

Elder Fikret Will Fill Pulpit Here

The pulpit at the 11:00 o'clock service of the First Presbyterian Church this Sunday will be filled by H.H. Kikret, Ruling Elder of the Park Lake Church of Orlando, an eminent Christian layman, it was said today by Miss Mary Wilkes, secretary.

Mr. Fikret adopted the Christian faith not many years after his birth in what was then Constantinople, Turkey, and since then he has been an ardent student of its tenets.

He studied at Glasgow, Scotland. This tended to deepen his interest in Christianity and this was further expanded before his graduation from the University of Michigan a few years later.

While he was serving as professor at the University of Illinois he was asked to speak to a congregation while the regular minister was on vacation and so greatly did he impress those who heard him that he was recalled many times. This experience was repeated while he taught at Ohio State University and the University of Cincinnati.

His reputation as a speaker on Christian Living quickly became known to Orlandoans a few years ago, and Dr. Robert H. McCullin, pastor of the Park Lake Church, frequently has asked Mr. Fikret to talk to the congregation there.

When the Rev. A.G. McNeis, minister of the local Presbyterian Church, was making plans for his vacation, he asked the popular Orlandian to talk to the Sanfordites and the invitation was accepted. The opportunity to hear this interesting speaker will be seized upon by many local people, according to Miss Wilkes, because during the week much interest has been evidenced in this Sunday's service.

The music will include a program on "Spirit of God" by Noddlinger and the organ method, "The Little Bells of Our Daddy of Lourdes" by Harvey Gaul and played by Mrs. George Tonby, minister of music for the First Presbyterian Church.

A sort of apartment house was built by the Nunaqmiut eskimos, using a willow framework covered with snow.

Leslie S. Ladd, Jr., of 34 Cleveland Avenue, Nashville, Tenn., sure knows his HADACOL. He, his mother and his grandfather get precious Vitamin B1, B2, Niacin and Iron from this family product.

"Mamma, we haven't taken our HADACOL," says Leslie when his mother forgets. "Mrs. Ladd explains, however, that her son always takes HADACOL family because it has helped relieve deficiencies of Vitamin B1, B2, Niacin and Iron for herself, little Leslie and her father.

TAKES 10 BOTTLES
Read Mrs. Ladd's own statement of their experiences once they learned that they were suffering from such deficiencies and began taking HADACOL. "I have taken 10 bottles of HADACOL and my son is down since my oldest son was born. I am 23 years old. I have had very little appetite and I had weak spells every morning. I would feel faint but after taking HADACOL they are gone and I stay hungry all the time."

My four-year-old son had little appetite and his cheeks were pale. His cheeks are rosy and he has a wonderful appetite. I also had gastric disturbances, but they are gone now. My father took HADACOL for the agonizing aches and pains of neuritis. He is much better now."

WONDERFUL HADACOL FEELING

HADACOL is that wonderful new preparation — promising blessed relief for your indigestion, stomach disturbances, (gas, heartburn, sour "rising" after meals) for normal aches and children, as well as that general run-down condition, and aches and pains of neuritis if your system lacks Vitamins B1, B2, Iron, and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamin B1, B2, Iron, and Niacin it acts directly to relieve this deficiency, the real cause of your trouble. That's the kind of product you want—the kind you should buy—the kind you should start taking immediately.

Only One Genuine HADACOL

Don't go through life suffering such ghastly torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiencies. HADACOL is the only genuine HADACOL. It is the only genuine HADACOL. There's only one true genuine HADACOL.

At THE CHURCHES

In Church Notices must be presented at the Herald office on the day before publication.

SANFORD MINISTERIAL ASSOCIATION

FIRST CHURCH OF CHRIST, SCIENTIST
509 East Second Street
Sunday School 9:45 A.M.
Morning Service 11:00 A.M.
Wednesday Service 8:00 P.M.
Reading Room Tuesdays and Fridays, 3:00 to 5:00 P.M.

"Soul" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist throughout the world on Sunday August 13.

The Golden Text is: "The Lord is my portion saith my soul; therefore will I hope in him" (Iam. 3:24).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The law of the Lord is perfect, converting the soul; the testimony of the Lord is sure, making wise the simple" (Ps. 19: 7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"When understanding changes the standpoints of life and intelligence from material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle . . . It is highly important in view of the imminence to be accomplished before the recognition of divine Science can come to turn our thoughts towards divine Principle, that finite belief may be prepared to relinquish its error" (322: 37, 9).

FREE METHODIST CHURCH

West Fourth Street and Laurel Avenue

Fred R. Brown, Pastor
Sunday School 9:45 A.M.
Morning Worship 10:45 A.M.
Young People's Service 7:00 P.M.
Evangelistic Service 7:30 P.M.
Prayer meeting Thursday 7:30 P.M.

HOLY CROSS CHURCH (Episcopal)

Rev. H. Lytleton Zimmerman, R.D., Rector

10th Sunday after Trinity
9:30 A.M. Holy Eucharist and sermon.

9:30 A.M. Church School.

Services during the week, Monday through Thursday and Saturday Holy Communion 7:30 A.M.

Friday Holy Communion 9:00 A.M.

CHRISTIAN AND MISSIONARY ALLIANCE

Park Avenue at Fourteenth Street

Glen E. Smith, Pastor

10:00 A.M. Bible School, Mr. A. Weisheit, Superintendent.

11:00 A.M. Morning Worship.

Missionary Sunday will be observed with reports from mission fields and a missionary message by the pastor.

8:00 P.M. Evening Service.

An informal meeting for all ages. The guest speaker for the evening will be Rev. Paul Carlson, Bible Teacher from Mexico City, Mexico. Mr. Carlson was born in Ecuador of Missionary parents. His entire life was spent there with exception of years spent at the Missionary Training Institute at New York, New York, of which he is graduate. At present he is serving under the Home Mission Department of the Christian & Missionary Alliance.

All are welcome to this meeting.

CENTRAL BAPTIST CHURCH

Ninth Street and Laurel Avenue

Rev. S.L. Whately, Pastor

Sunday School 9:45 A.M. Classes for all ages.

Morning Worship 11:00 A.M.

"Glory! Glory! Glory!", sermon by B.T.U. 7:00 P.M. Unions for all age groups.

Evening Worship 8:00 P.M.

Tuesday 7:30 P.M. W.M.S. will sponsor a stork shower for Mrs. Doyle Peacock.

Wednesday 8:00 P.M. Midweek Services.

Thursday 7:30 P.M. Mrs. A. J. Peterson, our associational president will conduct a clinic for all members of the W.M.S. All ladies are invited to attend.

"Come Thou With Us And We Will Do Thee Good."

FIRST CHRISTIAN CHURCH

1607 Sanford Avenue

J. Randall Farris, Minister

"Christian Growth" is the Minister's sermon subject at the First Christian Church Sunday morning.

Midweek Bible study and prayer Wednesday 8:00 P.M.

Cordial welcome is extended to all.

MONDAY, AUG. 14, 1950

TODAY'S BIBLE VERSE

If we are going anywhere on
important business we must aban-
don useless baggage: Lay aside
every weight, and the sin which
doth so easily beset us.—Hebrews
1:1.

Trygve Lie, secretary general of
the United Nations, has gone back
to Norway, taking a short vaca-
tion. There won't be much for him
to do around United Nations head-
quarters as long as Jakob Malik is
in the chair.

Whether it is better to suffer
those ill we have or fly to others
we know not of health well express
our position in trying to decide if
we should continue to put out bon-
fires started by Russia all over the
world or go to the root of the evil
at the main conflagration.

The Chambers of Commerce,
junior and senior, are organizing
a campaign to bring new industries
to Sanford. With our big cities
more dangerous these days than the
actual battlefield, it may well be
that a number of big industries
will be planning decentralization
during the next few months, look-
ing for nice quiet small towns
in which to locate.

We wish we shared General
Walker's and General MacArthur's
optimism over Korea. Although the
boys have been doing mighty well
 lately, the total picture does not
appear too rosy to us. But we do
not blame the generals for whistling
in a graveyard. Suppose they took
a gloomy view of the situation.
Suppose they said, "Sure we know
the outlook hopeless. We haven't
got a chance. We're outnumbered
ten to one, and they have better
tanks than ours. We're licked and
that's all there is to it". The result-
ing rout would be the fastest in the
history of the world, and the
slaughter on the beaches the blood-
shed.

Did you see where Governor
Warren's friend William H. John-
ston makes a net profit of \$250,-
000 a year off his various gam-
bling rackets, and although he
was making only about \$9,000 a
year just before the second World
War began. We suppose it is bad
enough for a Henry Ford to make
a million dollars furnishing the peo-
ple of this country with something
to ride in, but when a man makes
his living during war time by tak-
ing it away from the suckers and
leaving them nothing in return, we
think something ought to be done
about it.

No one, to the best of our
knowledge and belief, has quite the
foresight and wisdom of Winston
Churchill who advocates the crea-
tion of a strong European army
backed up by military forces from
the United States and England. But
what impresses us most is his belief
that we still have two years in
which to get ready. That is a long
time, if we take advantage of it,
for which we should be thankful
to a generous God who overlooks
our many sins and weaknesses.
Given two years, the Western Na-
tions can so far excel the present
strength of Russia as to make war
impossible.

Just what ought to be done about
Florida's Governor Fuller Warren,
in view of the facts which have
been brought out recently by Senator
Kefauver's investigating com-
mittee, is a question which has been
discussing us lately as well as good
many other people. Of course, he
should be called before the Ke-
fauver committee in Washington
as soon as possible and asked what
concessions he made to the Chi-
cago gamblers who financed his
campaign. Perhaps he can explain
some of these things away, but in
any event he will probably be im-
peached when the next session
comes around. That is, an impeach-
ment is the only way to do it. But since
he has stood before the Senate,
it takes two-thirds of that
body to convict, the impeachment
will probably fail.

European Arms Burden

A plan for European sharing of the cost of arming
the Atlantic Pact nations has been prepared by David Eccles
of Great Britain, secretary of the Economic Commission
of the Council of Europe. He would have each nation pledge
a specific portion of its national income to defense, the
amount to be spent under the direction of a unified com-
mand. The proportion in each case would depend on the
nation's wealth, and so the figures might vary widely.

The plan sounds simple, and sensible, but some notion
of the obstacles in the way of it can be had from Eccles' points. One is that the currency of every nation entering
this agreement would have to be freely convertible with
dollars. The other is that the total gold and dollar reserves
of all member nations would have to be available to back
the currency convertibility operation. Since the United
States has most of the wealth and most of the gold, we
would probably wind up with most of the bill. These same
facts—our wealth and our gold stock—may make it in-
evitable that we pay most of the cost of arming the Atlan-
tic Pact nations, no matter what plan is adopted.

It is important, for both the self-respect of the Euro-
pean nations and the maintenance of favorable American
public opinion, that some kind of system be devised for
spreading the cost of European arms as equitably as pos-
sible. It is a project of pooled interests, and its burdens
also should be pooled. Americans realize the importance
of strength in Europe, can see it much more clearly since
the start of the Korean incident. Concrete evidence that
Europeans also appreciate this community of interest, and
are ready to pay their share of the cost of common defense,
would help to dispel a widespread American fear that we
may be asked to undertake, virtually alone, the arming
of the free world.

The Cold Search

The persistent medical search for the cause and cure
of the common cold goes on, and not even the possibilities
of atomic energy are being overlooked. At the atomic lab-
oratories at Oak Ridge, one experiment among the many
others which are constantly being carried out there produced a
radioactive phosphorus which produces a change in an
incubating chicken embryo which is infected with cold
virus, but not in a healthy embryo.

What does this mean? That is what scientists at
Johns Hopkins University now are attempting to learn.
For one thing it means that experiment with embryos can
be speeded, and that human subjects need no longer be
used to check on the presence of infection, as has been the
practice in the past.

Perhaps through this line of experiment or some other,
from some new discovery or one made years ago, some
day the common cold will be conquered. And what a happy
day that will be for the human race!

Baseball Box-Office

A mid-season box-office report of the major baseball
leagues shows that attendance this year is running about
twelve percent behind last year. There is considerable variation
among the clubs, with three of them drawing bigger
crowds than they did last season. In general the clubs with
the better box-office records were those in the upper divisions
of their league standings, supporting the axiom that
everybody wants to see a winner. But in the National
League the Pittsburgh Pirates lead at the box-office al-
though at the bottom of the standings. Apparently there's
no knowing why people will, or won't, go to baseball games.

Ford Gift

Detroit's dream of a magnificent river front develop-
ment moved nearer to realization by a long step Friday as
the result of announcement by Mayor Cobo that the Ford
Motor Co. Fund, together with Ford-Lincoln dealers, had
given the City \$2,500,000 to build a municipal auditorium.

The structure, which will be an integral part of the new
civic center, will be a memorial to Henry and Edsel Ford.

This auditorium is tentatively planned to seat 8,000
persons. While full details are not yet known, it is safe to
presume that in addition to the huge meeting hall which
the building will house, there also will be provided general
convention and display facilities.—Detroit Free Press.

Atomic Bombs

(Continued From Page One)
ected from blast, heat and ira-
tional effects of an atomic ex-
plosion.)

After ten seconds you can stand
up, because the immediate per-
manent heat and smoke will
have passed in that time.

But keep your body pressed
tightly against the side of a build-
ing to avoid burns from falling
debris, which can result from
the explosion's blast effects.

If you are inside a house or
an office building, when the bomb
goes off, do this:

Drop to the floor, with your
back to the window. Crawl behind
or beneath a table, desk, coun-
ter, or other shelter. The closer
you are to the interior partitions
of the building, the better off you
are. They are relatively effec-
tive in resisting the blast ef-
fects.

The book offers some general
suggestions about strengthening
the construction of buildings to
resist the blast—but they all boil
down to the conclusion that in gen-
eral structures designed to resist
earthquakes are the best.

The 460 page volume gives the
low-down on the known or pos-
sible effects of A-bombs bursting
in the air, on and beneath the
ground, and at shallow and deep
depths beneath the sea. It reaches
the conclusion that the air-burst
type is the most widely destruc-
tive.

Without mentioning the hydro-
gen bomb, it points out that
the damaging effects are increas-
ed as the energy of any atomic
bomb goes up—although not in
direct proportion. But it said that
"fears are groundless" that at-
omic explosions could ever con-
quer the whole world with
radioactivity.

It also discussed the pros and
cons of "radiological warfare"—
the possible use of radioactive
material as a weapon distinct from
the bomb. That studies of either
the A-bomb or the H-bomb
explosions are still inconclusive,
it told of medical measures de-
signed to treat atomic casualties.

But those seem to be no feasible
means for salvaging照射 material.

THE SANFORD HERALD, SANFORD, FLORIDA

Emily Wilkens Says Slim Skirts Popular

By DOROTHY ROE
Associated Press Fashion Editor

Young Miss America likes her clothes, slim, trim and understated in the daytime, glamorous as all get-out at night.

That's the conclusion of Emily Wilkens, the youthful designer who started teen-agers on their way to fashion recognition and now is turning her talents to dressing their older sisters.

Miss Wilkens recommends no excess baggage on clothes for street, office or classroom. She stresses simplicity, clean lines and youthful cut choices fabrics that will stand the gaff, likes double-duty styles.

For wear after five, however, she shoots the works on bouffant skirts, gauzy fabrics and frills that will make any girl feel young and gay.

Although Miss Wilkens shows many straight, slim skirts, she recognizes the fact that some figures need the camouflage of a little fullness below the belt and adds a number of full or flared skirts to her collection.

The shirt and skirt for office or campus wear is a pet idea, and she does a series of mismatched shirts in pastel silk twills with wing collars and string ties that are bound to win the heart of every girl who sees them.

Her convertible jumpers are another style destined to endear itself to budget-conscious young women since it goes to class or dormitory dormitory, teamed with a blouse, sweater, girdle and matching miniskirt, blouse, with lace neck and bare arms.

The hostesses presented the guest of honor with a pie of silver in her chosen pattern.

Invited to be Miss Lundquist were her mother, Mrs. Ruth Lundquist, Mrs. Boston Steele, Mrs. Al Deodrey, Mrs. Bill Brumley, Mrs. Wight Keay, Mrs. Clyde Stevens, Mrs. Stanley Rocky and Mrs. Spencer Hardin.

Also Miss Barbara Buckner, Miss Linda Kirchoff, Miss Lila Leffler, Miss Coral Jean Metzger, Miss Mary Ann Galloway, Miss Kathleen Babcock, Miss Cherry Singletree, Miss Betty Irene Hall, Miss Olive Anna Adams, Miss Betty Rose Hodelman, Miss Lillian Boyle, Miss Caroline Lee, Miss Louise Clark, Miss Barbara Saunders, Miss Barbara Chapman, Miss Jane Chapman, Miss Phyllis Bach, Miss Lydian Moran, Miss Shirley Morland, Miss June Rose Bottom, Miss Carol Skinner, Miss Emma Jean Methvin and Miss Partin.

Mr. and Mrs. Cyril Butner and son, Terence, Mrs. T. Butner and Mrs. Mildred Butner Morton have just returned from a week's vacation at Ocean Drive, S. C.

Mr. and Mrs. H. E. Turner and daughter, Carolyn and Alice, and Mrs. O. G. Rollar returned from a business trip to Daytona Beach Saturday.

Miss Joan Dugan, daughter of Mr. and Mrs. Walter A. Dugan, is visiting relatives and friends in Chicago.

Mr. and Mrs. Walter Collins and daughter, Mary Ann of Orlando were Sunday visitors in the community.

Miss John Barnes and William Carroll have returned to Memphis, Tenn.

Miss M. Parker, a former resident here, is visiting in the community Thursday.

Miss George Hogerich and children have returned to California, after a visit here with Mrs. Hogerich's parents, Mr. and Mrs. A. Thompson.

Mr. and Mrs. John Tropea has as their guest, Mrs. Elaine Cain of Fort Lake, III.

Mr. and Mrs. R. B. Bevan and children of South Miami were visiting their many friends here Sunday.

Miss Audrey Baumback has turned home after a week's visit at Griffith, Fla.

Clyde Casper is recovering after undergoing surgery, seven weeks ago, at a St. Louis hospital. Mr. Casper and family expect to return to their home at South Park soon.

Mr. Jean Poulsen is attending the Tri-H-Y conference in Illinois Ridge, N. C.

Bett and Billy Monroe and their old Japan, Jr., are attending a Bible Camp this week.

The Civil Air Patrol will sponsor a dance Wednesday, Aug. 16 at the San Jose Club. A float will be featured during the evening.

Miss Virginia Elviss of Jacksonville was here Thursday night because of the illness of her mother, Mrs. F. E. Geider, Chico-Chi and Shannon Hall were among the little friends at the home of the Billhimer home on Catalina Drive.

Miss Louise Levy and Miss Selma Levy leave today to go to California where they plan to spend about two weeks. They will go to New York City from there, where they plan to make their home.

Mr. and Mrs. E. B. Carter and Miss Dorothy Carter have returned from a two weeks' vacation spent in Texas and New Mexico. They visited with Lt. James E. Jones, 100th Bombardment Group, Tex., and from there many other points of interest including Carl Grawe in New Mexico.

Betty and Bobby Billhimer have returned home after a six week visit with relatives and friends in the District of Columbia and nearby Virginia and Maryland. Their headquarters was the home of their aunt and uncle, Mr. and Mrs. E. H. Billhimer who will be remembered as regular winter guests at the Billhimer home on Catalina Drive.

Giants Drop Two To Daytona; Shut Out G-Men Sunday

Lake Faces Only 29
Batters In Short
Three Hit Game,
For Twelfth Win

The Sanford Giants, with veteran Buddy Lake twirling a neat 3-hitter, handed the Gainesville G-Men a 1 to 0 defeat in a very important game Sunday afternoon.

By winning the Giants gained a full game on the Gainesville club and one game closer to first division and the possibility of the Shaughnessy play-offs.

Lake went the distance for the Giants, giving up only three hits, striking out 2 and walking none. He faced a total of 29 batters in a game that lasted one hour and fourteen minutes, only four minutes longer than the shortest game on record for the Florida State League.

The Giants collected 6 hits and 1 run off Don Urquhart, who went the distance for the G-Men. Their lone run came in the third inning when centerfielder John Hafenecker doubled with two away and Levy followed with a single scoring Hafenecker.

The Giants journey to Gainesville tonight for the return match with Clyde Stevens scheduled to start at 7 p.m. The Giants in this all important game Saturday night.

The Daytona Beach Islanders need out the Sanford Giants by a score of 4 to 3 in a tight game here Saturday night.

The Islanders pushed across the winning tally in the eighth inning on two hits, three bases on balls and a Giant error.

Centfielder John Hafenecker was a big gun at the plate for the Giants by collecting 3 hits in four appearances. Of the three hits one was a long triple and another a home run over the left field wall.

(Friday Night)

The Giants journeyed to Daytona Beach Friday night and suffered a shut out defeat by a score of 7 to 0.

Al Neville, who has played just about every position for the Giants started on the hill and suffered the loss.

Islander pitchers Gaddis and Pitala combined efforts and set the Giants down with 4 hits.

The Islanders got off to a big start in the first inning by bunching three hits and a base on balls to put across four runs to go on to victory in a walk.

KING OF THE WORLD'S WELTERWEIGHTS. Sugar Ray Robinson lands a curving left on challenger Charley Fusari's jaw in their 15-round title bout at Roosevelt Stadium, Jersey City, N.J. Robinson won an easy decision. The fight, staged for the benefit of the Damon Runyon Memorial Cancer Fund, attracted 25,000 fans. (International Soundphoto)

Two Horse Show Seen In Atlantic League

By ASSOCIATED PRESS

The South Atlantic League pennant race may be two-horse

White Dogue leading, Macon

and second place Savannah won-

yesterday, third place Columbia

and fourth ranking Columbus lost.

Columbia now trails Macon by 10

and games and Columbus by 10

and a half and the season has

only 24 more days to go.

The 16-6 defeat for Columbus

by Savannah and the 16-2 loss by

Columbus to Augusta came as

both had bad times.

Lee Eggers, the glory hog

Eggers knocked off Atlanta

with a double, triple and homer.

His homer produced three runs

and the triple three more. Bill

Repulski and Frank Dean team

to keep Columbus in the game

with homers. Six of Savannah's

runs were unearned,

pines—Hettinger and Tonoff. T-
200.

Mrs. John W. Geary, 240 Ursuline St., New Orleans, La., says that life lately is sure wonderful—she didn't dream the world was such a fine place to live in. She thinks things look different—like she had just taken off dark glasses for the first time and saw things as they really are. She was suffering from deficiencies of Vitamins B1, B2, Iron and Niacin, which HADACOL supplies in generous quantities.

Here is Mrs. Geary's statement: "I had been sick for sometime. It affected my stomach so much that I was unable to eat regularly, and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first bottle I could tell a definite improvement. Now my stomach doesn't trouble me at all; I eat anything I want to and the most glorious thing is that my nerves are just as normal as can be. HADACOL is wonderful—it must be. It did so much for me. Thanks again to HADACOL."

HADACOL Has Been a Blessing to thousands of folks whose systems were deficient in Vitamins B1, B2, Niacin, and Iron. HADACOL can help you too. If you will not believe in HADACOL, chance—if you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general rundown condition caused by such deficiencies, let HADACOL help you as it has helped others all over the country. Even hundreds of doctors are now recommending HADACOL to their patients suffering from such deficiencies.

Give remarkable HADACOL a chance to benefit you. Remember, you have nothing to lose. HADACOL will make you feel great after the first few bottles or your money will be refunded. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. © 1950, The LeBlanc Corporation. —Adv.

Farm Land

(Continued From Page One)
cent acre in California. The increase in California was the first since land reached a peak in that state in March 1947.

The Department said continued strengthened prices for grazing land in the mountain states.

Price increases were not the rule for all states, however. Unfavorable weather or crop conditions caused price weaknesses in some areas. In the east and south central states demand for farm land this spring was checked somewhat by short cotton crop last year. Dry weather has affected crop and pasture conditions in Colorado, New Mexico, Arizona and Utah.

Grazing land with a year ago, values are higher in 21 states, but lower in 22.

The Department said the volume of farm sales is down for the country as a whole. High asking prices for land were said to be a major factor in reduced sales. But recent improvements in farm prices may lead to an increased volume of sales, the Department said.

Fairly large acreage planting allotment for wheat and the possibility of larger market outlets for other farm products as a result of the Korean situation would also tend to stimulate land purchases," it said.

Some tightening in credit for purchase of farms was apparent during the first half of 1950, the Department said. It added there is little indication that a lack of

U.S. Senator Urges All-Out Mobilization

Myers Carries Fight To President; GOP Demands Statement By White House

WASHINGTON, Aug. 15.—(AP)—Senator Myers of Pennsylvania, Assistant Democratic leader in the Senate carried his fight for immediate "all out mobilization" of our industrial economy in view of the Korean war and threats to other areas.

At the same time some Senate Republicans called on the Administration to say whether the country is headed for all-out war preparations.

Chairman Millikin of Colorado said a conference of all Senate Republicans discussed what he called a lack of information about the country's policies.

Millikin told reporters he and other members of the conference found it difficult to decide what they ought to do about pending production control, tax and appropriations bills "until we have more information on the over-all policies of the administration."

He said he thinks President Truman ought to make it clear to Congress whether the country is preparing only to fight the Korean war, whether it is being geared to an "intermediate" preparedness or whether it is being readied to fight an all-out war.

Plans to speed congressional approval of family support allowances for men called into military service struck snag in the Senate today.

Three different proposals were presented in the Senate Armed Services Committee along with testimony that wives and children of some National Guardsmen and reservists, recently called into service, already are in financial difficulties.

Chairman Tydings (D-Md.) who had proposed to have a bill ready for the Senate within a week, said his committee and officials to

Palermo To Give Self Up In Numbers Racket Gun Battle

PHILADELPHIA, Aug. 15.—(UPI)—Frank (Blinky) Palermo, manager of lightweight champion Ike Williams, was held in \$3,000 bail today for further hearing next Tuesday on charges growing out of a South Philadelphia racket gun fight.

PHILADELPHIA, Aug. 15.—(UPI)—Frank (Blinky) Palermo, manager of lightweight champion Ike Williams, expected to surrender to police today in connection with a south Philadelphia gun

(Continued on page 26)

Attorneys for Palermo and James Singleton, 42, both of Philadelphia, announced late yesterday both men would be surrendered to police, probably in time for arraignment at the morning session of central station police court.

A third man wanted by police in connection with the gun battle, Joseph Coffey, 46, of Philadelphia, was returned to Philadelphia last night after waiving extradition at Margate, N. J. He was arrested in the New Jersey city earlier.

Inspector Richard Doyle identified Coffey as a "strong arm man" for one of Philadelphia's largest numbers books.

Doyle said the bank is controlled by Palermo and Singleton and ordered their arrest, along with that of Coffey, on charges of violation of the firearms act, recklessness of firearms, atrocious assault and battery with intent to kill and conspiracy.

Leviel R. Schofield, attorney for Singleton and Coffey, said he and Morton Witkin, Palermo's attorney, had "advised these men, through their friends to surrender."

Within added: "Mr. Palermo is a boxing promoter and manager. He is not a numbers racketeer. He denies all such charges leveled

White House Says O'Dwyer To Go To Mexico As Envoy

Mayoralty Election Will Be Held In New York This Fall

WASHINGTON, Aug. 15.—(UPI)—The White House announced today that President Truman will nominate Mayor William O'Dwyer of New York City as ambassador to Mexico.

President Secretary Charles G. Ross told reporters the nomination will be sent to the Senate about Sept. 1.

Ross said O'Dwyer would resign as mayor of New York about that time. The resignation will mean a mayoralty election campaign in New York this fall.

Ross made the announcement while O'Dwyer was at the White House conferring with the President.

He said O'Dwyer had agreed at the conference to take the appointment.

In Mexico, O'Dwyer would succeed Ambassador Walter Thurston, 56, a career diplomat.

Ross said Thurston would be given another top-level diplomatic assignment but did not indicate what that assignment might be.

O'Dwyer himself refused to say anything to reporters when he left his conference with the President.

Reporters asked O'Dwyer when he was going to Mexico City.

"No statement," he replied.

In response to other questions, he said he planned to fly back to New York at 4 P. M.

O'Dwyer, 60, has been mayor

Hurricane Stalls Advanced ROTC Students To Be Deferred By Army

Upper Classmen May Resign Guard To Complete Studies

WASHINGTON, Aug. 15.—(UPI)—Students in advanced Air Force Reserve officer training can resign from Reserve forces or the National Guard in order to complete their ROTC work.

An Air Force announcement today said advanced training is considered to be third and fourth year courses.

If and when advanced course students will be deferred from the draft after they have left the service, so long as they participate in the ROTC program.

The policy of permitting reserves from Reserve status does not apply to students in the basic course (first and second years) of the Air Force ROTC. Basic course students, if members of a reserve organization, will continue eligible for call to active duty.

The Navy meanwhile told its reservists how to go about requesting deferral from active duty.

The Navy is calling up reservists on a selective basis, with quotas being made up from incoming units.

In a statement amplifying earlier instructions, the Navy said that all deferral requests must be submitted within 48 after a reservist receives his orders. No request will be considered before the reservist gets his orders to report for active duty.

Such orders the Navy explained, will normally allow officers and enlisted men a minimum of 10 days' leave time, to report for duty.

Reservists who have received denials of their deferral requests and those who have not received any reply to such requests must comply with the original order to report for duty.

The Navy said that an individual may appeal from a denial of deferral.

Violent Tremors Disrupt Working Of Seismographs

LONDON, Aug. 15.—(UPI)—Seismographs in Britain, Japan and the United States recorded earth shocks of extraordinary violence today, but scientists said they could not determine where the quake occurred.

Auckland, N. Z., was struck with shock of some intensity at Robinstown center of the thermal region of New Zealand in the early morning hours. The shock at 9:16 P. M., New Zealand time (5:16 A. M. EST) rattled windows over wide areas. It was preceded by two milder tremors.

However, the great violence of the shocks recorded elsewhere indicated to one London scientist that there may have been a quake under the sea.

The Central Meteorological Observatory in Tokyo reported the shocks were believed to be in the northern part of the American continent. The shocks were recorded at 2:16 P. M., Greenwich Mean Time (9:16 A. M. EST).

Speaking for the National Association of Real Estate Boards, Charles Warner urged members of the Seminole County Board to attend the annual convention which will be held this year in November

BUILDING PERMIT

The Church of God has obtained a City permit to erect a concrete block building on French Avenue between Twenty-Second Street and Twenty-fourth Street at a cost of \$10,000. R. E. Newell is the builder.

J. H. Trulock has a permit to build a frame house on Elliott Avenue between Fourth Street and Eighth Street at estimated cost of \$20,000. It will have exterior treatment of asbestos shingles.

RATE HIKE DENIED

TALLAHASSEE, Aug. 15.—(UPI)—The State Railroad Commission today declined to allow a requested 10 percent increase in rates for railway express shipments between points inside Florida.

The Railways Express Agency, Inc., had asked for the increase to make its rates competitive with those granted by the Interstate Commerce Commission for shipments across state lines.

Overloaded electric wires caused a smoldering fire early this morning in a closet of a two-story frame building in Geneva. Sanford firemen, responding to the call, got to Geneva in about 15 minutes. In the little Dutch tract before the cause of the fire before the fire made much headway.

The baby princess weighed six pounds, an official announcement said.

Her birth touched off sponta-

Red Troops With Tanks Burst Through Naktong River Line; Negroes Storm Little Cassino

American Public Got A Bargain In Brig. General George Barth

BY DON WHITFIELD
(For Red Books)

WITH THE U. S. 24TH DIVISION, Korea (UPI)—The American public got a bargain in Brig. General George B. Barth of Lawrenceville, Ga., who is about the nearest there is to a doughty general that the found in Korea.

Officially, Barth commands the artillery in the U. S. 24th Division, which is not yet fully organized, but its fringe is still in the dead of night, slipped behind North Korean positions and without a single casualty early today captured "Little Cassino."

It was high ground for which scores of Negro soldiers have fought bloody during the past three days.

Then the confusion which so often marks this grim Asian war began.

Other American troops, not aware that "Little Cassino" was last night ours, unleashed a mortar barrage of white phosphorus and high explosives, the Negro infantryman was wounded.

An officer came down from high command to move down from the peak for a redoultion of positions. Angely, the men under company Commander Lt. Gabriel Andrus, of Portland, Ore., with

three hours later North Korean forces were observed back at the pictureque Buddhist temple whose light had flickered early during the dawn hours a few yards to the 24th Infantry's position.

Navy planes came in and attacked the temple.

"Little Cassino" was given its name by a veteran of the bitter fighting for the abbey of Monte Cassino, Italy, Maj. Horace "Little Butch" Donoho of Los Angeles, a native of Stephenville, Tex., and a former resident of Galveston, Tex.

Barth, commander Lt. Col. George B. Cole of Cape Elizabeth, Portland, Me., who fought with the 45th Oklahoma Division in Italy, agreed.

It was Cassino transplanted to the Korean mountains—a Buddhist temple instead of a Catholic abbey, but the same deep-seated rock positions from which tough North Korean fighting men popped up to cut down attacking infantry, despite

Sales Tax Fails To Sustain State Welfare Allotment

TALLAHASSEE, Aug. 15.—(UPI)—Plans of two legislators for a special session of the Florida Legislature if necessary to meet the welfare appropriation in full brought no promises from Governor Warren and the Cabinet today.

The Red gain was considered serious but no American divisional staff officer said,

"We are still confident we can push the gods back across the river but it may take time."

One Red battalion fought desperately to link up with guerrillas behind the Americans.

A Russian-made Yak plane, on

EMBEZZLER OFFERS PLEA OF GUILTY IN A. AND M. CHARGE

TALLAHASSEE, Aug. 15.—(UPI)—W. Anthony Gaines pleaded guilty to three charges of embezzlement from Florida A. and M. college for Negroes, where he was formerly extension director.

L. B. Paul and L. G. Evans, employees of the institution, defended him.

Gaines, the only man who can call the Legislature into special session, made no reply to requests of Rep. Carter E. Shepard and Senator Vester A. Pope of St. Augustine that the Legislature be brought back if no other way is found to solve the problem.

He told them the money just isn't there to release more than 30 percent of legislative appropriations for the three month period ending Sept. 1. The prospects of getting it there within the next few months are slim.

The Legislature in special session last September enacted the \$40,000,000 sales tax, but it still fell short of meeting the \$34,000,000 biennial appropriations for the three month period.

Gaines was indicted for embezzlement in January.

The tuberculosis board and the counties for road construction.

The St. Augustine legislators suggested enough be withheld from the welfare program to make allotment during lean tax collection months.

Reservists who have received denials of their deferral requests and those who have not received any reply to such requests must comply with the original order to report for duty.

The Navy said that an individual may appeal from a denial of deferral.

CIVIL AIR PATROL UNDERGOES TRAINING

The Civil Air Patrol will hold a dance at the San Orio Club Wednesday night at 9:00 o'clock. The public is invited and there will be a floor show.

Due to the dance no regular training will be held by the Squadron until Wednesday, Aug. 23 at 7:30 P. M.

Word has been received here that the members of the San Joaquin Squadron of the C.A.P. now attending the summer encampment at Warner Robins, Air Force Base, Georgia, are undergoing typical army training, including drill, marches, rifle range practice and training flights.

Among those from San Joaquin who are now attending the encampment are First, Lt. John Anderson, member and leader of the San Joaquin group of cadets and Wise Hardin, commanding officer of the group, Lee Parrett and Billy Clark.

ananeous family and public celebrations.

Prince Philip, as he had done with the arrival of Prince Charles to the throne of the British crown, he and his wife, Queen Elizabeth, home of Elizabeth and Philip, in the family and his staff.

He also rushed through a long-distance telephone call to his father-in-law, King George, who was on a grouse-shooting trip at Balmoral Castle in Scotland, 200 miles away.

Queen Elizabeth was with her daughter, arriving just five minutes before the baby was born.

An announcement of the royal birth, hung on the wrought iron fence.
