

Big Money At Stake In Struggle Underway In Auto Industry

DETROIT.—The most awesome struggle of giants is now shaking one of America's biggest, best, most powerful industries—the manufacture of automobiles.

Ford has gained the most ground. The losses thus far have been Chrysler and the independent units—Studebaker, Packard, Hudson, Nash and Kaiser-Willys.

The most dramatic phase of the fight revolves around the question of who has what share of the total market. Those allergic to statistics should remember that even a fraction of each percentage point means millions of dollars a year. This is one industry in which even the smallest competitor is still big business.

For most of 14 years—from 1924 through 1938—General Motors, Chrysler and Ford ranked one, two and three in their share of the car market. Toward the end of that period, Ford was staggering. In 1945 the Ford company reportedly was losing as much as 9 million dollars a month.

But by 1953, Ford had showed Chrysler out of second place and has been widening the gap ever since.

Last year sales in its three divisions gave Ford more than 25 per cent of the market. Chrysler had almost 21. This year, as indicated by five-month sales figures, Ford has 30 per cent and Chrysler 14. Meanwhile, GM climbed from 45 to more than 60 per cent.

The GM position is exciting. It won a bigger share of the market without selling many more cars. In the first five months of each year, it sold slightly over a million cars, compared with 2,330,000 in the same period last year. This year sales of a million cars in that period meant 45 per cent of last year's total market, this year it means 49 per cent.

With a drop for the industry like that, somebody got hurt—badly. Ford, while trying to catch General Motors, evidently didn't hurt GM but did bite heavily into the Chrysler and independent business.

The big three are now splitting up about 95 per cent of all new cars sold. The independents can't live long on the remaining 5 per cent and they know it. They're trying to fight back with various tactics—mergers, cutbacks—Willys, Hudson, Nash and Studebaker, Packard, reduced production costs, increased advertising budgets and, most important, what they hope will be better, more distinctive products.

There's some talk that the independents may further merge to form one company and give the industry a "big four" lineup, but so far it's only talk.

Today there are only six different firms producing cars. Over the last 40 years, there have been as many as 250 different makes.

Anyone remember the Pope-Hartford, the Ruppel, the Schacht, Goethals or Southern Bix?

How many remember David Dunbar Buick who died several years ago in an attic? Louis Chevrolet, French auto racer who built the first car bearing his name, also died in obscurity.

Remember William C. Durant? Twice he was controlling stockholder and head of General Motors. He won and lost several hundred million dollars, fortunes, mostly in Wall Street operations. When he died seven years ago, he was broke.

When the war ended, the auto companies couldn't produce enough to meet the pent-up demand. The independents prospered on the overflow from the big three. By 1948 their share of the market had climbed to almost 20 per cent.

By 1950, the industry was able to meet the demand and in that all-time record year turned out more than 6,500,000 cars. Then came the Korean War and again production controls. Last year, the controls were lifted.

But now there was a difference. The customer had to be sold. Perhaps his hunger for new cars had been somewhat satiated. Or his dollar was growing tighter.

Ford set out to sell in a roaring campaign. Its announced goal was to make the Ford the nation's best seller on wheels at the expense of GM's Chevrolet. It has come close but the battle still is in doubt; the leadership wavers from month to month by a few thousand.

Buick has moved up to third place and Plymouth has dropped to fourth. Then, in this order, come Oldsmobile, Pontiac, Mercury, Dodge, Chrysler, Cadillac, Studebaker, Nash, DeSoto, Packard, Lincoln, Hudson, Willys, Kaiser and Henry J.

Emil Mazy, secretary-treasurer of the CIO United Automobile Workers, says that since April, about 132,000 workers have been laid off in auto factories and supplier plants. He says the primary cause is the consumer's decreased purchasing power.

In the first quarter of this year, the dealer's average operating profit was about \$41 a unit, retail as compared with \$201 the year before, according to the National Automobile Dealers Assn.

In the Ford-GM fight, dealer prices began to tumble through discounts off the list price or high-rate trade-in allowances. Many complaints were heard that the factories were showing too many cars down the dealers' throats.

Ford says all it did was encourage "good hard selling." GM says it met the competition but did not overproduce.

L. L. Colbert, Chrysler president, predicts Chrysler will win back its 3 per cent slice of the market next year. The company is fighting back with a huge expansion and modernization program scheduled for a 1954-55 quarter.

Chrysler is getting into the Federal Insurance Co. of America's competition in each of its divisions and a heavier advertising budget.

METHODIST BISHOP O. Bromley Oxnam, of Washington, D.C., brings down the gavel at the closing session of the Second Assembly of the World Council of Churches in Evanston, Ill. He is flanked by the six newly-elected presidents of the international organization. Delegates from 143 Protestant, Anglican and Eastern Orthodox Churches of 48 countries attended the Assembly in the group (l. to r.) are: Methodist Bishop Sante Umberto Barberi, of Buenos Aires, Argentina; Right Rev. Henry Knox Sherill, of New York, presiding Bishop of the Protestant Episcopal Church; Bishop Friedrich Karl Otto Dibelius, of West Berlin; Bishop Oxnam, an outgoing president; Archbishop Michael of the Greek Orthodox Church of North and South America; the Very Rev. Dr. John Battle of Edinburgh, Scotland; and Mar Thomas Johanson, Metropolitan of the Mar Thoma Syrian Church of Malabar, South India. (International)

Strolling In Sanford

At his first official act, newly-appointed County Judge Ernest Houliholder has appointed Mrs. S. P. Fowler as clerk of the County Judge's Court. Mrs. Fowler has previously served in this capacity. Jurisdiction of the court includes probate action, juvenile cases and licenses.

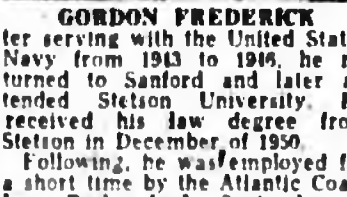

Legion Advocates War On Further Aggression

WASHINGTON (AP)—The American Legion gave overwhelming backing today to a proposal calling on the United States to meet any further Communist aggression in Southeast Asia by "immediate military retaliation." The Legionnaires agreed at their 36th annual convention that this retaliation should be taken "with other free nations of the world."

Jack Butts, manager of Sandalwood Springs, called today and told of special activities which will be conducted at the fun spot on Labor Day. These activities will include a water show, he said, a reptile exhibit, a balancing act by John Boyle, Walter Parks, a juggling contest, conducted by Jane Dickson, and contest games for public participation, such as tug-of-war and a potato sack race. Prizes will be given. Featured at the water show will be Linda Bridgers, Altamonte Springs, who participated in the International synchronized swimming meet this summer at Niagara Falls, N. Y. She will present the same number, "The Little French Poem." Another planned show is alligator wrestling. Activities at the Springs will get under way at 9 a. m. A chef will be an outdoor barbecue pit. There will be no increase in prices.

Gordon Frederick Tells Candidacy For County Judge

Gordon V. Frederick, local attorney, today announced his candidacy for the office of County Judge of Seminole County. A vacancy has been created in the office through the resignation of Howard Stetson to be a candidate for State senator. Appointed to fill the vacancy on a temporary basis until an election may be held is Judge Ernest Houliholder. Frederick, born in Seminole County, attended public school in Sanford and was graduated from Seminole High School in 1942. At

GORDON FREDERICK, local attorney, today announced his candidacy for the office of County Judge of Seminole County. He received his law degree from Stetson in December of 1950. Following, he was employed for a short time by the Atlantic Coast Line Railroad in September of 1951. He established his law offices in Sanford and has practiced law here since.

Key Witness Found For Questioning

CORAL GABLES (AP)—Mrs. Dorothy Lawrence, 25-year-old blonde Baltimore waitress being sought as a key witness in the Judith Ann Roberts slaying, was located in Winter Haven and will return to Miami for questioning before a grand jury.

Willard Durden Must Stand Trial

BARTOW (AP)—Willard Durden must stand trial on charges of conspiring to kill three wealthy persons for profit.

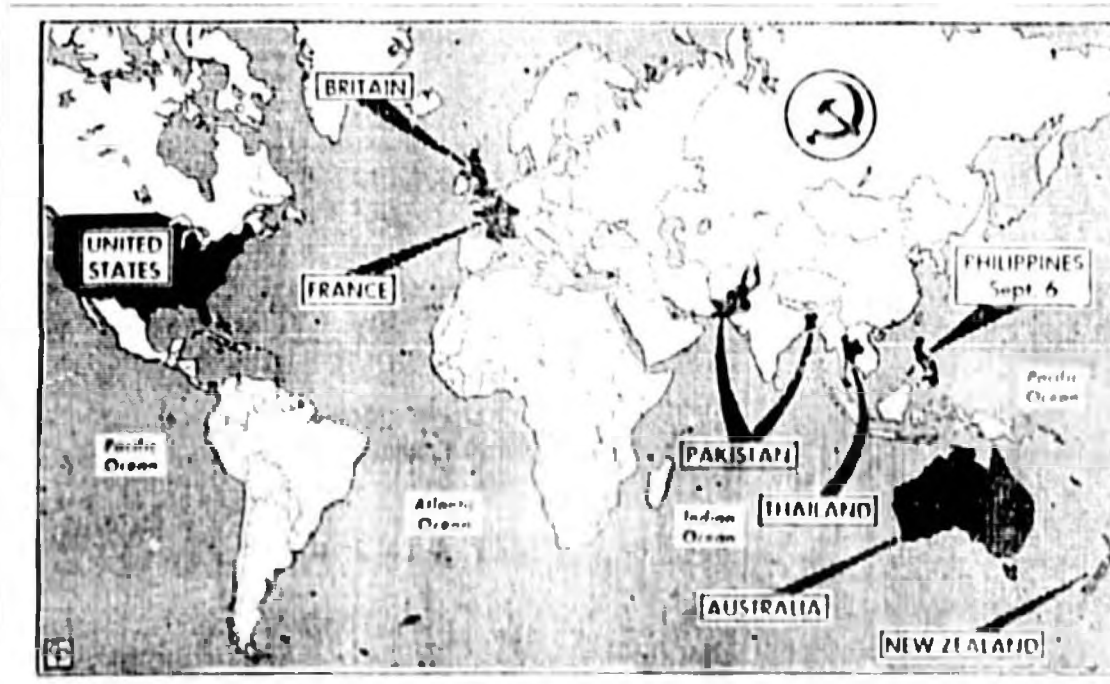

Former Demo Head Dies

FAIRMONT, Wis. (AP)—Clem L. Shaver, 87, former Democratic national chairman, died in a Fairmont hospital yesterday.

Over 4400 Students Register Enrollment Will Rise

More than 4,400 school children registered in the 15 Seminole County schools in and around Sanford yesterday, according to information received from the various school authorities. This figure does not reflect the total enrollment that will attend the 15 schools in the coming year. Many students failed to register for a number of reasons, and, as one school principal said, "Even with the preliminary registration, on the first day of class, they just pour in from everywhere."

Red China Was Given Job Of Spearheading Attempt To Conquer Asia—Lodge

THE UNITED STATES IS MUSTERING its top diplomatic talent for an all-out drive to win an alliance for the defense of southeast Asia at a conference of eight nations (black), opening September 8 in Manila, the Philippines. Secretary of State John Foster Dulles will lead the American delegation. Prime Minister Nehru of India will not be at the conference. He has a more important job of negotiating the Indo-China truce and from the meeting will report the atmosphere.

Diplomat Addresses Legion

WASHINGTON (AP)—Ambassador Henry Cabot Lodge Jr. today said he has proof that the Chinese Communists two years ago were given the job of spearheading "an organized Communist attempt to conquer all of Asia."

Pachuco Mark, Symbol Of Evil, Is Found Over United States

LOS ANGELES (AP)—The tattooed mark of the Pachuco has swept across the nation as a symbol of modern-day youthful hoodlums. Its common form is a cross with a set of halo dots, made with a pin or knife and ink on the web between the thumb and forefinger or on the arm or chest. It puzzles and warms civil and military authorities in many areas, but is suffered virtually unscathed.

Beverage Director Quits Post Today With Angry Blast

MIAMI (AP)—Roy R. Howell, up-souped only nine days ago as state beverage department supervisor in the Miami area, resigned today with an angry blast at employees and practices of the department.

Ike Signs Law Which Expands Social Security

PHOENIX (AP)—President Eisenhower signed today law which expands social security coverage to 10 million additional Americans and liberalizes other benefits.

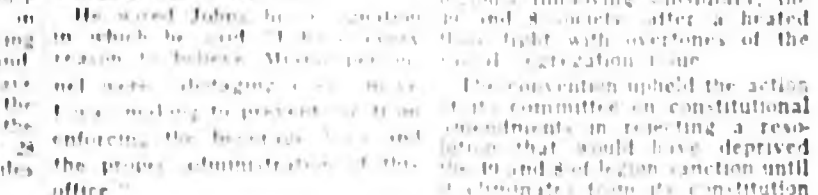

Polio Leveling Off, Health Service Says

WASHINGTON (AP)—The Public Health Service said today "it appears that a definite leveling off" has been reached in new polio cases and that "the peak is now being approached."

Hurricane Dolly Takes Water Path

MIAMI (AP)—Hurricane Dolly whirled north yesterday from the open Atlantic, heading for the coast of Florida.

RURAL EDUCATION MAKING GOOD PROGRESS BUT LITTLE RED SCHOOLHOUSE IS STILL HERE

Modern rural school (top) is commodious, fully equipped. Below—a typical Little Red Schoolhouse.

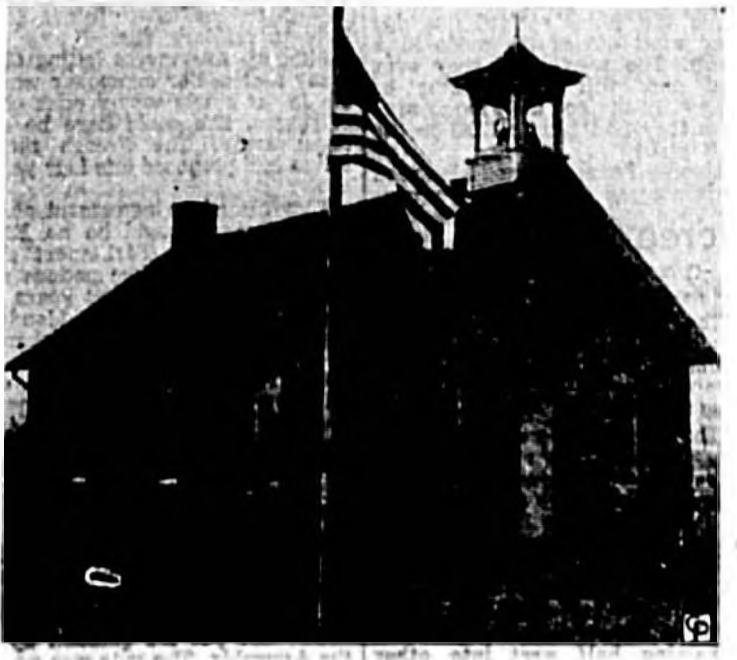

By **RAYMOND WILCOVE**
Central Press Correspondent

WASHINGTON—Education in rural areas is showing encouraging progress, with the number of consolidated schools constantly increasing, but the little red schoolhouse is still far from extinct.

Many changes have taken place in rural schools in less than a decade. One-teacher schools have decreased from about 108,000 to 85,000, while reorganization has reduced the number of school districts from 110,000 to 68,000.

Indicative of the progress made in rural education is the decline of the one-room schoolhouse with its single teacher and the rise in the consolidated school with its greater facilities for instruction.

In 1930, there were 148,711 one-teacher schools, the little red schoolhouse of romantic lore, in 1948 the number had fallen to 75,235 and by 1954 it had dwindled to 48,735.

shown gratifying progress in the past decade, many problems still remain before it more nearly approaches the educational standards found in metropolitan centers.

Thus, the NEA points out that while 35 per cent of rural elementary teachers have degrees, urban elementary teachers achieved this goal 15 years ago.

In one-teacher schools, 23 per cent of the teachers today have degrees as compared to 10 per cent 15 years ago, and 77 per cent now have two years of college preparation as compared to 62 per cent 15 years ago. Of rural secondary teachers, 50 per cent have degrees, 20 per cent having master's degrees.

No longer, says the NEA, is teaching in rural schools looked upon as a stepping stone to urban positions. The average rural elementary teacher has had 14 years of experience; the average rural secondary teacher, 11 years.

Salaries are rising, although they are not yet up to urban standards. From an average salary of \$367 in 1938 they have gone up to \$2,484 in 1953. Lack of prestige or tradition remains a chief deterrent to choosing to teach in rural schools.

The importance of rural education cannot be overestimated. Forty-five per cent of the nation's school age children are in rural areas, along with 62 per cent of the nation's teachers. But, fourth of five in rural areas, which are further limited by having only 28 per cent of the available school funds.

AMERICAN public education, began as a local enterprise. This naturally resulted in many school districts and small schools. Through consolidation, attempts are made to merge these small schools or school districts into larger units.

The National Education association points out that the tendency in recent years has been to stress the community school as the most desirable one. The second most commonly recommended unit is the county.

At the present time, there is one state school system (Delaware); 12 states use the county as the school administration unit; 26 are organized on the old district plan; and nine follow the town or township plan.

Although rural education has

Protect Leathers From Humid Air, Mycologist Advises

GAINESVILLE, Fla.—Keep your cloth and leather goods as dry and clean as possible to protect them from destructive molds in the warm humid weather of summer and early fall, says Mycologist Erdman West of the University of Florida Agricultural Experiment Station.

"Molds and mildew thrive in our summer climate, and they can do serious damage to clothes, shoes, luggage, and other leather goods and to upholstery unless efforts are made to control them," Mr. West advises.

The Experiment Station worker emphasizes that clothing, leather goods, and upholstery that have been soiled with food or other materials offer ideal conditions for the development of molds and that removing such soiled spots promptly is necessary to prevent damage.

He recommends cleaning all clothing before storing it in closets, cleaning and polishing leather goods, and drying all susceptible goods before storing them. Using an electric bulb or other dehumidifying device periodically in closets to dry out damp clothes is effective, he says, but be warned home-makers to be especially careful to prevent contact between the heating device and clothes or other inflammable materials.

Mr. West also stresses the importance of good ventilation of the house, pointing out that circulating air currents tend to keep down formation of molds.

CONNECTICUT—These boats were washed ashore in New London as Hurricane Carol lashed the Atlantic Seaboard from New York to Maine, killing at least 36 persons, injuring hundreds and causing millions of dollars damage. This area was declared in a state of emergency because of fallen high-power lines. More than 100,000 homes in the eastern part of the state were left without electricity. Army and National Guard troops moved into devastated areas. (International)

Ten New Officers Are Added To Photographic Squadron 62

Commander J. A. Goodwin, who recently assumed the duties of commanding officer of Photographic Squadron 62, announces the addition of 10 officers to his staff.

Lcdr. F. Mickle has been assigned the duties of executive officer of Photographic Squadron 62 by the commanding officer, Cdr. J. A. Goodwin, USN. Lcdr. Mickle relieved Cdr. F. J. Plumer as the latter has been designated as the officer-in-charge of Photolon 62 Detachment Item, which is to be deployed overseas. Lcdr. Mickle is a native of Ireland, and is the son of Mr. and Mrs. W. Y. Mickle, Ireland.

Showing Planned For Truman Papers

PHILADELPHIA—The Pennsylvania Committee for the Harry S. Truman Library said today the first public showing of documents slated as part of the collection to be housed in the library will be held tomorrow.

Margaret Truman, daughter of the former President, will be guest of honor.

The committee is engaged in a fund-raising drive for the \$3 million-dollar library in Missouri. Documents to be displayed tomorrow include Truman's speech at the signing of the U. S. Chart in San Francisco June 26, 1945, the Truman Doctrine, the former President's message to Congress March 12, 1947, and his Point Four inaugural address of Jan. 20, 1949.

The committee is engaged in a fund-raising drive for the \$3 million-dollar library in Missouri. Documents to be displayed tomorrow include Truman's speech at the signing of the U. S. Chart in San Francisco June 26, 1945, the Truman Doctrine, the former President's message to Congress March 12, 1947, and his Point Four inaugural address of Jan. 20, 1949.

Council Says Defective Eyesight May Cause Psychological Ills

Children whose eyesight is defective may suffer educational and psychological handicaps not only throughout the school year just starting, but also, for many of them, throughout their lives. This message comes from the Florida Council for the Blind, a state agency, and the National Society for the Prevention of Blindness.

Dr. Franklin M. Foote, executive director of the society, in a statement issued in connection with the nationwide observance of September as "Right-Sighting Month," said that 8 million of America's 32 million children of school age need some kind of eye care "which far too many are not receiving."

"Youngsters whose eyes function with less than normal efficiency naturally find it harder to learn than their luckier classmates," he pointed out. "For most of them, however, the defects can be easily corrected and need not cause damage."

The Director of the Florida Council for the Blind, Harry E. Simmons, advises parents to recognize the fact that children's eyes grow and change along with the rest of their young bodies. "Boys and girls whose eyes were adequate even a year ago might need some kind of care in the form of glasses right now." Parental neglect in this area, he said, increases the likelihood that thousands of children will "fall behind" in their school work, find it difficult to keep up with their friends at play, and even suffer emotional disturbances.

Simmons cautioned parents against waiting for children them-

selves to complain about vision difficulties. "As a rule," he said, "children don't complain about poor vision because they don't know how well they ought to see." Parents should be on the alert, he added, for these danger signals: frequent rubbing of eyes, squinting, inflamed lids, over-sensitivity to light, or inability to play outdoor games or sports. Eye examination before school starts was recommended as the best way to protect a child's vision.

Gordon Fredrick

(Continued From Page One)

know," he continued, "that I am elected to the office, I will honestly, faithfully and impartially administer all duties of the office. Particularly, I will make every effort in handling the Juvenile Court in such a manner that our youth would be given the guidance and counsel which is essential if we are to rely upon them as good citizens."

According to the election Code of the State of Florida it will be necessary for the state Democratic executive committee to meet and determine the date of the first special primary this fall. Then, it will become the duty of the county Democratic executive committee to establish a date for the first primary here for the judge's race.

Relative to the election situation, Fredrick said, "I realize the people of Seminole County have had more than their fair share of elections and perhaps are getting a little tired of going to the polls."

"I would, however, like to impress upon the people that the forthcoming primary is for the purpose of filling two most important offices insofar as the people of Seminole County are concerned—that of senator of the 33rd senatorial district and County judge of Seminole County."

"I would like to urge each and every voter first to make sure that they are registered, and second to go to the polls on election day and exercise the privilege of voting."

Fredrick is a past commander of Sanford Post 53 of the Amer-

Pachuco Mark

(Continued From Page One)

many haven't the slightest idea what 'Pachuco' means.

"We know what it means but it's impossible to translate accurately. We heard it as long ago as 1911 and it came into usage in 1933 in the midlands between goldminers and servicemen in El Paso.

"The term Pachuco came to the coast from El Paso, Tex., border country during the war. It's a Mexican slang expression originally applied in derogatory meaning to the 'goats'—the smart alecks, toughs, hoodlums or what they call them in the border. It's a Mexican descent word with long coats, per-top, ankle-tight pants, duck-tail haircuts and thick-soled shoes."

"But now it has lost that significance. It has been adopted, applied to youngsters who are, or think they are, toughs of all grades. But we find it no longer applies only to Mexican-Americans. The kids recently involved show no pattern of nationality or race. It's simply become a symbol associated with the very widespread youth gang problem."

"In fact, the viciousness today—the knife-swinging, beating and shooting of victims without reason—goes far beyond the original root-out of Pachucos troubles where the plan was to frequently were the only weapon."

Waltley said one Caucasian youth at Charlotte had a 'code of Pachuco' rules including no "ratting" on fellow members, no cooperation with authorities, no reporting even though it doesn't give as much attention to those important factors as he should, but his chances for reasonably good profits are slim in times of comparatively low prices if he ignores them.

The 1953-54 crop year, the Experiment Station economist explained, was not very satisfactory for numerous Florida farmers, such as those who grow watermelons, and the demand generally for Florida crops in 1954-55 is expected to be about the same as that of 1953-54. Some farmers made money, some broke even, and some lost money in 1953-54, and there were probably more farmers making comparatively small profits or breaking even than there were farmers who made large profits or lost heavily.

Agricultural economists of the Agricultural Experiment Station and Agricultural Extension Service, the U. S. Department of Agriculture, and other agencies

Double Amputee, 12 Years Old, Says Looks Up, 'God Helps Me'

SANTA MONICA, Calif.—12-year-old Nancy Hamilton is not 12 and she has lost both legs. But she's looking forward happily to that day in two or three weeks when she'll leave for home.

"I don't let down. I just look up, and God helps me," the little girl tells fellow patients at St. John's Hospital.

Nancy's legs were amputated because of a rare congenital defect of the blood vessels known medically as lymphoedematoma. She lost her left leg more than a year ago and her right one last July 1953 in what was her 39th operation.

"Soon I will have two new shoes," Nancy told her friends.

"Maybe I can even learn to dance."

The first time she had ever worn a shoe was when she was fitted with her first artificial limb.

"It was my biggest thrill," she said, "walking across the hard-wood floors and hearing the sound of my own footsteps."

Mrs. Margaret Hamilton, widow of her husband who was killed two months before Nancy's birth, hopes to purchase a trailer for which to make the new home for her daughter. They've already been promised trailer space near a pool where Nancy can swim daily and receive free lessons.

"I'll walk around the hospital just to show everyone I can. Then we'll go right home."

She has devoted a great deal of study to the prospective demand for crops and livestock, and prospective economic conditions, supplies of farm labor and materials, production costs, and other things that have an important bearing on farm economy, and they have developed recommendations that should be helpful to farmers in the 1954-55 season.

Florida farmers will do well to review their 1953-54 operations, study prospects for 1954-55 plan information on the recommendations of the economists may be obtained from county agents, and farmers who talk things over with their agents are sure to find them helpful.

Plan Carefully Farmers Advised

Careful planning, good management, and persistent effort to produce high quality crops at minimum cost are factors that will largely determine how Florida farmers fare in their enterprises during the 1954-55 season.

That idea, expressed recently by the Hon. Henry Hamilton of the University of Florida Agricultural Experiment Station, is not new, but it bears repeating. In view of the development during the past few years of a marked unfavorable relationship between the prices of crops and the prices of things that farmers buy, the wise farmer will give very special attention to those factors in 1954-55.

Giving serious consideration to regulating production in line with prospective demand and economic conditions, producing the highest quality crops possible, and to holding production costs as low as possible has always been important in farming for maximum profits. In periods of high prices and rising markets for farm products, a farmer may realize profits even though he doesn't give as much attention to those important factors as he should, but his chances for reasonably good profits are slim in times of comparatively low prices if he ignores them.

The 1953-54 crop year, the Experiment Station economist explained, was not very satisfactory for numerous Florida farmers, such as those who grow watermelons, and the demand generally for Florida crops in 1954-55 is expected to be about the same as that of 1953-54. Some farmers made money, some broke even, and some lost money in 1953-54, and there were probably more farmers making comparatively small profits or breaking even than there were farmers who made large profits or lost heavily.

Detachment How Does Good Job

Photographic Squadron 62 Detachment HOW has returned to its home port, NAAS Sanford.

The Detachment returned last week in various groups and times after completing a successful overseas photographic mission.

Photolon 62's commanding officer, Cdr. J. A. Goodwin and Cdr. P. J. Plumer, the squadron's executive officer, wrote on hand to greet Lcdr. W. M. McCarrison, the detachment officer-in-charge, and to extend a "well done" to Cdr. McCarrison and his men.

Due to the excellent work of the detachment personnel, the mission was accomplished in a great deal less time than originally estimated, according to a squadron spokesman. Lcdr. McCarrison has congratulated his men for a fine job well done and in record time.

Couple Killed

BROOKSVILLE—A Cincinnati, Ohio, couple was killed near here yesterday in an auto crash. State Highway Patrolman H. S. West said the dead were Louise Jean Fisher, 62, and her wife, Estelle, 62. He said Fisher ran a stop light.

Jean Fisher, and is a member of the 4044th Central Postal Directory, San Francisco, Calif. She is the widow of a World War I veteran and has two sons.

HORSE BITES TWO FOUND NOT RABID

JACKSONVILLE—A horse which kicked and bit two men at the Lazy Z ranch near Baker two months ago wasn't rabid, the State Board of Health reported after extensive tests of the animal's head. Deputy Sheriff James Helms killed the stallion after it attacked T. F. Helmes and Flynn McVicker.

Social Events

When folks start saying, "It's really too hot to eat," that is when you must pay special attention to the foods you serve and the way you serve them.

Just such a time is the right time for a cool, cold Jellied Chicken Ring—luscious pieces of tender chicken combined with crisp vegetables and molded in lemon-flavored gelatin to make a main-dish salad that will tempt the most heat-jaded appetites. It can be prepared ahead in the cool of the day, too!

- | Jellied Chicken Ring | |
|-------------------------------------------|------------------------------|
| 1 package lemon-flavored gelatin | 2 tablespoons diced pimento |
| 2 cups not chicken stock | 2 tablespoons vinegar |
| 1/2 cup diced cooked chicken | 1 teaspoon grated onion |
| 1/2 cup chopped celery | 1/4 teaspoon salt |
| 1/4 cup chopped green pepper | Dash of pepper |
| 1/4 cup chopped stuffed olives (optional) | Dash of Worcestershire sauce |

Combine gelatin in hot chicken stock. Chill until slightly thickened. Combine remaining ingredients. Fold into slightly thickened gelatin. Turn into ring mold. Chill until firm. Unmold. Serve on crisp lettuce and garnish with mayonnaise. Makes 8 servings.

If Father Is Strictly For Apple Pie, Surprise Him With Jellied Apple Blush

Damez Father by making him a luscious pie. If he is strictly an apple pie man, surprise him with rosy jellied apple blush. If coffee is one of his preferred flavors, treat him to elegant favorite coffee chiffon pie.

Favorite Coffee Chiffon Pie
 1 envelope unflavored gelatin
 1/2 cup sherry wine
 4 eggs, separated
 1/2 cup sugar
 Dash of salt
 1 tablespoon instant coffee powder
 1 cup hot water
 1 (9-inch) baked pie shell
 1 cup heavy cream, whipped
 Shaved semi-sweet chocolate for garnishing

Soften gelatin in the wine. Beat eggs slightly in the top of a double boiler; stir in sugar, salt, coffee powder and water; cook, stirring, over boiling water until mixture thickens. Remove from water. Add gelatin and stir until dissolved. Cool, then chill. When mixture begins to thicken, fold in the stiffly beaten egg whites. Turn into pie shell. Chill until firm. Before serving, spread whipped cream over top of pie and sprinkle with shaved chocolate.

Personals

Miss Myra Jane Madden and Miss Mildred Turner left yesterday to attend the annual banquet at the Heroness Erlanger Hospital School of Nursing in Chattanooga, Tenn.

Floyd Cooper has arrived from Ft. Jackson, S. C. and is spending a two week leave with his wife. He will then report to Aberdeen, Md., where he will attend ordnance school.

Miss Nancy Rountree and Miss Rosemary Garner, plan to leave Monday for Tallahassee, where they will enter their freshman year at Florida State University.

Miss Dawn Bishop will leave Sunday for FSU at Tallahassee, where she will enter her junior year. Miss Bishop will be drill leader in the famed university band.

Miss Beatrice (Bebe) Blisbee and Ronnie Anderson will leave Monday for Tallahassee and FSU where they will enter their junior and freshman years, respectively.

Friends of Mrs. Edward Kircher will be sorry to learn that she is quite ill at the Florida Sanitarium in Orlando. She is the former Elizabeth Clarke.

CALENDAR OF EVENTS

THURSDAY
 The Junior Royal Ambassadors will meet at the First Baptist church at 7 p. m.

The Senior Choir will hold rehearsal at the First Baptist church at 7:30 p. m.

A girls will meet at the Central Baptist Church at 3 p. m.

Central Baptist Church visitation at 7:30 p. m. "If we go, they come."

Youth Activities Week for senior high and older youth at the First Methodist Church beginning with supper at 6:30 p. m.

The T. E. Class of the First Baptist Church will meet in the educational building at 3 p. m. with Mrs. J. A. Benson and her group as hostesses.

FRIDAY
 Central Baptist Church visitation at 7:30 p. m. "If we go, they come."

The Duplicate Bridge Club will meet at the Yacht Club with supper to begin at 7:45 p. m. and play to start at 8 o'clock.

The American Legion Auxiliary will have a covered dish supper at 6:30 p. m. Circle 3 which they report on Girls' State will be held.

MONDAY
 A called meeting of Semmo Chapter No. 2 O.E.S., honoring the Worthy Grand Matron, Mrs. Esther Bush, and Worthy Grand Patron, Wilbur Masters will be held at the Masonic Hall at 8 p. m. Banquet at 8 p. m. at McKinley Hall. Reservations may be made with Mrs. R. W. Tucker, 283 R.

Youth Activities Week for senior high and older youth at the First Methodist Church beginning with supper at 6:30 p. m.

TUESDAY
 The circles of the W.S.S. of the First Methodist Church will meet as follows: Circle 1 meets with Mrs. W. B. Mays, 232 W. 12th St. at 3:30 p. m.; Circle 2 with Mrs. J. I. Hughey, 2314 Palmway Ave. at 4:45 p. m.; Circle 3 with Mrs. B. Smith, 110 W. 19th St. at 3 p. m.; Circle 4 with Mrs. J. P. Thorndike, 612 Elm Ave. at 3 p. m.; Circle 5 with Mrs. Carl Smith, Silver Lake, 10 a. m.; Circle 6 with Mrs. W. A. Hunter, 211 Oak Ave. at 10 a. m.; Circle 7 with Mrs. J. M. Fletcher, 317 W. 13th St. at 8 p. m.; Circle 8 with Mrs. D. H. Fletcher, Pauls Rd. at 8 p. m.

The Unity Truth Class will meet at the Valley Hotel at 7:15 p. m. with Carolyn Parsons as teacher. The public is invited.

The Daughters of Wesley Sunday School Class of the First Methodist Church will meet at 8 p. m. in McKinley Hall for the regular business and social meeting with Mrs. Pauline Howard and her group as hostesses.

Circle No. 4 of the W.S.S. of the First Methodist Church will meet with Mrs. W. A. Hunter, 211 Oak Ave. at 10 a. m.

WEDNESDAY
 Circle 3 of the W.S.S. of the First Methodist Church meets with Mrs. O. M. Funtion, 2401 Stevens Ave. at 9:30 a. m.

Semmo Chapter No. 2 O.E.S. Worthy Grand Matron's school of instruction for district 23 will be held in Masonic Hall at 10 a. m.

The ingredients of a hand sprayer does a good job of applying it. Especially spray those hard to get spots under furniture that escape regular cleaning.

Jellied Apple Blush Pie
 1 envelope unflavored gelatin
 1/2 cup cold water
 2 1/2 cup bottled apple juice
 1 1/2 cup red table wine
 1 cup sugar
 1/2 teaspoon cinnamon
 1/4 teaspoon nutmeg
 1 1/2-cup cream, lemon peel
 1 tablespoon butter or margarine

Red food coloring
 1 No. 21 can sliced pie apples, drained
 1 (9-inch) baked pastry shell
 Whipped cream

Soften gelatin in the cold water 5 minutes. Combine apple juice, wine, sugar, cinnamon, nutmeg and lemon peel in a saucepan, bring to a boil, stirring until sugar is dissolved; simmer 5 minutes. Remove from heat; add lemon juice, butter and soften gelatin; stir until gelatin is dissolved. Add enough red food coloring to give mixture a nice rosy hue.

Cool, then chill until syrupy, stirring occasionally. Arrange half of the apple slices in bottom of pie shell; cover with half of the mixture. Remove from heat at once. Spoon over centers of 4 to 6 servings of hot cooked asparagus. Makes 8 to almost 1 cup sauce, depending on size of egg yolks.

Protect Carpets All Year Round With DDT Spray

Though fall is not normally the season when we worry about clothes moths and carpet beetles, chowing holes in our woollens, it's well to realize that these insects recognize no season in a well heated home, says Myrtle Wilson, Home Demonstration Agent. Wool rugs and carpets, for example, can attract the pests through the year.

Fortunately entomologists of the U. S. Department of Agriculture have found that simply spraying a rug with five per cent DDT solution will protect it from damage by these fabric-eaters for a year or more.

The entomologists have proved the success of this treatment in their laboratories. Over the sprayed rug passed the normal daily traffic of a busy office. It was vacuumed once a week yet after 12 months, about 40 per cent of the DDT is left. Carpet beetle or clothes moth larvae was still in the rug, and after 15 months, enough DDT remained that the pest fed only very lightly on samples of the treated rug.

To protect your own rug, apply a five per cent DDT oil spray uniformly over both top and bottom surfaces, sufficient to moisten the fibers. Such a spray can be purchased as a common household spray, under a variety of trade marks. Check the label describing

Asparagus Tips Are Tops In Vegetables

By CECILY BROWNSTONE

If there is anything more luscious among vegetables than fresh green asparagus with Hollandaise sauce we have yet to eat it! We urge you to enjoy this combination at least once during the asparagus season. You don't have to be afraid of this high-falutin' sauce. If you follow our recipe in the letter you will make it successfully.

We should also like to persuade you to peel the asparagus spears almost up to the tips. We use a swivelable vegetable peeler that is razor-sharp for this chore. Peeled, the whole spear can be eaten and enjoyed.

Our favorite way of cooking asparagus is in a deep skillet with a light-fitting dome-type cover. If you have peeled the spears you will find the stalks and the tips cook in the same time. For a pound of asparagus we use the 4 inch size covered skillet with about 1/2 cup boiling water. When we are cooking a large bunch of asparagus—usually 2 1/2 to 2 3/4 pounds—we use the 10 or 12 inch skillet with 1/2 cup water. We do not salt the asparagus when we plan to serve it with Hollandaise sauce made with salted butter or margarine, because in this case the sauce usually supplies enough salt. If you do not have deep skillets with covers in your kitchen use the double-boiler method of cooking asparagus given below. You can peel the spears or not, as you like.

Fresh asparagus should be kept cool from the time it is cut until

it is used. Store the asparagus in moisture proof bags or a crisper in the refrigerator as it toughens quickly. When you are buying asparagus, look for bright green spears that have closed compact tips. Asparagus whose tips have lost their freshness is no bargain.

Fresh green asparagus is a good source of vitamin A and vitamin C (ascorbic acid). White or bleached asparagus has little vitamin A but it does have the same amount of vitamin C as does green.

ASPARAGUS WITH LIME
HOLLANDAISE SAUCE
 Ingredients: 2 pounds fresh asparagus, boiling water. Lime Hollandaise Sauce.
 Method: Wash asparagus and tie in two bundles. Place upright in the bottom part of a double boiler. Pour in boiling water so it is about 1 inch high in pan. Cover with inverted top of double boiler. Boil until lower part of stalks are tender when tested with a fork—12 to 15 minutes. Drain. Serve with Lime Hollandaise Sauce. Makes 4 to 6 servings.

LIME HOLLANDAISE SAUCE
 Ingredients: 4 table-spoons margarine (1/2 stick), 1 tablespoon fresh lime juice, 3 egg yolks.
 Method: Put margarine into greased and put into top of small double boiler, add lime juice and egg yolk. Place over hot, not boiling, water; see that water does not touch bottom of upper part of double boiler. Cook and beat constantly with a rotary beater or a wire whisk until as thick as may-

Smokey Says:

To protect your own rug, apply a five per cent DDT oil spray uniformly over both top and bottom surfaces, sufficient to moisten the fibers. Such a spray can be purchased as a common household spray, under a variety of trade marks. Check the label describing

Swimming Pools Can Be Made Safe By Thoughtfulness

Who doesn't like to cool off on a hot day with a dip in the pool? It's refreshing and it's fun.

But pick your pool and the time you use it.

Pools are great places to pick up all sorts of infections. Know how to avoid them.

In the first place, the pool itself needs to be safe. In and near cities, the health department usually inspects every pool to which the public is admitted. Its inspectors make sure that the flow of water is adequate, that the right amount of chlorine is put into the water.

It's the people using a pool who cause the greatest trouble. The more people, the greater the hazard. One person with a sore throat, a cold or a skin infection can put enough germs in the water to give a dozen other people his illness. It's not feasible to put enough chlorine in the water to prevent the spread of infections of this kind.

If everyone would be careful not to go into a pool when he has any kind of a communicable disease, our pools would be just as safe as a health hazard.

A pool out in the light sun is safer than one indoors. The sun kills off germs quickly.

I know a school that had a wonderful new pool as part of its gym equipment. There was great debate as to whether they could use it all winter. Would there be too many colds traced to the pool?

The principal gave the children a talk. It was a junior high school when he had a cold, as well as a skin infection. The principal went on to say that if there were many cases of illness that could be traced to the pool, they'd have to close the pool. He put it up to the children.

Those boys and girls didn't want their pool closed. They watched each other like hawks. If a child so much as sneezed, his friends wouldn't let him go swimming. They'd inspect each other and anyone trying to get away with something was punished on the spot.

As a result the pool had a clean health record and was kept open the whole school year.

Ever try adding a little horse-radish and minced parsley to a beef gravy?

Grab Yer Hat And Start Heading For Roundup At Grammar School

"Grab yer hat, partner, the Sanford Grammar School is headed for a big 'Fall roundup' Saturday, Sept. 28. Plans for this entertainment were made by an enthusiastic crowd of parents and teachers at the first P.T.A. meeting of the 1954-55 school year Tuesday night.

Activities will start with a supper at 5:30 p. m. at the school. Many booths will feature games of skill, grab bag, teddy bear raffle, hand-craft, check wagon and "home cooking."

There will be a special cake contest with various teams competing. The Duxbury School of Dancing will present two half-hour programs during the evening. Those attending the roundup are asked to wear at least one piece of Western apparel and join in the fun, hats or shoes, according to a spokesman of the P.T.A.

Herold Heckenback, principal, spoke briefly introducing his teachers and staff.

At its project last year, the grammar school P.T.A. purchased a 16 millimeter movie projector for the school. Mrs. Elizabeth Sharon, audio-visual instructor, introduced

Tony Martucci who demonstrated the machine, calling particular attention to its efficiency of operation and maintenance.

Mr. Martucci presented the school with a special daylight screen which can be used in the classroom with the movie projector or with slides. A movie, "Pop Rings the Bell," which pointed out how schools are a community investment, was shown to the group.

Wednesday, Sept. 8, at 9:30 a. m., there will be a joint meeting of the P.T.A. board members and the room mothers roundup committee.

At the conclusion of the session, lime punch and cookies were served by the board members.

Use Our Convenient Lay-Away Plan

Sports Selections

The Seminoles held their first contact grid practice today and probably will feel the effects of it tomorrow, in spite of the fact there have been practice on fundamental exercises for a couple of weeks.

Here's a run-down of the schedule for this grid season:

Sept. 17—Apopka
Sept. 21—Eustis (H)
Oct. 1—Leesburg (H)
Oct. 15—Palatka (C)
Oct. 22—St. Augustine (H) (C)
Oct. 29—Winter Park
Nov. 5—New Smyrna Beach (C)
Nov. 19—Edgewater (Orlando) (C)
H—Home games; C—Conference games.

The team has just over two weeks in which to get ready for its first game.

Kid Gavilan helped to set ring history last night by getting theumps. He rather got his lumps a bit early.

FSL Title Series Evened Up At 1-1

JACKSONVILLE BEACH—Buel Morrison and Dick Hogg set Lakeland down on four hits last night to give Jacksonville Beach a 10-1 victory and even the Florida State League championship play-off at 1-1.

The best-of-five series moves to Lakeland tonight for the remaining games.

Boxing History Made To Continue Series Of Shows

PHILADELPHIA—Boxing history was made last night with the first "radio-home audience" nationally televised fight show, but the only happy faces were those of four unheralded preliminary fighters.

It took a case of mumps to fulfill a prediction by the late Mike Jacobs, renowned New York promoter, that the day would come when prize fights would be held before unpraying audiences.

Kid Gavilan came down with the mumps Tuesday, 24 hours before he was scheduled to make his eighth title defense against Johnny Baxter. The promoters—Herman Taylor and the International Boxing Club of New York—were faced with the prospect of no show at all.

Rather than break the uninterrupted four-year Wednesday TV fight show series, Taylor and the IBC put together a double window program of six rounds. No admission was charged for the show at the Met, a small club with about 5,000 seats.

Some 2,000 fans—about the size of a large studio audience—turned out, most of them from the neighborhood surrounding the Met. The fighters, George Justice and Elwood Davis, Philadelphia welterweight, and Bobby Bell, Youngstown, O., and the Christ of New York, each received \$1,500 for their appearance.

The fighters were happy. They each got a nice chunk of TV money. But everyone else connected with the affair wasted no smiles.

Gavilan was home in bed with the mumps.

Sutton was down in the mouth at leaving his opportunity—for the time being at least—to fight for the 147-pound crown.

Promoter Taylor and IBC representatives were busy counting up their financial losses because of the postponement and the expense of putting on the substitute show.

The sponsor of the TV show claimed he lost 20 per cent of his audience because of the television postponement.

About the fight:

Justice, 19, suffered cuts over both eyes and a bruise under his left eye, but emerged a surprising winner over Davis.

Chestnut, 127, a former Golden Gloves champion, and Bell, a 25-year-old Cuban recently out of the Army, fought to a draw.

Wolf Will Stick To Two Platoons For This Season

GAINESVILLE—In this second year of limited football substitutions, the University of Florida will stick to a two-platoon system.

It worked particularly well for Auburn its X and Y units getting national notice and going into the Gator Bowl game. Florida had less success in 1953 substituting its A and B units almost intact.

Coach Bob Woodruff doesn't lay any of last season's troubles on substitutions, but he believes the substitution system. His A and B units this fall will be better balanced, though. A year ago the A unit was made up mostly of players from the 1952 defensive team and the B unit of those from the offensive team.

While they will be better balanced this season, they also will have less total experience.

"We have to depend on a sophomore at every position," Woodruff commented yesterday.

He listed his two top units as they were at the beginning of fall practice, with the exception of the guards, designating only Robert Martin of Miami and Curt Hayden of Apopka as regulars. Both are two year lettermen.

At ends he named Jerry Blyk, St. Louis, Mo.; Ray Brown, Miami; Weldon Lockhart, Birmingham, Ala.; and Bobby Burford, Roanoke, Va.

Quarterbacks—Bobby Lance, Nashville, Tenn.; and Fred Robinson, St. Petersburg.

Halfbacks—Larry Scott, Pensacola; Bob Davis, Belleville, Ill.; Jackie Simpson, Miami; and John Burgess, Lake Wales.

Fullbacks—Mal Hammack, Rosemead, Tex.; Joe Brasky, Miami; and Bill Hoarling, Savannah, Ga.

Coach Woodruff plans to keep the two units intact and substitute for injuries from a third unit.

At yesterday's opening practice session, Simpson and a big sophomore tackle, Mike Silver of Fort Pierce, became sick from the heat and had to leave the field. But Sam Lankford, the trainer, said they would be ready to rejoin the squad after a rest.

SEC Coaches Watch For Strength As League Is Closely Balanced

By THE ASSOCIATED PRESS

Watchful Southeastern Conference coaches, conscious of the league's well-balanced nature this year, are searching their flocks for signs of the strength that might explode into championship drive.

Initial practices got under way Wednesday and are to continue with concentration until Sept. 17-18, when all but three teams have their openers.

Alabama's squad opened practice at Tuscaloosa by selecting Sid Youngblum, tackle from Brooklyn, N. Y., as captain. Named alternate captain was Charles Eckery of Oak Park, Ill.

Fundamentals were stressed at Coach Ben Drew. Punting drills were quarterbacks Hart Starr and Ollie Yates, halfbacks Albert Elmore and Bobby Luna and fullback Bill Stone. Ends Corlis Lynch and Pete Cook looked good during passing drills.

At Georgia Tech, Coach Bobby Dodd said he plans to use center Jimmy Carlen, his best punter, as a defensive back in order to have him in the game when punts are needed. Carlen plays center behind All-American Larry Morris.

Dodd shifted guard Jake Shoemaker to right tackle. He plans to coach his squad through two-day workouts for 10 days.

Mississippi noted the loss of four men as practice began. Called into the Army were Bill Sullivan, 219-pound sophomore guard who was expected to fill the vacancy left

by Crawford Minnis, and twin ends Bill and Bob Sims. Right tackle Tommy Brooks quit football.

Coach Johnny Vaughn said Sullivan's loss is "a terrific blow." He shifted Archie Shepherd from right tackle to guard to replace Sullivan.

Auburn's Coach Ralph Jordan expressed pleasure over the apparent good condition of his charges. He asked his boys to show up at 9:30 a. m. The last man arrived at 9 a. m.

Limping on the first day of preparation were end Jerry Elliott and halfback Billy Whitten, both of whom had knee operations during the summer.

Tennessee concentrated on signal and pass drills during the morning. The afternoon was devoted to signal work as a unit and defensive drills against the split. With few exceptions the squad was reported in "excellent shape."

At Georgia, Coach Wally Butts lambasted the limp which center Harold Deen Cook has from a foot injury last month. Butts fears that Cook may not be ready in time for the opener against Florida State, and he shifted guard Bill Sayre and end Clayton Grubbs to center to improve the depth there.

In another juggle, right halfback Bud Powell was moved to left half.

Coach Bob Woodruff says he will have to depend on sophomores at every Florida position. He looked over his crop and estimated that the team speed will be about the same as last year, but the boys won't be as big. Woodruff has scheduled a scrimmage for Saturday.

Captain Bobby Collins and center Harold Easterwood, alternate captain, led the list of 60 candidates beginning workouts for Coach Darrell Royal at Mississippi State. Sixteen lettermen were on hand.

At Baton Rouge, Louisiana State

Uniforms Issued To SHS Gridders For Contact Drill

Practices uniforms were issued yesterday at Seminole High School to grid aspirants who dressed out for afternoon work-outs.

The squad, approximately 60 strong, according to Coach Fred Ganas, has been going through light practice drills for a couple of weeks. This type of practice ended today with the starting of contact drill.

As opposed to college football high schools still are authorized to operate under the two platoon system and the unlimited substitution rule.

The team, Ganas said, will operate as in the past, out of the single wing formation.

He said much time has been taken this week in checking the eligibility of each of the players and clearing insurance on them.

Two Freshmen Showing Well

TALAHASSEE—Two of the freshmen counted on by Coach Tom Nugent to help make his 1954 Florida State University football team click already are beginning to impress in practice sessions.

The first day's drills yesterday saw guard Leo Baggett of Panama City and quarterback Ted Rodriguez of Lynn, Mass., come through in expected fashion.

Baggett, a stocky 265-pound former in contact drills.

And Rodriguez tossed long and accurate passes with accuracy in passing drills.

Nugent is holding three-day practice sessions for the 116 candidates until the season opener against Georgia here Sept. 18.

He moved right away into practicing defense against a simulated Texas passing game. The opener against the Longhorns is on Sept. 18 at Austin.

At Kentucky, fullback Ray Callahan and center John Williams were moved to guard. Quarterback Jess Curry was shifted to halfback.

The Wildcats had blocking and tackling workouts and speed drills.

Coach Art Guerin said he was "most satisfied" with the first day of Vanderbilt practice. He said the squad looked better than on opening day last year, and he added that the candidates seem to be in good condition. They are scheduled to scrimmage Saturday.

Tulane had calisthenics and a light afternoon scrimmage. Andy Pinyne, new as head coach, greeted 55 candidates, including only 15 lettermen. Pinyne commented that the Greenies may have "a better team than a lot of people expect."

At Baton Rouge, Louisiana State

REAL COMEBACK By Alan Mauer

NED GARVER OF DETROIT, HAVING HIS BEST SEASON SINCE 1951, HAS 20 HOME RUNS FOR THE 6TH PLACE BROWNS IN 1954.

HE'S NOT THREATENING TO REJOIN THE 20-WIN CLUB, BUT SHOULD HAVE MADE 200 TOTAL, AND WOULD HAVE HAD PLenty MORE WITH A LITTLE BETTER LUCK—BROOKLYN MAKING A STRONG BID TO LEAD THE LEAGUE IN THE BROWN O-RING HOVERING NEAR 2.20.

All Teams Split First Games As League Bowling Is Started

All six teams in the City Bowling League split their games last night as the schedule for the loop got underway at the Sanford Bowling Alley.

The league has a 30-week, 90-game schedule this year and meets each Wednesday night at 7:15 o'clock.

All teams also split Tuesday night in the opening games of the Mixed League.

The Sanford Bowling Alley won two and lost one Tuesday night, as did the Tigers and the Dust Box team. Powell's, the Hot Shots and team No. 3, had one win for two losses.

Ray Carroll has the high average and the high score for three games in the City League, 186.67 and 600, respectively. Jack Kanner bowled the highest game, getting a score of 232.

Powell's attained both the highest for a single game, 681, Tuesday night. Eileen Betts walked off with individual bowling honors, getting a high three series score of 156, and a single game total of 212.

The Mixed Bowling League is to run 10 weeks this season and there is room for several more bowlers. Team handicaps are assigned at by taking 15 per cent of the difference in team averages.

Reds Beat NY, 9-7, Blast 7 Pitchers For 13 Safeties

CINCINNATI—If the New York Giants lose the National League pennant, they may have dropped it in Crosley Field.

They played their last contest of the season in the Cincinnati Reding park last night. The Reds outted seven Giant pitchers—one off a league record—for 13 hits and 10 walks in gaining a 9-7 triumph.

The Giants have lost 6 of 7 games to the Reds in Crosley Field, with the second-place Brooklyn Dodgers, still 3 1/2 games behind, have capped 9 of the 11 played here. A Giant victory would have provided a needed extra game cushion.

Last night's encounter was a weird one. Manager Leo Durocher officially protested the contest in the third inning after what he thought was the third out.

Cincinnati second baseman Johnny Temple tried to steal home while the ball was on the ground between the pitcher and the first baseman. He was called out by Plate Umpire Len Warcke. But the official on third, Frank Secory, said he had previously called "time" and that Temple was still on third.

Durocher howled: "Who asked you to call time? A Cincinnati player?"

Secory replied, "I called time."

The decision did no damage to the Giant cause as the next batter grounded out to retire the side.

Report Of Boy

Wasn't Fiction

WINSTON SALEM, N. C. — A little boy rushed in and told his parents "somebody's robbing the supermarket."

"Are you an out and play?" they scoffed, knowing how he loved to play cops and robbers.

Out he trotted, crossfaced. His first big case and a body believed him.

P. J. Hubbard, manager of the market Tuesday reported to police that a safe had been opened the night before and \$112 stolen.

MARINE GENERAL OFFICIAL LIST **CAMP LEVERNE** N. C. 1st Mar. Sgt. Lewis R. (Chief) Peter, 3d Marine Corps. Best of Goodland and Korea. Has been taken out of the critical line at the U.S. Naval Hospital here.

FOR LABOR DAY
WE SHOP IN Sanford

Because shopping in Sanford IS a picnic! The merchants are so friendly and helpful, the windows are so attractive, and the merchandise displayed for sale is so exactly what we want . . . we just wouldn't think of shopping anyplace else. Sanford merchants have anticipated the needs of our family, from mother and father to the littlest one.

Even Fido is well provided for when we shop in Sanford! For picnic supplies, for food and clothing and home needs, for everything we buy . . .

Sanford is our shopping center. We like it!

Clear to partly cloudy through Saturday except widely scattered showers near east coast and isolated afternoon thunderstorms elsewhere. Little change in temperature.

5 Prisoners Muff Break Try At Palm Beach County Jail

Strolling In Sanford

The meeting of the state Democratic executive committee on Sept. 15 will get underway at 10 a. m. in Bill Steiner's dining room in the city of Sanford today. The meeting is being held at the Orange Court Hotel in Orlando to pick a date for the November primary election this fall and to conduct other business. A "bug and bunny" supper at 7:15 p. m. will cost \$10 a plate. Any Democrat wishing to go can contact Bill Steiner.

The 1954 membership campaign of the local Veterans of Foreign Wars post is underway, according to Melvin Smith, commander. He hopes the membership quota will be filled by Oct. 1. Anyone interested in joining the VFW can get in touch with Smith at the Sanford Trailer Park.

The regular meeting of the American Legion post scheduled for Monday night will be postponed until Sept. 29 when a supper will be held. Fred Johnson, Jr., commander, said today.

Tomorrow will be the last day the Sanford Public Library will be open until further notice. The building will be undergoing renovation.

The Red Cross tells us that Helen Michaels, Robert Samuel Sara Jacobson, Carl Haig, John J. Jr., Peggy Wright, Sophie Monfort, Sandra Monfort, Mary Tanner, Muriel Scott, Beatrix M. Blitzer, Hamilton J. Hislop, Steve Anderson, Phil Logan, Margie Morrison, Fayne Harris and Jean Wilson have completed the senior course in life saving and water safety.

Completing the junior course in life saving and water safety were Judy Clarke, Wil Byrks, Bobbie Little, Helen Carson, Floyd Dussey, Genevieve Williams, David Druce, Vivian Parrell, Cecelia Mitchell and Carol Arwood. These courses were conducted by Tommy Sullivan.

The senior course in life saving and water safety conducted by Frances Cobb was successfully completed by Heinz and Earl Stubbs of the Naval Auxiliaries Air Station.

Dates Announced For Permit Sales Around County

Mrs. S. P. Fowler, clerk of the County Judge's Court, today announced the prospective schedule of drivers' permit sales for the outlying towns in the county. The first sale will be in the town hall in Oviedo Wednesday, Sept. 8 and Wednesday, Sept. 15, from 2 to 8 p. m. They will go on sale at the building in Lake Mary from 8:30 to 6 p. m. Thursday, Sept. 9. On Wednesday, Sept. 8, licenses will be sold in the community house in Geneva from 10 a. m. until noon.

Other sales will be Friday, Sept. 10, at Gardner's store in Lake Monroe from 3 to 6 p. m.; Tuesday, Sept. 14, at Biggs store in Bear Lake from 2 to 6 p. m.; Thursday, Sept. 16, at the post office in Altamonte from 2 to 6 p. m.; Friday, Sept. 17, at the town hall in Longwood from 2 to 6 p. m. and Tuesday, Sept. 21, at the post office in Lake Wales from 2 to 6 p. m.

Committee Named To Count Ballots

A five-man election committee has been named by the Chamber of Commerce to count the ballots that will name the organization's 1955 board of directors. Camillus Bruce, CFC administrative director, said today.

Under the chairmanship of Jack Hall, the committee consists of Al Lee, Jimmy Gull, Franklin Roundtail and Gordon Sweeney. It will meet at 10 o'clock Wednesday morning to count the election ballots.

Four hundred sixty-eight ballots were mailed to 279 different addresses for the election but as yet only 46 have been returned. According to Mrs. Bruce, all but 10 ballots must be returned postmarked no later than midnight, Tuesday, to be counted.

DIXIE CARNES, of Pomona, Calif., will not have to tint eggs next Easter, for the Aracuca chick she holds is one of a unique breed that lays pink, blue and yellow eggs. This species of fowl was originally found only in Chile, but recently has been introduced to the United States. Several will be on display at the Los Angeles Fair, Sept. 17. (International)

Dulles Says Parley Is Most Important Internationally

MANILA (AP)—U. S. Secretary of State John Foster Dulles arrived today for an eight-nation Southeast Asia security conference he called "one of the most important international conferences of our time."

Dulles said the Philippines conference is the most important of the series. The plane landed two military bands, brass playing and a host of dignitaries crowded forward. He walked strolling from the big airfield.

"I am happy to be again in the Philippine Republic," Dulles told the crowd. "I particularly look forward to seeing again Mr. Magway. I met him here before when he was minister of defense. Now I shall be honored to pay my respects to him as president."

The United States already has indicated it is not anxious to go along with their demands for a pact binding members to instant retaliation in the event of an attack against any one of them.

TV Actress Killed In Fiery Auto Crash

LOS ANGELES (AP)—A fiery automobile crash in the Hollywood Hills yesterday killed the actress who played Joan Davis' best friend in the comedienne's television films.

The actress' husband, Jess Carniel, 46, a musician, and Max Pearl Feil, 37, both are recovering. Carniel told officers Russell was driving the group home from a private swimming party. The accident occurred on the burning wreckage, James O. Luter, 22, of Los Angeles, driver of the other car, was unhurt.

Deputies Chase Three Fugitives On Busy Street

WEST PALM BEACH (AP)—Five prisoners who attempted to flee the Palm Beach County Jail late yesterday were rounded up within 15 minutes. It was the fourth attempted jailbreak here this year.

Sheriff John F. Kirk said the ringleader was Jasper Shelton, 21, Sumter, Fla., being held for North Carolina authorities on an armed robbery charge. Shelton fled the same jail Feb. 21 but was caught the next day, along with a companion.

Kirk said Shelton was armed with an "improvised" buzz gun but made no attempt to use it. The sheriff identified the other prisoners involved as William Conway, 21, Palmetto, Fla., charged with auto theft; Scott Field with 18, Milwaukee, Wis., awaiting sentence on breaking and entering charges; Norman Frank, 18, Tampa, Fla., awaiting transfer to state prison for auto theft; and Clarence Middleton, 35, no address, charged with auto theft and escaping jail.

Kirk said the break occurred when Jasper Tom Riggs went to return these garments to the jail. A large cell on the third floor Riggs reported he heard Shelton complain of being ill and when he opened the cell door, Shelton slugged him. He was forced into the cell and the five prisoners pushed out.

The trusty's shouts attracted deputies from other parts of the building. Meanwhile, Conway, With and Middleton had jumped from a third-story window to the lawn below. Deputy Tom C. Reese grabbed Frenka before he could jump.

Middleton received a broken ankle and was quickly picked up by a patrol car. Frenka, who was leaping down a second-story window, was caught by a patrol car.

Kirk said "Shelton's" buzz gun was fashioned from a lighter fluid can with a metal tube, a bent spoon handle as a trigger and the end of the spoon, filed to a point, for a firing pin.

Pressing round the lower end of the spoon handle would bring the firing pin back into position and rubber bands would bring it forward with enough force to fire the weapon. Kirk said the weapon was loaded with a 22-caliber long rifle cartridge.

Another escape from the jail was made Jan. 21 when three prisoners fled. Two were recaptured but the third, 31, still at large. Four tried to escape April 20 but were caught inside the jail.

Communists Drive To Colonize Labor

WASHINGTON (AP)—The House Un-American Activities Committee says the Communist party has switched college-educated organizers from white to blue collar kids in its drive to "colonize" the nation's basic industries.

Guard Hunts Rapist

PHENIX CITY, Ala.—A farm woman was raped near here today, and a search of National Guardsmen combed the area for the assailant. Capt. Levey Stephens, Russell County sheriff's executive officer, said the assailant reportedly wore a dress pulled over his shoulders.

Stephens said the Guardsmen hoped to keep the attacker hemmed in a wooded area until bloodhounds could be brought to the scene to track him down.

Johns Gives Axe To Two Members Of Commission

TALLAHASSEE (AP)—Gov. John M. Nease today appointed F. W. Johns, acting director of the Game and Fresh Water Fish Commission, to two members of the commission.

Johns said he is suspending the two for failing to observe a fair game commission rule, failure to perform their constitutional duties in that they have caused chronic friction and lack of cooperation in the commission and among the personnel thereof.

Johns said the two members were appointed by the late Gov. Dan McCarver. There was no immediate announcement of success.

Johns said the two members were appointed by the late Gov. Dan McCarver. There was no immediate announcement of success.

August Building Lowest For Year

Forty-two building permits issued in August for a total of \$15,201, construction was the lowest for the month of August, building inspector John Gillon said today.

This is the lowest figure for any month this year, he said explaining that, over the period when many people are on vacation or readying their children for school, the number of building permits normally drops.

Eight single family residences represented the major part of the value with a total of \$690,000. A total of 117 building permits have been issued this year amounting to \$2,059,017 in value.

At Least 82 People Killed In Crash Of Logging Train

WORK CONTINUES—In the logging afternoon, work continues on Sanford's expanding water and sewage system. The Hobson Construction Co. is shown laying water pipe by the Memorial Stadium on Melbourne Ave. to what eventually will be the new water tank. Foundations for the tanks of structure can be seen in the foreground. (Staff Photo)

SHS Philosophy Is Determined During Pre-Planning Period

During the pre-school planning period at Seminole High School, Herman Morris, principal, appointed the following committees: Philosophy, curriculum, guidance, school traffic, policies and follow-up of graduates.

A survey was made of the local business firms to determine some of the needs of the student. As a result, spelling, addition, reading, and thinking are to be stressed in school this year.

The library committee reported a definite increase in library attendance. Miss Edna Chittenden, librarian, reported the addition of 216 new books.

Mrs. Hilda Wray, chairman of the philosophy committee, presented the following philosophy for the school year 1954-55.

(1) To contribute to the growth and development of each student.

(2) To recognize the educational and economic background of each student.

(3) To promote such desirable outcomes as responsibility, citizenship, loyalty, self-reliance, development of good study habits, and a sense of duty to the community.

Husband Charged With Slaying Wife; 2nd Death Probed

RALPH, Miss.—A 59-year-old filling station operator of Pookville, Miss., is in jail at Jackson charged with murder and arson in connection with the death of his wife and the burning of his car Aug. 22.

Sherrill A. E. Bonds, 59, was charged last night with the slaying of his wife, Mrs. Bessie Bonds, 52, of an auto accident that killed her on Aug. 22.

After Hawkins' arrest, Sheriff E. H. Hays of Meridian, Miss., advised that the slaying of Mrs. Bonds was not accidental.

Hawkins, 45, was charged with the slaying of his wife and the burning of his car Aug. 22.

Hawkins, 45, was charged with the slaying of his wife and the burning of his car Aug. 22.

Hawkins, 45, was charged with the slaying of his wife and the burning of his car Aug. 22.

Flat Cars Hurtle Down Slope Many Others Badly Hurt

MANILA (AP)—A heavily loaded logging train carrying more than 100 passengers on empty flat cars careened down a mountainside and piled up on a wooden bridge yesterday, killing at least 82 persons.

Most of the others were injured, many critically, in what is being called as the worst railroad disaster in Philippine history.

The train, bound for the port of Zamboanga, was on a steep grade near the town of Fabrica. Six cars loaded with logs broke loose and began rolling from an attempt to save his train. Villalobos said he fired his engine and seven coupled cars down the mountain, but the runaway cars caught up with the train on the bridge.

The crash derailed many cars, wrecked the bridge and tossed five cars over the side. Chains holding the logs snapped and the huge logs tumbled off the cars, crushing many passengers and sweeping others into the gorge. Some cars were stalled against the mountainside.

Survivors said some bodies were left on the cars. Others were crushed beyond recognition. Unidentified bodies were found along the right of way.

Officials said passengers on the train were mostly employees of the lumber firm, which owned the train, and their wives and children.

Police Chief Emilio V. Laca described the crash as "the most terrible accident I ever saw in all my life."

Woman Is Named As Russian Agent In Aussie Spy Ring

MELBOURNE, Australia (AP)—French Ambassador Louis Berthoin said today that a woman, a former secretary in the French Embassy, has been arrested on charges of furnishing information to the communist spy network formerly headed by Vladimir Petrov.

Police in the British official-embassy of the Soviet Embassy, who obtained asylum in Australia by springing with an offer of \$10,000, which she had a big money stake.

Mrs. Oller was named tonight in the woman who gave Petrov information on the spy network in Australia before the Russian fled from the country.
