

Railway Merger

(Continued from Page One)
The majority of the 11-member commission said the approved plan would lead to "betterment of service to the public."
Commissioner Mahaffie filed a dissent, in which he said he was joined in whole or in part by Commissioner Miller, Splawn and Lee. Said Mahaffie:
"The views of the persons served by the railroad, the persons dependent on it for a livelihood, and of those who own its securities all have to be very largely disregarded in order to reach the majority conclusion (for merger)."

School Funds

(Continued from Page One)
take care of school needs next year, said Mr. Lawton.
He declared that in order to take care of teachers' salary increases, \$75,000 more will be needed, and that to do this it will take this money from the transportation and current expense funds. If this cannot be done, it may be necessary to raise the millage, he declared and pointed out that the local school budget for the term ending in June was set at \$490,245.
A total of \$291,709 will have been paid to teachers this year in the county as compared to \$272,925 received for this purpose last year, he revealed. In the current budget, \$35,000 is allotted to transportation, \$4,200 for health, \$30,000 for repairs, \$2,000 for classroom supplies and \$15,000 for general administration, a total of \$105,284 for those items.
At present the county has a six mill general and a four mill special tax, said Mr. Lawton. According to State Supt. Colin English, 36 to 37 million dollars of State funds will be made available to the counties under the new program, about 75 percent of which will go to teachers' salaries. This represents a doubling of the State effort, and 67 counties will receive additional State funds amounting to 18 million dollars.
All estimates are based on 1945-46 attendance records and are subject to fluctuation due to increases in school attendance and teacher qualification changes.

Jews Stage Raid On Arabs In Palestine

TEL AVIV, Palestine, May 21 (AP)—Five Arabs and one Jew were killed last night during a night raid on the Arab village of Tira for which Hagana, a Jewish underground organization, claimed responsibility. Two buildings were demolished.
Hagana issued a communique saying "our counterattack received retaliation" for a raid Sunday night by a band of Arabs, dressed in military uniforms, on the nearby settlement of Petah Tikva.
The Arabs were killed in gunfire exchanges. Unofficial sources said the Jew was slain by one of his own comrades by an accidental shot through the head.
The Jews were said to have mined the outskirt of Tira to prevent pursuit.

22 Man U.S. Mission Enroute To Turkey Arrives In Germany

FRANKFURT, Germany, May 21 (AP)—A 22-man United States mission headed by Maj. Gen. Lunsford E. Oliver and Rear Admiral Ernest E. Herrmann arrived here today en route to Turkey to survey that nation's needs under the \$400,000,000 Turkish-Greek aid program.
Three members of the State Department and seven from the Navy were in the group in which Army representatives predominated. A similar mission to Greece was expected here shortly.
"We are going to find how the money we are providing will best be expended," said Oliver, who commanded the 5th Armored Division during the war.
He estimated the group would be in Turkey "perhaps two or three months." The mission will fly from here Thursday morning and expects to reach its destination tomorrow night.
Meanwhile, the White House said today that President Truman will sign the \$400,000,000 Greek-Turkish aid bill at a ceremony in Missouri tomorrow.
Addressing an honor guard of 33 policemen, he said: "Boys, remove your coats and be comfortable."
The order was obeyed.

Chinese Capital City Encircled By Reds

NANKING, May 21 (AP)—Besieged Changchun, capital of Manchuria, is now completely encircled by Chinese Communist forces, nationalist dispatches reported today.
Government troops, however, were credited with reentering Kunchuling, 36 miles southwest. Fighting was reported in the streets.
In Changchun itself, Generalissimo Chiang Kai Shek's forces began digging trenches and setting up machinegun nests. They made other preparations for a possible fight inside the city.
Information director Hollington Tong placed the total Communist strength against Changchun as 90,000 troops, including 20,000 Korean Communists.

Kiwanis Meet

(Continued from Page One)
the Holy Land. Bishop Ryan was associated with Methodist Mission publications in Japan. He told of a prophecy made to him by Count Moshizuki, Yale educated Japanese leader of the anti-military party, to the effect that the time was coming when Japan would be in deadly combat with America. Many of Count Moshizuki's followers were beheaded in 1927 as the military group rose to power, he said.
He later went back to America and then to China where he conducted a Presbyterian Mission press. In 1921 he was sent to Lebanon. He told of the fight of the Druzes, a race separate from the Arabs and with religion similar to the Christian against the French domination.
He stated that it was his opinion, based on direct observation, that the Jewish underground movement directed against the British and the Zionist Jews is led and financed by Red Russia. Conditions in this cross-roads of the nations are very dangerous, he said and predicted that the present bombings and explosions are only the preliminary to an explosion of tremendous character.
The Rev. J. B. Root stated that Radio Station WTRR had received notice of hearing its broadcasts in Ontario, and predicted that the

Mr. Abe Balsey, winter visitor here for the past five years, died on May 12 at the Swedish Covenant Hospital in Chicago, according to notice received by his sister-in-law, Mrs. Edyth Welch and his whom he had spent the winter seasons.

Relief Bill

(Continued from Page One)
to the House by its appropriations committee by June 12 "when you can get a picture of expenditures for the fiscal year 1948."
George said cuts already made by the House in five appropriations bills came to \$1,671,000,000. He said indications point to further cuts boosting this to \$2,786,000,000, exclusive of \$800,000,000 for tax refunds.
With \$2,786,000,000 added to an indicated budget surplus by June 30 of \$1,250,000,000, George figured a little over \$4,000,000,000 available for tax and debt reduction.
George said he hopes he is wrong on these figures, but he wants to wait and see the actual count before tax legislation is adopted.

Hoboken Celebrates

Lynching Trial

(Continued from Page One)
confessed any participation in any alleged crime, could not be argued to you in justification, mitigation or excuse to the charge contained in this indictment."
Twenty one defendants are charged with murder, conspiracy to commit murder, and with being accessories both before and after the fact. Seven others are accused of conspiracy and of accessory before the fact.
The judge reminded the jury "that the failure of the defendants to take the stand and testify in their own behalf does not create any presumption against them, and you are not to permit that fact to weigh in the slightest degree against any of the defendants."
There was no indication as to how long the judge would need to give his charge but the jury was expected to get the case sometime this afternoon.

Foremen's Strike

(Continued from Page One)
dispute as a result of rank of the unionized foremen at Ford, failure to equalize the wage structure, recognition, shift differentials and overtime pay, and what he labeled "arbitrary actions of the company."
Keys said picket lines would be established for supervisory employees only, and that CIO United Auto Workers in the three Ford plants here would not be asked to respect them.
Plants affected are the Rouge, Lincoln and Highland Park units.
The union leader said Henry Ford II took part in a two-hour conference Tuesday that ended in a deadlock.
He said the company demanded a renewal of the old contract "with no amendments" for one year, while the FAA insisted upon certain alterations in the terms. "With our contract terminated, we felt free to strike," Keys added.
The Foreman's Association struck the Ford plant twice before obtaining its first contract in 1944. There had been no strikes since that time.

May Says Checks Paid Firm's Expenses

WASHINGTON, May 21 (AP)—Former Rep. Andrew J. May testified today that checks received from the munition-making Garson brothers and deposited to his personal bank account were used to pay expenses of a Kentucky lumber company.
The former House Military Committee chairman is on trial on charges of taking \$55,000 in bribes from his co-defendants, Murray and Henry Garson, in return for official favors to the \$78,000,000 Garson shell-making combine.
Questioned about a number of the Garson checks to the Cumberland Company that wound up in his personal account, May said he could only explain that he sent the checks from Washington to his Prestonsburg, Ky., bank where he had separate accounts for himself and the company. The Garson checks he sent bore his name as the final endorser.

Agriculture Cut

(Continued from Page One)
tion \$2 million.
In addition to recommending cancellation of this fund, committee members said, the subcommittee has voted to cut around \$315,000,000 from new appropriation requests of \$944,000,000. Certain recurring appropriations fixed by law make up the remainder of the budget.
The subcommittee's recommendations go before the full appropriations committee Friday, with the bill scheduled for House debate next week.

SENTENCE COMMUTED

ROME, May 21, (AP)—The death imposed on Maria Pasquini, 34-year-old Italian woman convicted of killing British Brig. P. W. M. De-Winton at Pola, Feb. 10, was commuted to life imprisonment on hard labor today.

State Legislature

(Continued from Page One)
amendments most populous South Florida would reject the Bay county district and adopt only the Monroe county plan.
The Keys county of Monroe now is in the 24th district with Lee and Collier counties.
The Senate adopted the compromise amendment 29 to 7, and sent it to the House, which already has approved a new district for Monroe county but will have to set the single amendment proposed.
The Senate unanimously passed and a bill by Senator Sheldon of Tampa making a deficiency appropriation of \$125,000 to the State Welfare Board for operations during the rest of this fiscal year which ends June 30.
At the other end of the legislative corridor, the House passed and sent to the Senate a bill levying a \$10 annual license tax on house trailers. It is in line with Governor Caldwell's recommendation for a lower trailer tax.
The House committee on constitutional amendments introduced a bill which would abolish the present Game and Fresh Water Fish Commission and create the electric office of Game and Fresh Water Fish Commissioner to enforce regulations set by the State.

## Mrs. F.D.R.'s Name Entered In May Trial

### May Says Commission Applicant Helped Because Sponsored By Mrs. Roosevelt

By NORMAN WALKER  
WASHINGTON, May 22 (AP)—Congressman Andrew J. May said today that he plugged for an Army commission for a friend of Murray Garrison after learning that Mrs. Eleanor Roosevelt had originally sponsored the application.

May brought up the name of the late President Roosevelt's wife in telling the jury at his war crime trial why he arranged a 1942 conference with Secretary of War Patterson for Herbert L. Schwam, New York investment banker and friend of Murray Garrison.

The wartime chairman of the House Military Committee is charged with taking \$55,000 in bribes for securing government favors for the \$78,000,000 war firms directed by Henry and Murray Garrison. The Garrison brothers are on trial with May accused of bribe conspiracy.

May related that Murray Garrison brought Schwam to him with a complaint the latter had been unsuccessful in obtaining an arms commission.

"I asked him who sponsored his application," May testified. "He said it was originally taken up by Mrs. Eleanor Roosevelt and Mr. Joseph W. Watson (the late Edwin 'Pa' Watson, President Roosevelt's military aide).

"I told Schwam, 'All right, I'll call Secretary Patterson and see about it.'"

Patterson has testified he spoke to Schwam briefly and turned him over to subordinates. Schwam, who was an early witness in the case, said Murray Garrison took him to see May after he was notified he would get a commission but the order was cancelled.

"Later," May related, "Schwam told me he would have to take off 40 pounds to get his commission in the Army Flight Division. He looked like he could spare it."

May's own attorneys concluded their question at mid-day, his fifth day as a witness, but the congressman still faced several days more quizzing from counsel for the Garrissons and for the government.

In other highlights of May's (Continued on Page Eight)

## Doctor Pleased With Progress Of Truman's Mother

### Grandview, Mo., May 22 (AP)—

Dr. G. W. Walker, Jr., Graham, the President's physician, said today that his 94-year-old mother, Mrs. Martha E. Truman, "is strong" and that she felt encouraged by her continued progress.

Relaying Graham's remarks to newsmen at nearby Kansas City, Presidential press secretary Charles G. Ross said the young medical officer saw no reason to retreat from his optimistic view yesterday that the elderly patient has a chance to recover.

The patient, recovering from a stroke she had in the fall, has had a fairly good breakfast, he reported and was "in good spirits." The President, his wife and daughter, Margaret, were with the chief executive's mother. Mr. Truman took along with him a "reasonably good night" in her new sleeping bag, but that she was "a little restless this morning."

## AMBASSADOR DIES

BRYAN, Tex., May 22 (AP)—William B. Bryan, a business man, attorney and veteran of the U. S. diplomatic service, died at 8:30 A. M. today, one-half hour before he was to leave for South America to assume his new post as U. S. ambassador to Uruguay.

## PRODUCTION UP

BERLIN, May 22 (AP)—Germany industrial production in the U. S. zone recovered sharply during April and nearly reached the peak output of last Fall, the economic claims of the American military government reported today.

## Plans Made To Send Historical Documents On Exhibition Tour

### \$750,000,000 To Be Spent By U.S. Feeding Germans

### Schedule Calls For 1,000,000 Tons Of Food To Be Sent

WASHINGTON, May 22 (AP)—A bill to American taxpayers for approximately \$750,000,000 for feeding 46,000,000 Germans in western Europe was described today by U. S. economic sources as "a prospect for 1948."

These sources said the British, worriedly making deep inroads on their post-war loan from the United States, would be compelled in the next few months to ask the United States to pay Britain's dollar share of German food imports.

Under the American-British economic fusion of their occupation zones, each of the two countries this year presumably was paying half of the estimated cost of \$92,000,000 to save the billion population of 40,000,000 from starvation.

Meanwhile, Bremen port authorities announced today that 116 ships loaded with nearly 1,000,000 tons of food were arriving from May 1 to July 18 to alleviate the critical shortages in the American and British occupation zones.

While five of the ships were unloading in Bremen and others were discharging food cargoes in San Francisco and Emden, Air Marshal Sir Sholto Douglas, British military governor, told the Germans they had no right to demand continued sacrifices from Americans and Britons to feed their conquered land. He advised German politicians to collect and distribute better the available food stocks.

Col. Hugh H. Heister, chief of the food and agricultural division of the American military government, said the 1,400,000 German school children in the U. S. zone would receive a ration-free meal at school daily by June 1. The 2,000,000 children in the British zone have been receiving such a meal for some time.

The biggest bulk unloaded at Bremen, Hamburg and Emden consisted chiefly of white flour, wheat, corn, barley and oats. Each ship carried about 8,000 tons.

## 3 In Family Killed As Rescue Try Fails

### LACKAWAXEN, Pa., May 22 (AP)—

A mother and daughter tried fruitlessly to rescue a three-year-old son from the path of an on-rushing train last night, but all were killed before the child could be snatched from a stalled auto.

The dead were identified by Pennsylvania state police as Mrs. Mary Gibbs, 42, and her daughter, Walter Gibbs, 3, Welcome Lake, Pike County, Pa.

State police said Mrs. Gibbs was driving home from a parent-teacher meeting when she turned suddenly and wedged her car on the railroad tracks. She removed the passengers from the car when she heard an oncoming Erie Railroad train, but at the last moment discovered her son was missing. She and the daughter returned to the car and just as they removed the child, the train struck, police said. Neither other passengers were not injured.

## Hundreds Flee Tito Regime Says Official

### BUDAPEST, Hungary, May 22 (AP)—

## U.S.-Soviet Talks On Korea Progress

SEOUL, May 22 (AP)—The joint U. S.-Soviet commission meeting agreement on establishing a unified provisional government of Korea was reported to have made "very favorable progress" in administrative matters at its first closed business session today.

"We covered every point on the agenda but one," Maj. Gen. Albert E. Brown, chief American delegate, told newsmen. He declined to discuss the agenda, saying a joint statement would be issued tomorrow.

## NEGRO FOUND GUILTY OF LEAVING ACCIDENT

ARTHUR THOMAS, negro, yesterday was found guilty by a jury in County Court of leaving the scene of an accident on Seminole Boulevard on Jan. 11, in which C. F. Dannelly of Orlando was injured. Judge R. W. Ware presided.

Jury members whom the case was tried were B. B. Crumley, C. E. Leffis, S. D. Highleyman, A. B. Lovjoy, O. H. Anderson and W. R. Burch, according to J. P. Herndon, county clerk.

Joel E. Smith was today acquitted of a charge of unlawfully hunting during the closed season, said H. Herndon. Trial today of the case of Henry Grubb and Jack Grubb, charged with unlawful use of a seine, will conclude the criminal cases for the April term of County Court.

## ENVOY APPOINTED

KANSAS CITY, May 22 (AP)—President Truman announced today he is appointing former Democratic Representative E. M. O'Neal of Kentucky as ambassador to the Philippines.

## Truman Signs Greek-Turkish Aid Measure

### Bill Declared Proof U. S. Will Make Effort To Maintain Conditions Of Peace

WASHINGTON, May 22 (AP)—Attorney General Tom Clark said today "a positive and demanding need has arisen in our country for emphasizing the blessings of the American heritage."

To meet it, he outlined to a White House gathering of prominent citizens from all parts of the nation plans for sending a "Freedom Train" across the United States.

It will bear the Declaration of Independence, the Bill of Rights, the Emancipation Proclamation and other treasured historical documents to be viewed by citizens in every section.

Winthrop W. Aldrich, chairman of the board of the American Heritage Foundation, Inc., which is managing the trip, said the Freedom Train will be open to the public for the first time at Philadelphia on Sept. 17, the 100th anniversary of the signing of the Constitution. The event, he said, will climax a week of "immense ceremonies" in that city and across the train on a year's tour of more than 200 cities in the 48 states.

The Justice Department, Clark said, has in its possession "shocking evidence of disloyalty to our government, of violations of civil liberties, of juvenile delinquency, and of the activities of professional bigots and other disrupters of American unity."

"Future events will take the measure of our way of life," he declared in a prepared address. "The continuing crises of the post-war world, both foreign and domestic, will try our mettle again and again."

"Our proposal today is not a long-range program. That should be handled by the experts in the field of education. This is a call for something more dramatic, something with an immediate impact."

"The spearhead of this program will be the Freedom Train. This is to be a traveling exhibit carrying the great documents and historical papers of our American history. We intend to take them from the repositories where they now lodge and bring them to the American people."

"I feel that we have an appeal that can tug at the heartstrings of America, that can be the springboard of a great crusade for awakening faith in America in the hearts of our people."

## Kaiser Asks Cut Of \$85,000,000 In Plant's Debt

WASHINGTON, May 22 (AP)—Reconstruction Finance Corporation officials said today they are studying Henry J. Kaiser's proposal that RFC cut about \$85,000,000 off the debt on the Fontana, Calif., steel plant, but an official indicated there is little chance it will be accepted.

This official, who cannot be named, said Kaiser had been turned down on previous scale-down proposals. Though there has not yet been time to study details of the new one, he added, it appears to be along the lines of those previously rejected.

The present proposal is backed by the Western States Steel Company, an organization of chambers of commerce in 11 states boosting development of the West.

Joseph J. Bennett, Jr., president of the National Stamping Company of Los Angeles, and Morris Pendleton, president of the Plumb Tool Company of Los Angeles and New York, scheduled a series of meetings with government officials here on the proposal.

Kaiser asked the RFC to accept \$37,976,850 in settlement of original loans totaling \$123,965,000, or about \$20,000,000 for its (Continued on Page Six)

## Bulgaria Opposed To UN Keeping Border Watch Commission

LAKE SUCCESS, May 22 (AP)—Bulgaria served notice on the United Nations security council today that she would oppose any move to keep a permanent UN border watch commission operating in the Balkans.

Such a plan is now being debated in Geneva by an 11-nation temporary investigating group, which still has a "hot line" link to the Balkan states.

Boyan Athanasov, Bulgarian ambassador, said he doubted that any nation would agree to any body, no matter what its origin, to remain indefinitely within its border.

"We agreed to cooperate with the commission, the Geneva group, but we have not abdicated our rights," he said. "Bulgaria can not be expected to permit a commission to remain indefinitely."

He said the interim watchers should get out of the Balkans, where they have been keeping a vigil over the Greek frontiers with Albania, Bulgaria and Yugoslavia, as soon as the council takes up the Geneva report. Secretary-General Trygve Lie estimated earlier that the report would be delivered here June 8 or 9.

## Navy Men Present At A-Bomb Test To Have Blood Count

WASHINGTON, May 22 (AP)—The Navy announced today that a complete blood count has been ordered for all men still in service who took part in the Bikini atom bomb tests last year. The order was described by a bureau of medicine officer as a "routine" follow-up.

Secretary Forrestal directed that the check-up be made in an order to all ships and stations dated May 19 and made public today.

It is directed that a complete blood count be performed on all personnel now on active duty who were attached to Operation Cross Roads for the Navy safety program, the order read.

Between 39,000 and 40,000 Navy men were in the vicinity when the atom bombs were exploded July 1 and 25 in the Pacific last year. Most of them were due for discharge at that time and the Navy does not know how many still are in service.

## DI MAGGIO PINED

NEW YORK, May 22 (AP)—President Larry McPhail of the New York Yankees has slipped fines ranging from \$100 to \$25 on a half-dozen of his players, including Joe DiMaggio, for their refusal to participate in promotional activities.

## COMPLETE TRAINING

Two soldiers from Seminole County have recently completed basic training at Fort Jackson, S. C., according to the Army command. They are Layton J. Oglesby of Lake Monroe and James Sheffield, Jr. of Route No. 1, Sanford.

## Navy Officer Called Betrayer

THE NAVY HAS CONFIRMED that Lt. Edward Edward Little (left) of Mountain View, Calif., is being secretly court-martialed in Washington on charges of carrying favor with the Japs by allegedly betraying his fellow prisoners at Fukuoka District prison camp. Actual camp commander at the time was Maj. Achilles Tridion (right), of Orange Park, Fla. Little, claiming seniority, refused to obey him. (International)

## Lynch Jury's Acquittal Draws Varied Reaction At Jaycee Lunch

TOWN IS SERENE BUT COLLEGE STUDENTS MARCH IN PROTEST

By ROMNEY WHEELER  
GREENVILLE, S. C., May 22 (AP)—Mixed reaction today greeted the acquittal of 20 state prisoners in the lynching of a South Carolina negro with out-of-pocket money from many and earthy spoken denunciation from others.

The defendants were acquitted last night on all counts of a murder and conspiracy indictment by the Lynch-Jury of Willie Leide. Twenty-six of the defendants were taxidivers, and several of them were back at work today leading the public. One of them was Roosevelt Charles Hurd, Sr., who was accused during the trial as a ring leader. Hurd refused comment.

Greenville itself was drawn to quiet. There was no evidence of a prize, for no white man has been convicted in South Carolina for slaying a negro for nearly a century.

One eminent lawyer, whose firm had declined to represent the defendants said a majority felt satisfaction with the acquittal, but observed "there are a number of us who feel profound shame."

Circuit Judge J. Robert Martin disclosed he had received some letters and telegrams opposing the trial. But declined to name them public. "I think," he said, "this is an appropriate point for me to withdraw from this case."

One significant reaction came from a highly placed official who declined quotation by name. He said: "You would not have gotten any different verdict anywhere south of the Mason-Dixon Line." (Continued on Page Eight)

## Swain Buys Part Of Hardware Co.

W. E. Swain, who for two years was associated with his brother, Ed Swain, in the operation of the Colonial Cleaners, today announced that he had purchased one-half interest in the Sanford Hardware Company on First Street of which W. E. Laster is co-owner.

Mr. Swain came to Sanford from Winston-Salem, N. C. where he was a Chrysler automobile dealer, and where he also had previously engaged in the hardware business. Mr. and Mrs. Swain live at 110 West Nineteenth Street.

Commenting on his new connection, Mr. Swain added: "We have met a lot of good people in Sanford, and I am happy to make connection with the Sanford Hardware Company and to be able to stay in Sanford."

## 300 Volunteer Skin To Save Vet's Life

OLYMPIA, Wash., May 22 (AP)—From offices, pool rooms, lodge halls, factories and homes came volunteers numbering more than 300 today to offer their skin that of a veteran of three and a half years in the South Pacific might live.

Eldon Clark, 25, of nearby Little Rock, was critically burned last Thursday in an explosion in his garage. He was taken to the Madigan General Hospital at Fort Lewis. Specialists said he had a chance to live if new skin could be provided.

This word sent his friends and family into action seeking volunteers. Theaters at their request put requests for skin donors on the screen, John L. Salvenberg, state director of veterans rehabilitation sent this appeal to veterans:

"Here's a real opportunity for the veterans to help a buddy." The response was terrific. At last report the volunteers numbered well over 300.

## Jews To Propose To UN Partial State

JERUSALEM, May 22 (AP)—David Ben Gurion, chairman of the Jewish Agency Executive, said today Palestine's Jews would propose to the United Nations the establishment of a Jewish state encompassing those areas in which Jewish industrialization and colonization were in full swing.

He told the national assembly that the demand for a Jewish state covering all of Palestine was not envisioned at the present time.

## ICC Authorizes Hike In Railroad Fares

WASHINGTON, May 22 (AP)—All railroads operating east of the Mississippi River and north of the Ohio and Potomac Rivers have been authorized to boost their basic passenger fares approximately 10 percent on five days' notice to the public.

The Interstate Commerce Commission late yesterday granted the eastern railroads' plea that they need additional revenue to meet increased operating costs.

## 5 Killed, 2 Hurt In Army Plane Crash Near Wright Field

DAYTON, O., May 22 (AP)—Five persons were killed and two others injured today when a four-engine Army transport plane from Wright Field crashed and exploded in a field about four miles east of Dayton.

Names of the dead were withheld pending notification of relatives.

A witness said the plane appeared to be in trouble as it swooped low. Seconds later, the plane tilted on its side and plowed into a ditch, then hurtled into a wheat stubble field. An explosion turned the plane into a mass of flames.

Wright field officials said the plane, containing military personnel, was on a routine test flight.

The plane, a C-97, was the military version of the Boeing Stratocruiser, a giant ship capable of carrying scores of troops or tons of cargo.

Wright field officers said they believed the plane stalled as it approached Wright Field for a landing. The injured personnel, whose names and conditions also were withheld, were thrown clear of the plane. They are at Paterson Field Hospital.

## Conferees Reach Agreement On Big Appropriation Bill

### Grand Jury Hears Bribery Charge Of Odham And Camp

### Controversial Bookie Bill Again Makes Appearance In House

TALLAHASSEE, May 22 (AP)—A Senate-House conference committee reached quick agreement today on a new general appropriations bill which will permit expenditures of about \$63,100,000 during the next two years.

Clark still were tabulating the compromise figures, but the major result of the meeting was an agreement to add \$30,000 a year to the budget of the University of Florida and \$25,000 to the Board of Control to finance newly authorized coordination.

The Senate conferees also went along with a House revision which threw about \$400,000 a year that originally was set up by the Senate for the Tallahassee branch of the University of Florida into the new budget item for Florida State University.

The \$63,100,000 authorized for expenditures is more than double the \$28,600,000 total of the 1945 General Appropriations Act and about \$3,000,000 above recommendations of the State Budget Commission.

A hot line of words popped out in the Senate over an attempt by Sen. Robble of Durlington to override an adverse committee report on his bill to tax coin-operated phonographs.

Robble told the Senate "I think I ought to have the courtesy of having my book bill placed before the Finance and Taxation Committee." This approved.

Robble's conferees minister and school teacher, said he thought the (Continued on Page Five)

## Senate To Vote Monday On Delay Of Tax Cut Bill

WASHINGTON, May 22 (AP)—The Senate agreed today to vote at 10 P. M. Monday on a motion for a postponement of the \$4,000,000,000 income tax cutting bill until June 10. The Senate gave unanimous consent to the request made by Senator Milikan (R-Colo.), floor manager of the bill.

Senator George (D-Ga.), author of the postponement motion, said the voting time was satisfactory to the Democratic senators were whether or not they believed they to put the George motion over. Republicans admitted the outcome will be close.

Senator Boyd (D-Va.), supporting George's motion, advocated a postponement of the tax-cutting bill.

He declared that America can fulfill its international commitments "only by keeping strong at home; by preserving our fiscal solvency and productive capacity; by safeguarding our ability to finance our obligations without crushing taxation."

"As important as tax reduction is," the Virginia said, "our fiscal solvency is more important, and that requires a soundly balanced budget, which must be kept in balance, and a reasonable payment on the public debt."

## Nationalist Planes Rushed To Manchuria

NANKING, May 22 (AP)—Generalissimo Chiang Kai Shek's headquarters rushed a "sizeable" force of warplanes to Manchuria today as Communist troops tightened their encirclement of Changchun, embattled Manchurian capital.

Unconfirmed reports from Mukden said two nationalist armies were on the way to Manchurian battlefronts as reinforcements. Chinese dispatches acknowledged loss of several points around Kirin, 60 miles east of Changchun.

## W.O.W. UNVEIL MONUMENT

Members of Celery Camp No. 625 Woodmen of the World will unveil a monument of the late Joseph Almy at Evergreen Cemetery, Sunday afternoon at 3:30 o'clock. At noon hot fish and coffee will be served to members at the Elk's Club recreation grounds, through co-operation with the Elks. R. G. Slater, C. C. Collins and H. J. Finch are on the committee in charge of arrangements.

In India, more than half of all deaths occur among children under 10 years of age and malnutrition is believed to be the principal cause of these deaths.

The number of people who eat in restaurants has more than doubled since 1940 and about 30 percent of all food expenditures are spent in eating places.

The substances known as "vitamins" were discovered from 1912 to 1920. After Casimir Funk isolated matter from rice polishings which cured beriberi.

## COLORGRAPH FOR JUNIORS

**WHAT IS IT?**  
A HEADER, Frank Noel, submits this old enigma:  
Three-fourths of a cross and a circle complete.  
A perpendicular on each two non-circled meet.  
A triangle standing on feet,  
Two semi-circles and a circle complete.

## HINTS TO HOUSEWIVES

**CURES FOR CRACKS**  
Patching will prove only a temporary remedy for many cracks in plastered walls, architectural engineers of the U. S. Department of Agriculture advise those who are refinishing home interiors this spring. Sooner or later cracks may appear again if the underlying cause has not been remedied. Cracks are often a sign that foundations are settling, supporting posts are rotting or timbers are shrinking. Much future trouble can be avoided if repairs are made to framework or foundation as soon as definite cracks show up. To discover where repairs are needed, go over the house and notice where floors are no longer level, or doors sag, or windows do not fit tightly. It may be that some part of the house needs jacking up for repairs in the foundation underneath.

**THE BELGIAN CONGO EXPORTS**  
The United States large quantities of copper, tin, cobalt, radium, industrial diamonds, palm oil, fibers and rubber.

**THE NEW RECLOSURE PACKAGES**  
Dixie Crystals Sugar

**From where I sit... by Joe Marsh**  
When Ed's Crops Failed  
Three years ago Ed Smith's luck went bad. His crops failed, and it wasn't long before Ed's home and furnishings were no for nothing. Half the town turned out, and Ed was left with a bunch of hungry children—having up all his previous possessions for a crop.

**Yellowstone National Park** has a cliff 2000 feet high made up entirely of petrified forests and volcanic debris.

**Yellowstone National Park** contains more and greater wonders than all the rest of the world combined.

**Traffic in the port of Boston** is second only to New York, in the United States, in value of imports and sea-borne passenger trade.

## Army Relying On Rip Rowan & Jack Stuart On Gridiron This Fall

By FRANK ECK  
AP Newsfeatures Sports Editor  
WEST POINT, N. Y.—Bobby Jack Stuart and Rip Rowan are expected to take the places of Blanchard and Davis in the Army backfield next fall. They are to be Army's big guns on the football field.

When the All-America twins of the past three years graduate in June, it wouldn't be surprising to see them emerging from the eyes of Earl (Red) Black, Cadet football coach since 1940.

Never before had Black seen such a pair of devastating backs as Felix (Doc) Blanchard and Glenn Davis. Neither had any body else, for that matter.

Somebody must take their places in the Army backfield. Certainly nobody will ever fill their shoes. However, in Stuart and Rowan Black has a pair of speedy ball-carriers.

Stuart spent all last season on the bench. Black could have used him when he recovered from a hernia operation but by skipping the 176-pound Shawnee, Okla., inactive, Black gained for Stuart another season of eligibility.

Stuart won nine letters in football, basketball and track at Tulane University. He played football as a freshman at Tulane University and participated in Tulane's 28-12 Orange Bowl victory over Georgia Tech in 1945. As a trackman he once sprinted 100 yards in 9.7 seconds.

In the fall of 1946, his first year on the West Point gridiron squad, Stuart was the team's third leading ground gainer, behind Blanchard and Davis. Stuart carried the pigskin 41 times for 281 yards—a 6.9 yard average per carry.

He caught three passes for 87 yards, scored three touchdowns and gained 549 yards. Stuart definitely will be the Cadet No. 1.

Because he played as a freshman football at Louisiana State University, Rowan has only one all-around athlete at Central High in Memphis, Tenn.

Rowan, who last season understudied Blanchard and Davis at halfback, played the No. 2 full-back position for Army behind Stuart.

Rowan has only one all-around athlete at Central High in Memphis, Tenn.

Rowan, who last season understudied Blanchard and Davis at halfback, played the No. 2 full-back position for Army behind Stuart.

Rowan has only one all-around athlete at Central High in Memphis, Tenn.

## Reds To Bring Out 'American' Cigarettes

BERLIN, May 22 (AP)—German sources reported today that Soviet occupation authorities were preparing to bring out mass-produced "American-style" cigarettes for sale in the Soviet zone at between three and four marks a pack (30 to 40 cents).

American cigarettes have been selling on the black market for about 120 marks (480 cents) a pack, and it has been predicted that the price will go even higher as a result of a U. S. Army ban on their private importation into Germany, which becomes effective Monday.

BIBLE VERSE FOR TODAY

INEXPERIENCED PEOPLE
OFTEN WANT THINGS THAT
WOULD BE WORTHLESS OR
EVEN INJURIOUS. WE MUST
LEARN TO REJECT THE BAD
AND CHOOSE THE BEST. NOT
JUST THE GOOD, THAT IS
BUDGETING OUR LIVES. Covet
earnestly the best gifts.—1 Cor.
12:31.

The D. A. R. joins the Amer-
ican Legion in favoring universal
military training.

Wonder if there is any money
on the line in connection with
the slot machine bill?

General Eisenhower says he has
to wash the dishes only on Sun-
day nights now. The war must be
over. Or is it only beginning for
him?

Congress has at last gotten
around to doing something about
sugar rationing . . . two years
after the war was over. A bill
has been introduced to end it on
Oct. 31. With 300,000 tons
"going begging" in Cuba, and
enough acreage in the Everglades
to supply the whole country, it
would seem to be about time.

Good publicity for Sanford's
celery comes from Charles Discoll
who writes "New York Day by
Day" for hundreds of American
newspapers. Speaking of a de-
licious soup he says, "Yes, celery
was extensively used. The tops and
heavy, coarse parts of the stalks,
often wasted, were used to great
advantage in the cooking. I have
learned, by association with these
good cooks and with celery pro-
ducers, that tops are the best part
of the celery, and the coarse
stalks can be used in many varieties
of fine dishes."

About 15 years after it should
have been done, it seems to us,
the powers that be are finally
getting around to doing something
toward providing insurance for
those who are sick. As President
Truman said, we have unemployment,
old age and death insurance,
but those who need it most, the
sick, remain uninsured. If a man
is strong and well, he can manage
somehow when he is out of work.
But if a man is sick, there really
isn't much he can do but stay in
bed and trust to the charity of his
friends. Health insurance, it seems
to us, is something which is long
overdue.

We were glad to see that the
Supreme Court upheld the right
of newspapermen to dare to criti-
cize the rulings of judges. It is
probably true that reporters are
sometimes inaccurate in their re-
porting, and editors are sometimes
unjust in their criticisms, but it is
also true that judges sometimes
make mistakes themselves, and
when they do they should be will-
ing to take the blame just like
anyone else. As the Supreme Court
has put it, the best defense
against unfair newspaper attacks
is a thick skin. Judges are sup-
posed to be men of fortitude, able
to thrive in a hardy climate.

Now that it has been shown that
the so-called "bookie" bill which
would have prevented a national
gang of book-making racketeers
from using telephone and telegraph
wire services in their crooked
schemes of milking the public
filled to pain because some of the
most notorious underworld charac-
ters in the country were in Tallahassee at the time offering bribes
to legislators, it might be a good
idea to re-introduce the bill, and
let the boys stand up and be
counted. Why shouldn't the book-
makers be deprived of the wire
services in their unlawful opera-
tions? Why should anyone vote
for such a bill?

Star Gazing

Most people may be inclined to laugh at the idea of a class of business men studying astronomy. "Silly star-gazing" they might call it, and wonder why any grown-up man bothers about such things. "What are the stars to them?" they ask, except perhaps to take an occasional slant at a moon or an eclipse of the sun.

But there are plenty of people who, without saying much about it, go far deeper into the mysteries of this great universe, and will often sneak out of the house on a bright night and stand-entranced by the beauty of the moon and its attendant stars. Cleveland, for instance, has an organized astronomical society composed of business and professional men with 150 members, who recently spent a whole evening looking at the stars and discussing them and their ways.

Believe it or not, to anyone sensitive to the mysteries of this strange and lovely world, a clear evening with a telescope provides an experience worth having and worth repeating.

Portal Given The Gate

That portal to portal business was one of the most mischievous enterprises that have troubled this country for some time. In its beginning it doubtless looked like a good thing for some economic groups. But eventually it was shown up, both economically and morally, as merely a new device for a lot of people to get something for nothing. The same old principal holds true now that has come down the ages, that man's living must come by the sweat of his brow, rather than by clever schemes to take undue profit in some form or other out of the pockets of his friends and neighbors.

The unjustified demands were especially vicious in this portal affair, because they will make it difficult if not impossible for the justified cases to get a hearing.

Moonshine

Current arguments of Communists and fellow travelers remind me of nothing so much as the reasoning of a native on a remote island, who held the moon in far higher regard than the sun. When a visitor expressed surprise at this preference, the native pointed out that the moon was of much more use to men because it considerably shone by night when light was badly needed; whereas the sun rather stupidly insisted on shining by day, when there was plenty of light.

Similarly our fellow travelers are so accustomed to living in the light of a free society — without understanding it — that they simply cannot help taking for granted the persistence of that light, even if its source were removed. With cheery enthusiasm, they would swap the sun for the moon, and then be astounded by the cold and darkness that would result.

Many elements combine to make sunlight; and likewise, many combine to create and insure a free society. Among the most important of these are free elections, free assembly, free speech and a truly representative congress.

We hear of many things wrong in our country; but we do hear of them, and we set ourselves to correct them. "In a free nation," observed Carnot many years ago, "there is much clamor with small suffering; in a despotic state, there is little complaint, with much grievance."

—Edwin Palmer in Redbook

Bookie Bribery Charges

Tampa Tribune

It may be that some members of the Florida Legislature will be tempted to stall around and finally "whitewash" the "bookie" bribe charges made by Representatives Odham of Seminole and Camp of Marion. But if we correctly judge the temper of Florida citizens, the Legislature will be wise not to stop until it has probed the whole affair from the bottom up and the inside out.

The more Floridians read about the case, the deeper they are aroused. With the two legislators, in a dramatic House session yesterday, accusing Representative Papy, of Key West, of offering them cash bribes for votes against the bill, it is clear that the public will be satisfied with nothing less than the most thorough investigation.

The Senate started the ball rolling toward that end last week when it adopted a resolution calling for the creation of a joint Senate-House committee to dig deeply into the charges. Some members of the House have criticized this action as Senate interference in House business. But it is Florida business. We call for a joint committee which would have authority to subpoena witnesses and make a far more thorough and perhaps impartial inquiry into the accusations and other matters. Committee action could well be in addition to any move by the Leon County grand jury.

Incidentally, President Clarke of the Senate, could perform a fine service by naming Senator Henry S. Baynard, of St. Petersburg, as one of the Senate members of the joint investigating committee. Senator Baynard was chairman of the committee that investigated the infamy scandal at the University of Florida. His fair, fearless and thorough conduct of that inquiry is a strong recommendation for an appointment in this case. While the committee is at it, it might well look into the report that a number of the nation's most

notorious bookmakers were in Tallahassee while the bill was under consideration. The people would like to know about that. Also, an opportunity should be given, as Representative Simpson suggested yesterday, for the 17 members of the House who were not on the floor when the bill was defeated last Wednesday "to show how they stand."

A most serious charge is before the Legislature. The House has acted forthrightly in voting to respond to Representative Papy, in a dramatic House session yesterday, accusing Representative Papy, of Key West, of offering them cash bribes for votes against the bill, it is clear that the public will be satisfied with nothing less than the most thorough investigation.

The people are sick and tired of the brazen attitude of the gambling bookies. Floridians want these racketeers exposed and then driven out for good. Our elected representatives can discharge their responsibilities to the people only by disposing of the bribery charges and then reviving the defeated "bookie" bill and passing it or another one similar to it.

LIVESTOCK MARKET

JACKSONVILLE, May 22, (Special)—Sales on the Arcadia State Livestock Market reached a gross volume of \$2,896,228, for the last week, the one-day auction handling 891 head of cattle and 11 hogs, according to figures available today in Jacksonville offices of Florida State Markets. Calves topped the market for the week, selling as high as \$17.70 per hundred pounds. Market Manager John D. Kelly reported. Prices paid for the light offerings of hogs were quoted as ranging from \$16 to \$22.75 per hundred pounds. The price range on cattle: Calves, \$9 to \$17.70 per hundred pounds; yearlings, \$12.50 to \$16.70; heifers, \$7 to \$12.30; cows, \$6.90 to \$14.10; steers, \$7.30 to \$15.50; bulls, \$8 to \$13.30.

The sauerkraut pack last fall was the largest on record—more than 264 thousand tons.

AMMUNITION DUMP

SANFORD FORUM

Jacksonville, Fla.
Editor, The Herald,
Sanford, Fla.

Thanks a million for publishing our recent appeal for homes for older boys and girls. We are having a fine response and will place many of these older children in good homes shortly due to your helpful cooperation.

Very gratefully yours,
Marcus C. Page
State Superintendent
Children's Home Society of Fla.

WASHINGTON LETTER

By JANE EADS

WASHINGTON—The "Class of 1947" of one of the Capital's most select institutions—the "C. C. School"—has been graduated with circumstances and honor.

The "C. C. School," says the class president, Mrs. Leroy Johnson, wife of the Republican congressman from California, may stand for "Congressional Cuties, or Cantankerous Cronies." It is the rather informally conducted Congressional Club school. The Club's members, wives of U. S. Senators and Representatives, are the pupils. Diplomas were awarded to public speaking, bowling, hat-making, bridge and "health-exercise."

Mrs. Clifford Davis, wife of the Democratic representative from Tennessee, and president of the Congressional Club, inaugurated the school.

Exhibitions of the work of the

hat-making and health-exercise groups created the most excitement and stimulated considerable hilarity.

Glamorous Mrs. John Davis Dodge, wife of the Republican representative from Connecticut, was teacher of the latter group. She was a professional dancer before her marriage.

Mrs. Wesley D'Ewart, wife of the Republican representative from Montana, was cited for "extreme devotion to duty under exercise in spite of considerable risk to life and limb."

The prize in hat making went to chic and attractive Mrs. Robert A. Grant, wife of the Republican representative from Indiana for her creation of the "Aleman Sombrero," a big straw number with three billions moored to the peaked crown.

Mrs. Robert F. Rich, wife of the Republican representative from Pennsylvania, exhibited her "Cute Katie," a large-handed tea strainer with yellow flowers and ribbons.

Mrs. Ralph Church, wife of the Republican representative from Illinois, and speech teacher, awarded a scholarship to Mrs. Carlos Romulo, wife of Gen. Romulo of the Philippines, delegate to the United Nations. Mrs. Romulo, who was class "pledgetorian" said the whole thing will come as a surprise to her husband who didn't know she was studying speech.

Mrs. Charles R. Clason, wife of the Republican representative, from Massachusetts, teacher of the bridge class, awarded a prize to Mrs. William Hess, wife of the Republican representative from Ohio.

The class poem was given by Mrs. Aime Forand, wife of the

# Social And Personal Activities

— TELE. NO. 148

## Social Calendar

**THURSDAY**  
Seminola Rebekah Lodge No. 43 will meet in the I. O. O. F. Hall at 8:00 P. M.

**FRIDAY**  
There will be an all day training class for officers and cause secretaries of the Presbyterian Woman's Auxiliary at the church. Mrs. Norwood Phelps will conduct the training class. All officers are urged to attend.

The Townsend Club will meet in the Tourist Center at 8:00 o'clock. After the business meeting cards and checkers will be enjoyed and refreshments served.

**SUNDAY**  
Brotherhood of Locomotive Engineers, Division No. 769, will hold their Memorial Service at the First Methodist Church at 2:00 P. M. Memorial services for veterans of all wars will be conducted at the First Baptist Church at 11:00 A. M.

**MONDAY**  
All ladies of the Holy Cross Episcopal Church are invited to attend the annual luncheon to be held at 12:30 o'clock at the Parish House.

**TUESDAY**  
The regular business meeting of the Pilot Club will be held in the Tourist Center at 8:00 P. M. The board will meet at 7:30 P. M.

## Mrs. Wallace Wright Honors Lillian Boyle

Miss Lillian Boyle, a member of the Seminole High School graduating class, was honored on Wednesday afternoon at 4:00 o'clock with a Coca Cola party given by Mrs. Wallace Wright at her home on Melonville Avenue.

The rooms of the Wright home were decorated with arrangements of roses and greenery. Games were played and enjoyed by the guests with the Treasure Hunt prize, stationery, being won by Miss Dolores Lee.

At the conclusion of the games Coca Colas and delicious refreshments were served to the guests and Miss Boyle was presented with a gold barrette and a crystal perfume bottle.

Those invited to be with Miss Boyle were the Misses Caroline Lee, Kitty Odham, Myra Southward, Gloria Dampier, Nancy Williams, Louise Clark, Jean Sawyer, Helen Hayman, Joyce Goodspeed, Evelyn Ratliff, Helen Slaughter, Dolores Lee, Mikey Browning, Saydee Williams, Rebecca Stevens and Mrs. L. F. Boyle and Mrs. Hamilton Bisbee.

## "Miss St. Petersburg" In Miss Florida Pageant

St. Petersburg, (FNS)—Lovely Eula McGehee, 18-year old high school blonde, who was chosen "Miss St. Petersburg" during a beauty contest at the recent Tarpon Round-up Ball will be a contestant in the Miss Florida Pageant at St. Petersburg June 1-2.

Miss McGehee, a triple threat Queen, is shown with her three crowns. She was Tarpon Round-up Queen in 1946. She was selected as St. Petersburg's Poinsettia Queen last winter and to her title of "Miss St. Petersburg" she hopes to add the title of Miss Florida. She will be competing with other Queens and city winners from over the State in the Miss Florida Pageant, sponsored by the Florida Junior Chamber of Commerce.

## Play To Be Given At Grammar School

Room 8 of the Sanford Grammar School will present "A Mid-Summer Night's Dream" on Friday night at 8:00 o'clock at the school auditorium.

Among those taking part are Sammy Jacobson, Mary Ann Wilke, Melvyn Fleisher, Alice Brown, Beverly Rogers, Ann Raborn, Betty Galin, Betty Kinard, Mary Jane English, Doris Jones, Carolyn Rowland, Frank Stafford, Chester Johnson, Louise McAlexander, Monroe Pearce, Linda Leonard and Cecil Sheppard, Sharlene Corn.

## Personals

Mr. and Mrs. F. M. Hunt and son Frank Kyle plan to leave this weekend for Tatwell, Va. where they will spend the summer.

Mr. and Mrs. Rupert Strickland spent Tuesday in Daytona Beach with Mr. Strickland's brother and sister-in-law Mr. and Mrs. J. L. Strickland.

Mr. and Mrs. Nicholas Bucurel of Youngstown, Ohio are the guests of Mr. and Mrs. Peter J. Bukur at their home at 2006 Cedar Avenue.

Mr. and Mrs. J. L. Strickland of Daytona Beach and Mr. and Mrs. Gene Agerton of Cordele, Ga. were guests on Saturday of Mr. and Mrs. Rupert Strickland at their home in Mayfair.

Cadet Claude Wetherington, Jr. who is attending Carlyle Military Institute, will arrive on May 28, to spend the summer vacation with his parents, Mr. and Mrs. E. C. Wetherington.

Dr. and Mrs. A. C. McReynolds recently had as their guests Mrs. McReynolds' parents, Mr. and Mrs. J. E. Rowan of Maryville, Tenn. Mr. and Mrs. Charles Nelson Brent of Maryville will arrive on Saturday to visit them.

Mr. and Mrs. Peter J. Bukur and guests, Mr. and Mrs. Nicholas Bucurel, plan to leave on Monday for Cleveland, Ohio to visit Mr. and Mrs. John Bukur and New York City where they will be the guests of Mr. and Mrs. George Bukur. They plan to be gone about five weeks and en route home will visit in Washington, D. C.

Warren McCall, Chester Harner, Billy Clark, Billy Wise, Bert Rivers, Edward Watkins, Ronald Brooks, Delbert Abney, Mary Lou Copeland, Beverly Benton, Nettie Bowen, Clyde Miller and Delbert Abney.

Stage managers are Clyde Miller and Delbert Abney and the art committee is composed of Louise McAlexander and Linda Leonard. There will be a silver offering for the Grammar School's adopted school in France.

Color is associated with other senses. Most people flatly refuse to eat bread or mashed potatoes stained blue or purple, even though it is harmless and tasteless dye.

The arable land of the earth today is estimated at four percent of its surface.

## Rotary Club Enjoys Annual Boat Trip

Members of the Rotary Club enjoyed their annual boat trip yesterday afternoon aboard the F. E. Roumillat yacht, "Skylark."

The group met at the Sanford Boat Works at 2:00 o'clock where they boarded the yacht. Chairman for the occasion was E. V. Turner and other members on the committee were Harry Tooke, F. D. Scott and Robert Harris. The menu for the dinner included broiled steaks, corn-on-the-cob, donated by Chase and Company, sandwiches, pickles, olives and hot coffee.

Those attending the party were Rotary president, Algernon Spear, H. B. Pope, H. H. Coleman, J. A. Young, Jack Ratigan, C. L. Redding, Andrew Stine, Tom Brown, Dr. C. L. Park, Fletcher Bolls, Donald Bolls, F. D. Scott, Gordon Brisson, Dr. H. Z. Silsby, Leonard Toy, E. B. Stows, B. L. Perkins, Lea Lisher, Edward Higgins, Sr., W. A. Leffler, R. L. Dean, Frank Evans, Orville Touchton, Roy Holler, Dr. C. W. Baker, C. E. Spencer, Dr. A. W. Epps, Sr., Dr. A. W. Epps, Jr. and George Stine.

Also J. R. Davidson, Vivian Spear, Harry Tooke, Robert Harris, Andrew Carraway, E. V. Turner, Walter Haynes, F. E. Roumillat, A. W. Lee, Harry Kudell, Roy Williams and Percy Mero. Out of town guests included Martin Anderson, Henry Balch and Barney Barnes, all of the Orlando Sentinel in Orlando.

## Mrs. Joe Corley To Go To Saskatchewan

Mrs. Joe Corley, past matron of Sewing Chapter No. 2, G. O. O. E. and grand representative of Saskatchewan, will leave by plane on May 24 for Regina, Canada, to attend the "Maytime" session of the Grand Chapter of Saskatchewan, Order of the Eastern Star, to be held in Regina May 25-28.

Mrs. Corley will give a response of welcome to the distinguished visitors and extend greetings from Florida. She will be the guest of the Worthy Grand Matron of Canada and her official family at Hotel Saskatchewan.

After the session she will visit Mrs. Annie Will, Grand Representative of Florida in McCall and also Mr. and Mrs. M. Cass of Regina. On her return she will attend one of the sessions of the P. T. A. Golden Jubilee Convention in Chicago, Ill.

To have a "decent diet," authorities believe people of the United States would consume annually 38-billion additional quarts of milk, 125-billion additional pounds of leafy green and yellow vegetables, 400-million more pounds of meat, poultry and fish and 135-million additional dozens of eggs.

U. S. ARMY CHIEF OF STAFF Gen. Dwight D. Eisenhower is shown talking with Mrs. Julia Y. Talmadge, Athens, Ga., president-general of the Daughters of the American Revolution, at the organization's 56th annual congress in Washington. General Eisenhower told 4,000 delegates and officers of the D.A.R. that civilization will perish unless the United States remains unified, productive and steadfastly true to the "basic tenets of our system." (International Soundphoto)

## Longwood

By Mrs. J. H. Minick

The Baptist Women's Circle met Monday afternoon with Mrs. E. B. Stevens hostess. Topic of the study hour was Community Mif. Angel cake and frozen cream were served during the social hour.

Attending the music festival and Teachers Club in Sanford Friday night from here were, Mmes. June Thunander, Mary Hartley, Gloria Kreitzer, Myrtle Laurent, Alda La Vigne, W. J. Wells, Miss Ernestine North. The latter was made secretary. Rayburn Milwee, retiring president, presided. Lyman sixth grade glee club sang.

Woman's Auxiliary of Christ Church met Thursday at the home of Mrs. Wesley Chellegi. Report on the Diocesan Convention was given by Mrs. George Buzek and Mrs. J. Henry Menck decorated. A social hour with refreshments was enjoyed.

The Baccalaureate sermon for Lyman graduates will be preached by Rev. M. N. Pearson at 8:15 Sunday night in the auditorium. The commencement program will be May 30.

Married in Waycross, Ga. on May 8th were E. B. Stevens of Cincinnati, Ohio and Mrs. Nancy Frain, well known resident of Longwood. They will reside at the latter's home on Molnar Avenue.

James Adams and Evelyn Bryant were united in wedlock by Rev. M. N. Pearson at the Baptist parsonage on May 8. They will reside in Winter Park.

Recent sales lately made in Longwood by F. H. Black were, Mrs. Emily Gonzalez house and two acres to Fred Gustav, R. L. Blake's grove \$9,000, R. L. Kuntz \$3,500 to Mr. and Mrs. Hanna of New Mexico. Farm owned by C. R. Anderson and H. McGinnis for \$12,000.

Members of Longwood Card Club were entertained by Mrs. and Mrs. C. A. Wales at their home on Trout Lake Saturday evening.

Beer was a standard beverage in Germany as long ago as the 16th century and in 1516 German rulers, seeking to protect the quality of the product, stipulated beer should be "brewed of barley, hops, yeast, water and nothing else."

## Hollywood

By BOB THOMAS

HOLLYWOOD, May 22, (AP)—For years Maureen O'Hara has been campaigning to do another picture with John Ford and now she gets her wish. Next summer she will be directed by him in "The Quiet Man," which will be made in Eire. The Irish actress has long groused that "How Green Was My Valley" has been her only dramatic opportunity in Hollywood and Ford is the only film maker who recognizes her talent as an actress, instead of a mere color-picture beauty. So she's very happy about the deal with her fellow Irishman. Maureen does a film in England after "Foxes of Harrow" and she says she would like to schedule a baby before the Ford picture.

Lynn Bari, just separated from producer Sid Luts, offers a refreshing change from the usual parted-but-still-friends formula in Hollywood. She was asked on the "A Texas Legend" set if she were

the Misses Gail Bitting, Linda Leonard, Rosa Coke Boyle, Lucia Goff Joan Wright, Sylvia Hayes, Beverly Gray, Alice Brown and the hostess, Miss Ann Raborn.

Almost half of the roads in the United States are surfaced.

still friendly with her husband and answered "No!" Ginger Rogers hasn't given up dancing on the screen, by any means. She is still looking for a musical. "Before his death, Jerome Kern told me he was writing one for me," she says, "but I never saw it."

Jerry Colonna will probably have his own air show next Fall. He'll probably be leaving Bob Hope for the same reason that other performers have left the top comic—more dough.

Cecil B. DeMille has finished his "Unconquered," after putting about two years and \$2,500,000 into it. He's starting work on "Samson and Delilah," which he'll start filming this Fall. He says he'll have a star for Delilah, but will seek an unknown for Samson.

Roy Rogers is as happy as a kid at a circus, and the reason is that he has his own circus to play with. He'll open the show in New York's Polo Grounds July 19 and tour through the summer. "I'm gonna need a vacation some time," says Roy. "One of these days I'm going to turn up missing."

Charles Chaplin Jr., now 22 and playing in a local stage attraction, is reported planning to make films in France next year since his father will not permit him to appear in Hollywood-made pictures. That raises the question of whether Charlie, Sr., plans a production in France, as has been rumored.

Mrs. Randolph Platt Interested In Scouts

AP Newsfeatures PHILADELPHIA—Mrs. Page Randolph Platt was 12 years old the March afternoon 35 years ago when she hurried home from school, her hair ribbon bouncing in the breeze, to see her cousin, Mrs. Juliette Low, just back from England.

"We asked her what she was doing and she explained the 'Girl Guides' in England, under the direction of Lady Baden-Powell, were learning what their brother 'Guides' had been taught by Sir Robert.

"Mrs. Low, whom I called 'Cousin Daisy,' had the unique gift of immediately interesting others in whatever subject she became vitally interested in. Before she left we had heard all about the Guides.

"The next day was Sunday and after services on the steps of Christ Church in Savannah, Cousin Daisy buttonholed my mother. 'Now look here,' she said in her impetuous way, 'I have been thinking all night. I intend to start the Girl Guides in this country and I want you to be the first captain. Get Page and her friends to make up your troop.'

"At Miss Nina Page's school, where 'Page' was a student, a group of eight girls had been going regularly on day picnics every Saturday for the preceding year, learning camping and woodcraft.

Kaiser's Request

(Continued from Page One) present loan claims of \$105,000, 000. The steel council, in supporting his application, said Kaiser in effect would be paying the government about 23.5 percent of Fontana's costs and paying off post-war loans in full.

Bribery Charge

(Continued from Page One) any unwholesome matter brought to your attention of which you may have knowledge.

Women's Bureau Will Solve Career Problems

By ARTHUR EDSON WASHINGTON, May 21. (AP)—Are you fretful, college girls? Are you pretty little heads all awhirl because you don't know whether you should (a) try to trap a husband, or (b) prepare for a career? Then take your troubles to the Women's Bureau.

In an eight-page booklet, out today, it advises: "Don't try to choose between marriage or career, but get ready for both home and job."

They point out that there are 250,000 women in each of these groups: stenographers or secretaries, teachers, saleswomen, office clerks, bookkeepers or cashiers, or professional nurses. At least 25,000 or more women are musicians or music teachers, social workers, college professors and instructors, librarians, physicians and dentists' helpers, religious workers, laboratory assistants or buyers and department heads for retail stores.

Less than 5,000 women are airplane stewardesses, actresses, actresses, radio commentators, photographers, geologists, lawyers or psychologists. Furthermore, 75 percent of all librarians, nurses, home economists, teachers, stenographers and executive housekeepers are women.

But women represent less than five percent of all dentists, clergymen, physicians, engineers, pharmacists, chemists, architects, lawyers, draftsmen, aircraft pilots, insurance agents, meteorologists, certified public accountants and veterinarians.

Jaycee Meeting

(Continued from Page One) by enlarging its program of guidance for children and youth, seeking to bring them into a proper relationship with God and man," he added.

The boys double quartet of the Seminole High School, under the direction of Miss Ollie Reese-Whitler rendered several selections for the group. The quartet was composed of Leland Rudd, Bobbie Pullen, Harold Kastner, Nollie Trapp, Clarence Grantham, Jan Jenkins, Spencer Hardin and Houston Babcock.

THIRD AND MAGNOLIA

U. S. ATTORNEY GENERAL Tom C. Clark is shown addressing a crowd at the base of the Washington Monument in the nation's capital to celebrate "I Am an American Day," proclaimed by President Truman to honor those who have reached their majority in the last year and those who have been naturalized as American citizens.

Girls Added To Gala Australian Carnival

AP Newsfeatures SYDNEY, Australia—Mass parades by hundreds of surf girls are the highlight of 1947 summer surf carnivals at the east coast beach resorts here.

Inclusion of beach-belle teams at the seasonal carnivals in New South Wales is a minor triumph for surf aggregates, who have been seeking recognition for women as lifesavers on Australian beaches.

While the husky accredited men lifesavers acknowledge that there would be a sharp rise in rescue calls if women were assigned to the job of watching beaches, they are resisting the surf girls' claims on the ground that hauling a drowning swimmer from heavy surf is a job for male muscle only.

This is the official view of the State Surf Life-Saving Association, whose honorary task it is to see that Pacific waves claim a minimum toll of the hundreds of thousands taking the water around Australia's coast this and every summer.

For these carnivals clubs rope off about half of the local beach and charge an admission fee which swells funds for purchase of lifesaving equipment and clubhouse improvements.

Surf carnivals rank particularly high among Sydney's regular summer sports. Up to three events are staged concurrently. While surf boat crews and skiers shoot big rollers, bronzed young men and golden-tanned girls march in beach pageantry, and lifesavers show how to revive rescued persons suffering the effects of immersion. Thrills and surf spills keep the crowd on its toes. Club rivalry for titles is very keen.

HERE'S A MIRACLE that happened—and there was a camera to record it, otherwise no one would believe that N. Baldini, Logansport, Ind., had driven his car into open space and that, somehow, it failed to fall into the culvert. The gap was bridged by a few inches.
