

Safer Crossings

Here's an idea the Seaboard Coast Line Railroad might follow: The Long Island Railroad is now sporting brightly colored crossing gates at main crossings.

The "bright" idea is in the interest of safety — bright yellow and high-visibility white and red is replacing the black-and-white diagonal stripes which is standard across the nation.

While the color change is on a test basis, to enable safety engineers and representatives of government agencies to study the effects, it seems such a good idea that we'll wager the change will become permanent.

This safety measure should reduce accidents at crossings as these brightly colored gates will surely attract attention and hopefully, make motorists beware and watch out for cars before venturing onto the tracks.

(Last week, a DeLand man was killed by a SCL train in Volusia County and one Sanford rail man was hospitalized due to the mishap.)

Constitution Week

This is Constitution Week. Turned the greatest document ever formulated we, the people celebrate the 150th anniversary of its signing and adoption.

It is an appropriate time for all Americans to re-dedicate themselves to protect and defend our constitution. In our modern world of turmoil it has become increasingly more important for loyal Americans to defend their rights of all public documents from all threats to its supremacy.

The local chapter of the Daughters of the American Revolution point out that our Constitution is the eternal monument of the men who died at Lexington and Valley Forge.

During the celebration of Constitution Week we should pledge anew our interest to work for better understanding and deeper appreciation of the ideals upon which our country was founded.

We have every reason to be proud of our country. Our Government, even with its many shortcomings, is still the finest on earth.

James Marlow

Analysis Of The News

WASHINGTON (AP) — Just a little over 22 years ago the United States was born in San Francisco. For a moment, with the anguish of the big war ending, it seemed this might be the beginning of a new world.

Capitalists and Communists cheered and old animosities were almost invisible, for a while.

Anyone who was there had lived through the years of war, worse than anything in history, and he knew mankind, if sensible enough, could forge out of the fires of agony a peaceful way of life.

The machinery for quiet settlement of disputes, both new and ancient, was the foundation stone of this United Nations, its primary purpose.

Even so, anyone there with his wit and his common sense and edge of history had to be skeptical. He could hope man at last had learned to live intelligently, but history told him it was unlikely.

He knew man was still primitive, as World War II had just demonstrated, which meant that if now the nations seemed eager to eliminate conflict it was only because they were exhausted.

They needed time to catch their breath, like a professional

fighter who is knocked flat on his back and then gets up off the floor again, shaking the fuzz out of his head, until he is ready to go again.

Nevertheless, as the delegates at San Francisco finished their work, the whole non-Fascist world tingled a bit at the thought that here at last man had a chance to change his ways.

The single didn't last long, and there wasn't much reason for it. At the very moment of birth distrust and suspicion were written into the U.N. charter when the United States and Soviet Union insisted upon reserving the power to veto each other.

The United Nations had 51 members starting out and has 122 now. But it is in debt partly because as much as \$50 million because not all the members will pay what they owe.

And it didn't end war, after all. In some cases it has helped, as in Korea. In some it has been helpless, as in Vietnam. It has been criticized on all sides.

French President Charles DeGaulle called it the "Leaning Tower of Babel." Nikita Khrushchev called it the tool of colonial powers. A critic in the United States described it as a

"Communist-dominated rat's nest."

I can help, sometimes, another war fires in small nations. But it can do nothing of the big ones, like the United States and Soviet Union want to perform.

Nothing shows better its dilapidated condition as the world's peacekeeper than what happened to it, and what it did, when the Arabs were ready to make war on Israel last June.

When U.N. troops, stationed a decade on Egyptian land as a buffer between Israel and Egypt, were told to "pull" by Egyptian President Gamal Abdel Nasser they were withdrawn in a hurry by U.N. Secretary-General U Thant.

The brief war followed. When the 22nd session of the U.N. General Assembly opened Tuesday the retiring president, Abdul Rahman Pazhwak of Afghanistan, didn't waste time on resolutions.

He told the delegates the past year "has been marked by increased tensions among nations and by a lamentable deterioration in the world situation."

In many areas and on many levels, he said, "the psychology of force has swept the minds of men and nations."

Perhaps the United Nations' only hope is that it can last long enough, although that may require centuries, nations eventually may become civilized enough to settle a dispute with tongues instead of tanks.

Another Beulah?

MIAMI (AP) — An American Beulah (Shelby) crossed the Texas state toward the end of her road, weather man says, may reach a tropical depression in thousands of miles to the east.

The weak to moderate depression was located by land station reports 400 miles west of the Cape Verde Islands, about 1,000 miles from the coast of Africa.

A weather satellite was scheduled to map the storm's path.

A tropical depression can develop into a tropical storm.

Any Ol' Port In a Storm?

Hal Boyle Says:

By PATRICK E. O'KEEFE (Hal Boyle is on vacation) YONKERS, N.Y. (AP) — For "like new" Spider Man comic books and a free baby sitter (if you'll take her to the beach) turn to the boys and girls want ad page in the Yonkers Herald-Statesman.

It's free and it's fun for the young advertisers but the Statesman limits ads to 35 words and a special rules clause keeps parents from using their kids' names to peddle books, cars, planes or baby cribs.

The wheeler, dealer teens of the New York City suburb filled two weeks in a mad scramble for part-time jobs, reading sweats and second-hand merchandise.

Billy Wolfe's Sea Point Stamese had eight "beautiful" kittens "which he said he'd let go for just \$25 apiece. The kittens are pretty desirable because they were "home raised with a dog."

"If you like," advertised Gal Fredolino, "I would like to sell my two stuffed animals for only \$1. They are good stuffed animals."

Also for sale were "a low mil record player" by Lynne Galant, 14, and a sleeping bag by Ken Johnson, who insisted: "I never used it. No lie."

Harlene Grossman, 11, was "selling books to suit every cause and every person. The Puerto Rico means 'rich' in Spanish."

Dr. Crane's

Worry Clinic

Dr. Waugh's invention should be used by every child and school as a standard project. For it helps us harness our idealism. Otherwise, we procrastinate, as shown by the old adage, "Hell is paved with good intentions!" It also offers good insurance against the consequences of spreading goodwill and often have at funerals!

When U.N. troops, stationed a decade on Egyptian land as a buffer between Israel and Egypt, were told to "pull" by Egyptian President Gamal Abdel Nasser they were withdrawn in a hurry by U.N. Secretary-General U Thant.

The brief war followed. When the 22nd session of the U.N. General Assembly opened Tuesday the retiring president, Abdul Rahman Pazhwak of Afghanistan, didn't waste time on resolutions.

Seminole, Gators Seen As Underdogs In weekend Play

Top ranked Notre Dame opens defense of its national college football championship Saturday, and Alabama and Michigan State have bids to take the title away from the Fighting Irish.

But the big dog, Michigan State, likely will take place in the Los Angeles Coliseum Saturday night when fifth ranked Texas battles No. 4 Southern California.

All of the other Top Ten teams except No. 10 Nebraska also play Saturday.

Sixth ranked UCLA is at Pittsburgh, seventh ranked Georgia is at home against Mississippi State, No. 8 Miami opens against California at South Bend, Ind., and is an

Cross Country Slated For SJ

A new sport at Seminole Junior College will have its debut this coming Tuesday at 2 p.m. when the Seminole J.C. cross country team meets Central Florida from Ocala.

Coaching this new activity is Roger Thomas from Orlando. Coach Thomas has lived in Ocala since 1954 where he taught at Boone and Edgewater High Schools. This is his first year as a coach.

"Our team will have a tremendous lack of depth. There are seven men required to a team, and we have only seven men out," Thomas said.

Scoring a meet is somewhat difficult. Only five men out of the seven started will be counted. Of course these will be the top five for both of the squads competing. They are a number as they cross the line, whether they are No. 1, 2, etc. These numbers are then added up to find the total low score.

"We have only two cross-country runners on the team, the rest are trackmen of different varieties," Thomas said. The athletes comprising this year's squad consist of Gordon Norman, Jim Husted, Charles Mullins, Joe Hickson, Mark Brewer and Dan Clutt.

Cane Pole Fishing

Cane pole fishing will live on the banks of Lake Hayes south of Ocala on State Road 529 on Sept. 30 at the Greater Ocala Jaycee's Fish-a-Thon.

Starting time is 9 a.m. with the presentation of prizes at noon.

The J.C.'s will award prizes in three age groups for both boys and girls: five and under; six through eight; and nine through 12.

Hot and refreshments will be provided to all entries, but they are requested to bring their own cane poles if they have them. However, if they don't have any, the J.C.'s will provide them with poles.

Waiver List

BUFFALO, N.Y. (AP) — Veteran fullback Wray Carlton has been placed on the Buffalo Bills' injury waiver list and will sit out the Bills' American Football League game Sunday against Boston, a contest the fullback has missed since he was injured in a game against San Diego. Carlton has strained ligaments in his left knee.

On Injury List

SAN FRANCISCO (AP) — George Mira, the San Francisco 49ers' No. 2 quarterback, was put on injury waiver Thursday making him unavailable for National Football League action for 30 days.

Little Olympics

NEW YORK (AP) — Les Wallick Jr. of Eugene was named Thursday as track coach of the U.S. squad in the Little Olympics at Mexico City, Oct. 18-22.

Eagles Picked Over Colts

Ray Graves

NEW YORK (AP) — The Los Angeles Rams figure to make the home folks happy with a second straight win tonight as another pro football weekend gets off to an early start.

There are some toughies on the ground as it's just as well the old hand picker has that 8.2 cushion from last week.

Let's try again. All games are Sunday unless otherwise indicated.

NFL

Los Angeles 24, Minnesota 10, Friday night. Rams have taken seven in a row, counting preseason game, and came out of

GIANT OF GIANTS? - By Alan Mayer

opening win at New Orleans without serious injuries.

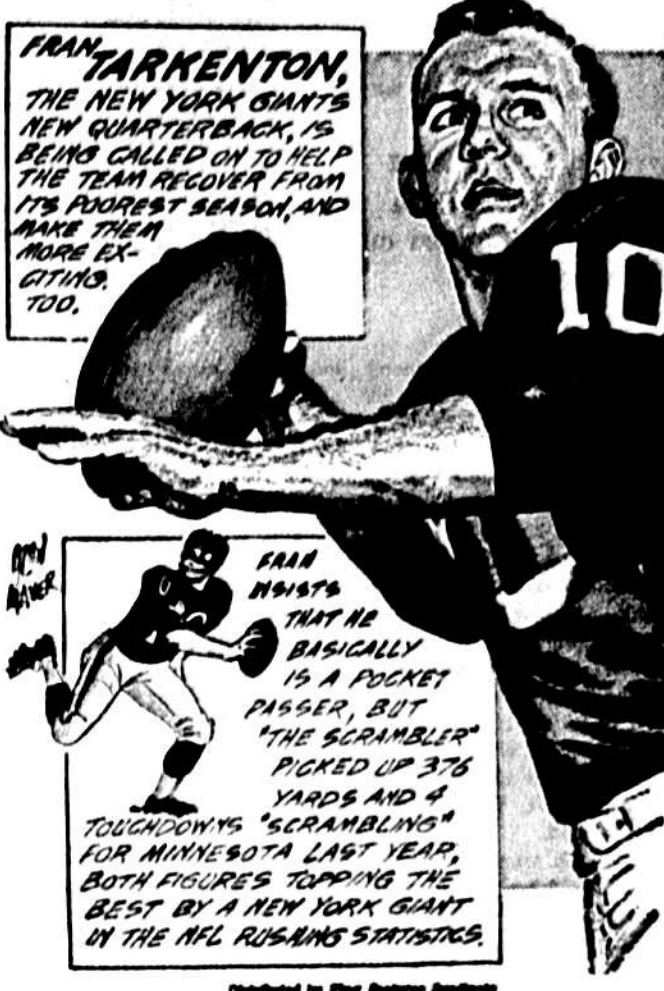

Philadelphia 24, Baltimore 21

—An upset. Eagles have tough big back punch with Izzy Lang and Tom Woodruff and new receivers like Mike Ditka and Gary Ballman make Norm Sneed better passer. Colts must have another big day by Johnny Unitas.

Dallas 28, New York 14—Cowboys have beaten Giants five in a row. Fran Tarkenton will work on Dallas corners but that front four will keep him scrambling.

Green Bay 24, Chicago 7—Never take anything for granted in Packer-Bear game. This is usually a blood bath. Vince Lombardi didn't like that opening the with Detroit and George Halas must be purple after the way the Steelers handled Bears.

Pittsburgh 31, San Francisco 17—Imagine the Steelers being 10-point favorites over the Cards? That thumping of the Bears and the Cards' ineffectual play against the Giants seems to add up to another win for Bill Austin. Steelers won preseason game 24-13.

Old Gray Mare To Be Honored

WESTBURY, N.Y. (AP) — They're honoring the Old Gray Mare Saturday night at Roosevelt Raceway with the eighth edition of the Lady Suffolk Trot.

Lady Suffolk perhaps is the only race horse to have a song written about her. In her 16th season on the race track she began to decline and the song which became a best seller was composed. Remember?

"Oh, the Old Gray Mare, she ain't what she used to be. Ain't what she used to be. Ain't what she used to be. The Old Gray Mare, she ain't what she used to be."

Off The Green

BY: BOB COOKE
GOLF PROFESSIONAL
MAYFAIR COUNTRY CLUB
SANFORD, FLA.

I have received many questions about the aluminum shafted golf clubs for 1968, after last week's column. The number one question was, when are these clubs being shipped to the Pro Shops???

One company is shipping the clubs now and the others will be shipping before the first of the year.

Dual Hunter is the lucky player who brought the first win in Sanford. I guess that you players who are looking for aluminum to improve your golf game do not want to wait long. And for you players who play the S.O.S., from the wrong side of the ball, "letty" aluminum shafts will be available in left hand sets, too.

The 1967-1968 Florida Winter F.G.A. Tour schedule was released last week. The big date we are all looking forward to is the date of the Mayfair Open... the first week in February 2-4. There will be a Pro-Am the Friday before the tournament.

If you want to see the Pro-Am in action this winter, mark off these three dates on your calendar. There will be nine tournaments this year in Florida and the players will be playing for more than \$10,000.

Who knows, this could be the start of a second F.G.A. Tour for just the Club's Pros...

November 11-12... Quail Hollow Country Club, Tampa.
November 18-19... West Palm Beach Country Club, West Palm Beach.
November 25-26... Riviera Country Club, Ormond Beach.
December 2-3... Ridge Manor Country Club, Ridge Manor.
December 16-17... Jacksonville Country Club, Jacksonville.
February 3-4... Mayfair Country Club, Sanford.
February 10-11... Temple Terrace Country Club, Tampa.
February 17-18... Indian River Invitational, New Smyrna Beach.
March 2-3... Royal Oak Country Club, Titusville.

ROLLING HILLS COUNTRY CLUB... The Fall Golfing season was kicked-off with a Men's Stag Two Ball Best Ball Tournament. A large field of 120 players turned-out for this great tournament. Three two man teams tied for first place in the gross division. Road Granger, Dennis McNamara, Jack Shubert, Tom Frantz and Ray Sawyer finished with a gross score of 72. Jim Hally and Bob Olson won the net division with 69 best ball score.

Three teams tied for second place with 62. Forrest McPherson, J. Broadbent, John Deffen, Bob Whitehill, Dwight Menter, Roger Miller, Joel Swann and Jose Fowler finished third with a team score of 68. Three teams finished in a tie for fourth with the score of 64. Jim Cooper, Bill Segraves, Lou Minger, Jerry Jermain, Jim Goding and Ken Kioth.

Finishing in a tie for fifth place with 65, Russ Holbert, Dave Sims, Ken Hillebeck, Bill Mitchell.

Closest to the pin on the par 3, 187 yards 11 hole was the lucky winner of three Arnold Palmer awards.

My good friend John Franklin, Tournament Director, has some great tournaments lined up for the members. Sunday, September 24, there will be a Mixed Two Ball Tournament. Saturday, September 26, will find the members playing in the monthly Men's Breakfast Mixer tournament. The big Member Guest event will be played the 21-22 of October.

MAYFAIR COUNTRY CLUB... The two man team of Bob Hooper and George Shuster led the list of winners in this week's Men's Twilight League. Jim Creamer finished third with a team score of 68. Three teams finished in a tie for fourth with the score of 64. Jim Cooper, Bill Segraves, Lou Minger, Jerry Jermain, Jim Goding and Ken Kioth.

Finishing in a tie for fifth place with 65, Russ Holbert, Dave Sims, Ken Hillebeck, Bill Mitchell.

Closest to the pin on the par 3, 187 yards 11 hole was the lucky winner of three Arnold Palmer awards.

My good friend John Franklin, Tournament Director, has some great tournaments lined up for the members. Sunday, September 24, there will be a Mixed Two Ball Tournament. Saturday, September 26, will find the members playing in the monthly Men's Breakfast Mixer tournament. The big Member Guest event will be played the 21-22 of October.

FAIRWAY FEATS... Lou Minger got his short golf swing in great shape this week. He beat your hole out of one golf ball this week, playing here at Mayfair. Lou, don't forget to report this income on your next Uncle Sam report...

Philadelphia Golf Classic was good for our boy Woody Shank. Woody, after a week off from playing the Tour scored another even-par record for tournament play.

His 72 hole score for this tournament was worth \$605. And another trip to the bank. Woody, with his great synthetic golf swing, spent a hour on the practice tee getting his game in shape for this week's \$10,000 Thunderbird Classic Tournament.

Oh! By the way, Woody has banked \$14,016 since his life on the P.G.A. Tour started six weeks ago. Not too bad for a player who can only shoot even par, would you say?

TILL NEXT WEEK... Happiness to a golfer is not a hole in one. But to have enough money to pay for it. (Ed. Note... Guess I'll never have to worry, eh, Cooke?)

Where Were All You Golfers?

There's a gentleman from St. Cloud who's going around town mumbling those words "Where were you all?"

His name is Stephen L. Kaval. He was playing a round of golf yesterday at the Land-O-Lake Country Club and had his "moment".

On the 130-yard, par-three hole (44), Kaval used his four-wood and drove the pellet right into the hole.

Unfortunately, there weren't any witnesses to this feat due to Kaval playing the round alone.

Leesburg Favored Looking For Revenge

By TOMMY ALEXANDER Sports Staff
The Seminole High "Sem Invaders" travel to Leesburg tonight to meet the favored Leesburg "Yellow Jackets." After last week's morale-shaking defeat at the hands of the Titusville "Terriers," the Sanford squad will be seeking revenge. The game starts at 8 p.m. in the Leesburg Stadium. Leesburg, who tied tough DeLand last week, has a well-balanced unit in the offensive and defensive department.

Lyman JV's Romp, 33-0

By WALTER BINSTINE Sports Staff
Slippery Halfback Jerome Miller led the Lyman Junior Varsity to hold their second victory last night in a 33-0 rout of the New Smyrna Barracudas. Miller picked up 71 yards rushing and gained six first downs. He scored twice, once on a 14 yard run and again on a 36 yard pass. The "Baby Greyhounds" have now gone undefeated in games in a row. The game was all Lyman as the Barracudas only managed four first downs. The "Greyhounds" opened up with Miller's run early in the first quarter as halfback Bill Hayes followed with the PAT.

The Red Sox scored three times in the sixth inning against the Indians, two runs coming on Dalton Jones' single but Cleveland's walk for three runs in the seventh and one in the eighth.

Commenting at the close of practice, one observer charged, "I believe the Panthers are ready."

Coach Willie Holt prepared the thought by saying, "I've coached 51 yards in rushing history in my eight years, and yards and yards scored from the 10 yard line. Matthews ran the PAT to give Lyman a 33-0 victory. This game can pretty well determine the type of season we are going to have."

Yogi, The Man For The Job?

NEW YORK (AP)—The New York Yankees seeking to fill the managerial job vacancy created by the resignation of Wes Westrum, may be looking toward Yogi Berra as the man to guide them toward the top of the National League.

FARM AND HOME

Home Hints By Sandra

By SANDRA K. WEISS
County Home Economics Agent

The best treatment for steam irons is preventive care. If your steam iron no longer produces as much steam as it did when you first used it, or if it sputters and spouts instead of steaming—

the holes may be stopped up with mineral deposits. Follow manufacturer's directions for use and care, and use only distilled or demineralized water in the iron. Although some manufacturers claim that ordinary tap water can be used, their instruction books usually suggest discreetly that one use distilled water under certain conditions. Distilled water is sold in many grocery stores, and is a good investment for longer iron life.

Demineralized water is obtained by passing tap water through a cartridge containing resin beads. The beads change color when their ability to demineralize water is exhausted. Several brands of water demineralizers are on the market—the least expensive one treats tap water at a cost of about 25 cents a gallon, considerably less than the price of distilled water. Read directions carefully to see if the demineralization kit will actually save money.

For good service and long life, always stand the iron upright on the heel rest when not in actual use—this means drying the ironing process as well as in storage. Always empty the water from your iron after each use—while it is still hot. When switching from steam to dry ironing for an extended period of time, it is best to empty the water from the chamber.

Follow fabric guide to prevent sticking and scorching. Develop the habit of ironing articles requiring the lowest temperature first. Irons heat much faster than they cool down.

To remove stain and starch residues from the soleplate, clean with a paste of baking soda and water (a non-abrasive cleaning agent), and finish by rubbing with a very fine (00) grade steel wool if necessary. Steam vents may be cleaned with a cotton-tipped swab. Following this cleaning procedure, press the heated iron back and forth over several layers of fabric to make it glide smoothly.

Most manufacturers discourage use of commercial steam iron cleaners, and some also caution against using even a dilute vinegar solution.

The "Battle Above the Clouds" took place on Monday at Mountain View, Chattanooga, Tenn., in 1963.

SEMINOLE BAR on SR 419 north of Oviedo, one of the county's landmarks, will become new packing and storage plant for Weaver's Watercress. Renovation of the building is underway and the part constructed from old airplane parts already has been torn down. (Herald Photo)

Agricultural News And Views

By CECIL A. TUCKER II
County Agricultural Agent
(Continued from Omaha Neb.)
Greetings to the "bread basket" of the world! One doesn't question this Chamber of Commerce phrase as you fly over the area and see farm after farm—large farms—far as the eye can see in any direction. The average size farm in Nebraska is 229 acres.

As you look over the countryside around Omaha, some of the crops you see this time of year are alfalfa, corn and soybeans primarily, with an occasional sprinkling of apple orchards. The soybeans and corn are still a few weeks away from harvest. Of course, cattle and feed lots can be seen everywhere.

Nebraska has another ranking agricultural industry which surprises the average person—horses, both thoroughbred and quarterhorses. In Nebraska, just as in Florida, quarterhorses are used extensively in the ranching area because of their inherent "cow sense."

In Nebraska the livestock association is the Nebraska Livestock Association. Plans Carnival
South Seminole Junior High School Athletic Association will meet at the school at 7:30 p.m. Monday, to make arrangements for the carnival to be held Oct. 14.

Proceeds from the event will benefit the entire athletic program for both boys and girls. Members of the football team and their parents will be interviewed prior to the home meeting and cheerleaders and their parents also will be recognized.

Season activity passes for all home games are on sale through Sept. 29 for students and adults in the physical education department before and after school and during lunch break.

Reykjavik means "smoky bay" in the Icelandic language. The "smoke" seen by 19th Century settlers was steam rising from hot springs. That natural steam and hot water is now piped to heat all the homes and businesses of Reykjavik, making it a clean and smokeless city.

Packing Plant Occupies Bar

By LARRY NEELY
One of Seminole County's long-time landmarks, the old Seminole Bar on SR 419 north of Oviedo which featured the building made entirely of airplane parts, will soon become the home of Weaver's Watercress' new packing and storage facilities. Weaver's Watercress is owned by Roba McClain of Casselberry and Donald E. Weaver of Oviedo.

Work has just recently begun on renovating the main building itself while the building made of airplane parts already has been dismantled. According to Weaver, the building had been purchased last June previous to the disaster which destroyed all the storage facilities and packing plant.

The renovation project will consist of an office, storage room, and packing facilities on the ground floor, with the second floor to be utilized as an apartment. All the windows in the ground floor will be replaced and the entire complex will be air-conditioned.

Other plans include growing of watercress in an old fountain on the premises. They also will sell watercress, both retail and wholesale, from their new facilities.

Weaver states he plans to enlarge the growing acreage of watercress from the present 17 acres to 22. He also plans to go into year-round production from the Oviedo farms which have never been done on a large scale before in Florida.

This will involve a new process whereby more water is used in the central city area, and packing industries alone. Weaver noted that even with year-round production of watercress in Florida, the Pennsylvania fields will not be irrigated but will be kept as insurance against crop failure.

Hudgins and Hunt, however, saw a very good year coming up, providing they could get cars to sell. Public interest in both cases is evident with buyers dropping in. Hunt explained that even while getting his display ready, passers-by had stopped to see the 1968 beauties.

Brass Motors on First Street has a full line of Ramblers and here again, Brass said the continued demand of his customers for luxury appointments.

Interest in the economy cars—the compact—has been on the rise. The dealers in American manufactures but most lively with the imports. Ellisor noted a surge in demand for Volkswagens, most popular of these cars. And recently Economy Cars of Sanford, Inc., has named the Japanese Toyota, president of the company, reports a surge in expected interest in this auto and looks for a good sales record in 1968.

IT'S A FAMILY AFFAIR
Dependability? You bet! Dad goes for it. Safe? Check! Mom really likes to drive an Ariens Riding Mower (all Ariens mowers meet American Standards Association safety standards). Four-speed shift and power reverse? Right! There's something for everyone in the family with an Ariens. Heavy-duty construction and rear-mounted Eze Start engine makes mowing a pleasure. Look over these Ariens Riding Mowers. And remember, it's a family affair.

Last Haiphong Span Severed By Navy

SAIGON (AP) — Raiding Navy warplanes severed the last undamaged bridge out of the Red port of Haiphong and probably shot down a MIG fighter attempting to defend the city, the U.S. Command said today.

Red gunners shot down one Navy Crusader jet in the Haiphong area, headquarters said. Radio Hanoi claimed seven American planes were downed in the raids Thursday.

While the air battle raged over North Vietnam's heartland, Communist gunners kept up thunderous barrages along the Demilitarized Zone, aiming about 1,000 shells at the Marine bastions at Con Thien and Gio Linh in the past 24 hours. Seven Marines were said to be wounded. Also wounded was a South Vietnamese Press photographer.

The heavy air raids on Haiphong were intended to keep the war supplies flowing into the key North Vietnamese port from ever reaching those gunners and other Communist troops fighting in the South. The idea is to close roads and rails leading out of the port, resulting in a massive pileup of supplies in the city.

Returning pilots said their 500- and 2,000-pound bombs dropped one span of the 688-ton Kien An highway bridge, leading southwest on the only route out of Haiphong which had not been badly pummeled by U.S. raiders. The bridge is 1.7 miles from the city's center.

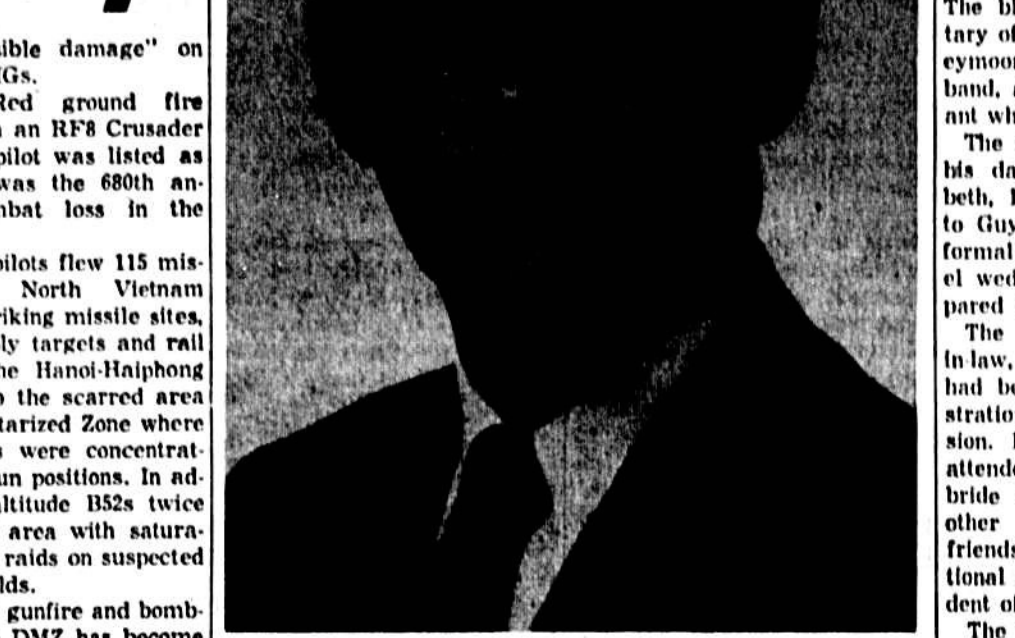

Skylark jets also made their fourth attack since Sept. 11 on the Haiphong railroad highway bridge one mile west of the city's center.

Above them, four Communist MIG's ran into two superior Navy Phantom jets protecting the raiders. In a brief, swirling dogfight, one of the Phantoms scored "possible damage" on one of the MIG's.

Nearby, a Red ground fire dropped down an RF8 Crusader jet and the pilot was listed as missing. It was the 68th announced combat loss in the North.

American pilots flew 115 missions Thursday, striking missile sites, bridges, supply tracks and rail lines from the Hamoi-Haiphong area down to the cleared area of the Demilitarized Zone where Marine pilots were concentrating on Red gun positions. In addition, high-altitude B52s twice hit the DMZ area with saturation bombing raids on suspected Red strongholds.

The roar of gunfire and bombing along the DMZ has become almost continuous as the war of attrition there mounts daily. In addition to naval gunfire support from destroyers offshore, Marine and Army gunners are throwing out 6,000 shells daily in preplanned barrages and firing more each time the Red gunners open up.

SYDNEY O. CHASE Jr., president of Chase and Company, is general chairman of the Florida Fruit and Vegetable Association's four-day convention which opens Monday at Miami Beach. John W. Evans, Oviedo, is vice president and immediate past president of the association. Gov. Claude Kirk will address the Florida Citrus Breakfast of the association Thursday.

Kirk Sees GOP Win In '68

BADEN BADEN, Germany — (AP) — Claude Kirk said today the Republican candidate will win the 1968 U.S. presidential election and sincerely will be the key to victory.

Winding up a two-week visit to Austria and his wife's native Germany, the Republican governor told newsmen he found Germans well informed and keenly interested in next year's U.S. election.

"They wanted to know why there are so many Republican candidates but seem to have something wrong with them," he said.

"I told them the Republican candidates are being systematically built up and then torn down by the ultra-Johnson press. We have other good candidates who have not been heard from yet. House leader (Gerald R.) Ford and Sen. (Thurmond B.) Morton would make excellent candidates, for example.

"My advice has been: Don't worry, just wait a while. Whoever he is, the Republican candidate will be the next president, because he will have the one element which the people are looking for—sincerity."

Kirk said one factor which made his trip particularly enjoyable was his German-born wife's acquaintance with ordinary Ger-

mans and the opportunity to speak to many ordinary people rather than with officials.

Such offers are traditional when high officials serving at the pleasure of a president fear a development has that potential.

The Times said Johnson apparently regarded it as a formal courtesy and gave it no serious consideration.

The Ruskys, the Times said, first met in some home setting that their only daughter intended to marry Smith. The newspaper reported that David Rusk, the bride's older brother, said his parents had, to his knowledge, raised no objection to the marriage on any point.

Later, Mrs. Smith plans to re-

Rusk Ready To Quit Because Of Wedding

STANFORD, Calif. (AP) — The blonde daughter of Secretary of State Dean Rusk is honeymooning today with her husband, an Army Reserve lieutenant who is a Negro.

The Georgia-born Rusk gave his daughter, Margaret Elizabeth, 18, in marriage Thursday to City Gibson Smith, 22, in a formal Stanford University chapel wedding that had been prepared in great secrecy.

The secretary's brother-in-law, Jack Folsie, said Rusk had been "fearful that demonstrations might mar the occasion. But the quiet ceremony, attended by parents of both the bride and groom and about 10 other relatives and close friends, was performed in traditional fashion without an incident of any sort.

The father of the groom, Clarence L. Smith of Washington, D.C., called the couple "two young people in love."

The New York Times said in a story from Washington that Rusk was prepared to resign if the interracial marriage was deemed politically embarrassing by the Johnson Administration.

Such offers are traditional when high officials serving at the pleasure of a president fear a development has that potential.

The Times said Johnson apparently regarded it as a formal courtesy and gave it no serious consideration.

The Ruskys, the Times said, first met in some home setting that their only daughter intended to marry Smith. The newspaper reported that David Rusk, the bride's older brother, said his parents had, to his knowledge, raised no objection to the marriage on any point.

Later, Mrs. Smith plans to re-

sume studies at Stanford, where she recently completed the summer quarter as a second-year student.

Her husband, a June graduate of Georgetown University, has been employed recently as a data processor with a private contractor at the Ames Space Agency Research Center in Sunnyvale. He was commissioned a second lieutenant in the Army Reserve recently and is expected to be sent to Vietnam.

The bride and groom were driven away in a limousine, their honeymoon destination undisclosed.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I have a problem which I can't talk about but I can write about. I have been going to a psychiatrist regularly because I know I need the kind of help he can give me, but my problem is just not coming up. I tell him what is really bothering me, but he doesn't seem to be really listening. I tell him what I really feel, but he doesn't seem to be really listening. I tell him what I really feel, but he doesn't seem to be really listening.

DEAR ABBY: I have a girl friend who is overweight. She has a pretty face and a nice personality, but she's fat, which keeps her from being popular. She feels bad about it and I always feel bad about it. I don't want to quit, but there isn't any sense in my going every week and spending all that money if I don't get right down to my real problem. Yet, I can't say the words. Can you help me?

DEAR ABBY: I have a girl friend who is overweight. She has a pretty face and a nice personality, but she's fat, which keeps her from being popular. She feels bad about it and I always feel bad about it. I don't want to quit, but there isn't any sense in my going every week and spending all that money if I don't get right down to my real problem. Yet, I can't say the words. Can you help me?

"Dear Edyth Thornton McLeod: I have a wonderful neck. I'm 47 and my skin is so dry it looks older than I am. I actually am. What can I do?"

"I am attending a morning wedding the last day of September. I have a black and white dress. It has a white diagonal yoke. Can I, at this late date, wear a white linen straw beret and white shoes? The wedding is at noon." — Mrs. F.

"I live in a small town and am recently divorced. I know that I'll soon meet the woman responsible for my divorce. She belongs to my bridge club. I should like to see her as all my closest friends belong. We are meeting for the fall season. When I meet this woman, and possibly get her as a partner in bridge, would you suggest that I should take a copy of HOW TO YOUTHIFY YOUR NECK, send me a long, stamped, self-addressed envelope and 10 cents in coin. Remember, you must address and stamp the envelope. I also suggest that you use cosmetic oil to lubricate your neck. It will penetrate and moisturize."

Horoscope Forecast

Saturday, September 23, 1967

GENERAL TENDENCIES: The unique, the unusual and the progressive is good for you now but steer clear of formal and stuffy people. You will find that you are not getting along with those who are not getting along with you. You will find that you are not getting along with those who are not getting along with you.

Sunday, September 24, 1967

GENERAL TENDENCIES: The daytime is just great for getting all kinds of interesting ideas and plans whereby you can gain more will from others by your quickness and perception and by stopping by and seeing those people you like and with whom you want ally. Mary and others can be having a holiday putting across some shabby plans and projects.

Nobles-Musick Engagement Told

Mr. and Mrs. James R. Nobles, 2009 S. Holly Ave., San Francisco, are announcing the engagement of their daughter, Victoria Louise, to James Ed. Musick, son of Dr. and Mrs. Edwin C. Musick of Westminster, S. C.

Mr. Nobles was born in Danvers, Iowa, attended schools in Westminster, S. C., and is a 1963 graduate of Westminster High School. He is a graduate of U. S. School of Photography and currently is serving a tour with the U. S. Navy.

The wedding is planned for early December with complete details announced at a later date.

Former Sanfordite Returns To Open Interiors Dream

The charming Berta Hall has returned to Sanford and is currently in the midst of making plans to open her own interior decorating shop to be dubbed "Interiors by Berta Hall."

The shop, which will open the end of the month, will be located at 2606 Hiawatha. Berta and her husband, Harold, and seven children moved back to Sanford in June following Harold's retirement from the Navy. They had resided in Sanford from 1953 to 1966 when they moved to San Francisco. Berta has big plans for her new shop and will offer complete decorating services from design including furniture, draperies, accessories and carpeting to color coordination.

Summer Of Excitement Ends For Chuluota Correspondent

Mr. and Mrs. Charles Baker of Chuluota (Lisa is her maiden name) have returned home after a summer of work and fun in Kentucky. The Baker family spent the summer in sightseeing, fishing and camping. Lisa was especially enthusiastic about one special thing that she saw and for which she is now planning to buy a pair of glasses. The glasses were made by a local optician and were very comfortable to wear.

Jacoby On Bridge

We are going to let the Elwood Hog tell the full story of today's hand. He has been asked why he was so unkind to the Ruffal Rabbit.

He replied, "Let me tell you what happened. The Rabbit met me on the way to the club and said he wanted to play that new wild gadget where the jump raises of four clubs to a major opening showed a good fit. A sample of his deal was a singleton. I begged him not to play it. I said that I was unfamiliar with it and did everything in my power to discourage him to not play. He had read up on it, liked it and was going to play it. 'I'll cut him the first rubber. Both sides got vulnerable and we made one diamond to give 20 to score. I asked on this side and opened one heart. The Rabbit bid four clubs and everything looked fine. His Swiss gadget had come up and it just might work. I bid four diamonds to mark time and West asked 'What is the Swiss Convention?'"

Gamma Globulin Eases Sore Throat

By Wayne G. Brandstad, M.D. Newsweek Editor

A mother writes that her 7-year-old son has had a series of sore throats with a fever of about 103 degrees since December. His doctor gives him an antibiotic for about a week each time but four or five days after the antibiotic course he gets another sore throat. A history of this sort is seen characteristically in boys with a hereditary deficiency of gamma globulin in their blood.

Since gamma globulin is essential in combating such infections, these boys go from one infection to another like a chain smoker lighting one cigarette after another. An injection of gamma globulin helps these youngsters throw off an infection but the effect is not lasting and gamma globulin is very expensive. No permanent cure is known.

We The Women: By Betty Canary

I know the time would come when we would find out how teenagers turn their hearing off and on — an ability parents also have, but in lesser degree. While the whole story has yet to be uncovered, it seems that at least we are at the beginning of understanding.

Any mother knows her son can be looking right in the eye and simply not hear her when she says "Carry over your assignment" and yet from two blocks away he can hear her whisper "Yes, you may use my car."

Well, a new discovery from London says that two Cambridge psychologists have found evidence that all of us have a sort of subconscious censor in our brains. They ran experiments which proved — and they expressed surprise over this — that what they called "neural words" were more easily recognized than obscene ones.

CEP Director Is Welcomed

Open houses to introduce Miss Louise McElhenny, new Seminole County director for Child Evangelism Fellowship, to the community was held Sunday afternoon at the home of Miss Martha Manning and Miss Marie Morrison.

Also present for the occasion were Rev. Matthew Diachenko, associate national director for the northeastern states, and Mr. and Mrs. Harold Turner, Florida directors of CEP.

Rev. Diachenko spoke on the national level, while the Turners explained what is being done in the state to reach the children for Christ.

Polly's Pointers By Polly Cramer

Newspaper Enterprises Assn. DEAR POLLY: I love your column. It presents such a refreshing picture of so many mothers and housewives using their brains to make life more interesting and enjoyable. It makes me feel that there are still many fine people in the world. (Thanks from Polly and the others.)

My pointer is a serious one but I feel it is high time we all planted extra foodstuffs in our back yards. This fall we could each set out that apple tree, grapevine or berry bush. Thinking people everywhere foresee food shortages for the world. However, before food is actually short, it will skyrocket in price. From one beautiful apple tree in my yard, I have canned quarts and quarts of applesauce, apple butter and apple jelly, besides giving away lots of apples to my neighbors. We Americans should all have at least one fruit tree in our yards, plus vegetable gardens. As our country was settled and people moved west they carried seeds with them. They planted their orchards and vegetable

Church Women To Install New Officers

Officers of Women of the Church, Presbyterian Church of the Covenant, will be installed at the 9 a. m. worship service on Sunday.

In the group are Mrs. J. M. Garrett, president; Mrs. W.M. McElhenny, vice president; Mrs. J. Blackman, secretary; Mrs. T. C. Collins, treasurer, and Mrs. L. A. Albritton, historian.

Cause chairman are Mrs. M. J. Corbett, Mrs. Harold Fauer, Mrs. James McKee and Mrs. Charlotte Scudder and Mrs. United for the installation of the new officers.

Garden Circles

ROSE CIRCLE Mrs. Henry Simpson was hostess at her Geneva home to the September meeting of Rose Circle of Sanford Garden Club. Assisting as co-hostesses at the covered dish luncheon meeting were Mrs. W. G. Kilbee and Mrs. J. L. Brown.

LEO (July 22 to Aug. 21) — Stop being so terribly generous with good pals; it's not necessary. Get into more practical treatments that will improve your appearance. Be less nervous in the future.

N. Orlando Club Begins Fall Season

The N. Orlando Club began its fall season with a luncheon meeting at the home of Mrs. W. G. Kilbee. The meeting was held at the home of Mrs. W. G. Kilbee and Mrs. J. L. Brown.

Miss Weiss Guest Speaker At Azalea Gardeners Meet

Miss Weiss was the guest speaker at the Azalea Gardeners meeting. She presented a paper on the importance of garden maintenance during the fall season.

Lake Mary Gardeners Make Fall Plans

Lake Mary Garden Club held the September meeting in the lovely garden of Mildred Tills. Many items were brought before the members. Mrs. Mabel Dickerson will be guest of honor at the October meeting and will bring greater understanding between yourself and those who have opposed you. Show what you can do for your garden.

Mr., Mrs. Glenn Collard Return From Scenic Trip

Mr. and Mrs. Glenn Collard returned from a scenic trip to the Lake Mary area. They enjoyed the beautiful views and the hospitality of the local residents.

Albritton-Henson Wedding Plans Announced

The wedding will be an event of Sept. 30 at 4:30 p. m. at All Saints Catholic Church, Sanford. All friends and relatives of the couple are cordially invited to the wedding and reception immediately following at Sanford Garden Club.

By CLARKE WILLIAMSON. Mike Douglas took NBC's famous Johnny Carson as a result of your vote on two late-night and two nationally syndicated variety shows that Mike Douglas, local stations, 75.5 per cent, very good. Johnny Carson, NBC, 68.0 per cent, good, average. Mary Griffin, local stations, 62.5 per cent, good. Joe Bishop, ABC, 61.2 per cent, average.

Jr. College Alive With Progress

By TOMMY ALEXANDER
 Away we go in 1967-68 for the Seminole Junior College news and activities. SJCC is alive and bustling with progress. There is all sorts of news to gather, so without further ado let's get on it.

Congratulations go out to Miss Gail Hoffman, John Stuart and Tom Kearney following their victories in the Student Government elections. You have a lot of work this year, so hot in and work untiring to better our growing institution.

The other day this reporter was calmly sitting in the Student Center when approached by a nice looking girl, who probably asked me if I knew how to disarm a grenade.

Quoting another member of the "Herald" Staff, "I got out of there fast." I later found out that the grenade was disarmed and the young lady was just trying to get out of the subject. "When" what a relief! But while thinking about the subject seriously, if the grenade was alive, and had exploded, it would have blown the entire campus off the map, throwing mud everywhere.

The Young Republican Club at SJCC sponsored a great rally to New Smyrna last Sunday. There were many comments about the route that was followed to the beach. Some of these were "Who got the balloons to float this high?" "Did you see that ball that ran into the side of my car?" The winner took home the grand prize which also included a traffic ticket, compliments of the Volusia County sheriff's department.

Let's get down to some earthy facts at SJCC. What about the off campus fraternal organization that associates itself with the school but all it accomplishes is the social functions and not the service side of activities. That's the challenge, folks.

Sunday School To Be Discussed

Sunday School work and activities will be subject of a program for monthly Fellowship Supper of Barnet Memorial Methodist Church, Enterprise, scheduled for 6:30 p.m. Wednesday.

Under direction of the Commission on Education, Mrs. Raymond Lawson, chairman, the program will inform those attending of various studies of the Sunday School department and of its future plans.

A meeting of the Christian Women's Society of Church Street was held at the home of Mrs. Warren Hise, Mrs. Forrester and Mrs. Kermig Wiggin, who are in charge of the program on "TV Evaluation."

Mrs. E. H. Thompson, houseguest of Mrs. Hise, was a special guest for the occasion.

Legal Notice

IN THE CIRCUIT COURT OF THE SEVENTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. Case No. 67-276. THE BOWEN NATIONAL BANK OF BOSTON, Plaintiff, vs. CLAUDIA JEAN JONES and CHARLOTTE JOHNSON, Defendants. The property is being sold pursuant to a Final Judgment of the Circuit Court of the Seventh Judicial Circuit in and for Seminole County, Florida, entered on the 14th day of October, 1967. The property is being sold pursuant to a Final Judgment of the Circuit Court of the Seventh Judicial Circuit in and for Seminole County, Florida, entered on the 14th day of October, 1967. DATED this 20th day of September, 1967. Arthur H. Beckwith, Jr., Clerk of the Circuit Court. By: Margaret E. Tyre, Deputy Clerk. Leonard V. Wood, Attorney at Law, 210 N. Dixie Blvd., Palm Bay, Fla. 32909. DD-49

Methodist Men Plan Retreats

More than 2,000 Florida Methodist laymen have registered for four successive week-end retreats this fall at the Methodist Youth Camp in Leeburg.

The first group of 500 men will meet Sept. 29-Oct. 1, and will be followed by similar numbers, the camp's capacity, the next three weekends.

The leadership training retreats are sponsored by the Florida Conference Methodist Board of Lay Activities. WILLIAM A. MEADOWS JR., U.S. district attorney of Miami and state Methodist lay leader, will preside.

Principal speakers will include Bishop James W. Hinesy of Lakeland and Bishop Arthur J. Moore of Atlanta, Ga. Leading workshops and study groups will be Dr. Mack H. Block and Rev. Hugh L. Laidlaw of the region faculty of Emory University, Atlanta, Ga. D. W. Brooks, manager of the Camp, and Ralph Ferguson, active Baptist layman of Wausatchia, and Ralph Ferguson, Miami businessman.

Between 1960 and 1965, the number of American travelers to Europe increased by 70 per cent, from 236,000 to 405,000.

TOMMY ALEXANDER, Herald sports writer, today launched his weekly column at Seminole Junior College, where he is a student. — What better way to get him off to a good start with this picture taken by staff photographer Bill Vincent Jr.

WCS Festival Plans Reported To Joy Circle

A "Harvest Festival" to be held at Grace Methodist Church of Sanford in November was announced at the September meeting of Joy Circle at the church with Mrs. Alvera Kelly, chairman, presiding.

Festival chairman is Mrs. Roy Wall and sponsors are members of the church's Women's Society of Christian Service, assisted by the Men's Club and the Methodist Youth Fellowship. The event will be a combination auction and bazaar and the public is invited to attend.

Extradition Hearing Set For Suspect

TALLAHASSEE (AP)—An extradition hearing before Gov. Claude Kirk will be granted for Edward Albert Seibold, who is accused in the slaying of three Auburn, Ala. girls.

Alabama authorities want Seibold — arrested in Miami last week — returned to waive extradition at a hearing Tuesday.

A spokesman in Kirk's office said he would not comment on the hearing requested—and will be granted—an extradition hearing and that details of the hearing will be worked out when Kirk returns from his two-week European vacation.

Seibold, 21, is represented by Mrs. J. P. Hise, Mrs. Edith Myers, Mrs. Esther Harris, Mrs. Dora Wakefield, Mrs. Faye Gaines, Mrs. Louise Lee, Mrs. Ethel Tisser and Miss Mabel Chapman.

John Adams was the first U.S. graduate to have been a college graduate. He graduated from Harvard College in 1763, 14th in a class of 24.

Doyle Conner's 'The Farm Front'

By DOYLE CONNER
 Commissioner of Agriculture
 EDITOR'S NOTE: The following article is the second in a series of farm front features by Doyle Conner, Commissioner of Agriculture. Doyle Conner's regular weekly column, which will be devoted to his observations during the past week, is published in the "Farm Front" section of this paper.

The Townsend family, formerly from Wausatchia in Polk County, are developing a half-million acre and their land is estimated to have a herd capacity of between 40,000 and 50,000 head at present.

The fertile soil of Australia's vast open ranges and the lush pasture grasses are contributing to the build-up of a cattle industry which some day will pose a real threat to America's and Florida's beef cattle industries.

Given a few more years, and under the tutelage of families such as the Townsends, Dudas and Radebaughs, Australia's beef cattle export trade will increase tremendously.

Marketing programs of the Australian government are geared for the export of beef and with the low ad valorem taxes, cheaper labor and availability of vast tracts of land for development, Australia is becoming more and more a desirable location for American cattlemen with capital to invest.

During the past several years, Australia has developed a great deal of experience in the beef cattle industry through up-to-date management, scientific methods and capital.

Barbara Guess Circle Finishes Annual Project

A "Christmas in August" project for the Gilbert Thomas family in Socorro, New Mexico, was completed at last meeting of the Barbara Guess Circle of the Lady Mary Hospital Church Women's Missionary Union.

It was reported the family is in need of everything, from clothing to diet. A similar box is made up at least three times each year by the Circle as a missionary work.

The meeting was held at the church with Mrs. Rose Laib giving the opening scripture reading followed by prayer offered for all missionaries by Mrs. Sammie Lou Keel.

Closing prayer was given by Mrs. Mary Bryant. Refreshments were served to Stella Williams, Pat Summerville, Clara Turner, Mary Lou Crawford, Mildred Ladd, Mrs. Keel, Mrs. Laib and Mrs. Bryant.

St. Andrews Schedules Baptism

By MARYANN MILLES
 Baptism services will be conducted at St. Andrews Presbyterian Church of Bear Lake during the morning worship service Sunday, Nov. 18.

The meeting was held at the church with Mrs. Rose Laib giving the opening scripture reading followed by prayer offered for all missionaries by Mrs. Sammie Lou Keel.

Closing prayer was given by Mrs. Mary Bryant. Refreshments were served to Stella Williams, Pat Summerville, Clara Turner, Mary Lou Crawford, Mildred Ladd, Mrs. Keel, Mrs. Laib and Mrs. Bryant.

Guild Emblem Is Explained

Emblem of the Wesleyan Service Guild of First Methodist Church, Sanford, was displayed and explanation of each part given by Mrs. Walter Carter at the recent covered dish supper meeting of the group in Fellowship Hall.

The meeting was conducted by Mrs. Haze Pyles, president. Routine business was discussed and reports were heard from various committees.

Mrs. M. E. Smith was in charge of devotionals, with Mrs. Faye Gaines, Mrs. Lester Retzlaff, Mrs. Florence Archer and Mrs. Mable Coleman taking part in the program.

All are well-known Florida cattle raising families, who have contributed to the expansion of Florida's cattle industry and who helped it gain the prominence it enjoys in the nation today.

These American families, and others like them from California and other cattle states, are settled on farms in the present northern part of Australia.

"They are building great herds of quality cattle, by improving the blood lines of wild cattle caught on the millions of acres of open range."

Such families who have had the blood lines of wild cattle caught on the millions of acres of open range.
