MELLON WILL BE GIVEN CHANCE TO ANSWER CHARGES

Secretary of Treasury Will Have Opportunity of Answering Testimony of Means Before Investigating Committee.

WASHINGTON, May 30.—Secretary Mellon will be given an opportunity soon as practicable to answer before the senate Daugherty committee the testimony of Gaston Means, it was announced today by Senator Wheeler, Democrat from Montana, the committee prosector.

Touching lightly on Mexican revolutionary affairs and other topics, Means asserted he had investigated Henry Ford by direction of Jess Smith "to get the motive for his anti-Jewish slant and to learn his feelings toward the administration," and Gray Silver, Washington agent of the American Farm Bureau Federation. But he tilted chiefly at Secretary Mellon with reference to liquor questions and the latter issued a statement late in the day declaring Means' testimony "too absurd to deserve notice."

Means testified that, well supplied with cash, he set up the "Women's Clean Government League" and put H. L. Scarife, a former department of justice investigator and his assistant, in charge with instructions to get in contact with Secretary Mellon. The purpose, he indicated, was to take up prohibition conditions and show the treasury incompetent to handle the whiskey situation.

Secretary Mellon told Scalfio something to take this story serious, likely, Means said, adding that Senator Bryan, New Mexico, was interested but the latter denied the charge. Working around the general subject in New York and other places, Means said he also found that Senator Lodge, Republican, Massachusetts, has assisted Craven Brothers, a New York firm, to obtain a permit to export liquor from the United States. He asserted, however, that Senator Lodge was innocent of any wrongdoing, even though he declared the liquor got back to the United States at Atlantic City, N. J., on the steamer Gemma.

POLICE ARREST RICH YOUTH IN FRANKS CASE

Son of Millionaire Box Manufacturer Is Held By Authorities and Questioned Concerning Glasses Found Beside Slain Youth Said To Belong to Him; neither Denies or Affirms Ownership.

CHICAGO, May 30.—Nathan Leopold, Jr., age 19, son of a millionaire box manufacturer, was identified as the owner of a pair of glasses similar to those found near the body of Robert Franks, 13 year old kidnaped victim and is in custody today after an all night questioning in connection with the death which for over a week has baffled investigators. He would neither affirm nor deny the ownership of the glasses. A check up of stories told by Leopold during the inquiry is being made today.

There was little hope that Charles Heath, Chicago drugist, found suffering from the effects of poison in a Louisville, Ky., hotel Thursday would be able to throw any light on one of the most baffling mysteries with which the Chicago police have ever had to deal.

According to reports received from Louisville Thursday night Heath is in a dying condition and may never be able to make a statement. Michael Hughes, chief of detectives said he had desired to question Heath more because of his unusual actions than through belief that he is directly concerned in the kidnaping and slaying.

Three Women Arrested.

KLAN MATTERS MADE PUBLIC IN MAYFIELD CASE

Life Member of Organization Declares That He Is Working To Oust Imperial Wizard Evans From Order.

WASHINGTON, May 30.—Klax Klan affairs were aired Thursday before the senate committee investigating the election of Senator Mayfield, Democrat, Texas, F. N. Littlejohn of Paocet, S. C., in business at Charlotte, N. C., a life member of the Klan, told the committee he was engaged at his own expense in an investigation of the organization for the purpose of profiting by a disclosure of irregularities within it and that he was working to force Imperial Wizard H. W. Evans out of the Klan.

Executive Session

After an executive session lasting several hours, the committee agreed to the amendments proposed by a sub-committee and although a formal announcement was not made it is understood that the committee had agreed to accept the amendments proposed by the sub-committee.

Pays Out \$2,000

Disassembled with the way affairs are at present proceeding within the Klan, Littlejohn at an expenditure out of his own pocket of about \$2,000 has been visiting various parts of the country, according to the statement he made to the committee, collecting data and evidence. He intended to use this, he said at first to the committee, to purge the Klan of those who were "destroying it." Later he admitted, under pressure from committee members, that he hoped to reimburse himself for expenditures he had made, out of the "sale" of the material he had collected "showing irregularities" within the organization.

COMMITTEE IN SENATE AGREES TO AMENDMENT

Amendment To Norris Bill Provides That Either Government or Private Company Can Make Fertilizer.

WASHINGTON, May 30.—Fertilizer would be produced at Muscle Shoals either by the government or a private concern under an amendment to the Norris bill approved Thursday by the senate agriculture committee. It is also understood that another amendment provides that power could either be produced by the government or a private company under government control.

As amended the bill provides for the distinct separation of fertilizer and power production at Muscle Shoals. The fertilizer manufactured would be placed directly under the supervision of the agriculture department.

GENEVA WOMAN IS VICTIM OF AUTO ACCIDENT

Miss Mary L. Gabard Is Run Over and Killed by an Automobile Driven by Negro—Accident Is Said to Have Been Unavoidable by Eye Witnesses—Driver of the Car Arrested by Sheriff.

Miss Mary L. Gabard, daughter of the late Rev. C. S. Gabard and a niece of Rev. M. E. Gabard, of Geneva, was killed late Thursday afternoon at Geneva when she was run over by an automobile driven by Theodore Morris, a negro.

The accident occurred about 5 o'clock in front of the postoffice at that place. Several people witnessed the accident. It was learned this morning, Little Fleda Franklin, who was with Miss Gabard at the time the accident happened, was uninjured.

The negro, it is said, was not driving at a fast rate of speed when he ran over the unfortunate woman. It is said that he never saw the woman crossing the street until his car was right upon her and he made an attempt to swerve the car to one side, but was too late. The car knocking Miss Gabard down and then passing over her body.

Circuit Bar Passes Resolutions On The Death T. E. Wilson

At the opening of Circuit Court in this city on Tuesday resolutions were drawn by a committee representing the bar of the Seventh Judicial Circuit in which were incorporated a befitting tribute to the memory of the late Thomas Emmett Wilson, who died here recently after having made his home in this county for over 50 years.

The resolutions drawn by a committee composed of Ernest F. Householder, John G. Leonardy and Fred R. Wilson, were officially inscribed upon the minutes of the court together with a memorial to his memory. Following are the resolutions as presented to the court:

Whereas, Almighty God in His divine wisdom has removed from the Bar of the Seventh Judicial Circuit of the state of Florida, one of its most distinguished members in the person of Thomas Emmett Wilson, and

Whereas, the career of Thomas Emmett Wilson was marked by distinguished and unostentatious service to this Bar and the state of Florida, and Orange and Seminole counties and the city of Sanford, and his death is an irretrievable loss to the Bar and his country; and the members of the Bar of the Seventh Judicial Circuit desire that a memorial to his memory be drafted and inscribed upon the records of this court;

Now, therefore, be it resolved by the members of the Bar of the Seventh Judicial Circuit of the state of Florida, that this Bar has suffered an irretrievable loss in the death of Thomas Emmett Wilson and will always cherish the memory of his private and professional character. That the sympathy of the members of the Bar of the Seventh Judicial Circuit be extended to the widow of this distinguished lawyer and citizen.

That a page in the minutes of this Court be dedicated to the memory of Thomas Emmett Wilson and inscribed with his name, dates of his birth and death and the term of his practice at this Bar.

That a copy of this resolution be inscribed upon the minutes of this court.

Be it further resolved, that a copy of this resolution be sent to the widow of the deceased, and a copy be published in the Sanford Herald.

Development Board Holds Interesting Meeting Wednesday

(Continued from page 1.) That had unusually hearty approval was that which outlined the steps taken to provide for a historical map of Florida, and special attention to the state in the way of routing information and other literature.

The Automobile Association, with a membership of 600,000. Mr. Coult also furnished information as to the steps that have been taken by the board looking to an active campaign in favor of the ratification of a constitutional amendment relating to inheritance and income taxes.

In the absence of Frank C. Groover, chairman, the report of the advertising committee was made by William L. Wilson, head of the solicitation committee. Mr. Wilson stated that the campaign for raising a fund of \$400,000 to put on an adequate national campaign for the state during the fall and winter was proceeding satisfactorily and was expected to reach the closing-up stage within the next two or three weeks, though it will probably require as many months to complete the work.

A pleasing feature of the meeting was an address of welcome by Mayor Forrest Lake of Sanford, who is a member of the executive committee. Mr. Lake's explanation of how the celery situation in Sanford has been handled this season through the co-operation of banks, growers and marketing agencies, made quite a hit.

Frank D. Jackson, president of the Tampa Board of Trade, was elected to membership on the board, representing the commercial organizations from the fourth district, to succeed T. M. Shackelford, Jr. Membership applications were approved from the following: Longwood Chamber of Commerce, Altamonte Springs Chamber of Commerce, Panama City Chamber of Commerce, Babson Park Board of Trade, Clearwater Chamber of Commerce, Highland County Chamber of Commerce, St. Augustine Board of Trade and St. Petersburg Advertising Club.

Directors present were President Dann, Vice-President Baldwin, Secretary Coult, Treasurer A. D. Ingraham of St. Augustine, William L. Wilson of Panama City, William Sessions of Bonifay, Forrest Lake of Sanford, George B. Hills of Jacksonville, Allen E. Walker of Winter Haven, Frank D. Jackson of Tampa, Isaac VanHorn of Haines City, G. G. Ware of Leesburg. Wire received from Dr. Davis Forster of New Smyrna advised that he had been detained by an automobile accident.

FROM DISTRICT FIVE
Because of a typographical error in a story appearing in Monday's issue of The Herald, J. E. Snyder was listed as a candidate for county commissioner from district three when it should have been district five. Mr. Snyder's expense account instead of being \$5 as was listed was \$12.75, he stated today.

DeFuniak Springs Voters Hear Talk By Frank Jennings

DeFUNIAK SPRINGS, May 30.—(Special)—DeFuniak Springs residents abated counter attractions here Wednesday night and gathered several hundred strong to hear Hon. Frank E. Jennings, of Jacksonville, candidate for the governorship, when he made his final pre-election address. Mr. Jennings was cordially received and his audience evidenced approval of his various platform planks by enthusiastic applause. L. S. Cleveland, editor of the DeFuniak Herald, introduced Mr. Jennings and spoke in most complimentary terms of the public record of the speaker of the evening. He reviewed Mr. Jennings' record on the state plant board, board of control and as speaker of the house during 1921, and paid him a glowing tribute for the consistent high calibre of service he rendered during his terms of membership. Mr. Jennings held the unflinching interest of his audience throughout his address. His statement of his position on the good roads question was received with enthusiasm by his audience. The matter of road improvement is one of great interest in this county, and Mr. Jennings was assured of strong support for his candidacy as a result of his statement of his position with reference to road building. DeFuniak Springs supporters of Mr. Jennings are confident he will poll a heavy vote in this section. The candidate left here immediately after his meeting for Marianna, where he holds a meeting Thursday night.

Germans Offer Good Market For Autos

BERLIN, May 30.—Prospects for American automobiles in Germany are excellent, and especially in the medium priced cars may a substantial business be looked for, says a trade report of the American Chamber of Commerce in Germany. Auto trucks also will find a good market here, the report avers. "High priced passenger cars will meet the competition of German manufacturers," according to the chamber, so it appears that cars selling below \$1,000 will be mostly in demand.

Swedes Will Enforce New Business Method

STOCKHOLM, May 29.—Believing that an ounce of prevention is worth a pound of cure, representatives of a number of industrial organizations in Sweden have formed a central institute for the prevention of graft. The function of the organization is to keep an eye on any persons in business who are exposed to the temptation of bribery, and to nip in the bud any attempt at corrupt practices. The membership includes the association of hotels and restaurants, and associations of brewers, dealers in lumber, hardware, automobiles, books, paints, the corporation of iron masters, importers of coal, etc. While there have been no cases of corruption on the part of high public officials, there have been a few cases of petty graft recently where unwarranted personal commissions have been collected by agents for deals carried through. The new institute has broadcast demands for confidential reports of suspicious circumstances. These will be investigated immediately, and where guilt is found, the offenders will be brought to justice.

WILL SEND REPRESENTATIVE

TALLAHASSEE, May 30.—Information received today by the chamber of commerce from Senator Frammell is that the senate had adopted his resolution authorizing and directing Coolidge to appoint a representative of federal government to attend and participate in Florida Centennial celebration next November.

COMMENCEMENT EXERCISES

TALLAHASSEE, May 30.—The nineteenth annual commencement of the Florida State College for Women were held today in the college dining room. Dr. Edward Conrad, the president, conferred the degrees on graduates. Dr. Henry Louis Smith of Washington and Lee University, delivered the commencement address.

DRUGGISTS MEET

DAYTONA, May 30.—Extensive plans have been made for the entertainment of delegates to the State Pharmaceutical Association which hold its annual convention here June 12 and 13. Druggists of the Trips Cities are in charge of the plans and are leaving nothing undone that will add pleasure to the visit of the 600 or more expected to come here for the meeting. The druggists are being assisted by traveling men's auxiliaries. For three days prior to the meeting of the association, the state board of pharmacy will be in session here for the examination of applicants for licenses to practice pharmacy in Florida.

Press Prosecutions To Quick Conclusions

WASHINGTON, May 30.—The many pending prosecutions growing out of wartime transactions are to be pressed to a quick conclusion as are possible under the revised department of justice policy it was announced today by Attorney General Stone.

J. E. Snyder, for County Commissioner, District No. 5, embracing Chulahoma, Georgia and Osceola. Your support and votes will be appreciated.

FIGHTS HIGH COSTS
 LISBON, May 30—The cost of
 living has risen from 10 to 15 per
 cent since the first of the year,
 owing chiefly to the activities of
 speculators and dealers. The gov-
 ernment is taking steps to combat
 further advances and has opened
 stores in various parts of Lisbon.

RELIEVED CONSTIPATION.

Now is the time to get rid of that stubborn cough which has been "ranging on" all winter. A few doses of the good, reliable FOLEY'S HONEY AND TAR COMPOUND will speedily re-
 lieve same. Mrs. Sarah Heck, 341 St. Paul St., Memphis, Tenn., writes: "I have been wonderfully benefited by FOLEY'S HONEY AND TAR COMPOUND. The first dose stopped my cough. It was a stubborn cough and I had been troubled with it since the first cold spell." Best for coughs and colds.—Ad.

Made Teething Painless and Easy for Baby

Teething is an ordeal that all babies must go through with. With most it is painful and the cause of fretfulness, crying and feverish conditions. Many babies suffer needless pain at this time, for Teething will reduce inflammation of the gums, allays feverish conditions, soothes the nerves and makes teething less painful. Mrs. Mattie Putman of Princeton, Ala., writes: "Teething is a grand medicine for babies especially at teething time. I have three children and gave Teething to all of them and they had no trouble cutting their teeth." Teething also relieves stomach and bowels troubles, and quiets the nerves without the use of opiates or other drugs. Teething is sold by all druggists, or sent direct to the Mabel Laboratories, for a package of 100 tablets.

BIBLE THOUGHT FOR TODAY GIVING AND GETTING.—Give and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that you mete, withal it shall be measured to you again. Luke 6:38.

This is Memorial Day. Sanford isn't the only place in Florida where the weather is hot. Other cities report unusually hot days.

Arthur Brisbane says in his column today that the strongest candidate now is McAdoo. He is in a position to know.

The St. Paul-Automobile Club is selling gasoline to its members for nineteen cents per gallon. Who wouldn't like to have membership in that organization?

A woman four feet in height living in New York runs a home for seven or thirty-five dollars per week. Wives of medium stature will please take notice.

These ministers who have become storm centers in their respective denominations have at least found an excellent way to break into the news columns.

Work is progressing steadily on the plans for "Pay-Up Week" which comes June 16-21. Sanford will follow its custom of doing things right and will put this week over in a big way.

Daily reports from Sanford Credit Association show many worthless checks are being issued. The person who makes it a practice to write a check without ample funds in the bank soon becomes known to business men doing a credit business.

A New York judge fined a man five dollars for spooning with his wife in a park. He gave him the contrary, should have given him five dollars for doing the extraordinary.

Things to worry about: Paul Poiret, the noted French designer and creator of the woman's fashions, started on the road to success and fame by working as a common errand boy.

Some merchants report exceptionally heavy business as compared with other years. It is noticeable that these merchants are the biggest users of newspaper advertisements.

It is hoped that the promise of some of the candidates are more substantial than those that were made concerning the construction of a certain two-hundred-room hotel in this city.

If Florida were to support Underwood for the presidency, it would be the only state in the union besides Alabama, to send its entire delegation pledged to this candidate.

The optometry boys closed a most successful convention in this city Thursday. The visitors had nothing but praise for the hospitality that was extended them. Sanford always extends the glad hand to its guests.

The wife of a traffic cop in Chicago recently secured a divorce from her husband because he had assumed the duties imposed upon him so thoroughly that he tried to embrace her at home. She evidently did not understand his "hot and go" signals.

The last gun in the political campaign for Seminole county will be fired by the candidates Saturday night when a big political meeting is scheduled to be held in front of the office of The Sanford Herald. Interested voters not only from Sanford but from all parts of Seminole county will be on hand to hear the speeches.

Heavier aviators may be able to fly straight as an arrow and always at the same elevation through blinding snow, rain, fog, or with the weather in almost any condition. The land indicator compass is set for a given distance and when that distance is reached the plane noses down and finds himself at his destination. The indicator is a new delicate instrument which shows whether the airplane is on an even keel and also if the machine is right side up or upside down. When in equilibrium position the indicator shows the inclination of the aviator and the inclination

A Time For Serious Thinking.

Next week Floridians will be called upon to express their sentiments regarding the best qualified Democrat to carry the standard of their party against Republican misrule. It is a time for serious thinking and the expression of that sentiment should not be registered without thorough investigation into the facts of the case.

In the first place the choice of Florida citizens lies between two men, McAdoo and Underwood. There is no other. Simply make up your mind between these two, and vote for the right one. The process of elimination is short and simple. If you are one of those few who do not really believe that McAdoo is the biggest man in the Democratic party, you must vote for him anyway for surely you know him to be a better man than Underwood and there is no other.

In this process of elimination, compare for a moment the records of the two men. Recall the vigor with which Underwood opposed the enactment of the prohibition amendment. Recall his prolonged fight against woman's suffrage. He stood for the open saloon. He stood for the subordination of woman. In fact what better antonym for progressiveness could one find than Underwood? Is the kind of a man we want to point to as the leader of our party the kind who has fought for antiquated measures, and was DEFEATED?

If not, look at McAdoo. McAdoo is known throughout the world as an exemplary progressive. He has always stood for advance and constructive forces. His list of achievements is astonishing. After getting his start in Georgia and making good in Tennessee, he went to New York where he was faced with many difficult problems. These he solved with masterliness. He has ever kept his face to the front, and nothing daunting, has overcome all obstacles.

There is a man who can beat Coolidge. The man who built the Hudson tubes, who managed the railroads of the nation in a tense crisis when transportation was threatened with complete destruction, who served the masses by aiding in the creation of the Federal Reserve act and the establishment of the farm loan banks, who floated five of the largest loans in the history of this nation and efficiently handled their disbursement, there is the man who can beat Coolidge.

And this man is going to be nominated. One by one Democratic states are falling into his steadily lengthening column. He will enter the convention with almost enough delegates for immediate nomination. Florida would be unwise to instruct for one who hasn't a chance, who could get scarcely a delegate outside of his own state. But Florida will tie up to no such man. Floridians too are progressive and they will vote for the progressive McAdoo.

If You Haven't the Knack, Acquire It.

Well, then, say it! Moreover, say it today. You may not have a chance tomorrow, for tomorrow for one of you may not come.

We are talking about, "Thank you," and "I love you," and "You are good and true," and "Please tell me something that I can do for you in return for part of the kindness you have shown me."

You would tell us—shamefacedly, perhaps—that you are tremendously grateful for the blessings that come your way. Your eyes would glisten with tears of emotion, as you think of the kind acts of this friend and that in your behalf. But do you take the trouble to express your thanks?

The reticent Scotchman they tell about would not be in a lonely class, if his kind were got together. The Scotchman, nearly moved to tears, and his voice was husky as he said, "Agnes was a good wife. Once I nearly told her so."

And words for other things besides the expressing of gratitude and of praise are so plentiful. There is always a word for the burned biscuits, but how seldom a word of praise for the biscuits that are light and golden! There are always words for discomforts in the home, but somehow the comfortable, happy conditions are accepted as a matter of course.

It is the same way in the business world. Employers forget to express their thanks for appreciated service, until their employees believe that there is no such thing as appreciation. Employers forget to praise work or to say frequent "Thank you's"; and employees, curious to say, seem also to go on the almost universal principle of taking things for granted, regardless of unusual generosity or consideration that are shown them by their employers.

The "Thank You" habit without a doubt is a cultivated habit, but it is one that can be acquired very early in life. In one home we have in mind a young father who had had good training himself used to say at the end of each meal, regardless of how good or how disappointing the meal chanced to be, "Daughter, did you thank Mother for giving us this breakfast?" or this luncheon or this dinner, as the case might be. All four children in the family were given the same hint. And today those young people go about unconsciously "making people feel good" by their readiness to pass some pleasant, sincere compliment or to express their hearty thanks for some trivial service.

So, say it. Speak the words of praise. Express your appreciation of courtesy and kindness and of the greater blessings that come to you. Do it today, and every day.

LITTLE BONUS CASH

TAMPA TRIBUNE

Mr. Brisbane, with all his editorial astuteness, sometimes becomes astoundingly illogical. In his daily article in The Tribune of Thursday he makes a few remarks about the bonus. He says it means "a few more millions every year put into circulation, promoting business and prosperity." He further remarks that for the extra dollar paid in taxes the general public will make two extra dollars in the regular course of business. When it is considered that the vast majority of beneficiaries of the bonus will not receive any cash at all, but long-term life insurance policies, we fail to see where Mr. Brisbane gets his beautiful idea about that "two extra dollars" or "promoting business and prosperity." Comparatively few of the service men will receive cash, and they will receive less than \$50 each. The amount thus distributed will not be sufficient to have any effect upon either business or prosperity. There will not be enough of it to make appreciable addition either to the nation's savings account total or its spending money. The lion's share of the bonus money will be tied up in insurance policies, which the recipients can't spend. It is true they will be able to borrow money on their policies after two or three years, but this will be in small proportionate amounts. In the meantime, the increased taxation will be immediate and general, affecting everybody, including the bonus beneficiaries. The increased taxation and cost of living incident thereto will exact from the service men much more than they get out of the bonus.

As Brisbane Sees It

McAdoo in Front. T. R. on Religion. A Text for Ford. What Prayer, Please? Copyright, 1924

THE STRONGEST Democratic candidate now is McAdoo. James D. Phelan, of California, well liked by everybody, will put McAdoo in nomination. Glass, who will be McAdoo's heir in the convention, if Al Smith "kills off" McAdoo, is talking strong conservative talk.

POLITICAL TALK is getting too close to the famous Burdick "R. R. R." line foolishness that will make Democratic defeat inevitable if it continues. The American people do not like religious prejudice in any quarter.

FRANK GREENE, writing from San Pedro, Cal., reminds you of this statement made by the real Theodore Roosevelt at Cardinal Gibbons' silver jubilee, June 5, 1911:

"Our republic, mighty in its youth, destined to endure for ages, will see many presidents during those ages and it will see presidents who are Catholics as well as presidents who are Protestants, presidents who are Jews, as well as presidents who are Gentiles." Very likely, in Thomas Jefferson it had a president that believed in no particular religion.

THE SENATE agricultural committee 11 to five, voted against Mr. Ford's Muscle Shoals offer and took up Senator Norris' bill. Senators that reposed Ford's offer are hurting the farmers and hurting themselves. But that doesn't console Ford, who must now find his consolation in the 140th Psalm. Verse 3 is especially recommended.

"Put not your trust in princes, nor in the son of man, in whom there is no help." The unreliable son of Coolidge in this case seems to be Mr. Coolidge.

STATESMEN THAT RULE New York City will begin their sessions with prayer. They will agree on a prayer that would do, in a body, of Protestants, Catholics and Jews. The humble publican's prayer, "God be merciful to me, a sinner," will suit most of our public officials.

A READER WRITES, "You talk about the Teapot Dome, but that isn't the trouble. The real trouble is in the public's dome. It doesn't think." That is sad and solemn truth. If it were otherwise, we should have different officials.

SOMEWHAT frightened speculators yesterday "stock" dropped and scattered "mining" signs through the Hat. Europe frightens Wall Street, and the fact that "commodities" things produced by nature and labor, are dropping in price. Later something cheerful will come along, then the speculators will buy back what they sold. The income tax bill which apparently is going through, with its publicity attachment, seriously disturbs some of the big pocket-books.

SEVEN DEAD, twenty burned, in a Newark hotel fire. Four killed dead, seventy hurt in tornadoes, sweeping through Mississippi, Alabama, Louisiana, Miss and big and fifty little eruptions in the volcano of Kilauea. The world is a tragedy, as you know, running your eyes over the news headings this morning and every morning.

BUT AMONG THE dark clouds here and there is a patch of blue sky. Charles H. Mayo, great surgeon, says a cancer will be conquered in a few years. Already 70 to 80 per cent of cancers can be cured "if taken in time." Remember that over-eating is one of the principal causes of cancer. Keep your system light, clear, clean, full of energy and it will deal with the diseases that attack it. Overloaded, it is helpless.

THE Methodists, with "going forward" for their keynote, voted five to one in their general conference to lift the ban on dancing and theaters. The old rule, no amusement "except those which can be found in the name of the Lord Jesus." Now amusement and religion can be kept separate as education and religion are separate in public schools.

AN UNFORTUNATE widow dies insane, leaving a fortune far above twenty millions. That fortune was inherited from a man who made all of his money selling articles for five and ten cents each. What he got was profits on the nickel or dime. Those who think it not "worth while to save in driblets" will observe that dimes and nickels are important, piled together.

NEW YORK WILL open the first chlorine gas cure for colds at Wilbur Parker Hospital by direction of Dr. Monaghan, health commissioner. Monaghan will breathe a mixture made up of one ounce of chlorine, mixed with sixty thousand cubic feet of air. The air will carry germ-destroying chlorine gas to every working part of the lungs, throughout the entire breathing tract. If the treatment is as successful as is hoped, it will be worth in time several billions of dollars a year.

CHLORINE GAS that wiped out battalions in the great war will be used on a larger scale of destruction against germs of influenza, pneumonia and other diseases. That's a better idea.

BUSINESS MEN, well as business, say wise things. It is natural for modern business men to say wise things.

THE WAY TO EVERLASTING PEACE

POPULATION AND PROSPERITY

PLANT CITY COURIER

This country has owed its prosperity, and especially its marvelous increase in values, more to the growth of its population than to any other factor. If we assume its total wealth at 350 billion dollars, it is safe to say that wealth represents the natural increase in the value of real estate due to the steady increase of population and general activity.

This growth in land value has been the basis of more great fortunes than all other things combined. It is a truism that if a young man wants to get rich, and yet play safe, he should buy land and let its value grow with the progress of the country. This is an absolutely "sure thing" so long as there is no restriction on immigration and the people have been able to count upon it with certainty. But what would happen if the tide should ebb?

We are bolting the doors. The latch-string has been pulled in. The few "selected" strangers whom we propose to admit will constitute a very low percentage of population increase in the next decade. There is a steady decrease in the birthrate. While the race suicide bug-aboo is not yet alarming, large families have ceased to be popular, and there is not a chance in the world that this tendency will be reversed. We have left the patriarchal age behind us for ever.

SIGHT-SEEING IN FLORIDA

THE MIAMI HERALD

Persons desiring to spend a few days or weeks pleasantly need not go out of Florida to find interesting places, fine scenery and all that goes to make a sight-seeing vacation enjoyable. It would be a very good thing if more people would study their own state instead of assuming that as soon as they get a chance to travel a bit they must necessarily go to some distant, widely advertised section.

Florida has a great array of unusual features, some of which cannot be matched anywhere else. The Florida Magazine section, which is distributed by a number of weekly papers, contains a partial list of some of these things. Among them are Silver Springs, the largest and one of the most beautiful natural springs in the world, which is big enough for a turning basin for large passenger boats; the Key West extension of the F. B. C., which is like nothing else anywhere; sponge fisheries at Key West and Tarpon Springs; Lake Okechobee, the largest fresh water lake in the United States entirely within one state.

Augustine, the oldest city in the country, has a number of interestingly interesting historical monuments. Helena Run is a beautiful little stream near Leesburg which sometimes runs into the Gulf and again changes its whimsical mind and flows into the Atlantic ocean. Florida has the largest banana plantation in the South, in Orange county. A spot of well near Apopka throws water three hundred feet in the air. Indian mounds are found in many sections. There is nothing more interesting than the great State Park south of Miami, with its tropical growth that cannot be matched anywhere else.

CREDIT AND CHARACTER

WAYCROSS JOURNAL-HERALD

Joseph S. Davis in the Albany Herald says: "It was a part of the country's morality that a man's credit should be as unimpaired as a woman's reputation. Credit was to be maintained, not as necessary as it has become today, by the quality of a man's character. It is directly dependent upon the quality of his character. It has never been a man of character who has not made a name for himself." A flaw in a man's character soon results in a flaw in his credit. Some people confound quality of credit with amount of credit. A man's credit may be perfect up to five hundred dollars but not above that. This is not because of the man's honesty but because of his ability to pay. Today, as it has always been, the quality of a man's credit is directly dependent upon the quality of his character.

LOCAL WOMAN'S CLUB DEDICATES PROPERTY AT ROBINSON SPRINGS

Quite a number of people witnessed the dedication of Woman's Club Park, which is located near Robinson Springs on the Orlando Road, about eight miles south of Sanford, at 4 o'clock Wednesday afternoon.

The exercises were marked by quite a little bit of enthusiasm of citizens of both Seminole and Orange counties, brought together for the purpose of showing their appreciation to those who so generously gave this beautiful tract of land.

Opening these exercises was Mrs. R. E. Tolar, president of the Sanford Woman's Club, who made a short talk with the following remarks to club members, visitors and friends:

"We are gathered here today to dedicate this beautiful park of nearly 12 acres so generously given by Senator Overstreet of Orlando and Mr. John Meisch of Sanford. This is one of the most important days in the history of our club. A day to which we will point back with pride in the next few years to come, as must be, the woodland is cut away, this spot, beautiful with lovely trees and fragrant with wild flowers, will be an inspiration to all who may pass this way. These beauty spots along our highway and throughout the country are the landscape of inspiration, expressing those things that make life richer and fuller, those things vital to the normal life, things that are needed as a balance to the material development of life. It is therefore not surprising that one should lend their efforts to the preservation of these shrines of the out-of-doors."

It does surprise one, however, that this was not thought of long ago as a great deal of natural beauty might have been saved. However, it is for us to keep unscarred the native beauty of our Seminole county.

"To Mr. Overstreet of Orlando, to Mr. Meisch of Sanford, who so graciously gave us this tract, to Mrs. C. M. Berry, a valued club member who negotiated the plans for this park, to E. A. Douglas for recording the deed and to Fred Williams, who surveyed it, we wish to express our sincere gratitude."

The invocation was pronounced by Dr. Brownlee, pastor of the First Presbyterian Church of Sanford.

A note from Mrs. Blackman, president of the State Federation of Woman's Clubs, read, expressing her regret at not being able to be there but sending greetings and congratulations.

"Mrs. A. B. Whitman of Orlando, chairman of conservation department of Federation of Woman's Clubs and who is one of the outstanding women in the state in this important work, talked on the preservation of beauty spots."

It was the good fortune of the Woman's Club to have with them Karl Lehman of Orlando. Mr. Lehman is the wide-awake secretary of the Orange County Beautification Committee and is the man who made beautification popular in that county. His slogan is "Sweet the sign and save the scenery."

Mr. Lehman gave one of his enthusiastic talks on his favorite subject.

The exercises closed by singing, "America, the Beautiful."

ALUMNI OF SANFORD HIGH SCHOOL HAVE ANNUAL BANQUET AND DANCE

One of the most enjoyable occasions of the season was the "Come Together" banquet of the members of the Sanford High School Alumni Association, given at the Woman's Club, Wednesday night at 8 o'clock.

The large hall of the club house was beautiful in a charming color scheme of black and gold, representing the floral decorations by quantities of small sun flowers.

The banquet was a mass of star jasmine, and was banked high.

The table decorations were in the form of an X and the decorations were of black and gold; the high school colors, down the center were stripes of black and yellow paper on the white linen covers, and in the middle of the X was placed a huge brass jardiner of these small sun flowers. At each place was a gold program printed in black which marked the guests' places.

The officers were pleased to see a good number of new faces and were glad to welcome every alumnus back. It was the purpose to make the atmosphere remind them of their school days and for a few hours at least to turn the flight of time backward for them.

While the guests were assembling musical numbers were played by a three piece orchestra, this same orchestra rendered music during the entire evening.

Judge E. F. Homemaker acted as toast master introducing the speakers with bits of original sayings. The program follows:

Mrs. and Mrs. Robbins Entertain Friends On Delightful Boat Trip

Two congenial parties, one from Sanford and one from Orlando motored Sunday to Eustis and there at the appointed hour of 10 in the morning were met by Mr. and Mrs. Robbins and Capt. Bassett of Eustis. They escorted the guests aboard the yacht City of Eustis. The anchor was lifted and the yacht began to glide swiftly across beautiful Lake Eustis, then through picturesque Dora Canal into Lake Dora and back through the Ocklawaha River and Lake Harris, stopping off on one of the beautiful islands where a luncheon was served picnic style by Mrs. Robbins, who was assisted by Mrs. Brice. After dinner the guests were shown around by Capt. Bassett and visited the different beautiful spots of the various lakes.

When the lively party returned to Eustis they enthusiastically agreed that they had had a wonderful time and congratulated Mr. and Mrs. Robbins for their unique entertainment. The parties then motored back to Sanford and were served with a delicious dinner at the residence of Mr. and Mrs. Robbins on Palmetto Avenue.

Those who enjoyed the occasion were Mr. and Mrs. S. Robbins and son Milton, Mrs. Frances Brice, Mr. and Mrs. Herman Lefkowitz, A. H. Moses, Henry Bandel, A. Rafford, Miss Dorothy Wilson, of New York, Isadore Shalder, of North Carolina, Maurice Whittenstein, of Orlando, Jack Stein, Orlando, and H. Bassett, Eustis.

LILLIAN SHINHOLSER ENTERTAINS WITH SHOWER FOR MISS ZACHERY

Miss Mary Zachary, one of the popular bride-elects of next month, was the charming honoree, Thursday afternoon, when Miss Lillian Shinholser entertained at a miscellaneous shower at her home on Oak Avenue.

The wedding colors, the pastels of the raincoat, were used in decorating for this pretty party. The reception and living rooms were bright with baskets of roses, snapdragons, shasta daisies and bouganvillea, forming a lovely setting for the daintily frocked guests.

Miss Margaret Zachary greeted the guests upon arrival, wearing a most becoming frock of sea green voile with trimmings of tiny ecru lace ruffles.

In the receiving line were Miss Lillian Shinholser, Miss Mary Zachary and Miss Julia Zachary. Miss Shinholser's smart frock was of peach voile and cream lace with sage green velvet ribbon. Miss Mary Zachary's costume was of orchid hand drawn voile with fillet lace medallions. With this she wore a chic black hat. Miss Julia Zachary was attired in a summer frock of white and rose.

During the afternoon a most delightful program was rendered. Miss Lillie Ruth Spencer, whose sweet soprano voice is always enjoyed and appreciated, was heard in a group of well chosen solos, among them being "For You Alone" and "Until." Miss Dorothy Stokes gave an enjoyable humorous and appropriate reading. Mrs. J. B. Skinner's artistic piano number "Crescendo," by Larson.

An interesting feature of the afternoon was the writing of telegrams to the honoree, each word to begin with the letters in the name "Zachary or Philyan." The wittiest one to be awarded a prize. This was the S. H. S. song "Black and Gold."

In order to spend a longer time together the members and others motored to the Country Club where they danced until a late hour and knowing that all things must come to an end, the guests departed for their respective homes.

Returning from Coronado Beach Tuesday were Miss Olive Johnson and sister, Mrs. J. E. Bass and little Wilson West Sneed, son of Mr. and Mrs. John Sneed. Miss Johnson and Wilson have been at the beach since Sunday. Mrs. Bass has spent the past month there. Mrs. Bass and Miss Johnson are the house guests of Mrs. John Sneed.

25 Children Attend Endeavorer Party

About 25 of the young members of the Christian Endeavor of the Presbyterian Church here, had a jolly time together Thursday evening when they met with the little president, Miss Marguerita Garner, at her home on Palmetto Avenue.

This was the last of the social meetings or parties for this season or, until October, when the gaiety will start anew.

The young people gathered dressed in May Day costumes, each little one representing some spring garden flower.

The decorations used were Japanese lanterns and the young folks gathered on the lawn and porch and enjoyed outdoor games and sports for several hours together, when punch and cake were served.

Mrs. Hill Entertains Friloha Bridge Club

Mrs. W. C. Hill was the gracious hostess Wednesday afternoon, entertaining the members of one of her bridge clubs "The Friloha," at her lovely home.

The guests were seated at small tables and places found by means of the most attractive spring tables on which mottoes were written pertaining to the game of bridge played.

Daisies were the decorations used in the sun parlor where the members assembled.

At the conclusion of the progressions, when the scores were audited, Mrs. J. D. Woodruff was found to have high score and was presented with a beautiful hand embroidered orandy apron.

The two tables of players were: Mrs. J. D. Woodruff, Mrs. Emmett McCall, Mrs. Emmett Hunt, Mrs. Ridges, Mrs. Phillips, Mrs. H. Connelly, Mrs. Ed Betts and Miss Frances Gonzales.

Mrs. Walter M. Haines entertained the guests of Mrs. R. A. Terhune Wednesday afternoon with a motor trip to Oviedo, Winter Park and Orlando and return. Those in the party were Mr. and Mrs. Arthur J. Smith, Mrs. Mae Walters and daughter, and Mrs. Torheun.

Thirteen Bridge Club Entertained By Mrs. Palmer on Wednesday

Mrs. Floyd Palmer entertained Wednesday afternoon with two tables of bridge the members of the Thirteen Club, having as her guests Mrs. A. B. Wallace, Mrs. Householder, Mrs. W. H. Wight, Mrs. H. B. Lewis, Mrs. D. P. Drummond, Mrs. Eugene Roumillat, Mrs. B. L. Perkins, Mrs. M. S. Wiggins and Mrs. McPherson.

The members played at tables arranged in the living room and dining room of Mrs. Palmer's attractive little home on Park Avenue. The house was decorated with bright colors, snapdragons, nasturtiums and other spring garden flowers that cast a sunshine glow over the players.

Mrs. Lewis was fortunate enough to secure high prize which was a beautiful embroidered luncheon set. After the game an ice-cream and punch was served.

TOMMY GIBBONS AND CARPENTIER READY FOR BOUT

French Idol and American Boxer Finish Training and Each Declares He is in Best of Condition.

MICHIGAN CITY, Ind., May 30.—While a chilling wind swept off Lake Michigan a few days away, Georges Carpentier, former world's light heavyweight champion Thursday engaged in his last workout for his 10 round international contest with Tom Gibbons of St. Paul, here Saturday afternoon. The weather was so cold when Carpentier appeared in the outdoors ring, which nestles in a ravine just off the shore of the lake, that he wore a white sweater over his ring clothes to protect himself. Refusing to brave the biting wind, Gibbons called off the outdoor program and took only light exercises, working outdoors in the dance hall in the resort where he is quartered, seven miles up the lake shore.

Gibbons merely shadow-boxed and took a session at skipping at the rope to keep his muscles loosened. In the morning he played 18 holes of golf, defeating the champion women players of the club with a score of 90, regarded as excellent for the condition of the course and the weather. Gibbons spent the remainder of the day sitting around a fire roaring in the fireplace of the spacious living room.

Gibbons' sparring partners, apparently glad that their services were no longer needed, declared that Gibbons was in the finest possible condition.

This view was also shared by Manager Eddie Kane who declared the St. Paul man was ready. Gibbons himself ventured the opinion that his condition was perfect and that he would do nothing tomorrow aside from a round of golf in the morning.

BIG RACE WILL BE HELD TODAY IN INDIANAPOLIS

500-Mile Sweepstakes Race at Indianapolis Will Be Center of Attraction of Thousands of Auto Enthusiasts.

SPEEDWAY, INDIANAPOLIS, May 30.—Twenty-two little speedsters, ranging from the annual 500 mile race at Indianapolis, are lined up at 10 o'clock this morning. Ernie Ansterberg, Indianapolis driver was in the first accident, his car overturning on back stretch of first lap. He was not seriously injured but car is out of race.

Ed Cooper driving at more than 100 miles an hour swept into the lead shortly after the 100 mile post had been passed and held it at the 150 mark at an average of 98.36 miles per hour. Hill is in second place and Murphy third.

Between 135,000 and 140,000 spectators are on the speedway grounds breaking last year's record attendance of 125,000.

INDIANAPOLIS, May 30.—The field of starters in the annual 500-mile automobile race here Friday was increased to twenty-two when L. L. Corum and Fred Harder qualified their cars.

Corum, driving an eight-cylinder machine, covered the required ten miles in 25-71, an average of 98.07 miles an hour. He finished fifth in last year's race. Harder's machine was somewhat slower, the time being 7:14.9, an average of 82.77 miles per hour.

Three other entries were given a final opportunity to qualify Thursday afternoon.

Henry Ford to Referee. INDIANAPOLIS, May 30.—Henry Ford, pioneer automobile manufacturer, took up a new job Thursday afternoon. His new vocation, good only for about 24 hours, will be that of referee of the annual 500-mile automobile race to be held at the Indianapolis motor speedway Friday.

INDIANAPOLIS, May 30.—The buzz of high powered motors awaiting about the two and one-half mile brick oval of the Indianapolis Motor Speedway where the twelfth international 500-mile race will be held shrill shrill without a being held today, is the music that greets racing fans.

Long before even the conservative people of Indianapolis had taken of their morning toast and coffee, famous drivers entered in the great international classic had their mounts on the track for early spins.

Adjustments are constantly being made on the temperamental motors of only 122 cubic inches piston displacement and all of the drivers are attempting to drive as many practice laps as possible to get acquainted with the battering 500-mile over bricks that show no mercy to tender muscles.

Thousands of pre-race fans crowd the track each afternoon and there appears to be more intense interest in this year's race than ever before in the history of the event. Undoubtedly this consuming interest is a result of the high speed of the racing cars and the fact that practically all of the drivers are very nearly equal in ability.

Why Oakland's Chassis is more advanced

- Oakland's new L-head engine is a masterpiece of light-alloy engineering. It incorporates the very latest developments in motor design.
- The transmission is a unit with the engine. Gears of the finest alloy steel and liberal ball bearings, insure quiet and long life. Gear shifting is actually a pleasure.
- The rugged, drop-forged, "I" beam front axle was purposely designed for this car. Its correct construction insures easy steering and safe driving.
- Oakland's semi-floating rear axle is the last word in axle design. Its nickel steel gears, Hyatt and New Departure Bearings and spiral bevel gear drive make it silent and efficient.
- Oakland's four-wheel brakes are built into the chassis. Many months of service by tens of thousands of owners prove conclusively that this construction is most necessary and desirable.
- Oakland's frame is of pressed steel, 3-32 of an inch thick and is rigidly braced with five cross members. In complete frames, do not neglect the fact that the thickness of the steel is very important.
- The steering gear is unequalled for ease and convenient driving. All engine controls, as well as horn button and lighting controls, are mounted on the steering wheel, an exclusive feature.
- Demountable disc steel wheels—of them—are standard equipment on all models. On most cars you pay extra for them.
- Long, easy-riding springs; Harrison radiators with heavily nicked shells; completely enclosed universal joints and tubular drive shaft are other important features.

Remember the Oakland Six yourself. You will then understand why the True Blue Oakland is liked by so many who have decided to get the most and the best for their money this year.

BONES OLD CHIEFTAN HONOLULU, May 30.—The wheels of progress were halted here recently while forced homage was paid by workmen to the memory of an all but forgotten chief-tan of Hawaii, and the desecration of his ashes was rendered impossible.
 In the path of a dredger which has been constructing a drainage canal there stood a house inhabited by an old Hawaiian and his wife. They were warned to vacate as the dredger approached their small holding.
 They refused to leave. After several days of argument it was found that their refusal was based upon the fact that their house was on an old burial ground and that the bones of a great chief and a dozen of his relatives were underground.
 The old people would not leave the spot until they had seen the removal of the bones of the chief and his relatives, and their interment in some more peaceful spot. The board of health was consulted. A permit to dig up the bones was granted. An undertaker removed the remains from the earth, and the dredger continued its way through the ancient cemetery.
