

The King And The Chorus Girl Shows Here Tuesday Only

A new star, with a genius for quiet comedy and high voltage romance, flashes on the cinema horizon!

He is Fernand Gravet, screen boy of the Continent, whose first American picture, "The King and the Chorus Girl," shows Tuesday at the Ritz Theater.

His fame abroad is understandable after seeing this picture. M. Gravet is handsome in a tall dark haired, broad-shouldered and thoroughly masculine way. Add to that masterful acting, a warm and friendly personality, an excellent speaking and singing voice and you'll understand the elation of Mervyn LeRoy when he signed him to a contract last year.

In "The King and the Chorus Girl," Mervyn LeRoy's first picture as a producer for Warner Bros., M. Gravet plays the role of wealthy, spendthrift ex-King Alfred VII who tumbles madly in love with an independent little American chorus girl, portrayed by Joan Blondell. The king loves the chorus girl, she turns up her nose at him, and the merry, merry fun is on.

Edward Everett Horton is magnificently humorous as the worried uncle of the profligate king.

"Her Husband's Secretary" To Show On Friday

With Jean Muir, Beverly Roberts and Warren Hull as the three points of a new sort of movie triangle, "Her Husband's Secretary," a First National melodrama, shows Friday at the Ritz Theater.

Unlike the usual triangle story which is entirely of the "intellectual" type—wherein the characters solve the situation by conversation, this one is solved by a novel and thrilling climax.

Such physical things as a man riding a steel glider 150 feet in the air, and an inferno of a forest fire threatening all the leading characters, were brought into the story by its author, Crane Wilbur, the veteran hero of many a movie picture in the old days of silent pictures.

"LAST OF MRS. CHEYNEY"

Ultra-smart comedy in which three of Hollywood's top-flight stars participate, is the attractive fare at the Ritz Theater where Metro-Goldwyn-Mayer's "The Last of Mrs. Cheyney" shows Sunday and Monday.

The film, of course, is based on the famous play by Frederic Londale. Miss Crawford appears in the title role as the lovely American widow who creates a flurry in exclusive London society. Her butler, portrayed by Powell, is the height of butler perfection and the gentlemen of London fall in love with her, as the ladies glance admiringly at her servant.

Meanwhile, an older lady has written his love letter in a letter which she has destroyed, but the old gentleman doesn't know that. Inasmuch as he has roundly scolded his fellow socialites in the letter he is considerably agitated. The whole matter is cleared up when the butler is discovered to be the cook. As Miss Crawford becomes "Lady Dilling" it is quite happily "The Last of Mrs. Cheyney."

CAT HAS PRIVATE BELL

ARKANSAS CITY, Kan., Mar. 27.—(AP)—Fritz, a cat owned by Miss Lucille Becker, has learned how to get what he wants. He simply rings a bell once, the door whenever he's hungry, wants to get out of the house or demands attention in general.

FIREMEN KILL SOKS

CHICAGO, Mar. 27.—(AP)—Firemen of one Chicago's engine house were dumb and not reckless in waiting for the alarm. The boys are quite proud of themselves. A fireman Arthur Kill says, "We're no slouches at buttons and zips and chawls and in any way handy as gifts."

A person can live three weeks without food, three days without water and three minutes without air.

James Dunn Heads Uproarious Comedy Showing Saturday

"Come closer, folks! That's right—just a little closer—fine! Let me tell you into my confidence. Let's pretend that you and I are alone somewhere over a warming cup of coffee, and we're talking like old friends. I want you to take a look at one of the funniest, fastest pictures that have been around these parts for months!"

So would the Broadway "pitchman" or anybody else, would he? Well, Columbia's "Come Closer, Folks!" the film dealing in comic fashion with the expected of those, old-time pictures, which show Saturday at the Ritz Theater and this time he wouldn't be exaggerating. For it is really a chunk of valuable comedy.

James Dunn, in the starring role, does one of the best jobs of his career. As a fast-talking pitchman he catches some of the most hilarious lines in a month. Alfred March performs excellently as a pomp, small-time girl who tangles with the sick pitchman. Wynne Gibson performs excellently, too, in the role of the girl. And George McKay, Herman Bing and Gene Lockhart also contribute generously to the merriment.

IN "ESPIONAGE" HIT

"Espionage," a story with the flavor of today's headlines, filmed at the Metro-Goldwyn-Mayer studios with Edmund Lowe and Madge Evans in the leading roles, shows Wednesday and Thursday at the Ritz Theater.

This is a narrative that describes the studied movements of a millionaire munitions maker who suddenly vanishes. A star reporter is promptly assigned by an American newspaper to trace him and an opposition sheet gives the same job to a girl reporter, a star worker herself.

Gambling With Souls At Princess Two Days, Thursday And Friday

A truly sensational film, as timely as today's news, is "Gambling With Souls" showing Thursday and Friday at the Princess Theater. The startling expose of an amazing vice and crime ring in one of the nation's biggest cities which recently held the front page attention of the country, forms the basis and background of this unusual picture which features a brilliant cast including Martha Chavin, Bryan Washburn, Wheeler Oakman, Gaston Glass, Ed Crane, Florence Dedley, Robert Frazer, and Vera Steadman.

For the first time on the screen the great vice industry that flourishes in our modern big cities, claiming as its victims innocent women powerless to escape from the clutches of these vicious schemers. An amazing story told with a bold frankness.

Defies '13' As Jinx, Bad Luck Follows

CLAY CENTER, Kas., Mar. 27.—(AP)—Newt Clark, 34, an inventor, wants to make "13" in its unfavorable laces.

Born on a Friday, January 13, Clark defied superstitions by obtaining license number 1313. During the year grasshoppers ate up his oats and wheat, drought played havoc with other crops and he spent several weeks in the hospital for a serious illness.

Death Valley was so named in 1849 when 13 of 36 gold seekers perished there.

A female gambler, 37, crossed the ocean 26 times before he was 15 years old.

Irene Dunne Here In Return Showing Of Hit On Friday

"Theodora Goes Wild," starring Irene Dunne in her first major role as a comedienne, will be an attraction at the Ritz Theater Friday in a return engagement.

For the first time in a career streaked with such dramatic gems as "Cimarron," "Back Street," "Magnificent Obsession" and "Showboat," Miss Dunne turns to the gay, light side of life with gratifying results.

Playing opposite the thin-haired star in the role of a happy-go-lucky illustrator is Melvyn Douglas, one of Hollywood's most popular actors. Others in the large cast are Thomas Mitchell, Thurston Hall, Rosalind Keith, Brian Wynne and Margaret McWade, one of the "pixilated" sisters in "Mr. Deeds Goes To Town."

Labor Secretary Hopes To Finish Chrysler Strike

WASHINGTON, Mar. 27.—(AP)—Secretary Perkins said today reported to President Roosevelt the Chrysler sit-down strike and expressed a hope it would be definitely settled "within a few hours."

The labor secretary added that with a settlement of Chrysler strike, the sit-down movement "at least will be on the wane." Mediators and all interested parties, she said, will have time to work out a satisfactory approach to the question.

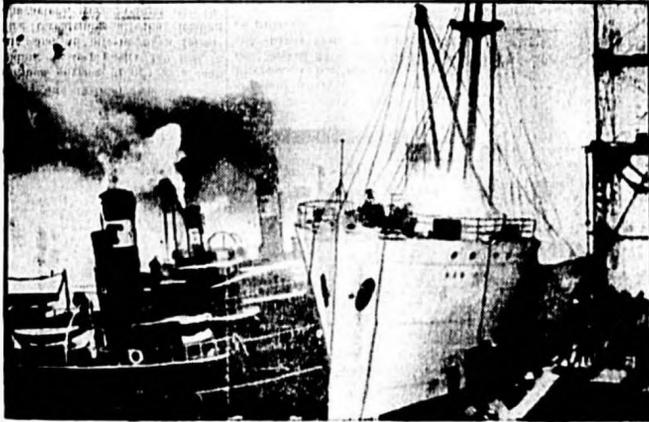

Miss Perkins conferred with the President for an hour after he returned to Washington from a Warm Springs, Ga., vacation.

Was Mother At 15, Grandmother At 32

DES MOINES, Ia., Mar. 27.—(AP)—Mrs. Eva Bopp is a grandmother at the age of 32. Her granddaughter was born the other day to her 17-year-old daughter, Mrs. D. L. (Lenore) Schreck.

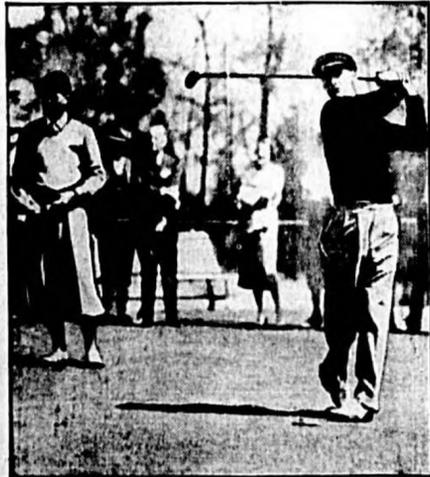

"I did better than Lenore," Mrs. Bopp said. "I was married at 11 and Lenore was born when I was 15."

Another Ship Fire Rages In Boston Harbor

A four-alarm fire, the second conflagration in break out in Boston harbor within a fortnight, raged through the United Fruit liner San Gil and threatened her sister ship, the San Bruno. Fireboats are shown pouring tons of water into the burning vessel. (Associated Press Photo)

Lewis And Chrysler Agree To Strike Truce

The dramatic meeting of Labor Leader John L. Lewis and Manufacturer Walter P. Chrysler with Gov. Frank Murphy at Lansing, Mich., resulted in a truce, the terms of which call for all-out strikers to evacuate Chrysler automobile plants pending further negotiations. Lewis (left), Murphy (center) and Chrysler are shown in the governor's executive offices at the time the truce was announced. (Associated Press Photo)

TWISTED GIRDERS BEAR EVIDENCE TO FURY OF BLAST

Some idea of the terrific force in the strange explosion that wrecked the Consolidated school and killed at least 500 pupils and teachers at New London, Texas, may be gained from this close-up view of the twisted wreckage. Great steel girders were bent and broken like matchwood. Searchers are seen going through the ruins hunting for bodies. (Associated Press Photo)

NORMAN DAVIS' DAUGHTER WEDS

Whitton Stuart of Princeton, N. J., and his bride, the former Christine P. Davis, are shown just after their marriage at her home in New York. She is the daughter of Norman H. Davis, President Roosevelt's ambassador-at-large, and Mrs. Davis, the former Mackie Paschall of Atlanta, Ga. Both Mr. and Mrs. Davis are natives of Tennessee. (Associated Press Photo)

CHRYSLER AND LEWIS MEET:

Industrialist Walter P. Chrysler (left) and Labor Leader John L. Lewis (right) are shown en route to Lansing, Mich., for Gov. Frank Murphy's peace party aimed at settling the sit-down strike in Chrysler's automobile plants. Peace-maker Murphy hoped the dramatic meeting would bring a quick and happy ending to the prolonged discord. (Associated Press Photo)

Localites Attend Waterway Meeting; Markham Speaker

M. J. Lehman, associated director of the Florida Waterways Congress, and Harry M. Papworth, were in Lakeland today attending a one-day session of the body.

Major General Edward M. Markham, chief of the United States Army Engineers, is principal speaker.

The afternoon was scheduled to have been devoted to an open forum where representatives of communities may present waterway projects of particular interest to them. Committee reports also were to have been heard.

Other speakers included Lt. Col. Earl North, district Army engineer, whose topic was the progress of Florida waterways, and Congressman E. A. Green, a member of the congressional Rivers and Harbors Committee.

T. E. Simpson, president of the Chamber of Commerce, also is attending the meeting.

Legislators To Be Here One More Week Before Opening Term

Seminole County citizens who wish to present any suggestions to their legislators have but one week in which to lay their ideas before the lawmakers, Representative Gordon Barnett said today.

Mr. Barnett and Representative M. J. Lehman plan to leave late this week for Tallahassee where the caucus of the 1937 Legislature is scheduled for Monday. The Senate and House formally open on Tuesday, one week from tomorrow.

It is expected that the current legislative session will run the full length of time allocated to it, or 60 days.

The two representatives are planning to introduce several matters of local legislation.

James W. Lee Rites To Be Held Tuesday In Lakeview Tract

Funeral services for James W. Lee, who was found dead in his First Street apartment on Mar. 24, will be held at 10 A. M. tomorrow in Lakeview Cemetery. The Rev. A. H. Cole will officiate.

Mr. Lee had been a resident here for about one year. While little is known about him, he appeared to be a retired carpenter, according to information issued by the Erickson Funeral Home, in charge of funeral arrangements.

Investigations here have failed to uncover any revealing role of the deceased.

Poultry Group Lays Out Plans For Permanence

Constitution, By- laws Are Drawn In Initial Form

A constitution and a set of by-laws were drawn up yesterday for the Seminole County Poultrymen's Association and were based on four cardinal points.

The Committee which wrote the governing standards was composed of E. T. Tiller of Paola, J. E. Houghton of Lake Mary, and L. D. Waters of Lake Monroe.

Number one point on which the Association's policies are to be based is the "assistance in marketing and production of poultry and poultry products."

Under this clause, each member of the unit is to lend his cooperation to other members in following certain methods of procedure, designed to produce a uniform supply of poultry and eggs.

Point number two calls for the "stabilization of market prices."

Association members, under this section, will adopt a standard price for their products, an activity which is expected to bring the long run to be more profitable to the group than if each poultryman were selling independently.

Number three clause seeks cooperation of members in the purchase of feed and supplies. Large volume buying could be carried under this point. It was explained, with a possible saving in purchasing price to the poultryman.

Point number four deals with the educational and social sides. Speakers who are experts on poultry subjects will be invited to address the Association at intervals. Social events will be sponsored by the unit.

A meeting of the group has been called for 8 P. M. Thursday in the Senior High School to formally adopt the constitution and by-laws. Permanent officers are to be elected also.

About 50 persons attended the initial meeting of the unit last week.

Sanford Woodmen Call Special Meet Wednesday Night

Because a statewide meeting of Woodmen of the World in Lakeland Thursday night conflicts with the regular weekly session of the local WOW, a special session has been called here Wednesday night at 7:30 o'clock. C. C. Collins announced today.

All officers and members are urged to attend to arrange for transportation to Lakeland.

About 10 Sanfordites will be initiated at the Thursday convocation in which 30 others from various parts of the State will also take the protection degree.

Prominent persons who will attend the Lakeland session include Gov. Ed Rivers of Georgia; Charles B. Reid, chairman of the Georgia State Democratic Committee; Adjutant General J. P. Stoddard of Georgia; J. B. Spivey, president of the Georgia State; Roy H. Harris, speaker of the Georgia House; and Robert A. Gray, Secretary of State for Florida.

CCC Applications Are Accepted Here Until End Of April

Applications of Seminole County boys for CCC enlistments will be accepted until April 2. Mrs. J. P. Ridge, social welfare director in this County, announced today.

She said seven youths already have been accepted definitely and are instructed to report at the Court House at 2 A. M. on April 5 for transportation to Orlando where they will be given physical examinations.

Mrs. Ridge said she expected at least 10 Seminole County boys to be taken for CCC duty during the April quota.

She reiterated that anyone expecting to be taken must have his application on file by April 2.

Police Department Continues Efforts For Safety Moves

Police Chief Roy Williams said today that his department is pushing daily along lines of activity to develop safety to a higher degree in the City.

He explained that efforts are under way to have red reflecting "cat eyes" placed at every intersection where wrecks have occurred. Some of these apparatus already have been set in some of the local streets.

Chief Williams also is endeavoring to set up large red reflecting glasses along the sides of streets where dangerous intersections are.

Occupational Fees Collection Is Good

Practically all delinquent occupational licenses for 1937 have been settled within the past week, according to a report issued today at City Hall.

Warrants were issued last week for the arrest of about 100 localites who had failed to pay their license fees, although it has been found unnecessary to serve any of the documents.

Vent Fans Are Probe Objects In Mine Blast

Seeks Cause For Ex- plosion Costing Lives Of 2 Work- ers, 7 Rescuers

DUBOIS, Penn., Mar. 29.—(AP)—District Mine Inspector Tom Lewis said today he was investigating a report that the "ventilating fans had been cut off" several hours in the Kramer Mine where two miners and seven rescue workers died in two explosions.

Lewis, in charge of the Dubois area of Northwestern Pennsylvania, said he had been told the fans were idle from 7 A. M. to 3 P. M. Saturday before the blast because of a change at the power house.

Ordinarily 800 men work at the mine but because of a five-day week fewer than a dozen men were there when the blasts tore through the northwest corner nearly two miles back in the shaft.

The mine, operated by the Northwest Mining and Exchange Company, is situated about 18 miles from here on the outskirts of the mining settlement of Kramer.

Fire broke out in a part of the mine after the blast, but was extinguished before spreading far.

Workers entered their efforts this afternoon to restore ventilation in the workings so that the two additional bodies might be recovered.

The mine passageways and workings extend about four miles underground from a shaft dipping 300 feet down. Rescuers voiced belief the other two dead were at a point near where the others were found.

Between 80 and 100 men, most of them from surrounding mining communities, took part in the rescue operations.

Four-Months Baby Amazes Doctors

Contradicting medicine's proverb that a four-months' baby could not live, this tiny mite of a boy lived for eighteen hours in a New York hospital. The baby, which came into the world a little more than four months after conception, weighed only eight ounces and less than a foot in length. Railway Labor Act Held Valid By High Court

Decision Gives Em- ployees Right To Collective Bar- gaining Activity

WASHINGTON, Mar. 29.—(AP)—The Supreme Court unanimously upheld today the provisions of the Railway Labor Act requiring railroads to engage in collective bargaining with their workmen in an effort to settle industrial disputes.

The Court also approved an act by the State of Washington imposing a 2 percent tax on articles imported into the State for use in constructing the Grand Coulee Dam.

It reversed previous decisions and upheld the constitutionality of a Washington law establishing minimum wages for women; and held constitutional the revised Fair Labor Standards Act authorizing a three-year moratorium on farm mortgage foreclosure.

In the railway opinion, Justice Roberts said "peaceable settlement of labor controversies, especially where they may seriously impair the ability of an interstate carrier to perform its service to the public, is a matter of public concern."

Glenn Deplores Sit-Down Method Used In Strikes

R. L. Glenn, prominent in American labor circles, returned Saturday from Cleveland, Ohio, where studies of sit-down strikes convinced him that "this method of attempting to settle labor disputes is hurting labor's cause."

He said he deplored the spread of the sit-down type of argument, pointing out that while it does great harm to labor itself, it also is very harmful to the consumer.

"The labor leader pointed out that sitting down on the job is a new development in attempting to get corporations and manufacturers to meet the demands of labor, consequently with no precedent it was impossible to predict the eventual effect of the wave of current strikes and those which have been apparently settled."

He was of the opinion that problems which brought on the sit-down strikes were problems of such great weight that perhaps years might be required to adequately find a solution, adding that the correct answer could not be found overnight.

Mr. Glenn was loud in his praise of the settlement between rail management and labor on the new railway pension act, and he indicated that this action might open a new pathway to other branches of American labor.

During Mr. Glenn's stay in Cleveland he was occupied with studies of proposed labor legislation, although he declined to discuss which the hoped for laws included.

PTA County Council To Elect Officers In Tuesday Session

The County Council of the Parent Teachers' Association will elect officers for two years tomorrow when the organization assembles in the Junior High School building at 10:30 A. M. Mrs. C. W. Hill of Lake Mary is chairman of the Nominating Committee. Mrs. W. H. Stewart is president of the Council and will preside.

A good representation is expected from the unit's newest additions, Lake Monroe and Ocala, who have affiliated with both the County and State Councils.

Principal speaker for the day is Mrs. Dorothy Lamb who will use "Our Homes" as her subject. A program of entertainment is being prepared by Prof. Herman Morris, principal of the Junior High School.

Snake And Fish Caught On Same Hook By Angler

Ocal Talbot, a negro employe on the Frank Evans Estate at Lake Mary, added another unit to his laurels as a snake fisherman Saturday.

Talbot, fishing for catfish to feed a number of alligators in the estate, reeled in a nice catch only to find that a moccasin had attempted to steal the fish and was snared by the hook. The fish and snake were on the same barb.

The angler measured the reptile at 44 inches.

About two months ago, Talbot had an identical experience although the moccasin on that occasion was not so large as the one landed last week.

Dry Cleaners Find Easter Trade Fine

Sanford dry cleaning establishments did some of the best business of the year on Friday and Saturday preceding Easter, a survey determined today.

It was estimated that an approximately 50 percent increase over normal business was felt on the two days. Most of the business was turned in by women who were preparing Easter dresses for Sunday wear.

Other Critical Conditions Do Not Exist, Lawyer Tells Sanford Rotarians

Keep Government Close To People

Says Tribunal Most Highly Respected One In The World

There is no crisis in the country today except that which has been caused by President Roosevelt's attack on the Supreme Court and the consequent undermining of the respect which the people have always felt for the fundamental law of the land, said Raymer F. McGuire, Orlando attorney, former president of the Florida Bar Association, in an address at the Sanford Rotary luncheon today.

Previous to Mr. McGuire's address, Rotarians were entertained by a number of vocal selections rendered by Miss Cecelia Truluck, who was accompanied at the piano by Miss Mildred Hodges. Miss Truluck sang, "This Is My Last Affair," and "Stanchely Baby."

Mr. McGuire prefaced his remarks by declaring that he is a Democrat and that he is a member of the Sanford Rotary.

Democratic policies have always been to keep the government closer to the people, he added, however, that he opposed to many "fundamental changes" which have been recently proposed tending to centralize all government in Washington.

He called attention to President Roosevelt's message to Congress on February 22 asking that the authority be granted the President to appoint six new members to the Supreme Court, quoting from the President's message Mr. McGuire showed that the purpose of enlarging the court is to effect "fundamental changes" in the Constitution by interpretation rather than by amendment.

Mr. McGuire said that he had read the Constitution many times since reading the President's message and had noted particularly how simple an amendment to the Constitution has been provided for in Article 5, and he recalled that the last three amendments were enacted each in less than one year's time.

He said that the Constitution gives to the federal government certain specific powers, and no

Thursday Named 'Baseball Day' By Civic Group

Merchants Are Asked To Close Stores For Part Of Day

Fifteen First Street merchants today agreed to close their doors at 3 P. M. Thursday in connection with "Baseball Day" activities sponsored by the Seminole County Chamber of Commerce.

Altogether speaking, the day's attraction will be the meeting of the Washington Senators and the Chattanooga Lookouts at Municipal Hall Park at 3 P. M.

Thursday night officials of the Senators, the entire Chattanooga team, sports writers from principal Florida cities and a number of Chamber banquet in the Episcopal Parish Home.

Ralph Bagwell, Chamber secretary, spent the entire day today contacting merchants in an effort to have the commercial establishments close the latter part of Thursday afternoon.

The proposition met with favor in almost 100 percent of the stores called on. Mr. Bagwell has asked that others who will participate in "Baseball Day" call the Chamber of Commerce and notify the civic unit of the intention.

The secretary said the Chamber had no desire to ask merchants to close the entire afternoon.

Seminole County Citrus Is Finding Favorable Market

Seminole County citrus fruit growers who pass their commodity on the market in Cleveland, Ohio, find an increase of 27 percent this year over the corresponding period of last year, according to reports reaching here today from the Florida National exhibitors, Cleveland.

Figures from which the percentage was computed were gathered by the Consolidated Fruit Exchange, operators of the Cleveland auction.

It was pointed out that the 27 percent gain referred only to fruit passing through the auction. A partial check of direct shipments by Florida shippers to customers shows the increase to be much greater than the auction figure.

Assessor's Office Will Remain Open During Noon Hour

The office of Sanford Boudney, County tax assessor, will remain open through the noon hour on Tuesday, Wednesday and Thursday to accept homestead exemption applications, the assessor announced today.

On Thursday, the final day for filing requests for the tax benefits, the office will not close until 6:30 P. M. or one and one-half hours later than usual.

Mr. Boudney reported that approximately 200 persons eligible for the exemption have yet to apply for it. About 2,000 homesteads in Seminole County are to be tax-free up to \$5,000 valuation.

The assessor reiterated today that exemption applications must be filed each year. Failure to do so is regarded as waiving the exemption right by the owner of a homestead.

A dispatch from Madrid tells of the capture of hundreds of Italians from the Guadalajara front by Loyalist forces.

In Germany, Hitler has recently issued a series of new decrees designed to increase the agricultural production of that country.

Soviet Russia is also having its troubles with agricultural production. In some parts of the country there has been a severe drought and crops have been short.

In these fascist and communist countries it is the "general welfare" that counts, what is good for the country as a whole.

Gone To The Dogs

A storm of popularity for Man's Oldest Friend has troubled our dog population in six years, according to William S. Dutton in This Week.

"Dog dietitians are making their debut over national radio hookups," Mr. Dutton writes.

WHAT APPEARS to be the newest house-to-house fake is reported in a paper recently and while there are no reports of the promoters having operated in this section it would be well for local housewives to be on their guard.

A VIOLATION OF HUMAN RIGHTS

There are plenty of other human rights which the sit-down strike imperils.

The disconcerting incident of the Sopchopco pines beside that of the sit-down strike.

Apparently it never occurs to these advocates (or if it does they shut their minds to the suggestion) that the sit-down strike is also, and not less importantly, a violation of human rights.

It will be contended, of course, that in cases like these the direct public interest involved alters the situation and that they should be excused in condemnation of the sit-down principle.

But why elaborate further? It is well established in law that workers have a right to strike.

Sunday, Many Women Say Cardui Helped Them

By taking Cardui, thousands of women have found they can avoid much of the monthly suffering they used to endure. Cramping spells, dragging pains and jangled nerves can be relieved—easily by Cardui or by a physician's treatment.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Cardui, with directions for home use for women, may be bought at drug stores. (Pronounced "card-ee")

Joy Julianne Newman Weds R. W. Pickertill

Miss Joy Julianne Newman, daughter of Mr. and Mrs. J. J. Newman, now of Orlando but formerly of this city, and Richard Weldon Pickertill of Winter Park were married Saturday evening at the home of the bride's sister and brother-in-law, Mr. and Mrs. T. Harold Calloway on Lake Holden in Orlando.

The ceremony was performed before an improvised altar of pastel colored napery and a splendid by the Rev. John G. Stradley, pastor of Broadway Methodist Church.

Mrs. Pickertill chose for her wedding dress a white crepe satin with a tulle of white lace. She carried an arm bouquet of bride's roses.

Mrs. T. H. Calloway, sister of the bride and her only attendant wore a gown of light blue chiffon. Her flowers were a shoulder corsage of pink rosebuds.

Mrs. Calloway was best man for Mr. Pickertill.

Mr. Pickertill lived in Sanford a number of years and was graduated from the Seminole High School with the class of 1933.

After a short wedding trip Mr. and Mrs. Pickertill will be at home to their friends at 3023 Helen Street in Orlando.

This month's election is to choose a successor to former Commissioner Perry N. Whithurst who resigned to devote his entire time to business. The Commission, for the past three meetings, has been sitting as a four-man board instead of the usual five-man organization.

Three candidates have qualified to seek the vacant job. They are W. A. Lovin, W. A. Lee and J. C. Truher. No others will appear on the ballot, since the qualification date deadline has past.

Registration books at City Hall indicate that between 1,200 and 1,500 persons are tentatively qualified to vote and will be fully eligible to cast a ballot if their 1936 poll taxes are paid before Saturday.

Florida were the week-end guests of Mr. and Mrs. J. E. Courier.

At Valencia an Italian prisoner, who said he was a major in Il Duce's army, declared many of the 40,000 Italians who were routed in the Guadalajara Salient were shot by their own men by mistake.

Gonzalo Queipo de Llano, rebel commander on the southern Spanish front, charged last night that 800 Americans have crossed the French frontier to join the Loyalist armies.

Queipo de Llano, broadcasting from the insurgent radio station at Seville, described the volunteers only as "Americans" but other rebel leaders said he referred to recruits from the United States.

Although the rebel general's figure of 800 American volunteers was generally regarded here as an exaggerated one, some credence was attached to it in view of dispatches from Port Vendres, France, that 13 Americans and five Canadians were arrested when the French coast guard vessel La Corberie seized a fishing smack attempting to smuggle 25 volunteers into Spain.

Short Breath Puts Pope Pius To Bed

VATICAN CITY, Mar. 29.—(AP)—Pope Pius suffered a brief period of shortness of breath today and went back to bed. His condition, after a short rest, was described as normal.

The 79-year-old pontiff spent the morning in audiences with visitors and reading some of the thousands of congratulatory telegrams that hailed his appearance before Easter crowds in St. Peter's Cathedral and Square.

MAHONEY-THOMPSON

Mr. and Mrs. A. B. Mahoney of this city announce the marriage of their daughter, Luella, to Ira S. Thompson, son of Mrs. Amanda Thompson also of Sanford, on Saturday, March 27, 1937.

Lewis Replies To Green's Blast On Sit-Down Strikes

NEW YORK, Mar. 29.—(AP)—John L. Lewis today called William Green's condemnation of sit-down strikes "characteristically cowardly and contemptible."

The chairman of the Committee of Industrial Organization, returning from a conference with Walter P. Chrysler in Detroit, said this was his answer to Green's statement yesterday that sit-down strikes are illegal and to be avoided by loyal American Federation of Labor members.

"He again sells his own breed down the river and receives the thanks of the National Association of Manufacturers," Lewis said.

Makes Phone Book For Blind People

EVANSVILLE, Ind., Mar. 28.—(AP)—Mrs. Emma Musgrave wanted to do something more useful than playing bridge or working out crossword puzzles, so she is translating the Evansville telephone directory into braille for use by blind persons.

She has 2,500 "telephone cards" ready for distribution by districts to aid sightless persons.

AN ACCIDENT CONNOISSEUR

COLUMBUS, O., Mar. 29.—(AP)—When Miss Catherine Court pulled herself out of the bottom of a state office building elevator shaft the other day she said it "was the best elevator accident I've ever been in." She spoke with authority, too, because it happened to be the sixth elevator accident she has experienced. Fortunately, no one was injured in this mishap.
