Cannon Is Excuse For Jubilee By Ex-Service Men

(Continued From Page One) Speaking of the school's, Commander Boring said "here is no excuse for a jubilee. The commander of a Legion district of the Legion. A company supper was held, and there was such a quantity of provisions that despite the crowd there were "seconds for those who desired the supper. W. H. Schmidt and Willard Conley played some of the old war-time tunes and a number of more modern music numbers on saw and guitar.

Otto Caldwell To Take Boy Scouts To Orlando Fair

(Continued From Page One) Caldwell was presented with a merit badge in athletics and promoted to the Life rank. It was brought out at the council meeting that there are 1,100 boys of Scout age in Seminole County but there are only 60 Scouts and practically all of them are in one troop. It was reported the boys are beginning to become Scouts, but there are no leaders for more troops. A new charter for Lake Mary Troop No. 58 was to have been presented last night, but through a misunderstanding the delegation from Lake Mary Community Church, which is sponsoring the troop, was not present. The charter will be presented to the troop some Sunday in the near future, it was stated.

Legion Leader Tells Aims Of Organization

(Continued From Page One) excuse why Florida should be 39th in position in regard to education," that the youth of this state "deserve just as fair an education as the boys and girls in other states," and that "it is our duty to see to it that they have what is their due." He urged Legionnaires who have children in the schools to attend meetings of the P. T. A. and to work with school trustees, "and it is not putting the Legion into politics to find out where a candidate for office stands as regards our schools." Efforts of communists to spread their teachings was brought into the commander's address. He said that the communists have realized they can never make headway with the adult population as long as there is an American Legion so they are concentrating their efforts on the more pliable mind of the youth, "teaching disbelief in God, the home, the schools and that the flag is a mere piece of cloth." The Legion, he said, should not wait for some pseudo day to visit the schools and talk to students on the value of their citizenship. "We owe it to them and to our country," he said, "to go into the classrooms and tell them of their obligations as citizens, to see to it that they understand the ideas and principles for which we fight."

More Cold And Snow Forecast For The North

(Continued From Page One) A half dozen South Dakota communities—Hereford, Volunteer, Stoneville, Creighton, Fairpoint and Hoover—were cut off again after rescue expeditions had cleared roads leading to them over the weekend. Meager reports from the hamlets represent conditions as approaching the critical point. Corn and fence posts were burned at Hereford. All the flour was gone at Hoover. A new blizzard blocked highways, silence veiled the progress of relief parties moving toward Sulphur and Twilight. Inense cold prevailed.

News Movie Of Florida Canal Is Being Made

Wm. Randolph Hearst Sends Out Crew To Film Scenes And Interview Leaders

Picture Release Is To Be Monday

Movie Will Be Shown In Nearly Every Theater In Land

The City of Sanford and the County of Seminole are to receive some unusually effective and valuable advertising—and it won't cost a cent.

William Randolph Hearst, noted publisher of big city newspapers from coast to coast, sent a crew of reporters and cameramen into the County today to film pictures of every field, cabbage patch, flowing well, the state market and other scenes, and to get statements from leaders in the campaign being waged by the Central and South Florida Water Conservation Committee against the Cross-State Ship Canal.

Other scenes and interviews will be filmed in Ocala and Jacksonville, and the whole will be gathered into a full length news feature intended to show both sides of the canal controversy.

The picture is being made by Motion News and will be shown in practically every theater in the United States and Canada and in a number of theaters abroad. News reel pictures made by two other concerns are shown in the Moline Theater in Sanford but **not** in this city.

John A. Brockhurst of New York, directing the canal news reel feature, said that the picture would be rushed through in only two days' work and that it will be released next Monday.

"I have an idea that Mr. Hearst is opposed to the canal," said Mr. Brockhurst, "as we were told in a wire with the article in Time magazine." (The Time magazine article in which he refers to an "artificially" canal construction) "I never" he continued "the Mivertone picture" will present both sides, with statements from Senator Fletcher, for instance, on one side and Frank K. Anderson, probably on the other part of the speakers being shown in connection with their remarks."

Charles A. Faden, of New York camera man with Mr. Brockhurst, suggested it would be a good plan to have Mr. Anderson make his "spiel" with a fishing artisan, well as a background.

A number of "still" pictures of Seminole County fields were taken by Joe Gibson, another member of crew sent out from New York. Sanford and Seminole County will be "played up" as the focal point in opposition to canal construction, and it is therefore believed that millions of people will never before heard of this section will be apprised of the fact that it is the garden spot of the nation.

Committee Named On Vacation Plans Of Future Farmers

Jerry Benkart, William Burnett and Boyd Coleman were named at a meeting of Calery Camp of the Future Farmers of America last night to make plans for the vacation trip the boys intend to take next summer. Last year they went to Washington, D. C., but the year they may journey to the Yellowstone National Park.

Reports of the success of the Future Farmers had with their exhibits in the State Fair at Tampa last week were also made.

Those at the regular session of the camp were Clifford and Kenneth Gusterson, John Jones Jr., William Burnett, Carl D. Calper, James Boston, Harvey Hale, Frank Jones, Jerry Benkart, Ralph Eckles, Howard Dagan, Henry Jamison, Lee Henson, Lane Appleby, Edward Hawk, George Schmidt, Wilbur Tilla, J. B. Rogers, Herbert Thompson and the group's instructor, Alex R. Johnson.

Mayor T. L. Dumas Said To Have Good Chance To Recover

Mayor T. L. Dumas was reported by Dr. C. L. Park this afternoon to be "some better" and that he has a "fairly good chance" to get well. The poison which permeated his system when an infection set in after the fall of a couple fell on his hand 10 days ago is being gradually eliminated, the physician stated. The Mayor is in Federal Lighthouse Memorial Hospital but his condition remains serious and visitors are denied.

Eloquent Address On Washington Is Given By Jurist

Judge Smith Speaks At Enthusiastic Masonic Meeting

Speaking before an enthusiastic gathering of Masons from a dozen lodges, Judge Millard B. Smith of the 5th Judicial Circuit last night delivered an eloquent address on "George Washington, the Mason." A biographical sketch of the first President's life was woven with an account of his induction into Masonry and his connections with fraternalism through many years, and was listened to enthusiastically by a large attendance. More than 150 Masons were present, and lodges as far away as New York, New Jersey, Minnesota and Texas were represented.

Shorter addresses were delivered by Ralph H. Chapman, senior warden of the local lodge, F. P. Fuxster, one of the oldest members in length of service, of the lodge; and by M. W. Wells of Orlando, district deputy grand master of the Masons. Many of those from out of town made short talks, among these being C. M. B. Hockney and D. W. Vanilderstine of South Orange, N. J.; James M. Thompson of Pennsylvania; A. A. Kirchhoff of Akron, N. Y.; J. H. Harby of E. I. Haines from Texas; J. P. Harvey from South Carolina; A. F. Marm from Minnesota; T. J. McGraw, Jr., P. Corey and Y. B. Hudson from New Smyrna; T. J. Schiff and C. E. Carpenter from Orlando, and Senator J. J. Parrish from Titusville.

Harold C. Washburn, master of Sanford Lodge No. 62, F. & A. M., acted as master of ceremonies. A buffet supper was served at the conclusion of the meeting by a committee composed of A. L. Holt, Joe Curley and C. E. McKee.

Delegate Al Smith Can Carry His Fight To Convention Floor

NEW YORK, Feb. 19.—(AP)—Former Governor Al Smith has assured definitely today of a chance to carry his New Deal fight to the Democratic National Convention floor. Smith was designated as number one delegate late yesterday of Tammany Hall. At Palm Beach where he is vacationing Smith decided to comment on the appointment.

Townsend Assailed By Congressman Bell As Charlatan And Quack

WASHINGTON, Feb. 19.—(AP)—Emphasizing the statement that he cast no reflection of Dr. F. E. Townsend as a medical practitioner, Representative Bell, Democrat, Missouri, today assailed the old age pension leader as a charlatan and a quack as a doctor of ill which afflict our social structure.

Urging in the House adoption of his resolution for an investigation of the Townsend and other old age pension movements, Bell said: "If the Townsend plan should become a law no one may hope to escape its throttles."

Oklahoma's Old Age Pension Invalidated

OKLAHOMA CITY, Feb. 19.—(AP)—The State Supreme Court yesterday invalidated Oklahoma's \$30 a month old age pension law. In an eight to one decision, the court held that Gov. E. W. Marshall had disobeyed the law when he called an election on the question before the sufficiency of initiative petitions had been determined.

Italy, Austria And Germany Forming Pact

Three-Point Agreement Is Said To Be In Process Of Being Worked Out

(By The Associated Press.) A dispatch from Florence, Italy, today said a high authority had disclosed that a three-point agreement among Italy, Germany and Austria is in progress of formulation. The proposed agreement obligatorily includes Hungary.

The three-point agreement is outlined as follows: Germany and Austria will lower tariffs considerably in reference to each other; Germany will guarantee Austria's independence; Italy will permit free development of Pan-Germanism in Austria so long as the movement does not destroy Austria's independence.

Meanwhile, a further penetration of northern Ethiopia behind the bombs of airplanes was reported by the Italian military command. The penetration was regarded as a preliminary to a new major offensive before the advent of spring rains.

Italy, proper, strengthened its own defense structure through new military appropriations. Italy received a note from France placing that nation's shoulder to shoulder with Great Britain in an agreement with mutual assistance in the Mediterranean basin.

Little Likelihood PWA Will Spend More In Florida

TALLAHASSEE, Feb. 19.—(AP)—Governor Shultz reports that officials told him in Washington last week there appeared little prospect of any new projects being approved in Florida unless and until Congress appropriated additional funds.

The Governor said he was told an allocation of federal funds could not be made to assist his state in constructing a new chemistry department adding here because projects already approved will require virtually all the PWA funds.

"Unless additional appropriations are made by Congress, it appears we will not get any new projects for Florida, including the chemistry building grant," Governor Shultz said.

The 1935 Legislature appropriated \$100,000 of state funds for erecting the chemistry building, but the work has been held up while state officials sought a grant of funds from the PWA.

Judge Roberts Is To Seek Another Term

San. C. Roberts, justice of the peace from the Fourth (Sanford) district today announced his candidacy for a second term.

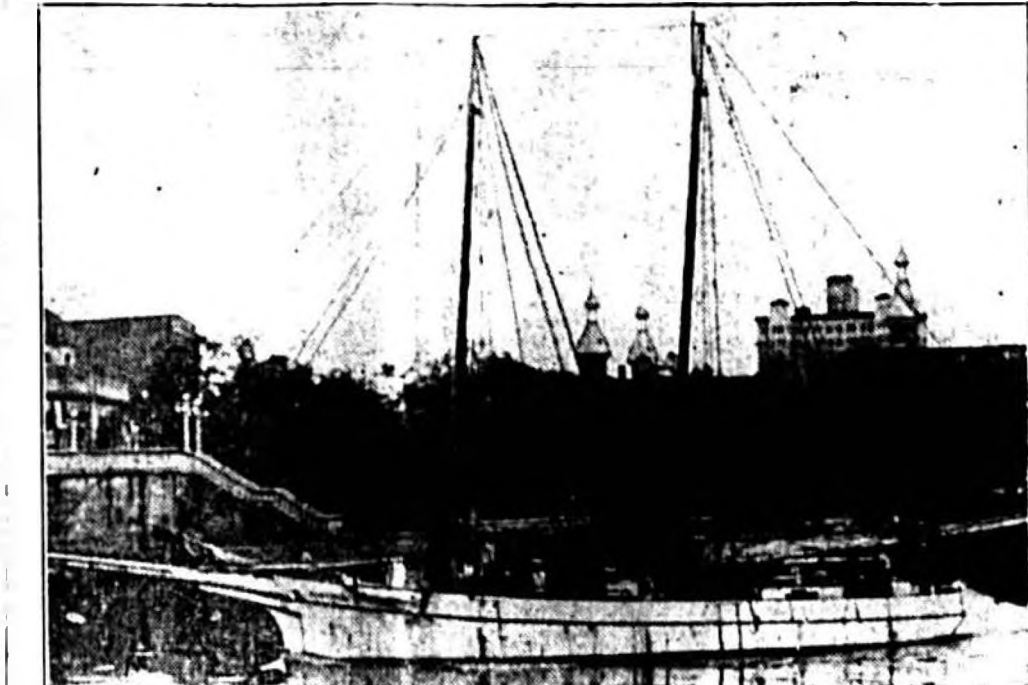

Judge Roberts has been a resident of Seminole County for 24 years, coming here from Fort Pierce when this County was organized in 1913 to take the position of deputy clerk of courts and to organize the various offices in the new political division. He was city clerk, during the period of the war and was with the freight department of the Atlantic Coast Line Railroad for about 10 years.

The justice of the peace in this district acts as ex-officio coroner.

Lions Club Members Volunteer Blood To Persons In Need Of Transfusions

Every member of the Sanford Lions Club has volunteered to give his blood to any person who may be taken to Fernald-Laughton Memorial Hospital and whose life depends on a blood transfusion. C. E. Adams reported today. Testing by physicians of the blood of Club members has already begun, and a careful record will be made of the analysis of each. These records will be kept on file, together with the addresses and telephone numbers of those who have offered their blood, and it will therefore be possible to get the right test blood almost immediately. It was explained.

Slain Editor's Crew Is Rescued As Freighter Is Abandoned At Sea

MINNEAPOLIS, Feb. 19.—(AP)—Saying she would have only "about a month to live" should she carry in with her slain husband's crowding weekly paper, Mrs. Edith Eggen declared today she was leaving Minnesota.

NEW YORK, Feb. 19.—(AP)—An editor's crew of the high seas was rescued in the storm-whipped Atlantic 100 miles off the Maryland coast yesterday as the crew of a sinking Greek freighter abandoned ship and was taken aboard the American liner City of Newport.

The American ship was the first of a flotilla of six tugboats used to reach the side of the distressed cargo carrier, Stefanos Constantinos, which flashed SOS that it was "leaking badly."

Through in the night and day the crew of the Greek freighter fought valiantly to keep afloat the 5,000-ton craft whose hull seams were admitting water faster than the ship's pumps could pump it back into the sea.

Realizing the hopelessness of their fight, the master of the Stefanos Constantinos flashed a plea to the rescue ships ploughing laboriously through the mounting waves: "Save the crew," the message read.

When the City of Newport News arrived at the side of the sinking vessel shortly before 3 P. M., only a few feet of the hull and superstructure were visible.

Another Reprive Said Unlikely Criminal Lawyer And Governor Meet In Long Conference

BOSTON, N. Y., Feb. 19.—(AP)—Briggs Richard Hauptmann's electrocution was set today for the week of March 30. The warrant was signed by Supreme Court Justice Thomas W. Finchard as he sat in a chair in his sick room.

It was the third time an execution date has been set for the case of murderer of Charles A. Lindbergh, Jr. The first date was the week of Mar. 18, last year, but the execution was automatically delayed when the defense appealed. The second date was the week of Jan. 12, but Governor Harold G. Hoffman granted a reprieve of 30 days.

Virtually the only hope now for Hauptmann of further delay in execution lies in a second reprieve, and this is regarded as unlikely Governor Hoffman has said he will not take such action again unless Attorney General David T. Wilentz agrees, and Wilentz has said he will oppose another delay.

It was learned today that Governor Hoffman met Chief Defense Counsel C. Lloyd Fisher and Attorney Samuel S. Lubowitz in a conference which lasted from 8 o'clock until midnight last night. The Governor and Lubowitz were said to have disagreed over the manner in which further questioning of Hauptmann should proceed.

Lubowitz planned to visit the condemned man again late today.

Lady Hubert Wilkins Visits Florida Exhibit

By NINA OLIVER DEAN

"Oh how lovely! That's my favorite color," said Lady Hubert Wilkins, wife of the famous English explorer, picking up a blue goblet from the Devonington table in the Citrus Table Decoration Contest at the Florida Exhibit at Rockefeller Center in New York.

"We'll have to call it 'Arctic Blue' in honor of your husband," I replied.

Lady Wilkins, Mrs. Richard Boardman, the founder of the bride's school to teach young debutantes how to cook and Cyrena Van Gordon, the Metropolitan opera singer were judging the tables and comparing fine points in color and composition. Mrs. Boardman in a navy blue tulleur with a wine colored boutonniere was leaning over the table entered by the Mayhew Shop admirably. "This is my first choice definitely," Cyrena Van Gordon, her cheeks pink from the wind outside in a black dress with smart crystal clips agreed. "It's mine too. It's perfect." It was a Duncan Phyfe table set for a formal dinner with a service of odd gold lacquerware and gold candlesticks. On a mirror plaque in the center of the table was a bowl of pale gold grapefruit, kumquats, and the delicate embroideries of gold leaf acacia flowers, and in the crystal cocktail glasses was grapefruit with a gay sprig of green mint.

"But just look at the Devonington table," insisted Lady Wilkins, sticking to her guns, and her "Arctic Blue." "It has so much charm, such subtle simplicity. The rich blue of the glassware, the vivid orange of the candles, the crystal grapefruit bowls shaped like half open water lilies, the center piece of grapefruit and laurel leaves, all combined to make a vivid fresh cut or pattern. After some discussion the prize went to Mayhew's gold with the Devonington blue runner-up. Wamamaker's had a delightful entry, too. A Sunday morning breakfast table that would have felt at home in any Florida patio with the cover of cellophane and the decoration of pine cones, kumquats, and limes. Dozier's entry featured yellow grapefruit and blue Franciscan pottery. McCreary's straw mats, rust pottery, tangelos and kumquats, and Macy's a green linen cover, tangelos, and particularly attractive imported copper ware.

It really was a beautiful show and even you Florida housekeepers who know the amazing variety of things that can be done with citrus might have gleaned some new ideas.

"You bet I picked a SAFE CAR"

SAFETY has always been given first consideration in building Ford cars. Since 1928 every Ford car built has had a steel body reinforced with steel. Ford was first in the low price field to give you the protection of safety glass all around without extra cost. Ford is the only car in the low price field which gives you super-safety brakes with 186 square inches braking surface and 12-inch brake drums. From the ground up, the Ford V-8 is a safe car.

Won't Need More Money To Repair Municipal Field

Lumber Companies Give Materials Needed At Park

Thanks to the generosity of local firms and the donated services of Street Superintendent James Moughton in superintending improvements at the Municipal Field it will probably not be necessary to solicit funds, it was stated today by Arthur Brannan, chairman of the baseball committee.

Lumber and other materials needed for the repair of the grandstand and fence have been donated by the United Lumber Company, the Security Lumber Company and the Hill Lumber & Supply Yard, and Italian ryegrass seed for sowing the field and senna plants to be set out in front of the grandstand have been given by the Burpee Seed Company.

Featherweights Fight In Miami Monday, March 2

MIAMI, Feb. 15.—Things are booming in a boxing way in Miami these days with the preparation for the world's featherweight championship bout between Freddie Miller, the champion, and Percy Saron, of Birmingham, Ala. which takes place at the Coral Gables Coliseum on Monday, Mar. 2.

The champion arrives in Miami on Friday and will do whatever training is necessary for his big event, a bout, which has attracted attention all over the country. Freddie has been a fighting champion and therefore has no long siege of training to do. He will have to become more or less acclimated, but there is nothing else which is of any concern to him. The matter of making 124 pounds, the class limit is no trial for he never weighs more than 130 at any time.

Mardi Gras Will Be Presented By Vets In Orlando

Affair To Be Staged In Coliseum Next March 14 To 24

ORLANDO, Feb. 15.—Commander Conrad Olson, of the Veterans of Foreign Wars Orange County Post No. 2093, reports that there will be thirty-four booths of fun and concessions at the Mardi Gras to be held in the Orlando Coliseum in March from the 14th to the 24th. Twenty-six of these booths have already been sold and contracts signed.

Other booths will be operated by the American Legion, Sons of the Legion, Legion Auxiliary, United Spanish War Veterans, their Auxiliary, and the Forty and Eight. The V. F. W. and their Auxiliary will also operate booths.

Barney Sullivan, director, booked the Watkins Circus to play at the Mardi Gras. The Watkins Circus have toured for years with Ringling Brothers. They have just completed a tour with Tom Mix throughout South America.

Prince Nelson, the Ace of High wire walkers submitted a contract this week to put on three acts: The committee is trying to arrange for the Prince to walk across Orange Avenue from one high building to another. If this can be arranged then the committee will use the act. The Prince has many times walked across Niagara Falls and possesses several hundred medals for his daring feats in European countries, Canada, and United States.

CITY NEWS BRIEFS

Sanford Lions Club members are going to the Central Florida Exposition in Orlando Thursday evening. A motorcade of Club members is to leave the Valed Hotel corner at 6:15 o'clock, but those who are unable to leave at that time are to meet the bunch at the Seminole County Exhibit at 7:30 o'clock.

Paving crews should be able to start work on the Park Avenue and Commercial Street intersection by the latter part of next week, WPA Engineer W. S. Earle stated today. However, rainy weather delays work on the streets, he said, and it may be a week after next before the repaving of the intersection can be undertaken.

The Weather: Mostly cloudy tonight and Thursday, possibly showers in south portion tonight and north portion Thursday afternoon or night, slightly warmer in central and north portions Thursday. Extreme northwest Florida cloudy, not so cold in west portion tonight; Thursday cloudy and warmer, rain in west portion.

A dress making class under auspices of the WPA was to be started in Sanford today, with Mrs. Bertha Sorrell as teacher. The class is to be free to the public and those desiring to receive the instruction offered are advised to telephone Mrs. Sorrell at No. 280-J after 5 o'clock in the afternoon. Mrs. Sorrell's class will include the teaching of dress making, both for adults and children, remodeling, hat trimming, etc.

Auto Tag Receipts In Florida Approach Half Billion Mark

TALLAHASSEE, Feb. 15.—(AP)—The motor vehicle department reports receipts so far from the sale of 1938 automobile license tags have been \$530,572 in excess of the amount paid in for tags during the same period of last year.

Total collections up to Feb. 15 this year had been \$4,035,999, the department announced, against \$3,505,571 for a similar period of 1937.

The total number of tags sold so far this year is 299,763, an increase of 13,103 over last year. So far, the motor vehicle department has received \$2,807,000 in the public school fund and an additional \$284,500 was sent to the comptroller today for use in future school allocations.

Vehicle Commissioner E. F. Mitchell estimated his department would receive \$2,260,000 during the year—all of which, under the new law, will go into the school fund.

King Intercedes For Man Under Sentence To Die In California

SAN FRANCISCO, Feb. 15.—(AP)—Acting under instructions from King Edward VIII, Cyril Cane, British consul general here, filed a petition with the State Supreme Court yesterday asking executive clemency for Alexander MacKay, San Quentin convict sentenced to hang.

MacKay, condemned to death for kidnaping in an attempted escape from California prison, also wrote a letter to the king, pleading with him to intercede. Cane's petition asked the court to recommend to Gov. Frank F. Merriam that he commute the sentence of MacKay, a British subject, to life imprisonment.

Senate Bloc Plans To Fight Reduction Of Fund For Relief

WASHINGTON, Feb. 15.—(AP)—A move to fight any sweeping curtailment in next year's relief appropriations is being organized by a Senate group demanding "liberal aid" for the unemployed. Disturbed over reports that President Roosevelt might recommend a sharp cut in relief funds, the group is making a survey of need among the unemployed.

Lowly Peanut Won't Get Government Aid

WASHINGTON, Feb. 15.—(AP)—Comptroller General McCall has turned down a proposed expenditure of \$500,000 under the Agricultural Adjustment Act to aid peanut growers to divert their crop from normal trade channels into manufacture of peanut oil and by-products. McCall held this was not diversion from normal channels.

Residents Asked To Help Care For Tourists In Miami

Half Million Crowd City, Hotels And Apartments Filled

MIAMI, Feb. 19.—(AP)—Some 500,000 persons, most of them Northern winter visitors seeking warm sunshine and escape from chilly weather, are bringing back memories of boom days and taking the taxing facilities of Greater Miami, which normally has a population of about 150,000.

With every room in downtown hotels taken only some 20 vacant apartments left, and the peak of the season not expected until March, city chamber of commerce officials, many sectioned trains, planes, buses, steamships and private cars continued hauling capacity loads into this balmy resort city.

There is a heavier flow of automobile traffic on Miami's streets now than at the height of the real estate boom a decade ago, said Chief of Police W. J. McCarthy who used car figures to estimate the Miami area had a present population of "half a million."

While no accurate winter census can be taken, because of people constantly arriving and departing, Chief McCarthy figured there were 200,000 cars on Miami's streets, where ordinarily there are between 45,000 and 50,000. Incoming traffic is far heavier than outgoing, he said.

A check made by the chamber of commerce Monday found all downtown hotel rooms occupied. J. R. Keyton, president of the Greater Miami Apartment Trust Association, said only about 30 vacant apartments were reported. The Miami Beach Chamber of Commerce reported they still were some apartments available there.

An appeal from the Miami trade body for residents to throw open their spare rooms for rent to tourists brought more than 1000 listings. Most of them were filled immediately.

Women's Pageant To Mark Strides Made During Half Century

LONDON, Feb. 19.—(AP)—Britain's women have steadily invaded the professions and industries. As a result, there are in Britain today: 966 women iron-mongers, 2,906 women tobacco merchants, 21 women makers of bricks and pottery, and 60 women garage proprietors.

A pageant of their progress and triumphs is to be given at the first exhibition of Women's Progress in 50 years, to be held in London from Mar. 4 to 21.

Men will take part in the exhibition only as "guest artists." Women will do the planning, organizing and managing of the exhibition.

Director Of Foreign Council Failed Once In History Courses

CLEVELAND, Feb. 19.—(AP)—When Brooks Etnyre was a boy in Salem, O., 15 years ago, he failed in history and geography courses in his school.

Now he is educational director of the Foreign Affairs Council here, and one of the most sought after commentators on foreign affairs.

The trouble with history in the old days, he says, was not in the subject matter, but in the way teachers offered it. It's still true to an extent, he says.

"The subjects frankly bored me," he explains. "As in so many schools, they were dry because they were taught on a basis of facts and not of interpretation. That's the trouble. We have set up a scholarship on a basis of memorizing. We don't teach pupils to think."

Sound Wagons To Be Used In Campaigns In State This Year

TALLAHASSEE, Feb. 19.—(AP)—It looks like a banner year for the sound-wagon business in Florida politics.

At least three candidates for governor are carrying their "sound-wagons" around with them in their campaign trips. In addition to supplying amplification for the candidate's words, the sound equipment is available for musical selections at political picnics.

"It took it for granted that all the fellows would have sound wagons, and so I had one fixed up for myself," was the way one candidate explained the mounting of loudspeakers on top of his automobile.

The late Huey Long of Louisiana brought the sound-wagon into popular use in political campaigning. He used it successfully in his own campaign and also used it in helping Mrs. Horie Caraway get elected in Arkansas.

Canned Fruits From Seminole First At Fair

253 Varieties Shown By County Women Scored Highest Of Any At Exposition

Crowds At Fair On Seminole Day

Many Are Expecting To Go Late Today And This Evening

Seminole County scores first in canned fruits, second in crystallized fruits, second in vegetables at the Central Florida Exposition in Orlando.

Two hundred and fifty-three varieties of canned fruits put up by women of the county under the direction of the Home Demonstration Department are exhibited at the fair, and judges spent all day yesterday and up to 9 o'clock last night studying the display and similar exhibits from other counties.

Oceola county has always won the first prize in the canned fruits department, ever since the Central Florida Exposition was started.

Seminole County's display was so superior to any other that at 9 o'clock last night the blue ribbon was tucked on the booth, and a \$50 cash prize was awarded.

A red ribbon denoting second prize and \$15 cash went to the crystallized fruit exhibit.

Miss Josephine Boydston, Home Demonstration Agent for Seminole County.

This is Seminole County and Governor's Day at the Central Florida Exposition in Orlando, and it is reported that there is a large attendance at the big fair.

The Sanford Lions Club is planning to go to Orlando in a body this evening, leaving the Valdés Hotel corner at 8:15 o'clock.

Another delegation was being arranged by H. M. Papworth, president of the Seminole Chamber of Commerce, before he was taken ill a few days ago, but it is expected that many representatives of that organization will be at the fair this afternoon and evening.

Tomorrow is to be school children's day at the exposition, and every student in the white schools of Seminole and Orange counties who arrive before noon will be admitted free of charge.

C. R. Dawson, county agent, who arranged the Seminole exhibit at the Central Florida Exposition, hurried to Sanford last evening to procure fresh supplies of a few vegetables, and reported that this county's display is attracting considerable attention.

Evangelist Asked To Pay \$400,000 Damages

LOS ANGELES, Feb. 20.—(AP)—Charging that evangelist Alvin Semple had defamed her, a suit for \$400,000 damages was filed yesterday.

Lehman Offers As A Candidate For State Legislature

Farmer, Civic Leader Prevailed Upon To Enter In Group 2

H. J. Lehman, celery farmer, civic leader and prominent in both church and fraternal organizations, announced his candidacy today for the state legislature from Seminole County.

Mr. Lehman came to Seminole County from Crown Point, Indiana, in 1920, and has made this section his residence since that time.

He was first elected to the City Commission in 1929, and re-elected in 1932, and served continuously until in January of this year when he decided to be a candidate for re-election.

Mr. Lehman has been a director of the County Chamber of Commerce for a number of years, has served for the last 10 years as a member of the Board of Deacons of the First Presbyterian Church.

He is chairman of the Advisory Board of the Salvation Army, and belongs to the Masons, Elks and Odd Fellows.

Reporter Says That He And William U. S. Army Aviator Found Lost Flier

GEORGETOWN, British Guiana, Feb. 20.—(AP)—A new story that Paul Redfern, lone lost American flier, is alive among savage South American Indians who will not permit him to escape was brought to civilization today by Alfred Harred, reporter for the newspaper Banier of Paramaribo, Dutch Guiana.

Harred claimed that he and Art Williams, former United States Army pilot, found Redfern and talked with him. They were unable to remove him from the jungle. There was no official confirmation of the story, although Harred claims to have been a member of the Dutch Section Boundary Commission engaged in surveying the frontier where British Guiana, Dutch Guiana and Brazil meet.

Harred said that Redfern is living in the Tumuc Humac mountains in western Guiana. The Harred story, published by Banier, said that after Redfern started out from Brunswick, Ga., Aug. 25, 1927, on an attempted flight to Rio De Janeiro, he crashed into the Tumuc Humac Mountains. Redfern was crippled, but was held in awe by the Indians, because he came from the skies.

Harred said that after he and Williams flew into the interior, they saw the remains of Redfern's plane hanging on the branch of a large tree. Later they found the American, dressed in ragged underwear. As they talked with him, 500 Indians with poison spears surrounded them.

Babson Thinks Ford Could Beat Roosevelt

LAKE WALES, Feb. 19.—(AP)—Roger Babson, statistician, told the ninth annual business conference sponsored by Webster College, Henry Ford could "sweep the country" against President Roosevelt if the automobile manufacturer were nominated by the Republican party.

Creighton J. Hill, Boston newspaper man, had expressed the opinion Mr. Roosevelt could be elected now over any Republican candidate by a electoral vote of 294 to 237.

"I think Mr. Hill is right," said Babson, "unless the Republicans had the sense to name Henry Ford. If they did that today he would sweep the country against Roosevelt."
