

STATE STAGE MEETING IN JAX

Former Governor Is Wanted To As One Reduce Expenses

JACKSONVILLE, May 13.—(Special) Supporters of former Governor Cary A. Hardee's candidacy in the gubernatorial primary of June 7 gathered at the Duval Hotel, Jacksonville, May 12, as guests of the Duval County Hardee-for-Governor Club. Some 200 representatives from 22

Florida counties reported a rapidly swelling attendance of Hardee's supporters. The meeting was presided over by Chairman O. O. McCollum, of Jacksonville, who introduced the principal speakers, including J. H. C. Smith, of West Palm Beach, and Ben J. A. Hinely, of Duval County, general chairman in charge of the state-wide Hardee campaign.

Reduction of state government expense with a consequent curtailment of the state tax burden was stressed by Judge Donnell as the keynote of the Hardee campaign. "We need a man in the governor's chair who has demonstrated in both public and private life that he has the ability, experience and knowledge to handle problems of state taxation," he said, "not a new man who would spend

months in training and experimenting with power positions, nor a man who spent his time when in office expending the people's money."

A telegram from former Governor Hardee at Panama, where he had just completed a campaign address was received and read to the meeting by Chairman McCollum as follows:

"Please say to my friends in convention tonight that our cause, the fight for good government in Florida, is winning all down the line. Our program, to cut excessive cost of government, relief to the overburdened taxpayers, is the only issue in this campaign. Strange to say, my opponent is now preaching economy. It may be the voice of Jacob, but it is the hand of Esau. By their fruits ye

shall know them. It is as it was when we were in office, not through appointment to office, but through promise of business interests, but because we are fighting only for sane, righteous, honest government in Florida."

"I am sure those high ideals will be the keynote of your meeting tonight. My best wishes and grateful appreciation attend you."

Senator Hinely stated that the invitation of the Duval County Club had been accepted to hold the meeting in Jacksonville because of the central location and the enthusiasm of the Hardee supporters in Duval county.

Senator Hinely then called upon the reports of counties, delegations of two to ten men being present from 23 counties from as

Urges Domestic Trade of America

NEWARK, N. J., May 12.

Business men in the United States should pay more attention to possibilities of developing domestic trade and stop overemphasizing the importance of foreign sales.

Mr. H. H. ... of Industrial Development in Great Britain ... address ...

"The domestic market is placed upon the economic importance of export business, and not enough consideration is given to the value of American business," Mr. ... declared. "Our export business amounts to 7 cents for every dollar of our total business; as per cent of American business is done in the United States. And yet we find American people in a hesitant attitude toward us cents because they are uncertain as to the future of some small part of 7 cents."

"The sooner we recognize the positive possibilities of our own buying power in cooperation with the speculative possibilities of the

Mr. ...

There is no question about the value of export business. It serves as well in the matter of disposing of some of our surplus materials as well as manufactured products, but it is, after all, an incidental factor in our economic structure and should be, in my judgment, as

Mr. ...

Firestone EXTRA VALUES COUNT

LOW PRICES on tires is one thing—extra quality at low prices is quite another.

When you can get the Extra Values of Firestone's two patented construction features—Gum Dipping and Two Extra Gum-Dipped Card Piles Under the Tread—at no premium in price, you are getting the most in Safety and Mileage your money can buy.

Prices for these extra quality tires are unbelievably low today; in fact, the lowest ever known.

The Tire That Taught THRIFT to Millions

GUM-DIPPED CARDS
The Firestone patented Gum-Dipping process transforms the surface into a smooth, hard, slippery and liquid surface, preventing every road and every hole, pothole, rut, and every sharp edge, preventing against inflation loss and heat, greatly increasing the strength of the steel body, and giving longer life.

TWO EXTRA GUM-DIPPED CARD PILES UNDER THE TREAD
This is a patented construction, and the two extra gum-dipped card piles are so placed that you get 50% stronger support under the tread, and two extra 50% extra protection against puncture and blowouts. It sets a new standard for the performance of light road tires.

NON-SKID TREAD
Length, five rubber compound segments of long life wear. Scientifically designed tread gives greater traction on wet, oily pavements.

Look to the "V" sign of Firestone's every Monday night over N.B.C. national network.

COMPARE CONSTRUCTION • QUALITY • PRICE

Make	Size	Price	Construction	Quality	Price
Firestone	3.46	3.46
Firestone	3.83	3.83
Firestone	5.27	5.27

Firestone do not manufacture tires under special brand names for mail order houses and other "in" distributors. Special Brand Tires are made without the manufacturer's name. They are sold without his guarantee or responsibility for service. Every Firestone Tire bears the Firestone name and the quality equals that of special brand mail order tires sold at the same price.

One of the largest magazine publishing houses published a survey which they recently made to find out the tire buying plans of car owners for this year.

In this survey they covered twelve states and interviewed 1,400 of their subscribers. They found that 60% of those interviewed are going to buy tires this summer, and that 57.3% of those car owners are going to buy Firestone Tires—the next highest is only 25.6% which shows the demand for Firestone Tires is 31% more than for any other make.

meeting until the beginning of the fall season in October. At this time the program for the new year was made known.

The rapid development of mason growing and trucking in the Gainesville district of Florida, with the incidental heavy increase in refrigerator traffic over the West Coast branch of the Atlantic Coast Line and the Florida Southern railroad, has brought about the organization of a new railroad long station project at High Springs to connect the present business there, which has been unable to meet the requirements of the fruit growers' express since the first of March.

On Friday afternoon at the Wicketta Club rooms, the Land A-Hand Club held its last meeting.

"Fortune Favors The Bold"

Once again Captain Fried and Chief Officer Manning have entered the spotlight of glory by effecting another rescue at sea yesterday when they picked up Lou Reichera, forced down in the wind swept Atlantic in an unsuccessful attempt to fly to Paris from Harbor Grace.

It seems that providence always has these two heroes of many thrilling sea experiences on hand when a particularly difficult rescue must be made. It was so when they saved the entire crew of the steamship Florida 700 miles off the Virginia Capes in 1929.

In January of 1926 when the British tramp steamer Antinoe was in distress, it happened that the liner Roosevelt, with the same two officers aboard, was in the vicinity and with the same high degree of efficiency the crew of 25 men was taken off.

It could be said that the accomplishment of such deeds depends more on luck than anything else. It is true that because a man can become a hero, a scene must be laid. In the case of the seaman there must be a ship in distress, and the seaman must be near enough to be of assistance.

But there have been hundreds of instances in which the same setting was presented to other men who have fallen down where Fried and Manning succeeded. Frequent reports tell of ships standing by some vessel in distress, unable to bring assistance because of high seas or other dangerous conditions.

It appears that Fried and Manning don't wait for ideal conditions to perform heroic acts. When the opportunity comes they take a chance with fate and effect their rescue in defiance of roaring winds and raging seas.

A One Armed Athlete

The ability to rise above adversity is one of the greatest assets a man can have. Too frequently the loss of money, health, relatives or friends produces a set-back from which we never recover.

One such who stood out in the news of last week was Edgar William Warren of Westwood, Mass., Yale baseball captain and shortstop. Last Spring he was rated the best shortstop on any eastern college baseball team.

At bat he swung a club four ounces lighter than normal. In five trips to the plate he knocked a long fly, a single scoring a run, a hard grounder, got a base on balls, and struck out once. His line in the box score read:

Warren also plays squash, swims well. Once a good golfer, he still goes around in 115, and enjoys the sport. It is hard to conceive of a greater handicap to an athlete than the loss of an arm, but it is evidently one which he has overcome.

GOVERNOR HARDEE, as the Tampa Tribune observed, served several terms in the Legislature, including one season as speaker, before he aspired to the office of chief executive.

The rapid development of mason growing and trucking in the Gainesville district of Florida, with the incidental heavy increase in refrigerator traffic over the West Coast branch of the Atlantic Coast Line and the Florida Southern railroad, has brought about the organization of a new railroad long station project at High Springs to connect the present business there, which has been unable to meet the requirements of the fruit growers' express since the first of March.

On Friday afternoon at the Wicketta Club rooms, the Land A-Hand Club held its last meeting.

COMPTROLLER AMOS

No man could have been made comptroller during recent years without experiencing severe criticism and vicious attacks. There are always those who are ready to blame state officials when business fails and Comptroller Amos has borne the brunt of this through-out the prolonged period of business distress in Florida.

We can weigh against Mr. Amos, if we would be fair, only whatever attempts to convict him of misdoings have been successful. We had at the last session of the legislature the spectacle of a very energetic and fiery self-appointed prosecutor who was elected on his promise that his first act in his general assembly would be to move for the impeachment of the comptroller.

THE HIGH SCHOOL WILL CLOSE

While it is regretted that the Melbourne high school cannot remain open for a full nine months term this year, and that students must be deprived of important instruction, the decision to close on May 6 is probably the most sensible one the school board could make in view of the sadly depleted condition of its finances.

Parents and civic leaders, realizing the importance of a full school year, have sought to find some way to keep the school open but without success. Last yesterday afternoon they gave up after finding a considerable number indifferent in the matter and some even in favor of closing.

THE AFTERGLOW
In the spring of the day" when morning wakes,
When the white gold sun appears,
When the little blush rose with modest grace
Is drying the dew-drops tears
When the old world turns from her drowsy sleep
To the life and light of dawn,
Then a new hope gladdens the things of earth,
As the white gold sun shines on.

MARTIN MAY IN FED LINEUP NEXT THURSDAY

Efforts Being Made To Land 1931 Fielding Star For Local Club

PETER SCHAAL.

"Red" Martin will be here in time for next Thursday's game and for the rest of the season, provided we can get about 20 men to donate \$1 a week so that we can be sure to retain him," said Robert A. Williams, secretary of the Sanford Baseball Club this morning.

Red Martin, whose sensational hitting and fielding was one of the bright points in last year's otherwise gloomy Sanford team, is the one man nine out of ten of the local fans feel will put the old bunch into the present outfit. His name echoes from one end of the grandstand to another during home and after every game played at Municipal Park. Fans see in him just the player needed to fill out a great outfield, and add to a list of hitters that includes Barnhart, Reed, Pittman, Harrison, and the rest.

Red played here last year mainly through the generosity of a local firm which employed him at a small salary. The salary suited him, and he wants to return again this year. Club managers have been trying their best to find a job for him, and some of the other players say on the club, but so far they have been unsuccessful.

However, a plan of having 20 or more men donate \$1 weekly, was thought of, and it is believed it might work out, inasmuch as admission fees are lower this year than ever before, and no drive for funds has been made before the season began. Club officials point out that there must be among the 200 regular fans, at least 20 of them interested enough in the game locally, to guarantee the "keep" of one or more players, and to that 20 they appeal today. All persons interested are urged to

get in touch with Mr. Williams, Arthur Branam, treasurer of the club, or Joe Ludwig, its president, at once.

Meanwhile, Manager Joe Barnes and his scouts have been searching the country, side for a pair of ball players who might fill in for a few days. The club has until Sunday May 23 to place men on its roster. After that day, no more players may be added until the end of the first half, June 23, so it means that the Sanford club will have to ride with whatever players are lined up by next Sunday.

Manager Barnes was in Winter Park yesterday, looking over the Florida Gators. He has tentatively signed Moore and Clark, infielder and catcher, from that outfit, and has signed an infielder named Hewitt, from Ocala. He has strings on Hal McCormick, young Osose hurler, and Cal Hullock, flashy Ocala high school infielder, but they won't be here until school is over.

The club, in the throes of a losing streak now reaching three games, finds itself in a tie for last place, after having been among the leaders since the season opened. Errors at inopportune times have accounted for each of the three defeats, and Manager Joe is working night and day to stop these miscues.

The club has dropped from first place in the batting race, but it has pulled up into second place, just ahead of Daytona, and the rest. In only one game this season, have the Reds been woefully weak at the plate and that was the DeLand game of last week, when they were held to five hits. Manager Barnes and the rest have otherwise managed to nab more than seven hits per game, pretty good for a club in this league, where pitchers have the Indian sign on many a club.

Tomorrow the outfit goes to New Smyrna for the last time during the first half. Tom Phillips, who whipped that outfit in an 11-inning game ten days ago, will lead, with the chances that H. Lutz, one of the best looking left-handers you've ever seen, will do the chanking for the Crackers. Lutz is the finest fielding pitcher in this league, and through his and his brother's efforts the Crackers are no win third place.

The Reds will find him hard to handle for he has more stuff than Lefty Lane, the Daytona pitcher, who floated plenty of controlled balls past the Reds on Thursday.

Probable line-up at New Smyrna will find players coming to bat as follows: Hesch, 2b; Schirard, rf; Barnes, 1b; Reed, cf; Pittman, ss; Harrison, lf; Tillis, c; Higgins, 3b, and Phillips, pitching. Moore, Hewitt, or Clark may be in the game at one stage or another, as may Call Dennis, pinch-batter extraordinary.

New Smyrna will probably send this lineup to the field: Mainwood, ss; Weaver, 2b; A. Lutz, lf; Burns, cf; Ingram, cf; Sibley, cf; Shoemaker, 1b; Part, 3b; and B. Lutz, p. Bill Sullivan and Bill Ferrazzi are Cracker relief hurlers.

Official batting averages tested today find Barnes, Reed, and Harrison among the regular players batting .300 or better. Reed is near the 400 mark, with Barnes pounding the pill at a .361 clip and Harrison doing a .323.

Club batting:

DeLand Hands 5-3 Defeat To Cocoa; Crackers Also Win

COCOA, May 14.—The league-leading Cocoa Indians lost a hard-fought game to the DeLand Reds here Thursday afternoon because of an inability to hit the combined offerings of Gillespie and Minor. DeLand won, 5 to 3.

Gillespie held the Indians at bay until the sixth when the first two men up got him for a single and

triple. Although these were the third and fourth hits scored off him, Manager Douglass decided to send Minor in as relief hurler at this point.

Minor, fast becoming this league's outstanding young hurler, stopped the Indians in their tracks, shutting them out without a hit or run the rest of the game. Besides pitching air-tight ball, Minor hit two doubles and drove in three of the Reds' five runs.

Wall and Culbreth got the only hits off the DeLand hurler. Wall got two triples, while Culbreth got a triple and single. Provost, of DeLand, got a many hit off his former teammates as he has made in all the rest of the games he has played so far. He got two singles.

Score by Innings:

Cocoa 000 201 000—5 4 0
DeLand 010 000 301—5 10 3
Batteries: Strickland and Matton; Gillespie, Minor and Albott.

WINTER PARK, May 14.—Bill Ferrazzi, former University of Florida and DeLand player, making his first start as a New Smyrna pitcher, allowed the Winter Park nine but three hits in seven innings, but gave way to Bill Sullivan at that point, to see Sullivan hold the Parkers off the sacks while his mates batted out a 2 to 1 victory over the Parkers in 11 innings.

The Parkers scored first, in the third, and it was not until the ninth that the Crackers pulled the hill from the fire when they scored one run in a continuing of hits. Two long singles produced the winning run with two out in the 11th inning. Port singled, went to second, on a sacrifice, and scored when Weaver singled to center.

Mock, hurling for the Parkers had allowed the Crackers but one hit until the ninth inning. Then, with two runners out and Mainwood on second, Al Lutz hit a stinging double down the left field line which sent Mainwood over the plate with the run that tied the score.

Score by Innings:

Winter Park 001 000 000 00—1 1 1
New Smyrna 000 000 001 01—2 5 2
Batteries: Mock and Godbold; Ferrazzi, Sullivan and V. Sibley.

NICEVILLE.—People's Dry Goods Co., Crestview, opened branch store here.

HEAD OF W. C. T. U. URGES STRICTER PROHIBITION LAW

Mrs. Ella Boole Gives Address Recently Before Convention

NEW YORK, May 14.—Tightening of the present prohibition laws to forbid possession of alcoholic liquor for beverage purposes, and the relaxation of the search and seizure articles of the Constitution as regards liquor cases were declared to be pressing needs of the present day by Mrs. Ella A. Boole, national president of the Woman's Christian Temperance Union in an address recently before the forty-ninth annual convention of the Kings County W. C. T. U. held at the Central Methodist Church, Hanson Place and St. Felix Street, Brooklyn.

Mrs. Boole cited as a miscarriage of justice a case brought to her attention in which a still was found in a man's house, but the man was turned loose because the raiding authorities had not obtained a search warrant.

Great Progress In Banking Condition In South Reported

BALTIMORE, May 14.—(A.P.)—Material progress in the banking situation in the South for the past several months, several states reporting practically no bank failures, is reported by the Manufacturers' Record. Banking departments of some states report many banks have been able to resume operations.

The Record says the assistance of the Reconstruction Finance Corporation is generally recognized as largely responsible for the results achieved.

J. R. Dorman, Kentucky banking and securities commissioner, reports that for the six weeks ending Apr. 30 there have been no state bank failures and of 18 banks closed between Jan. 1 and

the end of April there have reopened.

E. S. Gensley, Atlanta, director of banks wrote that banking conditions in Georgia are better than for the past several years.

The superintendent of banks for Mississippi, J. S. Love, reported 75 bank closings carrying total deposits of \$18,000,000. "We have been able to reopen 43 of these banks on a sound basis, carrying total deposits of a little more than \$12,000,000," he added.

R. G. Dickinson, of the state bank department of Arkansas, wrote that since the Reconstruction Finance Corporation began to function only one small bank has closed and six have reopened.
