

Retired Folks To See Slide Program

Mr. and Mrs. Joseph Huhn will present a program of colored slides taken on an autumn vacation trip to Hawaii and Japan this year for members of the Clubhouse Retired Folks Club at their meeting Thursday in the Community Building.

Host committee for the pot luck supper, which will open the meeting at 6 p.m., will be Mr. and Mrs. Roy Carlson and Mr. and Mrs. George Boulden.

The club will receive the report of the nominating committee and will discuss further plans for the annual meeting scheduled for Jan. 17 at which time the elections are conducted and a new formal dinner is planned.

Club directors have voted to provide funds for two simple Christmas baskets for less fortunate families. The club also, in co-operation with the Florida Power and Light Co., is providing savings bond and cash prizes for a Christmas season outdoor home lighting contest. The committee in charge of this event, George Boulden and Herbert Boswell, is now arranging for judges, not from Chulovita, who will take their inspections just a few days before Christmas.

KIWANIS PRESIDENTS AND THEIR WIVES enjoyed the annual Ladies Night dinner and Christmas party at the Mayfair Inn, with singer Dick Holtzclaw taking the lead in providing entertainment. Shown here from left are

U.S. Red Leaders Next Target

WASHINGTON (UPI)—The Justice Department, backed by a speedy jury conviction of the Communist party of the United States, today sought an early trial for the party's chief leaders, Gus Hall and Benjamin Davis.

A federal court jury deliberated only 35 minutes Monday before finding the party guilty of 15 counts of failing to register as an agent of the Soviet Union. Judge Alexander Holtzclaw immediately fined the organization \$120,000, the maximum punishment provided under the 1950 McCarran Act.

Collection of the fine, however, will be held in abeyance pending an appeal to the U. S. Circuit Court of Appeals.

Thomas K. Hall, executive assistant for the Justice Department's internal security division, said the government was now ready to proceed with prosecution of Hall and Davis, general and national chairmen of the party. Both have been indicted for failure to register as officers of a Communist-acted organization.

"We have asked the court to set trial dates as soon as possible but have not been informed when that will be," the

Justice Department official said.

Under the 1950 law if an organization found by the Subversive Activities Control Board to be dominated and controlled by the world-wide Communist movement fails to register, then responsibility falls to register first to its officers and then to its members.

In addition to Hall and Davis, the Justice Department

said today registration petitions would be filed at an early date against a number of other members.

Party attorneys John Ahl and Joseph Forer said they would seek an immediate appeal of Monday's conviction, partly on the ground that any registration attempt would amount to self-incrimination in violation of the Fifth Amendment.

A special centerpiece on the table was a huge cookie baked in the shape of a Christmas tree by Miss Linda King, daughter of the president of the auxiliary, Mrs. W. J. King.

In the business meeting which preceded the party, members heard reports on the Mid-Winter Conference of the Auxiliary which was held in Tampa. Reporting delegates were Mrs. Joel Field and Mrs. John McCloskey.

Membership rolls for the year have now reached 119 percent and the unit has received a citation for passing the 100 percent goal, Mrs. Charles Webster, membership chairman reported. Mrs. Bea Newsom told members that the recent bake sale was successful.

Present for the event were Mrs. Jerry Parilla, Mrs. John Piorro, Mrs. Bea Newsom, Mrs. David R. Emsley, Miss Linda King, Mrs. Joel Field, Mrs. Eva Wynne, Miss Hazel Stiles, Mrs. D. J. Brumfield, Mrs. Charles Webster, Mrs. Fred Yeackle, Mrs. Paul Breake, Mrs. Ruth Smith, Mrs. T. J. Stiles, Mrs. C. E. Hunter, Mrs. W. J. King and Mrs. John McCloskey.

John B. Ghidotti Dies At Age 62

John B. Ghidotti, 62, died at Seminole Memorial Hospital Sunday.

He was born in Madison County, Ala., Sept. 28, 1900, and had made his home in Longwood for the past 11 months.

Mr. Ghidotti was a retired carpenter and a member of the Elder Springs Baptist Church.

Survivors include his widow, Mrs. Grace Ghidotti; two sisters, Mrs. Dora Robinson, Detroit, Mich., and Mrs. Devey Coulter, Ardmore, Tenn.

The body will be sent to Hamilton House for services and burial. Brison Funeral Home is in charge of arrangements.

Business Briefs

Hamilton House Restaurant on Hwy. 17-92 in North Fern Park, is the result of several years planning and many years experience.

The owners, Bob and Kathy Hamilton, bought the Esry American house especially for use as a restaurant. Extensive remodeling was completed this summer, ending a period of planning and working for their own restaurant.

Hamilton has been in the restaurant business for 16 years, serving as the manager of Morrison's Imperial House restaurants in St. Petersburg, Winter Park and Daytona Beach. He also operated Tampa's International Inn and served as manager of its three large dining areas.

Hamilton House caters for all types of parties, receptions and luncheons in its warm Early American atmosphere, in addition to serving during its regular hours.

Little Red Schoolhouse Growth Outlined By Leaders Of Group

The progress of the Little Red Schoolhouse over the last three years was outlined by Mrs. Frank Huhn for members of the School Food Services Assn.

The address was presented at the December meeting and Yule party of the association held at the Longwood School.

Mrs. Huhn, who has been one of the pioneer supporters and workers of the school for mentally retarded children, was accompanied by Mrs. Ann Karns, who is also active in the growth of the school.

"From one room in a church, we have progressed to the present Little Red Schoolhouse, an old building, the use of which is given to us by the county school board," Mrs. Huhn said.

The budget for this year has been set at \$5,000. Mrs. Huhn told members of the association and support is entirely through the donations of individuals and charitable organizations.

A paid teacher is in charge of the school now and the group of children varies from five to 13 years of age, with a waiting list of several more children pointing up the need for further expansion.

"These children can be taught a good many things, but they must be taught individually, because each has special problems," she pointed out. "They go to school three hours daily, and have the same vacation periods as children in public schools."

Last summer, the children were able to take advantage of a six-week craft course, emphasizing the use of the hands, and drawing on the creative and manual ability of the children.

Church Plans Annual Program In Enterprise

By Helen Sandgren

The Barnett Memorial Methodist Church of Enterprise will hold its annual Christmas Tree Party and program Thursday beginning with a covered dish supper at 6 p. m.

Those planning to attend are also asked to bring table service for each member in their family group.

The film, "The Littlest Angel" will be shown and a program will be presented under direction of Mrs. Frank Winkler assisted by Mrs. Allen Sain after which Santa Claus will visit with goodies for all the children.

Rev. Fred Foster, pastor of the church, emphasizes that the party is for all families in the community whether or not they are members of his congregation. The minister has advised that particularly would like all children of the area to attend and join in the festivities.

Lake Mary UPY Hears Talk About Life In Philippines

By Frances Wester

Life on the Philippine Islands was described by special guest Pamela Grinnell, who was in charge of the program given at a regular meeting of the United Presbyterian Youth of the First Presbyterian Church in Lake Mary.

Pamela was one of the girls sponsored by the Rotary Club to go to the Philippine Islands as an exchange student for ten months. While there she took slides of the people, the country and all sights of interest and beauty. She showed these slides to the group while telling about each.

Pamela's report coincided with Joy Wester's report on Mexico in that the main difference between this country and others is the class distinction between the wealthy and the poor.

Among souvenirs shown were a beautiful purse made

out of pineapple and coconut and exquisite writing paper made out of rice. A question and answer period followed.

Preceding the program an inspiring worship service was given directed by Harold Unger with Ralph Unger reading the Scripture. Special music was presented by Joy Wester and Dolores Kirsch, who sang "Holy Night" and "How Great Thou Art", accompanied on the organ by Mrs. Frances Wester.

The entire group then had a song session singing their National Fellowship Song, "Cum ba ya" and "Go Tell It On The Mountains." Following the program a brief business session was held by the members before the group was transported to the home of Mr. and Mrs. Joe Smithers on Lake Emma for a social hour. Refreshments of cookies and punch were served by the hostess.

Class Of 1952 Plans Reunion

The Seminole High School graduating class of 1952 is planning a 10-year class reunion to be held at Spencer's Restaurant Saturday at 7 p. m. Gerald Covington, reunion chairman said today.

"We still lack contact with several members of our class and ask that any one knowing the whereabouts of the following persons contact Fred Wilson at Wilson-Maier Furniture Co.:

Gynith Cockman, Marie Gooding, Diane Hart, Carol Morehouse, Elizabeth Murphy, Lee Parmiter, Clifford Roston, Dorothy Sherry and Dorothy Whiddon.

Ed McKinley, president of the class, now living in Palatka is expected to be present for the gathering, as well as former principal, Herman Morris.

Some portrait busts as, for example, that of Plantilla in the Louvre at Paris, had the hair removable so that by changing the wig a statue would always be fashionable.

Prisoner Deal Okay Near; Ransom Goods Are Loaded

HAVANA (UPI) — Negotiations for the ransom release of 1,118 Cuban invasion prisoners were reported today to be on the verge of a successful conclusion.

A source close to the negotiators headed by New York attorney James B. Donovan said "we are awaiting an answer this afternoon," presumably from Fidel Castro.

It was understood the only hitch to announcement of a successful end to the talks was government verification that Donovan's list of foodstuffs and medicines conformed to Castro's ransom demand as outlined previously.

Donovan was expected to meet again with Castro to iron out the last details of the prisoner swap.

The maritime trades department of the AFL-CIO said today the African Pilot

will sail from Miami either Friday night or Saturday morning with goods to be exchanged in Havana for Cuban prisoners.

A spokesman for the union said the time of sailing was set during a conference at the Justice Department today.

He said the conference was called to workout details of the shipment of goods to be exchanged for the prisoners held by Fidel Castro.

The maritime trades department, he said, agreed to donate the labor needed to transport the goods to Havana. He estimated the monetary value of this labor at \$15,000.

The spokesman said the trip to Havana would take only a few hours. The cargo would consist mainly of baby foods and medicine, he said.

The ship is being loaded at Fort Lauderdale, he said.

Asst. Atty. Gen. Louis F. Oberdorfer of the tax division represented the Justice Department in the conference. Relatives of the prisoners hoped that, if a settlement is agreed on today, the captured invaders might be free by Christmas.

Through the day Tuesday, huge freight planes roared into

the Miami airport loaded with medicine and foodstuffs to be used in ransoming the prisoners. At least 40 tons of supplies were landed. Another 210 tons is being shipped in by road.

Drugs, air and truck transportation are being donated free by the companies concerned as a "humanitarian act" in the U. S. national interest.

'I'LL BE HOME FOR CHRISTMAS,' is the theme of Jerry W. Hook, of Sanford, presently deployed aboard the USS Forrester with VAH-5 in the Mediterranean. Hook was one of four men aboard the ship who won trips home for the holiday in a contest based on contributions to the United Fund drive. He is shown giving his lucky ticket to Cdr. J. S. Kenyon, Forrester executive officer.

Santa Surveys Sanford

Da-da-da-da-da, da-da-da-da... yep, you guessed it, Santa Claus is coming to town. He'll be at the old post office building Friday morning to meet the kids, and we understand he will look the place over as a possible Florida headquarters.

This visit has been specially arranged by the downtown merchants and they are anxious to have a good welcome rolled out for the famous winter tourist, who travels by sleigh, whether to Florida or New England.

Be on hand, kids, this is your chance to meet St. Nick and get a good lick in for those toys you've always wanted.

On Friday Santa will be in front of the post office between the hours of 10 a. m. and 2 p. m. and 5 p. m. and 9 p. m.

On Saturday, he will be downtown from 10 a. m. to 1 p. m. and 3 to 8:30 p. m. Monday he will be on hand from 9 a. m. to 5 p. m.

Stores in the downtown shopping section will be open again tonight until 9 p. m. for those getting caught in the last minute Christmas rush.

Missiles, Congo Top Agenda As Kennedy, Macmillan Confer

NASSAU (UPI) — President Kennedy and Prime Minister Harold Macmillan met today to discuss serious examination of U. S.-British differences over the Skybolt missile and a threatened new crisis in the Congo.

The British knew before coming to Nassau that the United States had decided to drop its end of the highly expensive program to develop the 1,000-mile air-to-ground Skybolt missile.

What Macmillan was believed to be seeking here was a solid indication of what the United States is willing to do to fill the gap in Britain's nuclear deterrent that will be caused by Skybolt's loss.

The United States is expected to make some sort of concession but American officials said flatly Kennedy had made a final decision to pour further U. S. millions into Skybolt.

The grave U. S. view of possible Soviet intervention in the Congo appeared to be the newest element injected by Kennedy into the meeting.

Shortly after the president arrived and received a warm airport welcome from Macmillan and Bahamian officials, American sources disclosed that a high level U. S. military mission had been ordered to the Congo for a fast survey of United Nations and Congolese defense forces.

Fasula Says No Funds On Hand

North Orlando Mayor Frank Fasula said today there was no money in the municipal coffers to pay for an audit of the town books, now being pushed by councilman and treasurer, Woodrow W. Anderson.

Fasula says he anticipates a motion to have the books audited at the next council meeting Jan. 8 at the town hall.

'Loud' Commercials Target Of Survey

WASHINGTON (UPI) — The Federal Communications Commission, in response to a deluge of complaints, will investigate "irritatingly loud" television commercials.

The agency Tuesday appealed to broadcasters to listen for themselves and to eliminate any practices which might contribute to "annoyingly loud" advertisements. It suggested they lend an ear to the "rapid-fire delivery" and "strident tones" of some announcers.

Frank Watkins of Seminole Bookkeeping Service, who prepared the books for the village, said the other day his \$493 bill for the preparation has not been paid and he is going to institute action to force payment in the near future.

The need for an audit was indicated by Assistant State Auditor George Warner on a recent visit ordered by Governor Bryant in response to a petition sent to Tallahassee signed by property owners in the town.

Warner said then that he had no indication of the cost of such an audit, and would make no estimates until requested to do so by the town council.

"Complaints have been coming in by dribbles for years," one FCC official said. "But recently they have multiplied. Maybe it's because Chairman Minow has been telling everyone within earshot that he hears the noise level rise on commercials."

FCC Chairman Newton N. Minow has said his sensitive ears have noticed that "commercials seem to sound louder than the programs," although his engineers can't detect the difference on their monitoring devices.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

The FCC voted unanimously to investigate the situation despite the fact that past inquiries "have generally revealed that no violations of commission rules, such as overmodulation, for example, were involved as the cause of loudness of which listeners complained."

McNeil told us he would be broadcasting live, direct from the new Mackle Development in Deltona, and it ought to sound mighty good to folks up Chicago way.

Anybody got any office furnishings they are not using? Particularly a filing cabinet? The Juvenile Council now has an office with Mrs. D. M. Ladd serving as secretary, but it's just a bare room. Call Mrs. Angel, council president, if you can help.

Sen. Clifford P. Case (R-N.J.), one of several members of Congress who passed on complaints to the FCC from their constituents, said he hoped the commission would "bring this public nuisance to an end."

Case cited the protest of one parent who said that loud commercials not only woke up his baby, but also one in the next apartment.

DON McNEIL, famous Breakfast Club MC from Chicago, arrived at the Mayfair Inn Tuesday to confer with officials of Mackle Brothers, Inc. Deltona Division on an advertising program for the new development. Shown here with the veteran toastmaster are from left, Neal Naples

29 Killed In Mass Prison Break Try

BUENOS AIRES (UPI) — Guards crushed an attempted mass break from the Villa Devoto jail early today after 12 hours of rioting in which 29 persons were killed and four wounded. Inflamed guards killed four escape ring leaders in violation of a "truce agreement."

The enraged wardens shouted down their superiors trying to keep them from storming cell tiers, and used tommyguns to cold bloodedly shoot down four ring leaders who had earlier executed guards held as hostages.

Prisoners killed guards at frequent intervals to "dramatize" their demands. The bodies of two were thrown out into the prison courtyard from a second floor window. Cries of "we will kill them all" were heard over an open telephone line.

Mackles Reveal New Negotiations

Deltona development received a financial shot-in-the-arm Monday when directors of C. K. P. Developments Inc. and Mackle Bros. Inc. voted to consider a plan whereby C. K. P. will acquire Mackle Bros. Inc. through an exchange of stock.

Officials said today that the move will add the substantial backing of the development company and increase the development pace of the 12,000-acre of land located in Volusia County north of Sanford.

It is expected that the contract will be signed within a week. The exchange will be made subject to approval of C. K. P. Developments shareholders.

Under the plan, C. K. P. Developments would exchange 250,000 shares of its common stock for all stock of Mackle Bros. Inc.

Elliott, Frank and Robert Mackle, owners of Mackle Bros. Inc., would take over active management of C. K. P. Developments under the plan, together with Norman K. Winston, present board chairman and president of C. K. P. Developments, and Stanton D. Sanson, vice chairman.

Polaris Soars To New Success

CAPE CANAVERAL (UPI) — A Navy Polaris missile soared across the Atlantic Ocean before dawn today in a successful test of the smallest inertial guidance system ever built for a U. S. military rocket.

The bottle-shaped Polaris, modified especially for the test, roared from its launching pad at 2:33 a. m. Within 20 minutes, the nose cone landed squarely on target more than 1,200 miles away.

The Polaris was an earlier A3 model carrying the guidance system built for the longer range A3 version now undergoing test flights at the Atlantic missile range.

The lightweight steering system is a key to the increased range of nearly 2,900 miles claimed by the A-3. The Polaris rockets now operational are limited to 1,375 miles and 1,725 miles.

The guidance package is the smallest and lightest now in use in America's growing family of ballistic missiles. It is about one-third the size and weight of earlier systems used on the Polaris.

Officials Get Briefing On Jet Port Efforts

Orlando officials made a hard pitch to officers of the Seminole County Chamber of Commerce Tuesday afternoon on behalf of support for a Central Florida Jetport to serve the Southeast with jet service to world points.

The meeting was requested by the chamber officials so they could be briefed on the subject and learn its possible effect on the local airport picture and to provide a basis for consideration of a resolution backing the project.

Deas called a meeting of the chamber executive committee for this afternoon to discuss the resolution of support for the Orlando Jetport effort.

Making the trip were chamber president Richard Deas, executive committee chairman Clifford McKibbin, airport committee chairman Merle Warner and manager John Kinder. The pitch for the Orlando project was made by Mayor Hubert Carr and aviation director W. B. McLean.

The Orlando group hopes

that the complete support of all Central Florida counties can be acquired for the project, in order to stave off the establishment of such an installation in the Melbourne-Eau Gallie or Titusville-Cocoa area. It was maintained by Mayor Carr that there wouldn't be sufficient traffic originating on the central east coast to warrant a large jet facility there.

It was pointed out by McLean that the ultimate development of the Jetport depends on the eventual phasing out of \$150 million McCoy facility as a B-52 base, but there is nothing definite on that yet, he said.

If it happens, then the dream is that McCoy will become a local idyllic, to serve all the southeastern states with overseas flights. It was pointed out that at present, if a Floridian wishes to make a flight to Europe he must go to New York for his transportation.

Mona Lisa Gets Air Conditioning

NEW YORK (UPI) — Mona Lisa, the fragile beauty of the old world, arrived in the new world today.

Leonardo da Vinci's 16th century painting completed its first Atlantic crossing aboard the French Lines' France to begin a tour of museums in Washington and New York. It was placed in a heavily guarded, air-conditioned truck for the first leg of its journey.

The Louvre Museum's chief treasure is on loan from the French government until the end of February for display at the National Gallery in Washington and at the Metropolitan Museum here for three weeks each.

Fresh Fruit Supply Limited By Embargo

LAKELAND (UPI) — High quality fresh Florida citrus still can be purchased in the state despite the 10-day embargo now in effect on fresh fruit shipments.

But the supply of saleable fresh citrus is limited. Any retailer fortunate enough to have gotten a supply of certified fresh citrus prior to the start of the embargo at 6 p. m. Monday, can sell the fruit without violating the embargo.

But citrus industry officials had stern warning for anyone selling uncertified fruit in violation of the embargo. The maximum penalty for conviction is a fine of \$1,000 or one year in jail.

George Copeland, of the Fruit Inspection Service, said inspectors worked right up to the deadline to certify fresh fruit. Any fruit which moved through a registered packing house in the state was certified.

The state has about 200 packing houses, all of which now are shut down. The embargo means an unexpected layoff of five days for the employees. The workers had been scheduled for a layoff from Dec. 23-27 for the annual shipping holiday.

Some concern had been expressed by retailers operating roadside stands on why they could not sell fresh citrus while consumers could make purchases in supermarkets. Citrus industry officials said today the roadside stands can sell fruit if it is certified.

The only way Florida citrus can be certified is by processing it through a packing house. Those roadside stand operators who purchased their supplies through a packing house or had their fruit run through the packing house, would have certified fruit. These buying fruit from other sources or getting it from

their own groves would not have certified fruit.

Some of the roadside stand operators were left with supplies of uncertified fruit and faced certain losses.

Gov. Farris Bryant's office and Agricultural Commissioner Doyle Conner said state officials were aware of the problems faced by the smaller retailers and this was one of the problems the governor's freeze evaluation committee would look into.

Official Frowns On Playboy's Bunny Mixture

NEW YORK (UPI) — The Playboy Club in mid-Manhattan was without a cabaret license today because a city official felt that "bunnies," the twist and customers don't mix.

"It would appear that this applicant's main appeal to its prospective customers is the lure of its scantily clad waitresses," city license commissioner Bernard J. O'Connell said.

With that comment, and a few others, O'Connell Tuesday denied the license, thus prohibiting dancing and entertainment at the club. It already has a liquor license.

Playboy clubs, which also exist in several other cities, feature shapely young ladies clad in brief bunny costumes and black net stockings. The clubs are owned by Hugh H. Hefner, publisher of Playboy magazine.

O'Connell said publicity releases created the impression that the girls "are available to twist with club members at private parties."

He said this represents a "fraud and a delusion" since club operators agreed as a condition of obtaining a liquor license to admit members of the public on the same terms.

"A mere glance at the magazine in question would indicate that any approximation of its 'mood' in a cabaret would invite immediate police action," he added.

O'Connell said city policy "in licensing of cabarets has always forbidden any mingling between customers and employees or entertainers."

Rev. Chance On Concert Program

Rev. Fred B. Chance, pastor of the First Baptist Church of Sanford will read the scriptures, give the invocation and benediction in the traditional Christmas Concert to be presented by the Seminole High School Glee Club at the school auditorium at 8:15 p. m. tonight.

The Mixed Ensemble, Trio, Double Quartet and Chorus will sing the best-loved songs of Christmas with special numbers to be presented by soloists, Patty Glenn Johnson, Donna Beard, Jean Masters, Nykesa Albert, Howard Elliott, Charles Rabun and Gene Bullard. Stage setting of cathedral windows has been created by Larry Gilstrap and Robert Ballard.

Seminole Grads In Honors Study

The University of Florida believes it has hit on a means of tapping one of the state's most valuable resources — its bright high school graduates.

Recognizing that many of the potentially brilliant scholars turned out by Florida high schools were being lured out of the state to colleges traditionally demanding high levels of accomplishment, a special program has been put in to accommodate them at home.

Ninety-six superior students representing the cream of Florida high school graduates are enrolled in what is called the Invitational Honors Program, now in its second year. Forty-five are sophomores in the program. (There are more than 13,000 students at the University.)

This year's group of 81 achieved an average score of 486 points out of a possible 496 in the Florida College Placement Examinations.

Three Seminole County students are among them, including Bill Ott and Bob Williams of Sanford, both 1962 graduates of Seminole High School and Tom Foreso of Lyman High School.

Because of this high mentality and motivation, the group is allowed almost as much latitude in pursuing their studies as a graduate student working on an advanced degree, said the program's director, Dr. George Wolff.

Basically, the plan substitutes an honors program for the traditional comprehensive courses required of all lower division students. Individual work is stressed and no limit is imposed on the penetration of course material.

"These are not accelerated courses—but deeper study of the subjects," Dr. Wolff said. The total number of hours taken by the superior student is the same as that of the regular student, but the ex-

ample, where a regular English text presents only commentaries and excerpts of classical subjects, the superior student has to read the entire selections from other sources. The works of Aristotle, Aeschylus, Euripides and others are read in their entirety, not in predigested form.

Standard college text books have all but vanished for the superior students. For ex-

BILL OTT, (second from right) a freshman at the University of Florida, is shown here with other students in the Invitational Honors program being conducted at the University. From left are Joseph Palatinus of Tampa, Alice Wolk-

ing of Jacksonville, Ott and Dr. George Wolff, program director. Bob Williams of Sanford and Tom Foreso a graduate of Lyman High School, also are in the program.

Cold Wave Back On Weather Map

United Press International Cold wave warnings were extended to Minnesota and North Dakota today in what could mark the beginning of the end of a winter's eve heat wave over much of the nation.

The Weather Bureau said temperatures would be 20 degrees lower than Tuesday and snow would fall in parts of the two states.

Sections of the country, which just a week ago suffered severe crop losses due to frost, revealed in balmy weather with temperatures reaching into the low 70s. The thermometer at Tampa soared to an almost summer 71 Tuesday.

Other high temperatures were 55 at Rapid City, S. D. and 64 at St. Louis, Mo. Corpus Christi and Brownsville, Tex., had readings of 66 early today.

But in Caribou, Maine, probably the coldest spot in the nation Tuesday, the temperature dropped to one below zero.

Record Military Budget Forecast

WASHINGTON (UPI) — President Kennedy will send Congress next month a record military budget calling for an eventual force of 950 Minuteman missiles and a hefty increase in conventional arms.

Informants said Kennedy was expected to ask funds for 150 of the new intercontinental rockets to add to the 800 already authorized for the Air Force. The first 20 Minutemen were declared operational at Great Falls, Mont., Dec. 11.

It was reported that purchases of conventional Army weapons and Army type aircraft would be increased by several hundred million dollars over the present annual rate of about \$2.5 billion.

The new budget is for the year starting July 1. Total military spending will run between \$50.3 and \$51.3 billion compared with an estimated \$48.3 billion for the year ending next June 30.

Many service proposals fell by the wayside or were reduced drastically under the pressure to hold down costs in the face of a federal deficit.

A military pay raise of about \$1 billion was expected to be included in the budget, however.

Military manpower will be held substantially at today's authorized strength of about 2,700,000. There will be no big boost over this year's shipment.

building funds, as the Navy had hoped. Shipbuilding emphasis will be on amphibious and anti-submarine warfare types. The Army will not, immediately at least, get a 17th division for use as an experimental air assault force, but may use one of its present 16 for the purpose.

The Air Force's controversial B570 warplane will continue only as a development project with three previously planned experimental models. The Army's Nike-Zeus anti-missile has not received a production go-ahead.

Final touches on the budget have been delayed by the Anglo-American controversy over the Skybolt missile's future. Regardless of British, U. S. Air Force and congressional objections, the Defense Department wants to end the project in two or three months. A final decision awaits the outcome of President Kennedy's meeting today and Thursday with Prime Minister Harold Macmillan in Nassau.

If, unexpectedly, the bomb-launched Skybolt should be continued in a large way that might affect the reported decision to expand Minuteman forces.

Church Of God To Show Film

The technical Christmas film, "The Christmas Spirit" will be shown at Sanford's Church of God, 22nd St. and French Ave., in conjunction with the church's annual program which is scheduled for Thursday beginning at 7:30 p. m.

Rev. Garold D. Boatwright, pastor of the church, has invited the public to see the outstanding feature film and to join his congregation for the musical program which will feature a number of carol selections by the Youth Choir under direction of Mrs. Lamar Nickle.

54 Moonshine Stills Destroyed

TALLAHASSEE (UPI)—The Beverage Department said Tuesday that 54 stills have been destroyed in Florida this month including nine on Monday.

The department also said 33 arrests of moonshiners have been made in the state-wide crackdown which started Dec. 1 and will last through the month.

Teenager Vents Wrath On Fence

JACKSONVILLE (UPI) — Teenager John Robert Cook got mad at his girl friend Tuesday—then he got mad at a chain-link fence.

Policemen hauled Cook into court on charges of leaving the scene of an accident after he deliberately drove his car through the fence two or three times to vent his wrath.

High School Lists Honor Students

A. J. Bracken, Seminole High School principal, has announced the second six weeks Honor Roll for the school.

Tempo Of Christmas Gift Buying Increases—Only Four Days Left

The tempo of Christmas buying increases daily, Sanford merchants reported today, noting that there are only four more shopping days left in which to fill that gift list.

"We will do all we can to help complete that Christmas list and suggest suitable substitutes if the first choice is not still available," merchants agreed.

All stores appear to be am-

ply stocked with items for gift-giving and holiday needs and provisions.

The sounds of Christmas music, the sight of hundreds of twinkling colored lights and the brisk atmosphere that prevail build the traditional spirit inevitable toward Christmas Day.

Recent upswings in the economy show up in Christmas buying, merchants report, as most people seem to be purchasing many of the luxury items for relatives and loved ones.

The recent cold wave brought a surge of purchases of gloves, mittens, hats, warm and cuddly sleeping wear, coats, furs, warm sports clothing as well as wool skirts and sweaters, trousers, slacks, and jackets.

Homes of the community will be well-decorated for the yule season as florist shops, notions stores and gift shops report a heavy run on decorations and arrangements that they can hardly keep up with now.

Home furnishings, always a big item at this time have shown an even greater surge, as television sets, stereo record players, transistor radios, clock radios, refrigerators, ranges, electric hair dryers, small electric appliances, living room furniture, lamps, and many other household items disappear quickly from display shelves and demonstration floors.

Sports equipment, hunting, fishing, camping, boating, skating, football and indoor and home year games are also very popular with everyone, merchants reported.

Youth Council To Have Dance

The Youth Council will have special New Year's Dance at the Civic Center Dec. 28, from 8 p. m. to 11:30 p. m.

The "Ravens", popular five piece band, will provide the entertainment. The latest twist music will be played throughout the program.

Recreation Cards will be required and both Junior, and Senior High students are invited to come. Recreation Director Jim Jernigan announced.

Dresses will also be a must and no one will be allowed to enter in bermuda shorts or capris.

Refreshments will be served.

Minister Gives Report On Clothing Drive

Rev. John T. Adams, minister of the First Methodist Church of Sanford and president of the Sanford Area Ministerial Assn., has announced that protestant churches affiliated with the association collected 2,345 pounds of used clothing during the September drive for overseas relief.

A total of 40,000 pounds was collected throughout the state by churches working in cooperation with the Florida Council of Churches. Of this total, the Seminole County contribution represented more than 17 per cent.

Total poundage from neighboring counties show that Orange County gave 1,837 pounds; Polk County, 1,695; Marion County, 300 and Volusia, 11,500.

Tracy's Season

Tracy, took champion with a record-setting 119 victories, before another strong field of young sprinters including Barnack Bob, voted last year last juvenile.

Now Tracy, Fred Whitehead's great runner, also returns to action at BOEC. Powerful Mac Tray took practically every racing honor at the track last season—1948 in the 1/16ths and 1/8th mile events.

The Gravel House Kennel, which finished a close second to Tracy last year, will again be in contention for the championship. Mac's dogs took 114 starts, but five less than Tracy's. Tracy dogs had 100 starts while Mac's greyhounds made only 548 trips to the starting box.

Although Mac Tray was eight of his last nine starts and races among the finest greyhounds in the nation, he'll be put to severe test by the championship field for this season.

Platters Take Pinecrest Lead

In Pinecrest Inn League action last week the Platters debuffed the Needles for four straight to take a three and a half game lead in loop play.

Bill in second place, the Buffers managed to out one game of their series from the Queen Pins and the Toppers took three and a half from the Marquettes to remain in third spot.

High game for the week was rolled by Gladys Pilon who made a sparkling 190, and Dot Johnson who came through with a 184/477 high series.

Gladys Pilon rolled three sets of three strikes each for the turkey record for the week and Dot Johnson hung up one turkey on the record book.

The 5-10 split was bagged by LaVerne Ward and Beverly Krecke downed the 3-10.

Lyman Outscores Kissimmee, 43-28

In a slow game last night the Lyman Greyhounds managed to outscore the visiting Kissimmee aggregation, 43-28, at Lyman gym.

High men in the scoring column for Lyman were Donnie Smith and Bill Tolson, who each tallied 10 markers, and Gene Griffin who put eight through the hoop for the Greyhounds.

The only bright spot in the evening for Coach Walt Daurus was the rebounding of the Lyman outfit, who were able by sheer alertness and height to steal the ball 65 times during the game.

The Greyhounds used a zone defense for the first time this season to cut down on their propensity to commit fouls.

Oviedo Rushes By Howey Five, 79-48

Oviedo's Lions took on Howey Academy last night at their home court and sent the visitors home on the short end of a 79-48 score.

Playing a full press, the Lions didn't give the opposition an opportunity to work down the floor, with the result that most of the Howey points were scored from well out, and their percentage of hits low.

Every man on the Oviedo club scored during the contest, with Wes Swenson coming out high man with 16 tallies. Jim Courier had 14; Dan Kirkland, 13; Jim De Shazo, 12; Jimmy Jones, 7; Pence, 4; Bellhorn, 4, and Teshinsky, 2.

For the Academy, Herb Meerman and Ricardo Morales, hit for 10 points each. Rebounder Malcolm Taylor, who elicited seven points, used his 6-3 altitude to good effect under the baskets and when he fouled out in the third inning the Howey team was hurt. In this period the Lions came across with 30 points to the visitors' 13.

Oviedo had two big quarters, the first and the third. In the first, they dumped 21 tallies through the netting and with the third quarter total that would have won the game.

Banquet

A Winter Sports Banquet to be held Jan. 21st at Seminole High School, was placed on the Executive Club calendar of events at a meeting of the executive board, Monday, E. H. MacGillis, president said today.

No awards will be given at this banquet, which is planned as a social event for football and basketball players and their families in conjunction

Touhy Presents Bowler Trophies

High scores at the Jet Lane were rewarded Monday night for their skill in knocking the marbles when Dot Powell and Bobby Boradorff were presented individual trophies by George Touhy of the First Federal Savings and Loan Assn.

On the distaff side Miss Powell rolled a 232, 215 and a 209 for a prize winning 658. Boradorff put a 214 and a pair of 207s together for a total pin fall of 736 for his reward.

To qualify for a trophy women must bowl better than a 600 series and the men a total of more than 725 in a three game series.

Lyman Outscores Kissimmee, 43-28

In a slow game last night the Lyman Greyhounds managed to outscore the visiting Kissimmee aggregation, 43-28, at Lyman gym.

High men in the scoring column for Lyman were Donnie Smith and Bill Tolson, who each tallied 10 markers, and Gene Griffin who put eight through the hoop for the Greyhounds.

The only bright spot in the evening for Coach Walt Daurus was the rebounding of the Lyman outfit, who were able by sheer alertness and height to steal the ball 65 times during the game.

The Greyhounds used a zone defense for the first time this season to cut down on their propensity to commit fouls.

Biddy Leaguers' Results Listed

The Standard Recreation Department's Biddy Basketball League results:

Sanford Electric scored 46 points to defeat First Federal in the first game of the morning.

Strickland-Morrison lost to Day and Night Grill by a 27-13 score.

Standard Oil and Robson had a very tight game with the score ending up Standard Oil 23 and Robson's 22.

Sanford Atlantic Bank scored a 4-16 win over WTRR Radio Station in the last game of the day.

High scorer for the morning was Kenny Hinson with 26 points for the Day and Night team.

Thursday and Friday at 6:30 p.m. the teams will be playing at the gym for the first time under the lights and parents and interested friends are invited to see these boys in action. Four games are scheduled for each evening.

Oviedo Rushes By Howey Five, 79-48

Oviedo's Lions took on Howey Academy last night at their home court and sent the visitors home on the short end of a 79-48 score.

Playing a full press, the Lions didn't give the opposition an opportunity to work down the floor, with the result that most of the Howey points were scored from well out, and their percentage of hits low.

Every man on the Oviedo club scored during the contest, with Wes Swenson coming out high man with 16 tallies. Jim Courier had 14; Dan Kirkland, 13; Jim De Shazo, 12; Jimmy Jones, 7; Pence, 4; Bellhorn, 4, and Teshinsky, 2.

For the Academy, Herb Meerman and Ricardo Morales, hit for 10 points each. Rebounder Malcolm Taylor, who elicited seven points, used his 6-3 altitude to good effect under the baskets and when he fouled out in the third inning the Howey team was hurt. In this period the Lions came across with 30 points to the visitors' 13.

Oviedo had two big quarters, the first and the third. In the first, they dumped 21 tallies through the netting and with the third quarter total that would have won the game.

Agustin, Areitio Rated Favorites

Agustin and Areitio will be rated as the top favorites in the featured eighth game singles tonight at the Orlando-Seminole Jal-Alal Fronton.

Agustin will be playing out of the number one position and Areitio in the fourth. Both are out to snap Gast's winning streak, who seems to have the monopoly on the game. Gast won it last night and five in the last seven days. He will be playing out of the number eight position.

In Tuesday night's action, Badiola and Jacin won two games each and Uria, the top winner for the season, was held at bay while Gast caught up, both now having 80 wins.

Auerbach Honored

WASHINGTON (UPI) — Boston Celtic Coach Arnold (Red) Auerbach, a former basketball star at George Washington University, has been voted the Arch McDonald Achievement Award as the Washington area sports figure who contributed most to sports in 1948.

Auerbach had two big quarters, the first and the third. In the first, they dumped 21 tallies through the netting and with the third quarter total that would have won the game.

Machen Placed in Hospital For Further Tests

NAPA, Calif. (UPI) — The fighting nature of Eddie Machen, a top heavyweight contender, was under a cloud today after the handsome boxer was committed to the Napa State Hospital for an indefinite period.

Ranked as one of the top challengers for the crown now worn by Sonny Liston, Machen was committed Tuesday after a brief hearing before Superior Court Judge Philip E. Lynch.

Two doctors testified that Machen was an "acute schizophrenic" and should undergo further treatment at the hospital where he has been for a week.

Machen was picked up by California highway patrolmen a week ago when they found him sitting in a borrowed car along the freeway—with a loaded gun in the car and a suicide note beside him.

He went calmly to the hospital with the officers, then started a battle with attendants. He was given sedatives, but became violent again before Tuesday's hearing and was not allowed to come to the court.

Attending the action were his wife, Charlotte and his brother, Bob. The latter said it would be possible to have Eddie transferred to a private sanitarium. He was told that it was up to the state Mental Hygiene Department when Eddie could be transferred.

Pryor Victory Gives Big Boost

In the big match Thursday night in the Mixed League, Powell's Office Supply stumbled under the pressures of Pryor's State Farm team and lost four straight which brought the latter four games closer to the top berth in the league.

The only over-200 games rolled in the league were by Marge Kipp with a 231, Harold Appleby with a 212 and C. E. Piercy with a 224, all of whom bowl for Mrs. Appleby's Restaurant team.

Plus-300 series were rolled by Marge Kipp, who had a good 568, Harold Appleby a 544, Eddie Simon of Heart Council, a 524, Vergil Anderson a 525 and Bill Foster who came across with a 540. The latter two are on the Pryor team.

Pete Bukur, Steinmeyer's, picked up a 3-10 spare, Ellen Betts, Powell's, a 4-5-7, Clyde Piercy of Mrs. Appleby's converted a 4-4-10, and Eddie Simon the 4-7-10.

Green Bay Places 8 On Squad Of All-Pros For Bowl Game

LOS ANGELES (UPI) — The champion Green Bay Packers will be represented by eight players on the Western Conference team in the 13th annual National Football League Pro Bowl Game here Jan. 13, game directors announced today.

But missing from the Green Bay contingent was star halfback Paul Hornung who was injured during much of the 1962 season while the Packers were capturing the Western Conference championship for the third straight time.

The Packers, however, landed as many players on their divisional team as the New York Giants did on the Eastern All-Star squad. This insured the top performers from the clubs that meet Dec. 30 for the NFL championship will be rematched in the Pro Bowl tilt.

Bart Starr of the Packers and Johnny Unitas of the Baltimore Colts were chosen for the key quarterback position. For Unitas it will mark his sixth appearance in the midwinter classic.

But the top veteran on the Western squad is Detroit's Joe Schmidt who will be playing in the Pro Bowl for the ninth time. His teammate, Yale Lary, and Baltimore's Ohio Gino Marchetti were chosen for their eighth appearances.

Another who failed to make the squad this year because he saw little playing time due to injuries was the Los Angeles Rams' Jon Arnett who last year in the final two seconds caught Unitas' pass for a 31-30 West victory.

The West leads the Eastern Conference (8-4) in the series which is played for the benefit of charity.

Only one rookie was chosen on both squads. He is defensive tackle Merlin Olsen of the Rams on the Western team where he will understudy Detroit's Alex Karras and Roger Brown.

The Western team was chosen by divisional coaches. The head choice who has yet to be named also will be given one bonus choice.

The offensive team: Ends Gail Cogdill, Lions; Ron Kramer, Colts; Forrest Gregg, Packers; Varrichione, Rams. Guards—Harley Sewell, Lions; Jerry Kramer, Packers. Centers—Jim Ringo, Packers; Dick Sayman, Colts. Quarterbacks—Bart Starr, Packers; John Unitas, Colts. Fullbacks—Jim Taylor, Packers; J. D. Smith, Forty Niners.

The Defensive Team: Ends—Gino Marchetti, Colts; Doug Atkins, Bears. Tackles—Alex Karras, Lions; Roger Brown, Lions; Merlin Olsen, Rams. Linebackers—Joe Schmidt, Lions; Matt Hasselbine, Forty Niners; Forester, Packers; Joe Fortunato, Bears. Halfbacks—Dick Lane, Lions; Abe Woodson, Forty Niners. Safeties—Willie Wood, Packers; Yale Lary, Lions, Richie Petitbon, Bears.

Christmas Ball Planned Saturday

The Gamma Omega Chapter of Epsilon Sigma Alpha International Sorority, will present its second annual Christmas Ball at the Mayfair Inn, Saturday, Dec. 22. It will be held in the newly decorated ball room and dancing will be enjoyed from 9 p.m. until 1 a.m. to the music of Lou Feldman and his orchestra.

Tickets are available at Perkins and from all Epsilon Sigma Alpha members. They also will be sold Saturday night at the door. Dress is semi-formal, so get out your best bib and tucker and meet us there.

The Epsilon Sigma Alpha Christmas Ball was formerly the inter fraternity dance. This is the time and place to meet and see all old friends, and also a chance for the student.

If a post lamp lights the way to your front door, decorate it for Christmas with greens and cones.

Don't overlook the mailbox in your Christmas decorating plans. Dress it up with greens or hollies, to extend a friendly holiday greeting to the postman, guests and passing motorists.

Personals

Mrs. Gerald Lossing and son, David, of Kansas City, Mo., are visiting her mother, Mrs. Nancy Brock. Her husband will arrive Friday and they plan to spend about three weeks in this area, visiting his parents, Mr. and Mrs. Ralph Lossing, and other relatives.

Mrs. H. Wayne Rucker returned Monday after a visit with her brothers and sisters in Mocksville, N. C. She also attended the wedding of her nephew, Claude Revere Horn Jr. to Miss Dorothy Galtner Morris, on Dec. 15.

DIRT GARDENERS CIRCLE
The Dirt Gardeners Circle of the Sanford Garden Club held the December meeting and Christmas party at the home of Mrs. Irwin Fleischer. Hostesses were Mrs. L. E. Leeper, Mrs. W. D. Gardiner, Mrs. W. B. Wray and Mrs. J. N. Robson Jr.

In the absence of the president, Mrs. R. F. Robinson, the vice president presided. She announced that the building site in Sunland Estates has been accepted by the Garden Club as the future site for the Garden Club Center.

The Dirt Gardeners will select the Garden of the Month for January with Mrs. F. A. Palmer in charge of the committee.

Mrs. L. E. Leeper who was chairman for the Christmas bazaar just held in the Civic Center thanked all members for their donations of work and items for sale, and stated that around \$500 had been realized which will be applied toward the building fund.

Mrs. W. B. Wray accepted the chairmanship for the World Gardener committee. The horticulture report was given by Mrs. W. E. Kirchhoff. She stated that December is a dry month and there should be lots of water and mulching in our gardens, do not fertilize azaleas until after the blooming period is finished, hollyhocks will do well from seed and will bloom in about six months. Thyme planted now makes a pretty border plant and also does double duty as a seasoning.

Mrs. Robinson reminded the club to watch out for the announcement of the bridge party to be held in either January or February and asked all members to save Christmas cards with writing on them, old jewelry and trinkets. These will be sent to children in the far east.

At the conclusion of the business meeting the members were served Christmas goodies such as ham and biscuits, cheese straws, party sandwiches, fruit cake, cheese balls and coffee from a table covered in a gold lame cloth.

Mrs. Robinson presided at the coffee service. The refreshment table held several lovely arrangements made by Mrs. Fleischer and silver appointments. A plant exchange, an annual custom of the circle, was held.

The Triple Trio of Seminole High School entertained the group with several Christmas carols and members agreed that those not able to attend missed one of the best meetings of the year.

JACARANDA CIRCLE
The regular monthly meeting of the Jacaranda Circle was a Christmas party held at the Hamilton House with 17 members and one visitor present. Mrs. Boly Gaines, Mrs. Stanley Poloski and Mrs. Alburn Rector were co-hostesses.

A short business meeting was conducted by Mrs. Irving Pryor, president, following a delicious turkey dinner. After looking at all the lovely corsages, the one worn by Mrs. J. E. Hitchens was judged the most attractive, and she carried off the prize.

This was followed by a gift exchange. The members were then entertained by Mrs. William Roche as she told the Christmas story "The Miracle at Derrick, Texas." Mrs. Roche, a visitor, was presented with a lovely Madonna arrangement by the circle.

EMPLOYEES WITH THEIR HUSBANDS AND WIVES were guests of the Hunt Lincoln-Mercury, Inc. Monday night at a dinner and Christmas party at the Capri. Left to right (seated) are Mrs. In Housholder, Mrs. Julius Frittelli, Mrs. David Little, Mrs. W. F. Hunt, Mrs. Ed Hunt, Mrs. Camilla Winfree,

Mrs. Clarence Barlow, Mrs. Bill Neider, Mrs. Curtis Hughes and Bill Neider. Standing, left to right, are Karyl Housholder, Jack Morgenstern, David Little, Dewey Reedy, Mrs. Reedy, Ed Hunt, W. F. Hunt, Mrs. Winifred Gielow, Ray Winfree, Curtis Hughes, Clarence Barlow, and Julius Frittelli. (Herald Photo)

Angry Mothers Win First Round With Schools In Fight For Use Of Christmas Trees

SHARON, Mass. (UPI) — Late mothers have won the first round in a battle to force authorities to rescind an order

der banning Christmas trees against sub-freezing temperatures, trudged through snow covered streets circulating petitions to force a special

school committee meeting. The controversy was touched off last week when principals ordered teachers not to permit Christmas trees in

classrooms this year. The principals said they were fearful that the trees violated laws governing separation of church and state.

Pre-Operation Diet Proposed For Fat Patient

PHILADELPHIA (UPI) — Fat patients should be put on a diet a month or more before surgery, unless the operation is urgent, a prominent anesthesiologist recommended today.

Dr. Alred Catenacci, head of the anesthesiology section at Hahnemann Medical College, told 40 physicians that unless urgency is a major factor "obesity should be considered the prime disease, rather than the condition requiring surgery."

Catenacci emphasized strongly in a panel discussion that surgical patients 25 per cent or more overweight should lose a considerable amount before surgery.

"If time is not a factor, and from 60 to 70 per cent of all operations can be done more or less at the convenience of patient and physician, the obese patient will fare better without some of the excess fat," he said.

"No matter how skillful the anesthesiologist is, his skill is taxed to the limit. It is more difficult to find the vein in an obese arm to start an infusion. It is very difficult to find the spine through the fat for a spinal anesthesia."

Yule Mail Burned

FREDERICKSBURG, Va. (UPI) — A sealed mail car carrying Christmas packages to Florida caught fire and burned today in the Richmond, Fredericksburg and Potomac Railroad yards here. A postal inspector said most of the 1,002 pieces of mail in the storage car, part of the Havana Special en route to Jacksonville, Fla., were apparently destroyed.

County Schools Start Holidays

The annual Christmas vacation for Seminole County school students began today as classes were dismissed at the regular hour until Jan. 2. The customary two-week holiday was cut this year in order that the schools may also take a spring vacation.

Board To Meet

The County Commission will meet at 9 a. m. Friday in what is expected to be a routine short meeting. Chairman J. C. Hutchinson said today.

Special Act Is Cited

County Judge Vernon Miss Wednesday afternoon dismissed the case against North Orlando Mayor Frank Fasula on charges of failure to open the books and records to the citizens of the town.

The charges were dropped, according to County Prosecuting Attorney Karyl Housholder because the legislative act under which Fasula was charged is "contrary" to the provisions of a special act passed in 1959.

The case is the outgrowth of a series of mass meetings and personal differences between W. W. Anderson, town treasurer, and the mayor, who Anderson alleged refused to release the town books and checkbook to Anderson's custody.

At a series of mass meetings held last summer, Anderson claimed he and his wife had received numerous anonymous telephone calls of a threatening nature, and at one gathering Anderson displayed a large piece of cloth on which was printed a threat to the life of his daughter.

As a result of these threats, Anderson had a warrant issued for the arrest of Fasula under Florida Statute 165, the general legislation covering the incorporation of municipalities which stipulates that all town books are to be turned over to the treasurer, and failure to do so constitutes a misdemeanor.

Fasula, when informed of the preliminary hearing on the charge against Fasula, Cleveland cited that the Special Act of 1959 creating the Village of North Orlando contains in Article 3, Section 13, of its charter a provision for charges to be made against any town official or officer

of the village of North Orlando before the Town Council and sets forth a full and complete procedure for the Town Council to hold a trial of any charges brought against any official or officer of the village and to determine the guilt or innocence of any such person and provide a penalty if such person should be found guilty.

The General Legislative Act under which Fasula was charged is contrary to the provisions of the Special Legislative Act and where this occurs it is the law that the Special Act shall control and be the deciding factor. In view of this and since there is a provision provided in the Special Act, the charge pending against Fasula in the County Judge's Court must of necessity be dismissed.

HAPPY WINNERS of the overseas phone calls to servicemen at Christmas are Mrs. George Maffett, left, and Mrs. Katherine Phagan, right. They are shown receiving the news at the USO along with Russell Kitner of the CWA Local 3108, which will arrange the calls; Rev. Ernest Bolick and rear, David Van Ness and Mrs. Carolyn Higgins of the USO. (Herald Photo)

Soviet Working Again In Congo

WASHINGTON (UPI) — The Soviet Union, which was rebuffed in an attempt to put Russian military and economic groups in the Congo in 1960, seems to be waiting in the wings for another try.

And, not entirely content with waiting, it appears to be working behind the scenes to encourage the downfall of central Congo Premier Cyrille Adoula, which could create the kind of vacuum the Communists like to fill.

The Soviet ambassador in the Congo is reported to have been making the rounds of Leopoldville, hinting at offers of military aid and generally behaving as though the time soon would be ripe for Soviet intervention.

Leftist deputies in the Congo parliament have teamed up with deputies representing the Conakat party of Katanga Premier Moïse Tshombe in an effort to topple Adoula.

Their line has been that Adoula, with Western and U. S. support, had been unable to unify the Congo and that stronger measures may be necessary.

The possibility of renewed Soviet designs on the Congo has been a major factor in President Kennedy's decision to increase U. S. military equipment aid to UN forces and to dispatch a military team to the Congo to survey equipment needs.

Patrolling of the town started Wednesday night and every effort will be made to prevent the shooting of firearms in the town, Stephenson said. He added that violators of the ordinance will be prosecuted to the fullest extent of the law.

A speed limit of 35 miles per hour has been set for the Longwood-Oviedo Road and strict enforcement of this also is promised.

Police On Duty In North Orlando

North Orlando's police department has been reactivated and the town limits are being posted to forbid hunting in the village, it was announced today by Sgt. Bob Stephenson.

Patrolling of the town started Wednesday night and every effort will be made to prevent the shooting of firearms in the town, Stephenson said. He added that violators of the ordinance will be prosecuted to the fullest extent of the law.

A speed limit of 35 miles per hour has been set for the Longwood-Oviedo Road and strict enforcement of this also is promised.

Tanker Crashes

NAHA, Okinawa (UPI) — A United States Air Force KB50 tanker plane crashed during a landing attempt at Kadana Air Force Base today, killing seven persons. Five of the victims were American crewmen and two were Okinawan civilians.

Program Tonight

Youth departments of the First Church of the Nazarene in Sanford will present the annual Christmas program today at 7:30 p. m. The public is invited.

Freeing Prisoners Appears Set

HAVANA (UPI) — New York Attorney James B. Donovan returned to Havana today with two unidentified companions, apparently to put the finishing touches to the Cuban invasion prisoners exchange deal.

Havana radio indicated today that negotiations will be successful soon for the release of 1,113 prisoners of the Bay of Pigs invasion of Cuba in April 1961.

In a broadcast heard here, the radio said that "officials of the revolutionary government and members of the committee who have come to Havana, headed by American lawyer James P. Donovan, renewed negotiations for the liberation of the 'mercenaries' of Playa Giron."

"Everything seems to indicate," the broadcast said, "from reports gathered, that the indemnification demanded by the revolutionary courts, made up of clinical and medical equipment, will be positive shortly."

Donovan slipped into Miami International Airport Wednesday night after announcing in Havana he had received Castro's answer regarding the release of the men captured 19 months ago in the abortive Bay of Pigs invasion.

In Havana, a relative of the prisoners said they might be freed at any moment, although it probably will be early next week before they are released.

Chamber Supports Orlando Jet Port

A resolution to support the establishment of a jetport facility for Central Florida at McCoy AFB, was adopted by the executive committee of the Seminole County Chamber of Commerce Wednesday.

The meeting was a follow-up to the Orlando meeting Tuesday attended by chamber president Richard Deas, Clifford McKibbin, Merle Warner and manager John Kridler at which Orlando Mayor Robert Carr explained the need and the opportunity to expand the terminal facilities at McCoy currently being used by two airlines to provide jet service from Orlando to the West and Southwest.

It was claimed that there is no other location feasible because of the amount of traffic originating in the Orlando area for the jet service currently offered and if the available service was expanded the traffic would be greater.

RANSOM FOR CUBAN PRISONERS—Part of the 150 tons of supplies being sent to Cuba in exchange for the release of 1,113 men captured in the Bay of Pigs invasion is unloaded from a plane in Miami. (NEA Telephoto)

Night Fog Lift Is Expected

A prediction of more fog tonight was made today by weather forecaster Matthew Garfinkel at Orlando, who said ground mist should disappear Friday.

The fog Wednesday night was so heavy in the south end of Seminole County that visibility in spots was less than 75 feet and traffic on state and county roads was slowed almost to a walk. Traffic movement on Hwy. 17-92 while much slower than usual, was eased by the presence of neon lights on the business houses which made the outlines of the road relatively clear.

Tax Council Sets Up Request For Review Of Land

LAKELAND (UPI) — The Florida Agricultural Tax Council, a statewide non-profit group, will ask all county tax assessors to re-evaluate agricultural and horticultural lands in January in light of the severe economic damage from the freeze.

The group had its organizational meeting here Wednesday and elected Latimer H. Turner, Sarasota County cattleman, as president. Other officers are Thomas K. McClane Jr., of the Florida Farm Bureau Federation, vice president, and Frank D. Trevillion, Florida Citrus Mutual, secretary-treasurer.

The council was formed to try to obtain uniform and fair taxation of land used for agriculture and horticulture.

"Loss of our crops and damage to agricultural land throughout the state will have a far-reaching adverse effect on Florida's entire business and financial community," Turner said.

Cities Planning Apportion Battle

TAMPA (UPI) — A committee of representatives from urban areas of the state will formulate plans for a fight for better state apportionment led by municipalities.

The committee, with St. Petersburg Mayor Herman Goldner as chairman, was named here Wednesday at the organizational meeting of a mayors conference on apportionment.

Representatives from Tampa, Miami, St. Petersburg, Orlando, Sarasota, West Palm Beach, Lakeland and Hillsborough County attended the meeting.
