Attlee Announces Hardship Regime To Combat Crisis

U. S. Loan Easement, Limited Direction Of Labor, Troop Reduction Sought

WASHINGTON, Aug. 6 (AP)—Secretary of State Marshall announced today that the United States has agreed to a high level conference with the British with a view to relaxing some provisions of the Anglo-American loan agreement.

LONDON, Aug. 6 (AP)—Prime Minister Attlee told Parliament today that Great Britain would reduce her armed forces, impose a limited direction of labor, and seek relaxation of clauses in the U. S. loan agreement to help ease her growing economic crisis.

He said also that workers in the more essential industries would have to work longer and that coal miners would be asked to labor half an hour a day additional.

Attlee said that Great Britain also would cut down her imports in a manner that would mean "hardships for many people."

Attlee said Great Britain also would cut down her imports in a manner that would mean "hardships for many people."

He said the United States, at Britain's entreaty, had agreed to discuss the sterling convertibility and non-discrimination in trade agreements in the \$3,750,000,000 loan, which Attlee said would be exhausted this year.

He denied, as Winston Churchill had charged on Monday, that the Labor government had "frittered away" the American billions advanced after termination of lend-lease from which Great Britain received \$1,287,240,530 from the U. S. and gave back in returns.

Modernization Of Drug Store Front Begins Tomorrow

Modernizing of the front of the R. H. Millard and Anderson Drug Store which will be more than doubled in size by the addition of the adjacent store space, will start tomorrow morning, it was announced today by E. F. Hour, holder, agent for the Brumley-Puleston Building and Paul Campbell, contractor. Work on enlarging the interior will be started later.

Blueprints to the new front show two entrances, and the adjoining store front will be made to correspond to the present drug store front which will be somewhat altered.

Mr. Campbell, who was contractor for the new Greyhound bus station, estimated that the work of completely enlarging and improving the store will take a minimum of three months' time. The adjacent store has been used of late for storage space, and 1000 stock has been transferred to the store room which was formerly a barber shop.

F. E. Rounhill and Bruce J. Anderson have been operators of a drug store in Sanford for more than 35 years, and moved into the present site in the Brumley-Puleston Building when it was erected during the early twenties. They are agents for the Wallgreen products.

V. Kinnamon Signed By Sanford Feds

Van Kinnamon, lanky right-handed hurler, formerly with the Oakland Red Hots has been signed by the Sanford Baseball Association. It was announced this afternoon by Manager John Krider.

Kinnamon was recently released from the University City club at his own request, and upon signing of the release Krider contacted Kinnamon to come to the club.

Walter Harrington, who has been confined to the Fernald-Lightner Memorial Hospital, will not be back in uniform until the first of next week, Business Manager George Touby stated this afternoon. Harrington has been undergoing penicillin treatments, Touby stated.

Truman Will Make 3 Day Brazil Trip

President To Fly To Rio In Late August Or September; Science Bill Vetoes

WASHINGTON, Aug. 6 (AP)—President Truman today accepted an invitation to visit Brazil in late August or September.

The White House announced Mr. Truman will fly to Rio de Janeiro for a three day visit and return to the United States aboard the battleship U. S. S. Missouri.

Press Secretary Charles G. Ross would not comment when asked whether Mr. Truman will address the Intra-American Security Conference, which opens in Rio August 15.

"The President sincerely appreciated the cordial invitation received by him from the Brazilian government," President Truman's press secretary, Charles G. Ross, today extended him by his Ex-Officio, to make a visit to that country, and expressed hope that it would be possible at an early date for him to accept," said a formal White House announcement released simultaneously here and in Rio de Janeiro.

"President Truman is now most happy to confirm his acceptance and the trip is being scheduled to take place during the latter part of August or the early days of September.

The President plans to proceed to Rio de Janeiro by air for a three day visit and to return on the USS Missouri.

Meanwhile, with what he said was "deep regret" President Truman vetoed a bill to establish a national science foundation.

The president said in a memorandum of disapproval that while he had urged the establishment of such a foundation, the bill Congress sent him involved a "partial" signature from sound principles of administration.

He described the bill as "a" (Continued on Page 11)

Hiroshima Notes Anniversary Of Atom Bombing

HIROSHIMA, Aug. 6 (AP)—Two years ago war's first atomic bomb descended and one half of Hiroshima vanished in a blinding flash of destruction.

Today at 8:14 A. M. the hour when the bomb exploded, the bells tolled. The people stood in silent prayer for one minute, then went again about their affairs.

That was the only official notice taken in Hiroshima of the explosion that left 92,000 of its citizens dead or missing. But the city officials were busy with plans to make Hiroshima a shrine for the world's hopes of peace.

At their request, General MacArthur in Tokyo released a statement. He said "War's destructiveness will progress until the means are at hand to exterminate the human race."

"This is the lesson of Hiroshima, God grant that it be not ignored."

And Mayor Binzō Hama announced that Australian engineers had helped draft a plan for a modern Hiroshima, with a peace memorial at the spot over which the atomic bomb fell.

Hiroshima has a long way to go. Although 20,000 temporary shelters have sprung up, the actual permanent rebuilding of the city has not yet begun.

That, said the mayor, was one reason for observing the day which can never be forgotten by those who lived through it.

He hopes, by the observance, to interest the citizens in rebuilding the city. He wants, he says, to make Hiroshima forever a symbol of the faculty of war.

Hiroshima should know.

Red Cross To Give GI Insurance Data

Veterans who wish to restate their National Service Life Insurance or are interested in obtaining more information on this subject are requested to meet at the American Red Cross Chapter Building at Fifth Street and Oak Avenue, Thursday evening at 7:30 o'clock.

Throughout the United States a new all-time high in the number of disability compensation or pension cases on Veterans Administration rolls was established, May 1 when the figure went over the 2,327,000 mark. Red Cross Chapter workers and claims service representatives assist veterans to obtain disability compensation and pensions.

Hughes On Stand Accuses Senator Of Offering Deal To Stop Inquiry; Nearly \$100,000 Spent By Meyer

Hughes Contact Man Also "Entertained" Other Officials Besides Roosevelt

WASHINGTON, Aug. 6 (AP)—John W. Meyer testified today he spent \$97,821.59 of Howard Hughes Aircraft Company's money on promotion of two planes being built under wartime government contracts.

While Hughes waited to tell the Senate War Investigating Committee his own story of his dealings with the government, Meyer completed an accounting of money he says he spent on entertainment of army officers, government officials and otherwise prominent interest in Hughes' plane.

The round-publicity man said that so far as he knows he was the only Hughes employee working on public relations.

Meyer also told the Senate investigators that Hughes' aircraft company paid bills for wartime entertainment of Col. James G. Hall, who succeeded Elliott Roosevelt as head of the Army Air Corps reconnaissance division.

Meyer, Hughes publicity man and assistant, read a long list of expenses he said he incurred entertaining Hall.

Subcommittee Chairman Ferguson (R-Mich.) said the total which Meyer charged against Hall's entertainment was \$2,227.77, covering approximately three years. The committee is inquiring into \$40,000,000 of wartime plane contracts given the Hughes company.

Meyer gave his testimony as Howard Hughes, millionaire plane builder and movie producer, waited in Washington to testify after a cross-country flight. Chairman Ferguson (R-Mich.) announced that Hughes will be called to testify at this afternoon's session.

The free spending Meyer, who has already said he spent more than \$5,000 of Hughes' money entertaining Elliott Roosevelt and his friends, told the committee that on one occasion he spent \$551.42 entertaining Hall, Roosevelt testified yesterday that some listed expenditures were made (Continued on Page 11)

Passengers Injured In Train Collision At Illinois Crossing

LITCHFIELD, Ill., Aug. 6 (AP)—The Illinois Central Railroad's "Green Diamond" passenger train and a Burlington freight train collided near here today and state police headquarters at Springfield reported at least 10 or 11 persons had been injured.

Police headquarters said there were no immediate reports of any deaths in the wreck. It said "at least 10 or 11 in Litchfield Hospital, had been injured."

A State police unit was dispatched to the scene, which was the Litchfield crossing of the two railroads at Winston Tower.

A railroad spokesman at Chicago said he understood the diesel locomotive, four coaches and the diner of the passenger train, had been derailed and overturned. The Litchfield Hospital said it had "some" injured brought in for treatment but that no count had been made.

Litchfield is in Montgomery county, 237 miles southwest of Chicago and 87 miles northeast of St. Louis. A branch of the Chicago Burlington and Quincy system terminating at Paducah, Ky., crosses the I. C. line there.

The railroad said that as far as was known no one was killed. It added that its communications with Litchfield were disrupted and it was having difficulty ascertaining information.

The train was north bound from St. Louis to Chicago.

WATHEN TO MOVE

J. E. Wathen, American Fruit Growers Inc. traffic manager for the south-eastern division, today was in Sanford making arrangements to move his family on Sept. 1 to Ft. Pierce where he is now located. He has just returned from New York City where he attended a meeting of the National Claims Committee. He was greeted by fellow Kiwanians at their luncheon today.

WIGBOLDUS RETURN

F. Hasky Wight, local publisher who with Mrs. Wight, recently returned from a week's vacation in Bowling Green, Ky., reported very hot weather there, 88 to 100 degrees. Mr. Wight said that upon his arrival there he had been informed by residents that the temperature the week before had been 42 degrees.

Elliott Roosevelt At War Investigating Committee Hearing

NON OF THE LATE PRESIDENT, Elliott Roosevelt (left) is sworn in before taking the stand to testify before the Senate War Investigating Committee in Washington. Right, he is shown during questioning in connection with his recommendation by which the government gave Howard Hughes a 100-plane contract. Elliott told the committee: "If it is true that for the price of entertainment I made recommendations that would in any way endanger the men under me or defraud the government or slow up the war effort, that should be shown."

Seminole Urged To Act Quickly To Obtain Cross State Highway

Nation's Worst Heat Wave Takes Toll Of 34 Lives

Advocating the Geneva Avenue route through Sanford for State Highway No. 46, running from Miami on the East Coast to Mt. Dora, Randolph Chase today commended Seminole County's Senators and Representatives for their work on highway construction and urged quick action toward securing completion of the Cross State Highway.

In a public statement to The Herald today, Mr. Chase declared: "If Seminole and Seminole County are to get the Cross State Highway, from the east to west coast, they must act quickly. Already a unit of road for another route for a Cross State Highway is being constructed. If we are to get our highway completed we must do so before other sections complete roads which will tie in and divert elsewhere the Cross State Highway."

"Old State Road No. 44—now officially No. 46—enters Seminole County on the west at the Wekiva River, and is known as the Mt. Dora Road. It leaves Sanford going east on Geneva Avenue (Continued on Page 11)

Trotting Race Fans Hurt As Stands Fall

GOSHEN, N. Y., Aug. 6 (AP)—Three sections of the temporary bleachers, jammed with fans here for the running of the Hambletonian trotting stakes, collapsed today and first reports from the Goshen Hospital said a number were injured.

A record Hambletonian crowd of 20,000 or more packed the stands, temporary and permanent, for the trotting classic.

The incident occurred at the temporary stands near the head of the track.

A nurse at Goshen Hospital said: "Three persons are under x-ray, one woman is very seriously hurt and scores are being treated for various injuries."

New Buildings Are Under Construction

Albert Hickson is building a small machine shop of concrete block construction at the corner of Laurel Avenue and Fifth Street.

R. N. Windham is erecting a paint shop at the corner of Twelfth Street and Sanford Avenue. It is of concrete block construction.

The Free Methodist Church of concrete block construction, was recently completed at the corner of Fourth Street and Laurel Avenue facing the trailer camp.

Youth Caravan Gives Program At Kiwanis Luncheon

Christian Ideals Are Stressed By Visiting Church Group

Development of Christian ideals among youth was the theme of talks and entertainment presented today to Kiwanians at their meeting at the Touring Center by a team of five members of the Methodist Youth Caravan who are conducting a youth instruction program at the First Methodist Church. They were introduced by the Rev. J. E. McKinley, pastor of the church and Kiwanis song leader.

The visiting group included Miss Cleo Metcalf, Orlando teacher and resident of Blanton, who is councillor for the Caravan; L. Porter Anderson, who was born and raised by missionary parents in Korea and who is now attending Duke University; Miss Nell Rose Beck of Alabama; Miss Mary Beth Joines of North Carolina and Miss Naomi Rupert of Kansas.

Ideals of the Youth Caravan movement were stressed by Porter Anderson who told of the youth instruction course now being carried on by these teams by youth people in various Methodist Churches.

The first purpose of the movement, he said, is to revitalize youth by teaching them the principles of health and having a capable body. Other aims are aiding them to think effectively and get rid of mental inertia, to develop soul by (Continued on Page 11)

Lizette Temple Goes On Rhine Boat Trip

Miss Lizette Temple of Sanford, now stationed at the office of the finance chief of the Army in Germany, recently mailed local photographer Robert L. Cox some color film of anaphots which she took while cruising on Hitler's yacht on the Rhine.

"Rhine cruise is all it is reported to be in song and story," she wrote.

Kaiser-Fraser And Packard Hike Prices

DETROIT, Aug. 6 (AP)—Two more of the nation's car manufacturers, feeling the pinch of steadily mounting production costs, increased their retail prices today and trade quarters generally believe similar advances are in the making throughout most of the remainder of the industry.

Packard, which so far this year has failed to make a profit on its operations, increased prices on its various models from \$92 to \$200; Kaiser-Fraser, which has just announced an increase of \$99 on its Frazer standard model.

Merger Of TWA With Pan American Said Price Of Quieting War Investigation

WASHINGTON, Aug. 6 (AP)—With both under oath, Howard Hughes charged and Senator Brewster (R-Me.) denied today that the Senator once offered a "deal" to call off senatorial inquiry into Hughes warplane contracts.

Brewster took the stand before a Senate War Investigating subcommittee a few minutes after Hughes had made his charge before the same group.

Hughes said the Maine Senator made such a proposition to him in a Washington Hotel the week of Feb. 11, 1947.

"Brewster offered, he declared, to have the hearings dropped if he, Hughes, would agree to merger of the Trans-World Airlines, which he controls, with Pan-American Airways.

Brewster, calling this a "proposition that sounds more like Hollywood than Washington," told the committee solemnly: "I can assure you that I never did."

Brewster said he entertained Hughes at a luncheon in his hotel apartment and "paid \$2.00 out of my own pocket."

This remark as to the cost obviously was a reference to the testimony of John Meyer, Hughes' publicity man, that he spent large sums entertaining government officials.

Alluding to the Hughes' charges, Brewster said: "It was inconceivable to me that anyone could seriously consider (Continued on Page 11)

Industrial Survey Of Sanford Made By Light Company

As an aid in attracting business and industry to Sanford, an extensive survey of the many industrial advantages of the Sanford area has been prepared by Florida Power & Light Company in conjunction with Florida State Advertising Commission, H. H. Coleman, district manager for the power company, announced yesterday.

Besides being available at the power company office copies of the survey have been furnished by Mr. Coleman to the office of the Seminole County Chamber of Commerce, Junior Chamber of Commerce, Sanford Herald, City Hall, Court House and local banks, where anyone may see them.

Business men interested in having here will find much helpful information in the report which covers more than a score of subjects including labor and raw materials here, utilities, transportation facilities, health conditions, housing, stores, schools and municipal finances.

Mr. Coleman said that the Chamber of Commerce, City and County officials gave valuable help which contributed to the completeness of the survey. He believes this is the first occasion in the history of Sanford that such a complete report of local resources has been compiled.

It will be not only locally but also by the State Advertising Commission in the industrial phase of its half-million-dollars-a-year advertising program and by Florida Power & Light Company in its program for the industrial development of the communities it serves. Along with the survey the power company is distributing a booklet, "How You Can Bring Progressive Industries To Your Community and State."

Feds Shut Out Azaleas By Score Of 6-0

Azaleas Coming To Sanford Tonight In Twin Affair Beginning At 6:45 P. M.

PALATKA, Aug. 6, (Special)—Big Bill Stanton limited the sixth placed Palatka Azaleas to seven well scattered hits as the Feds scored a 6 to 0 shutout victory over the A's here last night.

Tonight the Azaleas invade the Municipal Park in Sanford for a twin affair that is scheduled to get under way at 6:45. It is likely that southpaw Johnny Tomasz and right-hander Jack McCannan will handle the mound assignments for Manager John Krider's aggregation. Manager Johnny Tomasz has not yet decided who he will send to the hill for the A's.

Right fielder Jerry Silverman paced the Fed attack in "Spud" Chandler. Azaleas hurler with three safeties in five trips to the plate. Tim Tyler banged out two for five. Ralph Satterfield rapped two for four and Bill Lewis hit twice in four trips. Johnny McManus, Buddy Lake, Don Murray and Bill Stanton each hit safely once for the Sanfordites.

HATS OFF TO GUY WITH THE HAT ON

BURT SHOTTON
INTERMEDIATE BROOKLYN BOSS, HAS DONE NOTHING THAT'S EXPECTED OF A DOODLER LEADER. EXCEPT WIN BALL GAMES—HE HASN'T FOUGHT WITH A FAN OR UMP AND HIS PITCHERS HAVEN'T USED THEIR OPPONENTS' HEADS FOR TARGETS, BUT B'KLYN HAD A 5-1 LENGTH LEAD AT THE 90-GAME MARK.

Sports Roundup

By JOSEPH B. KELLEY

BOSTON, Aug. 6, (AP)—Becoming more discouraged daily over his sore pitching arm, Boston Braves hurler Johnny Beazley hopes the "General who ordered me to pitch in Hawaii feels better than I do."

Johnny, who has been to all kinds of doctors and has had all kinds of injections didn't even make the last trip with the Braves. Recently, when able to raise his arm, he has pitched batting practice for the Red Sox. His trouble, he says, stems from a pitching assignment by a General who disregarded the former Cardinal's plea that he wasn't in shape. He has a 2-0 record in 24 innings of work.

Which reminds that the Braves, long riddled hereabouts for a team more dependent upon pitching and fielding finesse, now have one of the heaviest hitting teams in the Majors with an overall batting average in the .290's. The club had whacked 172 doubles, more than the total base output for the 1946 season.

The home run output over the same period was 57, compared to the 1946 season total of 35. The Braves, who need only a little smoother double play work; in addition to another good pitcher to be up there, have stolen 36 bases this season, the most in both leagues as of Friday. Through July 25, year ago the Braves had two batters hitting better than .300; now they have eleven, including Johnny Sain whose average is .377, with 33 hits and 14 runs batted in in 63 times at bat.

New England League Fun
Recently at Lowell, Mass., a game was 11 innings. At the end of the regulation nine with the score Lynn Red-Sox 3, Lowell 3, the plate umpire removed his mask and protector, emptied balls from his pockets and started for the dressing room. A lusty lunged spectator howled, "You can't go yet, the game isn't over." With the crowd guffawing and his face red the ump climbed back into his harness. He was reminded every half inning thereafter, "You can't go yet, we'll let you know when." Curious ended the ump's discomfited and the game 4-3 after 11 frames.

Suffolk Downs Fun
Just before the 13th running of the Massachusetts Handicap, which Stymie won to extend his all time earnings to \$719,663, a sum \$96,290 more than second place Assault has collected, a 60 piece band struck up Harvard's "Up The Street" march. A press box was turned to the Boston Globe's 200 pound Vern Miller, recent Harvard tackle and quipped, "We must of these 28,048 spectators spectators think you're going to ride Stymie." Miller laughed all over and after the race retorted, "Stymie could have won with me up." Mil-

MURRAY'S FINE REDUCED TO \$50 BY STATE LEAGUE

Fight Gossip

Subway Sam Silverman, New England's most successful fight promoter in years hopes to book Rocky Graziano, New York's dead end kid who recently flattened Tony Zale for the Middleweight Crown. The Massachusetts Boxing Commission is noncommittal about the Rock's New York State suspension, a spokesman explaining, "Graziano never has applied for a state license. We can't tell what we'll do until he applies." The commission, reportedly no more politically controlled than any other, generally works with both the NBA and the New York commissions.

Southern Association Forecasts
Kevin (Chuck) Connor, Mobile Bears' first baseman, wowed the Boston Baseball Writers' dinner last winter with his recitation of "Casey At The Bat." Chuck, a former Seton Hall athlete, has a secret ambition to be a stage or radio actor and explains it this way: "When I was at Seton Hall some of the kids looked down at me in my first speech class I flubbed badly. I got so mad I entered the elocution class and practiced night before a mirror. In my sophomore year I won school wide honors. Anything I like I memorize, Shakespearean, classical or doggerel." Chuck also is quite a basketball player, performing last season with the Boston Celtics.

Football Note
Boston College, which enjoys cordial relations with schools in both the Southern and Southeastern Conferences, probably will bring one or two Southwestern Conference teams here in 1947. Both Alabama and Tennessee probably would recommend the game strongly to any of their southwest rivals as it is reported, those two southern colleges collected their largest regular season checks after playing before packed houses at Braves Field.

Another Football Note
Football fans are looking forward to seeing St. Mary's Herman Wedemeyer perform here against Boston College next fall at Braves Field where many baseball fans think he'd look good in a Boston Braves Uniform. Braves officials emphasize they have not talked with the body because he still is in college.

DELAND RED HATS SCORE 7 RUNS IN EIGHTH TO TRIM ST. AUGUSTINE

By JOSEPH B. KELLEY

The DeLand Red Hats scored seven runs in the eighth frame to tag a 7 to 4 thumping on the St. Augustine Saints last night. The Saints used three pitchers in the attempt to stem the Red Hat uprising.

The Leesburg Pirates edged the Daytona Beach Islets in a 2 to 1 battle in Leeburg.

Orlando took an easy 9 to 1 contest from the Gainesville G-Men, as Joe Jones limited the league leaders to two base knocks.

Line scores:
DeLand, 000 000 070—7 9 3
St. Aug. 010 003 000—4 10 3
Bardin, J. Perez and Madjeski; Buonato, Helmer, Karpinski and Stillwell.
Daytona, 000 010 000—1 4 2
Leesburg, 010 003 000—4 10 3
Gaddis and Tetralt; Lanley and Hall.
Gainesville, 001 000 000—1 2 2
Orlando, 400 030 20x—9 10 1
Jones, O'Callaghan and Dulaney; Leeper and Abreu.

The Clubhouse

By JIM BECKER

AP Newsfeatures Sports Writer

NEW YORK — By late September of 1948 professional football may have grown up.

It's a good guess that the pro grid fandom of the nation will be filling into a football stadium in one of 14 cities late next year to watch the champions of the established National Football League and the fast-charging All-America Conference tangle in a real world's championship game. The World Series of football will be born. The grid sport, its petty inter-league quarrels forgotten, will have taken its place beside baseball in national interest.

That's a sweeping prediction, but all indications point to peace between the rival pro leagues by the end of the '48 campaign. The All-America Conference, upstart in the pro football scene, already tuning up for its second season, the All-America is a mighty, healthy baby. More than 1,000,000 undoubtedly will dent the turnstiles next season.

Moves have been made throughout the conference to strengthen the loop for its sophomore year. An active civic group has taken over the Buffalo club and hopes to build the upstate city into the "Green Bay" of the league. Baltimore has sold more season tickets than the largest crowd at Miami. Tremendous fan interest is being exhibited all over the circuit. Fans want races should be tighter and that will improve patronage. Last year Cleveland and New York made runaways of the races.

And tough Admiral Jonas Ingram has taken concrete steps to insure integrity among his athletes.

Over in the National Football League, which has been operating since 1921, the picture is not nearly so bright. When the All-America Conference was formed, the new loop made overtures to the established league. The National, naturally, told the new league to "go out and get a football" and play a few games, before cutting them in on the gravy that the National had worked for years to build up.

Red Hats Score 7 Runs In Eighth To Trim St. Augustine

By JOSEPH B. KELLEY

The DeLand Red Hats scored seven runs in the eighth frame to tag a 7 to 4 thumping on the St. Augustine Saints last night. The Saints used three pitchers in the attempt to stem the Red Hat uprising.

The Leesburg Pirates edged the Daytona Beach Islets in a 2 to 1 battle in Leeburg.

Orlando took an easy 9 to 1 contest from the Gainesville G-Men, as Joe Jones limited the league leaders to two base knocks.

Line scores:

Herlong Calls Meet To Discuss Pres. A1 Combs' Resignation

Acting Pres. Syd Herlong Jr. of the Florida State League yesterday called a special meeting of league directors for 6:30 p.m. today at DeLand to formally set upon the resignation of Pres. A1 Combs.

Combs at Gainesville Monday announced he would not serve the remainder of the season as head of the league, despite the fact the directors last Saturday deeded over acceptance of his resignation.

It had been a hard struggle for the National. Through many of the years there had been more people on the playing field than in the stands. The old league was a little reluctant to cut in the newcomers just when pro football was beginning to pack in the fans at the gates.

White or wheat bread gee it's fun! Mom buys Twin-Pack 2-in-1

Southern WHITE BREAD

IT'S EASY TO OPEN Twin-Pack 2-in-1

1. Fold it open.
2. Hold while steam separates.
3. Bread is ready to eat.

If Johnny likes wheat bread and Bill likes white bread there's no need to buy two loaves when one loaf of delicious Twin-Pack 2-in-1 will do. Twin-Pack 2-in-1 has half a loaf of white bread and half a loaf of wheat bread—each half separately wrapped in one loaf. Thrifty homemakers by the thousands are calling it the best bread idea ever invented. Whether your family is large or small, you too will enjoy the variety, thrift and convenience of Twin-Pack 2-in-1 Bread. If your grocer doesn't have it, ask him to stock it for you. Twin-Pack 2-in-1 is an exclusive Southern Bread feature.

British Crisis

(Continued from Page One) deals \$6,319,792,047. Attlee said British armed strength would be reduced by 420,000 men by next March. The forces numbered 1,297,300 men on July 1.

"An exhaustive inquiry has been instituted into the whole future of our defense policy," he said. At another point, the Labor government leader said Great Britain was increasing the rate of her troop withdrawal from overseas.

"Despite these accelerations in the rate of withdrawal, there is no change in our foreign policy or in the defense policy which underlies our foreign policy," Attlee asserted.

The Prime Minister said his Socialist government would "leave to take some measure of control over the employment of labor" in order to stimulate production. He continued:

"This will involve some sacrifice of individual liberty, though as little as possible. It may be necessary to take steps to limit employment on less essential work."

Attlee said the government also would "take action" against any industries operated with "inefficiency or lack of will."

To save dollars, Attlee said Britain would take these steps:

Permit movie makers showing films here to convert only a fourth of their earnings into non-British currency. Permit Britons overseas to spend only \$140 on foreign vacations in the 14-month period beginning Oct. 1, instead of \$200 the yearly period as at present. Cut by one third the basic gasoline ration of 11 gallons a month for private motorists with 10-horsepower cars.

Attlee said the government would strive for a 20 per cent increase in domestic farm production and "press ahead" with plans for the expansion of production in the colonial empire.

"We shall apply ourselves to further development of our resources at home," he said. "We must concentrate on increasing production of goods for export and the production of all those things which give us imports. This will mean cutting out non-essentials. We must increase our total output so that we can stand on our own legs as soon as possible."

Attlee, in his grim statement outlining the Socialist regime's plans to overcome its dollar famine, said Great Britain had proposed negotiations with the United States for revision of two classes in the loan agreement.

"I am glad to say Mr. Marshall (U. S. Secretary of State) replied agreeing to those discussions," he said. "They will not cut across the proceedings of the Paris conference."

His reference was to international conversations on Marshall's proposal of American aid for European economic recovery, a proposal shunned by Russia and the Eastern European countries in her sphere.

Attlee said the loan clauses to be discussed were the agreements on sterling convertibility and non-discrimination in trade, both targets in Churchill's address to the opposition Conservative Party.

Under the non-discrimination clause, Britain may not cut down her purchases in the United States in order to increase them in non-dollar countries.

Kiwanis Meet

(Continued from Page One) living a Christian life. "It is all too easy for youth to put religious life on a taken-for-granted basis," he declared. "They need to find out why they are Christians." He stressed the need for families playing and having devotion together, to develop more recreation together and attend less to paid recreation, and urged that business men aid in youth development programs.

Miss Mary Beth Joing told of the rapid growth of the Youth Caravan program during the past 15 years, and said that this year 80 teams are touring the United States and Cuba. She outlined the program as work, study, play and worship necessary to train members of the Caravan. Miss Naomi Rupert entertained the Kiwanians by leading them on an imaginary lion hunt and making them go through a lot of motions.

Howard Menzies announced that an interclub meeting with Orlando Kiwanis will be held on Sept. 10. E. C. Harper announced plans for a ladies night program.

POLES MAKE PLEA WASHINGTON, Aug. 6.—(AP)—Poland appealed to the United States today to restore its canceled share of the \$32,000,000 American relief program. Ambassador Josef Winiewski submitted the plea to Secretary of State Marshall and told reporters after the conference that "Poland really needs food."

In another sharp criticism of the legislation, the President said the qualifications prescribed for foundation members would mean most of them would have been people employed by organizations eligible for grants.

"Thus," he asserted, "there is created a conflict of interest which would inevitably give rise to suspicions of favoritism regardless of the complete integrity of the members of the foundation."

ALTHOUGH THERE ARE STILL MANY GAPING AREAS TO BE FILLED, Hiroshima, Japan, first target of an atomic bomb has made notable progress in rebuilding itself in the two years that have elapsed since the great blast in this Japanese city ushered in the atomic era. More than 50,000 new houses have sprung up from the city's rubble and more are going up every day. Long after the scars of the A-bomb have been obliterated, Hiroshima will be remembered as the unrelenting place of this new power. Photo from Look Magazine.

Meyer Testimony

(Continued from Page One) while he was not even in this country. Meyer said the expense for Hall covered five or six days in January, 1944, and included four to six people.

"Why were you paying these bills for Col. Hall and charging it up to aircraft?" Ferguson wanted to know.

"Here we go again," Meyer said. "Business."

He has contended time and again in his appearances, starting last Friday, that he entertained freely, and that he was instructed by Ferguson to charge such entertainment to Hughes aircraft. He reiterated again today that he kept his accounts "loosely."

Meyer read into the record a long list of smaller sums he said he spent on Hall in the same period. Ferguson asked how Meyer learned that Hall had taken over from Roosevelt. Meyer said possibly through the Hughes company.

"Did you spend any money on Hall prior to this time?" Ferguson asked.

"I don't think so," Meyer replied. He added that the entertainment occurred in Los Angeles. Ferguson asked how Hall happened to be in Los Angeles.

"He obviously was there to look over our plant," Meyer said. One of the Hughes contracts was a \$22,000,000 one for reconnaissance planes. Ferguson read items of \$48.65, \$10 and \$5 for dinner and tips at the Beachcombers Hotel, and \$12 for lunch at Bonaparte's.

Ferguson said it was not clear whether the total bill covered entertainment for Hall alone, and Meyer agreed that "it definitely is not clear."

The exchange continued: Ferguson—But it all is charged to Hughes aircraft. Meyer—Right. Ferguson—Whom was it for if it wasn't for Hall?

Meyer—I can't remember. As I have said before, I kept accounts loosely and (recorded) the dates and the money to the best of my knowledge.

Ferguson—I see some entertainment down at the bottom here for gifts. Why was that charged to Hughes aircraft?

Meyer—That's what I am trying to figure out myself. When Hughes reached Washington, he told reporters he was ready to repeat under oath "Everything I have said" about the investigation of his contracts.

Truman's Trip

(Continued from Page One) complex and unwieldy that there is "grave danger that it would impede rather than promote the government's efforts to encourage scientific research."

The bill would have established a national science foundation as an independent agency to promote research in national defense and other fields, abolishing the present office of scientific research and development.

It would have had responsibility for developing a national policy for encouraging basic research and education in the mathematical, medical, physical and other sciences, as well as those related to defense.

He said government expenditures for scientific research and development now amount to hundreds of millions of dollars a year.

"Under present world conditions, this work is vital to our national welfare and security," Mr. Truman said. "We can not afford to jeopardize it by imposing upon it an organization so likely to prove unworkable."

In another sharp criticism of the legislation, the President said the qualifications prescribed for foundation members would mean most of them would have been people employed by organizations eligible for grants.

"Thus," he asserted, "there is created a conflict of interest which would inevitably give rise to suspicions of favoritism regardless of the complete integrity of the members of the foundation."

Hughes Accuses

(Continued from Page One) template that anyone who has been in public life as long as I have—in the state legislature, as governor, in the house and the senate—could, on such short acquaintance with Hughes x x x make so bald a proposition as he here describes.

"It sounds more like Hollywood than it does Washington."

Pausing for a few seconds, Brewster said: "I can assure you that I never did."

Hughes told the committee that Brewster made the offer to drop the hearings "in so many words" at a luncheon in Brewster's hotel suite here the week of Feb. 10, 1947.

"During that lunch," Hughes testified, "the senator in so many words told me that the hearings need not go on if I agreed to merge the TWA airline with Pan American and agreed to go along with the bill for a single overseas airline."

Brewster has denied any direct or indirect connection with Pan American. He had been favorable to legislation which would set up a single overseas airline as the "chosen instrument" of the government.

Hughes made his charge only after a long exchange with Chairman Ferguson (R-Mich.) of the subcommittee conducting the hearings.

When Hughes took the stand at 1:42 P. M. (EST), he first asked more time to read testimony he had given previously in closed-door sessions of the committee.

Ferguson told him the committee was ready to hear the "side issues" of Hughes' transcontinental argument with Brewster.

"Is it your desire to go into this matter now?" he asked Hughes. "It is not my desire, but I am willing to go ahead," Hughes replied.

"We have no desire to force you to do this," Ferguson said. "You don't have to force me, the airplane builder retorted. "I am very happy to go into it."

He said he had "made statements to the press" about Brewster, the chairman of the full senate committee, and he stands by those. He asked, however, to be permitted to call witnesses of his own choosing and to cross-examine Brewster.

"The committee won't give Senator Brewster the right to cross-examine you now will you have the right to cross-examine him?" Ferguson said. He added that Hughes could submit written questions to be asked Brewster when the latter takes the stand.

"That involves a certain delay," Hughes said. "Yes," conceded Ferguson, "but the committee is accustomed to delay."

Hughes said he didn't want to "launch into this matter and have my hands tied."

Ferguson promised to consider calling any witnesses Hughes might name, as soon as his own appearance on the stand has been completed.

Hughes related that he conferred with Sam Trippe, head of Pan American, and promised to give Trippe his answer on Meyer in 30 days.

After conferring with Trippe, Hughes said he asked Nosh Dietrich, vice president of Hughes Tool Co., to go into the details of the merger proposition.

"Dietrich reported that he didn't think it would be possible to make an equitable transaction with Mr. Trippe," Hughes testified. "I then told Dietrich to drop the matter there, at least for the time being."

The merger plans manufacturer said that next Francis Flanagan, assistant counsel for the War Investigating Committee, came on the scene at the Hughes plant in California and started "acting very tough."

Cross State Highway

(Continued from Page One) nue, and is known as the Geneva or Mims Road. Recently a section of this road was completed east from the Lake Jessup Bridge through Geneva to Mims.

There are two proposed routes for tying in the completed section from the Lake Jessup Bridge with the present highway west of Sanford.

"One route proposes to take the road from the Lake Jessup Bridge along the river to Lake Monroe, thence along the lake, through the swamps, and connect with our Lakeshore Boulevard, and over part of the State Road No. 17 to the town of Lake Monroe, then southwesterly to the present state road. This will require a lot of expensive filling, and it might be reasonable to assume that considerable delay would be encountered because of the great expense."

Another proposed route is to go directly west on Geneva Ave. past the Country Club to a point near Twin Lakes, then northwesterly into the present road near Wilson's Corners. This route would open up new territory, would result in putting more values on the tax books, would be a shorter route, and would not throw additional traffic into our Lakeshore Boulevard, which is crowded with through north and south travel.

"Our Senators and Representatives have done some good work in getting the road completed as far as it is, so let's be on our toes and help push through to a speedy completion this link of the Cross State Highway."

Miami Fire

(Continued from Page One) equipment from virtually every greater Miami department, "we couldn't fight the fire because there was not enough water." He said exploding gasoline caused intense heat and prevented firemen from working in close to the blaze.

The buildings were used as repair hangers and storage facilities for the Air Transport Maintenance Company, the Peninsular Air Transport Co., and several smaller charter lines.

Marshall Kidwell, a mechanic for one of the charter airlines who turned in the alarm about 2:00 A. M., told firemen that there was a small flash of light on the wing of the A-26 which quickly enveloped the whole plane. It ran for a few seconds and then the flames were out of control.

Daniel McLaughlin, also an airport employee, said that "an explosion accompanied the first flashes of fire and within a few minutes flames were leaping in every direction in the hangar."

Chase said that at least two fire engines were alerted by the blaze which raged uncontrolled until nearly 5:00 A. M.

Heat Wave

(Continued from Page One) bureau said, to dislodge the hot air from the Mississippi Valley, South Plains and Great Lakes

regions generally within the next 24 hours, although the wind shift in Nebraska and western Iowa is moving slowly eastward with relief promised for parts of other North Central states tonight and

Thursday. Both the eastern and Rocky Mountains states would be warmer today, forecasters said. No rain of consequence was in immediate prospect for most of the dry midwest topsoil, now gen-

erally depleted of moisture by three days of temperatures ranging from the high 90s to well above 100 degrees. Pasture were reported drying up and hay crops reduced. Corn has fired in at least a few areas.

Army Gets New System Of Promotions

Truman Signs Measure Providing Advancement By Merit, Not Seniority

WASHINGTON, Aug. 7 (AP)—The Army's archaic system of promotion by seniority went out the window today with President Truman's signing of legislation setting up a permanent promotion-by-merit program for the Army and the Navy.

One of the lengthiest and most complicated measures enacted by the 80th Congress at its first session, the legislation is the outgrowth of months of study by committees.

In addition to setting up a new promotion system for the Army and lightening the Navy's existing advancement system, the bill cuts down on the number of high-ranking officers in both services and abolishes in peacetime the wartime rank of five-star officer. However, it does not affect the rank of the eight officers now holding five-star rank.

Affecting directly or indirectly the status of an estimated 175,000 officers in both services, the legislation is intended to encourage the better-qualified men and weed out through a process of elimination those unfit for command.

It will take several years to get into full operation, for some parts of the new law don't become effective until after 1951 though most are effective immediately.

The new plan provides for promotion of officers by selection in the lower ranks, with boards (Continued on Page Two)

Jewish Leaders In Palestine Order 3 Hour Work Stop

JERUSALEM, Aug. 7 (AP)—Jewish leaders decreed a complete three-hour work stoppage this afternoon in protest against the intervention by British authorities of three Jewish mayors and some 40 other Jews for the avowed purpose of checking terrorism.

Violence continued meanwhile. British authorities announced that a mine explosion at Bas El Ain, between Tel Aviv and Haifa. The blast ripped up 300 yards of railway track, but caused no casualties, the announcement said.

An extraordinary meeting of the Council and other leaders decided upon the work stoppage in the Jewish areas of the Holy Land. They ordered all Jewish traffic halted and all Jewish shops, restaurants and places of amusement closed from 2:00 P. M. to 5:00 P. M.

The leaders at the same time called for the abolition of emergency regulations and the reestablishment of the supremacy of civil law. (Continued on Page Two)

Green To Address VFW On Guard Unit

Capt. Roy Green will address members of Post 3282 of the VFW at its 7:00 o'clock buffet supper meeting at the Legion Hut Monday evening in regard to organization of a new National Guard unit here, and will outline how much is to be paid to members. It was announced today by John Sauls, post adjutant.

C. W. Johnson will preside in place of post commander E. D. Scott who is now away on vacation.

"Due to the fact that so many veterans are seeking membership in the VFW post we are issuing a special invitation to these men to attend the meeting," said Adjutant Sauls.

Mr. Sauls, who also serves as commander of the 6th district of the VFW in Florida, stated that the Sanford post had the largest delegation at the recent district meeting in Deland.

Plant Roof Collapses In Miami Downpour
MIAMI, Fla., Aug. 7 (AP)—A heavy downpour caused the roof of a building to collapse here today but no one was injured because the proprietor was delayed by the rain.

Seven employees arrived at the Miami Citrus Packing Co. plant at 7:30 A. M. while rain was pouring in torrents. The door was locked, so they took shelter under an awning across the street.

A few minutes before the owner arrived with the key to let them in, the roof collapsed with a roar. The Weather Bureau said 4.09 inches of rain fell in 2 1/2 hours.

Lake City's Columbia High School Band

The high school band of Lake City was built up by B. E. Black, ex-marine bandmaster who has come to Sanford with the intention of building up an even larger band at Seminole High School which for a number of years has failed to have a band large enough to enter in city competition at district or state festivals. Mr. Black is shown at extreme left.

Indonesians Ask U.S. Delegate To Visit Nation

America Is Urged To Use Influence To Get Arbitration

By HARRIS JACKSON
JOGJAKARTA, Java, Aug. 7

The Indonesian Republic "cordially accepted" today the United States offer of its good offices in the Indonesian dispute with the Netherlands.

Premier Amir Sjaifoeddin asked the U. S. government immediately to send a representative by plane to this Republic capital, "in order that the Republican government may more fully acquaint the U. S. representative with its official point of view." No U. S. State Department representative ever has visited Jogjakarta.

The premier, in a statement broadcast by the Jogjakarta radio, urged the United States to "use its influence with the Netherlands government and in the (United Nations) Security Council" to obtain acceptance of the Indonesian proposal that an international arbitration commission be dispatched to Indonesia without delay.

The statement, addressed to U. S. Consul General Walter A. Fouts in Batavia, said that if the Security Council, through an international commission, could settle the dispute, "the United States will be most grateful."

(Continued on Page Two)

Florida Salesman Is Convicted Of Murder

DADE CITY, Fla., Aug. 7 (AP)—A circuit court jury deliberated only 28 minutes today before convicting Arthur Berry, Jacksonville Beach magazine salesman, of killing Willie Mae Benton, 14-year-old schoolgirl.

The conviction carries an automatic sentence of death in the electric chair.

Berry's mother, Mrs. Harold Berry, began sobbing and half collapsed in her chair where she had been sitting at her son's side during the trial.

Judge John U. Bird recessed court immediately upon receiving the jury's verdict.

Large Cuban City Shaken By 6 Quakes

HAVANA, Aug. 7 (AP)—One man died of a heart attack and 30 persons suffered injuries as the city of Santiago was shaken six times yesterday afternoon and last night by earthquakes.

The population of Cuba's second city (pop. 120,000) remained out of doors all night in fear that their homes would collapse. Most of the city's houses showed cracks today as a result of the earth's movement.

The first tremor was felt at 2:02 P. M. (EST) yesterday and the last at 11:45 A. M. today. Most of the injuries were classified as light.

The tremors were felt throughout Oriente province, but with less intensity than in Santiago. Among cities reporting effects from the quake were Guantanamo, Baracoa, Palma, Bani, Amancio, Baire, Contramaestre, Sagua, Detanama and Central Taneo.

The buildings reported most damaged in Santiago include a hospital and an art school. The walls of some private homes collapsed.

New SHS Bandmaster Reveals Plans And Urges Civic Backing

Bandmaster

B. E. Black, who resigned his position as leader of the Columbia High School band at Lake City in order to organize a large band at Seminole High School, today announced that he has intention to build up a 100 piece school band, and urged that pupils, the Chamber of Commerce and civic organizations aid in making the project a success.

The band will not be limited to high school students but may include those from the Junior High and Grammar School, he said.

He declared that when he came out of the Marines and branched off as a leader of a band at Lake City, he found little or no interest in such a project. At that time they had a school band of only eight pieces, he said.

The Lake City Chamber of Commerce, the Kiwanis Club, Rotary Club, the American Legion and the V. F. W. got behind the idea, he revealed, and parents formed a band boosters club.

In the district competition at St. Augustine, the band made the district "first division" right up with Jacksonville, St. Augustine, Palatka and Gainesville, he pointed out.

It takes time to build up a good band he declared, but it can be done in Sanford as elsewhere. He told how James O'Neal, present bandmaster at Fort Pierce schools, went into Ennis a few (Continued on Page Two)

City's Program For Labor Day Is Announced

Dedication of the Tourist Information Booth on North Park Avenue by the Junior Chamber of Commerce will mark the start of the Labor Day celebration here, according to the program released today by Edward Higgins, manager of the Seminole County Chamber. This will take place at 1:00 P. M.

Outward racing and the Motor Regatta will follow at 1:30 o'clock under the auspices of the Florida Federation of "Outboard Motors, and under direction of the Coast Guard Auxiliary.

Senator Spassard Holland, Secretary of State R. A. Gray and U. S. District Engineer, Colonel Willis Teals, will speak, and trophies and prizes to the winners of the Regatta will be presented at the 7:00 o'clock banquet to be given at the Mayfair Inn for members of the Senior and Junior Chambers of Commerce and their friends.

State Senator Lloyd F. Boyle will serve as toastmaster. A Jaycee sponsored dance will be held at 10:00 o'clock in the hotel ball room.

Matthews Is Elected Mayor Of Altamonte

Col. J. E. Matthews was elected mayor of Altamonte Springs Tuesday to succeed B. O. Smith who resigned from this office. J. Goodard was elected city clerk to fill the vacancy created by the death two weeks ago of L. R. Brooking. This was a special election.

There were 212 votes cast, according to B. D. McIntosh, Jr. who came second in the mayor race with 49 votes to Col. Matthews' 127 votes. T. Pickett Harlow trailed with 19 votes. Of the total vote, 123 out of 180 colored registrants cast their votes, and 87 out of 114 white registrants.

In the voting for clerk, Mr. Goodard received 161 votes to 31 cast for Fred Fothergill. In the election, 23 ballots were declared void, said Mr. McIntosh.

Housholder Offices Move To New Location
Ernest F. Housholder, Sanford attorney, today announced the moving of his law office from the Atlantic National Bank Building where he has been located for many years to the Brumley Puleston Building, where he will be associated with his son, Karlyle, and daughter-in-law Doris, who are newcomers to the legal profession in Sanford.

The suite of six offices occupy the front of the second floor of the building and were formerly occupied by Judge J. G. Sharon and the late H. C. Du Bose and the late T. R. Higgins. The rooms have been repainted and decorated and present an attractive appearance with carpeting of a deep shade of red, venetian blinds and yellow drapes.

Briton Says Crisis Caused By U.S. Prices

137,000 Additional Cut In Armed Forces Announced By British Official

LONDON, Aug. 7 (AP)—A British official blamed rising American prices and "the rapidly increasing surplus of U. S. exports over U. S. imports" today for the sudden worsening of Britain's economic crisis.

Britain's plight is linked to a "worldwide dollar famine" caused by America's selling to foreign countries more than twice as much as she buys, the Chancellor of the Exchequer, Hugh Dalton, told the House of Commons.

Britain was replying to criticisms by Conservatives and Left Wing Socialists that the Labor government "squandered" the \$2,000,000,000 U. S. loan that Prime Minister Attlee's new work program and rat program promised for the last few months.

Britain disclosed that because of Canada's dollar shortage the United Kingdom has agreed to pay dollars from the U. S. loan for last year's Canadian purchases and draw on its Canadian credit for the other 50 percent of the cost.

The Army, Navy and air force will be cut to 870,000 men by the end of next year, Dalton said. Dalton told the House that the service manpower figure of 1,000,000 by the end of next year, announced yesterday by Prime Minister Attlee, "is not to be regarded as a target but as a milestone which we are determined to leave behind as rapidly as circumstances will allow."

Attlee's end-of-March figure was a cut of 80,000 below previous estimates. The end of the year figure announced by Dalton represents a further cut of 120,000 during 1948.

Hughes flushed. He reached into an envelope and pulled out several long sheets of writing.

"I want to make it very clear that these are not all," Hughes began. "Further questions, the testimony, a pack of lies and I can tear it apart if I am allowed to cross question him."

The lanky Hollywood film producer and fiercer brawler that declaration at Brewster as he took the stand for the second day in the committee's inquiry into Hughes' \$40,000,000 wartime aircraft contract.

Craigan Ferguson (R-Mich.), presiding at the hearing under control of a subcommittee, demanded first of Hughes and then of Brewster if they had any written questions ready for each other.

Ferguson said that under rules of the subcommittee questions must be submitted in advance in writing.

Hughes flushed. He reached into an envelope and pulled out several long sheets of writing.

"I want to make it very clear that these are not all," Hughes began. "Further questions, the testimony, a pack of lies and I can tear it apart if I am allowed to cross question him."

The audience, packing the Senate caucus room, applauded when Hughes announced he knew what Ferguson would submit in advance to him (Hughes) any written questions Brewster supplied.

Hanging on the table, Ferguson ordered the room cleared of spectators.

A tall youth, sweating a sweater, continued on Page Two.

Thousands Of Auto Industry Workers Idle

DETROIT, Aug. 7 (AP)—Approximately 5,000 Briggs Manufacturing Co. employees were sent home today and the O'Packard Motor Car Co. notified some 1,500 workers that final assembly operations will not be resumed until next Tuesday as worker absenteeism hampered car body production in two Briggs plants today.

Briggs reported that its Conner Avenue plant was closed after 12 of the plant maintenance force failed to report for work today and that 900 workers were absent from its Mack Avenue plant. Briggs sent 1,800 home from the Conner plant and 3,800 from the Mack Avenue unit.

Closing of the Conner plant cut off Packard's supply of bodies. A Briggs spokesman said the absenteeism generally was attributed to the heat, which he said inside the factories registered 85 degrees. "No worker comment was available."

Shortly before noon Chrysler Corp. reported that 900 workers in its Lyndon Road gear and axle plant and a like number of De Soto division employees had left their jobs declaring it was "too hot to work." Official readings at the time placed the outside temperature at 88 degrees.

Meanwhile 55,000 Ford, Lincoln and Mercury hourly-rated workers began a lay-off, expected to last at least until next Tuesday, attributed to the Ford management to the strike of 7,000 workers at the Murray Corporation of America plant.

Hughes Hits Brewster Over Airline Hostess; Declares It's All Lies

Plane Manufacturer Asks To Cross Examine Senator On War Time Contract

WASHINGTON, Aug. 7 (AP)—Howard Hughes shouted today that testimony of Senator Brewster (R-Me.) before the Senate War Investigating Committee "is a pack of lies and I can tear it apart if I am allowed to cross question him."

The lanky Hollywood film producer and fiercer brawler that declaration at Brewster as he took the stand for the second day in the committee's inquiry into Hughes' \$40,000,000 wartime aircraft contract.

Craigan Ferguson (R-Mich.), presiding at the hearing under control of a subcommittee, demanded first of Hughes and then of Brewster if they had any written questions ready for each other.

Ferguson said that under rules of the subcommittee questions must be submitted in advance in writing.

Hughes flushed. He reached into an envelope and pulled out several long sheets of writing.

"I want to make it very clear that these are not all," Hughes began. "Further questions, the testimony, a pack of lies and I can tear it apart if I am allowed to cross question him."

The audience, packing the Senate caucus room, applauded when Hughes announced he knew what Ferguson would submit in advance to him (Hughes) any written questions Brewster supplied.

Hanging on the table, Ferguson ordered the room cleared of spectators.

U.S. General Probes Red Plant Seizure

VIENNA, Aug. 7 (AP)—Lieut. General Geoffrey Keyes, American member of the four-power control commission for Austria, requested an explanation today for Russian seizure of the Lobau Refinery in Vienna.

U. S. Army headquarters and Keyes, in a letter to Col. General V. V. Kuznetsov, the Russian member of the commission, asserted that if Soviet military forces had seized the oil works in the capacity of trustee pending agreement on a definition of German assets in Austria for inclusion in the Austrian peace treaty then the action could be "understood."

Keyes said the U. S. general said "I should appreciate a letter from you to that effect."

"But" the letter continued, "if the refinery has been seized as a German asset without awaiting completion of discussions or resolution of differences, and so forth, the Austrian Treaty Commission or the Council of Foreign Ministers, the action cannot be understood or accepted."

Beauty Contest To Be Held In Lake Mary

A beauty contest, which all Seminole County or Central Florida girls are eligible to join, will be conducted in connection with the dance being given Saturday evening from 8:00 to 12:00 o'clock at the Lake Mary Community Building by the Lake Mary Chamber of Commerce recreation committee. It was announced today by H. H. Grier, committee chairman. About 18 girls are already entered in the contest.

Members of the Lake Mary Youth Center are working on the improvement of the public beach at Crystal Lake, Mr. Grier said.

State Highwayman L. C. Bender using a portable fire extinguisher, kept the blaze under control until the Fire Department arrived to fully extinguish it, said Mr. Morrison.

Visiting Engineer
Wiley Gillette of the Jacksonville engineering firm of Smith and Gillette today conferred with City Commissioners and Mayor H. J. Gut in regard to City utilities, said City Manager H. N. Sayer.

Mr. Gillette was on his way to Winter Park and declared that he will return here soon to check on utility projects, principally at the City pump station where new Diesel engines are being installed.

4 Die As Plane Shoots Down Into Oil Plant Chimney

Flaming Waste Gas Burner Swallows Up New Englanders

EVERETT, Mass., Aug. 7 (AP)—A small airplane plunged out of a fog-shrouded sky early today into a flaming waste-gas burner of a "monster" oil plant, carrying to fiery death the ship's four socially prominent occupants as the pilot apparently thought he was shooting down into brightly lit Boston Airport.

The dead were: Thomas Mandell, 46, treasurer of the Carrier-Mandell Air Conditioning Corporation of Boston and son of the late George S. Mandell, publisher of the old Boston Transcript.

Mandell's two debutante daughters, Anne, 22, and Harriet, 19, both of Boston.

Pilot Nelson Pell, 32-year-old veteran pilot and member of a socially prominent Long Island, N. Y., family.

Flying the Mandells back from Montreal, Pell is believed to have become lost in the murky early morning fog and to have mistaken the lights of the Boston Oil Company for those of an airport, officials said.

Witnesses said that the small Stinson aircraft, its motor silent, dropped into the mouth of the chimney-like furnace "like a dead pigeon" after narrowly missing several towering tanks containing high explosive petroleum products.

The furnace, resembling a large brick silo, rises about 50 feet in height.

Four-Day Heat Wave In Midwest Breaks As Deaths Reach 69

By The Associated Press
Thundershowers and cooling breezes cut further into the Midwest's worst heat wave today, but three-day after death toll from the four days of 100-degree temperatures had risen to at least 69.

The heat wave is definitely broken at Chicago and all points North and West and is being broken from southeastern Michigan southward through Indiana, across southern Illinois and throughout the southern Plains States.

At Joliet, Ill., about 40 miles south of Chicago, a brief but heavy downpour was accompanied by strong winds which blew down many trees and disabled the city's power service. Some houses and automobiles were damaged by the falling trees.

A high reading of 101 degrees yesterday gave Chicago its hottest three-day period since July, 1911. On each of the three days, the mercury climbed to 100 or more.

Yuma, Ariz., reported the nation's highest temperatures yesterday, 113 degrees. Phoenix in the same state had 112.

Other points reporting 100 or more included Fresno, Calif., and Advance, Mo.; Batesville, Ark., and Paris, Tenn.; 105; St. Louis, Mo.; Shreveport, La., and Effingham, Ill.; 104; Little Rock, Ark., and Pella, Iowa; 103; Nashville, Tenn.; 101; Grand Rapids and Traverse City, Mich.; 100.

Operations Begin On St. Johns Project

Dredging operations designed to deepen the St. Johns River from Palatka to Sanford to a 12 foot depth were started this morning by the dredging "Ventura" of the Hill Dredging Company near Dunn's Creek six miles south of Palatka. It was announced today by Edward Higgins, manager of the Seminole County Chamber of Commerce.

With the signing of a bill for an additional appropriation of \$300,000 last week for this work, a total of \$600,000 is now available for the project, Mr. Higgins said.

Dares Senator To Repeat Under Oath His Charge Hostess Was Afraid Of Hughes

WASHINGTON, Aug. 7 (AP)—Howard Hughes today challenged Senator Brewster (R-Me.) to repeat under oath a piecemeal statement by Brewster that an airline hostess was afraid to travel alone with Hughes in his private plane.

The plane manufacturer issued the challenge after inviting the Senate War Committee to stick against each other the records of Brewster and Hughes for "telling the truth."

Hughes referred to the airline hostess incident as a "mean campaign." And he said the Senators ought to stick after their reputations when deciding whether he or Brewster is telling the truth in their controversy over an airlines merger proposition.

With both under oath, Hughes has charged and Brewster has denied that the Senator once offered to call off the Senate investigation of Hughes' \$40,000,000 wartime plane contracts if he (Hughes) would agree to merge his Trans-World Airlines with Pan American.

Hughes said that after he had revealed that his private airplane carried Brewster and Senator Tucker (R-Ohio) from Washington to Columbus, Ohio, last February, Brewster told him in Washington that a TWA hostess of this ride had confided that "she absolutely refused to be alone with me."

"I wonder why it was necessary to bring the name of this girl into this," Hughes said.

Then he offered a sworn affidavit (Continued on Page Two)

Employers Help National Guard Enlistment Drive

Enlistment in the National Guard is being encouraged by many large employers in this and other communities of the nation, Blue Guard said today. Hutchison revealed today when he announced a plan whereby employees of the Atlantic Coast Line Railroad and the Winn Lovett Grocery Company might enlist in the guard without jeopardizing their regular vacations or their customary pay-while-on-military-duty.

Both of these concerns, it was announced, have agreed to give their employees time off for summer enrollments in addition to their regular vacations and to continue them during this military training period, assumed to be five days this year and two weeks next year, for the difference between their regular pay and the amount they receive from the government.

This program has been adopted by the companies in order to (Continued on Page Two)

Caldwell's Sister Dies In Washington

WASHINGTON, Aug. 7 (AP)—Jeanne Caldwell, sister of Governor Millard Caldwell of Florida, died at her home here today.

Miss Caldwell's body was found at her apartment, to which she had returned after reporting to the general accounting office where she was employed. Authorities said death was due to natural causes, possibly a heart attack.

Miss Caldwell came here several years ago and worked for a time in the office of her brother, then a member of the house.

Funeral arrangements have not been completed, but burial will be in the family cemetery at Milton, Fla. Miss Caldwell was a native of Knoxville, Tenn.

Lions-Rotary Ball Game Slated Friday

The Lion-Rotary softball game, which was rained out a week ago Wednesday, will take place Friday evening at the Lakefront Softball Park at 8:00 o'clock, it was announced today by Lion Captain Richard Deas and Rotary Captain Orville Touchton. Players are requested to be on hand at 7:30 P. M.

Dr. A. W. Epps, Jr. will pitch and Andrew Stine will catch for Rotary. Harry Robson will hit for the Lions with Al Lyon catching.
