# WORLD IN BRIEF

### Sadat Says Khadafy Plotted Hijacking

CAIRO (AP) — Egyptian President Anwar Sadat says Libyan leader Moammar Khadafy and a top radical Palestinian personally plotted the hijacking of a French airliner to Uganda in June, according to the Middle East News Agency.

"Khadafy paid the money and the weapons were smuggled to Athens in a Libyan diplomatic pouch and were given to the terrorists by the Libyan Embassy," Sadat was quoted saying in an agency report Friday.

The agency said Khadafy planned the hijacking with George Habash, head of the Popular Front for the Liberation of Palestine. The PFLP has been implicated in numerous anti-Israeli hijackings and attacks, including one Wednesday night in which four people were killed and 20 others wounded in Istanbul.

### Aegean Issue Is Talks Topic

WASHINGTON (AP) — Secretary of State Henry A. Kissinger is turning his attention to the bitter dispute between Greece and Turkey over sovereignty in the Aegean Sea, hoping to persuade the two NATO members to resolve their differences peacefully.

Kissinger was to meet separately Saturday with Greek Foreign Minister Dimitri Biliotis and with Turkish Foreign Minister I.S. Caglayan in New York, where the Aegean issue was being debated in the United Nations Security Council.

### 50 Arrested in Crackdown

JOHANNESBURG, South Africa (AP) — Security police have arrested at least 50 black leaders in a nationwide crackdown on black nationalist groups suspected of fomenting South Africa's bloody racial upheavals, sources said Friday.

Only a few new outbreaks of violence were reported following two days of riots in black townships outside Cape Town in which at least 29 blacks were killed and some 100 injured.

# NATION IN BRIEF

### FBI Section Chief Awaits Sentencing

WASHINGTON (AP) — An FBI section chief is awaiting sentencing after becoming the first bureau official in history to plead guilty to a criminal charge of corruption.

John P. Dumphy entered the guilty plea Friday as part of an agreement with Justice Department prosecutors involved in a broad probe of alleged financial corruption and other abuses of power within the FBI. Dumphy was fired from the bureau Thursday.

Department spokesman Robert Havel declined to discuss other terms of the plea bargain. Normally, plea bargaining involves an agreement by the defendant to testify against others involved in wrongdoing in exchange for being charged with a lesser crime.

### FBI To Enter Roselli Case

WASHINGTON (AP) — The FBI will try to determine whether mobster John Roselli was murdered because of his Senate testimony about CIA plots to kill Cuban Prime Minister Fidel Castro.

Atty. Gen. Edward H. Levi late Friday "authorized the FBI to enter the Roselli homicide case," said Justice Department spokesman Robert Havel.

Roselli's body was found stuffed in a chain-wrapped oil drum in Biscayne Bay off the Florida coast last weekend.

### Fund Raiser Says He'll Quit

HONOLULU (AP) — A Honolulu real estate developer whose work for the Republican party helped him win a "plum" government post says he's resigning as a fund raiser for President Ford to avoid a possible conflict of interest with his new job.

Hung Wai Ching, 71, a member of the Postal Service board of governors, said Friday that he has resigned as Ford's finance chairman in Hawaii and is also divesting himself of 1,000 shares in Aloha Airlines.

# Delegate's Dream Coming True

(Continued From Page 1-A)

background and make decisions, women get in there and do the work."

At the same time her husband, Guy, to whom she has been married for almost nine years, is a politician involved at all. "He thinks I have to do what I think is right and necessary and give me his moral support."

During her working hours, Mary Ann is a comptroller for an Orlando law firm while her husband is a designer for a laser company. She is 32 and has no children.

In preparation for the convention, she has been studying the rules of the event and is particularly interested in the rules that will be adopted for the 1980 convention.

She is looking out particularly to see that the liberal wing of the party does not try to get a quota system into the rules of the convention. Under the quota system used at the 1972 Democratic convention, a certain number of delegates had to represent each segment of the population.

She is also interested in the platform to be adopted by the convention and has very strong and definite opinions on the equal rights amendment, the abortion issue and the Panama Canal question.

"The party platform is more important to a degree than the nominee," she said.

"I'm not in favor of the United States relinquishing its rights in the Panama Canal. I disagree with detente being used the way it is. We need to increase our defense capabilities. I believe the Soviet Union is ahead of us," she said.

"I am opposed to the equal rights amendment (ERA) because there are already enough state and federal laws on the books to provide equal rights for women. ERA leaves interpretation to the Supreme Court, giving the court the right to legislate as it has in the past."

"Why would women want to be equal to men when they are already superior? ERA will take some rights away from women. The women's pushing ERA are not using good judgment. They really don't understand they are hurting women, the family and our way of life," Mrs. Morse said.

"Equal rights is part of the doctrine of Russia. I certainly do not want to see women out there digging ditches and sweeping streets."

On the abortion issue, Mary Ann said she doesn't believe morality can be legislated. "Abortion is a moral issue. The government has no business being involved in it. It is a very touchy issue and there are pros and cons on each side. It ought not to be legislated," she said.

Although thrilled at the opportunity to go to the convention, she is not a stranger to either Reagan or Ford. She met Reagan a number of times and met the president in the latter part of January while in Washington. She thinks that "Nancy Reagan is a really super individual."

Mary Ann said it will cost her more than \$100 to attend and participate. In addition to plane fare, there is the expense of a hotel room, meals, transportation and the Florida delegation is staying at the Marriott Hotel near the airport.

She has been assembling her wardrobe for some weeks. "I gave me an opportunity to go as a splurge," she said, adding her wardrobe will include "comfortable" clothes — pants suits, street length dresses, jump suits and a couple of long evening dresses. She plans to be conservative in the spending area, but has taken \$100 cash with her over and above her plane and room expense just in case.

Special events range from breakfasts to a \$1,000 per person banquet-reception with all the dignitaries.

She hopes one of her Republican idols, movie star John Wayne, will also be there. "Being able to vote for the candidate who hopefully will represent the party for the next four years will be a thrill," she said.

Although her heart is with Reagan, she is prepared to pound the pavement for whomever is nominated.

### Who's Who

Here's who is pictured on the page 1 Republican montage. Clockwise: Melvin Laird, George Bush, Donald Rumsfeld, Gerald Ford, Ron Nease, Hugh Scott, William Simon, Elliot Richardson, Howard Baker, Marie Louise Smith, Edward Brooke, John Rhodes, John Connally, John Tower, Charles Percy, Jacob Javits, Ronald Reagan, Charles Mathias, Nelson Rockefeller, Barry Goldwater.

### No Secret Meets For Fla. GOP

TALLAHASSEE (AP) — All meetings of Florida delegates to the Republican National Convention next week in Kansas City will be open, a state GOP official says.

State party Chairman Bill Taylor has dropped plans to hold a closed session, Herb Harmon, party executive director, said Friday.

He said Taylor wanted to close a breakfast meeting on Monday briefly so the 66 delegates and 66 alternates could ask personal questions, such as what should they wear to the convention.

"Since it would appear to be a little controversial and since some delegates wanted it to be open, the meeting will be open to everybody," Harmon said.

He outlined the state party's position following a telephone call from Taylor, who is at pre-convention meetings in Kansas City.

# Did Political Move Hurt Sanford Water Hqs. Bid?

Sanford, Jacksonville and several other cities have expressed an interest since Orlando's proposal of a McCoy Joppert was rejected last month. The southern boundary of the St. Johns District is the Martin Anderson Beeline Expressway, just north of the airport.

Other members of the committee are Jack Christmas of Apopka, who has pushed to move the headquarters to the Orlando area; Michael Braddock of Palm Bay; and three staff members. They were retained on the committee when Clay announced new committee assignments by mail to fellow members last week.

The St. Johns District currently manages water resources in parts of 16 counties, including Seminole, and will expand to the south and west Jan. 1 to include all or part of 20 counties from Indian River to the Georgia line.

# Sailor Wins Trial Delay In Murder

Arrangement of a 19-year-old sailor indicted for the murder of a woman who died of a heart attack, apparently after confronting a burglar, has been delayed until Aug. 27 in County Court at Sanford.

David Kim Hargis of Henderson, Ky., is being held without bond on the grand indictment accusing him of first-degree, armed burglary and armed robbery in connection with the death of Walter Raymond Schultz, 67, at his 781 Spanish Moss Drive, Casselberry, mobile home.

Hargis was scheduled for arraignment on the indictment Friday afternoon but court clerk said the hearing was continued until Aug. 27 at the request of the public defender's office.

Hargis is accused of arming himself with a knife during the burglary of Schultz's residence, and robbing the retiree of \$40 to \$50. The indictment alleges that Hargis, listed as a deserter from U.S. Navy installation at Memphis, Tenn., killed Schultz "by causing him to be in such fear as to cause death, or by making an assault upon (Schultz) resulting in death."

# FLORIDA IN BRIEF

### Nursing Home Disease Still Not Diagnosed

BOYNTON BEACH (AP) — Four deaths at a nursing home may have been caused by an affliction as common as a summer cold, health officials said Saturday. But the illness which has stricken 20 others at the home here on South Florida's Gold Coast has not been diagnosed.

After the deaths Thursday and Friday at the Boulevard Manor Nursing Home, the 91 patient facility was quarantined and the ill residents were isolated. Medical teams rushed from the home to laboratories in Jacksonville, West Palm Beach and Atlanta with blood and urine samples, throat swabs and X rays.

Health officials said that the symptoms of the disease — high temperatures, lethargy, sore throats and coughing — were too general to point to any specific illness. They said it might be days before test results establish what disease is involved.

### Orders Hike Prices: Official

TALLAHASSEE (AP) — A state official says court orders are causing severe financial problems for the Medicaid program paying for nursing home care in Florida.

The number of persons entering the program might have to be cut back or additional money sought unless high payments forced by the orders are reduced, Charles Hall, director of the Social and Economic Service Program Office, said Friday.

### Shevin: Jail Reporter

TALLAHASSEE (AP) — The Florida Supreme Court should change its decision and send a St. Petersburg Times reporter to jail for refusing to reveal her sources of a story about a secret grand jury report, Atty. Gen. Robert Shevin says.

Shevin filed for a rehearing Friday, contending reporter Lucy Ware Morgan's story damaged future grand jury operations.

### Secret Meetings Opposed

TALLAHASSEE (AP) — Atty. Gen. Robert Shevin says he will try to overturn any Board of Regents policy allowing secret meetings of state university president selection committees.

Shevin told Chancellor E.T. York in a Friday letter he would ask the Cabinet, as the state Board of Education, to reverse any such policy. He said the Cabinet has general supervisory powers over the regents.

### Insurance Hearing Set

TALLAHASSEE (AP) — A hearing will be held in mid-September on a request for a 23.2 per cent increase in payments businesses make for workers' compensation insurance, says an aide to Insurance Commissioner Philip Ashler.

The request now under review comes on top of a 33.4 per cent boost granted in less than a year.

### Gifts Data Deadline Changed

TALLAHASSEE (AP) — Anyone expecting to find out Monday what gifts were given this year to top state officials — including some up for reelection — will have to wait until long after the balloting.

Instead of an Aug. 15 deadline for reporting gifts of more than \$25 for the first half of 1976, the 1976 legislature changed the law so that gifts for an entire year are reported the following July 15.

TANKER RIG SEPARATES  
Earl Burton Carter, 53, of Orlando, was slightly injured Friday afternoon when his tractor-trailer rig separated on Interstate-4 during rainstorm. Burton said he lost control of rig because it became airborne. Trailer ended up in median strip, tractor came to rest alongside eastbound lanes. Carter was treated at Semole Memorial Hospital and released. (Herald Photo by Tom Vincent.)

# Young Drifter Charged In Hotel Fire Deaths

MIAMI (AP) — "He was crying over the telephone. He's scared," Dan Turner said after his 18-year-old son was charged with 10 counts of first-degree murder and first-degree arson in an April 3 fire.

Dan Turner Jr. was charged Friday with setting the fire that roared through the three-story World War I-vintage Avondale Hotel.

Seven of the 10 elderly persons who died never got out of bed. Three others died later of burns.

Fourteen persons, including one firefighter, were injured. Homeless people were sleeping on the floor.

Police said the arsonist was "doing it to make a big show. He was going to put it out and be a hero, but it got away from him and he took off."

Turner, described by police as a Miami-born drifter, was being held without bond. Officials said he was a suspect from the start, had failed a polygraph test and "made a statement involving himself."

His father, a tugboat captain in Fernandina Beach, retained a lawyer for his son and said, "He did it the last night and said they arrested him for murder... (He's) pretty shook up and worried."

Police had asked Turner to return to Miami for questioning.

"I put him on a bus Thursday in Jacksonville," Turner's father said. "He went down to see what the hell they wanted. I didn't figure there was nothing to it."

"It's a pretty bad mix-up," the elder Turner added. "I've got to get him out of it."

Turner, who works on boats and has been in Colorado, New York and Massachusetts since the blaze, started the fire by holding matches to a cane bottom wooden chair in the hotel lobby, police charged.

Fireman said the age and cypress of the building and a stairwell draft caused the fire to leap through the structure while nearly 40 low-income tenants, most of them elderly and helpless, slept.

Turner fled the hotel with other survivors and told reporters how he had rubbed back inside to retrieve belongings and help others escape.

Police said hotel rooms of victims were later looted and some items that were sold have been traced back to Turner.

The tragedy resulted in a crackdown on hundreds of old rooming houses, motels and apartment buildings in Miami. It has also led to multimillion-dollar lawsuits against the hotel operators. "Our survivors need families of victims. The suits charge negligence by failing to have an alarm system and failing to keep fire-resistant stairways closed."

# Canal Meeting Slated

TALLAHASSEE (AP) — A Cabinet meeting Sept. 21 could go a long way toward deciding the future of the Cross-Florida Barge Canal.

Col. Donald Wicks, Army Corps of Engineers district engineer at Jacksonville, will brief the Cabinet then on massive studies of the canal. Ken Woodburn, Gov. Ronnie Absher's environmental adviser, announced Wicks' appearance Friday.

Economic, engineering and environmental impact studies were ordered by a federal judge to guide Congress in deciding whether to complete the controversial waterway, which was halted by former President Nixon in 1971.

U.S. Circuit Judge Harvey Johnson has ruled that Nixon's order was illegal.

Woodburn said Congress would not resume construction of the canal if the Cabinet order was illegal.

Wicks has scheduled release of his reports around the time of the Cabinet meeting.

### FDA Recalling Drug

WASHINGTON (AP) — For the third time this week, the Food and Drug Administration is urgently recalling a prescription drug that could be lethal.

Earlier, the FDA had announced that Cooper Laboratories of Wayne, N.J., was recalling 9,150 bottles of the heart drug Quinagute Duru Tab because of a similar labeling mix-up.

The third recall, listed as a public warning because of an imminent hazard, involved the anti-inflamatory prescribed drug Triaxure taken by patients suffering from extremely severe cases of the skin disease psoriasis.

Compromise On Pollution Issue

The Congress is expected to resolve the "clean air" controversy by the end of this month.

At issue are the first comprehensive amendments to the 1970 Clean Air Act, which had long intentions but has not been able to achieve its objectives on schedule.

Bills in the Senate and the House would relax auto and industrial emission deadlines, but not to the extent requested by the Ford administration and many of the affected industries.

These bills are caught in a crossfire of criticism.

On one side are those who oppose any relaxation, such as Sen. Gary Hart, D-Colo., who said the proposed amendments so weaken the act that if they are adopted the law should be renamed the Fairly Clean Air Act or Sort-of Clean Air Act.

On the other side are those who contend the amendments do not go far enough, such as the U.S. Chamber of Commerce, which says the amendments do not go far enough in resolving the problems confronting business.

The committees of Congress have spent months working out the complex details of the House bill and the Senate bill. They have sought to establish a workable balance between environmental and economic concerns.

They have postponed final auto emission standards from 1978 until 1979-80 and have relaxed the final standard for nitrogen oxides.

The bill has given congested cities five or 10 more years to meet national air quality standards and given local officials more voice in working out smog control plans.

They have given industrial polluters more time to meet emission requirements.

They have ruled out "intermittent controls" such as tall stacks on industrial plants, thus forcing many companies to install stack gas cleaning devices known as "scrubbers."

They have restated the principle that air quality should be protected in regions of the country where it is cleaner than required by national standards but sought to provide some flexibility and give states more control over development in clean regions.

These appear to be the elements of a sensible compromise. It would be too bad if it is shot down by the irreconcilables.

Fatal Skepticism

A sheriff's office at Loveland, Colo., blames "human nature" for the fact that so many campers refused to heed a warning that a flash flood was building up in the Big Thompson River Canyon.

The death toll in that disaster would have been lower if more tourists had been willing to pack up and leave.

Weather monitoring systems and radio communication networks are increasing the odds that people threatened with some kinds of natural disasters can benefit by official warnings.

As the case in Colorado shows, however, there is often an impulse to stay put in spite of such warnings.

Even the time and place of earthquakes may become more predictable in the future, and mainland China appears to be serving right now as a laboratory for that branch of geology.

The Chinese admit that their system for forecasting earthquakes is still quite primitive, but they appear to have achieved a remarkable response from the populace in their current disaster emergencies.

While the discipline and regimentation in Chinese society is alien to Americans as a free people, it has probably been the key to the orderly evacuations and rescue efforts reported in China.

Technology can make us less vulnerable to natural disasters, but it cannot cure us of "human nature." Some of the campers now missing in Colorado were skeptical when they heard the flood alert. The skepticism may have cost them their lives.

BERRY'S WORLD

This supports the frequent charge that communist governments develop professional athletes to compete against amateurs.

Intelligence report quotes a past defector from the Cuban gymnastics team, Zulma Bregado Guierrez, as stating: "All the athletes are professionals since athletes is their main employment."

She explained that Cuban athletes draw no salary but "receive other privileges which are tantamount to salary." She cited "free room and board and clothing." They get "much better food," and clothing "of the best materials available in Cuba," she said.

These special advantages, she told U.S. intelligence men, "are not available to the rest of the population."

Another Cuban defector, Hector Rodriguez Cordoso, told about being sent to Russia to study physical education. Summarizes an intelligence report.

"For a classless society, Rodriguez said, Soviet athletes not only enjoy special class privileges, but they are actually segregated into categories according to their performance in competition."

"Most Soviet athletes who have won medals in competition of world significance, such as the Olympic Games, rank as first class athletes and receive a monthly stipend of 400 rubles in addition to other privileges such as automobiles, housing and the opportunity to travel abroad . . ."

"Let's go home where we can be alone with our thoughts and have privacy. There are too many backpackers out here!"

Around

Don't be surprised if a city councilman from one of Seminole city's suburbs admits his resignation in the next few weeks to devote more time to his home life.

But he is receiving a lot of pressure from supporters and colleagues to "hang in there" because he is needed.

It was a surprise to discover this week that the U.S. Attorney in Orlando couldn't answer a question about federal employees participating in local political activities.

A secretary for the attorney, John Briggs, suggested to a reporter that she call the newspaper's attorney for an answer to a question about campaign contributions.

"You mean a federal attorney can't tell me what a federal law says?" the secretary was asked.

"That's correct," she replied.

"I don't know. He just can't."

The Clock

RAY CROMLEY

Rosalynn A Power By Herself

WASHINGTON—(NEA)—A friend who teaches the deaf, and who therefore is expert at reading lips, watched TV daily during the recent Democratic National Convention.

This watching told her something about Rosalynn Carter, her place in the Carter family and her relationship with her husband.

Scene One. Mrs. Carter is whispering excitedly to her husband, who is busy talking with a man of some stature at the convention.

"Move on," says Mrs. Carter sternly and vigorously, speaking obviously in a voice no one but her husband can hear—not even the man she is talking to. "You've spent enough time with him," she continued. "Move on over there."

Scene Two. Mrs. Carter, smiling in a most gracious way at people in front and to the side, is sitting next to the Carter children. Then one son lights up a cigarette. Without a change in her expression she breaks in her smiling and nodding to delegates and visitors in the conversation.

Scene Three. Mrs. Carter, smiling in a most gracious way at people in front and to the side, is sitting next to the Carter children. Then one son lights up a cigarette. Without a change in her expression she breaks in her smiling and nodding to delegates and visitors in the conversation.

Scene Four. Mrs. Carter, smiling in a most gracious way at people in front and to the side, is sitting next to the Carter children. Then one son lights up a cigarette. Without a change in her expression she breaks in her smiling and nodding to delegates and visitors in the conversation.

Scene Five. Mrs. Carter, smiling in a most gracious way at people in front and to the side, is sitting next to the Carter children. Then one son lights up a cigarette. Without a change in her expression she breaks in her smiling and nodding to delegates and visitors in the conversation.

Scene Six. Mrs. Carter, smiling in a most gracious way at people in front and to the side, is sitting next to the Carter children. Then one son lights up a cigarette. Without a change in her expression she breaks in her smiling and nodding to delegates and visitors in the conversation.

Humor is everything. At least that holds true during boring budget-cutting sessions at the county commission chambers.

After Commissioners Richard Williams, John Kimbrough and Harry Kravitzowski went through \$12,000 worth of salary increases and marked "yes" or "no" on each request, Commission Chairman Mike Hattaway returned from a brief absence from chambers.

Taking the list in hand, Hattaway began marking preferences.

"We've got 'yes' or 'no' on each one of them. And look at him, he's putting down 'okay,'" quipped Kravitzowski.

"I'm putting okay on the ones I don't have to vote on," Hattaway answered.

Fall football and cross-country track practices are starting, sun-and-surf lovers are crowding the beaches and other young outdoor enthusiasts have at least two more weeks to kick up their heels before

once more being called back to school.

But for Seminole County teachers, less than seven days remain before the bell-and-chain go back on.

Teachers are scheduled to report for work Friday, Aug. 20, with convocation programs planned to welcome them back to school.

Teachers who work in the north end of the county (Sanford and Oviedo) will attend a convocation beginning at 11 a.m. in the Seminole High School auditorium. School buses sponsored by the Seminole Education Association (SEA) will be introduced, after which Supg. William P. (Bud) Loyer will be allotted 30 minutes to address the gathering.

Following Loyer's remarks, representatives of the Seminole Education Association (SEA) will have 30 minutes in which to speak.

A similar program for south and instructors is slated to be held at Lyman High School beginning at 2:30 p.m.

Teachers will return to their classrooms Monday, Aug. 23 and will follow an 8 a.m.-1:30 p.m. schedule for the remainder of the week. School goes back into session Aug. 30.

In County Commission Races

Here's Who Gave What

Only two of 11 candidates for three seats on the Seminole Board of County Commissioners...

Incumbent County Commissioner Michael (Mike) Hattaway (D, Ray Springs) has received \$1,526.76 in contributions while spending \$3,112.76.

In the district five county commission race, Democrat John Alexander had contributions of \$1,700 and expenditures of \$1,174.73 while spending \$1,600 and expenditures of \$280.

Contributors to the Gunter campaign include Ed Lima of Deltona, \$100; Sidney L. Vihlan, \$50; Robert (Bo) French, \$50; Fred Heger, \$10; Jerry Lutz, \$10; Ray Brooks, \$10; Lester Bruce, \$10; William F. Doyle, \$10; Ray Guard, \$10; Bob Smith, \$10; B.D. McIntosh, Jr., \$10; Louis C. Bentley, \$10; Woodrow J. Wilson, \$10; Billie H. Chayre, \$10; George E. Grimsom, \$10; Joe Del Rio, \$10; Raymond Ambrose, \$10; Mike Medeiros, \$10; Mrs. John Paul, \$10; Steven Van Der Mallard, \$10; Lucia Gunter, \$10; Dorothy McGuire, \$10; Donald R. Schriner, \$10; Raquel Cobb, \$10; Henri Landwehr, \$10; Isabella Gunter, \$10; The Rosano, \$10; Sherman Elliott, \$10; Joseph Padrower, \$10; Roy Stutzman, \$10; Gilbert and Rose Acavado, \$10; Henry and Esther Hernandez, \$10; Donald and Adria Johnson, \$10; Jack R. Combs, \$10; Dante Tibbitts, \$10; Charles Hibner, \$10; both Altamonte, B.W. Brinkley, \$10; and Enrique DeArriaga, \$10.

DeVries' expenditures were only the filing fee of \$225.51.

\$500,000 Pit Dug From Budget

By ED FRICKEYT Herald Staff Writer As County budget sessions draw to an end, an estimated \$500,000 earmarked for purchase of a clay pit site has been slashed from requests.

The money was budgeted for purchase of a 300-ft. deep, 200-ft. wide clay pit for use during construction of county roads.

The \$500,000 reduction is the second largest cut from the \$2.6-million in requests. The first reduction was \$300,000 in requests from judges for two additional courtrooms.

Office of Management Analysis and Evaluation (OMAE) Director Pat Glasgow plans to have all cuts cranked into budget next week.

If supervisors feel they have been reached the desired goal of about \$18 million the appropriate size of last year's appropriation.

Some 128 county workers are slated for five per cent pay hikes if supervisors feel the rates are warranted.

In addition, 150 county workers are slated for an additional five per cent because they were judged outstanding in their performance last year.

Mike Hattaway and Commissioner John Kimbrough say they approve pay hikes for county workers.

Glenn Klausman, 24, recently joined the staff of Seminole-Brevard Public Defender Franklin Kelley. As an assistant public defender, Klausman will handle cases of indigent persons charged with misdemeanors.

Klausman, who makes his home in Deltona, attended the University of Georgia, and Stetson Law School.

Contributors to Tyra's campaign are: Jim W. Alford, \$100; Charles L. Park Jr., \$100; John W. Evans, \$75; B.F. Wheeler Jr., \$100 and Ed Parker, \$75.

Expenses listed were: filing fee \$225.51, and posters \$78.50. Tyra's expenditures include: self \$1,000; S.O. Chase \$100, H.H. Kastner \$100, John W. Evans \$75, B.F. Wheeler Jr. \$100 and Ed Parker \$75.

Kirchhoff listed contributors as: self \$1,000; Walter S. Kirchoff, \$100; Nita D. Kirchoff, \$50; B. Brad Hollingsworth \$10, W.L. Kirk Jr., \$50 and G. Andrew Spear, \$50.

Contributors to the Vince Perry campaign: Mrs. Perry, \$100; Larry Breen and Associates, \$100; Lawrence D. Phillip, \$50; and Alan C. Lousier, \$25.

Expenses in the Gunter campaign included: graphic art for signs, bumper stickers, \$464.44; petty cash for type setting and graphic supplies \$42.64 and petty cash \$100.

DeVries' expenditures were only the filing fee of \$225.51.

# 16 Defendants, 10 Cases Set For Court

By BOB LLOYD  
Herald Staff Writer

Sixteen defendants are scheduled for trial this week at Sanford before Circuit Court Judge A.J. Rosenmann Jr. in 10 cases ranging from forgery and grand larceny to burglary and drug charges.

Assistant State Atty. Jay Novick is seeking a continuance in the trial of a 15-year-old Winter Park juvenile indicted by the Seminole County Grand Jury for trial as an adult on an armed burglary charge — a first-degree felony.

Documents in the court file indicate the state wants the delay because a 13-year-old witness in the trial of James Brian Brunelle is out of the county until mid-September.

Brunelle is accused of burglarizing the dwelling of Charles Bagby, 1250 Hamilton Ave., Longwood, on Feb. 17, and arming himself inside the dwelling with a shotgun and two rifles.

Brunelle was indicted April 7 and extradited from Albany, Ga., in June.

In recent weeks armed burglary indictments against approximately 10 juveniles have been dismissed by circuit judges. State Atty. Abbott Herring is appealing the dismissals to the Fourth District Court of Appeals, West Palm Beach. The dismissals

came after Circuit Judge Joe A. Cowart Jr. ruled that under a revision of Florida's armed burglary statute, effective last October, juveniles cannot be indicted for trial as adults on first-degree felony charges.

However, in the Brunelle case, Circuit Judge Dominick J. Salfi denied a defense motion to dismiss the indictment in a hearing on Aug. 6.

Vernon Wilberborn, 28, of 318 DeFugh St. and Edward Holiday Jr., 36, of 408 First St., both Altamonte Springs, are scheduled for separate trials on charges of armed burglary, grand larceny and receiving stolen property in connection with a July 2 break-in and theft of firearms and other property from the dwelling of Thomas Jones, Altamonte Springs.

Defense attorney James Figgitt has filed a notice that an insanity defense may be used by Robert Heddings Jr., 21, of Cross City, Fla., in his trial on burglary and battery charges in connection with a July 12 apartment break-in in south Seminole.

In one case docketed for trial before Judge Rosenmann this week:

—Cari E. Bridges, 23, of Orlando, is accused of forgery and uttering a forged instrument in the court file indicates Bridges will present an alibi defense and that Assistant State Atty. Claude Van Hook is seeking a trial delay because a

state witness is on vacation.

—Vincent M. Delano, 42, of 807 Magnolia Ave., Sanford, is accused of two counts of aggravated assault.

—Mary Laura Corcoran, 19, of Orlando, is accused of felony possession of cocaine and heroin. She was arrested in a search of a vice squad raid in April at an Altamonte Springs apartment.

—Willis Johnson, 26, of 111 Ford Ave., Altamonte Springs, is accused of burglary of a school and possession of burglary tools.

—Joseph Bellamy, 24, Roy L. King, 26, and Gregory Miller, 26, all of Orlando, face trial on grand larceny charges in connection with the alleged grand theft on June 29 of clothing from Montgomery Ward, Interstate Mall, Altamonte Springs.

—John Lewis Biles Jr., 29, of 1508 W. 13th St., Sanford, is accused of burglary and petty larceny in connection with a break-in at the Silver Tip Tavern, W. 13th St., Sanford.

—John William Lauch, 28, of 417 Longwood-Oviedo Road, Longwood, is accused of burglary of a tavern on U.S. 17-82 at Longwood.

—Charles Edward Rohrbette, 47, of 1801 E. 42nd St., Sanford, is accused of felony delivery of marijuana.

—Albert Marvin Howard, 46, of Kingston, N.C., is accused of robbing a Seminole Police Lt. L.D. Bishop while on duty and battery on a police officer.

# Late Lab Evidence May Delay Trial On Lottery

State Atty. Abbott Herring's office is asking for a delay in Monday's docketed circuit court trial of lottery figure Clayton Thomas, 61, of Altamonte Springs.

The motion indicates that laboratory tests haven't been completed on alleged evidence seized by state agents on June 30 in a raid on a house on the northwest corner of Amanda St. and Lake Howell Road, north adjacent to the Club 436, Altamonte Springs.

Court files list \$4,530.00 in cash as confiscated in the raid, along with alleged lottery and boiler paraphernalia.

An indictment against Thomas, returned by the statewide grand jury probing illegal gambling activities, charges Thomas with conducting a lottery, possession of lottery tickets and possession of lottery paraphernalia. Thomas is free on bond pending trial.

Thomas, who lists his address as Lake Howell Road, Altamonte Springs, and his occupation as a self-employed rental agent, has a record of lottery convictions, according to documents in the court file.

According to an affidavit for the June 30 search, Thomas was arrested in June 1977 in Orange County for conducting a lottery. He was convicted and sentenced to two years in prison. He got 90 days in county jail on an August 1963 Seminole County arrest for possession of lottery tickets and 12 months in Osceola County Jail at Kissimmee upon conviction of a December 1966 charge in the county for aiding a lottery.

Thomas was charged in May 1973 in Seminole with operating a lottery but was acquitted.

# Drug Raid Nets Man

A 30-year-old Fern Park man was free on \$5,000 bond Saturday following his arrest Friday on drug charges when agents from three agencies raided an apartment.

Norris Larrzo Latson, 30, was arrested on felony possession of marijuana, cocaine and heroin charges when vice squad agents executed a search warrant at apartment 236, Cherrywood Garden condominiums, of Spartan Drive at Fern Park.

Agents from the Seminole Sheriff's Department, Federal Drug Enforcement Administration task force, and the Orlando Police Department seized illegal drugs with an estimated street value of \$15,000, according to a spokesman.

# Hut One...Hut Two... Hut Three! Prep Football Begins

Hut one, hut two, hut three... The familiar football cry permeates Seminole County high school circles Monday as coaches stage a call to arms in a twice-a-day practice at Seminole, Lyman, Lake Brantley, Oviedo, Lake Howell and Trinity Prep fields.

There are new coaches at Brantley, Oviedo and Howell, where Jim Raley, Joe Montgomery and Curtis Keen have assumed respective roles.

Seminole coach Jerry Posey is meeting with candidates at 8:30 a.m. and 3 p.m. The second-year head coach is trying to improve on a 9-2 season log last fall, and will be working toward a Sept. 10 season opener at Port Orange Spruce Creek.

Veteran Lyman coach Dick Copeland will practice at 10 and 4. The Greyhounds were 2-8 last season and will compete in the Sept. 2 jamboree at Oak Ridge. Lyman's first foe is Oak Ridge on Sept. 10 in Longwood.

Montgomery will utilize 8 and 4 o'clock practices and hopes to turn around a 3-7 record from last season. The Lions open Sept. 10 at home against Rockledge.

Raley is expected to be met with a turnout of 275 youths trying out for varsity, junior and varsity and freshman squads. The Patriots launch their season Sept. 10 at Apopka. Brantley drills are at 8 and 4.

Joe Kelley won't have his full squad back from vacations Monday, but practice at the private Class AA school will be at 9 and 3. First team meeting is today at 2, at which time physicals will be given. Trinity is hosting a Sept. 4 jamboree and working toward a Sept. 11 opener a home against Orlando Tabernacle.

Keen has practices slated at 9 and 4 also, with the Hawks seeking to turn around a 1-9 season. The year's lidlifter is Sept. 10 at Mount Dora.

# Haynes' Hunches

By JIM HAYNES

**SCC Reaches Crossroads**

**Of Its Athletic Life**

Joe Sterling says it all when describing the athletic picture at Seminole Community College. "We are at the crossroads... we are going to go one way or the other."

Status quo is a situation the Raiders have operated in the last few years in a number of areas — on the field and in the athletic budget column. So, when the athletic director extended invitations to a handful of citizens Thursday night the idea wasn't simply to break bread at the Mayfair Country Club.

To put it succinctly, there was a plea put squarely to Seminole County.

"We have reached a point where we have distinguished ourselves athletically, and really on a shoestring budget," said Sterling, the gathering of a couple dozen interested citizens.

It was something of a cross-section of the so-called pillar of society in Sanford.

"But, we can't continue to compete at the same level on our present budget," Sterling added, giving the first hint of the school's primary need.

It was agreed, voted upon and wheels put in motion to form a booster club to aid Seminole athletes.

Coaches for the respective sports told the gathering a few of their problems, throwing in the highlights of seasons past — including some mighty impressive honors.

Track coach Terry Long was named the nation's coach of the year; Tennis coach Larry Castle's squad was undefeated in regular season play by JuCo competition and was only one point away from a state title; Jack Pantelias took his baseball team to a fourth place finish in the state tournament; and Sterling's own basketball team has been a regular at state tournaments since the second year they bounced balls in Sanford.

Basketball assistant Tony Begley said it best, however, hitting the nail right on the head. "The name of the game is money," he said.

Specifically, only the lack of an operating budget to permit limited recruiting, travel and equipment expenses can keep Seminole from remaining at the summit of the state's JuCo mountain.

Sterling has a total budget of \$22,000, of which \$15,000 comes from the school's general budget. The rest comes from donations, pari-mutuel scholarship nights at the jai-alai fronton, dog track and harness track comprise the bulk.

"To really stay competitive, we need to double that budget," admitted Sterling, who notes rising costs are his biggest problem. "It used to cost \$1.50 to feed a player on the road, but now it is more like \$3. Uniforms, bats, balls, etc. are all up there by 30 per cent.

The precise amount of aid the new booster club will be able to come up with is totally dependent upon the people within a stone's throw of the community college campus.

The chances of the state legislature taking the ball and forking over additional funds to the state's junior colleges is rather slim. In fact, cutbacks are the order of the day.

So, the fate of the Raiders' teams is hinging on the citizens — not the booster club, because it is only a vehicle.

# Brash Jimmy Eyes Title

INDIANAPOLIS (AP) — Playing tennis is a love-hate experience for Jimmy Connors, whose brashness and unquestioned ability draw crowds wherever he goes.

"Number one, I hate to lose, and number two, I love to win. Number one, if I win, I play tomorrow; number two, if I lose, I go home," said Connors after his victory Friday over West German Karl Meiler through him into today's quarterfinals of the U.S. Clay Court tournament.

Connors, the No. 1 seed who has filled the Indianapolis Racquet Club boxes and bleachers each time he's played, was paired against an old buddy, fifth-seeded Eddie Dibbs, in today's round.

"I've been playing against him ever since we were 10 years old," Connors said. "There's no special affinity against him, he knows how to play."

In other matches Friday, third-seeded Manuel Orantes beat No. 9 Onny Parun and No. 11 Wojtek Fibak routed No. 7 Jaime Filal.

In the conclusion of a match halted by rain Thursday night, unseeded Mark Edmondson upset No. 14 Paul Rimmey. Edmondson later lost to 14th-seeded Buster Mottram.

Connors' straight-set victory over Meiler, 7-5, 6-3, wasn't as easy as the score would indicate.

Connors had back, twisted in his free-wheeling match with partner Erik van Dillen to withdraw from doubles. As a result the match with Dibbs and Doveswell and Sabi Menon was lost by default.

The women's No. 1 seed, Lesley Hunt, felt the effects of an old injury and lost a quarterfinal match to No. 11 Kathy May after nearly fainting in the oppressive heat and humidity.

They will play the fourth-seeded team, Laura DuPont and Wendy Turnbull, and edged Kathy Fister and Miss Mashoff 7-5, 7-4.

The other doubles semifinals will be Lanky Roodick and Illina Klov, seeded third, and Glynnis Coles and Florentia Mihai, the No. 2 team.

Miss Roodick and Miss Klov bested Brigitte Cuppers and Virginia Ruzici 6-2, 6-3, and Miss Coles and Miss Mihai stopped Sally Greer and Paula Strupp 6-3, 5-7, 7-4.

In men's doubles, Doveswell and Menon lost to Zeljko Franulovic and Parun 7-6, 3-4, 7-4.

# Raiders Top Jets, 41-17

NEW YORK (AP) — The Oakland Raiders, coached by John Madden, scored both of their touchdowns in the second half, the final one coming with 50 seconds remaining in the game.

Tampa Bay Buccaneers' NFL preseason game against the Atlanta Falcons: Saturday night on Channel 2.

Saturday, two unbeaten teams collide when Baltimore plays at Chicago. In other games, Pittsburgh was at Washington in a nationally televised contest (NBC) at 9 p.m., E.D.Y. Los Angeles was at Seattle, Detroit visited Cincinnati, Philadelphia traveled to Miami, Denver was at Dallas, and the New York Giants were at Houston and Tampa Bay and Atlanta collided at Jacksonville, Fla.

Today, Kansas City is at San Francisco and Green Bay travels to New England. On Monday, St. Louis and San Diego vie in Tokyo — the first NFL game played outside the North American continent — and Minnesota is at Cleveland.

# Track Record Due At Seminole

CASSELBERRY — Rasco with a three-quarter clocking of 1:33.4.

Victory Wreath was in the ninth race and seeking win number seven in a row, which would tie General Joe's mark set last spring.

Seminole was washed out Friday night, with afternoon and evening races of almost eight inches forcing cancellation of the 10-race card.

Post time for the first race Saturday was 8 o'clock.

**BUNNY BY A HARE**  
**OVER PACK OF HOUNDS**

The bunny is leading this race, but that's not unusual because the mechanical lure was just about everywhere at the Daytona Beach Kennel Club, where the summer season of greyhound racing is just past the halfway point. Jack Tryon is the track's winningest dog with 10 victories. A.A. Davis is the top kennelowner, running out about \$5,000 in purse money per week. The track is open nightly except Sunday and slater matinee Monday, Wednesday and Saturday.

# Real Estate Investments

BY LARRY SAXON

Dear Mr. Saxon:

We would like to know how to build a real estate investment almost eight years ago from the owner with a small down payment, and be carried back a large first mortgage at a per cent interest, with the payments being almost all interest. It is now due, and the balance of the loan is now being paid. I had another loan in reference to it. We don't want to lose the building because it has been very good for us—especially in tax shelter. What can we do?

Dear Mr. W.M.:

Your case is another instance of becoming involved with saving income taxes that the future consequences are overlooked. You certainly can not afford to lose the building because the mortgage balance is undoubtedly higher than your present adjusted cost basis. Losing the building would not only involve a loss of your equity, but probably would trigger capital gains taxes, and possibly recapture.

If you wish, you may call my office for an immediate appointment and we can try with the cooperation of your income tax consultant, to devise a method of saving your equity in the building, plus deferring any possible income tax consequences. Since time is now of the essence, I suggest you make some effort at once to save yourself a large loss.

## Gardening in Florida

# Flowers Offer Double Delight

The Herald Service

Flowers that decorate your Florida garden can be cut for interior use, offer a double delight. Not only do they color your exterior environment, but they can also be used to brighten the indoors, where we spend 80 per cent of our time.

Cut flowers can be used as fresh bouquets—many lasting a week or more—or as more permanent dried arrangements.

Summer annuals which are excellent for use as cut flowers are marigolds, cosmos, zinnias, corneas and the magnificent Gloriosa, many of the hybrid varieties of the latter.

For example, celosia, globe amaranth, hibiscus and many wildflowers. During the cooler fall and spring months the selection of scilable cut flowers is at its peak, leaves removed

## Use Care In Buying Refrigerator

LOUISVILLE, Ky. (AP) —  
When you are planning a major  
investment, so when the time  
comes to replace a refrigerator  
— or buy your first one — you  
knowing what to look for can pay  
dividends.

Begin by asking questions —  
of yourself or others — so you  
can determine just what you  
need. For example, if you are  
actively, suggest the Consumers  
Institute of General Electric  
Electric here.

Begin with the size of your  
kitchen. Will it grow, remain  
stable, or will older children  
begin "heaving the nest" in a  
year or two?

What style refrigerator will  
you want? In top-freezer  
models the freezers are eye-  
level and are the same width as  
the fresh food section, generally
