

Swede Martin's Big Bat Aids Lookouts 10 To 1 Win Over Orlando

Tiny Wright Allows Orlando Only Six Scattered Hits To Take His 19th Win Of Season

Lookout Left-Fielder Collects Four Hits In Five Appearances At The Plate At Timber Field

Bill Rodgers and his Sanford Lookouts came to life again last evening and swamped Joe Daley and his Orlando Gulls by a tune of 10 to 1 under the floodlights of Timber Field in the last game of the Lookouts play the Gulls an Orlando property.

The Gulls will come here today for the final game with Orlando this season and the game will take place this evening at the Sanford Municipal Athletic Field starting promptly at 8:15.

Doing the hurrying for the winners was none other than Owen Wright who gained his 19th victory of the season as he allowed the Gulls but six well scattered hits. Wright was effective in many ways as he fanned four of the Gulls batters and allowed only one Orlando player to reach first base via a free pass.

While Wright was hanging up his 19th win, his mates were doing their part when they registered 15 blows on the score books, off Bob Overstreet and Whitely Walker, which were blended with six errors by the Gulls that were not costly, and sent a total of 10 runners scurrying across the platter.

Overstreet started the tilt and gave up ten hits in the seven innings he saw action on the hill and Walker hurled four hit ball in the two innings he twirled.

Leading the hitting for the evening was none other than Sanford's left fielder, Swede Martin. Martin's big bat shot out four hits in five trips to the plate in the final game at Timber Field while during the opening game of the season at Timber Field he also secured four hits in five appearances at the plate.

Mills Cary and Boby Pritchard came up, with three each while Kingdon, Langston, Holcomb, Kansas and Wright were each credited with blows.

The Lookouts pushed one or more runs across the platter in the first four innings when they gathered a single marker in the first, second and third frames, and also two in the fourth. In the sixth they sent four runs across

TODAY'S SPORTING WORLD

By JULIAN STENSTRUM

We will have to hand it to the Daytona Beach ball club and to Jimmie Sanders for they seem to be the only club in the league that has the solution of how to whip the G-Men. Every time the Islanders and the G-Men clash it's just too bad for the Don McShane machine. We still have a good chance of slipping beyond Gainesville and end up on the top of the fight and obey world that is something, here is how it's done.

At the present time we are seeing exactly five games behind the Gainesville club. If Daytona cleans up the G's today and Sanford takes the Gulls it will put us four games out of the first spot. Let's hope that Stan Chantel can get the boys on the G-Men tonight in Gainesville.

Now at the league meeting today, we will predict that President Henry I. Gray will change his decision and will also give us a half point. Now tomorrow we may be only three and one-half games behind the leading club.

We can lick the McShane here Thursday, and that will be two and one-half games out and then the tie lays in the double header in that city Friday. If Sanford can take those two hits for which they will be fighting, it will put them only a half of game out of first place.

Here is the catch they must lose one more game to give us a chance to win one and there is your Florida State League Champs.

Gehring Is Also In Junior Loop's Big Batting Race

CHICAGO, Aug. 25.—(AP)—Detroit's brilliant Charley Gehring, one of baseball's brightest lights for a decade, tore American league pitching apart during the past week to take the lead in the junior circuit's hot race for batting honors.

The Tigers' second sacker, who has been among the league leaders most of the season, collected 14 hits in 24 trips to the plate during the past seven days, according to official averages which included games of Friday. His spurt, which netted 14 new points, brought his season's mark to 376, six better than the average of Joe DiMaggio of New York, who gained three points.

Lou Gehrig, New York's iron man first baseman, failed to do his usual "larrupin'" during the week, falling off five points to 369, good enough for a third place tie with last week's leader, Cecil Travis, Washington shortstop. Travis ran into one of the great severe slumps any leader has felt this season, dropping 17 points by getting only seven hits in 3 trips.

Gerald Walker, Detroit's reformed "bad boy" outfielder, picked up six points and his .353 average put him two points ahead of Rip Radcliff of Chicago's outfield. Others among the first ten were: Henry Greenberg, Detroit, .346; Roy (Boss) Bell, St. Louis, .344; Eke Bonura, Chicago, .342 and Sam West, St. Louis, .337.

League Directors To Discuss Local Ball Case Today

Henry I. Gray, president of the Florida State League, announced this morning that a league directors meeting would be held this afternoon in Gainesville to discuss the celebrated case in which the Sanford Baseball Association was fined \$100 and the game in which Sanford beat Leesburg was given to the latter team by forfeit.

Other baseball cities in the league as Daytona Beach, St. Augustine, Deland and Palatka have already expressed their opinion of the situation and they are against Mr. Gray's decision. Rex Parkard, local league director, will present at the meeting.

Here is the catch they must lose one more game to give us a chance to win one and there is your Florida State League Champs.

Paul Waner May Yet Give Medwick A Battle As King

NEW YORK, Aug. 25.—(AP)—Big Poison Paul Waner, Pittsburgh's pounding outfielder, may yet give Ducky Medwick a battle for that National league batting championship.

Although Medwick, still hitting .400, has given no indication of slipping from his season-long hot pace, Waner has suddenly come to life and is traveling at the fastest clip in the league so far as hitters are concerned.

He collected 16 hits in 30 official times at bat during the week ended with Friday's game, topped his average 11 points to .386, took second place in the race from Gabby Hartnett, and asked Medwick's peacemaking margin from 22 to 14 points.

Medwick, hitting 12 for 31 for the week, fell one point to an even .400, while Gabby Hartnett, nose-diving in a batting slump, dropped ten points to .368.

Trailing the three pace-setters were Johnny Mize, Cardinals, fourth with .365; Ark Vaughan, Pirates, and Ernie Lombardi, Reds, tied for fifth with .351; Billy Herman, Cubs, .349; Pinky Whitney, Phillies, .347; Heleni Manush, Dodgers, .338, and Frank Denure, Cubs, .337.

SHANGHAI STREETS CLOGGED WITH THE DEAD OF WAR

Mangled bodies of Chinese fill the streets of the French concession in the International Settlement of Shanghai following the explosion of a bomb dropped from a Chinese plane in the ghastly battle with the Japanese. The blast killed several hundred. Survivors are seen searching among the dead for bodies of relatives. This picture, one of the first to come from the Shanghai war zone, was flown across the Pacific on the Hawaii Clipper.

Ambassador's Party Driving From Nanjing To Shanghai

SIANGHAI, Aug. 26.—(AP)—International complications of the undeclared Chinese-Japanese war increased ominously today as occupants of a Japanese warplane shot and seriously wounded the British Ambassador to China and the Japanese navy threatened to include foreign shipping in its blockade of China's coast.

Sir Hugh Knatchbull-Hugesson, the British envoy was shot while motoring from Nanjing to Shanghai. The ambassador's party was traveling in two motor cars both flying large Union Jacks.

Fifty miles from Shanghai, two Japanese planes swooped down. The first sprayed the two cars with machine gun bullets. The second dropped bombs after the cars had stopped.

Lieutenant Colonel W. A. Leavelle, military attaché, was also hit at least twice in the left side and stomach.

An official British statement said there was no doubt the planes that attacked him were Japanese. He was rushed to a country hospital in Shanghai's international Settlement where physicians found a bullet had broken his back but had left the spinal cord intact. They said his condition was exceedingly critical and that he might not recover.

Chinese and foreign diplomatic circles in Nanjing received the news of the affair with expressions of horror and dismay. High Japanese officials were quick to express their sorrow.

On the battlefronts around Shanghai Chinese defenders' munitions had fallen back on a broad front while the Japanese army had established a firm foothold on the Yangtze coast north of Shanghai for the launching of extensive operations to drive the Chinese from the vicinity of Shanghai.

A spokesman for the Japanese navy said foreign shipping along the China coast may be halted by Japanese warships patrolling the area.

President Signs Measure To Curb Loopholes In Law

New Bill Will Make Tax Increase Of 100 Million Yearly

WASHINGTON, Aug. 26.—(AP)—President Roosevelt signed today a measure to close loopholes in the income tax law. The measure was requested by the President to curb what he termed tax evasion and avoidance. It is expected by experts to increase tax revenues by from 75 to 100 million dollars a year.

Mr. Roosevelt also signed the third deficiency bill appropriating \$17,662,000 for various government departments and agencies. A measure also authorizes the use of \$6,500,000 of tariff receipts for subsidies to cotton farmers in connection with a government effort to stabilize the price at 12 cents a pound.

Judge Smith Presides At Gainesville Trial

Judge Millard H. Smith of Titusville and Circuit Judge of the Ninth Judicial district, is presiding over the trial of Marlin Walker, charged with the murder of Mrs. Annie Roberts at her home in Bell in a Circuit Court session in Alachua County.

Governor Fred P. Cose designated Judge Smith after the disqualification of Judge A. Z. Adams and the absence of Judge H. L. Nehring.

O. P. Herndon, clerk of the Circuit Court, was advised today that Judge Smith would be unable to be in his chamber at the Court House tomorrow because of the Alachua County Court session.

Franco Warns Ships Of Neutral Nations

BURGOS, Spain, Aug. 26.—(AP)—General Franco bluntly warned yesterday that his ships would continue to fire on ships carrying supplies to government forces. Neutral nations, he said, should not permit their flags to fly over "the hand of unconstructive" vessels.

At St. Juan-de-Los, rebels said Franco had stripped of command and sent to the Canary Islands Col. Juan Yague, for months a leader of rebel armies before Madrid. It was said Yague had been a friend of Manuel Hedilla, former chief of the Spanish fascist party, who is serving a life term in a rebel jail for conspiring against Franco.

Britain Joins U. S. In Appeal To End Sino-Jap Warfare

LONDON, Aug. 26.—(AP)—Great Britain, alarmed by the threat to her enormous interests in Shanghai, last night joined the United States in a formal appeal for an immediate end to the Sino-Japanese war.

The appeal was announced in a communique after day-long emergency consultation among Prime Minister Chamberlain and cabinet leaders, said:

"The British government shares the anxieties of the United States government regarding the damage to the far east in general from the present fighting and welcomes the appeal made by the United States secretary of state for both sides to cease their hostilities."

The communique continued: "The ministers observe with satisfaction the close collaboration maintained with other governments, especially the American and French."

"They regard it as most important that such collaboration should continue."

Court Action Is Awaited On Three Financial Cases

Questions To Be Decided After Recess Of State Tribunal

TALLAHASSEE, Aug. 26.—(AP)—Three cases of major financial importance, along with scores of others, await decision by the Florida supreme court when it resumes its session next week.

Heading the list is the much discussed gasoline tax litigation involving refusal of Comptroller Lee to pay State gasoline taxes to counties under terms of special legislative acts.

Next is the "low dollar" delinquent tax redemption law official known as "Committee Substitute for House Bill 396" of the 1937 legislature.

The third is the current judge salary case in which two former judges seek to compel payment of amounts they would have received if the 1934 and 1935 legislative times had not reduced their salaries.

Others of lesser nature before the court involve 1937 legislative suits, appeals from lower courts.

Lawyers have asked for oral arguments on the gasoline tax cases. The court probably will hear them during September.

There is no fixed time for the court to decide a case. After a hearing, and after briefs and other proceedings are filed, the court's justices discuss the case in conference and usually assign one of their number to write an opinion. Then the opinion, which includes the court's decision, is passed around to other justices for consideration before it comes back to another conference and a decision of whether the justices agree to it. If they agree, it then is filed in the clerk's office.

Cases of major state importance usually are given right of way by the court, and decisions sometimes are announced within a few days.

The delinquent tax redemption case already has been presented to the court, and the next step is the decision on its constitutionality.

The court heard arguments some time ago on whether the legislature could reduce a circuit judge's salary during his term of office. Before announcing a decision, however, Justice Fred H. Davis died, and Roy H. Chalmers of Lake City succeeded him.

Now the court has set the case for a re-argument, and invited the participating lawyers to present their views again.

Loyalists Try New Offensive In Northeast

Rebel Towns Of Tod And Quinto Captured And Franco's Lines Are Bent

Last Stand Made Defending City

Rebel Airplanes Attack Government Artillery Positions

VALENCIA, Aug. 26.—(AP)—Government troops pushed a tremendous offensive today on the Aragon front of northeastern Spain. The government spearhead was thrust into Generalissimo Francisco Franco's lines 25 miles southeast of Zaragoza where the town of Quinto, long held by the insurgents of Zaragoza—Valencia Road was occupied by government troops.

The government has often attacked Quinto but not until today did it capture Quinto was the scene of intense fighting.

The government drive also brought capture to Tod, another insurgent-held town. The Madrid-Valencia regime threw its crack troops from the fighting west of Madrid in Brunete sector, late its farthest eastern drive.

Apparently the Santanderers, with a couple of batteries of artillery and machine guns, decided on one last stand.

Starting yesterday morning from Barbazon, about seven miles south of the city, the insurgents' legions marched through rebel burning towns and villages, where an ammunition dump was burning, then to Karamag, almost within sight of the final objective.

There the fight started. Santander defenders opened up with machine guns, but were driven back. They rallied again here, at Maridos, and again were driven out—just before noon.

Meanwhile, insurgents slowly were encircling the city from the west with the prospect of driving the enemy of the ridges and allowing complete occupation of the city by nightfall or early Thursday morning.

In mid-afternoon, 25 warplanes in close formation zoomed over Santander, slanted downward and blazed the western ridges with bombs. Government artillery abruptly ceased firing.

Entries in the Jean Harlow contest sponsored by the Sanford Herald must be submitted to the Sanford Herald office before midnight tonight to be eligible for judgment.

"Jean Harlow's Life History by Louella O. Parsons, an attractive booklet containing a large number of illustrations and incidents in the life of the glamorous star, will be presented to those who submit the most nearly complete and correct list of productions in which she appeared under the direction of Metro-Goldwyn-Mayer.

Winners will be announced in Friday's paper and may receive their copy by calling at The Herald office on Saturday.

Contestants are reminded that there is still time for replies to be received, but they must "make it snappy."

Citrus Pact Draft Goes To Committee

LAKELAND, Aug. 26.—The draft of a proposed new citrus marketing agreement will be outlined at a meeting here Friday to a growers' committee of 11.

Growers authorized a general industry committee to proceed with writing of the agreement.

If the measure meets approval of the growers' committee, it was expected here a general industry meeting would be called to consider it.

Secretary Wallace then would be asked to take the necessary steps to get the signature of the shippers and ratification by growers.

Honesty Of Expression

What makes a good newspaper good? Too many, we are afraid, think it is the number of comics which it publishes daily, or the sex interest in its serial stories, or the size of the type over its crime stories.

But the Montgomery Advertiser says, "What counts in judging the character of a newspaper is whether it reasons with intellectual honesty in arriving at its conclusions, or makes an appeal to prejudices and emotions in order to influence the reading public to accept its opinions."

And the Toccoa (Georgia) Record thinks that a good many factors enter into the making of a newspaper, whether it is a large one or a small one, and that the excellence of the finished product naturally depends to a large extent upon the opportunities which the field offers the editor and publisher, but the Record agrees that there is one fundamental quality which is important to every newspaper, regardless of size, and that is honesty of expression.

"Every editor frequently faces the necessity of making a decision on this very point," says the Record. "It is easier to tell the reader what he wants to hear, to take the popular side, to run with the pack. But it takes courage sometimes to express an opinion, in opposition to prevailing sentiment. But in such a case, no editor worthy of his responsible calling ever hesitates. He gives his honest opinions, regardless of who agrees or disagrees with them."

And that, dear readers, makes any newspaper a good newspaper regardless of comics, feature stories, or Sunday supplements. An honest opinion is worth more to the public than a truck load of funny papers.

Growing Cattle Industry

According to a report from the State Chamber of Commerce, huge herds of range cattle, driven by cowboys in the traditional frontier style of the Old West, are now moving into Florida to escape Western dust and drought. Driven from their Western ranges by recurrent dust storms, the great herds are being transferred to ranges in the Lake Okechobee section of south Central Florida, this report states.

The migration is said to have been responsible for the sale of large tracts of land in Highlands, Okechobee, and other surrounding counties. Although Florida has been a great cattle State since its earliest days, this movement is expected to make the cattle industry even more important in the economic set-up of this State.

The "Buy Florida Beef" campaign of the State Chamber now takes on increased significance, and all Florida residents and visitors are urged to do so in order that Florida's cattle industry may expand even more rapidly.

PRESIDENT ROOSEVELT'S "peace mission" to South America last winter produced some ironic results. Leaving Brazil to visit Argentina, the President was escorted by 120 airplanes from the Brazilian army and navy. So impressed were the Argentines by this display that within 15 days they had appropriated almost \$2,500,000 to buy airplanes from the United States. And when Chile discovered that the Argentine planes could easily cross the Andes—loaded with bombs—she sent an aviation mission to the U. S. All in all, it was the biggest armament race South America has had in many years.—The Christian Century.

AS HE MADE his hospital rounds one morning, Dr. John C. Berry, an early missionary in Kobe, observed a patient smoking his pipe in bed and left with him a tract on the evils of tobacco. The patient, young Mural, was so impressed with figures in the pamphlet showing the number of educational institutions which could have been built with the money spent annually in America and Europe for cigarettes, that he introduced the cigarette in Japan and made a large fortune before selling out to the tobacco trust.—Frank Cary, The Lighter Side of History.

BLOWN OUT of the New London, Texas, school when natural gas under it exploded and killed hundreds of children, was a section of blackboard on which someone had scrawled: "Oil and natural gas are East Texas' greatest mineral blessings. Without them this school would not be here, and none of us would be learning our lessons."—Time.

SANFORD TWENTY YEARS AGO

The marriage of Peter Kolff and Miss Benson has been recently announced. The two were united by Rev. Steinhilber and the happy couple will make Sanford its future home to engage in farming. Miss Alma Salt returned recently from a trip to St. Petersburg and Tampa which was very pleasant, she says.

Mrs. Puleston and children returned home last night from Marco where they have been visiting Mrs. Puleston's mother for several months.

Information has arrived which states that Tracy McCuller has joined the Army in Texas. He will be the quartermaster's department.

Mrs. C. O. Codrington, wife of Editor Codrington of the DeLand News, and Mr. and Mrs. Ernest Rowland, also of DeLand, were in the city recently.

A large number of members were present at a meeting of the Seminoles Rebekah Lodge yesterday. During the course of the evening, Mr. and Mrs. G. W. Venable, Mrs. James Hall, Mrs. Minnie McDonald, and Mrs. Wells were initiated into the mysteries of the lodge degree. The group is rapidly growing and soon expects to be one of the banner lodges in the state, according to the members.

Ernest Garvin left recently for St. Louis where he will join the regimental band of the Missouri troops. He will leave in a few weeks for France. He is the nephew of J. S.

Mrs. W. M. Haynes of this city and a former member of the Sanford band.

Mrs. M. J. Hoolahan and two sons, Vern and Wooding, of Jacksonville, returned home Friday afternoon after a three week's visit with Mrs. J. F. Hoolahan and relatives.

Pennies Are Pinched In P. O. Department

WASHINGTON, Aug. 26.—(AP)—Postmaster General Farley is overlooking no penny when it comes to pinching pennies from postoffice department customers.

It's just a penny, says the practice of sending money to two persons with one money order.

"Two persons, two money orders," says Farley's department in its orders to postmasters.

Food Costs Greatly Increased Since '33

WASHINGTON, Aug. 26.—(AP)—Tip to housewives: If hubby wants to know what's happening to the food allowance, write to the National Industrial Conference board for the dope on changes in the cost of living for wage earners.

For one thing, the board will tell you that food costs in July of this year were 43 per cent higher than they were in that dark spring of '33.

HUNDREDS DIE IN SHANGHAI BOMBING

Flown to the United States in the speedy Hawaii Clipper, this picture was made at the intersection of Avenue Elouard VII and Thibet Road in war-blasted Shanghai a few moments after a Chinese bomb struck an amusement house there and killed several hundred persons. This picture shows the havoc wreaked.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK—In a crooked little street in downtown Manhattan, where street lights are dim and elevated structures cut off the sky, guns blazed with cruel accuracy today.

The same thing happened yesterday and will occur tomorrow. It's been going on for years, and the rumormongers are very serious about it all.

For they are the members of Manhattan's school of firearms—their daily task is to rip the black out of a tiny target at 20 paces.

They succeed, too. These men spend their days in Wall street offices behind law books, in hospital operating rooms—but in the afternoons they relax to the roar of kicking guns.

The doctor is unhappy because only eight of his 10 shots hit the bulls-eye—the others were half an inch off. The lawyer is disappointed because his 10 shots, although all in the "eye," weren't grouped to his satisfaction.

The novelist, trained to a fictional career, imagines his target to be the baleful eye of some sinister character in his newest book, and pulls the trigger.

There is no banter or small talk at this session. They speak in low tones, when they speak at all. They rest a few minutes after walking down the two flights of stairs to the sub-basement, where the range is located, then they enter their private booths which look out on the long gallery.

They load their pieces with infinite care, meticulously wiping their hands afterward to guard against perspiration or cartridge grease.

They fire, and after each trigger "squeeze," they glance through a fitted telescope to determine the exact position of the bullet hole.

Who are these men in real life? Here is Kurt Steel, the detective story writer whose detective, Hank Hier, is not nearly so good a shot as the author, Morris A. Koch, former Olympic performer, is the club's coach.

Karl T. Frederick is a noted lawyer, but he was the world's champion pistol shot in 1920. William T. Dewari is a gunman, too. He is president and publisher of the New York Sun.

Isabel Cary, the novelist. Dr. T. Olin Meeker, surgeon; Mitchell Kennedy, Jr., publisher; Dr. Miguel Di Capria, of N. Y. U.; Leo S. Pavelle, the photographer

Village Takes Rest Once Every Summer

AMHERST, O., Aug. 26.—(AP)—When this village of 2,800 population relaxes, it doesn't just make believe it has no historic date to commemorate, so once each summer it shuts up shop and has a "picnic" just for the fun of it.

All stores close, most of the housewives serve cold suppers, and the townsfolk spend the day participating in a parade and street games. This year some 2,000 rural residents went to town to share in the sport.

GOOD APPOINTMENT

OCALA STAR

When the Cone administration took over at Tallahassee and the incoming governor began replacing the appointments of the outgoing governor, there was the usual lifting of eyebrows and comments, acrid and otherwise.

At a stormy session of the cabinet, with the administration of the state hospital for the insane under discussion, the then superintendent was disposed and his successor appointed in the person of a well known Ocala, Dr. J. H. Terrell.

But in the immediate vicinity of Chattahoochee, where the state hospital and the manner of its administration is all important the change of administrators is of more than political significance.

It makes a difference who directs affairs there, and how, as will be seen from the following comment in a recent issue of the River Junction Tribune, which says:

"What a pleasure it is to have a superintendent at the hospital who runs the place with the quiet dignity of a good businessman, minding his own business and leaving other people's alone I haven't heard the first squawk out of an employee nor a local business man about anything the superintendent is doing. He seems to have the knack of tending to his own business properly without stepping on the toes all around him. Peace, quiet and security. That's what we have and it's mighty fine."

Ocala will be glad to learn that their fellow townsman is establishing a reputation for executive ability at Chattahoochee. His appointment as superintendent is generally recognized as one of the best of the present administration.

BRITAIN TO BUY AIRSHIPS

LONDON, (AP)—British-owned airships are to fly again. Seven years after R-101 crashed and its sister ship R-100 was turned into scrap to show that the air ministry was finished with lighter-than-air craft, private British interests plan to fly three helium-filled, diesel-engined "baby" airships. The ships will be purchased in the United States.

Those attending were: Mrs. George Haba, Mrs. Frank Meisch, Mrs. Celia Brant, Mrs. Henry Richter, Miss Helen Haba, Miss Constance Meisch, Miss Arlene Richter, and Miss Christine Powell.

Also: Herbert Haba, Frank Meisch, Jr., Fred Brant, Henry Richter, Jr. and Jacob Richter.

Alleged Victims Fall To Identify Montague As Roadhouse Looter

ELIZABETHTOWN, N. Y., Aug. 23—(AP)—John Montague, Hollywood's favorite golfer, left his cell in the Essex county jail yesterday under heavy guard and went to a corner drug store for an ice cream soda. It was his thirty-second birthday.

Montague, awaiting action on his plea for bail pending trial on robbery charges, was escorted by four state troopers.

After he had ordered his soda, by coincidence—or maybe it was arranged—three of the victims of the robbery he allegedly perpetrated in entered the store. They sat a few feet away and ate ice cream.

Mrs. Kim Hanna, wife of the proprietor of the roadhouse, and her two daughters, Noma, 24, and Doris, 17, stared at the man who is accused of robbing their roadhouse of \$700 seven years ago, but said nothing.

Later, when Montague had left, Noma talked with pressmen. She said they were all in the roadhouse when the robbery occurred, but added:

"I don't know whether that fellow was there. I heard one of the handits say, 'Mon, he's them up,' but I couldn't say it was him."

(Montague, police say, was known as Lawrence Moore at the time of the robbery).

BUY FIRE TRUCKS

TALLAHASSEE, Aug. 23—(AP)—It took the state cabinet more than an hour to choose the trucks for the hospital for the insane at Chattahoochee.

The state cabinet and state highway department yesterday approved a bid of \$112,000.

Miss Helen Anderson Weds Gordon Dean

Of interest to a large number of friends here is the announcement of the marriage of Miss Helen Anderson of New York City to W. Gordon Dean at 4:00 o'clock today.

The ceremony was performed at the home of Mrs. William L. Donnelly in Southampton, Long Island. The Rev. Jesse Halsey D. D. of the Seventh Presbyterian Church, Cincinnati, Ohio, officiated.

The bride was given in marriage by her brother, Merrill Anderson, of New York City. She wore a gown of white shadowed flowered organza trimmed with bands of shirring. A shoulder-length veil fell from a shirred bandeau. She carried a spray bouquet of tuberosas and lilies-of-the-valley.

She was attended by her two sisters, Mrs. Thurston Adams of New York City and Mrs. Anson B. Moran 2nd of Tucson, Arizona. They each wore a costume of rose and white garden print white tulle and white tulle. White tulle and white tulle were used in their hair and bouquets.

Thurston Adams of New York City served as best man.

A small reception followed the wedding with only members of the families and a few relatives present.

Miss Anderson is the daughter of the late Col. and Mrs. Henry Warren Anderson of Exeter, New Hampshire. She attended Skidmore College and the Museum School of Fine Arts in Boston.

Mr. Dean is the son of Simpson Bobo Dean and the late Mrs. Dean of Miami, Florida. He was educated at Roxbury School and was a member of the class of 1927 at Yale University.

The couple will return to Sanford to make their home after a motor trip through New England.

Winter Haven Eyes Movements Of CIO

WINTER HAVEN, Aug. 23—(AP)—Fruitmen of this city are watching with keen interest the efforts of the CIO to organize citrus workers in the State. It has been learned that the movement will be pushed vigorously here within the next few days, operators of canning plants and packing houses having already been approached by representatives of the CIO.

It also is reported that the American Federation of Labor is instituting a campaign of organization of the same industry.

June Strikes Reach New High Record

WASHINGTON, Aug. 23—(AP)—The Department of Labor reports that strikes reached a new high in June.

During that month, there were 875 strikes, 875 of them new ones, involving 875,000 workers. Altogether the time lost amounted to 4,500,000 man-days.

The Labor Department began compiling such figures in January, 1936, and the June man-day loss was the greatest since then.

Seed Sowing By Plane Saves Burned Land

HALEM, Ore. Aug. 23—(AP)—A secondhand airplane, dropping seed on 50,000 acres of burned-over forest land has converted part of the Bandon burn on the coast in southern Oregon into one of the state's best grazing areas.

Today, 11 months after the disastrous fire, sheep are grazing in waste-high grass in a region which only a short time ago was a scene of desolation.

New Citrus Body Is Formed In Orlando

ORLANDO, Aug. 23—(AP)—A new citrus group which adopted the name of United Shippers and Growers association was formed here today.

It was an agreement provided certain conditions were incorporated in it. Chief of these was a private based policy on last year's performance, and then only at time of "div emergency."

The organization decided to incorporate and obtain a Florida charter. Its members were said to represent a citrus volume equal to 11,500,000 boxes of fruit.

Chester C. Fosgate, Orlando shipper, was elected president.

DADE TO REFUND BONDS

MIAMI, Aug. 23—(AP)—The county commission accepted yesterday a bid of E. J. Van Ingon & Co., New York, to refund \$212,000 of Dade bonds over 10 years at 9 1/2 and 8 1/2 percent interest.

Coypu Raising Is New U. S. Venture

SCIO, Ore., Aug. 23—Coypu raising is one of the latest ventures to attract Oregonians. This is the South American animal which supplies the fur known as nutria.

Several farms are now operating in this state, and pelts sell for \$20 to \$30.

The coypu breeds rapidly, but the young are often destroyed by seagulls. The adults, weighing up to 25 pounds, resemble beaver.

Brains Vs Money Is Theme Of Ritz Film

Headed by the lovely Ann Sheridan, who gave up schoolteaching in Texas to become a leading lady in Hollywood films, and handsome Craig Reynolds, one of movieland's most promising young leading men, a Warner Bros. comedy drama called "The Footloose Heiress" shows Friday at the Ritz Theater.

Ann Sheridan plays the part of a very spoiled girl who has always had her way, plus a great deal too much money to have it with her father, played by Hugh O'Connell, has about despaired of ever taming her down, but Craig Reynolds, who enters into the picture with some new and drastic methods, proves he is more than adequately prepared to handle even her most violent outbursts.

One of the means which Reynolds employs, is a honest-to-goodness spanking which he administers to Miss Sheridan right in public. This scene is said to be one of the genuine highlights of the picture and has called forth much favorable comment.

Traffic Courts Are Tough In Germany

BERLIN, Germany, Aug. 23—(AP)—Minor traffic accidents bring extensive police investigations in Germany. Thirty or forty typewritten pages of testimony, statements of the interested parties, maps and conclusions are compiled from each accident.

After the accident, both parties will be summoned to the police station, and may be fined if found guilty. If a person has been injured, he is asked if he wants the guilty party punished severely or lightly.

Artificial Luxury Is Created In Germany

BERLIN, Aug. 23—(AP)—Things seldom are what they seem in the Textile and Fashion School of the City of Berlin, a recent exhibition of students' work revealed.

Gunnyracking was transformed into rickety by means of gliding and patterning in bright colors.

A wig of shimmering artificial silk was adorned with an ostrich feather—of finely snipped felt.

Felt appliqued on tulle at a distance, looked like priceless lace.

Everything was made at the school, including wigs of braid, felt, wood-shavings, wool and artificial silk.

WPA Materials Cost U. S. \$450,000,000

WASHINGTON, Aug. 23—(AP)—The cost of keeping relief workers busy is not alone the payment of salaries, but also includes materials totaling nearly \$450,000,000.

The federal, state, county and local governments have sunk that much money in materials since WPA started, says Aubrey Williams, Harry Hopkins' deputy.

But, he adds, the federal government shouldered most of the burden, or about 69 per cent.

Farmer Finds Ring Lost Twenty Years

AUBURN, Neb., Aug. 23—(AP)—Carl Gebers, Auburn farmer, knocked off a piece of dirt containing a gold ring recently while cleaning the shovel of his cultivator.

He told the editor of the Auburn newspaper about it, and a little more than a week later received a letter from Mrs. Henry Unland of Jordan, Mont., who said she had read the story and recalled she had lost a gold ring 20 years ago when the Unland family lived on the farm now owned by Gebers.

Gebers sent the ring to Mrs. Unland.

Old Age Pension Checks Are Ready

JACKSONVILLE, Aug. 23—(AP)—State Welfare Commissioner Clayton C. Chilton said yesterday approximately 12,000 checks totalling \$175,000 in value will be sent today and tomorrow to persons on the old age assistance rolls.

He said the checks will be mailed from Tallahassee to nearly persons past 65 years of age who have been approved for assistance under the old age phase of the social security act.

MATTERN QUIT

FAIRBANKS, Alaska, Aug. 23—(AP)—James (Jimmy) Matern, American long distance flier, said last night he was convinced he had done everything possible in hunting for six Soviet airmen missing 12 days on a trans-polar flight and said he was withdrawing from the search.

NURSE VICTIM OF HOSPITAL PROWLER

Climbing up a fire escape on a Chicago hospital, an unidentified man entered the room of pretty Anna Kuchta (right), 10-year-old student nurse, to criminally assault her before beating her to death with a brick. At left is the blood-stained bed where the attack occurred. On the sill of the window through which the slayer entered and fled is the brick he used. It was Chicago's fourth rape-murder in the last two years.

Separated Sisters Converse Over Radio

AKRON, O., Aug. 23—(AP)—Mrs. Esther Harper of Akron and her sister, Mrs. Frederick Rowe, wife of a missionary in the Belgian Congo, have not seen each other for years, but they keep in touch by short-wave radio.

Raymann E. Weaver, an Akron radio amateur, picked up the call letters of an African station maintained by a medical missionary, and discovered that Mrs. Rowe lived fairly near. He summoned Mrs. Harper, and the sisters have since engaged in several hour-long conversations.

Kidnapped Child Found On Step Of Apartment House

CHICAGO, Aug. 26.—(AP)—Diane Lucas was found on the rear steps of an apartment house Tuesday just 23 hours after she was kidnapped in a crowded shopping district. The abandonment was as mysterious as the abduction. An anonymous telephone call to the central police station provided information that sent the officers in a squad car to the apartment building at 7400 North Dearborn avenue. They located the three-month-old infant, clad in a white dress and wrapped in a blanket, on the back steps. They carried the baby to the nearest police station. There the mother, Mrs. Dorothy Lucas, gathered her into her arms. The police department switchboard operator reported the voice of the person who gave the tip sounded like a boy's. She added: "He said he and some friends had been playing ball nearby and had seen someone leave a baby there. I tried to question him further but he hung up immediately."

Maryland's Parking Tests Stump Many

BETHESDA, Md., Aug. 26.—(AP)—After all these years the state of Maryland has decided that the rules of a driving permit should show how to park his car. And now, behold the new gadget for motor vehicle department's members are carting around with them. The things look very much like a plumber's nightmare, with a set of elbow joints. Set up along a curb, the gadget marks off a parking area a little longer than the average automobile. The trick of the examiner is to get the applicant for a license to park his car within the bounds of the iron frame. It sounds easy, but 20 applicants missed the target in one day, and failed to get a driver's license.

Modernized Streetcar System Is Success

INDIANAPOLIS, Aug. 26.—(AP)—Bankrupt seven years, the In- diana streetcar system today has a thriving concern—thanks to an \$8,000,000 modernization program begun in 1932 at the depth of the depression. The system now operates 325 new streetcars, trackless trolleys and motor coaches. The 152 track- less trolleys constitute the largest fleet of this kind in the country. Thirty miles of new track have been laid, the entire system unified and schedules improved. The public has responded. Daily passengers have increased from 160,000 in 1932 to 212,500.

Municipal Judge Acts As Witness, Judge

OMAHA, Aug. 26.—(AP)—Municipal Judge Lester Palmer was chief witness and judge when Helen Sternberg appeared in court on reckless driving charges. Her car struck a man, who saw the accident, said, "It was a case of extreme negligence." Palmer, the judge, said, "Twenty-five dollars and costs." The defendant appealed to a higher court.

All drug stores sell Grove's Tasteless Chill Tonic, 50c and \$1. The latter is the more economical size.

UP FROM THE DEPTHS of a coal mine in Wales came young Tommy Farr, tough as the rock he mined, to smash his way to the heavyweight boxing championship of Britain. Seeking greater laurels, he obtained a match with World Champion Joe Louis, trained diligently, and on the night of August 28 will step into the ring with the one-time Alabama cotton picker to test his might against the Bo jockey.

Daytona Trying To Get Fort Pierce Boy

DAYTONA BEACH, Aug. 26.—The Islanders yesterday were attempting to obtain the services

of an extra catcher in the event Pepper Martin's bum ankle renders him out of action. Manager Jimmy Sanders' bid for Barton, Ft. Pierce semi-pro backstop, who was sought by Little Rock, Ark., in the Southern Association earlier in the season. He had received no reply last night. With only 13 more days left to play in the Florida State League, Sanders is grasping at all straws in hopes of catching onto a place in the first division.

Near-Noiseless Plane Credited To Germans

VIENNA, Aug. 26.—(AP)—Austrian official circles are deeply stirred by reports that Germany has developed an almost-noiseless military airplane. Fifteen such machines flew over the Tyrol late in July, reportedly on the way for shipment to Spain. Planes as big as these usually can be heard, even when 15,000 feet up, by persons on the ground, but a detection apparatus, rushed from Vienna, could pick up only a faint whisper.

WILKINS OFF ON RESCUE FLIGHT

A huge flying boat equipped for Arctic operations left Long Island Sound on the first leg of a flight which will carry Sir Hubert Wilkins, the explorer, and a crew of three into the far north in search of six missing Soviet trans-polar aviators. The crew is shown studying a map just before the takeoff. L to R: Herbert Hollick-Kenyon, Canadian explorer; Jerry Brown, engineer, and Russell Rogers, pilot.

"DOVE" TREES IN HAWAII

HONOLULU.—(AP)—The first "dove" tree ever seen here has arrived via Pan-American Clipper from China. While the tree figured prominently in ancient Chinese literature, it required a three-year search to find the present specimen in the Yangtze Valley. It has been planted on the island of Kauai. Blossoms are similar in shape and color to a dove.

Illness Confines Mellon To Home

SOUTHAMPTON, N. Y., Aug. 26.—(AP)—Andrew W. Mellon, former secretary of the treasury who has been ill since early summer, has become too infirm to leave the home of his son-in-law, David K. Bruce, a member of the household said yesterday. Mellon's condition was said to be due to his advancing years. The aluminum magnate, who held the treasury post 11 years, the second longest term in the history of that office, was 63 last March.

12 Germans Die In Big Explosion

GELLEN, Germany, Aug. 26.—(AP)—Two explosions in a powder magazine killed 12 men and injured 47 workers, most of them slightly, at Usterhus yesterday. The first explosion was slight, but nearby troop barracks quickly were evacuated. While firemen were fighting the blaze, the second and more severe explosion shook the locality, causing the casualties. Damage, officially announced, was not extensive.

It's A Great Gadget If You Understand It

WASHINGTON, Aug. 24. —(AP) —Gateway for the Mechanical World. A gadget developed by the soil conservation service to save hillside soil from erosion. The thing sits the soil along a hillside, burrows a neat gash beneath, and slips like, closes the resulting gash. But when it is all attached up, the lower level on the hillside somehow is higher than the upper level, and— well, write the soil conservation service. They can tell you all about it.

Beetles In Cave Lose Their Eyes, Wings

WASHINGTON, Aug. 24. —(AP) —Beetles which make their home in Mammoth Cave, Kentucky, have so little use for their wings and eyes that they have lost the use of both, the national park service reports. Instead, they have grown unusually long antennae and a series of stiff, hair-like sensory appendages on their bodies.

WASHINGTON, Aug. 24. —(AP) —President Roosevelt yesterday rejected "with regret" the demand of 2,500 unemployed demonstrators that the government provide jobs for all of the nation's idle, but he assured them that no further cuts will be made in WPA rolls to meet re-employment restrictions.

Louis - Farr Title Scrap Moved To Monday Night

Farr Says He Is Faster And Smarter Than Louis And Can Take Champ's Terrific Blows

Champion Joe Claims That He Will Knock Out The Welshman But This Time He Fails To Predict Round Of Blow

By EDDIE BRIETZ
Associated Press Sports Writer

The Joe Louis-Tommy Farr championship bout scheduled for the Yankee Stadium tonight has been postponed until Monday night, according to last minute information received here today.

Joe Louis, 33 year old Detroit native sensation tagged by fans as the "Brown Bomber" was scheduled to make the first defense of his recently won heavy weight title against Tommy Farr, British Champion, but the weather man's gloomy forecast of showers tonight caused postponement of the title scrap until Monday night.

A crowd of 30,000 to 40,000 fans are expected to witness the bout and gate receipts will probably reach \$250,000.

Promoter Mike Jacobs, however, has indicated all along that the fight would do less than \$300,000 and he stuck to that figure yesterday, adding that if box office business continues brisk until the fight, the gross gate receipts will probably reach even a higher figure.

"This is a last day fight town," said Jacobs. "You'll see them rushing for tickets Monday, I just turned down an order for 100 ring-side tickets today and all the cheaper seats will be sold before fight time Monday night."

The young negro, who blasted the heavy-weight crown from James J. Braddock's head at Chicago last June, continued to rule an overwhelming favorite over the Welshman who sprang into the fight spotlight by beating Max Baer in London some months ago.

Odds, which had been stationary at 4 to 1 for a week, shot to 6 to 1 today and Broadway gamblers said they might reach 7 to 1 by the time Louis and Farr climb into the ring at approximately 9 o'clock, eastern standard time tonight, depending on the amount of Farr money showing up tonight and tomorrow.

Bookmakers report very little action. They attribute the light betting to the fact that the public apparently gives the Welshman little more than an outside chance to upset the dope and trim the hard-hitting negro.

Lookouts Down Gulls 3 To 1; G-Men Play Here Today

Al Crisfield Allows Orlando But Seven Hits

Mahaffey Of Orlando Allows Locals But Three Scratch Hits

Bill Rodgers and his Sanford Lookouts collected only three bingles last evening off the deliveries of Jim Mahaffey but downed the Orlando Gulls by a 3 to 1 score at the Sanford Municipal Athletic Field in a contest which approximately 700 Sanford fans witnessed.

On the mound for the winners was none other than Al Crisfield who turned in a neat seven hit pitching performance and gave the Gulls only one run. Crisfield's curve and fast balls were effective as well as his change of pace as he fanned three of the visitors while allowing four free tickets to the initial sack.

Facing Crisfield on the hill was Jim Mahaffey of Apopka who gave up only one actual hit and also two scratch blows which were credited to Kingdon, Phillips and Langston.

Mahaffey gave up three walks during the tilt while fanning a pair of the Lookouts.

Mahaffey also took other honors during the tilt as he captured the batting crown for the evening. Jim sent out two clean blows in four trips to the plate and one of them being a double to deep left field.

The Lookouts were held hitless for six innings and only 18 men had faced the effective southpaw but the seventh frame spelled disaster for the Gulls. One error and two hits by Langston and Phillips hung up three runs on the scoreboard.

During the tilt in the fifth frame, Sam Holbrook, Lookout catcher, was injured and sent out of the game. Holbrook was hit on the third finger of his right hand and the seam of the ball split his finger about three-quarters of an inch.

TODAY'S SPORTING WORLD

By JULIAN STENSTRUM
Herald Sports Editor

Tonight's tilt night of the big battle of the manly art of self defense when Joe Louis and Tommy Farr will enter the ring of battle and one of them will come out the hero and the other a punk that never knew any thing about boxing.

Well, we're picking Farr as we told you in last evening's edition although we did it through a process of elimination but just the same we still think that Farr will come through and we can't always be wrong, according to the law of averages.

The members of the local ball club have really got something on this Owen Wright. . . . We can't tell you here, All fellows on the roster are always kidding somebody and somebody has to be the goat. . . . We were the other evening when somebody who we know like to have set us on fire. . . .

Well Mr. Gray did some more work that makes him look worse every day. . . . At the meeting yesterday he said that he would vote Dayton's opinion that they were in favor of Gray's former decision about the Sanford-Leesburg case. He said that the vote taken by the six clubs that were eligible to vote had to be unanimous. . . . We knew the other day when he and Sanford officials met in Gainesville that the vote had to be a majority. . . . We should have known we would have gotten stunk some way. . . .

Mr. Gray was in Daytona yesterday discussing the situation and when the time came to vote DeLand voted against Gray's decision, Gainesville voted against, Palatka voted against but Gray voted for his decision in place of Daytona Beach where he had visited the day before. . . . Then Gainesville stated that they thought that the president was right. . . . you bit they would. . . .

Oscar Bradley, business manager of the Orlando Gulls said last night that he would like to see Henry Watson, now president of the Sanford club, as head of the State League next season. . . . We think you have something there Bradley.

Who has the toughest luck on the Sanford club, well we have come to the conclu-

Sanford All Stars Defeat Edgewood Bulldogs 21 To 7

The Sanford All Stars trounced the Edgewood Bulldogs by a score of 21 to 7, in a hard fought game played recently at the Ninth Street Ball Diamond, according to Eusebia Warren, recreational supervisor of the WPA.

Hurling for the Bulldog outfit was John Angel, while on the mound for the Sanford outfit were Hubert Hayes, R. McCall, and Hugh Wheelchel.

Miss Warren presented the following lineup for the Edgewood Bulldogs: Gene Harrison, catcher; John Angel, pitcher; Mac Cleveland, first base; Alvin Odham, second base; William Goetsch, shortstop; J. Adams, third base; Elmore Graddick, right field; B. Tippins, left field; and Hugh Carlin, center field.

Included in the lineup for the victorious All Stars were: G. Kenis, catcher; N. Kenis, first base; P. Brock, second base; T. J. Drummond, third base; L. Griffin, shortstop; J. Carter, left field; Ray Fox, Jr., center field; Cawthon Hutchinson, right field; Hubert Hayes, R. McCall, and Hugh Wheelchel, pitcher. Additional players were G. Singletary and K. Echols.

It was stated that J. A. Lohr and Cy Pys will umpire the plate and bases, respectively, at the game to be played by the Sanford squad the City Island Ball Park in Daytona Beach Saturday. R. L. Weaver and Cecil Beck will be in charge of the committee of arrangements and additional aid will be given by Sam Luce, athletic director of the Daytona Beach Y. M. C. A., and Lee Scott, assistant director.

SPALDING, Neb., Aug. 26.—(AP)—The village board thought something ought to be done about the condition of lawns and gardens in this town. So the board voted to allow each customer 10,000 gallons of water free above the minimum charge during the hot weather.

The following is the lineup for the senators: George Kenis, pitcher, Nick Kenis, first base; Frank Griffin, shortstop; George Griffin, second base; T. J. Drummond, third base; Lawrence Barineau, catcher; M. Hayes, right field; Earl Griffin, center field; and B. Bariness, first base.

Manager for the Lookouts is W. E. Betts, and Clarence Barineau plots the Senators.

In a communication received this morning by Miss Warren, it

Japs Capture City Of Lotien Near Shanghai

Key To Shanghai Laid To Waste by 30 Hours Of Shelling And Bombing

American Rights Suffer In Fight

Hull Demands Protection For U. S. Property And Lives

WASHINGTON, Aug. 27.—(AP)—Secretary Hull said today this government had served notice upon Japan and China that it would demand respect of all its rights and interests in the Far East. The Secretary added that the government of Japan and China were requested to observe those rights to the extent that they would be responsible for damage to this government or its citizens as a result of hostile operations.

SHANGHAI, Aug. 27.—(AP)—Three divisions of China's finest soldiers rushed tonight to a smoking, thundering battlefield northwest of Shanghai where the Chinese fought desperately to stem the Japanese charge against the backdoor to this city of undeclared war.

Bombs, shells, and machine gun fire turned Lotien, 12 miles northwest of Shanghai, into a smoking heap of ashes. Near the town waves of Japanese infantrymen met a sheet of machine gun fire in a desperate charge through the burning city.

While the battle of Lotien raged Sir Hugh Montgomery, Kitchell-Huggessen, British ambassador to China, wounded yesterday by Japanese machine gun bullets fired from planes, rallied slightly after a blood transfusion from a United States seaman. His life still was in danger but physicians said his general condition was improved.

The tide of battle swung from side to side. Thousands were killed or wounded. The Japanese late today claimed the occupation of Lotien a foothold for the advance on Kiangwan just northwest of Shanghai proper.

But the town as such was no more. The 30-hour battle of Lotien opened with a heavy artillery bombardment. Two Chinese divisions held it with a thin line. From positions in the rear machine guns were trained on their backs to force them to stand fast.

While Japanese troops opened a supreme attempt to drive the Chinese army from outer Shanghai defense lines, 100,000 of Nippon's fighting men today hurried to aid 200,000 Chinese on fronts along strategic railroads in North China.

McKinnon and other late-arrivals were not spared in yesterday's developments. J. H. McKinnon of Houston, Texas, manager of the American-owned Poplar Grove Dairy Farms near Shanghai reported that he and William Schlobohm, former Alameda, Calif., aviator narrowly escaped death when Japanese airplanes bombed the farm for the fourth time in 10 days.

McKinnon reported the bombing to the United States consulate-general, said 10 big Japanese bombers had flown over the farm for an hour and a half, utterly destroying the plant and killing 20 of the dairy's herd of pedigree American cattle.

American planes were flying over the property, he said. Besides bombing McKinnon reported that the planes swooped down to pour machine gun fire into fleeing Chinese members of the dairy's staff and Chinese farmers nearby, several of whom were killed.

BRITISH ENVOY SHOT IN CHINA!

A grave international turn was added to the Sino-Japanese war when Sir Hugh Kitchell-Huggessen, British ambassador to China, was seriously wounded by machine gun bullets fired from Japanese airplanes as he traveled by automobile from Nanking to Shanghai. The ambassador (right) is shown with the Chinese Commander, Gen. Yu Han-Mou who is in charge of defending China's southern coast.

First Air Mail Ships Are Warned Is Picked Up By Special Airplane

Sanford One Of Eleven Florida Cities Favored Yesterday

Arriving at the local airport yesterday afternoon promptly at 4:30 o'clock, a plane piloted by Ben Steagel picked up the first mail to leave Sanford directly by air, as a climax to Florida Air Mail Week, Aug. 23 to 30.

The plane was met by Postmaster R. J. Holly and T. E. Simpson, president of the Seminole County Chamber of Commerce. Many other local citizens were also present to welcome the craft.

Sanford was one of 11 cities in north and west Florida, which were given air mail service yesterday. A large number of pieces of mail were sent by persons wishing to take advantage of obtaining first day covers and cachets for stamp collections.

Pensacola, DeFuniak Springs, Marianna, Tallahassee, Madison, Live Oak, Lake City, St. Augustine, Gainesville, Ocala, Palatka, New Smyrna, Sanford, and Deland were visited by the large Eastern Air Lines plane yesterday, and Cleveland, Belle Glade, Pahokee, Boca Raton, Lake Worth, Stuart, and Fort Pierce will have the service today.

The first all-Florida air mail service was presented with the cooperation of William D. Jones, president of the Florida Chapter of the National Association of Postmasters.

He stated that although the service yesterday was only for one day, it is possible that a regular route may be established in the future.

Dyer Sentenced To Hang For Murder Of 3 Little Girls

LOS ANGELES, Aug. 27.—(AP)—Albert Dyer lited with apparent unconcern yesterday while a jury condemned him to die on the gallows for luring three little girls down a lonely ravine, strangling them and attacking their bodies.

The swarthy little oblong WPA crossing watchman, who confessed and repudiated the crime which brought him to court, slept well the two nights jurors deliberated and gave no outward indication of emotion when they came in yesterday with their verdict of guilt without a life sentence recommendation. The death penalty thus became mandatory.

Rain And Fog Bring Trouble To East, South

Four Persons Killed Near Albany, N. Y. When Plane Lost In Fog, Crashes

By The Associated Press
Flood inundated parts of the East, South, and West today as a result of week-long rains climaxed by extremely heavy downpours during the past two days.

A Civilian Conservation Corps lieutenant from the Wellboro, Penn., camp drowned while attempting a flood rescue. Two hundred residents of Washington, D. C. fled to higher ground last night during a flood which for hours threatened their homes.

ALBANY, N. Y., Aug. 27.—(AP)—The bodies of State Assemblyman Pritchard H. Strong, wealthy Rochester aviation enthusiast and three companions, were found today in the twisted wreckage of Strong's airplane a mile south of the Albany airport.

The bodies were so badly mangled that positive individual identification was impossible immediately but Joseph Fitzgerald, the Albany airport manager, said there was no doubt the victims were Strong and his party who disappeared in a flight from Saratoga Springs to Albany early today.

In the party were believed to be Mrs. Strong and Charles H. Judson, Rochester investment counsel.

The pilot was Clarence Robinson of Rochester. Caught in a rain and fog the plane's pilot radioed the airport shortly after midnight saying he was about to land and asking further directions.

Albert H. Carey Of Geneva Is Dead
Funeral services were held in the Erickson Funeral Home this morning at 10:00 o'clock for Albert H. Carey, 70, of Geneva, with Rev. W. P. Brooks, pastor of the First Baptist Church here officiating.

Mr. Carey who died suddenly in the local hospital last Wednesday, was born in Camben, Del Sept. 1, 1866.

He is survived by the following: Two brothers, C. Carey of Orlando and R. A. Carey of Lake Helen, and five sisters, Mrs. W. C. Boardman of Orlando; Mrs. Resie Allen of Daytona Beach; Mrs. May Blake and Mrs. Ed Palmer of Los Angeles, Calif.

Franco Rushes Motorized Men To Aid Zaragoza

Loyalists Stage Hot Offensive Capturing Villamayor

HENDAYE, Aug. 27.—(AP)—Generalissimo Francisco Franco worried by the Spanish government's lusty drive near Zaragoza was reported by insurgent sources today to be speeding a motorized column from the conquered Santander to the Aragon front.

These reports said the column hurriedly packed up and rolled out of the Biscayan seaport which it helped to occupy yesterday leaving other brigades of Franco's 100,000-strong northern army to prosecute the cleanup operations east and west of Santander.

The motorized force will be thrown against the Madrid-Valencia army where Zaragoza was being attacked from two directions apparently in a government attempt to make up for the telling loss of Santander.

Saragoza Under Fire
MADRID, Aug. 27.—(AP)—Saragoza, Aragonese city that has suffered 900 years of siege and where Charlemagne's armies were routed, came under the shattering fire of loyalist artillery last night when Villamayor fell to the government's international brigade.

Villamayor, five miles northeast of the rebel base, was captured in a smashing offensive that raged along a 50-mile front from Tardienta to Belchite and threatened to crumble the deep salient that Gen. Franco's rebels have driven southward to Teruel in an effort to isolate Madrid from Valencia.

Within an hour after the international brigade, including many Americans and Canadians, had occupied Villamayor, their artillery (Continued on Page Three)

A. W. Mellon Big Financier Dies, Age 84

Once Treasury Head And British Ambassador Dies At His Daughter's Home

One Of World's Wealthiest Men

Donated Millions To Charity And Development Of Art

SOUTHAMPTON, N. Y., Aug. 27.—(AP)—Andrew W. Mellon, secretary of the Treasury of the United States under three Presidents, former ambassador to Great Britain and one of the world's most wealthy men died peacefully last night in the home of a daughter, Mrs. David Bruce.

Death was due to uremia and bronchial pneumonia. He was in his 84th year. His death took from the American scene one of the last of its statesmen-financiers.

Mellon, spare, quiet, white-haired and reserved, had gone to the home of Mrs. Bruce last month, his health weakened by the excessive June heat of Washington where he had remained to arrange for his national gallery of art.

Eleven years as secretary of the treasury, the second longest term in the history of that office, and the only one held under three successive presidents, made Andrew W. Mellon an outstanding figure in world finance.

He rounded out his public service as ambassador to the court of St. James, the highest diplomatic post in the gift of the government.

This public record crowned a lengthy career as a banker in which he built up one of the great fortunes of the world. But it brought him also into the whirl of politics, made him a shining mark for opposition critics. There was an abortive attempt to indict him in 1934 on charges of evading income taxes and, when this failed, he had to answer before the board of tax appeals in Washington a claim by the government for alleged shortages in his 1931 return, the claim including allegations of fraud and evasion.

But Mellon, a shy, imperturbable little man, given to slow speech, was a fighter, and he hit back lustily.

Handles Post-War Finances
Mellon's treasury career was notable for his handling of difficult post-war financial problems, including refunding agreements with 13 debtor nations of Europe's tax reductions, a cut of 20 percent in the American national debt and the fact that under his guidance the United States, of all the countries engaged in the World War, was the first to attain a balanced budget after that conflict.

He assumed the secretaryship when President Harding took office Mar. 4, 1921, and held it under Presidents Coolidge and Hoover until Feb. 6, 1932 when the senate confirmed his nomination as ambassador to Great Britain.

Only one other head of the department exceeded the length of this service, Albert Gallatin holding the post under Presidents Jefferson and Madison from 1801 until the spring of 1812. Another secretary, William Windom, held office under three presidents, but there was a lapse between his brief service under Presidents Garfield and Arthur in 1881 and his two years under President Benjamin Harrison starting in 1889.

Mellon stepped into the treasury when the government's financial affairs were in a gloom state, resulting largely from a depression. (Continued on Page Three)

Federal Check On Blood Stains Fails To Reveal Clues

The one remaining clue which officers of two counties hoped would solve the mystery connected with the death of Eugene Gaffney, Orlando bartender whose body was found in an oak scrub thicket near Altamonte Springs, proved fruitless and officers were again faced with the death of a man, pronounced murder by a coroner's jury, to which no clues can be uncovered.

The set-back, Sheriff C. M. Hand stated, was a negative report from the Federal Bureau of Investigation on the blood specimens found on a shirt and towel identified as belonging to John Martin, who was held in the County Jail for some time for questioning in the case.

The communication which was received from Washington yesterday afternoon stated that there was an insufficient amount of blood in the specimens submitted to conduct any grouping examinations.

Sheriff Hand was doubtful whether or not the F. B. I. would be able to reveal any information which would aid in the case at the time the specimens were submitted but felt that a trifle was worthwhile.
