacity crowd of 60,564 at South Bend, Ind. While Eddie Erdelatz' rapidly selling Midshipmen weren't quite as impressive, they still had enough fire power to scuttle 12th ranked Michigan, 20-14, at Ann Arbor, Mich.

Texas, though, went their own better by handing second-ranked Oklahoma, the nation's most successful team in the last five years, an embarrassing 15-14, defeat before a home-town crowd of 35,504 in the Cotton Bowl.

The wins were No. 3 for both Army and Navy and No. 4 for Texas.

were enhancing their records, top-ranked Auburn and fifth-ranked Ohio State found the going a bit rough, but managed to keep their records clean. The Tigers didn't score until the final period in running their victory string to 17 games with an 8-0 decision over Kentucky, while the Buckeyes, the defending national champions, had all they could do in handling Illinois a 19-13 defeat in the nationally-televised game.

With Notre Dame and Oklahoma defeated among the top five and Auburn running into trouble against Texas, the college football scene is sure to undergo a radical shakeup this week. And don't be too surprised if Wisconsin (3-0), perhaps the best team in the Midwest, moves into the top five along with Army, Auburn, Ohio State and Michigan State.

Badgers Crush Purdue The Badgers, unleashing a fluid attack, buried previously unscathed Purdue, 31-6, and appear certain to improve on their sixth place ranking. They play Iowa (20-1) next. Michigan State, seventh-ranked, regained a little of the prestige it lost in playing Michigan to a 12-12 tie by defeating eight-ranked Pittsburgh, 22-8. TCU (3-1) routed Texas Tech, 26-0; Clemson, on the fringe of the top 10, enhanced its chances with a 12-7 win over Vanderbilt; Stanford scored its first win of the season by upsetting Washington, 22-12; Washington State shutout Idaho, 30-0; the fledgling Air Force Academy buried Colorado State, 36-0; Texas A&M didn't waste the

trip to Maryland by handing the Terrapins 14-10 defeat; Georgia Tech kept rolling by beating Tennessee, 23-7; Northwestern edged Big Ten rival Minnesota, 7-3; California evened its record at 2-2 by defeating Idaho, 36-21; and Columbia won only its second game in two seasons and first under Coach Buff Donnell, 13-0, over Ivy League rival, Yale.

Sandspurs Bowling Team Gets Shirts

The new shirts worn by the women in the Sandspurs Bowling League not only are pretty, but now you can tell the teams without a program.

It seems the shirts have added the spark that was missing, as splits are being picked up, averages are climbing and everyone is out to get that high game to put them on the board.

Among the split-shrinkers last week were Peggy Russell, who picked up the 7-9; Erma Webb, making the 5-8-10; Dottie Waltz, the 8-10 split, and Shirley Sims made both the 7-9 and 5-7.

Perfection Dairies lost three points to A. B. C. Wilson-Maier took three points from Robson's, and Roumillat & Anderson cleaned up by taking all four points from Wade's Market. This leaves Perfection in first spot, but the other teams are catching up, with the second team only 3 1/2 points behind. The team standings now read: Perfection 17-7; Roumillat 15-9-10; A. B. C. 12-1-2-11 1-9; Robson, 11-12; Wilson-Maier, 9-15; and Wade's, 9-15.

High individual game, scratch and handicap was rolled by Jane Pruden with 121 and 205. High scratch series was bowled by Margie Woods with 425. Handicap series went to Betty Juneau, who had 333.

High team game, scratch and handicap was taken by Roumillat with 649 and 815. High team series, scratch, goes to A. B. C. with 1856 pins; handicap series was rolled by Roumillat & Anderson, 2234.

Tuesday night sees Wilson-Maier vs. Perfection on alley 1 and 2; Wade's vs. A. B. C. on lanes 3 and 4; and Robson's vs. Roumillat on 5 and 6.

Torres Will Meet Anslum Tonight NEW YORK (UPI) — Jose Torres, New York's hottest young rising attraction, seeks his seventh straight victory tonight in a 10-rounder with middleweight Frankie Kid Anslum at St. Nicholas Arena.

Puerto Rican-born Torres, stablemate of heavyweight champion Floyd Patterson, is favored at 3-1 to beat the Philadelphia veteran because of his speed and punch. Tonight's bout will not be televised.

Burnett, New York Life Tied In Bowling League

Action for Wednesday night in the Sanford Bowling League will feature a battle between third place Bukur Music Shop and first place Burnett Painters. Burnett's is tied for first place and needs the wins to remain in the top position.

New York Life Insurers, the other first place team, will take on Gene's Seminole Dry Cleaners. The Cleaners are tied for fourth place and are about due to bounce back after losing six in a row.

Mather of Sanford, the most improved team in the league, will try to improve its fourth place tie at the expense of cellar-dwelling Celery City Printing Co. The Printers, last year's champions, made no changes in their line-up and are more than due to break out of a slump they have been in since the beginning of the season.

A little bit of luck to go along with their bowling and they will start taking games by five pins, instead of losing them by that amount. It is extremely difficult to explain the slump that most of the bowlers seem to be in this year. Carl Von Herbulis, who moved in to first place in the individual averages last week, has a 166 average, which seems a low average for this league. Many of the bowlers are beginning to move up in their averages lately, but most of them have a long way to go to get to their accustomed level.

As has been said before, the league is overdue for a gigantic break-through, and one of these nights should see many of the men around 500-600.

Carl Von Herbulis rolled a 500 series Wednesday night to move into first place in the individual averages, but his team, Celery City Printing, could only win one game and dropped into the cellar position. Dick Richards led Burnett Painters to win the other two games, and remain in a tie for first place, as he rolled a 502.

Neither bowler had much help, however, as both teams attempted to give the games away. Bukur took the first game from New York Life to pull into a three-way tie for first, but promptly lost the next two games to

the Insurers to fall two games behind. The Insurance men held on to their first place tie by spilling pins the last two games to mope the Musicians. Hank Kretzer was the big gun for the Insurers as he bowled a 210-545 for the evening. Buck Ferguson led the Musicians with a 491.

Mather of Sanford got red-hot, having three men bowl in the low 500's to take three games from Gene's Seminole Dry Cleaners, and pull into a tie with the Cleaning men for fourth place. Garry Fox, Ed Kirchoff and Ed Wheeler were the high men for Mather, while Bill Kasez led the Cleaners with a 491.

"Split-shrinkers" for the night were headed by Jesse Cook who made the 3-7 and the 5-10. Other "sharps" included Al DePalma, with a 5-7-9, and Clyde Piercy with a 6-7-10 pick-up.

Averages for the league following the week's action are: Von Herbulis—165, DePalma—161, Richards—162, Kasez—160, Pezold—159, Maloney—159, Fox—158, and Swann, Lewis, Wheeler, Cook, Gilstrap, Steele, Ferguson, and Kretzer at 157. Also, Bukur—155, Ring and Brown at 152, Kirchoff, Keller, and Platt at 151, Callan, Pierce, and Gentry at 150, and Hubbs at 149. Also, Burnett—147, Pincator—147, Stetler—146, Herbolis—142, Estridge—141, Harrison—133, C. Piercy—132, H. Piercy—125, Gordis—125, and Perry—121.

Haney Is Assured Tebbetts To Work Front Office Only

By RAY DOHERTY
United Press International
MILWAUKEE (UPI) — Fred Haney got assurances before he signed his 1959 contract to manage the Milwaukee Braves that he will get "no interference" from

George (Babe) Tebbetts, the team's newly-named executive vice president. "I was assured that Tebbetts will work only in the front office and will not have anything to do with the way I run the ball team," said Haney, who agreed to a new one year contract Saturday at no increase in pay.

At the same time, it was announced that Tebbetts's a player and manager for 24 years—most recently of the Cincinnati Redlegs—will move into the Braves' front office to eventually take over the duties of President Joseph C. Carreras.

Haney said he insisted that Tebbetts keep his opinions to himself about the way Haney runs the club on the field. It had been hinted that Haney, 60, might retire if Tebbetts were brought into the organization as his boss.

Despite reports of a rift between the two men, both denied this. "We're friends," said Haney. "He was a very able manager when I first got to know him in the fifties and he's a great manager now," said Tebbetts from Washington, D. C., where he was speaking.

Tebbetts said he "wasn't looking for a front office job" after leaving Cincinnati, "but this was an opportunity I couldn't afford to turn down." And to further quash any doubt in Haney's mind, Tebbetts said "I definitely will never manage again."

Scanlon, Rosi Set For Fight Tonight

SAN FRANCISCO (UPI) — Another test between the cautious boxer and the hammer-punch throwing windmill takes place tonight when lightweight Bobby Scanlon meets Paolo Rosi, the balding brawler from Rieti, Italy.

Scanlon at the moment is San Francisco's best product. He is unbeaten in 32 bouts, one of which ended in a draw. But the baby-faced Irishman, who likes to tie up his opponent, is meeting in Rosi the hardest puncher he ever faced.

On the other hand, the sixth ranked Rosi, an easy bleeder, recently had an operation removing scar tissue from his chopped up eye. He had not had a bout since he outpointed Johnny Dusso in New York Jan. 3.

Though ranked only 10th, Scanlon is rated from even to 7-5 to add Rosi's scalp to his collection of wins.

Bowling Planned For Junior League

The Sanford Recreation Department announces the addition of another activity to its winter program.

A Junior Bowling League is to be formed at a meeting at the Sanford Bowling Alleys, Tuesday, at 3:30 p. m.

Bowling instruction of teams will be completed at this meeting. All junior and senior high meeting tomorrow.

Boys and girls are welcome to participate. Instruction will be given at the first of each Tuesday meeting and team bowling will follow.

Teams composed of school clubs may enter the league if they desire. More information may be obtained from the Recreation Department or by attending the first meeting.

Fire Protection To End In Area 'Almost In City'

Effective tomorrow, fire service protection will cease in the proposed annexation area of the city. This action was taken at the meeting of the City Commission last night when officials were informed that Bradley (Otham, local builder, will discontinue payment for service for the area.

For the past several months, Otham has paid \$1,000 a month for the service. It automatically will be available to the residents upon annexation by the city. It was pointed out at the meeting that 109 additional signatures are needed to provide the necessary number on the annexation petition.

The governing body agreed to retain two additional firemen through Nov. 15, in the hope that the additional signatures will be obtained. In other action the group delayed action in granting a beer and wine license to W. M. Pope, operator of a store at 1018 W. 10th St., and denied a request from Laura Fulton to form a partnership with Sammie Lee Higgins on a license to operate a tavern.

A request for a street light at Grandview Ave. South and 24th Place was granted. On motion by Commissioner David Gatzel, the group agreed that individuals requesting a variance in the zoning ordinance be required to pay a \$5 fee to cover cost of publication fees and placards.

The city attorney was instructed to draw up necessary legal papers for sale of property west of French Ave., bounded by Commercial and Fulton, to Lee Construction Co. On request from Harry Light, developer of homes on South Sanford Ave. between 27th street and Onora Road, for participation in laying of sewer and water mains, the commission agreed to follow the same program that it has for other developers outside the city limits.

Baby Is Rescued From Open Grave

CLEVELAND, Ohio (UPI)—Police picked up her 30-year-old father, Lloyd, for loitering in suburban Brook Park. During questioning, he said he had "sacrificed my daughter to the Lord."

This statement sent policemen from Cleveland, Brook Park and Brooklyn speeding to Holy Cross Cemetery where they found the child whimpering and shivering in a six-foot deep grave covered by wooden planks. Little Theresa was rushed to a hospital where she was reported in good condition despite shock and exposure.

Police said her father, who had been under psychiatric care a year ago, was taken to Metropolitan General Hospital for psychiatric examination. Two phone calls led to the apprehension of Becher. A passerby in suburban Brooklyn called police and reported seeing a man tearing money on a street corner. Several hours later, a Brook Park resident complained about a "loitering man."

When informed of the "sacrifice," Becher's wife, Virginia, collapsed. She told police Becher left their Brooklyn home at 2 p. m. and took the child with him.

The plan, to go into effect immediately, will follow the same fiscal year as the city, from Oct. 1 to Sept. 30. The cards will allow participation in all recreation department organized activities including the summer program and free use of the swimming pools when they are used for a recreation program activity.

Commissioner Earl Hightsham who made the motion to adopt the card plan, emphasized that only those living outside the corporate limits of the city will be required to pay a fee.

Accused Murderer Weeps Bitterly INDIANAPOLIS, Ind. (UPI)—Mrs. Connie Nicholas, 42, wept bitterly and audibly today as she pleaded innocent to a charge that she killed in cold blood her wealthy lover Forrest Teel, 34, vice president of a major drug company.

Mrs. Nicholas stood before Judge Earl Habb in Marion Criminal Court and said with tearful fervor when asked for a plea to a first-degree murder charge: "Not guilty, your honor, not guilty."

A moment before the plea, Habb overruled a defense motion to quash the indictment on grounds it was not specific enough. Mrs. Nicholas' attorney, Frank Symmes, did not argue the motion. He said it was only a technicality.

Mrs. Nicholas has been in a hospital since she was found lying in her automobile, near death from a suicidal bullet wound. This was 21 hours after Teel, her lover for 15 years, was found dying last July 31 in his white Cadillac two blocks from the apartment of a 29-year-old secretary. He had been courting the younger woman after a long extramarital affair with Connie.

Crippled Children Meeting Is Slated A public meeting will be held Thursday night to organize the Crippled Children's Society of Seminole County.

The Highway Patrol identified the drivers as Mary Moore Wilson and Kenneth George Ross. Nobody was hurt in the wreck. The snake allowed to safety.

Miami Man Killed MIAMI (UPI)—James Joseph Dowdell, 47, Miami, was killed Monday when his car sideswiped one tree then crashed into another at 10 miles an hour along the Tamiami Trail about 30 miles west of here. Officers said there was no indication of what caused his car to veer off the road.

City Will Charge Recreation Fee To Non-Residents

The Sanford City Commission took action last night to require registration cards for city residents who attend recreation activities, and also to require a fee for such a card for non-residents of the city.

The registration or identification cards are considered necessary for separation of age groups in the various recreation programs throughout the city. Cards will be available to both white and negro residents who desire to attend events sponsored by the city recreation department.

Non-residents will be required to pay \$5 a year for a half-year. A maximum of \$20 per family was agreed upon. It was also agreed that the cards should be signed by a parent or the carrier who agrees to be responsible for any property damage done by the person involved. Such a card can be revoked or suspended when discipline is deemed necessary by officials in charge of the respective activities.

Commissioner Earl Hightsham who made the motion to adopt the card plan, emphasized that only those living outside the corporate limits of the city will be required to pay a fee.

Four Arrested, Bombing Cases Are Near Solution

Temple In Peoria Damaged By Blast; Youths Suspected PEORIA, Ill. (UPI)—Explosion of a homemade bomb damaged the windows and interior of a Jewish temple early today and police and FBI agents planned to question a youth involved in a bomb scare at another temple last year. The explosive in the bomb, packed into a short iron pipe, was black powder, police determined. It went off in a stairwell leading to the basement of the Anshel Eretz Temple on the north side of the city.

Rabbi Joseph Ginsberg, whose congregation numbers about 250 families, said he thought the "inspired mind" of Mayor Eugene Sawyer was "correct" in his belief that the "Pioneer" moon rocket had escaped the pull of earth's gravity.

About 30 minutes after the rocket was launched from Cape Canaveral, Fla., and when it was some 20,000 miles above the earth's surface a previously prepared press release was issued proudly asserting that the lunar rocket was "the first man-made object known to escape the earth's gravitational field."

It was no such thing. And officials acknowledged today it never intended to escape from Peoria since it was headed for the moon which it is within the earth's gravitational influence.

Admits Mistake Maj. Gen. Donald N. Yates, commander of the Atlantic missile range at Cape Canaveral, said Monday the mistake simply "slipped by all of us."

"One thing is clear," said Yates who is rapidly becoming one of the military services' better experts in public relations: "Before the next moon probe, those of us charged with reporting our own operations to the press and other news media must familiarize ourselves with the true terminology of space flight."

"I sincerely hope this slip will be excused and, as such, that it will not dull our honest appreciation of the tremendous achievements of the Pioneer's flight," he said.

'Spyglass' Murder Confession Signed CHICAGO (UPI)—Barry Cook, husky convict imprisoned on an assault charge, has confessed the "spyglass murder" of Margaret Gallagher, 60, in a Chicago park, and a Nisiel detective who spent 15 days in a cell with him "broke" the case, police disclosed today.

Cook, 24, made the confession at Joliet penitentiary, where he was Chief of Detectives Patrick Deery, Sgt. Charles Fitzgerald, and the detective expert John Reid a six-page statement, saying he killed the woman July 22, 1956, because of "an urge."

The slaying occurred on a Sunday while Miss Gallagher sat in a secluded bushy portion of the park. She was beaten to death. By chance, an apartment dweller a mile and a half away watched helplessly through binoculars. By the time he could direct police to the spot where the body was found, the killer was gone.

Anthony Muranaka, 35, the first Nisiel to serve on the Chicago police force, was given the honor of "cracking" the case. The Japanese-American detective, to keep an eye on Cook, got himself assigned first to "death row" at Cook County Jail and later to Joliet penitentiary, where Cook was sent last July for a series of assaults on women.

Wasn't His Day PENNSYLVANIA, Pa. (UPI)—Arthur Hartman, 39, decided to avoid the summer holiday traffic by spending the weekend in a hammock alongside his cottage. But an unoccupied car rolled from the curb, knocked him out of the hammock and sent him down a 15-foot embankment. Hartman was not seriously injured.

Furniture Stores To Close At Noon Retail furniture stores in Sanford will be closed tomorrow afternoon. The Wednesday afternoon closing policy goes into effect due to the furniture dealers decision to keep stores open until 9 p. m. on Friday.

Seminole Man Arrested As 1946 Army Deserter

The FBI today announced the arrest of a Seminole County man on charges of being an Army deserter. Leo O. Teague, special agent in charge of the FBI office in Miami, said Richard Tadman, 31, was taken into custody by FBI agents yesterday afternoon. Teague said Tadman had deserted from the U. S. Army in 1946 and had assumed the name of Robert Hubert Landers.

Landers had been living in Lake Mary, the FBI announcement said. He was arrested in Sanford late yesterday and turned over to authorities at the Sanford Naval Air Station to await further action by the Army.

Teague said Tadman, shortly after going AWOL from the Army, had assumed the name under which he was living here and had secured employment as a truck driver in Maryland, Virginia, Texas and Florida. Teague said Tadman had obtained a driver's license and Social Security card under the name of Landers.

Tadman's wife was listed as the former Frances Mae Wampler, no previous address given. Neighbors said the couple had two daughters. One of the girls, a fourth grader, had been enrolled at Lake Mary School. Records revealed that the child had been transferred from Wilson School at Palmdale late in the 1957 term.

Other details of the case were lacking. The FBI today announced the arrest of a Seminole County man on charges of being an Army deserter.

Investigators Say Group Had Plotted 'Terror In South'

ATLANTA (UPI)—Investigators appeared on the verge today of breaking the back of a wave of terror bombings of Jewish synagogues in the South.

The key to the cases appeared to lie in the questioning of suspects in the blasting of the Temple here Sunday. Four persons are under arrest for interrogation and one was reported to have signed a statement giving details of the bombing.

The Atlanta Constitution said in a story by its veteran police reporter, Keeler McCartney, that an unidentified suspect gave a statement Monday night to the effect that he was in on plans last May to bomb the temple.

The informant said he was not invited to participate in final plans because he objected to use of dynamite, the paper said. He said one member of the group who was familiar with architectural plans drew up a plan of the temple and indicated where the explosives should be placed.

The informant said the blast was to have been set off by someone brought in from Birmingham, Ala. He said the anti-Semitic organization that laid the bomb plot had members in most southern cities.

All authorities have gone on the theory that the wave of southern synagogue bombings has been an interstate conspiracy. There were reports on which officers declined to comment, that the investigation already had turned up information on a small but fairly organized anti-Semitic group operating in a number of Southern cities.

A growing reward fund in Atlanta brought the total now offered for useful information on the series of bombings in the South to \$65,000. Investigators are going on the theory that the Atlanta incident was tied in with recent blasts in Tennessee, Florida, South and North Carolina and Alabama.

Air Station Man Injured Seriously A Sanford Naval Air Station man was reported to be in serious condition at Orange Memorial Hospital, Orlando, today. He was injured in a two-car collision Friday night on Highway 46.

He is Jessie Davis, one of the four Air Station men shaken up in the crash. The Highway Patrol identified the other driver as Edward L. Shaw, an occupant of the car in which Davis was riding, and Charlie Stone and Claude Davis, Negroes, occupants of the other car.

Shaw was kept overnight at the Air Station dispensary. Stone and Davis were treated for minor injuries and released.

No Policy Violated GAINESVILLE (UPI)—University of Florida officials say no policies were violated when school businessmen were flown to California on a football trip last week and the cheer leaders left behind.

Dr. J. Wayne Reiss, university president, said the board of directors discussed the matter Monday and decided nothing was wrong.

Audit Committee Picks Cleveland, Bills Drawn Seminole County Rep. Mack O'Neil Jr., has been elected chairman of the Legislative Audit Committee, which yesterday called for stricter accounting of money spent on official trips by county employees.

Meeting in Tallahassee, the committee proposed that the 1959 Legislature adopt laws placing the same regulations on county employees as those now in effect for state workers. This, in effect, would require county workers to list individual expenditures in detail for such items as food, transportation and lodging.

State Auditor Bryan Willis told the committee there are no regulations governing travel allowances of such employees and some just turn in statements saying how much they spent. In other action, the committee decided to ask the Legislature for a bill authorizing the state comptroller to see that funds owed the counties by county officers and employees are paid.

Missile Experts Admit 'Blunder' On Moon Rocket

WASHINGTON (UPI)—The Defense Department and Air Force admitted today they committed what was probably a historic blunder Saturday when they announced that the "Pioneer" moon rocket had escaped the pull of earth's gravity.

About 30 minutes after the rocket was launched from Cape Canaveral, Fla., and when it was some 20,000 miles above the earth's surface a previously prepared press release was issued proudly asserting that the lunar rocket was "the first man-made object known to escape the earth's gravitational field."

It was no such thing. And officials acknowledged today it never intended to escape from Peoria since it was headed for the moon which it is within the earth's gravitational influence.

Admits Mistake Maj. Gen. Donald N. Yates, commander of the Atlantic missile range at Cape Canaveral, said Monday the mistake simply "slipped by all of us."

'Spyglass' Murder Confession Signed CHICAGO (UPI)—Barry Cook, husky convict imprisoned on an assault charge, has confessed the "spyglass murder" of Margaret Gallagher, 60, in a Chicago park, and a Nisiel detective who spent 15 days in a cell with him "broke" the case, police disclosed today.

Cook, 24, made the confession at Joliet penitentiary, where he was Chief of Detectives Patrick Deery, Sgt. Charles Fitzgerald, and the detective expert John Reid a six-page statement, saying he killed the woman July 22, 1956, because of "an urge."

The slaying occurred on a Sunday while Miss Gallagher sat in a secluded bushy portion of the park. She was beaten to death. By chance, an apartment dweller a mile and a half away watched helplessly through binoculars. By the time he could direct police to the spot where the body was found, the killer was gone.

Anthony Muranaka, 35, the first Nisiel to serve on the Chicago police force, was given the honor of "cracking" the case. The Japanese-American detective, to keep an eye on Cook, got himself assigned first to "death row" at Cook County Jail and later to Joliet penitentiary, where Cook was sent last July for a series of assaults on women.

Wasn't His Day PENNSYLVANIA, Pa. (UPI)—Arthur Hartman, 39, decided to avoid the summer holiday traffic by spending the weekend in a hammock alongside his cottage. But an unoccupied car rolled from the curb, knocked him out of the hammock and sent him down a 15-foot embankment. Hartman was not seriously injured.

Furniture Stores To Close At Noon Retail furniture stores in Sanford will be closed tomorrow afternoon. The Wednesday afternoon closing policy goes into effect due to the furniture dealers decision to keep stores open until 9 p. m. on Friday.

Furniture dealers said the Friday night policy has met with "considerable success." Other stores were reported to be considering the late closing time on Friday.
