Vast Holdings Of King Farouk Will Go Back To People

CAIRO, Egypt (AP) — Exiled King Farouk's vast holdings in Egypt were ordered impounded Tuesday night by the reform government that kicked him off his throne. Estimates of the puddy king's holdings ranged as high as two billion dollars.

That enormous estimate came from unofficial reports long current that the royal family owns one-third of Egypt's six million arable acres. Such a chunk of the fertile Nile Valley would be worth at least that much.

Such holdings, if Farouk actually had them, would rank him—along with the Nizam of Hyderabad—as formerly one of the two richest men in the world.

Details of the former monarch's fortune have been a closely-guarded secret, however. High government officials admitted they had no complete listing of his properties, but hoped to formulate one from papers seized when Farouk abdicated and left Egypt.

The inventory was expected to take several weeks, at least.

The cabinet's order impounding Farouk's Egyptian wealth gave no indication of the plans for it. It is generally believed, however, that the government will distribute the properties as part of a vast land reform program now being discussed by Premier Aly Maher and his cabinet.

The decree provided that the fortune be held in custody and named former Foreign Minister Ahmed Khashaba and former Finance Minister Hussein Fahmy as custodians.

In exile on the Isle of Capri last week, Farouk told newsmen he was a comparatively poor man, had not taken a fortune out of Egypt and had no fortune stored up outside his native land. Travel in the past had been widely rumored that he had vast investments abroad.

Inside Egypt, he owned more than a score of luxurious villas, and hundreds of big foreign autos.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY, Case No. 2020.

BEFORE YOUR HONORABLE MAJORITY, JUDGE MANNING TIPPEL, Plaintiff, MANNING TIPPEL, Defendant.

NOTICE TO APPEAR: STATE OF FLORIDA TO BE REPRESENTED BY MANNING TIPPEL, Plaintiff, and JOHN W. HENNING, Defendant.

You are hereby notified that a suit has been brought against you in the Circuit Court in and for Seminole County, Florida, in Chancery, by MANNING TIPPEL, Plaintiff, and JOHN W. HENNING, Defendant, and that you are hereby required to appear in person or by attorney, in said court on the 15th day of August, 1952, and thereafter to file with the clerk of said court a written answer to the bill of complaint therein filed, and to the bill of complaint in said suit at the time prescribed by law.

If you fail to do so, judgment will be rendered against you and the seal of said court in Sanford, Seminole County, Florida, this 22 day of July, A. D. 1952.

O. P. HENDERSON, Clerk of Circuit Court, (SEAL)

Veteran Fisherman Seeking State Post

TALLAHASSEE (AP) — A veteran state representative who has been in the commercial fish business since his early teens is seeking appointment as state conservation supervisor.

W. J. Hendry, Okeechobee, who served six terms in the House of Representatives from Okeechobee County but was defeated in May in a bid for the State Senate, said he will try for the appointment under Dan McCarthy.

McCarthy, the Democratic nominee to succeed Fuller Warren as governor, has said he will not retain any of the present appointees to so-called "Little Cabinet" jobs.

Hendry said he hasn't talked the matter over with McCarthy yet but attached support from the seafood industry in his bid for the appointment. The state conservation supervisor enforces laws governing salt water fishing. The post is held presently by George Vathis, Apalachicola.

Hendry, 52, became a commercial fisherman at 14 and now is one of Florida's major catfish exporters. He is a former chairman of the Florida Fish and Game Commission and was a member of the committee during each of his terms in the Legislature.

Politics

(Continued from Page One)

would vote for Stevenson and Sparkman, the former Secretary of State said, "because they are labeled Democrats, but because of their personal qualifications and their records in public office."

Mr. Hynes said he wanted to hear views of both Stevenson and Gen. Dwight D. Eisenhower, Republican candidate, before finally making up his mind about his own vote.

In Springfield, Illinois Gov. Adlai Stevenson's campaign manager hinted today that Stevenson would keep a strong hand on the conduct of his presidential campaign and perhaps shift the center of influence from the Democratic National Committee to his own Springfield headquarters.

This indication came from Wilson Wyatt, Louisville, Ky., who has taken over the direction of the Democratic nominee's headquarters here.

Wyatt disclosed a group of leading Democrats have been invited to meet for several weeks to map campaign strategy and the course of the campaign.

Then Wyatt strongly denied to a news conference that he himself is a "top dog" influence in Stevenson's campaign or that Stevenson is a captive candidate of the liberal Americans for Democratic Action (ADA), a pro New Deal organization.

Wyatt, one-time head of the ADA, pictured himself as a middle man of the road Democrat who shares completely with Stevenson's own views on civil rights, domestic and foreign policies.

Meanwhile in Los Angeles, Gen. Dwight D. Eisenhower Tuesday night gave the nation a soldier's prayer in the form of a 10-point program for a peaceful, prosperous and happy America.

"I have written down these 10 points," he told the 53rd annual encampment of the Veterans of Foreign Wars, "because they represent the outline of a dream of the soldiers with whom I served. And I believe they are attainable."

"Each of us carries his own picture of America when he fights for her. It is the picture of what he is defending."

These are Eisenhower's 10 objectives:

- 1. Increase America's strength.
- 2. Win a just and lasting peace.
- 3. Build a peaceful prosperity.
- 4. Make the "promise of equality" a fact.
- 5. Strengthen the security and welfare of the people.
- 6. Fight high prices and high taxes.
- 7. Subject all policy to the test: Is it good for America?
- 8. Restore honesty to government.
- 9. Insure loyalty in government.
- 10. Revive hope of a better life in every American.

The 12-minute speech was the general's first since winning the Republican presidential nomination. Shortly after it's delivery, he returned to Denver.

Political leaders are giving careful scrutiny to his remarks and also to the fact the crowd that heard the speech seemed almost lost in the 100,000-seat Memorial Coliseum.

But even though the speech was labeled "nonpolitical," Eisenhower aides made no attempt to conceal their disappointment at the small crowd. They theorized it might have been better to have tried a smaller arena for the maiden speech, but they had no choice—the VFW had to have the coliseum for its long drum and bugle corps parade.

Crowds estimates ran from 10,000 by coliseum officials to 16,000 by police. The event was free to the public.

"We're keeping our fingers crossed that the Democrats won't try to make political capital of the crowd," an Eisenhower man on the scene said. "The group flew back to Denver headquarters."

mobiles. Reportedly he also had numerous business investments, in addition to vast farmlands credited to him.

Blues In The News

By BOB ANTHONY

Five NAAS men came one step closer to becoming peace officers yesterday when they passed their Seaman - Airman examinations. They will be advanced to their new ratings August 16 which means they will have sufficient "time in rate" to be eligible to complete in the next three class petty officer examinations. The five men and the ratings they will be advanced to are: Charles Dalton, Seaman; Douglas Heysler, Airman; Donald Hill, Airman; Ralph Stulick, aircraftman; Airman; and John Schmeltz, Storekeeper Seaman.

Mrs. Howden, a member of the "Get the Vote Out" league, was guest speaker yesterday and today at the regular NAAS Human Relations program. This program is held weekly and its purpose is to enlighten men aboard the station on certain aspects of human relations. The program usually consists of a short movie, a guest speaker or both. Mrs. Howden's splendid speech on the all-important topic of "Voting" was greatly appreciated. Thank you Mrs. Howden, for offering your time for our program here aboard the station.

Clarence A. Herron, Airman Apprentice and James D. Boullt, Fireman Apprentice, reported aboard NAAS yesterday for duty. Both men have come to Sanford from recruit training in Great Lakes, Ill.

Clarence came into the Navy April 17, 1952 and he calls Ranken, Ill., "home." James is a member of the Naval Reserve and reported for active duty April 7, 1952. He hails from Fort Worth, Tex. Welcome aboard men. Hope you enjoy your stay here at NAAS and in the city of Sanford.

Everything's fine in Amory, Wis., according to Verl Warner. Verl just returned from that fair city after spending a week's leave with his family and friends.

Buffalo-bound in John Wheeler and his wife. John works in the disbursing office aboard the station. It's been quite a while since he and his wife have been to their home in Buffalo, so leave papers in hand. The Wheeler family returned from Sanford tonight for the journey deep into "Yankee land" where they will spend a well-earned vacation.

The 46-man National Emergency Ground Force of NAAS returned to duty this morning after spending yesterday on the firing range at Cocoa Air Force Base. While aboard the station, this force needs only a week for drills and instructions.

Gross Is Up, Net Is Down As Taxes Net Government Less

By SAM DAWSON

NEW YORK (AP) — The Treasury is still taking more than half of what a manufacturer earns—but it isn't getting as much money as a year ago.

That is because other costs of doing business are rising. There isn't as big a pile of gross earnings for the Treasury to get at—even though sales volume is up for many companies.

The Treasury, however, expects to make up any shrinkage in corporate taxes by larger collections from individuals, as wages and salaries rise and the Treasury takes a deeper dip into personal incomes.

Individuals, of course, also really pay the corporate taxes in the long run, since they are covered by the higher prices charged on manufactured goods.

Surveying operations of 400 companies for the first half of 1952, the National City Bank of New York finds that the Treasury is getting 58 per cent of their combined gross income, the same percentage as a year ago.

This includes a 52 per cent corporate income tax, plus the excess profits tax which some of the corporations also are assessed, averaging off for the 400 firms at 50 per cent.

But the Treasury is getting \$1,841,000,000 for taxes out of first-half gross earnings of \$4,801,000,000.

But the Treasury is getting \$1,311 million fewer dollars from them this year than last, or a drop of 13 per cent.

It comes about this way: The combined sales receipts of the 400 are running 5 per cent ahead of a year ago, for a gain of about 1 1/2 billion dollars. However, labor and other operating costs have increased 9 per cent, for a total of 2 1/2 billion dollars.

That leaves the 400 companies 732 million dollars less to pay taxes on the federal tax payments will be down 229 million dollars.

How operating costs are cutting in on profits can be shown another way. A year ago the companies were averaging 6.9 per cent profit margin on each dollar of sales. This year they net 5.7 cents.

The federal government isn't the only one taxing corporations and individuals. Add state and local tax collections, and the total government take far exceeds the former peak set in World War II.

The grand total for the 1952 fiscal year is about 87 billion dollars, compared with 70 billion dollars in 1951.

Corporations pay about 23 1/2 billion of this in income taxes. In dividends put up more than 30 billion dollars for income tax payments.

Sales taxes, property, customs and other taxes make up the rest.

The cost of being governed—at the federal, state and local levels—this year exceeds the cost of food, according to the bank. It estimates this year's food bill in this country will be about 60 billion dollars.

The bank concludes: "Taxation must in the last analysis be borne by the people, who now pay more for being governed and defeated than for eating."

Clark Case

(Continued from Page One)

May 15, 1951, and that his findings corresponded with the previous testimony of Steele Parlin, assistant state auditor.

He said further that Report No. 120 was not received by the Motor Vehicle Commission and that no check was received for the amount concerned in that report.

Clark yesterday afternoon H. Grady Cooksey of Orlando, a former supervisor of the Motor Vehicle Commission, testified that he made a check of the Tax Collector's office on Nov. 30, 1949 and that he found it in proper condition. He said that he was assisted in the check by Mrs. Clark.

In the second examination of the prosecution he admitted that Mrs. Clark told him the number of the first automobile license tag sold before his check and that it developed later that 10 more had been sold.

Following Mr. Cooksey on the stand was Paul Burkhardt, agency clerk of the Motor Vehicle Commission. During his testimony the prosecution offered in evidence a number of documents including receipts which he had received from the Tax Collector's office for the 1949, 1950, and 1951 license tags which had been sent to that office by the Motor Vehicle Commission.

His testimony revealed that the tags were not paid for when they were first sent but that as is customary the Collector forwarded reports to Tallahassee as sales of tags progressed accompanied by checks to cover the amount of sales noted in the reports.

Through these years he said that some reports appeared to come promptly and that some did not. Reports on truck tags lagged most, and he added that a greater amount of money was concerned with these than with automobile tags.

He further stated that from January to March, 1951 there were fewer reports than usual and a large difference between allocations and remittances and that eventually Tyler H. Smith was sent from the Motor Vehicle Department to check on the Tax Collector's office.

Symington

(Continued from Page One)

Callahan's "And It Means the end of the machine." Callahan even lost his own bid for re-nomination as sheriff.

His program to achieve state-wide power ended for Congressman Phil J. Welch, St. Joseph, to win the Democratic nomination for governor. The governor is an important man to a Missouri political machine because he controls the big city police and election boards but Welch went down to defeat by a margin only slightly less decisive than in the Senate race.

Former Gov. Phil M. Donnelly, Callahan, downed him in the voting surge.

Donnelly served as governor from 1945-49, then had to sit out one term because a Missouri governor cannot succeed himself. His supporters included James M. Pennington, head of the Kansas City faction to which the President belongs.

Renominated without a struggle were the two congressional veterans—Rep. Clarence Cannon (Dem) Elsbury, chairman of the House Appropriations Committee and Rep. Dewey Short (R.), Galena, ranking minority member on the House Armed Services Committee. Cannon had no opposition and Short ran away from him.

Department Store Sales In Florida Are Up 15 Percent

JACKSONVILLE (AP) — Department store sales in Florida jumped 15 per cent in June over June 1951. Furniture 22 and household appliances 18 per cent.

This was due mainly to big credit buying, said T. A. Latham, vice president and manager of the Jacksonville Branch, Federal Reserve Bank of Atlanta, in a report Tuesday.

He said there were increases of 62 per cent in installment purchases in department stores; 31 in furniture; and 16 in household appliances along with a 5 per cent increase in cash sales and 13 in furniture sales in department stores; 12 per cent cash sales in appliance stores.

There was an 18 per cent furniture store cash sales decline, he said.

Florida department store sales were the same as those in the sixth district but far below the district's 41 per cent in furniture and 54 in appliances.

Sanford said all reporting cities had increased dollar values in department stores but that Tampa furniture stores decreased 6 per cent.

He reported Jacksonville had a 17 per cent increase in department store sales and 50 in furniture; St. Petersburg 16; Orlando and Tampa 15; and Miami 11 in furniture and very close in department stores.

Charge accounts and installment receivables increased 15 per cent and 8 per cent respectively in department stores over June a year ago while furniture jumped 12.

He said Floridians were paying up department store charge accounts in 90 days against 96 for the district; 95 months for installment obligations against 125 for the district.

Price Increase Given Aluminum Producers

WASHINGTON (AP) — Aluminum producers today won a ruling price increase of one cent per pound on raw aluminum and five per cent on ingot and fabricated products.

The Office of Price Stabilization said Price Control Chief Ellis A. Hall had signed the order granting the boost and the details would be made public shortly.

The increase is about half of that asked by the aluminum industry which now is turning out about one million tons of aluminum a year.

The Aluminum Company of America and the Reynolds Metals Co., both had asked an increase of 2 cents per pound in the price of pig or raw aluminum and ten per cent on aluminum products.

The Kaiser Aluminum and Chemical Corporation requested was high. Kaiser asked 2.35 cents per pound on pig and 12.5 per cent on aluminum products.

Rain - Makers Get Break As Storms Hit New England

By The Associated Press

Nature—or professional rainmakers—brought crop-reviving storms to Connecticut's dusty tobacco and vegetable farms Tuesday and more scattered showers sprinkled the drought-seared South.

Less than 18 hours after a firm hinted by farmers seeded the clouds with chemicals, electrical storms raged from west to east across Connecticut.

The storms dumped from 4 to 15 inches of rain over most of the state. Some of the heaviest rain fell in Connecticut Valley—target area for the Wallace E. Howell Associates of Cambridge, Mass.

After the downpours, the Disaster Relief and Research Administration, Inc., formed to sponsor the project, put the rainmakers on stand-by. An advisory committee was appointed to determine when and if operations would be resumed.

The rainmakers were not ready to make any claims, however. A spray of rain in some places, with a single day did not constitute conclusive proof.

"But," he added, "this is what success looks like."

The rain also hit other parts of parched New England, Boston recording 2.33 inches.

It marked the first substantial rainfall in Eastern Massachusetts during the 37-day, multi-million dollar drought, which withered crops and raised hundreds of forest fires.

More scattered light showers were reported from Virginia to the Carolinas, Georgia and Alabama. Another area of scattered showers was spreading southeastward from Missouri and Southern Illinois.

Recent showers in the Southern drought belt have been too light and too scattered to afford widespread relief. In some places, with the bulk of the corn and vegetable crop burned out, they came too late.

The long drought has destroyed more than a half billion dollars worth of corn, tobacco, cotton and vegetable crops in the South and East, withered pastures and caused a feed problem for livestock.

ATLANTA (AP) — Two Kentucky night club executives carrying more than \$10,000 in cash were burned to death in a private plane that crashed and burst into flames Tuesday.

Police identified the victims as James H. Brink, operator of the Lookout House Supper Club near Covington, Ky., and Charles Drahman, the club's manager. Both were witnesses at hearings conducted by the Kefauver Crime Committee in 1951.

Legal Action Against Toll Road Is Urged

Lawyer Recommends Step Against State Road Department At Daytona Parley

DAYTONA BEACH (AP)—Florida Free Highways Association today considered a "march on Tallahassee" to protest construction of a \$75 million dollar toll turnpike system. Members made plans to block the huge road program after lawyer recommendations from attorneys Thomas T. Cobb, Daytona Beach, Frank D. Upchurch, St. Augustine, and James T. Vorelle, Vero Beach.

DAYTONA BEACH (AP)—An attorney recommended today that Florida Free Highways Association consider legal action "to forestall issuance of bonds" to finance construction of a \$75 million dollar tollpike.

The attorney, Thomas T. Cobb, said a suit against the State Road Department and the State Improvement Commission could be started at the proper time.

"We have nothing to enjoin right now," the Daytona Beach lawyer said. "All we have in the engineers' report which has not been approved by the State Road Department."

Cobb said from what he's heard, however, "the skids are greased" for prompt approval of the tollpike plan when the road board meets Aug. 12.

The highway board met here today to "mobilize" anti-tollpike sentiment throughout the state.

Cobb told the FPHA his analysis of figures released by the New York engineering firm of Parsons, Brinckerhoff, Hall and McDonald shows total cost to taxpayers of the proposed tollways would be nearer \$50 million dollars than \$75 million.

He estimated interest on a \$75 million dollar bond issue—if obtained at 3 1/2 per cent—would amount to \$75 million dollars over a 30 year period.

"That anticipates, in my opinion, that bonds should be issued and sold immediately in the full amount," he said.

"These boys are in too much of a rush," the attorney said.

Prior to the meeting, Association President Kenneth Horton, Lake Wales, called for a correction of highway from Jacksonville to Miami and across the state from Daytona Beach to Tampa a move to "wreck the state's credit."

He said the meeting will be an all-day affair with recommendations of attorneys being presented for action to the association's board of directors at a noon luncheon.

"The Free Highway Association is not opposed to new highways or to repair and correction of existing highways," Horton said. "It is opposed to the creation of toll highways, especially toll highways created by a small group of men acting as a board of commissioners without approval of either the people or their elected representatives."

"In a survey of 14 states which have constructed toll highways, the average cost per mile in those states has been \$1,000,000," he added.

"The engineers report in Florida indicates the \$60-mile proposed road would cost \$275,000,000. Why would that cost to build such a road in Florida than elsewhere is a mystery unexplained by engineers employed by the State Road Department."

"Furthermore, there is no reason to believe that any bond issue would be successful without committing the credit of the state of Florida."

The toll highway would cover about 345 miles from Jacksonville to Miami, with a branch of about 145 miles crossing the state from Daytona Beach to Tampa.

Kirtley Testifies Mrs. Clark Said She Took \$300

Mrs. Lillian Clark said in May, 1951 that she had taken about \$300 from the Seminole County Tax Collector's office to pay a mortgage which she did not have money to cover, according to the testimony of C. R. Kirtley in Circuit court this afternoon.

John Galloway, Seminole County Tax Collector, completed his testimony this morning after stating that Mrs. Clark, charged with the embezzlement of \$9,071 from his office, had offered to make up half the shortage if he would make up the other half.

This afternoon Mrs. Alice Harvey, a clerk in the Tax Collector's office, backed up his version of an interview which took place in the County Jail on the 27th of May, 1951 between him and Mrs. Clark.

Mrs. Harvey, whose presence at the interview Mr. Galloway had requested, said that Mrs. Clark offered to mortgage her home to cover the shortage if Mr. Galloway would pay the other half.

He said the meeting will be an all-day affair with recommendations of attorneys being presented for action to the association's board of directors at a noon luncheon.

"The Free Highway Association is not opposed to new highways or to repair and correction of existing highways," Horton said. "It is opposed to the creation of toll highways, especially toll highways created by a small group of men acting as a board of commissioners without approval of either the people or their elected representatives."

"In a survey of 14 states which have constructed toll highways, the average cost per mile in those states has been \$1,000,000," he added.

"The engineers report in Florida indicates the \$60-mile proposed road would cost \$275,000,000. Why would that cost to build such a road in Florida than elsewhere is a mystery unexplained by engineers employed by the State Road Department."

"Furthermore, there is no reason to believe that any bond issue would be successful without committing the credit of the state of Florida."

The toll highway would cover about 345 miles from Jacksonville to Miami, with a branch of about 145 miles crossing the state from Daytona Beach to Tampa.

Two Automobiles Taken By Convicts Recovered Here
Two automobiles, believed stolen by escaped Negro convicts who saved their way out of the St. Johns County Jail at St. Augustine Monday night, have been recovered here this morning, Sheriff F. A. Mero reported this morning.

One of the automobiles, a 1947 Chevrolet, was recovered last night by the owner, P. W. Wheatland, owner of the Lake Monroe Grocery and Service Station, who went to Lake Worth to get the car, following the capture of the fugitives there. He missed the automobile from the drive near his place when he got up at 6:30 o'clock yesterday morning, he said.

The Chevrolet had but minor damage and Mr. Wheatland was able to drive it back last night from Lake Worth.

The other car, a Kaiser, was located by Deputy Sheriff Howard Hood on the Monroevale road yesterday morning. It was taken to Raliff's and later returned to a Deland fender and body shop from where it had been recovered, and is believed by Sheriff Mero to have been driven here by the convicts.

A bent fender prevented filling the gasoline tank, and this, said Sheriff Mero, may have been the reason for abandoning the car, and stealing that of Mr. Wheatland.

Several bags of canned meat, sardines, and cigars, stolen from Clara's Service Station on the Southwest Road, Tuesday night, and recovered in Lake Worth were today returned to the owner by Sheriff Mero. Some tools, including a pinch bar and wrenches which were sent here from Lake Worth were also claimed.

The fugitives were Elmo Payne, 28 of Metairie, La.; Joe Pitts, 31 of St. Augustine, and James Wilbur, 24 of Knowlton, Ala. Payne and Wilbur had escaped from a road camp near Lake Worth in July, were re-arrested in St. Johns County and held on charges of escape and auto theft. The Negroes were spotted at a filling station at Lake Worth by a policeman, and after they fled on foot, were captured after being tracked by bloodhounds.

Plane Blast Moody Urges Adlai Attack 'Hatchet Men'

Carrier Boxer Scene Of Explosion Which Destroys 12 Jets In Raging Flames

WASHINGTON (AP)—An explosion of a jet plane aboard the U. S. carrier Boxer in Korean Waters killed nine men and injured an announced number of others, the Navy reported today.

Twelve jet planes were destroyed by raging fires that allowed the explosion. Helicopters and lifeboats picked up crewmen driven overboard by the flames.

A Naval officer said the 27,000-ton carrier, which normally carries a crew of 2,000 officers and men, suffered the tragedy about 50 miles off the coast of Korea Tuesday night (Wednesday Korean time).

No enemy action was involved. The officer who reported the fatalities said he did not know how many men were injured. He said damage to the ship was comparatively slight, and repairs will be made in the Korean theater of operations.

Just what caused the jet plane to explode was not known, officials said.

SEOUL, Korea (AP)—A Salt Lake City Salt jet pilot was credited with bagging two of four Communist MIGs shot down over North Korea today.

The U. S. Fifth Air Force said Capt. Charles D. Owens, 202 Lake Superior Drive, Orlando, Fla. damaged one in the battle.

Moody gave this report to news men after a breakfast attended by Blair Moody of Michigan urged Gov. Adlai Stevenson today to make a major campaign issue of so-called "hatchet men" around GOP Presidential Nominee Dwight D. Eisenhower.

Moody declined to identify the "hatchet men" in question but said they were members of the names of Republican Sen. McCarran of the House, Sen. McCarthy of the Senate, and Sen. McNamara of the House.

The young Michigan senator also mentioned the Democratic presidential nominee to kick off his campaign with a Labor Day speech in Detroit. A President Truman did in 1948.

He proposed that Stevenson challenge Eisenhower to a series of one-hour radio and television debates during the coming campaign.

Truman Considering Special Session If Price Hikes Continue

President Also Plans Thorough Canvass Of Campaign Situation With Adlai

Adm. Joy Takes Command

WASHINGTON (AP)—President Truman today announced that he is considering a special session of Congress and plans a thorough canvass with Gov. Adlai Stevenson next week on what's needed for a Democratic victory this fall.

He said he will await further developments before deciding whether a special session would be called.

The President made the statement to news conference in reply to questions about Price Stabilizer E. A. Tamm's statement Wednesday that a special session may be necessary if food prices continue to get out of hand and "rocket."

The President refused to comment when asked whether Adlai had submitted his resignation. He said he would discuss the matter with Gov. Adlai Stevenson, but he said he would not discuss anything that Stevenson said to the Democratic presidential candidate everything that Stevenson said to the Democratic presidential candidate.

Stevenson said he would accept the President's invitation to sit in at a cabinet luncheon Tuesday. He said Stevenson had suggested to him in Chicago that it would be a good thing if the two could get together to discuss cabinet plans.

The President was asked about reports that Stevenson had decided to support Vice President Adlai Stevenson. He said Stevenson had suggested to him in Chicago that it would be a good thing if the two could get together to discuss cabinet plans.

Truman said Barkley left Washington for Chicago expecting to see the President and his cabinet. He said he would have supported Barkley if he had not been invited to support Adlai.

Truman's attitude at the convention, he said, was to support Adlai. He said he would have supported Barkley if he had not been invited to support Adlai.

The President and the convention opened up by making the best of the situation. He said he would have supported Barkley if he had not been invited to support Adlai.

Baby Blues Gain State Semi-Finals By Dumping Pensacola

Metts, Krider And Biabec Highlight 9-4 Win; Oppose Hialeah Tonight

By JAMES DAVIS
STARKE (Special) An inspired Sanford Legion nine reached the semi-finals of the State tournament by pulling a thrilling 9 to 4 upset victory over Pensacola, dumping them from the tourney. Sanford, leading all the way, put the game on ice in the ninth when they tallied for four runs.

The "Baby Blues" will play their semi-final tilt with Hialeah tonight at 8:30 p. m. "Mighty Mel" Fleischer will again try his luck at leading the team. Hialeah team that defeated Sanford in the tourney on a 9 to 7 tally. Fleischer had an enviable record of 10-2 for this season, including a nifty 4-1 record in tourney games.

W. L. Pct.	
Jacksonville	2 1 .667
SAFORD	1 1 .500
Leak	1 1 .500
Pensacola (out)	0 2 .000

Game Tonight (8:30 P. M.)
Hialeah vs. SAFORD.
Caro vs. Fleischer.
Game Tomorrow
Jacksonville vs. Winner of Hialeah-Sanford.

Jimmy "Jack" Krider, the winning pitcher yesterday, went 7 1/3 innings before needing help in Junior Metts, who finished the contest in five stylish innings. Terry Cordell, "Baby Blue" catcher, snuffed out a Pensacola 1-1 in the eighth by picking one man off first and throwing another out Jack Krider.

Hubby Biabec, the big first sacker of the squad, led the team in hitting as he rapped out three singles and scored three runs. The team as a whole gathered eleven base runs off the slants of Pensacola's Lefty "Snake" Tidwell.

The Sanford Legion team now boasts an impressive 11-3 season record with a 7-1 tourney record. The "Baby Blues" must win this evening or be eliminated from the State meet. Victory tonight over Hialeah would put the Sanford Legion in the final game against Jacksonville Post No. 9 in the finals tomorrow. Should Sanford defeat Jacksonville tomorrow, it would force a play-off game between the two teams.

Since each team must lose twice before being eliminated from the meet, that fact, Jacksonville is undefeated and Sanford has lost one encounter. Hialeah leads the tourney with a 7-1 record, and Sanford and one of the two clubs will be dropped from the tourney this evening's fray.

In yesterday's game Junior Metts, who relieved Krider in the 7th with none out, pitched one hit ball the rest of the way. Krider, who was leading, 5-4, at the time was credited with the victory. Leftlander Donnie Tidwell went the route for the losers. He struck out nine, walked four and failed to get good support from his teammates.

Pensacola backed Krider for his hits and scored two runs in both the fourth and seventh innings to pull within one run of the lead, but was virtually helpless when Metts went to the mound. (Bill) Pappaver struck out a single in the eighth but that was the only blow Metts allowed the West Florida team.

The "Baby Blues" sent eight batters up in the wild ninth. Dil Sheffield walked and Biabec reached first on an error. Both advanced a base on a wild pitch and scored on Fleischer's single. Metts singled and took second base. Fleischer made it safely to third. "Mighty Mel" tallied when the Pensacola catcher dropped Tidwell's throw. Metts went to third on Cordell's infield out and made the last run on a passed ball.

Merchants Night Ball Game To Be Held On Tuesday

24 Stores To Hand Out 3670 Tickets To Fans For Tilt

A gigantic Merchants Night extravaganza is being planned for the Orlando-Sanford game in the Memorial Stadium next Tuesday night by the management. The Seminole Blues, it was announced today by General Manager John Krider today.

The Blues will be aiming at a record turnout of 1,450 people for his year's Merchants Night in Leesburg. Krider stated that 24 merchants in Sanford had purchased 3,670 tickets which will be given away free to their customers for the big night game.

All the trimmings will be added to the event with field events preceding the contest. The featured billing on the night's program will be a race between speed merchant Frank Smith and a racing horse.

Smith will pit his All-American legs and stamina against the incomparable speed of a racing horse. Although there is a rumor that a man can, within a given stretch, out-run a horse with a running start, it is highly unlikely that Smith will have much to say before the event.

Exact details of the race have not yet been released nor have the list of other field events. Krider stated that he felt sure this game could attract the largest crowd of the season.

"With 3,670 tickets given away by local merchants and many more fans coming from Orlando combined with the reserve seat ticket holders, this should give us a turnout of between 3,500 and 4,000 fans for the game," he predicted.

The importance of the game cannot be under-estimated since Orlando holds a 3/4 game edge over the Blues this season in the club's best record for a play-off berth.

Here is the list of stores fans may obtain free tickets to the Merchants Night game next Tuesday.

VCKC Is Ready For Citrus Derby Event

DAYTONA BEACH, (Special) —General Manager Jerry Collins of the Volusia County Kennel Club has announced that every thing is in readiness for the fourth annual Citrus Derby to be run tonight as the feature of an eleven-race card.

Invitations have been mailed to members of the State Citrus Commission, which is headed by W. F. Robinson of Leesburg, and also to the citrus.

The Citrus Derby was originally designed to publicize the citrus industry in Florida, and it has attracted nationwide attention. Free orange juice will be served to everyone during the races.

This speed classic will be staged over the long beach course and some of the fastest greyhounds on the local oval will compete. They are Sand Song, Germano, Rumbling Iris, Ration B. Red, My Question, Gave, I Can Do, and Ute Pass. The beach course distance is three-quarters of a mile.

PROUDLY DISPLAYING their gold medals are three Americans who scored top honors in the 110-meter event at the Olympic Games in Helsinki. In the center is Harrison Hilliard who made it in 13.2 seconds and set a new Olympic record. At right is Jack Davis who finished second, and left, Arthur Bernard who finished third. (International)

Reynolds Leads Sanford To Win Over Orlandoans

"Handy Randy" Raps In Winning Tally, Fans 17 Batters

"Handy Randy" Reynolds batted and hit the Sanford Junior League baseball team to a 4-3 extra-inning win over the Orlando South Street nine Tuesday afternoon in Municipal Stadium.

Reynolds broke up the contest with a double in the bottom of the eighth, of a regularly scheduled 7-inning contest, to score Harold Pate from second. Harold finished 17 Orlando batters and issued but three passes in turning in the most respectable job on the mound of any local hurler this summer.

The first Orlando run off Reynolds came in the second frame when the opposing pitcher J. Spivey was passed and stole second and third and came home on an overthrow by shortstop Jimmy Hawkins of home.

Sanford bounced back with the tying marker in its half of the second when Sam Kuhn singled in Pate, who had reached base on a fielder's choice.

Orlando lunched together three hits in the third to take a 2-1 lead and added one in the seventh by going 2-1. Sanford came back in the bottom of the seventh to run behind and evened the score when Dallas Turner and Kuhn walked to open the frame. Kuhn singled to bring in Turner and Jim Butler came in on a passed ball by B. Hatcher, the Orlando receiver.

With the contest all tied up, Reynolds proceeded to fan the sides in the top of the eighth. Sanford came back in the last half of the stanza. Hawkins fanned to open, but Pate and Ogleby rapped out successive singles and Reynolds gave himself the victory with a stunning double that brought Pate in with the game-ending winning run.

The triumph ended a two-game losing streak for the local squad, led by Junior High School Mentor Howie Gordie.

Mrs. Clark Takes Stand For Defense

Defendant Admits Suicide Attempts. But Denies Responsibility For Shortage

The defense tried its case in the embalmment trial of Mrs. Lillian C. Clark at 2:30 o'clock this afternoon and the prosecution prepared to call back several witnesses to the stand, following a 15 minute recess. It was expected to begin later in the afternoon.

Crying quietly, Mrs. Lillian C. Clark related in a tense, packed and almost courtroom manner that, while distressed because of her husband's resentment over her daughter's marriage plans, she had read rat poison on a slice of bread and ate it.

The long and dramatic moment of the embalmment trial began when Ernest Housholder, Mrs. Clark's attorney, asked her, "Now Mrs. Clark, tell the jury what happened when you went home on May 8 and what happened to you and what you did the next day."

Mrs. Clark said that she took some little transfers home to work on that night and that as she was about to go to bed, she saw a bundle of registration cards which she noticed were connected with the missing Report No. 129. Thinking she would fabricate them, she said she took them home, too. That night she said she went to a Pilot Club dinner and that when she came home she was too tired to do the work and went to bed. She said she had suffered a headache for several days. Before she went to sleep she said she had an argument with her husband about his suspicions that her daughter intended to run away to be married before she graduated from school that June.

She said that he "repeated his suspicions over and over, and it disturbed me terribly."

In the morning she said she prepared her husband's breakfast and that he went to work, after which, while she was spreading the beds, she discovered some pictures of her daughter torn up in a trash box. She said she went to the office but couldn't get herself composed enough to do any work and eventually went home.

She said her older daughter took her home and left her resting, that after a while she realized

Hostile Lines Drawn Up On Greek Border

IN WASHINGTON, D. C., Cynthia Kendall (left), of Garden City, N. Y., is shown after she was elected president of the Girls' Nation, a school of citizenship sponsored by the American Legion Auxiliary. She is being congratulated by her opponent, Edie L. Dougherty, Norfolk, Va.

(Editors note: Russell Brines, former chief of the AP Bureau in Tokyo, talked to leading officials in Greece and Turkey last November during a first-hand survey of Western European countries, and has kept in close touch with the situation since)

By RUSSELL BRINES
WASHINGTON—The spearheads of nearly 300,000 well-armed troops face each other across the Greek-Bulgarian border, where a skirmish was fought Thursday for an outpost.

Greek and Bulgarian soldiers have been mobilized along the border for years. Both sides are ready to fight.

The skirmish was over the Gamina Island in the Evros River which forms the border. The Greeks, who claim the island, said Bulgarians had invaded it, and opened a mortar attack to drive them back.

Any clash between these hostile neighbors could have serious political implications. They form one part of an uneasy line stretching from the Mediterranean in the North Sea. Behind them are the massed forces of the West and East.

But most American officials in Europe believe that border incident would mushroom into major conflict only when the Kremlin decides on a bigger gamble than it has taken so far.

Nevertheless, the incident highlights the status of the explosive Balkan situation. The first study of World War I were fired almost 40 years ago.

Greene, one of the newest members of the North Atlantic Treaty Organization (NATO), is one of Russia's veteran opponents in the global hot cold war.

The Greeks fought and won a bloody campaign against Communist guerrillas, ending in 1949, in one of the first battles against Communist expansion.

The United States since 1948 has supplied arms and training to build a modern Greek army.

This force is composed of 15 divisions, nearly 150,000 men with supporting air and naval units. The Greeks generally are well equipped, but they are short of heavy guns and aircraft. The army units are stationed along the Bulgarian border in Thrace, from where any land assault would come.

The Bulgarian Army is estimated to total between 11 and 15 divisions of approximately 15,000 each. They are armed with modern Soviet equipment, and at least two divisions are believed to be armored.

The Bulgars also face border forces of the modernized and tough Turkish Army in Thrace where the boundaries of Greece, Bulgaria and Turkey join.

Bulgaria is one main invasion route from Central Europe for any

Ike Presents Plans For Peace

IN HIS FIRST MAJOR SPEECH since he was nominated, Gen. Dwight D. Eisenhower addresses the 5th annual convention of the Veterans of Foreign Wars in Los Angeles. The GOP Presidential candidate outlines a 10-point program for testing peace, honest government, equality of race, and loyalty in Federal service.

By The Associated Press
LOS ANGELES—President Eisenhower today presented a 10-point program for testing peace, honest government, equality of race, and loyalty in Federal service.

The general's running mate, Sen. Richard M. Nixon and John Edgar Hoover, the party's national chairman, expect, next to map campaign strategy on foreign policy issues.

Out of the season just came a decision on how best to handle the foreign policy of the Truman administration. The GOP helped

McKellar, Dean Of Senate, Is Defeated In Tennessee Race

Senate Shakeup Is Forecast By McKellar Defeat

WASHINGTON—The defeat of Sen. Kenneth D. McKellar in the Tennessee Democratic primary today is expected to herald a reshuffling of the Senate in 1954.

The 81-year-old McKellar, dean of the Senate in years of service, lost to the younger, more energetic Albert Gore, Jr., in a race that was expected to be a referendum on the party's leadership.

McKellar's defeat is expected to lead to a reshuffling of the Senate in 1954, as the party seeks to rejuvenate its leadership.

Railroad Strike Cancelled After Deadline Is Set

CLEVELAND—Chiefs of three big railroad unions today cancelled a strike set for Monday on New York Railroad east of Buffalo.

The chiefs of the engineers, firemen and conductors accepted a Railway Mediation Board plea to postpone a strike beyond the Monday deadline set for 10 p. m. EST.

The chief also told their representatives negotiating in New York with the railroad to delay strike plans in deference to government mediation.

Commenting on the mediation board's request to postpone the strike, the Brotherhood chiefs issued this statement:

"Mediation efforts under the Railway Labor Act were exhausted once in this case two years ago without satisfaction to the workers."

"However, in the public interest, we are making reluctantly that our members bear the burden of another round of the same process."

Job Purchase In U. S. Postoffice Is Being Probed

CHICAGO—U. S. Attorney Otto Kerner Jr. said today his office is probing a report that "at least 30" supervisors in the Chicago Postoffice system paid large sums for their promotions.

The report was submitted to Kerner's office by postal inspectors and was based on an investigation which began six months ago.

The names of the supervisors are in the hands of the postmaster general and the attorney general, Kerner said.

Kerner declined to discuss contents of the detailed report. Jerome Williamson, chief postal inspector in Chicago, who headed the investigation, said he could not comment on the matter since "it is a confidential investigation."

Kerner said, however, that "at least 30" supervisors were involved in the investigation. He said this number may be increased as the investigation continues.

From other sources, who asked anonymously, it was learned that the postal inspectors reported the supervisors paid \$500 each for their promotions.

Investigation of the big Chicago postoffice was begun last February after a grand jury indicted Frederick P. Wall, secretary to Gen. William L. Dawson, Chicago demagogue. Wall was charged with taking money in exchange for promotion in the postoffice.

Meanwhile in Washington a new round of ten-day resignations in the Justice Department was reported in prospect today, and the axe is expected to fall on some U. S. district attorneys outside Washington.

At the same time, a relatively unknown attorney—Ross L. Malone of Roswell, N. M.—was slated to take over the department's No. 2 spot succeeding A. Devitt Vanech as deputy attorney general.

Vanech resigned Monday to seek the Democratic nomination for the unexpired term of the late Sen. Brian McMahon of Connecticut.

Impending new changes in the department now headed by James A. McInerney, were forecast by informed sources as amounting to a virtual clean sweep of officials.

War Vet Sons Of Worker Who Faces Deportation To Appeal To Truman

WENDELL, N. H.—The two war veteran sons of Carl Latva, 68-year-old Finnish born mill worker ordered deported because he signed a Communist membership card in 1941, say they will appeal to President Truman for the hope "he'll now fight for us."

His sons, Carl and Paul, told newsmen Thursday night they had sent a telegram to Mr. Truman asking him to assist their father from deportation to Finland, the country he left when a child of 13.

"My brother and I fought for the things President Truman believes in," they said. "We hope he'll now fight for us."

They served in the Navy in World War II.

Carl said they hadn't made up their minds what to say in the telegram "but we're going to tell the President just what happened to our father and ask him to please do something to help."

"I guess he'll receive it all right," Carl added. "He seems the type of man who would be interested in what happens to people like us."

Their father said he planned to go to Boston today in confer with his attorney, Frederick Frank Cohen, about appealing the deportation order to the U. S. Circuit Court of Appeals.

George Dorr, president of the Dorr Woolen Mill in nearby Goshen where Latva has worked for 30 years, has given his "faithful worker" a day off.

In Washington, meanwhile, Sen. Lehman (D-La.) N. Y. said the deportation order "dramatizes the shameful inequity" of the McCarran Act and Sen. O'Connor (D-Md.) said he was asking the Justice Department to make certain no injustice is done Latva.

Federal Judge Charles E. Wyanski Jr., Boston, ruled "with reluctance" Thursday that Latva must be deported under the Mc-

Vets Of Foreign Wars Condemn Teaching System

By The Associated Press
WASHINGTON—The 5th annual convention of the Veterans of Foreign Wars today condemned the teaching system of the United States' educational system and called for a program to improve it.

The convention, which opened today in Los Angeles, heard a report that the teaching system of the United States' educational system is "outdated and inefficient."

The report, which was prepared by a committee of the convention, called for a program to improve the teaching system.

The committee recommended that the government should fund a program to improve the teaching system.

Eisenhower GHQ Reflects Major Stir Of Activity

By The Associated Press
WASHINGTON—The Eisenhower White House today reflected a major stir of activity as the president's running mate, Sen. Richard M. Nixon and John Edgar Hoover, the party's national chairman, expected, next to map campaign strategy on foreign policy issues.

The general's running mate, Sen. Richard M. Nixon and John Edgar Hoover, the party's national chairman, expected, next to map campaign strategy on foreign policy issues.

Out of the season just came a decision on how best to handle the foreign policy of the Truman administration. The GOP helped

Charge Of Forgery Is Lodged Against James E. Fulgham

James E. Fulgham, alias J. F. Smith, of Oviedo is being held in the county jail under a charge of "uttering and passing a forged instrument" following his arrest yesterday in the Florida State Bank by Chief Roy G. Williams and Chief William said today.

Mr. Fulgham, aged 20, has been fingerprinted and the prints sent to the Federal Bureau of Investigation. He was arrested while in the process of cashing a \$50,000 check drawn on the account of C. T. Niblack, Oviedo account packer, after he had telephoned the bank the previous day and said he was Mr. Niblack and was coming in for a pay roll.

The bank, learning that Mr. Niblack was out of town on his vacation, notified the police, and when Mr. Niblack arrived, W. J. Tucker of the Personal Loan Department that "he's here" and, while Mr. Peacock stalled Fulgham, Mr. Tucker informed Chief Williams.

Mr. Williams and Bass handcuffed Fulgham and hurried him into a back room of the bank without a word of the customers or employees of the bank being aware of what was going on.

Fulgham, originally of Ashburn, Ga., has been working in Oviedo for six months and is reported to claim that he is backed by an international gang.

City Commission To Meet Monday

City commissioners will meet Monday night at 8:00 o'clock in regular session, and are due to hear City Manager Thomas Lennon's report regarding his consultation with officials of the Federal Home and Housing Administration in regard to the proposed city sewerage system.

Mr. Lennon yesterday declared that he had talked with many local citizens regarding an improvement of the sewerage system, and that all whom he had consulted to want the project started.

He expressed appreciation for the friendly spirit of co-operation that he has received here, and stressed the fact that Sanford has great possibilities for future growth.

Mr. Lennon expressed the hope that the recently formed Planning Board will be able to work out plans to take care of the problems created by growth and expansion of the city.

Flying Saucer Seen At Memorial Stadium

Is it a bird? Is it a baseball? No, it's another one of those flying saucers, at least that is what T. V. Davis, Bay Avenue, said it was when he observed a "flying disc of golden color" soaring along near the Memorial Stadium Monday afternoon.

Sanford thus joined the rapidly growing list of cities and villages in the United States to report these strangely elusive discs of purported astronomical origin.

The Warrant Officer expressed the popular feeling among those who haven't seen these phenomena when he said, "These people apparently saw something, but I'm sure I don't know what it was."

War Vet Sons Of Worker Who Faces Deportation To Appeal To Truman

WENDELL, N. H.—The two war veteran sons of Carl Latva, 68-year-old Finnish born mill worker ordered deported because he signed a Communist membership card in 1941, say they will appeal to President Truman for the hope "he'll now fight for us."
