FRENCH GLAD ALLES KEEP UNITED FRONT

AGREEMENT WELCOMED IN PARIS BY EVERY PARTY

ACTION WELCOMED

Half as Good as None is Attitude of French News-people—France Success of United Action

Welcome Common Front. (By The Associated Press) LONDON, Nov. 23.—The agreement by which France and Great Britain once more present a common front to Germany is heartily welcomed here, and not the least by the politicians who are glad to be freed, even if the relief should prove to be only temporary, from menacing trouble while the domestic electoral fight is in progress.

Some quarters credit Premier Poincaré with having taken a more complacent attitude because of a desire not to embarrass Prime Minister Baldwin during the election campaign.

Agreement Involved 50,000. DUESSELDORF, Nov. 23.—The agreement recently signed between representatives of the Rhineland dye industry and the inter-allied high commission at Coblenz, involved 50,000 workmen. Together with the reaching of other industrial agreements, this will serve greatly to facilitate resumption of work on the west bank of the Rhine, according to the French authorities here.

The dye plants, it is stated, agreed to deliver dyes to the allies on a separate account, and in return their export taxes were temporarily reduced so that the plants could rehabilitate their finances.

Other agreements reached by the commissioners were with dye manufacturing plants employing 80,000 workmen and the French state that other groups of Rhineland industries are negotiating.

Gallery Approval. BERLIN, Nov. 23.—The gallery approval extended to Chancellor Stresemann at the conclusion of his two hour speech in the reichstag yesterday, in which he made a vigorous defense of his administration, was considerably more vociferous than the applause contributed by the three middle parties on the floor of the house, which now constitutes his only tangible parliamentary support.

Half Loaf Beats None. PARIS, Nov. 23.—The attitude of Paris newspapers toward the notes which the council of ambassadors has sent to Germany may be summed up in the old adage: "Half a loaf is better than none." The papers agree that the notes were only feasible productions, but they also point out that the allies presided a united front.

The first communication notifies Germany that the inter-allied military control mission will resume its functions in Germany, and serves notice that "should those operations meet with obstruction from the German authorities or German nationals, the allied government intends to take measures which may seem to be proper to assure execution of the treaty."

MAYOR SPEAKS TO CONG. MEN'S CLUB

Great Enthusiasm Shown When Speaker Delivers Valuable Address on "Good Will Among Men"—Many Present.

The Congressional Men's Club held its regular meeting last night and listened to a fine and valuable address by Mayor Lake on the important subject of "Good Will Among Men." There was great enthusiasm and a practical demonstration of good will in action unanimously taken by the club.

The club is growing and needs larger quarters for its meetings. The spirit of good fellowship coupled with the desire of the club to accomplish practical helpfulness can not fail to make of every member a valuable factor for the right kind of progress in the building of our city. The club wishes to publicly thank the mayor for his visit and the message of wisdom. Another meeting will be held in two weeks.

GRAND JURY INDICTS WALTON CHARGING MISUSE OF FUNDS

Offer Rich Americans Nice, Gentle Volcano. WASHINGTON, Nov. 23.—Certain Bolivian gentlemen want to sell Tattio, a nice, gentle volcano on the Chili-Bolivian frontier, to some wealthy American. It was announced today in the Commerce Department's list of trade opportunities.

Tattio is guaranteed extinct. Instead of emitting the fire and smoke of its youth it is content now, in old age, with exuding clouds of superheated steam through the cracks of its ancient sides. This can be converted into electric power capable of producing 400,000,000 kw. horsepower a year, it is maintained.

VOLSTEAD STATES LAWS EFFECTIVE

Urged Dries to Unite Against Clamor of Wets—Says That Whiskey Is Concentrated. RADIO CAMPAIGN FOR PRESIDENT IS IN THE MAKING

Presidential Address To Be Broadcast By Wireless, If Plans of Experts Are Very Successful. WASHINGTON, Nov. 23.—A radio campaign for the president is in the making.

President Coolidge, it was learned tonight, has under consideration a proposal that, rather than subject himself to the ordeal of a speaking tour in the interest of his candidacy, will make his campaign address over the radio.

The National Association of Broadcasters, through its president, E. F. McDonald, Jr., has urged this novel step. In reply to the association's suggestion, C. Bascom Slemm, the president's secretary, wrote: "You have presented a most interesting suggestion as to one possibility of helping to relieve the president of some of his obligations. Your suggestion will receive the fullest and most sympathetic attention, and you may be assured, will be kept in mind whenever an opportunity presents where we may avail ourselves of it."

McDonald offered many strong arguments in behalf of his suggestion. Vast throngs of listeners in a very large auditorium, number less than 30,000, he pointed out, whereas an ordinary radio audience for any one of the big broadcasting stations on an ordinary occasion numbers at least 300,000.

"But in the event of the president of the United States making an address over the radio," McDonald stated, "there would be an audience of at least 15,000,000. Broadcasting has progressed to such an extent that by co-operation of a half a dozen or more stations, an address delivered in Washington can be heard all over the country, at one and the same time. "Radio will draw you close to the American fireside," the president was admonished, "for you will be speaking to your people as they sit in their living rooms, and your voice will resound in their dwelling places. While, of course, the citizenry can be reached by the printed word, it is not so effective as oral expression. The voice carries the soul of the speaker far better than the cold print. Thanksgiving is quieter than the regular days in a small town because the mail doesn't come in.

Three Greatest Needs of Sanford

- 1. Development of the tourist business.
- 2. Bringing in more outside capital.
- 3. The building of more homes, apartment houses and hotels.

A. C. L. DENIED A REHEARING ANENT WHITNER'S SIDING

Railroad Commission Refuses to Reconsider Action of Placing Whitner's Siding Within the Switching Limits of the City of Sanford.

Denial of a rehearing in the matter of including Whitner's Siding in the switching limits of the City of Sanford, has been made by the state railroad commission, according to advices received in the city today from R. Hudson Burr, chairman of the commission.

This matter has been before the commission for some time. The Atlantic Coast Line asked for a rehearing. It was contended in the complaint against the railroad company by Chase and Company that although this siding was in the corporate limits of the City of Sanford, it was classed as an independent station for shipments and receipts of carload freights, thereby receiving higher freight rates.

Standard Oil's 1923 Dividends Smash Record With 134 Million

NEW YORK, Nov. 23.—Despite the depression in the oil industry this year, cash dividends paid by the Standard Oil companies for 1923 have reached the record total of \$134,957,372, compared with the previous high amount of \$129,009,865 in 1922.

According to a compilation prepared by Jenks, Gwynne & Co., specialists in Standard Oil securities, the increase has been due to larger distributions by many of the Standard Oil companies. In no case, it was pointed out, were increases of larger size, the most important being a \$4,500,000 additional payment by the Standard Oil Company of Indiana and \$3,500,000 by the Vacuum Oil Company. The largest dividend payments were attained in the face of reductions by the Buckeye Pipe Line, Indiana Pipe Line and the New York Transit Company, amounting in all to \$12,200,000, these three having made larger extra pay-

BIRTHDAY PARTY.
Little Miss Ella Spencer was the charming young hostess yesterday afternoon when she invited a number of her friends to help celebrate her tenth birthday anniversary, at her home on Hughey street.

The color scheme of pink and green was artistically carried out in the decorations and other details. In the dining room the table was laid with a lace cloth and centered with the birthday cake iced in pink and topped with ten tiny pink tapers. Around the base of the cake was an effective arrangement of asparagus ferns and rose buds. Suspended from the chandelier to the corners of the table were streamers of pink. The place cards and nut cups were also of pink.

The afternoon was merrily spent with games both old and new and several interesting contests were featured. At a late hour the hostess assisted by her mother, Mrs. G. W. Spencer, Mrs. Morris Spencer and Mrs. Claude Herndon served refreshments of jello topped with whipped cream and cakes. The favors were cunning little turkey gobblers and hens filled with candies.

About twenty children enjoyed this happy occasion and the young hostess was the recipient of many beautiful gifts.

THIRTEEN BRIDGE CLUB.
Mrs. B. L. Perkins was the gracious hostess yesterday afternoon when she entertained at bridge at her home on Magnolia avenue, the guests included the members of the Thirteen Bridge Club and an extra table of players.

The rooms where the card tables were arranged with a profusion of cut flowers in the various shades of yellow carrying out the color motif of yellow and green.

Scores were kept on tallies decorated with pumpkins and turkeys, suggesting the approach of Thanksgiving. When scores were counted after several absorbing games of bridge, the prize for the high score among the club members went to Mrs. Harry B. Lewis, while the high score guest prize was awarded Mrs. W. A. Pitts, both were presented pottery bowls of narcissus bulbs.

At the conclusion of the card game, the hostess assisted by Mrs. Mary Strong served a delicious salad course with coffee.

The favors were dainty nut cups of yellow filled with candies and nuts. A number of friends joined the players for tea.

WEBSTER-ALLEN.
In the presence of the immediate families and a few intimate friends, the marriage of Miss Waunita Allen and Mr. George Webster, was beautifully solemnized Sunday morning at half after ten o'clock at the home of the bride's parents on Second street, Dr. W. J. Carpenter, pastor of the First Methodist church, officiating, using the impressive ring ceremony.

The lower floor was opened an suite and effectively decorated with quantities of large potted ferns, palms and other plants forming a rich background for the myriad of cut flowers artistically arranged in baskets. The stairway was covered with white studded with sprays of feathery asparagus ferns. In the living room where the solemn words were spoken, an improvised altar was placed. Suspended over this was a large white wedding bell, the clapper being one huge white chrysanthemum.

While the guests were assembling a lovely program of nuptial music was rendered by Mrs. C. A. McKay. Using as a processional, "The Bridal Chorus" from Lohengrin, and Mendelssohn's Wedding March, as the recessional.

Promptly at the appointed hour, the bridal party descended the stairs and took their places before the altar. The groom and his best man, Walter Tyler entered first. They were followed by little Miss Anice Cripe and Roy Allen, Jr., who carried French baskets filled with rose petals which they scattered in the path of the bride.

Little Anice's frock was of cream canton crepe with trimmings of brown, worn with a becoming poke bonnet and shoes to match. Guy, Jr.'s suit was of brown satin worn with blouse of pongee.

The bride entered with her maid of honor, Miss Carrie Darscy, who was attired in a smart costume of Copenhagen blue flowered crepe de chine, with trimmings of gold lace. With this she wore a large picture hat with ostrich trimmings. Her flowers were of roses in the various shades of pink.

The bride, a pretty brunette, was youthfully lovely in her wedding gown of soft brown crepe de chine, with accordin pleating trimmings. Her hat was a chic model of panne velvet draped with a lace veil. Other accessories were in matching tones. She carried a shower bouquet of bride's roses and valley lilies.

Immediately after the ceremony, the happy young couple left on the points keeping their destination a secret. After November twentieth they will be at home to their friends in New Smyrna where the groom has a new bungalow awaiting his bride.

Mrs. Webster is traveling in a costume of dark brown embroidered velvet, her hat is a small model of brown to match.

The bride is the youngest daughter of Mr. and Mrs. L. L. Allen, Jr., and has made Sanford her home for a number of years, having received her education here at Sanford High school, and possesses an exceptional graciousness and charm of manner which has made her a favorite with a host of friends.

Mr. Webster is the son of Mr. and Mrs. George Webster of New Smyrna, and holds a responsible position with the East Coast Railway.

The large number of friends of Mr. and Mrs. Webster will join in wishing them every future happiness.

Among the out of town guests were Mr. and Mrs. George Webster of New Smyrna, parents of the groom, Mr. and Mrs. O. E. Watts of Bartow, uncle and aunt of the bride, Mr. and Mrs. H. M. Kilgore of Plant City, Mrs. Smith of New Smyrna, sister of the groom, Mr. and Mrs. J. H. Mathews of Candler, uncle and aunt of the bride.

The morning session was called to order by the State Grand Organizer and Inspector, Mrs. Marie Launt of Jacksonville. At this time a portion of the time was spent in going over the Constitution and By-laws, and an examination was also held, this chapter making 100 per cent in answering these questions.

As the session adjourned for luncheon which was held at the home of Mrs. Griffin, who served a delicious six course luncheon.

The afternoon session was called to order by the president of the local chapter, Mrs. Alfred Lilla, at this time several matters of important business were transacted and the impressive initiation ceremony was put on, and Mrs. Horkey initiated. After this impressive ceremony, Mrs. Launt gave a very instructive and interesting talk on the work. This was followed by inspiring talks by her usual graphic style some echoes from the conference, telling of her trip, its happenings and inspirations. A social half hour followed during which delicious refreshments were served.

Assisting Mrs. Kelly as hostess Mrs. Welsh, president of the Lakeland Auxiliary and Mrs. Sheldon of Orlando, both of these were greatly enjoyed by all.

At the close of the meeting, Mrs. Crosby, in her usual charming manner and well chosen words, presented Mrs. Launt with a handsome remembrance, as a token of appreciation from the local auxiliary.

The meeting was then turned over for a social hour, the hostesses, Mrs. Ernest Krupp and Mrs. Jim Moye serving delicious chicken salad, saltines, loaves, hot chocolate and cake. A number of ladies from Jacksonville, Lakeland and Orlando joined the local auxiliary and enjoyed this splendid meeting.

LOVELY BIRTHDAY DINNER.

The home of Mrs. Claude Herndon was converted into a lovely indoor garden last evening when she entertained at a surprise dinner, honoring her son Claude, whose twelfth birthday anniversary it was.

Palms, potted ferns and plants formed a dark rich background for the quantities of exquisite red roses, charmingly arranged in baskets and vases throughout the various rooms. In the dining room, the table was laid with a handsome cloth and the center was graced with a crystal vase holding red roses and sprays of asparagus ferns. At each place were miniature turkey gobblers, used as place cards, these were filled with candies and were given later as favors. The color motif of red and green was carried out in every detail of this lovely affair. At six o'clock a delicious six course dinner was served. The cutting of the birthday cake, which was brought in after the last course, and was iced in white and topped with twelve tiny red tapers in rose holders, afforded much merriment. Kinchen Powers cutting the lucky dime.

Following the dinner, the guests enjoyed the "Zane Gray Story," "The U. P. Trail" at the Princess Theater. Covers were laid for Claude Herndon, Kinchen Powers, Lish Morse, Bill Morse, H. C. Waters, Leonard Miller, H. D. Coney, Evans Spencer, O. P. Herndon, Jr.

The first session of the Florida Federation of Women's Clubs in convention at West Palm Beach was held

tomorrow from Atlantic Beach, where she has spent the past week.

Mr. and Mrs. F. D. Mauldin, of Atlanta, arrived here yesterday and will spend a short time here at the Montezuma.

Robert Hier, of Washington D. C., was among the arrivals here yesterday and is making his headquarters at the Montezuma.

McVay Lindsay, of Cocoa, spent the day here yesterday transacting business and was registered at the Montezuma.

Among the tourists arriving in Sanford yesterday were Otto George, of Minneapolis, Minn., and E. Sully of Flint, Mich.

Miss Anna Kanner and Mrs. Gus Kanner motored to Kissimmee yesterday, where the latter went on business.

Mrs. George De Cottes returned home yesterday from Jacksonville, where she has been the guest of Mrs. G. A. De Cottes and Miss Mary De Cottes for the past two weeks.

Mr. and Mrs. F. S. Daiger motored over from Tampa today and are the guests of their son and daughter, Mr. and Mrs. Fred Daiger, Jr., at their home on Fourth street.

Mr. and Mrs. J. R. Stewart are returning home this evening from Tampa full of pep after a good meeting with the State Florists' Association.

L. R. Lewis, of Avon Park, Cliff Haggott, of Valdocta, Ga., P. M. Fleurnon, of Orlando, and J. H. Wragger, of Ferandina, were a group of business visitors in the City Saturday.

combined with ferns were effectively used in the various rooms.

The members spent the afternoon sewing for the bazaar, under the direction of their leader, Mrs. S. E. Barrett. Late in the afternoon refreshments of hot chocolate and cakes were served by the hostesses assisted by their mother, Mrs. J. W. Mero.

On next Tuesday afternoon the G. F. S. will meet at the home of Miss Georgia Mobley on Myrtle avenue.

The members present yesterday were Mrs. S. E. Barrett, Misses Grace Dillon, Velma Shipp, Georgia Mobley, Jeanne Maxwell, Olive Newman, Tillie Benjamin, Dorothy and Florence Mero.

ALL DAY MEETING CIRCLE 2.
Yesterday the members of Circle No. 2 of the Methodist church held an all day meeting at the home of Mrs. C. H. Smith, on Third street, for the purpose of sewing for the bazaar. Quite a bit of work was accomplished both during the morning and afternoon.

At noon, the members enjoyed an oyster dinner, with salad and coffee. At this time they were joined by Dr. and Mrs. W. J. Carpenter.

During the afternoon the members were entertained by Dr. Carpenter, whose ready wit and jokes are always enjoyed. The members will long remember the "drug Lodie," as told by Dr. Carpenter.

A number of new members were admitted into the circle yesterday and much interest has been created by these all day meetings. The next meeting will be held at the home of Mrs. Hughey on Fifth street.

At five o'clock sewing was put aside and the guests were joined by a number of other circle members and tea and wafers were served.

Among those helping yesterday were Mrs. L. R. Phillips, Mrs. S. O. Shinnholser, Mrs. Harry Wilson, Mrs. McCauley, Mrs. C. L. Goodhue, Mrs. P. M. Elder, Mrs. C. H. Smith, Mrs. J. M. Telford, Mrs. L. Y. Bryan, Mrs. R. W. Turner, Mrs. J. W. Rutledge, Mrs. William Musgrove, Mrs. W. J. Carpenter, Mrs. Hughey and Mrs. M. Douglas.

DAUGHTERS OF WESLEY CLASS DELIGHTFULLY ENTERTAINED.
Last evening, the lovely home of Mrs. B. J. Starling, was the scene of one of the prettiest parties given during the autumnal season, when Mrs. Starling, Mrs. C. A. McCay, Mrs. A. K. Powers, Mrs. C. U. Stokes, Mrs. John Sneed, Mrs. Frank Adams and Miss Lyle Kenny, entertained the members of the Daughters of Wesley class.

The spacious living, reception and dining rooms were converted into a veritable fairy woodland, with boughs of foliage in the shades of red, brown and gold, forming an artistic background for baskets and jardens of crimson roses and yellow chrysanthemums. The lights were shaded in yellow which cast a mellow glow over all.

Many guests were indulged in during the evening, the feature being the "Nursery Rhyme Contest," Mrs. Robert Thrasher having the most rhymes was given the prize, a chic French doll.

TODAY'S BIBLE THOUGHT
The eternal God is thy refuge, and underneath are the everlasting arms.—Deut. 33:27.

Every loyal Sanford resident should support the boy scout movement.

Mail your packages for Christmas early and save disappointment.

Tell your friends in the north more about "the world's greatest vegetable section."

Your future will be insured not by what you earn today but by what you save.

Tampa's Y. M. C. A. has more than a thousand members and is a shining light in that important city.

Sarasota is to be congratulated upon having such a newspaper as the Times. A recent issue contained twenty-eight pages of live boosting matter.

Tampa is gloating over the fact that a Tampa resident won five prizes for Persian cats exhibited at the state fair and that with strong competition.

Associated Press despatches say that Gabriel d'Annunzio has declined a medal of honor, and is refusing all decorations and diplomas. Atta boy, Dan! It takes more nerve to turn down a Croix de Guerre than it takes to win one.

Governor Hardee says that the people of the state should give thanks "In gratitude for the sturdy souls and deep piety of those hardy pioneers who established the thanksgiving custom while laying foundations for the future Republic."

Says the Tampa Tribune: "Leaders in Tampa society nowadays seem to be selected from those who can score the most booze. At any rate these candidates do not appear to have any difficulty in getting acceptances to an invitation."

Herbert Felkel is doing some fine work for Florida in the publication of his magazine, "Sunshine." The November number is a dandy and should be secured by Florida boosters for distribution among their friends. The magazine is published in St. Augustine where Herbert Felkel edits the good St. Augustine Record.

According to the Eustis Lake Region California growers have reached the conclusion that keeping bees in orange groves is bad practice. This is "Illiteracy Day" in "Education Week." The United States census department will furnish upon request the number of illiterates listed in Seminole county. We haven't seen the figure, but would be willing to bet that the percentage of illiteracy in this section of Florida is creditably low.

Do It Today

Something like ten days ago—a week ago last Tuesday, to be exact, this paper published a letter "to the good people of Florida" from Marcus C. Fagg, State Superintendent of the Children's Home Society of Florida. The Herald wishes it had a way of knowing what the response to that letter will be.

Mr. Fagg spoke first of the need of homes and kindly foster parents for the children in the Society's care. He must have thought, when he sent that letter to Sanford, of this rich country all around where happy people live and prosper and where, surely, there is room and loving welcome for some of the little boys and girls who so early in life have been cast upon the mercy of the world.

Mr. Fagg also spoke of the great need, the near-desperate need of funds to carry on the Society's great work. He doubtless thought that out of Sanford's plenty, and even from individuals and families in Sanford who would have to deprive themselves of seeming necessities to answer the plea, money in some amount would be rushed to Jacksonville for what has been so aptly called "the state's greatest charity."

Mr. Fagg voiced, too, the pleading of the Society for food and clothing. Thanksgiving will come next week, and Mr. Fagg and his co-workers should rightfully expect wonderful gifts of fruit and vegetables, of jellies and jams and chickens and turkeys—of all sorts of good things to eat at the Thanksgiving Day feast.

Thanksgiving Day where every little homeless boy and girl is supposed to feel grateful for the blessings of life! That would sound like the veriest irony, if it were not that rich blessings are really coming to some of these little ones—coming, perhaps, from Sanford to a greater extent than ever before.

Let us forget, send your contribution of money, or your gift of food or clothing today. The treasurer is R. V. Covington, St. James Building, Jacksonville. The Children's Receiving Home, to which packages should be sent is located at 1904 Riverside Avenue, Jacksonville.

Do it today.

"Own Your Own Home" Campaigns Needed

One of the most successful men we know believes that every town and county should conduct an "Own your own home" campaign once a year.

"Of course," he said, "the own your home home" preaching should never stop, but a set campaign, planned by men who are enthusiastic over the idea, could be of untold benefit to any town."

The speaker then went on to show how not only the persons who are induced to own their own homes would be benefited, but how the community in general would be aroused and interested by the propaganda and programs.

"Why, only about one man in a hundred," he declared, "has any idea of what advantages his home town actually offers for investors. The home people are the last to wake up to their opportunities. Young men and young women should be persuaded to buy property in their home towns, and to improve that property, if it is in a no more conspicuous way than the planting of a tree."

If this man were in Sanford he might find that the "own-your-own-home" idea has already been generally adopted. But he would find that numbers of Sanford people have little conception of how property values here are going to increase, nor of how "canny" it would be to acquire title to land that some day in the near future will be in demand at double and treble the price that is asked for it today.

Own your own home, and own some other land besides in Seminole county.

Tampa Tribune's Tribute to Work of Holly

An announcement of unusual interest to the state press is the sale of The Sanford Herald by Robert J. Holly. The purchasers are Reese Combs, Rollin L. Dean and R. H. Berg, all of Miami.

Editor Holly—for although he may quit the newspaper game for keeps, we can't reconcile ourselves to giving him any other title than the one he has won so long and so honorably—announces that he feels a sense of personal sacrifice in parting with the Herald, but feels that his interests demand it. The new owners will, of course, continue the publication of the paper. One of them, Rollin Dean, is a son of Bobo Dean, for many years owner and publisher of the Miami Metropolis, which he recently sold to James M. Cox. If the younger Dean inherits any of the newspaper genius and capacity for success of his father,

the Sanford triumvirate should prosper. The loss of Robert J. Holly to Sanford will be keenly felt by that city, for he has been a faithful and a devoted booster for it and for all the interests of the surrounding territory. It is to be expected that the new owners and editors will continue this policy. Thousands of Floridians, including the entire state press, will watch with interest Mr. Holly's future, and wish for him uninterrupted happiness and prosperity.

Orlando Sentinel: Machine politics has reduced Florida's political leaders to the point where Pete O. Knight and Sidney J. Cutts are our only two statesmen heavy enough to get mention in the papers outside of the state.

State Press Comment

A bride is a person who has been talked into promising to work the balance of her life for her board and clothes.—Daily News.

Ocala Star: Col. Bob Davis of the Gainesville Sun is worried because of lack of interest in the political campaign of 1924. There is no lack of interest, Colonel, but the people want to eat their Thanksgiving dinners and give and receive their Christmas presents before beginning the campaign.

Macclenny Standard: Judge Parkhill being out of the governor's race it leaves the running up to Martin Jennings and Catts. Lindsay will hardly enter the race, it is thought by those who are in a position to know. If he does he will have to do some rapid campaigning to overcome the lead Martin and Jennings already have.

Physical education is declared by Garland W. Powell, Director of the American Commission of the American Legion to be one of the principal factors in education.

"Children's Book Week" this year is said to have brought a most gratifying display of interest in children's literature. No child is going to read trash if he is amply supplied with entertaining books of the right sort. It is the child who is starved into it, or driven to it by the deadly dull or namby-pamby stuff selected by misguided elders, who finds pleasure in unwholesome reading.

Ford's Golden Rule In Business

Lakeland Star-Telegram

In a recent issue of "System," Henry Ford outlined the business creed under which he operates and to which he attributes his marvelous success. What the great manufacturer says and the stress he places on the simple rules of business honesty and integrity, are worth pondering over by every man and woman engaged in any business enterprise, be it small or large. These are his four cardinal principles:

An absence of unreasoning fear of the future. One who fears the future, fears failure and therefore limits his activities.

A disregard of competition. Whoever can do a thing ought to be the one to do it.

The putting of service before profit. Profit cannot be the basis—profit must be the result of service.

Successful manufacturing is not a

matter of buying low and selling high. It is the process of buying materials fairly and, with the smallest possible addition of cost, transforming those materials into a consumable product.

Mr. Ford says: "I hold that these principles are universal and the practice of them must lead to a better and a wider life for all of us. If I did not think so, I would not keep working—for the money I make is inconsequently. Money is useful only as it serves to forward the principle that business is justified only as it serves. Unless everybody benefits by the existence of a business, then that business should not exist."

So here we have the essence of business enterprise in its widest and fullest sense. The trouble with us is a practical application to which we all probably give at least moral and mental assent.

Leisure In Road Building

Orlando Reporter-Star

There is not at this time a single road by which the people of the interior of Florida, or from any other point of the globe, can reach the east coast by auto without travelling over roads almost impassable.

One naturally inquires, "Where is the fault?" Tax payers vote bonds freely. Then there is a sale of the bonds made. After some delay, specifications for the roads appear, and bids are advertised for. Bids come in, or are parcelled out according to the notions of contracting companies. Contracts are let with specified dates fixed for beginning the work and for completing it. The times are few when the work is begun on time, and still fewer when completed within the time limit fixed by the contract.

Were these delays of short duration they might be tolerated with some

degree of patience. But when they drag on into months and years the case becomes more aggravating. And no one seems to be held responsible for these long delays. Yet some one must be at fault. And who that some one is would be interesting news to the tax payers.

This county is no exception to the rule. East coast officials seem as timid about hurting the feelings of contractors as any officials in the state, and state road officials only ask to be let alone in their leisure. The road from Kissimmee to Melbourne was begun so long ago that the memory of man runneth not to the contrary. Yet if one undertakes to drive that route in going to the east coast he must be certain of the weather in advance or have a mule team engaged to pull his car out of the flat woods muck.

This recital of facts is not intended as news. In fact it is ancient history. It is only intended as a means of warning some one under the collar sufficiently to bring forth some new explanation along with the spouting wrath because some one should make so bold as to criticise public servants.

LIFE TO BE TWENTY YEARS LONGER IF TESTS WORK OUT SUCCESSFUL

BY STEVE HANNAGAN

NBA Service Staff Writer.
NEW YORK, Nov. 22.—Twenty years will be added to the average span of life within the next 50 years. At least this is the plan to which the American Public Health Association recently dedicated itself.

Two million dollars will be spent in three communities—rural, city and congested tenement—within the next five years in an effort to stamp out many of the irregular causes of death. The money will come from the Milbank Memorial Fund.

The tests will be conducted in Cataugus county, a typical rural district in the western part of New York state with a population of 72,000, and in the city of Syracuse, N. Y., which has a population of 175,000. A tenement section comprising 200,000 is yet to be chosen.

The results of these tests, if they are successful, will be offered to every community in the United States.

"We hope to make all local health departments as active, vital and efficient as the best fire and police departments," said John A. Kingsbury, former commissioner of public welfare in New York City, and secretary of the Milbank Fund. He is the man entrusted with the expenditure of the \$2,000,000, which will be matched practically dollar for dollar by the communities in which the interesting tests will be conducted.

People Interested.

"If the cause of premature death can be eradicated in three representative communities, they can be excluded, or at least reduced, in all localities," he pointed out. "If we are as successful in the test centers as we hope to be, we are confident that people throughout the country will insist on the adoption of the successful health regulations."

"It is all a part of the plan to increase the span of life 20 years. We hope to be assisted in our work through the co-operation of all the regular established health and social organizations."

The first two years of life are the hardest, 1910 figures show. When a child was born it was immediately allotted 51 1/2 years by the statisticians. If he got over the two years successfully six years were added to his prospective sojourn on earth.

At the age of ten, kiddies had a better paper chance of reaching old age than the day they were born—but after that the chances began to proportionately diminish with each succeeding year.

Upon reaching the age of forty 28.2 more years were added and at 51 a one-way ticket to the 71-year station was handed out by the chart makers.

At the ripe old age of 90 the odds shifted to 3.3 more years of life—and at 100 the word went out, "He'll live just 1.35 more years." After the century mark the books were closed.

In 1921 the mortality rate was low and the expectancy of life high—out. Infants born in that year could look forward to 58.1 years of living. With the proposed 20 years added, infants of the future will start at scratch with 78.1 years to go.

Advancement.

The life span was extended more in 1921 than in the previous decade. In 1922 the record was almost as good as in 1921. The first six months of 1923 show an improvement over 1922 and may excel the 1921 record, the best ever registered.

"The purpose of the tests," said Mr. Kingsbury, "is to determine which diseases more readily yield to concerted attack."

The work will be thorough, beginning before children are born and continuing most intensively during the first three years of life—during the dangerous age. All diseases will be taken up in the order of their destructive tendencies in relation to longer life.

Mrs. Elizabeth Milbank Anderson, founder of a \$10,000,000 fund for constructive health measures, was the daughter of Jeremiah Milbank, wealthy New Jersey merchant. She died in 1921.

Says Teethina Saved Her Baby From Sickness

"I am confident that Teethina saved my baby from a bad spell of sickness," writes Mrs. R. L. Wacaser, 303 E. Valentine St., Tyler, Texas.

"While teething, she fretted all the time and her crying was pitiful. I gave her Teethina every night and she soon got over her trouble and cut her teeth without any pain.

"She had whooping cough, too, when 6 months old, but it didn't hurt her, for I kept up the Teethina treatment and she began to fatten up and look like a different child. My mother used Teethina with her children, and that is how I came to use it with mine."

Teethina is sold by all druggists, or send 30c to the Moffet Laboratories, Columbus, Ga., for a package and a free booklet about babies.

Credits Red-Heads With Perseverance-Ambition

(By The Associated Press)
BERKELEY, Cal., Nov. 22.—Red-haired persons make the best explorers and conquerors, contends Herbert E. Bolton, professor of American history at the University of California. He credits them with great initiative and persevering ambition.

The professor cites in support of his theory Columbus, Pedro de Alvarado, the most noted of Cortes' assistants, and O'Connor, prominent in the expansion of the American southwest, all were graced with red hair.

Professor Bolton recalls that recently a tribe of cannibals in the South Sea Islands killed all but one of a group of explorers. The man spared had red hair, which the primitive mind took for a symbol of extraordinary power. The savages, moved by some tribal taboo, feared him.

The reader is reminded also that a short time ago a San Francisco firm advertised for red-haired salesmen only.

F. E. A. MEET

WINTER PARK—The Florida Education Association will hold a three-day meeting at West Palm Beach beginning January 2. According to present plan the program will be featured on the first day by an address by W. S. Dr. Burton formerly was president of Smith College and is said to be one of the most forceful speakers in the country.

Robs Calomet of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotab"

The latest triumph of modern science is a "de-nauseated" calomet tablet, known to the drug trade as "Calotab." Calomet, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomet was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.)

Bad Mental Habits Cause Of Our Ills

ATLANTA, Ga., Nov. 22.—When we are all as interested in healthy minds as in healthy bodies we won't average three days in bed per capita out of the 365 here in America. This is the opinion of Miss Blanche G. Loveridge, leading Atlanta psychologist, who makes the assertion that people have too many bad mental habits.

"Everyone recognizes bad physical habits, but we are nowhere nearly so clever about the mind," Miss Loveridge said today. "Bad mental habits in high places are the cause for all the social unrest, political feuds, economic irregularities and general low ideals. A great, big, splendidly educated man in the president's chair or a beautiful, charming and able club woman, may be guilty in this respect and people often never suspect why each of these is a storm center. The secret is right here—bad mental habits."

Result of Mental Habits.

Miss Loveridge says that bad mental habits come under five different heads. She enumerates them as follows:

"If you talk about sickness, misfortune, trouble, poverty or any limitation in yourself, your family, your neighborhood or your locality; your are exposing a bad condition of your mind.

"If you dislike, suspect, criticize, libel or slander someone openly or on the sly, you have a bad mental practice.

"If you exaggerate, over-emphasize or willfully misstate you are guilty of an unwholesome mental activity.

"If you doubt, continue anxious, worry or fear you are not healthy minded, no matter what excuse you may seem to have.

"If you covet, envy or are jealous your mind is sick. Stop tampering with your bodies. The cause of disease is in your mind."

Miss Loveridge recently delivered a series of lectures at the Carnegie Library in Atlanta and hundreds of men and women flocked to hear her. Many Atlanta club women claim to have cured themselves of various ills as the result of mental treatment, as advised by Miss Loveridge.

NEW CONCRETE STAND.

MIAMI—A concrete stand large enough to seat about 1,200 persons is planned for Miami's new municipal baseball park. Architects have estimated such a stand can be erected at a cost of around \$25,000. City Commissioner Leffer, during discussion of the stand, let it be known that one of the major league teams probably will train here next spring.

DEFER ACTION.

TAMPA—The city commission has decided to defer calling an election to pass on a bond issue for \$2,731,000, to provide funds for public improvements, until after the voters have decided the question of annexing additional territory to the city. This special election to be held next Tuesday, November 27. It is expected now that the bond election will be held about the middle of January.

PLENTY OF PUMPKINS

By Helen Harrington Downing

Anyone who has ever lived in New England or ever passed the winter there will tell you that Pumpkin Pie is a great favorite. In fact, we can trace it back to Colonial Days and the times when Thanksgiving dinner was a festival to which everyone long looked forward to.

In the Western states, people are told that in New England, pie is served at every meal. The present generation deny this, but if the point is pressed will admit that hot mince, apple or pumpkin pie is occasionally present at the morning meal.

After living in New England three years myself, I will add that they certainly know how to make pie. In the home where I boarded while teaching in the East a whole pie was placed on the table twice and frequently three times a day. Not only were we given one pie but often two kinds formed the centerpiece from which we could take our choice and cut our own piece.

In the Eastern states the people look forward for weeks to Thanksgiving and Christmas, especially those living on the large farms and in the old fashioned city houses. With plenty of room to entertain the entire family there is no festival day that offers a better opportunity for a glorious time.

To see a load of golden pumpkins that the farmers gather in from the fields each fall takes one back to the days of Jack o' Lanterns and the early memories of visits to grandparents on the farm.

In the city the average housewife usually finds it easier to purchase a good brand of the canned pumpkin than to purchase the pumpkin itself, peel and cook it for hours, then can it to be used at a later day, to make it into pies and pudding, but on the farm where they are plentiful, it is preferable to prepare one's own.

There are several points to know about this canned product which are most valuable to remember. Canned pumpkin is cheaper than any other pie filling and considerably cheaper than practically all other canned foods.

Pumpkin pies have but one crust, requiring but half the flour used in other pies. The use of one level teaspoon of baking powder to each cup of flour for a light flaky crust is advisable.

Pumpkin may also be used in puddings where no crust is necessary.

Plain Pie Paste.
3 cups flour
1/2 level teaspoon baking powder
1 level teaspoon salt
3/4 cup lard
Cold water

Sift together dry ingredients thoroughly. Work in lard with knife or spatula. Moisten to a dough with cold water. Put lightly on floured board, and roll thin, ready for use.

Note: Pie crust is often made without baking powder, but it requires

much skill and practice, as well as more shortening to make it tender and flaky. And when a plainer and more economical crust is desired, the use of a little baking powder will produce the results required. If pastry flour is used the results will be found more satisfactory.

Pumpkin Pie.
1 1-2 cups pumpkin
2-3 cup corn and cane syrup
1 teaspoon ginger
2 eggs
1 1-2 cups milk diluted or evaporated milk
Mix, pour into crust, and bake in moderate oven (325 degrees to 350 degrees Fahrenheit).

STUDENTS TO GAIN STORE EXPERIENCE

COLUMBUS, Ohio, Nov. 23.—Pretty co-eds at Ohio state university are going to sell hair pins and ribbons and aid milady in selecting her evening gown while the men are to become floor walkers, elevator starters and managers for a day.

Students in the university department of commerce are going to run one of Columbus' large department stores, December 1, the management having announced they will turn the entire store over to the students that day in order that they may gain actual experience in store management. They will be assigned positions in accordance with the subject in which they are specializing—salesmanship, accounting, advertisement or business management.

TO ELIMINATE SIGNS.

AVON PARK—The board of county commissioners of Highlands county has adopted a resolution, offered by Chairman William King, barring advertising signs of all descriptions from the public rights of way in the county. The resolution calls for the removal of such signs and asks the citizens to "take an active part in carrying out and making" the decision effective. Vote on the resolution was unanimous.

"The beauty of the rights of way of the public roads in Highlands county is continually being marred by the placing of signs, posters and other articles tacked on trees, etc," said the resolution which added that "the best interests of Highlands county demands that the signs, posters and advertising matter be removed from the highways and be banned in the future."

ODD FELLOWS TO MEET.

ORLANDO—The program will be completed soon for the meeting here in December of the Odd Fellows of Florida, and complete plans will be announced at an early date. A record attendance is expected at the meeting. Not only are delegates from all lodges in the state expected to attend, but large numbers of members of the order from central Florida have indicated that they will be here for the occasion.

While here an investigation will be made by the grand lodge committee which has in hand selection of a site for the Odd Fellows Home. Several sites have been suggested near Orlando for that institution.

The Herald office for first-class job work.

HILLSBORO TO EXHIBIT

TAMPA—A committee to devise plans for financing an exhibit from Hillsboro county at the Madison Square Garden (New York) Florida exposition next February, has been appointed by the board of trade. It is estimated that the exhibit will cost about \$5,000, which members of the board will look to the committee to devise plans to raise.

NEW ROADS IN DUVAL.

JACKSONVILLE—The board of county commissioners has before it a petition for a 100 foot right-of-way on the Orange Park road, which was accepted at its last meeting. A similar request covering the San Jose Boulevard was accepted. These thoroughfares will be rebuilt under the \$2,500,000 bond issue that was passed some time ago.

PAVING STREETS.

FORT MYERS—Pavement for certain streets, construction of a complete gas plant, extension of storm sewers, water mains and sanitary sewers will be provided for in plans the city commission has about completed for submission to the voters who will be asked to provide funds for the work by issuing bonds. Probably a million and a half dollars will be called for to carry out the entire will be asked to vote a million dollar program, and the voters probably will be asked to vote a million dollars in the first issue for the work.

LAKELANDS BUILDS STREETS

LAKELAND—Twenty-three miles of street paving to cost approximately \$1,000,000 is called for in petition that have been approved. The matter probably will be presented to the people by city authorities within a few days. The paying will be done on a fifty-fifty basis.

COMMUNITY THEATER TO OPEN

MIAMI—A community theatre, which will cost \$125,000, and is being erected by the people of Miami Beach, probably will be ready for opening by Christmas, or soon thereafter. The building now is being wired, and as soon as this is completed, a big organ will be ready for use. Decorations for the theatre will be furnished by a Philadelphia concern.

CELEBRATION IS PLANNED

WEST PALM BEACH—A celebration is being planned for the near future of the opening soon of the West Palm Beach-Belle Glade link of the West Palm Beach-Fort Myers road. Jules Burguières and H. E. Robinson of the chamber of commerce, and Tom Bryan, road contractor, have visited Belle Glade and discussed with the Belle Glade community council the most suitable date, and indications are some time in December will be agreed upon for the celebration. The local chamber of commerce and the Belle Glade Community Council will co-operate in planning the occasion.

BOND ISSUE FOR LABELLE

LA BELLE—The voters of this city will be called upon at an early date to pass on a \$25,000 bond issue for city improvements. A motion was unanimously adopted at the last meeting of the city council authorizing definite action in this direction.

EVERGLADES NOW NORMAL; ENGINEER MAKES STATEMENT

Water Resumes Normal Levels—No More Descriptive Statement For Present

TALLAHASSEE, Nov. 23.—Conditions in the Everglades Drainage District have assumed so nearly a normal state again that the chief drainage engineer has decided to discontinue issuance of descriptive statements. The final reports of water levels, rainfalls, etc., issued this week, showed that there has been no change of consequence for many days, with dry, cool weather obtaining in the Okeechobee section, and water levels gradually lowering.

The final statement follows in full: East Coast section—No changes of consequence in drainage conditions were observed in the East Coast section of the Everglades during the week ending November 17. One or two scattered showers occurred which were beneficial. Water levels are low in the canals and crops show the seasonal advance.

Okeechobee section—The week was generally dry and cool in the Okeechobee section, with the exception of one or two light scattered showers. Water levels in the canals continued their downward movement and drainage levels in the main canals in most cases are satisfactory. Plantings and clearing of land increased during the week. Shipments of fall, and early winter vegetables are reported from several sections. Lake Okeechobee showed a slight decline, the level at the end of the week being at 18.8 feet. Caloosahatchee section—Conditions continued approximately as of the preceding week with a negligible fluctuation in water levels. Cool, dry weather during the period.

Winter Park Man Is Mysteriously Missing

WINTER PARK, Nov. 22.—J. W. Dykes of this place is very much worried over the disappearance of his brother, who left Winter Park, he has learned, on the night train, November 11, nothing having been heard of him since that time. Mr. Dykes failed to give the name of brother but has asked the newspapers to assist in locating him. He says that the brother is 28 years of age and that when he left here was wearing a pin-striped suit and tan shoes. He is believed to have been on the way to Sylvester, Ga. Mr. Dykes thinks he was mentally unbalanced when he left here. He asks that any information concerning the missing man be sent to J. W. Dykes, Winter Park, Fla., and he will reward the sender.

Surgeon Remodels Puffy Eyes.

How the application of plastic surgery, the sculpturing of human flesh, to peace times, is making beautiful those who are hideous and restoring youthful charm to the aged is described by Zoe Beckley in McClure's Magazine for October. In an eyewitness account of an operation performed by Doctor LeRoy Stoddard, noted plastic surgeon of New York, Miss Beckley writes: "Doctor Stoddard marked the zone of the operation just beneath the lower lashes with a blue pencil. A few pricks with a hypodermic needle injected a local anesthetic of cocaine; and the patient chatted with the operator not only while a sharp, razor-like instrument ripped out the superfluous half-moon of skin, but while stitches of black silk, like heavy eyelashes, sewed the painless, superficial wound. The above operation was repeated above the eyes; and already it was plain that fifteen years at least had been removed as by a fairy wand from the woman's face. The whole affair was over in less than an hour; and at the end of two days the patient had been removed with the stitches removed, with no trace of a scar."

ODD FELLOWS MEETING

TAMPA—Local Odd Fellows estimate that upwards of forty thousand visitors will come to Florida for the Odd Fellows convention in 1924. This will be the one hundredth anniversary of the sovereign grand lodge. Twenty thousand dollars as prizes will be given to the best drilled degree teams and lodges having the largest attendance at the convention.

GUESTS OF ELKS.

MIAMI—Governor Hardee will be the guest of honor at the Elks Memorial celebration here Sunday, December 2 at which he will deliver the memorial oration. He will spend the following day in the city. The governor will be met at the train by a reception committee and accompanied to his quarters.

RED CROSS PLANS. NEW BOULEVARD.

TAMPA—It is not unlikely that the American Red Cross life-saving department will establish a training base here. Information has been received here that Commodore Longfellow, director of the life-saving work, will visit this city some time during January, accompanied by David Yates, life-saving director of the southern division, which looks to Tampa as the base chapter. The work here is under the direction of Fred Kushmer, long distance swimming champion of the south. Mr. Kushmer directs 35 senior volunteer life savers, 26 juniors, seven examiners and instructors.

SCHOOLS INCREASE.

ST. PETERSBURG—School enrollment in this city increased more than 425 per cent during the ten years from 1913 to 1923, according to statistics compiled by Frank Robinson, school trustee for this district. This increase compares with one of 100 per cent from 1903 to 1913. Twenty years ago there were only 400 students enrolled. The number jumped to 800 by 1913, the school records show, while from that number the attendance rose to 3,490 at the beginning of the 1923 term. There were twelve teachers in the schools in 1903 while there are 85 today, and 30 in 1913. The pupils occupied 16 rooms in 1903, 25 rooms ten years ago, and 85 this year.

EVERGLADES NOW NORMAL; ENGINEER MAKES STATEMENT

Water Resumes Water Levels—No More Descriptive Statement For Present

TALLAHASSEE, Nov. 23.—Conditions in the Everglades Drainage District have assumed so nearly a normal state again that the chief drainage engineer has decided to discontinue issuance of descriptive statements. The final resume of water levels, rainfalls, etc., issued this week, showed that there has been no change of consequence for many days, with dry, cool weather obtaining in the Okeechobee section, and water levels gradually lowering.

The final statement follows in full: East Coast section—No changes of consequence in drainage conditions were observed in the East Coast section of the Everglades during the week ending November 17. One or two scattered showers occurred which were beneficial. Water levels in the canals and crops show the seasonal advance.

Okeechobee section—The week was generally dry and cool in the Okeechobee section, with the exception of one or two light scattered showers. Water levels in the canals continued their downward movement and drainage levels in the main canals in most cases are satisfactory. Plantings and clearing of land increased during the week. Shipments of fall and early winter vegetables are reported from several sections. Lake Okeechobee showed a slight decline, the level at the end of the week being at 18.8 feet.

Caloosahatchee section—Conditions continued approximately as of the preceding week with a negligible fluctuation in water levels. Cool, dry weather during the period.

Winter Park Man Is Mysteriously Missing

WINTER PARK, Nov. 23.—J. W. Dykes of this place is very much worried over the disappearance of his brother, who left Winter Park, he has learned, on the night train, November 11, nothing having been heard of him since that time. Mr. Dykes failed to give the name of brother but has asked the newspapers to assist in locating him. He says that the brother is 28 years of age and that when he left here was wearing a pin-striped suit and tan shoes. He is believed to have been on the way to Sylvester, Ga. Mr. Dykes thinks he was mentally unbalanced when he left here. He asks that any information concerning the missing man be sent to J. W. Dykes, Winter Park, Fla., and he will reward the sender.

Surgeon Remodels Puffy Eyes.

How the application of plastic surgery, the sculpturing of human flesh, to peace lines, is making beautiful those who are hideous and restoring youthful charm to the aged is described by Zoe Beckley in McClure's Magazine for October. In an eyewitness account of an operation performed by Doctor LeRoy Stoddard, noted plastic surgeon of New York, Miss Beckley writes:

"Doctor Stoddard marked the zone of the operation just beneath the lower lashes with a blue pencil. A few pricks with a hypodermic needle injected a local anaesthetic of cocaine; and the patient chatted with the operator not only while a sharp, razor-like instrument nipped out the superfluous half-moon of skin, but while stitches of black silk, like heavy eyelashes, sewed the painless, superficial wound. The above operation was repeated above the eyes; and already it was plain that fifteen years at least had been removed as by a fairy wand from the woman's face. The whole affair was over in less than an hour; and at the end of two days the patient would have the stitches removed, with no trace of a scar."

ODD FELLOWS MEETING

TAMPA—Legal Odd Fellows estimate that upwards of forty thousand visitors will come to Florida for the Odd Fellows convention in 1924. This will be the one hundredth anniversary of the sovereign grand lodge. Twenty thousand dollars as prizes will be given to the best drilled degree teams and lodges having the largest attendance at the convention.

GUESTS OF ELKS.

MIAMI—Governor Hardee will be the guest of honor at the Elks Memorial celebration here Sunday, December 2 at which he will deliver the memorial oration. He will spend the following day in the city. The governor will be met at the train by a reception committee and accompanied to his quarters.

RED CROSS PLANS.

TAMPA—It is not unlikely that the American Red Cross life-saving department will establish a training base here. Information has been received here that Commodore Longfellow, director of the life-saving work, will visit this city some time during January, accompanied by David Yates, life-saving director of the southern division, which looks to Tampa as the base chapter. The work here is under the direction of Fred Kusmer, long distance swimming champion of the south. Mr. Kusmer directs 35 senior volunteer life savers, 26 juniors, seven examiners and instructors.

NEW BOULEVARD.

JACKSONVILLE—Rights of way of 100 feet have been accepted by the county commissioners on several thoroughfares in Duval recently. The latest addition to the list are the Atlantic Boulevard to the beaches and on Main street, which is better known as the Fernandina road. Some objections have been filed against the right-of-way being widened on the boulevard to the beaches, but the commissioners express themselves as being confident they can adjust the objections with the property owners.

There will be an important call meeting of the Woman's Guild of Holy Cross church, Monday afternoon at three o'clock at the Rectory. All members are urged to be present.

MRS. SMITH ENTERTAINS.

Mrs. Edward Smith entertained the Royal Neighbors at her home Tuesday afternoon. The rooms were beautifully decorated with the new but famous Los Angeles roses and many games were enjoyed.

Prizes were awarded for a special feature of answers and sentences representing different automobiles. Mrs. G. W. Venable having the largest number correct received a beautiful library scarf.

The consolation prize was awarded Mrs. Ed. Ward and consisted of a comic kewpie which afforded much amusement.

Dainty refreshments were served consisting of chicken salad, fruit and nut salad sandwiches and cocoa. A large number of members and visitors were present.

MRS. PULESTON ENTERTAINS AT BRIDGE-LUNCHEON.

Large shaggy yellow chrysanthemums interspersed with golden cosmos, former the decorations yesterday, when Mrs. S. Puleston entertained at bridge-luncheon at her lovely home in Rose Court, the guests being the members of the Duplicate Bridge Club.

In the dining room, the beautifully appointed table was laid with a dainty yellow cloth and the center graced with a pottery bowl filled with chrysanthemums and cosmos. At each place were cunning pumpkin-shaped nut cups, and marking the places were miniature turkeys. At one o'clock a delicious five course luncheon carrying out the color motif of yellow, gold and green, was served.

Following the luncheon, a number

Delightful Originality of Sanford Hostess Adds Great Enjoyment Palm Beach Luncheon

The delightful originality of the hostess added greatly to the enjoyment of the luncheon given yesterday by Mrs. E. M. Galloway, of Sanford, vice president at large of the Florida Federation to sectional vice presidents, in the private dining room of El Verano hotel at Palm Beach, says The Post.

Mirth reigned supreme, when the place cards were read. Section 6 was represented by "Rock of Ages Brown," whose name appears in the DeLand telephone book as Mrs. E. B. Brown, "Handsome Lucy," or Mrs. W. F. Blackman, of Lake Monroe, Fla., represented Section No. 7. Mrs. Katherine Tippets, of St. Petersburg, representing Section No. 8, was designated as "Katherine, the lady bird," while Mrs. Ethel Porter, of Stuart, representing Section No. 10, was "Real Estate Ethel." Mrs. William Mark Borwin, of Miami, of Section No. 11, was named "Reconstruction Brown." Mrs. W. S. Jennings, vice

president of the general Federation who was an honor guest, was called, "Our First Federation Lady." "Our Beloved Carolina," designated Mrs. J. W. McCollum, of Gainesville, while Miss Elizabeth Skinner's card bore the legend, "Efficiency Skinner." Miss Skinner's mother, Mrs. L. B. Skinner, of Dunedin, was called "Our Friend's Mother," while Mrs. H. M. Stuckey, cousin of Mrs. Galloway, read "Music Mad," at the card at her place. Mrs. Stuckey is from Sumter, S. C., and is the chairman of the South Carolina department of music.

Prevailing decorations at the luncheon were in green and gold, the Federation colors, and in addition to the names, the place cards also bore the Federation monogram in the state colors.

These cards, no doubt will be preserved by the guests, and will serve as pleasant mementoes of this charming affair.

The Post.

o absorbing games of Duplicate bridge were played. When scores were counted the prizes for high scores, perfume bottles, were won by Mrs. Floyd Palmer and Mrs. E. F. Housholder.

Those enjoying the cordial hospitality of Mrs. Puleston were: Mrs. Floyd Palmer, Mrs. Deane Turner, Mrs. George De Cottes, Mrs. R. A. Newman, Mrs. E. F. Housholder, Mrs. F. J. Gonzalez, Mrs. Frank Miller.

SALAMAGUNDA PARTY.
 Mrs. Henry Nickel was hostess Wednesday evening at a surprise Salamagunda party at her home on Hughey street. The party was in honor of her house guest, Mr. Donald Childs, of Warren, Ohio, and her sister, Mrs. Harry Kent, whose birthday anniversary it was.

Small tables had been placed in the living room and library, and at each of these a different game was played. Attractive prizes were given to the winner of each game.

At a late hour, the hostess, assisted by her mother, Mrs. J. C. Entsminger served dainty refreshments of hot chocolate topped with whipped cream, and home made cake.

There were thirty guests present, including the members of Christian Endeavor of the Congregational church.

STRAWRIE AND CHICKEN PILEAU.
 Last evening Mrs. Frank Meisch and Mrs. Fred Brandt entertained about forty of their friends at a straw-rie and chicken pileau at Palm Springs.

The jolly party left in four large trucks at seven o'clock for the Springs, where dancing, games and swimming were enjoyed until a late hour.

A huge bonfire had been built and around this, refreshments of chicken pileau, salines, pickles, coffee and several kinds of cake were served by the hostesses, assisted by Mrs. Joe

Woman's Club News

WOMAN'S CLUB COLUMN
 Mrs. Henry Wight, Editor.
 Phone 163-W.

It is a great pleasure to announce that on Thursday the 23rd of this month—Thanksgiving Day, and the day following, Douglas Fairbanks' superb presentation of Robin Hood will be shown in Sanford under the auspices of the Woman's Club. A liberal percentage of the proceeds will go to the club.

It has been some years since a really worthy exhibition of pictures has been made in Sanford, so many light to the fine collection of Copley prints to be exhibited in December, for three days at the Club House. These prints will vary in size and price and will all be reproductions of famous pictures some in sepia, and some in colours.

Mrs. F. M. Galloway will be accompanied home from Palm Beach by Mrs. Henry M. Stuckel of Sumter, S. C. Mrs. Stuckey is music chairman for her State Federation, and is herself an accomplished musician. Arrangements are being perfected for Sanford folks to have the pleasure of hearing her, along with some of our fine local talent, in concert, on Monday evening the 20th at the Woman's Club. Further announcements will be made later.

WELFARE MEETING.

The regular monthly meeting of the Welfare Department was held Wednesday afternoon at three o'clock with the presiding officer, Mrs. S. Puleston in the chair. After the regular routine of roll call and reading of the minutes the chairman called upon committee chairmen to give reports of the work being done. After listening to Mrs. Thigpen of the Educational committee, the department voted to finish equipping the Home Economics room at the High school. This will be done as soon as the school board finish the room in the basement of the new addition to the school.

Miss Zachary, teacher of Home Economics was present and gave a fine report of the work being done by the High school girls. There has been an increase of ten pupils in the classes this year and with the new equipment to be put in at least twenty-five more pupils can be accommodated and our High school will measure up to all the requirements of the State Board of Education, in this line of work.

Mrs. Henry Wight, cemetery chairman, gave a detailed report of the work done at the cemetery the past year. She said the committee felt the time had arrived to ask for consideration of a different plan to care for the cemetery. She gave three reasons: First, as at present only a certain per cent of the lot owners are carrying the burden of payment which should be equally pro rated.

Second, with the present plan of the department hiring a man there is no one directly responsible to the lot owner for the care of his lot. For fifty dollars a month a well equipped man cannot afford to give all his time to the work, while a mere laborer hired by the month cannot work on rainy days, so they are a complete loss. It is hard to find a club woman to volunteer to stay on the job everyday to direct and plan his work.

Third, as managed at present it is almost impossible to make any attempt at beautification. The nature of the soil is such that it would have to be completely remade and an abundant supply of water furnished.

The committee feel that they have kept the cemetery from getting worse but they are not satisfied with this, they feel that the time has come to make the cemetery a beautiful spot with accurate records kept of every grave. The committee are very grateful to Mr. Frank Miller who has never failed to give his cordial support and co-operation to the work. And they ask the Woman's Club to appoint a committee from the executive board to confer with the City Commission with a view to public ownership of the cemetery by means of purchase or other agreement with the present owners. The cemetery vase, went to Mrs. J. D. Woodruff.

The door prize, a Mah Jong pencil, was won by Miss Lettie Caldwell. Mrs. Moore was presented a lovely luncheon set.

Miss Muriel, assisted by Mrs. Donald Whitcomb served a delicious salad course at the conclusion of the game.

Miss Muriel's guests were: Mrs. Sherman Moore, Miss Ruba Williams, Mrs. J. D. Woodruff, Mrs. Ben Caswell, Mrs. Howard Smith, Miss Kitty Smith, Miss Lillian Shineholser, Miss Sara Warren Easterly, Miss Lettie Caldwell, Mrs. Lee Moore, Mrs. Donald Whitcomb, Miss Ida Mae Gray, Mrs. Edmund Meisch, Miss Mildred Simmons, Mrs. Archie

Botts, committee is composed of one woman from each of the different churches in town.

Before a motion to adjourn was made Mrs. Puleston spoke of the kindness of Mr. R. J. Holly and his co-operation with club women and especially the Welfare Department. In all the work they have undertaken. A rising vote of thanks and appreciation was given and the secretary asked to send a note expressing the same to Mr. Holly. The chairman announced that January 17-18-19 would be the dates of the big Demonstration Fair to be given by the Welfare Department.

A society woman wrote to an army officer at Fort Sam Houston—"Mrs. Smythe requests the pleasure of Captain Bunker's company at a reception, July sixteenth."

"With the exception of three men who have the moles and one who is in the guardhouse, Captain Bunker's company accepts Mrs. Bunker's invitation for the sixteenth."—Everybody's.

FEED, GRAIN AND HAY

CITIZENS OF SANFORD AND SEMINOLE COUNTY:

It gives us pleasure to announce that the Seminole Feed Company, wholesale and retail dealers in high grade feeds, is now ready to do business.

As a home institution, we have bought a site and have just completed our large and convenient sales warehouse at the corner of Commercial and Elm streets. We cordially invite the public to make us a visit. We have located in Sanford to do business, because we believe in the future growth and continued prosperity of this community.

The writer of this ad hopes to prove himself a worthy booster for this city and county. He has invested his money and proposes to invest to the limit his energy and whatever ability he may possess in building in Sanford a feed store of real community service.

We are anxious to get acquainted with you and to show you what we have to offer in the way of quality feeds, attractive prices, and intelligent service. We do not hesitate to say we can save you money on your feed bills, because of the superior buying connections we have. We have unexcelled arrangements for keeping posted on market conditions, and every advantage we secure in the way of attractive prices will be passed along to our customers and friends.

We shall specialize in the selling of OLD BECK Horse and Mule Feed, HAPPY COW Feed, and RED COMB Poultry Scratch and Mash. These brands of feed are of the very highest quality, and the prices at which we will sell will save you money. All of our goods will be bought in carload lots, and our line will be complete. The special brands of feed we offer have sold in a large way in Florida for many years past. Our guarantee of satisfaction will go with every package of feed we sell, and our Bank here at Sanford will tell you our guarantee is good. We hope to merit your confidence and your friendship. If you have unusual feeding problems, we will be glad to make suggestions.

WE HOPE TO HAVE AN OPPORTUNITY OF SERVING YOU AT AN EARLY DATE

GATORS CLASH WITH MISSISSIPPI AGGIES IN COLORFUL BATTLE AT JACKSONVILLE, FLORIDA, SAT.

Florida Students Headed by Famous "50-Piece Band Leave For Jacksonville to Cheer Team on to Victory, 'Gators in Condition

GAINESVILLE, Fla., Nov. 23.—Once again the Flamboyant Jerseyed warriors from the University of Florida spent yesterday afternoon preparing and strengthening their plans for Mississippi, practicing to meet a team that is the best in all Mississippi and an aggregation that will offer a battle that bids fair to surpass previous gridiron clashes in the state's metropolis. Jacksonville will see the greatest college football game since the fall of 1921, when North Carolina and Florida fought one of the most brilliant battles the entire state has ever known. Fully 8,000 persons should show their appreciation of real football by jamming every nook and corner of the Southside inclosure Saturday afternoon.

Today, it was another repetition of what the Gator-grid-gladiators have been doing all week, though the practice was not quite as intense as the ones earlier in the week, when Coach Van Fleet ordered full steam ahead. The young, clean-cut athletes, who have fought so gloriously for Florida on the battle field this season, responded quickly and effectively to the orders and went through a good, interesting session with the usual gallery of close followers adorning all sides of old Fleming Field.

Mississippi probably has considerable "dope" on the Gators. Down here in Gator-Town there's been little sleeping. What information the scouts have collected was unfolded out on the cleat-trodden arena. After a corps of the reserves had taken a peep into the lay of the land, they offered the varsity regulars opposition under Aggie formations in a "dummy" scrimmage, that bore all the earmarks of a real live tussle, clipped down to slow motion, with only the roughness of play left out. It was a valuable lesson the instructors under Coach Van Fleet taught their proteges this afternoon. They saw an imitation of the real thing that they will face Saturday. The Maroons will "do their stuff" in a far different and more perfected way than did the scrub gridders under Coach Yon today, but nevertheless, it offered the first stringers a chance to practice against Mississippi formations and break up possible plays.

The usual round of fundamentals and preliminaries started off the workout today, punting, passing, and all those things that enter into the early stages of the daily routine. After a long drill against the Aggie formations went through an extended signal drill.

ARMY-NAVY TEAMS ANNUAL MEETING AT POLO GROUNDS

Cadets Favored To Win Tomorrow Afternoon in Twenty-Six Annual Clash With The Navy

(By The Associated Press) NEW YORK, Nov. 23.—The twenty-sixth annual meeting of Uncle Sam's service eleven at the Polo Grounds tomorrow afternoon, will bring together two of the sturdiest combinations ever to represent the respective schools, notwithstanding the fact the Cadets have suffered two defeats and the Middies one defeat and one tie.

On their season's records to date Army shows to an advantage in the offensive phase of the game, while Navy holds a slight edge in defensive play.

The Cadets have roled up a total of more than 200 points in games played thus far, with the 73 to 0 count against Lebanon Valley as the largest single contribution to this point total, whereas a half hundred points have been scored against them. The Middies total is 155 points for, and 48 against. The 61 to 0 victory over St. Xavier was the largest single contribution to the point total.

A review of Army games discloses that the Cadet attack has produced one or more touchdowns against all foes except Notre Dame. The Middies did not score touchdowns against either Penn State or Princeton. The Cadet defense, however, has yielded seven touchdowns and one field goal, whereas the Middle defense has yielded six touchdowns and two field goals.

The complete records to date follow:

ANNUAL TENNIS TOURNAMENT TO BEGIN IN JACKSONVILLE DECEMBER 15

This Will Be Ninth Tournament of Florida Public Courts Tennis Association

JACKSONVILLE, Nov. 23.—Enterprises for the ninth annual championship of the Florida Public Courts Tennis Association are now being received for the tournament that will be held on the courts in Springfield Park beginning Saturday, December 15, and lasting until January 1, when the finals will be played. The lists will close at 5 p. m. December 14, and the draw held that night.

Clarence S. Rose will defend his title for the seventh time as state champion in men's singles. Rose and Jenawine will also be on hand to defend their title as doubles champions, while Miss Amy Walcott of Daytona will again match her skill against the field as both ladies' and girls' title holder.

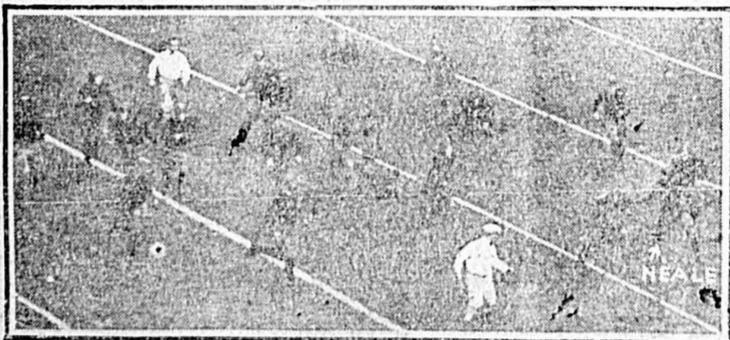

The junior singles title will be open this year, Yenawine having passed that age, but Thomas King try to top the boys' class again.

PALMETTO, Nov. 23.—Construction of a baseball park on the Palmetto and Sneads Island boulevard has begun here, enthusiasm marking trucks and teams and beginning of the enterprise was made by volunteer effort. It is the purpose of the citizens to acquire and operate the park as city property.

Walton County Is Breaking Records in Fruit Plantings

Satsuma, Blueberry, Grape and Sand Pears.

GAINESVILLE, Fla., Nov. 23.—Walton county is breaking all past records this year for satsuma, June blueberry, grape and sandpear plantings, County Agent J. W. Mathison reports to the agricultural extension department of the University of Florida. "We have handled 25,000 blueberry plants this week," he says. "Snap bean crop just shipped for sat-

isfactory prices," was an added comment.

The county commissioners have appropriated money for a fair in January in Osceola county, J. R. Gunn, agent there, reported, and added that the county's first carload of truck moved Wednesday, with prospects good for one or more cars each week end from now on. The growers are shipping co-operatively under supervision of the county agent and the County Growers' Association, he said.

The Florida East Coast Pineapple Growers' Association was organized at West Palm Beach, representative growers from the entire east coast pineapple belt attending. A. Warren, of St. Lucie county, advised.

NATIONAL ANTHEM IS MUTILATED IN NEW YORK SCHOOLS

NEW YORK, Nov. 23.—A delegation of 50 persons, mostly women, lodged a protest with municipal authorities against an edict said to have been issued by Assistant School Superintendent Straubmuller, requiring public school teachers to use "a deleted and mutilated version" of the Star Spangled Banner in their music classes.

Thomas Tuite, organizer of the Star Spangled Banner Association, declared that a persistent propaganda had brought about the revision of the National anthem in New York public school books. He declared that in the recent welcome to David Lloyd George at the Metropolitan opera house both the third and fourth verses of the anthem were omitted from the program.

The manual of patriotism published by the state omits the third verse and garbles the others in the Star Spangled Banner, he added.

"THE FLOWERS."
"Take a feller 'ats sick and laid up on the shelf
All shaky and ga'nted and pore—
Jes' all so knocked out he can't handle hisself
With a stiff upper lip any more;
Shet up all alone in the gloom of a room,
As dark as the tomb and as grim.
And then take and send him some roses in bloom,
And you can have fun out o' him.
"You've ketcht him 'fore now—
when his liver was sound
And his appetite notched like a saw,
A-mocking you, maybe, for romancin' 'round
With a big posey-bunch in yer paw;
But you ketch him say, when his health is away,
And he's flat on his back in distress,
And then you kin trot out yer little bokay
And not be insulted, I guess.
"You see, it's like this, what his weakness is—
Them flowers make him think of the days
Of his innocent youth, and that mother of his,
And the roses that she used to raise—
So here all alone with the roses you send—
Bein' sick and all trimbly and faint—
My eyes—my eyes is—my eyes is—
old friend—
Is a-lenkin'—I'm blamed if they aint!"
—James Whitcomb Riley.

JUST FROM PARIS

This is really a brilliant little frock in coloring as well as in the cleverness of its design. It is fashioned of apricot crepe de Chine with polka dots of old blue. The skirt may be trimmed with one or two flounces, and the blouse extends far enough below the waist-line to form a tunic blouse. The collar and trimming band are of plain apricot satin, and the belt is made of the same material. Medium size requires 5 1/2 yards 36-inch crepe, with 1/2 yard of plain silk for trimming.
