

## BANDITS ROB SMALL BANK OF BIG SUM

### Heavily Armed Thugs Kidnap President, Wife, Cashier, After Tying Up Children

LAKE CITY, S. C. Sept. 5.—(AP)—Three men robbed the Palmetto Bank of Lake City of approximately \$100,000 today after kidnaping J. H. Carter, bank president, and his wife from their home and tying the Carters' three children to their beds. The robbers invaded the Carter home about 8:15 o'clock, 45 minutes before the opening hour, and held up the family with pistols.

After tying the Carter children, the eldest a 16-year-old girl, to their beds, Carter and his wife were forced to accompany the robbers to the bank.

NORTH BERGEN, N. J. Sept. 5.—(A P)—Six men, all armed and some with machine guns held up employees and customers of the North Bergen Trust Company today, and escaped with an estimated \$11,000. They covered their escape by a barrage of bullets.

Enroute there, the leader of the trio, a young red haired man, told Carter they were taking him to open the vault after the time lock made possible.

At the bank, however, they found that Fred Stalvey, cashier, had already arrived and the vault was unlocked.

Taking what money was in the vault, the robbers then forced the bankers and Mrs. Carter into their car and left.

Three blocks from the bank Mrs. Carter was put out, and the robbers drove away with the bankers.

Mrs. Carter and her home and released the children and then advised officers of the robbery.

Carter and Stalvey telephoned from Lamar, 30 miles away, that they had been released unharmed.

The bandits had four sawed off shotguns, two sub-machine guns, and six pistols in their car.

## 500 Head of Cattle Will Be Sent From Oviedo On Saturday

County Agent C. R. Dawson has announced that the Seminole County quota of cattle to be taken from the flood area in the upper St. Johns River valley, will be accepted at Oviedo next Saturday.

The animals are being sold to the government to be used, when needed, for the relief of the indigent this winter.

Two hundred head of native cattle will be taken from the flooded range of this county, and 300 head from Orange county, making a total of 500 head to be shipped from Oviedo.

W. G. Kilbee, of Geneva, and Perry Cameron, of Sanford, have been named as appraisers. They will make recommendations solely on the basis of the number of pounds of beef for coming purposes each animal will supply.

Mr. Dawson said Mr. Kilbee and Mr. Cameron were chosen because of their experience in killing out beef, both having been in the business for many years.

In this connection, Mr. Dawson stated that he had visited Oviedo and found that the pens which will hold cattle until they are sent away are all adequate and strongly built.

## Another Tropical Storm Is Brewing

WASHINGTON, Sept. 5.—(AP)—The Weather Bureau today issued the following storm warning: A storm is developing about the middle east of Mexico, the direction of the movement uncertain but it is possible to reach the Gulf of Mexico and south Atlantic coast.

## Sinclair's Enthusiasm For New Deal Rekindled After Long Talk With Roosevelt

### FLORIDA EXHIBIT AT FAIR PLEASURES JOHN MEISCH, SR.

### Display Can Hardly Be Improved Upon, Says Head Of Commission

County Commission Chairman John Meisch, Sr., turned away from his task of directing the setting of exhibit plants in road beds on his West Side farm this afternoon to say that Florida's exhibit at the Chicago World's Fair could hardly be improved upon, and that the Fair itself is a marvel.

With his wife, daughter, and granddaughter, Mr. Meisch has just returned from a motor trip which took the party to Chicago as guests of Lorenzo A. Wilson, chairman of the Florida World's Fair Commission, and Mr. Meisch's summary of the trip indicates that it was a most enjoyable one.

It was not Mr. Meisch's first trip to Chicago, nor his first view of a World's Fair. He has been to the Windy City several times, and saw the World's Fair in Lege, Belgium some years ago.

But, this visit and its accompanying entertainment will be long remembered, Mr. Meisch indicated, because it was under the direction of persons who were interested in entertaining on a lavish scale and giving guests an insight of the highlights of the Fair.

Of the Florida exhibits, Mr. Meisch had nothing but praise. Compared to California, Florida has "stolen the show," despite the fact that the California exhibit appears to be much more costly.

"It doesn't show up as well as our exhibit," Mr. Meisch said.

Tremendous crowds now are visiting the Fair, he said, and all exhibits are crowded day and night. Probably the greatest attraction in the Florida exhibit at present is the orange show booth which, installed only a few weeks ago, is a sensation from the view point of sales.

"You can't get near the counter," Mr. Meisch reports of the stand which is located in the tropical garden feature of the exhibit. "Hundreds of people stand in line to buy an orange short cone and I was told that over 10,000 cones were sold in one day. I remember seeing a farmer from Iowa, wearing overalls and an open work shirt, remarking that if he comes sold for a nickel instead of a dime, the crowd would fall off to nothing."

The only complaint Mr. Meisch had of the Fair is that there is "too much midway" which affects the view point of the exhibits.

## Uncle Sam Is Paying More To Run Many Sided Government

WASHINGTON, Sept. 5.—A sharp increase in government expenditures during August placed the Treasury's deficit for the first two months of the new fiscal year at \$475,518,585, almost double the amount for the same period last year, it was disclosed last night.

The deficit on Sept. 1, 1933, was \$229,684,450.

August expenditures totaled \$518,090,494 compared with \$466,273,908 for July, the Treasury's monthly statement said. It was the first increase since a steady decline began last January.

Receipts, however, rose to \$266,264,217, a monthly increase of \$88,976,414.

## Lives Of Aged Orlando Pair Snuffed By Gas

ORLANDO, Sept. 5.—(AP)—Henry Stephenson, 77, former sheriff of Volusia county, and his 65-year-old wife were found dead in their gas-filled apartment here early yesterday.

Coroner Sam White declared the aged couple had met death at their own hands and waived an inquest.

The bodies were found in bed by the ice man who he called to deliver ice. They had apparently died during the night. Investigating authorities said all the windows were closed and the jet of a gas heater was open.

## BIZARRE STORY OF MUNITIONS PLOT REVEALED

### Senate Probers Learn Inside Details Of Zaharoff's Part In Submarine Sales

WASHINGTON, Sept. 5.—(AP)—Disclosures that two American and British armament makers had combined to dominate world submarine building, with Sir Basil Zaharoff as their super-salesman, were written yesterday into the open records of the Senate munitions investigating committee.

The bizarre story, clouded with hints of international intrigue, was unfolded during the day-long questioning of three officials of the Electric Boat Company of New London and New York.

This concern, now building submarines for the United States Navy, was shown to have an arrangement with Vickers Ltd., former of British armament companies, through which business was divided, and few submarines were constructed throughout the world without one or the other getting a share in the profits.

## SHORT LIVED STRIKE HOLDS UP PAINT JOB

### FERA Crew Walks Off City Hall Project But Returns Later

A strike without violence, but one that lasted for not more than two hours, held up the work of repainting the City Hall at noon today when 16 painters, not satisfied with the hour and wage method employed, walked from the job at noon.

They walked back to work about two hours later after FERA officials went into some detail to explain that their salary is fixed by FERA case and workers and other officials at the FERA offices in the Court House, and that it is based on the amount of money the city and workers believe each laborer can live on for a week, either singly or with a family.

The explanation appeared to suit all returned to work, FERA officials at the City Hall said that the affair blew over quickly. It was all a misunderstanding and not worth reporting. All of the men are working again.

Roscoe Robinson, one of the painters, informed The Herald shortly after the walkout that the group started to work on Monday, Aug. 27, at noon. Each man, he said, understood that he would be paid at the rate of 70 cents an hour for a 40 hour week.

"But," he said, "so far we have been working only 20 hours per week, and instead of being paid 60 cents an hour for that 20 hours of work, we received only \$2.40 for the week's work, and were told that the balance of \$9.60 would be paid in weekly installments of \$2.40 each. A man can't support a family on such a small amount, so we decided to quit."

It was explained at the City Hall that case aid workers are supposed to make a survey of the needs of every employed person and to determine just how much he needed to keep himself fed and clothed for a week. The painter's were being paid off on that basis, it was explained.

## Stores To Close For Next Two Thursdays

Pending advice from state headquarters, the Local Retail Code Authority this afternoon suggested the extension of the Thursday afternoon closing period in local stores for the next two Thursday afternoons.

The action came during a special meeting in which it was indicated that many local merchants are anxious to extend the closing periods for another month despite the fact that the National Retail Code Authority permits Thursday afternoon closings during only three months of a year.

A compromise was reached that, it is believed, will be agreeable with all merchants, and a telegram was sent to Jacksonville late today, stating that the local authority suggests that the closing period be extended for the next two weeks.

## U. S. MOVES FOR INTERVENTION IN LOUISIANA

### Federal Judge Issues Restraining Order Holding Names Of Voters On Books

NEW ORLEANS, Sept. 5.—(AP)—The federal government yesterday stepped into the Senator Long-Mayer T. Semmes Walmaley political battle of Louisiana, by issuing a restraining order for the first time.

United States District Judge Borah yesterday issued a restraining order, upon the petition of two citizens, against the state-appointed registrar of voters, R. J. Gregory, commanding him not to remove the names of any voters from the list to be used in the Sept. 11 congressional primary.

The registration office is now, and has been for more than a month, in possession of Senator Long's national guardsmen who broke in under cover of darkness to take control amidst a great clatter of arms.

As the federal government took a hand in the political muddle for the first time, Senator Long was directing the inquiry of his legislative committee into asserted charges of vice and corruption in the city government of Walmaley. The committee and Senator Long were under the protection of state soldiers.

The petition was submitted in federal court by two voters, A. Morgan Brian and Ernest P. Miller, who charged that Long, Governor Allen, the registrar of voters and General Raymond H. Fleming, head of the national guard, on the night of July 30, 1934, "entered into a conspiracy" the object of which was to deprive the plaintiffs of the right to vote in the Sept. 11 primary.

(1) A letter, transmitted by Carse in 1917, containing the suggestion of a firm of lawyers that Zaharoff avoid payment of income tax to the United States on money received from the Electric Boat Company.

(2) A letter from Zaharoff that (Continued On Page 4)

## Jacksonville Milk Dealers Are Asking More For Product

TALLAHASSEE, Sept. 5.—(AP)—When the Jacksonville housewife brought in today's bottle of milk its price was 1 cent a quart higher than it was yesterday.

The state milk control board announced it had authorized increases effective today in the price of milk in the Jacksonville area at the solicitation of a majority of the dairymen.

The new price for grade A sweet milk at retail is 15 cents a quart, against the old price of 14 cents. A pint will cost 7 cents.

An increase to 17 cents for certified milk, and to 16 cents for special baby milk also will be announced. The price of certified milk is 10 cents and special baby milk 9 cents.

## Trade Body Advised That Repair Work On Geneva Road Has Not Been Halted

Repair work on State Road No. 14 leading from Geneva to Sanford has not been discontinued, and repairs to the brick section of this road will be resumed as quickly as possible.

This word was received at the Chamber of Commerce office today from E. S. Lofberg, head of the Fourth Division of the State Road Department, in answer to numerous complaints which had been made as to the condition of the road.

"As information to you," Mr. Lofberg wrote, "and you may not be fully advised, I wish to advise that we have not discontinued operations on Road 14. It is true that the crew which was employed was removed for a few days for the purpose of salvaging treatment material from the work on Road 3 just completed south of Sanford, and this treatment material is being salvaged for use on Road 14 to improve the same spots complained of by Mr. P. J. Felner. Consequently, your information that we had discontinued our activities on Road 14 is without foundation."

## Schall Finally Releases His "Bill Of Particulars" Citing Forms Of Press Censorship

### ST. PAUL, Sept. 5.—(AP)—Charging the Federal Administration had begun "false and exaggerated" government reports to "propaganda to support the New Deal," Senator Thomas D. Schall, of Minnesota, yesterday set forth an eight point "bill of particulars" as alleged proof of his press censorship accusations against President Roosevelt.

In a telegram to President Roosevelt, Senator Schall asserted he had insufficient space to present comprehensively proof of his charges, that attempts were being made to establish a press censorship in the United States.

"Unless public sentiment and voters prevent," Senator Schall said, "we shall have a federalized national press service run by those in power to perpetuate them in power."

The Minnesota senator has (Continued On Page Two)

## LIQUOR QUESTION TO BE PLACED UP TO VOTERS NOV. 7

### Required Number Of Persons Sign Plea Asking An Election

Voters of Seminole County will have an opportunity on Nov. 7 to decide whether or not they are for or against the repeal of all of this state's prohibition laws.

This was indicated at the September meeting of the Board of County Commissioners, held at the Court House yesterday, when the Commissioners, after accepting a petition presented to them by G. W. Spencer, local attorney, ordered it turned over to Supervisor of Registration W. J. Thigpen for checking against the official list of voters.

The petition was signed by 332 registered voters residing in seven of the county's 15 precincts.

Mr. Spencer, in presenting the petition in behalf of the several signers pointed out that under the terms of an amendment to Article 19 of the State Constitution the names of only five percent of the registered voters of any community need be affixed to petitions asking that certain questions be set before the voters for decision.

The petition he presented represented approximately nine percent of the registered voters.

At the request of a special Seminole County Chamber of Commerce delegation which included F. E. Dornier, County Agent C. R. Dawson, Gus Schulz, and H. J. Gut and E. J. Meyer, the Commissioners voted to lend their support to the campaign aimed at stopping all distilleries within the county without apparent benefit to any person or property.

No action was taken on a telegram from Lorenzo A. Wilson, of Jacksonville, chairman of the Florida World's Fair Commission requesting the Commissioners to consider appropriating another \$1000 toward the maintenance of the Florida exhibits at the Fair.

The Commissioners took no action on an appeal by George H. Upchurch that fines and costs levied against him for driving an automobile with an improper license be remitted. The Board decided that it had no authority in the matter.

Election precinct No. 8, known as Gabriella precinct, was officially changed to Goldenrod precinct, name by which it is to be known in the future.

Martin Stanko and a group of Slavia was advised that work on what is known as the Mikler road (Continued On Page Four)

## Entire Winter Park Police Force Given Its Walking Papers

WINTER PARK, Sept. 5.—The entire Winter Park police force was dismissed and a new city judge was appointed here Tuesday by the city commission in one of the most vigorous house cleanings ever undertaken by the administration.

L. W. Morris was appointed new chief, replacing Sol Harper, who had been named chief by Mayor or James A. Treat following irregularities which burst on the public last week in which charges were preferred against E. G. Hancock who was alleged to have struck a drunken man with a night-stick.

E. G. Akm, Jr., an Orlando attorney, was appointed new municipal judge immediately after J. A. Dewiler had tendered his resignation at the night meeting of the council. It was unanimously accepted.

## Roosevelt Takes Hand In Walkout

### President Appoints Mediation Board To Act In Strike Which Some Say Is Failure

By The Associated Press  
President Roosevelt today moved to appoint a mediation board for the general strike in the textile industry at the same time that employers' representatives announced a meeting to plan a defense against the alleged intimidation of workers remaining on jobs.

Meanwhile at Washington, the strike committee of the National Textile Workers responded to the President's announcement that he was appointing a mediation board with "It can be taken as a matter of course that we shall go as far as possible to meet the wishes of the President."

George Sloan, President of the Cotton Textile Institute said that any board appointed by President Roosevelt in the textile strike "will receive our utmost respect. We will gladly make available to it all the facts in our possession."

At Greenville, S. C., a squadron of approximately 625 strikers from Spartanburg county, augmented by several hundred local workers today forced the closing down of the Dunham mill, thru which had been operating under National Guard protection.

Fine hose, bayonets, and steel helmets which 120 troopers had prepared for use in defending the plant were not brought into play, as the mill management, harassed by several days of contention with the unionists, decided to close rather than run the risk of violence.

Heads of silk, woolen, and cotton industrial organizations announced a meeting to plan against (Continued On Page 4)

## Sloan Claims Big Strike Is Failure Citing Statistics

### NEW YORK, Sept. 5.—(AP)—George A. Sloan, president of the Cotton Textile Institute, late yesterday announced he had heard from mills representing 348,000 workers, and the reports showed 254,000 were at work, and 92,000 out.

July figures, Sloan said, showed that these same mills employed 410,000 persons in that month. He said his reports showed 154,000 are work in the South and 100,000 at work in the East, with 60,000 out in the South and 32,000 out in the East. Sloan added that 64,000 remained to be heard from.

"These figures indicate," Sloan said, "that the strike is a failure." (Of those out, Sloan said, thousands were out "against their will by reason of intimidation.")

## Union Carpenters At Miami Quit Jobs Asking \$1 An Hour

MIAMI, Sept. 5.—(AP)—Union carpenters of Metropolitan Miami struck yesterday over a wage dispute.

They laid off construction work of all kinds, except for maintenance, boat building and planing mill jobs in protest against a wage of 75 cents an hour. Claim was made that figure is 25 cents below NRA agreement.

Fred Morris, business agent for the carpenters' union here, estimated that the strike was "nearly 100 percent" effective in all but the accepted branches of work.

Employers and contractors generally preferred to wait the outcome of a meeting they called for last night, before treating with laborers or the union.

## Broward Taxpayers Lose In Their Suit

TALLAHASSEE, Sept. 5.—(AP)—The long contended Broward county post authority suit in the supreme court yesterday brought a decision by the court that unless taxpayers show by an amended bill that their property is illegally or excessively taxed, their action against present assessments will be dismissed.

A contest of the assessments was brought by a group of taxpayers in the district. They asked the court to declare null and void the bonds issued by the port district, and to enjoin the port district, and the cities of Fort Lauderdale and Hollywood from levying a tax with which to pay the bonds.

## Landis Holds Local Option Election Okey

Ocala, Sept. 5.—(AP)—The board of commissioners of Marion county had before it yesterday an opinion from the office of Attorney General Cary D. Landis saying local option elections of liquor may be held legally at the general election in November.

Following the receipt of the opinion the board called a repeal referendum at the November general election.

## CITY NEWS BRIEFS

Local weather yesterday: high 85, low 70, rainfall 1.07 inches.

Hollis Phillips, recently elected as head of the Sanford Junior Antlers Lodge, will preside over a meeting of that organization, scheduled to be held at the Elks Hall tonight at 7:30 o'clock. Entertainment will be provided after a business session, and a full membership is expected.

Some idea of what the City Hall will look like when FERA workmen finish painting the exterior may be secured by inspecting the south side of the building upon which work has been completed. Under present plans, the interior also will be repainted and redecorated. Work is expected to continue for several weeks.

First practice session of the winter season of the Sanford Concert Orchestra will be held at the Elks Hall tomorrow night at 8:00 o'clock, it was announced today by George C. Fellows, director. He invites all old members of the organization to put in an appearance, and he extends an invitation to all new residents of Sanford who are adept with any musical instrument.

Congressman Mark Wilcox, Lex Green, and J. Hardin Peterson have accepted the Seminole County Chamber of Commerce's invitation to visit Sanford on Oct. 8 for the purpose of taking a yacht trip on the upper St. Johns Indian River canal. Tentative acceptance has been received from Senator D. U. Fletcher. Wood is being awaited from Senator Park Trammell and Congressman Joe Sears.

Cost of operating the Seminole County Home for August was \$413.00, it was reported to the Board of County Commissioners this week by Supt. R. L. Dann. Thirty-two inmates were fed. (Continued On Page Four)

### An Unemployment Survey

After more than a year of caring for the unemployed, the Federal government has come to the conclusion that it ought to know more about people for whom it is providing relief. As a result of a recent order of Acting Federal Emergency Relief Administrator Gill some 2,325 interviewers in more than eighty key cities are seeking to gather considerable information concerning the unemployed.

Chief among the questions which are being asked are these:

What proportion of persons on relief would be able to work in industry if the jobs were available?

How many are unsuited to employment of any kind?

How the employable unemployed are distributed by occupation, industry, sex, age, color, activity, etc.

How many families receiving relief include employable persons and therefore, may be expected to leave the Relief rolls when one person in the family finds employment?

How non-employable persons are distributed by age, disability, etc.

How many persons on relief are able to do work relief of some kind even though they might not be capable of holding full-time jobs in industry or business.

How local administrative standards and practices vary.

To what extent relief agencies have developed a class of unemployed that is disinclined to work, although physically able to do so.

What occupational shifts in industry have occurred in recent years and how they have affected skilled and unskilled workers who are now receiving relief.

The survey also covers a large amount of detailed information, such as the composition of families on relief, schooling, and the incidence of physical defect of certain types.

The necessity for reshaping the Relief program has been discussed in Administration circles for months. The probability that next winter will see more persons dependent on relief than at any time up to date, owing to the exhaustion of private resources of unemployed persons, has reinforced the determination to revise the program.

"You can do a great service for yourself by learning how to find happiness day by day, by developing an appreciation of joyful living, by becoming intoxicated with life," Alfred E. Parker advises in the August Hygeia in the twenty-fourth and last chapter of his serial, "Training for Athletics and Health."

"What an experience it would be if you could drink from a magic golden chalice a precious fluid that would bring you health and happiness and joy each day. But there is no such liberal chalice from which to drink. Nevertheless, you can have health, you can revel in the joy of living by drinking of the cup of wisdom. The joy of living is everywhere. Many have found it. Many others are searching for it. After all, it is not so hard to find. If you journey the road to health, you will find that in most cases the joy of living is quite within your grasp, and you will want to live for the very joy of living."

**SANFORD TWENTY YEARS AGO**

Almost everybody in Sanford who owns an automobile and many others who do not spent Labor Day at Daytona Beach, enjoying the many attractions of that resort, by way of making of the race. It was impossible to secure a complete list of those getting over the bay as probably a third of Sanford's population must have been there, but among them were Ed and Vera, Mrs. W. E. Spier and son, Vivian, Ed, Lina, Bob, Dora, and George Wilson in the lower car.

Saturday night Miss Lettie Caldwell and Annie Higgins, who were in the beach with Ed and Vera, and Mrs. W. E. Spier and son, Vivian, Ed, Lina, Bob, Dora, and George Wilson in the lower car.

## Personals

Mr. and Mrs. R. F. Crumshaw and son, Joe, spent last week-end at Daytona Beach.

Miss Hazel Tew had an her guests Tuesday, Miss Freda Moore and Miss Eunice Webber, of Kustia.

Mr. and Mrs. W. H. Scott returned Monday night from Miami where they spent the week-end.

Dr. and Mrs. Ralph Stevens and children, Mr. St. Townsend, arrived Saturday to visit relatives here for some time.

Miss Hazel Appley and Miss Alice Waters spent the week-end in Tampa and Dunwoody, the guests of friends.

Mr. and Mrs. D. B. Levy and family have moved from Geneva to 1700 Palmetto Avenue, where they will make their home.

Dr. and Mrs. W. D. Mobley and Miss Martha Fox and Meade Fox formed a party spending Labor Day at Daytona Beach.

Mr. and Mrs. H. G. Fox and family and Mr. and Mrs. Lee Conway spent Labor Day at Daytona Beach.

V. E. Baker and son, Ernest, returned yesterday from Tampa and Sarasota where they visited the school's mother, Mrs. William A. W. W.

Mr. and Mrs. Leslie Went, and daughter, Mary, and Dr. Anna Carr returned today from Daytona Beach where they spent the past ten days.

Miss Myrtle Nelson, Miss Gladys Kinlaw, Miss Ethel, Dick McClelland, and J. B. Kinlaw formed a party spending Labor Day at Daytona Beach.

Mrs. Mamie Griffin has returned to her home here after having spent the last two weeks at Jacksonville and Jacksonville Beach at the home of her daughter, Mrs. Karl Ambrose.

Dick Maxwell is visiting relatives here for a short time before going to Atlanta, Ga. where he has accepted a position. Mr. Maxwell recently obtained his degree from the University of Georgia at Athens, Ga.

Mr. and Mrs. E. W. Turner and Miss Elizabeth Turner have returned from a ten days' trip spent in visiting relatives in various points in South Carolina which included York, Rock Hill, and Sharon.

Mr. and Mrs. P. R. Stephenson have gone to Jacksonville where they will make their future home. Mrs. Stephenson, a former teacher in the local school system, has accepted a position in the Riverside Junior High School of Jacksonville.

Mr. and Mrs. B. W. Herndon have returned from Daytona Beach where they spent several days as the guests of Mr. Herndon's son-in-law and daughter, Capt. and Mrs. H. A. Bivins. Capt. and Mrs. Bivins and family have returned to their home at Patterson Field, Dayton, Ohio, after having spent the summer at Daytona Beach.

### INTERMEDIATE B. T. W.'s

Sixteen members of the Intermediate B. T. W. of the First Baptist Church met Tuesday at the church campus for an all-day study course. Miss Thelma Tew taught the Intermediate Manual throughout the morning.

A noon luncheon was served at the annex and was followed by an hour of recreation. Early in the afternoon the class reviewed the manual, completing the book. Later in the afternoon luncheon was given for awards which will be made later.

## Charlotte Caldwell Enjoys 6th Birthday

Hosting little Miss Charlotte Caldwell, who recently celebrated her sixth birthday, Mrs. Raymond Caldwell entertained Tuesday afternoon with a party at her home on West First Street. Artistic bouquets of pink gladioli and butterfly lilies were used throughout the rooms and the residence accentuating the chosen color scheme of pink and white.

Stories, games, and contests furnished the entertainment for the afternoon, and at a late hour refreshments were served. The birthday table, which was placed in the living room, was covered with a lace cloth and centered with the immense birthday cake surrounded by butterfly lilies all in colors of pink and white. Mrs. Caldwell was assisted in serving an ice course by Mrs. Walter Price, Mrs. Joel Caldwell, and Mrs. Herman Geiger, of DeLand.

Among those present were: Charlotte Caldwell, honor guest, Louise Clark, Catherine Clark, Dorothy Price, Mary Elizabeth Carver, Mona Ruth Mills, Katherine Hogan, and Betty Dillard, of DeLand, and Adrian Stacey, Stanley Stacey, Billy Parrish, Joel Caldwell, and Richard Caldwell.

## Christian Endeavor Society Holds Meeting

The Senior Christian Endeavor Society of the First Presbyterian Church held its regular meeting at 7:00 o'clock at the church, with a large number of young people in attendance. Preceding the program a short business meeting was held in which it was decided to hold a council meeting of the officers and committee chairmen Wednesday evening after the regular prayer meeting at the church. The topic for the evening was "courtesy." John Brown was in charge of the program, and parts were given by Miss Mary Frances Andrews, Miss Harriett Brown,

and Rodman Lehman. Mr. Lehman also gave a short talk concerning the fourth annual convention of the State Christian Endeavor Union which was held recently in Tampa.

## Social Calendar

### WEDNESDAY

The officers and committee chairmen of the Senior Christian Endeavor Society of the First Presbyterian Church will hold a council meeting at the church immediately after prayer meeting. All members of the council are urged to be there.

The annual business meeting of the First Baptist Church will be held at 7:30 o'clock at the church.

### THURSDAY

The regular meeting of the Seminole Chapter Number Two of Order of the Eastern Star will be held at 7:30 o'clock at the Masonic Hall.

The Methodist Young People's Organization of Central Florida will give a party at the First Methodist Church in Orlando in honor of the young people of that church who are planning to attend college for the coming term. All Methodist young people of Sanford are interested in attending are requested to meet at the First Methodist Church at Sanford at 6:45.

## Pitts, Sparks Bring Laughs In New Film

ZaSa Pitts enters a new phase of her laugh-provoking career tonight when she will be given an opportunity to join with the sad-faced Ned Sparks in a hilarious comedy that is also a thrilling mystery.

It is entitled "Private Scandal," produced by Charles E. Rogers for Paramount, and is playing at the Milano Theater tonight.

Mary Brian and Phillip Holmes are the film's romantic interest. Olive Tell, June Brewster and Olin Howland give fine performances.

and Rodman Lehman. Mr. Lehman also gave a short talk concerning the fourth annual convention of the State Christian Endeavor Union which was held recently in Tampa.

## James Stoinoff To Wed

The following interesting account of the wedding of Miss Elizabeth Brannon, of Miami, and James Stoinoff, formerly of this city, which took place Monday night at Miami was taken from yesterday's edition of the Miami Herald:

"Before an assemblage of relatives and friends Miss Elizabeth Brannon, daughter of Mr. and Mrs. A. H. Brannon, of Hialeah, was married last night to James Marvin Stoinoff, of Sanford. The wedding took place at the home of the bride in Deer Park and was solemnized in the parlor with Rev. J. C. Sims of Riverside Baptist Church officiating.

"An improvised altar was fashioned of palms and candelabra. The bridal party entered to the strains of the Lohengrin march, played by a string trio which also during 'I Love You Truly' and during the repeating of the vows played 'Tramere!'

"The bride, who was given in marriage by her father, wore a gown of ivory satin, made princess style with a box plaited ruffle around the collar. The train and train were edged with plaited ruffles which extended into the side seams of the skirt. The veil of tulle also was edged with ruffles and was held erect by a braided band of ivory satin caught with small clusters of orange blossoms. The oval 'shower' bouquet was made of asparagus shades from a deep color to ivory.

"Miss Donna Van Dyne, of Troy, Pa., was maid of honor. She wore a gown of powder blue silk organza with plaited collar and ruffled hem. Her large hat was of pink organza. Miss Mary Frances Roberts, of Coral Gables, the bridesmaid, wore a gown of pink net in a quaint design. Her pink net hat was trimmed in powder blue velvet. Both carried muffs of flowers.

"Little Joan Walter, daughter of Mr. and Mrs. A. P. Walter, wearing a pink net dress and bandeau of flowers, was train bearer. "John Tillman, former schoolmate of the bridegroom, was best man. After the ceremony the parents of the bride entertained at a reception. Mrs. J. J. Jones and Mrs. Harry C. Clark presided at

the punch bowl. Later the bridal couple left for a motor trip to Asheville, N. C. Upon their return they will reside in Deer Park. The bride wore a travelling gown of brown net with jacket trimmed in white organza.

"Mrs. Stoinoff attended the University of Georgia for two years and was graduated from Stetson University. She is a member of Pi Beta Phi society and Pi Kappa Sigma. For the past year she has taught in the Hialeah School.

"Mr. Stoinoff was graduated from the University of Georgia where he was a member of Pi Kappa Phi and of the Gridiron Club. He played football on the University's team. He is associated with the Shell Oil Company of Miami."

## HONOR ROLL

The following is a list of persons who are on the Honor Roll for the month of August of the Sunday School of the First Baptist Church: Cradle Roll Department—Joe Borland, Peggy Pippin, Marjorie Anderson, and Frances Rumley. Beginners—Nancy Williams, Virginia Borland, Eugene Kendall, and Mrs. Fred Myers.

Intermediates—T. E. Wilson, Miss Minnie Stewart, Lewis Wright, Nellie Cunningham, Mrs. Irah Hall, Dorothy Warner, L. E. Tew, Jr., Braxton Huntley, H. H. Hill, Robert Howell, Louise Packard, J. H. Borland, and Mrs. W. P. Brooks, Jr.

T. E. L. Class—Mrs. E. W. Stiles, Mrs. B. R. Beck, Mrs. Sarah Stewart, Mrs. R. I. Milan, and Mrs. J. B. Borland. General Officers—Rev. W. P. Brooks, Jr., and S. J. Nix.

## Daughters of Wesley Have Regular Meeting

The regular meeting of the Daughters of Wesley Class of the First Methodist Church was held Tuesday evening at the home of Dr. and Mrs. Cooper. The early part of the evening was spent in a business session in which officers for the coming year were elected. An announcement was also made that Mrs. S. E. Jones had resigned as teacher of the class. Mrs. Jones left today to make her future home at Mulberry.

Later in the evening a sweet course was served by the hostesses, Mrs. Helen Schultz, Mrs. C. E. McKee, Mrs. T. C. Brannon, Mrs. J. C. Preston, Mrs. W. E. Rabes, and Mrs. O. R. Estridge.

Among those present were: Mrs. Quinton Brown, Mrs. M. B. Smith, Mrs. C. P. Herndon, Mrs. J. O. Lane, Mrs. R. J. Holly, Jr., Mrs. B. B. Baggett, Mrs. O. R. Estridge, Mrs. M. R. Strickland, Jr., Mrs. H. A. Swanson, Mrs. C. M. Flowers, Mrs. R. B. Monroe, Mrs. E. H. Lane, Mrs. S. E. Jones, Mrs. A. D. Zachary, Mrs. J. E. Preston, Mrs. J. O. Adams, Mrs. O. E. White, Mrs. Fred R. Wilson, and Miss Vera Woodcock, Miss Beattie Zachary, and Miss Ruth Hand.

**Positive Relief for MALARIA!**  
Sure End to Chills and Fever!

Here's real relief for Malaria - Groves' Tasteless Chill Tonic! Quickly it stops the chills and fever and restores your body to comfort. Many remedies will merely alleviate the symptoms of Malaria temporarily, but Groves' Tasteless Chill Tonic does all the way and completely rid your system of the infection.

Groves' Tasteless Chill Tonic is a real corrective of Malaria because it contains two things. First tasteless quinine which kills the Malarial infection in the blood. Second, tonic iron which helps overcome the ravages of the chills and fever and fortifies against further attack. Play safe! Take Groves' Tasteless Chill Tonic. It now comes in two sizes - 50c and \$1. The \$1 size contains 2 1/2 times as much as the 50c size and gives you 25 percent more for your money. Get a bottle today at any store. -Adv.

## Sinclair Enthused Anew After Talk With His President

(Continued From Page 1)

talked about. He explained "I don't want to use the President's home as a place to exploit my ideas."

"I talked with one of the most kind, genial, frank, open minded and lovable men I have ever met," he continued.

"We talked for two hours and that was his fault and not mine. He asked me to tell you that I didn't intend to stay but an hour but he asked me to continue."

"We sit out in California and speculate as to what he is doing and what he knows about it. I am very happy to be able to tell the people of California that he knows. If he knows about the other 47 states as much as he knows about California, he is a marvel."

"I told him I have met two Presidents of the United States. The other was Teddy Roosevelt and I don't know which is the franker. That isn't a pun. That pleased him very much."

"I told him that I was sure that what we talked about would not be mentioned by me."

"I told him that I was sure that what we talked about would not be mentioned by me."

"I told him that I was sure that what we talked about would not be mentioned by me."

"I told him that I was sure that what we talked about would not be mentioned by me."

"I told him that I was sure that what we talked about would not be mentioned by me."

## CITY BRIEFS

(Continued From Page One)

clothed and housed at a cost of 42 cents per day each, while food cost the county 14 cents a day for each inmate. During the month, the inmates assisted in the production of 334 gallons of milk at an average cost of 9 1/2 cents per gallon; 78 dozen eggs at an average cost of 22 cents per dozen, and 60 pounds of butter.

The Sanford Junior Chamber of Commerce will hold a meeting at the Valdez Hotel Palm Room tomorrow night at 8:00 o'clock, it was announced today by George Thurston, acting president of the new organization which now has nearly 70 members. Features of the meeting will include a discussion of several projects recently approved by the Public Relations Committee and the Agricultural Committee. Members attending also will be asked to pay the balance owing on semi-annual dues, Mr. Thurston stated.

As a result of a conference held at the Seminole County Chamber of Commerce building yesterday afternoon between a group of civic leaders and J. Lee Harne, Jr., of Orlando, trade body officials announced that they would organize a Seminole County recreation and beautification committee which will seek the endorsement of the City and County so that its plans may be recognized by the FERA; Mr. Harne is director of beautification and recreation for the FERA, Sixth Region.

"Silver", the bear which had appeared in many motion picture productions before being placed in Sanford Municipal Zoo, is dead. He lost several teeth while "on location" in Lake County during the filming of a sports film early this year, and he had been unable to eat food for some time. As a result, he gradually starved to death despite all efforts of Zoo attendants to provide food which he could devour without using his teeth. "Silver" died this morning, and disposition of his body is awaiting word from his owner, David Newell.

The suggestion that residents of this county organize a Seminole County Recreation and Beautification Committee which would draft a program that might be given the approval and assistance of the FERA, was made before Sanford Rotarians yesterday noon by J. Lee Harne, Jr., of Orlando, director of beautification for the Sixth Region of the FERA. Mr. Harne's talk was made before a large gathering gathered at the Valdez Hotel, including 12 residents of Longwood who had come to seek FERA sponsorship of the plan to make a state park of the land surrounding the Big Tree near Longwood.

At least one fishing party involving local persons proved successful over the week-end. Johnny V. Toole, employee of Forrest Gatchel's Cash Grocery, R. Mathews and John Davis, all of Geneva, left the Chulupta bridge by boat on the Econ Creek Labor Day morning at 6:00 o'clock. After a day of fishing during which their boat covered 22 miles distance to Titusville ferry the party had hauled in 38 black bass, several of them large specimens. Commenting on the day's trip, Mr. Toole recommends that all of his friends take their out-of-state friends fishing grounds in Florida, he said.

Members of the Agriculture Committee of the Sanford Junior Chamber of Commerce last night decided to recommend to the Legislature during the conflict.

(9) That Paul Koster, one-time Paris representative of Electric, was "fired" after Zaharoff wrote a letter in 1927 to Carle in which he protested Koster's "intervention" in the Spanish business and threatened to quit Electric if it continued.

(10) An assertion by committee members that Zaharoff said he owned stock in both Electric and Vickers, Ltd., Carle and Spear said they know of no such ownership in their concern.

## Liquor Question To Be Placed Up To Voters Nov. 7

(Continued From Page 1)

near Stavia must be held up until it comes under approval of the FERA.

No action was taken on a request by J. Tilden Jacobs in the matter of a road leading from the George Jacobs place to Lake Pickett near Chulupta.

A request by F. N. Purdy that relief be granted to Mr. and Mrs. John Berrill, of the Paola section, was referred to the Seminole County Welfare Board.

Commissioner S. F. Long and Engineer Tony Pitchford were delegated to investigate the condition of a ditch running past the A. D. Smith and R. E. Monroe farms.

J. E. Curtis of the Forest City was notified that the county would be glad to donate some of the wood now being cut from the site of an emergency landing field in San Lando for the new school in that district. Mr. Curtis had appeared to ask the status of work on the road passing Forest Lake Academy.

Permalien was given Alex R. Johnson, county vocational agriculture teacher, to trade a county-owned Ford sedan he is using for a pick-up truck.

Authority was given for the Ruben Willis, county convict guard, an overtime on special work he is doing at the Convict Camp.

Read into the record of the meeting was a letter written to Glen Metcalf, of Oviedo, by Sheriff J. F. McClain, stating that inasmuch as Mr. Metcalf had been relieved of his duties as town marshal in Oviedo, his bond and commission as a deputy sheriff

organization that it act at once in fostering a movement aimed at replacing this method with the FOP sales plan. This recommendation, plus endorsement of plans now under way to combat the inroads of the cattle screw worm and plans to cap all artesian wells in the county where they are found to be flowing without benefit, will be set before the organization at its regular meeting in the Valdez Hotel tomorrow night. The committee is composed of P. R. Bach, Fred Bolly, Roy F. Symes, Jr., and George Thurston.

Satisfaction was expressed at a meeting of the Agriculture Committee of the Seminole County Chamber of Commerce yesterday afternoon when a special committee reported that the County Commissioners had made it possible to wage a more determined fight against the uncontrolled flow of artesian well water in this county. The meeting was devoted to a discussion of the cattle screw worm and decision was reached that County Agent C. R. Dawson should approach FERA officials to find out whether or not it would be possible to enlist FERA aid in a local fight against this menace. During the meeting, R. H. Muirhead called attention to the fact that five artesian wells which flowed on his farm as long as 30 years ago, now are dead. He considers the local problem as being a most serious one.

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, STATE OF FLORIDA.  
In re Estate of SAMANTHA BAKER, Deceased, in Probate.

VIRAL NOTICE  
Notice is hereby given that the undersigned will, on the 5th day of September, A. D. 1934, present to the Honorable County Judge of Seminole County, Florida, the final return, account and vouchers as executor of the Estate of SAMANTHA BAKER, deceased, in and out of time, then and there, make application to the said Judge for a final settlement of her administration of said estate, and for an order charging her as such executor.

Witness my official signature and seal this 13th day of July, A. D. 1934.

## Florida Exhibit At Fair Pleases John Meisch, Sr.

(Continued From Page One)

block of villages, sidewalks, and other typical midway displays, and the fact that a person must walk literally miles to really see these displays inspired Mr. Meisch to say that there's "Too much Midway."

He was particularly impressed with the Ford building, and the present, "Wings of a Century," terming the outstanding attractions next to the Florida exhibits.

During their stay in Chicago, the Meischs were guests of a visitor of H. J. Lehman of this city. Talks with friends of this family and other persons in Chicago led Mr. Meisch to believe that the residents of Michigan, Illinois and Indiana are somewhat concerned over the future and are somewhat disappointed over the New Deal. Chicago people also are wondering what will happen to business when the Fair closes, Mr. Meisch said.

Additional shut downs over all of the strike area was reported today by Union headquarters.

The greatest textile strike yet to inflict the nation gained rapid momentum last night but apparently failed to reach the goal set by labor—a 50 percent tie-up before midnight.

An Associated Press tabulation placed the number on strike during the afternoon at 109,200 out of 649,600 normally employed in the three main sections of the industry—cotton, silk and wool.

Francis J. Gorman, chairman of the union's strike committee, asserted the number was "easily 300,000" and declared the strike has exceeded our expectations."

## BLACK DRAUGHT For CONSTIPATION

"I am 77 years old and have used Black-Draught about forty years," writes Mr. W. J. Vanover, of Kansas, Mo. "We are never without it. I take it as a purgative when I am ill, and have used it in my head, Black-Draught relieves this, and helps me to sleep. . . . Keep a package of this old, reliable, pure, vegetable laxative in your home, and take it for prompt relief at the first sign of constipation."

## HURRICANE IS IN ATLANTIC EAST OF MIAMI

### Gray Says Storm Will Hit Further North If Present Direction Is Unaltered

MIAMI, Sept. 6.—(A.P.)—The position of the tropical storm mentioned in a Washington advisory is about 250 miles east of Miami, said Richard Gray, government meteorologist. "Ample reports have enabled us to locate its center very definitely. If it does not change its course, the lower east coast of Florida should receive nothing more than fresh winds," he said, adding that "Should the storm continue its present course it would strike considerably north of Miami."

WASHINGTON, Sept. 6.—(A.P.)—The Weather Bureau today issued the following storm warning: "Advisory at 10:30 o'clock a tropical disturbance was central about eight miles northwest of Nassau, moving between north and west northwest about six miles an hour with slowly increasing intensity and attended by shifting gales and probably winds of hurricane force over a small area near its center. The center will likely pass over Great Abaco Island tonight after midnight. Caution is advised vessels in the northern Bahamas."

## Morgenthau Scored For Deluding U. S. About Its Finances

NEW YORK, Sept. 6.—(A.P.)—Secretary of the Treasury Henry Morgenthau was charged last night with an attempt to delude the public on the question of government financial problems, by Arthur A. Ballantine, who served as under-secretary of the treasury in the Hoover administration. Ballantine specifically attacked a statement made by Morgenthau Aug. 29 regarding the government's gold "profit" from devaluation of the dollar. "It would have been much more helpful," Ballantine declared, "if Secretary Morgenthau's statement had been made in this spirit rather than with the apparent object of encouraging a belief that huge increases in government debt give no cause for concern."

## Miami Seeks Okey Of Refunding Issue

TALLAHASSEE, Sept. 6.—(A.P.)—The City of Miami Tuesday asked the Supreme Court to affirm a Dade county lower court decision, validating \$29,891,000 worth of refunding bonds, which the city said would refund its total bonded indebtedness. The Dade court ruling was appealed in Supreme Court by State Attorney Vernon Hawtherne, but the state was not represented in court yesterday.

## POLICE COURT

Four local residents, one of them white, were handed \$5 suspended fines when they were arraigned in Police Court Tuesday on charges of violating the City's sanitary ordinances in regard to the disposal of trash. They were: James A. Williams, Sanford Avenue white merchant; W. E. Walker, Bonnie Smith, and Robert Burns. Other cases tried by Judge Williams, and their disposition, are as follows: Gordon Mix, white, dismissed of a wrongful driving charge although the Court reserved the right to reopen the case at a later date. Willie Lee Bolding, fined \$50 for disorderly conduct. Joe Martin, sentenced to 10 days in jail for larceny. Elba Mae Miles, fined \$10 for assault. John Rodgers, fined \$15 and Major Wheeler, fined \$10 for being operators of a disorderly house. George Foster, fined \$5 for reckless driving and dismissed of a disorderly conduct charge.

## Hearst, Discussing Sinclair, Says Americans Will Follow Whistle Of Any Pied Piper

NEW YORK, Sept. 6.—In a special dispatch from Had Nauheim, Germany, the New York Times tells of an interview its correspondent had with William Randolph Hearst, American publisher, who has his home and large interests in California. The subject was the nomination of Upton Sinclair for governor of the state by the Democratic Party. Mr. Hearst was quoted as saying: "I think Mr. Upton Sinclair is a perfectly well-meaning man but a wholly impractical theorist. He is a speculator in politics, an inventor in economics and an adventurer in sociology. He is a dreamer rather than a thinker. He is an unbalanced reformer whose remedies, like his writings, are pure fiction. Still he is typical of the attitude of Americans to day and he stands a very fair chance of being elected. Personally I am not disturbed about the situation. If children are determined to play with fire, perhaps the best thing is to allow them to get their fingers good and well burned. They will remember that lesson. If Americans want to play

with Communism, Socialism, Bolshevism and other fanciful experiments and discredited failures, if they are anxious to follow the lot of the patched and Pied Pipers of politics to their own undoing, I say let them do it. It's their funeral. At least, when they have counted the costs we may be sure that they will not want to repeat the experiment. "Americans used to be considered sound, sensible, clear-headed and practical people, but nowadays, like a lot of thoughtless children, they are following Pied Pipers in federal politics. Pied Pipers in local politics, Pied Pipers in education, Pied Pipers in religion and Pied Pipers in economics and tramping after every irresponsible adventurer with a penny whistle to play and a seductive song to sing. "And the worst of the situation is that they are following these fantastic figures in exactly the opposite direction to which they should go if they want to extricate themselves from their difficulties. "To be sure, the Pied Pipers are playing pleasing tunes and singing alluring melodies full of fine and vain promises after the manner of (Continued On Page Four)

## CITRUS GROWERS, SHIPPERS AGREE ON PRO-RATION

WASHINGTON, Sept. 6.—(A.P.)—Representatives of Florida citrus fruit growers and shippers were understood yesterday to have reached accord on the method of prorating shipments under a proposed new Marketing Agreement, but a sharp difference of opinion was said to have developed over the manner of choosing the Control Committee to administer the pact. The shippers, it was understood, favored selection of the committee under the method set up in the old agreement cancelled Aug. 11 by Secretary Wallace. They claimed the proposed method of naming the members shifted the favored selection of the committee under the method set up in the old agreement cancelled Aug. 11 by Secretary Wallace. They claimed the proposed method of naming the members shifted the

## BAPTIST CHURCH DEBT REDUCED BY OVER \$13,000

Debt of the First Baptist Church of this city was reduced by \$13,890 plus interest during the five year period ending Aug. 31, 1933, it was revealed at the annual business meeting of the congregation, held at the Church last night together with the election of officers for the fiscal year which begins Oct. 1. On Aug. 31, 1929, it was reported by Church Treasurer B. C. (Continued On Page 3)

## Jaycees' Head Asks For Enforcement Of City Traffic Laws

Appealing for the co-operation of the motoring public, George Thurston, acting president of the Sanford Junior Chamber of Commerce today urged all merchants and professional persons to park their automobiles on side streets during business hours, rather than in front of downtown stores. Further, he made a special appeal to Saturday night shoppers that they discontinue double parking practices which have caused so much confusion and trouble for the police. His appeal follows decision of the organization to assist local police in enforcing present traffic laws against double-parking and more than one hour parking in the business district. Suggestion is made that persons avail themselves of the large parking lots near the Court House, all of which are within easy walking distances of any downtown office, and most of which provide shade from the sun and rain which can play havoc with auto tops and tires, not to mention paint jobs and upholstery.

## Seminole County Maintained High Rank In Matter Of 1933 Tax Collections

Seminole County stood third in the State of Florida in the percentage of taxes collected for the fiscal year ending June 30, 1933, the last year for which state records have been compiled, according to a report from the State Comptroller officer received at the Seminole County Chamber of Commerce office today. The highest percentage of taxes collected in Florida during 1933 was in Volusia county where 72.59 percent of the tax roll was collected. The second highest percentage

was 63.34 percent collected in Duval county. Seminole County's collection for that year was 62.13 percent. This county has been among the high five for the past eight years, the report reveals, and trade body officials say in comment that "This is an excellent commentary on the tax collection machinery of the county as handled through the office of Jno. D. Jinkins; the attitude of the people of the county toward the budget as prepared by the Board of County Commissioners, and the ability of our people to pay their taxes."

## ADOLF SAYS HE NOW IS SATISFIED

### All Hopes Of National Socialist Revolt Held By Hitler As Being Fulfilled

NURNBERG, Germany, Sept. 6.—(A.P.)—Adolf Hitler, Dictator of Germany, declared yesterday: "The National Socialist revolution is ended. It has fulfilled all its hopes." This declaration he made at the annual convention of the Nazi Party—the party which he founded and which placed him in the supreme power of the Nation. The regimented delegates cheered and waved flags in honor of their leader as he proclaimed that nowhere else in the world could be found a political demonstration so completely expressing the dominant will and power of a nation. Hitler spoke to the assemblage through Robert Wagner, the Nazi district leader for Baden, who read his Fuehrer's proclamation to the throng. Her Fuehrer said that revolutions which took on a permanent character resulted in anarchy and chaos and merely served the purposes of greedy politicians, and that an evolution had to come to bring about better conditions. "For this purpose," he said, "the Nazi leadership possesses all the power. Who dares deny that the National Socialist movement is the absolute power in the land?" Now, with the revolution ended, he declared there was no better fitted body than the present Nazi party leadership for building up the state of the nation. "The leadership," he declared, "knows what it wants and gets what it wants." "It is entitled to that claim," he said, "because it carries a vindication which is but rarely recorded by history." The German leader said the German way of life was fixed for the next 1000 years during which time (Continued On Page 3)

## Boy Held For Locking Sisters In Ice Box

SACRAMENTO, Cal., Sept. 6.—(A.P.)—Sixteen-year-old Cervino Paiva, who authorities said, criminally attacked his two young sisters and locked them in an ice box to die of suffocation, faced murder charges today. The youth confessed yesterday, District Attorney Neil McAllister said. He was quoted by McAllister as saying that he locked his six and seven-year-old sisters in an ice box knowing they would die because they did not wash dishes to suit him. Two murder and incest complaints will be sworn out with a request that the youth be turned over to Juvenile Court for punishment. Cervino confessed, authorities said, after his brother, James, nurse, broke down and admitted he had seen the girls shut in the ice box. "Cervino said he was going to kill them," James said. "Then my biggest sister said don't hurt me and then he closed the door and we went to the back fields. When we came back they were dead."

## Dawson To Handle All Needed Crop Loans

County Agent C. R. Dawson is the new local representative for the Emergency Crop Loan Association. His appointment was made here this week by H. Deal, of Orlando, director of the Association for Florida, and, effective yesterday, all applications should be made direct to him. Miss Charlotte Smith, City Hall employee, has been handling applications for the past several weeks, but her own duties have been decided so rapidly that it was decided, at her suggestion, that for the sake of expediency, the applications should be made with Mr. Dawson who had been given authority of final approval on all applications. Mr. Dawson announced today that experience of recent weeks indicates that it is impossible to secure cash within 10 days after a loan is approved. "The time may be considered indefinite," he said.

## NEW DEALERS JOIN IN REPLY TO HOOVER

### New Liberty Aimed At Increasing Freedom Of Working People, Claims Richberg

WASHINGTON, Sept. 6.—(A.P.)—Donald Richberg, apparently answering "the issue of human liberty" raised by Herbert Hoover last night said "The new liberty of the New Deal is an increased freedom for the men and women who do the hard work of the world." This statement, made in a radio address, was but one of many drawn from new dealers in the capital yesterday in answer to the criticism by the former president. Secretary Wallace, Chester Davis, the farm administrator, and Upton Sinclair, Democratic gubernatorial nominee in California, all joined the parade of counter criticism. The agriculture secretary told reporters he viewed Hoover's ideas of economic liberty as something akin to running through a traffic light with an automobile. "From what I have seen in the newspapers I assume he is for liberty," said Wallace. "However, he also infers apparently that we ought to have the kind of liberty in the economic world that is like having the liberty of running through the red lights in an automobile. "There is some difference of opinion on that." Sinclair, when asked by newsmen if he had heard Hoover's "challenge to liberty," replied: "I never read Mr. Hoover. I know how his mind works. I watched the working of his mind for four years, and there is nothing in it that interests me." Richberg, speaking in the name of the National Union of Manufacturers, said that the problem (unemployment) is not going to be solved by making political speeches denouncing monopolies and other evils or advocating a return to the wisdom of our forefathers. "There were only a few million people in the whole country in the days of Washington and Jefferson. They did not have 3,000,000 unemployed families to feed. "Furthermore, no one is trying to relieve unemployment or to feed the destitute by calling on the people to defend their ancient liberties."

## Mrs. MacNeill Sees Business Taking Upward Trend Soon

Declaring that "there will be an enormous influx of voters to our state this fall and winter, including especially those who have never been to Florida before," Mrs. Frank R. MacNeill, of the Yowell Co. stated today that business in Florida throughout the coming months is certainly destined for an upward trend. "The people with whom I came in contact, without an exception seemed intensely interested in Florida and continually pressed me with questions," she declared. Mrs. MacNeill returned recently from New York where she spent two weeks in the selection of new and attractive merchandise for the ladies' ready-to-wear department of The Yowell Co. Enthusiastic over the outlook this year for the best business year in many years, Mrs. MacNeill described her trip as "quite delightful, with ideal weather conditions during my entire stay in New York." When asked if there were any definite trends in fashions for women's wear for the coming fall and winter seasons, Mrs. MacNeill replied that "there is certainly a definite trend toward more feminine fashions. The styles are dressier this year than they have been in several years. A new and unique feature is the 'Cocktail Hour Dress,' which has proved, even at this early a date, that it is going to be one of the outstanding types of dresses for the year." There are many new shades to be found this year, she must be found in green, the most popular of which are Cariceo, a new brown, and Hackberry, a plum shade. Besides many woody greens there is, of course, the ever fashionable black," stated Mrs. MacNeill.

# 10 Men Dead, Scores Injured As Walkout Violence Increases

## Trion, Ga., Is Scene Of First Bloodshed Of Textile Strike As 2 Men Die In Wild Fight

ATLANTA, Sept. 6.—Two men were killed and a score wounded in violence that broke out in two Georgia towns yesterday as union strikers attempted to make more effective a general textile walkout call which had forced more than half the South's mill workers into idleness last night. Deputy Sheriff W. M. Hicks and J. V. Haylock, a union man, were killed in a gun battle between police and "outside" strike sympathizers at Trion, Ga. Fifteen others were wounded, one seriously. Harvey Burnette, also of Rome and listed as a strike sympathizer, was seriously wounded by gunshot. Others who suffered either from

gunshot or club hurts were: V. H. Allen, Clyde Chapman and Charles Carbin, all of Rome and Frank Campbell of Trion; V. H. Clyde, Mac Harris, Hamp Pierson, Bill Deal and C. L. Hall. The latter two were said to have been badly beaten by clubs. Pickets beat a policeman as workers left the Enterprise mill at Augusta, Ga., for the day and four of them were shot, one critically. Scattered disorders occurred in the Carolinas but no gun play was reported and none hurt seriously. The battle at Trion was a brief but bloody affair. The Trion mill was closed. ## 7 Killed At One Mill In South Carolina; Estimated 365,000 Workers Now Idle

By The Associated Press  
Ten men were dead today, and scores were injured as striking textile workers sought by picketing and "flying squadrons" to close mills still operating and prevent mill employes from reporting for work. Shot guns, dynamite, sanding barricades, clubs, and tear gas were used by one side or the other. Francis German, chairman of the general strike committee in Washington said the union would agree to arbitration only when all of the mills in the industry were closed. George Sloan, president of the Cotton Textile Institute said, "All other questions have been replaced by one paramount issue. Ten lives have been needlessly sacrificed in a conflict over the inalienable right to work." In New York, the general executive board of the International Ladies' Garment Workers Union voted a strike in the cotton garment industry which is expected to affect 20,000 workers immediately and from 125,000 to 175,000 workers eventually. While many mill workers and mill operators resisted efforts to force shutdowns with force, the number of mills continued to grow in all sections of the industry. An additional 3,000 were idle today bringing the total to 365,000. Violence is most widespread in the South. In South Carolina, seven were killed at one mill as Governor Blackwood reached an agreement with state textile leaders to poll all workers at the plants in a state of controversy to determine if they should shut down or operate unattended. Moving to bring speedy peace to the striking textile industry, President Roosevelt last night named a board of inquiry composed of Gov. John G. Winson of New Hampshire; William Smith of Atlanta, and Raymond V. Ingersoll of Kentucky. N. Y. The board, recommended by (Continued On Page Four)

## SCHOOL BOARD REFUSES OFFER OF ORANGE GROVE

### Longwood Bank Liquidator Tried To Wipe Out Claim Of \$3000

Refusal to accept orange grove property in settlement of a more than \$3000 claim against the Longwood State Bank marked yesterday's meeting of the second County Board of Public Instruction. Official record of the meeting says of this proposal that: "On motion, the Board declined to consider favorably any proposition whereby it would become the owner of any property." Inspection of school buses that are to be used on various routes during the coming term also occupied the attention of members of the Board, and as a result, all but two bus contractors were given clean bills. J. O. Andes, bus contractor, was requested to re-render his buses to give him more immediate supervision over his passengers. H. H. Hughes, court clerk residing at Altamonte Springs, was ordered to put his bus in better condition, paint it orange color with black lettering, close the rear door permanently, and remove the wire netting from around the bus. Board Attorney Fred K. Wilson (Continued on Page Two).

## Merriam Says Mooney Can't Attend Service

SAN FRANCISCO, Sept. 6.—(A.P.)—Acting Governor Merriam announced there was no legal way in which Thomas J. Mooney could be taken from San Quentin prison under guard to attend his mother's funeral here Saturday. The American civil liberties union had telegraphed Merriam from New York asking him to accord Mooney that privilege. Upton Sinclair, Democratic nominee for governor of California, had wired Prison Warden Holahan a similar request.

## Painters Who Quit City Hall Job Now Refuse To Work With Common Laborer

The crew of 16 FERA painters who walked off the City Hall redecoration job yesterday noon with the announced intention of striking for higher pay, went back to work yesterday afternoon but only to touch up the work they had done during the morning and not leave it "botched." This was announced late yesterday by one of the striking painters who said that nine of the 16 men had definitely decided that they cannot live on the small sum being paid them under the FERA escrow system, and that they would be better off without employment of this type. The other seven men will return to work tomorrow, it was stated, but only to do enough work to pay back various sums advanced to the workers in the form of food, clothing, or medical supplies. When they have worked out the number of hours which will enable them to pay back this sum, the seven will also quit work. An FERA official at the City Hall today stated that the fact that the men have "struck" for more pay will "probably not hold up work on the job." He said that the entire affair was based on a mis understanding, and that he had not been advised that some of the men would not return to work in (Continued On Page 2)

CITY NEWS BRIEFS

Local weather yesterday: High 77, low 73. Registration books now are open in all precincts in this county, it was announced this morning by Supervisor of Registration W. J. Thigpen, deputy supervisors in each town in the county are available at their homes or places of business, he said, and all persons who expect to vote in the general election on Nov. 7 are urged to register before Oct. 20, date the books close officially.

Waterfowl hunters may pay for the new \$1 government hunting stamps at the postoffice, K. J. Haly, acting postmaster, announced today. An amount of stamps for this county was received yesterday. Every hunter of migratory waterfowl who is 16 years of age or older, is required to have one of these stamps affixed to his hunting license. A fine not greater than \$500 or imprisonment for not more than six months is provided as penalty for violation. Persons calling at the postoffice will save time by bringing their hunting license with them. Floyd Wagner, of Chuluota, and E. D. Tyler, of Sanford, members of Chuluota and Sanford chapters of Future Farmers of America, (Continued On Page Two)

## Atlantans Shiver As Thermometer Hits 54

ATLANTA, Sept. 6.—(A.P.)—Atlantans shivered under the cold as Sept. 5 in 43 years as the mercury dropped to 54 degrees early yesterday. The thermometer came within one degree of equalling the record reading of the same day in 1891. George Minding, of the weather bureau, said it was colder in Atlanta today than in New York, Boston or Montreal. Canada Minding, who attributed the unusual weather to winds from the Northwest, said it would be warmer tonight.

## GOP Group Claims Douglas' Action Bears Significance

WASHINGTON, Sept. 6.—(A.P.)—The Republican National Congressional Committee yesterday surveyed the past week and found "particularly significant" the resignation of Lewis W. Douglas as Budget Director. Douglas, it said, was "an exponent of sound currency and sane financing" and had been "in the important position of attempting to balance the budget in spite of New Deal extravagance." Alluding to the ordered textile strike as "another conflicting element in the Administration story of severity and recovery throughout the land," the committee said Donald E. Richberg's outlook on unemployment was "complacent." It cited as not in harmony with the Richberg statement "William Green's grave report from the American Federation of Labor that half a million more have been added to the ranks of the jobless in the past two months."
