again. The delay came about yesterday following a prosecution move which amended one of the two morals charges leveled against Kirkland and also extended the bill of particulars on the Orlando attorney, in regards to the time the alleged incident took place.

Kirkland was charged along with reputed bolita king Harlan Blackburn, with a crime against nature and lewd and lascivious conduct following an alleged incident involving two minor girls, 12 and 14. The incident was alleged to have occurred at an apartment in South Seminole County on SR 436.

The prosecution move came just as Judge E. Thom Rumberger was preparing to start the selection of jurors for the trial at 9:45 a.m. yesterday. The technical legal move by the state means that Kirkland must be rearraigned today, 24 hours after the amendment was filed by state attorney, Abbott Herring. The rearraignment is expected to take place around 2 p.m. this afternoon in Rumberger's chambers

at the Seminole County Court House. A new trial date probably will be set during this afternoon's proceedings. Christian Unity is a long way off. There are real differences hat must be hurdled. Theological questions that require agreement, disciplines that must be understood. Despite these divisions, the bonds that tie us together are strong. The leadership of Christ, the spiritual, social and physical needs of man

In seeking unity is it a question of who wins and who loses? If this is the heart of the matter then we will never arrive at Unity. Or shall we sit in judgement on who was at fault for the division among Christians? Regarding this Pope John XXIII said in an address to a group of Protestant ministers: "We do not wish to put anyone in history on trial. We shall not seek to establish who was right and who was wrong. Res-

ponsibility is divided. We only wish to say 'let us come together, let us make an end to our divisions." Any attempt at fault finding will be as distructive to the Christian family as it would be to the private family. Our attempt for Unity and Charity cannot sacrifice truth. We cannot simply gloss over our differences or try to pretend

they are not there. Such a mode of acting would be avoiding

the reality and only create greater problems. Dialogue must be supported by charity or it will only generate a lot of heat and not much light. The Dialogue sponsored by The Florida Council of Churches did a lot to foster charity among Christian leaders. It was a bridge that beloed to bring about a better understanding of different Christian religions. In working towards Christian unity no one really loses,

Money, money, money, Sometimes it seems that all people talk about is money. Some hoard it, others let it slip through their fingers. But, whether spentler or saver, no one is unmindful of it. Sometimes it seems as though even in church we hear too much about money. Isn't that the one place where money shouldn't be mentioned at all?

It isn't money that is at fault, but our attitude toward it. In earlier times, we gave of our services, trading one thing for another. Today we use money as a medium of exchange. It is the spirit in our use of that exchange, in both our spending and saving, that counts.

First Presbyterian Church of Sanford at the Sunday morning services. The church owns the area bounded by Third and Fourth Streets and Oak and Park Avenues excepting the Woman's Club property.

A church committee headed by B. C. Conklin had worked with an architect and a professional fund raiser in drafting tentative plans for the construction program.

Conklin explained to the congregation that a new Christian education building will be conrear of the Fellowship Building, which faces Third Street. A new addition to the Fellowship Building will be constructed on the east side of that structure (where the Pure Oil service station is now).

Refurbishing and heavy maintenance work will be accomplished for the sanctuary building at Third and Oak. Landscaping will be carried out also.

The congregation, in a business session at the close of the worship session, approved the program and authorized a building fund campaign in the fall. Actual construction will be started with funds derived from the campaign and subsequent loan from a financial

The long range program, Conklin stated, includes a new sanctuary in about 6-10 years fronting on Fourth Street.
