Partly cloudy this afternoon, to-
night and Wednesday with scat-
tered thundershowers in after-
noon. Gentle to moderate winds
this afternoon, tonight and Wed-
nesday.

UN Truce Planes Patrol Palestine's Coastal Movement

U. S. Furnishes Ships
That Check Immi-
grants, Supplies;
Holy Land Is Quiet

CAIRO, June 15, (AP)—Count Folke Bernadotte said today United Nations planes, supplied by the United States, are patrolling the Palestine coast to check ships arriving with immigrants and supplies.

Bernadotte, who arranged the current four-week armistice as U. N. mediator, arrived today while Arab politicians and army chiefs of staffs discussed the Palestine question. He came from Rhodes, where peace talks are to be held.

Jerusalem and the rest of the Holy Land remained quiet.

Bernadotte said all supplies sent into Jerusalem are under inspection and control, regardless of the route used. The Consular Truce Commission in Jerusalem set up a check post at Bab El Wad, but the Jews sent no convoys past it, a dispatch from that city said.

The commission also was planning a check post at the Allenby bridge across the Jordan to guard against Arab movements of arms and munitions.

Asked what rations of food, water and electricity are permitted to the Jews in Jerusalem, Bernadotte said these would be fixed by the Truce Commission, in cooperation with the Jews and Arabs.

The coastal patrol planes are four C-47 transports and one small C-54 transport.

A patrol by surface ships is planned also, Bernadotte said. He denied having asked the British for ships, as a British foreign office spokesman asserted a few days ago.

The spokesman said in London today the British have agreed "in principle" to provide ships and planes for U. N. observers. British military authorities in the area, he said, are to decide on the number of planes and ships and the authority under which they will operate.

The mediator said "of course" he is taking steps to see that no armed fighting men are transported to either side. He already has observers in some ports and has asked for international co-operation.

British Complete Distribution Of New German Marks

HAMBURG, Germany, June 15 (AP)—A reliable source said British army trucks today completed distribution of new German marks to banks of the British occupation zone—a final step in revision of Western German currency.

British officials declined to comment on the report. German bank officials would say only that they are ready to carry out the currency measure.

The plan is aimed at taking from 70 to 90 per cent of the present inflated money out of circulation. The Americans, British and French have in this way put Western Germany on a self-sufficient financial footing.

The new mark will not have any value immediately on the international market. It is hoped eventually to give it an international value of 30 cents. Internally it will be worth about 30 cents in services and goods by world standards. The pre-war reichsmark was worth 40 cents.

British Plaid Sent In Czech Visa Deal

PRAGUE, June 15, (AP)—The foreign ministry acknowledged today that the British embassy has protested against the Czechoslovak government's refusal to give Alex. Lawrence, a British correspondent, a visa to remain here longer.

Both the ministry of information and the foreign ministry insisted Lawrence was not being expelled. He was the third British correspondent to leave here in similar circumstances since the February events (in which the Communists seized control of the government).

Dr. Erven Klinger, head of the foreign ministry press section, said Lawrence was "undesired" because he and Karl Robson, who left previously, were to protest the detention of the Bulgarian-born bride of Alex. Collet, first British correspondent to leave the country.

Anti-Truman Meet To Be Held Before Demo Convention

Thurmond Says Caucus
Is Decided On By
Southern Governors

LOS ANGELES, June 15 (AP)—An INS source here quoted President Truman as saying yesterday that California sunshine makes Florida's look like thirty cents and gave permission to be quoted.

NEW CASTLE, N. H., June 15, (AP)—Governor J. Strom Thurmond of South Carolina announced today that a caucus of Southern states opposed to the nomination of President Truman will be held in Philadelphia before the Democratic National Convention.

Thurmond said the meeting was decided upon by seven Southern governors at a private session during the National Governors' Conference here.

He said the caucus would be held a day or two before the Democratic Convention and that some Western delegations would be invited.

"We are against Truman," Thurmond said. "We feel he is not the right man for President. If he is nominated we don't think he can be elected. At any rate we are against him."

Thurmond has been one of the leaders of the so-called Southern revolution against Truman which was touched off by the President's Civil Rights Program. The Southern governors who met with Thurmond discussed several candidates for the nomination but would not identify them.

The South Carolina governor said Truman would probably get the nomination if he wanted it.

"But he does not stand a chance of being elected," Thurmond said. "President Truman will only hurt the party if he accepts the nomination." Thurmond said, "I hope he will see the futility of accepting."

Thurmond said South Carolina will not vote for Truman in the election and neither will it vote.

John Fox Is Among Model Plane Winners

DELAND, June 15 (AP)—Arthur Hays of Deland and Ronnie Sharp of Daytona Beach walked away with top prizes here in the first annual State model airplane meet at Deland Airport.

Hays was awarded a trophy for making the highest number of points in the various events.

First, second and third place winners in that order were: Elmer Wassman, Jacksonville; C. A. Bevis, Gainesville; W. T. Thomas, Daytona Beach, for Class "A" gas.

John Fox, Sanford, Class "B" (gas).

Johnny Funk, Jacksonville, Class "C" (gas).

Applications For Florida State Jobs Increase Despite Elections

TALLAHASSEE, June 15 (AP)—Applications for Florida state jobs are increasing—even in the face of prospects for a general turnover in top positions with the change of governors next January.

It isn't as it was during the war, and shortly after, when state agencies had to use all sorts of lures to attract workers from higher paying private jobs.

Except for some technical lines, job seekers have been outnumbering job openings for several months.

Department heads looked for a slow up after the election. They thought applicants would wait a while to see who will be running the departments after Fuller Warren succeeds Millard Caldwell as governor.

It's been three weeks since the election, and the applications haven't slackened up yet, a poll of agency heads revealed.

Ed Straughn, executive secretary to outgoing Governor Caldwell, said "For the last year we've had a lot of applications from qualified people."

"I believe it has picked up some—even since the election. I don't know why it should. In the last several months we've had three times as many applications as we had two or three years ago."

Similar information came from the Department of Agriculture, State Controller, Road Depart-

ment, Beverage Department, Industrial Commission and State Highway Patrol.

Ralph Davis, executive director of the Industrial Commission, said it was hard to say why there should be an increase in state job requests. General unemployment in the state isn't greater than a year ago.

All the departments reported a great demand for temporary summer work by college and high school students, and a considerable number of applications from June graduates.

Davis said there appears to be quite a tendency for themselves who haven't worked for several years to hunt jobs in order to help out with the cost of living.

Straughn said "I believe it's before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front."

Senate Group Relaxes Rules On ECA Funds

Bridges Says This Will
Give More Latitude
To Hoffman As Di-
rector Of Program

WASHINGTON, June 15, (AP)—Chairman Bridges (R-NH) said today the Senate Appropriations Committee had knocked out many of the restrictions which the House placed on foreign aid spending.

This, Bridges said, will give more "latitude" to Economic Cooperation Administrator Paul G. Hoffman. He is boss of the European Recovery Program.

The Senate group eliminated the House restrictions yesterday in voting to spend \$6,125,700,000 on help to other countries in 12 months.

This is \$408,000,000 less than asked by President Truman. The House had cut out an estimated \$1,175,000,000 by prying funds and putting the program on 15-month basis.

The Senate Committee made only one major cut in the House totals. It reduced the International Children's Emergency Fund from \$60,000,000 voted by the House to \$20,000,000.

Bridges said the agency has unspent funds from last year and has been using a large part of its funds "behind the iron curtain."

The Appropriations Committee staff reported these major House restrictions on spending were removed from the bill:

1. A requirement that aid to China be administered in the same manner as military aid to Greece and Turkey. Instead, the Senate Committee boosted the China aid total to \$160,000,000 for 12 months instead of the \$400,000,000 for 15 months allowed by the House. Of the Senate total, \$128,000,000 may be used for military aid if the President directs. This is in line with China aid legislation passed by the Congress.

2. A ban on funds for the International Refugee Organization until it agrees to lower the level of displaced persons to that of the people in the same area. Senators decided to junk this after voting IRG \$70,700,000.

A provision that each nation receiving grants set aside not less than 10 percent in local currency for purchase of critical and strategic material needed by the Congress.

Pfc Wiltmer Newsome Was Buried Sunday

Impressive funeral services under direction of Campbell-Lossing Post 83 of the American Legion, were held Sunday afternoon at 4:00 o'clock in Evergreen Cemetery for Pfc. Wiltmer Newsome, who at the age of 23 was killed in action during the invasion of France on June 15, 1944.

The Rev. W. P. Brooks, Jr., pastor of the First Baptist Church, officiated. A National Guard firing squad, commanded by Sgt. Ralph Geiger, gave the salute. Pall bearers were: Lester Tharpe, Sgt. Richard J. French, Kenneth Herman Harriott, Carol Godwin and Herbert Smith. Taps were sounded by Eugene Kendall.

Applications For Florida State Jobs Increase Despite Elections

TALLAHASSEE, June 15 (AP)—Applications for Florida state jobs are increasing—even in the face of prospects for a general turnover in top positions with the change of governors next January.

It isn't as it was during the war, and shortly after, when state agencies had to use all sorts of lures to attract workers from higher paying private jobs.

Except for some technical lines, job seekers have been outnumbering job openings for several months.

Department heads looked for a slow up after the election. They thought applicants would wait a while to see who will be running the departments after Fuller Warren succeeds Millard Caldwell as governor.

It's been three weeks since the election, and the applications haven't slackened up yet, a poll of agency heads revealed.

Ed Straughn, executive secretary to outgoing Governor Caldwell, said "For the last year we've had a lot of applications from qualified people."

"I believe it has picked up some—even since the election. I don't know why it should. In the last several months we've had three times as many applications as we had two or three years ago."

Similar information came from the Department of Agriculture, State Controller, Road Depart-

ment, Beverage Department, Industrial Commission and State Highway Patrol.

Ralph Davis, executive director of the Industrial Commission, said it was hard to say why there should be an increase in state job requests. General unemployment in the state isn't greater than a year ago.

All the departments reported a great demand for temporary summer work by college and high school students, and a considerable number of applications from June graduates.

Davis said there appears to be quite a tendency for themselves who haven't worked for several years to hunt jobs in order to help out with the cost of living.

Straughn said "I believe it's before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front."

He delivered such utterances as: Capitalism must go. No foreigners must dominate Burma politically or economically. Burma would benefit from close economic and friendly association with Russia. The political ideology of the Western powers offer nothing to Burma. Propagation

Marshall Assails Funds Cut

TALKING TO TWO MEMBERS of the Senate Appropriations Committee, Secretary of State George C. Marshall (right) is shown before he told legislators in Washington that House cuts in foreign aid funds were "dangerous" economies. He stressed the "psychological effect" the move would have on the non-communist countries in Europe. At left to Sen. Joseph O'Mahoney. Next to him is Sen. Styles Bridges. (International)

City Authorizes River Association Loan Application For Port Terminal

Legal, Financial, Engineering Data Is
Supplied For RFC

The City Commission last evening authorized Mayor R. A. Williams and City Manager H. N. Sayer to apply to the Reconstruction Finance Corporation for a loan, tentatively estimated at \$340,000, for the purpose of constructing freight terminal facilities on the lakefront immediately west of French Avenue, Mr. Sayer reported this morning.

In connection with this, Mr. Sayer revealed that he had compiled detailed information as to Sanford finances, bonds, debts, school finances, taxes etc., to go into the application. Legal information is being supplied by City Attorney Fred Wilson, and engineering data, plans and estimates for warehouses, docks, etc., by the engineering firm of Smith and Gillespie of Jacksonville.

Manager Edward Higgins and the Seminole County Chamber of Commerce has prepared data regarding shipping, the deepening of the St. Johns River channel to 12 feet and the commercial advantages such a project will bring to Sanford and Central Florida.

"It may be a long project, but we have taken the first step and I believe we are headed in the right direction," declared Mayor Williams this morning in regard to the project, and he added that the city administration will do everything possible to further it. Action in getting the city owned lake front property filled to the proper level for a terminal area was a major step in the right direction, he pointed out.

Hills for the removal of the piling and charred ruins of the former St. Johns River warehouse and docks at the foot of Palmetto Avenue, were received from Otto Caldwell, former manager of the river line office here, and from Lewis and McDowell of Winter Park. These were taken under advisement.

The Commission passed a resolution (Continued on Page Three)

Burmese Leftist Forces Attempt To Make Burma Embrace Marxism

By MILTON KELLY
NEW DELHI, India, June 15 (AP)—Powerful Burmese Leftist forces are reported attempting to draw Burma into close relationship with Soviet Russia and make Burma a state following the Communist ideology.

These same forces, curiously enough, are busy trying to crush with bullets self-styled Communist guerrillas fighting in the interior of Burma. Many learned Burmese told this reporter on a recent visit to Burma they are baffled.

Premier Thakin Nu, scheduled to retire from the cabinet July 20, was quoted in press dispatches from Rangoon as reiterating that all leftist forces in Burma, including "true" Communists, should unite under one banner and turn to Marxism. (Thakin Nu spoke before a mass meeting of the United Left Party in Rangoon Sunday, urging insurgents to declare their belief in Leftist unity and join the United Front.)

He delivered such utterances as: Capitalism must go. No foreigners must dominate Burma politically or economically. Burma would benefit from close economic and friendly association with Russia. The political ideology of the Western powers offer nothing to Burma. Propagation

Congress Vote Clears Trade Agreement Act

Truman's Recommen-
dations Are Again
Disregarded In Ap-
proval For 1 Year

WASHINGTON, June 15, (AP)—Congress passed and sent to the White House today a Republican-sponsored bill extending the Reciprocity Trade Agreements Act for one year with some changes in its provisions.

The House completed congressional action, passing the tariff bill by voice vote after accepting amendments tacked on by the Senate in adopting the measure yesterday.

In approving a one-year extension and changing provisions of the act, the Republican-dominated Congress again disregarded recommendations of President Truman.

The Administration had asked for a three-year extension of the reciprocal trade measure without changes. Unless Mr. Truman should veto the 600-sponsored bill, it will revive the Trade Agreements Act which expired last Saturday midnight.

Using renewal of the act on "as is" basis, Secretary of State Marshall had told Congress any other action would cripple America's global economic leadership.

The Republican-backed bill gives new authority to the Federal Tariff Commission to recommend "world points" beyond which the commission feels the President should not go in making agreements. The commission would have to make such reports within four months after it is called upon to do so.

The President could disregard these recommendations but would have to tell Congress why he did so within 30 days.

A provision in the original House bill giving Congress "veto" power over agreements when the President recommended them was stricken from the bill by the Senate. The House accepted that action.

Democrats fought to the last in an effort to get an extension of the bill without change.

Norris, Dam Town Is Sold To Bidder For \$2,107,500

NORRIS, Tenn., June 15, (AP)—Norris, the town dam built, was sold at public auction today for \$2,107,500.

The successful bidder was Henry David Epstein of Philadelphia, who said he was representing a group of Philadelphia businessmen.

The Tennessee Valley Authority built the town in 1933-34 to house personnel working on nearby Norris Dam. Later, many of TVA's high-ranking officials, including former chairman David E. Lilienthal and incumbent Gordon R. Clapp, settled here.

The property sold included 1,284 acres of land, 342 dwelling units, several commercial buildings, a two-story schoolhouse, fire station, and numerous other structures.

The terms called for \$500,000 cash and the balance to be paid on the day TVA transfers possession of the properties to the buyer.

The announced minimum price which would be accepted was \$1,849,750.

COAL DISPUTE

WASHINGTON, June 15 (AP)—Soft coal operators today broke off contract negotiations with John L. Lewis, saying they were "getting nowhere."

The Southern Coal Producers Association, which mines one-third of the nation's soft coal, did not object to the action of the operators, but served notice that it is ready to bargain with Lewis—separately if necessary.

PLANES MISSING

NEW YORK, June 15 (AP)—Three B-17 planes are missing on a flight from the Azores to Coracao. The Coast Guard said today. They were last heard from at 8:50 A. M. (EST) today when one reported an engine afire.

Draft Measure Is Delayed By House; Passage Predicted

Solons Rebuke
State Department
For 'Voice' Smears

Say NBC Failed To
Use Ordinary Safe-
guards In Scripts

WASHINGTON, June 15, (AP)—A congressional committee said today that "unfortunate" broadcast casts went out on the "Voice of America" because the State Department was "negligent" and the National Broadcasting Company failed to use "ordinary safeguards."

These conclusions were reported by a House Expenditures Subcommittee which investigated the "Know North America" series broadcast by NBC under contract with the State Department.

A storm arose in Congress last month when Senator Caphart (R-Ind.) read to the Senate transcripts of some of the broadcasts. They contained such statements as "New England was founded by hypocrisy and Texas by sin."

Both Senate and House investigations were begun.

They developed that most of the scripts were prepared by Rene Borgis, a native of Venezuela. Borgis testified that he had not liked "cheap comedy" in the scripts, but that it was ordered by his superiors.

The House group, headed by Rep. Chenoweth (R-Colo.), made these recommendations:

1. That members of the advisory commissions authorized by law be appointed immediately by the President.

2. That, except in extraordinary situations, only American citizens who have lived the greater part of their lives within the United States, be employed to prepare our foreign information broadcasts.

3. That no foreign broadcasts be conducted unless the scripts are either first written in the English language or translated into English and accurately checked.

4. That language experts be employed by the State Department to monitor and control all broadcasts as they are going out on the air.

5. That in all our foreign broadcasts, emphasis should be placed on quality instead of quantity.

6. That in the absence of clear and convincing evidence of the need for, and the effectiveness of, our broadcasts to Latin America, such broadcasts be reduced to a minimum, or eliminated.

The committee said it is "convinced that if there did not exist a deliberate design and intention on the part of some employees of the National Broadcasting Company to sabotage our efforts to promote international understanding and goodwill, those employees of the company were ignorant of the intent and purpose of this phase of the foreign information program as authorized by Congress."

"But—his my husband—has all he can do working to support us," Mrs. Pope continued. "So I had to lay the first beams because they were too big to tote, but from then on it was my job." Mrs. Pope began working on the house and well in August of last year. She dug the well some 25 feet deep using just a pick and shovel. "It was mighty hard on my neck and back," she commented. The Papes have 17 boys and four girls.

Rowton, Wheeler Are Planning Boys State

E. A. "Laddie" Rowton, assistant state Legion adjutant, and Mark Wheeler are in Tallahassee making plans for the coming Boys State Convention, it was announced today by A. Reid Mann, department adjutant, who with Mrs. Mann and son, will leave Friday for Tallahassee.

He will leave then by plane for Atlanta, Ga. where he will confer with the National Convention Corporation in regard to the Georgia Legion convention to be held during latter October, and will then return to Tallahassee.

The five boys of the Sanford delegation to Boys State will leave Sanford Municipal Airport at 2:00 o'clock Sunday afternoon, not Saturday as previously stated.

Texans Plan World's Tallest Building

HOUSTON, Tex., June 15 (AP)—The world's tallest building may be erected here.

Officials of the United Building Supply Company said yesterday they are considering plans for a structure 140 stories, 1,366 feet high. That would be a foot taller than the palace of the Soviets in Russia, and would dwarf New York's Empire State building by 124 feet.

Murel Goodell, general manager, said the skyscraper would house "the world's largest department store, the world's largest theater, and the world's largest hotel." Space probably would be left for some smaller businesses.

The building would have 1,600,000 square feet of floor space, and would cost about \$25,000,000.

BIBLE VERSE TODAY

What you do in this world must
be done now, the time is extremely
short. Shorter than you think.
Justify your existence on this
plane of existence now, the chance
will never be repeated. I must
work the works of him that sent
me, while it is yet day, the night
cometh when no man can work.
John 9:4.

Another reason for high prices
is revealed by the U. S. Depart-
ment of Commerce. Wages in the
Southeast, it reports, have gone
up an average of 179 percent
since early in the war. That means
that if you used to get \$100 a
month, you now get \$279 a
month. Business men don't give
that kind of wage increase with-
out raising prices.

Leroy Hutson is a negro radio
engineer who until recently lived
58 miles from his job, had to
spend several hours every day
driving back and forth. He de-
cided to find a home closer to
his work. But his new neighbors
objected, tried to run him out,
burned a fiery cross in his front
yard. State police had to be called
out to protect him. He had moved
into a white neighborhood. There
was no colored town as all this
happened in the state of New
Jersey.

If you have ambitions to be-
come a millionaire why don't you
go to China? There, if you had
75 cents or a dollar in American
money, you could exchange it for
a million Chinese dollars. Then
you would be a millionaire. Think
of what a funny feeling you
would have for a few minutes
until you had to pay \$250,000
for a very simple ordinary break-
fast. Then you would realize that
it isn't how much money you have
got but what you can buy with
it that counts.

Why do tourists come to Florida
during the winter months? Cer-
tainly not because of racetrack
gambling, juke joints or bathing
beauties. According to a survey
recently conducted by the Uni-
versity of Miami, most tourists
come down on account of the
climate. Over 58 percent gave the
climate as the principal reason for
their coming to Florida. Second
choice was visiting friends and
relatives, a reason given by a
little over 6 percent. Sanford can
offer climate as well as any other
city in Central Florida. The main
thing it needs is accommodations,
modern up-to-date places for tour-
ists to stay.

We knew there was a man-
power shortage in this country, at
least of men willing and able to
work, but we did not know that
it extended into the fields of
matrimony. Now comes Mrs. Nelle
Stull, who operates a marriage
bureau and is recognized as the
nation's No. 1 matchmaker, who
says that there are six million
American girls who haven't a
ghost of a chance of getting a
husband. Sad news for parents
hoping to cut their grocery bills!
Teach your daughter to stay out
of this mad scramble for men,
develop her mind as well as her
body, don't neglect her character,
and she will have no trouble get-
ting a husband.

Ellis Atnall, former governor of
Georgia, is one of the few South-
erners who thinks the South is
bluffing about revolting against
the Democratic party. There are
in the South, as everyone who
knows anything at all about the
South knows only too well, two
subjects which make the South
fighting mad. One is (Republicans);
and the other is outside inter-
ference in the negro question. There
is not as much prejudice in the
South against Republicans as
there used to be; nor is there as
much prejudice against negroes.
But the South knows that the South
is losing its soul, and it will be
someday. So how then the South
can reconcile their conflicting
positions on these two questions.

The Roadside Stand

The roadside stand has come to be a source of real in-
come to the farmer. A study by the Michigan State Horti-
cultural Society reveals that a typical apple grower received
a little over 19 per cent of the customer's dollar by selling
through ordinary channels, but 60 per cent when merchan-
dising from his own stand.

Buyers are usually passing motorists from cities, or
nearby neighborhoods. Some are regular customers. They
like the freshness of this grower-to-user selling.

The roadside vendor needs to observe a few precautions.
He cannot, for example, palm off inferior goods on the the-
ory that the purchaser will be miles away and beyond com-
plaint when he uses what he has bought. Well treated, the
customer will return.

Parking facilities should be provided to permit pur-
chasers to stop without danger to themselves or passing traf-
fic. Salesmen need to be more skilled than the little children
and old people often set to "mind the stand." Signs, for the
sake of highway safety, need to be in large letters and well
in advance of stands. Also, when an advertised product has
been sold out, the sign should be removed to spare the travel-
ing public needless stops.

Roadside marketing is a distinctly American selling de-
vice born of good roads and city-farm proximity. Well-man-
aged, it can be a boon to grower and user.

But it is well for the housewife, buying on a pleasant
drive during a short season, to remember that the regular
grocer serves her well all the year around. He not only has
staples on the shelf, but takes a good deal of trouble to pro-
cure fresh fruits and vegetables so that in good weather and
bad, in heat and cold and all the time, the customer may be
served. The grocery is a basic necessity; the roadside stand
a seasonal luxury.

Knowing How

A householder was rehabilitating lawn and garden with
that fervor and enthusiasm that only spring can implant.
Porch remodeling required tearing up an old flag-stone walk.
The pleasant handy-man of the street thought he could relay
it, and set about the task with his usual good nature. Try
as he would, and despite increasing advice from the owner,
the walk couldn't be made to look like anything but a botchy,
lumpy lot of stones that threatened to trip all who trod them.

Discouraged, the home-owner called in an old mason. He
was bent and gnarled by long tussles with brick, stone and
mortar. But he was an artist, and he knew stones. In his
hands a chisel, a crowbar, some sand and a trowel became
eloquent. In no time at all he had transformed the mongrel
walk into an Appian Way that invited footsteps. It became
a garden detail of beauty and delight.

Happy is the man who knows when he doesn't know.
Twice blessed is he who has mastery of skill in any art.

Those British Trains

The British goose may not be entirely cooked. Some of
the old institutions are coming back. The announcement is
just made of the restoration of the famous train, the Flying
Scotsman, that runs from London to Edinburgh. It has not
seen service since 1939.

The doughboys of World War I and the GI's of World
War II turned up their noses at British trains. The locomotives
looked tiny beside their American counterparts, and their box
cars were completely dwarfed by ours. Yet the speed is quite
up to all but a few American super-trains, and the comfort is
little if any behind.

A few years ago one of the British crack trains, the
Coronation Scot, toured the United States, and those who
saw it on display will remember the solid comfort which all
its features offered. That seems to have been another war
casualty, but the return of its rival, the Flying Scotsman,
gives ground for hope that the Coronation Scot may soon re-
sume its run.

Inside WASHINGTON

Believe Senate to Restore United States' New TG-190
Part of Foreign Aid Slush Most Powerful Jet Engine

WASHINGTON—Administration leaders aren't as worried as
their public utterances would indicate about the House action
in cutting two billion dollars from the foreign aid funds.

It has been conceded the fund-slashing was a serious psychological
blow to American prestige in Europe. However,

Firstly, there is real confidence that Senate action on the appro-
priation bill will have the effect of restoring a
large part, if not all of the House cut.

Secondly, the administration is determined to
spend whatever funds are allotted on the schedule
of 12 months as contemplated by Congress in the
authorization act passed this spring.

When the money runs out a year from April,
as it probably will, more funds will be asked to
continue the program. At that time, it will be up
to Congress to decide how much progress ERP
has made toward rehabilitation and whether to
appropriate more money or let the program die.

BEST JET YET—United States military lead-
ers are confident this country has the most power-
ful jet engine in the world in the new TG-190.
This 10,000 horsepower plant has been in semi-secret production
since last autumn. The TG-190 develops 25 per cent more power
than the TG-180 which pushed the Douglas Skystrake to the world's
speed record of 650 miles an hour.

The new engine is being put in the North American P-86 which
the Army rates officially at "over 650 miles an hour" and which
observers think will exceed 700. The armed services chiefs have
the strategic importance of owning the world's most powerful jet
as No. 1 in importance in aviation development.

They point out that the nation with the fastest fighter plane is
the nation best able to intercept bombing attacks at greatest dis-
tances from the homeland. General Electric developed and is build-
ing the TG-190 at a 25 million dollar plant at Lynn, Mass.

BOYS IN BLUE—Congress has refused the Air Force funds for
a new blue uniform—a longtime dream of the fly boys. But workers
at the Pentagon recently wondered whether the USAF had inside
information that Congress had changed its mind.

In the Army's photograph studio appeared a captain, wearing
Air Force insignia on a new pale blue uniform, smartly tailored,
with a gold stripe on the trousers, braid on the shoulders and a
coat type jacket.

Congress hadn't changed its mind, though. The blue was a special
uniform designed for the USAF band to be worn only on festive
occasions.

OVERLOOKED! Top aviation scientists admit that one of the
great "firsts" in aeronautical history may occur and pass unnoticed.
In fact, they say, an airplane may already have flown faster than
the speed of sound.

The world race for air speed is important because to the fastest
in aerial battle goes the victory.
Dr. Hugh Dryden, research head for the National Advisory Com-
mittee for Aeronautics—top government research
agency—commented:

"Some newspapers say it has already occurred. Question:
I predict a cloudy curtain and there will be some
difficulty in determining exactly when the dawn
turns to day."

The catch is that sound-speed varies with altitude.
A new record is set every 10,000 feet. It is about 660
miles an hour—due to reduced atmospheric pressure thinning the
"wall" of air the plane must knife through.

"WISDOM OF SOLOMON"

War Vets Have New
Writing Talent Plan

CHICAGO June 15 (AP)—War
veterans at Illinois Hospital have a
new game which may develop hid-
den writing talent.

From now on when they read
their newspapers the veterans
will have something added to look
for story plotting. Yesterday the
patients at the hospital were
shown how to develop stories of
many types, fairy stories, mys-
teries, and others from seemingly
full headlines.

As a part of the Chicago com-
mittee for the hospitalized veter-
ans writing project, Dr. Otto
Kirschbaum, author of Lincoln,
Civil War and other books, and a
Chicago chemist, showed the vet-
erans how it can be done.

"I wanted to work out a specific
suggestion that would stimulate
the kind of writing in which al-
most anyone could participate,"
Kirschbaum said. He added that
the development of a plot finds a
which will offer prizes for the
best stories not only in Illinois but
in other veterans hospitals.

Rural Common Sense
By SPUD JOHNSONASSOCIATION'S GROWTH
EVIDENCE OF INTEREST
IN FLORIDA'S FORESTS

That Florida citizens are be-
coming more and more aware of
the importance of developing
forests and parks in the state is
evident in the rapid growth of the
Florida Forest and Park Associa-
tion.

One thousand members of the
organization from 14 north-east-
ern Florida counties attended a
recent banquet meeting in Jack-
sonville to make plans for a
program intended to increase the
wooded wealth of the state and,
indeed, to make Florida more
beautiful than ever with countless
trees. No longer, in the opinion
of these citizens, is a tree "just
a tree," but, rather, it is some-
thing that means wealth to wood-
working industries, something that
will hold and protect the soil that
will have a beneficial effect on

Florida's great climate, and some-
thing that will benefit the state
and its people in many other
ways.

The organization is working on
a long-time program that will
benefit future generations of
Floridians as well as those of the
present. With each member talk-
ing about the importance of trees,
using his influence to protect and
develop trees, and giving his full
support to more and better for-
ests and parks, it should accom-
plish much during the next few
years.

Florida was once a great forest
state, but heavy cutting and de-
structive fires have removed the
trees from thousands of acres
during the past few decades. As it
requires decades for a tree to
grow to maturity, the only logical
course to follow when mature
trees are cut is to plant seedlings
of replace them, leave seed trees,
and protect woodlands from fire.
Fortunately, an ever-increasing
number of Florida farmers and
other land-owners are realizing
the need, the great importance
of reforestation and protection
of forests, so the outlook for
"keeping Florida green" and pro-

Cottonseed Crushers
Protest Oleo Taxes

DAYTONA BEACH June 15
(AP)—Georgia, Alabama and Flor-
ida cottonseed crushers, here for
a two day convention, wired
copies yesterday of their first re-
solution to Senator Taft in Wash-
ington.

It was a protest against "un-
fair taxes" and a direct request to
have a bill, repealing margarine
taxes, recently passed by the
house, brought up in the Senate
before adjournment. The margar-
ine tax repeal bill is one of the
measures which have been shoved
toward the end of the list because
of pressure of pre-adjournment
business.

The cottonseed men passed the
resolution unanimously five min-
utes after they opened their ses-
sion and wired it at once to Taft.

11-Year Old Slayer
Pleads Innocence

CHICAGO, June 15 (AP)—
Chubby Roy Adams, 11-year-old
confessed slayer of a girl play-
mate, pleaded innocent yester-
day to a charge of murder.
After hearing the plea, Chief
Justice Cornelius J. Harrington
granted a request that the boy be
examined by the county behavior
clinic. The hearing was continued
to June 25 when the clinic report
will be given the court.

Roy has signed a statement
that he smothered Nancy Schuler,
eight, in his bedroom in the
Adams apartment at 1144 West
Grand Avenue, May 27. Nancy
lived across the hall.

The boy appeared in court with
his hair neatly combed and wear-
ing a gray suit and tennis shoes.
Observing the proceeding were a
dozen girls of about his age who
were visiting the court as mem-
bers of a civics class from St. Si-
mon's school.

FALLS 6 STORIES

NEW YORK, June 15 (AP)—
Kenneth Leibman, aged two, yes-
terday demonstrated, involuntar-
ily, that youth knows how to relax.

Playing with his twin brother,
Stephen, in their sixth floor apart-
ment, Kenneth climbed to a win-
dow sill and fell through a small
panel opening in a screen.

Landing on a grassy plot six
floors below, he jumped up and
didn't even cry. As he started to
run, persons who saw him fall
held him until an ambulance ar-
rived and took him to Fordham
hospital. Physicians said there
were no apparent injuries.

ductive with trees is good.
The Agricultural Extension
Service, the U. S. Forest Service,
and the State Forest Service are
working to protect and develop
Florida's forest resources, and
these agencies are greatly ap-
preciative of support and assist-
ance from such organizations of
citizens as the Florida Forest and
Park Association. They commend
the organization for the great
good it has done already and wish
it continued success and achieve-
ment in the future.

65-Year Old Woman
Is Found Strangled

CHICAGO, June 15 (AP)—A 65-
year-old woman who managed a
rest side rooming house was
found strangled with a strip of
bed sheet Sunday. Police said the
motive probably was robbery.

The dead woman, Miss Anna
Heldick, was found by one of her
tenants, fully dressed on the floor
of her bedroom, the cloth knot-
ted around her neck. The room
had been ransacked.

A negro handyman, Nelson
Evans, accounted for his activi-
ties from Saturday morning until
he returned to his room early yes-
terday.

The police lieutenant said
Evans told of having met another
negro he knew only as David
in a tavern and of having taken
him to Evans' basement room
where they played cards for an
hour early Sunday morning. Dav-
id, left and Evans retired immedi-
ately, the statement said.

Cotter said police were search-
ing for David.

UNDISPUTED PROOF

GAINESVILLE, June 15 (AP)—
Conclusive proof that education
is finally arrived at the Uni-
versity of Florida, until this year
an all male institution, was re-
ported yesterday.

Harry Philpot, professor of re-
ligion, says he knows that the
girls are at last on the campus.
Proof? An examination paper
clipped together with a bobby pin.

Mrs. Cordell Honors Son On Birthday

Mrs. J. D. Cordell entertained for her son, Terry, on his thirteenth birthday, Friday, with a swimming party and picnic supper at Crystal Lake. After enjoying an afternoon of swimming the supper was served and as the honor guest cut a birthday cake the boys sang "Happy Birthday".

Late in the evening after the guests had returned several games were enjoyed at the Cordell home and Terry received many gifts from his friends. Those enjoying the occasion were the guest, Terry, Mr. and Mrs. J. D. Cordell, Mrs. H. E. Cordell, Charles Crews, Cecil Shepherd, Wesley Hamill, Henry Cordell, Calvin Wright, Jimmy Cordell, Alfred Stanley, Roy Hutchison, Bobby Morris, Mike Rotundo, Sammy Jacobson and the hostess.

Mrs. E. A. Brotherson Honors Miss Carlton

Mrs. E. A. Brotherson, Jr. entertained on Wednesday evening at 8:00 o'clock with a miscellaneous shower complementing Miss Ouida Carlton, bride-elect of June. The shower was held at the Brotherson home on Palmview Avenue where the party rooms were decorated with roses, lilies and ferns. Games were enjoyed during the evening after which Miss Carlton received many lovely gifts from her friends. She was presented with a place setting of silver in the shape of a large cake decorated with pink roses and inscribed with good wishes.

The hostess was assisted in serving refreshments by Miss Mary Carlton and Mrs. Cecil Carlton. Those enjoying the evening with the honor guest, Miss Carlton, were Mrs. G. H. Carlton, Mrs. Thomas Cobb, Mrs. Alva Conway, Mrs. Roy C. Reed, Mrs. Ralph Wright, Jr., Mrs. James J. Reed, Mrs. Alden Taylor, Jr., Mrs. Frank Akers, Mrs. Theodore Williams, Mrs. Robert W. Williams, Mrs. John D. Carlton and Mrs. Cecil Carlton.

Also Mrs. Robert Proctor, Mrs. Gerald Wall and the Misses Mary Carlton, Jean Williams, Betty Sasser, Tol Livingston, Polly Olander, Ruth Sackett, Barbara Dampier, Betty Moore, Mary Louise Smith and Dorothy Morrison.

Burmese Politics

(Continued from Page One)

Thakin Nu is leading government efforts to crush rebellious Communists who took up arms against his government several months ago. The Reds broke with the coalition now governing Burma under the banner of Anti-Fascist Peoples Freedom League (APFEL). Thakin Nu is closely aided by Col. Boe Li Ya, defense minister and acting home minister, who may become premier next month.

Thakin Nu is president of the APFEL, and leader of the United Left Party, which now lies within the structure of the APFEL along with various other parties and unions represented in the coalition regime.

Officially the government contends the majority of the Rebels are not Communists at all. The government has contended repeatedly that Communist leaders recruited brigands, taught them some slogans and turned them loose to raid and loot in guerrilla fighting. The contention is that the leaders hope to gain by embarrassing the government and creating a nuisance value. Their followers are declared too ignorant to understand what the fighting is all about and content to raid and plunder.

Comptroller's office and other cabinet offices offer more stability than administrative agencies under the governor. They are headed by men already elected for four more years, and that accounts for some of their applications.

Personals

William West, USNR, sailed on Sunday from Miami aboard the USS Tills for San Juan, Puerto Rico.

Mrs. Nettie Tillis is spending some time at Daytona Beach as the guest of her sister-in-law, Mrs. Nina Nickelson.

Mrs. Jennie Card of Miami is the guest of Mr. and Mrs. P. P. Campbell at their home on Sanford Avenue.

J. Q. Galloway and daughter, Debbie Jean, have left for Albertville, Ala. to spend a short time with Mr. Galloway's mother, Mrs. J. E. Galloway.

Dr. Harry Kanner and daughter, Trudy, of Sacramento, Calif. are the guests of Dr. Kanner's mother, Mrs. Charles Kanner, at her home on Sanford Avenue.

Miss Myra Jane Madden plans to leave tomorrow for Ridgecrest, N. C. where she will attend the Baptist Assembly for a week after which she will visit relatives in Washington, D. C., Newport News, Va.

Miss Penrose Hutchison left yesterday to visit friends in New York City, Bridgeview, Conn., Boston, Mass., and Washington, D. C. She plans to return to Sanford in about a month.

Mr. and Mrs. Franklin C. McCoy of Boston and their daughter and son, Louise and Richard, spent the past weekend in Sanford as the guests of Mr. and Mrs. W. C. Hutchison.

Mrs. Joe Corley and her guests, Mr. and Mrs. Charles Will of McCord, Saskatchewan, Canada were guests of the Ocala Chapter, O. E. S. for the official visit of the worthy grand mother, Elizabeth Penn on Thursday.

Mr. and Mrs. G. R. Best have as their guests at their home in Lake Mary Mr. and Mrs. G. R. Best, Jr. and three sons of Lexington, N. C. for a ten day visit.

Word has been received that Douglas H. Fenke, son of Mrs. Hazel Fenke of St. Petersburg, spent the past weekend in Sanford as the guest of his father, Douglas H. Fenke, who is a graduate of the Michigan College of Mining and Technology in Houghton, Mich.

Mrs. Nancy Brock and daughter, Betty Jo Brock, have returned from Tallahassee where they attended the marriage of Miss Jean Thompson to Robert W. Mann of that city. Miss Brock served as a bridesmaid for Miss Thompson.

Friends will be interested to learn that Miss Elsa Marie Barclift, daughter of Mr. and Mrs. Clarence Barclift, formerly of Sanford and now of Daytona Beach, graduated from the Daytona Beach High School in commencement exercises on Thursday at the band shell on the boardwalk at the beach. Miss Barclift was the youngest member of her class. She has many friends in Sanford.

Sanford girls who left yesterday to attend Girl's State in Tallahassee scheduled June 14-19 were Miss Jane Whitner, sponsored by the Sanford Women's Club; Miss Martha Grogan, Seminole High School; P. T. A.; Miss Mary Kenna, O. E. S.; Miss Barbara Tucker, D. A. R.; Miss Olyve Ann Adams, P. E. O.; Miss Emma Jane Robbins, American Legion Auxiliary and Miss Mary Ann Galloway, Sanford Pilot Club. Girl's State is an annual affair sponsored in Tallahassee by the American Legion Auxiliary.

Joyce Maxine Goodspeed Married To Henry Wight Kirtley In Lovely Ceremony

Joyce Maxine Goodspeed, daughter of Mr. and Mrs. Harlow Warren Goodspeed and Henry Wight Kirtley, son of Mr. and Mrs. C. R. Kirtley, were united in marriage in an impressive ceremony performed by Rev. J. E. McKinley on Sunday afternoon at 4:00 o'clock. White gladioluses, greenery and palms formed a lovely setting for the ceremony which was performed by candlelight. Arrangements of gladioluses and greenery were placed on the altar and branched candelabra held burning white candles which were also placed in the windows of the church. The altar rail was banked with greenery and white flowers and the family pews were marked with sprays of gladioluses and ferns tied with white satin ribbon.

The organist, Mrs. J. L. McEwan, rendered a program of nuptial music prior to the ceremony and the soloist, Mrs. E. J. McEwan, sang "Because" and "The Lord's Prayer". The traditional wedding marches were used and Mrs. McEwan played softly during the exchange of marriage vows.

The bride, given in marriage by her father, wore the gown worn by the bridegroom's sister, Mrs. William White, for her own wedding. The dress is fashioned of cream tulle and lace with an off-the-shoulder neckline outlined with a wide ruffle of lace, long lace sleeves and fitted basque. The long full skirt, which features lace insertions, is finished with a wide ruffle of the lovely lace and extends into a sweeping train. She wore a Juliet cap of pearls and lace from which fell a fingertip veil of bridal illusion.

She carried a bouquet of sweet-pea roses and gardenias outlined with pink illusion and lace. The wedding ring used by the bride couple was the one given to the bridegroom's grandmother, Mrs. Sarah Whitaker Kirtley 80 years ago.

The cousin of the bride and her only attendant, Mrs. Harry Green, served as her matron of honor. She was gowned in orchid colored starched net of an off-the-shoulder design. The dress featured a fitted bodice and full gathered skirt outlined with a wide ruffle. In her hair she wore pink and orchid flowers encircled with tulle and the same flowers formed her arm bouquet.

Serving as the best man for Mr. Kirtley was his brother, William Kirtley, and ushers were

THE HONOR OF BEING the first woman to deliver the prayer opening a session of the House of Representatives goes to the Rev. Annalee Stewart, of Washington and Chicago. An ordained Methodist minister, Mrs. Stewart is shown with the Rev. James S. Montgomery, Chaplain of the House, after she delivered the daily prayer.

operation through the U.N.

Asked whether he hoped the Russian case would cooperate, he said:

"I cannot tell you."

Bernadotte would not say how many men of military age he would permit to enter Palestine and go into internment camps during the truce. He did say that the number admitted since the truce has not altered the military situation.

He said he would talk informally with Arab leaders here and with the Jews in Tel Aviv.

He and his aides will return into Friday to Rhodes and "put on our thinking caps and see what we are going to do."

10 U. S. Battleships Are In Greek Waters

ATHENS, June 15 (AP)—Ten more American warships arrived yesterday at Suda Bay, Crete, as replacements for other U. S. warships in Greek waters.

At present there are 24 American warships in Greek waters, the largest concentration here since the war. Cmdr. Morton Sunderland, U. S. Naval attaché, said 12 of the other 14 ships would return to the United States soon.

The replacement group, Sunderland said, includes the carrier Kearsarge, three cruisers, five destroyers and a provision ship.

Vice Adm. Forrest Sherman, commander of the U. S. Mediterranean Fleet, will transfer his flag here from the cruiser Rochester to the cruiser Fargo.

ECA Funds

(Continued from Page One)

the United States. This also was dropped.

An order that recovery funds for Japan, Korea and Ryuku Islands come out of ECA funds instead, the Senate Committee said the \$150,000,000 asked by the Army for the purpose should come from \$1,325,000,000 allowed for government and relief in occupied areas.

The Senate group also put a \$75,000,000 ceiling on the amount of farm machinery that can be shipped from the United States during the next year. The House had set this limit at \$50,000,000.

ECA — \$4,000,000,000 the same amount as voted by the House but it may be spent in 12 months instead of 15. Bridges said this is the same as adding \$950,000,000.

Government and relief in occupied areas — \$1,325,000,000 or \$75,000,000 more than voted by the House.

China — \$450,000,000 or \$60,000,000 more than voted by the House plus permission to spend this in 12 months instead of 15. Bridges said this is equal to a \$140,000,000 increase.

Greek-Turkey — \$250,000,000 or \$50,000,000 more than the House. Bridges said this is equal to a \$100,000,000 increase.

International Children's Emergency Fund — \$20,000,000 or \$40,000,000 less than the House.

State Employment

(Continued from Page One)

Way from home at good jobs are willing to accept less pay from the state if they can work where they can find better living quarters. Many seek jobs with agency branch offices throughout the state.

The Department of Agriculture,

comptroller's office and other cabinet offices offer more stability than administrative agencies under the governor. They are headed by men already elected for four more years, and that accounts for some of their applications.

Sanford Takes 5 To 4 Decision From DeLand Red Hats

Lake Wins 7th Game; Stewart And Morales Toss For Vittermen; 'Rosey' Hits Homer

By ARTHUR DECKWITH, Jr.
Herald Sports Editor

The Sanford Giants moved within one game of the second place Daytona Beach title last night as they trimmed the DeLand Red Hats, behind the effective six hit hurling of the veteran Buddy Lake. Daytona lost a 3 to 1 contest to the Orlando Senators.

DeLand opened hostilities in the first frame as Blackie Mayer drew a free ticket, moved to third on a single by Manager Joe Vitter, and scored on a fly to center field by Mario Perez.

Sanford came back in the bottom of the first to send two runs across. Johnny McManus walked, Lloyd Clifton singled and Charlie Papp drew a free ticket to fill the sacks. Tommy Cataldo walked, forcing McManus across, and Clifton added the second run on a fly to center by Tim Tyler.

Ray Rosenkrantz lifted a ball over the right field fence in the third inning with Cataldo resting on second base. The home run was the ninth of the year for the Sanford first baseman.

Sanford's winning tally came in the lucky seventh. Rosenkrantz walked, was sacrificed to second and was sent home on a single by Connie Kavakis.

Right-hander Hal Stewart was the opening hurler for the invaders, but was jerked in the third canto by Manager Vitter in favor of Willie Morales, who finished the contest.

The two DeLand chukkers allowed the Giants but seven binges, but the knuckers were grouped as they came when the men were on the sacks.

Tonight the Giants move to DeLand's Conrad Park for a return engagement with the Red Hats. It is likely that Acting Manager Lake will send left-hander Bill Spinks or right-hander Joe Schultz to the hill to face the University City aggregation.

Tomorrow evening the locals entertain the Gainesville G-Men in a single contest.

"Player Nights" Will Get Airing By League Heads

SILVER SPRING, Fla., June 15, (AP)—Florida State League directors are being asked to vote "yes" or "no" on the practice of holding "player appreciation" night, it was revealed at league headquarters here today.

National Association President George M. Troutman, it was explained, frowns on cash awards but has indicated that within reason a player might with merchandise awards will be tolerated.

The loop directors have been sent questionnaires on the subject asking for a vote to establish league policy.

This action was brought about by a request of two of three clubs who are against the practice of holding the player nights.

League directors previously unanimously voted against the use of loudspeakers as a means of informing fans that a collection would be taken up for a player who hit a home run, or otherwise distinguished himself.

They also indicated they were almost unanimously against any other form of cash reimbursement to a player other than his salary. However, a definite decision has been requested, and it is expected before Thursday.

Directors will also be asked to place into the by-laws a rule covering the night of games. National Association rules say that no inning "wild" start after 12:30 A. M., but the Florida State League has been operating on a "play the game to the end" basis.

The questionnaire also warned that on and after July 1 all clubs will be subject to fines if they do not provide adequate seating for the "player appreciation" night. "Adequate" is defined by Troutman, includes

Treat For Fans To Be Held At Oval Tonight

Dog racing fans have a treat in store tonight at the Volusia County Kennel Club in Daytona Beach for Racing Secretary Merrill Watta has arranged a card for the ninth feature race that brings together such greyhound aristocrats as Stupid Hugh, Rolling Roy, and Forever Amber.

These swift couriers are real track burners which already have distinguished themselves on the local oval.

Stupid Hugh has stretched his legs three times with the elite ninth race runners and has recently finished third against the famous Beach Comber and No Refund, two of the country's fastest.

Forever Amber is another ninth race veteran. This flying brindle has two second places in this feature to her credit. Also she won a race handily on her first appearance here.

Other powerhouse greyhounds, which will ramble tonight with the ninth race pack, are Fain, Gloria Ann, Ed's Betty, Sonnet Select and Ollie's Galaxy.

At 7:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 8:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 8:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 9:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 9:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 10:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 10:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 11:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 11:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 12:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 12:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 1:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 1:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 2:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 2:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 3:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 3:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 4:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 4:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 5:00 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

At 5:30 p.m. the track will host a 5:10 mile race. The first half will be a 5:10 mile race. The second half will be a 5:10 mile race.

State Prep Nine Open Tournament Contests Today

The State High School Baseball Tournament was scheduled to get underway at the Municipal Baseball Park today at 3:00 o'clock with the Seminole High nine meeting Tampa's Jefferson High combine.

Tonight the Sanford baseball fans will get an opportunity to see the Andrew Jackson High School nine and the Palatka High aggregation in action at 8:00 o'clock. Andrew Jackson High is one of the Jacksonville high schools.

Miami Senior High School will meet Leon High of Tallahassee at 1:00 o'clock tomorrow afternoon, and at 5:00 o'clock tomorrow Avon Park is scheduled to meet Pensacola.

Waycross Sets New Seasonal High For Games Won In Row

Its ASSOCIATED PRESS

The Waycross Bears won their ninth game in a row last night to set a new seasonal high for victories in the Georgia-Florida League. They downed Americus, 9-3, although on the short end of the hitting, nine to ten.

The previous high this year was eight games by the Thomasville Tigers, who lost to Albany last night, 6-1, for their ninth loss in the last 11 games.

Valdosta blanked Cordele, 8-0, and the Tallahassee at Moultrie game was rained out.

In all, the Bears won all the way for the first time in a game that was tight until the closing innings. The Bears scored three times in the second but the home club tied it up with two runs in the third and it stayed that way until the sixth when Waycross got another score.

Then the Bears added two in the seventh and three in the ninth. Kerse held Thomasville to six hits while the Cardinals got eight off two visiting pitchers and took a 3-1 lead in the fourth on three runs. The Tigers scored their run in the second inning.

Valdosta collected 12 hits at Cordele and got four runs in the third to provide Cordele with all the working margin he needed. He held the Indians to six hits. It was the fifth shutout triumph for the Dodgers this season but was the first whitewashing the Indians have had.

Stan Musial Paces Batters In National

NEW YORK, June 15.—(AP)—Stan Musial, seeking his third batting championship, leads all National League hitters in the current scramble for individual batting honors.

The slugger, St. Louis Cardinal outfielder, winner of the prize crown in 1943 and 1946, jumped from third to first during the past week, increasing his mark from .360 to .378. The figures include games through last Saturday.

Musial replaced Boston's Tommy Holmes at the top of the heap. Holmes, who led the parade a week ago with a .365 mark, slipped 13 points to second with .378 average.

Pittsburgh's Wally Westlake jumped from fourth to third place although his mark of a week was shaved from .365 to .352.

House Leader Fights Senate Aid Bill Hike

Says House Bill Providing Millions Less Aid Is Sufficient; Seeks Boost Halt

WASHINGTON, June 16, (AP)—Rep. Taber (R-N.Y.), chairman of the House Appropriations Committee, opened a fight today on the Senate's \$6,125,710,228 foreign aid bill.

He said the previously-passed House bill, providing millions less for global aid, was "sufficient" and demanded a halt to "arbitrary action" to boost the funds.

Taber issued his statement a few hours after the Senate approved the \$6,125,710,228 figure by a 60 to 9 vote at a session lasting into the early hours this morning.

It was Taber who sparked the original House drive to slash the aid funds. His statement today bolstered predictions that the House would reject the Senate version. They would leave it up to a joint conference to work out some acceptable compromise before Saturday's scheduled adjournment.

Taber also took a couple of cracks at "so-called" "liberal" "do-gooders" who have criticized the aid bill. He termed it a "hydraulic exhibition" by those newspapers.

"Take for instance," he said, "the sorry spectacle of the New York Herald Tribune. That paper almost had a nervous breakdown over the House action. For several days last week it became nothing more or less than a handbill for well-organized New York pressure groups."

At for some of the columnists, Taber said, "They had taken for granted that the House would abdicate its functions in order to appease the world-wide relief planners."

John L. Galloway Returns From State VFW Encampment

John L. Galloway, commander of Post 7282 of the Veterans of Foreign Wars, returned yesterday by plane from West Palm Beach where he attended the VFW encampment.

He reported that he had enjoyed the program, and that much enthusiasm over the growth of the organization throughout this state was shown at the encampment. Many V.F.W. posts were added during the year, he reported.

Major actions at the encampment were to elect Herbert N. Evans of Lake Worth as commander of the VFW Department of Florida, and to reorganize the organization by voting in favor of a State bonus for veterans of World War II, said Mr. Galloway.

The delegates went on record as in favor of universal military training, selective service, and a strong air force. Several resolutions regarding hospital service were adopted, and St. Petersburg was selected as the city for the 1949 encampment.

Other VFW department officers elected were: Edward Green, Jacksonville, as senior vice-commander; Euel Queen, St. Petersburg, as junior vice-commander; Charles Morris of Lake Worth, chairman; Carl Linton, Lake City, as quartermaster; Hugh L. McArthur, Tampa, as judge advocate; and Dr. John Black, Jacksonville, surgeon.

5 Sanford Delegates To Fly To Boys State

The five delegates to Boys State in Tallahassee will leave Municipal Airport Sunday afternoon at 3:00 o'clock instead of at 8:00 o'clock as formerly announced.

Postmaster J. O. Field, local American Legion Boys State Committee chairman, announced this morning.

The boys are Stanley Bramley, Arnold Harrington, James Lawler, Bobby Brisson and Frank Cranston.

This special flight has been made possible by Florida Airways President Joseph L. Dyer, and to his contribution, he stated, toward the success and continuation of Boys State. The Florida Airways will use the executive's all metal, twin-engine Blenheim for the non-stop trip to Tallahassee where the plane is expected to land at Dale Mabey Field at 10:00 a. m. and 35 minutes of flying time.

The boys are leaving under the sponsorship of the Commercial Union Trust Co. and the Florida State Bank. The boys are expected to return to Sanford at 10:00 a. m. on Monday.

Truman Pictures Self As People's Champ In Fight Against Privilege

By ERNEST B. VACCARO
ABOARD TRUMAN TRAIN ENROUTE TO KANSAS CITY, Mo., June 16 (AP)—President Truman pictured himself today as a champion of the people in his struggle against "special privilege."

In platform talks, delivered in a neighborly over-the-back-fence tone, Mr. Truman carried on his appeal for votes as his homeward-bound campaign train moved eastward.

"The issue in this country is between special privilege and the people," he told a train-side crowd at Albuquerque, N. M., last night. "I think I represent the people, and I am trying to tell the people just how I represent them."

This is one of the themes at which he has hammered during nearly 60 talks since he left Washington June 3 on a cross-country pre-convention tour. Most of the talks have been from the rear platform of his private car.

The President also repeated yesterday that he has been "touring it on" Congress.

"And they've got the jitters back where," he told an Albuquerque crowd. "They have gone to work."

The President will visit his home in Jackson county, Missouri, today for the first time since the death of his 94-year-old mother, Mrs. Martha E. Truman, at Grandview, Mo.

The President, Mrs. Truman and their daughter, Margaret, will arrive at Kansas City's Union Station at 3:30 P. M. Eastern Standard Time, and drive immediately to their home in nearby Independence, Mo., to spend the night.

Before settling down for the evening, Mr. Truman plans to drive from Independence to Grandview for a visit with his brother, J. Vivian Truman, and his sister, Miss Mary Jane Truman. He saw them at Omaha June 5 when he went there to address the 35th division reunion.

The trip back to Washington will be resumed tomorrow morning. The President will reboard his special train at 9 A. M. Eastern Standard Time. No speeches are planned for either Kansas City or St. Louis. The President (Continued on Page Five)

Spreading Strike Wave Creeps Over France's Industry

150 Are Injured In Stoppage Called By Red Labor Council

By Associated Press
CLERMONT, France, June 16—A spreading strike wave, reminiscent of last winter's cold civil war, crept over southern and northeastern France today, sparked by a general work stoppage in this French tire capital.

At least 150 persons were injured here when police forcibly ejected strikers who had occupied the Bourgnon rubber factory. The rubber factory strike, called by the Communist dominated General Confederation of Labor, touched off the general stoppage, and by noon, the movement was spreading rapidly to other communities. The U. S. embassy said this is a "Red belt."

Police moved in on the rubber plant last night. An eye-witness said the company of state police and mounted Republican guards were met by a barrage of missiles. Strikers used clubs made from gum rubber in a hand-to-hand conflict.

Police used tear gas. The strikers responded with a barrage of tear-gas capsules of their own which forced the officers to retreat. Reinforcements were called, rushing here by trucks from neighboring towns. The police renewed the assault this morning and forced the strikers out.

At least 70 police were hurt in the fighting, 46 of them seriously enough to require hospital treatment. About 80 strikers were injured, many seriously. Many of the injured, both strikers and policemen, suffered acid burns on their faces, physicians said.

By noon, several thousand miners had left their jobs at Brasse, St. Etienne and other communities in sympathy strikes. Tobacco plant workers quit at Riom. In northeastern France, several thousand metal workers (Continued on Page Five)

John L. Galloway Returns From State VFW Encampment

John L. Galloway, commander of Post 7282 of the Veterans of Foreign Wars, returned yesterday by plane from West Palm Beach where he attended the VFW encampment.

House Passes Fund Bill Over Truman's Veto

Measure Shifts U. S. Employment Service To Security Agency From Labor Office

WASHINGTON, June 16, (AP)—The House today passed over President Truman's veto a \$975,914,700 appropriation bill shifting the U. S. Employment Service from the Labor Department to the Federal Security Agency.

The vote was 288 to 113. This was 20 votes more than the two-thirds needed to override.

Mr. Truman vetoed the bill yesterday because he objected to the employment service transfer. The bill carries part of the 1949 funds of the Federal Security Agency and the Labor Department.

If the Senate also overrides, the bill will be a law regardless of the President's objections.

It was the second time this week the House voted to slap down a veto. On Monday it overrode a Social Security bill veto. So did the Senate, and that bill now is a law.

While the House was voting today, the Senate was debating whether to override Mr. Truman's veto of the so-called Bulwinkle bill. That measure would let railroads make rate agreements without fear of anti-trust action provided the Interstate Commerce Commission approves.

The Senate voted to vote at 3:45 P. M. (EST).

Senator Reed (R-Kan.) urged the Senate to pass the Bulwinkle bill over Mr. Truman's veto. He said the chief critics of the measure are "scribblers from the Department of Justice anti-trust division."

Senator McFarland (D-Ariz.) (Continued on Page Five)

CIO Steelworkers Order Strike For Sunday Midnight

Negotiations Fail On Demand For 15-Cent Hourly Wage Raise

PITTSBURGH, June 16, (AP)—The CIO-United Steelworkers today ordered a strike at Sunday midnight against the Aluminum Company of America after negotiations broke down on the union's demand for a 15-cent hourly wage increase.

About 20,000 employees in nine plants in nine states will be affected.

The strike will be the first major walkout called by the big union since 1946 when 850,000 were idled by the national-wide steel strike.

A union statement said wage negotiations—resumed this year—broke down after the steelworkers rejected the firm's offer of an eight per cent pay boost.

The same wage offer was rejected by AFL employees at Alcoa. The AFL union has called a strike for June 28 at plants in East St. Louis, Ill.; Massena, N. Y.; Lafayette, Ind.; and Cresona, Pa.

Vice President James Thimmes of the steelworkers said the union sought elimination of "wage inequities" and a "more adequate" social insurance program, in addition to the pay hike. Current average earnings were put at "around \$1 an hour" by the company.

He said the company had proposed to extend the present contract from May 31, 1949, to May 31, 1950.

Thimmes said "the aluminum company's stated profit of \$30,000,000 for 1947 was the highest in the company's 39 year history except for the period of World War II."

The walkout would affect workers in nine plants in nine states. The Alcoa, Tenn., works employing some 4,000 workers in the largest, a company spokesman said. Next in production personnel is the New Kensington, Pa., plant with 1,000 workers. (Continued on Page Five)

Pilot International To Hold Convention At Daytona Beach

Between 1,200 and 1,500 Pilots from all over the United States and Canada are gathering at Daytona Beach for the annual convention of Pilot International which meets tomorrow with headquarters in the Princess Islena and Sheraton-Plaza hotels.

Registration began this morning while preliminary meetings of officers were scheduled for Sunday through Tuesday. Miss Margaret Zebede, recording secretary of the Daytona Beach Club, is in charge of housing. She announced that guests will be distributed in beach cottages, apartments, and hotels throughout the city. In addition to the Princess Islena and Sheraton-Plaza hotels, the Coca-Cola Hotel has also been opened to the group.

International officers already in Florida include Mrs. Laura Albrecht, Davenport, Iowa, president; Miss Willa Richardson, Macon, Ga., executive secretary; Miss Ruby Newhall, Gainesville, Fla., first vice president; Mrs. Effie Pasko, International field representative.

A large number of Sanford Pilots are registered for the convention while others will attend some of the various functions. Tonight the Florida clubs are giving a welcome party for all the other clubs. The convention will close with a banquet on Saturday evening at which time Kendrick S. Guernsey, past president of Rotary International, will be the guest speaker.

3 Soil Supervisors Make First Surveys

Three of the recently elected soil conservation supervisors, together with state and district soil conservation officials, made their initial soil survey yesterday by visiting covey farms on the east side where they reviewed drainage problems, said County Agent C. R. Dawson this morning.

In the supervising group were C. A. Wales of P. O. Park, T. L. Linder of Orlando and Tom McLain of Geneva. With them was H. B. McLendon, extension conservationist from Gainesville, E. Withersell of Orlando, district conservationist, H. B. Pope, chairman of the county commission, and Mr. Dawson.

The survey, said Mr. Dawson, was to determine what needs to be done concerning drainage on covey farms. There is much work to be accomplished on individual farm districts before an overall program can be set in with the work, he declared.

This may take some time, he pointed out, and later a technician will be sent here. The county agent's office will serve as soil conservation headquarters until further needs are determined.

Air Force To Strive For 1,700 MPH In Supersonic Speed Study

By JAMES J. STREIB
Associated Press Aviation Reporter
WASHINGTON, June 16 (AP)—The Air Force plans to send its Bell X-1 rocket plane hurtling toward 1,700 miles an hour in a new series of high altitude speed tests beyond nature's "sonic wall."

This was learned today from persons familiar with the long range program for investigating supersonic flight. That strange—and until last year unexplored—region of speeds faster than sound.

Five men are known to have reached that barrier at altitudes generally about eight to ten miles above the earth.

The new tests are expected to take the rocket ship up to 80,000 feet—about 15 miles—which would be the highest man has ever attained. Two Air Force men set the world record of 70,000 feet in a balloon in 1935. The highest plane mark is 68,000 feet, set in March by a British jet fighter.

The first man to cross the sonic wall, Air Force Capt. Charles Y. Yeager, took a little of his supersonic ride off in a "chase" to prevent any supersonic plane from giving away super-secret information.

Security officers forbade any mention of conditions Yeager encountered in surpassing the speed of sound—ranging from 683 to 703 miles an hour depending upon the variations in temperature at different altitudes.

The fast-flying Captain started out with:

"As you got past the sound of sound, you didn't hear it. It was like a giant hand patting your head. It was pretty nice, I thought."

Peace Draft Foes Rally To Delay Measure

Rep. Shafer's Proposal To Keep Issue On Ice Until '49 Is Quickly Backed

WASHINGTON, June 16, (AP)—House draft foes rallied hopefully today around a plan to keep the issue on ice until next January.

The idea was trotted out late yesterday by Rep. Shafer (R-Mich.). It drew quick support from several members opposing a peacetime return to Selective Service and a tentative endorsement from Rep. Short (R-Mo.) who is leading the floor fight against the bill.

House leaders said a final vote on the draft may not come until tomorrow, although they still hoped to finish it today. Chairman Andrews (R-N.Y.) of the House Armed Services Committee predicted passage by a wide margin—and without the delayed action Shafer proposal.

Among other amendments which Andrews said he thought would be rejected was one by Rep. Gavin (R-Pa.) to allow the Armed Services to enlist up to 100,000 aliens for three-year terms. Upon completing their military service, the foreigners would be granted citizenship.

Meanwhile senators dug into farm problems under advance notice of a staff fight against setting up a new price support plan for agriculture products.

However, a threatened battle over the new tax side issue appeared to have been averted.

Backers of a separate measure to repeal federal oleomargarine taxes indicated they probably would abandon their plan to tack it to the long range farm bill.

They said to do so might have the effect of killing the House-passed repealer, although they held out little hope for Senate passage on any other basis before Congress adjourns Saturday.

The Republican leadership called up the farm bill for debate today.

Even before it started Senator Maybank (D-S.C.) promised a final vote (Continued on Page Five)

Sanford Children Show Interest In New Library Books

Sanford children and youths are showing keen interest in new juvenile books recently received at the Sanford Public Library, Mrs. Elton Moughton, librarian, reported.

Of the 125 new books for boys and girls at the library, only a few remain on the shelves, she pointed out.

There is a wide range of new books from the brightly illustrated books for the small fry such as "The Little Duck Who Loved the Rain," to books of appeal to teen-agers such as "Nathan Hale, Patriot," "The Last Cruise of the Jeanette," "Adventure Islands," "Going on Sixteen" and "All Line Girl."

Animal stories are very popular, said Mrs. Moughton. Books on drawing are in big demand and these show how to draw cats, dogs, horses, ships, planes, etc. Magazines for juveniles are also popular and include Air Trails, American Girl, Boys Life, Child Life, Children's Activities, Open Road and Jack and Jill.

Last Saturday more than 40 young people visited the library and drew books, Mrs. Moughton stated.

Last Saturday more than 40 young people visited the library and drew books, Mrs. Moughton stated.

The grand jury also sets forth that a part of the conspiracy was that Moore would not register as a lobbyist because his registration would obviously reveal their respective personal financial interests and therefore injure the weight of their testimony before congressional committees.

JEWISH RELIEF

The Christian Committee for Jewish Relief will hold a dinner meeting at 12:15 o'clock tomorrow at the Mayfair Inn, and plans will be made for a program. It was announced today by B. H. Crumley, local chairman. E. G. Kilpatrick will serve as treasurer for the committee.

CORRECTION

Manning Harriott, not Herman Harriott, and Arthur Moore and not Frank Kennedy served as pallbearers at the funeral Sunday of Pfc. Wilmer Newsome.

LAWLOR SEARCH

MIAMI, June 16 (AP)—Mrs. Dorothy Lawlor, the Valley Stream, N. Y., hat check who is searching for a mate with \$10,000 was stopping at a Miami hotel today and wouldn't divulge her plans.

She arrived here from Daytona Beach last night for the reported purpose of catching a plane for the Dominican Republic, but she didn't have a travel permit.

The 25-year-old blonde evaded the question of a Caribbean trip and asked a man from Ciudad Trujillo to send her plane passage. "If anyone has met me a ticket, I don't know where it is," she said.

Arabs Reject Plans Of U.N. To Declare Jerusalem Open City

Lobby Violators Are Indicted By U. S. Grand Jury

WASHINGTON, June 16, (AP)—A federal grand jury today indicted the agricultural commissioners of Texas and Georgia, two farm organizations and two other persons on charges of violating the lobbying law.

Attorney General Clark, who announced the grand jury action, said they are accused of conspiracy to lobby for higher commodity prices without registering with Congress. He said they had a personal interest in higher prices because of trading on commodity markets.

Those indicted:

J. E. McDonald, Texas commissioner of agriculture.

Tom Under, Georgia commissioner of agriculture.

Ralph W. Moore of Granger, Texas, who maintains headquarters in Washington as Secretary of the National Farm Committee.

Robert M. Harris, senior partner in the cotton brokerage firm of Harris and Vose, New York City.

The National Farm Committee, a Texas corporation headed by Under.

The Farm Commissioners' Council, which has headquarters here.

The Justice Department announced today that J. E. McDonald and the principal officers of the council.

The grand jury charged that the group, without registering as lobbyists, agreed that Moore would lobby in Congress for legislation tending to increase commodity prices and against any congressional action tending to reduce such prices.

The lobbying law, enacted by Congress, requires that persons endeavoring to influence legislation must register as lobbyists and file statements of who employs them and how much they are paid.

The Justice Department statement said:

The conspiracy count "charges that the individual defendants had personally maintained commodity accounts and that it was to their financial interest to see that their financial interests were maintained in order to support their various transactions in the commodity markets."

"The indictment further charges that if prices were kept high or forced to still higher levels, their commodity accounts would show increased profits and if prices were to fall there would be losses."

The grand jury also sets forth that a part of the conspiracy was that Moore would not register as a lobbyist because his registration would obviously reveal their respective personal financial interests and therefore injure the weight of their testimony before congressional committees.

Arabs Reject Plans Of U.N. To Declare Jerusalem Open City

WASHINGTON, June 16, (AP)—Secretary Marshall said today the United States and Britain have an understanding that they will inform each other about any action intended in the Middle East.

The secretary of state told a news conference that this has been the situation for some time.

Marshall had been asked to confirm press reports from London that there was such an American-British agreement.

Marshall said simply that this has been the case for quite some time. He conceded in response to a further question that the United States may have recognized the state of Israel without consulting the British government. He said this was simply an exception in the general practice.

On other issues, Marshall said:

1. The United States has notified both Syria and Egypt that it cannot accept their blockade of the Palestine coast and the American government will proceed accordingly. This was in line with previous State Department announcements.

2. Marshall considers that Russia's acceptance yesterday of the American proposal for a 12-nation conference on free navigation of the Danube River is a good sign in the sense that a refusal would have been a very bad sign. He hopes the conference agreement may produce a satisfactory agreement.

3. Marshall several times denied in response to specific questions that France has appealed to the United States and Britain for any revision of the recent six-nation agreement for a separate government in Western Germany. Marshall said that the United States had received neither formal proposals nor informal inquiries from the French.

At the same time he said he understood that the British had received a protest from the Russians and he expected that the United States would also.

4. The United States is now negotiating European recovery agreements directly with France, Britain, Sweden and Denmark. Marshall said he does not know whether these and the other twelve agreements will be worked out by July 3—the deadline required by American law if aid is not to stop flowing.

5. The United States has not received any reply from Russia to its latest proposal for return of Trieste to Italy. Marshall said he expects there will be an answer, and that difficulties between the Western nations and Russia (Continued on Page Five)

Trans-Jordan Minister Says Terms Would Ask Arab Troops To Evacuate Positions

CAIRO, June 16, (AP)—The Arab League ignored today it was willing to participate in negotiations for a permanent Palestine settlement on condition that the United Nations partition plan is shelved.

CAIRO, June 16, (AP)—The Arabs today rejected a proposal of the United Nations mediator to declare Jerusalem an open city.

Fawzi Mukki Pasha, foreign minister of Trans-Jordan, told newsmen the Arab League replied to Count Folke Bernadotte that if Jerusalem was declared an open city, Arab troops would be asked to evacuate positions they conquered there last month. He said this would be in contradiction of the cease fire terms.

An Arab League source also reported the league's political committee rejected an invitation to sit at a conference table with the Jews in negotiations for a permanent Palestine peace.

The Arabs held the Old City of Jerusalem, a mile-square block in the heart of the Shrine City, when the four-week truce became effective last Friday. The Jews held most of the bigger modern city. The Arabs have accused the Jews (Continued on Page Five)

Vargas Trio Gives Vocal Renditions At Kiwanis Meet

Kiwanians today were entertained by the Vargas trio from Port Orange and Long Island, N.Y. and repeated, encouraged their selections most of which were accompanied by Joseph Vargas on the guitar. They were introduced by Ben Smith.

Mrs. Martha Vargas is a nationally known radio entertainer, and has appeared on the County program over Station WOL, Newark, N.J. Miss Joan Vargas has a rich contralto voice, has sung in many night clubs and will appear at the Club 101 at Daytona Beach. She was accompanied in several songs by Harry Wester, Kiwanis pianist. The trio together featured Spanish songs and the two ladies obliged with several brief interpretations of Spanish dances.

Frank Sandler, assistant manager of Florida Fashions Inc., was introduced as a Kiwanian by Fred Wilson. This brings the club total membership to 89.

Principal Herman E. Morris told of the success of the Seminole High School basketball team and urged Kiwanians to attend the game tomorrow night at 6:00 o'clock at Municipal Park with Andrew Jackson High School of Jacksonville. The winners of today's double header here will play at 8:00 o'clock tomorrow night following the first game. The final game will be played Friday. He predicted Sanford would win state basketball honors for the first time.

L. Golden of Gainesville, executive secretary of the Florida High School Athletic Association, announced that the winner of the state contest here will be eligible to compete next week in the Southeastern Interstate Tournament with teams from Tennessee, Alabama, Mississippi, Kentucky, and Georgia. He said that Mr. Morris and Coach C. F. Kettles had secured very satisfactory accommodations here for visiting players.

Visitors introduced by John Ley and David Gatchell. Howard Monteth led in group singing. Frank Lanson presided, and congratulated Ben Small for "choosing such fine entertainers."

Miami High Trims Leon In Tournament

Miami Senior High School defeated the Leon High nine from Tallahassee this afternoon in the first game of the twin bill being played in the State High School Baseball Tournament at the Municipal Park by a 6 to 2 margin.

Bill Vinsant hit a home run for Miami Senior High in the second inning.

Score by innings:
Leon 010 001 0 - 2 - 3 - 5
Miami 020 310 0 - 6 - 6 - 3
Ketcham and Mollay; Carrat and Dominico.

MODEL BUILDERS

The Sanford Model Builders will meet Friday night at 7:30 at the home of John Fox. It was announced today. All interested are asked to please Lo present.

RECREATION PROGRAM

Girls' clubs will be organized at the Grammar School tomorrow, and baseball leagues for boys will be formed at the La Front Park. Tennis instruction will be held at the Sanford Junior High School courts for youngsters between the ages of five and nine.

NO SKIRT SHOW

The Sanford Skit Club will not hold their shoot at the Municipal Airport range tomorrow. It was announced today by Byrd J. Goode, secretary. Improvements are being made, and should be complete by next week, Mr. Goode declared.
