

Seminole Coaches Shaping Up Own Hurricanes On SHS Football Field

Bill Fleming, head coach of the Seminoles at the local high school, and his energetic assistants Dave Laude, Bud Layer and Dick Silvers are fitting their plans right into the hurricane season by shaping up a minor hurricane of their own for this week on the football field.

Last week there was plenty of contact work by the gridmen as the coaches hustled the lads through the paces, but it still is tame compared to what is in store for the gridiron gladiators for the next five days.

By Friday the mentors feel that they will be separating "the men from the boys" and will begin lining up a potential eleven to start against Cocoa Sept. 21 when the Seminoles test for the first time how well they have learned what they have been told.

Dave Laude has been playing checkers, moving them in, out and over with his line-men trying to hit on a combination that can open holes on offense and plug them up on defense. The wrinkles in his knitted brow quickly indicate that so far he has been disappointed. But Dave isn't the type that gets discouraged and will tell you quickly that with the increase in spirit on the squad, he'll soon have some Braves who can do some scalping.

"The end is everything! Notice I said IS, not OF," remarked Bud Layer as he mumbled in his beard about the lack of experience at the flank positions. "Give me four men with weight enough, with drive enough to turn opposite runners inside, and with tacky fingers and deception to gobble in some passes and we'll go, go, go." Dick Silvers grabbed Bud's shoulder and shook it, commenting, "Wake up Son, you're dreaming. Those ends up the scales at an average of 155 with two wet towels in their hands."

"Okay. So I'll look for tacky fingers and

TODAY'S BIBLE VERSE

As the Heart pantseth after the water brooks, so pantseth my soul after thee, O God. My soul thirsteth for God, for the living God. Psalm 42:1, 2.
 A casual interest is about all the average person shows toward the Infinite. It is only when we are hedged about by seas of trouble that a burning thirst appears. Too many of us are satisfied to thank God we are not as other men.

drive!" said the diminutive Layer.

In response to a question as to what he wanted most Bill Fleming said "Time. All kinds of time. More time before the first game. More time in each practice day. Timing on our offense deployment. It seems that I'm living by the clock and yet I'm almost afraid to look at one."

Right now, according to the head coach, he and his assistants have not settled on anyone, with the possible exception of Brantley Schirard at center, as a starter for the opener with Cocoa. The lack of experience on the squad compels them to keep looking for players who like the game, like to mix it up and who can grasp quickly the myriad of instructions that are being shoved at them day by day.

When the coaches were asked who would do the kicking for the Seminoles, there was a concerted groan. It was an important phase of the game, they chorused, and they weren't ignoring it, but developing a "toe guy" was something that was another thing that would have to take its turn in the problems that face the mentors who right now are trying to field eleven men who can beat Cocoa.

As the crying towels were being wrung out, these fellows were asked if in the face of all this gloom they would be ready for the opener. "Don't sell these Seminoles short," they said. "They may have less experience than any other club in the circuit, but none of them will have more scrap than these boys. And by that time, if they keep working at it like they have been, they all know enough football to win."

And so, the coaches say, if you want to see a hurricane of activity, visit the practice field at Seminole high school this week.

And it also adds up to this: right now is a wonderful time to join with the Seminole Chiefs Club in their effort to support the local high school and its athletic programs.

Magic Words

This is the season of "back to school." The phrase itself is repeated endlessly. It is associated not only with the physical return to classrooms but with the purchase of school supplies and clothing, until it becomes little more than a catch phrase.

It is one full of meaning, however, for all the idle repetition it gets. Its meaning is the profoundly significant fact that at this time of the year millions of children and young people pour into the schools to resume their formal training for life in a free society.

This training is, in truth, a part of the very essence of that society. For though our education system has many faults and shortcomings, it constitutes our strongest bulwark against darkness and tyranny.

In the world beyond these shores, hundreds of millions of children lack the opportunity to learn and obtain the tools of understanding. There is a profound tragedy.

Our system of free public education forestalls such a tragedy in the United States. "Back to school" are magic words.

Governors Debating Mutual Issues

By BEN PRICE

Associated Press News Analyst

WASHINGTON (AP) —

The governors of 15 Southern and border states are now gathered at a fancy spa at White Sulphur Springs, W. Va., to discuss mutual problems.

Curiously, the pattern of strife and violence in the South over school integration and civil rights for Negroes does not have a place on the official agenda, although it came up for discussion.

In the past year or so there have been shootings, cross burnings, boycotts, assorted mob actions and near race riots.

Crosses have been burned, apparently for the purpose of intimidation, in more than 50 places scattered from Jacksonville, Fla., to Bonham, Tex., and Charlottesville, Va.

The furiously placed anti-Negro symbols have been first before the residence of Speaker of the House Sam Rayburn D. Tex. Chief Justice Earl Warren and Justice Felix Frankfurter of the Supreme Court.

At a Ku Klux Klan rally in Jacksonville, Fla., a head-veiled speaker denounced the U.S. Supreme Court, Catholics, Jews and Negroes equally as seekers after school integration.

Through the South, White Citizens Councils, Ku Klux Klan klaverns and other variously named anti-Negro groups have sprung up.

Mobs have sought to prevent school integration in compliance with federal court orders at Tus-

caloosa, Ala.; Madoaks, W. Va.; Clinton, Tenn.; Dover, Del.; Texarkana and Mansfield, Tex.; Sturgis and Clay, Ky.

Negroes in search of equal rights have organized bus boycotts in Montgomery, Ala., and Tallahassee, Fla.

Negroes also organized economic boycotts in Orangeburg, S.C., and Jackson, Tenn., against business firms heads who took an active pro-segregation stand.

In Belson, Miss., the Rev. George Wesley Lee, an advocate of voting by Negroes, was mysteriously murdered. Gus Courts, a similar advocate, was shot by a group of white men in a separate unexplained incident.

The homes of two boycott leaders in Montgomery were rocked by bomb explosions.

In Trenton, Tenn., 200 Negroes nearly rioted after a white policeman shot one of their race in an arrest attempt.

Three white men were arrested in Knoxville, Tenn., for firing a shotgun into a Negro home where two boys, who had swiped a baseball from a white team on a nearby diamond, had taken refuge. A crowd of 2,000 white and Negro, armed with clubs, rocks and sticks nearly clashed in the aftermath.

Two attempts were made at Sorrento, Fla., to burn the home of Allen Platt, who said he was Cherokee Indian and Irish. His children were admitted by court order to a white school.

A Florence, S.C., newspaper editor abandoned his job after his

paper was boycotted because of his efforts to preach moderation.

The home of another editor, Mrs. Mabel Reese Norris, was twice bombed at Tavares, Fla.

Fifteen Negro students and five faculty members at the South Carolina State College for Negroes were told not to return this year because they were supporters of the Orangeburg economic boycott.

There are other incidents in the pattern, but as far as the agenda of the governors' conference is concerned it doesn't exist.

FLORIDA WELL PREPARED TO WITHSTAND HURRICANE TAMPA (AP) — Florida is better prepared to withstand a hurricane than ever before, a state Civil Defense official reported yesterday.

Nevertheless "We want to take this week of training to emphasize the continuing dangers of both nature and attacks from an enemy of our country," said Fred W. DeMotte, assistant director of the Florida Civil Defense program.

About 75 leaders in the state program are attending a week-long course in civil defense problems.

Too Late To Classify

By RUSSELL KAY

With the reopening of school it might be a good time to reflect a little on the broad subject of "education." While the fundamentals of a so-called good education are gained in schools, there is a lot more to it than reading, writing and arithmetic.

You and I want our children to grow up to be good citizens. We want them to be able to compete and make a living for themselves and their families. Schooling can help, but it can't do the whole job.

Somewhere along the line we have lost sight of the more important things in life and content ourselves with the thought that our children are getting a better education than we had. We assume that when we have seen our children off to school, we have completed our job.

Most of the things that are important to a successful, happy life are not taught in our schools. A child may be a good scholar, get high marks in every subject and still graduate with little or no knowledge that will enable him to find either success or happiness.

To meet life's problems, a boy or girl must have stability. They must be able to think clearly and judge justly. They should be taught to respect the rights and property of others, learn the importance of honesty and integrity. They should become familiar with the value of money and learn to use it intelligently. They should learn to acquire patience, control their emotions, appreciate their blessings and understand the importance of sharing them with those less fortunate.

A big order, you say, a job for the Church. Maybe so, but the Church can do little more than our schools without the help of parents. Nine-tenths of our present-day juvenile delinquency is chargeable to parents and the woeful lack of ability to cope with the problem of property bringing up their children.

Unfortunately, many parents, in their own selfishness, pass the

responsibility to the school and the Church.

While these agencies do their best, they are handicapped when parents lend no assistance and set examples that are contrary to every rule of good living.

The amazing thing is that in spite of the attitude of parents today our teenagers do as well as they do. There is nothing radically wrong with the youth of today but the lack of intelligent, constructive guidance.

Don't take my word for it. Ask any Juvenile Court Judge, ask any experienced welfare worker. They deal in headaches, and experience has taught them to learn the cause. They do not enjoy dealing with a wayward youngster but know that without parental help they can do little.

What hope is there for the future of a boy or girl whose dad brags about a sharp deal, or running a stop light, or whose mother sneers at the neighbors and low-rates them because they are less fortunate. Such examples are common, but they do not go unnoticed by children, and it becomes smart in the young mind to fool the "loopy cop," cheat the corner merchant, bully the neighbor's youngster.

If grown-ups take the attitude that "Love Your Neighbor" is for the birds, "Do Unto Others" is baloney and too a life pattern of selfishness, arrogance and greed for the guidance of their offspring, they should not be too unhappy or too surprised when the waters are returned to them in kind.

Our youth needs education today as never before, not just in school or in Church but in the home, and much unhappiness for both parents and children could be avoided if more of us could un-

Columnist To Stay Suburbophobe

By HAL BOYLE

NEW YORK (AP) — Reflections of a Pavement Plato:

Early in life I was frightened by a suburb, and I can't quite get over it.

"You ought to conquer this childish fear and buy you a place in the suburbs," my friends tell me. "Man, then you'll really start living."

Now and then, when wearied momentarily of the city, I do consider taking such a step. But always at the last moment something stops me. I don't know what it could be — unless it's common sense.

But this time it was a sociologist who came to my rescue, just when I was about to join my old friend, Ronald Halfacre, and buy a shiny new house in a new development called Miasma Heights.

The sociologist was Dr. Ernest R. Mower, of Northwestern University, who has just completed a clinical study of suburban living. To be sure, his survey destroyed several myths about the joys of dwelling in the suburbs. One of the myths is how neigh-

borly everybody is. That may be true at the start, when the suburb is new and everyone has the same problems — how to fight crabgrass, how to pay for the new school, and how to keep the cellar from flooding.

But Dr. Mower found that as suburbs age they get social hardening of the arteries. They break up into cliques and groups, and neighbors mean no more to you than they do in the big city — except they can get in your hair more.

You can't call the landlord and make them behave as you can when you are an apartment dweller in town. You either have to put up with them or call the cops, and if you do that you have a Hatfields vs. McCoys situation.

Children deserve the best break you can give them in life, of course, but in the suburbs papa is often a worker bee who lets his kids become drones.

"There is little doubt," observed Dr. Mower, commenting on this, "that parents indulge and pamper their children as never before."

He found the typical suburban

family has 2.5 members. Presumably this consists of a mother, two children and 8-10ths of a man, the father.

But it was the strange husband and wife relationship that startled me most.

"The two roles which most eloquently characterize suburban life of adults," wrote Dr. Mower, "are the role of chauffeur, which the suburban wife plays, and that of the handyman, which the husband plays."

And the two get all mixed up. Papa finds himself doing all kinds of household duties which have traditionally been regarded as feminine; Mom often performs such masculine chores as shoveling snow off the sidewalk.

After thinking it all over, I've decided to remain a suburbophobe — a man with a real fear of dwelling in the outer spaces.

Thanks to Dr. Mower, I know now my fears are not phantasms but based on solid fact.

Let Ronald Halfacre and all his kind make their long, voyage home by the railroad timetable, if they choose.

I'll stick to the city, where a man's a man, a woman's a woman — and the good old grocery store is just across the street.

What is a suburbanite anyway except a fellow who lacks the courage to become a real hermit and the strength of character to put up with the happy pitfalls of city living?

It will be recalled that Socrates, the wisest human who ever lived, never frittered away his years digging up poison ivy in a suburb. He took his hecklock in the city like a man.

YOU'RE TELLING ME!

By MOYTT KING

Central Press Writer

DR. EARL T. CARTER, Ohio State aviation medicine brain, says man's first space flight will be in 20 years. That's when man will get away from it ALL.

Dr. Carter spent six years studying human breathing under abnormal conditions. He should've been given normal conditions.

"Man was not created for space travel," says Dr. Carter, and there may be something in that. You can't expect a man to find a planet thousands of millions of miles away if he can't even find the right-hand side of the highway.

"The human cannot live without his natural environment," Dr. Carter says. Well, the way the human's got his environment now, he may not live long with it, either.

A German rocket expert says our first trip to the moon will not come till about the year 2000. Measchle, we can keep on looking and dreaming in its light, can't we?

Fancy taking a rocket to the moon and meeting an old friend. "Well, well, it's a small galaxy."

Interplanetary traffic accidents will be a problem. No witnesses.

Try and Stop Me

By BENNETT CERF

UNNALLY JOHNSON caught George Jessel in a rare mood

of despondency on a grey day in Hollywood. Then Jessel was told he was wanted on the phone. "Cheer up," counseled Louis B. Mayer offering you a fortune to produce a new picture for him.

"Not only will it not be Louis B.," predicted Georgie darkly, "but I will rip the pocket of my new coat coming out of the phone booth."

The reason that blonde bombshell walked out on her partner at a swanky nightclub is that after trying one on, he pushed her toward the bartender, and ordered casually, "Fill her up."

"WORRY, WORRY. THAT IS THE EVIL OF LIFE"

(Author's name below)

One foolish way to worry is to think you have some sickness, and then to do nothing about it. Some people are afraid to go to a physician because they are afraid he might tell them they have the trouble they are worrying about.

Believe your mind quickly. Visit your physician immediately if you think something is wrong. Don't try to treat yourself. Get his expert advice, and the odds are that not only are your worries unnecessary, but under his skilled treatment you will get better quickly if you really have something wrong with you.

Social Events

between you 'n me

By PAT WOOD

At all the gatherings of teenagers recently, there has been a nostalgic touch, as they have been made aware that their days together are numbered with so many of them going away in search of more education. The conversation among the girls who met at Jim Spencer's for dinner the other evening was typical of all girls going away to school for the first time. It consisted mostly of talk of sororities and parties, with the words "Gosh, I'm

scared" appearing quite frequently. By this time next year, those who are entering college reluctantly now will be as blasé as Miss Sally Chase, who will be leaving Thursday for Chatham Hall where she begins her sophomore year.

After writing a fashion column the other day, in which I advised all you gals that torso dresses were definitely out for this season, I'll bet you just could never guess what I did Friday. That's right, I sure did. But it was so adorable I just couldn't resist. It's in black corduroy with just a tiny print of a tangerine color. And the white band around the neck and sleeves are detachable for easy laundering.

For you garden enthusiasts here are a few reminders of chores to be attended to during the month of September. Now is the time to set in new trees and shrubs, and of course you know that these require plenty of good soil and water. Spray your roses for a second blooming period and rearrange, divide and transplant early-blooming perennials.

On the new arrivals list are . . . Mr. and Mrs. Ray C. Winfree, 1808 Washington Ave., who hail from Greensboro, N. C. They have a girl seven and a half and boys six and four. Mr. Winfree is used car manager for Strickland Morrison. . . Mr. and Mrs. C. E. Johnson, of Humboldt, Tenn., now make their home at 403 Colonial Way. They have one child, a girl, ten. . . Mrs. Chloé Butts, a widow, makes her home at 818 Escambia Drive with her two boys, aged seven and five. . .

Reception Honors Episcopal Priest And His Family

The members of Holy Cross Episcopal Church honored the Rev. H. Lyttleton Zimmerman and his family Thursday with a reception held in the Parish House of the church. The guests were met at the door by the Junior Warden and his wife, Mr. and Mrs. Raymond Lundquist, after which they shook hands with the members of the receiving line, who were Mrs. S. O. Chase Jr. the Rev. H. L. Zimmerman, Mrs. H. L. Zimmerman, Mrs. William Zimmerman, Senior Warden, Gordon Bradley and Mrs. Gordon Bradley.

An Autumn Theme was carried out in the decorations, which were in the charge of Mrs. Irwin Flescher. Bouquets of yellow and orange chrysanthemums were used with candles throughout the parish house, giving it the atmosphere of a beautiful and gracious home. The two tea tables were overlaid with linen cloths and centered with very attractive arrangements of yellow and orange chrysanthemums, which were the creations of Mrs. John Galloway and Mrs. W. E. Kirchoff. Candles were also used effectively on the tables.

Those serving were the members of the altar Guild who are Mrs. Joe Saunders, chairman, Mrs. Harry McLaulin, Mrs. W. E. Kirchoff, Mrs. B. F. Perkins, Mrs. Mildred Babcock, and Mrs. B. F. Whitner Jr. They were assisted by the girls of the Y.P.S.E. of the church.

Other hostesses were the members of the Board of the Women's Auxiliary.

Sanford Women To Attend Clinic In Vero Beach

Mrs. Lorraine Graham, executive secretary of the Seminole County Tuberculosis and Health Association, Mrs. W. W. Tyre and Mrs. Vincent Butler will attend the Christmas Seal Sale Clinic which will be held Wednesday, Sept. 13, at the Royal Park Inn in Vero Beach. The office of the Tuberculosis and Health Association will be closed on that date.

When you are preparing to lattice-top pie, be sure to fold the bottom crust up over the pastry strips for a neat finish.

WANT ADS QUICK EASY LOW COST

SHOWN ABOVE at the open house and tea held Sunday at the All Saints Episcopal Church in Enterprise are: seated in front, Henry Eberling; Front Row, L. to R. Mrs. Carl A. Smarling, Mrs. J. E. Egleston, Mrs. D. J. Barker, Mrs. Lee Heston, Mrs. Z. L. Willgroose, Mrs. Wallace Gabler, and Mrs. M. Van Brackle, Back Row, L. to R. Mrs. Laura Platt Brown, Miss Katherine Litch, Mrs. Leon Wright, Mrs. R. L. Cox, Mrs. Marion Roberts, Edward H. Alling, Mrs. B. Alling, Mrs. E. B. French, Mrs. W. A. Canaday, Mrs. Henry Wood, Mrs. S. E. Wilks, Mrs. M. F. McDermott, and Mrs. L. F. St. Amand.

Personals Never Ignore Stomach Ache, It May Signify Appendicitis

Miss Colleen Engebretson left Friday for the University of Florida where she will serve as a member of the Orientation Committee to welcome new students to the campus. Colleen recently returned from the summer session at Black Hill Teachers College in Spearfish, S. D.

Dr. A. W. Epps Sr., Dr. A. W. Epps Jr., Dr. Bill Epps and Dr. L. D. Brown attended over the weekend the Central Florida Dental Convention at the Braham Club in Ocala.

Friends of Mrs. A. G. McInnis will be pleased to learn that she is now able to get out after her recent illness.

Mrs. Beale Harvey left Saturday for a visit to Miami. Ralph D. Woodruff, grandson of Mrs. P. L. Woodruff Sr., left Sunday for his home in English town, N. J., after spending the past month with his grandmother.

Friends of Mrs. Beula Thornton will be happy to learn that she is now back home after undergoing observation at the hospital.

Mr. and Mrs. W. H. Dopson, of Sylvania, Ga. were in town over the weekend visiting Mr. and Mrs. Henry Tamm Jr., Mrs. Robert Washburn and Henry Tamm Sr. Mrs. Dopson is sister to Henry Tamm Sr.

Mr. and Mrs. Irving Pryor have as their guests, Mrs. Pryor's aunt, Mrs. Karl J. Stahre Sr. and Mrs. Stahre of Delmar, Del., where Mr. Stahre is local manager for a telephone company.

W.S.C.S. To Hold Seminar Sept. 19

Mrs. E. U. Hutchinson, district secretary of missionary education will preside over the Educational Seminar of the Orlando District of the Woman's Society of Christian Service to be held in First Methodist Church on Park Ave., Wednesday Sept. 19, from 9:30 a. m. through 3 p. m.

The Rev. Milton H. Wyatt, will give an introduction of the Church Wide Study.

"O Come Let Us Adore Him," is the theme of the seminar. A presentation of the approved studies will be given by the following officers:

Mrs. Howard Anderson, district treasurer, will review the book "Missions, U.S.A."; Mrs. Robert Hays, wife of the associate pastor of the Community Methodist Church, Daytona, will present "Youth in a Responsible Society"; Mrs. E. M. Hillier district treasurer, will give "The Church in Southeast Asia"; and Miss Louise Sipple, district spiritual life secretary will present "Paul's Letters to Local Churches." Miss Sipple will also give the closing worship service.

Mrs. Hutchinson has requested that each one go to the study class they are selected as soon as they arrive.

All who plan to attend bring sandwiches, and a cold drink will be furnished.

A nursery will be provided for those desiring to use it.

Heat crushed pineapple with fresh mint leaves, then cool. Serve as a sauce for vanilla ice cream.

Wednesday Study Will Be Resumed Says Rev. Wyatt

The Rev. Mr. M. H. Wyatt, pastor of the First Methodist Church, on Park Ave. has announced that the Wednesday evening program would resume this month at the church.

On the first Wednesday of each month there will be a Family Night supper and a fellowship program, at 7:30 on each of the remaining three Wednesdays of the month, there will be a Bible Study course, led by the Rev. Mr. Wyatt.

The Rev. Mr. Wyatt also revealed that ten beautiful stained glass windows are being installed this week in the Sanctuary of the church, to complete the installation of all new windows in the Sanctuary.

Constitution Week To Be Observed By D.A.R., Sept. 17

The Salls Harrison Chapter of the National Society, Daughters of the American Revolution, will begin their observance of Constitution Week with a meeting aboard the Roumillat's boat "Skylark" on the first day, Monday Sept. 17.

The speakers will be Chaplain Arnold of RNAS and hostesses will be Mrs. F. E. Roumillat, Miss Irene Hinton and Mrs. A. R. Kay. Members are requested to meet at the Boat Works at Ocean Bridge at 3 p. m.

Constitution Week was observed for the first time in 1955. It was inaugurated by Mrs. Gertrude Caraway, President General of the National Society, Daughters of the American Revolution and proclaimed by President Eisenhower. The Sanford Herald will carry many newspaper through the matter.

Often times a child will have vague pains in the abdomen off and on for months before he has an acute attack. Seldom is there much fever in true appendicitis. The temperature usually runs between 99 and 101. A high fever suggests something is the matter.

A child with appendicitis may vomit once, but he doesn't continue to vomit and vomit. His bowels are usually normal. Diarrhea will sometimes cause pain in the abdomen, but very seldom is diarrhea present when a child has appendicitis.

The pain of appendicitis usually begins in the middle of the abdomen and then finally settles on the right side. Sometimes it's a vague dull ache, but more often it is a sharp stabbing pain.

If you suspect that your child may have appendicitis it's always safe to give him a small enema, but never, never give a cathartic when there is pain in the abdomen. If the pain doesn't disappear after the enema, get in touch with your doctor right away. He can tell by feeling the abdomen whether or not the appendix is inflamed. He will probably want to take a blood count. The information he gets helps him decide about the appendix.

If the doctor decides that the

appendix is inflamed, he will recommend that it be removed. These days an operation for the removal of an appendix is a simple procedure.

It is never safe to leave an infected appendix in the abdomen, because the next time it flares up it may rupture quickly. These days a child even with a ruptured appendix usually recovers but he will be much sicker than if his appendix had been removed before it ruptured.

Calendar

TUESDAY
The Gleaners Class of the First Baptist Church will hold its regular monthly meeting at 8 p. m. in the home of Mrs. J. E. Hemmerle, 2414 DeCottis St., with Mrs. R. T. Hunt serving as co-hostess.

The Pioneer Fellowship and Recreation will meet at the First Presbyterian Church at 7:30 p. m.

The Y.W.A.'s of the First Baptist Church will meet.

The DAV will hold its regular meeting at 8 p. m. at the DAV Hut, Junior High School. P.T.A. will meet at the school auditorium at 8:00 p. m.

The Phebe-Golden Circle of the First Baptist Church will hold its monthly meeting with Mrs. Walter Brooks at her new home, 820 Rosalia Drive, at 8 p. m. All members are urged to attend as this is the last meeting of the church year.

WEDNESDAY
The Girl Scouts will meet at the First Presbyterian Church at 3:30 p. m.

The Mid-Week Bible Hour will be conducted by Rev. A. G. McInnis, Pastor of the First Presbyterian Church, at 7:30 p. m.

The Chancel Choir will rehearse at First Presbyterian Church at 7:30 p. m.

The Elder Springs Baptist Circle will meet at 2:30 p. m.

The Training Union Executive Committee of the First Baptist Church will meet after Prayer Service, which is held at 7:30 p. m.

The Rev. H. L. Zimmerman will conduct the morning devotions over WTRR, Sanford, at 8:30 a. m. A Study Course will be held at the Episcopal Parish House from 9 a. m. to 2 p. m. Bring your own lunch and drinks will be provided.

THURSDAY
The Junior Choir will have

Happy Birthday
Sept. 11
Mrs. Ralph King
Mrs. Charles Gross
John R. Bass
Miss Laura Childtenden

SOFT TOUCH
ABERDEEN, Idaho (AP)—The honey loaves of the Southeastern Idaho desert are in for a soft touch as long as Chris and Mark Wride of Aberdeen are around.

The youngsters caught one near their home and fixed up a cage for it. They claim it's the only loaf in existence with a furnished home complete with electric lights.

nation had editorials and news items concerning it. It behooves all true Americans to observe Constitution Week Sept. 17-23 again this year.

are bugs eating you out of plants and blooms?

Look at your leaves for danger signs

These apply ISOTOX Garden Spray, containing Lindane, Malathion and DDT. This time saving spray controls nearly all varieties of destructive garden insects!

Hardened beds . . . distorted leaves? Check for Aphids. ISOTOX controls aphids.

Chewed-up leaves are slow to ripen. Spray with ISOTOX when beetles first appear.

Stretched leaves and blights often caused by Fleas. ISOTOX checks blights.

Silvered leaves usually mean Red Spider Mites. ISOTOX kills them. Spray 10 times 10' on.

Stuffed leaves on shrubs, bushes, etc., mean Green Aphid. Spray with ISOTOX when buds first appear.

Distorted leaf tips may mean Caterpillar damage. ISOTOX kills them. Spray 10 times 10' on.

On all ornamentals, read directions and observe before use.

are bugs eating you out of plants and blooms?

Look at your leaves for danger signs

These apply ISOTOX Garden Spray, containing Lindane, Malathion and DDT. This time saving spray controls nearly all varieties of destructive garden insects!

Hardened beds . . . distorted leaves? Check for Aphids. ISOTOX controls aphids.

Chewed-up leaves are slow to ripen. Spray with ISOTOX when beetles first appear.

Stretched leaves and blights often caused by Fleas. ISOTOX checks blights.

Silvered leaves usually mean Red Spider Mites. ISOTOX kills them. Spray 10 times 10' on.

Stuffed leaves on shrubs, bushes, etc., mean Green Aphid. Spray with ISOTOX when buds first appear.

Distorted leaf tips may mean Caterpillar damage. ISOTOX kills them. Spray 10 times 10' on.

On all ornamentals, read directions and observe before use.

Grimm Confident 'My Boys' Will Win NL Pennant

By JOE REICHLER

NEW YORK (AP)—Charlie Grimm who relinquished the Milwaukee managerial reins to Fred Haney in the middle of the season, expressed confidence today that "my boys" will win the National League pennant but added he did not expect the race to be decided until the final week of the campaign.

"I said back in spring training the Braves would win the pennant for me," Grimm told The Associated Press in a telephone interview from his home in Robertsville, Mo. "Nothing has happened since to cause me to change my mind. In fact, even when we weren't doing too well early in the year I still thought we'd win. The fellows gave me everything they had and I knew they would strengthen themselves out in time."

Grimm has been taking a vacation from baseball ever since he resigned June 16, but he said his interest in the game has not waned.

"Baseball is my life," he said. "I want to be back and I expect to be back."

Charlie declined to discuss reports he would rejoin the Chicago Cubs organization, with which he has been affiliated for 20 years as a player, coach and manager before he succeeded Tommy Holmes as Braves' pilot in 1952. "Just say I definitely will be back next year, he said with a note of finality.

The 48-year-old Grimm said he was getting as much of a kick out of the Braves' fight for the flag as when he was with them. He expressed a great deal of interest in the impending two-game series between Milwaukee and Brooklyn.

"The pennant is not going to be won in the next two games although I admit they are important," he said. "There are too many games left to play. I think the race will go right down to the wire."

Smith To Manage Phillies Again

PHILADELPHIA (AP)—Mayo Smith has been signed to manage the Philadelphia Phillies again next year, his third as skipper of the National League club.

Smith took over the team in October, 1954, after Terry Moore was released at the close of the season. He managed the Phils to a fourth place finish last year and currently has them in fifth place with a chance at a first division berth.

Before coming to Philadelphia, Smith managed Birmingham in the Southern Association for two years. He started his managerial career with Amsterdam, N. Y., in the Canadian-American League.

Smith said he plans "no wholesale purge" but sees possibilities of readjustment of player personnel for next season.

Terms of the contract were not disclosed.

Jim Nelson of Duke set an Atlantic Coast Conference football record in 1955 when he kicked five extra points against South Carolina.

University of Kentucky football coach Houston Cooley spent 16 years in the schoolboy coaching ranks.

Krider, Hawkins On Hatter Squad

Jim Krider and Jim Hawkins, both freshmen at Stetson University this year, are members of the Stetson Hatter Squad. The two Stetson football players are graduates of Seminole High School.

They participated in the season's first game-type scrimmage last Saturday following a Spector Clinic at which head Coach McQuillan of the Hatters and Head Coach James B. "Spec" Martin of the Deland High School Bulldogs explained and demonstrated with their teams the various offense and defense formations.

The Hatters open their nine-game schedule Sept. 15 against Virginia Military Institute in St. Petersburg.

Fleischer Ninth In Inter-Service Golf Tournament

Pvt. Mel Fleischer of Sanford, placed ninth out of 20 contestants in the open division of the 1956 Inter-Service Golf Championship tournament held at Eglin Air Force Base Aug. 29 - Sept. 1.

Pvt. Fleischer of the U. S. Marine Corps, Camp Lejeune, N. C., shot a 72 hole score of 74-75-76-76 300 during the Army, Navy, Marine, and U. S. Air Force tourney.

The U. S. Air Force won the team championship with a score of 1185. The Army was second with a score of 1201, the Marines third with 1202, and the Navy last with 1220.

Marine Lt. Don Albert of Camp Lejeune, N. C. was the low individual scorer and Inter-Service champion with a score of 75-76-67-72 290.

NL Can't Decide On Park For '56 World Series

NEW YORK (AP)—The World Series is officially scheduled to open Oct. 3 in the National League park—but it might be a bit later if the NL can't decide which park.

Commissioner Ford Frick set the date for the 1956 classic after a 90-minute discussion with representatives of the pennant contenders in both leagues yesterday.

The first two games will be played in the National League park, with the series then shifting to the American League park for the next three if needed in the best-of-seven championship. If more games are necessary, they will be played in the National League park.

Ticket prices, the same as last year and including federal but not local taxes, are \$10 for a box seat, \$7 reserved, \$2 bleachers and \$4 for standing room.

All games will start at 7 p. m. local time, except on Sunday in New York, when the start will be 2 p. m.

The only problem at the moment is the National League pennant winner. It could be Milwaukee, Brooklyn, or Cincinnati. And a two-team or three-team playoff may be needed to decide.

Under NL rules, a two-team tie for first place means a best-of-three playoff. A three-way tie calls for a double elimination playoff—which could drag on for five days.

Frick, noting the possibility of a tie in the National League said, there will be a one-day break between the end of the playoff and the start of the series unless the final playoff game is played in the winner's park. Then the series will begin the day after the playoff.

If either Milwaukee or Cincinnati wins the pennant, there will be a day's travel time when the series shifts from one park to the other. If Brooklyn wins, and presumably then will face the New York Yankees, no travel time will be needed.

The Yankees need only a combination of eight victories and Cleveland or Chicago defeats to clinch the American League flag. Cleveland and Chicago currently are tied for second place.

Southern Assn. Playoffs Will Begin Tomorrow

By THE ASSOCIATED PRESS
Pennant winning Atlanta enters the Birmingham Barons and the Mobile Bears journey to Memphis tomorrow for opening games of the Southern Assn. playoffs.

The winners of the best-of-seven game battles will play in another four-out-of-seven match for the championship and the right to play the Texas League champion in the Dixie Series.

Mobile, tied with Birmingham for third place at the end of regular season play Sunday, whipped the slumping Barons 8-2 last night. The game was played to determine which team would face Memphis and which would play Atlanta.

When Babe Ruth set his record of 60 home runs in 1927 he hit 12 that May. This year Mickey Mantle of the Yankees hit 16 home runs in May.

APPARENTLY BUMPING NOSES, the Sanford Seminoles are turning out every day to whip themselves into shape for the first game of the season in the Orange Belt Conference for the local team on Sept. 21. (Staff Photo)

Seminole Gridsters Showing Improvement

Seminole head mentor Bill Fleming and his assistants Bud Layer and Dave Laude said today that it would be impossible to give a starting lineup for the season opener with Cocoa Sept. 21, until a few days before the game. "We have an undreamed of competitive spirit here," Fleming said. "For every position we have at least two men trying for it; we have 14 backs vying for position, and we haven't filled one yet."

And the scrimmages show this hard-hitting competition. Two almost equal teams faced each other in a grim, determined skull-knocking scrimmage yesterday, and each team held the other scoreless for better than an hour.

"The improvement has been fantastic," Bud Layer said. "The keenness of the competition has brought out the best in each man." David Laude pointed out. Even warm-up exercises show evidence of this high spirit. Instead of the usual cadence, exercises are now done to the tune of "Clobber Cocoa".

Scrimmage has shown some outstanding defensive play, particularly in the line. Turning in outstanding performances have been Meredith Scott, Charles Pence, Brantley Schirard, Murray Nance, Terry Goemle, Virgil Gracey, and Fred Hehrens.

"Cocoa figures to be the pointer for the season," coach Fleming commented. "If we take them we'll know pretty well how we stand in the conference." Remarkable on the inexperience of his gridsters Fleming added. "Although we have only 10 returning

lettermen, we have some depth in reserves for a change. We're hurting from lack of speed, but we will have as much if not more take the Seminole's best performance more men than we have in years."

Cocoa is rated as a top Orange Belt Conference power-house with plenty of experience, and it will take the Seminole's best performance to beat them. And, as coach Fleming put it, the Seminoles seem to have the "desire to win" this year, and that means a lot to the small, scrappy, 160 lb. average team.

Sanford fans are fortunate to have the season opener with Cocoa at Memorial Stadium. A capacity crowd is expected to be on hand as the Sanford Seminoles take the field for the first of five home games in a ten game schedule.

Count Fleet, winner of the 1943 Preakness, has sired the winners of more than \$4 million in purses. Heavyweight boxer Harold Carter of Linden, N. J., played Police Athletic League football.

Charley Peete, rookie outfielder earned his chance in the major leagues by hitting .351 in 95 games with Omaha during the early part of 1956.

When the Pittsburgh Pirates called up Bill Mazeroski, a second baseman with Hollywood, he was batting .305 in the Pacific Coast League.

TOSSUP FIGURED

BOSTON (AP)—It figures to be a tossup tonight when Larry Boardman of Marlborough, Conn., pits his youth against former champion Jimmy Carter's experience in a lightweight 10-round battle at Boston Garden.

Carter, a veteran of more than 10 years and 100 fights in boxing, has long been the spoiler for New England's brighter 135-pound prospects and hopes to do it again.

71 Million Vehicles Tour State

Florida in 1955 had 7,168,396 cars from other states cross its borders to join a total of more than 71 million touring the roads within the state. In that year, according to a traffic analysis just completed by the State Road Department.

Described as one of the most comprehensive traffic survey analyses in Road Department history, the report was issued today by Wilbur E. Jones, Road Board chairman.

Statistics in the report are based on results from 53 permanent automatic traffic recorders on roads in 37 Florida counties, 13 of which are located on arterial highways crossing the state's borders, Jones said. In addition, four eight-hour manual checks were maintained by Road Department crews during the year on those 13 "control" highways to determine the percentage of out-of-state vehicles entering Florida.

Data obtained by the counters, Jones said, covers vehicular movements within the state on weekdays, Saturdays and Sundays and all movements of traffic both in and out of the state.

A total of 11,006,420 vehicles crossed the state's borders in the year, nearly six million of those being passenger cars entering Florida from other states.

Based on a national average of 2.3 persons carried in passenger cars, Jones estimated that a total of 25,316,710 visitors came into Florida last year by car.

Reducing these figures to a percentage basis, Jones said, it is shown that of the total 11,006,420 vehicles crossing the 13 permanent recorders, an state entrance highways, 82.3 per cent were out-of-state cars, 26.8 per cent were Florida cars and another 21 per cent was accounted for by commercial vehicles.

A grand total of 71,345,318 vehicles was recorded during the year by the 53 automatic counters located on 30 roads in the state.

This total, Jones revealed, was broken down in the analysis to indicate traffic movement over each recorder on Sundays and Saturdays and a total for the five weekdays.

Largest movements of traffic occurred in the months of March and July last year, according to the analysis which revealed that 6,823,314 vehicles were recorded in March and 6,511,278, or 9.2 of the year's total, in July.

"This indicates very clearly," the Road chairman said, "that our summer months, so far as state highway traffic is concerned, are rapidly overhauling, or passing, the winter months."

As an additional example of mounting summer traffic, Jones pointed to the months of January and February as compared to August.

"In January, a total of 4,191,254 vehicles were recorded and in February 6,179,961 crossed the 53 permanent counters in the state. In August, however, 6,043,645 vehicles were on the move over Florida's roads."

Breaking traffic movements into portions of the week, Jones said the survey reveals:

Of the total 71,345,318 vehicles recorded in the 12 months of 1955, 10,996,605 were counted on Sundays; 10,580,063 on Saturdays; and the balance of 49,768,650 on the remaining five weekdays.

CONTRACT AWARDED
LAKE ALFRED — The State Plant Board has awarded a contract for spraying 40,000 acres in Sarasota County against the Mediterranean fruit fly to United Reclamation Flying Service of Richmond, Calif.

The firm presented a low bid of 16.09 cents an acre.

General Education Classes For Adults Organize Tonight

An organizational meeting for adult general education classes will be held tonight at 7:30 p. m. in the music room of Seminole High School.

Adult general education classes are being offered for the purpose of giving an adult opportunity to continue or complete his formal education. A high school adult equivalency diploma may be achieved through this program or individual subjects may be taken that will help adults in their work.

If there is a sufficient demand from veterans of the Korean Conflict, the course can become approved by the State Department of Education and Veterans Administration so that veterans can receive educational benefits under PL 596.

The purpose of the organizational meeting is to discuss policies, answer questions on the program, determine what nights and hours classes are to be held and to complete registration forms. There will be a \$1.00 registration fee and the only other costs will be for workbooks or textbooks that might be required.

Any citizen who is interested in completing his high school education, learning to read or write, or taking an individual subject that will benefit him in his job is urged to attend this meeting. Any further information can be secured by calling Fred C. Murray, director of Adult and Vocational Education at 685.

Southern
(Continued From Page 1)

Dixon line, could run it with cooperation from the Atomic Energy Commission.

2. To launch an information program to enlighten Southern industry or actual experience with atomic power.

3. To tell the public about the peaceful atomic use.

4. To back education programs aimed at training manpower for work in atomic plants.

Folsom said studies show there is in the South "a foreseeable need for one or more regional atomic energy industrial research centers for the 16 states."

Folsom did not mention it, but Alabama Polytechnic Institute at Auburn is one of the institutions interested in getting such a center. Other possible sites mentioned here include the government's atomic center at Oak Ridge, Tenn; the University of Florida, Georgia Tech, and North Carolina State College at Raleigh.

Arkansas Gov. Orval Faubus, reporting yesterday on the South's industrial growth, said atomic energy in Dixie is already a three-billion-dollar industry.

"And the industry is still in its infancy," he said.

Eleven of the 16 Southern governors—the others sent word they couldn't make it—last night heard Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, call for more thorough education of American youth in what democracy is all about lest the Communists achieve world domination because of an ignorance of liberty.

"We seem either unable, or too lazy, to do enough to explain, teach, and most of all—demonstrate publicly before the world the fundamental, basic fact of liberty," Radford declared.

BURIAL OF HUMANS IN CARDBOARD BOXES REPORTED JACKSONVILLE — Burial of humans in cardboard boxes was described today by the State Board of Funeral Directors and Embalmers as "disgraceful and degrading."

The board said in a resolution yesterday that it had reports that bodies of indigent persons of Dade County are being buried in cardboard cartons by a funeral home under contract with the Dade County Commission.

VFW Hall Of Fame Citation Awarded Late J. Chittenden

Pre-encampment activities of the 57th national encampment of the Veterans of Foreign Wars high-lighted a luncheon ceremony honoring two deceased veterans and the present VFW director of the national rehabilitation service.

All three names are to be added to the VFW Rehabilitation Hall of Fame.

Citations were awarded the late Joe D. Chittenden, formerly of Sanford and who made his residence here, and who was the former national rehabilitation service director of Washington, D. C. It was accepted by Elmer F. Richter of Washington, technical consultant, and Mrs. Hilda Ball, former secretary to Chittenden.

Mrs. Joe D. Chittenden, widow of the honored veteran, resides in Sanford at 2102 Cordova Drive.

His sisters, Miss Laura and Miss Edna Chittenden are also residents of Sanford.

The citation, which names the late John Walker Jones, former Oregon service officer, was accepted by G. O. Pike, present service officer in that state. The third Hall of Fame citation will go to H. A. Calkins, Washington, D. C., present director of the rehabilitation service.

All of the citations were presented by Joseph W. Mann, service officer for the VFW in Michigan and chairman of the Hall of Fame Committee.

On August 11, the 200 service officers and their guests, including national VFW officers, honored Congressman Olin E. Teague, chairman of the House Committee on Veterans' Affairs, but the Congressman sent his regrets because of his required attendance at the Democratic National Convention in Chicago.

The National Convention was held in Dallas, Tex.

Odham Asks Loan To Keep Project Staff Operating

Brailley Odham told the State Cabinet today that a new financing plan is pumping life back into the proposed Inter-American Trade and Cultural Center at Miami after six months of discouragement.

Odham, a member of the state authority supervising the project, made the statement in appealing for an additional \$60,000 loan of state funds to keep the staff of the organization operating until February.

Because of the absence of Gov. Collins, the Cabinet deferred action until Tuesday. Collins is attending a meeting of the Southern Governors' Conference in White Sulphur Springs, W. Va.

Odham explained that the revised plan for financing the giant 70-million dollar project through a bond issue is being renegotiated with bond houses in New York.

The project, a sort of permanent world's fair with an objective of improving trade and cultural relations between the Americas, was originally set to start moving in December when bonds were validated but a tight money market set in and interest rates soared.

In four football games between Southern Methodist and UCLA the SMU team has been victorious each time.

Executive Board Of Pinecrest P-TA Holds 1st Session

The executive board of the Pinecrest Parent Teachers Association held its first meeting in the newly decorated Teachers' Lounge of the Pinecrest School.

Plans were discussed by the officers and committee chairmen for making the coming school year a success from every standpoint.

Parents and teachers who will be striving to accomplish the aims and objectives of the P.T.A. both at Pinecrest School and as a national organization, are:

Mrs. Richard Elam, president; Mrs. R. L. McKnight, first vice president; Mrs. Margaret Reynolds, second vice president; Mrs. Robert Jackson, recording secretary; Mrs. John Burton, corresponding secretary; Comdr. Blaine Libbey, treasurer; and Mrs. V. J. Robbins, historian.

Heading the various committees are: Mrs. D. M. Paul, devotional; Mrs. Charles Lewis, publications; Mrs. Fred Ganas, beautification; Mrs. LaVerne Clark, hospitality; Mrs. E. S. Higginbotham, publicity; Mrs. Gordon Stanley, membership; Mrs. Harry Weir, programs; Mrs. S. A. Tindel, study group; Mrs. John Trivolis, safety; and Mrs. John Angel, Jr. High advisor.

Delegates to the County Council will be Mrs. E. S. Higginbotham and Mrs. Clyde Humphrey; Mrs. C. W. Johnson and Mrs. R. L. McKnight will serve as alternates.

Board Examines Proposed Civic Center Sketches

Preliminary sketches for the proposed Sanford Civic Center were perused by the Board of Sanford City Commissioners last night.

Architect John Burton, III, assigned to the creating of the proposed capital improvement program's building, presented the sketches and explained, in detail, usage of the building.

Divided into two sections, one for use by the recreation program and the other by civic organization, the Florida building met quick approval of commissioners.

Preliminary sketches reveal that the Sanford Civic Center will include an auditorium capable of seating an estimated one thousand persons, a dining area, kitchen, serving center on other necessary storage and service areas.

Covered walkways would be predominant throughout and around the center.

The recreation area, as proposed would be divided into usable sections for planned programs both inside and outside.

Predominant was a roller skating rink for use by the recreation department.

Sketches on other projects, including a new fire department building and colored swimming pool, will be considered before the capital improvement program is set.

The Chicago Cubs signed Gerald Kindal, a Minnesota infielder, to a bonus following the NCAA tournament in Omaha. Kindal will be graduated in 1957.

Savings Bonds Offer Holders Many Services

The slogan "Safer Than Cash" now applied to United States Savings Bonds doesn't begin to tell the full story according to W. E. Patrick, chairman of the County Saving Bonds Committee.

"Not too many people know about the fine services the Treasury offers to bond holders," Patrick declared. "This service is one of the outstanding features that make the Saving Bond one of the best investments ever offered."

A good many of us already know that we can get our lost, destroyed, or stolen bonds replaced without cost. But this is just the beginning. The Bureau of the Public Debt, which is the branch of the Treasury that handles all bonds records and redemptions, leaves no stone unturned to see that the original intent of the purchaser is carried out in the disposition of bonds."

Patrick called special attention to the provision allowing for bonds to be issued to co-owners. He cited the example of the man who died suddenly without an adequate will. He had several thousand dollars in Series E savings bonds, issued in his own name and that of his wife as co-owner. The estate seemed to be in for a long period of litigation. The widow, who needed funds badly, had been told that the savings bonds must become a part of the estate.

Upon advice of a friend, the widow wrote to the Treasury Department. She was quickly informed that the bonds were her property and could be cashed at her discretion. According to regulations, whenever a bond owner dies, the bond instantly becomes the sole property of the surviving co-owner.

"The Treasury has thousands of such cases in its files," Patrick said, "proving once again that savings bonds not only make a wonderful nest egg for future security, but are an excellent means of providing for loved ones after death."

Goldsboro Area To Get Sewer Lines By First Of Year

Sewer lines are expected to be installed by city crews by the first of the year, according to discussions last night when the Board of Sanford City Commissioners heard Herbert Cherry express the opinions of residents in the Goldsboro area.

"The Goldsboro area has been left out as far as sewer planning is concerned," said Cherry as he represented more than a dozen Goldsboro residents attending the meeting with him.

"We are here to ask for some relief — I think we have been overlooked completely," he said.

Mayor Scott Herbert Cherry said "we've run out of money." Cherry then asked "Why is it we give out of money just before you get to the trucks?"

Commissioners, discussing the possibilities of the sewer program in relation to the budget to be considered for the new fiscal year, told Cherry that the program of installing the sewer lines in the Goldsboro area can be underway by the first of the year.

Cdr. J. Miller Takes Command Of VAH-Nine

In a colorful change-of-command ceremony today, Commander John Meredith Miller, USN, assumed command of Heavy Attack Squadron Nine. He relieved Cdr. W. R. Hazlett, who has been acting Commanding Officer and who now resumes his billet as Executive Officer.

Commander Miller has had a varied and interesting career. Graduating from the U. S. Naval Academy in 1940, he first served aboard the battleship Idaho. His early interest in aviation led to his assignment to the USS Enterprise and Pensacola in 1942 and 1943, after which he became a flight instructor at NAS Lake City. During the war he was Executive Officer of Bombing Squadrons VB-18B and VEB-124, and was Commanding Officer of the latter squadron during the second half of 1945. He later served as Navigator of the carrier USS Badoeng Strait, then returned to the Naval Academy's executive department.

In 1950 Cdr. Miller had the rare experience of serving as an exchange pilot with the Royal Air Force, a practice which gives military personnel of NATO nations an opportunity to become acquainted with the differences and similarities between their operating procedures and ours. After this interesting duty Cdr. Miller went to Transport Squadron One and became Operations Officer of the F-104 Wing.

As happens to most Naval Aviators sometime during their career Cdr. Miller returned to NAS Pensacola in 1955 where he was in the Administration Dept. until 1954. Before coming to HATU to prepare himself for the Heavy Attack program, VAH-Nine's Commanding Officer was a student at the Air War College, Maxwell AFB.

In addition to his theatre decorations Cdr. Miller wears the Distinguished Flying Cross with gold star in lieu of second award, and the Air Medal, also with gold star. His home town is Haverhill, Mass. He and Mrs. Miller, the former Jane Elizabeth Gordon of San Francisco in July, 1942, and currently reside at Leek Arbon. They have two boys, John Meredith Jr., 12, and Charles Gordon, eight.

Adventist Church Elementary School Enrolls 9 Students

The Seventh-Day Adventist elementary school at Seventh St. and Laurel Ave., opened with an enrollment of nine students, according to Mrs. Faye Clark, teacher.

Perhaps the city's smallest educational unit, the school this year boasts a beautiful new building. Built to handle expected growth, the building has two large classrooms and is of modern design.

The teacher this year is Mrs. Faye Clark who recently came here from Panama City, Fla., where she was teaching in a similar school. Mrs. Clark, according to officials of the school, who has been teaching for 11 years takes a special interest in each one of her students.

The school's curriculum, the officials say, matches that of public schools but with the addition of courses in religious instruction. In addition, it is reported, a spiritual life is given other subjects where that is appropriate.

Classes are offered in all grades with extra-curricular activities in crafts and nature studies.

The school here is one of a chain of 8,000 educational units operated by Seventh Day Adventists around the world, 33 of which are in Florida.

Tigresses Maul Male Cagemate To Death In Fight

CINCINNATI (AP)—Two tigresses will live out their time at Cincinnati Zoo in splendor after mauling to death their male cagemate in a savage battle Monday.

The zoo veterinarian, Dr. E. W. Bernard, said the jungle cats "had to be monogamous."

"If we put another male in there now, the tigresses would cannibalize him," he said.

See officials said there was no chance of knowing what caused the fight.

Keepers said the attack on 8-year-old Rajah was apparently a surprise, with one female going for his throat and the other attacking his hind quarters.

COMMANDER JOHN MEREDITH MILLER, USN, assumed command of Heavy Attack Squadron Nine today in ceremonies at NAS Sanford. He relieved Cdr. W. R. Hazlett, who resumes his former position as executive officer of the squadron. (Official Photo, U. S. Navy)

Demo Leaders Plan Hard Hitting Drive

TALLAHASSEE (AP)—State Democratic leaders have mapped a hard hitting campaign directed by a four-man strategy board in an effort to swing Florida's 10 electoral votes to Adlai Stevenson and Estes Kefauver.

The strategy board will meet next week to designate a state campaign chairman.

Board members are Gov. Collins, State Democratic Chairman James Milligan, U.S. Rep. Bob Sikes of Crestview and Mayor Hayden Burns of Jacksonville.

The members were selected at a caucus of the State Democratic Advisory Committee attended by two congressmen, members of the State Cabinet and representatives of Stevenson and Kefauver.

The meeting was open to newsmen up to the point where voting took place on the board members and campaign strategy was mapped. The Advisory Committee went into closed session of this.

Various Democratic leaders forecast that Stevenson would carry Florida this time but that a great deal of hard work would have to be done.

New Pilot Club Public Affairs Chairman Named

Mrs. Vola Lamberston was appointed by Mrs. Sue Stevenson, president of the Pilot Club, as chairman of Public Affairs to replace Mrs. George A. Stone who resigned as chairman at the meeting of the Pilot Club held in the Yacht Club last night.

Mrs. R. M. Ball was welcomed back into the club as a member and three visitors from the Lake Country Club were also welcomed to the meeting.

An announcement was made of fall council of District Four, Pilot International which will be held at the Pennsylvania Hotel in West Palm Beach on Sept. 22 and 23.

A letter was read from the District Governor, Mrs. Marie Gleason of Ocala who will make her official visit to the club on Oct. 22. She requested that reports of all committee chairmen be sent to her not later than Oct. 8. Mrs. Stevenson asked that chairmen have their reports at the next dinner meeting.

An invitation to hold the September dinner meeting at the home of Mrs. H. W. Little at Lake Markham, was accepted by the club. The dinner will be held on Sept. 25, at 6:30 p. m.

Mrs. M. L. Raborn Sr., membership chairman, reported that the club has gained five new members during the past two months. As hospital chairman, she appealed for volunteers for the Seminole Memorial Hospital Women's Auxiliary. She told of the work that is being done by the auxiliary and also of the club which furnished a room and plans to maintain it.

Mrs. Walter L. Carter, Milk Fund chairman, reported a case of canned milk given to an indigent family during the past month.

Miss Klara Farley, fellowship chairman, reported a total of 118 telephone calls, eight visits, 11 cards and one bouquet of flowers to members.

Florida Should Stress Orange Juice Quality

LAKELAND Florida (AP)—should stress the juice quality of its oranges in developing European markets, an industry leader told an export committee meeting Monday.

If this is done, a good market can be built up in European restaurants, hospitals and other retail outlets, James C. Morton of Auburndale said.

Morton also forecast a long range market in Europe for Florida fruit. He told the Export Committee of Florida Citrus Mutual that this market probably would be built up principally around processed citrus but that prospects for fresh citrus also are good.

Martin Haarr, export coordinator for the big grower cooperative, predicted the orange export market this season would reach five million boxes of fresh fruit.

The committee asked the U.S. government to continue export subsidies on citrus. Last season the government paid 50 cents a box on fresh fruit shipped to friendly nations overseas and a similar payment for processed fruit.

Church Christian Education Leaders Hold Supper Meet

The Christian Education leaders of the First Presbyterian Church met last night, at 7 p. m. for the first Workers Conference of the fall season.

The teachers of the Nursery Department of the Sunday School — Mrs. Harry Weir, Department Superintendent; Mrs. John A. Burton, Jr., Mrs. George Sires, Mrs. John Dumm, Mrs. Lee Hunter, Mrs. A. Wallace and Mrs. Howard Wheeler served a delicious supper, carrying out the Chinese motif with cheer main supper with the tables decorated with red lilies and Chinese figurines.

The program of the evening was a preview of the teaching program each department in Sunday School is planning for the fall. Gordon Swam, Sunday School Superintendent presided over the meeting.

Parents Invited To Pinecrest P-TA Meeting Tomorrow

Mothers and fathers of children in Pinecrest School are invited to attend the first meeting of the Pinecrest Parent Teachers Association to be held tomorrow night in the school auditorium.

Many new classrooms have been organized and enrollment has increased until the school now has 21 classrooms. Parents will tour the classrooms and meet their children's teachers from 7:30 to 8 p. m.

Mrs. Mary Mann will address parents at 8 o'clock on the subject "Why I Attend P.T.A."

There will also be a business meeting and refreshments will be served following adjournment.

The executive board of the association met on Sept. 6 to discuss plans for the coming year. Parents are urged to demonstrate their interest in their children's education by a full attendance at tomorrow night's and all future meetings.

Committees To Be Told At Grammar School P-TA Meet

The Sanford Grammar School P.T.A. will hold their first meeting of the year on Thursday night, September 13, at 8:00 p. m. All parents are urged to attend this meeting as committees will be organized for the coming year's events. E. M. Richards, P.T.A. President, has announced the theme for the year: "Your Child in His School Environment."

The business meeting will begin promptly at 8:00 o'clock and will be limited to a 90 minute session. The programs this year will all be held in the child's classroom with the teacher explaining the what and why of her teaching. This session will be limited to 25 minutes, after which refreshments will be served.

State Civil Defense Meet Held

A. B. Peterson Sr., director of Civil Defense, Seminole County; C. R. Dawson, attached to communications, area five, State Civil Defense; Mrs. C. R. Dawson, executive committee, Seminole County Red Cross; Mrs. Audrey Speer, staff of local State Welfare; and Mrs. Mary D. Knox, executive secretary, Seminole County Red Cross, attended the Civil Defense Institute held at the Angeltel Hotel, Orlando, Monday.

Purpose and objectives of the Institute, as set forth by General H. W. Tarkenton, State Civil Defense director, were to delineate responsibilities of all state agencies, such as Red Cross, State Welfare, Department of Public Health, Department of Agriculture, etc., in the event of war or natural disasters — with the common objective of survival.

Fred W. DeWitte, state field director, area five, presided, after the group was welcomed by Capt. C. Q. Wright Jr., director of Orange County Civil Defense, and local level panel as well as state and regional County Red Cross, attended the Civil Defense Institute held at the Angeltel Hotel, Orlando, Monday.

The State Department of Public Welfare was represented by Miss Nellie Williams and Miss Roberts Williams in the absence of Charles O. Andrews Jr., chairman, State Welfare Board.

Civil Defense welfare was represented by Miss Frances Burkhalter, and Red Cross disaster welfare by Miss Dalry Marshall in the absence of John Gates, director of field services, ARC, Atlanta. General Tarkenton's closing remarks laid emphasis on the importance of cooperation by all agencies in this common effort of survival.

The next emergency warfare in Civil Defense meeting will be held in Tampa on Sept. 19 — as also one in Flagler County, date to be announced later.

Florida Should Stress Orange Juice Quality

LAKELAND Florida (AP)—should stress the juice quality of its oranges in developing European markets, an industry leader told an export committee meeting Monday.

If this is done, a good market can be built up in European restaurants, hospitals and other retail outlets, James C. Morton of Auburndale said.

Morton also forecast a long range market in Europe for Florida fruit. He told the Export Committee of Florida Citrus Mutual that this market probably would be built up principally around processed citrus but that prospects for fresh citrus also are good.

This session will be limited to 25 minutes, after which refreshments will be served.

Weather

Partly cloudy through Thursday; low tonight 60 to 65.

Chiefs Club Sets Rally, Pow-Wow

CofC Manager's Post Still Vacant

No one has been selected to fill the vacancy in the Chamber of Commerce manager's job. It was said at the director's meeting of the trade body when the Board met at the First Federal Savings and Loan Assn. last night. The opening was created when Forrest Breckenridge resigned earlier this month to accept a similar position in DeLand.

The screening of applicants is being done by President-elect Clifford McKibbin and his Executive Committee, according to President George Touhy who presided at the session last night. He added that inasmuch as an appointee could not possibly take over the duties before Oct. 1, the incoming administrator who assumes the reins on that date is most likely the one to make the choice since they will be the first to work with the new manager.

A number of applications have been received both from local men who are interested and from outside the state, who have learned of the vacancy. McKibbin said that so long as capabilities were equal or nearly equal preference would be given to a local person. Familiarity with situations here would save some time in his becoming effective, he continued, and his local background should be of interest in advancing the Seminole county interests. The choice would be made "as soon as possible without lessening the chances of getting the best possible person," McKibbin added.

The Chamber of Commerce directors have been in close touch with developments that might affect the local Naval Air Station. The announcement from Washington a few months ago that an item of \$50 million for developments in Sanford and at the old Decola landing field was included in the proposed budget for long range planning stimulated a great deal of interest and effort to have (Continued on Page Eight)

Trotting, Building Raceway Permits Approved By Board

CASSELBERRY—Ray V. Kilpstein, secretary-treasurer of the Seminole Park Raceway, appeared before the Board of Aldermen Monday night, requesting a permit to conduct trotting horse races at the mile track, and to request building permits for 12 new stables, hospital, paddock and five-eighths mile track inside the one mile oval.

Approval of both requests were granted by the board, which will also enact an ordinance at the next meeting, governing horse racing in the town. Building permits are issued by the town clerk at no cost.

Removal of a barricade, obstructing passage over a 25 foot easement at the rear of lots facing highway 17-92, extending from Lemon Lane on the north to Normandy Rd. on the south, was requested by Ernest Leavitt, who had occasion to use the easement when work on four-laning the highway blocked his drive.

A letter, requesting removal of the obstruction and authorized by Mayor Julius Allen, will be sent to Lew Bernhardt, who it was reported, erected the barricade.

The board approved a plan submitted by Casseberrys Gardens, for 18 lots on Queen's Mirror Circle, extending from Lake Tripoli Dr. to Winter Park Dr. Replats of lots on Talsman Trail and three lots on Quinlet Dr. were also approved.

The street lighting fund showed a balance of \$3,648.88 on deposit in banks, and \$1,012.50 in the sewer account with the Florida Power Corp.

W. H. Kemp, president of the Seminole Park Raceway Association, spoke on plans for development of the track as a training center for 600 horses. Kemp stated also that a building program, including 12 new stables, an emergency veterinary hospital paddock and five-eighths mile track inside the mile raceway would soon get under way.

Plans for a Ladies' Day buffet were outlined by Kilpstein, to be held at the raceway at a date to be announced. Women's organizations of this part of the county will be invited, according to Kilpstein.

The raceway has been granted a franchise by the Florida State Racing Commission, to hold racing at the tract here, subject to approval in a County referendum in the November elections.

Stadium Is Scene Of Event

A gigantic pep rally and pow-wow was planned last night by the Seminole Chiefs Club for Tuesday night, Sept. 18, at the Sanford Memorial Baseball Stadium beginning at 7:30 p. m.

The pow-wow and rally will feature the introduction of members of this year's Sanford Seminoles by the coaches, which will include their weight, class and position; a description by Coach Bill Fleming of the offense and defensive actions, with the team running through a few of the plays.

Dr. A. W. Epps Jr., chairman of the club's program committee, said that the pow-wow and rally, coming just two days prior to the season's kick-off game, should attract hundreds of Seminole County football fans.

Thomas Stringer, chairman of the membership committee, and vice president of the club, said that there are now more than 80 members of the organization which was formed primarily to increase interest in local high school sports activities. "We will be on hand the night of the rally to tell the crowds attending the pow-wow some of the real purposes of the organization and to accept memberships."

The Seminole Chiefs Club, at last night's meeting, headed by President John Schirard, set the policies of the organization relative to the spending of the club's funds. Seminole High School Principal Andrew Bracken recommended that the club's funds not go through the school accounts and that expenditures be made by the club membership. The policy was unanimously adopted by the club membership.

Several of the projects of the club were outlined which included helping build a stadium for high school athletic use, the taking of motion pictures of each game, and the purchase of an athletic bus to transport teams to their games.

Athletic Director Fred Ganas reported on the financial condition of the Seminole High School Athletic association. With a balance of \$4.88 at the beginning of the 1955-56 season, Ganas reported that total receipts amounted to \$6,041.84; expenditures came to \$6,611.18, with \$2,884.41 for football, \$1,008.97 for basketball and \$719.31 for baseball. Fox Is Named Demo Executive Group's Campaign Leader

The Seminole County Democratic Executive Committee named John Fox as its campaign chairman for the forthcoming election in November, at their meeting this week.

Fox will serve along with other committee members which include Mack N. Cleveland Jr., Gordon Frederick, O. P. Herndon, Ernest Housholder, and Volle A. Williams Jr.

Campaign materials will be available in about a week, Democratic Executive Committee members were told. This material will include bumper stripes, campaign buttons and other materials.

James H. Lee of Oviedo, chairman of the Seminole County Democratic Executive Committee advised the members that a headquarters will be established at a later date.

The committee, it was revealed, will send a delegation to the forthcoming rally on Saturday in Orlando. The delegation will include J. G. Blankenship, Mrs. Ava Davis, Mr. and Mrs. John Fox, Robert S. Blühmer, Mrs. Roy Tills and Mrs. Ralph Austin Smith.

Rainfall Spotty Throughout State During Last Month

LAKELAND (AP)—Rainfall was spotty throughout Florida during August, the Weather Bureau reported Tuesday, but generally was less than normal.

Much of North and Northwest Florida received less than they got during the previous two months. The drought which has plagued the Southern part of the peninsula most of the summer continued.

But some spots received above average rain. The main ones were West Palm Beach and Apalachicola and a four-county area made up of Highlands, Hardee, Folk and Ocala.

Localized thunderstorms were credited with dropping these spots at regular intervals. Wausatcha in Hardee received 12.11 inches, the heaviest total recorded during August in the state.

Most other peninsular points received 5 to 8 inches, some 1 1/2 inches below normal. Coastal locations got 4 to 6 inches which is 3 to 4 less than normal.

The driest areas were west and northeast of Tallahassee, especially the counties bordering Georgia, Fernandez Beach north of Jacksonville was the driest reporting point, receiving only 2 1/2 inches.

Temperatures were near or slightly above average, the hottest weather being recorded during the first two weeks of the month. A mass of cool air descended on northwest Florida Aug. 21 and remained until Aug. 24, helping lower the average temperature.

Lightning killed one person Aug. 27 in Escambia County. Several funnel clouds were sighted but little damage was reported. Funnel clouds indicate tornado winds that do not ordinarily touch the ground.

Presbyterian Sr. High Young People Plan Beach Retreat

The Senior High Fellowship of the First Presbyterian Church will have an overnight retreat at New Smyrna Beach, Friday afternoon through Saturday afternoon, Sept. 16 and 17.

The purpose of this retreat is for planning the fall program of the Senior High Fellowship. The Rev. Angus G. McInnis, minister of the First Presbyterian Church, will open the retreat after supper with an inspirational message. Then the Flying Squadron of the Youth Council of the St. John's Presbyterian — Kaitly Dillon, Susan Fischer, Arthur Young, from churches in Orlando and Beverly Toagle and Jamie Marsh from churches in Daytona Beach — will talk to the group on the work of the Presbyterian young people in the St. John's Presbyterian. The young people will then divide into three commission groups and do the actual planning for their program for the fall, bringing their reports to the whole group at the Saturday morning meeting.

The young people have set up a varied program of recreation to accompany this planning session. The following Christian Education leaders will be at the retreat to help the group round out their program — the Rev. Angus G. McInnis, Miss Rebecca Stevens, Senior High Departmental Sunday School Superintendent; Comdr. L. Libbey, Senior High Sunday School teacher; Mr. and Mrs. Robert Crumley, Adult Advisers for the Senior High Fellowship, and Miss Katharine Brewer, Director of Christian Education.

Transportation to the retreat will be provided from the church at 4 p. m. and again at 6 p. m. The retreat will begin with supper at 7 p. m. and end with a worship service Saturday afternoon at 8 p. m.

Touring Florida Party Scheduled

By MARY FOWLER
DE BARY The De Bary Civic Association will begin the season with a Touring Florida party Friday, Sept. 21, at 7 p. m. in the community center.

Exceptionally beautiful prizes will be offered and refreshments served. The committee is: Mrs. George Wakefield, Mrs. Sydney Wilcox, Mrs. Ray Ryan and Mrs. R. Peck.
