SANFORD HIGH SCHOOL COMMENCEMENT

INTERESTING EXERCISES AT THE SANFORD SCHOOLS

LARGE CLASS GRADUATES FROM GRAMMAR AND HIGH SCHOOL.

All members of Senior Class have photos in this issue with the exception of four that could not be obtained.

Senior Graduation

Heralded by the interesting programs of the preceding numbers of the Commencement exercises, the Senior graduation on Friday evening was a fitting close to the week of good things.

The High School auditorium was filled with an eager throng of relatives and friends of the young graduates and they were not disappointed, for the program of music and addresses has never been excelled, and this occasion not only sustained the reputation of former years for Sanford High but has added new laurels to her success.

The platform was appropriately decorated in the class colors of purple and gold. Seated upon the platform were the graduates, the High School faculty, Superintendent Lawton, representing the County School Board, Mr. B. F. Whitner, the local Board, Dr. George Hyman and Dr. H. W. Cox, Dean of the teachers' college of the University of Florida, who delivered the Commencement address. The marches for the entrance and recessional were played by Miss Julia Laing, a talented young musician of the Junior Class. She also accompanied Mrs. Julius Takach in her vocal recitations. The invocation was given by Dr. Geo. Hyman which was followed by a charming piano solo, beautifully rendered by Mrs. E. M. Hunt (nee Miss Muriel Harrold).

The speaker of the evening was then introduced by Mr. Claude Ogilvie, principal of the High School, who in appropriate and well-chosen remarks paid his tribute of respect and affection to the dean, who piloted him along the rugged path of education in his university career.

The introduction of Dr. Cox was the signal for enthusiastic applause. Dr. Cox's address was the gem of the evening at once winning his way into the hearts of his audience, he commanded and held their attention throughout and was frequently interrupted by the appreciative applause that greeted his humorous sallies of vivid thought.

Dr. Cox after preliminary greetings and congratulations to the graduating class of 1920, announced as his subject "Our Country and its tomorrow." The keynote of his splendid address was "Education" and the three factors in a man and woman's life which determine its success, ideals, education and ambition. Ideals, the higher things of life; education the tolls of life and ambition that is worth while, means slavery and never does a man or woman come to a place of authority but meets temptation in that place of authority. Said he, The man who meets the emergencies of life is educated and these three are the fundamental principles of success without either one, no other two will make life a success. In this day of pessimism and doubt, he sounded another note, encouragement. Touching on the early days of America, these three golden threads kept us from becoming gross materialists through a period of materialism and gave an equal opportunity to every man. America had given to the world rapid transit, steamship, railroad, telegraph, telephone, aeroplane, submarine; the cotton-gin and the sewing machine and the printing press that printed our newspapers two days before they were due. Touching on war periods, he stated that we fought for ideals, loyalty and humanity that lifted our nation up and the men who led in the world war were educated. College men made the officer for he was trained. In making a strong plea for the boys and girls to be educated, he gave statistics showing that Florida is 750 teachers short, which means that 15,000 children are not getting teachers. In America we

are 75,000 short and over 100,000 more are insufficient, and this situation is far more serious than Bolshevism and Redism. He admonished the class of '20 to hold God as their ideal and to "go on" to the higher things of life as their ambition.

In the words of Mr. F. P. Foster, who moved a "rising vote of thanks" to Dr. Cox it was the most instructive address ever made from the High School platform. Instructive, inspiring and encouraging sums up the wonderful address.

Dr. Cox was followed by Mrs. Julius Takach who rendered in Italian a vocal selection "Parla" (Arditi) and in response to the encore she faced the graduating class and sang "Sorter Miss You" (Clay Smith). Mrs. Takach thrilled the audience with her magnificent soprano. Her voice was marvellous in richness and purity of tone and her singing, especially in the first number, could not be surpassed.

The follow-up talk of Supt. Lawton, preceding his presentation of diplomas and certificates, was apt and wonderfully clever in which he not only indorced the sentiments of Dr. Cox on the education of the children but spoke earnestly in behalf of the drive to: funds to increase the teachers' salary urging the co-operation of the towns people that we might obtain well trained, efficient teachers in our schools. The pleasing exercises closed with the song by the class, "Black and Gold", after which the graduates filed out and held an informal reception in the ante-room.

A profusion of beautiful floral offerings testified to the popularity of the young people and the appreciation of friends.

Class Day Exercises

With the evening shadows falling across the northern campus of the High School, the most impressive ceremony or exercises of Commencement week was held on Friday, with a large and enthusiastic audience to greet the young graduates. Friday was distinctly graduates day for this last day is always set apart for the programs which include only the graduating class. They have come into their own and the late afternoon program, in the peace of the dying day is as once filled with joy

and sadness; the joy of attainment have crowned the efforts of twelve years of school life and sadness marks the parting of the ways "to go out into the world to fulfill their destinies and of one has faith in the power of the class prophet to divine the future, varied, useful, unselfish and famous will be the careers of the members of the class of '20."

Bathed in the rays of the setting sun, it was a goodly company of young people, twenty-nine strong, serious and dignified in their collegiate caps and gowns, who took their places upon the improvised platform, amid the plaudits of admiring friends and relatives.

The various numbers were wonderfully good and each so well rendered that it would be difficult to single out, for special comment, any one participant.

Miss Winnie Strong, class historian read an interesting history of the class, beginning with the Eighth Grade year, when overflow conditions housed them in the High School, to sit at the feet of High School pupils to acquire information, dignity and a reputation peculiarly their own; one of the most popular classes to ever

leave the portals of Sanford High. Among its successes she counted athletics, and paid a glowing tribute to the boys of the class who had gone over-seas, touching with pathos and regret on the death of Arthur Lossing, who gave his life to the cause of humanity. The class prophecy was cleverly given by Miss Gladys Adams, as seen through the lenses of the future. A movie ideal would be the fate of one; several would embrace the honorable profession of teaching. Anna Mason and Virginia DeCoursey, brilliant musical successes; Glenn Lingle and Sherman Moore, governors of the State of Florida; a wireless telegraph operator, a fat woman in a side show, a cottage built for two, a hospital nurse, a fashionable woman's "illur, a popular novelist and many other interesting destinies were faithfully promised the talented class of '20.

In the capable hands of Miss Rose Gallagher, the "Class Will" was a formidable instrument of fools-cap and legal phrases, that called forth ripples of laughter, as their valuable possessions, individuality and collectively were disposed of. Among the bequests to the faculty was "one

mob of precious Freshmen, etc." To Sanford in general the "brilliance of the class of 1920." A golden smile, a wad of chewing gum, curly hair, a propensity for "getting by" and other equally valuable holdings of the Seniors were bequeathed to Juniors, Sophomores and Freshmen.

The Class gift of two hundred dollars with which to purchase books of reference for the library, was presented by William McKim in a short, pleasing address of well-chosen phrases.

"Class Appreciation", the address of the president, Miss Adele Rines, was wonderfully fine and delivered in a prepossessing manner that charmed her audience. To the County and local Boards of Education, Principal Ogilvie and the High School faculty, Mr. Bradbury, their faithful friend, she paid a tribute of love and praise; while to the people of Sanford and the merchants were included in her gracefully expressed thanks and appreciation in behalf of the class.

To the Juniors and other classes who come after, were given words of encouragement, and commendation.

The presentation to the Juniors of the golden key", the class emblem, a custom that originated with the class of '19, was made with charming grace by Miss Alberta Aycocke, and was accepted with gracious dignity by Miss Vivian Crosby in behalf of the Juniors. The exercises closed with the song, "Hail and Farewell," by the school, after which an invitation was extended by the class president for the audience to partake of refreshments as their guests.

This was an innovation that was much appreciated. In a charming little nook formed of three palmettoes on the school campus that was entwined with vines studded with yellow flowers, and decorated with streamers of purple and gold, a bevy of attractive girls served punch and wafers.

Eighth Grade Graduation

For the first time in many years the Eighth Grade Graduation exercises were held in the Grammar School Auditorium which was filled to capacity with an appreciative audience of relatives and friends of the pupils. Chairs were placed in the aisles, and those who arrived late were compelled to stand in the halls adjoining.

The decorations of the auditorium and halls were very lovely and appropriate, carrying out effectively the class colors of orange and green, with quantities of daisies, nasturtiums, sun-flowers against a background of bamboo, vines and palms in graceful arrangements. A beautiful silk flag of Our Country draped from overhead completed the charm of the decorations.

To the music played by Agnes Peritt, sixty-four young graduates marched into the auditorium led by Dr. Brower, the orator of the day, Mrs. Geo. Dickenson, principal of the Grammar school, Mrs. D. S. Babbitt and Miss Clara Millen teachers. A pleasing and instructive program woven about the subject "Florida", was well rendered by members of the class, and included songs, poems, the formation and history of the state, its plant, bird and animal life; its government and industries; its important cities and the things for which each is noted, and the educational facilities of the entire state. This latter embraced the public and private schools of Florida, her colleges and Universities. It was an interesting program, that restored and imparted knowledge to many in the audience whose school careers were back in the days of lesser opportunities and lacking the equipment of modern times.

Dr. Brower sounded the bugle call throughout his splendid address to higher education, and keeping in line with the subject of the day "Florida" he stated that the "wealth of the state was its men and women, boys and girls." He urged the class to continue to study and whatever the calling of each to a light of supreme value to the community, to train mind and body for the possibilities of service to state, country and the world, with Christianity the motto should be "not what can I get, but whom can I serve." Service, education and ambition was emphasized throughout and the pleasing address closed with a glimpse into the future. In fancy he assembled again the class of to-day fifty years hence when the highest officers of the land should pay them this tribute "you have wrought for the common wealth, obedience to law, loyalty to womanhood and the Kingdom of God." Such may be you are true to your responsibilities.

Mrs. Dickenson followed Dr. Brower with a short, impressive talk in which she expressed appreciation and thanks for the co-operation and support to the patrons of the school and urging the visit of the parents during the school year. "The goal for which we are working," said she, "is to make the Grammar school of Sanford the best in the state."

In behalf of Sallie Harrison Chapter, D. A. R. Mrs. B. J. Starling, Regent of the Chapter, presented the prize which had been offered for the best composition on "The Making of American Citizens." In making the presentation, Mrs. Starling stated "that all the papers were so good that it was difficult to decide which was the best but it was finally awarded to Nami Scoggan to whom was given a Liberty five-dollar gold piece.

The young graduates were the recipients of quantities of beautiful flowers and gifts. The program followed:

State Senator Race
 As the June primary approaches the nomination of all candidates becomes of deeper interest. The senate is the highest state office to which a local man aspires. Hon. N. C. Bryan being a candidate for that position.

Mr. Bryan is eminently fitted for that place. He is a successful business man and his experience with his fellow men gives him an insight into the needs of his district.

His services in the House of Representatives where he played a leading part in the past two sessions has just put him in close touch with the issues of the state and will add to his efficiency as senator.

This combination of business man and statesman will enable him to view the questions which confront the senate, not alone as a state issues but from the standpoint of the individual as well.

Osceola has always supported her favorite sons who have aspired to positions of honor and trust and will roll up a big majority for Mr. Bryan in the coming primary.

It has long been an established custom for the counties of the 19th district to alternate in selecting the man for the senate, an Orange county man filling this important position one year and an Osceola man the next. Senator G. W. Crawford, the present incumbent of the office

is an Orange county man, consequently his successor would naturally come from Osceola.

Since Seminole county was formed and included in the 19th Senatorial district it has never asked that one of its citizens be named for the senate but should she make this request it would be the duty of both Orange and Osceola to repay past courtesies.

As the matter stands Mr. Bryan is the logical man for the senate both from custom and from point of qualifications, and his friends predict that his majority in the coming primary will be exceedingly gratifying. —Kissimmee Gazette.

CHULUOTA SNAPSHOTS

The weather conditions are fine. Nice and cool and enough rain to make things grow nicely.

The Order of Knights of the Cow Whip are in full blast in this section. All the cattle owners both old and young, are renewing their pledges to their whips and spurs; and with their red neckerchiefs and leggings, with saddle bags well filled, they go forth each morning on their most fleet-footed horses to drive in a bunch. They return at night tired out but with a broad grin of satisfaction on their faces as they report "Got so many today."

Rev. B. H. Guy filled his regular appointment here Saturday evening and Sunday morning and afternoon at the Baptist church, preaching to a large and interested congregation.

Needham Jacobs of DeLand came over Saturday and set up the beautiful W. O. W. monument at the grave of I. L. Hodges. He set up one at the grave of J. A. Prevatt some few weeks ago. Both of these gentlemen were sons-in-law of G. M. Jacobs and both died of Spanish influenza when it made its ravage throughout the country in 1918.

Mr. and Mrs. J. Tilden Jacobs are at home here again to spend a well earned vacation after having completed a very successful school term at Lake Monroe. Mrs. M. E. Jacobs, their mother, of Oviedo is spending the summer with them.

Mrs. Olive Story. They attended the church services.

Wm. Lee spent several days in Jacksonville last week on special business.

Mr. and Mrs. R. H. Kilbee and Mr. and Mrs. George Geiger of Geneva all come over Sunday to our church services. This place was formerly the home of Mr. and Mrs. Kilbee and Mrs. Geiger. This was the first time in 16 years that Mrs. Geiger had been to her old home church. We were all pleased to have them come.

Mrs. P. E. Culley and little son, Joe, of Mikmla, are visiting Mr. Culley's mother, Mrs. Lizzie Jacobs this week.

The picnic and barbecue given for the candidates here last Thursday was an "Era of good feelings." Everybody seemed happy and the candidates told their own little stories and let the other fellow and his story alone. There was no mud slinging, no tramping on others' toes. In fact all were filled with such good will that some of the voters were heard to say that they were sorry they could not vote for all of them.

GENEVA

Mrs. Charlie Chilson and children of Tampa and Mrs. Joe Brown and baby of Riverland are visiting their parents Mr. and Mrs. R. Q. Gresham.

Miss Emma Elehnor made a short visit to St. Augustine last week. Miss Lida Peters of Jacksonville is spending a couple of weeks with home folks.

Miss Elizabeth Stones, one of

our June brides will be "showered" at Oviedo Wednesday p. m.

UPSALA AND GRAPEVILLE

Mr. and Mrs. Albert Kruse and family spent Friday near Wekiva, a blue-berrying but found them not ripe enough yet.

The fishing seems to be good from some of the catches we see.

Mrs. Westerdick, Mrs. Barney Beck and children were among those attending the 8th grade graduation exercises in Sanford, Thursday.

T. O. Tynor has gone back to work at the A. C. L. shops after a weeks illness.

Mrs. Melle Thompson and little daughter returned home Sunday to DeLand, after a pleasant week spent at the home of Jesse Thompson and wife.

We caught sight of Miss Eva Malm in Sanford, Sunday, where she is visiting with her relations, enjoying her vacation from the office at Ormond. She expects to visit with her father near Orlando this week, and promises her Upsala friends a visit when she returns to her work.

Mrs. Geo. Ballinger spent a few days in Sanford with Mrs. Verne Collier, who is just getting around again after an illness of six weeks.

We had a good time at the church Sunday afternoon both at the school and the church service after, when Rev. Brower who was with us spoke taking his text from Jonah. Mrs. Brower took the opportunity to call on Mrs. DeForest who is still quite ill and afterwards Alfred Ericson kindly took them home in his car. All were pleased to have with us at the services Rev. Carl Ericson of Miami who is here for a short visit at the home of his brother Alfred and wife. They spent a few hours after service at the home of Mr. and Mrs. Magnuson.

We understand that Carl is arranging for a monument in memory of his wife.

Sunday seemed such a perfect day but just as we came home from the service in the late afternoon, the word came by John Lundquist that a boy was drowned in Crystal lake, to get a doctor and Dr. Denton

THE FRANKLIN CAR

It's Superior Performance

(National Averages)

The measure of satisfactory motoring today is what a car does. And motorists are realizing that it is quality and the principles—not luck—which enable Franklin owners to get the above results.

The Franklin Car is the easiest riding, safest driving, least fatiguing car today. Requiring least care, it gives least trouble and creates least expense. It is the most advanced automobile in design and construction. That's why these road records in different parts of the country

have been possible—and with only one driver at the wheel constantly on each trip.

New York to Boston and return (458.8 miles) in 12 hours and 5 minutes—

CELERY FEDS HAVE BAD WEEK

BETTER TIMES AHEAD

Teams both in the Major League and the Class D leagues have their good days and their bad days. Some times they have bad weeks. Sanford is just finishing up her bad week. That is, we should say bad week and a couple days over.

Ever since the suspension of the two players some time back we have never been exactly right. Even after they were put back in the game the only club we have been able to lick was Orlando and we don't ask for much credit for trimming that bunch. We could use the high school team and do that.

After returning from their two day road trip last week they met Orlando on our own back lot and slipped a cap somewhere because we let them get away with an easy one, final score 10 to 1. That made the Feds somewhat huffy for they didn't do a thing but go down to the Caps town the next day and fall short of one run doing the same thing to them. That was Saturday and the final score was 9 to 1.

However, Monday while playing Tampa something slipped again. Tampa just slugged and run and puffed about, while Sanford juggled the pill and threw it away so often that the final count was Tampa 10 Sanford 0. Tuesday, the team tightened up somewhat and together with plenty of Watts they made it a little harder for Tampa to win. But they won—4 to nothing.

Then started a long road trip, the longest we have this first half of the season. They landed in Bradentown to be bumped off once again in the first game there. Score 6 to 3. They left Bradentown last night to battle with the smokers again for two games. After finishing up there they go to St. Pete for a couple, Monday and Tuesday. Wednesday is an open date and we suppose the team will rest.

But look out. This kind of hard luck can't last forever and Manager Burns has some real ball players headed this way and from now on we can expect something else. Donahue, Taylor and Mosley have been given their release to make room for some of the new players and from advance dope we understand that they are players. And the rest of the team are going to play ball, they will have to or else—more new players.

The weakness in our pitching staff is just about overcome with the arrival in the next day or two of several twirlers of merit.

Batting Average Including Game Played Wednesday, May 16

Peter, the un-official score and record keeper of the Florida State League has released the averages, both fielding and batting for the Sanford Club and he has included Wednesday's game. We find Gene Gaffney still slugging the pill hard enough to hold his second place in the League and still leads the Sanford Club. Skinny Watts and Richmond follow him with averages of .359 and .353 respectively. Batting averages follow:

PLAYERS	G	AB	R	H	HR	2B	3B	TD	AVE.
Gaffney	10	42	6	18	0	0	0	5	.429
Watts	4	14	2	5	1	0	0	8	.359
Richmond	5	17	2	6	0	0	0	6	.353

Lutz	4	13	2	0	0	0	0	0	.000

Fielding Averages Including Game Played Wednesday, May 26th

Peter finds that Johnny, Richmond and Sells have clean records so far and are leading the Club in fielding. The fielding averages follow:

PLAYERS	G	PO	A	E	AVE.
Johnson	14	24	1	0	1.000
Richmond	5	2	10	0	1.000
Sells	5	5	16	0	1.000

FEDS LOST THURSDAY 7 TO 1 IN GAME AT BRADENT'N

Sanford lost the second game of the series with Bradentown yesterday with Sells working against Larry the manager of the growers. Sanford left Bradentown last night to play a two game series with Tampa. The standing of the clubs before to-days games show that Sanford is in fifth place, one half game behind fourth place and three and one half games behind Orlando who holds down the third place of the ladder, and four games behind second place with eight and one half games between us and first place. In other words just two weeks would change the whole thing around and we believe that with the new players coming Sanford will figure in this thing very prominently.

Score by Innings of yesterday's game: Sanford—000—100—000—1 4
Bradentown—300—031—000—7 4 1
Batteries for Bradentown, Larry and Hardy for Sanford Sells and Lutz

CELERY SEED

By CHAS. L. BRITT
Tampa has a nice team. All good ball players. We ain't saying a thing but we wonder how many class men they have. There is one way to find out, that is if they win the first half just let Orlando win the second half and we can rest assured that a vigorous investigation will follow.

Johnny Johnson has some arm. Throws the ball from centerfield over the top of the grand stand. But that arm cost him a \$5.00 bill this time because his umps fined him that much for the stunt.

And talking about the umpire that man Franklin is small but he is loud. No back talk to him.

Orlando is having trouble too. They must be to let Daytona beat them eight to nothing after losing thirteen straights.

Sanford beat Orlando two to nothing, Orlando beat Sanford same score, then Orlando beat Sanford ten to one and Sanford beat Orlando nine to one. That leaves us one run behind but we will make it up with interest next week.

Daytona won several games lately. Now watch 'em. They are bound to go higher. We wish that they had picked a good team to break their losing streak with instead of the team they did.

In the future the only passes that will be honored at the gate will be the ones issued at the head office in Orlando and signed by Mr. Rose. No more free tickets will be issued by the local club.

Sanford fans are not displaying that same kind of pep they did in years gone by. When the home team was a runner two or a half dozen runs behind they made just as much fuss from the grandstand as if they were ahead. This year they hang their heads and act like they are praying and some of them even hoot the local players. That is not the way. Even if the players act like they have lost all their fight, lets us fight right on, maybe it will help. And back up the local players and their manager, it's certain it will do no harm, even at times when it can do no good.

And we still claim that Sanford has the best manager in the league. Even though some of his material has not shown up to be A No 1, he has better stuff coming and when he is right—well you'll see.

The averages released by Peter shows Gaffney still murdering that pill enough to keep him right close to the top. Some slugger that.

YES SIR!

I have been calling on "the store that is different." I heard some one say that the store was somewhat different and I went there just to see for myself. I find them different in many respects but one of the very noticeable ways is the way they treat their customers. Just as nice and pleasant as any place I have been. They make shopping a pleasure. Oh yes, I bought a suit while there. They handle Society Brand and Campus Togs. Both good lines. I purchased one of the Campus Togs suits and they told me that if it didn't hold up they would give me a new suit. I believe 'em, too. And the price was far lower than I thought I was going to have to pay. Yes Sir! my advice to you is

The Sanford schools have just closed another very successful season and the teachers and the patrons and the officials of the school boards are very proud of this years record.

With a fine record for this year and the prospects bright for another most successful year the Sanford schools go marching onward and forward and advertise our city as the home of good schools and the center of educational pride.

UTILITIES CO. BIG BLUFF THAT FAILED

CUT WIRES IN FACE OF INJUNCTION AND ALMOST WENT TO JAIL FOR FOOLISH STUFF.

The Southern Utilities Co., seemed to think that they were greater than the courts and on Wednesday in the face of an injunction restraining them from cutting out any one on account of their present they gave orders to their local manager here to cut wires. But the first snip of the snippers brought Mayor Stevens on the job and he hunted up Manager Morris of the Utilities Co., and Cary D. Landis who drew up the air tight injunction and who is still acting for the city until this case is settled and Mr. Landis called up Attorney Crawford in Kissimmee and asked him what he meant by flying

in the face of this court and cutting out service while the injunction was in force. Mr. Crawford answered that there was a mistake and he immediately called the general manager in Palatka who gave orders to Manager Morris here to cut the wires back on and the consumers were out of light for only a few hours which is nothing in our young life after passing such a fine winter. It seems that the Southern Utilities Co., pulled a bone somewhere for their attorneys know that an injunction stopping them from cutting the service until the injunction is dissolved means just what it says and they were warned not to do this stunt. Either a cog slipped or the head office tried to pull a gigantic bluff but in any event they found out where the City Commissioners, the City Attorney and Attorney Cary D. Landis, formerly city attorney and the court stood on this proposition and luckily for the people circuit court was in session at the time which shows lack of training on the part of the Southern Utilities Co., again. Sometime maybe they will learn that they are not bigger than the courts and not bigger than the people—but it takes time, it takes time, and much teaching.

State of Florida vs Richard Hillyard Jr. larceny of a motor vehicle. Case continued.

The following presentment was brought in by the Grand Jury: In Circuit Court Seventh Judicial Circuit, Seminole County.

To the Honorable Jas. W. Perkins, Judge, Circuit Court, Seventh Judicial Circuit.

We the grand jury, empaneled for the Spring Term 1928 have diligently investigated and considered and disposed of all matter presented before our body and have found true bills, in all matters in which, in our judgement, the evidence justified the same.

While we did not inspect the property and offices of the county it seemed to be the sense of the members of the Grand Jury that they are in the usual satisfactory condition. We deem this satisfactory as the property and offices were investigated by the grand jury of the Fall Term only four months ago.

And now having completed our labors, we beg to be discharged.

DAVID L. THRASHER, Foreman.

WALTER M. HAYNES, Clerk.

Another Stetson boy making good.—DeLand News.

Alexander Irvin of Washington Georgia is among the prominent visitors to the city this week and is the guest of his sister, Mrs. Cecil Gabbett. Mr. Irvin is cashier of the Washington Exchange Bank and is prominent in the affairs of his section of Georgia. He notes many improvements in Sanford in the past year and were it not for the fact that his interests are in Georgia he would be tempted to make Sanford his home.

W. E. Bryant representing Purchase Co. of Jacksonville spent Sunday in the city taking advantage of the splendid hotel facilities offered by Sanford and also to see his old friends here. He and Mrs. Bryant lived here several years ago since that time he lived for some time at his old home near Gainesville and served several terms as chairman of the Board of County Commissioners of Alachua county. Mr. Bryant says that Sanford is making remarkable strides in building and development and is known far and wide as one of the hustling cities of Florida.

Lucien White and daughter of Pennsylvania are in the city for a few weeks while Mr. White is improving his property on Sanford Heights. He recently purchased the Resor grove and owns his father's place long known as the White place on the hill and is making many changes in the property with the idea of spending this winters here. He is an old Sanford boy and his many friends are glad to know that he will be here again. He is a developer and will be a most valuable asset to this city. Mr. White and daughter are the guests of Mr. and Mrs. G. D. Hart while here.

Welfare Department Meeting
With Mrs. B. W. Herndon presiding, the last meeting for the season of the Welfare department, an interesting program was opened with a piano solo by Miss Julia Laing. Reports showing progress was made by the standing committees and new committees were appointed as follows:

House—Mrs. R. M. Grovenstein
Cortesies—Mrs. R. L. Peck, Mrs. D. A. Caldwell.
Domestic Science—Mrs. E. M. Galloway.

Mrs. A. P. Connelly, chairman of the Educational drive, reported \$1753.81 cash in hand which with the pledges will bring the fund for teachers' salaries to \$4000.00 with the easy prospect of reaching the \$6000.00 goal.

Mrs. S. Puleston reported that a request had come to the department to assume the payment for the instrument cases and one litter stretcher for the Fernald Loughton Memorial Hospital, the cost amounting to \$107.50. The department having set apart \$100.00 for a donation to the hospital unanimously voted to add the \$7.40 for this purpose.

On motion of Mrs. R. J. Holly, seconded by Mrs. E. P. Morse, it was voted to place \$1000.00 to the credit of the building fund for a new club house. Mrs. Holly announced that a case of soap had been donated to the Spring Carnival could be purchased from her in lots of one or more bars until sold. Quality guaranteed.

Mrs. Galloway opened an interesting discussion on the program for the coming year and announced the visit of Mrs. Edgar Lewis, former president of the State Federation, in the interest of the University extension course on citizenship, with the privilege of having a prominent lecturer with the club, beginning in October, every two weeks for several months. Members present were enthusiastic and voted to recommend to the general club the advisability of accepting the offer. The lectures will be no expense to the club.

The question of hot lunches for the school children aroused enthusiastic discussion and was left with the Domestic Science Committee for investigation with instructions to report to the department.

Mrs. Wakefield's generous offer to the club to demonstrate and teach "the differences and uses of fruit juices" was accepted with cordial appreciation, the demonstration to have a part on the program for the new club year.

Civic days will be included also in the program, important among the plans being the re-novel of the custom to plant flower seeds for fall and spring gardens with inspection and prizes for same.

At the close of the meeting Mrs. Herndon thanked the members, in words of appreciation, for their support and encouragement and urged even a larger activity where the work is resumed in the fall.

The interesting program closed with a charming piano solo by Miss Helen Terwilliger.

Birthday Party
Little Miss Katherine Johnson celebrated her fourth birthday on Saturday afternoon.

With about thirty-five of her little friends at her home 510 Magnolia avenue. Games frequently used by youngsters were played. Ice cream cake and marshmallows were served. Ladies assisting Mrs. Johnson were Mrs. Hurley, Mrs. McMahon, Mrs. Freeman, Mrs. Wolf and Miss Lucille Anderson and Miss Edna Stiles.

Katherine was the recipient of many pretty and useful gifts.

Celebrates With Party
Elizabeth, the tiny daughter of Mr. and Mrs. Sam Igou celebrated her fourth birthday with a party on Thursday afternoon. Seventeen happy kiddies gathered at the home to enjoy the fun and frolic having the best time of their young lives. Elizabeth is a gracious little hostess who with the help of her mother served cake and ice-cream. Mrs. Igou was assisted in looking after the happiness of her small guests by Mrs. A. B. Mahoney, Mrs. Clarence Wolfe and Mrs. E. W. Wells.

Vincent-Kendall
Surrounded with much interest the marriage of Miss Stella Vincent to Mr. Albin Kendall took place Sunday morning May the twenty-third at the home of the bride's parents, Mr. and Mrs. J. E. Vincent at nine o'clock.
The young bride, who is a popular and attractive girl wore for the wedding, a coat suit of midnight blue

serge with a chic little hat of black in colonial style.

The ring ceremony was performed by Dr. George Hyman of the Baptist Temple, only relatives and close friends of the contracting couple witnessing the ceremony. Mr. and Mrs. Kendall left immediately in their car for a short wedding trip to the East Coast. They will reside with Mrs. Arthur Johnson.

Birthday Dinner
Celebrating his sixth birthday, Master Billy Gillen entertained with a spend-the-day party and dinner on Wednesday at which ten little guests Boyish sports were enjoyed throughout the day and dinner, the kind little boys enjoy, was served at one o'clock. A color scheme of green and pink were effectively carried out with ferns, sweet peas and the pretty pine vine. In the late afternoon ice cream cake and candies were served and the kiddies wended the ways homeward, a tired, happy group of young-ster who voted a Billy a right royal little host.

Helping along the joyous celebration were: Wallace Phillips, Frederick Williams, Frank Langley, Edwin Shelly, James Hayes, Eugene Estridge, William Braddy, Robert Adams and Charles Piplar.

Stag Party
Among the many charming entertainments given for members of the graduating class of '20 the stag dinner in honor of Henry McLaulin Jr., on Monday night at the home of his parents Mr. and Mrs. Henry McLaulin was one of the most delightful. Enjoying the delicious "rats" and the warm hospitality of the home, were Curtis Barber, Otis Cobb, Glenn Whitcomb and Sherman Moore.

Attractive Porch Party
In honor of their former and well-beloved teacher, the Truth Seekers were invited to meet Mrs. F. E. Steinmeyer Monday afternoon at the home of Mrs. L. P. Hagan on Sanford Heights. The guests were entertained

on the big, white porch which was made attractive and cozy with pot-pod palms and ferns and a profusion of the gay and vari-colored phlox.
In the course of the afternoon Mrs. Steinmeyer gave an interesting, informal talk and Miss Ruth Steinmeyer, who is a talented reader delighted everyone with several pleasing selections. An ice course was served at the refreshment hour.

ANSWER THE ALARM

Sanford People Should Not Delay
If your kidneys are inflamed, Don't stand around and do nothing. Like a fire it will soon be beyond control.

You will get the alarm in time—Backache, or dizziness or disorders of the urine.

Heed the warning. Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by a Sanford woman's experience.

Mrs. Geo. Smith, Route A, says: "It was several years ago that I used Doan's Kidney Pills for backache and other symptoms of kidney trouble. They gave me great relief and helped me in every way. Other members of my family have taken Doan's Kidney Pills with wonderful results, too. I am glad to give this endorsement."

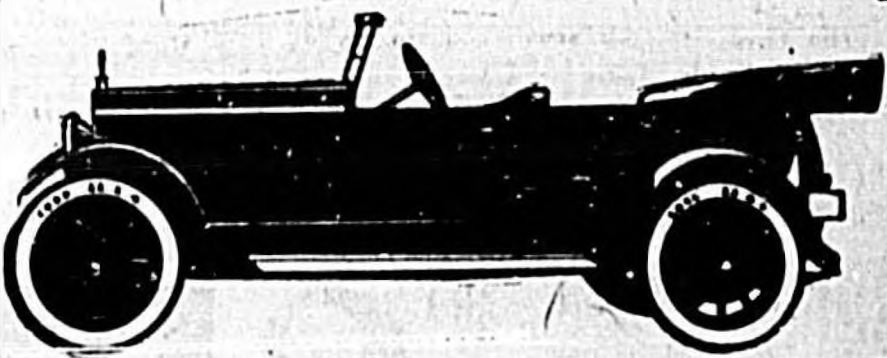

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

THIS IS THE DEDICATION DAY
TO THE GLORY OF GOD IN
THE CHRISTIAN CHURCH.
For the defence of the ancient Faith the three Christian Creeds were given: the Apostles' Creed; the Nicene Creed and the Creed of Saint Athanasius.
In the fourth Century, when the many sects had about overwhelmed the Church, S. Athanasius stood forth as the invincible champion for truth, which the Church has preserved for us.
From this incident came the saying: "Athanasius Contra Mundum"

**Changes Eliminate Vibration
In Lexington Motors**

Although little that is revolutionary in engine construction was in evidence in 1920 car models displayed at the New York and Chicago automobile shows, a marked improvement in motors that should make them more satisfactory to owners, was apparent.

Take the motors in the new Series "S" line of the Lexington Motor Co., of Connersville, Ind., for example. Vibration in this motor has been practically eliminated. Crank shafts have been made so much larger that they cannot whip.

These changes for the betterment have been made possible largely as the result of pressure oiling systems which amply take care of bearing surfaces.

In the Lexington motor, four bearings instead of three are provided. Bearings are bronze, lined with babbitt. This combination has resulted in the practical elimination of "whip" and it has advanced the vibration point so far that it is negligible. The result is a smooth, responsive, quiet motor, remarkable for its fund of reserve power owing to the Moore Multiple Exhaust System and the Lexi-gasifier, gas distributing machine.

The lubrication of the motor is by high pressure through leads from the gear pump to the main bearings, then through oil leads in the crank shafts to connecting rods. Oil thrown off the rods lubricates cylinder walls and piston rings, giving perfect lubrication for all moving parts.

The crank case is of aluminum. To it is attached the cylinder which has a detachable head, making valves and pistons readily accessible.

Mrs. S. Murphy and Miss May Field left Sunday for Iowa.

Mrs. T. G. Simmons, Mrs. R. W. Lawton, Mrs. J. L. Thomson and Mrs. L. R. Mitchell were visitors to Sanford Saturday.

On Tuesday evening there was an entertainment given at the school house given by the Woman's Club Music and tableaux followed by "Mrs. Jarley's Waxworks" proved to be a drawing cards for a good crowd. In spite of the inclement weather Mr. H. B. McCall as Mrs. Jarley was

a great success and for thirty minutes much amusement was derived from the display of "wax works" Immediately following this a burlesque on the Oviedo Board of Trade was given. This feature of the entertainment had not been so much advertised and came as a surprise to the audience especially the real members of the Board of Trade. Some of the impersonations by the ladies were very fine and the men were given a chance to see themselves as others see them.

Many of the young people of Oviedo went to Sanford Wednesday night to see the Legion Minstrel's. Mrs. C. L. West and Miss Alice Brannon visited Sanford Saturday afternoon.

A South Florida Man Should be Elected Attorney-General of Florida

1. Because under the present grossly unjust apportionment of the state South Florida is not fairly represented in the legislature.
2. Because South Florida is bearing a very large part of the tax burden of the state but has scant representation in the passage of tax laws and the appropriation of tax money.
3. Because the Attorney-General is a member of the Drainage Board that conducts the great drainage operations in South Florida, and four out of five of the members of the present Drainage Board live on a straight line from Jacksonville to Pensacola—a majority of the board living west of Tallahassee—and the office of the Chief Drainage Engineer is at Tallahassee.
4. Because the drainage work is a South Florida project financed entirely by a local South Florida tax on the land, yet the Everglades section has NO REPRESENTATION on the Drainage Board or on the Board of Trustees that holds the title to the state's South Florida lands and can convey that title if they see fit.
5. Because the Everglades section should have at least ONE VOTE on the board that is spending millions of dollars of South Florida money on a South Florida project.
6. Because the South Florida candidate for Attorney-General is one of the pioneers in the drainage work, and is familiar with every detail of it.
