Important Role Played By Trees

By FRANK J. JASA

Country, Agricultural Agent

With the present emphasis on improving our environment, we find that trees play a very important role and possibly should receive more attention.

Trees planted in rural forests or in city parks or hedgerows, make valuable contributions of many kinds. In addition to providing shade and beauty and cutting down on noise and pollution, they also improve the quality of the air by removing carbon dioxide and giving off oxygen.

Mulch formed by leaves and twigs helps to conserve water for drinking, domes and agricultural purposes as well as for recreation and water power.

Tree buds and fruit, and even young trees themselves, serve as food for many birds and animals.

Many types of game concealment. Forests also provide a beautiful and often essential setting for many outdoor recreation activities.

It will pay us in many ways to manage our wooded areas wisely, both rural forests and city shade trees. Without our trees, we would have less air and water, a less enjoyable environment and fewer outdoor activities.

SHE'S ON CAMERA, too, but unlike her actress mother, Ingrid Bergman, Pia Lindstrom works as a television reporter for a New York station. In this photo, she was covering a major fire in the metropolitan area.

SHADES OF THE WILD WEST. In Wisconsin, land of the docile dairy cow, farm manager Gay Johnson of Monroe has begun branding his cattle because, he says, "There's rustlers around." Johnson's "CS" brand (for Cold Springs Farm) is applied with a hot electric iron.

Yardners' Corner

Plant Tomato Seeds Now

By DAVID DEVOLL, Extension Agent

If you are planning on growing tomatoes in your garden this spring you may want to start yours from seed.

Tomato seeds planted now will be ready to set out in March.

The Home View

Stop Being A 'Pack Rat'

By LOUISE L. GILL

The crash and clutter of Fibber McGee's closet, with its avalanche of shoes, books, pots, pans, clothes and clutter, amused radio listeners for many years.

But how amusing is the same incident in your own home? You probably are not using the storage space you have to its best advantage.

Stop being a pack rat. Keep only what you really need or want. The trash can or giveaway box is a great storage device.

Store articles, don't hide them. Articles that you use frequently should get more accessible storage than those you seldom use.

Take care of the things you store. Some articles need special consideration — observe their storage requirements.

Most storage needs indicate that the area be dry and cool. Find new storage space.

Look for unused nooks and corners. For example, try placing a lower row for blouses in your closets.

Put pegboard with special hangers on your garage walls for extra space. Narrow shelves on an unused wall area, or storage under stairs, are other ways to stretch storage space.

Store more intelligently. Think before you buy something you don't really need

When you start your plants from seed you have a much wider choice of varieties. It is important to plant varieties of tomatoes that are resistant to Fusarium wilt, gray leaf, spot and early blight.

Some of the best varieties to grow include Florida, Manalucie, Manapol, Indian River, Homestead 24, Tropic, Walter, Better Boy and Sunny.

There are several different types of containers that can be used for starting plants. These include flats, peat pots and peat pellets.

The root system is not disturbed when peat pots and pellets are used which results in much less transplanting shock.

In using flats or keep clothes uncrumpled, shoes unscrambled, and whatever is in drawers will be uncrushed.

Think before you throw things in the backs of closets, under beds of stairways, or in the bottom cupboard.

Store articles, don't hide them. Articles that you use frequently should get more accessible storage than those you seldom use.

Take care of the things you store. Some articles need special consideration — observe their storage requirements.

Fires Threaten County Homes

By GLENDA BRADFORD

A haze of smoke covered portions of Orange and Seminole Counties Saturday as a forest fire burned some six hours before being brought under control.

The Lockhart Fire Department sent out a mutual aid call, which was answered by the Eatonville, Killarney, Altamonte Springs and Forest City fire departments. The Florida Division of Forestry units already were at the scene.

The fire was reported to have begun in Orange County around 1 p.m., when burning trash was left unattended. The blaze, spreading rapidly due to the prolonged drought conditions and a brisk wind, threatened 15 area homes. Damage, however, was limited to one structure, an unoccupied building.

Estimates of forest and pasture land destroyed ranged as high as 640 acres.

The fire was contained in an area bordered on the west by Oakland Hills subdivision and Green Acres trailer park and on the east by Spring Valley. At one point flames came within 100 feet of the homes in this area. No injuries were reported.

By JOHN A. SPOLSKI

Things should get even more interesting at tonight's Casselberry Council Meeting... of course there'll be a group representing Chief Brumley's position: probably before the council acts on his resignation.

Sssh! Don't let on that you know, but... there'll be a ladies "sit-down" strike in one of the area's bigger companies tomorrow morning, something to do about "equal rights", and of course the \$ long green \$ which covers ability without regards to the sex of the individual(s) involved.

Although they're trying to resolve all of the differences, and this is not intended to sound like a smear against them, but... a Sheriff's Sale has been scheduled for March 2 on property and equipment of the Seminole Little League, Inc.

Now's the time when all those who want to help out will be put to test...

Those who were at the Daytona races yesterday had their full panorama offered to them... from the exciting sports cars, to watching the blast-off, and that private plane crashing and exploding into flames at the Daytona airport.

How's it go? When it rains? If you haven't put in your reservation yet for this Friday's annual Chamber of Commerce meeting/banquet... get on board. Looks like anyone and everyone will be there... with a meeting at the Sanford Chamber Building at 6:30 p. m. and the banquet getting underway at 7:30 at the Civic Center.

Congratulations... two Sanford men were honored Saturday night by the Central Florida Boy Scout Council at its annual meeting, attended by about 1,600 persons involved in scouting.

Receiving president's keys were Russell M. Jones and Randall Chase.

Just between you, me, and whoever else wants to read it, I resent those "clowns" who marched on Cape Kennedy yesterday.

Makes me boil when one of 'em is quoted "America sends lazy white boys to the moon because if there was work to be done, they'd send a nigger."

Luna Landing In Doubt

By HARRY F. ROSENTHAL, Associated Press Writer

SPACE CENTER, Houston (AP) — The Apollo 14 crew, using a flashlight and radioed do-it-yourself instruction, tried unsuccessfully today to pinpoint the cause of a malfunction that threatens to wipe out their long-sought landing on the forbidding moonscape of Fra Mauro.

Alan B. Shepard Jr., the patriarch of American spacemen, and rookies Edgar D. Mitchell and Stuart A. Roosa deliberately tried for more than an hour to make

a linking mechanism fail to work—as it had when they attempted to dock their command ship with the lunar lander earlier.

"It works," Roosa said finally. "Just real fine."

The apparatus must be able to work for its next use, when Shepard and Mitchell would return from the lunar surface to link again with the command ship piloted by Roosa.

"We will have to convince ourselves... that the thing is indeed satisfactory for docking," said Sigurd

Parents Jailed

Baby 'Critical' Due To Beating

By BILL SCOTT

An 18-month-old baby girl is near death at Winter Park Memorial Hospital and her mother and stepfather, are in county jail after Del. Sgt. William Lykens, Sanford policeman, arrested the couple Sunday afternoon thus completing an investigation that began Saturday night when the bleeding child was taken to the Seminole Memorial Hospital with multiple head and body injuries.

Kathryn Leigh Kniffin, 20, and William Kniffin, 18, her mother and stepfather, are in county jail after Del. Sgt. William Lykens, Sanford policeman, arrested the couple Sunday afternoon thus completing an investigation that began Saturday night when the bleeding child was taken to the Seminole Memorial Hospital with multiple head and body injuries.

Seminole Hospital authorities called police after examining the child's condition. Sergeant Lykens was assigned to the case, after the baby was removed to the Winter Park hospital to undergo brain surgery.

Lykens reported the woman told him the child had rolled off a bed.

The couple was arrested at their 211 1/2 Laurel Avenue apartment where it was later determined that Kniffin is a Marine absent over leave.

The slim, 140-pound serviceman was overdue at Fort Benning, Ga., Lykens reported. Later, it was also determined that the Marine, whose parents still reside in Seminole County, met the woman and her two children while stationed in South Carolina. They have been in Sanford for about a month, Sergeant Lykens disclosed.

From Bamberg, S.C., the woman also has a three-year-old son and, according to Lykens, this child has been given over to After-Care, a welfare agency.

The whereabouts of the two children's natural father is not known, according to

users, it is proposed to place two containers at Sanlands, and one at the other three sites.

Four Landfills Will Be Closed

New Garbage System Is Initiated

The county's new centralized refuse disposal program is being initiated today to be followed by commercial garbage collectors, municipalities and businesses.

Rubbish and garbage will be deposited at the transfer station at the county road department site and will be transported to the central landfill at the former Osceola airfield.

The above will no longer be permitted to utilize the county's four existing landfills at Sanlands, Upsala, Cameron City and Oviedo. Individual homeowners, however, may continue to use these facilities until the construction of transfer stations, after which the landfills will be permanently closed. The first of these trans-

fer stations is presently under construction at the Upsala landfill.

These stations will utilize a container system, since it was stated by Road Supt. J. C. Lavender and Chief Sanitarian Val Robbins that a high number of private citizens use the landfills and if they are closed there would be an expensive cleanup cost and reduced sanitary conditions due to roadside dumping.

It is proposed to place these open top containers at the entrance to the present landfills for use by automobiles and utility trucks. The containers will be in an enclosed area and a ramp constructed for easy accessibility to the containers. Based upon the volume from

N. Orlando Councilman Expected To Run Again

NORTH ORLANDO — A reliable source has indicated that Councilman Charles Rowell will announce his intention of seeking reelection to his seat upon Village Council at tonight's scheduled meeting at 7:30.

Four council seats and the mayoralty are vacant for the municipal elections to be held in March. Filing is to be held the last 10 days of this month, to begin on Feb. 19.

The council faces a relatively brief agenda at tonight's meeting.

Discussion will be held upon an ordinance for planned unit development which has been continued for several weeks. The ordinance has been requested by Florida Land Corporation for its holdings in the village which include garden apartments, semi-detached houses and conventional homes. The matter has been approved by the village planning and zoning board but, at a recently held workshop meeting of council, several changes were initiated by Village Engineer B. C. Conklin.

The first reading of an ordinance annexing property of Jack Rossman on U.S. 17-92 known as Jack's Mini Mart will be held. This has also been under consideration for several weeks due to advertising and drafting of the ordinance.

HIGHLIGHT OF JAYCEE'S PROGRAM

SIDNEY VIHLEN JR. (right), former Sanford Jaycee president and now a Seminole County Commission member, was honored by being chosen to receive the Distinguished Service Award of the Jaycees. The award was presented by Robert Hattaway, former Sanford Jaycee member and now Florida Jaycee President. (Additional photos on page 7A.)

Linking Mechanism Puzzling

Moon Landing By Three Astronauts Doubtful

*** Continued From Page 1**
 Sjöberg, director of flight operations.
 Asked whether the astronauts will go through with Friday's landing attempt on the moon's craggy highlands, Sjöberg said, "I'd like not to speculate on that right now."
 The astronauts worked the latches by hand on instructions from Houston without a single failure.
 "You've exhausted our imagination for right now on trouble-shooting the probe," said Mission Control. "We'll worry about it some more overnight and be back with you in the morning."
 There was no argument from the astronauts, who had been

awake for more than 18 hours by that time and in the spacecraft for 16 of those. No threat to their safety was involved.
 Experts who had watched their efforts via television studied the problem during the crew's 16 hours sleep time.
 Unlike Apollo 13, which was endangered by an explosion, this was a little—but frustrating—problem. Sjöberg said if the landing could not be made, the astronauts would attempt an alternate mission of orbiting the moon.
 The trouble confronted the astronauts three hours after launch Sunday when they turned their command ship for docking. On previous flights the ma-

neuver was routine. The mother ship would edge forward from its stack, turn around, and hook onto the lunar lander nose-to-nose. Then the command ship can pull the moonship out of the spent third stage of the Saturn 5 rocket.
 This time, three small latches on the docking mechanism—shorter than a cigarette and not much wider—failed to lock into position in five move-up, back-out tries. On the sixth, using an unorthodox procedure, the ships mated.
 Once past that hurdle, the astronauts were able to pull the troublesome mechanism inside. They found some small scratches on the polished face of the

Hattaway, (right) as well as other members at a dinner meeting at Longwood Hotel. (Ann Riley Photo)

Commiss Blast Six GI Bases

By GEORGE ESPER
 Associated Press Writer
 SAIGON (AP) — North Vietnamese and Viet Cong forces killed eight Americans and wounded 25 early today in attacks on six U.S. positions in the central and northern provinces of South Vietnam.
 The most devastating attack was a 50-round mortar barrage and ground assault on a reconnaissance team that had set up an ambush position four miles west of Chu Lai, headquarters of the U.S. Americal Division. Seven Americans were killed, and seven wounded, the biggest U.S. casualties reported in a single ground action in more than six weeks.

Guerrillas Destroy 3 Houses

United Press International
 Israeli forces raided two villages in Southern Lebanon early today and said they blew up three houses used as bases by Arab guerrillas.
 The Israelis killed at least three guerrillas but suffered one killed and three wounded themselves, an army spokesman said in Tel Aviv.
 With the Middle East ceasefire due to end in four days, there was no sign of increased activity along the Suez Canal front but Egypt held air drills throughout the year.

Crossing Bid On Agenda

*** Continued From Page 1**
 this area, and that there were six inches of clay deposits. Drummond also noted that the land flowed to the lake in the area, and would be an asset to the community when relinquished by the county.
 Other items listed on the agenda include: A report by slash on the east 100 feet of Omara Road; Lavender's report regarding after hours barricade of North Street at Douglas Avenue; a discussion relative to a proposed driveway directive; the Agricultural Center custodian's report upon the theft of two typewriters; the courthouse custodian's report on a bookkeeping machine transfer; and Administrative Assistant J. Martin Gainer will report on alleged violations in Meredith Manor.
 At 11 a.m. there will be bid openings upon the county public printing.
 Six public hearings will follow and include a continued appeal against the decision of the Board of Adjustment in granting a special exception for a borrow pit on the east side of 14; continued vacating and abandoning road rights of way at Suburban Homes; vacating and abandoning a temporary utility easement in Indian Hills, Unit 7; an appeal against the decision of the Board of Adjustment in denying a special exception to allow a motorcycle race course for the paying public on Mullet Lake Park Road; an appeal against a decision of the Board of Adjust-

Oviedo's Council To Meet

By LIZ MATHIEUX
 The Oviedo City Council will meet tonight following a public hearing scheduled at 7 p.m. on a zoning change request for the Marion Estes property to be classified C-1 instead of the present R-1.
 On the agenda at the meeting will be Dave Gundy, city's fiscal agent, who will report on the proposed sewer collection system.
 Informer sources said some 30 B52 bombers, each carrying up to 30 tons of bombs, and about 200 smaller lighter-bombing and gunships, pounded the 200-mile-long trail network in the latest round of attacks.
 The U.S. Command announced the first major American unit to be phased out of Vietnam as part of President Nixon's sixth round of troop cutbacks that will reduce U.S. strength to less than 284,000 men by May 1.

Herald Staffer

SUZANNE SAVAGE

Mrs. Suzanne Savage of 378 25th Street, Lake Mary, will be writing news for the Herald from Lake Mary and Lake Monroe. She may be contacted by calling 322-4616, or writing P.O. Box 878.
 Having just moved here Jan. 1 from Miami with her children, Kathy, 15, a student at Croombs High; Bryan, 13, attending Lakeview Middle School; and Susan, 10, Lake Mary School, she is anxious to get acquainted with her new neighbors.
 Mrs. Savage is an insurance underwriter and came originally from Philadelphia, Pa., where she attended St. Leonard's Academy. She is an Episcopalian.

Bank Deposits Hike 11%

Construction Up 108%

By BILL SCOTT
 Building is way up in Sanford. This was disclosed today with the announcement from the Greater Sanford Chamber of Commerce that building permits within the city increased during 1970 by 108.7 per cent over the preceding year.
 Of greater interest was the disclosure that building permits increased by a 436.7 per cent in the last three months of 1970.
 The Chamber in announcing the latest business trends list covered every category with increases over the 1969 figures. The building activity highlighted the reports since there has been considerable construction of homes during the year, especially the federally-funded 236 housing units which have been constructed and numerous units are still to be built at scattered points around the city.
 The permits showed an increase from 1969's total 4,177, 022 to 1970's 5,711,538 number. Not all construction was confined to Sanford as Seminole County permits showed a 91.4 per cent increase over 1969 figures.
 Total 1970 permits listed 10,826,390 to 1969's 5,607,569, according to chamber records.

Editorial Comment

More Sunshine: High Court Says It Again

PUBLIC business is PUBLIC! This is the essence of the trail-blazing "Government in the Sunshine Law" of Florida. Passage of this law in 1967, which provides that all meetings of public boards and commissions must be open to the public, was a landmark event.

How great a landmark to be recorded in the long history of the effort of the public to find out what interests are actually being served by officials they elected into positions of power is shown by the evasive tactics which have been indulged in by those who believe that public business is also to be shielded from the glare of publicity.

When Prince Juan Carlos of Spain and Generalissimo Franco were together in the white with the price to the one side and slightly to the rear of Franco.

public at every event where the public interest can be served. We hold this attitude to be, in the long run, a benefit not only to the public — which is our prime concern — but to the officials who are involved.

Reiss Said It

Not infrequently, there is meatier reading in the letters-to-the-editor section of a newspaper than in the adjacent editorial column.

RICHARD AND GOLIATH

They could not exist without a rich, sated, laissez-faire capitalist United States," wrote Otto F. Reiss of New York. "In a less abundant economy the drones would find it impossible to secure free food and 'crash pads,' cheap jalopies and free hitchhiking — let alone spending money to satisfy their addictions, for they certainly need cash to pay the drug merchants.

Likely Reason

One of the best sources for ascertaining what is wrong with the world is your church. This is no startling revelation, but we mention it by way of passing on to our readers a bit of intelligence we picked up from our minister a Sunday or so ago.

Filthy Habits

From an angry smoker came a letter to the Times of London advocating that nonsmokers be kept out of railroad smoking compartments — mainly because of their "filthy habits," the gum-chewing, sweet-stickling, chocolate-crunching, proving, no doubt, that one man's sweet is another man's poison.

Political Notebook:

WASHINGTON (NEA) — Democratic Senate leader Mike Mansfield's proposal for heavy withdrawal of U.S. troops in Europe, which he promises to revive this year, already is being caught up in the newly unfolding 1972 presidential campaign.

GIs In Europe Prime Issue

Imagine they will not be like presuming that, when our role in Vietnam ends, there will be no more costs for the U.S. Seventh Fleet presently serving in Southeast Asian waters.

The Lighter Side

WASHINGTON (UPI) — By and large, there are two actions a president can take when the federal budget shows a deficit. He can cut spending and raise taxes to bring the budget into balance.

Ten Defendants Face Arraignment

By MARION BETHA

Ten defendants face arraignment in Circuit Court tomorrow at 8 a.m. before Judge Dominick Salvi. Of these, eight are returned from last week. James Roger, charged with possession or control of a central nervous system stimulant was not present last week, although bondman Jerry Walker advised the court that the defendant had been notified. Donald G. Lilly faces charges of withholding support.

Other cases involving narcotics violations, all continued, include James Haddad, charged with two counts of possession of a narcotic and possession of a narcotic paraphernalia. He was not present last week, although bondman Lee Wheeler advised that he had been notified. Larry Hertz, also known as Earl Jan Purrier, is charged with possession of a narcotic. Public Defender Neil Judan advised the court last week that he was not prepared to enter a plea due to being involved in conflicting litigation at the time of the defendant's preliminary hearing.

Paul Horgan faces charges on two counts of possession of a narcotic and possession of a hallucinogenic. His arraignment was continued due to his parents, who reside in Arizona, not having been notified.

Ronald Richard Howe is charged on two counts of possession of a narcotic and possession of a hallucinogenic, and on a charge of possession of a narcotic. He was not present last week. Aloysius Wayne Palkes, charged with possession of a narcotic, had no attorney to represent him last week, nor were his parents present, although notified. Julian was appointed by the court to represent the defendant.

Cora Lee Cullers, charged with carrying a concealed firearm, was not present last week. Dealing in income tax returns. Incorporators: William J. Roberts, Cynthia J. Boergers, Laven A. Adams, all of Tallahassee.

Two Firms Receive Charters

By MARION BETHA

Secretary of State Richard Stone announced today the chartering of the following corporations:

Mannell Jacobson Department Store, Inc., 218 East First Street, Sanford. Authorized stock: 100 shares of common, \$10 per share. Dealing in income tax returns. Incorporators: William J. Roberts, Cynthia J. Boergers, Laven A. Adams, all of Tallahassee.

Jaycee Appreciation Winners

GOOD GOVERNMENT Award was presented to County Judge Wallace Hall by Wayne Albert, left, who congratulates the jurist on his selection. The award was preceded by accolades to Hall by Thomas Freeman, right, foreground, who disclosed that he had helped persuade Hall to practice law at Sanford when both were classmates at college.

OUTSTANDING LAW ENFORCEMENT Award

Assistant State Attorney Fred Leone, right, handed Hughley the honor after stating "Hughley treats all buildings in his area like they were his own." Leone praised the deputy for his efforts in catching burglars inside buildings. Outstanding Educator Award, (right photo), was presented to Sam Brashear, teacher at Sanford Middle School, by Jaycee Jerome Parker, right, after Parker hailed the educator's prowess in instructing the young.

Community Center Planned

The board of directors of the Lake Mary Civic Association held its first official meeting at the home of Mr. and Mrs. Ed Pratt.

The board consists of Ed Alkens, Alice Clements, A. E. Crocker, W. D. Diamond, K. L. Feterman, Doris Gorman, Julia Hall, George Hess, Frances Lash, Alice Lansing, Dolores Pratt, Mildred Sandusky, Kay Sassen.

Plans of the association include the acquisition of land and construction of a community center building. Details of the location, size and type of building and proposed use of the building will be released later.

Civil Service To Prevail For Future Police Chiefs

By BILL SCOTT

Don Brumley, Casselberry police chief, today denied rumors that he is seeking employment with the sheriff's office, now that he has announced his resignation from the Casselberry police department effective Feb. 28.

Brumley said he has made no decisions regarding his future plans for employment but said he has never applied to the sheriff's department for a job and has no intention of doing so.

Casselberry Post 256 Sets Meet

American Legion Post 256 of Casselberry, and the Auxiliary Unit will meet at 8 p.m. today at Casselberry Woman's Club.

The Auxiliary has scheduled a rehabilitation sewing bee Wednesday, Feb. 15, at 10 a.m. at the home of Marguerite Schuler. Members will sew coats and hats for patients in the veterans' hospital.

Deltona Library Lacks Space For County Aid

By ELLA MAY FRAZER

DELTONA — When a public library cannot provide space enough to be accepted by the county library system, many usual programs taken for granted are denied. The public of the particular community where that library is located suffers from not having enough programs for children, for teens, for all borrowers of books. Money which would be forthcoming as part of the county library system just doesn't "come."

It goes instead to some library which does have space enough, help enough, and supplies enough to enter into the full library program.

Recommended

FRANKFORT, Ky. (AP) — A legislative subcommittee has recommended passage by the 1972 legislature of a law requiring every policeman investigating a traffic accident to submit a report to the state Public Safety Department.

Community Center Planned

The board of directors of the Lake Mary Civic Association held its first official meeting at the home of Mr. and Mrs. Ed Pratt.

The board consists of Ed Alkens, Alice Clements, A. E. Crocker, W. D. Diamond, K. L. Feterman, Doris Gorman, Julia Hall, George Hess, Frances Lash, Alice Lansing, Dolores Pratt, Mildred Sandusky, Kay Sassen.

Plans of the association include the acquisition of land and construction of a community center building. Details of the location, size and type of building and proposed use of the building will be released later.

Seminoles Dropped By Apopka '5'

By GARY TAYLOR
Herald Sports Editor
Three missed free throws in the last one minute 28 seconds

Oviedo Stops Middies

By LARRY NEELY
Herald Sports Writer
Much to the elation of Oviedo High School fans, players and coaches Dave Miller and Charlie Webb, the Lions seem to have gotten out of the losers' syndrome that has been torturing them since the second week of the season. Over the week-end the Oviedo cagers made their second appearance of the year in Sanford and are a little better off about the outcome. The Lions outlasted the Sanford Naval Academy Middies 74-23.

The scoring of the two teams fluctuated with their rebounding efforts which proved to be the decisive factor in the contest. Oviedo totally dominated the boards and scoring in the first period. The Lions outscored the Middies 21-4 in the opening frame and held a 23-4 scoring edge.

In the second frame the Blue and Gold began to get on the boards more and Oviedo held a 12-6 advantage on the boards and a 10-1 edge in the scoring. The only period of the entire game that came near to being close was the third quarter when the Blue and Gold really went to work on the boards pulling down 12 to Oviedo's 14. The scoring was not quite as tight with Oviedo managing only a 19-16 margin.

The Lions literally flew away from the Sanford Naval five in the final eight minute fragment of the game notching 28 points to NNA's eight. Keeping right over with his scoring average David Tossie paced the scoring of the game with 19 points. Tossie had 13 points at the end of the initial frame, scored only a single field goal in the second period, and quit scoring after two quarters which brought him up to his average.

and Seminole loss to Apopka, both coming by one point margins.

The first half was see-saw action with Seminole scoring first to lead 14 but falling behind 3-1. The lead changed hands several times with the Tribe leading 11-6 when the Seminoles controlled the tip to open the second period and Ricky Grant went in for a layup three seconds later to make the score 23-10. But the second period followed the pattern of the first and the lead changed hands several times. Clifford Martin tied the score at 23-23 with 27 seconds left when he hit on the first shot of a bonus situation. Thirteen seconds later, Roger Beckett missed a chance to put Apopka in front when he failed to connect on the first shot of a bonus situation. The Seminoles had the ball out of bounds with two seconds to go but Robert Durnen reached across the line and touched the ball for a technical foul. Ricky Smith hit for the one pointer and the Seminoles carried a 23-22 lead into the dressing rooms.

The Seminoles never trailed in the third period, though their biggest lead was only five points. But the Seminoles were in foul trouble as Martin went to the bench with four fouls at 3:46. The Seminoles led 37-34 when the horn ended the third period. With the scoreboard reading at 37-34 and 5:38 left on the clock, Martin and Grant came back into the contest. Ten seconds later the Blue Darters jumped ahead 38-37, never to trail again.

Dunn paced the scoring for the Blue Darters with 18, while Sam Thornton had 14. Apopka was 14 for 22 at the line, while Seminole was 18 for 31 on charity shots. Seminole was outscored 20-24 from the floor.

HERALD SCOREBOARD

Team	Points	Rebounds	Assists	Steals	Blocks	Fouls
Seminole	44	22	12	8	4	18
Apopka	43	18	10	6	2	22

FRED DUNN (25) dribbles the ball and charges into Ricky Smith of Seminole for an offensive foul. Seminole fell to Apopka 44-43 for their 10th loss in 19 starts. (Don Vincent Photo)

Seven Old-Timers Enter Baseball's Hall Of Fame

By HAL ROCK
Associated Press Sports Writer
NEW YORK (AP) — The doors of Baseball's Hall of Fame swung open today for seven old-timers elected by a veterans' committee after the regular ball of the Baseball Writers' Association of America had failed last month to name any candidates to the shrine.

Legendary pitcher Rube Marquard, who shares the record of 18 consecutive victories in a single season, and George M. Weiss, the executive genius who built the New York Yankees into an awesome powerhouse from the late 1940s until the 1960s, led the advance of the old-timers. Also named were outfielders Harry Hooper, Joe Kelley and Chuck Haley, first baseman Jake Beckley and shortstop Dave Bancroft. Marquard, who won 201 games, pitching mostly for the New York Giants and Brooklyn Dodgers, from 1906-23. Hooper, who hit .278 in 16 American League seasons and Kelley and Beckley, both pre-1906 stars, were named as "real old-timers" whose careers ended by 1925.

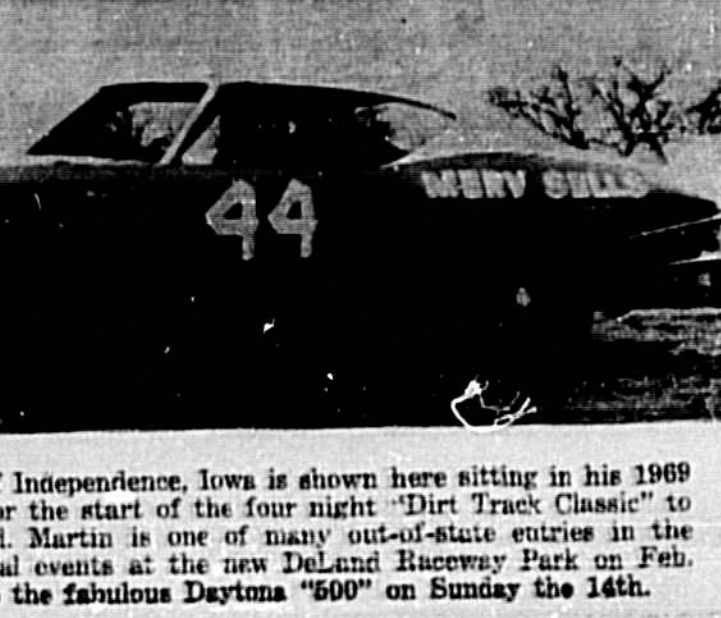

Boxing Action Is Slated For Army Thursday

Boxing action returns to Sanford Thursday night under the promotion of E. G. Kondracki. Matches are scheduled to get underway at 8 p.m. at the Sanford Armory, located on East First Street. Headlining the card is a scheduled six-round bout between Sanford's Victor Perez and Clyde Hartman of Altamonte Springs. On the last card, Leon Elly decided Perez to the six-round bout. Also on the card is a bout between Elly Braden and Milton Owens of St. Petersburg. Elly, along with Seminole County Welter Weight champion, Charles Sweet and Light Champion,

Seminole High JV Quint Stops Unbeaten Panthers

The Seminole High Junior varsity stopped the Apopka Baby Blue Darters 86-46 Friday night and then came back to become the first team to beat the Crooms Panthers as they topped them 75-66 in Saturday night action.

In Friday night's action, Ron Hill paced the Seminoles with 28 points. Right behind him was Frank Sloan with 23 points. Both players spent much of the time on the bench while the second and third teams played. Tommy Wheaton was also in double figures with 11 points. Seminole led 25-18 at the end of the initial period and led 43-24 at the half. The end of the third period saw them leading 75-37 as they outscored the Blue Darters by 28. The final period saw Apopka outscore the Baby Seminoles 23-12, but they were

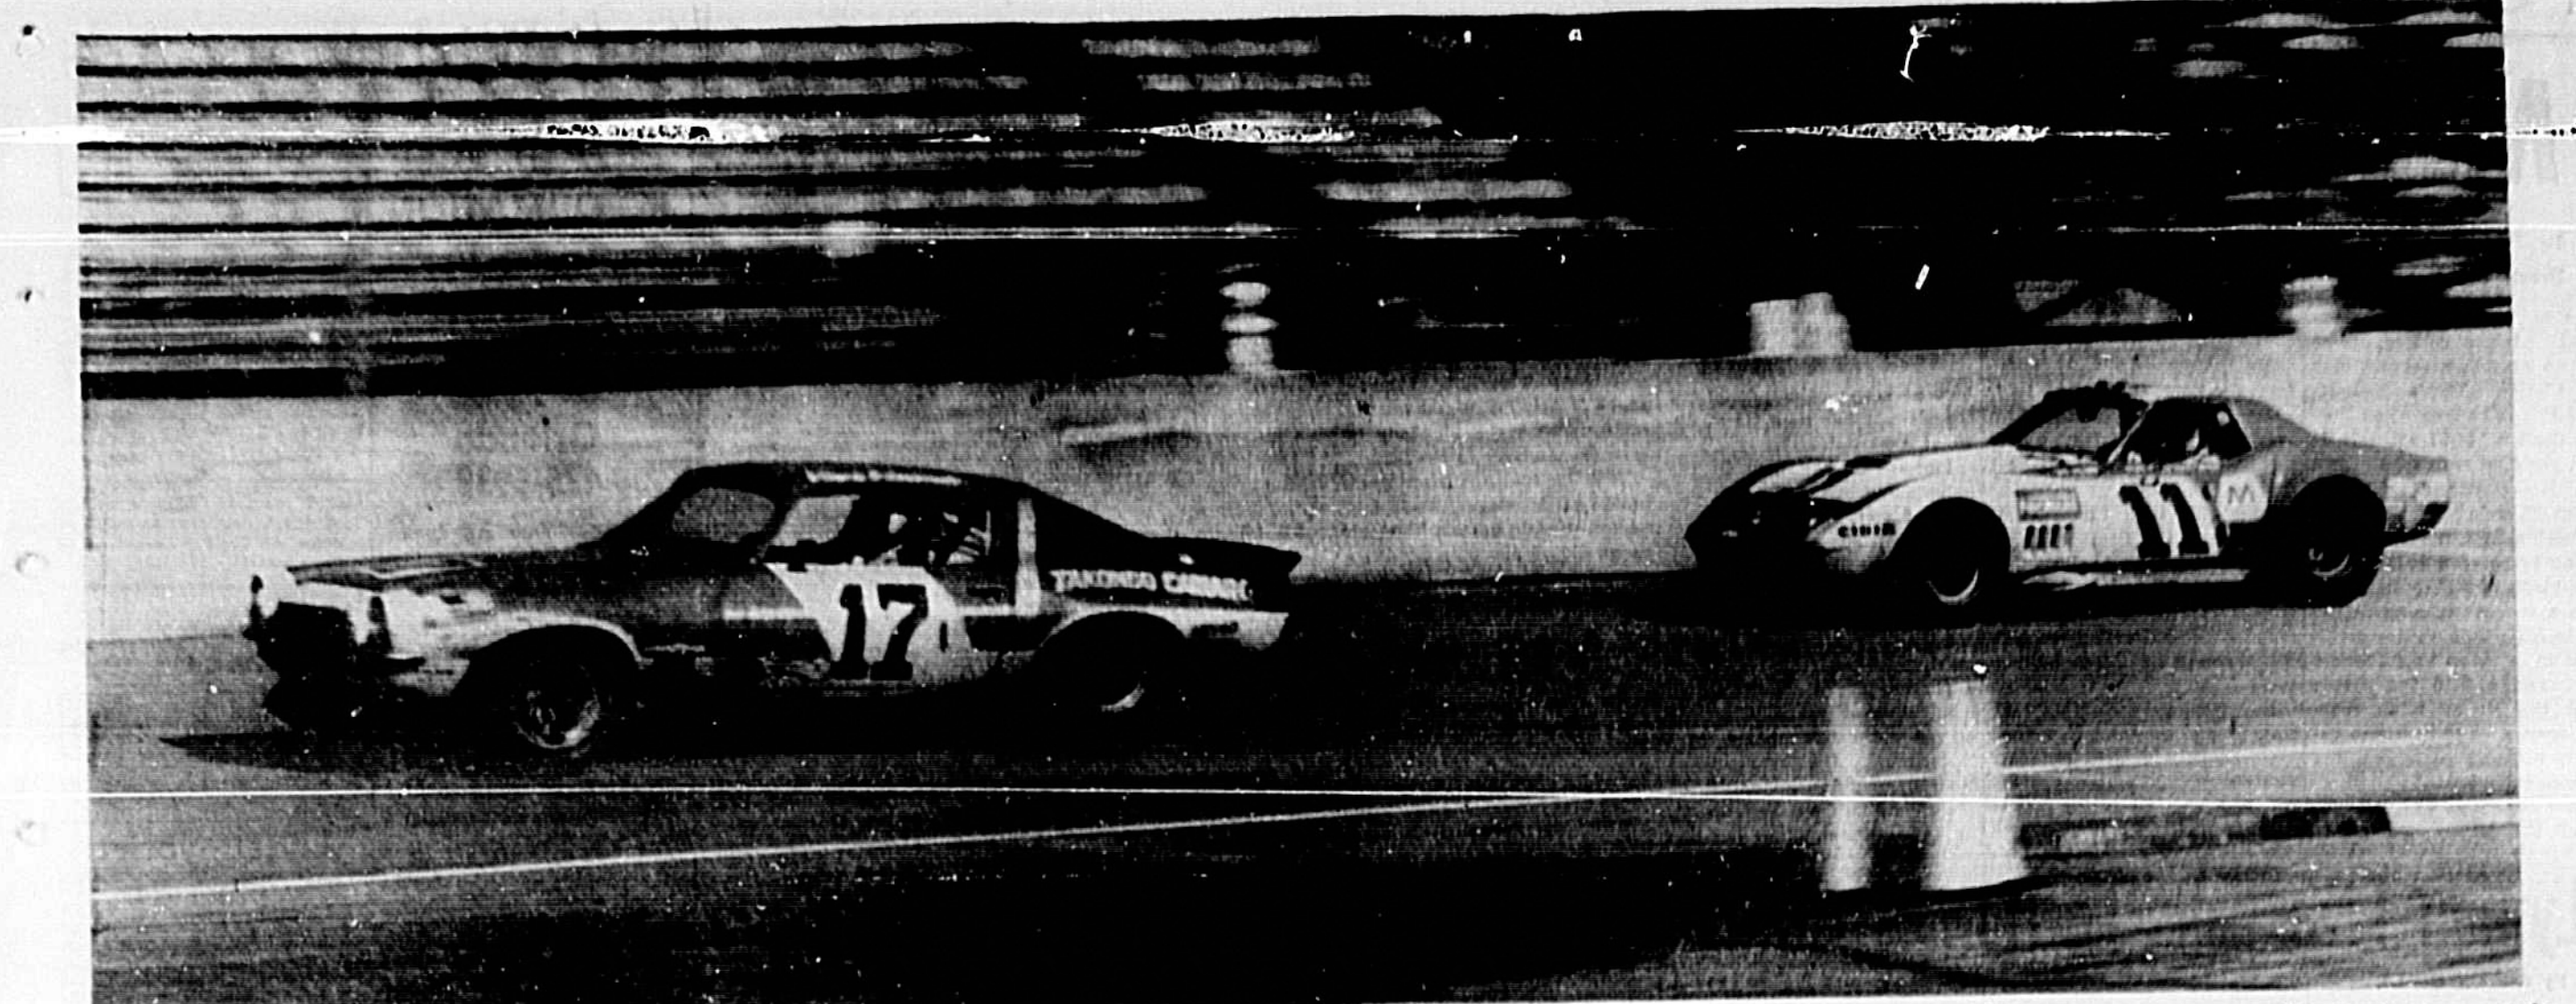

GLEN MARTIN of Independence, Iowa is shown here sitting in his 1968 Chevelle waiting for the start of the four night "Dirt Track Classics" to be held in Deland. Martin is one of many out-of-state entries in the Speed Weeks special events at the new Deland Raceway Park on Feb. 10-13, a prelude to the fabulous Daytona "600" on Sunday the 14th.

WANT ADS

were used to sell miscellaneous merchandise when buying decisions were made like this!

It's no different today. Want ads are still the easy, people-to-people way to buy and sell merchandise items. William Hart, 1231 Forest Drive, Sanford, ran the following ad recently: Old Burner with thermostat and fan. No pipe and all drum with all. Perfect. \$40. 000-0000. Mr. Harly held on to his burner 2 cells and sold his old burner the fourth day. He was very pleased. Mrs. Wilay, 210 W. 14th, Sanford, placed this ad in our paper: Large Motorola TV. Very cheap. Mrs. Wilay, 000-0000. Mrs. Wilay had lots of calls and sold her TV the 3rd day. She was very pleased. To place your low-cost want ad just Call The Sanford Herald at 322-2611 or 425-5928 before 5:30

OVER 31,000 SPECTATORS were on hand to witness the tightest 24 hours of Daytona ever in the 10th annual rendition of the race over the weekend at the Daytona International Speedway at Daytona Beach. Out of a field of 48 competitors only 22 went the full distance as mechanical problems and crack-ups took their toll. The pace of the race was a torrid one breaking hourly records until the final four hours of the race. Average hourly speeds ranged from 127.533 on the second lap to 109.203 average at the end of the race. Orlando's Vince Gimondo (number 17) powered his Camero Z28 to the top spot in the touring class an 11th overall in the standings. Tony DeLorenzo and Don Yenko drove their Corvette to fourth position in the overall standings. (Sports Photo by Don Vincent)

Fourth 24 Hour Title For Mexican Rodriguez, Oliver Team Up For Daytona Win

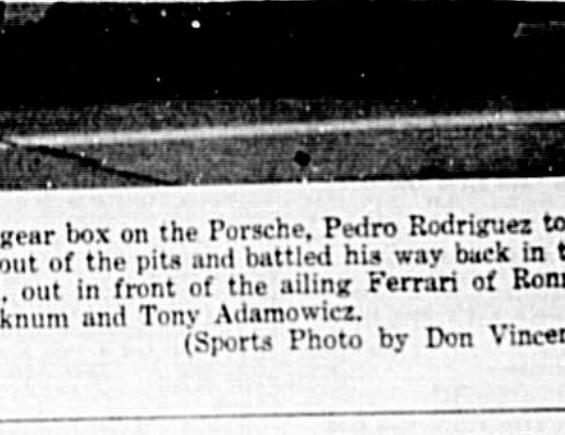

By LARRY NEELY
Herald Sports Writer
DAYTONA BEACH — It was quite a day for the 31,000 spectators at the Daytona International Speedway Saturday and Sunday as they saw the close fought 24 hours of Daytona along with a tragic airplane mishap and the historic Apollo 14 launching. Pedro Rodriguez guided his Gulf-Porsche 917K across the finish line one lap ahead on a Ferrari challenger.

It was the fourth trip to Victory Lane for Rodriguez and Oliver. Rodriguez and made him a twice back to back victor at the Continental endurance race. He won last year in a Gulf-Porsche with Finnish teammate Leo Kinnunen. He also finished in the top spot in the 1963 and 1964 races. At 11:33 Sunday morning, 29 hours and 35 minutes into the 10th Annual 24 Hours of Daytona, Jackie Oliver wheeled the number two Gulf-Porsche into the pits with transmission difficulties. At that moment, Oliver

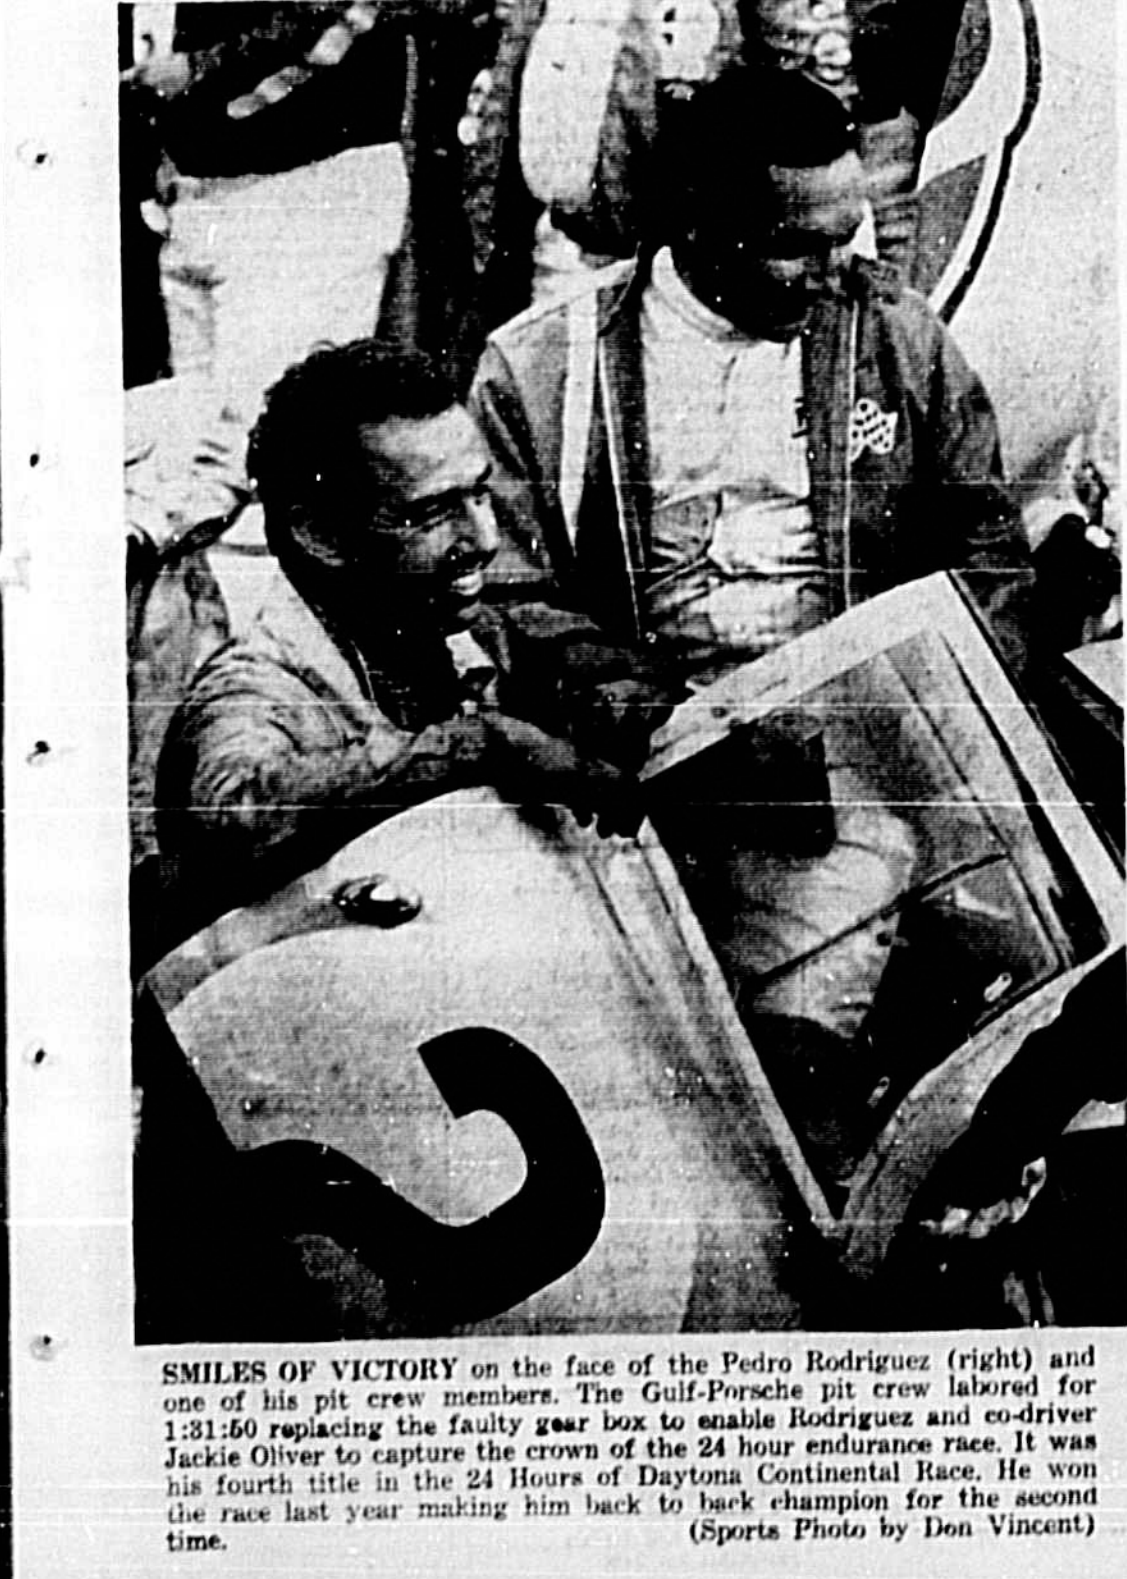

hour spent in the pits after an early morning smash-up in an effort to make body repairs and replace the suspension system on one side of their car. Hard charges in the final laps Donohue could come within only 14 laps of the leaders. Donohue and his co-driver Hobbs led the qualifiers with a 1-42-42 lap time in the qualifying runs. NART's Ferrari 312 prototype with Luigi Chinetti and Garcia Yegua at the wheel. Near the close of the race the number 21 Ferrari limped into the pits with all the gears but the lowest shot.

There they sat until Rodriguez passed the finish line and then they slowly inched across the line under their own power for the fifth place position. Track rules require that a car be running and pass under the flag for the final lap if they are to pin a position. Two Seminoles Countians early made an appearance behind the wheel on the track for the race. Sanford's Robert Whittaker teamed with Donald Wright of Orlando in a Volvo but failed

well. Both teams were entered by Richard Meyers of Longwood. Hourly speed records fell one, three until the twenty-first hour when leading Gulf-Porsche took to the pits for transmission repairs. The average speed of the entire race was 109.203 of 2,621.28 miles during the 24 miles per hour. Covering the

The SLEEK MACHINE . . . The Gulf-Porsche 917K of J. W. Automotive, London, England overcame mechanical problems encountered in the few hours of the race that cost them what seemed to be an insurmountable lead. Pit crews spent over one and a half hours in the pit laboring to replace the gear box on the Porsche. Pedro Rodriguez took off out of the pits and battled his way back in the lead, out in front of the ailing Ferrari of Ronnie Bucknum and Tony Adamowicz. (Sports Photo by Don Vincent)

SMILES OF VICTORY on the face of the Pedro Rodriguez (right) and one of his pit crew members. The Gulf-Porsche pit crew labored for 1:31:50 replacing the faulty gear box to enable Rodriguez and co-driver Jackie Oliver to capture the crown of the 24 hour endurance race. It was his fourth title in the 24 Hours of Daytona Continental Race. He won the race last year making him back to back champion for the second time. (Sports Photo by Don Vincent)

Crowd Views Crash

DAYTONA BEACH, Fla. (AP) — A small plane crashed and burst into flames shortly after takeoff from Daytona Beach airport killing both occupants, authorities said Sunday. Police identified the victims as Raymond Lee Rownd, 27, of Atlanta, and George Himmel, 25, of Chamblee, Ga. The plane climbed 50 feet at the runway, veered to the right and then dove to the ground and exploded, said a Federal Aviation Administration spokesman. The crash occurred in full view of about 30,000 persons, at attending the 24 hours of Daytona sports car race at the nearby Daytona International Speedway.

FTU Junior Knights Are Still Without First Win

By HERKY CUSH
Herald Sports Staff
Tech has been enjoying great success the same can not be said of its junior varsity which suffered its eighth straight defeat absorbing a 124-72 pasting at the hands of Valencia Junior College. Although the Matadors had a decided edge in height it was Valencia's 5-4 board ace, Bob Jones, Jones hit for 11 points in each half. Trying his best to instill some spirit into the Knights was Bob Jenkins, who finished as the high point man for the losers with 25 markers. Had it not been for Jenkins scoring and ball handling the final count might have been much larger. When the Knights did crack the Valencia press it usually was Jenkins getting the ball up court.

Horoscope Forecast

TUESDAY, FEB. 2, 1971
A day when nothing carefully planned seems to work out...

ARIES (Mar. 21 to Apr. 19)
You could miss out on some benefits if you aren't on the alert...

Taurus (Apr. 20 to May 20)
You have a feeling of frustration about the conditions around you...

Gemini (May 21 to June 21)
You have many fine ideas of a most lofty distinction...

Virgo (Aug. 22 to Sept. 22)
Find a better way to do work that is laboring in a big way...

Libra (Sept. 23 to Oct. 23)
Rather than worry about bills, put new ideas to work that can bring in more income...

Capricorn (Dec. 22 to Jan. 20)
A poor day for recreation but very fine for accomplishing a great deal...

Aquarius (Jan. 21 to Feb. 19)
Family matters could prove quite tedious, but you can put new ideas across...

Pisces (Feb. 20 to Mar. 20)
Be careful in travel and avoid possible accidents that could be very costly...

Leo (July 23 to Aug. 22)
There are many problems that can be nicely handled if you get an early start...

Scorpio (Nov. 22 to Dec. 21)
If your child is born about noon, you will have a tendency to work both ends against the middle...

Sagittarius (Nov. 22 to Dec. 21)
Make those appointments early with persons you want to help...

Capricorn (Dec. 22 to Jan. 20)
A poor day for recreation but very fine for accomplishing a great deal...

Aquarius (Jan. 21 to Feb. 19)
Family matters could prove quite tedious, but you can put new ideas across...

Pisces (Feb. 20 to Mar. 20)
Be careful in travel and avoid possible accidents that could be very costly...

Riots Result In State Of Emergency In Los Angeles

LOS ANGELES (UPI)—One man was shot and killed and at least 40 other persons were wounded or injured in violent disturbances Sunday between sheriff's deputies and Mexican-American youths following a window-breaking looting rampage in a business area in the East Los Angeles barrio.

A 16-square-mile area was declared in a state of emergency. The county Board of Supervisors put a 6:20 p.m. to 6 a.m. curfew into effect.

The violence erupted following a peaceful demonstration by 2,000 Chicanos at Belvedere Park to protest alleged police brutality against Mexican-Americans.

A sheriff's spokesman said at least 50 persons were arrested on charges ranging from failure to disperse to assault on an officer.

The windows of at least 100 businesses were smashed and several stores were looted.

Nine Buildings Fired
Nine buildings including a bank and an automobile repair shop were set ablaze by firebombs. A liquor store and a hair salon building were gutted while damage to Pan American National Bank was estimated at \$15,000.

Sheriff Peter Pichess said the shooting death resulted from a man firing a gun at a deputy near the bank who was not immediately identified, and the wounding of the other persons occurred at this time although the circumstances surrounding the incident had not yet been determined.

Twenty-three civilians suffered injuries, 14 of them wounded by gunfire. Twelve deputies suffered minor injuries and 12 firemen were treated for smoke inhalation after battling a total of 35 fires in the area, most of them in trash bins.

\$300,000 Damage
Total structural damage was estimated at \$100,000.

Baby Succumbs; Parents In Jail

An 18-month-old girl died early today at Winter Park Memorial Hospital. Hospital authorities have requested a coroner's inquest into the child's death, according to Sanford police.

Minnie Lee Bell, daughter of Kathryn Leigh Kniffin, 20, and stepdaughter of William Kniffin, 18, of 211 1/2 Laurel Avenue, expired this morning two days after her parents were jailed on unlawful punishment of a child charges.

Last minute surgery efforts to save the baby's life failed. The child never regained consciousness after transfer Saturday night from Seminole Memorial Hospital to the Winter Park medical center.

The Kniffins were arrested Sunday afternoon by Sanford Detective William Lykens and later lodged in Seminole County Jail in lieu of \$10,000 bonds each. Speculation this morning is the charges against both parents will be changed, but, according to a spokesman at the state attorney's office, no decision had been reached at press time relative to the new charge.

The baby was taken Saturday night to Seminole Memorial Hospital and examined by a physician who decided to remove the child to the Winter Park facility.

Early Sunday morning a doctor operated in an effort to save the youngster's life. Meantime Sgt. Lykens investigated the couple who just arrived here a month ago from Buford, S. C., where Kniffin was stationed in the Marine Corps.

By JOHN A. SPOLSKI

A sad commentary on our times... while driving to work early this a.m. there were two young girls trying to "pitch-a-ride," probably late for school.

The car ahead and the one following didn't dare to stop and offer a ride... probably for fear of whatever reprisals of changes these youngsters "might" have wanted to make later on, if any at all.

The first car... it belongs to a local high school principal and the second was a city editor's.

Yes, shame really... maybe the kids really did need a lift; but, are you willing to take that chance that it may be legitimate?

Lunar Landing Set For Friday Apollo 14 On Course To Moon

By HOWARD BENEDICT AP Aerospace Writer

SPACE CENTER, Houston (AP)— Apollo 14's astronauts hurried on course today toward a rendezvous with the moon, confident their spaceship docking system will not bar a landing in rugged lunar highlands.

On the remote chance the two ships could not link after their moon exploration, astronauts Alan B. Shepard Jr. and Edgar D. Mitchell were prepared to walk in space from the lunar module back to the command vessel for the return trip home.

Apollo 14 shifted to an on-target course Monday night when command module pilot Stuart A. Roosa fired up the big main engine for the first time.

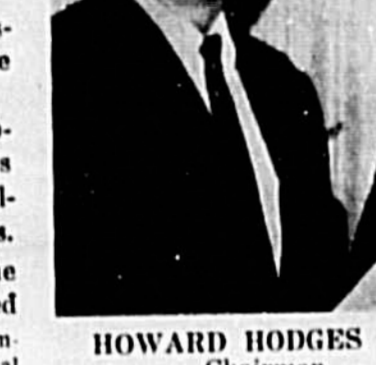

The 10-second burst maneuvered the spacecraft off a path that would have approached to within 2,420 miles of the moon. Now it will zip within 69 miles at 2:41 a.m. EST Thursday and Roosa once again will trigger the engine to fire into an orbit ranging from 69 to 195 miles above the surface.

Later Thursday the astronauts will drop the low point of the lunar orbit to an altitude of 11.5 miles before separating the inner lander Antares for a Friday morning descent to the hilly terrain known as Fra Mauro on the eastern fringe of the Dry Ocean of Storms.

"That was a mighty good burn there," Roosa exclaimed after the firing. Monday. The three astronauts spent a quiet second day in space, monitoring systems and relaxing for the big days ahead.

Sanford Area's Potential Aired By Special Blue Ribbon Group

HOWARD HODGES
Chairman

By HILL SCOTT

Greater Sanford Chamber of Commerce bankers committee at a meeting this morning discussed ways to develop major objectives for the Sanford area in a one-hour session held at the First Federal National Bank president.

The city's four major financial institutions, Howard McNulty, Florida State Bank president; Howard Hodges, Sanford Atlantic National Bank president; John Y. Mercer, United State Bank president and L. E. Estridge III, First Federal Savings and Loan Association of Seminole.

This morning's session, the second in a series, was devoted mostly to a discussion of further development in accordance with the thinking of the committee as a priority project to help the city in several ways.

Local Boys and Girls, and Girl Scouts, the group brought forward the following: Krider mentioned the effects that legislative reapportionment might have on the county and it was brought out that several qualifications would be needed before Seminole County could acquire its own Fairbanks Center, a recommendation that was discussed.

Estridge outlined the importance of having people in the area with money to invest and mentioned that Deltona across the St. Johns River from Sanford caters to attracting people off this caliber.

Gleiw observed the building of a causeway across the river would aid in attracting Deltona to come to Sanford.

The need for more recreational facilities was brought out by Mercer, who advised that while persons at this morning's meeting were busy and had only a few spare minutes for recreation; senior citizens and young people need more play facilities.

He suggested the Civic Center's youth wing could be better utilized as a senior citizens wing and a Young Men's Christian Association (YMCA) could be established here for the young.

More studies plans already underway to organize local Boys and Girls and Girl Scouts, the group pointed out that a YMCA could serve the entire family, not just boys only.

McNulty stated an effort was made some time ago to investigate locating a YMCA at Sanford but was dropped.

The need for a small convention center also was discussed as a probable project by the group and Mercer added that a historical project like the restoration of Fort Mellon with Indian artifacts might be an attraction to lure tourists bound for Walt Disney World off the interstate and into Sanford.

Another meeting to discuss the projects further was scheduled for Feb. 9 at 8:30 a.m.

Circuit Judge Hears Defendants' Pleas

By MARION BETHEA

Several youthful defendants, charged with violation of narcotics laws and whose arraignments were continued from last week, entered pleas in Circuit Court this morning before Judge Roger Dykes.

James Roper, charged with possession or control of a central nervous system stimulant, entered a plea of guilty. His attorney, Vernon Miller, was granted 15 days to file motions, and trial was set for May 10.

James Haddad, charged with two counts of possession of a narcotic and possession of a narcotic paraphernalia, entered a not guilty plea. His attorney, Jack Nantz, was granted 10 days to file motions directed to the information. Trial was set for the week of May 17.

Larry Heatt, also known as Karl Jon Porter, 20, charged with possession of a narcotic, entered a not guilty plea. Julian Heatt, father of the defendant, entered a motion to set aside this motion today. Julian told the court that he had just received the witness list, and had not yet received the tangible evidence. Julian further stated that he did not believe that he would be prepared to try the case, but the youth advised the court that he had been in contact with his parents.

Seminole Co. Brochure Bids Now Under Study

By LARRY NEELY

Cowart's Rollins Press of Winter Park was the apparent low bidder for the printing of the county publicity kit. It submitted a bid of \$1,810 for the cost of 2,500 color brochures advertising Seminole County to the County Commission.

The next lowest bid of the five submitted was that of Bruce Jones Printing Co. of Orlando, \$1,198.20. Celery City Printing Company, of Sanford, submitted the next lowest bid of \$1,287.50. All bids were turned over to Ashby Jones, assistant clerk, and representatives of the advertising advisory committee for consideration to a recommendation to the commission.

First major item discussed by the commission this morning was the school crossing on SR 135 for Altamonte Elementary School. A group of parents from the area was in attendance at this morning's meeting. They left the meeting with an air of apparent satisfaction as the commission was proceeding toward a solution of the traffic safety problem with expediency.

The commission voters to request recognition as a "Fire Commissioner" with designation as NBFU 9A from the Southeastern Underwriters Association.

The fire chief invited all commissioners to a formal inspection of the department equipment, premises, and personnel at 8 p.m. on Feb. 11.

Citizens' Protests Ignored

Brumley Resignation Is Accepted

CASSELLBERRY — Despite protests of several citizens, City Council voted three-to-two last night to accept the resignation of Police Chief Donald Brumley. Brumley submitted his resignation last week after being censured by the council for his action in a recent incident concerning allegations against Mayor Curtis Blawie.

Councilman William Grier and Councilman Napier voted against accepting the resignation. Grier expressed his regret that Brumley had presented his resignation. I am for city office with the platform of bringing harmony to the police department," Grier said. "I am happy to be a part of the citizenry of Casselberry with such a fine police department," he said.

Napier called Brumley's resignation "unjust" and stated his belief that the chief was being "forced" to resign "under his own prerogatives."

"He has fought this long enough," Napier stated.

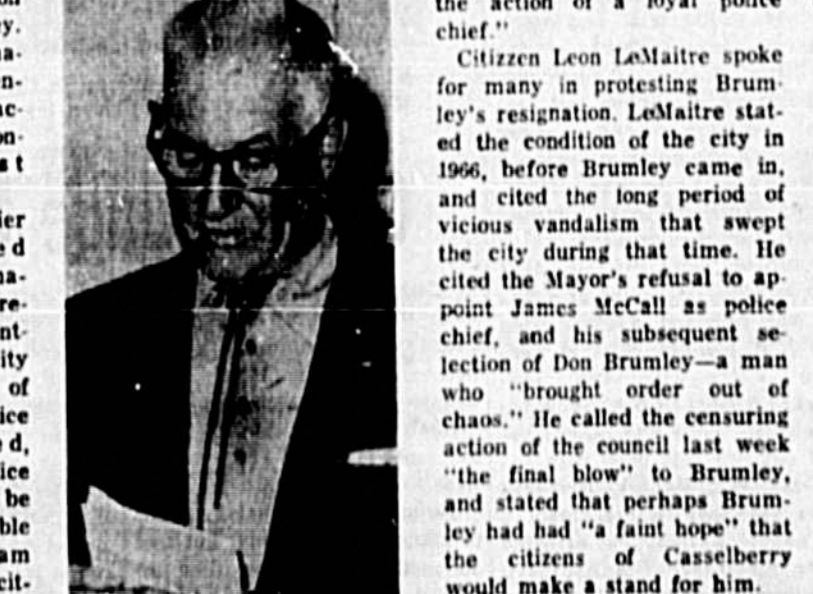

Council Chairman Edith Duerr stated her belief that "there has been a great deal of unnecessary friction between the mayor and the police chief. There has been a lot of undesirable publicity for the city—a lot of it caused by Mr. Brumley," she declared.

"I believe the police chief was doing his best for a long time to get rid of the mayor," she continued, "and this is not the action of a loyal police chief."

Citizen Leon LeMaitre spoke for many in protesting Brumley's resignation. LeMaitre stated the condition of the city in 1966, before Brumley came in, and stated the long period of vicious vandalism that swept the city during that time. He cited the Mayor's refusal to appoint James McCall as police chief, and his subsequent selection of Don Brumley—a man who "brought order out of chaos." He called the censuring action of the council last week "the final blow" to Brumley, and stated that perhaps Brumley had had "a faint hope" that the citizens of Casselberry would make a stand for him.

Richard Napier, who stated he believed that Brumley had done a good job of the whole problem lies in the city charter, and in the fact that it imposes too many duties and too much power upon the mayor. Napier added that "the mayor should be a nice, old dimpled, gray-haired guy cutting ribbons and getting his picture taken," and that the running of different departments should be left to experts.

Several other citizens spoke (Continued on Page 2A, Col. 7)
