

Daytona Squeezes Past Sanford, 6-5

By CARL OVERSTREET
Herald Sports Writer

Bill Patris doubled in the winning run in the eighth last night as Daytona Beach edged Sanford, 6-5, in a Florida State League game here.

With Dan Keith hitting safely for his 21st consecutive game, Sanford got off to a five-run lead in the first and second innings.

Daytona gained four runs in the fifth on a walk and four straight singles by Gene Bennett, Al Wagner, Tippy Slade and Vern Watercutter. Slade singled in the tying run in the seventh.

Keith's hitting included two doubles and a single for five trips.

The Cardinals picked up two unearned runs in the first frame on a double by Dwight Cook, an error, a walk and a single by Russ Davis.

Eight Sanford batters went to bat in the second. With one down, Ron Schmitt singled, D. Cook walked, Jim Shirley doubled down the left field scoring Schmitt, and then the league's leading hitter, Dan Keith, spanked a single into right scoring Cook and Shirley.

The win was the Islanders' third straight over the Cardinals who have failed to win at home in the last three starts.

Bob Tommy gained the victory in relief.

The play-by-play:

First inning—
Roger Cook (3-1) took the hill for Sanford and Randy Crisp was behind the plate. Leading off for Daytona, Gene Bennett struck out, Al Wagner flied out to center field, and Tippy Slade struck out to retire the side. No hits, no runs.

On the mound for Daytona was Orlando Pena and behind the plate was Vern Watercutter. Sanford

lead-off man, Ron Schmitt, popped out to first base, Dwight Cook hit to right field for a stand-up double, and Jim Shirley was safe on the short stop's error, scoring D. Cook.

Dan Keith struck out, Terry Terrell was hit by a pitched ball, putting men on first and second, and Russ Davis singled, driving in Shirley. Randy Crisp walked to load the bases. Frank Yurchak struck out to retire the side. Two hits, two runs.

Second Inning
Vern Watercutter popped out to Crisp, Jerry Michum struck out, Bill Patris grounded out to the pitcher, who threw him out at first to retire the side. No hits, no runs.

Leading off for Sanford, Roger Cook flied out to right field, Schmitt singled to left field, and D. Cook walked. Shirley doubled to left field, driving in Schmitt. Keith singled to drive in D. Cook

and Shirley. Terrell walked, moving Keith to second. David flied out to center field, and Crisp grounded out to third base. Three runs, three hits.

Third Inning
Ralph Sita walked to become the first base runner for the Islanders. Frank Miriell singled on an infield hit, and Orlando Pena flied out to the right fielder. Bennett singled to center field, driving in two runs. Watercutter singled out and was out while trying to go to second. Two runs came in on the play. Four runs, four hits.

Davis was thrown out at first by the second baseman, Crisp was thrown out at first by the shortstop and Yurchak singled to short right, as Stan Derry was batting for Roger Cook. Yurchak was put out going to second. No runs, one hit.

Sixth Inning—
Howard Kaplan replaced Roger Cook on the mound.

Michum flied out on the shortstop, Patris flied to right field, and Sita struck out. No runs, no hits.

Kaplan struck out, Schmitt was hit by a pitched ball, and D. Cook struck out. No runs, no hits.

Seventh Inning—
Miriell walked, Terry struck out, and Bennett struck out. Wagner walked, Slade flied to center field, driving in all to tie the score at 5-5. Wagner flied out to second to retire the side. One run, one hit.

Terrell was thrown out at first by the third base, Davis struck out, Crisp singled to right field, and Yurchak popped out to first to retire the side. One hit, no runs.

Eighth Inning—
Michum walked, Slade doubled to drive in Michum, and Pa-

tris was put out while coming in home. Miriell flied out to right field, and Tommy was thrown out at first by the third baseman. One run, one hit.

Nat Sharper, batting for Kaplan, flied out to deep left field, and Schmitt singled, moving to second base on a stolen base. D. Cook hit to third, forcing Schmitt, Cook out going to second. One hit, no runs.

Ninth Inning—
Jim Flanagan came in to pitch for Sanford.

Bennett flied out to left field, Wagner flied out to left field, and Slade flied out to second. No runs, no hits.

Shirley singled out to center field, Keith doubled to left center field, and Terrell was safe on fielder's choice. Davis walked, Crisp popped out to the catcher. Yurchak popped out to the third baseman to end the game.

Autographed Ball Revives Memories For Vander Meer

By CLAUDE ROSE

A sailor stationed at the Naval Auxiliary Air Station here brought back some fond memories for Daytona Beach manager Johnnie Vander Meer last night at Memorial Stadium.

It was in September, 1944 at Barber's Point, Hawaii, that young Melvin Stash first met Johnnie Vander Meer. The war was at its peak but there was still time for baseball now and then to entertain the boys behind the lines. Dozens of ball players were in uniform and the Navy had a lion's share of them.

Standouts like Johnnie Mize, Pee Wee Reese and Phil Rizzuto, Dom Di Maggio, Mickey Vernon, Bill Dickey, Schellberg, Joe, and Virgil Trucks were assembled in Hawaii as the Navy All-Star team and their job was to pin back the stars of the Army All-Star club led by "Joltin' Joe" Di Maggio.

One of the most enthusiastic players in the first base bleachers when the series opened was Mel Stash, a comparative newcomer to the Navy at the time. Mel was able to grab a ball which was hit into the bleachers that day and he autographed several players to autograph it. One of the players was Vander Meer.

That was nearly 11 years ago Mel Stash, who is now an aviation electronics first class with V-5 at MAAB, remembers the day well and still cherishes the ball. He had it with him last night at Memorial Stadium and when he handed it to Johnnie Vander Meer it touched off a flood of memories for the ex-Cincinnati Redleg great.

Stash recalled that the team was so loaded with talent that it was tough for manager Bill Dickey to decide who to start. With

Lemon Hurls Cleveland To 6-1 Victory As He Begins Catching Up With Yanks

By THE ASSOCIATED PRESS

Bob Lemon finally is catching up with the New York Yankees.

They're the only outfit that has an edge on the big Cleveland right-hander.

Lemon, 34, has had six seasons of 20 or more victories since switching from third base in 1946. But he's only 22-24 lifetime against the Bombers.

He has split even in two tries against New York this season. He beat the Yanks 5-4 last night with the help of Don Mossi. They're still giving him trouble, but he's at last edging up and is 9-4 against them the past two seasons.

His victory last night was his sixth of the season, against that lone defeat by the Yanks last week, and it tumbled New York into third, three games behind pace-setting Cleveland. Chicago took over second by defeating Boston 4-2.

Washington moved into fifth, knocking off Detroit 7-4, while Baltimore was living it up 11-1 over Kansas City.

It was the same old story with a new twist in the National. Brooklyn won another, but Don Newcombe tossed himself a curve in beating the Chicago Cubs 3-0 and faced the minimum of 27 men.

Pittsburgh surprised Milwaukee 9-4 while St. Louis nudged Philadelphia 5-3 in 10 innings and New York beat Cincinnati 5-4.

Lemon had the Yanks grabbing at straws for six innings last night, giving up four of their six hits over that period in the fourth inning. The four singles scored two runs, of Lemon was still ahead 4-3.

His lead was 5-4 by the seventh, when two singles sandwiched around Andy Carey's triple brought in two Yank runs. That's when Mossi stroled in and fanned Elston Howard and Bob Cerv in

pinch-hit assignments to end the threat.

The Tribe got 14 hits off five New York pitchers. Don Larsen was the loser.

At Chicago, Brooklyn's Newcombe showed his stuff after getting off the suspended list last week. The big guy, who refused to pitch batting practice, now has faced only 33 men in 11 innings, the absolute minimum. Gene Baker's single in the fourth yesterday was the only hit off him in that inning. And Baker was erased trying to steal.

Duke Snider homered for the Dodgers' first run off loser Warren Hucule to start the Brooks to their 11th straight success and 22nd in the last 34 games. St. Louis Newcombe at 4-0 for the year and Cleveland at 1-0.

Sept. 26, 1951.

An eight-run eighth inning—all after two were out—sent the Pirates to their fourth straight over the Braves. It was the Freeze brothers—Gene and George—who left Milwaukee out in the cold. George knocked a two-run single in the eighth and Gene smacked a grand slam.

Premier Ngo Dinh Diem Asks France To Remove Men In South Viet Nam

SAIGON, South Viet Nam (AP)—Premier Ngo Dinh Diem is asking France to withdraw its army in South Viet Nam to the 17th Parallel or pull completely out of the turbulent country, a government spokesman said today.

The spokesman said Diem had instructed his brother, roving ambassador Ngo Dinh Lu, to present the request to the French in Paris. The 17th Parallel separates South Viet Nam and Communist-ruled North Viet Nam.

The French expeditionary corps, numbering between 70,000 and 80,000, now is based chiefly in the Saigon area, at Tourane in central Viet Nam and at Cap St. Jacques, on the coast southeast of the capital.

Prospectors of any immediate French compliance with such a request appeared slim. The bulk of Viet Nam's French population and of France's holdings are concentrated in the areas where the French troops are based.

Earlier today in Paris U. S. Secretary of State Dulles and French Premier Edgar Faure were reported to have agreed to give them united backing after weeks of French opposition to the nationalist Premier.

At 9:12 p. m. Friday the band is scheduled to perform required maneuvers and a special show on the drill field.

The following soloists will also participate: Patsy Haught, who will play the xylophone and tympani; Olivia Giddens, flute solo; Jimmy Brown, bassoon solo; Sidney Vihlen, trumpet; Richard Tison, trombone; Eva Jean Coffield, clarinet; Ronnie Robinson, student conductor; Robert Reely, piano solo and student conducting.

A trombone quartet will be composed of Richard Tison, Ronnie Robinson, Bruce McCoy, and Joyce Milam. Entering in a brass sextet will be Joe Fisher, Leslie Smith, Sue Hayes, Joyce Milam, Larry Murray, and Robert Newman.

Through the cooperation of the Elks Club, the Band and Orchestra Association, and the band students selling candy, \$550 has been raised to pay transportation and the hotel bills for the trip, Cowley stated.

Apartment Blaze Takes Four Lives

LOS ANGELES (AP)—Four small boys were burned to death last night by a fire that swept through their second-story garage apartment, police reported today.

Investigators said they believed the blaze was started by a candle. The small apartment had been without electricity for two months because of the family's shortage of funds.

The boys' 10-year-old half-sister, Margie Davenport, who had been crying for the children while the parents attended a movie, was seriously burned on the hands. She was rescued from the apartment by a neighbor, Wilbur Hamilton, 22, who climbed a tree and kicked out a window. Efforts to rescue the boys failed.

The father, a 35-year-old car washer, told a reporter: "We haven't had much money. That's why they cut off our lights. We never go anywhere and tonight for the first time in months I decided to take my wife to the movie."

President May Find Himself Involved

WASHINGTON (AP)—President Eisenhower may find himself involved in harder bargaining than he seems to expect if and when he sits down with Russian Premier Nikita Khrushchev at Big Four talks.

Bulgaria may well press a whole set of basic demands outlined in a new program for disarmament and ending the cold war which Moscow made public Tuesday night.

Presidential Veto Is Expected

WASHINGTON (AP)—A quick presidential veto, perhaps by Monday, reportedly awaits a bill to raise post-war workers' pay 5.5 per cent.

Sen. Carlson (R-Kan.) said he is certain the Senate will sustain the veto if it comes.

The Senate passed the compromise measure 60-41 late yesterday and sent it to President Eisenhower. The House acted Monday 315-94.

Carlson said the President never had discussed a veto with him, but it was learned the White House has told top Republican lawmakers they can expect a veto.

Officials Anxious To Begin

TALLAHASSEE (AP)—The Turnpike Authority today sought to arrange an early meeting to set the wheels in motion for actual work on the 74 million dollar South Florida toll expressway.

First order of business when the authority meets at Dania tomorrow or Monday, will be to call for bids for sale of bonds to finance the 103-mile-long Miami to Fort Pierce turnpike.

The Supreme Court in a 5-4 decision yesterday approved validity of the bond issue to finance the toll section of the projected 380-mile state toll expressway.

"This decision really gets the show on the road," said Authority Chairman Thomas E. Manuel.

Manuel said the bid call for the bond sale would be advertised for about two weeks and he hoped to be able to open the bids about May 30.

A call for bids on the first phase of the actual construction probably will be issued simultaneously with the call for offers on the bonds.

News of the decision was "wonderful," Gov. Collins said. "The construction job will be one of the greatest engineering feats ever undertaken by any state."

Mc Roberts Buys Interest In Firm

Announcement is being made today that the ownership formerly known as Ray-Fields Lincoln-Mercury Co. has been changed to Hunt-McRoberts Incorporated.

W. K. McRoberts purchased Ray-Fields Lincoln-Mercury Co. from W. F. Hunt, president of the firm and treasurer.

Agreement was reached which will "give us a complete service for all automotive needs," McRoberts stated.

"Both service and sales personnel have been increased to take better care of customers," he went on.

McRoberts moved to Sanford last year from West Virginia, where he owned McRoberts Supply Store and is now residing with his family at 225 Scott Ave. He has two daughters; one attending Rialto University in Deland and one pre-school age.

Ideas Not Swayed By Elbe Reunion

MOSCOW (AP)—The leader of nine American veterans of the 1945 U.S.-Soviet Elbe River linkup says reunion with the Russians hasn't altered the group's "right of center" political leanings.

The spokesman for the group—Joseph Polowsky of Chicago—told reporters here that night he and his colleagues "fully support the U. S. government's foreign policy," including West German rearmament. The nine arrived here Monday for a five-day visit as guests of the Soviet Union.

Polowsky made the comment after a rally with Soviet veterans in the Central House of the Soviet army. At the rally Russian Col. A. A. Zhaykov assailed the "remilitarization of West Germany."

Operation Able Set For Tomorrow

FORREST CITY, Ark. (AP)—Tomorrow is Operation Able for this East Arkansas town and about 20,000 persons from surrounding areas, escapees from an imaginary bombing raid, will rush in for refuge.

There will be three times as many "evacuees" as in the last time this cotton country town of about 7,500.

The hundreds of refugees will be volunteers recruited to help civil defense authorities learn more about problems encountered when a small city is called on to take care of a mob of civilians from a devastated area.

The President has let it be known he would accept an average 7.5 per cent raise, although he originally asked Congress this year for no more than 6.5 per cent.

The present bill would mean a 7 per cent pay hike for all of the half million postal employees, and more than that for most of them. It contains some reclassification features raising pay in the higher brackets by much larger percentages but not the full reclassification called for by the administration.

Agreement Reached On Austrian Treaty

VIENNA, Austria (AP)—The Big Four reached agreement today on an Austrian independence treaty. This was reported by informed Western sources in advance of a communiqué.

The foreign ministers of the United States, Britain, France and the Soviet Union will fly to Vienna this weekend to put their signature on a treaty the Austrians have been waiting for 110 years.

Ratification will mean that Austria will be free and sovereign for the first time in 17 years. Some 70,000 troops of Russia and the West will leave.

Agreement was reached after three days of difficult negotiations which it was feared earlier today might break down. For the past three days the ambassadors of the four powers had been deadlocked on a Western demand that the Russians put into the treaty economic concessions granted the Austrians during talks in Moscow last month.

Western informants said the Russians finally gave way to the Western demand, thus paving the way for the actual signing.

Informed sources said the ambassadors decided to make the Soviet concessions an annex to the treaty. The concessions include return of the Zisterdorf oil fields and the Danube Shipping Co. to Austria.

At Kyō, Sonosue, Nagasaki resigned as president of the National Railway Corp. which operated the ferry. Following Japanese tradition, he took responsibility for the disaster.

Air Force Claims 32 Nigs In Area

KUNIN, Korea (AP)—A U. S. Air Force squadron commander said today there were at least 32 Red Chinese MIGs in the Yellow Sea area where his flight of eight Sabres was attacked Tuesday.

Lt. Col. Robert E. Dawson of Dayton, Ohio, told a news conference that half of the Russian-built MIGs were shot down by the Sabres.

Dawson related details of the eight-mile air scrap in which U. S. fighters shot down two MIGs and probably bagged two others, he said. The U. S. Air Force said all U. S. Sabres turned without a scratch.

COURT SEES DAMAGES LOS ANGELES (AP)—Mrs. Roscoe Als wife of the slitting victim, is asking \$28,875 damages for injuries suffered in an automobile accident last Jan. 14.

She and her husband filed the suit in Superior Court yesterday against Robert E. Brandow, an employe. The suit said Mrs. Als was seriously injured when her car was driven by Brandow and collided at a Los Angeles intersection.

Thousands May Be Saved

Government Aid Discussed By Men

Dispensing with federal aid and making U. S. Highway 17-92 a five-lane instead of a four-lane highway will save several hundred thousand dollars, the Chamber of Commerce's long-range roads planning committee was told last night.

If federal aid is accepted, it was pointed out, the highway will have to be constructed according to federal specifications and much money will have to be spent for expensive right-of-way.

The State Road Board has earmarked \$800,000 for the project, \$275,000 of which is federal money.

John Melch, chairman of the County Commission, made a motion that the committee go on record as recommending the State Road Board consider the possibility of five-laning 17-92 from Sanford to the Orange County line within the limits of a 125-foot right-of-way.

He added the provision that Seminole County and the State Road Board bear construction costs on the same ratio as the state and federal government normally engage in on federally approved highways.

Melch's motion was seconded by County Commissioner Brown Miller.

As an afterthought, Melch said that by doing the project in this manner the county government will have a voice in determining its roads needs.

Instead of spending money on expensive right-of-way as required by the federal government, he added, the county will spend money for actual construction "to better fit the needs and desires of its people."

Federal specifications would require about 50 feet of grade on either side of the actual road surface, it was pointed out. By doing the job without federal aid, the grade could be cut down to about 20 feet on either side.

Under the new proposal, it would then be necessary to obtain only about 12 and one-half feet of right-of-way on either side at various places along the highway.

The original plan would have put a 40-foot park section in the center of the highway. The committee decided to do away with this section in favor of a five-lane highway and less right-of-way.

Melch cited the need for not tugging up the county's secondary road building funds.

Bradley Odum, committee chairman, said he had talked with William Dial, who succeeded Campbell Thorne as the State Road Board when Thorne was appointed to the Florida Supreme Court. Dial, he said, "feels the same way" about 17-92 as did Thorne.

Mayor Denver Cordell made a motion that the committee invite Dial to the County Commission meeting May 7 to discuss the proposed plan.

The committee met at Elmer's Restaurant.

Sanford Student Named To Board

DURHAM, N. C. — Samuel Sigmond Jacobson of Sanford is one of eight Duke University students who have been appointed to serve as members of the Duke Judicial Board for the 1955-56 academic year.

The students were chosen on the basis of interviews with Men's Student Government Association president, Hard Bennett.

A rising junior at Duke, Jacobson is the son of Mr. and Mrs. Herman Jacobson of 220 Scott Ave., Sanford.

COLD STORAGE LOCKER SERVES AS BEDROOM SEATTLE (AP)—Mountain climber Dick McGowan and Fred Beckey slept for seven hours in a cold storage locker at 26 below zero with fans whipping up a 30 m.p.h. They were testing sleeping bags they plan to use next fall in climbing a Himalayan peak. "It would have been just like home," said McGowan, "except for the smell of fish."

Strolling In Sanford

Parents are urged today to remember the registration of children who will enter the first grade at West Side School next fall. Registration will be held from 9 a. m. until 12 noon, Dr. Terry Bird and a nurse will be on duty at the County Health Unit to give examinations.

Miss Dawn Bishop and Miss Bebe Blase will be among women students to be installed Saturday to the official chapter of Tau Beta Sigma, national women's honorary band sorority. They are juniors at Florida State University in Tallahassee.

Keeping Modern Pace — The Indian chief, introducing himself to a paleface visitor, said, "I am Brave Eagle; this is my son Fighting Bird, and this is my grandson, Super-Jet Bomber."

Individual honors in competitive drill competition were recently awarded to members of the Army ROTC detachment at Florida State University. Cadet Cpl. G. N. Bates was the leader of a squad which won first place in the best drilled squad category while second place was won by a group under Cadet Cpl. I. E. Estridge.

Dulles, Colleagues Get Preparations Ready For Meeting

PARIS (AP)—U. S. Secretary of State Dulles and his Big Three colleagues scheduled new conferences here today in preparation for their expected weekend meeting in Vienna with Soviet Foreign Minister V. M. Molotov.

Other members of the NATO Council of Ministers were off for home after a weekend session yesterday. But Dulles planned to see British Foreign Secretary Harold Macmillan at the British Embassy this morning, and to meet with French Premier Edgar Faure later in the day.

Dulles delayed his departure for Vienna at least until tomorrow because of Russia's continued refusal at negotiations in the Austrian capital to incorporate promised economic concessions into the Austrian independence treaty.

A U. S. spokesman said Dulles' trip—originally scheduled for this afternoon—depended on the treaty text being available over the weekend.

Woman Gets Tired Of Pokey Suitor

VANOCOVER, B. C. (AP)—After 37 years of watching after the cows instead of marching down the aisle, 66-year-old Dorothy Pentland says she is tired of waiting for "the farmer to say 'I do.'"

She is suing Benjamin Crowe, 64-year-old farmer, for breach of promise and asking a half interest in his farm.

She complained in court that she has been a housekeeper as well as a milkmaid without pay and "has stayed in bed while I went for the cows at 4:30 a. m. each day."

She said Crowe promised to marry her in 1937.

Strategy Mapped By Steelworkers

PITTSBURGH (AP)—The CIO United Steelworkers mapped strategy today for a fight to secure a "substantial wage increase" in unprecedented simultaneous negotiations with six major steel producers.

The union's 110-member Wage Policy Committee approved the "substantial" demand of 10 per cent. President David J. McDonald yesterday, McDonald declined to reveal the exact amount. Steelworkers now average \$2.35 and less.

The union has some 300,000 members in basic steel plants, and so many more in steel fabricating.

India's Great News

Few developments have meant more to the happiness of millions than an announcement from New Delhi, India, where the parliament has passed a law making discrimination against untouchables, the lowest Hindu caste, a punishable offense. This affects some 50,000,000 people, one-seventh of India's population.

The untouchable has led a miserable life. If his shadow falls on a Brahmin, member of the highest caste, the Brahmin is defiled, and usually sees to it that his resentment is expressed. If the shadow falls on food the Brahmin plans to eat, that food becomes untouchable and has to be thrown away. The untouchable is relegated to the most loathsome tasks in the community. Yet some of them have managed to become rich men.

Some years ago the Indian constitution abolished the caste system, at the urging of the late Mohandas K. Gandhi, but no act to enforce the new ruling was passed. In the long run, however, public opinion will do more to modify this age-long evil than any criminal sanction.

Fight Against Polio Still Problem

WASHINGTON (AP)—How is the antipolio vaccine going to be distributed so that those who need it first get it first, whether or not they can pay for it? That's one of the biggest, unsolved problems in the fight against polio.

The government—that is, the Department of Health, Education and Welfare, headed by Mrs. Oveta Culp Hobby—had time to plan for this problem before any vaccine was distributed. Apparently it did nothing.

It still has produced no answers although this week Mrs. Hobby is expected to make recommendations to President Eisenhower. She is not likely to suggest federal control. She has been against that.

On April 13 she gave permission to drug manufacturers to start distributing the vaccine. This was done a few hours after announcement that last summer's test on several hundred thousand children had been 80 to 90 per cent effective.

The National Foundation for Infantile Paralysis has continued with manufacture to produce vaccine to give free shots to nine million children in the first and second grades. All other children will have to pay for shots unless somehow they can get them free.

What of those in the susceptible age group (1 to 9) who can't afford to pay for shots by a private physician and have no other way of getting the vaccine? There is no answer so far.

And what assurance is there that in the next polio epidemic wave will get shots before they are older people? There is no nationwide plan on that either.

It would seem that Mrs. Hobby's department could have done what

To Teach The Heart

If America is a melting pot, then New York City probably does more of the melting than any other spot in the nation. To bridge the differences in backgrounds that exist there and to lessen the difficulties people have in understanding those who come from other cultures, Mayor Wagner has announced an anti-bias training course which will begin in June. Three thousand patrolmen will start the special program next month and ultimately the entire force of 21,000 policemen will undergo the training.

Policemen are the first one turns to in trouble. They are also expected to make decisions in situations that frequently create tension and bias. A person who belongs to a minority group or is new to the ways of the American world should be able to turn to the police, confident that he will be treated fairly in any situation without reference to his cultural or minority difference.

In a city as large as New York good human relations are rarely emphasized. In smaller communities such an emphasis seems seldom to be needed. But New York's venture proves that a city can never grow too large and each individual difference proves that a town can never be too small to consider how better to live with one's neighbor. There is room in every community, large or small, for differences as long as the people who live in those communities are large and not small in heart and mind.

A British Napoleon

Something new is always coming up about Napoleon. French historians have now discovered that he might have been a British general instead of a French. He moved in this direction in 1792 when he went to England to apply for a British army commission.

What happened is not known. Perhaps he did not carry out his intention. Perhaps the caste-ridden British army of that day rejected the application of an unknown Corsican. If they did, they had plenty of opportunity later to repent at leisure.

But what an interesting speculation if Napoleon had burst all these barriers and attained the rank in the British army in which his genius entitled him! There would have been no Waterloo, and the Duke of Wellington might have been known only as a successful general in India.

HAL BOYLE

He Sits There With Whip In Hand

NEW YORK (AP)—He sat there—the man across the luncheon table, small, dark-eyed, polite talking, with a whip in his mind.

The whip is the one with which he lashes mankind and himself for failing to dream as big as people can, and for not attaining the dreams they do have.

Asked when he was most happy in his life, William Faulkner, student of failure and recent Pulitzer prize winner, started off:

"Success comes too easy in this country. There are many ways to make money and they all spell success."

Faulkner may appear to some as the intellectual's Mickey Spillane. But his reverence is for a man like Thomas Wolfe, whom he calls the most magnificent failure of his generation, because "he tried to do more than flesh and blood could do. He tried to reduce the human heart into a paragraph."

"We measure greatness by the distance between the dream and the failure. We all fail. None of us reach the dream."

Faulkner, who is a small man with obviously fastidious tastes, grew up with physical and literary bohemia, such as Wolfe and Hemingway.

"In our generation we were all failures. Myself, Don Passon, Hemingway, Wolfe. Wolfe was the finest failure."

Faulkner, when asked how many books he has written, gives a vague answer.

"Somewhere between 18 and 22, probably 20."

When asked how many books he has sold, he says he doesn't know but is going to ask his publisher about those things.

Faulkner is an extremely deliberate craftsman. Among other things, he has delivered the plot lines for 12 movies. The latest is "Land of the Pharaohs," a Warner Brothers picture.

After winning the Nobel prize for literature, he was given the Pulitzer award this year for his novel, "A Fable." This rather surprised him, since it was published a year before.

Faulkner, one of the most successful writers in America, has an outpoken antipathy for the bare bones of success.

"I was born to be a tramp. I was happiest when I had nothing, I had a trench coat then with big pockets. It would carry a pair

of socks, a condensed Shakespeare, and a bottle of whiskey. Then I was happy and I wanted nothing and I had no responsibility."

I asked him what makes people grow old. He said idleness, boredom. It kills them. They die because they don't have enough to do.

"Doing nothing — sitting down and vegetating — is no good unless you can make it an actual occupation."

"There are people who can do without a job in this world and stay healthy, but they have to be used to it."

Asked what was his greater

pleasure in life now, Faulkner replied:

"Thinking up an idea for a book before I realize this one really isn't going to be as good as I want it to be, either."

"This time you say I'll catch the answer to the whole riddle — why man is here — put it down in black and white so everyone can see it and understand. Before you can do this, you break the pencil and throw it away."

From the way he talks, you might get the idea his Mississippi farm is strewn with broken pencils — until you take a look at that book list.

Polio Shots to Be Given Before Schools Close

By HERMAN M. BUNDSSEN, M.D.

INOCULATING 9,000,000 school children with the Salk polio vaccine is going to be a tremendous job. And it must be completed before the end of this school term, if the vaccine is to be effective in combating the yearly polio peak during August and September.

Success Anticipated

Preparations, however, have been under way since the first of the year-long before we were sure the vaccine would work—and the entire operation is expected to run smoothly.

Here's how it will work: The inoculation project in your community will be in charge of your local health officer. If your youngster is among those eligible for the free vaccine shots, you may already have received literature explaining the vaccine. You may also have received a parental request form which you must sign before any injections will be given your child. If you don't have the form, it will be supplied to you through the school or your health department.

Parents' Meetings Perhaps you have attended a parents' meeting stressing the importance of having your child inoculated. If your child's school hasn't had such meetings yet, it probably will schedule them soon.

Three injections of the vaccine are required over a seven month period for each youngster. The second shot is given one week after the first, and the third is given seven months after the second.

The vaccine is injected into an arm muscle.

Clinics in Schools

In most areas, the vaccine clinics will be set up in schools. A physician will be in charge of each clinic. He might have several other physicians working under him.

Local health officers, in most instances, are going to have to provide all the needed equipment, except for the vaccine.

If your child is absent from school the day he is scheduled to get his shot, don't worry. Your health officer will schedule "make up" clinics to be held within a week after the missed inoculation date.

QUESTIONS AND ANSWERS Mrs. E. K. is sure necessary to cure colitis or can it be cleared up by diet and medication?

Answer: There are many types of colitis, resulting from various causes. Some cases are due to infection. Others are due to the wrong use of laxatives and improper diet. The length of time required for a cure depends upon the cause.

A permanent cure can be wrought about in most types of colitis through the use of proper treatment.

Jobs Lag Behind Factory Output

NEW YORK (AP)—Jobs have lagged behind the gains in factory output. But there are signs today that employment is rising and may catch up soon.

Industrial output is back to right around its 1953 peak. But fewer people are employed now than then. Instead, those who already have jobs have been putting in longer hours at the factory — and using better machines.

This trend is now changing. The Commerce Department notes that recently the tendency has been "to in addition to extending working hours."

This, along with higher wage scales, has helped push the total income from wages and salaries to an annual rate of 147 billion dollars, six billion above a year ago.

A number of reasons are given for the lag of jobs behind output in the early stages of the business recovery that started last fall. The Northern Trust Co. of Chi-

cago notes that better equipment has played a large role. The bank figures there may have been a gain of about 4 per cent in output per man-hour in the last year.

When business was falling off in the second half of 1953, many manufacturers cut the total of workers by a greater percentage than they cut weekly hours. The Chicago bank says this apparently was "to eliminate some of the marginal, less efficient workers hired at the peak levels of activity."

To this, the First National City

Bank of New York adds the opinion that employment totals in 1953 were inflated because of "the inefficiency of high-pressure defense production and the waste-encouraging effects of the excess profits tax."

Last fall factories stepped up output by increasing the work week rather than by large-scale rehiring.

The New York bank says: "In the early stages of recovery it is easier, and often more economical, to increase output through longer hours than to add more workers, especially when hiring would involve reopening facilities or adding a second shift. Beyond a certain point, however, hiring becomes more efficient than overtime, and apparently that point is being reached in an increasing number of firms."

Conservation News

By BEN WIGGINS, Soil Conservationist, USDA

Sunday, May 15, will be observed by many churches throughout the country as Soil Stewardship Sunday. In order to promote soil stewardship, Bonner Carter, chairman of the Seminole Soil Conservation District, has presented to the Seminole County Ministerial Association informational materials that may be used as a guide in preparing sermons by local ministers on that date.

Throughout the ages, man has offered humble thanks to his Creator for the priceless gifts of soil, water, and sunshine that make all things possible. In all lands, man has paused on certain days or seasons of the year to remind himself of his sacred obligation to cherish and care for the Lord's earth which gives birth and nourishment to all. While man has sometimes been negligent in his stewardship of the land, his shortcomings have seldom been wanted. Most often they have come from the lack of knowledge or understanding of the Divine law of creation, or the absence of spiritual guidance to remind him that he is but a custodian, not owner, of the Lord's land.

In 1931, the U. S. government sent one of its leading soil scientists, Dr. Walter C. Lowdermilk, associate chief of the Soil Conservation Service, to the Near East to learn, if possible, why the vast population and flourishing cities of Biblical times had ceased to exist. Dr. Lowdermilk and his party made exhaustive examinations over many thousands of square miles. They inspected ruined cities, many of which they found buried deep under the products of soil erosion, ancient abandoned irrigation systems, dried up stream beds, barren deserts, and remnants of pre-time forested areas.

From his findings Dr. Lowdermilk concluded that man's failure to be a good steward of God's gift to mankind was the direct cause of the waste and desolation that greeted his eyes. Before leaving, Dr. Lowdermilk was invited to make a radio broadcast in Jerusalem summarizing his findings. Focusing what he considered to be the most important lesson he had learned, he had added an 11th Commandment to the Children of Israel had, he been forewarned of the calamity to befall the land. He put his thoughts on paper and broadcast for the first time what has since become known as an "Eleventh Commandment."

"Thou shalt inherit the Holy Earth as a faithful steward, conserving its resources and productivity from generation to generation. Thou shalt safeguard thy fields from soil erosion, thy living waters from drying up, thy forests from depletion, and protect thy hills from overgrazing by thy herds, that thy descendants may have abundance forever. If any shall fail this stewardship of the land, thy fruitful fields shall become sterile, stony ground and waste, thy grapes shall rot, and thy descendants shall decrease and live in poverty or perish from off the face of the earth."

Rare Book Brings Price Of \$25,000

NEW YORK (AP)—A Journal of George Washington, one of America's rarest books, brought \$25,000 at auction Tuesday. It will go on display at the National Archives, Va. Mrs. John D. Rockefeller Jr. provided the money.

The Journal was published at Williamsburg in 1784. The colonial capital was restored largely with Rockefeller family funds as a public museum of Americana.

The book, written by Washington at the age of 31 while he was a major in the British Army, brought spirited bidding at the Parks-Bernet Galleries. Only seven other copies of the first edition of the book are known to exist.

STUDENTS' TEACHERS FILE INTO BOOKS

GREENWOOD, S.C. (AP)—Students and teachers at Lancaster College here really piled into the books yesterday. The group carried books from the old library building to the new, with punch served at the holiday mark.

Findings. Focusing what he considered to be the most important lesson he had learned, he had added an 11th Commandment to the Children of Israel had, he been forewarned of the calamity to befall the land. He put his thoughts on paper and broadcast for the first time what has since become known as an "Eleventh Commandment."

Miss Carol Stone Is Guest Speaker For Ladies Group

Miss Carol Stone, chairman of the Holy Cross Women's Auxiliary gave an interesting report on the recent Diocesan Convention held in Fort Lauderdale this month at the meeting on Monday of the St. Agnes Chapter of Holy Cross Episcopal Church.

The meeting was held at the home of Mrs. Fred Dyson, chairman. After a delicious luncheon, served by Mrs. Dyson and Mrs. Harry Lee, Mrs. S. O. Chase opened the session with the Auxiliary Prayer and the United Faith Offering Prayer. She also gave a report on the last board meeting, calling attention to the annual May luncheon at 12:30 p. m. on May 16 in the Parish House. At this time names will be drawn to form the new chapters.

An added feature will be a talk by Mrs. Randall Chase on her past work in the church.

In Miss Stone's talk on the convention, she stated that a request was made for either new or used athletic equipment for the boys to use at Wingman and St. Francis. She told of the plans made to mark the 10th anniversary of the consecration of Bishop Lovitt. This will be on May 17 in St. Luke's Cathedral, Orlando at 11 a. m. She also spoke on the selection of Mrs. Randall Chase as an alternate delegate to attend the fall convention in Hawaii.

The following members were present: Mrs. Alex Vaughan, Mrs. B. P. Whitner, Mrs. W. S. Jackson, Mrs. George Shipp, Mrs. Vail Lovell, Mrs. Fred Dyson, Mrs. Harry Lee, Mrs. S. O. Chase, Mrs. Irving Fleischer, Mrs. Floyd Palmer and Miss Carol Stone.

As We Were Saying

The newly-hired cashier of a New York restaurant made her first trip to the bank to deposit the day's receipts. In filling out the deposit slip, she listed bills and checks but was stopped by the word "specie". Finally, in a firm hand, she wrote "Females".

Mrs. M. Thomas Elected President Of Jr. High P-TA

Mrs. Michael Thomas was elected president of the Sanford Junior High School P-TA at the meeting of that group held Tuesday afternoon. Other officers named were Mrs. Lee Samuels, vice president; Mrs. J. P. Wilson, secretary; Mrs. Bill Glenn, treasurer; and Mrs. W. B. Brinson, historian.

Mrs. Homer Osborn and Mrs. Clyde Pierce were elected delegates to the state convention and Mrs. O. L. Hanks, and Mrs. O. R. Smith were made alternates.

Other action taken included reports by standing committees and presentation of pins to the newly named president and retiring president, Mrs. J. P. Wilson.

Special recognition was given to Mrs. S. O. Chase for her outstanding work in setting up and organizing the Junior High School library. Mention was made of the fact that the state P-TA headquarters are desirous of getting information concerning the organization of such libraries, as the ones Mrs. Chase has set up are the only such in the state.

Mrs. W. A. Kitzert announced a graduation party for eighth graders will be held this month at the Yacht Club.

Mrs. J. B. St. Johns, new president of the Seminole County P-TA Council, installed the new officers. Mrs. J. P. Wilson presided over the meeting and Mrs. A. M. Remusat offered the devotional. Room count was won by Mrs. Thompson's room.

St. Mary's Chapter Hears Reports On Diocesan Meet

St. Mary's Chapter of the Women's Auxiliary of Holy Cross Episcopal Church met at the home of Mrs. H. W. Jacobs with Mrs. J. E. King acting as co-hostess.

Miss Carol Stone, auxiliary president was a guest at the meeting. Mrs. Guy Allen led the devotion and Mrs. L. R. Johnson presided over the business meeting.

Mrs. Allen and Mrs. Charles Volonich reported on the Diocesan Convention held recently in Fort Lauderdale.

The members of the chapter were urged to attend the covered dish luncheon of the auxiliary on Monday May 16 at 12:30 p. m.

At the conclusion of the meeting a market basket sale was held with Mrs. Allen acting as auctioneer.

Refreshments were served by hostesses to the following: Mrs. Gordon Bradley, Mrs. H. L. Zimmerman, Mrs. L. R. Johnson, Mrs. R. W. Williams, Mrs. K. Family Supper Given At Church By Presbyterians

The First Presbyterian Church celebrated National Family Week May 15 with a family night supper. Thursday night, the church families came and sat together, enjoying games and watching a film: "At Home With God" which emphasized family worship in the home.

The Sunday evening worship service climaxed family week in the church with a service centered around the home and the church. Arthur DeYoung led in worship and spoke on "The Church and the Home"; Mr. and Mrs. Clifford McKibbin Jr. and their sons, Clifford III, Alex and Bruce portrayed "The Family Prayer"; Teddy Walker and Dian Aiken and the Youth Choir paid a deserving tribute to the Christian Mother.

Miss Joan Wilke played the piano and directed the choir for the service.

FEMME FACTS

Feminine Charm Stressed In New Summer's Styling

By Fran Carlton

"AS YOU ARE WOMAN, SO BE LOVELY." So spoke Pygmalion to Galatea and the mandate is echoed by Dame Fashion this Spring. Knife-sharp man-tailoring

is disappearing and designers seem to be making a concerted effort to replace the stark line and straight-line with a more gracefully feminine styling.

Suits are softly rounded over and neatly nipped-in at the waist for the accent that is strictly feminine. In summer attire the softness of pastels, the fragility of lace or demureness of gingham checks, and the daintiness of Irish handkerchief linen all forecast a more consciously feminine attitude in decades.

Color Line

Pink is a carry-over color from last summer, and remains the most popular and flattering shade. In addition to pastel shades, checks and dotted Swiss, pink separates in pure linen are being shown for more casual wear.

Even with these, however, there is a bit of the old-fashioned portwine blue, introduced this Spring, should achieve high popularity during the summer months—the color is so flattering to sun-tanned skin.

Accessory Note

Accessories will capture more attention now that white hat gloves and purses are replacing the darker winter accessories. It's well to remember that these light accessories demand more care than their winter counterparts.

And Now Flowers

Crown your crowning glory with flowers for a chance. Department stores are now showing attractive blossoms (artificial but pretty) fastened to a headband for just a wisp of a hat (that is fully feminine and just a bit flirtatious).

Hispanic Motif

Saffron yellow and torene pink are borrowed from the exotic Caribbean islands and will appear in dramatic new settings this summer. You'll see prints adapted from old Spanish shawls, accessories in the brilliant torene pink, and blouses with a touch of the condition of your hair and skin. Careful as you may have been, the March winds are always harsh.

Erase That Frown!

Remember, it takes 66 muscles of the face to make a frown, and only 17 to make a smile. Why work overtime?

parts, since they will be given more prominence with warm weather apparel. While new accessories can perk up an old dress, a new dress cannot revive worn accessories. On the contrary, nothing calls more critical attention to a worn or wrinkled handbag or other accessory than a sparkling new dress, so be sure to give your accessories the attention and importance they deserve.

Geneva Society Honors Members Who Are Leaving

The Geneva Women's Society of Christian Service held a covered dish luncheon at the home of Mrs. W. G. Kilbee on Saturday in honor of Mrs. W. S. Norton, Mrs. R. L. House and Mrs. F. D. Hickok, who will shortly be leaving for the summer.

Although her membership in her home church in Atlanta, Mrs. Norton has been a "tower of strength" to the Geneva Society during the winter months each year. She has conducted the studies, and in other ways has taken an active part. Her sister, Mrs. House, of Anniston, Ala., also "lends her support" on her less frequent visits to Florida. Mrs. Hickok has been a loyal worker in the Geneva Society for many years and has held many offices, including that of president.

Guests present included Mrs. W. S. Norton, Mrs. R. L. House, Mrs. F. D. Hickok, Mrs. J. C. Billie Jr., Mrs. Henry Harrison, Mrs. Kenneth Harrison, Mrs. J. E. Lowry, Mrs. Don Perry, Mrs. H. A. Simpson, Mrs. Shaw, Mrs. W. L. Sieg and David Speer. Also Mrs. R. H. Kreitzer, Mrs. Fred Young, Mrs. George Lindsey, Mrs. E. C. Krumpholtz, Mrs. E. H. Kilbee, Mrs. Hattie Atkinson, Mrs. Donald Atwood, Mrs. D. M. Ladd, Mrs. John Thomas, Mrs. J. H. Yarbrough, Mrs. J. H. Milbray and the co-hostesses, Mrs. W. G. Kilbee and Mrs. J. L. Brown.

Seventh-Day Adventists Have Ground-Breaking Ceremonies

The ground-breaking ceremony for the Sanford Church School and Welfare and recreation building was held Sunday in the Sanford Seventh-Day Adventist Church.

Elder D. R. Rees, president of the Florida Conference of Seventh-day Adventists welcomed the many visitors and, after expressing his wishes for the success of the school, introduced the Southern Union president of Seventh-day Adventists, Elder V. G. Anderson.

The four main phases of the denominational work which Elder Anderson emphasized in his remarks were the medical, educational, welfare and recreational. He stressed the growth of these various departments and urged every Adventist present to be loyal to these phases of work regardless of where the honor goes or who gets the credit. He said that the ground-breaking service for this school in Sanford is another milestone in the "progress in Florida."

The Honorable Judge Ernest Housholder, Seminole County Judge who addressed the audience on "The Value of Religion with Education," brought out the fact that juvenile delinquency starts in the home. He placed the responsibility for the delinquency problem at the feet of the parents, not the children. Next to the welfare and recreational facilities until such time that it will be needed for another school room.

At the close of Shepherd's remarks, the officers and guests went to the site of the ground-breaking where Elder V. G. Anderson, Elder D. R. Rees, Judge Housholder, Milwee and Pastor W. J. Oatman broke ground for the new building.

Among the visiting guests were Mrs. Katherine Nichol, Winter Park, Mr. and Mrs. W. A. Sheldon, Orlando; H. Lester and J. L. Hamrick, Euclid. A number of friends from Sanford as well as many of the Sanford church members were present for this occasion.

Breakfast Held By Social Department Of Woman's Club

The Social Department of the Sanford Women's Club had as the last meeting and highlight of the year a breakfast with bridge and/or samba party Wednesday at 9 a. m. in the clubhouse.

Gardenias were placed on the tables to add a spring theme. Canasta high was Mrs. B. C. Moore; bridge, Mrs. L. E. Spencer; and sereeno, Miss Adelaide Conte.

Those present were Mrs. James Huff, Mrs. N. V. Farmer, Mrs. R. C. Wiley, Mrs. Roy Tillis, Mrs. S. D. Hixleyman, Mrs. C. E. Spencer, Mrs. J. D. Callahan, Mrs. Howard Montiehl, Mrs. John Eick and guest, Mrs. Bill Ludwig, Mrs. W. D. Hoffman.

Educational Superintendent of Seventh-day Adventists.

R. T. Milwee, Superintendent of Seminole County Public Schools, pointed out the increase of population in Florida, which in turn demands larger educational facilities. He stated that the Seventh-day Adventist Elementary School would definitely make a contribution toward this great need.

Leland Tetz, student at Forest Lake Academy, furnished the music.

Orlando Rallies To Edge Sanford Cards, 7-6

Orlando manager Tommy O'Brien slapped a single to right with the bases loaded in the last of the ninth at Orlando's Tinker Field last night to give the league-leading CBs a 7-6 victory over the Sanford Cardinals.

The CBs travel to Sanford tonight for a game at Memorial Stadium. Game time is 8 o'clock.

Trailing by a 4-1 count last night as they entered the last of the eighth the CBs scored three runs in that inning and added another cluster of three in the ninth

to barely match victory from the Cardinals.

O'Brien, who has been able to see only limited action during most of the season because of a painful ankle, hit relief pitcher Jim Flanagan's second pitch for the blow that sent Dike Wilson across with the tie-breaking run. Joe Valmas went the route to chalk up his fifth success of the season. The Cardinals rapped the right-hander for 12 hits, including home runs by Terry Terrell and Frank Yurchak, but he yielded only a pair of walks.

Valmas had led off in the ninth by grounding out but Ed House-

smith and Dave Drapp worked starter John Bartek for walks to keep Orlando hopes alive. Mike Kasabian then forced Drapp at second but Dike Wilson beat out a high hopper to third that allowed Houseknecht to score and make it 6-5.

Joe Barrios was hit by a pitch to load the bases and a walk to Ray Thomas forced home the tying run. O'Brien drew a ball from Bartek before Flanagan relieved. He got a pitch over but the next pitch landed in right.

Meanwhile, two three-game winning streaks ended. Cocoa snapped one for West Palm Beach 3-1 and

Daytona Beach stopped one for Gainesville 4-1. Lakeland edged out of the cellar with a 2-0 victory over St. Petersburg.

The Phils' shutout victory was the result of Toppin's seven-hit pitching. He stranded 11 St. Petersburg runners. Lakeland also was checked with seven hits by Hooks Iott but combined three of them for both runs in the sixth.

West Palm Beach got only six hits off Cocoa. Jim Miller got four of Cocoa's nine and scored the winning run in the eighth inning on an error. The 790 West Palm Beach fans saw Bill Garcia hit one that would have tied the score

if it had been a foot higher. But it hit the fence and fell in for a triple and he was left on base.

Daytona Beach stopped Gainesville' streak at three and ran its own to four. Bill Patrie singled, stole second, went to third on an error, then stole home in the fifth inning to score the first run of the game for the winning Islanders.

A crowd of 608 turned out at Gainesville.

Before that late explosion, the Cardinals had built a seemingly secure margin against Valmas.

Sanford Manager, Dan Keith, the FSL's leading blitzer, led off the sixth with a single and Terrell followed with his home run over the fence in left center. The third run of the inning scored when Yurchak cleared the fence in left. Sanford made it 4-1 in the eighth on a single by Randy Crisp, a double by Yurchak and Bartek's single.

The CBs started their comeback in the eighth with an error and a pair of walks that loaded the bases. Barrios singled to bring home two runs and O'Brien's sacrifice fly scored the run that made it 6-4.

Yankees Weaker Than Last Year, Al Lopez Thinks

NEW YORK (AP)—After sweeping a two-game series in New York, Manager Al Lopez of the Cleveland Indians was convinced today the 1955 Yankees are weaker than the team which finished eight games behind the pennant-winning Tribe last year.

"While I believe the Yankees are still the team we have

to beat for the pennant," he said, "I also think they are weaker than they were a year ago. Just look

when they've lost—Allie Reynolds and Gene Woodling. And Phil Rizzuto can't play regularly any more.

You can't lose such men and expect to be as strong. You don't replace men of such caliber overnight.

"For years Reynolds was their money pitcher. He was the pitcher they depended upon to win the big game. He was doubly valuable because he was equally effective in relief. Stengel (Yankees Manager Casey Stengel) rarely had to ponder taking out his starting pitcher because he knew he had the Big Chief ready and able to take over. This year, with Allie gone, Casey is not so quick to pull a 'altering starter'."

Lopez believes the Yankees miss Rizzuto in the lineup more than any one player.

"Bobby Hunter is a good shortstop," he said, "but he's no Rizzuto. That's no reflection on Billy. We had the same situation in Cleveland a couple of years ago. We had a pretty good shortstop in Ray Boone. But the fans weren't satisfied because they had become accustomed to the best in Lou Boudreau. Like Lou in Cleveland, Rizzuto was the heart and soul of the Yankees for years."

"Maybe he didn't hit as much as some of the other Yankees but the little rascal was always doing something to beat us . . . either with a timely base hit, a squeeze bunt or a great play in the field. And if he wasn't beating us, then Woodling would. I'll bet Gene hit close to .400 against us during his years with the Yankees."

The Indians edged the Yankees 4-3 yesterday.

Betsy Rawls, one of the nation's top women golfers, graduated from the University of Texas and is a member of Phi Beta Kappa.

At Chicago, the Cubs beat Meyer for the first time since July 16, 1954. A five-run first inning, featuring Ernie Banks' first major league grand slammer, finished Meyer. Doc Foydy homered for three runs off Clem Labine in the third and Billy Loes, fifth Brook pitcher, gave up a pinch single to Walker Cooper in the seventh that provided the winning margin.

The Cards tagged Robin Roberts for 11 hits in seven frames last night. Ron Mrozinski was the leaser in relief as Harry Elliott, Stan Musial and Rip Repulski doubled for two runs in the eighth after the Phils had taken a 3-3 lead. Herb Moford was the winner, in relief of Larry Jackson and Bobby Tiefenauer.

St. Louis Cards Add To Troubles Of Phils' Manager

By THE ASSOCIATED PRESS
The Philadelphia Phillies didn't think much of Terry Moore as a manager, but the old St. Louis Gang guy really belted one on the button when he wished his successor Mayo Smith "a lot of luck because he has a tough job ahead."

That was last October, after the Phils had wound up fifth, 22 games behind the pennant-winning New York Giants and owner Bob Crapenter decided Moore hadn't shown enough "experience" in his three months as manager.

So they called upon Mayo, six years a minor league manager, to take over.

Now Mayo and the Phillies are in the cellar, 14 games back of pace-setting Brooklyn and snarled in an 11-game losing streak. The St. Louis Cardinals extended Mayo's troubles last night, beating the Phils 6-3.

Brooklyn also "slumped" yesterday, or w at amounts to a slump for the Dodgers. They lost one. The Chicago Cubs did it, beating Russ Meyer's hex and snapping the Brook's 11-game streak 10-4. It was only Brooklyn's third defeat.

Elsewhere in the National, Milwaukee finally beat Pittsburgh 5-3 and New York defeated Cincinnati 6-3.

In the American League, Cleveland swept its two-game series in New York, beating the Yankees 4-3 despite Bob Turley's three-hitter and 11 strikeouts. Boston edged Chicago 4-3, ending a five-game losing string. Ned Garver held Washington to three hits for a 7-1 Detroit victory, and Kansas City beat Baltimore 10-0.

Ted's Return To Sagging Boston Club Expected To Boost League Attendance

By BOB HOISING
BOSTON (AP)—Unpredictable Ted Williams' sudden decision to return to baseball is expected to give American League attendance a shot in the arm as well as bolster the sagging Boston Red Sox.

Williams will fly here to-

morrow from Miami, where the final terms of his divorce settlement were recorded yesterday.

"I'm not going to wait any longer," Ted told General Manager Joe Cronin in a phone conversation yesterday. "I've spent two days with my daughter. I'd made up my mind to play baseball again before the settlement was

completed."

Reached later in his Florida Keys seclusion by the Miami Herald, Williams said, "I'll just do the best I can, and hope I can help the club."

"I haven't done any running," he said. "I weigh 210 pounds (13 more than his playing weight, and I may be lousy. But, the Red Sox seemed I want me, so I'm going back."

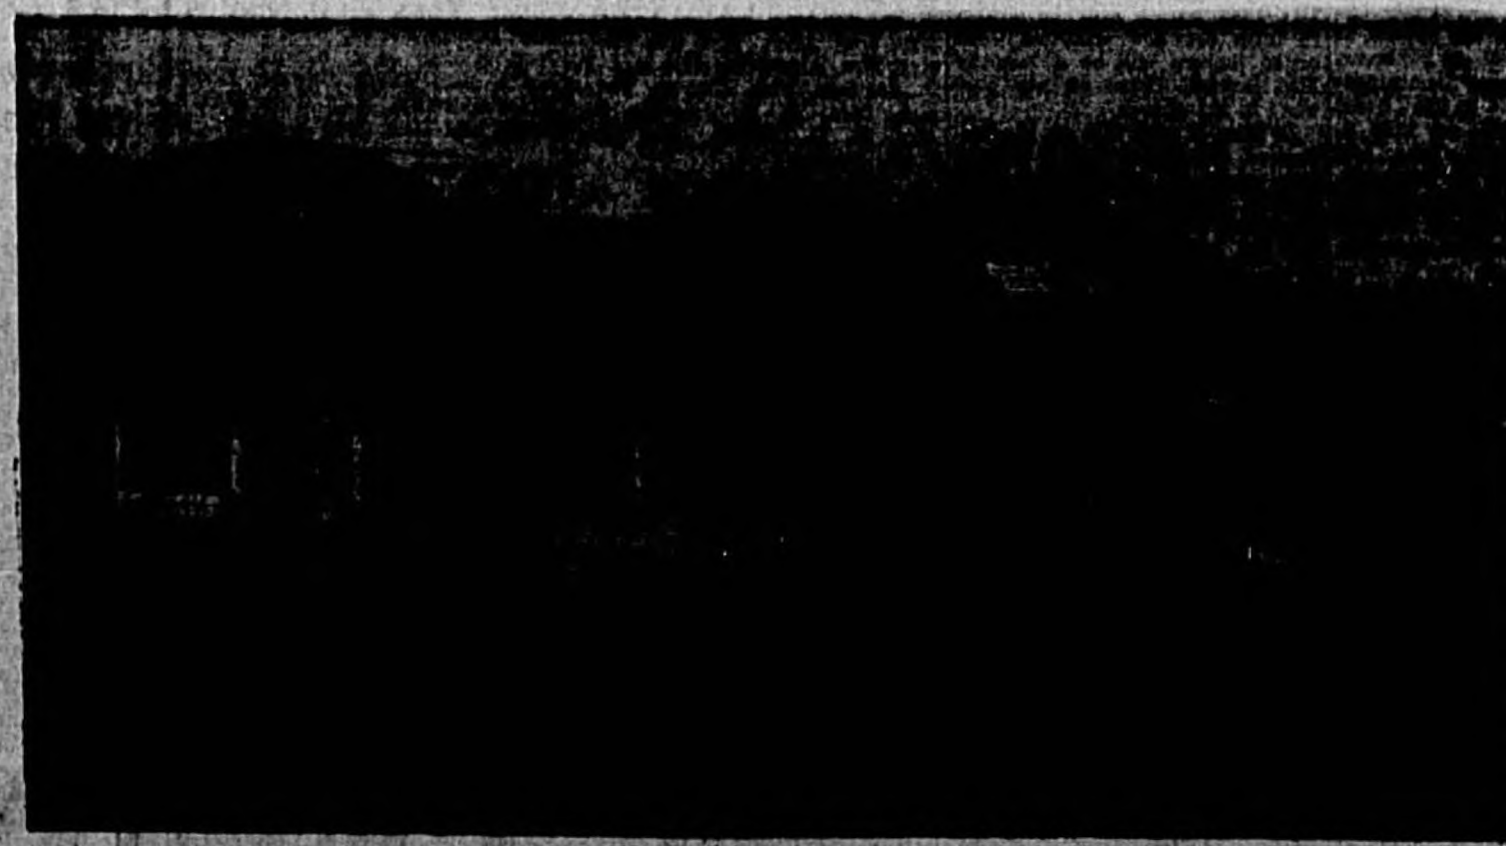

While the great left-hand hitter with a .346 lifetime average steadily repeated his decision to quit after the last game of the 1954 season, speculation ran high as to whether or not he really meant it. Friends insisted his baseball future hinged on his marital difficulties, which were the main reason for his retirement.

The court ordered Williams to pay a total of \$124,000, including \$30,000 for his ex-wife, court costs, and \$100 per month for his 7-year-old daughter Barbara until she is 18. In addition, Mrs. Williams was awarded the family's \$42,000 South Miami home and the family car. It is the fifth "return" of the slugger though each has been different.

NEW HAVEN, Conn. (U-I.)—A new plan by which it hopes to direct its students' minds more toward the books and less toward "extracurricular activities."

The university calls it a major change in its study program for undergraduates. Drawn up by a faculty committee headed by President A. Whitney Griswold, it is the first change since 1946.

The announcement said the change was "aimed at reviving the interest of students in academic work and modifying their attention to extra curricular activities."

"Any Yale undergraduate knows what that means,"

Fewer parties. Fewer visits to Vassar. Less emphasis on sports.

SEARCH IS ENDED

BILEENICA, MASS. (U.)—The weeklong search for 19-year-old Jackie Colby has ended. His body was found Monday in underbrush along the bank of the Connecticut river two miles from his home. Police Chief John E. Trainor said he believes the youngster toppled from the bridge as he peered through the railing 15 feet above the water.

Health Officer Doesn't Believe Delay Will Hurt

Dr. Terry Bird, County Health Officer, said today he does not believe the delay in giving the second shot of Salk polio vaccine to Seminole County school children will cause the initial shot to lose its effectiveness.

Strolling In Sanford

This is the day for which the Stroller has long been waiting: Friday the 13th! Not a bit superstitious is the Stroller who walks under ladders, breaks mirrors and permits black cats to cross in front of him, without fear or trepidation. So all day today, the Stroller will remain in bed, completely and irrevocably defying the Fates. Who's superstitious? Not the STROLLER!

The Junior High Spring Frolics will be presented today at 8 p. m. at the school auditorium. The program will feature mixed voices of the seventh and eighth grades along with specialty numbers and dance. Between scenes selections will be furnished by the Junior High Band. Sponsored by the P-T-A, the production is being directed by Mrs. W. G. Fleming.

Here's one you may have read before, but The Stroller enjoyed it. "I have prepared for this selling point to insert in our circular advertisement," the manager, announced to his advertising staff, "but how can we get every married woman in the city to read this message?" "That's simple," spoke up one of the group. "Just address all the letters to their husbands and mark them 'Private and Secret'."

The swimming pool at the Mayfair Inn will open Sunday morning for members of the Sanford Bath and Tennis Club.

8 Teachers Hired For New Pine Crest Elementary School

Eight teachers were hired for the new Pine Crest Elementary School at yesterday's meeting of the Seminole County school board. The meeting was held in superintendent R. T. Milne's office.

Teachers hired were: Miss Virginia R. Booth, Lake Worth; Mrs. Margaret H. Bryan, Sanford; Mrs. Polly S. Daniels, Mobile, Ala.; Mrs. Hilda W. Davis, Sanford; Mrs. Martha Y. Smith, Deland; Mrs. Mary M. Walter, Lake Monroe; and Miss Margaret A. Wilson, Sanford.

Completed plans for the addition of three elementary rooms to the Orlov school were approved and forwarded to the state department at Tallahassee for final approval.

The new board meeting will be held May 26, when bids on buses and gas tanks will be opened.

Board members inspected the progress at the Pine Crest school following yesterday's meeting.

Goldsboro Students To Register Sunday

Miss F. E. Reid, principal of Goldsboro Elementary School has asked all parents of children who will be six years old on or before Jan. 1, 1956, to bring the children to the school's assembly room Sunday at 2 p. m. for enrollment and a check-up.

Dr. G. H. Starke and a nurse will be on hand to give immunization and booster shots. Parents are also asked to have their child's birth certificate to verify age.

DOG STARTS FIRE
KATYHAMPTON, Mass. (U)—Walter Robare has a shack near the town dump where he stores salvaged metal. Yesterday his dog brought a piece of meat from the dump to the shack. The meat was wrapped in kerosene paper. It set fire to grass near the shack and the blaze spread to the small structure.

The dog recently set another grass fire in a similar manner but Robare put that one out before it reached the shack.

Iowa State Dean Is Given Cadillac

AMES, Iowa (U)—An Iowa State College dean, praised for having the "student interest at heart," was honored with a new Cadillac by his students last night. M. D. Heiser, dean of student affairs and a member of the faculty here for 40 years, received the automobile in a surprise ceremony before 5,000 persons in the football stadium.

The car was purchased by donations of students and friends in response to criticisms that coaches receive valuable gifts while professors are overlooked.

A fund also has been established in the name of the 65-year-old dean to provide scholarships for worthy students.

The presentation was made by Ronald Moss, president of the student body, as the college opened its annual three-day Veeha festival.

Blaze Threatens Brooklyn Section; Damage Reported

NEW YORK (U)—Fire destroyed two lumberyards and three buildings last night and the flames threatened the Williamsburg section of Brooklyn.

A fire official estimated damage at two million dollars.

Four hundred firemen and 70 pieces of apparatus raced to the scene. Eighteen firefighters were injured, none seriously.

The fire started when a sawdust blower exploded in a one-story frame planing and moulding plant adjoining one lumberyard. Two employees fled to safety.

Flames engulfed another lumberyard, and a bolt and screw factory on the same block also was destroyed. A paint store across the street from one yard suddenly burst into flames.

Offer Of Reward Obtains Freedom

SEATTLE (U)—Harold E. Cotton, 23, whose car killed a 6-year-old boy last Nov. 15 then sped on, gained his freedom yesterday by agreeing to provide \$1,000 reward money for capture of other hit-run drivers.

The \$1,000 or year-in-jail choice was given Cotton by Superior Court Judge Henry Clay Agnew when Cotton appeared for sentencing after conviction on a charge of failing to stop and give aid.

The money must be paid in installments to Police Chief H. J. Lawrence during the next two years.

PROPOSALS INVITED
WASHINGTON (U)—The Atomic Energy Commission is inviting proposals to buy heat produced in the operation of a research atomic reactor being built by North American Aviation, AEC said today.

The reactor would be used to generate heat for the production of electricity.

INSTALLATION OF OFFICERS was held yesterday at Southside School for the 1955-56 school year. Installed were (left to right) Mrs. Gustave Hamberger, president; Mrs. F. D. Scott, first vice president; Mrs. C. V. Atkinson, treasurer; Mrs. Velma Mitchell, second vice president; and Mrs. Ralph Wight II, secretary. Mrs. Curtis Lavender, historian, was not present. U. S. Newsman Dies Of Injuries Received In Riot

SINGAPORE (U)—American newsman Gene Symonds, of Dayton, Ohio, died today of injuries sustained in a continuing wave of rioting touched off by demonstrations supporting a bus strike.

Two other persons were killed and at least 38 injured in the violence, which began yesterday.

Symonds, 29, United Press manager for Southeast Asia, died in a hospital this morning, 15 hours after he suffered head injuries. Hospital officials said he never regained consciousness.

French violence flared today in the wake of the rioting by 3,000 striking busmen and their supporters that raged throughout yesterday and last night.

Police checked the initial outbreak by firing on the mob with tear gas and gas grenades, but British officers said last night the demonstrators still controlled an area a mile square in one of Singapore's western suburbs.

Baltimore Paper Carries Unusual Ad From Operator

ANNAPOLIS, Md. (U)—The following advertisement appeared in a Baltimore suburban newspaper May 12:

"The law don't allow no junk yard here. But we don't care what the law don't allow. We run a junk yard anyhow."

The Anne Arundel County Board of Commissioners, taking note of the advertisement, voted to ask for an immediate ruling from the Court of Appeals on whether or not Henry J. Laquer Jr., the junkyard operator, was guilty of violating the zoning laws or not. Laquer's appeal of a zoning law conviction has been pending with the Court of Appeals for some time.

Two County Men Elected To Serve

At a recent convention of Florida Spanish-American War veterans held in Orlando two Seminole County men were elected officers of the Spanish-American War First Volunteer Assn. Frank Evans of Lake May was chosen vice president while C. C. Priest of Sanford was elected secretary-treasurer. President is George E. Spencer of Key West.

Company C of Orlando, which was under the command of Capt. J. N. Bradshaw, was represented by three members at the 45th annual encampment. They were Evans, Lake May; William H. Reams, Winter Garden; and Gabe White, St. Cloud.

Party Heads Claim Legal Bar Removed

WASHINGTON (U)—Major party officials said today that as far as they know the last legal bar to holding presidential nominating conventions in August next year has been removed.

The Republicans had fixed Aug. 24 for their convention in San Francisco, and the Democrats Aug. 13 in Chicago. Both said these dates were more or less contingent on some states changing their laws providing for certifying nominees by the ballot.

Here Kitty, Kitty; Friday 13 Unlucky?

By SANDRA DUNN
Herald Staff Writer

"Today for many persons is what the Ides of March were to Caesar." In other words it is Friday the 13th. But this year we can all breathe a sigh of relief. There is only one.

Today hundreds of machine-age Americans shy away from ladders, and black cats, throw salt over their shoulders, knock on wood, jingle rabbit feet and charms in their pockets and turn white over the breaking of a mirror; but most of all they fear Friday the 13th.

This is probably one of the most widely feared superstitions in the world. Many people say the superstition started many years ago when the Christians associated Friday as the day Christ was crucified and that there was a prior to Christ's betrayal, by Judas, 13 at the table. Others say that the Norsemen had a goddess who adopted the day as her own and anyone working, eating, doing business, etc., was likely to have a shower of misfortunes cast upon him.

Most people won't go to work on this day and many folks will not eat in restaurants, go shopping, move or get married on the 13th. Hotels will not have a 13th floor, hostesses won't seat 13 guests at a table for fear that one will die during the year and transportation companies will not have the No. 13 on a seat.

It is estimated that this "holy-day" costs the nation some \$250,000,000 in loss of business, etc. Professionals say that people fearing "13" superstitions are victims of Triskaidekaphobia (fear of No. 13). Triskaidekaphobia don't care how they got that way. What they are positive of is that terrible things are going to happen and the only reason they don't happen to them is that they take "extra precautions" (like staying in bed).

The town of French Lick, Ind., some years ago stated that all black cats had to wear bells on this day to "keep away the mental strain they employed on the residents."

Many clubs have organized to break down the superstition. One is the National Society of Thirteen.

Three students of Rollins College will discuss the following topics: Miss Kay Klein, a graduate of St. Catherine's School in Virginia and a straight "A" student at Rollins will speak on the "Organization of American States (Pan American Union) and its Relations to the United States Foreign Policy."

Vincent Antonetti from Puerto Rico, a tennis player of note and also a student of high scholastic achievement will discuss "The Present Position of the United States in Latin America." Eduardo Garcia of Chile, a senior at the college will also be heard on a subject bearing on "International Relations."

The program was arranged through the cooperation of Dr. A. J. Hanna, vice-president of Rollins College.

RADIO SET RETURNED
PT. MONMOUTH, N.J. (U)—The Army Signal Corps says a radio set left in the antarctic for eight years has been returned here in perfect operating condition. It was brought back by an engineer with the recent polar expedition of the Navy icebreaker Albatross.

U.N. Command Sends Protest

Premier Scelba Sets Out Clearing Strife In Party

ROME (U)—Premier Mario Scelba set about clearing up strife in his party today to save his 15-month-old government.

His stay in office was continued last night when the new Italian President, left-leaning Giovanni Gronchi, re-elected his resignation.

By custom, premiers always submit a resignation to a new president.

Gronchi's election April 28 rocked Scelba and his center coalition government. Although the new President is a member of the Premier's Christian Democratic party, he advocates bringing more leftists into the government.

Scelba's retention of the premiership was assured by statements of continued support Wednesday from the two minority parties in his coalition, Vice Premier Giuseppe Saragat's Right-Wing Socialists and the Liberals.

DeBary Methodists Organize Sunday

The Methodist Church in DeBary will be organized in services Sunday at 4 p. m. which will be conducted by Dr. Paul Fletcher, district superintendent of the Orlando District of Methodist Churches.

Pastor of the church is Lt. Col. Leslie E. Lewis, stationed at Sanford Naval Auxiliary Air Station.

Special music for Sunday's services will be provided by the youth from the Methodist Children's Home at Enterprise. Reception of members into the church and Communion will respectively follow the organization program.

Donald Fletcher Elected President Of Theatre Guild

At a meeting of the Sanford Theatre Guild held Wednesday evening, Don Fletcher was elected president of the group. Other officers elected were: Robert Mero, vice president; Miss Maude Ramsey, secretary and Mrs. Don Grover, treasurer. Elected to the board of directors were Mr. R. B. Billheimer, Francis Roumillat Jr., Tommy Thomas and George Dabbs.

Plans for the coming season and the summer were discussed. It was decided to use "Claudia" as the first play of the season in September. Meanwhile, those interested in little theatre work are invited to meet with the members the third Tuesday of every month when a workation and social evening will be held.

Special attention was called to a meeting of the Central Federation of Live Theatres which will be held the afternoon of June 5 at DeLeon Springs. This is also open to all interested parties. The schedule for the day includes a picnic supper, brought by those attending, swimming and an evening meeting.

Loitering Charge Turns Out Wrong

OMAHA (U)—Omaha police picked up Tom James Dalton, 30, at the public library because they thought he was a penniless loiterer. They were wrong.

"I am the best real shoveler in these parts," said Tom.

To prove it, Tom produced a billfold containing \$2,735.96 in cash.

While the stunned policeman nodded, Dalton pulled out bank books showing deposits of over \$3,000.

Wife Seeks Divorce But Hubby Has Bird

LONG BEACH, Calif. (U)—A Navy shipyard worker got the bird and his wife seeks a divorce, but neither is exactly happy.

George Michael wanted the bird. Pretty Boy, a parakeet, but he says he also wants his wife, Betty Jo, who accused him of mental cruelty.

"I figure that if I can keep the bird she'll come back to me," he told Superior Judge Joe Rayner yesterday. "She loves that bird."

Attack Charged By Group

Incident Is Said
Premeditated Act

MUNSAN, Korea (U)—The U. N. command in a protest to the Military Armistice Commission today charged an "unprovoked" attack Tuesday by Communist MIG's on American Sabre jets "was clearly over international waters."

Peiping radio broadcast a few hours later Communist China's assertion that the Sabres had "troubled over northeast China." The Reds' official People's Daily said, "Tuesday's incident was a premeditated act of aggression."

The U. N. protest and Peiping radio also disputed on losses in the eight-minute air battle.

The U. N. protest said the Sabres, "attacked" some 55 miles southwest of Seoul, "were obliged to defend themselves and in so doing destroyed two or more MIG aircraft while sustaining no losses."

People's Daily said one Sabre jet was shot down and two were damaged. It called the U. N. report of two MIGs downed and two probably destroyed a "brazen willful perversion of the truth."

It said, "Chinese fighters rose to intercept them (the Sabres) and shot down one and damaged two. These are the facts."

In the protest the U. N. Command charged the Reds were "endeavoring to utilize" Korean bases as a "privileged sanctuary."

The protest through the Military Armistice Commission told the Chinese and North Korean members:

"You are officially warned that if the aircraft of our side are attacked, they will defend themselves."

Fifth Air Force Sabre pilots said they shot down two MIGs and probably destroyed two more. They said they were attacked by 32 MIGs. No American plane was hit, they said.

3-Year-Old Youth Survives 250 Bees

SANTA BARBARA, Calif. (U)—It was a bad case of the hive for little Jackie Robles, but the 3-year-old boy survived 250 irate bees and is expected to leave the hospital today.

While visiting his beekeeping uncle, Jackie accidentally knocked over a hive. The insects swarmed all over him before his sister Josephine, 9, washed them off with a garden hose.

Doctors said they pulled 250 stingers from Jackie's hands, ears, nose, even his tongue.

"Only a strong constitution pulled him through," one physician said.

Taylor To Succeed Ridgway As Chief

WASHINGTON (U)—Gen. Matthew B. Ridgway, critical of administration decisions to cut back the ground forces, has asked to be retired June 30 and will be succeeded as Army chief of staff by Gen. Maxwell D. Taylor.

Ridgway's decision to leave on the day before the new military budget becomes effective was disclosed when President Eisenhower sent the Senate a nomination of Taylor today to succeed him.

White House Press Secretary James C. Hagerty said Ridgway wrote a letter to Secretary of the Army McNamara asking for retirement on June 30. Ridgway's term had until Aug. 15 to run.

Reawakened Fear Sends Vietnamese Fleeing From City

HAIPHONG, North Indochina (U)—Hundreds of Vietnamese fled in sharply reawakened fear today as Communist Viet Minh troops marched in to occupy this big port, surrounded by the French after 32 years of colonial rule.

Viet Minh army sound trucks, moving ahead of grim-faced soldiers shouldering rifles with fixed bayonets, blared to the city's people a chilling order:

"Every person who collaborated with the French and Vietnamese forces must report immediately to the nearest Polish station."

News of the order, first heard in the northwest part of the city, spread quickly. Hundreds of Vietnamese streamed to the Haiphong docks in a last-minute rush to flee Red rule.

Most were Vietnamese who apparently had wavered on making their choice to flee or to try to live under Red rule.

Civil War Soldiers Kept Powder Drier Than Counterparts

LEXINGTON, Mo. (U)—Civil War soldiers apparently were better adapted at keeping their powder dry than their modern counterparts who re-enacted the 1861 Battle of Lexington yesterday.

Like the original engagement between 12,000 Confederate troops under Maj. Gen. Sterling Price and 3,000 Union soldiers under Col. James A. Mulligan, yesterday's "Mock battle" was fought in the rain.

But when it came time to fire two cannons, relics of the Civil War, there was silence. The powder got soaked.

Otherwise the re-enactment was similar to the 1861 battle in which the Confederate soldiers forced the entrenched Union troops to surrender.

The mock affair, watched by an estimated 4,000 spectators on the original site of the battle of Lexington, was a part of Wentworth Military Academy's 75th anniversary. Taking part were Wentworth cadets, National Guardsmen, University of Texas drill team and an Army unit from Ft. Riley, Kan.

Property Tax Bill Certain Of Okay By Argentines

BUENOS AIRES, Argentina (U)—A bill to tax property of the Roman Catholic Church was before the Argentine Senate today. Considered certain of approval, it was the latest move by President Juan Peron in his six-month fight with the church.

The introduction of the bill yesterday coincided with the resignation of a Peronista party member from the Chamber of Deputies in protest against the government's anti-church campaign.

Argentine churches are traditionally exempt from taxation. Most private Catholic schools also pay no taxes because they give free education to poor children. Private schools that charge tuition pay real estate taxes ranging from 1.5 to 2.5 of the normal taxes.

The bill to end the exemption was introduced only a day after the Senate approved a measure abolishing Catholic religious education in the public schools.
