#### Seminole begins aerial mosquito spraying

This week in Seminole County started with a massive aerial mosquito spraying. Throughout the week, weather permitting, areas to be sprayed include Black Hammock, Chuluota, Geneva, Lake Mary, Sanford and Winter Springs.
A total of 50,000 acres in

Seminole County are to be sprayed utilizing a fixed wing twin turbine engine King Air aircraft. This is the first time the county and several cities will have conducted aerial spraying for mosquito control.

The project is a combined effort of Seminole County and Clarke Mosquito Control. The product that is being applied is Anvil 10 + 10 which is a higher concentration than the Anvil 2 + 2 tration than the Anvil 2 + 2 that is being ground applied currently by Clarke, in Seminole County. The prod-uct is a synthetic Pyrethroid compound, which is approved for use according to the labeling.

The aircraft used for the aerial spraying are twin Turbine Engine King Air 90's that meet all FAA part 137 requirements and are flying at 200 feet.

Several calls were received by the Seminole County Sheriff's Office Monday night, while the aerial spraying was occurring. The callers expressed concerns about the low-flying aircraft.

# City OKs used car lot regulations

By Dan Ping Editor

SANFORD — City commissioners agreed to stricter regulations for new used-car dealers coming into Sanford, but dealers earned an important concession.

Revisions to Schedule E of the Land Development Regulations included changes to several items, but the commission's first reading of the ordinance focused primarily on used car lots.

As written, the regulation requires new used-car dealerships to have a minimum lot size of 1 acre with extensive landscaping. It

two-bay garage facility for on-site repairs.

Commissioner Randy Jones said requiring dealerships to provide garage space was too demanding because some dealers have all repairs done off-site.

"I'd like to see us split this so we have different categories for those dealerships that provide service and those that don't," Jones said. "If a new business comes in and wants

also required the businesses to provide a to provide service on-site, then we require the two bays. If the work is going to be done somewhere else, they can use that space for more cars.'

The 1-acre requirement was approved, however, modifications may be made when the ordinance comes back for second reading. Commissioner Art Woodruff questioned whether the minimum size might encumber other

dealerships opening in Sanford.
"I'm usually the one who says we should set the bar high," Woodruff said. "But I think it may be too high by requiring a full

Jim Dunn, owner of CMC Automotive Group, has lead the opposition against the ordinance, and he agrees with Woodruff regarding the one-acre requirement.

"You're making it cost prohibitive to sell used cars in Sanford," Dunn said. "Under these regulations, it will cost \$1 million to start a used-car business."

When Kenneth Dittmann visited a local garage sale recently, he was hoping to find a few pieces of antique furniture. Instead, he discovered a small part of Sanford's history.

Among the furniture and other odds and ends, the Sanford resident found a 100-year-old document signed by President Grover Cleveland and U.S. Postmaster General Wilson S. Bissell. The certificate empowered John Smith to

"The first thing I did when I got the document was research the signature," Dittmann said. "I assumed there were a lot of postmasters in the country, so I thought the president's signature might have been a copy. I wanted to make sure it was the actual signature of Grover Cleveland." According to Dittmann,

there are several ways to determine the authenticity of a document, including the paper and the type of ink used for signatures and dates. The signature on Smith's document matched other documents signed by President Cleveland.

"Additionally, this would not be the type of document that would have been duplicated or counterfeited," Dittmann said.

# Bahamian Market Place returns to Sanford

By Michelle Jerla Managing Editor

SANFORD — When people are celebrating the 125th birthday of Sanford during this weekend's Heritage Festival, they will also have the opportunity to experience a part of the Caribbean cul-

plete in December 2003.

One of the more colorful and exciting attractions at past Sanford Heritage Festivals, the Bahamian Market Place is once again returning this year to offer an array of unique food, entertainment and

fun. For the fourth year, a delegation of 50 Bahamians will arrive in Sanford from the island of Eleuthera to continue a special relationship between Sanford and

Gregory Town, Bahamas.
"The festival's Bahamian
Market Place is the result of the relationship between the city of Sanford and Gregory Town," Festival Coordinator Ron Rose said. "It's a unique event, and is the only event outside of their country where people from Gregory Town offer an authentic Bahamian market place,"

Sanford and Gregory Town have been sister cities for the past 15 years, said Craig A. Woods, general manager for Out Islands, Bahamas Ministry of Tourism. Along with supporting each other's festivals — Gregory Town hosts a Pineapple Festival each summer — former Mayor Larry Dale and other city officials pro-vided food and other supplies to the Bahamian town when it was devastated by a hurricane.

# SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

### Man holding in-laws ashes may have lost grip on reality

DEAR ABBY: My family has always had its share of eccentrics, but my older brother, "Rusty," has me perplexed. His mother-inlaw, "Louise," passed away six months ago and was cremated per her wishes. She left a considerable amount of money to my brother and sister-in-law — well into seven figures. Rusty was always fond of his mother-in-law, ..... and I recognize their bond,

but his actions of late have grown bizarre.

Dear **Abby** 

Rusty now takes Louise's ashes with him to family functions, graduations, camping trips — and even got a permit to take her remains sailing with them in the Caribbean. Louise travels first class

to more places and attends more functions as cremains than she did when she was flesh and blood. Meanwhile, our own dear mother is still living, and she is never invited to accompany them on any of these trips.

What's your reading of this?
POOR BUT SANE BROTHER

**DEAR BROTHER: Your brother could** have separation issues with Louise, or he could be overwhelmingly grateful for the windfall she left them. He may bring the ashes to family functions in an effort to assure that Louise, although gone, is not forgotten.

Your signature indicates that you suspect your brother may have lost touch with reality. Mention your concerns to your brother. If he doesn't have a logical explanation, mention your concerns to his wife. If she agrees, he should have a mental and neurological evaluation.

DEAR ABBY: I met a wonderful man, "Ryan," whom I love dearly. We were planning on a June wedding, but I called it off because of his heavy credit card debt. I thought it should be paid off before we got

Also, Ryan has a way of hiding things from me that I feel should be out in the open. If he gets a call from a bill collector, he always goes into another room to talk.
Shouldn't I be included in what's going on in his life?

I would offer to help with his debt, but Ryan makes three times as much money as I do. Plus, I have discovered that some of his credit card charges are from Internet porn sites. (He swears he no longer frequents

them.) Don't get me wrong, Abby. This man has done everything he can to get back on track financially so we can be married. But I still feel he's hiding little things from me - mostly about money.

Am I making too much of this? What should I do or say when he talks about setting another wedding date? I'm not shy about speaking up and sharing my feelings, but somehow he isn't willing to open up and come clean with me.

Your advice would be greatly appreciated.
WARY FIANCEE IN TENNESSEE

DEAR WARY: Trust is everything in a relationship - and you and this man don't have it. Listen to your intuition, and if you do decide to marry him, insist on premarital and credit counseling first, and keep your own separate line of credit so his cannot

# Southern Pool Designs ranks in Top 50

Southern Pool Designs, which specializes in the design and construction of luxury swimming pools throughout Central Florida, got a surprise in the mail recently.

The firm has been ranked as the 47th largest swimming pool design and construction company in the U.S. by Pool & Spa Magazine, the industry's leading trade publication.

John Kirkland, co-founder and partner of the five-year old firm, said they are one of the youngest companies on the Top 100 list and didn't even rank last year. "We were very pleased by the news," Kirkland said.

The firm's growth has been almost meteoric. Revenues from the first year amounted to less than \$200,000, Kirkland said. Last year the firm reported revenues of \$4.8 million. From January 1 through August 15, Southern completed construction of 110 pools ranging from \$18,000 and up and expects to build from 160 - 170 pools before the end of the year, for revenues of more

Kirkland attributed the company's success to sound business fundamentals, along with record low interest rates and steady growth in the number of upscale homeowners in Central Florida.

"(Partner) Dave Montague and I focused on what we know, and that's how to design and build swimming pools of exceptional quality," Kirkland said. "We have done what every small business owner tries to do, and that's to build the perfect pool each and every time," he said. "Now most of our new contracts come from referrals, either homeowners for whom we have already built a swimming pool or from their friends and neighbors."

Southern Pool Designs was founded in 1997 by John Kirkland and David Montague. The firm, which employs 17 workers, recently moved into a new expanded 4,000 square foot facility off County Road 427 in Longwood.

#### Harman selected to design golf course for Heathrow Land Co.

Heathrow Land Co. has selected David Harmon Golf Course Consultants, Inc. to design the 18hole championship golf course planned at Heathrow Country Estate Homes on S.R. 46 and S.R. 46-A in Lake County.

Michael Dick, president and chief information officer at Heathrow Land Co., said he expects to start construction of the golf course and 100 home sites in the first phase at Heathrow Country Estates in the fall.

Harman designed and built the new golf course Heathrow Land is building at the Villages of

Highlands Ridge in Sebring, Dick said.

Joe DoBosh, vice president of land development at Heathrow Land Co. will oversee development of Heathrow Country Estate Homes, Dick added. DeBosh, who joined Heathrow in 1982, is also development director at the Villages of Highlands Ridge.

Luxury custom homes at Heathrow Country Estate Homes will be priced from the high \$300s to more than \$1 million, according to Dick. Heathrow Land plans to begin interviewing custom homebuilders in early fall.

# Wekiva River Players open in Sanford theater with 'Oliver!'

The Wekiva River Players 10th Anniversary Season opens on Friday, October 4 at the Helen Stairs Theatre in Sanford with the classic musical Oliver!

Oliver! is the story of an orphaned boy named Oliver who escapes to London from a dreary workhouse and is taken in by a gang of young pickpockets who work for master thief Fagin while learning their trade.

When he's falsely accused of squealing on the gang by the fearsome Bill Sikes, Oliver begins to realize that he has more friends than he had thought. Oliver! stars Michael Paulauski (understudy, Cameron Bartell) as Oliver, Franco Bottley, Scott Rates, Shane Wages, Derek Stokes, Pat Barker, Andre Provencher, Rob Del Medico, Kylie Koscoe, Amanda Pladdys and John McAndrews.

Oliver! opens Friday, October 4 and runs through Sunday, October 20, 2002 at the Helen Stairs Theatre, located at 203 S. Magnolia Avenue and Second Street in historic downtown Sanford, Florida. Friday and Saturday show times are 7:30 p.m. and Sunday performances are at 2:00 p.m. Tickets prices are \$15.00 for rows A-K and \$12 for rows L-Q and the balcony. Tickets may be purchased by calling the Helen Stairs Theatre Box Office at 407.321.8111.

Michael Paulauski will be starring as Oliver on Friday, October 4, Saturday, October 5, Friday, October 11, Saturday, October 12, Saturday, October 19 and Sunday, October 20. Cameron Bartell (Oliver understudy) will be performing on Sunday, October 6, Sunday, October 13 and Friday, October 18.

Wekiva River Players productions are funded in part by United Arts of Central Florida and sponsored by Target Stores.

# Abundant baitfish make fall fishing a pleasure

Special to The Herald

This time of year, East Central Florida anglers have it all, due of course to the abundance of baitfish moving along the coast.

Millions of Mullet and other bait lead to feeding frenzies in our canals, Ponce Inlet and extending offshore. Where there is abundant bait you will find the predators who occupy the higher rungs on the food chain. For offshore anglers like me, this means Wahoo, Sailfish, Dolphin and Tuna.

Ponce Inlet has been called one of Florida's best kept secret — but not for long. The world is quickly learning that the fall Sailfish migration off Ponce is second to none and the Wahoo fishing can be fantastic! This past week has seen good catches of Sailfish, Wahoo, Dolphin and my favorite bottom dwellers: Grouper and Red Snapper. As the water cools, the action heats up and this makes for some memorable offshore fishing and meals to remember.

Last night we dined on fresh Wahoo which was baked in a foil wrap using one of Emeril's favorite recipes. There is noth-

ing better than fresh Wahoo 200 pounds which is then cooked and seasoned to perfec- attached to my mainline and a tion. Unless of course you have the chance to sample Grouper and Red Snapper fixed the same way. We often prepare three or more species using the same technique and then sit around the table discussing the differences in flavor, texture and which one goes best with the particular wine we happen to be enjoying!

Wahoo live offshore year round and provide some of the best fishing one could ask for. Trolling is the method and big lures rigged with large ballyhoo are the baits of choice. Some anglers prefer to pull lures without the ballyhoo or strips and these rigs hold up well to the higher trolling speeds which Wahoo prefer.

As a toothy predator capable of slicing mono of any size, wire is helpful but not essential when pursuing Wahoo. When we rig mono for Hoo's, we use cable loops between the hook and the crimp to give some measure of protection.

When targeting Wahoo, we usually pull big Islanders with ballyhoo. I like a two-foot piece of wire attached to a swivel which is followed by mono of

30-foot piece of mono trailing behind a planer. Downriggers also work well to get the baits down to the fish.

Wahoo like to hang around structure where the bottom drops off from 160 to 200 feet and beyond. The same area where you find bait offshore you will find temp breaks of a couple of degrees, color changes and sometimes current rips. Zig zaging over these offshore ledges will be your best bet and at the same time, you can watch your bottom machine for signs of fish stacked up on the bottom. Many of my best bottom numbers were discovered not by picking someone else's spot, but simply watching the bottom as you troll and punching MOB to mark the spot for exploration

Wahoo will hit surface baits as well as deeper baits. For a real treat, this is the time of year to throw some small stuff in your spread in the form of naked ballyhoo on mono with smaller hooks. The target of these baits is sailfish which are often found in the same areas as

Out of seven trolled baits, I usually pull two planers, one short and one long. The shotgun is always a big bait on wire aimed at Wahoo. For the long riggers I like a C&H Alien with a medium Ballyhoo and the short riggers have the naked ballyhoo running just off the teasers. This is a deadly combo that almost always means Sailfish and Wahoo can have their pick!

Unlike our brothers up north, this is not the time to put the boat in storage! Hook up that rig and make a beeline for New Smyrna Beach and Ponce Inlet. This is the time to enjoy some of the best fishing the world has to offer without all the hassles of traveling all over the globe. It's here right now just waiting for you. If you don't own a boat, there are numerous Charter boats fishing Ponce daily and these guys know how to catch fish! Make plans today and you will enjoy some of the finest fishing Florida has to offer.

Tom Heath is a New Smyrna Beach resident. His articles appear regularly in The Seminole Herald and provide tips and techniques for fishing along Florida's East Coast.

There was so much calcium in my arteries, my doctor sent me right over to the car diac people. I had a stress test and passed it with no problem, but they decided to do an angiogram anyway because of the heart scan. The angiogram showed nearly complete block age in three arteries. There was so much plaque in there. I couldn't have angioplasty. They had to do a triple bypass. But the doctor told me it saved my life

#### Car lots

Continued from Page 1A

Dunn advocates setting the minimum lot size at one-half acre, primarily because of the configuration of the city's grid

"The configuration of the lots works better for half acre sites," Dunn said. "If you bumped up the minimum requirement to three-quarters of an acre, you put

yourself in a position where you have to buy an extra lot when all you really need it is just a portion

Future used car lots could be smaller than one acre, said Mike Skat, chairman of the Planning and Zoning Commission, even under the new regulations.

"The business could apply for a variance," Skat said. "We'd

have to take it on a case-by-base basis. Jim's car lot is a good example. He has less than an acre, but it's done very nice and is the type of thing we would hope to see more of.

Whitey Commissioner Eckstein was the lone vote against the ordinance. Several of the citizens who spoke during the public hearing mistakenly thought the new ordinance applied to existing businesses. Eckstein was concerned about the misunderstandings and asked staff to resolve the confusions before the second hearing.

"The ordinance is vague," Eckstein said. "People don't understand it. I don't see how we can have an ordinance nobody understands. I think it's a good

ordinance, but we've got to make sure the people affected by it understand it.

Commissioners directed staff to meet with a group of representatives from the automotive industry to clarify the regulations and hear their concerns.

Dunn said he was pleased with the outcome of the meeting. "I think we gained all the way around," Dunn said. "It was a very positive meeting, and I think we can work out some of the problems."

"We've got some bad operators in our business, but we're not all bad," Dunn added. "Did it take the city kicking them in the butt to get their attention? Yeah it did. But all we're asking is to let us have a voice on these issues."

over the years," Woods said. "The community of Sanford is a true partner and a true friend. It's something you can't put a price

weekend's Bahamian This Market Place will present the heart pounding rush of Junkanoo, a Caribbean celebration two centuries old in which performers dress in colorful massive costumes that are artistically creased

of paper to depict a particular theme. Through its colorful costumes and unbelievable energy, Junkanoo may remind people of Mardi Gras celebrations.

The groups "rush" through the crowds accompanied by music of traditional instruments, goatskin drums, whistles and cowbells, which creates a rhythm and excitement difficult to ignore. Performances are completely spontaneous and done with no previous rehearsals. Festivalgoers find it virtually impossible not to join in the parade.

Bahamians trace the origins of Junkanoo to the harvest festivals of African slaves brought to the Bahamas during the 16th Century. The name is attributed to a West African trader prince named John Canoe, considered by many to be a hero to the slaves. Junkanoo is the national festival of the Bahamas, traditionally celebrated during the early hours of Dec. 26 and New Year's Day.

Other events featured during the Bahamian Market Place will include the plaiting of the colorful heritage pole and island music performed by the Eleuthera Express Band and Dr. Sea Breeze on the Bahamas Stage. Tasty Bahamian delicacies, such as fresh fruit daiquiris, conch fritters, peas and rice and conch salad will also be available, as

well as handmade souvenirs from the Bahamas.

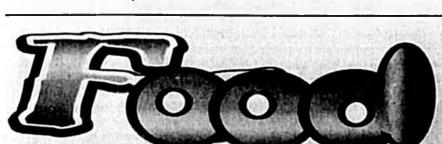

The Bahamian Market Place will also offer a unique piece of Sanford history during the festi-

"Some people have asked me what the Bahamian Market Place has to do with the city's 125th celebration," Rose said. "During Sanford's past, people from the Bahamas came to the city during the harvest season to work in the

crops. There are some people in Sanford who are descendants of these people.

"That's why it fits in with our festival," he said. "It's a part of our history.'

The Sanford Heritage Festival will be held Friday through Sunday in downtown Sanford. Admission is \$5, with children under 12 free. Sunday is Family Day, and people can ride the rides from noon to 4 p.m. for \$10.

Continued from Page 1A

"There are numerous copies of the Declaration of Independence, for example, but I don't think someone would want to duplicate a document like this."

Records at the Sanford Museum and the Museum of Seminole County History verify that John Smith became Sanford's postmaster in 1894. Apparently, he served until 1898, when Charles S. Partridge was appointed to the position.

According to Dittmann's recently acquired document, Smith was first nominated by President Cleveland and then approved for the position by the U.S. Senate. Sanford's postmaster was in Orange County's jurisdiction, since Seminole County wasn't created until 1913.

There's another historical aspect concerning Dittmann's garage sale discovery. According to an inscription on the back of the document's frame, the glass that encases the document is from Gen. Shelton Sanford's Derby, Conn., home. The city of Sanford was named in honor

of the general.

Dittmann, a numismatist by trade, has bought, sold and traded numerous historical documents and coins, including one of four Washington gold funeral medallions and the paperwork that went with the rare artifact. He sold the medallion for \$100,000.

The John Smith document, however, is Dittmann's first piece of local history. Although he doesn't know whether he will eventually sell it, he estimates President Cleveland's signature alone is worth \$1,000.

During the city's Heritage Festival and 125th celebration, which is scheduled for this weekend, Dittmann plans to showcase the document at his shop, located at 228 E. 1st St., in downtown Sanford. Following the event, he plans to lend the document to the Sanford post office, where it will be exhibited for a month.

Regardless of the value, it is historical and people should have a chance to see it," Dittmann said. "So, for now, I plan to keep it."

Sanford City Commission Meeting • Sept. 23, 2002

### Put off

The discussion about a lakefront condominium complex along Lake Monroe never materialized during city commission work session. City Manager Tony VanDerworp was scheduled to provide commissioners with information about a proposal from QG Investments to build the project at "The Curve" on U.S. Highway 17/92 just north of *The Seminole Herald*. VanDerworp had an illness in his family and did not attend the work session.

The proposal is to build five 10-story structures that front Lake Monroe. The company purchased most of the land in December 2001. They also want to purchase the city's Public Works complex and the abandoned Police Benevolent Association building.

In a letter to the city, Sid Vihlen Jr., who represents Mehbub Manji of QG Investments, offered \$200,000 to begin negotiations.

# Millage reduction

In a second and final reading, commissioners approved the Fiscal Year 2002/2003 budget and set the millage rate at 6.5. That's still the highest in the county, but is a one-eighth of a mill reduction from last year. The commission has cut the millage rate five years in row.

# Public safety pensions take a dive in the market

By Dan Ping Editor

What goes up must come down. That law of physics applies to gravity, the stock market and possibly in the near future, the rate which the city's public works employees use to calculate their retirement.

During the bullish 1990s, the pension boards of each group shifted their investments toward the high-flying stock market, despite protests from City Commissioner Whitey Eckstein. A fiscal conservative, Eckstein warned about investing too heavily in stocks.

"When you're talking about people's pension fund, you have to be conservative," Eckstein said, noting that at one time more than 50 percent of the police pension was invested in the stock market.

As stocks soared, so did the city's multiplier — the number multiplied by an officer's years of service to determine the percentage of retirement benefits he or she will receive. The higher the multiplier, the fewer years of service officers and firefighters must work to collect a full pension

If returns on investments are high, then a large multiplier are no problem. When stocks drop, though, some one is left holding the bag. In this case, it's the taxpayers.

Commissioners pulled \$60,000 out of an already dwindling reserves account Monday to cover the shortfall in the firefighters pension. Expect the shortfalls in the police pension fund to be even more substantial, Eckstein said.

"They bought Worldcom stock at \$70 a share, just when everyone was saying the stock market was on a bubble," Eckstein said. "Now Worldcom is trading at zero. Even a dumb school teacher like me knew not to invest in Worldcom."

Eckstein asked his fellow commissioner to consider reducing the multipliers.

"I wish we could make the multiplier 10 instead of 3.5," Eckstein said. "These guys deserve it. But 10 is not practical and neither is 3.5 in this stock market. We raised the rate when the stocks went up. The market is going down, so I think we have to lower the multiplier."

#### **Consider This**

Sanford's aging stormwater pipes maybe overflowing, but Mother Nature is having no problem draining the city's overtime

During a three month periond, June to August, the city's Public Works department logged 628 hours of overtime battling drainage problems caused by old pipes and heavy rainfall. Those hours translated to \$15,754. The utility department costs are double. Employees there clocked in for 1,300 overtime hours at a cost of \$23,997.

TIME SPENT DISCUSSING: Drainge problems: 37 minutes • Used car lots: 78 minutes • City's milage rate: 2 minutes

# FWC to offer free Duck Hunting

Special to the Herald

OCALA — The Florida Fish and Wildlife Conservation Commission (FWC) is offering two free workshops for anyone inter-ested in learning how and where to hunt ducks in Florida.

Workshops

The family-oriented events are designed for beginning through advanced duck hunters, and those unfamiliar with duck hunting in Florida.

The first is scheduled for Saturday, Oct. 12, from 8 a.m., until 5 p.m., in the Ocala National Forest at the FWC's Hunter Education Training Center (HETC). The center is located at 7325 NE 170th Ave. (CR 314). To register for the workshop and to receive directions to the HETC call Greg Workman at (352) 625-2804. The second workshop will be held New 16 from 8 a.m.

be held Nov. 16 from 8 a.m., until 5 p.m., at the Indian River County Public Shooting Range at 10455 102nd Terrace in Sebastian. To sign up and get directions contact Ron Bielefeld at T.M. Goodwin Waterfowl Management Area at (321) 726-2862.

Registration is free but space is limited to the first 100 participants for each

workshop. This year a free BBQ lunch will be provided at both workshops. These family-oriented workshops are presented by the FWC's Waterfowl Management Section and S.T.E.P. OUT-SIDE, and are designed for both the new and seasoned waterfowl hunter.

"We all can improve upon our skills as hunters and stewards of our natural resources, and that is the purpose of these workshops," said Bielefeld. "By being aware of all the different aspects of waterfowl hunting, especially the aspects unique to Florida, hunters will be more successful and conservation minded."

The one day workshops will be packed with just about all the information hunters need to get started duck hunting in Florida. They will cover such topics as places to hunt, personal gear, boats, blinds, decoys, calling, duck identification, wing-shooting, hunter ethics, training and using a dog, and cleaning and preparing ducks for the dinner table.

'We are confident that hunters who attend a workshop will learn something that will help them be better sportsmen and sportswomen," said Bielefeld.

The workshops have been scheduled to give prospective hunters plenty of time to get ready for the 2002-03 waterfowl hunting season. This year, the open season for ducks, light geese, and coots will be in two phases. The first phase will open Nov. 23 and close Dec. 1. The second phase will open Dec. 7 and close Jan. 26.

The workshops are also an excellent opportunity to prepare children for the special Youth Waterfowl Days on Feb. 1-2, where children under the age of 16, supervised by an adult, may hunt waterfowl, coots and common moorhens.

LAKE MARY — If Saturday's turnout at the Lake Mary Classic is any indication, Cross Country will be a thriving sport for years to come.

The event attracted a record number 838 registered athletes, including 524 junior varsity competitors with almost 300 of those being boys.

William R. Boone High School from

Orlando was the dominant squad overall, winning the team titles for the both the varsity and junior varsity girls, placing second in the varsity boys and eighth in the junior varsity boys.

Locally, the Oviedo boys and Lake

Brantley girls turned in the best team

performances, the Lions boys winning the junior varsity championship and

placing third in the varsity race. The Edgewater boys' team, led by senior Chris Cox and Junior Mark Richard, who crossed the finish line first and second, edged Boone, 75-78, for the championship. Oviedo was third with Lyman (fifth), Lake Mary (sixth) and Lake Brantley (eighth) finishing in the

Top 10.

The highest finishing local runner in

the boys varsity race was the Greyhounds' Bryan Christian. The junior came home third, finishing just under eight seconds behind Cox and missing second by just a half second.

The Oviedo girls pulled off a double win with sophomore Jenny Barringer dominating the varsity race, finishing almost 37 seconds ahead of Lake Mary senior Jessica Zabel and 1:19 in front of third place Amanda Hintze of Lake Brantley.

The Lions' Alyssa Kolberg, a jurior, won the junior varsity race by over 35 seconds over a trio of Boone runners.

While most teams will be heading to the Winter Springs Invitational at Central Winds Park this Saturday, Lake Brantley will be at the Sperling Sports Complex for the DeLand Invitational and Lyman will be in Charlotte, North Carolina for the Great American Cross Country. All of the meets are set to begin at 8 a.m.

# Rams move up in poll

# Lake Mary jumps to No. 7 in Class 5A

From Staff Reports

LAKE MARY — Lake Mary's lackluster come-from-behind, 17-7, victory over Spruce Creek must have looked good to

somebody.
The Rams did not put on a very good display for the home fans at Don T. Reynolds
Stadium last Friday in their district opener, but the PSWA (Florida Sports Writers Association) pollsters evidently are starting to take notice as they voted to undefeated local squad up from the No. 9 to the No. 7 spot in this week's Class 5A State Poll.

The only other undefeated team in Seminole County, the Oviedo Lions, also moved up a couple of spots, rising from No. 7 to No. 5 in Class 6A after posting their third straight shutout (see story at right).

Things did not go as well for two other squads as Lake Brantley let a 14-0 halftime lead literally slip through its fingers in suffering its first loss of the season, 32-14, to Jacksonville Ed White in the Patriots' district opener at Tom Story Field.

Lake Howell nearly got its first victory of the season, but homestanding Bayside kicked a game-winning field goal with just over two minutes to play to win the district opener between the two teams, 9-6, in Palm Bay.

This Friday night will see six of the seven SAC schools play-

This was the story of Friday's game for Lake Brantley (above) as Jon Venters watches the ball slip away after being hit by an Ed White defender. The Patriots would fumble the ball away six times, four leading to touchdowns, as they lost for the first time, 32-14. Things went better for Lake Mary and Oviedo (shown in preseason at right) as Reggie Campbell (red) ran for 120-yards on 19 carries and two touchdowns as the Rams bested Spruce Creek, 17-7, and the Lions defense chalked up their third shutout in as many games, 27-0, over Mandarin. This Friday night Lake Howell will host Port Orange-Atlantic, Lyman will be at Winter Springs, Lake Mary welcomes Titusville, Seminole is at Sandalwood, Lake Brantley is at Mandarin and Oviedo is at Ed

# **UCF** prepares for home opener

Special to the Herald

ORLANDO — For the first time since the season began, the Golden Knights will remove the "visitor" label entering Saturday's game. After three consecutive road games to start the season, UCF will finally suit up for a game on its home turf as they take on the Flames of Liberty.

UCF, in helmets and shoulder pads, spent an hour-and-a-half on the field Monday with the early part of the afternoon focusing on breaking down film of Liberty. The order of the day was repetitions as both the offense and defense ran through their respective sets and reviewed schemes. In addition to special teams, pursuit drills, pass routes and play recognition were also worked on.

One facet of the squad that was heavily challenged last week was the defensive secondary. After stepping up to the challenge of facing a Heisman candidate, the defensive backs came out with arguably their best effort of the season, including two interceptions.

"We have always thought that every week we had to see improvement," said Defensive Backs Coach John Fontes. "It was going to be true test of how far we have come. We played well and were not afraid and our players came out of that game con-

It may have taken three games, but the UCF defense finally picked off a pass. Fontes knew perseverance would win out. "I kept telling the guys it is going to come, it is going to come. I don't know when, but it is going to happen."

As it turned out an unlikely hero emerged as Carlos Thompson, who was not listed in the two-deep rotation, picked off the first pass of the season in the end zone turning back a Marshall threat. When asked to comment on Thompson's effort Fontes smiled and said "It's huge...it's huge. Everyone contributes to the success of this football team. Whether you are a first teamer or a third teamer, everyone brings a piece to the puzzle. He had his opportunity and he took advantage of it."

One player that really stepped to the fore-

front for coach Fontes was cornerback Asante Samuel. Knowing he had not played up to potential, Fontes and Samuel had a sit-down meeting during the week where Fontes put the onus on Samuel to take a chance and be aggressive. According to Fontes, Samuel has "all the speed, the quickness and the intangibles to be a difference maker on the field.

After the Knights first defensive series, Fontes again challenged Samuel to step up. It appeared to be the right call as Samuel was all over the field picking off a pass late in the game and almost recording another. He also had two pass breakups and five solo tackles, two of which were third down stops. Samuel was not only recognized by his position coach for his effort, he was also named as the Mid-American Conference Eastern Division Player of the Week.

Saturday's home opener begins at 6 p.m. at the Citrus Bowl. For ticket availability contact the UCF Ticket office at 407-UCF-GOLD. The game can also be heard on 740 AM-WQTM or on the web at www.740 The

# Register expecting 'O' to get defensive

By Tony DeSormier Special to the Herald

OVIEDO — Not that they need it, but Oviedo High School head coach Greg Register has decided that it's time the Lion defensive unit got

some help \* from the offgnse.

"We need to start being more consistent on offense, putting together some sustained drives," explained Register after the Lions posted their fourth consecutive shutout of the season in a 27-0 whitewashing of the visiting Jacksonville-Sandalwood Saints at John Courier Field Friday night.

"Once we start doing that, the offense will be on the field longer. That means the defense will be off the field and they can stay fresher longer."

Considering the way that the Lions play defense "with motors at full speed," according to Register, every chance they get to conserve energy means more trouble for opposing offenses.

In the win over Sandalwood. for example, the Oviedo offensive and defensive units were on the field for about the same number of plays (48 for the offense, 51 for the defense). Register's goal is to have the number of plays run by the Lion offense substantially outnumber those played by the defense.

"Our front seven pursues well," Register said. "No matter what side of the field they line up, they'll run down a play. That's why it's important that the offense puts some sustained drives together, to help keep the defense fresh."

That's not to say Register is displeased with the offense, after all, the Lions have totaled 88 points in their three regular season games.

"The offense has played well at times," said Register. "Tonight, the defense gave us outstanding field position (only one of the Lions' scoring drives against Sandalwood was longer than 50 yards) and we had some big plays. We'll take that for the time being."

Oviedo's four scoring drives took all of 12 plays and covered a total of 192 yards. Brice Patrick scored on runs of three and 20 yards while Will Harrison had touchdown runs of 35 and 54 yards.

The Lions managed only two series that consisted of more than five plays and both of those came in the fourth quarter (one of six plays and another of 12 plays that ended the game).

Harrison finished with 161 yards on nine carries while Patrick contributed 41 yards on

Lake Mary will also be at home to host Titusville in a 5A-3 game.

All three Class 6A schools, Seminole, Lake Brantley and Oviedo, will be traveling to Jacksonville for important District 1 contests.

The Fighting Seminoles (0-3) will play their first district game at winless Sandalwood (0overall, 0-1 in 6A-1) starting at

7 p.m. The Patriots (2-1 overall, 0-1 in 6A-1) will look to bounce back at Mandarin (1-2 overall, 1-0 in 6A-1), while the Lions (3-0 overall, 1-0 in 6A-1) will face Ed White (2-1 overall, 1-0 in 6A-

1) in a crucial game.

Spruce Creek (0-3) dominated the first half, holding Lake Mary to 11 yards and one first down, and led Lake Mary 7-0 until late in the second quarter.

But senior tailback Campbell, who had been held to 17 yards on nine carries, more than compensated for his early struggles on his 10th

The 5-foot-8, 165-pounder spurted through a crease on a trap play and ran 20 yards before encountering a cluster of Hawks tacklers. He appeared to be wrapped up, but spun away and sprinted another 30 yards into the right corner of the end zone just 1:05 before halftime.

Campbell, who added an insurance touchdown on a sixyard run late in the game, finished with 120 yards on 19 car-

Spruce Creek got tricky to open the second half, trying an on-side kick, but the play backfired when the ball hit and went backward seven yards, giving the Rams possession at the Hawks 34.

Lake Mary drove to the two before settling for what proved to be game-winning 24-yard Ryan Pacioni field goal.

Spruce Creek, which was held to 55 total yards in the second half by the outstanding Rams defense, got further bad news when senior fullback Antonio Blake had to be taken from the field on a stretcher with 10:45 left in the game with a severely broken leg.

Lake Brantley seemed on the verge of not only winning its district opener and remaining undefeated, but also possibly treating the fans to a blowout.

The Patriots took a quick 14-0 lead and carried that advantage into the lockerroom at halftime.

But following burning the mortgage on the Athletic Complex during intermission, everything fell apart for the home team.

Lake Brantley fumbled on the second play of the third quarter, which led to Ed White's first

touchdown, and the Commanders then got a long touchdown pass to close the gap to 14-12.
The Patriots still led by those

two points entering the final 12 minutes, but two more turnovers led to two touchdowns in less than two minutes and the game was all but decid-

All told, Lake Brantley turned the ball over seven times, six on fumbles, and has now fumbled the ball 17 times in the last two games.

Ryan Harris scored both of the Patriots touchdowns on one-yard runs in the first quarter; the first set up by a 44-yard run by quarter Jonny Venters and the other following a fum-

Jesse Detweiler kicked three field goals, including a careerlong 47-yarder and a game-winner 30-yarder with 2:15 left, propelling Bayside to the 9-6 victory over Lake Howell.

The Silver Hawks had tied the game on a 30-yard touchdown run by P.J. Torrao with 11:50 to go in the fourth.

Bayside outgained Lake Howell 283 yards to 174.

#### PROPOSED CONSTITUTIONAL AMENDMENTS TO BE VOTED ON NOVEMBER 5, 2002

#### **NOTICE OF ELECTION**

I, Jim Smith, Secretary of State of the State of Florida, do hereby give notice that an election will be held in each county in Florida, on November 5, 2002 for the ratification or rejection of proposed constitutional amendments of the State of Florida:

#### CONSTITUTIONAL AMENDMENT **ARTICLE 1, SECTION 17** (Legislative)

#### BALLOT TITLE: Amending Article I, Section 17 of the State Constitution

BALLOT SUMMARY: Proposing an amendment to the State Constitution identical to a proposed amendment to Section 17 of Article I of the State Constitution which was approved by a statewide vote in 1998. The Supreme Court of Florida struck the 1998 amendment in a ruling in which four of the seven justices found that the ballot summary was inaccurate. The proposed amendment expressly authorizes the death penalty for rapital crimes and expressly authorizes retroactive changes in the method of execution. The amendment changes the prohibition against "cruel or unusual punishment," currently provided in Section 17 of Article I of the State Constitution, to a prohibition against "cruel and unusual punishment" to conform with the wording of the Eighth Amendment to the United States Constitution. The amendment prohibits reduction of a death sentence based on invalidity of an execution method and provides for continued force of the sentence. The amendment permits any execution method unless prohibited by the United States Constitution. The amendment requires construction of the prohibition against cruel or unusual punishment and the proposed prohibition against cruel and unusual punishment to conform to United States Supreme Court interpretation of the Eighth Amendment to the United States Constitution. The amendment would prevent state courts, including the Florida Supreme Court, from treating the state constitutional prohibition against cruel or unusual punishment as being more expansive than the federal constitutional prohibition against cruel and unusual punishment or United States Supreme Court interpretations thereof. The amendment effectively nullifies rights currently allowed under the state prohibition against cruel or unusual punishment which may afford greater protections for those subject to punishment for crimes than will be provided by the amendment. Under the amendment, the protections afforded those subject to punishment for crimes under the "cruel or unusual punishment" clause, as that clause currently appears in Section 17 of Article I of the State Constitution, will be the same as the minimum protections provided under the "cruel and unusual" punishments clause of the Eighth Amendment to the United States Constitution. The amendment provides for

Specifically, the proposal amends Section 17 of Article I of the State Constitution, to read as set forth below. The word stricken is a deletion; words underlined are additions:

SECTION 17. Excessive punishments.-Excessive fines, cruel and or unusual punishment, attainder, forfeiture of estate, indefinite imprisonment, and unreasonable detention of witnesses are forbidden. The death penalty is an authorized punishment for capital crimes designated by the legislature. The prohibition against cruel or unusual punishment, and the prohibition against cruel and unusual nunishment, shall be construed in conformity with decisions of the United States Supreme Court which interpret the prohibition against cruel and unusual punishment provided in the Eighth Amendment to the United States Constitution. Any method of execution shall be allowed unless prohibited by the United States Constitution, Methods of execution may be designated by the legislature, and a change in any method of execution may be applied retroactively. A sentence of death shall not be reduced on the basis that a method of execution is invalid In any case in which an execution method is declared invalid, the death sentence shall remain in force until the sentence can be lawfully executed by any valid method. This section shall apply retroactively.

#### FINANCE AND TAXATION

SECTION 4. Taxation; assessments.--By general law regulations shall be prescribed which shall secure a just valuation of all property for ad valorem taxation, provided:

(a) Agricultural land, land producing high water recharge to Florida's aquifers, or land used exclusively for noncommercial non-commercial recreational purposes may be classified by general law and assessed solely on the basis of character or use.

(b) Pursuant to general law tangible personal property held for sale as stock in trade and livestock may be valued for taxation at a specified percentage of its value, may be classified for tax purposes, or may be exempted from taxation.

(c) All persons entitled to a homestead exemption under Section 6 of this Article shall have their homestead assessed at just value as of January I of the year following the effective date of this amendment. This assessment shall change only as provided herein. (1) Assessments subject to this provision shall be changed annually on January 1" of each year; but those changes in assessments shall not exceed the lower of the following:

A(A) Three percent (3%) of the assessment for the prior year. b.(B) The percent change in the Consumer Price Index for all urban consumers, U.S. City Average, all items 1967=100, or successor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

(212: No assessment shall exceed just value. (3)3. After any change of ownership, as provided by general law, homestead property shall be assessed at just value as of January 1 of the following year. Thereafter, the

homestead shall be assessed as provided herein. (4)4. New homestead property shall be assessed at just value as of January I" of the

year following the establishment of the homestead. That assessment shall only change as provided herein. (5)5. Changes, additions, reductions, or improvements to homestead property shall be

assessed as provided for by general law; provided, however, after the adjustment for any change, addition, reduction, or improvement, the property shall be assessed as provided

(6)6. In the event of a termination of homestead status, the property shall be assessed as

provided by general law. [7]7. The provisions of this amendment are severable. If any of the provisions of this amendment shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any remaining provisions of this

(d) The legislature may, by general law, for assessment purposes and subject to the provisions of this subsection, allow counties and municipalities to authorize by ordinance that historic property may be assessed solely on the basis of character or use. Such character or use assessment shall apply only to the jurisdiction adopting the ordinance. The requirements for eligible properties must be specified by general law.

**BALLOT TITLE: Voluntary Universal Pre-Kindergarten Education** 

BALLOT SUMMARY: Every four-year-old child in Florida shall be offered a high quality pre-kindergarten learning opportunity by the state no later than the 2005 school year. This voluntary early childhood development and education program shall be established according to high quality standards and shall be free for all Florida four-yearolds without taking away funds used for existing education, health and development

#### FULL TEXT OF PROPOSED AMENDMENT:

(b) Every four-year old child in Florida shall be provided by the State a high quality prekindergarten learning opportunity in the form of an early childhood development and education program which shall be voluntary, high quality, free, and delivered according to professionally accepted standards. An early childhood development and education program means an organized program designed to address and enhance each child's ability to make age appropriate progress in an appropriate range of settings in the development of language and cognitive capabilities and emotional, social, regulatory and moral capacities through education in basic skills and such other skills as the Legislature may determine to be appropriate.

(c) The early childhood education and development programs provided by reason of subparagraph (b) shall be implemented no later than the beginning of the 2005 school year through funds generated in addition to those used for existing education, health, and development programs. Existing education, health, and development programs are those funded by the State as of January 1, 2002 that provided for child or adult education, health care, or divelopment.

> NO. 9 CONSTITUTIONAL AMENDMENT ARTICLE IX, SECTION 1 (Initiative)

BALLOT TITLE: Florida's Amendment to Reduce Class Size

BALLOT SUMMARY: Proposes an amendment to the State Constitution to require that the Legislature provide funding for sufficient classrooms so that there be a maximum number of students in public school classes for various grade levels; requires compliance by the beginning of the 2010 school year; requires the Legislature, and not local school districts, to pay for the costs associated with reduced class size; prescribes a schedule for phased-in funding to achieve the required maximum class size.

#### **FULL TEXT OF PROPOSED AMENDMENT:**

Section I. Public Education.

The education of children is a fundamental value of the people of the State of Florida. It is, therefore, a paramount duty of the state to make adequate provision for the education of all children residing within its borders. Adequate provision shall be made by law for a uniform, efficient, safe, secure, and high quality system of free public schools that allows students to obtain a high quality education and for the establishment, maintenance, and operation of institutions of higher learning and other public education programs that the needs of the people may require. To assure that children attending public schools obtain a high quality education, the legislature shall make adequate provision to ensure that, by the beginning of the 2010 school year, there are a sufficient number of classrooms so

1. The maximum number of students who are assigned to each teacher who is teaching

students:

2. The maximum number of students who are assigned to each teacher who is teaching in public school classrooms for grades 4 through 8 does not exceed 22 students; and

3. The maximum number of students who are assigned to each teacher who is teaching in public school classrooms for grades 9 through 12 does not exceed 25 students. The class size requirements of this subsection do not apply to extracurricular classes,

Payment of the costs associated with reducing class size to meet these requirements is the responsibility of the state and not of local school districts. Beginning with the 2003-2004 fiscal year, the legislature shall provide sufficient funds to reduce the average number of students in each classroom by at least two students per year until the maximum number of students per classroom does not exceed the requirements of this subsection.

#### NO. 10 CONSTITUTIONAL AMENDMENT ARTICLE X, SECTION 19 (Initiative)

BALLOT TITLE: Animal Cruelty Amendment: Limiting Cruel and Inhumane Confinement of Pies During Pregnancy

BALLOT SUMMARY: Inhumane treatment of animals is a concern of Florida citizens; to prevent cruelty to animals and as recommended by The Humane Society of the United States, no person shall confine a pig during pregnancy in a cage, crate or other enclosure, or tether a pregnant pig, on a farm so that the pig is prevented from turning around freely, except for veterinary purposes and during the prebirthing period; provides definitions, penalties, and an effective date.

#### FULL TEXT OF PROPOSED AMENDMENT:

BE IT ENACTED BY THE PEOPLE OF FLORIDA THAT:

Article X. Section 19, Florida Constitution, is hereby created to read as follows: Limiting Cruel and Inhumane Confinement of Pigs During Pregnancy.

Inhumane treatment of animals is a concern of Florida citizens. To prevent cruelty to certain animals and as recommended by The Humane Society of the United States, the people of the State of Florida hereby limit the cruel and inhumane confinement of pigs during pregnancy as provided herein.

(a) It shall be unlawful for any person to confine a pig during pregnancy in an enclosure, or to tether a pig during pregnancy, on a farm in such a way that she is prevented from turning around freely.

(b) This section shall not apply: (1) when a pig is undergoing an examination, test, treatment or operation carried out for veterinary purposes, provided the period during which the animal is confined or

tethered is not longer than reasonably necessary.

(2) during the prebirthing period. (c) For purposes of this section: (1) "enclosure" means any cage, crate or other enclosure in which a pig is kept for all

or the majority of any day, including what is commonly described as the "gestation crate." (2) "farm" means the land, buildings, support facilities, and other appurtenances used

in the production of animals for food or fiber. (3) "person" means any natural person, corporation and/or business entity.

(4) "pig" means any animal of the porcine species.

(5) "turning around freely" means turning around without having to touch any side of the pig's enclosure.

(6) "prebithing period" means the seven day period prior to a pig's expected date of giving birth.

(d) A person who violates this section shall be guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082(4)(a), Florida Statutes (1999), as amended, or by a fine of not more than \$5000, or by both imprisonment and a fine, unless and until the legislature enacts more stringent penalties for violations hereof. On and after the effective date of this section, law enforcement officers in the state are authorized to enforce the provisions of this section in the same manner and authority as if a violation of this section constituted a violation of Section 828.13, Florida Statutes (1999). The confinement or tethering of each pig shall constitute a separate offense. The knowledge or acts of agents and employees of a person in regard to a pig owned, farmed or in the

custody of a person, shall be held to be the knowledge or act of such person. (e) It is the intent of this section that implementing legislation is not required for

enforcing any violations hereof. (f) If any portion of this section is held invalid for any reason, the remaining portion of this section, to the fullest extent possible, shall be severed from the void portion and given the fullest possible force and application.

(g) This section shall take effect six years after approval by the electors.

#### NO. 11 CONSTITUTIONAL AMENDMENT ARTICLE IX, SECTION 7 (Initiative)

BALLOT TITLE: Local Trustees and Statewide Governing Board to Manage Florida's University System

BALLOT SUMMARY: A local board of trustees shall administer each state university. Each board shall have thirteen members dedicated to excellence in teaching, research, and service to community. A statewide governing board of seventeen members shall be responsible for the coordinated and accountable operation of the whole university system. Wasteful duplication of facilities or programs is to be avoided. Provides procedures for selection and confirmation of board members, including one student and one faculty representative per board.

#### FULL TEXT OF PROPOSED AMENDMENT

State University System.

(a) Purposes. In order to achieve excellence through teaching students, advancing research and providing public service for the benefit of Florida's citizens, their communities and economies, the people hereby establish a system of governance for the state university system of Florida.

(b) State University System. There shall be a single state university system comprised of all public universities. A board of trustees shall administer each public university and a board of governors shall govern the state university system.

(c) Local Boards of Trustees. Each local constituent university shall be administered by a board of trustees consisting of thirteen members dedicated to the purposes of the state university system. The board of governors shall establish the powers and duties of the boards of trustees. Each board of trustees shall consist of six citizen members appointed by the governor and five citizen members appointed by the board of governors. The appointed members shall be confirmed by the senate and serve staggered terms of five years as provided by law. The chair of the faculty senate, or the equivalent, and the president of the student body of the university shall also be members.

(d) Statewide Board of Governors. The board of governors shall be a body corporate consisting of seventeen members. The board shall operate, regulate, control, and be fully responsible for the management of the whole university system. These responsibilities shall include, but not be limited to, defining the distinctive mission of each constituent university and its articulation with free public schools and community colleges, ensuring the well-planned coordination and operation of the system, and avoiding wasteful duplication of facilities or programs. The board's management shall be subject to the powers of the legislature to appropriate for the expenditure of funds, and the board shall account for such expenditures as provided by law. The governor shall appoint to the board fourteen citizens dedicated to the purposes of the state university system. The appointed members shall be confirmed by the senate and serve staggered terms of seven years as provided by law. The commissioner of education, the chair of the advisory council of faculty senates, or the equivalent, and the president of the Florida student association, or the equivalent, shall also be members of the board.

> IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Florida at Tallahassee, The Capitol, this 15th day of August, A.D., 2002.

# Presley named Sanford's new deputy chief

SANFORD — A 23-year veteran of the Sanford Police Department has been promoted to the agency's No. 2 position.

Chief Brian Tooley announced Thursday that Capt. Darrel Presley will serve as deputy chief beginning Tuesday, Oct. 1. Presley replaces Mike McCoy, who is leaving the Sanford force to become the chief of the Orlando Police Department.

"I have a lot of confidence in Darrel and know he will do an outstanding job as deputy chief," Tooley said. "He is a great example of an officer who continually pushed himself to get better and worked his

way up the ladder."
Presley joined the department in October 1979 after a 6-year tour of duty as a military policeman in the U.S. Air Force. He began as a patrol officer and served in numerous positions throughout the department. Presley said his varied background will serve him well as deputy chief.

"I've worked different jobs in the department and those experiences give me a better understanding of what our officers face in the field," Presley said. "Half of the officers

on the force have been with the department less than three years. I've grown up in this department, so I think my strength will sharing my experiences with our officers so they can perform at their best. I know what it's like to work a beat and deal with the everyday issues these guys face on the front

Presley said the biggest challenge his new job presents is maintaining the departments

# Shots fired during Longwood drug sting

From Staff Reports

The Seminole County Sheriff's Office and Sanford Police Department are conducting an administrative review of an incident Wednesday night. It involves four shots fired by a City/County Investigative Bureau (CCIB) agent, who is a Investigative Sanford police officer.

CCIB agents were conducting a reverse drug sting Wednesday

night at the intersection of Wildmere Avenue and East Street in Longwood. At 10:29 p.m., a car, operated by George Theodore Sandland, 21, of Longwood, stopped to

buy crack-cocaine from the undercover agent positioned at

the intersection. Inside the vehicle was Sandland's wife, Amber Leigh Their home address was listed as Skidder Court,

Longwood. Before the drug deal could be completed, Sandland reportedly ripped off the agent of the purported drugs. Other agents, positioned for the takedown, responded. They managed to block Sandland's car. Sandland proceeded to ram a CCIB agent's pick-up, parked in front of him, and a fire hydrant behind him, in

an attempt to get away. During the ramming incident, agents attempted to get the driver to stop by breaking the car's windows so they could reach the keys in the Ignition. The move didn't work and Sandland kept going back and forth. As the driver managed to get his car out of being boxed in, the CCIB agent, Larry Blancett, fired four rounds into the right rear tire of the car.

According to the arrest report, an officer had reached into the vehicle attempting to get the See Arrests, Page 10A

Seminole County Fire Chief Terry Schenk introduces his newest division chiefs, from left, Robert Carter, Norman L. Miller and Terry A. Winn, during Friday's promotional ceremony.

Three promoted to position of division chief

n Friday, officials with Seminole County EMS/Fire/Rescue announced the promotion of three employees from the rank of Battalion Chiefs

to Division Chief. The three new Division Chiefs are Robert E. Carter, Norman L. Miller and Terry Winn. Carter began his employ-

ment with Seminole County EMS/Fire/Rescue on May 21, 1979. He was promoted to the rank of lieutenant in December 1981, and to battalion chief in October 1986. He is a graduate of the National Fire Academy's Executive Fire Officer Program and has a bachelor's degree in business administration.

Miller started his fire service career in Anchorage, Alaska, in 1971. He began his employment with Seminole County

### Orlando firm selected to lead center's construction

From Staff Reports

Seminole Commission has selected first and second choice among ten companies seeking to represent the county in the construction of Seminole County Convention Center.

In July, the commission had directed the staff to rank the ten and present the ranking to the commission.

Ray Hooper, with Fiscal Services Purchasing and Contracts Division, said the firm selected would assist in the implementation of design, scheduling and value engineering, provide professional construction, management services during the design and construction of the projects, and oversee the actual

### FDOT plans workshop for SR-46 bridge

The Florida Department of Transportation (FDOT) will hold a public information workshop on the proposed replacement of the SR-46 Lake Jesup Bridge, east of Sanford, at the edge of Seminole and Volusia Counties.

The workshop will be held Tuesday, Oct. 15, from 6 until 8 p.m. at the Sanford Civic Center. 401 East Seminole Boulevard.

The purpose of the project is to replace the currently deficient bridge with a new two-lane (one in each direction) bridge structure on a parallel alignment that meets current design criteria.

The bridge replacement study includes elevating four bridge alternatives.

Aerial maps of the bridge replacement alternatives and other project information will be on display, and FDOT representatives will be available during the workshop to informally discuss the project and answer questions.

Residents are encouraged to come and review this transportation improvement proposal.

# Thousands of people will help Sanford celebrate first 125 years

Managing Editor

SANFORD — Thousands of people will help celebrate Sanford's 125th birthday dur-

ing this weekend's Heritage Festival.

Previously held in November, this year's festival was planned for the last weekend in September to coincide with the anniversary of Sanford's incorporation. The three-day event, held in downtown Sanford along Park Avenue and First Street, will include everything from a Bahamian Market Place to fireworks on the lakefront.

Saturday's highlights include the first Sanford Heritage Festival Fine Art, Craft, Antique and Collectible Show. More than

100 artisans from throughout Central Florida will be bringing their wares to town from 10 a.m. to 6 p.m. No festival ticket is necessary to attend the show, and admission

Later in the evening, a fireworks show will be held in honor of Sanford's big day. The Coding Edge President Jim McCuen and Vice President Sharon Morikone are sponsoring the spectacular display, which begins at 9 p.m. and will be launched from Memorial Park behind the Bill Heard Chevrolet Stage. According to Heritage Festival Coordinator Ron Rose, the best vantage point for the show will be along Park Avenue in front of the Seminole County Courthouse — right in the center of festival

Saturday's feature concert begins at 7:30 p.m., when Brian Howe, former lead singer for Bad Company, takes the stage. Long established as one of rocks greatest voices, songwriters and performers, Howe will perform many of his hit songs, including "Holy Water," "Bad Company," "Ready For Love," and "If You Needed Somebody." A second show will begin at 9:30 p.m.

Various other entertainers will perform throughout the day, including Phaze 3, The Rogues and cast members from Wekiva River Players production of "Oliver."

For wrestling fans, MFW Pro Wrestling is coming to the center ring —the Bill Heard Chevrolet Stage — Saturday, with the starting bell ringing at 3 p.m., 3:30 p.m., 4 p.m. and 4:30 p.m. Sanford's own Mad Dog will make an appearance.

Sunday is Family Day at the festival, with gates opening at noon. With a coupon, available at Sanford's Wal-Mart Supercenter and many other area merchants, people can ride as many amusement rides as they can from noon to 4 p.m. for only \$10. The midway features rides for all ages, including the ferris wheel to the merry-go-round.

Sunday's feature concert will spotlight Orlando's own Triple Image, a rhythmic pop group that includes identical twins Bridgett and Brittney, age 13, and younger sister,
