

MISS EVALYN WALSH, WHO WILL WED.

Washington and Cincinnati society folk are much interested in the engagement of Ned McLean, son of John R. McLean of Cincinnati and Washington, to Miss Evalyn Walsh, daughter of Thomas F. Walsh, the Colorado-mining man, who is reputed to be worth \$25,000,000. McLean's father owns the Cincinnati Enquirer and the Washington Post. In 1906 Miss Walsh narrowly escaped death at Newport in an automobile accident which resulted in the killing of her brother Vinson.

Resting Their Muscles.

When a man is tired he stretches his arms and legs and yawns. Birds and animals, so far as possible, follow his example. Birds spread their feathers and also yawn, or gape. Fowls often do this. Fish yawn. They open their mouths slowly until they are round, the bones of the head seem to loosen and the gills open.

Dogs are inveterate yawners and stretchers, but seldom sneeze unless they have a cold. Cats are always stretching their bodies, legs and claws, as every one knows who has had a cat for a pet.

Horses stretch violently when and after indulging in a roll, but not as a rule on all fours, as stags do. A stag when stretching sticks out his head, stretches his back and neck as though trying to creep under a bar.

Most ruminant animals stretch when they rise up after lying down. Deer do it regularly; so do cattle. This fact is so well known that if a cow when arising from lying down does not stretch herself it is a sign she is ill. The reason for this is plain—the stretch moves every muscle of the body, and if there is an injury anywhere it hurts.

Coffee in Jamaica.

You see all those bushes with red berries strung among their branches? That is coffee, and the taller trees among which it is growing are pimentos, from which the world gets its all-

spice. It looks like jungle, does it not? Yet many thousands of dollars would not buy that one hill slope. Among the lovely flowers humming birds sparkle as they fly and hover; butterflies as large as the birds dispute the honey with them. As you turn round the corner you surprise parties of tiny ground doves, and every now and again the larger pea-doves sit across the road. Up from the valley below the sounds of voices and laughter. Stop your carriage and look down. Those are the works on a coffee estate, and those flat terraces partitioned off into squares are the "barbecues" upon which the berries are dried. You can see that some of the squares are a different color to the rest. The dark ones are those that are covered with coffee; the others are those which have not yet been filled.—Exchange.

Australian Cadets.

All children in Australia are drilled, but the elder boys are attached to the Australian military forces by means of the cadet corps. Almost every large school has its band of cadets, who wear neat khaki uniforms and are armed with light rifles, in the use of which they are frequently instructed. Every year these boys have shooting matches, and the scores prove that among the youngsters there are many who have already become skilled marksmen.—London Standard.

GEORGE GRAY.

Judge Gray, whose presidential boom attracted so much attention, is a graduate of Princeton and of the Harvard Law school, a former attorney general of Delaware and a former United States senator. In 1902 he was chairman of the anthracite coal strike commission. His home is in Wilmington.

THE MERRY WIDOW

Musical score for 'The Merry Widow' featuring piano accompaniment with treble and bass staves, dynamic markings (pp, p, mf, f, FIN.), and performance instructions like 'Ped.' and 'Simila'.

In the South Carolina second primary, Tuesday, E. D. Smith was elected senator. Five people lost their lives in the burning of Belmont hotel at Denver, and many were injured.

## SANFORD'S FOOTBALL TEAM

### A Husky Bunch Will Roll the Pigskin this Season

Sanford did not carry off the laurels on the baseball diamond this season, although a record was established of which our city can well be proud.

Now that the days of the national sport are waning, the followers of football will spring into limelight and in this respect the Celery City can put a bunch of husky youngsters into the field that are bound to beat all comers.

A meeting has been called for next Friday night at the City Hall to organize a football team and among the applicants for membership are some of the best players that ever trod the gridiron.

Mr. Hoskins, formerly on the Yale team will probably coach the team and in Sanford's cosmopolitan population are former players of some of America's greatest colleges.

C. C. Howard, formerly of the Universities of Kansas and Oklahoma; Fred Dornier, who played three seasons with one of New York's favorite eleven; Krueger, formerly a famous full-back with the University of Wisconsin; and several others of equal fame, all of them of an average weight of 200 pounds. There are several good players who have won honors with Stetson, Rollins College and many other southern colleges. Among them are Messrs. Hamilton Symes, Blonaker, Lovell, Woodruff, Biggers, Harrington, Powers, Hite, King, Beatty, Beardshall, Stevens, Herndon, Messenger, Keely, Pyron, McDowell, Madden, Close, Adams, Butt and several others who will come in later and have a try out for the regular team.

Sanford can be assured of some good games this season as the "big uns" will tackle any and all teams in the State and any and all challenges accepted.

Those teams composed of light weights would do well to bring a "first aid to the wounded" package with them in case one of our beefy players comes in contact with them.

### A Good Report

Last Sunday was the fourth quarterly conference of the Maitland church, and the Presiding Elder, Rev. S. W. Lawler, presented the claims of Southern College. In a short time the nice little sum of \$350 was contributed by the congregation to swell the endowment fund. The Methodist people of the State are doing a grand thing this year in raising an endowment fund of \$100,000 for their college at Sutherland. Mr. Lawler spent Monday night in Sanford, coping this far with his son, who was on his way to enter Emory and Henry College in Virginia. Mr. Lawler reports the work of his district in very satisfactory shape, and his preachers for the most part rounding out a good year's work.

### Fourth Quarterly Conference

Next Monday and Tuesday nights Rev. Edward F. Ley, of Miami, will preach at the Methodist church in Sanford. Mr. Ley is the Presiding Elder of the East Coast District, and this is the occasion of his last visit to this charge for the year. The Presiding Elder comes four times during the year, and the fourth quarterly conference is one of the most important of his visits. At this conference officers are elected for another year, and reports are made concerning the work done.

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

Says the De Land Record: "There is no scarcity of water in the flatwoods between the sand hills and the coast. The rains are filling them as well as the ponds, streams and lakes. For several years there has been little water in the ranges between here and the coast, and during the drought last year it was difficult for cattle to get water. The St. Johns river is higher than it has been for years."

Now comes a gentleman from Orlando, Calhoun by name, who plans to establish a cannery at New Smyrna for the purpose of canning perriwinkle or coquina clam soup. Mr. Calhoun has experimented along this line and finds it will be very profitable. There are large quantities of perriwinkles washed up on the beach with every tide, and the supply seems inexhaustible.

Now is the time to get out strawberry plants and fix the beds for celery seed. By the way, if you want to make sure of good crops and money in either or both, as you no doubt do, manage to get in to operation a sufficiently large irrigating plant to meet deficiencies in rainfall at critical periods. It is barely possible you may not need it, but it is absolutely certain that if you have it and work it you will make money by it.—The Tampa Times.

A. M. Bozeman, book-keeper for the McCrimmon Lumber Company of Miami, deliberately fired two bullets into his right temple, from which he died in about two hours. Bozeman seated himself in a rocking chair in the office of the company and committed the terrible deed.

A. S. Waters, a former resident of Tampa committed suicide in Hot Springs, Ark., Sept. 4, by jumping from the window of the hotel at which he was stopping.

The finance committee of the recently organized Tampa Publicity Club made its first call on the business men of that city Wednesday for funds to carry out the contemplated Tampa boosting campaign and was decidedly successful in securing memberships and pledges definite amounts for the initial year's advertising campaign.

Police and county officials in Tampa are on the lookout for Ricardo Rodriguez, superintendent of the supply department of the postoffice at Havana, who has disappeared from that place with alleged shortage in his accounts of \$400,000. The Cuban authorities have notified the officials at Tampa to keep a sharp watch for Rodriguez, who is supposed to have sailed for United States.

George C. Scudamore, ex-cashier of the Pensacola Bank and Trust Company, and who is charged with having embezzled \$45,000 of the bank's funds, and was afterward declared insane and sent to the State asylum, only to be declared there as sane and not feigning, has been declared hopeless and incurably insane by the superintendent of the Illinois Insane Asylum. A letter received at Pensacola by friends of the former banker states that he has been an inmate of the asylum for five weeks, and that the superintendent has pronounced his case as hopeless.

A wealthy lady of Ocala lost a pocket-book containing about \$1000 worth of valuables. She offered \$100 reward for its return. A negro girl hastened to her with the find and refused to accept the reward, saying that she would not be doing her full duty if she took the money for doing right. More negroes of that brand and race trouble will be a thing of the past—even in Springfield, Ill.—St. Petersburg Independent.

Hon. Thos. J. Appleyard, editor of the Lake City Index will be a candidate for secretary of the state senate. It is doubtful if there is another man in the state so well qualified for the position, and the senators will make no mistake if they will restore him to the position that he filled so efficiently for ten or twelve years.—Strake Telegraph.

Prices of lumber has already advanced above what they were a long time ago and sawmill men expect soon to set their own prices on lumber. A meeting of the lumber dealers of South Florida is to be held in Tampa, Thursday of this

week, to discuss the situation in this State and they may agree upon further advance. The market seems to be rather unsettled yet in Florida and South Georgia.—Times-Union.

One of the most valuable cargoes of naval stores to go out from a gulf port in many months was that which was carried out of Pensacola Tuesday when the Belgian steamship Clematis departed for Antwerp. Her cargo consists of 5200 barrels of rosin, valued at \$26,000, and 10,000 casks of turpentine, valued at \$198,000, making a total valuation of \$224,000. The shipment was made by the American Naval Stores Company.—Pensacola Journal.

### Maitland Does Well

Maitland church, just south of Sanford, may well congratulate herself on having as her pastor such a faithful man as Rev. J. W. Austin. He has done a splendid work in that charge this year—this, too, in spite of many hindrances on account of sickness in his family. In the spring he lost considerable time on account of the sickness and death of a relative in Georgia, and recently his wife has had to undergo a dangerous operation in the hospital. It will be gratifying to their many friends to note that she stood the ordeal well, and is now much better.

### Fifty Dollars Reward

Last week we published an article in which was stated that undersigned would give ten dollars reward for the arrest and conviction of any party or parties guilty of killing quail out of season within a radius of five miles of Sanford. This notice was headed "Sportsmen, get together," and it seems they have to the extent of \$50, and the undersigned is authorized by the sportsmen to make that offer.

### Osborn Herndon's Feast

The Jacksonville Times-Union observes: Those northern people who insist that the climate of Florida must be enervating should turn their attention to the feat of that 14-year-old boy at Sanford, Osborn Herndon, who swam five miles across Lake Monroe to Enterprise, and was then so little exhausted that he offered to swim the whole distance back.

## ON LOCAL LEGISLATION

### City Council Meets to Adjust Differences in Tax Question

### ATTORNEY DE COTTES RESIGNS

#### Question of Granting Franchise Deferred Until Next Meeting—Other Matters

The City Council met in regular session on last Monday evening, with Aldermen Thrasher, Robinson, Stevens, Evans and Puleston present.

Despite the inclement weather, a large number of citizens were in attendance to listen to the proceedings.

After the minutes of the last meeting had been read and approved the council settled down to the pleasant task of taking up the adjustment of taxes, which was done with neatness and despatch, all claims being settled satisfactorily to all parties present.

The complaints were not made in regard to the personal and separate claims of individuals, but in several cases the complainants were of the opinion that their neighbors were not being assessed at the same ratio. In all the cases the taxes were raised accordingly, and a more equal rate made.

A committee was appointed to examine the personal property of the Standard Oil Company, and report at the next meeting.

The misunderstanding regarding the personal property of the Opera House Co. was settled.

City Attorney George A. DeCottes handed in the following resignation:

September 6, 1908.

The Honorable City Council, Sanford, Fla. Gentlemen:—I herewith respectfully tender you this my resignation of the office of City Attorney of Sanford, Florida.

I consider the remuneration paid by the city far too inadequate to warrant me in holding this office for another term. This, with various other reasons, has caused me to decide that it would be to my best interests to resign at this time.

Trusting that my resignation will be acted upon immediately, I beg to remain, Most respectfully yours,

Geo. A. DeCottes.

A committee was appointed to examine into the property assessment of the Sanford House and report at the next meeting.

A committee was also appointed to confer with the members of the Sanford Light and Fuel Co. regarding their franchise to furnish electric lights for the City of Sanford.

The following communication was received from Arch Bishop Kenny of St. Augustine:

To the City Clerk of Sanford.

Dear Sir:—Yours of August 22nd to hand, informing me that the taxable valuation of Block 7, Tier 7, of the city of Sanford, has been raised to \$2,000—its former taxable value being \$900. Orange County having gone dry at the last election, your treasury has followed suit, and now to meet the ordinary expenses of the city you are compelled to exercise your wits to raise money. Anticipating that your sapient officials would reassess the city property at a higher valuation I have sold block 7, tier 7 at a sacrifice, and I have no doubt many other property owners will do likewise. The city taxes were exorbitant before, now they will be outrageous.

Yours truly,

WM. J. KENNY.

All the franchises up for second reading were deferred until the next meeting. Council then adjourned.

### "Can't Help Growing"

Jacksonville Times-Union: The Sanford Herald is one of the brightest and most attractive looking papers in the state, and it is talking up Sanford in a way that promises to make the city at the head of navigation on the St. Johns one of the most progressive in the state. A town that sustains a real live newspaper can't help growing.

### New Houses on Cameron Avenue

I. C. Hughes, the contractor, has in course of construction a handsome stone residence for Mrs. Walter Curt of Chicago. It is on Cameron avenue, about three miles east of town, and will cost about \$2,500. Mr. Hughes is also laying the foundation for a \$1,000 tenement house for Mr. Bradshaw, father of Mrs. Curt.

#### The Sanford Girl

A lady friend, who has a "scrap book" has asked me to print "some nice little thing" concerning the Sanford girls that she could preserve as a souvenir of her "delightful visit" in the Celery City. It is always my delight to please the ladies, and despite the grumblings of some of my staid old friends, I herewith comply,

With her dainty Paris bonnet  
And her "swagger" tailor gown,  
And her air of conscience "niceness,"  
She just captivates the town.  
With her wealth of shining tresses  
All around her face a curl,  
She's a picture for a painter,  
Is the lovely Sanford girl.

To describe her charms of mien,  
To describe her pretty face,  
To describe her air, her carriage,  
Her consummate chic and grace—  
Why you might as well attempt to  
Analyze a faultless pearl  
As to think of doing justice  
To the perfect Sanford girl.

Now the "city girl's" praises  
In the summer place are sung,  
And the many different changes  
On her many charms are rung;  
And the "country girl's" admires  
For her voice like brooklet's purr;  
But (excuse slang) they're "not in it"  
With the charming Sanford girl.

There are girls and girls unnumbered  
Who've been lauded to the sky  
In the prettiest kind of poems,  
By far abler men than I,  
Moore and Byron both have pictured  
Girls to charm the veriest churl;  
But a dozen of their charmers  
Wouldn't make one Sanford girl.

There are girls "the best" in Florida  
Who are up in every art;  
And Chicago boasts of maidens,  
Who are nothing if not "tart."  
But the girl who is perfection,  
Who will set your brain a whirl,  
Is our own, our rosy, blushing  
Peerless, faultless, Sanford girl.

Now that the public schools are about to open, some parents will be asking themselves if their children will not be required to study too hard. Do not believe a word of it. I was a boy once myself and I can tell you that hard study never hurt me. Brain-cramming is the thing to fear.

A correspondent from the south end of the county writes that the rain-maker is "coming on swimmingly." He'll have to or be drowned.

A boy of bright femininity corralled me in a corner at the postoffice the other evening and unmercifully flayed me with their witty sayings.

Said one dainty Miss of eighteen summers: "Have you heard the story of the smoky chimney?" I hadn't, so I confessed my non-acquaintance with the faulty smoke exit, as well as a desire to learn of it, but was informed that "it is too amutty." Then this wit became malignantly contemptuous, and all sorts of egotistical questions were fired at me, viz: "Have you heard the story of the hard-boiled egg?" No. "Well, that can't be beat." And when I was likewise ignorant of the "two neat eggs," I was consoled with the information, "that's too (2) bad." But when they sprung the story of the woman who put an egg in the coffee, "that settled it."

An exchange says it is always proper to address a woman whether married or unmarried, as "madam." But what if you are writing to your "beat girl."

The anonymous letter-writer is abroad in Sanford.

Anyone who can give me a clue to follow up any of the cowardly authors of these letters will receive my thanks, and earnest efforts will be made to bring them to justice. I have never received one, but I know of several prominent residents of the city who have found them in their mail.

Stringent measures are necessary.

An eminent astronomer says "it would take ten years to photograph the heavens." Judging by the time it takes for a man to get his photograph finished on earth, we should think it would.

Those who do not want the Truth should dive no deeper here. Shrivelled souls with pewee brains and a superficial stare of intellectuality may make a super-aesthetical stagger at nasty-nice, but their prudery is rank hypocrisy and legible as the big lines in an open book. It is well to respect the sentiment of every honest person, but will the elect, those who vaunt their "better than thou" belief, be equally honest and respect your honest conviction? No, they will not. Unless you think as they think you are a crank, a zany, a lucifer and a hippocampus, fit only for treason, stratagem and spoils.

In THE HERALD a few days ago I said, of a truth that all men should be honest, true and generous. I said it not in so many words, but such was the crystal when stripped of its verbiage. Some of my extra-dry readers are moral censors and quiet

roasters. I like their prattle in censorship and their rare roasting, but differ with them as to their own code of resilient and innate goodness. Be just before you are generous, and 'be proper before you arrogate to yourselves, my wise brethren, the chastening rod of pulchritude and ply it with the fierceness of a professional flogger.

A sweet little lady sat in the choir,  
Whose powerful voice rose high and hoar,  
Till it reached such a height  
It was clean out of sight,  
And they found it next day on the spoor.

In the great wave of prosperity that my journalistic colleagues predict will pass over Florida the coming winter, Sanford will be prepared to demand her share.

Blessed Sanford,  
Oregon has passed a splendid law. Hereafter all restaurateurs must date their apple pies and serve sandwiches that are of the year in which they are manufactured. A sandwich which, when mounted with a coal of fire, will walk off, is not considered fit fruit, and the vendor thereof will be held up to public execration and scorn, and fined not less than three ounces and a term in the donjon keep.

It is most gratifying to all Sanford loving citizens to know that after the "Van Winkle sleep" of our aldermen they have awakened to the necessities of the hour, and are now laboring enthusiastically and energetically for the best interests of Sanford and her future advancement.

In all laudable efforts to improve the condition of our people, the gentlemen of the City Council should and will have the support of every Sanford-loving citizen.

In this connection I wish to call attention to the backbiters, malcontents and those who are too prone to kick against the powers that be. I admit that ordinances have been violated, laws ignored, and I myself have called attention to these omissions, but I have always believed that the gentlemen who compose the Board of Aldermen of the City of Sanford are men of integrity, and once they realized and appreciated their duty to their constituency, they would do it fearlessly, and their actions of the past month bears me out in that belief.

Gentlemen, you are winning the plaudits of all right-thinking people: The taxpayers who have faith in Sanford are your friends. Continue in your good work and we will yet see Sanford occupy that proud position that Destiny has reserved for her.

Blessed Sanford!  
A Geneva maiden sent two daddy dollars to an eastern firm for a recipe to make her hands soft, and received a card which said to "wash 'em in dish water three times a day after meals." It tickled her tired mother almost to death.

When you call at the postoffice for your mail, and the postmaster hands it out, ask him if that is all. If you ask him for your mail, and he tells you there is none, tell him there ought to be, then go home and send the rest of the family around at different times during the day. Don't bring your mail to the postoffice until the mail closes, then sail into the postmaster for not opening the mail bag and putting your letter in. When you want a stamp on your letter tell the postmaster to put it on; if he don't lick it, kick him. In case you put it on yourself, soak it in your mouth long enough to remove the mucilage; it will stick until dry. Be sure to ask the postmaster to credit you with a stamp; if he has any accommodation about him he will do it. If you have a box, stand and drum on it until the postmaster hands out your mail. It will make him feel good, especially if he is waiting on someone else.

Don't worry about the sidewalks. This great work is retarded by the unprecedented wet weather. Contractors and property owners alike are ready and willing to continue the work as soon as practicable.

Yours, for Progress,  
THE SAUNTERER.

#### Concerning Dogs and Other Things

To the Editor of THE HERALD

I am for that which is fair and honest in sportsmanship. But listen to me: You who ride the streets and wind your horn (oh, so loudly) to call up a few hounds that you wont take the trouble to keep up and feed, and have where you can find them. Did it ever occur to you, that your little racket is of the nuisance order when rendered along about 2:30 a. m.? It has a tendency to wake everything in the way of babies, dogs, chickens, etc., and set them to rendering the choicest thing they have in the way of vocal sounds.

This beautiful, though unclassical array of sounds, noise, fuss, racket, etc., is not what one particular suburbanite is used to, and is not conducive to rest, sleep, thought, study, or several other things, (except many damns, etc., etc., etc!!!)

Take your dogs and keep them where you can find them and cut out this horn blowing stunt, in places where people who work need rest.

If you "fox hunters" would keep your pack where you could get them and take them out without rousing them—out of some one's kitchen with a row that would make Gabriel think his patent had expired, it would give some pleasure and a great deal of rest to those within sound of the sound.

SUBURBANITE.

#### Transgressors Warned.

To the Editor of THE HERALD

Certain parties from Sanford have been shooting quail out near Fort Reed. Hereafter they will be informed upon, if indulged any more before the game law opens. The farmers out here have their places posted and their eyes open. Look out, you transgressors.

FARMER.

#### From the Panama Canal Zone

The following letter, written by E. A. Osteen of the firm of Tate & Osteen, grocers of this city, has been received by his brother, and will no doubt interest many readers:

Empire, Canal Zone, Island of Panama.  
August 5, 1908.

Dear Ellis:—I have not heard from home since I left, but keep writing to some of you. I wish you had come with me, for while there is not much money in it I have seen things so that I feel fully repaid for coming. If any one will stay here there is a good chance for promotion.

I went to Panama Sunday with some friends and had a big time. The city is a curiosity for a person from the States to see: with its narrow streets and very old stone and rock buildings. It is right on the Pacific Ocean, or Panama bay. The tide rises and falls 60 feet.

While walking along the street you can see plenty of children from four years down playing in the street without any clothing at all on and don't look like they have ever had any on.

In place of street cars in Colon and Panama there are two-seated hacks pulled by one native pony, usually very poor and very small. They charge twenty cents in Panamanian money, which is ten cents in our money.

Some things are cheap here while others are high. Board is high—twenty-seven a month. I have seen nearly all the Canal from Colon to Panama and nearly everything else to be seen. Have been on top the highest mountains.

I see quite a few monkeys and parrots here in captivity. This country is nothing but mountains; of course they are not so very high, but still they look high to me. Every day I can look at the mountains and see clouds between me and them.

We have two hours noon, so it gives us a rest. It has been dull in the commissary this week and will be up till Friday, then everybody gets new books to trade with and then we do have a rush.

It is pleasant here in the shade and I am always in it, but down in the cut where the wind cannot strike the men it is awfully hot.

The quarters here are two-story houses usually eight rooms, with a plaza all around it, and screened, with three men to a room. Bananas grow wild here, but do not bear much, as they are not cultivated.

E. A. OSTEEEN.

COUNTY SOLONS MEET A STANDARD CELERY CRATE

Regular Meeting of County Commissioners, Monday

MANY PETITIONS FOR ROADS

Several Petitions Regarding Roads in the Vicinity of Sanford Were Presented to the Board

Board met Monday, September 7, 1908. Present, Commissioners Chappell, Fuller, Tilden and Lee.

Upon motion, Mr. Lee was elected chairman pro tempore of the Board.

Upon representation of Messrs. Maris, Williams, et al, \$200 was appropriated for putting fibre on Melville avenue under the direction of the superintendent of roads and bridges.

In pursuance of instructions given by the Board at the July meeting, J. O. Fries made his report as to the establishment of the route of Celery avenue.

The petition of Isaac Aten, J. W. Matchett, et al, praying that the claying of the Pine Castle road from Preston's hill to Pine Castle be completed.

The clerk was instructed to inform Dr. Aldridge that the county will put in proper condition the sewer near Samis' place.

The petition of J. N. Whitner, S. O. Chase et al, asking that Beardsall avenue be accepted by the county as a public road, received and read.

G. E. Takash appeared before the Board and asked relief from what he claimed was damage from the flow of water from the south side of Celery avenue caused by either filling up a ditch by Hawkins, or obstructing it by the removal of a bridge and filling in the water course through Celery avenue by the county.

The proposal of Jno. F. Gordon to sell the county of Orange four acres of marl land for \$1500, the county to put in the railroad siding, and to reserve the cost of same from the purchase price, was, after discussion, referred to a committee.

The petition of Seth Woodruff, C. W. Goodrich et al, to open the Geneva road on the township line on south side of section 34, township 19 S. R. 31 S., was received and read, and upon motion the prayer was granted.

The clerk was instructed to call the attention of the Board of County Commissioners of Volusia County to the condition of the approach or fill to the East Coast ferry.

The petition of D. W. Currie, D. W. Prescott et al., to open the old Tampa trail was taken up, and upon motion the report of the surveyor was accepted and the road was ordered to be opened as surveyed.

Upon motion, \$50 was appropriated for the improvement of Lake Cane and Fort Christmas road.

The report of the survey of the Forest City road was received, accepted and ordered to be recorded in the road book.

Upon motion, it was ordered that the county be divided into two tax assessors' districts. Election precinct 11, 12 and 13 do compose tax assessor's district No. 1, the balance of the county to constitute tax assessor's district No. 2.

Communication from S. O. Chase as to controlling the water running into Pump Branch was read. The subject matter was referred to Messrs. Chappell and Branham.

The request of E. Turner to use clay on street in Maitland granted upon condition that the overburden be removed from the clay used, and that the clay now exposed in the pit is not to be used.

It was ordered that the Apopka road on the southwest side of Lake Ivanhoe be laid with marl.

The tax roll was presented, and Board proceeded to levy taxes for 1908, viz: Real and personal 2 mills. Roads and bridges 6 mills. Fines and forfeitures 1 mill. School 7 mills.

Sub-school districts are as follow: Orlando, Sanford, Apopka, Ocoee, Oakland, Longwood, Fairview, Geneva, Chulabta, Pine Castle, Boggy Creek and Lockhart, all three mills. Oviedo and Tangerine one mill, and Winter Park one and a half mill. Monthly bills were ordered paid, and Board adjourned to next regular meeting day.

Celery Growers Should Get Together and Adopt a Standard Crate

To the Editor of THE HERALD Celery growers should establish a standard crate.

Why not get together and decide on a standard crate. Time is fast approaching the shipping season.

We now have the two sizes of crates, one known as the 8-inch crate (8x20x27), the other the 10-inch crate (10x20x24).

The first appearance of the ten inch crate was last spring. The Sanford Celery Union being anxious to meet the demands of the buying trade, made request of a large portion of the buyers throughout the United States and 85 per cent of the replies called for the ten-inch crate, hence the adoption of the same by the Union.

Some claim that the ten-inch crate will not refrigerate as well as the eight-inch crate. Would state that the growers of Manatee county use what is known as the twelve-inch crate which is two inches thicker than the ten-inch crate and are so well pleased with it that they will not use any other. Do you think they would continue the use of same if it would not refrigerate properly?

They cannot load the minimum capacity of cars on account of their large crate, yet they prefer to pay the excess charges per crate rather than use the small crate. Why is this?

Let us look all points squarely in the face and get together for the good of the industry.

K. R. MURRELL, President Sanford Celery Union.

Geo. Adams and Nat. Berman Co-operate in a New Business

Mr. Nat. Berman, the famous \$13.50 made-to-order-suit gentlemen, who has conducted these sales throughout the State, and has recently had a great and successful one at Orlando, has come to our city and will co-operate with George W. Adams of the Pressing Club, and offer to the people here for 15 days the most wonderful values of the 20th century. There will be over 250 patterns to select from, and amongst them will be the choicest, snappiest goods of the season.

Mr. Adams and Mr. Berman will give the citizens here exceptional values, as a means of gaining their confidence, for it is their intention to settle permanently here in the Merchant-Tailoring line.

The opening of this rare and extraordinary sale is September 15, 1908, and the public should take advantage of these offerings and give these enterprising gentlemen a liberal patronage.

Observed the Day

Monday, Labor Day, passed off very quietly, there being no parades or demonstration of any kind. Many of the men observed the day by taking a vacation and several took in the excursion to St. Augustine. Col. Andrew Johnson was the only citizen who seemed cognizant of the fact that Labor Day is a holiday and he duly observed the occasion by displaying two large American flags from the windows of his law offices.

NOTICE OF INCORPORATION OF THE SANFORD DEVELOPMENT COMPANY For Letters Patent

The undersigned hereby give notice that on Saturday, the 17th day of October A. D. 1908, at 10 o'clock a. m., or as soon thereafter as they can be heard, they will apply to the Hon. Napoleon B. SANFORD, FLORIDA, SEPT. 12, 1908

### TAXATION AND IMPROVEMENTS

In a former issue THE HERALD stated that Sanford was afflicted with "growing pains" and several of the property owners who did not reside in this city and were not aware of the marvelous growth of Sanford could not understand why taxes should be higher now than they were several years ago. On another page of this paper is the Council proceedings, containing a letter from Rev. W. J. Kenny, of St. Augustine, and to the residents of Sanford, his statement that Orange county going dry has raised our taxes is absurd. The question of the wet and dry election has been settled, or will be settled by the higher authorities, and does not materially effect the taxable value of Sanford property.

If the owners of property in this city are disposed to sell it at a sacrifice at this time rather than pay taxes, they should not enter a protest to the Council about the matter or ring in that old "gad" about the county going dry and forcing them to sell.

The fact of the matter is that the man who purchased this property at a sacrifice is well satisfied with his bargain and has already been offered a good price for his purchase.

It is true that taxes are higher than in former years and it is also true that property in and around Sanford is selling at a higher rate than ever before in history. With many improvements taking place, with First street in the process of brick paving, new sewers being put in and a number of other movements on foot to improve Sanford, to say nothing about those of private individuals that are greatly enhancing all real estate values, it would be strange if the taxable property would not also increase and there is no one living in this city who is not fully cognizant of this fact.

Find a village, hamlet or city where the taxes are extremely low and you will find the citizens in a lethargic state, sleeping on their opportunities and the values of property at the lowest ebb.

Therefore, the kick registered to the Council regarding the taxes is only another proof that our city is growing at a rapid rate, and those unable to keep pace can drop behind and their place will be filled with people who are willing and eager to pay increased taxes upon property that is increasing in value every day.

Regarding the taxes of Sanford, we publish below the resolution recently passed by the Council and it can be readily seen that the increase in value fully justifies the increase in rate.

Resolved, that the amounts to be raised by taxation for the year 1908, shall be as follows:  
Gas, water and fire protection \$ 4,000  
Streets and sewers 2,000  
Interest on indebtedness 2,000  
Other Municipal purposes 2,000 - \$15,000  
Assessed value of real estate 580,052  
Assessed value personal prop. 233,856 - 813,908  
Increase in value compared with 1907 93,208  
Resolved, that the rate of taxation shall be 2 per cent. on the dollar of the assessed valuation.

The confines of this city are too narrow for the increase in population, and this has a tendency to make the rate higher than it will be when the corporate limits are extended to take in some of the most valuable property in this vicinity.

Our friend, Hugh C. Sparkman, who has so ably conducted the Wachula Telegram, has sold the business and subscription list of that paper to the Wachula Advocate, which is thus given the entire field. Mr. Sparkman has purchased the business of the Taylor County Herald, at Perry, which was recently burned out, and has moved his printing outfit thither. He is a newspaper man of great merit and a printer who ranks with the best, hence success must crown his efforts in Taylor county, where he has no competition whatever. We felicitate Mr. Sparkman and his successor, as well as Perry and Wachula on the change.

Local sportsmen are determined that the game laws shall be enforced hereabouts, and elsewhere in this paper a reward of fifty dollars is offered for the arrest and conviction of anyone killing quail out of season. A few convictions will have a tendency to make all violators sit up and take notice.

We were not in favor of drainage in the last primary, but since the past few days of rainfall the belief is firm in our minds that drainage upon certain streets in Sanford would be the proper caper.

We hope the City Council will not be too hard upon the Standard Oil Company in the matter of taxes. Uncle John certainly needs the money.

### THE CONVICT LEASE SYSTEM

When the Florida Legislature convenes again, one of the most important questions to be decided by the law makers will be that of the convict lease system. Many of the state papers are making this a subject for editorial discussion, and many and varied are the plans suggested as a solution to this vexatious problem. Orange County is not excited over the matter, and the county papers have not become unduly exercised over it.

One of the reasons for this quietude is that our county has long ago solved the question of the convict lease system by putting their unfortunates upon our own county roads. There are many who contend at the present time that our convicts are not worked to the best advantage and that from a financial standpoint the county is the loser.

In the face of this opposition is the proof that Orange County is looked upon as the banner county in the matter of good roads and that the convicts are much cheaper than free labor. A close perusal of the expenditures and results from this labor will be given in THE HERALD later on and the figures will be the best evidence of the wisdom of our County Commissioners in handling the convicts aside from the financial phase of the question is the humanitarian view, and this cannot fail to appeal to every fair-minded person in Florida.

The Orange County convicts are housed in moving vans, or large houses on wheels that can be moved very easily from one place to another in order to keep pace with the road work. Each van is well made with the idea of giving the convicts a comfortable home and sleeping apartments are kept scrupulously clean and neat. During the wet weather the vans are dry and can be moved to an elevated point where the inmates are kept in as good condition as they would be in their own houses, and in most instances much better.

The food is plain yet wholesome and prepared in the best manner, and the convicts have never been known to make objections to the state inspectors either as to their treatment or food.

The inhuman treatment accorded the state convicts in several instances, not only in Florida but in many other states where the lease system prevails has given rise to the discussion and general investigation now in progress.

Could the convicts be leased by the state to the firms who desire their services and do away with the many lessees, many of the evils of the system could be obliterated, but the greatest objection to the present system is the plan of leasing and sub-leasing of the convicts and the passing through so many different hands until the convict reaches the real lessee, where he must needs be worked to death in order that the exorbitant price paid can be regained.

The present investigation being made in Georgia has disclosed some very shady deals regarding the convict lease system and there is no doubt but that the entire south will awake to the realization of this great blot on the states where the convict leasing is practiced to such an extent that the blood of these unfortunate victims cry aloud for atonement.

Orange county can be held up as a shining example of fair treatment to the convicts and if the county exchequer is not as rich from the hire of these people as other counties we can at least take comfort from the fact that our county is not trading in flesh and blood.

City Attorney George A. DeCotes has tendered his resignation to the City Council, as will be seen by a report of the last meeting of that body, to be found elsewhere in this paper.

Mr. DeCotes has made a very efficient attorney and has faithfully attended to the legal business of the city, hence his retirement will be sincerely regretted.

A crate factory, a novelty works and several other new enterprises are on the tapis for Sanford. Verily, the city is on a steady growth, and not a short boom that will burst like the bubble of fictitious values. Capital is being directed toward Sanford every day and no longer will our insignificant factory sites go begging. A Greater Sanford is now a reality.

Among other good things in THE HERALD today will be found the report of the monthly meeting of the County Commissioners, also a concise report of the deliberations of the City Council in their regular bi-monthly convales.

Pushing Potwell, of the St. Petersburg Independent, expects to enlarge his daily to twelve pages soon. This speaks well for the merchants of that city who ably supported the Independent even during the dull months of summer.

### WHAT THEY SAY OF US

Comment of the State Press on "The Herald"

Osborn Banner.

Robert J. Holly and W. S. Osborn have successfully launched the Sanford Herald. These excellent newspaper men decided that the growing celery city needed another paper beside the Chronicle, and it now has the paper, one in every way worthy of the art and genius of the proprietors. Its first issue was a five-column, twelve-page edition complete in every particular. The editor, R. J. Holly, is no stranger to the newspaper fraternity of Florida, formerly being connected with Gainesville newspapers and later editor of the Orlando Reporter-Star, which by his bright and well stored mind, made a commanding success. W. S. Osborn is one of the best job printers in the state and his work while in the Star office proclaimed him an artist of the art preservative. Sanford is growing, if half we see in the first issue of The Herald is an indication of what the town is doing and promising to do. The future is indeed bright for the town that has become famous as the headquarters for the growing of that crisp, succulent and healthy vegetable—celery—and for which it is now known the country over. Since celery has become a successful and profitable crop, the town has grown by leaps and bounds and the indications are that it will be the leading city in Orange county, and the force behind The Herald will make it more so. We congratulate Sanford on this addition to its means of publicity, also Messrs. Holly and Osborn in the good fortune that turned their steps to this growing, progressive and prosperous city. May the growth and development of the one be the counterpart of the other and success the magic words that will waive from their respective banners.

Gainesville Elevator.

We have received the first number of The Sanford Herald, published weekly on Saturdays, with R. J. Holly as managing editor. Mr. Holly is well known in Gainesville, as is his ability for the position he holds and the success of his venture will be watched with great interest. His work on the Orlando Reporter-Star is a record before the people of Orange county. The Herald comes out a twelve page edition, on excellent paper and is a beautiful specimen of clean press work and make-up. Success to you, Bro. Holly.

St. Lucie Tribune.

The first number of the Sanford Herald has reached us in the form of a neat twelve page weekly—splendidly edited and well-printed. Robert J. Holly, for more than a year managing editor of the Orlando Reporter-Star, is editor, which fact goes a long way towards insuring the success of The Herald. We join the state press in a hearty welcome to our young contemporary and best wishes for merited success.

Palatka Times-Herald.

The Sanford Herald has been launched upon the sea of journalism. The infant number is one of such a character as to reflect credit on Editor Holly and his assistants. May deserved success attend their efforts.

### ANOTHER SANFORD ENTERPRISE

Sanford Development Company Organized and Charter is Asked.

Among the legal notices published in this paper will be found the Notice of Incorporation of the Sanford Development Company. This is a corporation formed the past week with Messrs. W. D. Holden, Andrew Johnson and F. H. Barlow as incorporators. The capital stock is \$30,000, of which the incorporators have subscribed for one-half.

This enterprise is created for a most worthy purpose and is destined to render good service in the future advancement of Sanford. The company will do a general real estate business, but will give special attention to building and the development of real property, and as it is already in the possession of a vast acreage of valuable land and controls much city property as well, it is reasonable to assume that the Sanford Development Company will soon take rank with the strongest institutions of its class in the state, and will be a great factor in the development of this favored section.

### Enjoyed the Springs

Ice-cold sweet milk and buttermilk and all the popular soft drinks will be found at W. H. Hand's.

A troupe of colored minstrels have pitched a tent on the show grounds and during the week have entertained our colored population. They hail from Ft. Pierce, and say the rainy weather has interfered with their business to no small extent.

Send your shirts, collars and cuffs to the Celery City Steam Laundry and they will look as new.

W. A. Stringfellow has opened a merchandise brokerage business in Sanford, and will have an office in the room occupied by Judge Stringfellow opposite the express office. Mr. Stringfellow is well and favorably known in this city, and is assured of a liberal patronage.

A little money now and a little now and then is the way to buy celery land. See M. M. Smith for particulars.

Chicken, vegetable, tomato, pea, oxtail, consommé, bouillon, and other soups served promptly at Billie Hand's place.

We wish to call attention to the new advertisement of D. A. Caldwell & Sons on the fourth page of this issue. This well known firm is busy taking orders for suits, having made arrangements with The Royal Tailors to carry their immense line of samples from which the suits will be made to order with the guarantee of this celebrated firm to go with every suit. A glance at the samples will make you a customer.

Paul Biggers has quite an interesting collection of Indian relics captured at Mchlenburg, N. C. There are tomahawks, spears, arrowheads and a fine large pipe of peace. There is also a string of beads which are supposed to have been worn by Pocahontas. Paul is justly proud of his collection and takes pleasure in showing it to his friends.

The Celery City Laundry has installed up-to-date pressing and cleaning machinery and are now prepared to do your cleaning at reasonable prices. Give them a trial.

Mrs. J. D. Davison returned last night from a northern visit, in which she visited New York City, Boston and her former home, Derry, N. H. Mrs. Davison intruded to make a more extended visit, but a few days ago she received the sad intelligence that her brother had died in Wisconsin. As the burial was at Baltimore she attended the same and then came on to Sanford. In her affliction, Mrs. Davison has the sympathy of the entire community.

Not-a-hole half hose, guaranteed for six months, \$1.50 half dozen. Metropolitan next to postoffice.

### SANFORD'S NOVELTY WORKS

W. P. Carter & Co., Will Move Into New Quarters

Sanford has long been a most profitable field for the foreign shipper of sash, doors, blinds and other finished supplies for the builder as there was no firm in the city that made this class of builders' materials. The steady increase in new buildings of all kinds has found the demand along this line, and now Sanford is to have a home company that will supply all the demands in this line.

W. P. Carter & Co., the well-known lumber firm of this city, having recently purchased the old los factory building near the freight depot, will remodel the same and at once install the latest improved machinery for turning out sash, doors and blinds, colonial columns, balustrades, mantels and everything in the novelty line. The location on two tracks of the A. C. L. is an ideal one for shipping lumber and importing it and aside from the local trade this firm should do a large export business as their finished products will be made to compare favorably with any now on the market.

**NOTICE OF INCORPORATION**  
**Sanford Electric Light, Gas, Fuel & Power Company**

The undersigned hereby give notice that on Wednesday, the 30th day of September, A. D. 1908, at 10 o'clock, or as soon thereafter as they can be heard, they will apply for letters patent under the laws of the State of Florida, in the name of Sanford Electric Light, Gas, Fuel & Power Company, for letters patent incorporating them, their associates and successors, into a body politic and corporate in deed and in law, under the name of **SANFORD ELECTRIC LIGHT, GAS, FUEL & POWER COMPANY**, under the following articles of incorporation, the original of which will be on file in the office of the secretary of state of said State of Florida, at the City of Tallahassee, during the time required by law for the publication of this notice.

ANDREW JOHNSON,  
 M. M. SMITH,  
 W. D. HOLDEN,

**CHARTER OF THE SANFORD ELECTRIC LIGHT, GAS, FUEL & POWER COMPANY.**

The undersigned hereby agree to become associated together, and do hereby associate themselves together for the purpose of becoming a body politic and corporate under the laws of the State of Florida, the provisions of which are hereby accepted. The following articles of incorporation shall constitute and become its charter, upon the issuance of letters patent according to law.

The name of this corporation shall be **SANFORD ELECTRIC LIGHT, GAS, FUEL & POWER COMPANY**. Its principal office and place of business shall be the city of Sanford, Orange County, Florida. Branch offices may be established at such other places as may be selected by the board of directors.

**II.**  
 The general nature of the business to be transacted by the said corporation shall be:  
 To carry on the business of electrician, electrical engineers and dealers in electricity and electric motive power, lighting and heating.  
 To manufacture, buy, sell, import, export and generally deal in electrical machinery of all classes and descriptions; also to produce, accumulate, distribute for hire electricity and electromotive force, and to supply the same for use as power for lighting cities, towns, villages, streets, buildings—public or private—by means of gas or electricity and to supply light and heating power to carriers of passengers and goods either by land or water.  
 To construct, build, purchase, lease or otherwise acquire, maintain, equip, operate and build street railways, street cars and other passenger or freight vehicles operated by electricity or otherwise.  
 To manufacture, use, purchase, lease or otherwise acquire and maintain in telephones, telegraphs, phonographs and all kinds of electrical devices; to construct, operate and maintain, purchase, lease or otherwise acquire sub-ways, conduits, electrical lighting and heating plants.  
 To lay, construct and maintain cables, wires, lines and all necessary appurtenances and appliances.

To acquire by purchase, lease or otherwise, and to manufacture and construct vehicles of any kind or character, used or useful as a means of conveying, delivering, moving, carrying and transporting persons, goods, chattels, products, substances or property of any and every kind and character, and equip and install the same for use and operation by electricity combination thereof, and to operate, use, sell, lease or hire the same, and to contract with corporations, firms, associations or individuals for operating, using, selling, leasing and hiring the same; to manufacture, to purchase, own, lease, hire, erect, construct, equip and install, use, sell and dispose of all machines, compressors, generators, storage batteries, apparatus, instruments, fixtures and appliances for the manufacture, production, generation, distribution, use, supply and application of electricity, compressed air, gas or other motive power, either singularly or in combination thereof or any or either of them, or any part or parts thereof.

To construct, build, purchase, lease or otherwise acquire, maintain, equip, operate and build suitable and necessary sub-ways, conduits, pipes, cables, wires, lines and all necessary appurtenances and appliances for the purpose of furnishing illuminating, domestic and fuel gas for illuminating, domestic and fuel purposes; to sell and contract to sell the same to corporations and individuals for such purposes.  
 To operate, construct and maintain, purchase or otherwise acquire, use, sell, lease or hire, construct and maintain cables, wires, lines and all necessary appurtenances and appliances for the purpose of furnishing illuminating, domestic and fuel gas. To lay, acquire, lease, purchase a system of pipes, mains, conduits, standpipes, reservoirs and pump pools and other necessary and useful appliances for the supply of gas for domestic, manufacturing and other purposes.

To manufacture, use, purchase, lease or otherwise acquire, ranges and all necessary appliances and things for domestic and fuel purposes, with power to lease, rent, sell or otherwise dispose of same to corporations, individuals or associations; to lay mains, pipes and to make connections with such mains and pipes for the purpose of furnishing gas for illuminating, domestic, fuel and other purposes; to carry on the business of lighting cities, towns, villages, streets, buildings—public or private—by means of gas or electricity and to supply light and heating power to consumers.  
 To purchase, acquire any and all parts of the stock, real property, or personal property of any person, firm, association or corporation, or the stock, bonds, or other obligation of any such association or corporation heretofore or hereafter established, business or otherwise, or the business of this corporation; and to pay for the same in cash or in the stock or bond of this company, or in any other manner; and to take, hold, mortgage or in any wise dispose of the whole or any part of the property purchased; and to pledge or hypothecate any of the stock, bonds or other obligations so purchased as security for any obligations of this corporation; and to assume in connection with such purchase or sale any liability of such person, firm, association or corporation and to conduct the business thus acquired.

To purchase, lease or otherwise acquire lands and buildings for the erection and establishment of a manufactory or manufactories and work shops with suitable plans, engines and machinery necessary to be used in any of the businesses herein mentioned; with power to mortgage any and all of the property and plants herein mentioned for the purpose of borrowing money thereon; to sell, dispose of, hypothecate or pledge any of the stock or bonds of any of the several businesses mentioned as collateral for the purpose of borrowing money or acquiring credit; and further to acquire water by purchase or otherwise, or to construct reservoirs or water towers, erect pumping machinery, laying out of water mains, pipes, gates, valves and hydrants; in furnish and sell water to manufactories, private corporations and individuals for fire protection, manufacturing and domestic use, and collect payments or rentals for the same; to manufacture, buy, sell, import and generally deal in water, air, steam, electrical or other machinery, engines and business uses and in connection therewith.

To purchase, acquire any and all parts of the good will, rights, property and goodwill of any person, firm, association or corporation, or the stock, bonds or other obligation of any such association or corporation heretofore or hereafter engaged in any business similar to the business of this corporation; and to pay for the same in cash or in the stock or bond of this company, or in any other manner; and to take, hold, mortgage or in any wise dispose of the whole or any part of the property purchased; and to pledge or hypothecate any of the stock, bonds or other obligations so purchased as security for any obligations of this corporation; and to assume in connection with such purchase or sale any liability of such person, firm, association or corporation and to conduct the business thus acquired.

To manufacture, buy, sell, import, export and generally deal in engines, boilers, water pipes, wires, electrical and plumbers' supplies of all kinds and to do a general hardware and plumbers' business in connection with any of these businesses herein mentioned.  
 To purchase, lease or otherwise acquire lands suitable for mining, constructing, removing, manufacturing and converting peat into fuel for manufacturing and domestic purposes, and to equip, work, excavate, develop, mine and handle the same; to mine, quarry, smelt, refine, dress, amalgamate, mix, dry and prepare for market, peat; to buy, sell, manufacture and deal in peat, plants, machinery, implements, conveyances, provisions and things capable of being used in connection with peat operations or required by workmen and others employed by the company.  
 To construct, carry out, maintain, improve, equip, manage, control and superintend in roads, ways, private railways, private tramway bridges, reservoirs, water courses, aqueducts, wharfs, piers, docks, bulkheads, furnaces, mills, crushing, drying, concentrating, reducing and expelling works, hydraulic works, factories, dwelling houses, ware houses to purchase vessels or other means of transportation except railroads other than private railroads and to equip and operate the same.  
 To run electric wires and place conduits and posts for wires, lay pipes and connections for gas, generate power as required for the use and purpose of the company, and also to do any other acts and things relating to mining or taking peat from land to the same extent as the laws of this state will permit and as full and with all the powers of the laws of this state conferred upon corporations and

organizations under said act, and to do any and all the above businesses above mentioned and set forth to the same extent as a natural person might or could do.  
 The amount of the capital stock of this corporation shall be One Hundred and Fifty Thousand Dollars (\$100,000.00) divided into fifteen hundred shares of the par value of One Hundred Dollars (\$100.00) each; ten per cent of the capital stock shall be payable in lawful money of the United States or in property or services, and the balance of the capital stock shall be payable in cash, property, labor or services as a just valuation to be fixed by the incorporators at a meeting called for that purpose.

**IV.**  
 This corporation shall exist for a period of ninety-nine years, unless sooner dissolved according to law.

**V.**  
 The business of this corporation shall be conducted by a board of not less than three nor more than seven directors.  
 The board of directors shall select from themselves a president, vice-president, secretary and treasurer. One person may hold the office of secretary and treasurer. Said board of directors shall have authority to appoint all necessary agents of this corporation.

**VI.**  
 Annual meetings of the stockholders shall be held at the principal offices of the corporation on the third Tuesday in March of each year, at 10 o'clock a. m., or as soon thereafter as practicable at which the board of directors shall be duly elected by the stockholders.  
 The by-laws for the government of this corporation shall be adopted at the first meeting of the stockholders, or as soon thereafter as practicable. Until the board of directors shall have first been duly chosen by the stockholders, the business of said corporation shall be conducted by the following persons and officers:  
 ANDREW JOHNSON,  
 President.  
 M. M. SMITH,  
 Vice-President.  
 W. D. HOLDEN,  
 Sec. and Treas.

**VII.**  
 Temporary by-laws may be adopted by said officers until the first annual meeting of the stockholders.

**VIII.**  
 The highest amount of indebtedness or liability this corporation shall at any time subject itself in Two Hundred and Fifty Thousand Dollars (\$250,000.00).

**IX.**  
 The names and residences of the subscribers to these articles of incorporation, together with the amount of capital subscribed by each, are as follows:

**Sanford City Bonds for Sale**  
 We, the undersigned, bond trustees, offer for sale fifteen (15) Bonds of the City of Sanford, Florida, of one thousand dollars (\$1,000) each, bearing six per cent interest, payable semi-annually, coupons attached, and payable at the National Park Bank of New York City, on January 1st and July 1st of each year.

These fifteen bonds are the remaining unsold bonds of a bond issue of \$45,000 of January, 1894, at which time \$30,000 of the bonds were sold and expended in improving the streets, erecting the High School building, and for the other purposes for which the bonds were voted.

These remaining fifteen bonds are now offered for sale for the purpose of street paving. They will mature in January, 1914.  
 There is no other bonded indebtedness than the thirty thousand dollar bonds sold in 1894, the interest on which has been promptly paid down to the 1st day of July, 1908.

The validity of these bonds has never been questioned. Judge John F. Dillon, of New York, passed upon and declared the bonds legally issued.  
 Bids for said bonds, or any portion thereof, will be received at any time on or before October 1st, 1908.

Each bid should be sealed and endorsed "Bid for Sanford Bonds," enclosed in a second envelope upon and declared the bonds legally issued.  
 Bids for said bonds, or any portion thereof, will be received at any time on or before October 1st, 1908. The right is reserved to reject any and all bids.

Interest coupons will be detached from the bonds down to and including July 1st, 1908, and interest coupons from July 1st, 1908, to remain attached, and matured interest from that date to be adjusted when sale of bonds is made.  
 M. THORNTON,

### LUCAS PAINT

Used in Uncle Sam's Paint Shop

During the past year the U. S. Navy has consumed 601,000 pounds of Lucas White Paint

and 278,700 pounds of LUCAS COLORS, sufficient to produce more than 100,000 gallons of paint, equivalent to 50 carloads of 200,000 gallons each, and which would make a train more than 1000 miles long.

In addition to this Uncle Sam has used during the past year more than 25,000 gallons of LUCAS VARNISHES, ENAMELS and other products.

Uncle Sam's preference is not a matter of favor, but of QUALITY and RESULTS.

In Uncle Sam's service, as in everybody else's, LUCAS PRODUCTS have an unbroken record for satisfactory results.

**SIDEWALK TALK**

Do you realize the necessity for a substantial foundation as a part of that sidewalk which you intend building? A nicely finished top lends beauty, but not stability. This is to be attained only when the same care is exercised in selection of materials for the foundation as for the top coat.

With this fact in mind, I am importing clean hard crushed stone, which when mixed with standard engineering specifications, gives an absolutely dependable foundation. If you want a walk in which you can take pride in the years to come, be sure that that foundation is right. This is one of the characteristics of my work. Let me figure on such a walk for you.

**LAKE MARY NEWS**  
 Special Correspondence to The Herald:  
 We are having plenty of rain.  
 T. B. Catherwood, one of our most respected citizens, who has been seriously ill for some time, is slowly recovering.  
 J. S. Keons is back in Lake Mary. He has spent the past two winters in Pennsylvania, but says Florida suits him better in cold weather.  
 Improvements are going on in this place. A. E. Sjoblom is having his store painted, and all the bush cleaned off his land. Rumors are that several others are going to follow his example and clean up their premises.  
 School commenced last Monday, Sept. 7th, Miss Florence Lovell, principal.  
 The school house has been ceiled, painted inside and out, and a porch added to it. We have been wondering if it wouldn't be a temptation to the small boy, with a pencil in his pocket, to have the walls such a glossy white.  
 M. Nelson, who is working in Sanford, comes out to have a look at his orange grove every Sunday. He expects a good crop of oranges this year.  
 Clarence and Raymond Willsey of Lockhart, spent a couple of days this week with their grandparents, Rev. and Mrs. J. F. Sundell.

**GENEVA GLEANINGS**  
 To the Editor of The Sanford Herald:  
 Mr. C. M. Bonnell has returned from his summer school in the northern part of the state. He expects to make his home-stead and try trucking.  
 Miss Mabel Daniel will leave Thursday for Meridan, Miss, where she will attend the Meridan Female College.  
 Miss Eva Taylor and Mr. Herman Daniel went to Orlando to take the teachers' examination.  
 A company of young people were entertained last Thursday at a musicale at the home of Mr. and Mrs. J. T. McLain.  
 Mrs. E. C. Etheredge and son, Culver, leave Friday for Macon, Ga., after spending several months with her parents, Mr. and Mrs. Seig, at Wistaria Cottage.  
 Mrs. Stephens' house on Lake Geneva, is nearing completion.  
 Mr. Watt Saunders, after spending about two weeks with parents left Friday for Oxford, Ga., where he will resume his studies at Emory College.  
 Mr. and Mrs. C. A. Raulerson after spending several months in Defiance, Ohio, have just returned.  
 Mr. and Mrs. Dann and daughter, Faith, of Miami, are Mr. and Mrs. C. F. Harrison.  
 Mr. and Mrs. Yerkes, of Jacksonville, are visiting Mr. and Mrs. Huddleston.

**LONGWOOD LAGONICS**  
 To the Editor of The Herald:  
 Mr. W. J. Cramer returned last week from a very pleasant trip to Carbonde, Pa.  
 Mr. and Mrs. G. W. Sumner left Monday for a trip to St. Augustine, Jacksonville and Lovett.  
 Mr. S. A. Huston accompanied by his little daughter Mildred were in Orlando Monday.  
 The Paola ball team is to play the Longwood team Friday.  
 Mrs. Geo. W. Greenwood returned home Thursday after a pleasant sojourn of some days with her sister in Sanford.  
 Our philanthropic citizens are still busy making improvements in our town by pruning the shade trees and removing same on church street which gives it a more stately appearance.  
 Messrs. Cramer and Heath recently purchased 150 hogs and are furnishing pork for one of the Sanford markets.  
 Miss Ainslie and Edmond Dinkle spent Tuesday at Palm Springs. Large crowds have frequented these springs almost daily this season.  
 Our school opens Monday with W. D. Entzinger as principal.

**Charles H. Campbell Dangerously Ill**  
 Deland Record.—Mr. Charles H. Campbell of this place, lies dangerously ill over at Daytona Beach, and but small hopes are entertained for his recovery.  
 While bathing in the surf at that place last Monday morning he was stricken, he thought, with apoplexy. He was taken to the hotel and the physician called. A few hours later symptoms of spinal meningitis developed and the physician held to this opinion for a day or so. On Wednesday it was given out that Mr. Campbell was suffering from a severe nervous trouble. He is conscious only a portion of the time. Mrs. Campbell and daughter were in Cincinnati and were telegraphed. They arrived at Daytona yesterday.  
 The latest report from Daytona brings the pleasing news that Mr. Campbell is better.

**Got 'em Alive**  
 E. E. Willard, the dairyman, last Tuesday captured a diamond-back rattlesnake on Celery avenue, near Mellonville. The monster is four feet seven and a half inches long, has six rattles and the usual button. Mr. Willard caught it with a lasso and brought it to the city, and disposed of it to Surveyor A. G. Hart who has sent it to Nicholson, the Orlando curio man.

NOTICE OF INCORPORATION.

Notice is hereby given that we, the undersigned, intend to apply to the Honorable N. B. Broward, Governor of the State of Florida, at Tallahassee, Florida, on the 7th day of October, A. D. 1908, for letters patent incorporating SANFORD BUILDING AND LOAN ASSOCIATION, under the following proposed charter, the original of which is now on file in the office of the Secretary of the State of Florida.

JAS. C. HIGGINS, GEO. H. FERNALD, A. T. ROSSETER, T. J. MILLER, A. P. CONNELLY, W. D. HOLDEN, GEO. A. DECOTTES, F. P. FORSTER, H. R. STEVENS, C. F. HASKINS

ARTICLES OF INCORPORATION OF SANFORD BUILDING AND LOAN ASSOCIATION

We, the undersigned, have associated ourselves together, and do hereby associate ourselves for the purpose of forming into a body politic and corporate, under and by virtue of the laws of the State of Florida, and do adopt the following Articles of Incorporation:

ARTICLE I.

The name of this corporation shall be SANFORD BUILDING AND LOAN ASSOCIATION, and its place of business shall be at Sanford, Orange County, Florida.

ARTICLE II.

The general nature of the business to be transacted and conducted by this corporation shall be to act as and generally carry on the business of a building and loan association; to rent, lease, buy, own, sell and convey real estate; to buy, own and acquire such personal property as may be necessary for it to own; to erect, build and construct such buildings and dwelling houses as it may desire and deem proper; to accumulate a fund by the savings or shares of the members thereof, to enable them to own, build, purchase or improve for themselves such real estate as they may deem advisable; to have the power and franchise of loaning or advancing to the stockholders thereof the moneys accumulated from time to time, and the power and right to secure the re-payment thereof, and the performance of the other conditions upon which the loans are made, by note, bond, or other paper, secured by mortgage or other security; to purchase or erect houses and dwellings, and to convey, lease or mortgage the same to their stockholders or others, for the benefit of its stockholders; to have the power in case of non-payment of installments, or interest due on any share or shares of stock by any stockholder for a period of three months, to enforce the payment of the principal, interest and fines by enforced sale of the said share or shares of stock of such stockholder, or by forfeiture at the withdrawal thereof; to borrow money and to secure the same, and moneys otherwise owing by mortgages, deeds, bonds or other obligations therefor; and to do all such other and further things as may be necessary and expedient to be done for the successful transaction of the business this corporation is authorized to conduct and transact.

ARTICLE III.

The amount of the capital stock of this corporation shall be Five Hundred Thousand (\$500,000.00) Dollars, to be divided into five thousand shares of the par value of One Hundred (\$100.00) Dollars each, payable in installments, in such manner and under such regulations as the by-laws may require. Each subscriber shall pay an entrance fee of twenty-five cents on each share of stock subscribed; and every share of stock shall be subject to a lien for the payment of unpaid installments, and for other charges incurred thereon, as may be provided in the by-laws.

ARTICLE IV.

This corporation shall continue and have full power to exercise its corporate rights and franchises for a period of ninety-nine (99) years from and after the commencement of its corporate existence.

ARTICLE V.

The business of this corporation shall be conducted by the following officers: a president, vice-president, secretary, treasurer, and an attorney, elected by the board of directors, and a board of seven directors, all of whom shall be stockholders in said corporation to be elected by the stockholders annually. The office of secretary and treasurer may be held by the same person.

Until after the first annual meeting of the stockholders, hereinafter provided for, and until their successors are elected and qualified, the officers of this corporation shall be as follows, to-wit: George H. Fernald, president; A. T. Rosseter, vice-president; A. P. Connelly, secretary and treasurer; and George A. DeCottes, attorney; the board of directors shall be composed of the following named persons, to-wit: George H. Fernald, A. T. Rosseter, H. R. Stevens, J. C. Higgins, T. J. Miller, W. D. Holden and F. P. Forster.

The first organization meeting of the stockholders of this corporation shall be held in the City of Sanford, Orange County, Florida, on the 17th day of October, A. D. 1908, for the purpose of adopting by-laws and completing the organization of this corporation; and thereafter the annual meetings of the stockholders shall be held on the second Saturday in October of each and every year.

ARTICLE VI.

The highest amount of indebtedness or liability to which this corporation shall subject itself shall be the sum of Ten Thousand (\$10,000.00) Dollars.

ARTICLE VII.

The names and residences of the subscribing incorporators of this corporation, and the amount of capital stock subscribed by each are as follows: George H. Fernald, Sanford, Fla., 50 shares; A. T. Rosseter, 50; A. P. Connelly, 50; Geo. A. DeCottes, 50; H. R. Stevens, 50; J. C. Higgins, 50; T. J. Miller, 50; W. D. Holden, 50; F. P. Forster, 50; C. F. Haskins, 50.

NOTICE OF INCORPORATION OF Sanford Fertilizer Manufacturing Company.

The undersigned hereby give notice that on Thursday, the 24th day of September, A. D. 1908, at 10 o'clock a. m., or as soon thereafter as they can be heard, they will apply to the Hon. Napoleon B. Broward, Governor of the State of Florida, at his office in the capitol building in the said state, in the city of Tallahassee, for letters patent incorporating them, their associates and successors, into a body politic and corporate in deed and in law, under the name SANFORD FERTILIZER MANUFACTURING COMPANY, under the following charter and articles of incorporation, the original of which will be on file in the office of the Secretary of State of the said State of Florida, at the City of Tallahassee, during the time required by law for the publication of this notice.

T. H. BARLOW, W. D. HOLDEN, ANDREW JOHNSON.

CHARTER OF SANFORD FERTILIZER MANUFACTURING COMPANY.

The undersigned hereby agree to become associated together, and do hereby associate themselves together for the purpose of becoming a body politic and corporate under the laws of the State of Florida, the provisions of which are hereby accepted. The following articles of incorporation shall constitute and become its charter upon the issuance of letters patent according to law:

The name of this corporation shall be SANFORD FERTILIZER MANUFACTURING COMPANY. Its principal office and place of business shall be in the City of Sanford, Orange County, Florida. Branch offices may be established at such other places as may be selected by the board of directors.

The general nature of business to be transacted by said corporation shall be:

To manufacture, produce, purchase, sell and deal in fertilizers. To buy, sell, mix any and all substances, chemicals and compounds and all matters, cotton seed and unripened cotton seed product whether natural or artificial product, the same being known as commercial fertilizers.

To purchase, lease or otherwise acquire lands and buildings in this state or elsewhere for the erection and establishment of a manufactory or manufactories and work shop with suitable plant, engines and machinery with a view to manufacture, buy, sell, import and export or otherwise deal in either directly or indirectly, through the medium of agents or otherwise.

To acquire patents, patent rights and privileges, improvements or secret processes for or in any way relating to all or any of the objects aforesaid.

To grant licenses for the use of, or sell or otherwise deal with any patents, patent rights and privileges, improvements or secret processes acquired by the company.

To sell, mortgage, lease or otherwise deal with real and personal property of the company.

To manufacture, buy, sell, import and export, repair, alter, let on hire and deal in apparatus, machinery, hardware and articles of all kinds capable of being used for the purposes of any business herein mentioned or in connection therewith, and

To generally in any and all ways buy, sell or acquire the essential ingredients, chemicals, compounds and any and all other necessary articles or compounds to be used in the manufacture of fertilizers of all kinds, to be used as fertilizers known as commercial fertilizers.

To the same extent as the laws of this state will permit and as full with all the powers of the laws this state conferred upon corporations and organizations under said act, and

To do any and all the above businesses mentioned and set forth to the same extent as a natural person might or could do.

The amount of the capital stock of this corporation shall be Fifty Thousand Dollars (\$50,000.00) divided into Five Hundred Shares (500 shares) of the par value of One Hundred Dollars (\$100.00) each. Ten per cent of the capital stock shall be payable in lawful money of the United States or in property or services, and the balance of the capital stock shall be payable in cash, property, labor or services at a just valuation to be fixed by the incorporators at a meeting called for that purpose.

This corporation shall exist for a period of ninety-nine years unless sooner dissolved according to law.

The business of this corporation shall be conducted by a board of not less than three nor more than seven directors.

The board of directors shall select from themselves a president, vice-president, secretary and treasurer. One person may hold the offices of secretary and treasurer. Said board of directors shall have authority to appoint all necessary agents of this corporation.

Annual meetings of the stockholders shall be held at the principal office of the corporation on the third Tuesday in November of each year at ten o'clock a. m., or as soon thereafter as practicable at which the board of directors shall be duly elected by the stockholders.

The by-laws for the government of this corporation shall be adopted at the first meeting of the stockholders or as soon thereafter as practicable.

Until the board of directors shall have first been duly chosen by the stockholders, the business of said corporation shall be conducted by the following named persons and officers:

T. H. Barlow, President. W. D. Holden, Vice-President. Andrew Johnson, Sec. and Treas.

Temporary by-laws may be adopted by said officers until the first annual meeting of the stockholders.

The highest amount of indebtedness or liability this corporation shall at any time subject itself to be One Hundred and Fifty Thousand Dollars (\$150,000.00).

**IN THE SOCIAL WORLD**

**Items of Interest Concerning Society People.**

**POINTS PURELY PERSONAL**

**How Celery City Vanity Fair While Away the Golden Hours—Social Gossip.**

NO observant goer-about in the Celery City can fail to notice the large number of majestically tall, young women in our midst. They tower above the men in the most discomfiting fashion. Asking one who ought to know if there was any underlying reason for this, the following answer was received:

"Yes. The young women are going in more and more for physical culture with good results, and the young men are cigaretting themselves into pigmies."

As this discrepancy in size is principally noticeable among Celery Cityites of both sex, fancy took a precipitate flight into the near future. Then the young men will have to get upon tall stilts to look into their best girls' eyes, and the fiancées of the little men will have to kneel on hassocks to submit their Amazonian fingers for the betrothal ring! It will not be lovely to have giantesses and no giants in the land in those days.

**Silver Tea**

On last Friday afternoon Mrs. M. M. Steward entertained the ladies of the Baptist church at a Silver Tea given for the benefit of the Pastorium.

Quite a number of ladies were present and all report a most enjoyable time.

A very interesting program was rendered as follows:

- Instrumental Solo..... Miss Marget Davis
- Instrumental Solo..... Miss Johnell Garner
- Recitation..... Miss Gladys Gardner
- Instrumental Solo..... Miss Nannie Gillenberg
- Vocal Solo..... Miss Minnie Steward
- Recitation..... Mrs. Barden
- Vocal Solo..... Mrs. E. E. Webb

Dainty refreshments were served after which all departed to their homes pronouncing Mrs. Steward and her daughters excellent entertainers.

**Merry Party at Wekiva Springs**

There are great preparations being made at Wekiva Springs this week to entertain the many visitors. Sanford has added

her quota to the gay circle, and quite a party left this city on Wednesday to enjoy a stay of three or four days at this famous resort. Among those in the party are Mesdames Butt, Roumillat and Frank, Misses Frank, Bowler, Mitchell and Harris and Messrs. Case, Roumelatt and Felix Frank.

**Fishing Party**

It was a merry party that went in Dr. Stevens' houseboat on a camping and fishing expedition to Turtle creek last week, and a happy time was had by all. Those who composed the party were Mr. and Mrs. F. S. Davis and daughter, Miss Margaret, Mr. and Mrs. Chas. Evans and Mr. and Mrs. A. Marshall.

Miss Lucille Richards, one of the popular teachers of the Sanford High School, has returned home from a vacation of two months spent in northwest Georgia, and is ready for her work in the school.

Mrs. E. J. Hoolehan is spending a month with her father, J. B. Brinson.

Miss Eva Walker of Longwood returned home last Friday after a very pleasant visit with her uncle, C. R. Walker, and family.

Mrs. J. H. Bruton and family took advantage of the St. Augustine excursion and enjoyed the sights of the Ancient City this week.

Mrs. M. E. Holly and Mrs. E. G. Tyner left Saturday for a visit to relations in Gainesville. They returned Wednesday.

Miss Helen Boltwood and Miss May Petris of Oakland, spent Saturday and Sunday with Mrs. N. B. Sharpe, on their way to DeLand.

Mrs. J. D. Litson went on the excursion to St. Augustine, Monday. After spending a few days there, she will go to Jacksonville to visit a week with her sister.

Mrs. J. N. Blaine and Mrs. Lyman Phelps left for Jacksonville, Monday, where they will spend a brief season with their children.

Mrs. Charles Rice and little son of St. Petersburg, who have been visiting Mrs. S. M. Baker, left Monday for Leesburg where they will spend a few days with friends.

Mrs. F. A. Granger and daughter, Miss Mabel, are home from a two weeks visit to Georgia friends.

Mrs. A. W. Baxley and Miss Baxley left Wednesday for Asheville, N. C., where they will spend two months with relatives.

Misses Mabel and Charlotte Hand are guests of Jacksonville friends.

**COMING AMUSEMENTS**

**An Artist of Rare Ability to be Heard Here September 21st**

Vilona, the great violin virtuoso, who is now on her third American tour, will favor the music lovers of Sanford by giving one concert in the Opera House on Monday, September 21st.

Those who have read of the enthusiasm over her on her previous tours in the cities of the north and west will be prepared to enjoy a great musical experience when she plays here.

Unassuming and simple as a child, Vilona is untouched by the world's fawning admiration, and as her marvelously supple fingers glide without effort through the most amazing intricacies of the composer's art, one's mind is not distracted, but carried into an ecstasy of delight by the grace and beauty of it all. She is honestly and sincerely herself—of lovable personality—devoted to her art; but still a great home-lover.

It is not the women alone who are hypnotized by the magic of her playing—men without musical knowledge are carried away and revel in new sensations while listening to sounds which no mere fiddle ever produced. The youth and gladness which dance through the music brings a joy and freshness to the heart that makes the world grow young again, and when is the man who would refuse to be transported back to the "golden days."

Mrs. O. O. Likins, of Orlando, who is so well and favorably known by the music-lovers of the state has kindly consented to render several vocal numbers with violin obligato.

**Burial of J. N. Blaine**

J. N. Blaine, one of the oldest and best known citizens of Sanford, died at the home of his daughter, Mrs. Lyman Phelps, on last Thursday at 2 p. m. The funeral service was held on Friday afternoon at the house and he was buried in Lakeview cemetery, Rev. J. T. McKinnon, officiating.

Mr. Blaine was 75 years old, and came from Ohio to Sanford 28 years ago. He leaves a wife and three children. While he had been failing for several months, the end came suddenly and was unexpected. Mr. Blaine was well known in and about Sanford, and has many friends who will regret to hear of his death.

In Glasgow last Sunday about 2,000 socialists surrounded a cathedral where services were being held and threatened to break up the meeting. A large force of police was summoned and dispersed the socialists.

Holland has submitted an ultimatum to Venezuela regarding the trouble between the two countries. A peaceable settlement is anticipated.

After destroying the town of Chisholm in the Mesaba range and doing a vast amount of other damage, the forest fires in Wisconsin and Minnesota have been checked.

For the first time since the inception, the International Eucharistic Congress of the Catholic church is to be held this year in London. This gathering will be most notable for the reason that it will bring to London the first Papal legate that has set foot in England since the days of Cardinal Pope, the Cardinal of England.

An attempt was made to turn a Labor Day meeting of unemployed workmen in New York into an anarchistic meeting, but was frustrated by the police. Several arrests of leaders were made.

Frank P. Sargent, a notable friend of labor, and commissioner general of immigration, died in Washington Sept. 4.

After four years litigation between The French Cable Co. and the government of Venezuela has resulted in a verdict against the company, and a fine of \$5,000,000 was imposed.

It is estimated that 500,000 bales will be the shortage in Georgia's cotton crop, caused by the recent heavy rain and the following excessive heat.

The mining town of Rawhide, Nevada, was swept by fire Sept. 4, causing a loss of \$50,000, and leaving 3,000 persons homeless.

Practically the entire business portion of Sumner, Miss., was recently destroyed by fire. A. M. Philip lost his life in the fire.

More than \$4,000,000 is left to charitable institutions, the Metropolitan Museum of Art and Yale University by the will of Frederick Cooper Hewitt, who died recently in Oswego, N. Y.

Indictments have been found against 117 persons implicated in the recent riots in Springfield, Ill. Policemen and other officers are included in the number.

Col. Henry M. Nevius has been elected Grand Commander of the G. A. R.

Miss Annie S. Peck of Providence, R. I., the mountain climber, has succeeded in reaching the top of Mount Huascarán in Peru. She calculates the height of the peak to be 20,000 feet. A Swiss companion of Miss Peck had a foot and both hands frozen which caused gangrene to set in, and an Indian guide had a miraculous escape from death from falling 1,000 feet down a ravine.

Earthquake shocks were felt in San Juan, Porto Rico, on the 7th. No material damage was done.

John E. Early, a leper, who is an ex-United States soldier, has been granted a pension, with back pay allowance. When signing the necessary documents a second sheet was placed over the paper to guard against any possible danger from contagion to officers who would have to handle the papers.

The safe in the postoffice at Breckenridge, Mo., was dynamited on the night of the 7th and robbed of about \$1500 in stamps and cash. The robbers escaped.

A wage scale has been agreed upon by the Canadian Pacific railway and their striking employees, and the men have returned to work.

Sensational reports that an attempt had been made to shoot President Roosevelt at Oyster Bay, Monday, was due to the opening of the hunting season on Long Island. Secretary Loeb says the reports were without the slightest foundation.

Follow prisoners in jail at Calcutta, India, killed the informer who exposed the plot to assassinate the Viceroy. Thirty persons were arrested for bomb-throwing in the recent riots.

At least 30 tourists have lost their lives in avalanches in the Alps the past month

and searching parties are out looking after others who are missing.

The coal miners' strike in the Birmingham district has been officially called off owing to a proclamation by the governor of the state, in which, among other things, he says that the miners shall not live in tented camps and that public meetings shall not be held in mining communities during a strike.

The First National Bank of Niles, Ohio, has closed its doors pending decision of the comptroller of the currency.

In the South Carolina second primary, Tuesday, E. D. Smith was elected senator. Five people lost their lives in the burning of Belmont hotel at Denver, and many were injured.

## SANFORD'S FOOTBALL TEAM

### A Husky Bunch Will Roll the Pigskin this Season

Sanford did not carry off the laurels on the baseball diamond this season, although a record was established of which our city can well be proud.

Now that the days of the national sport are waning, the followers of football will spring into limelight and in this respect the Celery City can put a bunch of husky youngsters into the field that are bound to beat all comers.

A meeting has been called for next Friday night at the City Hall to organize a football team and among the applicants for membership are some of the best players that ever trod the gridiron.

Mr. Hoskins, formerly of the Yale team will probably coach the team and in Sanford's cosmopolitan population are former players of some of America's greatest colleges.

C. C. Howard, formerly of the Universities of Kansas and Oklahoma; Fred Dornier, who played three seasons with one of New York's favorite eleven; Krueger, formerly a famous full-back with the University of Wisconsin; and several others of equal fame, all of them of an average weight of 200 pounds. There are several good players who have won honors with Stetson, Rollins College and many other western colleges. Among them are Messrs. Hamilton, Symes, Slonaker, Lovell, Woodruff, Biggers, Harrington, Powers, Ilite, King, Beatty, Beard, Stevens, Herndon, Messinger, Keely, Pyron, McDowell, Madden, Close, Adams, Butt and several others who will come in later and have a try out for the regular team.

Sanford can be assured of some good games this season as the "big uns" will tackle any and all teams in the State and any and all challenges accepted.

Those teams composed of light weights would do well to bring a "first aid to the wounded" package with them in case one of our beefy players comes in contact with them.

### A Good Report

Last Sunday was the fourth quarterly conference of the Maitland church, and the Presiding Elder, Rev. S. W. Lawler, presented the claims of Southern College. In a short time the nice little sum of \$350 was contributed by the congregation to swell the endowment fund. The Methodist people of the State are doing a grand thing this year in raising an endowment fund of \$100,000 for their college at Sutherland. Mr. Lawler spent Monday night in Sanford, coming this far with his son, who was on his way to enter Emory and Henry College in Virginia. Mr. Lawler reports the work of his district in very satisfactory shape, and his preachers for the most part rounding out a good year's work.

### Fourth Quarterly Conference

Next Monday and Tuesday nights Rev. Edward F. Ley, of Miami, will preach at the Methodist church in Sanford. Mr. Ley is the Presiding Elder of the East Coast District, and this is the occasion of his last visit to this charge for the year. The Presiding Elder comes four times during the year, and the fourth quarterly conference is one of the most important of his visits. At this conference officers are elected for another year, and reports are made concerning the work done.

### Celery Union Meeting

### The General News of "The Land of Flowers"

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

Says the De Land Record: "There is no scarcity of water in the flatwoods between the sand hills and the coast. The rains are filling them as well as the ponds, streams and lakes. For several years there has been little water in the ranges between here and the coast, and during the drouth last year it was difficult for cattle to get water. The St. Johns river is higher than it has been for years."

Now comes a gentleman from Orlando, Calhoun by name, who plans to establish a cannery at New Smyrna for the purpose of canning periwinkle or coquina clam soup. Mr. Calhoun has experimented along this line and finds it will be very profitable. There are large quantities of periwinkles washed up on the beach with every tide, and the supply seems inexhaustible.

Now is the time to get out strawberry plants and fix the beds for celery seed. By the way, if you want to make sure of good crops and money in either or both, as you no doubt do, manage to get in to operation a sufficiently large irrigating plant to meet deficiencies in rainfall at critical periods. It is barely possible you may not need it, but it is absolutely certain that if you have it and work it you will make money by it.—The Tampa Times.

A. M. Bozeman, book-keeper for the McCrimmons Lumber Company of Miami, deliberately fired two bullets into his right temple, from which he died in about two hours. Bozeman seated himself in a rocking chair in the office of the company and committed the terrible deed.

A. S. Waters, a former resident of Tampa committed suicide in Hot Springs, Ark., Sept. 4, by jumping from the window of the hotel at which he was stopping.

The finance committee of the recently organized Tampa Publicity Club made its first call on the business men of that city Wednesday for funds to carry out the contemplated Tampa boosting campaign and was decidedly successful in securing memberships and pledges definite amounts for the initial year advertising campaign.

Police and county officials in Tampa are on the lookout for Ricardo Rodriguez, superintendent of the supply department of the postoffice at Havana, who has disappeared from that place with alleged shortage in his accounts of \$400,000. The Cuban authorities have notified the officials of Tampa to keep a sharp watch for Rodriguez, who is supposed to have sailed for United States.

George C. Scudamore, ex-cashier of the Pensacola Bank and Trust Company, and who is charged with having embezzled \$45,000 of the bank's funds, and was afterward declared insane and sent to the State Asylum, only to be declared there sane and only feigning, has been declared hopeless and incurably insane by the superintendent of the Illinois Insane Asylum. A letter received at Pensacola by friends of the former banker, states that he has been an inmate of the asylum for five weeks, and that the superintendent has pronounced his case as hopeless.

A wealthy lady of Ocala lost a pocket-book containing about \$1000 worth of valuables. She offered \$100 reward for its return. A negro girl hastened to her with the find and refused to accept the reward, saying that she would not be doing her full duty if she took the money for herself. More negroes of that brand and race trouble will be a thing of the past—even in Springfield, Ill.—St. Petersburg Independent.

Hon. Thos. J. Appleyard, editor of the Lake City Index will be a candidate for secretary of the state senate. It is doubtful if there is another man in the state so well qualified for the position, and the senators will make no mistake if they will restore him to the position that he filled so efficiently for ten or twelve years.—Sarasota Telegraph.

Prices of lumber has already advanced above what they were a long time ago and sawmill men expect soon to set their own prices on lumber. A meeting of the lumber dealers of South Florida is to be held in Tampa, Thursday of this

week, to discuss the situation in this State and they may agree upon further advance. The market seems to be rather unsettled yet in Florida and South Georgia.—Times-Union.

One of the most valuable cargoes of naval stores to go out from a gulf port in many months was that which was carried out of Pensacola Tuesday when the Belgian steamship Clematis departed for Antwerp. Her cargo consists of 5200 barrels of rosin, valued at \$26,000, and 10,000 casks of turpentine, valued at \$198,000, making a total valuation of \$224,000. The shipment was made by the American Naval Stores Company.—Pensacola Journal.

### Maitland Does Well

Maitland church, just south of Sanford, may well congratulate herself on having as her pastor such a faithful man as Rev. J. W. Austin. He has done a splendid work in that charge this year—this, too, in spite of many hindrances on account of sickness in his family. In the spring he lost considerable time on account of the sickness and death of a relative in Georgia, and recently his wife has had to undergo a dangerous operation in the hospital. It will be gratifying to their many friends to note that she stood the ordeal well, and is now much better.

### Fifty Dollars Reward

Last week we published an article in which was stated that undersigned would give ten dollars reward for the arrest and conviction of any party or parties guilty of killing a quail out of season within a radius of five miles of Sanford. This notice was headed "Sportsmen, get together," and it seems they have to the extent of \$50, and the undersigned is authorized by the sportsmen to make that offer.

A. D. SMITH.

### Osborn Herndon's Feat

The Jacksonville Times-Union observes: Those northern people who insist that the climate of Florida must be enervating should turn their attention to the feat of that 14-year-old boy at Sanford, Osborn Herndon, who swam five miles across Lake Monroe to Enterprise, and was then so little exhausted that he offered to swim the whole distance back.

We make plans and specifications and do first-class work cheaper than anybody else. Sneed & Venable.

## ON LOCAL LEGISLATION

### City Council Meets to Adjust Differences in Tax Question

### ATTORNEY DE COTTES RESIGNS

#### Question of Granting Franchises Deferred Until Next Meeting—Other Matters

The City Council met in regular session on last Monday evening, with Aldermen Thrasher, Robinson, Stevens, Evans and Pules present.

Due to the inclement weather, a large number of citizens were in attendance to listen to the proceedings.

After the minutes of the last meeting had been read and approved the council settled down to the pleasant task of taking up the adjustment of taxes, which was done with neatness and despatch, all claims being settled satisfactorily to all parties present.

The complaints were not made in regard to the personal and separate claims of individuals, but in several cases the complainants were of the opinion that their neighbors were not being assessed at the same ratio. In all the cases the taxes were raised accordingly, and a more equal rate made.

A committee was appointed to examine the personal property of the Standard Oil Company, and report at the next meeting.

The misunderstanding regarding the personal property of the Opera House Co. was settled.

City Attorney George A. DeCottes handed in the following resignation:

September 6, 1908.  
The Honorable City Council, Sanford, Fla.:  
Gentlemen:—I herewith respectfully tender you this my resignation of the office of City Attorney of Sanford, Florida.

I consider the remuneration paid by the city far too inadequate to warrant me in holding this office for another term. This, in addition to other reasons, has caused me to decide that it would be to my best interests to resign at this time.

Trusting that my resignation will be acted upon immediately, I beg to remain,  
Most respectfully yours,  
Geo. A. DeCottes.

A committee was appointed to examine into the property assessment of the Sanford House and report at the next meeting.

A committee was also appointed to confer with the members of the Sanford Light and Fuel Co. regarding their franchise to furnish electric lights for the City of Sanford.

The following communication was received from Arch Bishop Kenny of St. Augustine:

To the City Clerk of Sanford.  
Dear Sir:—Yours of August 22nd, to hand, informing me that the taxable valuation of Block 7, Tier 7, of the city of Sanford, has been raised to \$2,000—its former taxable value being \$900. Orange County having gone dry at the last election, your treasury has followed suit, and now to meet the ordinary expenses of the city you are compelled to exercise your wits to raise money. Anticipating that your sapient officials would reassess the city property at a higher valuation I have sold block 7, tier 7, at a sacrifice, and I have no doubt many other property owners will do likewise. The city taxes were exorbitant before, now they will be outrageous.

Yours truly,  
WM. J. KENNY.

All the franchises up for second reading were deferred until the next meeting. Council then adjourned.

### "Can't Help Growing"

Jacksonville Times-Union:

The Sanford Herald is one of the brightest and most attractive looking papers in the state, and it is talking up Sanford in a way that promises to make the city at the head of navigation on the St. Johns one of the most progressive in the state. A town that sustains a real live newspaper can't help growing.

New Houses on Cameron Avenue

I. C. Hughes, the contractor, has in course of construction, a handsome stone residence for Mrs. Walter Curt of Chicago. It is on Cameron avenue, about three miles east of town, and will cost about \$2,500.

Mr. Hughes is also laying the foundation for a \$1,000 tenement house for Mr. Bradshaw, father of Mrs. Curt.
