

30 Days To Better Grades Outlining The Text

By The Reading Laboratory
Written For Newspaper
Enterprise Association

To get the most out of the following, you'll have to get rid of preconceived notions about outlining. You probably remember outlining as a rather dull section of Freshman Composition. Before you write themes, you had to make outlines of them. When you wrote, you followed the outline. We'll call this type of outline a writing outline.

The outlines we're going to talk about are fundamentally different from the outlines you use for writing. We're talking about outlines you use

for reading. They are analytical tools—scaipals for dissecting the thought-structure of a textbook.

In a reading outline, the ideas must be arranged according to their logical order. The most important idea in the text appears as the first point in the outline—no matter where it appears in the text.

The following is the recommended way to construct an outline:

1. 1.1
- 1.2
2. 2.1
- 2.11
- 2.12

NOTICE OF SALE

By: H. C. LYNCH, Clerk of Court.

This type of outline labels the ideas. Anything marked "1.1" must be directly related to the main idea, or "1.1". In the same way, anything marked "1.11" is directly subordinate to "1.1".

The items don't have to be paired off in a reading outline. In writing outlines it's good form to pair off each item—if you have an item "a," you should also have an item "b." But in the sample outline above, "2.1" can stand without any "2.2." If you find only one subordinate idea under "2.1," there's no reason to invent another.

Notice that any entries into "1.1" and "2.1" must be of equal importance. The entries into "2.11," "2.12," etc., must also be of equal importance.

As an example of a reading outline, we could outline today's article as follows:

1. Reading outlines are analytical tools.
 - 1.1 They organize ideas according to logical order—not according to order of presentation.
 - 1.11 Different from writing outlines.
 - 1.111 Ideas are labeled.
 - 1.112 Ideas don't have to be paired off.

J. H. McCormick Dies At Hospital

John H. McCormick, 85, died Sunday at 11:36 p.m. at the Seminole Memorial Hospital.

A resident of Sanford for the past 18 years, he made his home at 1008 W. 20th St. A native of St. Albans, W. Va., he was a retired carpenter.

Survivors include two sisters, Mrs. Geneva Lucy and Mrs. Mae McComas; one granddaughter, Mrs. William Crawford; a son-in-law, Jack Coynes, all of Sanford; four great-grandchildren and several nieces and nephews.

Funeral services will be held at 2 p.m. Wednesday at the Brison Funeral Home with Mr. Bret Brown of the Church of Christ officiating. Burial will be at the Sylvan Lake Cemetery.

Lake Mary UPW Bazaar Heads Set Meeting

By Frances Wester

The UPW Association of the Lake Mary Community Presbyterian Church has called a special meeting of all project chairmen for the Annual Bazaar to be held at 10 a.m. Wednesday at the church.

The Bazaar has been set this year for Oct. 18 and will be held in the Educational Building of the church.

Committee chairmen expected to attend Wednesday's meeting are Mrs. F. E. (Mildred) Donaldson, dinner; Mrs. Harry Sandusky, arts and crafts; Mrs. James M. Thompson, needle craft; Mrs. Ray Cross, baked goods; Mrs. Don Smith and Mrs. W. C. Hopkins, outdoor games and sports; and Mrs. Robert Rugenstein and Mrs. Fannie Leffler, publicity.

Fishing Club To See Film

By Mrs. Adam Muller

The DeBary Fishing Club will meet at 7:30 p.m. Wednesday in the Recreation Hall of the DeBary Fire Station. A colored film, "River Busters," which features beautiful scenery along the Snake and Salmon Rivers in Idaho, will be shown by Elmer Thompson.

Clyde Wright, president, will conduct the business meeting.

Residents of surrounding areas are invited to attend.

Cheerleaders Named For Lyman

By Jane Caselberry

Lyman High School has announced the names of the girls who have been selected to be on the Varsity Cheerleader squad.

Those girls who hope to cheer the Greyhounds to a successful football season again this year are Alyce Crocker, Margaret Garrett, Nancy George, Gloria Green, Dana Hall, Marla Jones, Judy Kacar, Liz Lunn, Ann Miller, Brenda Petty, Sandy Tennant, and Cheryl Werley.

GOP Board To Meet

The executive board of the DeBary Republican Club will meet at 10 a.m. Wednesday at the Recreation Hall of the Fire Station on Coloma Road. Horace Demarest, president, will preside.

The first general meeting of the club for this season will be held on Sept. 19 at the DeBary Community Center.

'30 Days To Better Grades' Now Available In Book Form

The "Read and Study" series currently appearing in this newspaper has received much enthusiastic comment and praise from parents, teachers and students. Because of this interest, and as an additional public service, the complete series will be made available in a convenient spiral-bound book through this newspaper.

The 80-page book, well illustrated and easy to read, will be a valuable aid to students in high school and college. All of the practical ideas and suggestions in 30 DAYS TO BETTER GRADES are in it for permanent finger-tip reference.

The book is divided into six parts entitled "Developing the right attitude," "Prerequisites for effective studying," "The text—how to use it," "How to take a course," "How to handle specific courses," and "How to take a test."

30 DAYS TO BETTER GRADES is a unique "how-to-study" system. It was scientifically developed by The Reading Laboratory, Inc. of New York, foremost authorities on reading speed, comprehension and study techniques.

The book will help students study more effectively and get more out of textbooks, homework and classroom assignments.

The Sanford Herald is happy to make this book available to its readers at the special price of \$1 per copy. Send your name and address and \$1 to: "Better Grades" Reader Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

First Baptist Set Annual Meeting

The annual business meeting of the First Baptist Church of Sanford will be held at 7:30 p.m. Wednesday in the church auditorium.

Reports will be heard from the nominating committee and from the survey and planning committee. Recommendations also will be made at this time by the church council and deacons in regard to the expansion program of the church and for activities of the coming year.

Preceding the meeting a dinner on the grounds will be held beginning at 6 p.m. Those planning to attend are asked to bring a basket dinner, beverage and picnic table service will be supplied by the church.

Editorial Comment: Herald Regrets . . .

The long smouldering feud between Sanford City Commissioners and Seminole Chamber of Commerce broke into the open today . . . much to the regret of The Sanford Herald.

The Herald long has believed in and has supported the Chamber of Commerce because of the untiring efforts of its members in working toward a better Sanford and Seminole County.

But City Commissioners has openly expressed themselves as disappointed in Chamber activities in that they have felt the City was being ignored by the Chamber. Or that the Chamber was assuming responsibilities rightfully the City's in efforts to build Sanford's economy. Specifically, this refers to the Sanford Pipeline Company and the Sanford Naval Academy.

All five City Commissioners, Tom McDonald, Jimmy Crapps, Joe Baker, Sonny Raborn and Al Wilson, are members of the Chamber. All but Baker are directors of the Chamber.

But now the City has not only passed the Chamber's request for an additional \$5,000 for its operation but cut in half the present appropriation of \$10,000, giving the Chamber only \$5,000 for the next year.

But, the City has added, in effect, "if you are good boys and take care of the City for the next six months, we'll give you another \$5,000." The City is demanding a representative of the City be placed on the Chamber's executive committee.

Commissioner Crapps voted against the Chamber appropriation, explaining: "I do not accept a gift with strings attached to it; I do not give a gift with strings attached. As for being on the Chamber's executive committee, I couldn't care less. I believe the Chamber's executive committee members are well qualified and can well take care of its business. And that is why I voted against the appropriation. I feel we should have given them whatever amount without telling them to come with a report in six months."

Chamber officials have said they will not "be directed or misdirected by the City."

The Herald regrets this open break between the City and the Chamber.

Only Tuesday the Seminole County Commission recognized the worthwhile activities of the Chamber and DOUBLED its appropriation from \$10,000 to \$20,000, in spite of a long and loud harangue from the audience.

So—let's stop being boys and let's be men . . . and iron out these differences real quick! There should be no hickering—only one aim: A steady, driving effort to build a better Sanford and Seminole County.

City Council Halves CC Appropriation

City Commissioners, in public hearing on the 1963-64 city budget Tuesday evening, slashed Tuesday's appropriation for the Seminole County Chamber of Commerce. But added a proviso it will possibly restore the 50 per cent cut in six months.

The Chamber fiscal year received \$10,000 from the City for promotional work in endeavoring to induce industry here to stimulate economy.

The Chamber requested the City to boost its 1963-64 appropriation from \$10,000 to \$15,000.

However, city commissioners Tuesday evening ignored the request for the additional \$5,000 and voted only \$5,000 for the first six months of the fiscal year.

However, the City added it will consider in six months an additional \$5,000 based on "the co-operation of the City receives from the Chamber of Commerce for municipal projects and in other matters involving municipal property."

The City also requests that Sanford be represented on the Chamber's executive committee since the City is the only municipality in the county contributing to the Chamber, and since the City's contribution is a major share of

the Chamber's budget and since the Commissioners feel the city taxpayers should be represented.

F. E. Roumilat Jr., Chamber president, said that "I have no comment at this time. The matter will be taken up by the Chamber's executive committee, after which there probably will be a statement for the press."

In other action Tuesday evening, the Commissioners added \$10,000 for a total of \$95,000 to double its street resurfacing program during the coming fiscal year, as compared to the present fiscal year.

Next public hearing on the City's budget will be Monday evening.

North Orlando Adopts License, Utility Tax

By Mona Grinstead
An ordinance levying tax on all utilities consumed within the municipal limits of North Orlando and one establishing rates of occupational licenses for all businesses not previously covered by ordinance received the final and unanimous approval Monday night of the Village Council.

A second reading only was given the ordinance creating a 20 year franchise with Suburban Propane Gas Company with the third reading delayed for the addition of a clause stating that "rate increases will be subject to council approval."

Mayor W. W. Anderson reported that the franchise ordinance with Florida Power Corp. had been delayed due to "uncertain reasons which might have to do with an existing delinquent bill for street lights on SR 434."

In other business Councilman Irene Van Espoel was appointed to head a committee of residents to make a survey of road repairs.

Council voted to exempt from the occupational license law those citizens netting \$500 or less from businesses operated in their homes and those companies making necessary daily deliveries within the village.

A \$2 fee was set for any one putting down a well.

A new curfew hour of 9:30 p. m. for the young people was set. Anderson said the ordinance would be the officers if arrests were necessary.

Council took under consideration a report that 224 lines now are located in the middle of residents' back yards instead of on utility easements.

Council took under consideration a report that 224 lines now are located in the middle of residents' back yards instead of on utility easements.

ANOTHER NEW INDUSTRY is coming to Sanford through the efforts of the Chamber of Commerce. Pictured, seated from left: Bernard O. Yohann, president of Pinebreeze Sanford; S. J. Davis Jr. and Marvin Meltzer. Standing is Scott Burns, chairman of the Chamber's industrial committee. (Herald Photo)

Presbyterian Women in Session Here

Presbyterian Women of the Church, Synod of Florida, are meeting in Sanford through Tuesday of this week to celebrate the 50th anniversary of their organization.

The Thursday Golden Jubilee Celebration opened at 6 p.m. Tuesday with a dinner for members of the executive board held in Fellowship Hall of the First Presbyterian Church.

A meeting of the executive board followed at 8 p.m.

Today's schedule called for a Communion Service led by Rev. Grover C. Sewell and elders of the hostess church at 9:30 a.m. followed by a general business meeting, election of new officers, and program featuring addresses from Presbyterian Presidents.

On Thursday the group will convene at 8:30 a.m. to hear Rev. J. Wayne Fulton, D.D., pastor of the Shenandoah Church in Miami. New officers also will be installed at this meeting.

Processing Plant To Open Here October 1

Scott Batts, chairman of the Seminole County Chamber of Commerce industrial committee, today announced a new industry, Pinebreeze Sanford, soon will open business here.

Bernard O. Yohann, president of Pinebreeze Sanford, successor to Pinebreeze Pallets, called on Sanford, Fla., to build a processing plant for him. Yohann stated his firm has come to an agreement for a lease with Sanford Manufacturing Company for the north 10,000 square feet of its building on West First Street.

Marvin Meltzer, vice president and general manager, and Attorney S. J. Davis Jr. represented Sanford Manufacturing in the transaction.

Pinebreeze Sanford will process approximately 25,000 dozen eggs per day produced by farms in the area. The eggs will be distributed throughout Central Florida exclusively to Winn-Dixie stores.

The firm expects to be in operation by Oct. 1, employing 25 workers in two shifts. Yohann stated that new specially designed equipment for this plant that automatically washes, handles and packages the eggs will arrive from Detroit Oct. 5 and the plant will go into full production shortly afterwards.

Carroll Daniel Construction Co., under the direction of Laddie Dobb, president, will remodel the space for the new operation.

School Opening Touches Off Demonstration

BIRMINGHAM, Ala. (UPI) — Five Negro students returned to classes today at three newly desegregated Birmingham schools, touching off another round demonstration by white students at West End High School.

All was calm at Ramsay High and Graymont elementary schools with white attendance climbing toward normal.

Thirteen Negroes also quietly returned to classes with a dwindling white student body at Tuskegee. A strong move was under way in the rural area to start private schools for whites.

Two Negroes began the second day of classes at Murphy High in Mobile.

The 20 Negroes entered five schools in three cities following Gov. George C. Wallace's failure Tuesday to halt the court ordered integration.

Four Negroes also returned for their third day of desegregated classes in Huntsville. Wallace made no move Monday to halt integration in the missile city.

Impeachment Court Begins Testimony

TALLAHASSEE (UPI) — The Senate threw out by a 7-26 vote today a defense motion to acquit Paeo Circuit Judge Richard Kelly of impeachment charges on grounds there weren't enough votes Tuesday to convict him.

The Senate court of impeachment then moved into taking testimony in the case.

A test vote, on the question of whether the case against Kelly should be dismissed without hearing testimony failed on Tuesday, but it was short of the constitutionally required two-thirds majority to permanently bar the jurist from office.

Defense attorney Perry Nichols opened the third day of the impeachment trial with a new motion to acquit and discharge the judge, or, to be given time to take the question to the State Supreme Court. Both motions were refused by the Senate.

House managers opposed the motion on grounds that Tuesday's motion for dismissal was a "subsidiary motion" to be acted upon only by a majority vote. And Chief Justice E. Harris Drew agreed. He said the court would act in all matters by majority vote until the final vote on whether or not the judge was guilty of the charges filed by the House.

Tuesday's test vote indicated that prosecutors would have to come up with strong evidence of alleged judicial tyranny to get the 30 votes necessary to permanently remove the judge from office.

Oviedo Retains Two-Mill Rate

By Bernice Keby
The Oviedo Town Council, meeting in continued session Tuesday night, voted to leave the present tax rate of two mills for the 1963-64 year due to the anticipated increase in revenues from cigarette tax returns.

Income this year is expected to be in the amount of \$47,865 as compared to \$35,057 last year.

Council also approved a beer and whiskey license for Martha Austin; beer licenses for McGowan's Cash Grocery and J. C. Sauer and a take-out beer license for John A. Strain.

March Cost D. C. \$1663,794

WASHINGTON (UPI)—The civil rights march on Washington, which brought more than 200,000 persons to the capital Aug. 28, cost the District of Columbia government \$1,663,794.

Sen. Robert C. Byrd, D. Va., reported on the D. C. government's expenses Tuesday. Byrd is chairman of the Senate Appropriations subcommittee on D. C. government.

NEWS BRIEFS

Eight Convicted
ST. AUGUSTINE (UPI) — Eighteen Negroes who attended a Labor Day rally at the old slave market here were convicted Tuesday of holding a public meeting without a city permit.

Returning To Jobs
TAMPA (UPI) — General Telephone Co. began bringing electrical workers back on the job today, but said it will be some time next week before the company is on a pre-strike footing.

Nikita Reluctant
LONDON (UPI) — The Soviet Union has decided to take its time in maneuvering toward a cold war truce with the United States, high Communist diplomats indicated today.

Wreck Hurts 41
HUDSON, N. Y. (UPI) — A New York Central Railroad commuter express sped through an open switch Tuesday night and collided with a switching locomotive on a siding, injuring 41 persons, one of them critically.

Unrest Grows
SAIGON, South Viet Nam (UPI) — Student unrest against the South Vietnamese government appeared today to be growing, and there were reports new demonstrations were planned despite heavy police precautions.

100,000 Marooned
TAMPEL, Formosa (UPI) — More than 100,000 persons were reported marooned in Taipei today by rising floodwaters triggered by Typhoon Gloria, considered the worst in the island's history. Authorities feared casualties might run into the thousands.

Reds Overrun 2 Vietnam Areas

SAIGON, South Viet Nam (UPI) — Communist guerrillas, in two fierce attacks, overrun two district capitals in the Communist-occupied Golan Peninsula of South Viet Nam Tuesday. It was reported today.

A U. S. military spokesman, reporting the Communist onslaught, said at least 90 government troops were killed or wounded.

Communist Viet Cong were not known, but preliminary official reports said at least 30 guerrillas had been killed in a counterattack by government forces.

Duvalier Foe Seeking Visa

MIAMI (UPI) — Miami attorney Charles Ashmann says he is arranging a U. S. visa for Dr. Clement Bonell, who was ordered to leave the Bahamas for plotting against the regime of Haitian dictator Francois Duvalier.

British authorities told Bonell to leave before Thursday or he would be deported, and Ashmann said Tuesday he was confident a visa would be issued in time.

Bonell, the 38-year-old former Haitian consul to the Bahamas in 1957, apparently sparked his deportation by saying recently an "assault force" of exiles was waiting in the British islands to invade Haiti.

SEVERAL HUNDRED Presbyterian Women of the Church, Synod of Florida, who arrived in Sanford Tuesday for the Golden Jubilee celebrating the 50th anniversary of their organization, were in attendance this morning at the First Presbyterian Church for the first general business session and program, which opened with a Communion Service.

Powerful Study Tool

By The Reading Laboratory
Written for Newspaper
Enterprise Association

We've discussed reading outlines which organize the ideas of a textbook chapter or any piece of writing in a logical order. They are tools for analyzing the thought structure of prose. The ideas are not arranged in the order of presentation of the text; the most important ideas must appear first in the outline, no matter where it appears in the text.

Practice outlining. When you read a newspaper, outline one of the editorials. It'll only take a couple of minutes, and you'll be developing the ability to think logically. The logical thinker never has any trouble in school.

As your skill in outlining develops, you'll be ready to try summarizing. Skillful summarizing presupposes outlining skill. You must be able to arrange ideas logically before you can make short, accurate summaries.

Summaries are powerful study tools. If you can summarize a textbook chapter, you can be sure that you've understood it. A summary must contain the main idea of a text, it must be brief and it must be in your own words.

Summarizing is a great aid to retention. If, for instance, you've captioned an entire lecture into a few, well-chosen words, you can be sure you'll never forget that lecture.

To a skillful reader, summarizing is an automatic process; it's part of reading. As he reads, he maintains a running summary in his mind. When he finishes reading, the summary is complete and retention is assured.

Summarizing also develops facility. As you practice summarizing you'll learn how to manipulate words — how to make one or two short paragraphs do the work of an entire textbook chapter. This is a point that can't be over-emphasized. The ability to write, to express your thoughts clearly and succinctly is the ability that separates the sheep from the goats in college.

More to the point, as you progress through school you'll find that more and more of your tests will be essay tests. Summarizing practice is the best way by far to prepare for essay tests. If you summarize everything that you study, you'll have no trouble writing clear, concise essay answers.

To show how a summary works, let's outline this article, then make a summary from the outline.

- 1. Summaries are powerful study tools.
- 1.1 Must state main idea.
- 1.1.1 Aid comprehension.
- 1.2 Must be brief.
- 1.2.1 Aid retention.
- 1.3 Must be your own words.
- 1.3.1 Develop language facility.
- 1.4 Must be logical.
- 1.4.1 Presuppose outlining ability.

Using the outline, we can make a summary: "By developing the ability to construct, in your own words, brief, comprehensive and logical summaries of text, book chapters or lectures, you will have taken a long step toward better comprehension, surer retention and more skillful writing."

As your summarizing and outlining skills develop, mental summaries, rather than written, will suffice.

Catching Bullets Is 'Not Suitable'

LONDON (UPI)—The British army has refused to supply Maurice Fogel, 47, a magician and illusionist, with a firing squad so he can catch nine bullets with his teeth. Maj. Gen. Eustace Bloys Nelson, who Tuesday turned down Fogel's plan to have the trick done on television, said: "It is not a suitable job for her majesty's guardsmen."

"HAM" ACTORS The expression "ham actor" to designate a performer of poor quality started with minstrel shows. Ham fat was used for cleaning the blackening from actors' faces. Many of these shows were of poor quality and the actors were called "ham-fatters," eventually shortened to "hams."

Soviet-Sino Relations Hit Another Snag

MOSCOW (UPI)—Speculation developed here today that the Kremlin may stop direct train service from Peking to Moscow as a result of a new Communist Chinese attempt to smuggle anti-Soviet literature into the country.

The affected through service would involve mixed Soviet and Chinese trains with mixed crews. The Kremlin issued a protest note two days ago accusing the Chinese of attempting to bring banned literature into the Soviet Union on a train bound from Peking to Moscow.

Several Chinese were expelled following brawls Saturday and Sunday with border officials at Naushki, a Mongolian crossing point.

The official government newspaper Izvestia said Tuesday the offending Chinese acted like "cattle."

The incident was the latest in a series that has sent Sino-Soviet relations to a new low. Today, Komsomolskaya Pravda, the Communist youth organization newspaper, and Trud, the publication of the central trade union, carried fresh condemnations of the Chinese actions at Naushki.

Scientists See Algae, Cellulose As Food Sources

GAINESVILLE—"Man may someday derive his food from sea algae or cellulose," according to Agricultural Experiment Station researchers with the University of Florida's Food Technology and Nutrition Department.

Recent advances in agriculture and food science have given us a greater variety of high quality food from which to select, the scientists state. However, there are many keys which scientists can use to unlock possibilities for using our raw food products in a more efficient manner.

"Some plants and animals have been totally ignored as possible human food stockpiles," G. D. Kuhn, assistant food microbiologist with the Food Technology and Nutrition Department, points out.

Carry These In Your Automobile

- Flashlight or electric lantern, and flares
- Screwdriver
- Pad and pencil
- Tow chain or line
- Jack, jack handle, and base
- Box of fuses (if used in your car)
- Dimes in sealed envelope for emergency use in remote pay telephones
- First-aid kit and first-aid book
- Set of socket wrenches and pliers
- Old blanket or piece of canvas
- Fire extinguisher.

Castorbeans

COLLEGE STATION, Tex. (UPI) — A new castorbean variety called "Lynn" has been landing high yields for farmers.

Texas A & M College said its Agricultural Experiment station and the U. S. Department of Agriculture developed Lynn under a cooperative research program. Developers of the new variety report yields on the Texas High Plains have ranged from 2,200 to 2,400 pounds an acre in field trials. Lynn has also been a high yielder in Oklahoma, Kansas and Nebraska trials.

North Dakota's honey production of 103 pounds per colony was highest in the nation in 1962.

CDR. LYLE H. SETTE (right), commanding officer of Sanford's Heavy Attack Squadron 5 (VAH-5), accepts plaque from Capt. James O. Mayo, commander of Heavy Attack Wing 1, for VAH-5's victory in fourth quarter fiscal 1963 physical fitness competitions. (Navy Photo)

Water Survival Part Of Athletic Program

Sanford's Heavy Attack Squadron Five is combining water survival training with an athletic program.

The result is an answer to the Presidential physical fitness program—and a big step toward shipboard safety.

VAH-5, commanded by Cdr. Lyle H. Sette, gained incentive in this area through winning the Fourth Quarter Fiscal 1963 Heavy Attack Wing One physical fitness field meet.

This involved competition with other squadrons in the six exercises prescribed by the Kennedy Administration's physical readiness committee.

Then two Naval Academy graduates, Class '63, Ens. Donn McCrory and Ens. Bernice Kelley, joined the squadron and offered their talents in organizing a water survival program.

Now the two are teaching swimming and life saving to squadron members for two hours each morning. Their intention is not to produce a team of potential Olympic champions but to put basic survival techniques in the hands of men who can best use them.

All pilots and many air crewmen already are required to pass rigid water tests before practicing their profession. These include such feats as swimming a mile (half of it fully clad), swimming 25 yards underwater and escaping from a submerged cockpit simulator.

Mental Health Program Wins Clear Sailing

WASHINGTON (UPI) — A House leader said today he expected no serious difficulty in reaching agreement with the Senate on compromise legislation to set up a broad new mental health program.

The House approved President Kennedy's far-reaching proposal by a vote of 35-18. It was the first major new program to be passed by both houses of Congress this session.

There were differences in the Senate and House measures but chairman Oren Harris (D-Ark.) of the House commerce committee said he anticipated no great problem in reaching agreement on a final bill.

The House bill would authorize spending \$238 million over a three-year period, compared with \$847 million over eight years as provided in the Senate-passed measure.

However, both bills would embrace Kennedy's "bold new approach" to the treatment of the mentally ill and retarded. They would set up small mental health centers in local communities to replace state institutions, often depressing and inadequate.

In addition to money for the community mental health centers, the legislation would allocate funds for activities in the field of mental retardation, including the construction of research centers and grants to facilities caring for the mentally retarded.

By Commissioner James B. Avery Jr. for the County Commission to budget \$25,000 for the purchase of real estate was voted down Tuesday.

Road Materials Supply Critical, Avery Reports

Avery informed the Commission that the county's clay pits are in "critical" condition.

"We thought we had a 25-year supply of clay on hand for road building," Avery said, "but it appears now that we have possibly only 10 years supply."

He also pointed out that "it is a long haul" from the present pits in the south end of the county to the east end "and this makes for added expense."

Avery requested \$25,000 be set up in the budget for the acquisition of real estate bearing clay and other road building materials. But his request was denied although he pointed out that "the price of real estate is always going up."

J. C. Lavender, road superintendent, informed the Commission that the county has a 25-year supply of shell for road building.

Testimonial Falls CARLISLE, England (UPI) — Mrs. Isabel Schofield was fined \$8.20 Tuesday despite an impassioned defense by her lawyer, who asked leniency on the ground that "even her husband says she is a careful driver."

Now You Know United Press International The more than 22 million employed women in the United States make up one-third of the country's entire civilian work force, according to the Metropolitan Life Insurance Company.

Officer Returns For Duty At NAS Lt. Cdr. Darrell F. Kirkpatrick, who was stationed here when the Sanford Naval Air Station was recommissioned in 1951, has returned for his third tour in local operations. He has relieved Cdr. Wallace L. Russell as operations officer on the Heavy Attack Wing One staff.

Kirkpatrick was a member of Carrier Air Group 3 (then NAS Sanford) in 1951 when NAS Sanford was recommissioned. He returned to Sanford in 1959 for duty with Heavy Attack Squadrons 7 and 9 and recently obtained a bachelor of science degree from the Navy's post-graduate school in Monterey, Calif.

The Wing's new operations officer is a native of Oklahoma. He will live with his wife, Patricia, and three children at 301 E. Crystal Dr.

Read and Study Series 30 DAYS TO BETTER GRADES

now available in BOOK form

Parents, teachers and students will be pleased to know that the complete Read and Study series appearing in this newspaper is available in an attractive spiral-bound book. This book is handsomely illustrated, contains 80 easy-to-read pages and is a convenient 5 1/2 x 8 1/2 size. Now students can have all these practical, helpful 'how-to-study' ideas at their finger tips in a permanent reference. Order your copy today at just \$1.00 per copy!

Finding Place To Eat Problem For Tourists

Finding a place to eat is often a problem for tourists. It's even more of a problem if the group includes an infant who's on formula.

For one thing, there's always the chance that variations in types of water across the country may make baby ill. Refrigerating and heating the formula, not to mention simply finding a place to mix it are equal problems.

Now a formula product has been developed that eliminates all of this. Ready-to-Use "Enfamil," an instant infant formula, does not require mixing, heating, refrigeration, or added water. No matter where you are on your trip, when it's baby's mealtime, simply open the can, pour the contents into a sterilized nursing bottle and baby's meal is ready.

Rusk Says Cuba Is 'Big Problem'

MIAMI BEACH (UPI) — Secretary of State Dean Rusk said Tuesday night the United States would not tolerate Fidel Castro's ambition to spread Communism beyond Cuba into Latin America.

Rusk told American Legionnaires at their convention here that the presence of Russian troops on Castro's Communist island also was a big problem.

"Cuba remains a major obstacle to normal relations between us and the Soviet Union," Rusk said, "and the continued ambitions of Castro to interfere in the affairs of other nations in the hemisphere are neither acceptable nor negotiable."

Legion Commander James E. Powers, in an annual report to the organization's 2.7 million members, said the Legion's 1960 warning that Castro was a menace to the Western Hemisphere has gone unheeded.

Housing Goal

NEW YORK (UPI)—About 17 million new homes will be needed during the 1960's to maintain present U. S. housing standards, according to housing authorities at Allied Chemical's Barrett Division. About 75 per cent of the houses will be roofed with asphalt shingles and 80 per cent will have interior drywall construction.

Mighty Molecule

CHICAGO (UPI) — Molecules of hydrogen gas actually can crack hardened steel, says Alloy Bods Company. Hydrogen present in gas around a welding arc is turned loose in the steel as individual atoms which diffuse through pores in the metal, then unite to form molecular hydrogen. Since the hardened steel cannot stretch to relieve the pressure of the expanding hydrogen, enough accumulated gas will crack it.

SJH Preps For Opener

SEC Facing Bright, New Season

ATLANTA (UPI)—Despite a rash of personal problems, football is still big business in the Southeastern Conference, as look for the league to chalk up another good year in national rankings.

Cards, Dodgers Both Win; Stan Paces Birds

United Press International The Cardinals keep coming on the rather risky theory that right-hander Tommie Agee is the star. They twice struck him out.

First of all this isn't quite the same race the Dodgers lost last year although the growing similarity certainly hasn't escaped their attention.

The Cardinals, who made it 23 out of their last 24 in a workmanlike 6-0 win over the Cubs Tuesday night, keep applying the pressure but this time the Dodgers aren't bucking.

They also won Tuesday night, beating the Pirates, 4-2 on a record performance by Sandy Koufax, and their three-game lead looks far more comforting than the 1 1/2 game margin they held a year ago today.

Grady Sizemore and pitcher Bob Gibson were the Cardinal pace-makers, driving in three runs apiece while Gibson also hurled a six-hitter for his 17th triumph.

The 32-year-old Sizemore, who became a grandfather for the first time earlier in the day, played only four innings but drove in two runs with a first-inning homer, his 11th of the season and 44th of his career.

Gibson's three-run homer in the second inning was his third of the year. He pitched eight innings, allowing only five runs and one homer.

Koufax erased his own NL strikeout record in fanning nine Pittsburgh batters on route to his 23rd victory in 28 decisions.

The classy Dodger south-paw, who set the old mark of 200 strikeouts in 1961, now has 276, and his 23 wins in one season also constitutes an all-time record for all Dodger left-handers.

Cincinnati shaded Milwaukee, 4-3, New York beat San Francisco, 4-2, and Philadelphia defeated Houston, 6-0, in other NL contests.

Mississippi, Alabama, Georgia Tech, Louisiana State and Florida—all bowl entries last winter—can be expected to battle for top 10 berths this fall, giving the SEC, as usual, high regard for its gridiron prowess even if its social status is in doubt.

The personal problems, which have combined to cast a definite shadow on the SEC's future existence, include:—Charges of game rigging which led to a widely publicized and initially successful libel suit;—Planned use of Negro athletes which has split the conference into two camps;—Reported planned withdrawal by some members which appear unhappy with present academic and scholarship regulations;—And a growing gap between the haves and the have-nots on the football field.

Any of these may lead to the collapse of the SEC as it is presently constituted.

But, for the present, the Dixie Dozen is back at the same old stands—and a banner season is the forecast.

Defending champion Mississippi is expected to win again thanks to an abundance of talent and a woefully weak schedule. Except for LSU, the Rebels, who were ranked No. 3 nationally last season, don't meet another team in their class.

The battle for the runnerup post figures to be a three-way fight between Alabama, Georgia Tech and Louisiana State with Florida a dark horse. Alabama, with 29 lettermen back from last year's fifth-ranked team, appears to have the inside track.

Auburn should capture the remaining first division berth.

Golfing Beauty DELRAY BEACH (UPI)—Marlene Bauer Hagge, one of the prettiest players on the women's professional golf circuit, competed in 24 of the 29 events on the 1962 schedule. She failed to win a single tournament but finished high enough to place 16th in money winnings.

Dusty and worn suede shoes can be brushed with a metal brush and steamed with a steam iron to raise the nap.

Team Meets Oviedo Here On Sept. 26

Sanford Junior High School Head Football Coach Dan Felham has started to put the pressure on his preparers in daily workouts as game time approaches.

A lot of work still has to be done before the season opener with Oviedo on Sept. 26 at Memorial Stadium but Felham and his staff are beginning to get their charges settled into their best suited positions.

Quite a few changes have been made in the lineup. Ronnie Dudley, a big end, was shifted to fullback. Dudley has shown promise in this spot. Old reliable Frank Whigham is improving at quarterback. Felham has Buddy Stumpf working at the signal calling in the event Whigham should be sidelined.

Charles Lytle and John Butts are working at guard. These boys have carried the load at these spots during practice. The tackle position appears to be the weak spot in the junior high line this year. As yet no one has shown considerable ability there.

Veteran halfback Chuck Pigott is out with an injury, nothing serious, and is expected to be back soon. Greg Ganas also has had limited duty due to an injury but is expected to return soon.

Considerable time is being spent on offensive plays and trying to work each boy into his best suited position. A game-type scrimmage is planned for Friday afternoon.

Felham expects a well rounded team with everyone working together. Newcomers are helping considerably. Tommy Bryan has been working at end position and seems to have quite a bit of ability. Jimmy Baker has impressed Felham with his defensive play.

Two more games have been added to the junior schedule. There will be a second game with Oviedo. Two games with South Seminole and a pair with Wildwood complete the fourth straight pennant.

Three games will be played at home and three on the road. The second game with South Seminole will be the Peanut Bowl on Nov. 7 at the Sanford Stadium.

3-Way Contest In American For Homer King

By United Press International The race for the American League's home run hitting crown could wind up in a three-man photo finish.

Dick Stuart of the Boston Red Sox and those Twin terrorists from Minnesota, Harmon Killebrew and Bob Allison, are taking turns battling for the lead down the home-stretch.

Stuart broke out of his first-place tie with Killebrew when he hit No. 38 Tuesday night off Do Belinsky, who marked his return to the majors by blowing a four-run lead to the Red Sox, but the Los Angeles Angels went on to score a 6-5 victory in 10 innings.

Allison, meanwhile, socked a pair of homers in Minnesota's 5-4 triumph over the Cleveland Indians to raise his season total to 35.

Belinsky, back with the Angels after a two-month hitch along with a 5-1 lead when the Red Sox chased him during a four-man rally in the ninth inning that tied the score.

The Angels, though, bounced back to win in the 10th against Boston relief ace Dick Radatz on clutch singles by Billy Moran and Lee Thomas.

Both of Allison's blasts against the Indians came with a man aboard and helped the Twins wipe out a 4-0 deficit. His first of the game came during a three-run rally in the fourth inning and he put Minnesota ahead to stay with No. 35 in the next frame.

The Baltimore Orioles edged the White Sox, 2-1, the Kansas City Athletics again delayed the New York Yankees' march toward their fourth straight pennant, 2-0, and the Detroit Tigers whipped the Washington Senators, 4-1, after dropping the opener of their doubleheader, 9-2.

"I'd have to say that it is as good as the Dodgers' or any other club," he replied. "As a matter of fact, it has been positively fabulous for several weeks."

In the 12 games of the last Bronx stand which preceded the long weekend in Baltimore and Detroit, White Ford, Al Downing, Stan Williams, Ralph Terry and Jim Bouton yielded only 18 earned runs for an average of 1.48 in 111 innings. Ford, Downing, Bouton and Terry turned in shut-outs. Bouton had a no-hitter going into the ninth inning.

"Offhand, I would say that was pretty good," commented Hook, lighting his cigar. "An unearned average under 3.50 is acceptable even with the way the pitchers have to keep bearing down today."

The Yankees' seasonal earned-run averages are Downing 2.35, Bouton 2.46, Williams 3.1, Ford 3.16 and Terry 3.33. Downing has struck out more batters than he has pitched innings. Consecutive completed games created a pleasing problem. Members of the bullpen crew were growing stagnant for lack of work.

"Ford, Terry and Williams are old pros," pointed out Hook, "and Bouton and Downing came on with a rush to make our staff. Bouton is only

24, Downing 22. Bouton had a good year with Amarillo (Texas League) in 1961 and was better with us last season, though his record was only 7-7. Because of off days due to weather in the spring, I had him in the bullpen prior to this one, so you can see how quickly he has come along.

"These two kids complement one another perfectly—right and left. They are the same type of pitchers—fast as anybody and with a good curve and change. Downing now has tremendous poise for a youngster and the smoother delivery. Bouton has a more jerky delivery and is the bulldog type. They pitch high and low and have so much stuff they can make a mistake and get away with it."

Arnette Reports CINCINNATI, Ohio (UPI)—Jay Arnette, former University of Texas star, has joined the Cincinnati Royals for a pre-season try-out at their Lockbourne Air Force Base training camp.

Arnette, a 6-2 guard, is the fifth member of the U. S. Olympic basketball team to play with the club in pre-season drills. Others are Oscar Robertson, Bob Booer, Adrian Smith and Jerry Lucas.

Rangers Sign Two NEW YORK (UPI)—Defense man Harry Howell, an 11-year National Hockey League veteran, and center Earl Ingarfield have signed 1963-64 contracts with the New York Rangers.

SUNDAY NIGHT BOWLING LEAGUE officers, all from North Orlando, are, from left, Bill Ryan, president; Mrs. Anton Krecek, secretary-treasurer and Bob Guthrie, vice president. The league, made up from members of the Sanford area, bowls each Sunday at Jet Lanes at 8:30 p.m.

Harris Facing Tough Foes In Des Moines

DES MOINES, Iowa (UPI)—Labron Harris Jr., a scholarly slugger from Oklahoma, goes out for two swift rounds today which will help decide whether he is to join such U. S. Amateur immortals as Bobby Jones, Lawson Little and Harvie Ward.

They were back-to-back winners in this 28-year-old fairway classic and the long-driving Harris must survive two rounds today in order to keep alive his hopes for his second straight title.

No golfer has been able to win two in a row since Ward accomplished the feat in 1955 and 1956. The last man before that was Little in 1934 and 1935. Jones did it twice—1924-25 and then again in 1927-28.

The field, which included 200 hopefuls when they first lined it up Monday morning, will be narrowed to 16 by nightfall after today's two rounds over the long, narrow Wakonda Club course.

Harris' first opponent today will be Walter Stahl of Cleveland. While Harris, "driving better than I have at any time," was beating 18-year-old John McKay of Orlando, Fla., 6 and 5, in the second round Tuesday, Stahl turned back Dr. Sam Valuck of Denver, Colo., 1 and 1.

Harris' path to the title will not be an easy one. Because among the 62 survivors going into the third round today were two-time champion Charley Cox; Deane Beman, the 1960 winner; Billy Joe Patton and the veteran Bill Campbell.

Three Alous In One Game NEW YORK (UPI)—There was a "first" in the eighth at the Polo Grounds Tuesday night when three brothers appeared in a major league lineup at the same time.

Jesus, Matty and Felipe Aou appeared for San Francisco during the Giants' 4-2 loss to the New York Mets.

Jesus, 21, and Matty, 21, both appeared as pinch hitters in the eighth inning, with Jesus grounding out to shortstop while Matty struck out. Felipe, 29, who started the game in right field, grounded out to the pitcher.

Jesus was promoted recently from the Giants' Tacoma farm club in the Pacific Coast League.

11,000 Britons Hail Liston LONDON (UPI)—Heavyweight champion Sonny Liston likes the British and they like him.

A capacity 11,000 cheered big Sonny to the winners Tuesday night during his exhibition in the Wembley Arena, and then Sonny went to the loudspeaker and told them: "I really appreciate this. You people over here are warm and wonderful to me. Much more so than the people back home in the United States."

Since his arrival last week-end for the Wembley exhibition, Sonny has been treated like a hero by the press, passers-by in the street and admirers in hotel lobbies.

Coaches often hesitate to hold full-scale scrimmages in fear of injuries. But many Florida's biggest scare came when Larry Dupree, all-conference halfback and the leading runner in the SEC last fall, was hurt in a practice session. A slowed-down Dupree could hamper the Gator attack.

Added Training LONDON (UPI)—The British Davis Cup squad, which meets the United States in an inter-zone final at Bournemouth Sept. 26-28, will receive training assistance from Australians Bob Howe and Warren Jacques.

The British squad is composed of Mike Sangster, Bobby Wilson, Billy Knight and Roger Taylor.

Let You Didn't Know You Can Rent Plumbing Tools From American Rent-All In Sanford 2656 S. Hiawatha Ave.

Tuskegee High Quits Football

TUSKEGEE, Ala. (UPI)—Football players at desegregated Tuskegee High School voted Tuesday to disband the team and cancel the school's remaining football games.

A statement by the players said "an overwhelming majority" of the team decided not to represent a racially-mixed student body. Thirteen Negroes entered the school Tuesday under federal court order.

Coach Dean Akin, in his first year here, said he was "deeply disappointed."

Tuskegee opened its season last weekend with a 13-0 loss to Wetumpka and was scheduled to meet Lafayette this Friday night in its first home game.

Florida's injuries have been mainly in the interior line where the Gators are expected to be exceedingly strong. Biggest question mark because of a pre-practice injury is Frank Lasky, a 270-pound senior tackle who is regarded a top candidate for all-star honors.

Both second-string tackles are out.

Florida's biggest scare came when Larry Dupree, all-conference halfback and the leading runner in the SEC last fall, was hurt in a practice session. A slowed-down Dupree could hamper the Gator attack.

Coaches often hesitate to hold full-scale scrimmages in fear of injuries. But many Florida's biggest scare came when Larry Dupree, all-conference halfback and the leading runner in the SEC last fall, was hurt in a practice session. A slowed-down Dupree could hamper the Gator attack.

Florida, Tech Open Season In TV Game

ATLANTA (UPI)—Reports from opposing camps indicate Saturday's nationally televised game here between Georgia Tech and Florida will be a battle of the walking wounded.

Almost daily, there have been tales of woe by either the Yellow Jackets or the Gators about a player "expected to play a key role" being helped off the practice field.

One begins to wonder how two such crippled teams can play Saturday. But when game time rolls around, both Georgia Tech and Florida will show up at least four-deep in healthy young men.

Many teams have been hurt by the loss of a star player. But this does not appear to be the case for Saturday's game. Georgia Tech and Florida both appear to have too many troops to be seriously affected by a few losses.

Tech's injury list does include at least three players who would have been plenty of action Saturday—Junior fullback Jeff Davis, sophomore halfback Craig Haynham and junior end Steve Copeland.

Davis was slated to be a starter, especially on defense. Haynham is regarded as potentially one of the best running backs Tech has had, and Copeland was expected to be No. 2 right end—behind All-America candidate Billy Martin.

Florida's injuries have been mainly in the interior line where the Gators are expected to be exceedingly strong. Biggest question mark because of a pre-practice injury is Frank Lasky, a 270-pound senior tackle who is regarded a top candidate for all-star honors.

OFFICER WILLIE SUTTON

Officer W. Sutton Is Police Veteran

By Robert B. Thomas
FA 3-37569

Willie Sutton has worked for the Sanford Police Department for almost 19 years. He was born in Montezuma, Ga., Aug. 8, 1900. Sutton came to Sanford on July 15, 1920. His first job was as a truck driver for Baker and Home Hardware Company. "I delivered supplies to French, Monroe and Crooms Schools," he said.

On Oct. 15, 1914, he was employed by the Sanford Police Department. "It was real tough the first five years," he chuckled. "I had to work 12 hours a day the first four years, and they were rough," he remarked as he wiped his brow. "The people had to adjust to my being there," he further stated. He added, "the work is much easier now." I asked Sutton if he had any suggestions for the young man who might have aspirations of becoming a policeman? This is what he said, "Be firm at all times; and don't have any favorites."

There is an oddity concerning Officer Sutton. Some years ago everyone on the police force and the sheriff's department were ill with the exception of he and Chief Roy Williams. They carried on in wonderful fashion for the whole county.

Sutton has done an efficient job on the force and is to be commended. Someone said: "It is good to rub and polish our brain against that of others." Talking with this man enabled me to increase my admiration and respect for him. Truly, he has earned the title of "One of Sanford's Finest."

I was talking with Mrs. Clifford Spain Sr., of 815 East Ninth Street. She is the mother of Capt. Clifford Spain Jr., of the United States Army stationed in Fort Bliss, Texas. Cliff and I were roommates in college; and thus formed a loyal friendship. I am proud of him and his advancements. As his mother talked about him, there was a sound in her voice which indicated that she is proud in the superlative degree. She said he was looking forward to his attaining the rank of major in the near future.

Mrs. Emma Mathews and children visited her father, sister and brother in St. Petersburg and friends in Clearwater.

Bernard Session has returned home after visiting relatives in Syracuse, N. Y. He is a student at Crooms High School.

Thomas Wilson III, who was graduated from Crooms last June, left last Friday to attend Dillard University at New Orleans, La. Wilson will study pre-medicine.

Theophilus Mungen Jr. will matriculate at Florida A. and M. University this fall. Mungen is a graduate of CHS and Volusia County Community College. He is the son of Mr. and Mrs. Edgar Bass.

Cassandra Sheppard leaves Sunday to enter Siena Heights College, Adrian, Mich. She is the daughter of Mrs. Thelma Sheppard.

Helen Starke, the daughter of Dr. and Mrs. G. H. Starke,

left Tuesday morning to enter the freshman class at Hampton Institute, Hampton, Va.

Faye Oliver, the daughter of Mr. and Mrs. Lowman Oliver left Tuesday to enter the freshman class at Fisk University, Nashville, Tenn.

Claudia Brown has entered Florida A. and M. University. Her parents are Mr. and Mrs. Willie Brown.

Rosa Harrell leaves this weekend to enter the freshman class at Knoxville College, Knoxville, Tenn. She is the daughter of Mr. and Mrs. Earnest Harrell.

The following students of Tennessee A. and I. State University have completed their student field experience in Seminole County schools: Brenda Hatch, Sonia Brewington and Gloria Dixon at Hopper Elementary and Richard Williams, Willie Butler and Zelma Allen at Crooms High School.

Mr. and Mrs. Pharaoh Henderson Jr. and children, Terrell and Gail Yvette, of Stamford, Conn., are visiting relatives and friends in our city. Henderson is a 1958 graduate of Crooms High School.

Thirteen June graduates of Crooms High School will enter Volusia County Community College to begin their professional preparation: Laverne Hatch, Fannie Jackson, Joyce Sharpe, Johnny Johnson, Alfreda Mayo, Laverne Jackson, Gloria Smith, Hilda Bass, Willie Bingham, Walter Godelette, Dorothy Taylor, Mary Lawson and Rosalia Wright.

The Pastor's Aid Board of Allen Chapel A.M.E. Church met Sunday at the home of Mrs. Alice Smith. The house was decorated with pink roses. Those attending were served ice cream and cookies. The next meeting will be at the home of the president, Mrs. Etta Ward, 1119 West 11th Street, Mrs. Sarah Arnold is secretary and Mrs. Maggie L. Morris is treasurer.

Mrs. Earl Ashley, who recently underwent surgery at Seminole Memorial Hospital, is now convalescing at home. We wish for her a speedy recovery.

Midway Elementary School held its first assembly program as a get-acquainted affair.

Deputy Silas Lackey brought greetings from the Sheriff's Department and expounded on safety rules and pledged to his full co-operation at all times.

Mrs. Henri Lee Gibson, vice president of the PTA, welcomed the faculty and students and stated she will always be willing to assist in every way possible.

New teachers were introduced. Joe Young, a new faculty member, gave a short and inspiring message. The writer, who is attendance assistant of Seminole County schools, represented the supervisory and special area personnel. Presiding was Principal W. L. Hamilton.

St. James A.M.E. Church held its annual picnic Saturday at Camp William Howard. Everyone had a wonderful time. Supervising the children were Mrs. Alma J. Hurston, W. F. Calhoun and W. Hardy.

A correction from last week's column: Lisa Dairs is attending Palmer Memorial Institute at Sedalia, N. C. Mr. and Mrs. Mallard Bacon are Lisa's parents.

Bible Reading In Schools Continues

By Wesley G. Pippert
United Press International

The Supreme Court or no, many school children across the land are continuing to read Bible verses and offer prayers.

"We will continue to read the Bible until the Supreme Court stops us," said a supervising principal in the Greater Gallitien school area in Pennsylvania.

"I just believe in the principle of Bible reading," said Edward J. Murphy, a father

of eight and a grammar teacher in Cambridge, Mass. A United Press International survey today showed the most of the Bible reading and prayers are taking place in the East, where the history of education is tied closely to churches.

In the West, whose development was more recent, most schools are abiding by the Supreme Court decision. In California, a suit has been filed to remove "In God We Trust" from money.

The Supreme Court ruled June 25, 1962, that the daily recital of an official state prayer in public schools, even though non-compulsory, offended the religious freedom guaranteed in the constitution. Another ruling enforced the decision this summer.

In New Jersey, the Hawthorne Board of Education ordered Bible reading continued when school resumed this month. City schools opened with the customary five verses from the Old Testa-

ment and the recitation of the Lord's Prayer.

An attorney for the American Civil Liberties Union said the devotions were "blatant and arrogant defiance." So far, the state has observed the Bible reading but has done nothing.

At least nine Pennsylvania school districts voted to continue Bible reading. However, State Atty. Gen. Walter E. Aleksandroni warned school districts the high court left no loopholes in its decision, and

the Pennsylvania Department of Public Instruction said "the trend" was to abide with the court's and attorney general's opinions.

The New Wilmington Area Joint School Board in western Pennsylvania voted to continue Bible reading and recitation of the Lord's Prayer. It said students not wanting to participate may leave the room.

A Florida Supreme Court ruling upholding the constitutionality of Florida's Bible

reading law was remanded for a rehearing.

State officials said all schools apparently were continuing Bible reading until a final decision is reached. In South Carolina, State Supt. Jesse Anderson said a policy would continue of letting local classroom teachers conduct daily devotions as they see fit.

City schools in Newport, Ky., sported signs saying, "Bring back the Bible." When the signs were taken down,

students showed up with cards on shirts and creases saying the same thing.

Tennessee has a state law requiring home room teachers to begin each school day with the reading of a Bible verse. Local school superintendents have interpreted silence from state officials as the green-light to continue the reading.

Travel is the third largest money earner in the United States.

Justice Department Learned At Oxford

By Al Kuetner
United Press International
The Justice Department has learned a lot since the days of Oxford, Miss., last September. This fact began to dawn in the way the department handled its role in the desegregation of the University of Alabama in June.

Routh Family In Vietnam

Rev. and Mrs. Walter Routh Jr. and their daughters, Diana, 8, and Donna, 5, have arrived in Dallas in the mountains of Vietnam to serve as Baptist missionaries.

Rev. Routh is the son of Mr. and Mrs. Walter Routh, of Sanford, and was graduated from Seminole High School and Stetson University.

He is a former minister of the Chuluota Baptist Church and has preached in many of the area churches. He attended seminary in Louisville, Ky., and was pastor of a church in Felicity, Ohio, for three years before becoming a missionary.

The Rouths traveled from San Francisco to Manila by ship and made the remainder of their journey by airplane. They plan to stay in Vietnam for the next four years.

Close Trawler Watch Urged

WASHINGTON (UPI) — A Florida congressman believes that the United States should keep under constant surveillance Russian fishing vessels operating in American waters.

Rep. Paul Rogers, D-Fla., said Tuesday the Soviet trawlers "certainly are not fishing." He said it might be prudent for the United States to presume that the vessels are being used as radio relay points for spies, mapping the coastline, listening in on military communications, possibly carrying agents to Cuba and the United States.

Only those redwood trees growing on the California coastline survived the Ice Age.

smoothest operation yet in the maneuvers which put Negroes into the public schools in Alabama.

The key official of the department in Oxford, Tuscaloosa and Birmingham was former law professor Nicholas Katzenbach.

Scholarly "Nick" Katzenbach is the attorney general's right hand man on civil rights.

Working with him, however, is quite a team of experts in their own right—among them Burke Marshall, John Doar and Joseph Dolan.

In Oxford, the Justice Department moved in with all flags flying. More than 600 U. S. Marshals helped bring James H. Meredith, a Negro, to the campus of the University of Mississippi. Katzenbach and company were right in the line of fire.

When the University of Alabama desegregation came, the Justice Department tactics had changed perceptibly. The work was quiet, behind the scenes and thorough. On integration day, there were no marshals in sight—only Katzenbach at the "collegio doue" to meet Alabama Gov. George Wallace.

Negro students were kept in the background until, after Wallace's determined stand, the signal was given for federalized National Guardsmen.

Birmingham produced an even more refined Justice Department operation. Top local officials were briefed before it came off. The department apparently had a big hand—again behind the scenes—in preparing a sweeping injunction against Wallace that was concurred in by all five district judges in the state.

At Birmingham, it didn't take the National Guard to accomplish the trick. President Kennedy hit the Alabama governor with a cease and desist order and federalized the National Guard.

"The Justice Department didn't come to Alabama to enforce integration but to enforce a federal court order," a department spokesman said.

U. S., Russia Seen As Old-Time Gunmen

WASHINGTON (UPI) — Sen. Frank Church (D-Idaho) urged the Senate today to ratify the nuclear test ban treaty as the "first step back" from nuclear disaster.

Church made his plea as the Senate prepared to receive President Kennedy's letter of "assurances" that U. S. atomic weapons development would continue.

The Kennedy letter was to be read by GOP Leader Everett M. Dirksen (Ill.) as part of a speech supporting the treaty.

Dirksen also planned to review his personal position at a GOP policy lunch.

Church said Russia and the United States, the "two nuclear giants," confront each other like two "old-time Western gunmen," face-to-face, pistols drawn, near the center of a log over a "yawning chasm."

"Neither can fire his pistol, because of the certainty that the other, even with a dying reflex, also will squeeze off a fatal shot," he said. "Neither can advance . . . each is afraid to lower his weapon . . . both grow tired."

"Each can afford to do this," he said, because if both withdraw one step there will be "time to consider what can next be done."

Church concluded: "Let it not be said that it was the United States Senate, heir and custodian of the longest tradition of freedom in the history of man, which lacked the courage to take the first step back from the commitment to violence which offers only the specter of eventual extermination for our people, our country and all we cherish."

Soviet Premier Nikita Khrushchev learned in the Cuban crisis last October that the United States was "willing to risk all in a nuclear war," and President Kennedy's firmness marked a "time of destiny for the whole human race."

Church argued that there were "good reasons" to suppose both powers would keep the test ban treaty. He said they had "most at stake in avoiding a nuclear war," most to lose by spread of atomic weapons and most to gain by cutting military spending.

Citrus Estimate At 45 Per Cent

WASHINGTON (UPI) — The agriculture department today estimated the Sept. 1 condition of the 1963-64 citrus crop at 45 per cent of normal for oranges, 40 per cent for grapefruit, and 71 per cent for lemons.

A year ago the conditions were 68 per cent of normal for oranges, 69 per cent for grapefruit, 63 per cent for lemons.

Clock Ticks On Florida Bride, Man, 80, Killed

BATON ROUGE, La. (UPI) — An elderly Louisiana man died today of injuries he sustained in a two-car collision which killed a Florida bride.

State police said Achille J. Melancon, 80, Giesmar, died in Baton Rouge General Hospital early this morning. He was the driver of one of the cars involved.

The cars collided on U.S. 61 about 8 miles south of Baton Rouge Tuesday, killing Mrs. Linda Hudson Helwig, 20, who was on her honeymoon. Her husband, Jesse Helwig, 27, was injured. The couple was from Fort Myers.

Officers said Helwig apparently tried to pass another vehicle and struck Melancon's car.

Miss Hiers, Ronald Williams Married At Enterprise Church

By Helen Snodgrass
At a formal candlelight ceremony Sept. 6 at 7:30 p.m. in the Barnett Memorial Methodist Church in Enterprise, Miss Susan Ethel Hiers, daughter of Mr. and Mrs. Harold Ray Hiers, became the bride of Ronald Edward Williams, son of Mr. and Mrs. Ray A. Williams of Groveland.

Before the altar, lighted with the glow of candles in three tapered candleholders, the couple exchanged vows with Rev. Jack Kelly of Tampa officiating at the double ring ceremony.

A beautiful setting was created with profusion of palms, basket arrangements of white gladioli and chrysanthemums. Pews were adorned with small bouquets.

Mrs. Cecil Sellers, organist, presented pre-nuptial music and accompanied Bill Johnson, cousin of the bride, who sang, "O Promise Me," "Whither Thou Goest," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal length gown of silk peau de soie with pointed bodice, a soft V neck and bracelet length sleeves. The design of the modified bell skirt was accentuated by appliques of French Alencon lace and fell softly in a brush train. A double crown of encrusted pearls held her finger-tip veil of silk illusion and she carried a cascade bouquet of white Fuji mums centered with a gold throated white orchid.

Miss Audrey Hiers, sister of the bride, was maid of honor. Bridesmaids were Mrs. Donnie Sewell, sister of the groom, Mrs. Bernice Merritt, of Groveland, and Miss Linda Tyler.

The attendants wore street length dresses of emerald green peau de soie, with draped bodice and modified bell skirts. Circular veils attached to Parisienne rosettes were worn as head pieces. The bridesmaids carried cascade bouquets of bronze

and pom pom mums with two tone tulle and streamers. The maid of honor carried bouquets and yellow mums with matching streamers. Their white wrist gloves were gifts of the bride.

Candy Harrison, cousin of the bride, was flower girl. She wore a short dress of mint green taffeta. Donnie Sewell, brother-in-law of the groom, was best man. Usher groomsmen were Floyd Williams, brother of the groom, Bernice Merritt and Morgan Padgett, all of Groveland.

The bride's mother wore a mocha brown chiffon over taffeta dress which featured a matching lace bodice with matching accessories. For her corsage she chose a pink Phalaenopsis orchid.

The mother of the groom chose a turquoise lace over taffeta with matching jacket and white accessories. Her corsage was a white Phalaenopsis orchid.

Mr. and Mrs. Hiers entertained with a reception following the ceremony at the Florida Power club. The refreshment table was covered with a mint green bridal cloth over taffeta. A three tiered wedding cake centered the table flanked by candelabra decorated with yellow flowers. The floral arrangement was white and yellow gladioli and mums.

Mrs. Irene Jackman of DeLand was in charge of the bride's book. Assisting at the reception were Mrs. Wesley Tyler, Mrs. Fay Lee of Enterprise and Mrs. John Tatum of Osteen; Mrs. Clifford Johnson and Mrs. Mildred Peters of Sanford.

Miss Janet Johnson and Miss Donna Peters, cousins of the bride, were floating hostesses.

For traveling Mrs. Williams chose an olive green knit suit, brown accessories and the orchid from her wedding bouquet. After a wedding trip to the East Coast, the couple will reside in Lakeland.

MRS. RONALD EDWARD WILLIAMS (Cox Photo)

Fauvers Leave For Vacation

Mr. and Mrs. David Fauver of Eureka Hammock left Monday for an extended trip to the north. Their first stop will be at a friend's home in Augusta, Ga. From there they will visit cousins, Mr. and Mrs. John Ham in Camden, S. C., then on to Rosnoke, Va., and spend some time with Mr. and Mrs. E. L. Wright.

They will then go to Raleigh, Va., which was their former home, and visit his sister and brother-in-law, Mr. and Mrs. Aubrey Cash, and many former friends.

Staunton, Va., will be the next stop to visit her two sisters and a brother, Miss Ruth Wise, Mr. and Mrs. W. O. Wise and Mr. and Mrs. Carl Simmons.

From there they will travel to Washington, D. C., to see his brother and family, Mr. and Mrs. Melvin Fauver, then on to Baltimore to see their nephew and his wife, Rev. and Mrs. Carl Simmons Jr.

On the return trip they plan to stop in Richmond, Va., and visit Dr. and Mrs. Warren Smith, Miss Kate Fauver and Mrs. Elta Pierce.

Friends Surprise Wesley Arnold With Birthday Party And Dance

Wesley Arnold was guest of honor at a surprise birthday party, recently, given by

his cousin, Cleo Teston, and a friend, Danny Tillis. A group of friends were in-

vited to the Teston home, 2208 West 23th Street, for an evening of dancing in the car-

ports. The party area was gaily decorated with red and white crepe paper streamers and balloons.

A large birthday cake was served with cold drinks, chips and dips.

Guests included Janita and Bud Fortier, Dickie and Terry Smith, Howard Johnson, Wanda and Ronnie Mixon, Barbara Alford, Bobby Bennett, Randy Alexander, Bobby Brumley, Jim Cohen, Martha Cook, Ann Farless.

Bob Hopkins, Bruce Nelson, Kent Gregory, Sue Brewington, Steve Willis, Dennis Beverly Risher, Debbie and Inez Sessions, Mrs. Tommy Arnold, Mrs. G. W. Arnold, Mr. and Mrs. Randy Risher and the honoree's parents, Mr. and Mrs. D. W. Teston.

WESLEY ARNOLD, left, receives a gift from co-hostess and host at a surprise birthday dance in his honor. Cleo Teston, center, and Danny Tillis arranged the party at the Teston home. (Herald Photo)

Seminar Planned By Service Guild

Members of the Wesleyan United States, Mrs. Jack Bumbly, of Orlando, will lead the discussion on the study, "Changing City Challenges of the Church"; Mrs. L. M. Keefe, of DeLand will conduct the class on "The Christian Family and Its Money."

Mrs. M. B. Smith and Mrs. Hazel Flynt, Sanford Guild members, will be in charge of two classes. Mrs. Smith will lead the discussion on "Christian Missions in Southeast Asia" and Mrs. Flynt on "Introduction to Three Spiritual Classics." Refreshments will be served during the social hour following the meeting.

Mrs. M. B. Smith, vice president of the Guild, outlined the programs for the coming year and announced that this year's theme will be "Witness Through Service."

Mrs. Smith and Mrs. Flynt presented the program in the form of a radio skit, entitled "Know Your Church," which was a report of their activities at the School of Missions, in Lakeland.

It was announced that the Guild will conduct the first mission study in November. Date books were completed and members were asked to send cards to Miss Carolyn Sawyer, of the Enterprise Orphanage who is recuperating from heart surgery at the J. Hillis Miller Memorial Hospital in Gainesville.

W. A. Wards Return From Vacation

By Bernice Kelsey Mr. and Mrs. W. A. Ward Jr. and children, Al and Debbie, have returned from their vacation during which they visited Mrs. Ward's mother, Mrs. Bessie Jones, and her brother-in-law and sister, Mr. and Mrs. Larue Boyd, in McComb, Miss.

They also spent a few days with his brother-in-law and sister, Mr. and Mrs. A. R. Vaughn and their children in Collins, Miss.

Enroute home they stopped at Gulfport, Miss., where they visited Mr. and Mrs. Frank Haynes and children, former residents of Oviedo.

At Ashburn, Ga., they visited relatives of Mrs. Ward and made a short stopover in Valdosta to visit friends before returning home.

DeBary Personals

By Mrs. Adam Muller Mr. and Mrs. Robert Steenson of Crystal Drive entertained Mrs. M. Healy of Kings Park, Long Island, N. Y., and Mae Nolan of Staten Island, N. Y., recently.

Guests of Mr. and Mrs. Allen Sain of Palmira Drive were their son-in-law and daughter, Mr. and Mrs. R. E. Mance, of Winston Salem, N. C., and granddaughter, Debbie, this past week.

Mr. and Mrs. Walter Hanl returned from an extended visit to Europe, with their nephew, Herbert Eckstein, who is now attending college in Gainesville. They toured Germany, France, Italy and visited the East Zone in Germany. They took Mrs. Hanl's two sisters, Mrs. M. Haas and Mrs. B. Endress, with them to Italy. While in Germany they visited relatives and friends.

Mr. and Mrs. Harrison Bernitter of DeBary Court spent some time in Erie, Pa., visiting relatives and old friends. They went to Duquesne Marine Terminal, the Perry Monument; visited the Presque Isle Park, the Lighthouse on the Isle in Presque, Mad Anthony Wayne's Blockhouse, the East Basin Docks for small and large yachts and spent some time at the beach on Presque Isle. Mrs. Bernitter enjoys painting in oils.

Ethel Gray will be leaving DeBary for about a year, going to Puerto Rico to teach English to the Puerto Rican children. Mrs. Gray was a former school teacher in the Long Island, N. Y., Schools before retiring in DeBary.

Helen Fuller Says Life In Outer Space?

WASHINGTON — High in the hills of West Virginia, near the remote village of Green Banks in Pocahontas County, a new science is developing that can reveal facts about outer space unobtainable by the astronomer or by any other means.

Recent advances in this new science of radio astronomy indicate that our new radio telescopes may be able to reach to the very edge of the observable universe — a distance of about 10 billion light years. These radio telescopes have a great advantage over the optical telescopes used by classical astronomers — they can penetrate the solid layers of clouds that cover the surface of much of our solar system. Astronomers with radio telescopes can probe in areas where optical telescopes cannot see and at distances impractical for space ships to travel in a lifetime. Among other things, scientists say, this makes it possible to search out intelligent life in space, if it exists elsewhere than on earth. Responsible officials of the Green Bank National Observatory are convinced that the existence of intelligent life beyond the earth can best be detected by radio rather than rocketry.

The telescope that opens this new window on the universe collects and records the electro-magnetic radiation from a chosen region of the sky. These giant disks — the first of which was built by a young American in his own backyard in 1937 — are now too large and costly for most private institutions. Progress proved slow, therefore, until nine major universities, including Johns Hopkins, Harvard and MIT joined forces to

"I'm Never Too Busy to See an Old Friend!"

Dr. Crane's Worry Clinic

Dr. Hoke belongs to the 25% group of pragmatic psychologists, for he can really apply what he teaches. He has "horse sense" and is a superb public speaker. Alas about 75% of professors are brain-trusters who live in "ivory towers" and cannot practice what they teach.

CASE Q-145: Dr. Roy E. Hoke has some 500 psychology students at King's College, at Charlotte, North Carolina. Recently I visited the campus of this flourishing school. President Milo Kirkpatrick showed me around the new dormitories for girls and I met many of the faculty.

"Physical Education" on dancing and bowling and squash playing. There are long columns in the I. U. catalogue listing other fancy, frivolous subjects!

It is disgraceful to force the hard working taxpayers to finance such nonsense. If teenagers want to bowl or dance or play squash, let them learn at their own expense instead of that of the hard working taxpayers!

College departments often string out or sub-divide courses just to be able to offer a "major" of 20 or 30 semester hours of work in their field.

Then, to impress the students with the profound nature of such silly courses, the profs use 3-syllable jargon and pour on the outside reading to make the students groan.

For they think groans mean erudition! And means indicate scientific profundity!

The more I expose these sissy brain-truster professors, the louder they protest that:

"Dr. Crane is belittling the wonderful dignity of our great science by using two-syllable words!"

Red Mine Ships In Baltic Sea

STOCKHOLM (UPI) — Three Soviet minesweepers have been sighted in the Baltic Sea near Swedish territorial waters in the past three days, Sweden's Defense Ministry reported.

The Baltic command of the Swedish navy has the ships under observation, a spokesman said.

"If the blind lead the blind, they both will fall into the pit," is a Biblical maxim. It certainly applies to many colleges and universities, as well as government advisers!

For example, at Indiana University, the students are offered a single 2-hour course in American History covering 1865 to the present!

But the History Department lists dozens of courses on Russian and Communism subjects, as well as Latin American courses ad infinitum.

And the president, who disclaims "frills," should look at the silly courses under

Phil Newsom Says . . . Brandt Foes Suspicious

A political storm is blowing over West Berlin. It arises from opposition party suspicions that Mayor Willy Brandt's Social Democratic administration is softening its stand against Communist East Germany.

The dispute could well spread beyond the confines of West Berlin and become a major issue in the 1965 parliamentary elections in which Brandt again will be his party's candidate for chancellor.

At the storm center is Brandt's crown prince, Deputy Mayor Heinrich Albertz, but politicians agree that the real target is Brandt himself.

The start of it was a speech by Albertz criticizing the "provincial anxiety" shown by the government of Chancellor Konrad Adenauer in delaying signing of the Moscow partial test ban agreement. He also expressed regret that the smallest American step to find a way out of the East-West impasse was greeted by "timidity and distrust" in West Germany.

The local branch of Adenauer's Christian Democratic Party promptly demanded a no-confidence vote against Albertz who further aroused their ire by a slighting reference to the West German Federal Republic as "Rhine State."

The issue will be debated next month but has no chance of passage because of the Socialists having a large majority of the city government.

It will, however, put new emphasis on charges which have been levelled before

Barbs

By Hal Cochran

You can't feel sorry for people who do such a continual job of it on themselves.

Don't sometimes sneek a way to go fishing and doesn't catch a thing until he gets home.

Maybe it would make kids think if a sign on each auto door handle read, "Don't Slam This!"

It's not so bad to drop your wealth if it's into government bonds.

A taxi in Chicago hit a fire plug when the passenger fainted. Meters should be kept out of sight.

During hunting season a gun should be loaded with caution and a hunter not at all.

The chemistry of the average Democrat is such that it's difficult for him to keep his old bowie knife in his pocket too long.

—Vice President Johnson.

The average American householder is stumbling around in a dim world. It's one of the reasons for so many home accidents.

—Elizabeth Anne Meehan, lighting specialist.

Quotes

This is a time when your blood does boil. Is this my country? Is this the country I was born into?

—Rep. F. Edward Herbert, D. La., on Pentagon order putting any place that practices discrimination "off limits" to troops.

Lawyers looking back at this period 50 years from now will regard it as one of the proudest chapters of Anglo-American jurisprudence.

—Justice Walter V. Schaefer of the Illinois Supreme Court, praising recent U. S. Supreme Court decisions protecting rights of defendants.

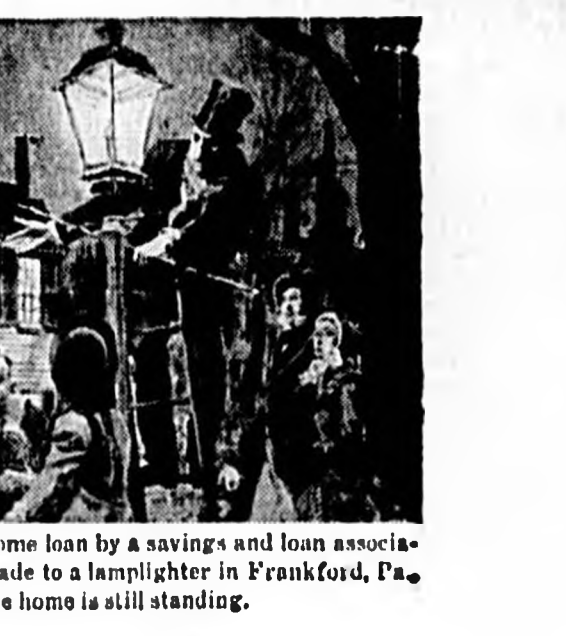

U. S. Nips Fidel's Propaganda Plot

NEW YORK (UPI)—Communist Cuba's plans to make an anti-American propaganda circus of an international congress to be held in Havana this month were set back sharply Monday by a U. S. decision to boycott the meeting.

Official sources in Washington said the U. S. had nixed any American participation in the scheduled congress of the International Union of Architects (UIA) scheduled in the Cuban capital Sept. 29-Oct. 2.

BOYD = WALLACE
EST. 1935
INSURANCE AT A SAVING
Sanford, Florida

114 So. Palmotte
Phone FA 2-0814

The first home loan by a savings and loan association was made to a lamplighter in Frankford, Pa., in 1831. The home is still standing.

Thanks a hundred billion!

This month the savings and loan business passes the 100 billion dollar mark in assets. We are proud to be a part of it. The savings and loan business is built on the right and incentive of human beings to better themselves. Its assets have grown from the thrift of its 35 million savers who are building sound financial futures for themselves. We join all savings and loan associations in saying to you, our customers, "Thanks a hundred billion" for your confidence in us.

First Federal Savings & Loan Association

Today savings and loan associations make more than a million home loans a year . . . more than all other financial institutions combined.

Letters To The Editor

Editor, The Herald:

In Sanford, Florida we have become a frightened lot, more anxious to find a place in which to hide than a place in which to serve our community creatively. Perhaps, therefore, our local climate has become one of self-serving aims, devious methods and equivocal speech.

Perhaps Allen Drury, in his "Advised and Consented" made a correct judgment concerning us. Perhaps, in Sanford, too, "This is the age of the shrug."

And perhaps we have become so confused and so short-sighted in our thinking that we accept as a necessity that we sacrifice our hopes for greater cultural influences in our city in order to have enough water for industrial uses and baths and dish-washing.

Yes, perhaps! But I do not for one minute believe it! We know that Sanford's history includes a record of some serious economic errors of judgment, and that we suffered some dark days as a consequence. Nevertheless, only the most abnormal attitudes would lead us, because of them, to spend our lives cowering under their shadow, afraid to walk in the sunlight anymore.

An attitude frequently found in bygone days, in growing cities such as ours, is pictured in the classic story about a board of city commissioners who were in session and listening to the reading of the report from the city public library. Politely they listened, at first. But when the report became a recommendation for an increased appropriation, that politeness wore rather thin. All remained calm, however, until at last the reader came to the librarian's reason for needing more money—a greatly increased circulation.

Immediately a purple-faced commissioner jumped to his feet and shouted, "Who told her to do that?"

Times have changed since then. City commissioners no longer feel that they must keep a stranglehold on their libraries or their librarians. More and more they are recognizing the civic good fruits of good library services. To mention a very few such fruits, there are: The attraction of customers to stores located near the libraries, the

OUR BOARDING HOUSE

LISTEN TO ME, YOU BIG EARN OWL—YOU'RE NOT FOOLING ANYBODY WITH YOUR WIDE-AWAKE ACT! I KNOW WHAT TIME YOU CAME HOME THIS MORNING! BUT AT LEAST YOU'LL BE READY WHEN MY BROTHER TOM COMES TO GET YOU!

TO HARD FEELINGS, MARTHA! HEAR-HUH! NOTHING LIKE THE EARLY MORNING AIR AND A GOOD BREAKFAST TO PREPARE A MAN FOR THE CARES OF THE BUSINESS WORLD!

TO BEST HUMOR HER I CAN ALWAYS TAKE ANAP LATER!

Poisonings in State Reported On Increase

JACKSONVILLE — Reports of poisonings are increasing in Florida. For the first six months of this year there were 1,583. In all of last year there were 1,500. For 1961 the number was 2,100.

Dr. George A. McCoy, director of the State Board of Health's Accident Prevention Program, said reports from Florida's 20 poison control centers and reporting hospitals showed that of the 1,583 total so far this year, 1,221 involved children under five; 75 cases involved children five through nine; 147 concerned children 10 through 19; and 34 were adults.

"Among children under 10 who accounted for nearly 1,000 of the cases, aspirin was the most frequently ingested household product," he said. "Cleaning and polishing agents, insecticides and kerosene followed in that order. This generally has been the pattern in the past, indicating that parents are continuing to be most careless in respect to what should be their most precious possessions."

"Only 25 of this year's cases involved children under one year of age. Children in this age bracket are normally physically incapable of getting into many toxic substances. At the age of one they start exploring and tasting everything they can get into their mouths. By the age of three, they are learning—those who survive—that there are some things not meant to be eaten."

"If parents would keep aspirin and other medicines out of reach of children; if cleansers, bleaches and polishing agents are kept in original containers and stored in a safe place, most of these accidents could be prevented."

"So far this year, 174 children have been so acutely poisoned they had to be hospitalized."

Little Things Can Mar Trip

Little things sometimes turn an anxiously awaited vacation trip into a big disappointment. Misplaced swimsuits, fractious children or searching for a place to stop overnight can take the fun out of traveling.

But most petty annoyances can be avoided, according to Anne Whitfield, home economist for Dial Soap research laboratories, if you plan for them ahead of time:

● Make a list of everything you will need. After packing, tuck the list into the suitcase for use when homeward bound. That way, you won't leave anything behind. Items to be used, while on the road, should be packed separately.

● Children become bored quickly on long drives, so stop occasionally for snacks, souvenir-hunting or just plain sight-seeing. If you must drive for a long time have a few distractions up your sleeve. Identification and number games are fun. But when the shouting becomes unbearable, bring out one of their favorite quiet games.

● Roadside clean-ups, a must while motoring, will be no problem with a small case containing washcloth, towel and an antibacterial soap. It's a good idea, too, to include some first-aid items, such as iodine, bandages, aspirin, mild eye drops and a sunburn remedy.

UF Homecoming Theme Given

TALLAHASSEE (UPI) — Gov. Farris Bryant has announced the theme of the 1963 homecoming celebration at the University of Florida—"Future Meets Past in Gators' Big Blast."

The theme was picked from 1,100 entries submitted in a statewide contest. Winner was Mrs. Alice C. Dunnill of St. Petersburg, a student at the university.

Homecoming has been set this year for Oct. 23-26.

Per capita use of paper and paperboard in the United States in 1958 rose to 457 pounds, highest in the world.

TOP MARINE material — Marine Chief of Staff Lt. Gen. Wallace M. Greene Jr. is mentioned as the man likely to succeed to Gen. David M. Shoup as commandant the first of next year.

State Seeking Boat Ramp Sites

TALLAHASSEE (UPI) — Game and Fresh Water Fish Commission Director A. D. Aldrich said today an all out search for water access and boat ramp sites has been started by the conservation agency.

Aldrich said the search was sparked by recent action by the Florida Outdoor Recreation Council which released \$50,000 to the Game Commission to start its search for water access land.

"The additional revenue has resulted in a crash program in which all personnel of the commission are searching for possible access sites," he said. The program was designed to open as many of the state's presently restricted areas as possible, making them available for public recreational use.

Hubby's Fit To Be (Un)Tied

SOUTH PLAINFIELD, N. J. (UPI) — "Honey, I want to show you a trick I saw on TV the other night," a wife said Sunday as she carefully tied her husband, hand and foot, in his chair.

"You're supposed to be able to get free," she said, "so try as hard as you can." The husband tried, then conceded he just couldn't make it.

"Are you sure?" he was. According to police, who withheld the couple's names, the wife then lifted her husband's wallet and the car keys and exclaimed: "I'm leaving you — and taking the kids and the car with me." She still was missing today, police said.

Circle Meeting Held In Village

By Mona Grinstead
This month's meeting of the North Orlando Our Lady's Circle of the Church of Nativity Catholic Women's Club was held last Wednesday night with ten ladies in attendance.

During the business session conducted by Mrs. George Sumner, chairman, plans for future projects were discussed. Two new members joined the group at this meeting. The circle will continue to serve doughnuts and coffee after each Sunday morning Mass at the Church of the Nativity.

The hostess served pie, iced tea and coffee at the close of the meeting.

Auxiliary Gives SHEBA \$100

A check for \$100 was received Monday by the board of SHEBA Eye Bank from the Seminole Memorial Hospital Auxiliary.

Mrs. A. Butler, who presided at the board meeting, thanked the auxiliary for the check and said it would be placed in the Eye Bank fund for use of patients needing "special investigations."

University Pay Studied Closely By Cabinet

Administrator and professor salaries at Florida universities came under the close study of the State Cabinet Tuesday when differing salary increase recommendations were received from the Budget Commission and the Board of Control.

Budget Director Harry Smith recommended the salary raises suggested by the Board of Control be reduced. He presented a listing of school administrators and professors showing the salaries during the last three years, the Board of Control's suggested increase and the Budget Commission's recommendations on raises.

Appearing in favor of the higher Board of Control raises were Dr. Broward Culpepper, board executive director, and the presidents of four state universities.

The board was told Florida schools must have higher salaries for administrative and academic personnel if continued progress is to be made in improving the state's academic standing and industrial expansion.

Culpepper said the board's recommended increases were all within the 1963 Legislature's budget for higher education.

Smith said there was no consideration of personalities in his suggested raise decreases. The four university presidents said the individuals must be considered.

The Cabinet held the matter in abeyance but promised a quick decision on the increases.

The Cabinet approved \$60,000 in renovations and additions at the Sunland Training Center at Marianna.

The Department of Public Safety was authorized to invest \$80,000 accumulated in the Highway Patrol pension fund.

Deficit Operation Our Greatest Peril

United Press International The clearest and most present danger to the welfare of the United States lies in the endless deficit operations of the United States at home and abroad and not in the fate of the test ban treaty.

The voters and politicians who are in a lather about what the treaty would do to national security would do better to consider what already has overtaken the first line of American defense.

The first line of defense is the U. S. dollar, its integrity, stability and value.

This first line of defense is being breached by a lack of confidence in the integrity, stability and value of the U. S. dollar.

There is nothing spectacular about lack of confidence. It is not possible to finger any specific calendar date in recent years and to assert that on this day lack of confidence began.

It is like tuberculosis in that both diseases long can flourish in the system without spectacular symptoms.

And then, perhaps when it is too late, the disease makes itself known and the patient is confronted with a life-or-death crisis.

So it could be with the U. S. dollar. Misconfidence in the U. S. dollar was acknowledged in fact last year when President Kennedy assured the world that he had no intention of devaluing the dollar.

U. S. gold reserves amount now to approximately \$14 billion of which about \$12 billion must be held by the Federal Reserve System to

JFK To Address Florida C. Of C. WASHINGTON (UPI) — The White House Tuesday confirmed that President Kennedy will address the Commerce Nov. 18 at Tampa.

Press Secretary Pierre Salinger also said the President plans other activities on his Florida trip but he would not specify what they would be.

Computer Speeds Braille Production

BERKELEY, Calif. (UPI) — A June graduate of the University of California already has put his education to work in an electronic system to help the blind.

Wade White, an electrical engineering student from San Diego, has successfully tested a new automatic technique for transcribing English text into Braille, the "touch reading" system of raised dots for sightless persons.

He uses a high-speed electronic computer and a code-operated Braille printer to speed up the process now done laboriously by hand.

With the present method, a volunteer worker might need as long as six months to transcribe a large book, and the result is only a single copy.

Because of the production

problems, demand for Braille books at present far exceeds the supply.

But White's method can enable blind readers to obtain large books in a few days, and many copies of a book can be produced from a single transcription.

White's system works like this: The English text is converted to punched cards, a standard operation on a machine that uses a two-digit numerical system. A large computer then converts the English text code to Braille code on a second set of punched cards or on magnetic or paper tape. After proofreading, the Braille code goes into a small computer or transcribing device to activate an electrically operated Braille printer.

Edgar R. Siller will take over as permanent postmaster at Castellberry Friday. He will be presented with the certificate of office by Percy Manly, of the U. S. Post Office Department. Clyde Kerce, who has been acting postmaster for the last three years, will continue with the postal service.

Executive committee of the Florida Savings and Loan League has endorsed the \$75 million bond issue for higher education. And has requested all savings and loan associations throughout the state to financially support the Florida Council of 100 with its program to educate the public on the facts involved in this election" Nov. 5.

Dr. E. T. York Jr., provost for agriculture at the University of Florida, will be the speaker at the Seminole County Farm Bureau's annual banquet Oct. 8 at the Civic Center.

Jim Hardy, the policeman who hangs those overtime parking tickets on your car, is celebrating his 72nd birthday today. His fellow officers planning a little birthday party for him at headquarters after their tour of duty this afternoon.

To those persons reporting overloaded school buses: School Supt. Ray Milwee reported this is common at the start of every school year and that the situation will be ironed out to normal loading in about two weeks.

Liz Horton suggests that the next time you take a ride around Sanford to count all the "blind corners" which cause traffic hazards.

Note to Mrs. J. M. Adams and other interested persons: Supt. Ray Milwee says that a traffic guard will be placed at Third and French. He and City Manager Pete Knowles discussed it this morning. And, too, Ray says the School Board will accept Bill MacLaughlin's offer that the PTO will provide uniformed mothers as traffic officers for schools.

Our little town yesterday about the "domapper" Chinatown resulted in one being returned to its rightful owner... or so a woman telephoned.

The following space was purchased by Mr. and Mrs. Lewis C. Dell and family at the Kiwanis benefit auction last Saturday. Mr. and Mrs. Dell's payment for the space went into the club's underprivileged children and scholarship fund.

Mr. and Mrs. Lewis C. Dell, having moved here from Ohio, have purchased a business in the Food Fair shopping centers.

The Dells owned and operated a shop in Youngstown, Ohio, for the last 17 years and are specialists in their line. In fact, we brag about it. You are welcome to come in and see our album and decide for yourself. Mr. Dell personally delivers and sets up arrangements throughout the county and guarantees satisfaction.

"Mr. Dell also has another line of endeavor and will be happy to serve as an auctioneer.

"We have purchased a home on Paloma Avenue and have entered our son and daughter in Seminole High School.

"We wish to thank the folks here for the consideration already given us and we hope to be of service to all for many years to come."

GOV. FARRIS BRYANT signs a proclamation designating this week as "Army Nurse Corps Recruiting Week." Also pictured are Capt. Jeannette Gray, Third Army nurse procurement officer from Fort MacPherson, Ga., and Capt. Janie Miller, Woman's Army Corps guidance officer at the Jacksonville recruiting main station.

Rocks, Bullets, Words Fly In Race Disputes

United Press International Negroes and whites stoned each other in High Point, N. C. Wednesday night and one shot was fired from ambush early today. Police used tear gas to disperse an angry crowd of 3,000 whites during the height of the violence. A rifle bullet ripped into a truck carrying three white men in a Negro neighborhood. They were not injured. The shot was fired about four hours after High Point police used tear gas to break up a crowd of whites who tossed stones, eggs and rotten tomatoes at Negroes during an anti-segregation march. Later, Negro youths stoned whites on a street in the Negro section. Several persons were injured by rocks and flying glass. At Chicago, thousands of white demonstrators failed in an attempt to prevent the city council from adopting an open occupancy law. The measure, passed by a 20-16 vote, bans racial discrimination in the sale or rental of property by real estate brokers. A Negro registered for classes at Florence State College in Alabama, where Gov. George Wallace apparently has decided not to attempt to physically block any further court-ordered desegregation. Attendance was down in schools desegregated Tuesday in Birmingham, Tuskegee and Mobile. White students staged protest demonstrations at two integrated Birmingham schools and one in Mobile.

Red Car
HAVANA (UPI) — Premier Fidel Castro received a Russian-made convertible Wednesday as a gift from Soviet Premier Nikita S. Khrushchev. Soviet Ambassador Alexander Alexeev handed Castro the keys to the car.

Cape Contract
CAPE CANAVERAL (UPI) — The U. S. Army Corps of Engineers today awarded a \$37,978 contract for construction of a missile radar station at Merritt Island to the Graham Contracting Inc. of Orlando.

Wreckage Found
PERPIGNAN, France (UPI) — The wreckage of a charter airliner carrying 10 Europeans on a vacation flight from Britain to France was sighted near this Mediterranean resort town today, according to French officials. First reports said there were no survivors.

May Visit UN
UNITED NATIONS, N. Y. (UPI) — President Kennedy is expected to make his first visit to the United Nations since 1961 for a policy speech to the General Assembly this month, informed sources said today. The General Assembly opens its 18th session next Tuesday.

Pure But Not So Simple
CHICAGO — Sen. Barry Goldwater, (R-Ariz.), speaking to the National Federation of Republican Women: "I am a Republican, pure and I hope not too simple. I accept that designation with pride and I wear the mantle with honor."

Sentenced
DELAND (UPI) — Nathaniel Healy, 29, of Daytona Beach was sentenced here Wednesday to 25 years in the state prison on a second degree murder conviction in the pistol slaying of Edward Terrell, 37.

Kelly Prosecution Witnesses Testify

TALLAHASSEE (UPI) — House prosecutors placed more witnesses on the stand today as the impeachment trial of Pasco Circuit Court Judge Richard Kelly on charges of judicial tyranny went into its fourth day. The prosecution has subpoenaed about 61 witnesses in all, but did not immediately indicate whether all of them would be used. When sworn in by the court of impeachment, there were some 16 of the witnesses present at the Capitol. Prosecutors said the others would be called to Tallahassee when needed. At least half of Wednesday's hearing was taken up with legal maneuvering by attorneys both for the House and for the Pasco Republican judge. The Senate ended the legal fight by refusing to grant a motion by the defense for acquittal and refusing to grant a 10-day recess for further study and case preparation. In all, three witnesses were called by the prosecution on the first day of testimony. Sen. Edwin N. Spivey, chief of the Central Florida Court of Appeals, gave no testimony. He delivered for the court a file which prosecutors said they would use in their case. The other witnesses were attorneys, one from Clearwater and the other from St. Petersburg, who complained of Judge Kelly's conduct of cases which they brought before him. Howard P. Rives of Clearwater said that Kelly had a bad reputation in the Sixth Judicial Circuit of Pasco and Pinellas counties as far as conduct of court cases was concerned. He admitted under cross-examination by the defense that Kelly was thought of as a "diligent" judge. St. Petersburg attorney Jack A. Page said that Kelly failed to grant a continuance in a personal injury case filed before him, costing Page additional time and his client additional money. He said he was forced by the action to take a "non-suit" in the case, which had the effect of making him start all over again in placing it before the court.

Legion Urges U. S. Action Against Cuba

MIAMI (UPI) — The American Legion called on the United States today to "proceed boldly" against Cuba if it cannot get cooperation from other hemisphere nations, using armed forces if it has to. "We can never peacefully coexist in this hemisphere with communism... we urge our government to be unrelenting in its efforts to destroy the Communist government in Cuba," said a 1,100 word resolution adopted by a voice vote of some 2,000 delegates to the national convention of the 2.7-million-member legion. The convention strongly criticized the U. S. government for failure to deal with Fidel Castro and the Cuban situation up to now. The legion pointed out in the resolution, presented by the committee on foreign relations, that it has been warning the nation against Castro and the threat of Cuban Communism since 1959. "The American Legion strongly disapproves the lack of effective action by our government since the establishment of the Castro regime which constituted the first Communist government in the western hemisphere," the resolution said.

Letter To The Editor
Editor, Herald: I was extremely shocked when I read of the action of the Sanford City Commission in regard to the city appropriation to the Chamber of Commerce. In effect the City is stepping backward 15 years—the 1949 appropriation to the Chamber by the City was \$5,000 and the following year, farsighted but financially hamstrung City Commissioners increased the appropriation to \$8,000, when the total city budget for 1950 was \$316,000. Our present Commissioners will probably adopt a 1963-1964 budget of \$1,767,000. Assuming that this three-time increase in the city budget represents the approximate increase in population of Sanford, to what

can we attribute this growth? The Navy, our garment industry, the 17-92 highway electronics industry and the many others, together with the service industries required by an expanding community would not have been brought here and kept here by numerous costly and time-consuming efforts, without your Chamber of Commerce.

A city, like a life, does not stand still — it either grows or begins to die. And the first pang of the end of our fine city could be the dissolution of the Chamber of Commerce.

Does the thinking of the City Commission reflect the thinking of the business men, professional men and just plain citizens of Sanford? If so, the doctors on East Second Street would

be well advised to stop construction on their new office building immediately, as would others who are planning expansions. Right now there are many vacant business locations, many vacant houses, that further growth of our community would find occupied, but if we retrogress we can only expect more vacancies. If my observations are correct, with the exception of three City Commissioners, all of Sanford's people believe we are growing and want to grow. We buy insurance against a catastrophe—death, fire, accident. I would suggest to the City Commission that it invest more heavily in the kind of insurance that will keep the Navy in Sanford, build up our industrial potential and entire senior citizens to live here.

The Chamber of Commerce needs no apologies; it stands on a fine record of service and accomplishments. But it does need money to operate and if the City Commission truly represents the people, their vote of confidence in the Chamber could make even more effective the work the Chamber does for all the people in this area. Clifford McKibbin Jr. (Editor's note: The Sanford Herald is of the opinion that the City Commissioners and the Chamber of Commerce executive committee should sit down in joint session and endeavor to amicably settle their differences for the betterment and welfare of the community.)

The Sanford Herald

Resolution To Cut Off Aid To Viet Nam Introduced In Senate

WASHINGTON (UPI) — The first indication of congressional anger at the Ngo Dinh Diem government's action against the Buddhist came today when a resolution was offered in the Senate urging that all U. S. aid to South Viet Nam be cut off. Sen. Frank Church, D-Idaho, who sponsored the resolution, said Americans were "damaged" at the Diem government's "cruel repression" of the Buddhists. "Such grisly scenes have not been witnessed since the

Christian martyrs marched hand-in-hand to the Roman arenas," he said. Church rejected arguments that U. S. aid was needed to stem the Communist tide in South Viet Nam. He said that if the Diem government did not change its policy the country would fall to the Reds anyway. "To persist in the support of such a regime can only serve to identify the United States with the cause of religious persecution, undermining our moral position throughout the world," he said.

SAIGON, South Viet Nam (UPI) — Heavily armed troops and police today blocked anti-government demonstrations by more than 1,500 high school and college students and arrested several of their leaders. The second consecutive day of student protests to the government's crackdown on the Buddhists came amid increasing tension between South Vietnamese and U. S. officials because of the policies of President Ngo Dinh Diem.

U. S. military officers also were concerned with the apparent growing confidence on the part of the Communist Viet Cong guerrillas as a result of the government's troubles with the Buddhists. A Vietnamese officer described as "our greatest victory" a government counter-attack against the guerrillas after they overran two district capitals Tuesday. But an American officer on the scene noted the heavy government casualties and said: "Victory here is a disaster."

The government lost 74 soldiers and 23 women and children in the twin attacks on the towns. Another 27 persons were missing and many wounded. U. S. military officers noted that the twin offensives Tuesday were the first coordinated attacks launched by the Viet Cong on such a large scale. The attacks were accomplished by probing operations at four outposts, presumably as a diversionary tactic. Vietnamese military officials said their troops had retaken the two captured towns, Cai Nuec and Dom Doi, and inflicted high casualties on the Communists in battles in the Camau Peninsula 163 miles south of Saigon.

Rusk Cool To Somoza Plans, Exiles Say

MIAMI (UPI) — Ex-Nicaraguan President Luis A. Somoza discussed plans to oust Fidel Castro from Cuba with Secretary of State Dean Rusk and exile leaders here Wednesday before leaving for home. Somoza, here as a guest of the American Legion convention, made it clear during his four-day visit he favors giving the Cuban exiles the help that has been denied by the United States. Rusk, exile leaders said, gave a "cool ear" to Somoza's ideas and plans to support exile activity against the bearded dictator. During his visit, the former president conferred with ex-Cuban President Carlos Prigo Manuel Artimo, chief of the Revolutionary Recovery Movement (RRM) and political leaders Aurelio Marquez Sterling and Aureliano Sanchez Arango. Marquez Sterling said during a "friendly" three-hour talk with Somoza, "We concluded that the Cuban exiles must achieve political unity and carry the war to Castro."

Exile Arrives
MIAMI (UPI) — Haitian exile leader Dr. Clement Beaulieu arrived here Wednesday night after being deported from Nassau and announced plans to petition the U. S. government to admit at least 3,000 Haitian refugees in the Bahamas.

Attack Reported
KEY WEST (UPI) — Commercial fishing boats said a freighter reported Wednesday was under fire off the northern coast of Cuba. The radio distress call was believed to be from the Altair, en route from Tampa to Homestead.

Argentina Nips Pocket Revolt
RIO DE JANEIRO (UPI) — The government announced that army troops quickly crushed a pocket revolt by navy and air force units in the capital city of Brasilia Tuesday. At least two rebels were reported wounded. The War Ministry in Rio de Janeiro issued a communique saying that rebel elements inside Brasilia had "surrendered unconditionally."

Wrecks Found
PERPIGNAN, France (UPI) — The wreckage of a charter airliner carrying 10 Europeans on a vacation flight from Britain to France was sighted near this Mediterranean resort town today, according to French officials. First reports said there were no survivors.

May Visit UN
UNITED NATIONS, N. Y. (UPI) — President Kennedy is expected to make his first visit to the United Nations since 1961 for a policy speech to the General Assembly this month, informed sources said today. The General Assembly opens its 18th session next Tuesday.

CHICAGO — Sen. Barry Goldwater, (R-Ariz.), speaking to the National Federation of Republican Women: "I am a Republican, pure and I hope not too simple. I accept that designation with pride and I wear the mantle with honor."

Sentenced
DELAND (UPI) — Nathaniel Healy, 29, of Daytona Beach was sentenced here Wednesday to 25 years in the state prison on a second degree murder conviction in the pistol slaying of Edward Terrell, 37.

news... BRIEFS

Ev Helps
WASHINGTON (UPI) — Senate GOP Leader Everett M. Dirksen's all-out support of the nuclear test ban treaty today strengthened prospects that fewer Republicans than Democrats would vote against it.

Barry Advises
CHICAGO (UPI) — Sen. Barry M. Goldwater, (R-Ariz.), a GOP fellow Republican, Wednesday night to direct their anger toward the New Frontier—"rather than chew on members of your own party."

Schools Gain
TAMPA (UPI) — The board of control was told today that Florida's four state universities have a record total attendance this year, and that only one of them, Florida A. & M., has shown a decrease in enrollment from last year.

Attack Reported
KEY WEST (UPI) — Commercial fishing boats said a freighter reported Wednesday was under fire off the northern coast of Cuba. The radio distress call was believed to be from the Altair, en route from Tampa to Homestead.

Exile Arrives
MIAMI (UPI) — Haitian exile leader Dr. Clement Beaulieu arrived here Wednesday night after being deported from Nassau and announced plans to petition the U. S. government to admit at least 3,000 Haitian refugees in the Bahamas.

New Home?
BEIRUT, Lebanon (UPI) — King Saud of Saudi Arabia has formally approached Lebanon seeking permission to settle here permanently, authoritative sources said today. However, there was no official confirmation of the report from Lebanese or Saudi sources here.

Wrecks Found
PERPIGNAN, France (UPI) — The wreckage of a charter airliner carrying 10 Europeans on a vacation flight from Britain to France was sighted near this Mediterranean resort town today, according to French officials. First reports said there were no survivors.

May Visit UN
UNITED NATIONS, N. Y. (UPI) — President Kennedy is expected to make his first visit to the United Nations since 1961 for a policy speech to the General Assembly this month, informed sources said today. The General Assembly opens its 18th session next Tuesday.

Pure But Not So Simple
CHICAGO — Sen. Barry Goldwater, (R-Ariz.), speaking to the National Federation of Republican Women: "I am a Republican, pure and I hope not too simple. I accept that designation with pride and I wear the mantle with honor."

Sentenced
DELAND (UPI) — Nathaniel Healy, 29, of Daytona Beach was sentenced here Wednesday to 25 years in the state prison on a second degree murder conviction in the pistol slaying of Edward Terrell, 37.

Undercover Agent Tells Of Cuba Visit

WASHINGTON (UPI) — A volunteer undercover agent who joined some 50 American students in violating a ban on travel to Cuba this summer testified today that about a dozen of them were members of an organization identified as a Communist "splinter group."

The witness, Barry Hoffman, a Brookline, Mass., real estate man, told the House Committee on Un-American Activities the students made no secret of the fact that they belonged to the organization, which is called the Progressive Labor Movement.

Committee Counsel Alfred M. Soble described the organization as a "Communist splinter group" formed in 1962 by "neo-Trotskyites."

Hoffman testified that all of the students who went to Communist Cuba were warned twice enroute by U. S. authorities that they would be violating State Department regulations if they made the trip.

Hoffman said they were met at the airport in both London and Prague by U. S. embassy representatives. He said the American diplomat in Prague seemed "quite embarrassed" when many of the students "merely ignored him and walked away" when he tried to advise them they would be violating their country's travel ban.

Hoffman testified in the old House caucus room before a standing-room-only audience which included George Lincoln Rockwell and several of his American Nazi Party stormtroopers. Also scattered throughout the hearing room were a number of bearded beatnik-like youths, some in shirt sleeves.

Uniformed police and plain-clothes detectives stood by posts inside and outside the hearing room to guard against possible demonstrations. The committee had been told Wednesday there would be such an attempt.

Hoffman started off his testimony by saying that he volunteered to be an undercover agent for the FBI and the Central Intelligence Agency (CIA) while travelling with the group of students.

He said the students went to Cuba the long way by flying to western Europe, then to Prague where they boarded a Cuban airliner for Havana. Upon arrival in Prague, he said, the Cuban ambassador congratulated them "on having defied their government."

Hoffman said he accompanied the student group to collect data for Gordon Hall, a national authority on extremist groups.

U. S. 'Hoist By Own Petard' In Viet Nam

WASHINGTON (UPI) — One of the untold stories of the Viet Nam crisis is the fact that the United States itself largely created what has recently become a "private army" working against American interests there.

U. S. aid and advice both went into creation two years ago of a special Vietnamese military force responsible to the palace rather than to the military. It now is the arm of the president's brother, Ngo Dinh Nhu.

At present, some of these Special Forces, intended to fight the Communists in the mountains and delta country, are being used in Saigon's security troops.

Among U. S. officials the story raised fundamental issues of what controls are available to this country to avoid creating "Frankenstein monsters" in projects it must set up or assist in foreign lands.

When Nhu, chief adviser to Viet Nam's President Ngo Dinh Diem, launched massive raids against Buddhist pagodas on Aug. 21, he called on two main groups for the job. One consisted of units of the so-called "Special Forces" of the Vietnamese army. The other was a special police security section of Viet Nam's national police and security services.

The United States was instrumental in setting up these units in 1961, when Communist guerrillas were terrorizing the country with tactics against which old-fashioned military sciences was useless. It was necessary to apply some of the Communists own tactics against them.

Casselberry Man Stricken

Clare Hulmer, Casselberry businessman was reported in satisfactory condition today at the Winter Park Memorial Hospital after suffering a heart attack Monday evening. Sparing the room with him is his son, Jimmy, a student at South Seminole Junior High School, who received a leg fracture doing football practice early this week. He is also reported in satisfactory condition following surgery Wednesday.
