How well did General Electric meet its objectives last year?

GENERAL ELECTRIC has a three-fold responsibility—to the public, to its employees, and to its owners. The 1945 annual report, just printed, gives some indication of how well we met these objectives last year.

General Electric's growth has come from new and better products for the public, continuously improved.

Out of production efficiency have come higher wages, increased jobs, and the earnings needed to continue these gains.

This year General Electric did not get off to as good a start as in 1945. But the objectives and aims of General Electric are the same and will continue to be the same—to keep wages as high as possible, to keep prices down as far as possible, and to earn a fair profit.

For a copy of General Electric's Annual Report and Yearbook for 1945, write Dept. 6-237, General Electric Company, Schenectady, N. Y.

BIRTHDAY FOR TODAY

AN ATTITUDE OF LOVE
AND EXPECTANCY TOWARD
THE ALL-PERFECT GOD
IS THE HIGH-PRICE
LESS VALUE IN EXTENDING
THE SPAN OF LIFE AND
MAKING IT MEANINGFUL.

To love Jehovah thy God, to
obey his voice, and to cleave
unto him, is the secret of life,
and the length of the day... Paul
30:20.

Goring's boat headed in Cook
headline. Well, well, well! What
else like mader.

Not many people will admit
they've had a taste of death
which they can't buy back again
up a cent's baaf.

It may be true that the Florida
boom has already gone bust, as
some northern writers seem to note
that down in Tampa the other
day a garage and theatre build
ing was sold for \$10,000.

Final figure in Florida
is still unknown, but released
Judge Davis beats Judge Peters
way in the race for Senate. And
Senator King defeated Mr. Brown
of Tampa by 11,000 votes. Some
of the voters in the northern states supported
both the winner.

An optimist used to be a man
who raised a couple of hens
and furred, he could make
a better nest than the rest
of the market to the man
the government would pay him
to turn them into a nest. A man
who goes to a grocery store and
asks for a pound of bacon.

Speaking of the man about
us, we find William Whit
ehead, president of the Great
Northern Paper Company, has
been shot and killed while
he was walking down eight flights
of stairs with a briefcase under
his arm to escape into the
office of Senator and Representative
about it. It wasn't Whitcomb's
fault.

One unfortunate conclusion
reached from reading between
the lines is that more of the victims came
to their deaths as a result of
homely sins than brought to them, or from other
foolish acts, than from the fire
and waited until firemen could
spread their nets to raise ladders
so that the men great enough
to do what they were
promised to meet it.

Florida needs \$166,000,000
worth of new highway, chain
ing the F. & G. highway, chain
ing the State Road Department,
who points out that Florida's
highway system is already
adequate. If it is inadequate
now, what will it be
full potential and everyone who
wants a car can go down and
buy it and every car will
have to buy it because of them?
If you think our streets and
highways are crowded now, wait
and see what they are like. In
the meantime, if we have any sense
it will be time to start thinking
for widening streets, building
many more miles of highways
just as soon as possible.

Dr. Josephine gave the Rotary
Club a talk last night about
when he told them that the way
to prevent radical agitation
was to collect money and
provide them with a fair
share of civic improvements. At
that same time, he pointed out
that promises made to them
should be kept better than they
have been kept. He also spoke
with respect to the hospital
which we have been promised
but have not yet received. If
the colored sections are
to have paved streets, sidewalks,
sewers, playgrounds, etc.,
then we must have
improvements, some method of enabling
them to pay a fair share, we
will have
to be denied, something that
we do not under our present
method of distributing income.
In fact, anyone white or black,
rich or poor, deserves a better tax system will
make us all the more.

Growing Older

Longevity among the American people in 1944 rose to the highest point on record, and for the first time in the country's history the average length of life exceeded 65 years. The actual figure, 65 1/8 years is almost 16 years greater than the beginning of the century, according to computations by the Metropolitan Life Insurance Company.

"The average person of 20 now has as many years of life remaining as a new-born child had in 1900," the company states, and adds "only three-quarters of the children born during the year would attain age 25, whereas under present conditions, three-quarters can look forward to reaching age 57."

The average length of life for white females according to mortality conditions in 1944 was 63.95 years, an increase of almost 18 years over the figure for 1900. For white males the average length of life was 63.55 years, a gain since 1900 of 15 1/8 years.

The present expectation of life for this century has been restricted to the early years of life but has extended into the higher ages as well," the company reports. "Thus, at age 40, the figure for the population as a whole in 1944 was 31.63 years—practically 3 1/3 years more than in 1900. Even at age 65 there was a gain of 1 1/2 years, the present expectation of life being 13.09 years."

The United States was able to reach a peak in longevity in the midst of war reflects the effectiveness of American medical and public health services and the high standard of life of our people. To have passed the 65 year mark in average length of life at a time when a large part of our medical and nursing personnel was drawn from civilian life is a remarkable achievement and gives assurance that the American people will live in peace in peace-time to reach the next goal, 70 years, and within a comparatively short period of time."

Silver For the Bride

June weddings send floods to jewelry stores to buy silver. What a tell-tale! Plain, sit-down only, and simple decorations. But places setting the only one teaspoon and doesn't get a dime through a meal which has coffee, green peas fixed with cream, and a gadding dessert. Why no extras?

First, silver was used in great quantities in the war. It substitutes for copper in electrical work. It is needed in photography, in dentistry, in medicine and has dozens of industrial uses. Its use in the arts has been started—the question is there not plenty of silver?

It's true that the Florida boom has already gone bust, as some northern writers seem to note that down in Tampa the other day a garage and theatre building was sold for \$10,000.

Final figure in Florida is still unknown, but released Judge Davis beats Judge Peters way in the race for Senate. And Senator King defeated Mr. Brown of Tampa by 11,000 votes. Some of the voters in the northern states supported both the winner.

An optimist used to be a man who raised a couple of hens and furred, he could make a better nest than the rest of the market to the man the government would pay him to turn them into a nest. A man who goes to a grocery store and asks for a pound of bacon.

Speaking of the man about us, we find William Whithead, president of the Great Northern Paper Company, has been shot and killed while he was walking down eight flights of stairs with a briefcase under his arm to escape into the office of Senator and Representative about it.

True Brotherhood

On a recent Sunday members of the Evangelical and Reformed Church throughout the nation observed "Compassion Day." The purpose was to raise a \$2,000,000 war emergency relief fund. Two sample meals were suggested for parishioners Sunday dinners. Those wishing to contribute more than the mean of the greater portion of the world's standards will give a full meal of soup, one piece of bread, meat and a glass of water. An alternate and more economical meal of soup, 56-cent broom sticks for scrubbing. Imagine how much it will cost to buy a meal for 100 people.

Perhaps foreign mines ought to pay workers more, and we might ought to pay 10 to 50 cents an ounce. That less, than we pay now, and the worst may yet come.

The optimist believes that the price of silver will drop to \$1.25. If that happens, it will bring the price to the bride to a point out of all reason. There's no sense in it. There's talk of a compromise at 95 cents—but even that is too much. The silver senators trade rates for a dam in Maine or a new postage stamp. That's what it costs so much more than it used to. Perhaps foreign mines ought to pay workers more, and we might ought to pay 10 to 50 cents an ounce. I'm glad to make the rates, but I tell you truly present prices are unfair.

As the man about us, we find William Whithead, president of the Great Northern Paper Company, has been shot and killed while he was walking down eight flights of stairs with a briefcase under his arm to escape into the office of Senator and Representative about it.

Schantel Hurls Feds To 10 To 3 Win Over St. Augustine

Bryant Leads Sanford Offensive
With Three Hits In Three Trips

Celery Feds Move to St. Augustine Tonight
For Return Contest with Steinecke Nine;
Play Doubleheader Here Friday Nite

By JULIAN STENSTROM

Herald Sports Editor
Jim Schantel returned to his winning ways last night at the Municipal Park and gave a brilliant six-hit performance on the hill for the Celery Feds as the Sanford aggregation pasted a 10 to 3 defeat on the Saints of St. Augustine before 1,000 fans.

Schantel, with the aid of his mates' ten-hit offensive at the plate combined with five costly Saint miscues, was the master of Bill Steinecke's nine all the way.

Shortstop Al Bryant led the Fed attack with a double and two singles in four trips to the platter. Don Zaspel followed Bryant for hitting honors with two sharp singles to left field in three official trips to drive in two Sanford runners.

The Feds had to come from behind again to set a new 1946 record for themselves. The win last evening was their fourth consecutive and the first time this season that the feds have been able to cap four straight contests.

St. Augustine took the lead with a single run in the third frame when Cox singled to center, stole second, advanced to third on a fielder's choice and scored when Lyle Judy beat out an infield hit.

However, the Feds came back in their half of the third, and without entering a single hit into the record book they tallied twice. They took advantage of three walks issued by Ken Johnson, the Saint's pitcher, started the Saint's rally and looked almost uncontrollable. His wide sweeping curve ball was very effective but suddenly he lost his range and discovered that plate had to find. The two Fed runs came over when Bryant walked, Brice flied out to center, both Bryant and Lake were safe when Judy miscued Lake's grounder. Ed Levy walked to fill the sacks. Tuttle grounded to Johns who had a brainstorm and failed to make a play at the plate. Instead, he threw to second in time to nab Levy. Bryant scored on the play. Moments later Tuttle stole second but Cox's throw from the plate went into centerfield and Lake crossed the plate.

In the fourth frame, however, the Fed artillery opened up. The first round fired was a triple to deep center field by Gene Pratt. He scored immediately when Zaspel fired a single left. Schantel forced Zaspel at second but advanced to the keystone himself on Silverman's grounder. Schantel scored when Bryant sent a double down the left field line and Brice pushed over Bryant with his only blow of the evening, a single to center.

A single and an error produced two more Fed runs in the sixth off Ed White, who relieved Johns at the end of the fourth. Four more blows were exploded in the seventh and three more Sanford runs crossed the platter.

Tonight Sanford will tangle with the Saints in the Ancient City and tomorrow afternoon they meet the Leesburg Packers in Leesburg. Friday night they return here for a twin-bill with the Packers. The initial tilt will get under way at 6:30 P. M.

WILL YOUR SON GET AN EVEN BREAK?

The youth who receives the best training and develops character fitting him for leadership has an even break for success in life.

Will your son get an even break? Will he have the funds needed for college or vocational training for the career of his choice?

He will have more than an even break if you start now to build his financial security with a Woodmen Educational Endowment or Success Builder life insurance certificate. From age 8 to 16, he also will be privileged to take part in the character-building activities of Boys of Woodcraft. Later, as an adult member, he will enjoy lifelong benefits from Woodcraft's fraternal, social and civic activities.

A special Woodmen Juvenile membership campaign is now under way. Ask the local Woodmen representative to tell you today about Boys of Woodcraft and the Woodmen Juvenile insurance certificate that meets the needs of your boy.

Mihailovic Asked Nazis To Surrender

Chetnik Leader Says U. S. Colonel Was Present At Meeting With Germans

BELGRADE, June 13 (AP)—The former Chetnik guerrilla leader, General Draja Mihailovic, continued to testify in his own defense today at his treason trial in Belgrade. He told the court he had conferred with German military leaders in Yugoslavia in 1944, but added that he urged the Nazis to turn their arms over to the Chetniks in view of the coming German defeat. Mihailovic said that the chief of the American mission to Chetnik headquarters, Col. Robert Mcowell, sat in on the conference and backed up his demand.

This apparently was the elderly defendant's reply to the accusation that he and Mcowell had held parleys with the Germans during the Nazi invasion of Yugoslavia.

Testifying with apparent reluctance, Mihailovic said he and the American officer talked with a German named Stecker, whom he identified as a deputy of the chief of the administrative staff of the German command in Yugoslavia in 1944. The former Chetnik leader said he and Mcowell refused to discuss the so-called dangers of Communism in Yugoslavia with the German officer. Col. Mcowell told the Nazi that Germany was defeated and that the Germans in Yugoslavia must turn their weapons over to Mihailovic.

Declared the defendant: "Those were the main points of the meeting. I would not have received Stecker unless Col. Mcowell was with me."

Additional Hessian Crown Jewels Are Recovered By Army

FRANKFURT, Germany, June 13 (AP)—The Army announced that \$40,000 worth of the Hess crown jewels had been recovered with the arrest of an American major in Frankfurt Sunday.

The official statement said the jewels would be displayed this afternoon at headquarters of the American Forces in Europe, in the L. G. Farben building in Frankfurt. The statement said more details of the gem theft might be released at that time.

Major David Watson of Burlingame, Calif., was arrested in Frankfurt last Sunday in connection with the theft. Watson's arrest followed that of his superior officer, Col. Jack Durant. Col. Durant was taken into custody with his wife — WAC Capt. Kathleen Nash Durand, in Chicago. The arrests followed an investigation by Army intelligence officers of the theft of \$40,000 worth of Hessian crown jewels.

Interrogation of Watson in Frankfurt produced clues which led to recovery of that part of the gem treasure left in Germany. Many of the jewels previously had been recovered in the United States.

Millard B. Lowe, 37, Died This Morning

Millard B. Lowe, 37, died suddenly at 2:00 o'clock this morning at the home of Mr. and Mrs. R. W. Sturdivant, 161½ Myrtle Avenue. A resident and grower in Sanford from 1919 to 1946, he had been engaged in farming at Pahokee during the past year. He was born at Langley, S.C.

Mr. Lowe is survived by his widow, Mrs. Millard B. Lowe and one daughter, Barbara, 2½ years old; two sisters, Mrs. Clyde Stinson of Sanford and Mrs. Fred Woodson of DeLand.

Funeral services for Mr. Lowe will be held at 4:00 o'clock Saturday afternoon at the Erickson Funeral Home with the Rev. J. E. McKinley officiating.

Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agency listed below:

Coordinator — E. B. Carter, Atlantic National Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

Vocational Training and Education — T. W. Lawton, Court House.

Legal Assistance, Hospitalization and State Services Officer — Contact through Lloyd F. Boyle, County Service Officer, Jakesh Building.

Home Service Assistance to Servicemen, ex-Servicemen and their Dependents — American Red Cross, Lakefront Boulevard.

Veterans Administration — Martin M. Badish, Sheriff's Office every Tuesday.

Rome Crowds Cheer Birth Of Italian Republic

Shortly after, nearly 100,000 demonstrators cheered wildly as the Republican flag was raised over Vittorio Emanuele Palace for the first time. In other parts of Italy monarchist demonstrations flared into riots.

125 Teachers To U. S. Compromise Plan On Franco Participate In Spain Laid Before U. N. Council School Workshop

Dr. Audrey Packham Of Rollins Will Supervise Program

Twenty-four Seminole County teachers will participate in the workshop program of instruction which will be held from June 17 through July 5 at Memorial Junior High School in Orlando, it was announced by Supt. T. W. Lawton and Miss Ruth Hand, county education supervisor.

A total of 125 teachers are expected to attend the workshop, where teachers work out their instructional problems under direction of leaders in the field of education.

The instructional staff is under the direction of Dr. Audrey Packham of Rollins College. Other instructors are Prof. A. L. Ferguson, in charge of State Department of Education problems; Dr. Rhea Marsh Smith of Rollins College, social studies; Dr. Annie Sutton of Richmond, Va., primary reading; Dr. Tompkins Baxter of the Lincoln School of New York, intermediate reading; Miss Irene Russell of Boston, Mass., remedial reading.

Other instructors, according to Miss Hand, are Miss Mildred Swearingen and Mrs. Dora Skipper of the State Department of Public Instruction; Miss Joyce Prichard and Miss Rose Peterson, reading specialists.

At the same time a workshop for lunchroom workers will be directed by Miss Christine Field of the State Department of education.

A REPORTER is shown examining a useless length of fire hose in the LaSalle Hotel in Chicago where a fire took a toll of 12 lives. Fire Department investigators said they found rotten fire hose that could be torn with the hands. (International)

County Commission Executes Deed On McEwan Property

The Board of County Commissioners has executed, record and delivered to Mrs. Leslie McEwan, wife of J. E. McEwan, the lots for the same block on East First Street in which a planned hotel may be erected. The Board found that it had no legal authority to refund the purchase price following sale of the lots at County auction, it was announced today by O. P. Herndon, county clerk.

At the April meeting of the commissioners, Mrs. McEwan indicated her willingness to trade the lots for other City property.

The County Commissioners have suggested that the City of Sanford purchase this property from Mrs. McEwan and dedicate it as part of the proposed hospital site, said Mr. Herndon, who added that the commissioners had dedicated the remaining unodd lots in the block to this site. There remains, however, some property in this block belonging to individuals.

FIRST U. K. SAINT

VATICAN CITY, June 13, (AP)—The first Catholic saint from the United States will be Mother Teresa, a Carmelite who died in 1917. High Catholic priests voted at a semi-public consistory today in favor of canonization of mother. Cardinal and three others. The formal celebration of the sainthood of the four will take place in St. Peter's on July 7.

BRITISH LOAN OKAYED

WASHINGTON, June 13, (AP)—The House Banking Committee, which had voted to give Britain a lift in approving the multi-billion dollar loan, the vote in favor of the loan was 20 to 6.

NUERNBERG, June 13, (AP)—The international military tribunal today proposed a 14-day limit on final speeches for 20 Nazi leaders on trial for war crimes charges. Defense attorneys immediately protested that their rights were being infringed. However, the president of the tribunal, Lord Justice Sir Geoffrey Lawrence, indicated that the limitation would stand.

LIMIT IS SET

WASHINGTON, June 13, (AP)—The Senate has accepted an amendment to remove price ceilings from leaf tobacco and tobacco products by June 30. The action, by voice vote, came during debate on the OPA Extension Bill.

SCHOOL BOARD MEETS

WASHINGTON, June 13, (AP)—The Senate has accepted an amendment to remove price ceilings from leaf tobacco and tobacco products by June 30. The action, by voice vote, came during debate on the OPA Extension Bill.

TO REMOVE CEILINGS

WASHINGTON, June 13, (AP)—The Senate has accepted an amendment to remove price ceilings from leaf tobacco and tobacco products by June 30. The action, by voice vote, came during debate on the OPA Extension Bill.

OFF FOR PARIS

WASHINGTON, June 13, (AP)—Secretary of State Byrnes has taken off for Paris and the meeting of the Big Four Foreign Ministers. Senators Tom Connally and Arthur Vandenberg were aboard the plane. President Truman saw the three off with "goodbye and good-luck." The president accompanied the travelers to the airport after a last-minute conference at the White House.

SUMMER SESSION TO OPEN

DELAND, June 13, (Special)—The summer session at Stetson University will open Monday with a record enrollment and a faculty composed largely of heads of departments.

NO ACTION

WASHINGTON, June 13, (AP)—The House Judiciary Committee decided today it does not have sufficient evidence to take any action in the Supreme Court controversy involving Justices Robert Jackson and Hugo Black. Chairman Hatton Sumners told newsmen that there is no determination at the moment to conduct an inquiry.

Conciliator Says Maritime Strike Virtually Settled

Charges Against Petrillo Filed Today By Clark

Justice Department Says Union Chief Violated Lea Act

WASHINGTON, June 13 (AP)—Attorney General Tom Clark today announced the filing of criminal information charging James Petrillo and his musicians with coercive practices.

The Justice Department took the first step toward a showdown with Petrillo and his musicians union on the Lea Act, the new law that forbids any union to compel a radio station to employ more persons than it wants.

Petrillo claims the act is unconstitutional, and put it to the test by calling a strike at Chicago station WAAF last month. Thirty stations libraries were called off their jobs because the station refused to employ three additional librarians.

Today charges were filed in Chicago against Petrillo and his union for alleged violation of the Lea Act. Petrillo's attorney, the victim of the law may be one day imprisonment and \$1,000 fine.

In New York, the Musicians Union headquarters said that Petrillo was out of town and that it was not known where he could be reached.

199 Cases Of Food Are Packed To Be Shipped Overseas

WICHITA, June 13 (AP)—An American suggestion would permit General Assembly to take action if Franco is still in power by next September.

NEW YORK, June 13 (AP)—Soviet delegate Andrei Grusko today attacked a compromise plan to refer the Spanish question to the United Nations. Grusko said the plan was a dangerous precedent that would mean that the council has exceeded its duties.

NEW YORK, June 13 (AP)—An American compromise plan on Franco Spain today was laid before the United Nations Security Council.

Dr. Herbert A. Evatt, the Australian chairman of the subcommittee which investigated Spain, announced a change in agenda at the opening of today's session.

He said the group had approved modification of the things it first had recommended, suggested by Herschel A. Johnson, the acting American delegate.

Under the American suggestion, the General Assembly would be allowed to take whatever action it might decide was appropriate at the time.

This would leave the way open for action less drastic than a diplomatic break.

Aerial Hyacinth Survey To Begin

JACKSONVILLE, June 13 (AP)—An aerial water hyacinth survey will begin this week according to an announcement today by Col. A. B. Jones, Jacksonville district engineer.

The survey will cover the state except the Everglades, and certain other areas considered unsafe for flying. Col. Jones stated that a government observer from his office will conduct the reconnaissance for the purpose of making a visual determination of the extent of growth of water hyacinths and noting the degree of infestation. The observer will record these data on large size photographs while the plane is in flight. Completion of the work will require four to six months.

NEGRO FISHERMAN WARNED

Four negro residents of a country other than Seminole were reminded this morning by L. V. Delong, game warden, that the law requires them to secure \$2.00 fishing license, even though they were using cracker poles, for which type of fishing, county residents are not required to pay a license. The license fee for non-residents of the state is \$2.25 for 10 days and \$5.00 for a year.

LIMIT IS SET

NUERNBERG, June 13, (AP)—The international military tribunal today proposed a 14-day limit on final speeches for 20 Nazi leaders on trial for war crimes charges. Defense attorneys immediately protested that their rights were being infringed. However, the president of the tribunal, Lord Justice Sir Geoffrey Lawrence, indicated that the limitation would stand.

SCHOOL BOARD MEETS

WASHINGTON, June 13, (AP)—The House Judiciary Committee decided today it does not have sufficient evidence to take any action in the Supreme Court controversy involving Justices Robert Jackson and Hugo Black. Chairman Hatton Sumners told newsmen that there is no determination at the moment to conduct an inquiry.

Official Declares All Operators Ready To Accept Plan For 48-Hour Week

WASHINGTON, June 13 (AP)—New words of optimism have come from a government conciliator in the maritime dispute. The conciliator told a newsman that there is a good chance for settlement of the maritime dispute today.

This encouraging word came after a meeting attended by east and west coast ship operators and representatives of the committees for maritime unity.

The optimistic government conciliator said the TIO National Maritime Union has not formally okayed the proposal to put seamen on a 48-hour week end, to boost their pay \$175 per month.

"They have not accepted anything yet," the conciliator said, "but they've indicated their willingness to accept."

The official government view, expressed by assistant Labor Secretary John W. Gibson, is "when it's buttoned up well, an hour is another hour."

Later another government official said the Institute of Ship Officers and Engineers has reduced its matter of working time agreement.

Federal Marketing Agreement Plan To Be Discussed Here

ORTLAND, June 13, (Special)—Public hearings on a proposed federal marketing agreement for the Florida celery industry will be held in Florida by representatives of the Secretary of Agriculture beginning at Sanford on June 24. It was announced today by the Florida Vegetable Committee.

The meeting places and dates are as follows: Seminole House, June 27-28; Belle Glade City Hall, July 1-2; Sarasota County House, July 3-4.

According to Perry Whitehurst, of Sanford, celery director of the Florida Vegetable Committee, and one of the proponents of the proposed agreement, the purpose of the hearings is to permit growers and shippers of celery who favor or oppose federal regulation of celery marketing to meet and speak.

Florida produced more celery this year than the nation, and about 90 percent of it goes to the growers, Mr. Whitehurst said. "And many of us believe the only alternative to continuing existing shipments to market demand is through a federal marketing agreement which would put each grower and shipper on an equal basis."

He explained that the agreement could not become effective after June 29, 1946, if it is approved by the Senate. The 70-day marketing ban on celery will continue after the 20-day extension period.

"The 70-day extension will be continued for another 14 days after the 20-day extension period," he said. "This will give the government time to consider the risks in continuing the ban. If the nation cannot go on month after month in a state of semi-warfare."

Bridges Backs Plan To Create Foreign Legion

NAMING CHIEF OF STATE

ROME, June 13 (AP)—Premier Alcide De Gasperi became acting chief of the Italian state today by direction of his cabinet. However, Monarchist backers say that nothing had been changed by the order. King Umberto II remained in his palace in Rome awaiting action by the Supreme Court. The court has yet to rule on charges by Monarchists that irregularities marked the plebiscite which favored establishment of a republic.

Editorial in the proposed Foreign Legion would be limited to the soldiers of America's war-time allies. The legion would be under control of the United States Army.
