# JOYOUS BURDEN

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Men to go to church regularly and read your Bible daily.

There are men who carry the weight of the world on their shoulders—but this isn't one of them.

There is no burden so joyous as the responsibility of being DAD.

But—hold on there! Don't forget it is a burden. Someone's future is on your strong back.

And that someone's future involves soul as well as body.

If you want your boy to become a good ballplayer... well, you go out and catch with him.

And if you have hopes for his character, his courage, his commitment to things Right and True... yes, a boy loves to walk into HIS CHURCH with HIS DAD.

## New St. Augustine Attack Halted

PARKING LOT at First Street and Park Avenue is rapidly taking shape with city crews on hand daily to level off the former site of the Woodruff Building. City commissioners will con-

sider the type of parking when it convenes at 8 tonight in the City Hall. This view was taken from high up in the Sanford Atlantic National Bank. (Herald Photo)

When city crews were cleaning up the debris at First and Park, following the razing of the Woodruff Building, they accidentally cut into several gas lines. Gas company employees had to go all the way to the main to cut off the gas supply. The pipes, which had been in the ground for no telling how long had rusted and one section was observed to be filled with hundreds of holes.

Speaking of names as we do from time to time, one Clock Winder noticed that last week Benjamin Franklin was admitted to Seminole Memorial Hospital. Then last Thursday there was a George Washington.

The Deltona Corporation's net income — or 2 cents a share — for the first quarter of 1963 doesn't even compare with the firm's \$126,935 net income — or 10 cents per share — for the same quarter of 1964. Total sales for April of this year amounted to \$1,865,357. For the first four months of '64 sales have been \$3,939,670.

When Central Florida's new state university opens (it's anticipated for 1968) and idea of its rate of growth might be had from the development of the University of South Florida.

That school opened in 1960 with 1,997 students, there were 2,982 in 1961, 3,664 in 1962 and 4,593 last school year. They're expecting 6,000 or better this fall.

What an impact something like this will have on Seminole County!

In 1953 Florida had 342 deaths from suicide. In 1963 the number jumped to 744 — making suicide the 10th leading cause of death in this state. Of the 744 suicides, 513 of them were male, 231 females. The 55-64 age group had the largest number of suicides, 142.

With the weather what it is these days Harold Chapman, who won all those Jay-Cee honors for his activities in the club, says he doesn't miss the shirt he lost just prior to April 16.

When Clyde Long presented retiring Jay-Cee President Jim Smith with his past president's pin, the new Jay-Cee prexy issued a verbal order that during his administration all lapel pins will be the "bayonet" type. Long couldn't locate the tiny hole in Smith's lapel.

We've just been told of a new definition of "dirty" politics. That's when a person registers with one party to help nominate the weakest candidate so the other party's candidate can defeat him.

The board meeting of the USO, set for Tuesday at 8 p. m., has been cancelled. Mrs. Mary Washburn says the session will be rescheduled next fall.

One of the Herald's advertising staff, on vacation, has gone from the "Nile of Florida" to "Egypt." Mrs. Beryl Black sends a postcard from "Egypt" in Southern Illinois where the Ohio River flows into the Mississippi. The postcard shows a packet boat, the "Delta Queen" cruising down the Mississippi River.

City Commission meets tonight with the question of the legality of the arbitrary closing of Glenway Road one of the top items on the agenda.

## Sen Kennedy's Condition Is 'Satisfactory'

NORTHAMPTON, Mass. (UPI) — Doctors attending Sen. Edward M. Kennedy said today his general condition was "extremely satisfactory" and that he is "bright and alert."

Kennedy, who suffered a broken back in a plane crash that took the lives of two other men, remained strapped in a special canvas-covered bed-type frame. Doctors said he would continue to spend periods of time in an oxygen tent.

The 32-year-old senator scanned newspapers today and was given a shave.

The medical bulletin said an electrocardiogram test today showed that the senator's heart was normal. Doctors said his pulse, blood pressure and respiration are satisfactory.

The report said, "there have been no neurological changes and everything seems to be definitely improved." Doctors have estimated that the senator will remain at Cooley Dickinson Hospital here for at least 10 more days.

## 32 Vying For Miss Florida

SARASOTA (UPI) — Thirty-two beauties from all over the state opened a hectic week of competition Monday in the 1964 Miss Florida contest.

One of the girls will be crowned Miss Florida of 1964 Saturday by the present Miss Florida, Flora Jo Chandennet of Miami, and will represent the Sunshine State in the Miss America contest and win one of several college scholarships.

This year's contestants will represent 22 Florida cities, seven counties, the University of Florida, the Pine Tree Festival and the Azalea Festival.

Although the first actual competition doesn't begin until Wednesday night, the girls, divided into three groups, went through press interviews and picture taking Sunday and briefings Monday.

The three groups will go through preliminary judging in evening gown, swim suits and talent categories Wednesday, Thursday and Friday. Ten semi-finalists will be announced Saturday night and five finalists will be named. Miss Florida of 1964 will be picked from the five finalists after the five are asked personality questions.

**More Buses**  
LONDON (UPI)—The Leyland motor firm said today it plans to sign a new deal to sell 500 more buses to Cuba soon.

## State Law's Chances Slim, Bryant Says

TALLAHASSEE (UPI) — Gov. Farris Bryant says he feels the odds are "about 100 to one" against the present Florida legislature or the new 1965 legislature passing a reapportionment plan that would satisfy the U. S. Supreme Court.

Political observers believe two things will happen before reapportionment is settled in Florida:

1. The federal court will write an apportionment formula to the legislature to enact into law.
2. The federal court will rule that every tax, appropriation and other bill passed by the legislature is invalid until reapportionment is accomplished.

## Saigon Forces Kill 54 Reds

HANG LANG, Viet Nam (UPI) — U. S.-supported government paratroopers killed at least 54 Communist Viet Cong guerrillas Sunday in one of the bloodiest battles this year of South Viet Nam's civil war, it was announced today.

U. S. military officials said 29 paratroopers were slain and 65 others were wounded in the battle near their town 45 miles southwest of Saigon.

Four American helicopters were downed during the fighting, at least two of them by Communist ground fire. But there were no reported American casualties.

The helicopters, part of the U. S. Special Forces in South Viet Nam, are used to ferry Vietnamese troops into battle against the Viet Cong. U. S. military advisers who personally counted 54 abandoned Viet Cong bodies said the Communists' death toll almost surely was much higher. The Viet Cong usually try as hard as possible to remove their dead.

## Board To Hear Zoning Cases

A heavy schedule will face members of Seminole County's Board of Commissioners when it convenes at 9 a. m. Tuesday, according to Chairman James Avery.

Avery said he anticipated the board to be in session most of the day due to numerous zoning matters. He also said he expected several of the zoning items to be "quite controversial."

## Court Clerks Elect Beckwith

Arthur H. Beckwith Jr., county clerk, was elected secretary of the Association of Court Clerks for Florida at the organization's meeting in Fort Lauderdale. During the previous year Beckwith served the association as its treasurer.

## Whites Try To Break Up Beach Mix

ST. AUGUSTINE (UPI) — An angry group of whites today attacked a racially mixed group of civil rights demonstrators when they attempted to swim in the Atlantic Ocean at a beach normally used by whites.

Police moved in quickly to break up the explosive situation. Two police launches roared between two Negroes and the water and protected them from an advancing group of whites.

Four members of the white group, which totaled about 15, were arrested. A white girl and a white boy were among the 15 members of the integrationist group which appeared at the beach. The segregationists first attempted to reach the white boy but he fled into the protection of State Highway Patrolmen.

The whites then made a break toward the other demonstrators in the water. Negro leaders had promised a renewal of racial demonstrations as well as a court fight to overturn a state-imposed curfew aimed at halting night marches.

Both segregationists and civil rights advocates staged marches last night. At one point the two groups were separated by King Street, the 40-foot-wide main thoroughfare, and a line of about 100 police officers, some with dogs on leashes.

There was some jeering as both groups marched on opposite sides of the street about 90 minutes before Gov. Farris Bryant's 9:30 p.m. EDT curfew on night marches.

Concrete blocks were thrown through the plate glass windows and doors of state Sen. Verle Pope's real estate office early today.

Pope has been the spokesman for a committee of 26 local businessmen who have attempted to settle the racial problem. Pope also urged the curfew on night demonstrations.

Police said six concrete blocks were heaved through four plate glass windows and two glass doors at Pope's office about 1:30 a.m. EDT.

Hundreds of whites patrolled the public beach Sunday to turn back an anticipated "swim-in" by the integrationists. The Negroes failed to appear.

An Episcopal rector defied his vestrymen and personally escorted five Negroes into his church Sunday but five other integrationists were barred from a Methodist church and arrested when they tried to enter.

At Trinity Episcopal Church, the Rev. Charles M. Seymour confronted two vestrymen waiting at the front of the church to turn away Negroes and quietly told them: "Let them come in."

## Driver Arrested After Accident

A motorist identified by police as William Donald Siler of 814 1/2 Elm Ave. was arrested early Sunday morning after he allegedly left the scene of an accident.

Siler is charged with reckless driving and failure to stop and report an accident. Police say Siler's automobile struck a parked car at 18th Street and Park Avenue and owned by Robert S. Siler, 1717 S. Park Ave. Siler was treated at Seminole Memorial Hospital for a hip laceration suffered in the accident, police said.

## Reds May Travel Outside Hemisphere, Court Rules

WASHINGTON (UPI)—The Supreme Court today struck down the federal law which prevents U. S. Communist party members from traveling outside the Western Hemisphere.

Justice Arthur J. Goldberg wrote the decision which declared unconstitutional part of the 1950 Internal Security Act prohibiting members of Communist organizations ordered to register under the act from applying for or using

passports. No one could legally travel outside the Western Hemisphere without one. The vote was 8 to 3 with Justices Tom C. Clark, John M. Clark, John M. Harlan and Byron R. White dissenting.

The statute as challenged by Elizabeth Gurley Flynn, found by the trial court to be chairman of the Communist party; and by Dr. Herbert Aptheker, formerly editor of Political Affairs, a party publication.

The party has been ordered to register under the act but up to now has fought off efforts to make it do so. On June 8, the Supreme Court refused to consider the government's appeal from a lower court ruling that may have nullified the registration requirement completely.

## 16 Items Listed On City Agenda

City Commissioners anticipate a long session at the 8 p.m. meeting with 16 items on the agenda.

Among them are a public hearing on the rezoning from R-2 to R-3 in Seminole Park; a dredging easement at Lake Ada; an appointment to the Civil Service board; consideration of several areas south of the present city limits for annexation, and authorization of advertisement for bids on the pneumatic roller.

Discussion of the controversial closing of Glenway Drive by Mrs. Margaret Howler will be heard, with City Attorney Bill Hutchinson presenting the legal aspects.

Whether or not to make the new city parking lot at the corner of First Street and Park Avenue free, metered or time limit, the type of paving and the authorization to combine paving and grades on adjacent private property will be another question that city commissioners will discuss.

A request for paving of the alley beside Burpee Seed Co. and behind the Sanford Herald building will be considered.

## FSES Seeking Job Counselors

Application forms are available at the local Florida State Employment Service for persons interested in becoming a counselor to help ease the critical job shortage for teenagers.

J. M. Foy, manager of the local office, said to qualify as a counselor aides an application must be a college graduate preferably in counseling, psychology, social work, education, sociology or related fields.

Successful applicants will be given eight to 10 weeks of college level instruction between July 15 and Sept. 15. Applicants for youth advisor positions need not be college graduates, but must be over 21 and all applicants must possess special aptitudes and dedication for this type of work.

The U. S. Labor Department last week announced the crash program to train 2,000 counselors to help solve the critical unemployment as part of President Johnson's war on poverty.

Secretary of Labor Willard W. Wirtz said that more than a million of the 6.6 million youth 14 to 19 who are in the labor forces do not have jobs.

## Terrorists Strike

MADRID (UPI)—Terrorists exploded five bombs Sunday in scattered districts of Madrid, damaging two banks and three stores.

The court also ruled that confessions may not be used in state trials if given to police — have refused to allow the suspect to consult with his attorney.

The 5 to 4 decision reversed the murder conviction of Danny Escobedo, sentenced to 20 years in jail for the fatal shooting of his brother-in-law, Manuel Valtierra, in Chicago on Jan. 19, 1960.

The party has been ordered to register under the act but up to now has fought off efforts to make it do so. On June 8, the Supreme Court refused to consider the government's appeal from a lower court ruling that may have nullified the registration requirement completely.

## 4 Counties Get Recreation Fund

TALLAHASSEE (UPI) — Four counties have received grants from the state conservation department for the construction of boat ramps and artificial fishing reefs.

The funds thus far paid by the conservation department total \$7,600 and an additional \$24,700 is slated for use in other counties for the same purpose.

The State Game and Fresh Water Fish Commission has received \$7,600 for similar projects on fresh water lakes and streams.

The money is part of a \$50,000 grant from the Outdoor Recreational Planning Committee.

Dade, Palm Beach, Manatee and Sarasota counties received \$1,900 each under the program. St. Lucie, Bay, Pinellas, Taylor, Martin, Flagler, Lee, Gulf, Brevard, Orange, Dixie and Pasco counties are scheduled to receive funds for like projects, according to a department spokesman.

## Milk Meeting

GAINESVILLE (UPI) — State dairymen have scheduled a meeting at the University of Florida July 7-8 to discuss a federal court ruling which the State Milk Commission says left it powerless.

J. M. Foy, manager of the local office, said to qualify as a counselor aides an application must be a college graduate preferably in counseling, psychology, social work, education, sociology or related fields.

Successful applicants will be given eight to 10 weeks of college level instruction between July 15 and Sept. 15. Applicants for youth advisor positions need not be college graduates, but must be over 21 and all applicants must possess special aptitudes and dedication for this type of work.

### Hollywood Glamor Girls Drop Curtain On Topless Swim Suit

HOLLYWOOD (UPI) — Hollywood glamor girls modestly drew a curtain around the new topless bathing suits for women today. They should be worn only in private, several bosomy ladies of the cinema said.

mother, Madelyn, were involved in a battle with police Sunday at their home after patrolmen had gone there to pick up the girl, Susan Abramowitz, 17.

Murray told a Municipal Court judge that he and Susan were married.

Susan's parents, Dr. and Mrs. Leonard Abramowitz, obtained a court order June 2 which forbade the Murrays from associating with Susan on the ground they were leading her away from her religion. The girl left home shortly afterward.

Mrs. Murray, who led a court fight against prayers in public schools, presently is trying to get the courts to remove churches from tax exempt status.

Sunday's fight with police erupted when authorities learned that Susan was living with the Murrays and they went there to enforce the court order.

Mrs. Murray and her son were released on \$5,000 bond on charges of assaulting the policemen. The girl became ill in court and was taken to University Hospital where a spokesman said she was suffering from a cold.

### Reflection In Mirror Traps Escaped Con

WATONGA, Okla. (UPI) — An escaped convict lay seriously wounded today in a hospital, the victim of his own reflection in a mirror.

Alonso Talley Jr., 34, who fled from a Colorado prison farm June 13, slipped into the Fred Sheppard home near here Sunday through a bedroom window while the family watched television.

Suddenly, out of the corner of his eye the nervous convict saw something move. Talley whipped out a pistol and fired four bullets at the moving figure — and the full-length mirror reflecting Talley's image shattered.

Sheppard pushed his wife to the floor and grabbed a double-barreled shotgun.

Sheppard told Talley to come out peacefully, but Talley replied with sharp words and two shots from his pistol, narrowly missing Sheppard.

Sheppard fired twice at Talley, wounding him in the hand, arm and legs.

As Talley ran from the house, out of range of the short-ranged shotgun, Sheppard picked up a rifle and shot at Talley but missed.

The escapee ran to a nearby farmhouse and gave himself up to the owner, Harry Lookbaugh.

"That man down there is crazy. Get me a doctor," authorities quoted Talley as saying.

Taken to an Oklahoma City hospital, Talley was reported in serious condition. He lost several fingers in the scuffle, officers said.

Talley, who was serving a term for burglary, escaped from a prison honor farm near Pueblo, Colo., in a state-owned car June 13.

First runnerup this time was University of Miami senior Karol Kelly of Zephyrville and second runnerup was Mary Duncan of Coral Gables.

## Applications At School Up

TAMPA (UPI) — The University of Tampa has received applications for fall admission this year which total 18 percent higher than last year. Dr. Willis J. Dunn said Saturday that an increase of full time students will swell enrollment in the school to 1,400 in September, with a total registration of about 2,100.

## Trio To Present Church Program

A program of sacred music by The King's Men, brass-vocal trio from Toccoa Falls Bible Institute, Toccoa Falls, Ga., will be presented at Sanford Alliance Church Tuesday beginning at 7:30 p.m. At 6:30 p.m. preceding the program, a covered dish supper will be served. Members and friends of the church are invited to attend both.

Johnson is hopeful that his unity appeal will diminish public bitterness or division over racial problems and other thorny issues, according to informed sources.

The Chief Executive accented the call for American unity and "an end to difference and division, to racism and reproach" in a Los Angeles speech Saturday night.

The address closed out two days of speech-making in California in which Johnson extolled his administration's achievements and goals. He flew back to Washington Sunday.

In his speeches Johnson made no direct attack on the Republicans. But he put in an impudic jibe at the GOP presidential front-runner, Sen. Barry Goldwater of Arizona.

The President, obviously hitting at Goldwater's states' rights views, said it was "as

out of date as the dinosaur" to oppose broad federal programs to serve the public.

Johnson returned highly pleased by the reception he got on the West Coast, particularly a turnout of more than 300,000 to see his motorcade in San Francisco.

He was reported to feel that this public response indicated wide popular approval and support of administration programs and purposes.

Johnson hopes that the forthcoming campaign will stay on a high plane so that deep feelings over civil rights and other issues will not widen divisions among Americans, it was said.

## 'As Much': Too Little

The big need in American public schools today is to establish equality of education, says Francis Keppel, who is commissioner of education in the Department of Health, Education and Welfare.

This does not necessarily mean desegregation, nor giving every child the same quality or amount of education. Paradoxically in Keppel's opinion, it means a deliberate inequality—on the positive side.

"It is time," he says, "that we recognize that children who have been deprived the most need the most, that in their schools they need more, not merely as much, as in other schools."

All too often education has been hesitant and immobile in the face of new challenges, Keppel maintains. He proposes six measures which he believes would make education "a creative agent for change" and not merely a "preserver of stability":

• Begin working with children as young as 3 and 4 in nursery schools — "a powerful chance to cancel out deprivations that will otherwise affect every aspect of their lives."

• Discard convenient assumptions about the disadvantaged child's level of interest; instead, enrich all children's "horizons of experience" in such things as art and music and nature study.

• Keep the schools open for perhaps 12 or 14 hours a day and 12

months a year, and offer programs for adults as well as children to make the schools a "full-time resource for the whole community."

• Establish a firm and working alliance between the school and home — bring the parents in as partners in the educational enterprise "with an intensity unmatched in history."

• Bring the schools into closer alliance with all community resources so that they are no longer isolated and apart from the community they serve.

• Create a corps of dedicated teachers who have the "warmth and insight which no legislative act can accomplish."

There is little that is revolutionary about Keppel's recommendations. Some of them, such as parent-teacher co-operation have long been employed in most schools.

What would be revolutionary would be their adoption — with an "unmatched intensity" — in the nation's forgotten schools, whether they are in the slums behind Main Street or hidden in the hills beyond State Route 1.

## LBJ Keeps Wary Gaze

WASHINGTON, D. C.—Although the motif of reference in writing about the White House still runs to beagle hounds, a more accurate reference to LBJ might be a far more noble and intelligent four-footer—the old-fashioned fire-horse.

In the small town on the sunny side of the Mason-

Dixon line where I grew to the age of 12, we had a magnificent pair of these fire-horses named "Dan" and "Barney." They were shiny sorrels who stood in a place that glittered more than the White House to a small boy's eyes.

The fire engine was a gleaming red, coiled with spindles of angel-white hoses. The brass pole stood on a spic-and-span floor and led upward to the bunks where the firemen lolled on red blankets. The stalls of "Dan" and "Barney" were bedded with golden straw, and were wide open except for a metal bar which automatically dropped when the alarm bell sounded.

On this signal "Dan" and "Barney" would trot to their places at the tongue of the engine. Their sparkling harness, suspended above them, would drop into place—and in a jiffy the fire engine would be racing through the streets of Clarksburg, made famous by the tread of Stonewall Jackson, John W. Davis and lately by Deputy Defense Secretary Cyrus Roberts Vance, a neighborhood kid whom we all called Bobby.

The legend was that "Dan" and "Barney" not only went into action at the sound of the gong, but that they knew exactly where the fire was raging and took the engine there at top speed with little or no instructions by the driver. I'm not sure about the horses, but I'm convinced Lyndon B. Johnson knows by instinct that Barry Goldwater has caught fire, and that the President is galloping on loose reins to quench a conflagration that could scorch him where it hurts.

Better than the polls, better than the pundits, the intuition of this class, experienced fire-horse points to the evidence of a political upset that could surmount the stunner of 1948. The other day, Mr. President made a last-moment decision—unknown to his own press secretary—and dashed up to New London, Conn., where he astounded reporters with a missile-rattling speech that was not so much anti-Communist as anti-Goldwater.

Mr. Johnson bragged of 1,000 missiles, and 1,100 manned aircraft capable of H-bombing Sovietland. Was this the recital of America's might necessary? To warn Khrushchev—no. To clobber Goldwater—yes.

What with promoting Iron Curtain trade, collaborating with the USSR on the reduction of fissionable materials, joining a reciprocal agreement to open consulates in Russia and the USA, the President never had it so cozy with Khrushchev. But the coziness had to be risked because Goldwater was getting to listeners with his incessant warnings against a let-down of military defense.

Then, last Monday, the President went to the 100th Commencement of Swarthmore College, a Quaker institution in a Republican-governed State. Did he stress "peace"? No. Did he make his regulation spiel on frugality? No. The quotable core of his address could have been a rebuttal to a theme in Goldwater's book, Conscience of a Conservative, and in a hundred Goldwater speeches.

For the President orated against — Communism? No. Goldwater? Yes — by denouncing those who called Federalism a "major menace to individual liberty."

Let others call Goldwater a false alarm. Mr. President knows better. The press and pollster coverage of the California campaign (only Samuel Lubell gave Goldwater a prayer) showed the bias of wishful destruction. The absurd foolishness of General Eisenhower's attempt to head Goldwater brings back the memory of Churchill's famous quip: "Some chickens some neck!" The graveyard whistling of Democratic National Chairman Bailey about how "jinky" the Democrats would be to have Goldwater as an opponent has to be laughed away.

Only LBJ knows where the fire is, and he's galloping straight for Goldwater.

## Worry Clinic

Harv Morgan had a unique experience, but it is often cited by people who stop smoking. For tobacco not only hampers your health via far greater cancer, heart attacks, arithmetic attacks, etc., but it seems to reduce sexual vigor, plus many other sensory delights. So send for the booklet below.

CASE T-401: Harv Morgan is the talented emcee of an evening radio show on KYW at Cleveland.

After my first appearance as a guest speaker on his program, he had asked me concerning the specific medical disadvantages of tobacco, for he was a chain smoker.

A few weeks later I was invited back for another guest interview.

"Dr. Crane," he volunteered, "last weekend we had visitors and my wife prepared a delicious pot roast."

"It was so good that I had three helpings!"

"And I verbally complimented my wife, telling her that this was the best pot roast I had ever tasted!"

"Then I suggested that she didn't need to wait until we had guests in order to serve pot roast like that, for I could enjoy it even when we were alone."

Q—What are some of the patriotic aims of the Daughters of the American Revolution?

A—The society maintains a chain of mountain schools and colleges as well as schools for Indian children. It also offers annual student awards.

Q—Is it illegal for a private citizen to burn an old United States flag?

A—No, so long as they are disposed of "in a dignified way, preferably by burning."

Q—Who first designated the white race as Caucasian?

A—A German anthropologist named Blumenbach in 1775 on the supposition that the people of the Caucasus were typical of the race.

Q—How many planes took part in the famous Doolittle raid on Japan in April, 1942?

A—Sixteen B-25 bombers.

Q—Is the teaching of evolution still forbidden in Tennessee?

A—Yes.

"She smiled deprecatingly and said it was the very same type of pot roast she had been serving me for years, yet I had never commented about it before."

"Shocked, I could hardly believe her, but then I know my wife tells the truth, so I was puzzled."

"Why did this pot roast taste so much superior to all of her previous pot roast menus?"

"Then the answer suddenly dawned on me!"

"I had quit smoking the day after your first appearance on my show. And my sense of smell apparently had improved so greatly that now I am able to enjoy the aroma of food."

"Dr. Crane, is this a common occurrence after a fellow quits tobacco?"

Psychology of Flavor

Yes, the heavy use of tobacco seems to deaden the sense of smell.

But much of what we call the flavor of food is really its aroma.

You may recall that we have four elementary taste qualities, such as sweet, salt, sour and bitter.

But they actually exert only a minor influence on the enjoyment of food, for beefsteak is certainly far more than merely a "salty" sensation.

In our psychology laboratories, we have often proved to students the vast importance of the nose as regards flavor.

For example, if we block the nostrils completely and then alternately give the student a slice of apple; then a slice of raw onion, he can't tell the difference!

That may sound impossible to you readers who have never taken a course in experimental psychology, but it is true.

Furthermore, the student no longer can distinguish between cinnamon vs. ordinary flour.

Onion is thus an "odor," not a taste. And so is cinnamon, plus most of the qualities that we erroneously call the "taste" of food.

If you ever had a bad cold that stopped both nostrils, you may recall how food no longer tasted good!

Actually, you still could distinguish sweet, salt, sour and bitter, but you didn't realize that what you consider "taste" is largely aroma of food.

Heavy smokers (girls, beware) also can't detect their own B. O., as easily nor the fact they may reek of excessive perfume or after-shave lotion.

So send for my booklet "How To Break The Tobacco and Liquor Habits," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Each year, approximately 60,000 men die prematurely in the United States of heart attacks associated with cigarette smoking. ## Political Notebook

WASHINGTON (NEA) — As Gov. William Scranton of Pennsylvania tears around the country in his last-minute presidential bid against Sen. Barry Goldwater, he is providing the sharpest irony of the 1964 Republican scene.

For this deceptively casual, mild-mannered governor is on his way to putting the Goldwater camp in a permanent state of rage. And in so doing, he may assure the worst intra-party carnage since the Bull Moose days of 1912.

Only a few days ago, in a little-noticed gesture, a national party official put his hand on Arizona Gov. Paul Fannin's shoulder as the latter walked to a platform to speak for Goldwater. It was symbolic, a beginning sign of accommodation in high party circles to the idea of a Goldwater triumph at San Francisco.

But the gesture was premature. For out of the humilities of the Governors Conference at Cleveland rose Scranton.

The irony in his candidacy lies in these things: —Until this month he had always indicated his only interest was in being drafted as a "unity" candidate after Goldwater and perhaps others might have failed.

Yet he is now entered as a purely factional candidate, the thrusting wedge of the Republican moderates, at an hour in the race when Goldwaterites are bound to view any rival as a thief taking from their hero a prize already won.

—The gentlemanly Scranton, so reluctant to be pulled into this fight, is delivering against Goldwater and his views the most stinging blows the senator has felt since he entered the lists six months ago. To Goldwater this has been unexpected — and personally wounding. He ought to have remembered how Scranton two years ago required to stuttering incoherence his Democratic opponent for governor, Richardson Dilworth, ex-Marine and veteran of the political wars.

So now Scranton, the man who talked only of unity, may by force of circumstance be the final spur to bitter Republican warfare from now through San Francisco to November and beyond.

Still it is not he who put this party in a state where war may now be touched off. The cleavages are old. They are both regional and ideological. In some places they exist between upper and lower party echelons. Contributors of money and the profes-

sionals who use it do not see eye to eye in many instances. All this conflict has reached a peak of rancor in 1964.

Between the conservative and moderate party forces there is today little mutual respect, little friendship, little wish for common understanding.

Goldwater people of exhibit open contempt for their rivals. Caught in the mood of ugly interchange, Goldwater himself, a naturally friendly man, is busy crossing top party figures off his list.

On the other side, the senator would be stunned if he knew the names of two respected party men — both calling themselves his friends — who have in recent weeks labeled Goldwater a "party destroyer."

What led them to this devastating charge was the mountainous array of complaints that Goldwater forces in state after state have crushed "good party people" whose only sin was that they would not write it in blood for Barry.

If any slim hope existed that these deep divisions could be papered over, it was probably dashed altogether when William Scranton came out of Harrisburg and began swinging for Goldwater's chin.

## Effect Of GI Bill Reviewed After 20 Years

WASHINGTON (UPI) — Rep. Frank T. Bow, R-Ohio, in a statement issued on the 20th anniversary of passage of the GI Bill, said that probably no other piece of legislation has had such a "far reaching effect on the lives of millions of Americans and on our economy."

He said five million homes were built and more than three million persons educated under the bill.

Other congressional news: Civil Rights: The House was scheduled to receive the Senate version of the civil rights bill today with leaders pressing for enactment of the bill before the Fourth of July. Rep. Emmanuel D. Celler, one of the House managers of the bill, said he planned to ask for unanimous consent. For House acceptance of the Senate measure, which differs in detail but not in substance from the bill passed earlier this year by the representatives.

Appropriations: Senate Democratic Leader Mike Mansfield, Mont., listed for action this week the \$1 billion Interior Department appropriations bill and a \$6.2 billion appropriations request for the Treasury, Post Office and President's executive office. Voting on both measures was delayed by the civil rights debate.

## Storms Slash Across Nation

United Press International Thunderstorms chewed a wide swath from Kansas to the Carolina today and tornado forecast was hoisted for parts of the Great Plains on the first full day of summer. Driving rains in eastern Nebraska, where flash floods left six persons dead last week, set residents to watching the riverbanks again. The little town of Friend, Neb., was belted with 3.50 inches of rain in only 45 minutes. The tornado forecast also called for severe thunderstorms, large hail and damaging surface winds for central and eastern Nebraska, southeastern South Dakota, western Iowa and northwestern Kansas.

Thunderstorms boiled across Kansas on 60 mile an hour winds during the night, spilling more than six inches of rain in some areas. Four inches of rain drenched Clay Center, Kan., with two inches falling in an hour. Eighty m.p.h. winds flung baseball-size hail at Imperial, Neb., and strong winds were reported in Missouri and the Texas Panhandle.

Twisters struck with regularity Sunday night and during the day in wide areas of the country.

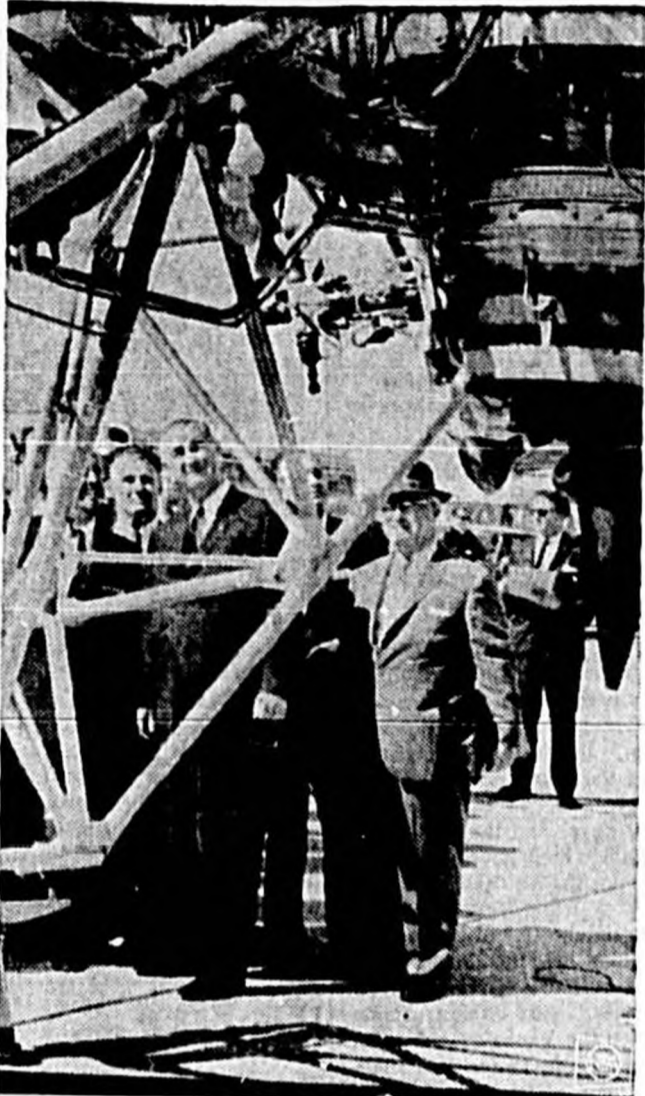

## Churchwomen Set Barbecue

By Donna Eates  
Plans were set for a fund-raising country style chicken barbecue at the June meeting of the Episcopal Churchwomen of Longwood's Christ Church.

The barbecue is scheduled for Saturday from 5:30 until 7:30 p. m. on the church grounds, weather permitting, or in the parish house in the event of inclement weather. On the menu with the chicken will be baked beans, tossed salad, French bread, cupcakes, coffee, tea or cold drinks. Door prizes will be awarded.

Tickets, priced for adults and children, six to 16, are available from any member of the club or may be purchased at the barbecue. There will be no charge for children under six years.

Serving on the dinner committee are Mrs. Peggy Kuhn, chairman, Mrs. Virginia Bowersox, co-chairman and Mrs. Pauline Stevens, posters and barbecue chicken with assistance from members of the church's Men's Club. Mrs. JoAnne Hammond will be in charge of waitresses, Mrs. Marguerite Morrison, publicity and Mrs. Helen Thompson, tickets.

## Missing Florida Bookkeeper Key To Hoffa Prosecution

CHICAGO (UPI) — U. S. marshals hunted for a missing bookkeeper today who the government claims would complete its case in the \$25 million fraud trial of teamster boss James Hoffa.

Prosecutor William O. Bittman said he hopes to have Eric Shinkel, Miami bookkeeper, in court by Wednesday or Thursday, U. S. District Court Judge Richard B. Austin issued a material witness warrant Friday for Shinkel, bookkeeper for the construction company of defendant Calvin Kovens, 40.

Kovens is one of seven co-defendants also charged with fraudulently obtaining \$25 million from the teamsters pension fund and diverting \$1.7 million of the amount for their own uses.

Bittman said Shinkel was served with a standby subpoena June 9. Since then, the prosecutor said, U. S. marshals have been unable to locate the missing witness. A spokesman for the Kovens Company said none of Shinkel's fellow Miami employees knew of his whereabouts.

Bittman declined to reveal the nature of the information he hopes to obtain from Shinkel.

Other witnesses have testified that Kovens accepted "kickbacks" for his aid in obtaining the pension fund loans. The government claims the diverted money was used in attempts to rescue the then financially troubled Sun Valley Inc. real estate development in Florida.

## New York Bans Topless Suits

NEW YORK (UPI) — City Park Commissioner Newbold Morris put out the word Sunday for young ladies thinking of wearing the new topless swim suits to city beaches: Don't.

"As far as I'm concerned, a woman who doesn't wear a top is guilty of indecent exposure," Morris said. He explained what violators of the bare bosom ban could expect: A policeman will "gently" wrap the offending female in a blanket and escort her to a stationhouse.

# College Students Begin Mississippi Invasion

JACKSON, Miss. (UPI) — Scores of college students from across the nation poured into Mississippi under the watchful eyes of state officials today to take part in a massive civil rights project.

The first wave of volunteers for the summer-long project—estimated at about 200—fanned out to assigned posts in about 25 cities and towns.

A spokesman for the Council of Federated Organizations (COFO), which is sponsoring the project, said there had been no major trouble so far but expressed concern over what might happen in coming weeks.

COFO leaders have stressed repeatedly that the program is aimed primarily at helping Mississippi Negroes gain the right to vote through setting up "freedom schools" in various communities. The announced plans do not call for mass demonstrations.

But both Negro leaders and state officials were apprehensive about how the presence of white youths in Negro sections would be received, particularly in the smaller towns and rural areas.

Dozens of communities have beefed up their police forces with auxiliary units ready to swing into action at a moment's notice.

In Jackson, a prime target for integration groups in past summers, a specially-built armored car—dubbed "Thompson's Tank" after Mayor Allen Thompson—has been acquired for use in putting down riots.

Several new laws designed to help local officials handle

racial strife were passed earlier this year by the Mississippi legislature. Among them were bills permitting cities to set curfews in times of trouble, prevent picketing near entrances to public buildings, ban circulation of boycott literature and increase penalties for violating local ordinances.

Another new law allows cities and counties to send prisoners to the state penitentiary when local jails are inadequate.

Gov. Paul Johnson, who warned that the summer would present a "real challenge through a measure expanding the state Highway Patrol from 275 to 475 men and giving the force new police powers in dealing with racial discord.

Money for the expansion does not become available until July 1, but the reorganization of the patrol already has gotten under way.

# Father's Day Was Big One For Bunning And Lanier

## About Sports Thinking Out Loud

By Julian Stenstrom  
They were bound to happen!

We're referring to Jim Bunning's perfect game for the Phils against the Mets and the Yankees' climbing into first place in the American League.

Bunning's spectacular feat was the first major league perfect performance in 42 years. As each year went by the boards the percentage for such a display of hurling ability increased. And the chances of it happening to a member of the Philadelphia NL team were also as great since no Philly had entered the "charmed circle" since 1908.

A few (and a mighty few at that) short weeks past the Yankees were nudged in sixth place and playing no better than .500 baseball at that time. But Yogi said he wasn't worried. At that time it seemed that none of the other American League clubs were worried either.

But here they are again! The American League standings look "natural" again with New York perched right on top of the heap. Even though most baseball fans concede that "it'll probably be the Yankees" in the October Classic we're still of the opinion that it will be a difficult fight for the Yanks right down to the wire.

And that NL race continues to be just that... a race, with Philadelphia and the Giants setting the pace. With only one and a half games separating the sixth place Milwaukee Braves and the top-running Phils anything could happen—and probably will. Aside from the Mets there's not a single club in the National that can be counted out of contention right now.

A. J. Foyt has his sights set on the Firecracker 400 which will have its sixth running at Daytona International July 4. The cold-eyed Texan who scored his second win in the Indianapolis 500 this year—and still undefeated this season in open cockpit competition, will drive a new Ford readied by Holman-Moody in the Firecracker.

The signing of Foyt means that Ford is dead serious in its effort to whip all rivals in the 160-lap battle over the world's fastest track. For in addition to Foyt, Ford will send out five of NASCAR's top drivers—Fred Lorenzen, Marvin Panich, Junior Johnson, Bobby Johns and Ned Jarrett.

Even with this formidable team Ford won't be any better than co-favorite, Mercury, Plymouth and Dodge will have such crack chauffeurs as Richard Petty, Bobby Isaac, Rex White, Billy Wade, Dave Pearson, Earl Palmer, Jim Paschal and Paul Goldsmith. Paul will be driving out of Sanford for his sponsor, Ron-Sun.

Did you know that during the 1964 school year Florida State University's seven intercollegiate sports had three undefeated teams? They were unbeaten in swimming, track and golf. In track, it was Coach Mike Long's fifth undefeated dual meet season in 10 years. The standards ran up a string of 19 straight dual wins over a two year period under Hugh Durham.

## Perfect Game, Rookie Hitting Features Slate

By Milton Richman  
UPI Sports Writer  
The happiest baseball father on Father's Day was Jim Bunning but the proudest one was ex-major league pitcher Max Lanier.

Bunning, the lanky 32-year-old righthander for the Philadelphia Phillies, received practically everything any dad could want after pitching a perfect game against the New York Mets Sunday on Father's Day.

He got a big kiss from his 12-year-old daughter, Barbara, oldest of his seven children, and a bear hug from his attractive blonde wife, Mary. Both were among the 32,028 fans who yelled themselves hoarse during a five-minute standing ovation for him after he struck out pinchhitter John Stephenson for the final out of his masterpiece at Shea Stadium.

That was Bunning's 10th strikeout of the game and it nailed down a 6-0 first game victory, after which the Phillies also won the nightcap, 8-2, on a combined three-hitter by rookie Rick Wise and veteran Johnny Klippstein to widen their National League lead to two games.

Proud as Bunning was over the second no-hitter of his major league career, he still had nothing on beaming Max Lanier, who once pitched for the St. Louis Cardinals and now manages in San Francisco's farm system.

Barbara Bolt, in the 15-17 age division, came home with a fourth place ribbon in the 100-yard butterfly, fifth in the 100-yard backstroke, sixth in the 50-yard freestyle and joined with Linda May, Cheryl Murray and Delaine Joyson in the 200-yard freestyle relay for a fourth place finish.

She was swimming against the well known Susan Tyler of the Winter Park Swim Association who holds several state records.

Milton (Skip) Parsons came in fourth in the 15-17 age division 100-yard butterfly for boys. Other Seminole finalists were: 10 and under boys' 200-yard freestyle, Garland Harden, Mark Stenstrom, Dickie Deas and Walt Morgan; 15-14 girls 200-yard medley relay, Nancy May, Jane Polgar, Debbie Johnson and Cindy Wilson; 13-14 boys' 200-yard medley and freestyle relay, Randy Bowling, Fred Gans, Mel Morgan and John Wight; 15-07 girls 200-yard medley relay, Barbara Bolt, Rosemary Walton, Delaine Johnson and Linda May.

## Winners Named For Sports Car Rally Sunday

Morry Meriam and Don Robertson won the Sports Car Club of America Rally in Sanford Sunday in a VW with a total of 33 penalty points through eight check points and they also won the first place VW award.

The rally, a TSD event of about 175 miles, was run through Seminole, Orange and Lake counties. Second place went to Jean and Pete Roberts, formerly of Australia and presently residing in Melbourne, driving a SAAB 750 GT with 37 points. Third place with 92 points went to Ann White of St. Petersburg and Harriet Strom of Daytona Beach in a Volvo P-1800.

Bill and Helen Lynch of Tampa, in a Forche, scored 93 points for fourth place and won first place for the Forche Trophy. In fifth place was White Moser and Lee Lindbrough of West Palm Beach in a Volvo P-1800 with 94 points.

The rally finished at the Lake Monroe Inn where a buffet and trophy presentation ceremony was held. The rally was sponsored by Jim DeBrie with the assistance of Seminole Sports Club of Sanford and points counted toward the regional SCCA championships.

## Yankees Grab AL Lead With Wins Over Sox

By Curt Block  
UPI Sports Writer  
Baseball historians: Join down June 21 as the day the Yankees climbed into first place and circle it for future reference.

The defending American League champions, off to their slowest start in many a year under rookie manager Yogi Berra, are finally playing the brand of baseball Berra remembers from his playing days. And they're doing it against their most formidable rivals, the Chicago White Sox.

The White Sox have been absolutely pallid when confronted by the Yankee pin-stripes. The fulfillment of it all reached its climax Sunday when the Yanks scored an unearned run in the 17th inning of the American League's longest game of the year to post a 2-1 over the Chisox after taking the opener of the doubleheader, 2-0, behind home runs by Mickey Mantle and Elton Howard.

New York and Chicago have met nine times thus far this season with Chicago winding up on the short end every time.

In other American League contests, Boston dropped Baltimore, 9-3; Detroit stopped Minnesota, 4-2; Los Angeles downed Cleveland, 4-1; and Washington took two from Kansas City, 13-2 and 5-2.

## Hunt's Clinch Tie For Little National Title

Hunt's Lincoln - Mercury Comets clinched at least a tie for the City Recreation Department's Little National League championship Friday by beating First Federal 8 to 3.

Steve Hitchcock struck out 10 batters on the way to picking up his sixth pitching win of the season. Hunt could win the flag if they can get by Chase Wednesday or if the second place Locomotive Engineers lose any one of their last three tilts.

In the Little American, Perfection Dairy edged the Bankers of Sanford Atlantic Friday afternoon 4 to 3. Tommy Gracey, the winning pitcher, and Mike Hickson, the loser, each struck out 11.

In another Little American tilt, Navy - already loop champs—pinned a 20 to 2 defeat on Perfection Saturday night behind the hitting of Andy Rufus, Freddie Turman and Walt Jordan.

Jordan got credit for his fourth win in five decisions this season.

## Seminole Youth Describes Thrills Of World Fair

**EDITORS NOTE:** The following report was written for The Herald by Dan Caselberry, Troop 341 Boy Scout who was one of 10 boys chosen from the Central Florida Council to form the Service Patrol for a week at Boy Scout Pavilion at the World's Fair. Heading the group as Troop 341 Scoutmaster, W. T. Daniel Jr.

It is impossible to put into words all of the fun and excitement of our week at the New York World's Fair but I will try to share with you some of the highlights of our trip.

Our Central Florida Council Service Corps contingent, made up of 10 Scouts and Explorers and our tour leader, Ted Daniel, Scoutmaster of Troop 341, Caselberry, left Orlando on June 7 by bus.

We arrived in New York City the next morning although we had heard much about the fair we still didn't know what to expect.

Upon arrival at the World's Fair we were given the official Boy Scout World's Fair patch, neckerchief and jacket, which we were required to wear at all times and were our identification. We joined the other contingents to make up the Scout Service Corps and were given a brief orientation tour. It included a tour of the Travelers' Express Pavilion where a \$500,000 electronic model of the fair and a million dollar money tree are on display.

We were shown the Unisphere, largest model of the Earth ever made and the emblem of World's Fair created by United States Steel.

The Boy Scouts of America Pavilion is called "The Wonderful World of Scouting" and is the only youth organization

pavilion at the fair. The International visitors guest book is located on the premises. Boy Scouts were chosen to represent the youth of America and serve as International delegates of friendship.

Exhibits representing Club Scouting, Boy Scouting and Exploring were on display. Braille handbooks of the fair for the blind were available at the Boy Scout information desk and trading post.

We were taken to Fort Totten, U. S. Army Air Defense Command Nike Base, where we were to sleep and eat army style for the next seven days.

The boys in our Troop (68) showed cooperation and high spirits the entire week and we were commended by the staff as the best troop since the opening of the fair. Our troop was chosen to do the programs at the U. S. Pavilion on Scout Day, June 13, and I had the privilege of representing the Protestant Boy Scouts of the United States in the religious heritage part of the program.

At the pavilion our duties varied and I had the opportunity to demonstrate mouth to mouth resuscitation, supervise the polar bird identification board, as well as serve as a guide to visitors and a counter.

As a guide I was able to meet people from all over the United States and many foreign countries. Our patrol took part in campfire programs in the Scout Arena with songs and skits.

Aside from my duties at the scouting area, I was assigned as part of the color guard for Philippine dignitaries, including the daughter of the president, taking part in the Philippine Independence Day ceremonies.

During each day we were given a few hours free time to explore the fair and I was able to see all the major pavilions. Included in every one's list as the finest and among the largest are General Motors Futurama; Ford-Patt, Present and Future; and General Electric Progressland. Walt Disney's creation of animated figures, especially those looking, acting and speaking as a human, added much to the Ford, General Electric, and Illinois exhibits.

The Illinois Pavilion was to me the most inspirational at the fair with its animated

figure of Abraham Lincoln and display of Lincolniana.

I was proud of the beautiful Florida Pavilion and its fine exhibits representing various cities and sections of our state. As members of the Service Corps from Florida we were admitted to the porpoise show free of charge.

It was a privilege to see in the Vatican Pavilion Michelangelo's incomparable Pieta sculpture. After a couple of unsuccessful attempts, because it always seemed full to capacity, I saw the Billy Graham Pavilion film, "The 5th Dimension," projected on a curved screen with Dr. Graham as narrator.

Special programs of concerts were given daily at the attractive United States Pavilion in addition to the exhibits which were on the theme of "Greatness." It was there, by accident, that I encountered the Shah of Iran, his wife and entourage, who were visiting the fair that day.

The exhibits of the foreign countries were interesting, each pavilion designed in its own handsome and unique style of architecture.

The fair is at its best at night when masses of water, concrete and steel are converted into a wonderland of light and color. The most magnificent sight of all is the 20 minute display of fireworks from the Fountain of the Planets with the changing colors of the fountains forming a water spectacular. The program depicts the history of our nation through the use of color patriotic music and fireworks.

Bidding farewell to the friends we had made, we checked out of the World's Fair on the morning of June 13 and took our last look at the place where we had spent seven exciting fun-filled days.

Our group spent Monday in New York City where we visited St. Patrick's Cathedral, the top of the RCA Building, and Radio City Music Hall.

Our patrol presented Mr. Daniel with a solid silver medalion of the 1964 New York World's Fair in appreciation for his serving as our tour leader.

We returned home by bus arriving in Orlando shortly before midnight on June 16. The experiences, friendships, and memories gained on this trip will, I am sure, remain with the rest of our lives.

## Four Children Abandoned By Father To Be Returned Home

SAN BERNARDINO, Calif. (UPI) — Authorities today began making arrangements for the return to Minnesota of four children whose father abandoned them on a street corner with \$2 and the admonition, "write me at Christmas."

Police Sgt. Ed Rucker said Sunday that arrangements would be made through the Washington County, Minn., Welfare Department to return the youngsters to their mother, Mrs. Curtis Barlow, of Cottage Grove, Minn.

Curtis Barlow Jr., 12, his brother, Terry, 9, and their sisters, Susan, 7, and Beckie, 4, said their father left them on the street corner last Friday and sped away in his automobile, police reported. Police said no warrant had been issued against the fa-

ther. Rucker said in such cases police usually could see no purpose in filing a complaint.

Barlow, officers said, had taken the children two weeks ago after a family argument.

Young Curtis told officers his father took two weeks to drive across the country, including an eight-day stop-over at Las Vegas, Nev. The boy said his father told him he planned to go to Santa Monica, Calif., to look for work.

In Minnesota, Mrs. Barlow told authorities she had started a divorce proceedings against her husband.

Police said the father gave the children \$2, told them to contact police and admonished them to write him at Christmas time.

ENJOYING A FASHION PARADE featuring the latest in swim wear at the Lake Mary home of Mrs. Phyllis Rugenstein at a recent Welcome Wagon Club meeting are, from the left, Mrs. Kathy Erhold, treasurer; Mrs. Mary Pugh, vice president; Mrs. Dee Shaffer, secretary, and Mrs. Rugenstein, hostess.

## Welcome Wagon Club Enjoys Swim Wear Fashion Parade

A boy of bathing beauties attired in the very latest in fashionable swim wear paraded gracefully in a showing staged recently by the Welcome Wagon Club of Sanford at the spacious lakefront home of the Robert Rugenstein in Lake Mary.

The delightful day of fun in the sun started in the morning with the regular business meeting conducted by Mrs. John Pugh, vice president, in the absence of the president, Mrs. Walter Blevins.

A charity project, involving children in foster homes was the main topic of discussion, and further survey will continue at the next monthly meeting.

Following the meeting, the ladies retreated to the lakefront, where a picnic table was placed in the shade of tall pines for a delicious chicken luncheon, catered by Maryland Fried Chicken.

Special guest was Mrs. Donald Burns of England, and the door prize was awarded Mrs. Ben Shaffer.

Participating in the fashion parade were models, Karen Thornell, Marilyn Smith and Pam Patterson with Mrs. Virginia Petroski narrating the colorful showing of swim fashions from Garrett's Department Store.

The models showing "diving girls", caps designed to protect their discriminating coiffures, styled by the Ace Beauty Salon.

Among the suits shown was a dazzling hot pink two piece of polished cotton, featuring daisy quilting, modelled by Karen Thornell. Her "Diving Girl" cap was a perfect match.

Miss Marilyn Smith was stunning in a sleek black one piece suit with peek-a-boo fagoting inserts and a white cap.

A chic sunshine yellow one piece suit, featuring an elasticised butter cup tucked neckline with a black cap, was shown by Miss Pam Patterson.

Following the parade, club members and guests enjoyed the relaxation, hospitality and diversified entertainment which was so graciously extended by Mrs. Phyllis Rugenstein.

A profusion of delicate pastel pink sweetheart roses and baby breath tastefully arranged in crystal and silver containers embellished the reception rooms, which were opened en suite, of the lovely Virginia Avenue, Mayfair home of the Harold Applebys at an elaborate bridal tea honoring Miss Marilyn McDaniel, popular bride-elect of David B. King, and daughter of Dr. and Mrs. Thomas Fincher McDaniel.

Mrs. Frank Voltoline graciously greeted the guests at the door, and her petite brunette beauty was enhanced by her colorful blue print low cut party dress.

Miss McDaniel received the guests in a stunning sheer pastel blue organza, belted in blue satin with sheer blue lace inserts centering the bodice front. Her shoes and jewelry were of matching blue.

Mrs. McDaniel was attired in an elegant sheer pink linen sheath featuring white lace inserts in the skirt and bodice with accessories in accord.

Mrs. Appleby received in a smart white silk sheath, with her sisters, Mrs. James Leonard and Mrs. Bess Herman, co-hostesses, attired in sheer summer prints with contrasting accessories.

The lavish table, overlaid with an exquisite sheer lace heirloom cloth, was centered with a three tiered, silver epergne with sweetheart roses and baby breath artistically arranged to form a picturesque centerpiece. Two three footed cut crystal candelabra, holding white tapers adorned with roses and narrow pink

Sparkling pastel pink fruit punch, floating a heart-shaped ring mould centered with lilies of the valley and sweetheart roses, was served from a cut crystal bowl in crystal caps from one end of the table with coffee offered from the opposite end from antique silver service. Silver and crystal com-

partes contained toasted nuts and dainty bon bons with silver trays offering a variety of appetizing open face sandwiches shaped into heart and wedding bell design.

The buffet and side table held bouquets of sweetheart roses in silver containers with white candelabra glowing from silver candelabra flowing cascades of pink satin streamers and roses.

The hostesses presented the honoree with two handsome sterling napkin holders engraved "Marilyn" and "David." Miss McDaniel received a beautiful pink rose corsage with pink satin leaves from the hostesses and Mrs. McDaniel was presented a white carnation corsage with white satin leaves.

Alternating in pouring were Mrs. John Ivey, Mrs. Raymond Herron, Mrs. William

Kratzer and Mrs. Rupert Strickland.

The hostesses were capably assisted by Mrs. Kenneth Wing, Mrs. Thomas Bowden, Mrs. Albert Jarrell, Mrs. Joe Jarrell, Miss Rose Kratzer, Miss Anna Lee Hernon and Miss Judy Herron.

Over 350 guests were invited to call during the appointed hours of the spectacular bridal tea reception.

## The K. C. Fehls Departing For Puerto Rico

By Doris Dean

Mr. and Mrs. K. C. Fehl and son Casey of 2 Sherry Ave., North Orlando, left today for Ravenna, Ky., where they will visit Mrs. Fehl's parents, Mr. and Mrs. C. H. Hood, for two and one half weeks before flying from Charleston, S. C., to Roosevelt Road, Puerto Rico, where they will be stationed for the next three years.

They will return to North Orlando if their next assignment brings them back to Sanford Naval Air Station.

## Miss Aiken And Paul Martz United In Holy Matrimony

Miss Dian Shepherd Aiken, daughter of Mr. and Mrs. B. E. Aiken of Sanford and Paul Leslie Martz, son of Dr. and Mrs. Charles T. Martz of Pompano Beach, were united in holy matrimony on Friday, June 19, at 7:30 p. m. at the First Presbyterian Church of Gainesville, with Dr. Charles T. Martz, father of the groom, performing the impressive candlelight double ring ceremony before an altar embanked with gladioli, potted plants and candelabra.

Mrs. C. Callaway furnished the traditional nuptial hymns with B. E. Aiken, tenor and father of the bride, singing "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was lovely in a full length bridal gown of pearl and lace with a full bodice. Her fingertip veil of illusion was attached to a pearl and crystal crown, and her bridal bouquet was a colonial arrangement of white roses.

Miss Anne Aiken served her sister as Maid of Honor, and she was attired in a soft pink street length gown of sheer organza and carried a nosegay of pastel carnations.

Richard G. Martz was his brother's best man, and ushers were Don Kisslan, Richard Mandel, Chuck Chance and Bedford Aiken, brother of the bride.

The U. S. Children's Bureau estimates that by 1980 the child population in the United States will be 75.7 million.

**PUNCHY NEW YORK (UPI)** — Here's a punch that's easy to make.

Combine one can frozen limeade concentrate, one can frozen orange juice concentrate (6 ounces each), one package (10 ounces), frozen sliced strawberries which have been thawed and 2 cups cold water; mix well. Stir 1 bottle (28 ounce size) gingerale into fruit mixture. Pour into punch cups. Top each serving with whipped cream. Makes about two quarts.

## Dear Abby: By Abigail Van Buren

DEAR ABBY: I am an American Airlines stewardess and I love my work, but my problem is the same as every other airline stewardess I know. When a male passenger wants to make conversation with us, he asks two questions:

(1) How do you like flying?  
(2) Aren't you afraid to fly so much?

Abby, if we didn't like flying, we wouldn't fly. And if we were "afraid," we wouldn't be flying for a living. I'll bet I answer those two questions 50 times a day! You would do thousands of airline stewardesses a big favor if you would suggest a few more original questions. Please?

MISS A. A.: I was about to suggest: (1) Are you going with anybody? (2) What are you doing tonight? But they are probably more common than the two questions you mentioned. You can't blame a man for wanting to strike up a conversation with an attractive girl. Yours is a great job! Where else can you find men who are already strapped in?

DEAR ABBY: How do you tell your doctor that you would like another medical opinion without implying that you do not trust his judgment? Is it all right to ask him to recommend another doctor or are you expected to find your own? If you should decide to change doctors, is it nerve to ask your old doctor to give your new doctor your records and X-rays? I would like to know how all this is handled as I am very stupid about such matters.

NO NAME, PLEASE: DEAR MISS A. A.: Any patient who would like another medical opinion has the right to tell her doctor so. If she has a doctor in mind, she may request that he be called in. Otherwise her doctor will recommend one. If she should decide to change doctors, the physician in service will (or should) graciously send her records and X-rays to her new doctor on the latter's request.

DEAR ABBY: What in the world is the matter with a certain big store here in town? This is the second run-in I've had with them

over their fouled-up book-keeping. I went on my lunch hour and stood in line to pay ten dollars on my bill, which paid me up in full. Then I got a bill from them showing that I still owed them \$9.90, but a credit was put through for TEN CENTS! Now, Abby, you know perfectly well that no store will accept a TEN-CENT payment on a bill! Well, I took my receipt AND my lawyer with me and went down there and told them off but good. Believe it or not, they are still looking for their mistake. Tell your readers to hold on to their receipts. Mine saved me.

NOT SO DUMB: CONFIDENTIAL TO WM. T.: A small salary is often surrounded by a big opportunity. Give it a try.

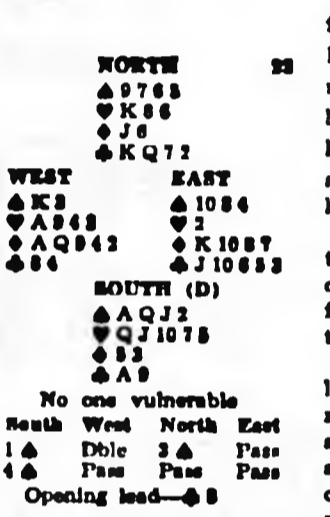

Troubled? Write to AB- BY, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif., 90069.

## Jacoby On Bridge By Oswald Jacoby

South should have opened one heart, instead of one spade. He had no real reason to go on to four spades after West's double and his partner's jump to three, but he was most unfortunate to wind up going down four tricks when Arthur Robinson and Bob Jordan of Philadelphia discovered a perfect defense. Of course, South could have reduced the carnage several ways, but the defense was really beautiful.

East's ten of clubs forced South's ace at trick one. South led a club to dummy's king. East played the three. When South led the club queen from dummy, Bob (East) played the six spot. South discarded a diamond

and Arthur (West) ruffed. He studied a while in order to figure out why Bob had played the six instead of the

five. It couldn't be a come-on. Bob knew that Arthur held no more clubs. Hence it had to be a suit preference call for a heart lead. Arthur led the ace and then the nine of hearts.

Bob ruffed, then studied that nine of hearts lead, decided it was a suit preference for a diamond and put Arthur in with the queen.

This time Arthur led his lowest heart, the three. Bob ruffed again, studied a while and decided there had been a suit preference call for a club. He led his jack. South ruffed with the queen, and Bob overruffed with the king. Then he led his last heart, and Bob was able to overruff dummy's nine with the ten.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA. FRANKIE W. 1019

Plaintiff,  
MARGARET H. DAVIS,  
Defendant.

NOTICE TO APPEAR: TO MARGARET H. DAVIS: Whose residence is unknown.

You are hereby notified that a Complaint for Divorce has been filed against you in the above styled Court, and you are required to serve a copy of your Answer or pleading to the Complaint on the Plaintiff's attorney, THURMAN E. GRAYSON, 808 One North Orange Bldg., Orlando, Florida and file the original Answer or pleading in the office of the Clerk of the Circuit Court, Seminole County Court House, Sanford, Florida, on or before the 14th day of July, 1964. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

DONE and ORDERED at Sanford, Florida this 11th day of June, 1964.

ing in to all the aches and pains that tempt me to say I don't feel up to doing things. "Be as eager and enthusiastic a listener as a talker, since the sound of one's own voice often grows sweeter the older one gets.

"Refuse to dwell on sad and tragic events, but to think and talk of happier things.

"Cultivate tact, instead of thinking that age gives me the right to be brutally frank with friends and family.

"Make it as easy as possible for others to lend me a helping hand, instead of insisting on having things done just as I would have them.

"Do whatever I can, whenever I can, for those friends who are less fortunate or less able to do things for themselves than I am.

"Be charitable instead of harshly critical of other's faults and shortcomings.

"Keep on making new friends, to prevent my circle of friends from growing smaller year by year.

"Enjoy people of my age, instead of always wanting to be with those who are younger.

"Always have something planned for the future to look forward to.

"Consider each birthday a triumph, instead of a reason for feeling depressed.

"See that the corners of my mouth turn up instead of down.

"Look for things to admire, rather than for things to deplore, in the very young."

### TV TIME

### Answer Man

Q: I would like to know to whom Elizabeth Taylor was married when she converted to the Jewish faith—E.R.E., Schenectady.

A: The present Mrs. Burton was married to Michael Todd at the time.

Q: Rumors have been going around that the cute little boy who appears on the Bayer Aspirin commercial is dead. Is there any truth to them? — A.C.F., Manchester, Conn.

A: Little Teddy Quinn, who has a million fans because of that commercial, is still alive and we never cease wondering how these rumors of death, usually horrible, of TV personalities start.

Q: Is Molly Bee of "The Jimmy Dean Show" married? Will she be a regular on the show next year? — M. L., Baton Rouge, La.

A: Molly is still single, and next year she will appear on ten Dean shows. That's almost a regular on TV variety shows.

Q: What is the name of the tune that is played during the Instant Chase and Sanborn coffee commercial? — S.V., Tacoma.

A: There is nothing instant about the answer. It's called "The Eighteenth Variation from Rhapsody and Theme of Paganini" by Rachmanninoff.

Q: I would like to know the ages of Peter, Paul and Mary. And which one is which? And what are their last names? — J.D., Lancaster, Pa.

A: Mary, the one without the beard, is 27 years old and was born a Travers but is presently married to Harry Feinstein. Paul is the taller of the two and is 28. His last name is Stoukey. Peter, last name Yarrow, is also 26.

# Horoscope Forecast

**TUESDAY, JUNE 22, 1964**  
**GENERAL TENDENCIES:**  
 A day when almost everyone wants to speak out of turn and criticize, friend or foe alike, but only disastrous results could follow such an attitude. A tendency to accidental conditions is also in effect, for the mind and reason conflict with feelings and emotions, causing pretty difficult conditions. Self-control is the only answer.

**ARIES (March 21 to April 19)**—You want to take a long trip or pioneer into the unknown, but think of the cost or the hazard first. Sleep on it. Give helping hand to the troubled today and take it easy.

**TAURUS (April 20 to May 20)**—Venting your ire on others could cause big trouble now, so be moderate in your speech. An understanding, kind manner gets better results, anyway. Work without complaining.

**GEMINI (May 21 to June 21)**—Arguing with associates only turns them against you and you lose out after much planning and hard work in the past. Be peaceful. Then many benefits and much credit comes to you.

**MOON CHILDREN (June 22 to July 21)**—If you are not careful, you will make many mistakes in your work and that would be a real problem later. Listen to what partners have to say. Regain equilibrium and all will be okay.

**LEO (July 22 to August 21)**—A little money spent to show your fine friends a good time is a worthwhile investment today. Show how much you appreciate them. Hobbies can also be perfected at the same time.

**VIRGO (August 22 to September 22)**—Any nagging on your part could certainly start a hornet's nest at home now. Be gentle, considerate, listened. Stop being so tense—you should have no complaints in life.

**LIBRA (September 23 to October 22)**—If you don't talk so much while driving, you avoid accidents now. In fact, the unguarded word anywhere could be dangerous. Make your reports out accurately.

**SCORPIO (October 23 to November 21)**—You must set the pattern of economy for those about you now. While you want to make new investments, this is not a good day for such. Await a far better time.

**SAGITTARIUS (November 22 to December 21)**—While you want to gain own aims, be sure you have a high regard for ethics. Be sure you dress for the occasion. See that your health is improved at professional hands.

**CAPRICORN (December 22 to January 20)**—Get that horseman work behind you quickly and then help those who are confined to bed. Be very tactful in dismissing those who deter your progress. Expand.

**AQUARIUS (January 21 to February 19)**—Social affairs should be forgotten until you have more time and the planets are friendly. Don't count on that particular friend right now, as you might be disappointed.

**PISCES (February 20 to March 20)**—Every chance is present to show your loyalty to big-wigs right now. Be sure you safeguard your credit. Any thoughtless act could also bring you much distress, if you permit.

**IF YOUR CHILD IS BORN TODAY**, he or she will have a fine mind and be very good at mathematics, so be sure you give the courses in education that will fit him or her for police work or politics, government pursuits of value to self and the public at large. The big business person is also in this chart very strongly—good organizational ability.

"The Stars Ampel, they do not compel." What you make of your life is largely up to YOU!

Carroll Righter's individual forecast for your sign for July is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, The Sanford Herald, Box 1921, Hollywood 28, California.

Among men aged 45-64, the death rate from strokes declined by 23 per cent between 1950 and 1960, according to Florida Heart Association.

Strokes accounted for 11.9 per cent of all deaths in the U.S. in 1962, more than one out of every ten deaths in the country, according to Florida Heart Association.

# Southern Editors View Rights Bill

SECRETARY RUSK

KHRUSHCHEV

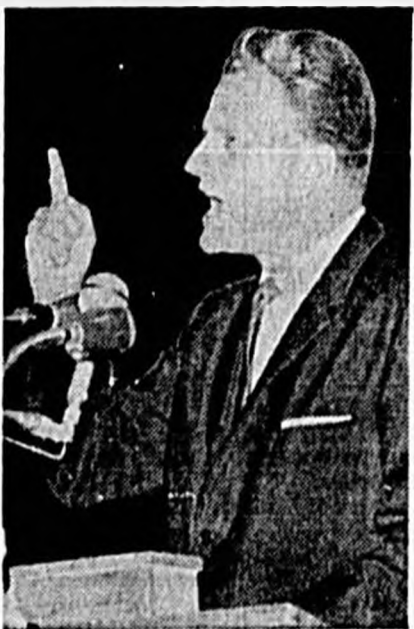

DE GAULLE

**DIGITAL CONFUTERS** — Politicians, statesmen, clergymen, chiefs of state — each would be lost on the podium or lectern without the aid of that universal symbol for attention, emphasis, indignation or any other emotion—the ex-

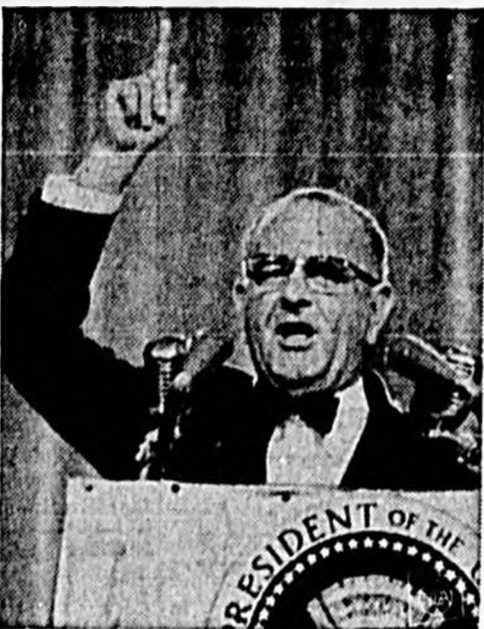

tended index finger. Some of the world's better known figures are pictured here in prime pointing form. But none of them holds his finger any higher or wags it more expressively than President Johnson.

ARTHUR GOLDBERG

BILLY GRAHAM

PRESIDENT JOHNSON

## House Approval Seen By July 4

WASHINGTON (UPI) — Congressional leaders were confident today that the House would give overwhelming bipartisan approval to the Senate amended civil rights bill before July 4.

They said there was no longer any doubt that the most sweeping anti-discrimination measure in the 100 years since the Civil War would become law.

Rep. William M. McCulloch, R-Ohio, senior Republican on the House Judiciary Committee and an architect of the bill, said he was hopeful of House passage in about 10 days. This would enable President Johnson to sign the historic legislation on July 4.

The Senate-passed measure was to go to the House at noon, EDT, today and Rep. Emanuel Celler, D-N. Y., planned to ask unanimous consent for House acceptance. Southerners were expected to object and force the issue to the House Rules Committee.

One prominent southerner, Chairman Oren Harris, D-Ark., of the House Commerce Committee, said the Senate amendments, with the possible exception of trial by jury in contempt cases, were "mere window dressing."

"The leadership is determined to complete action on the bill before the Fourth of July," he said, "but that is most unlikely."

## Guard Heritage, Bryant Urges

TALLAHASSEE (UPI) — Gov. Farris Bryant asked that citizens of Florida take "militant action" to preserve their architectural, historical and natural heritage in an announcement Saturday.

Bryant proclaimed the American Landmarks Celebration in Florida to last the rest of the year. He said that the Landmarks celebration is an excellent opportunity to safeguard and protect this heritage.

Congresswomen Sixteen is the record number of women in Congress, set first at the beginning of the 84th Congress and the 85th Congress also convened with 6 membership of 14 women.

## Civil Rights Law To Be Tested In 7 Southern Towns, King Says

United Press International Embattled St. Augustine had more immediate problems today but the nation's oldest town and six other Deep South cities have been told to expect early court tests of the new civil rights bill.

Negro leader Martin Luther King Jr., said in Chicago Sunday the measure would be tested in the courts as soon as it is signed into law.

King said compliance to the law would be tested in Montgomery, Birmingham, Selma, Gadsden and Tuscaloosa, Ala., and Albany, Ga., as well as in St. Augustine.

Concrete blocks were heaved through plate glass windows and doors of state Sen. Verle Pope's real estate office in St. Augustine early today. Pope has been a spokesman for a group of businessmen who have been trying to settle the city's racial dispute.

Negro leaders promised more demonstrations in St. Augustine today and a court fight to overturn a state-imposed curfew aimed at night marches.

Both segregationists and

civil rights advocates straggled marches in St. Augustine Sunday on opposite sides of the city's main thoroughfare. The groups were separated by a line of about 100 police officers, some with dogs on leashes.

Five Negroes were admitted to an Episcopal church in St. Augustine Sunday but five others who attempted to attend a Methodist church were arrested.

Scores of college students from across the nation poured into Mississippi today to take part in a massive civil rights project. State officials adopted a policy of watchful waiting as the 250 volunteers fanned out to assigned posts in about 25 cities and towns.

The National Association for the Advancement of Colored People (NAACP) opens its six-day annual convention in Washington today with civil rights strategy the main topic.

Treason, felony and breach of the peace are the only three offenses for which a member of Congress is subject to arrest while in office.

Roy Wilkins, executive secretary of the NAACP, indicated at a news conference Sunday the association favors moving slowly in testing compliance with the civil rights bill.

Other integrationists who participated Sunday in the biggest civil rights rally in Chicago's history indicated they, like Martin Luther King, favor a speedy test for the law. More than 700,000 persons jammed Soldier's Field for the rights rally.

In Las Vegas, Nev., early today a bomb blew a hole in the wall around the home which Negro entertainer Stanley Morgan and his family moved into two weeks ago in a previously all-white neighborhood.

WASHINGTON (UPI) — A group of 12 Southern Editors offered varying opinions today on what effect the civil rights bill will have on race relations in the South.

The editors, from 10 states gave their views in a series of copyrighted interviews published in U. S. News & World Report.

They predicted results ranging from a quick turn to the worse in relations between whites and Negroes, to slow, gradual effects and possible improvement.

Among the comments, Hodding Carter, editor of the Delta Democrat-Times of Greenville, Miss., said the law will not improve the climate of race relations at all when it goes into effect. "But," Carter said, "it is likely to improve the status of the Negro—primarily as a voter and possibly as a wage earner."

Virgilus Dabney, editor of the Times-Dispatch in Richmond, Va., sees an increase in racial tension. He cited the public accommodations section and the possible cutting off of federal funds as causing relations between the races to worsen.

The editor of the Atlanta Constitution, Eugene Patterson, said he believed the bill would help solve racial problems in Georgia. He said the law would provide the incentive to many businessmen who had not desegregated their establishments because of fear of economic reprisals.

John N. Popham, managing editor of the Chattanooga, Tenn., Times, said that without such laws "you leave a vacuum for the demagogue." He said the law may not have an immediate effect, but that eventually people would learn to live with it.

"I think it would help if the accommodations section and the employment section of the bill were modified," said Don Shoemaker, editor of the Miami Herald. But, he said, the bill probably will improve race relations in Florida.

"Well, the people down here are fed up, from one standpoint," said Caleb J. King, editorial page editor of the Jacksonville Florida Times-Union. "They feel that the civil rights thing has been overdone, and that this will be another wedge driven in."

"You can't make people love each other," said George W. Healy Jr., executive of the New Orleans Times-Picayune. "I have a great fear of the use of force in attempts to improve race relations."

## Hunt Pushed For Church Arsonist

LONG BEACH, Calif. (UPI)—Police today increased their church patrol units in an attempt to catch an arsonist suspected of setting the fifth church fire in this city since last May 18.

Efforts to catch the firebug were intensified after someone slipped past several armed guards Saturday night and set fire to the First Four-square Church of Long Beach.

Damage to the church was estimated at \$25,000. About 2 weeks ago the same church was hit by fire, which caused between \$3,000 and \$4,000 damage authorities said.

Two other churches in the same neighborhood were destroyed by fire recently, the Grace Methodist Church and the First Brethren Church. Fire also damaged the library of the North Long Beach Methodist Church.

Many churches in the city appropriated funds to post guards at the buildings.

# Lay Off Glenway Drive, City Fathers Advised

The controversial question of the arbitrary closing of Glenway Drive by Mrs. Margaret Bower was aired at the meeting of City Commissioners Monday, after a report on findings by City Attorney William C. Hutchison Jr.

The city attorney advised commissioners not to become involved in any attempt to open Glenway Drive at the present time.

"If actually this road has been used by the public for the prescriptive period of 20 years," the attorney's report read, "any member of the public so aggrieved would have the right to pursue an

injunctive remedy upon proving the factual situation."

He advised the commissioners that the city, "in the absence of its acceptance and maintenance (of the road) has no standing in court as representatives of the public."

However, the city may take action if it wishes through an injunction to remove the barricades if the road is declared a dedicated right of way, accepted formally by the city and the city accepts continued maintenance.

"This appears to be a dispute between two property owners and we're not going to get caught in the middle of it," said one commissioner.

First reading of an ordinance rezoning an area north of 24th Street, east of the A.C.L. Railroad, south of Grove Manor and west of Mellenville Avenue, which seemed to have some bearing on the road-closing was tabled pending further moves by property owners.

City Commissioners voted to give property owners a third and final extension of time on repairs or demolition of a building at 1607-1611 West 13th St.

City Manager W. E. Knowles advised commissioners that this is the third request for an extension of time and recommended the request be denied.

Commissioners instructed that owners be advised that if the building is not repaired or torn down by Aug. 1, the city will move immediately to demolish it, with no further notice.

Bids for a pneumatic roll-

er were authorized; appointments to the Civil Service board were tabled for the present; presentation of a plan for a public relations program for city functions was turned down; a request for annexation by Mr. and Mrs. Warren Turman at 2641 South Myrtle Ave. was accepted.

## Group Protests Engineering Of 436 Crossing

By Julia Bartos

Petitions protesting the State Road Department's engineering of the intersection of the new four-laned SR 436 and Hathaway Drive in Altamonte Springs have been prepared for presentation to the County Commission and State Road Board by E. Pope Bassett Jr., an attorney who represents an organized group of residents in Dolray Manor and Orienta Gardens.

Existing problems found at the intersection, Bassett advises, are that no acceleration or deceleration lanes are provided even though Hathaway Drive is the only access route to both subdivisions; no left turn lanes have been provided for school buses to get to Altamonte Elementary School which is directly across the highway nor has any crosswalk or other facility been provided for children attending the school.

In addition these problems are complicated by the fact that elevation on Hathaway Drive is considerably lower than on SR 436 thus making it practically impossible for the approaching motorist to see oncoming traffic until he is right at the through highway.

Included in the petitions will be results of a traffic survey of all adults, children and vehicles crossing the highway during a 12 hour period on Monday which was taken by a resident committee.

**Ada Dredging Plea Tabled**  
In response to an appeal from Hal Washburn on the denial of his application for a dredging easement on city-owned land at Lake Ada, the City Commission Monday tabled the request pending a formal report from the engineer.

Washburn told commissioners that his dredging engineer had informed him that only mud in the lake bottom would cause permanent muddying of the waters, and that tests showed no mud present.

Commissioners requested that the engineer be present and give a formal report and tabled the appeal pending appearance of the engineer.

Washburn proposes to build a Japanese style trailer court on the property, with the design said to be "first class high style type trailer court."

**Traffic Light Survey Asked**  
A traffic survey on French Avenue to determine the feasibility of installing traffic signals at the intersection of Third and Ninth Streets and French was requested Monday of the State Road Department by City Commission.

Estimated cost of materials which would be needed at each intersection was given as \$2,300.

At the present time, a Mother's Patrol has to guard the Third Street intersection during school months to allow children to cross the busy highway to attend the West-side School.

Ninth Street is a through street east and west and the French Avenue intersection has been the scene of numerous accidents.

**Letters Back Barry 100-1**  
WASHINGTON (UPI) — Sen. Barry Goldwater's mail has been running at about 100 to one in favor of his vote against the Senate civil rights bill.

A statement from his office Monday said the mail indicated "deep dissatisfaction" with the rights bill. Goldwater aides said the front-running GOP presidential contender has received 2,176 telegrams since his floor speech last week against the bill and that only 22 of these were in favor of the bill and against his position.

**Beautification Project Okayed**  
Plantings and beautification along the newly installed sidewalk from First Street to Commercial between the Jacobson Building and the City Library were approved by City Commissioners Monday with necessary funds being transferred from another account.

City Commissioner Earl Higinbotham offered to donate several palm trees from his property for the walkway if the city would move them.

## LBJ Appoints Gen. Taylor As Successor

WASHINGTON (UPI) — President Johnson today accepted the resignation of Henry Cabot Lodge as U. S. ambassador to Viet Nam and named Gen. Maxwell D. Taylor to succeed him in the critical southeast Asian post.

At an impromptu news conference in his office, Johnson announced that Lodge had submitted his resignation, dated June 19, saying that he must retire to private life for personal reasons.

The President said he was accepting the resignation with "deep regret." He added that Lodge was expected to return to Washington this week and that he will meet with him then.

The President also announced his intention to nominate Gen. Earle F. Wheeler, Army chief of staff, to succeed Gen. Taylor as chairman of the Joint Chiefs of Staff. He did not name Wheeler's replacement.

The President announced that he was naming Assistant Secretary of State U. Alexis Johnson as deputy ambassador to the republic of Viet Nam.

He said that Johnson, a career diplomat, will proceed to Saigon immediately and will act as the chief of mission until Taylor's arrival to succeed Lodge.

The President praised both Taylor and Johnson for accepting the new post on short notice and said they had the highest qualifications for their new assignments.

"I'm satisfied that together they will give the United States the best field leadership" in support of United States policies in South Viet Nam, Johnson said.

In his letter of resignation Ambassador Lodge, still a possible Republican presidential nominee, said his resignation was prompted entirely by personal reasons.

He thanked the Chief Executive for his guidance and devotion for helping him to carry out the job.

Johnson wrote Lodge that he should make his farewell calls in Saigon and that he hoped to see him as soon as he returned.

## Court Ponders Ruling Against Florida Setup

MIAMI (UPI) — A federal district court here took under consideration Tuesday an order from the U. S. Supreme Court throwing out Florida's legislative apportionment and leaving deadlines up to the lower court.

The move had been expected since last week when the nation's high court ruled that both houses of state legislatures should be elected essentially according to population. In the original ruling, the legislatures of six states were ordered reapportioned.

Yesterday, the U. S. court killed apportionment in Florida, Michigan, Washington, Ohio, Oklahoma, Illinois, Connecticut, Idaho and Iowa.

Gov. Farris Bryant said yesterday he would wait and examine the U. S. court ruling before making a statement. He indicated he would wait on a ruling from the Miami court before deciding on whether to call a special session.

Bryant and other top state officials have said it would be unfair to call a special session of the present legislature, loaded with lame ducks, since many of the members will not be serving in the 1965 session.

If the district court here rules that the next legislature can formulate reapportionment when it sits in April, then Bryant probably will not make a move.

If the court rules, however, that laws passed by the present apportionment of the state's 33 senators and 112 representatives would be unconstitutional, a problem arises.

In the second case, Bryant could either call a special session before November when the new legislature is officially elected, or leave the matter up to the new governor.

## Ada Trailer Court Permit Turned Down

Seminole County's Board of Commissioners this morning reversed a previous decision by the county's Board of Adjustment to permit Hal Washburn of Maitland to install a trailer court on a four-plus acre parcel of land with a 760-foot frontage on the west side of U. S. 436 in the Lake Ada area.

Washburn, owner of the land, wanted to install and operate the trailer park of 47 spaces on the site which is currently zoned M-1 (industrial). He applied to the county's Board of Adjustment for an exceptional use permit and was granted his request subject to a 30-day appeal period and an agreement by the City of Sanford to provide sewerage connections.

Washburn obtained the city's approval but objections were filed in writing today by A. B. Peterson Jr. representing two property owners in the area, and by the owners of Collingwood of Orlando.

At today's hearing Washburn spoke in favor of his project after the Commission heard a reading of the two objections. John Krider, manager of the Seminole County Chamber of Commerce, spoke unfavorably toward the project. He expressed the opinion that it would interfere with the normal development of the area which has been zoned industrial and would have an adverse effect on the values of adjacent properties.

Commissioners John Alexander, in whose district the property is located, said that in his opinion the placing of a trailer court there would not be an asset and he recommended that the Board of Adjustment be overruled in its decision.

Washburn said he planned to put in a "first class park with a Japanese motif—one that would be an asset to the area, and the kind of a park needed in this area."

Following the decision, Washburn told the Commission: "I regret that the Commission, especially the commissioner in my district, has seen fit to deny the use permit for the park on my property. We feel that such a project as this, carefully designed, could be nothing but a good influence on North Seminole for both business and residential growth."

## 4-Hour Meters For Parking Lot

City Commissioners voted Monday to put four-hour meters in the new parking lot on the corner of First Street and Park Avenue, and enforce the assessment of two dollar parking tickets if the 25-cent yellow tickets are ignored.

Commissioners agreed to extend the private property behind Carraway and McKibbin offices, under the standard practice of using city labor if property owners pay for materials. Hot mix asphalt will be used and concrete for steps installed.

The commission also agreed to pave the alley beside Burpee Seed Company and behind the Sanford Herald on the same proposition.

In further action on alleys, commissioners designated the alley from Park to Magnolia Avenue, between First and Second Streets as one way from west to east, entering on Park and exiting on Magnolia.

## First 'Concrete' Proposal On Marina Due

County Commissioners this afternoon were to receive the first real "concrete" proposal for utilizing waters of Lake Monroe when plans for a huge marina were unveiled.

Henry Pyle was scheduled to offer a comprehensive program which would permit construction of a 20-foot paved seawall extending 600 feet into Lake Monroe and then another 700 feet parallel with Highway 17-92.

The site would be in the vicinity of Lake Monroe Inn which, along with other properties in the area, is owned by Pyle.

He proposes to build the seawall with the paved roadway atop it and protect the exposed sides with reinforced concrete.

The interior of the marina and boat basin would be dredged to a minimum of five feet thus allowing 50 to 60 foot boats to be serviced and sheltered there. Fill from the dredging operations would be used to build the wall and roadway bed, commissioners were told.

The commission in all probability will refer the proposal to County Engineer William Bush for further study and to check with an engineering firm hired by Pyle to "firm up" a formal application for the project.

Pyle notes he needs approval of several agencies prior to beginning the work. These include the State Game and Fresh Water Fish Commission, State Road Board, and U. S. Army Corps of Engineers.

Boating interests long have pointed to the lack of adequate facilities on the lake and today's proposal was described by Pyle as a "major step forward" in utilizing the water to full advantage.

"Our proposed marina," Pyle will say in a letter to the Commission, "will offer boaters full servicing, supplies, storage and fueling facilities."

A 50-foot wide turnaround is planned for the terminus of the seawall and an electric boat launching service will be installed there. Pyle says he has adequate parking facilities for cars and trailers on his property.

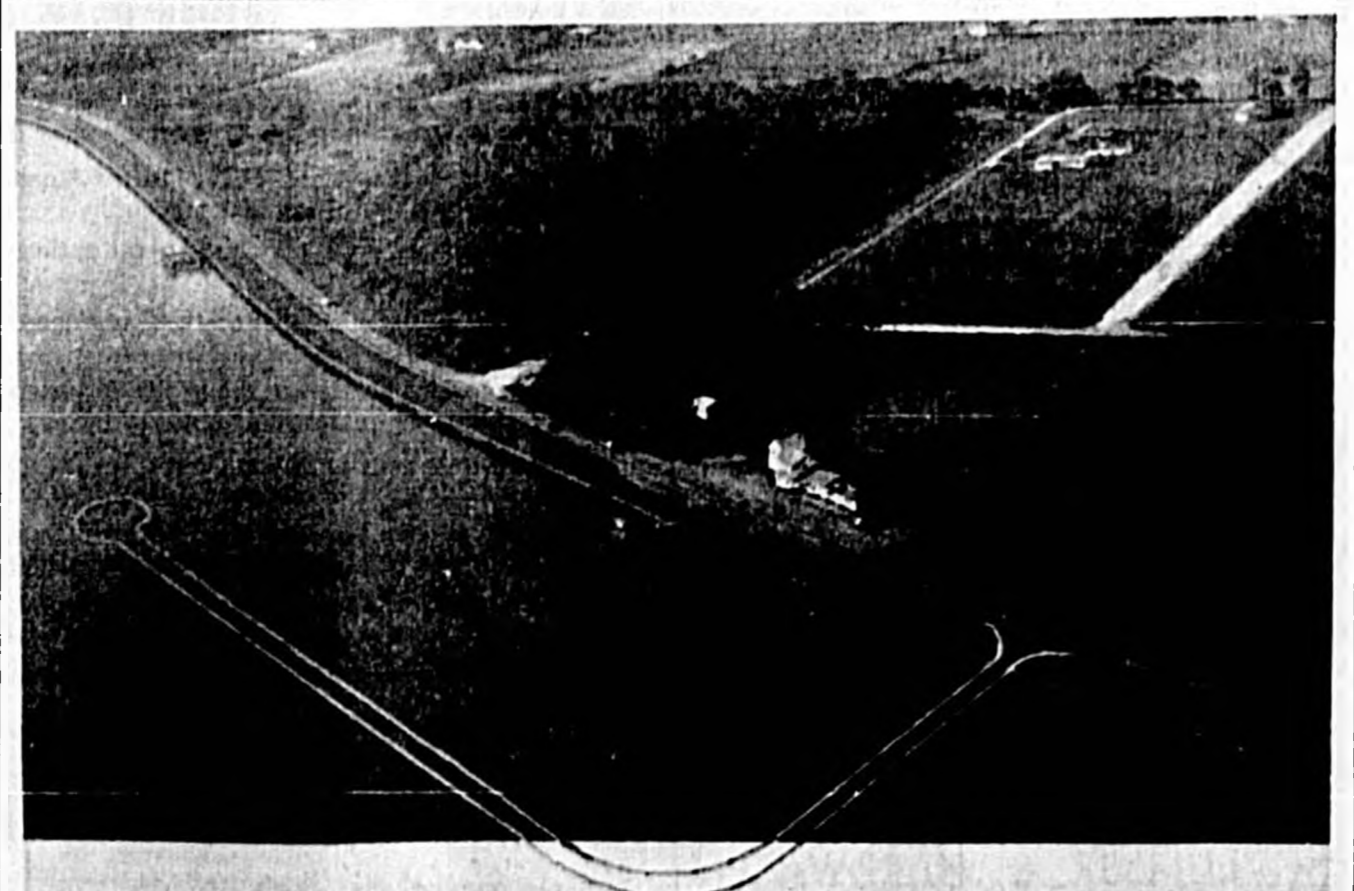

MARGARET QUARLES Expert To Pour At Coffee Club

The Seminole County Chamber of Commerce Coffee Club will be guests of Dr. Frank Leone, county health officer, at the County Health Department Thursday at 10 a.m.

Members will be served coffee and doughnuts in the auditorium by Miss Margaret Ann Quarles, new home service representative of the Florida Power & Light Co., after which they will be taken on a tour of the building by the Health Department staff.

Coffee Club members are asked to use the north and south parking lots.

THIS MARINA OUTLINE was presented to the County Commission this morning by Henry Pyle, owner of 700 feet of frontage on Lake Monroe in the Lake Monroe Inn area. He plans a 600-foot extension into the lake then a 700-foot length parallel with Highway 17-92 and ending at a 50-foot automobile turnaround. The top of the sea wall would be paved to a width of 20 feet. Dredging inside the walls would allow accommodation of 50 to 60 foot boats, he reports.
