Mob Burns Negro Who Killed White Planter

ROLLING FORK, Miss., July 7.—(AP)—A Sharkey county posse of 20 men yesterday shot and killed Tom Green, 48-year-old negro blacksmith, dragged his body several miles, then burned it on the spot where earlier in the day the negro had killed R. Purdy Flanagan, prominent white planter.

E. R. WAKEFIELD (left), an official of the Western Union Telegraph Company in Denver, Colo., and A. S. Hunt, Denver and Rio Grande Railroad executive, are shown planning their trip shortly before they set out to investigate the dangerous Rio Grande River through unexplored Black Canyon.

Reports were that the negro and Flanagan fought when Green refused to do work the planter manager ordered. Flanagan fired him and began setting traps. Flanagan came to a rifle among the traps and the negro aimed it. The planter refused to give it to him and the negro drew a pistol and fired, wounding Flanagan in the leg.

RIMS SMASH WINDOW

OKLAHOMA CITY, Okla. (AP)—When the rear tire of a city truck blew out on a down hill street it hurled the tire into the air 20 feet across the sidewalk, through a show window and against the side wall of a store 60 feet from the door. Nobody was injured, because the tire struck at midnight.

The white man returned the fire, hitting the negro in the side. Again the negro shot, the bullets striking Flanagan in the head and killing him.

Hughes Will Begin Flight On Saturday

NEW YORK, July 7.—(AP)—A schedule of Howard Hughes, pilot of the world's fastest airplane, announced today that he will begin his flight on Saturday for his trip to London.

In warm summer weather workmen and an elephant are shown tilling at Sarasota, Fla., where the Big Ringling Brothers and Barnum & Bailey circus has gone into winter quarters. When strikers refused to accept a pay reduction the management struck the "big top" and headed south.

20 Miles For \$15

NEWLAND, N. C.—(AP)—Frank Jones, 68-year-old, Brown Mountain farmer, arose at 6 A. M. and walked 20 miles to get his \$15 agricultural adjustment program check from the county farm agent's office here. He planned to return home about the day, but the county agent gave him a lift.

YIELDS NO OIL

LAMAR, Colo.—(AP)—The discovery of another oil well in the southeast of here in the hope a producer could be brought in is abandoned. The well, announced today, is also abandoned. The well is at a depth of 5,000 feet and has had no showing of oil.

HOW TO GET IN JAIL

GALLUP, N. M.—(AP)—An inmate, passing through Gallup, N. M., was arrested by the sheriff and taken to jail. The inmate was arrested for passing a check for \$100.00 to a woman who was a prisoner. He got out of jail at midnight.

NAVAL PACT

LONDON.—(AP)—British and Soviet Russia yesterday signed a naval pact, the second largest agreement of July 20, 1936. The pact with the new limit of 45,000 tons for battleships adopted by Britain, the United States and France. Britain announced the pact in a similar protocol with Germany on June 20.

FRANCO'S BOMBS SINK SHIPS AT VALENCIA

Remember that old song "Valencia"? It doesn't fit Valencia, Spain, anymore. The strategic government report reportedly has been raised by insurgent General Franco's bombers because it's the lifeline to the interior of Loyalist Spain. The explosion of bombs of Valencia has been heard in Britain's Parliament; for off the coast attacks have been made on 16 British merchant ships. In this picture bombed ships are shown off and sinking in the harbor following a recent raid.

BIBLE VERSE FOR TODAY

FORGET BICKERING, CULTIVATE UNITY: Now I beseech you brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgement. - 1 Cor. 1:10

In warning motorists Eddie Canby says, "Children should be seen and not hurt."

Phil Barney says the circus riders won a "Pyrrhic victory." They won the strike, but they lost their jobs.

The fellow who knocks his home town, his local newspaper or his chamber of commerce, is pretty apt to be one who is not doing his part to help any of them.

Barbara Hutton has had her own way since she was a girl of sixteen, writes a newspaper feature writer. Well bet she has had her own way since she was a girl of five.

What has to do its advertising furthest, in spite of all its efforts to advertise these days. What if some West Indian hurricane should be attracted that way?

The government has a number of mosquito control projects. What! Does it have to extend its tentacles even to mosquitoes? - St. Petersburg Independent. That's the place for it.

We would be in favor of establishing homes in this country for political refugees from foreign countries, just as soon as we get sufficient homes established for the economic refugees who already live here.

The first six months of 1938 had to sooner passed without a single lynching to its discredit, establishing a new record for a like period of time, than a mob in Mississippi got out of hand and lynched a negro.

Col. Jack DeLyle, who once made history in Sanford, has again become embroiled with the law. Up in Ocala he has been arrested on a charge of obtaining money under false pretenses from a Dunnellon filling station operator.

The Farley says that "the brains that generated the vast industries in the past are not dead." Well now, let's see. At least those of D. Rockefeller, Harvey Firestone, Thomas Edison, Commodore Vanderbilt, Andrew Carnegie, Henry C. Frick, Harriman and Hill, to mention only a few.

The Supreme Court has been called upon to decide whether the Florida cities of Florida can borrow money from the government to establish low cost housing projects. Meanwhile Miami has already constructed a magnificent million dollar low housing project.

The city has received national publicity last week when Michael Duke, of producing class, was elected Mayor of the United States. Duke is a resident of West Palm Beach, and is a member of the Florida Bar.

The Far Eastern War

The Sino-Japanese war goes into its second year. What the Mikado's military experts had expected to be a punitive expedition of a few months' duration, culminating in the overthrow of the Chinese government and the complete domination of all Chinese political and economic life, has developed into a long drawn out struggle, the end of which and the consequences of which are not even yet anywhere in sight.

It was exactly one year ago yesterday that the incident occurred which started the Japanese armies marching and brought about the successive capture of Peiping, Tientsin, Shanghai, Nanking, Tsinan, Suchow, and the aerial bombardment of Hankow, Amoy, Swatow, and Canton. The Japanese have seized most of northeastern China, and control most of southeastern China. But for all practical purposes they seem to be as far from their ultimate goal today as they ever were.

With the single exception of Tairerchwang, the Japanese have won every major engagement since the fighting began. But the longer the Chinese hold out, the further the Japanese lines are extended, the more precarious becomes the danger that while the Japs may win all the battles they may lose the war. The Mikado is in the position of the lion which slaughtered the dragon, only to die of indigestion.

The war has already proved disastrously expensive to the Japanese. Casualties have run into the hundreds of thousands, and Japan with a comparatively small population can ill afford to lose any of her best fighting men. But worse than the loss of man power from the standpoint of the military high command has been the weakness of the yen, the flight of capital from Japan, and the enormous burden of financing the war on the Japanese people.

The theory that a great country can be readily conquered by one gigantic knockout blow, often repeated by certain military experts since the development of the airplane, gas attacks, and other modern implements of warfare, seems to have been completely exploded. The war in Spain has gone into its third year. The war in China has now entered its second. And the major effect of air raids in both China and Spain has been the solidification of the opposition.

Furthermore, the longer Japan takes in completing her conquest, the more determined other nations are becoming that she will never complete it. Russia is daily gathering courage and lending more aid to the Chinese. Britain and France are beginning to get their backs up. And even the United States has come in for the construction of the blueest navy in the world.

In all the facts regarding the Chinese war we can see little cause for rejoicing among the Japanese.

In The Money

If you had to prepare a list of Americans with incomes running into the highest brackets, you would probably include John D. Rockefeller, J. P. Morgan, some of the Vanderbilts, a Phipps or two, Henry Ford, and of course the heirs to the Mellon estate. You would not likely think of Joe Louis or Walter Winchell.

And yet it is doubtful if there were a dozen men in the United States whose incomes were greater during the past few years than these two more or less rank and filers. When you speak of the "big rich" you must include them, as well as Rudy Vallee, Kate Smith, Pearson and Allen, the authors of Washington Merry-Go-Round, Bob Burns, of Bazooka fame, and America's latest sweetheart, Shirley Temple.

For all of these have annual incomes which run into six figures, and a six figure income in anybody's money ranks one in the upper brackets. When the figures on the big industrialists' incomes were published a short while ago, not many of them reached into six figures, and those that did stopped there.

Joe Louis is said to have made over a million dollars during the past three years. He did this on a maximum working hour schedule that would meet the approval of even the most rabid CIO organizer. In his last fight, he was in the ring only two minutes and four seconds. For that he received \$300,000 which figures out in round numbers at something like \$150,000 a minute.

Walter Winchell can't boast any such earning capacity as that, but he does right well for himself. Last year he made \$150,000 out of two movies, \$192,000 for radio broadcasts, and about \$89,700 for his syndicated newspaper column. If he had no other source of income, such as stocks and bonds, he grossed a neat little \$432,700 with which to worry along on until business picks up.

We haven't the figures handy for Charlie McCarthy, but we dare say he earns more than the President of the United States, or the chairman of General Motors board of directors. It takes a hard headed man to succeed these days.

STRANGE AS IT SEEMS—By JOHN HIX

Illustration with text: THE STATE MULL -- BUILT ON THE GEORGIA-ALABAMA BOUNDARY, HAS TO PAY TAXES TO BOTH STATES! IT HAS 4 STORIES, EACH ON THE GROUND FLOOR... (Riverside Mill of the West Point Mfg. Co., River View, Ala.) FLORENCE J. PETERS - CHICAGO HAS CORRESPONDED REGULARLY WITH A NEIGHBOR LIVING ACROSS THE STREET -- YET HAS NEVER MET HIM PERSONALLY! THEY BEGAN WRITING LAST CHRISTMAS... UNDER THE OLD SPLIC LAW (500 A.D.) THE FINE WAS 55 SHILLINGS FOR A ROMAN TO ROB A FRANK, BUT ONLY 55 SHILLINGS FOR A FRANK TO ROB A ROMAN... CAPTAIN MAX GOTTSCHALK - Alaskan Fur Trader, IS THE ONLY MAN KNOWN TO HAVE CROSSED THE 54-MILE-WIDE BERING STRAIT ON FOOT! DRIFTING ICE FORCED HIM TO TRAVEL 200 MILES TO REACH SHISHMAROFF, Alaska, FROM EAST CAPE, Siberia... - March, 1913 -

GOTTSCHALK'S WALK... Science has long held the viewpoint that ancestors of the American Indians came originally from Asia—but how they got here has been a difficult question to answer.

Close to the Arctic Circle, the Northeast section of the Asiatic Continent reaches out and almost touches Alaska. From East Cape, Siberia, it is merely a distance of 54 miles to Cape Prince of Wales on the American shore.

Across this water barrier ethnologists assert the early migrants traveled. The possibility of their crossings by boat in the summer months has been severely discounted because of the great dangers attached to such a trip.

Undoubtedly, some of them crossed the region, known as the Bering Strait, on foot, according to Dr. John E. Harrington, Smithsonian Institution ethnologist. Such migrations were in all probability made during the closing days of the last Ice Age, when the ice there was thicker than it is today.

Now the Strait is never completely frozen over. In the summer strong south winds drive the ice into the Arctic Sea; in the winter there remain open stretches—treacherous, shifting floes and thin spots.

Conclusive evidence that a foot crossing of the Bering Strait is possible was received recently by Dr. Harrington in a letter from Captain Max Gottschalk of Nome, Alaska, who recounted a trip he made in 1913 from East Cape to Shishmaref.

DISPELLING THE FOG BY CHARLES MICHELSON Democratic National Committee

It must have been a source of great surprise for the public to learn that Chairman John Hamilton of the Republican National Committee and Colonel Knox, who with Governor Landon carried Maine and Vermont in '36, did not approve of President Roosevelt's recent fireside talk.

I don't remember seeing much about another statement in the newspapers, but I am reasonably certain that ex-President Herbert Hoover feels the same way about it.

Chairman Hamilton takes umbrage at the President's thought that the Republican party "does not recognize the need for government action to stop the 'new problems.'" He also points with pride to the circumstances that the Republican National platform once came out against monopoly.

Apparently, all President Roosevelt would have had to do would have been to rely on the Republicans in the House and Senate to have effected all the New Deal legislation. Isn't it curious that all the progressive sentiment that Chairman Hamilton has discovered in the Republican party should have been unsuspected for so long a period?

Isn't it amazing that the Liberty League, which took charge of the Republican campaign of 1936, should have poured out all the money and all the eloquence that was expended in trying to make the country believe that President Roosevelt's program meant only the destruction of American enterprise and the substitution of a reign of communism in the United States?

Isn't it surprising that on the farm bill for example, all but five of the Republican members of the Senate voted against it and that in the House, the Republicans opposed all the bill's provisions except a 10-cent increase in the price of wheat?

Zoo Hippopotamus Is Reaching Ripe Old Age

MILWAUKEE, July 7.—(AP)—Yacob, hippopotamus at the Washington park zoo, is three years over the average life span of 25 years. In the zoo a quarter century, he was imported from Germany after public subscription paid his \$2,200 cost. Nameless and homesick, he slunk at the bottom of his tank. Carl Hagenbeck, noted German animal trainer of the day, visited him.

Population Decline Brings Cut In Pay

OTTAWA, Kans., July 7.—(AP)—It is going to cost the mayor and the other two city commissioners here approximately \$130 for each of the 610 fewer persons the town census shows live here now. The drop in population was from 9,793 persons to 9,183. A state law provides that cities of less than 9,500 population shall pay the mayor \$1,000 a year and the commissioners \$300, previously, with the population above 9,500, each drew \$1,200.

PICKETS ARRESTED

NEW YORK.—(AP)—A police riot squad using crowbars broke into a struck metal works plant in Long Island City last night and arrested 21 pickets barricaded behind a heavy steel door in an effort to halt removal of equipment to New Jersey.

houses topping from coast to coast. Eighty thousand people paid big prices to see a prize fight the other day. Every crowd, bragging about the number of patrons; the theatres are doing a big business. That does not look much like the Hamiltonian, or Knocle pictures of the awful state of our nation.

To remove wine stains from table linens cover the stained area with cold water and salt. When it has dried, rinse it in cold water and launder the linen in the usual way.

Wait until your refrigerator drawers are half frozen before you add fruits. Otherwise the fruit is likely to freeze into hard, ice-like pieces.

Apples and rhubarb are tasty mixed together. Combine equal portions and cook as for a regular cobbler. Add a little lemon juice to improve the flavor.

Lois Evelyn Bagwell Weds Lewis A. Tate

Miss Lois Evelyn Bagwell of Waycross, Ga. became the bride of Lewis A. Tate of this city on June 30 at the home of Mr. and Mrs. Hugh Bates in Waycross. The ceremony was performed by the Rev. H. E. Donohoo, pastor of the Central Baptist Church, in the presence of a few friends and relatives.

Arrangements of fern and amylax formed a background for the improvised altar, where the couple stood before a white satin prie dieu. Floor baskets of dahlias and tapers in branched candelabra were arranged on each side of the altar.

The bride wore a navy blue lace dress with matching hat and accessories. Her shoulder corsage was of pink rosebuds and tuberoses.

An informal reception was held following the ceremony. Coral wine and plumosa were used to decorate the bride's table which held a large wedding cake.

The bride is the daughter of Mrs. J. C. Bagwell of Joppla, Ala. She was graduated from Guntersville High School and later trained as a nurse in St. Vincent's Hospital in Birmingham.

Mr. Tate holds a position with the Atlantic Coast Line Railroad here where he and his bride will make their home.

Mr. and Mrs. George Gray and R. T. Warren were among those from out of town attending the wedding.

Monthly Meet Is Held By Christian Endeavor

The monthly meeting of the Christian Endeavor Council of the First Presbyterian Church was held Tuesday night at the home of Robert Herndon.

Miss Carolyn Dague, president, presided over the short business meeting during which various domestic sports were discussed.

Douglas Garner, program chairman, announced the leaders for the remaining meetings of this month. The members of the Council voted to have a Bible class on Wednesday night of each week, using the lower room of the church as its place of meeting.

Daphne Takach, Robert Herndon and Anne Wright were appointed to divide the Christian Endeavor into groups to take charge of these weekly meetings.

During the social hour following the business meeting, the host showed moving pictures of the Presbyterian Young People's Conference which several of the members recently attended in Avon Park.

It was announced that the next meeting of the Council will be held at the home of John Bialline in Longwood.

Bridge Party Given By Mrs. C. F. Stahl

Mrs. C. F. Stahl entertained a few of her friends with a bridge party last night at her home on Sixteenth Street.

Several arrangements of sinlins decorated the rooms where the guests were assembled. Mrs. J. N. Tenhet for high score, won a pair of hose. Mrs. W. B. Shipley received a cut glass dish as scenic prize.

The hostess, assisted by her daughter, Miss Roberta Stahl, served a salad course to the following: Mrs. R. W. Spruecht, Mrs. M. C. Swingle, Mrs. James Gahan, Mrs. Lee Lanier, Mrs. Shippy, Mrs. Trubet and Miss Mary Jane Preston.

Do cut-worms wreak havoc in your garden? Try this! Mix a quart of tea with a cup of cold water. Add a teaspoon each of melon and Paris green. New Song Hits To Be Featured In 'Josette'

America is full of legends of great songwriters who wrote only when the spirit moved them. A most unusual "hit" and wrote their greatest song when the wall howled ominously at the door. These compositions would pen one set of words and music and then retire to an opiate oblivion while a nation sang the "latest hit" for eight or ten years thereafter.

Today, however, Hollywood has a team which has not only looked at a most unusual method in less than a year. Max Gordon and Harry Rayl have produced 30 song hits for an even dozen 20th Century Fox musicals.

Among the hits as well as the "hit" of the film "Josette" transported to the "hit" list, this team has produced the most successful songs for 20th Century Fox's early production company, "Josette" (theme song), "The Ritz" (title), "The film star, Ben Aronoff, singing "I'm in the Army Now" with Pat LaBe and Jack DeLeon handling the featured cast.

The film of Josette Gordon and Rayl featured in "Josette" includes "Max I Drop A Bomb In Your Life" of "What's In My Language" and "What's In The World".

Darryl F. Zanuck, 20th Century Fox, hit maker selected Alvin Dwan to direct the film dedicated to "Life, Liberty and the pursuit of Happiness." Sam Mark served as associate producer.

Household Hints

Mix equal part of food oil and turpentine to make an effective and economical furniture polish. Apply the mixture with a soft cloth. Wipe the surface dry and polish with a clean and soft cloth.

Try home-made sandwich for your lunch sandwiches. Use two tablespoons of powdered sugar and two tablespoons of vinegar. Add one tablespoon of vinegar and two teaspoons of boiling water. Mix well.

Stir up dessert sauce from Toast sponge or angel food cake. Spread them with preserves of fruit or jam. Sprinkle over with bananas, berries or oranges. If you have a supply of chocolate coconut on hand toast some of them and sprinkle a little over the top of each dessert.

Top baked steed ham with mixture of one cup of brown sugar, one teaspoon of peach preserves, two teaspoons of dry mustard and half a cup of vinegar. Spread the mixture on top of the ham just before you put it into the oven.

MR. AND MRS. JAMES BAILEY CASH, SR., are shown in Tallahassee, Fla., where they heard the state pardon board refuse to commute the death sentence of Franklin Pierce McCall, confessed kidnaper of his five-year-old son. During the proceedings, McCall's mother pleaded with Mrs. Cash to ask for clemency, she said, but the dead boy's mother refused. Mrs. McCall quoted Mrs. Cash as saying, "No penalty can pay for the crime or relieve us of our misery."

AT A HEARING before the Florida state pardon board at Tallahassee, Fla., Franklin Pierce McCall, Jr., confessed kidnaper of five-year old Jimmy Cash, Jr., lost his appeal for commutation of his death sentence to life imprisonment. The picture above shows McCall's weeping wife (right) and mother as they attended the hearing.

No Matter Who Wins, Hoosers Can't Lose

MAYFAIR, Tex., July 2.—(AP)—Whether the government needs a Republican or a Democratic postmaster the Hoosers can qualify—and have been doing it for 20 years.

In 1908 Charles Hooser was appointed as a Republican and served until the Democrats came into power with Woodrow Wilson. Then Mrs. Hooser, a Democrat, succeeded him. When Harding was elected Hooser again became postmaster.

The Democrats again came to power with the Roosevelt but party members in Mayfair figured there would be nothing gained if they asked for the appointment of a Democrat, as Mrs. Hooser would have been the choice, so Hooser has been held over.

# Lookouts Lose Second Overtime Tilt To G-Men, 5 To 4

## Locals Pound Out 14 Hits While Opponents Get Nine

### Charlie Atwater Is Victim Of Sanford Jinx After His Good Performance; Savage Hurts For G-Men

By JULIAN STENSTROM

MARRIS FIELD, Gainesville, July 8.—A wild throw to Eddie Davis on first base by Bob Pittman last night allowing Jack DeVincenti to circle the bases caused the Sanford Lookouts to drop another hard fought contest to the Gainesville G-Men by a score of 5 to 4 after 11 innings.

On the mound for the Lookouts was Charlie Atwater who gave up nine hits while his mates were collecting a grand total of 14 off Tom Savage, on the hill for the G-Men. Although the Lookouts hit Savage freely, they could not unload the bases with hits in the ninth place.

The Lookouts started scoring in the first stanza when a single, a sacrifice, another single and an error paved the way for a lone run. Gainesville came back to collect two in the second inning when two hits, a balk, a double steal and a walk allowed the pair of runners to cross the platter.

In the fifth the G-Men scored two more off three hits and a stolen base. In the seventh frame, the Lookouts came to life and knotted the score when Moore singled and went to second when Langston walked. Davis grounded out in the infield, advancing both Moore and Langston and the two scored when Pittman singled to right-center field. Pittman stole second and scored on Doljack's single to right-center field.

The game was scoreless until the 11th when Pittman threw the ball low and it got away from

MEL OTT, of the New York Giants, is shown crossing the plate for one of the runs that gave the National League team a 4 to 1 victory over the Americans in the All-Star game for charity at Cincinnati. Lombard's single sent Mel home. Earlier Ott had smashed out a triple off Johnny Allen of the Cleveland Indians. Dickey is the catcher.

## Lookouts, Islets Clash Tonight At Local Ball Park

### Big Chet Cook Stated To Go On Mound for Sanford Delegation

The Daytona Beach Islanders will meet the Sanford Lookouts in a regular Florida League game tonight at the local ball park. The Lookouts, who are the favorites to win the league, will be managed by Bill Shook.

Chet Cook, who has been out of the league since last season, will be on the mound for the Sanford delegation. Cook, who has a record of 10 wins and 10 losses, is expected to pitch a complete game.

The game is scheduled for 7:30 p.m. at the local ball park. Admission is 50 cents for the grandstand and 25 cents for the bleachers.

## Long Horseback Trip Cigarette Papers Are Costs Preacher \$/ Made OIScrap Timber

CARLEAD, N. M., July 7.—(AP) Ruchen Bohling, a mission-ary preacher from Signal Mountain, Tenn., recently arrived in Carlead after a horseback ride from his home town that he reported cost him only \$7.

Bohling said the horse had to be shod seven times on the journey and he averaged only 20 or 30 miles a day. He said the preacher reported, still, he had to give a horse-riding teacher a night's free lodging, and the black nothing was about the only cost of the trip.

A plan which originated at Provo, Utah, college, R. L. of a string student, against a college examination, is to be adopted by students at Boston college, Princeton college, Columbia, Princeton and University of California.

### State Court Decides Sheriffs May Seize Marble, Pin Games

Continued From Page One  
pared the briefs for presentation to the high tribunal said today. Mr. Boyle's announcement followed a telegram from G. T. Whitehead, clerk of the Supreme Court, in which he advised that the tribunal had given its opinion in the case.

While the tribunal affirmed Judge Smith's order, Mr. Boyle stated that he had not been advised as to whether the court's opinion upheld the act of the 1933 Legislature as applied in these devices. He indicated, however, that he felt these devices were in violation of the act which the residents of the state approved in a referendum in 1929. The case recited was that of Weathers versus Williams, sheriff of Brevard County. Mr. Boyle was called into the case by State Attorney General George Cooper Gibbs. Boyle spent three days at the Florida capital in preparing the necessary brief for the case.

While the case was argued from Brevard county, the opinion of the tribunal will apply to all Florida counties permitting sheriffs to confiscate seizure of the devices in accordance with the Governor's orders.

### Jap Request Renewed For Removal Of Vessels From War Zone

An accord settled with a his buoyed world's hopes that Bolivia and Paraguay would war no more for Gran Chaco's "green hell" but in the three other troubled areas of, Palestine, the Orient and Spain, shadows of war and revolt lengthened.

Joyous handshakes and backslappings followed the initialing in Buenos Aires of a preliminary agreement to end the century-old dispute between Bolivia and Paraguay. Agreement to determine the boundary between the long-embittered neighbors through arbitration by presidents of six American nations or their representatives now must be submitted for final approval of Bolivia and Paraguay. Mediators hope the final treaty can be signed within five or six days.

The slaying of two Christians and a Moslem in an Arab village in the Holy Nazareth district of Palestine raised the death toll in three days of racial killings to 31, with at least 150 wounded.

The Far East Japanese renewed request to the United States and other nations to clear all vessels and citizens from the Chinese war zone, particularly along the Yangtze River up which the invaders are sending war vessels and transports to accompany the troops on the banks.

After a week of virtual stalemate the insurgents on the eastern Spanish front occupied Nules, 28 miles north of Valencia. Government militiamen, however, checked their own retreat and staged counter-attacks along new defense lines.

## Eckener Hints Ban On Helium May Be Taken Off By FDR

FRIEDRICHSHAFEN, Germany, July 9.—(AP)—Dr. Hugo Eckener, veteran German dirigible commander, hinted yesterday that President Roosevelt yet may have a "last word" to say regarding the United States ban on export of helium to Germany, where it is needed for future airship development.

In an address during celebration of the 100th birthday anniversary of Count Von Zeppelin, father of lighter-than-air travel, Dr. Eckener ridiculed Secretary Harold L. Ickes for prohibiting export of helium, a non-inflammable gas Germany can get only from the United States.

He suggested the action of the United States Secretary of the Interior was due to American domestic politics.

Opening a new Zeppelin museum here, Frank, hint Dr. Eckener said:

"One cabinet member now has suddenly given the opinion that the helium promised us last year has military importance and there fore cannot be delivered.

"This seems like a joke, for this gentleman is the secretary of the Interior, while military experts of the War and Navy departments denied its military importance.

## Gangster Hangs

First victim of capital punishment to die in Michigan in 108 years was Anthony Chetoris, Detroit gangster, who was hanged by the federal government at Milan for a Molotov holdup attempt in which an innocent bystander was slain. Michigan's governor, who had appealed to President Roosevelt to prevent carrying out of the sentence in the state, termed the execution a "blot" on Michigan's "civilized record."

## Realtors Seek Abolition Of Ad Valorem Tax

### Local Board Joins In Plea For Tax On Income From Property

The Seminole County Real Estate Board at a special meeting yesterday afternoon joined other realtors over the state in a plea for revision in the method of taxing property, according to Secretary H. James Gut.

The board met in the office of President P. Hayard Smith at 3:30 o'clock and passed a resolution in which the local board joined in the state-wide movement being made to abolish the method ad valorem of taxation and to pass a constitutional amendment levying taxes on returns from property, which the board declared to be the more uniform and the fairer form of taxation.

It pointed out that the movement is being supported by the State Hotel Association, The Florida Apartment Owners Association, the Florida Tax Revision League and a number of other state and local organizations including local real estate boards representing more than 50 percent of the realtors in the state.

In the resolution the board seeks passage by the 1939 legislature of a joint resolution authorizing a referendum vote on a constitutional amendment specifying that the Legislature shall enact laws providing for the levy and collection of tax, except on homesteads, at a uniform percentage on the gross rent or rental value and also a percentage tax on the sale of real and personal property.

The resolution further requested provisions to be made in the amendment to the effect that no tax shall be levied against property by the state, counties, or cities on the basis of assessed capital value, except for special assessments for benefits.

The resolution also urged the legislative committee of the Florida Association of Real Estate Boards, of which the local board is a member, to cooperate with other organizations in every manner possible to support of the proposed amendment.

A copy of the resolution was filed with the board of governors of the state association which meets in Orlando next Saturday.

## Three Nations Offer Refuge To Oppressed

### Refugees Promised Work In Peru, Mexico And Dominican Republic At Parley

EVIAN LES BAINS, France, July 9.—(AP)—Three Latin American nations offered to upon their doors to German and Austrian refugees after a conference had told the Evian conference they could not permit mass immigration.

Mexico pledged an asylum to foreigners who are afraid for their lives and promised participants for them to work in the Dominican Republic promptly followed so as did Peru, the latter making exception, however, of refugee intellectuals.

The United States and Great Britain were understood to have reached a tentative agreement regarding a permanent international committee to assist refugees from Greater Germany.

The Anglo-American plan, it was said in well-informed quarters at the 32-nation intergovernmental refugee conference in session here, would provide:

1. That the headquarters of the organization would be in London.
2. That it remain free of close affiliation with existing refugee groups organized under auspices of the League of Nations.
3. For an American head, providing Washington's permission could be obtained.

The United States, Great Britain, France, Argentina and Brazil would be represented on the permanent committee.

Possibility of creating branch offices in the various European capitals also was under consideration, especially in those where the refugee problem is serious or likely to become so.

Approval of the Anglo-American plan by the intergovernmental conference, which was called by President Roosevelt, would pave the way for possible negotiation with Germany to hasten and systematize emigration of German and Austrian Jews, it was said.

The delegates reported that German officials had tentatively offered to allow Austrian Jews to leave with 20 percent of their goods as an inducement to speed up emigration for more than 50,000 planning to quit Austria permanently before the end of the year if arrangements can be made.

**SECRET PROBE OF FUNDS FOR CAMPAIGN STARTED**  
WASHINGTON, July 9.—(AP)—A secret investigation into alleged misuse of public money in a senatorial contest began yesterday, causing much speculation in the capital.

The inquiry was started by the Senate Campaign Committee whose chairman, Senator Sheppard, Democrat, Texas, declined to say what senatorial fight was involved.

He merely said the committee would send an agent into the state in question, to interview a person who complained that funds were being used improperly. The senator said the complaint was serious and that public hearings might be ordered if it appeared to be substantiated.

## FDR Expected To Bestow Blessings On Senator Thomas

### President's Address To Climax Bitter Oklahoma Campaign

OKLAHOMA CITY, July 9.—(AP)—Oklahoma's bitterly fought senatorial campaign reached a climax today with President Roosevelt expected to bestow his blessings on Senator Elmer Thomas.

That Chief Executive would give his favor to a candidate in his address here at 5:15 P. M. CST appeared more likely after he made it clear that Senator Bulkley in Kentucky and Senator Thomas in Ohio were his preferences.

Governor E. W. Marland, New Deal supporter opposing Thomas for nomination in Tuesday's Democratic primary, conceded Roosevelt's support to his rival.

At Covington, Ky., in mid-afternoon yesterday the President had strong words of praise for Senator Bulkley but suggested them with compliments for Gov. A. H. Chandler, opposing Bulkley in the Aug. 4 primary.

Later at Louisville from the rear of the train Mr. Roosevelt gave Senator Bulkley a verbal pat on the back but didn't mention Chandler's name. He said he wanted to express appreciation of Bulkley's efforts in helping the Administration to meet national problems. He said that "We need men of a national experience" to meet these problems.

The President spoke at La Touge race track near by Covington saying he wanted to "make it definite and clear" that he was "not interfering in any shape manner or form in the primary campaign in Kentucky."

Then discussing the senatorial primary campaign, Mr. Roosevelt said there was "no doubt" Governor Chandler would make a good senator but that he thought Chandler would be the first to admit that it would take many, many years "to match the national knowledge, the experience and the acknowledged leadership in affairs of the Nation" of that of Bulkley.

## Letter Reveals President Requested By Candidate To Clear Way For Nomination

### Chief Executive Refuses Proposal

### Hopkins Denies WPA Activity In Primary In Kentucky

WASHINGTON, July 9.—(AP)—President Roosevelt has accused Governor A. H. Chandler of Kentucky of placing him in a "disagreeable situation" by proposing that the way be cleared for Chandler's return for the Senate.

The Government, Roosevelt said in a letter to Chandler, "has not received a single report from you since you left the office of Governor Chandler in 1934. It is a pity that you have not been able to do anything for the State since that time."

The letter, given out by the White House today, was dated July 1. It was written after Chandler had announced he would not run from the Senate to accept a Federal appointment, opening the way for Chandler to run for the Senate seat.

When Chandler did not top out, Chandler announced his opposition to Bulkley. The President in a letter to Chandler said he had received a number of proposals for Chandler to run for the Senate seat.

Chandler's return for the Senate seat would mean a new change of political activity in Kentucky. The WPA in its attempt to bring Kentucky to a complete denial from Attorney General Harry Wood, Secretary of Agriculture Earl Browder, and other prominent figures, would have a large paper force in the name of Senator Bulkley.

Hopkins replied they were troubled not by the WPA but by a general fear to which they had been subjected by an "un-named" friend of Bulkley.

Award Roosevelt's return for the Oklahoma City, the President announced to keep the friends in the Senate advanced toward Oklahoma's political development.

## Cadet R. C. Tolar Given Promotion At The Citadel

Cadet Ralph C. Tolar, son of Dr. E. N. Tolar of this city, has been appointed to the rank of cadet lieutenant assigned by the band at The Citadel, according to word received here today from the Charleston, S. C. military academy.

"Cadet Tolar is a military cadet, and his promotion to the rank of cadet lieutenant is a commendation of his excellent record in the military course and upon graduation will receive the degree of bachelor of science. Since entering The Citadel he has maintained an excellent academic and military record."

A recent order issued at The Citadel announced the tentative appointments in the cadet regiment for the ensuing session. These appointments, subject to confirmation or revocation upon the opening of college in September, are based upon various achievements of the selected cadets.

Records upon which cadets are selected for command responsibility are based upon academic standing, conduct, bearing and appearance, dependability, leadership, personality, and participation in athletics and other extracurricular activities. As nearly as possible the element of personal preference is totally lacking, each cadet earning his chevrons by his own efforts.
