At The Capitol

TALLAHASSEE, May 3.—From figures that have been compiled by the State officials it seems that it costs Florida about \$52.50 to pass each law.

During the last regular session of the Legislature, it appropriated something like eleven million dollars for state and county purposes, and the cost of the session itself was less than \$50,000 to pass 112 new laws. Even at that, though, our records seem to be able to pass more laws and at less expense than a majority of the state Legislatures in the United States.

The total cost of legislative sessions in the 48 states this year was about fifteen million dollars, it has been estimated. Many states spend more than a million dollars on their legislative sessions alone. Among them are Pennsylvania, New York, and Illinois. Tennessee's legislature costs the state more than one-half million dollars. Utah spending \$50,000 and Nevada \$20,000 got their laws made for the smallest sum of any state, except Florida.

Florida law makers receive the same pay as do the judges who sit on the bench and the Senate. The stenographers, the clerks, the messengers and all other employees, who receive the same pay as do the judges and the Senate. The pay for the law makers is six dollars per day and that of the judges is four dollars per day. The members are overpaid. They may be right.

As has been customary for more than 50 years, the House and Senate are overwhelmingly Democratic. There is only one Republican in either branch, including Representative A. D. Whitman, of Hardee County. Senator R. J. Irby of Inverness could be classed as an Independent Democrat, but he has always been looked upon as a 'regular'.

In a recent report of the State Marketing Commissioner, it is shown that during the season of 1929-1930, there were shipped from Florida approximately 95,000 car loads of fruit and truck crops, vegetables, etc. It is a remarkable fact, and shows the intensive cultivation that is practiced in the Sanford-Orlando section, that 18 percent of this produce and fruit was shipped from Hardee County, and it becomes more unusual, when one considers that Hardee County is one of the smallest counties in the state. Only one county, Pinellas, is smaller. Hardee County is approximately the same size as Hardee, but because it is so intensively cultivated, it is able to produce more than any other county in the state.

The Sanford Herald is being mailed to each member of the Hardee delegation here, and we are in this way, enabled to keep you with the happenings of Hardee. This service is certainly appreciated by all those of us, and we wish the paper when the mails are delayed.

High Masonic Officers Will Talk Here Friday

High officials of the Masonic order in Florida, headed by Sanford Caldwell, Jacksonville, Grand High Priest, will be in Sanford Friday night for a Masonic conference. The conference will be held at the Hotel Sanford, and will be held under the auspices of the Chapter of the city. All members of the order are invited to attend.

Hines Departs For Inspection Of Sites

WASHINGTON, May 4.—(AP)—Veterans Administrator Hines left today for a trip into southern states to visit proposed sites for a veterans' hospital. He has an appointment in Jacksonville Thursday in connection with the future selection of a site in Florida.

ABANDONS FLIGHT

MIAMI, May 4.—(AP)—Frank W. Norton, 55, apartment house manager in Miami Beach, who left London, England, April 29 in an attempt to make a round trip to Australia and back to Miami, abandoned the flight here yesterday when his take-off was delayed by heavy traffic.

PROPOSED TAX LAW IS VETOED BY GOVERNOR

Carlton States He Believes Measure Is Not Constitutional; Race Tracks Probed

TALLAHASSEE, May 4.—(AP)—The proposed state inheritance tax law, recently passed by the Legislature, was vetoed today by Governor Carlton. The Senate voted 57 to nine to sustain the veto. The governor said he believed it was unconstitutional and because its terms would send all the revenue to schools. His message said he believed all revenue should be provided by the Legislature before a division was attempted. The House held no morning session but members prepared this afternoon to hear the request of Representative Tommasello, Oklawaha, for investigation of race track conditions in the state. A new banking bill establishing a superintendent of banks in the office apart from the comptroller was introduced by Senator King, Orlando. The creation of the office of state purchasing agent was sought by Senators Andrews, English, and Johns.

Fingerprints Upon Shotgun Are Clues To Agent's Killing

HATTIESBURG, Miss., May 4.—(AP)—Fingerprints on a sawed-off shotgun and information that may be gleaned from a "John Smith" today were clues that federal prohibition officers hoped would solve Saturday's ambush and shooting of H. L. Everett, 33-year-old prohibition officer in Hattiesburg, Mississippi.

Everett was shot to death near Collins, while driving to Jackson to furnish court testimony against alleged bootleggers and moonshiners. His automobile crashed through a bridge railing into Kelly's creek and his body was pulled from the water and mud. A wide hunt through several counties was begun for his slayers.

Agents W. H. Buck and Smith enroute by automobile to Hattiesburg from Wiggins accompanied by Deputy Sheriff Lee or Stone county, were ambushed at another bridge near McArthur and shots were pumped into their automobile.

The officers returned the fire, killing a man in tall bushes at the bridge and dangerously wounding him. The wounded man gave the name of John Smith. M. H. Daily, of Jackson, prohibition administrator, recovered a shotgun from the outskirts of Collins and was preparing to have the fingerprints photographed.

Masons Will Confer Fellowship Degrees

At the next regular communication of Sanford Lodge No. 62, F. and A. M., which will be held in the Masonic Temple tomorrow night at 8:00 o'clock, the Fellowship Degrees will be conferred. James O. Hoff, worshipful master, states that the District Deputy and Grand Master and the Master Warden, representing the Sanford Lodge will make short and interesting reports of the doings of the recent meetings of the Grand Lodge of Masons.

Sanford Fishermen Make Haul In Gulf

Reporting a haul of more than 150 pounds of deep-sea fish, a party of five Sanford fishermen, who have been fishing in the Gulf of Mexico about 20 miles off Ocala, returned here last night with several specimens of their catch as evidence of their day's outing. Included in the fish caught were Kingfish, King salmon, groupers, and various bass. The party was made up of Corbin Williams, Walter Coleman, C. C. Welch, Pat Bandy, and Ralph Goodspeed.

KILLED IN AUTO ACCIDENT

MIAMI, May 4.—(AP)—Frank W. Norton, 55, apartment house manager in Miami Beach, who left London, England, April 29 in an attempt to make a round trip to Australia and back to Miami, abandoned the flight here yesterday when his take-off was delayed by heavy traffic.

DEAD

George F. Baker, 91-year old financier and philanthropist, a contemporary of Morgan, Hill, Frick, Carnegie, and Ryan, who died of pneumonia, Saturday night after a short illness.

GEORGE F. BAKER, FINANCIAL GIANT, IS DEATH VICTIM

91-Year-Old Head of Bank Succumbs To Pneumonia Attack

NEW YORK, May 4.—(AP)—Little disturbance was expected in the financial district today because of the death of George Fisher Baker, financier and philanthropist, whose 91-year career was ended by pneumonia Saturday night.

The banker, regarded as the richest man in the country, lapsed into unconsciousness late Sunday. Three doctors remained at his bedside to the end. Baker returned to his home on the Georgia coast. He then was apparently in the best of health. After spending Thursday at his desk in the First National Bank of which he is president, he was taken to a hospital in the evening and an operation developed rapidly.

Those who dwell in the high places of business and finance felt no unrest. George Baker had built strong and well and the uncertainty and flurry that attended the passing of a great leader in days gone by was absent—a triumph of organization.

Many men will step into the places George Baker has vacated and carry on the affairs that he attended to long past the three-score-and-ten years allotted to most men.

At the Madison avenue mansion where the financier's body lay, Frank Rippy, his secretary, announced the funeral arrangements decided upon at a family conference.

The funeral will be held Tuesday at the Tuxedo Park, N. Y. estate. A special train will leave the Erie railroad terminal in Jersey City at 10:30 a. m. Tuesday bearing all those who will attend the services.

Interment will be in the family vault at Kensico cemetery. The death of George Baker leaves but one son-in-law on the outside of that last fighter, the witness of the passing of a civilization of steel upon the foundation of a hardy pioneering nation. That is John D. Rockefeller, sr.

The others—J. Pierpont Morgan, the elder, James J. Hill, Henry C. Frick, Andrew Carnegie, Thomas F. Ryan and others—have passed on.

MIAMI TRACK MADE BIG SUM REPORT SHOWS

Figures Indicate That Over \$700,000 Were Taken In By Jockey Club For Last Year

TALLAHASSEE, May 4.—Checking up yesterday on the operation of the Miami Jockey club's winter meeting which paid a couple of Tampa lawyers \$100,000 for a copyrighted certificate system of betting, members of the house investigating committee figured that the club itself at the same time got more than \$700,000. Some of them wanted to know why all of this big betting fund shouldn't go into the state's bank roll.

These questions will be asked at the committee meetings this week at which former Judge Julian Hazard and A. A. Wolfe, Tampa lawyer, will be asked to appear, along with Frank J. Brown, managing director of the jockey club, and Sheriff Lehman of Duval county. Hazard and Wolfe designed the certificate system for the tracks and sold it, in the firm belief, they have insisted, that it was no violation of the state law against gambling.

At the hearing Friday night Joseph E. Widener, of Philadelphia and Palm Beach, chairman of the jockey club, testified that he had been ordered by Sheriff Lehman to put in the certificate system. He left the impression on the mind of the committee that it was certificate or close.

Regardless of the conditions under which the Hazard-Wolfe system was put into effect, committee members said the system itself had worked to the great profit of the track. Brown will be asked particularly about the take-out, or percentage of all betting held by the track management. Unofficially, it was stated here yesterday, that the jockey club took out seven percent and got the "breaks," which made a net near eight percent.

Hazard and Wolfe were paid one percent, which would leave nearly seven percent for the club. On the basis of the \$103,000 payment to the Tampa as their profits during the 45-day meet, the club itself got considerably more than \$700,000 out of the vast sum wagered on the horses.

Advocates of a legalized racing bill—in and out of the legislature—have argued that the state would get well above \$1,000,000 a year from tracks operating in communities which might vote them in at a local option election. It was pointed out here that the Hazard-Wolfe system was used at three dog tracks at Miami, at the St. Petersburg Kennel club and at the St. Johns horse track, near Jacksonville. Friends of Hazard and Wolfe said they would be glad to tell the committee in detail just how much they received for the use of their system at each of the tracks, if the amount was important and had any direct bearing on the pending legislation.

RESCUE FLYER

COPENHAGEN—Captain Albin Ahrensberg, above, noted Swedish aviator, who, with Captain Ralph H. Baynes, of the British Army, hopes to rescue Augustine Courtauld, surveyor of the British Arctic Air Route Expedition, reported lost somewhere in Greenland.

RACE BY AIR WITH DEATH BEING PUT ON IN GREENLAND

Daring Swedish Flier Seeking To Rescue Marooned Scientist

ANGMAGSALIK, Greenland, May 4.—A daring race by land, sea and air approaches its climax today in an effort to rescue a young British scientist marooned and believed starving on the wastes of the Greenland ice cap. Captain Albin Ahrensberg, Swedish flier, landed here after a 500-mile over-water flight from Reykjavik, Iceland, on his way to the spot in the ice-bound interior where it is believed Augustine Courtauld, the scientist, may still be alive after a winter alone in the Arctic.

Ahrensberg, who left Sweden last week on his dangerous rescue mission landed at 4:30 P. M. He decided not to proceed further Sunday, due to ice on his wings. The ice showed up increasingly hazardous. He said he intended to refuel and continue Monday morning.

He will try to locate young Courtauld and then advise members of the H. U. Watkins expedition, of which Courtauld was a member. Ahrensberg also will carry supplies to be dropped to the scientist.

It was believed Courtauld had exhausted his food supply during the months he has spent this past winter in a lonely but on the last night, engaged in meteorological experiments.

Meanwhile, the patrol ship Odens, which passed by Angmagssalik over the week-end, reported it had reached the ice cap, and that the aviator Bjelland had attempted to fly in search of Courtauld. Bjelland, one of three fliers on (Continued On Page Three)

ALFONSO WILL LIVE IN AREA OF MEMORIES

Last Of Bourbons Returns From London To Live With Family At Fontainebleau

PARIS, May 4.—(AP)—Alfonso XIII, deposed King of Spain, Jack from Paris, for a life of exile amid scenes rich in memories of the monarchies of France. The last of the Bourbon kings returned from London Saturday evening, accompanied by the Duke of Miranda, his cousin. He rejoined Victoria, his queen, and the children in a suite at the Savoy hotel.

Alfonso will live within a stone's throw of the Chateau de Fontainebleau, where Napoleon signed his abdication. In his walks in the neighborhood of historic Fontainebleau, Alfonso will be reminded on many sides of the ephemeral nature of the power of kings. In the old Chateau, said to have been built by Robert the good in the Tenth century, Pope Pius VII was held prisoner by Napoleon for two years. It was also the residence of a Queen in exile, Christina of Sweden who caused her secretary, Mendelssohn, to be executed in the palace courtyard in 1807.

Under the reign of Louis XIV, the Chateau was the residence of Anne, de Montpensier, and later the beautiful Marie, de Barry made the castle her home while favorite of Louis XV.

Alfonso and members of his family, together with their retinue of 16 servants, occupy 20 rooms in the picturesque hotel, situated on the edge of the forest. Alfonso is keeping in close touch with events in Spain, writing with a gleam of hope that he may be permitted to go back to his palace at Madrid, whence he was ousted last month by the leaders of the Spanish Republic. He is reported to read with great eagerness the Spanish newspapers as they arrive each evening.

Officers from the Suroeste-Scotland yard of France, kept watch over the royal family. However, Alfonso has indicated he would like to elude them in his walks, as he has no fear of attempts on his life.

The people of Fontainebleau, although still curious, already have begun to regard Alfonso and his family as part of the life of the village. He is living at the hotel as the Duke of Toledo, and will seek to pass his time as an ordinary citizen on a visit to France.

Two Ministers Are Under Indictment For Flogging Man

MENA, Ark., May 4.—(AP)—Two ministers were under indictment today for flogging a man they accused of disregarding their warning to stay sober while the Red Cross fed his family last winter.

Sheriff John J. Jolin said the flogging was a "Christian act" and said if the ministers were fined he would raise the money to pay the fines. The ministers, Rev. Sid Wines and Rev. P. R. Larimore, of the Apostolic faith, are charged with whipping Bud Italia. They were not arrested, the sheriff said. The ministers warned Italia not to go home drunk again and when he did they administered a whipping. Italia did not file charges but reports to the prosecuting attorney led him to take the case before the grand jury. The sheriff said the whipping appeared to have the general approval of the residents.

First Leg Of Pacific Flight Is Completed

NUMASKI, Japan, May 4.—(AP)—The first leg of a projected trans-Pacific flight from Japan to the United States via Kerile and the Aleutian Islands was completed today by Seiji Yoshiwara, young Japanese aviator, carrying young Japanese messages from Premier Wakatsuki. Yoshiwara began the flight near Tokyo after an elaborate ceremony participated in by Commander Forbes, American ambassador, and other high officials. A light aircraft tankers sea-plane will be used.

SPEAKS HERE

Mayor John T. Altop, Jr., of Jacksonville, who spoke before members of the Seminole County Chamber of Commerce at noon today in an address which had for its theme "The Need for Advertising Florida."

NEW APPEAL TO YOUTH PLANNED BY 'DRY' FORCES

Movement Will Seek Support For Eighteenth Amendment

NEW YORK, May 4.—(AP)—A new movement which will appeal to the nation's youth for support of the Eighteenth Amendment—"the allied forces"—was announced yesterday.

Its three divisions are "Allied Youth," a young people's organization; "The Allied Campaigners," field workers and speakers; and "The Allied Business Men," backers of an advertising and publicity program.

The sponsors include Gov. Gifford Pinchot of Pennsylvania, Senator Borah of Idaho, Thomas A. Edison, Senator Morris Sheppard of Texas, Mrs. Mabel Walker Willebrandt, Dr. S. Parkes Calman and Miss Jane Addams.

With the twin objectives of educating and organizing, Dr. Daniel A. Poling, chairman of "The Allied Campaigners," said the project "inevitably" will have political effects. He said he hoped it would assist in breaking such sentiment that the inclusion of "wet" planks in either of the major party platforms next year would be impossible.

However, Dr. Poling emphasized that the movement would be non-partisan.

Robert Rupp, of Boston University, is president of "Allied Youth," which already has had 190 young people confirmed as state and local vice presidents.

With offices opening here shortly, "The Allied Campaigners," will start in Washington, Sept. 8, on a tour of 250 large cities, holding three-day meetings and organizing a local society in each city. By working into June, 1932, the squad hopes to reach 2,000,000 persons.

Francis Peters Dies At His Home Sunday

Funeral services for Francis Thomas Peters, resident of Sanford for about five years, who died at his home on West First Street early Sunday morning, were held this morning from All Souls Church at 9:00 o'clock. The Rev. J. J. McFerry was the officiating clergyman. Pallbearers were: F. E. Hummell, John Deitz, Paul Beaud, Henry Richter, Frank Melch, and Robert A. Cameron. His body was sent to Mill River, Mass. this afternoon where it will be buried in the family plot there.

Mr. Peters is survived by his widow—three daughters—Miss Ruth Peters, Miss Luc, Peters, of Sanford, Miss Doris Peters, of Waterbury, Conn.; one niece, Frances Peters, of Jacksonville; and one sister, Mary Peters, of Sanford.

ALSO SPEAKS AT LUNCHEON OF TRADEBODY

Advertising Declared To Be State Savior; Economy In Government Seen As Need

By PETER SCHAAL. One of Florida's outstanding personalities, and surely its greatest press-agent, the go-getting John T. Altop, Jr., mayor of Jacksonville, sometimes called the mayor of Florida, came to Sanford today, spent half an hour as the guest of the Seminole County Chamber of Commerce, and delivered an address which, because of its graphically forceful tenor, served not only to inspire a feeling of optimism in Florida in general and in Sanford in particular, but also to bring to the over 50 Sanford business and professional leaders present, some illuminating facts and figures on Florida since the boom days.

Having much of his address on experience he has gained after many years' identity as a showman, culminating in his appointment as public relations counsel for one of the largest theater firms in the world, Mayor Altop lost little time in pointing out some of the benefits which are derived when advertising is employed not only by manufacturers and retail merchants, but also by cities, states, and nations. Practically every thought which was brought before the group by Mayor Altop, had a direct or indirect bearing on his concluding words: "Advertising is the most essential thing in Florida today," and his optimistic air concerning Florida and its future was, from the prolonged applause which greeted him at the conclusion of the address, sought by each of his hearers.

While his address was primarily delivered in the interests of the proposed Florida State Chamber of Commerce plan to raise \$1,000,000 in Florida for the purpose of advertising this state in the magazines and newspapers of the world, Mayor Altop turned counselor for a few minutes and set forth a few suggestions which he asserted must be lived up to in a great measure before Florida can progress as it should.

His five points include: 1) A reduction in the cost of governments, city, county and state. 2) Settlement of delinquent taxes, authoring a state tax (Continued on Page Three)

Employment Seen As Showing Signs Of Definite Gains

NEW YORK, May 4.—(AP)—Definite indication of a "turn-around and continued" gain in employment was reported yesterday by J. Lewis Benton, general secretary of the National Association of Manufacturers, after a survey of factories covering the basic industries and employing nearly 500,000 workers. The survey covered 748 companies and is declared to represent conditions not later than 10 days ago.

"During the year and in spite of the depression," Benton said, "85 of these companies continued to increase their forces instead of decreasing them; 104 of the companies held to the usual complement of employees; 559 of the companies, because of the slack in consumer demand, were forced to make reductions in their forces."

"For the summer the change has even more hopeful aspects. Seventy-eight of the companies report that they will make additions to their payroll; 603 of the companies report that they will make no further reductions of their working forces, while only 67 companies report that they may be compelled to make further retrenchment."

The reports, Benton said, were made by companies of various sizes, from those with only a score in their payroll to those employing thousands.

MAHARIAGA IN HAVANA

HAVANA, May 4.—(AP)—Salvador de Madariaga, noted Spanish author, arrived yesterday on the liner Valendam bound from Mexico. He will deliver several lectures here in literary and philosophical subjects.

Rive's Players Set For League Opener

End Training Period With Plenty Of Pep; Lineups Announced

Elaborate Ceremony Gets Under Way At 8 O'clock As Elks Band Begins Playing

By PETER SCHAAL
Bringing their two weeks' training to a fast finish this afternoon, the nearly 20 amateur players gathered under the auspices of Sid Rive were prepared for the opening game tomorrow afternoon at 8:30 o'clock when the Sanford club will go into action against the DeLand team.

The workout was confined to hitting practice, and each player was seen hitting the old apple barrel. Bunting was also stressed, and that angle of the inside game appears to be polished off to a fine point. To top the evening's workout, and just before the uniforms were issued, a short drill was gone through. In other words, Manager Rive overhauled no detail in getting the boys ready for the fray, and when they take the field, there will be a valuable player in each position.

Uniforms, newly pressed, were issued to the 19 men who will make up the team for the remainder of the summer, and their part in tomorrow's game was given them. New caps, hose, and shoes were also given the players, and they should present a first class appearance tomorrow. Manager Rive announced that the line-up and batting order tomorrow will be as follows:投手, catcher, Miller or Weaver; infield: Peters, 2nd base; Weaver, pitcher; Harrison, 1st base; DeLoach, second base; Miller, 3rd base; Higgins or Wright, short; and Lake or Spencer, center field.

With that line-up, composed of players almost to a man, Manager Rive expects to stop the DeLand team, from the start, and can take with a good showing through the summer. Jimmy Wright was hit in the mouth by a batted ball yesterday, but he will be able to play tomorrow. He may get the ball over John Edward Higgins, since that player may be called out of town. Pat Miller and John Weaver will see service in right field, with Weaver starting the game. Buddy Lake will start in center, and be relieved by Jim Spencer later in the game. Out of those positions, every other spot is filled by a capable player.

The DeLand lineup, announced yesterday by Manager Hande, reveals that he is bringing a bunch of youngsters to Sanford, and that Ken Douglass will do the pitching.

The DeLand line-up is as follows: Culp, short; Hogan, center; DeLoach, third; Robinson, second; Lake, right; Wilkes, catching; DeLoach, left; Underhill, center, and DeLoach, pitcher. Relief players: Harris, Carter, Garvey, Blair, Sweeney, and Manager Hande.

The Sanford relief players will be Britt, McLanahan, Ammon and Rive.

As announced yesterday, the Sanford Elks Band will open the ceremonies by playing a concert starting at 8:05 o'clock. At 8:25, the infield practice, the players will march to centerfield where the Elks and Stripes will be playing the playing of the "Star-Spangled Banner." The players will march to their positions on the field. President of the Sanford County Chamber of Commerce, Henry M. Fayworth, will give the first ball to Mayor Earl Brown, DeLand. Unofficially, the game will be announced by the Elks band, and the game will be under way.

OH YEAH?

By PETER SCHAAL

The Yankees were the newest victims of the effectiveness of pitchers who know how to pitch that new ball, and for the ninth straight day, a big league game resulted in one team scoring five or less hits. Where it was no-hit or less hits. Where it was no-hit or less hits. Where it was no-hit or less hits.

The Detroit Tigers whipped the league's leading Indians for the second straight day as Sullivan outpitched Harder and Shoffer, and won 4 to 2. The Tigers went into a tie for fourth place because of their win. They hit and scored easily, driving Harder from the mound in the sixth, getting three hits in four trips, led the Tiger batters.

Washington lost a good chance to go into a tie with Cleveland for the league leadership when the Red Sox pounded four of its pitchers for a 16 to 4 win. The Sox registered 14 hits, every player getting one or more except Bobby Hoovers. Basing Wood led the Senator sluggers, but the scoring was sporadic, and the veteran Russell had but little trouble. Joe Judge, the Senator first baseman, was carried from the field early in the game and rushed to a hospital. Three Senators were added in the second, but it was Van Can-p and Pickering of the Sox, who did most of the damage.

Winning their fourth straight game, the White Sox, with Vic Frasier, the Texan, pitching beautiful ball, went into third place as they stopped the Browns 8 to 2, pushing them deeper into the cellar. Frasier was touched for nine hits, well scattered, and was never in danger. His double with the bases full in the sixth, pushed three of the seven runs across which were scored that frame.

The Cardinals disposed of the Cubs 6 to 2, with ease, going to first place after being tied for that post with the Cubs for three days. Johnson allowed but six hits, one of them a homer by Hartnett, as he helped the Cubs into third place. Oratt got a double, triple and single in four trips.

Bill Walker buried shutout ball for the Giants, and beat the Braves 5 to 0. The Giants went to second place while the Braves went to fourth. Hughey Critz was the big gun of the day, getting four singles and a home run in five trips. Terry and Ver-

ger also hit homers, while Vergez, in getting two out of three, moved into the list of 100 hitters.

The Rob'ns won their second straight game from the Phillies, 8 to 4. Joe Shaute, the Cleveland cast-off, pitched strongly, holding the Ph's to nine hits, including a homer by Klein. Lombardi led the Robin sluggers, with three hits in four trips.

The leaders to date: Home runs, Hornsby, Cubs, Stone, Tigers, 5 each; triples, H. Rice, Bluege, Senators, 3 each; doubles, Alexander, Tiggery, Yemik, Indians, 3 each; runs batted in, Hornsby, Cubs, Gehrig, Yanks, Spencer, Sens, 12 each; stolen bases, Gehrig, Yanks, Berger, Braves, Johnson, Tigers, Cissell, White Sox, 5 each; most strike outs, one game, Johnson, Yanks, 12; most bases on balls, one game, Morris, Red Sox, Frasier, White Sox, 10 each; most shutout wins, Seibold, Braves, 2; most runs, 17 in, Phillies, 11; most hits, Alexander, Tigers, 28.

Fonseca of the Indians, and Vergez of the Giants replaced Hornsby and Berry in the Big Six batting averages yesterday. Alexander, the slugging Tiger first baseman still leads the league, although he got but one hit yesterday. The Big Six leaders: Player and Club G. A. B. R. H. A. Alexander, Det. 15.87, 8 28.491 Davis, Phillies 12.82, 2 17.426 Rootger, Reds 11.47, 3 20.426 Fonseca, Indians 14.57, 13 23.404 Spencer, Sens 14.65, 9 23.400 Vergez, Giants 15.56, 8 23.303

"AL" IS SOUGHT IN CONNECTION WITH SLAYING

(Continued From Page One)
cerning the status of America's most notorious gangster, the fat, pudgy ruler of Chicago's vice, liquor and gambling syndicates, the scarred-face criminal who became a multi-millionaire through his nefarious operations.
Strange stories have seeped up from the underworld of late about Capone. Speculation has become rife over his affiliations, over his affiliations over whether he is the supreme boss of the underworld, or ring of super-gangsters.
Lansinger climaxes the rumors and the stool pigeon whispers with an amazing article which says that Capone was killed two years ago, that his half-brother, Giacomo Calabrese, submitted to a plastic operation to obtain a synthetic scar on his left cheek and that the latter now rules the criminal syndicate under the almost mythical name - "Capone."

Activities

Office Telephone 166

Personals

Robert O'Hara left yesterday for New York after spending the winter here.

Louis Tate is spending some time in Texas, Oklahoma and Indiana on business.

Mrs. Vesta Fay and son, Donald, left Saturday by motor for St. Paul, Minn. for an indefinite stay.

Mr. and Mrs. C. C. Briggs spent yesterday with Mr. and Mrs. J. C. Elsworth at their home in East Sanford.

Miss Ruby Coursey plans to leave for New Orleans, La. where she will spend the summer months with her aunt, Mrs. Arch Keith.

TELFORD-GOODWIN

J. N. Telford announces the engagement and approaching marriage of his daughter Lillian Iris to Herbert Marcellus Goodwin, of Fickitt, Wis. The marriage ceremony will take place in June.

Mr. and Mrs. J. F. Abbott and children, Archie, Louise and Lillian, were married to Coronado Smith yesterday where they spent the day.

Friends here of Allen Jones, Jr., son of Mr. and Mrs. T. Allen Jones, will regret to learn that he is critically ill at the Orange General Hospital.

Friends of G. L. Blodgett will be interested to learn that he is improving nicely after undergoing an operation Saturday at the Forsyth-Lightner Memorial Hospital.

Mr. and Mrs. Mack Coursey, Miss Ruby Coursey, David Coursey, Billie Coursey and Mr. and Mrs. C. W. Tate, of DeLand, spent last week at Twentynine as the guests of J. W. Tate.

Officers for the coming year were elected at the meeting of the East Side P. T. A. held on Thursday afternoon in the school building.

Mr. W. H. Stewart presiding. During the short business session the following officers were elected: Mr. J. C. Mitchell, vice-chairman; Mr. H. N. Nipper, secretary; and Mrs. R. E. Herndon, treasurer.

Mr. Thurston, treasurer, reported the sum of money received from the miniature wedding given recently by the East Side P. T. A. This money was then awarded the prize for having the largest number of mothers in attendance.

The following Health Day Program was presented by the children of the school:

1. Song, "Florida," Audience.
2. Bible Reading, Junior Richard.
3. Reading, "My Body," Third Grade.
4. Songs, "School Days," and "Vacation Time," Third Grade Boys.
5. Song, "We Drink Milk," First Grade.
6. Compositions, "Health," Third Grade.
7. Song, "Lovely May," Third Grade Girls.
8. Poem, "Lady Spring," Second Grade.
9. Song, "I Know," Elizabeth Pippin.

Complimenting Miss Marguerite Carter whose marriage to Robert Carter Brokaw of Orlando will be an event of May 16, Mrs. D. L. Thrasher and Mrs. J. D. Woodruff presided with a bridge party.

Throughout the afternoon bridge sessions were enjoyed by the guests. Late in the evening high prize, a novelty Kodak doll, was awarded to Mrs. Dorothy Thrasher, while out prize, an old-fashioned picture, was given to Mrs. Dorothy Thrasher. Each prize was wrapped with green tissue and tied with yellow ribbon.

ALSO SPEAKS AT LUNCHEON OF TRADE BODY

(Continued From Page One) commission to compromise past dues taxes.

1) Tax equalization—creation of a board of three to work with the tax collectors, both to collect and equalize taxes.

2) Cancellation of road-building—except for completing roads already contracted for and matching federal aid.

3) Stimulation of business—advertising.

"We've got to practice rigid economy in our governmental affairs," he began, in his recital of five points which he declared were vital needs. "By that I mean not only the state at large, but every city, town, hamlet, and merchant."

"We've got to cut off the needless expense, and we've got to do it while we are still mindful of the lessons we learned during the boom."

Mayor Alsop then declared that one of the little known facts about tax collections in this state is that nearly 25 percent of the taxes on Florida land is now in delinquency, and that approximately \$98,000,000 in delinquent taxes are outstanding. He suggested that a commission be appointed at once to effect a reduction in that enormous figure by setting on the last basis possible. "Why, if we settle for only 10 cents on the dollar, we'll have a fund that will carry this state a couple of years," he said, "and at the same time we'll have a clean slate to start with, and the regular taxpayer will be benefited enormously."

The next point outlined was an endorsement of an equalization board to cover every tax assessment in the state and to ease it on a reasonable value of the land in question. "Have you ever stopped to consider that there are just as many people in this state who are not paying enough taxes as there are people paying too much," he asked. "If you have, you can see that an equalization board is an absolute necessity."

"Essential for matching federal road aid, and finishing roads already contracted for, I don't think we ought to build a road in Florida for at least two years," said Mayor Alsop, as he outlined his fourth proposal. Florida's roads were termed the finest in the South and, with the proposed beautification plan of the Federation of Garden Clubs soon to be put into effect, he saw Florida's highways as one of the best advertising mediums in the state.

The last point suggested had to do with stimulating business and the ability of "sitting on the lid when there is nothing in the box. We want a full dinner pail before we sit on the lid. We want to get more business into Florida," said Mayor Alsop.

"We've got to stimulate business, we've got to reach out and bring in manufacturers of reports. We've got to advertise."

"I believe that Florida needs more advertising, more conventional advertising, marketing conditions for fruits and vegetables."

Mayor Alsop said that the possibilities of obtaining such results through advertising, "California," he said, "gets more good publicity than Florida because it has been advertising. You can't count the newspapers in

Minister Is Held On Charge Of Kidnaping

MACON, May 4.—(AP)—The Rev. Harry Long, Nazarene minister, was in jail in Cochran today on a charge of kidnaping 14-year-old Livvy Howard. The girl said Long had tried to get her to run away with him to Florida and that they spent the night in a school bus between Cochran and Macon. Charges against Long, who is married, were filed by the girl's father.

Flood Control Work Receives Assistance

TALLAHASSEE, May 4.—(AP)—Trustees of the internal improvement fund today voted to provide rights of way along the shores of Lake Okechobee for flood control work to be started soon by the federal government. The first work will be started on the shore land either owned by the state or controlled by trustees through provisions made in deeds when the land was sold to purchasers.

Trustees have agreed that there will be no charge to the government for rights of way. Experimental sections of dykes will be constructed first, but their location has not been announced.

Race By Air With Death Being Put On In Greenland

(Continued From Page One) board the Odinn, however, was forced down by engine trouble after 25 minutes. The plane was equipped with skills for landing on the ice.

Meanwhile, colleagues of Courtauld, sent out another party with dogs and sleds from their base at Angmagssalik. An earlier overland expedition had failed and it was feared shifting ice may have changed the position of Courtauld's hut.

He has no wireless. Courtauld, son of a British silk magnate, is a member of the H. G. Watkins' British Arctic air route expedition, which sailed from London last July to map out a northern air route from England to America.

MIAMI TRACK MADE BIG SUM REPORT SHOWS

(Continued From Page One) ing investigation and the effect being made to pass a law which would permit racing.

The Miami Jockey club has been operating for a number of years. Other cities in the state are said to be anxious to get under the provisions of the law permitting races, if passed. The bill however will put the decision of that question in the hands of the communities concerned by vote. The feeling seems to be more or less general here that Miami will continue to provide horse racing for its winter visitors and if that is the case there are many in the legislature who want to make it pay a profit to the state itself. Widener however, stated emphatically that if the bill is not passed the track will be closed next winter.

ST. PETERSBURG, May 4—

Two percent of the \$300,000 that passed through the windows of the St. Petersburg Kennel club during the 1931 racing season was paid to Julian A. Hazard and A. A. Wolfe, Tampa men, for the privilege of using the certificate system, the St. Petersburg Times said Sunday. It quoted T. L. Weaver, president and manager of the club as saying the Tampans were paid \$4,085.50.

The same system of betting was used at the local club as operated by the Miami Racing association which paid more than \$100,000 for use of the wagering system.
