## BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

### EVEN THE GATE POST NOT IN IT

#### A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"---SO SAYS SAUNTERER.

The public schools opened yesterday and I would like to remark that we have the best schools in the state and in a few years will have plenty of new buildings for all purposes. Let us all cooperate with the school board and the teachers and combine to make our schools the best in the world. The teachers need our help all the time and we should take more interest in everything that pertains to education. Public schools are improving all the time and we should assist in the improving.

I never like to raise any fuss about little things, but speaking about the bill boards in the heart of the city, what do you think of the nerve of them putting up the sign things anywhere and everywhere and blotting out the things beautiful along the lake front. I refer to the bill board recently placed near Abernathy's store on Palmetto avenue. This is really a beautiful view of the lake front to any one standing on First street and the idea of eliminating the lake front now that it is being beautified is repellent not only to yourself but to the majority of the people of this city.

I understand that no ordinance can be framed that will keep these people from putting up bill boards anywhere they please and may be this is true but I really believe that public sentiment will be so strong against the defiling of the lake front that this bill board at least will have to come down. It seems that the man or men who have these bill boards in charge have overstepped the limits and in going just a little too far will bring down the condemnation of an outraged public, thus calling for an expression from the whole people about all the bill boards in the city.

Anyhow this matter will bear looking into a little further, and since other cities have kept the bill boards out of the principal sections of the place we can do the same.

I hear something of a county fair here and while the last one might not have been a financial success it was no different from the other county fairs that are just starting. None of them are any great success financially the first few years and we should not expect too great a return from a monetary standpoint. It is a certain cinch that aside from a financial viewpoint the fair gave our country at least several thousand dollars worth of advertising and that is more than we realize from much of the money that is spent on regular publicity.

I really believe that we should hold the Seminole county fair again this year and if possible it should be held on the reclaimed land on the lake front, for this place would be

the grand fair grounds for the kind of fair that we expect to hold. I believe that the Seminole county fair was the first one held in Florida that charged nothing for admission and when you come to think of it this was a stupendous undertaking. The gate receipts of all the county fairs pay the most of the current expenses and to hold a fair as we did last year and holding it absolutely free and giving the people the fair that we did speaks well for the undertaking. The Commercial Club will meet next Friday night to consider the fair and the men of Seminole county should rally to the standard and if possible have the fair.

After the fair is held the exhibits can be taken to other fairs at very little cost and this county would get more advertising and advertising of the right sort.

It will take some money of course. Nothing can be done without money and yet this money will go farther than any other method. It calls all of our people together, creates a better feeling with all sections of the county. Means the money spent in our own county and means that our products will be on display to the hosts of winter visitors and that our growers and cattle raisers can gather for a day and get together on better crops and better stock.

You care a lot about me, you men of Georgia, now that I am dead.

You have spent thousands of dollars trying to learn who mutilated my body.

You have filled columns of your newspapers with the story of my wrong.

You have broken into prison and murdered a man that I might be avenged.

But why did you not care for me when I was alive?

I was a child, but you shut me out of the daylight.

You held me within your four walls watching a machine that crashed through the air.

Endlessly watching a knife as it cut a piece of wood.

Noise fills the place--noise, dust and the smell of oil.

I wish some of the thousands of dollars that you spent on the trial might have kept me in school.

A real school, the kind you build for the rich.

I worked through the hot August days.

When you were bossing the girls, or shooting birds.

Or 'tonguing in doorways cursing the 'Nigger.

And you never paid me enough to buy a pretty dress.

You sometimes spoke coarsely to me when I went to and from work; Yes, you did, and I had to pretend I liked it.

Why did you despise me living and yet love me so now?

I think I know. It is like what the preacher told me about Christ.

People hated him when he was alive. But when he was dead they killed man after man for his sake.

The Tampa Tribune copies the above with the following comments. "We have heard endless talk and read interminable controversy about Mary Phagan dead. It has remained for a woman, writing for the New Republic, to recall Mary Phagan living. She does it most effectively, in verse--and we must confess that there is much more of menace to the race in the countless Mary Phagans who toil at life wrecking tasks than in the murder of the one Mary Phagan and the trials and tragedies that followed it."

Mary Ovington White speaks Mary Phagan's message, not only to the men of Georgia, but to the men of America--and her work kx, of pleading for the living Mary Phagans who are suffering, as she suffered in the soul stifling factories, slaves of insatiable machines."

GOOD ROADS MEET AT OSTEEN WELL ATTENDED

SPECIAL ROAD DISTRICT BONDS ARE CERTAIN TO BE CARRIED

It seems almost an assured fact that the special road district known as No. One of Volusia county will vote bonds for good roads at the election to be held on October 15th.

The meeting was scheduled to take place at seven o'clock and the good ladies of Osteen thinking of the inner man had a most sumptuous spread at the hall, consisting of delicious chicken pilloau, bread and butter, pickles, cake and hot coffee and when the delegations from Sanford and New Smyrna and from the surrounding country arrived on the scene they were immediately taken in tow and placed at the long tables where the good ladies waited upon them and saw to it that their appetites were appeased.

Hon. Forrest Lake, C. R. Walker, A. T. Rosetter, L. R. Brumley, A. P. Connelly and R. J. Holly, of the Sanford delegation were called upon and assisted in the good work of boosting good roads.

Those going over last night to Osteen were Messrs. Lake, C. M. Hand, Connelly, Welker, Holly, Brumley, Willie Brumley, A. T. Rosetter, Stanley Walker, Jim Lee.

The entire distance to be paved in this special road district will be about 67 miles and will be paved with sand or shell, as brick would be too expensive.

With the Methodists Sunday, Some good things are being planned for the Sunday school, Communion Sunday, Supt. Mettlinger will be there to tell you about it.

The morning subject will be "Making the Ideal Real." In the evening the pastor will preach a gospel sermon to which every one is invited.

The Temple Circle Organized On last Wednesday afternoon at the home of Mrs. M. M. Mitchell on Park avenue was organized the Temple Circle.

Committees were appointed to draw up constitution showing plan of organization, etc. There will be several departments to the Circle. A Bible department, in which the circle will assemble as a part of the Baptist Sunday school; a social department, literary department, music department, civic department.

FEELING AGAINST MENDENHALL

St. Petersburg, Sept. 30. Little but the Mendenhall case was discussed in St. Petersburg today, and on Central avenue the jurors who sat through the trial were surrounded whenever they appeared and were eagerly listened to whenever they mentioned the famous trial.

St. Petersburg generally disapproved of the verdict, and did not like the recommendation for mercy. The people here think that Mendenhall should have been given the death penalty, and they are inclined to criticize the jury for recommending mercy.

That William Jennings Bryan and Mrs. Bryan will spend the winter in Miami was the announcement of Mr. Bryan last night. Mr. Bryan spent yesterday in Miami, visited his winter home at Villa Serena, and called on many friends during his short stay.

Mr. Bryan left early this morning for Nashville, Tenn., where he is scheduled to deliver an address tomorrow night.

From Nashville he will visit Memphis, Little Rock, Ark., Not Springs, Ark., and then will follow a short tour of cities and towns in northern Texas.

Mrs. F. F. Dutton and children arrived home on Sunday evening from an extended trip to points in Illinois.

SEVERE STORM SWEEPS GULF, CAUSING DEATH

NEW ORLEANS AND OTHER CITIES ON THE GULF COAST FEEL DISASTROUS EFFECTS OF BLOW

New Orleans, La., Sept. 30.—Five persons are known to be dead, many more injured and property loss reaching into millions has been caused tonight by the most severe Gulf storm in the history of the city.

A howling gale with a velocity of eighty-six miles an hour swept the city at six o'clock tonight, demolishing scores of buildings, stripping the roofs from hundreds of other structures, and drawing the streets with broken glass and debris.

At 7.30 tonight a rising barometer gave evidence that the storm was subsiding, the center passing to the northwest of New Orleans. The barometer at its lowest registered 28.11 and the wind velocity of eighty-six miles was the highest ever recorded here.

Railroad and wire communication with the outside world has been cut off, and telephone, electric light and trolley service discontinued in the city. All railroads have annulled train service from New Orleans.

Wireless communication from New Orleans was cut off by the failure of the electric plant, but electric messages were transmitted from the steamship Excelsior and relayed by the steamship Crook, anchored below New Orleans, to Mobile.

New Orleans, Sept. 30. Just before 3 o'clock the wind was blowing sixty miles an hour. Weather Bureau officials said the wind for an instant blew at the rate of ninety miles an hour.

Automobiles are bringing people into New Orleans from that section. Milneburg and another town on the lake-front report that the water is still rising.

Several passengers on Southern Pacific train No. 8 from Houston are stranded on a railroad ferry below Avondale, La. The train was due at New Orleans at 8 o'clock.

Six fishing schooners have been blown ashore at Rigolettsville. Several houses have been unroofed or otherwise damaged.

Mobile, Ala., Sept. 30.—The Mississippi Gulf Coast from Bay St. Louis to Pascagoula was isolated tonight by the tropical hurricane which caused an 89 mile gale at New Orleans and swept inland to the northeast.

Pascagoula and Mobile escaped material damage although 50-mile winds prevailed at both ports during the afternoon and night.

Reports of excessive damage and high water at Biloxi and Gulfport, Miss. were discounted tonight by officials of the Louisville & Nashville Railroad, whose telephone cable down the coast to Bay St. Louis furnished the sole means of communication.

All train service southeast of here has been suspended, only one train arriving this afternoon from Ocean Springs, Miss.

A train bearing relief supplies will be sent from Mobile tomorrow morning as far down southwest as possible.

BRIDGE AT MONROE FERRY TO BE BUILT

Engineers are here this week making surveys of the land and river at the Monroe ferry preparatory to the building of the steel drawbridge there for Michael Sholtz of Daytona.

Preparations for the revival services which begin Sunday morning are progressing nicely. A large chorus of men and women have promised to lead in the singing.

Mr. D. B. Curry, president of the Florida Christian Endeavor Society and a member of Rev. J. G. Venable's church is in the city, and he speaks in the highest terms of Mr. Venable's Christian character and his ability as a preacher.

Will Traer, editor and general factotum of the Florida Home-seeker of St. Augustine, was in the city yesterday and spent several hours with representative citizens and also paid the Herald office an appreciated visit.

Everybody come. We hope to see the largest attendance in the history of the school.

GOOD ROADS CONVENTION IN JAX

Jacksonville, Sept. 30. The grand automobile parade which opened the Georgia Florida Dixie Highway convention here yesterday morning was pronounced the most successful event of its kind ever held in Jacksonville.

Over three hundred delegates registered at the registration room in the Chamber of Commerce building during the morning and this is said to be less than half of the delegates in attendance.

Georgia and Florida counties interested in the proposed routes of the Dixie Highway were well represented in almost every instance and special sections of the auditorium of the Jacksonville Chamber of Commerce have been set aside for those representing various routes.

Will Traer, editor and general factotum of the Florida Home-seeker of St. Augustine, was in the city yesterday and spent several hours with representative citizens and also paid the Herald office an appreciated visit.

Everybody come. We hope to see the largest attendance in the history of the school.

ANOTHER NEGRO THIEF CAUGHT BY THE POLICE

At Monte News

Mr. R. J. Holly was here last week and was a welcome visitor at the home of Mr. and Mrs. N. H. Fogg.

Mr. Herbert Fuller is spending a few days at Daytona Beach.

The many friends of Mr. and Mrs. Peter Nolan will regret to learn that he has had to undergo a very serious operation on his eyes and is at Dr. McEwen's sanitarium in Orlando.

Mrs. N. H. Fogg has returned from Lenia, Idaho, where she has been spending the summer with her daughter, Mrs. J. M. Tracy.

Mrs. J. M. Lewis has returned from Sanford, where she has been under the care of Dr. Neal and is very much improved in health.

Our school opened on the 13th with Miss Kate Mathews as teacher.

Mrs. E. Turner has returned to her home in Winter Park after spending the week end at the home of Mr. and Mrs. N. H. Fogg.

THE STATE HIGHWAY COMMISSION NAMED

Tallahassee, Sept. 30.—Governor Trammell has announced the appointment of four of the five members of the State Highway Commission which was created by the last legislature.

The appointments follow: State of Florida at large, F. T. Miller of Jacksonville.

First district, Ed Scott of Arcadia.

Second district, W. J. Hillman of Live Oak.

Third district, yet to be appointed.

Fourth district, W. M. Smith of Orlando.

The bill creating the State Highway Commission to supervise the construction of roads throughout the state to devise ways and means for a uniform system for road construction, was introduced in the house by Representative Wood of Pinellas and in the senate by Senator Himes of Hillsborough.

No money for the maintenance of the department was appropriated, but by turning over a part of the funds that formerly went into the general fund from the sale of automobile licenses a considerable sum will be raised.

Woman's Club

The first meeting of the season of the Woman's Club will be held Oct. 6th, but owing to the absence of the president, Mrs. J. W. Dickins, state president's day has been changed to Thursday, Oct. 14, when Mrs. Dickins will be at home to preside.

New Grocery Firm

S. Runge and E. P. Rines have formed a partnership under the firm name of Runge & Rines and will open a grocery store on Ninth street between Palmetto and Sanford avenue.

CITY AND COUNTY OFFICERS ROUNDING UP SNEAK THIEVES

The city police force and the county officers are gradually rounding up the sneak thieves that infest this city and environs. Yesterday the sheriff's office was called to capture a negro named Sam London, who had taken \$40 out of the house of another negro named Albert McLain.

Red Ray is Coming

Sanford fans will remember "Red" Ray who pitched for Sanford several years ago when he had the winning North Carolina team here and Ralph Stevens sends the following from the Philadelphia Ledger concerning this young pitcher.

Ray has control and nerve only to occupy the position vacated by Eddie Plank, after he has been schooled and the rough spots smoothed over. It will take more than a few games to find out just how strong is the youngster's nerve.

Congregational Church

"Go to Sunday School Day" is to be observed in our Sunday school next Sunday. Every class in the school is expected to be in reaching the 40 per cent increase which our school aims at.

Baptist Church

The C. E. Society is gaining in membership and enthusiasm for real C. E. work. You young people, who go not elsewhere are urged to join us in this young people's work for and with young people.

Corner of Park and 6th

The services at the Temple next Sunday will be very interesting.

9.30 Bible school. Promotion day will be the order. The school is graded and uses graded literature.

11:00 The pastor, Rev. George Hyman will speak on "The Holy Spirit a Teacher." The observance of the Lord's Supper will take place just after the sermon.

6.30 Jr. B. Y. P. U. 6.30 Sr. B. Y. P. U.

7.30 Mr. Hyman will begin a series of addresses on "Stories from the New Testament." The first will be "The Introduction of Evil into the World."

Be sure to go to the Temple Sunday.

UPSALA AND GRAPEVILLE

Mr. Swanson and Mr. Thompson were two of our number taking in the excursion to Tampa.

Mr. Tyner and family have a nice new phonograph.

Rev. Ericson has been selling a nice lot of strained honey this season. Carl Stemper in town has it on sale for him, while Mr. Geo. Clark has some fine new sweet potatoes.

Sorry to say that Mrs. Clark and Mrs. Tyner are having a siege of la grippe.

A little birthday gathering in honor of the eleventh mile stone of John Henry Lundquist was held at the home of his parents, Mr. and Mrs. H. G. Lundquist Thursday of last week. Besides the family, Mrs. John Lundquist, Mrs. Emil Magnusson, Mrs. Elmer Lundquist and Adrian, Mrs. Vernon Collier and yet correspondent were present. John tried to make us believe he had already grown up by appearing on a pair of stilts. All wished him to grow but not quite so fast. Three lovely cakes were served with crisp toast and coffee and too soon the time came for us to separate for the evening prayer meeting.

That same evening Mr. Lundquist and Aron guided Mr. Yowell and Mr. Speer to their fishing grounds but the fish got scared of the town folks and left. The next day they went again and had their usual luck.

Some will be pleased to know how the ice cream social for the benefit of the Sunday school turned out. Well, we are glad to announce that \$11.60 was cleared in spite of the bad weather. A jolly crowd turned out and all seemed to enjoy themselves. Nearly every one responded liberally and "All's well that ends well," even if things did seem against us for a time. We want to thank all who in anyway helped to make it a success. The good ladies especially, who donated the ten fine cakes. The hard work put in by Mrs. John Borrell and Mrs. Magnusson, Carl Peterson and Aron Lundquist is also deserving of praise. Now for some chairs.

We have the promise of a minister from Jacksonville on the tenth inst.

Monday was a great day for five little youngsters started for school for the first time, being Sydney Vihlen, Gilbert Ericson, Woodard Bertelson, Charlie Clark and Charlie Beck. The older ones are Eric Vihlen, Margaret Ericson, Ebba Stedt, Edna Thompson, Emma, Elmer and Florence Tyner, John Henry and Elmer Lundquist and Gladys Robinson. Miss Olga Vihlen drives the bus.

PAOLA POINTS

Mrs. Oscar Pearson commenced her school here Monday with thirteen scholars enrolled.

Mr. Frank Johnson spent a few days in Longwood this week visiting friends.

Mr. McGuin is fencing and making improvements on his new place that he bought last spring. It is known as the old Weight place.

Mr. and Mrs. O. T. Pearson are settled at the Pearson's old home place, where they intend making improvements and have a pleasant home. Oscar has purchased a Maxwell runabout to take him back and forth to his work in Sanford.

C. D. Pearson made a business trip to Jacksonville last week. Says things are pretty dull at the old "Metropolis."

We understand that Paola is about to change hands again, but have not heard yet of the deal being closed. "Hope that whoever purchases it will make something of it, for Paola is an attractive little place. All we need is more inhabitants."

MOORE'S STATION

Mr. and Mrs. Fred F. Dorner of Celery avenue are happy at the arrival of a fine 12 pound son, born Saturday, the 25th.

The Epworth League social was a very pleasant event, the weighing of each guest as they arrived causing considerable merriment. Quite a number of young people came from town and Mr. and Mrs. J. B. McBride with two Misses Stenstrom from the West Side were a pleasant addition to the crowd.

Misses Mary Long and Mildred Chorpene and Bryan Squire spent Sunday at Mecca Hammock, guests of Floy and Buren Collier.

Miss Tillie Heat of Boston, Mass., accompanied Mrs. G. C. McDougal

home from Waycross, Ga., and will be a guest at the McDougal home for some time.

G. C. McDougal returned to the hospital in Waycross, Ga., again last Friday, suffering from an attack of pericarditis.

Mr. and Mrs. Ivey Bridges and children have removed to Titusville to make their home.

Mrs. E. J. Cameron is still quite ill, much to the regret of her friends. Miss Mulholland is caring for her now and her speedy recovery is hoped for.

Mrs. A. Dorner and children came home last Monday from quite a lengthy visit in New York city and Jersey city.

Mr. Duke and the school car arrived on the scene Monday morning for the school children who seem happy to resume their work again.

I. D. Hart and L. Kinard were among the crowd going on the excursion to Tampa last week.

There is a great deal of celery set in the fields and considerable lettuce, although it has been pretty hot to set lettuce. There is the least acreage of snap beans this fall for some years. Eggplant, tomatoes and peppers and cabbage are not as large an acreage as some seasons, so we are told.

Mrs. C. C. Morris will entertain her Sunday school class of girls Saturday at her home, with ice cream and cake as refreshments.

The Epworth League enjoyed a moonlight picnic at Lake Golden last Friday evening. There were two loads in the party. Mr. and Mrs. C. E. Chorpene and Mr. and Mrs. C. C. Morris were chaperones.

Virginia Long was surprised by several of her friends coming on Tuesday to assist in celebrating her 10th birthday. The girls said they had a beautiful time.

Mrs. Jennie Prevatt and granddaughters, Edith and Christine McClelland were here from Geneva visiting recently.

Ephram L. Brown came over Sunday and brought Miss Annie and Morgan McClelland returned to Ft. Christmas with him for an indefinite stay.

Mr. and Mrs. H. S. Boley of Cameron City have been entertaining Mrs. Bostwick of New Mexico the past week.

W. W. Britt of Loughman was here on business this week.

Miss Cornelia Hicks of Port Tampa City arrived Wednesday for a visit at the Chorpene home.

Mr. and Mrs. I. D. Hart and daughter and Mrs. J. C. Vaughn visited Orlando Sunday.

A. Dorner has built four new tenant houses on his farm.

Our item about the celery crop last week was unrecognizable as it must have been mixed. We said a larger crop was to be grown here this season on account of other districts in Florida discontinuing to some extent that has heretofore grown celery, where the situation was not so favorable as here for its cultivation.

The South's Development—Columbus, Ga., Sept. 30.—The Industrial Index says in its issue for this week.

"Confidence is being added cash in large volume in the Southeast."

"Cotton is the great money crop of the south. That is true and will continue to be true because the soil, climate and seasons in the south are fitted for growing cotton in a measure peculiarly wholly to this section. The millions which are paid annually in salaries and wages and dividends by factories in the southeast are paid in weekly, monthly and quarterly amounts during the whole year. The millions which the cotton crop brings are paid in a few weeks."

"This immense volume of money naturally gives great impetus to business and every line of business is feeling its daily increasing effects."

"In order to facilitate the sale of war munitions and supplies manufactured by the south to representatives of European governments, Savannah, Ga. company has opened an office in Wall Street, New York, and already has been requested to furnish prices on supplies aggregating \$12,000,000.

"An aggregate of \$1,745,000 of improvement bonds were voted on

"Industrial plants will be established as follows:

"Cotton oil mill, Pacolet, S. C.; second unit of benzol plant, Birmingham, Ala.; iron works, Charleston, S. C.; electric light plants to be improved, Birmingham, Ala., and Orangeburg, S. C.; bottling plant, Athens, Ga.; capacity of auto tire factory to be doubled, Augusta, Ga.; cooperage plant, Tuskegee, Ala.; broom factory, Columbia, S. C."

Game Laws

Judge Herring now has the forms for hunting licenses. A synopsis of the game laws will be of interest to hunters and is given as follows:

- 1. The title to all wild birds and games is vested in the various counties of the state.
2. The following only are game birds: Swan, geese, brant, ducks, rail, coots, mud hens, callinulas, shore birds, plover, surf birds, snipe, wood cocks, sand pipers, tattlers, curlews, turkeys, grouse, pheasants, quail and turtle doves.
3. It is a \$25 fine to catch, kill, ship or have in possession any game bird, plumage, skin, eggs or nests thereof, except as provided by law.
4. Open season November 20th to March 14th following, for deer, wild turkey, quail, doves, swan, geese, brants, rails, coots, sand pipers, curlews, snipes, ducks and plover; November 20th to December 20th following, for pheasants, and October 1st to March 1st following, for squirrels. Unlawful to kill squirrels in any public or private park at any time.
5. It is a \$50 fine to capture, kill or injure any game bird or animal by pitfall, deadfall, scaffold, cage, net, trap, blind pen, baited hook, baited field, drugs, poison, chemicals, explosives or similar device.
6. It is a \$25 fine to catch, hunt or kill any game bird or animal between dark and daylight the following day.
7. It is a \$25 fine to kill more than one deer, two turkeys, twenty quail or twenty-five birds of any other species in any one day. It is a \$500 fine to kill more than three deer, ten turkeys or three hundred of any other game bird species in one open season.
8. It is a \$25 fine to barter, sell, or offer for sale any game bird or animal.
9. It is a \$100 fine to hunt outside of your voting precinct without a license; a \$25 fine to change or alter a license.
10. It is a \$25 fine to transport within or without this state any game without a proper license. It is a \$100 fine for any common carrier to receive such game for transportation.
11. The witnesses furnishing evidence to convict, for any violation of the game laws shall have half of the fine imposed.
12. Persons residing in the state twelve months and the county six months may, on payment of \$1 to the county judge, receive a "resident county license;" a "non-resident county license" for \$3, and a "non-resident hunter's license" for \$16. No license required of resident Confederate veterans.
13. County judge to have 25c, 50c and \$1 respectively, for each license issued; county game warden to have 25c, 50c, and \$3 respectively, for each license; balance goes to county school fund.
14. County game wardens are appointed by board of county commissioners, said appointment to be based on recommendation in primary after November, 1916.
15. County game wardens may appoint deputies in each election precinct.
16. All grades of licenses shall be of different color, contain a synopsis of the game law printed on the back, and shall be good only for the open season or fraction thereof immediately following their issue.

# TWO MEN AGAINST DEATH PENALTY

## SENTIMENT SAVED THE LIFE OF J. J. MENDENHALL

The final scene in the trial of John J. Mendenhall for the murder of Mrs. Bessie Elliot and her daughter, Susie, is described in a dramatic manner by Goode M. Guerry, who reported the case for the Tampa Tribune, as follows:

"We, the jury, in the cause of the State of Florida vs. John J. Mendenhall, find the defendant guilty of murder in the first degree and recommend him to the mercy of the court."

A silence impressive in its intensity followed the last husky word of Clerk Waickling. That pause which cannot be measured by time followed. With ears attent the wife and daughter had already heard. Their very souls were sensitized. "Not guilty" loomed high in their hopes. "GUILTY" had flung like a slinking gray thing just out in the shadow.

A powerful man raised from his seat to his full height. Two frail vessels clung to this rock in the midst of the storm of emotions. Ching arms of the daughter who but yesterday had prattled about his knee encircled his neck. Baby lips were again upon his not in childish affection, but in passionate pity, in tender love, moaning the very misery that was in this tender heart. "Daddy, daddy," came from the very depths of the anguished soul upon which no storm had ever before beaten.

Defendant Remains Strong  
The wife and mother, who had weathered the vicissitudes of a husband's struggles in years gone by, forgetting all of those inevitable petty differences that are occasions between man and wife, for the moment was stunned.

soul of the wife as she passed the seats, where, a moment ago, the jury had heard the first sob of despair.

John J. Mendenhall, until now the defendant, was left for a moment standing alone in the small circle just in front of the bar of justice. He turned squarely to the audience which had borne silent witness to this pathetic scene.

Delay Led to Belief of Mistrial  
For six hours the coming of the jury from its deliberations was awaited. With each speeding moment hope grew within the breast of the accused and his loved ones that there would be a mistrial.

Foreman Allen handed Clerk Waickling the small bit of paper bearing the decision of the twelve men, and the verdict was read.

Indeed the moving finger had writ. It burned into the very souls of at least two in that vast crowd which filled the court room and overflowed to the grounds outside.

merely an incident to the principles which should actuate the jury in exercising its obligations to justice.

Thus the alchemy of his eloquence fettered logic and drove deep into the convictions of two members of those twelve men weighing the drama with the gold in the state's mass of circumstances.

Two Hold Out Against Death Penalty  
Not one word reached the waiting ones outside the jury room. No one knew that two of the jurors hung back from the death sentence.

## ERADICATING QUACK GRASS.

Best Results Follow When Treatment is Given in Hot, Dry Weather.

Smothering by plowing and thorough bare culture are the best means of eradicating quack grass. The best results will follow when the treatment is given in hot, dry weather after the root systems have been somewhat exhausted by the growth of plants.

QUACK GRASS

The grass under completely. The plow should be followed within a very few days by a disk harrow with flisks set nearly straight to avoid inverting the soil.

The following spring cultivation should begin early and be continued at intervals of a week or ten days until from May 15 to 25, when the field may be planted thickly to ensilage or fodder corn.

Remember the Commercial Club tonight.

Seminole county should have a county fair by all means.

The Sanford Commercial Club is bound to grow and become a greater factor in the development of Sanford than ever before. Are you a member?

It would be a good thing for every merchant of Sanford to wake up this fall and become a real, live active booster for Sanford by enrolling as a member of the Commercial Club.

That old gag about the rich man in Florida who cannot be hung for murder seems true in every particular. The poor man always gets his even in a jiffy trial.

Now that the Mendonhall case will rest for a season we suppose Willis Powell will have time to attend the press meeting in Jacksonville. The Times Union is especially anxious to show Willis the honors.

We are not inclined to be cold blooded, but that recommendation to mercy of the Mendonhall jury struck us as funny when the guilty one showed so little mercy in killing and destroying his victims. It is said that the jury was a unit in believing him guilty of the crime.

The Highwaymen of Florida are meeting in Jacksonville this week and Sanford is well represented in the person of E. T. Woodruff, who is taking the time to attend the meeting and wise up the state to the necessity of choosing the upper St. Johns river as the northern end of the Florida Inland Waterway.

There will be no liquor at any of the various banquets to be given to the members of the press in Jacksonville in October. This is quite a step in advance for the state and for Jacksonville in particular and comes by request from the members of the state press. We are tired of being classed among the jags.

A little less of the joys of life and a little more of the business in our daily routine in this city would probably get more in the actual result line. There is much work to do in our city and it should receive the serious consideration of every citizen of Sanford.

Few people realize the vast importance of the bulkheading of the city front but a few hours spent this week by the front line men and a few people would convince them of the great amount of good and beauty that this city is receiving from this beautifying of the lake front. This is probably the greatest work that the city has ever undertaken and it is not appreciated to its fullest extent by our home people.

Word comes from Sanford that 800 acres will be planted in celery in that vicinity this season. To mention the large acreage is to devote to eggplant, pepper and tomatoes. Those Orange county people surely intend to have plenty of good things to eat and to ship.—Clearwater Sun.

Upon behalf of the people of Orange county we thank you. But please look on the map again and find out the county in which Sanford is located.

Bob Holly, editor of the Sanford Herald announces that while he and his business manager are away from Sanford attending the meeting of the newspaper men to be held in Jacksonville beginning on the 30th of October, he has arranged to turn the paper over to the ladies of Sanford to do their worst. The last time we saw Bob he only had three hairs on the top of his head, and we opine that when that issue of the paper is circulated on the streets he will go into mourning for the loss of those.—Gainesville Sun.

In every city and noticeable in some cities more than others is the fact that certain few citizens take the lead in every movement for the public good, while there are others who stand back, waiting for the results that they may happen on.

profits that accrue by the betterment of the city. It is true of Sanford and it is high time that a few public spirited citizens who are expected to do everything and have always been in the forefront took the reins of municipal and civic life and managed the city in all the departments in fact as well as in name. There should be no leavings for the drones who shirk every public and civic duty.

ST. JOHNS RIVER ROUTE

The action of the Board of Trade last week, upon considering the plans prepared by the representatives of the Sanford Commercial Club relative to public ownership of the St. Johns and Indian River route for the great Florida inland waterway was timely and commendable.

As between the two proposed routes to be recognized, taken over and maintained by the federal government, there is really but one choice when all the points involved are considered.

Pointed out in the resolutions and talks of the delegates, so far as the largest area and the greatest number of people are concerned, the St. Johns Indian River route covers the argument.

And as far as safety to such parts of our navy is concerned as might be used from Maine to the Florida Keys, as well as all other shipping suited to an inland waterway, there is no question but the natural river route, via the St. Johns, canalling through, at or near Titusville to the other natural route, the Indian River is much safer than the canal route on the eastern edge of the state line.

Two million dollars saved in favor of the St. Johns river route is perhaps a trifle of money as millions go in great national enterprises, but two millions to the every day dollar man seems worth saving in his estimation.

Those hustling Sanford Commercial Club men deserve credit for seizing the apparent opportunity presented in advocating this measure.—Orlando Citizen.

COMBINE BOARDS OF TRADE

Today the East Coast Chamber of Commerce is holding a meeting at Lake Worth. On November the 11th the South Florida Chamber of Commerce will meet in Orlando. Besides these general bodies the people have their local and county boards of trade. The busy man has many other concerns, the demand upon his time are many. He is called upon to attend numerous meetings aside from those of a general nature, provided these bodies accomplish much of anything, for the most important work of all is done in committee. It really seems that development organizations are too numerous. Effort is scattered and efficiency suffers in consequence. Sifted to the bottom it would likely be found that virtually the same men are doing the actual work in all of them. In some cities it has been found advisable to divide the work up in the beginning of the year among committees, or sections, and leave it with them. Then general meetings become unnecessary and are held only when there is some urgent matter to dispose of.

There is great work for the South Florida Chamber of Commerce to do, and under the masterful hand of the president, William Chase Temple, this work will be inaugurated. How many questions arise affecting the whole section and demanding concerted action is probably appreciated by only a few. The inland waterways question is one of recent occurrence. The Sanford delegation deserves much credit for initiating the matter, and taking upon itself the trouble of traveling over several counties to secure the cooperation of their local boards of trade. But how much easier and better to throw the entire matter into the South Florida Chamber of Commerce, and gain at one stroke all the advantages that might otherwise be obtained.

Orlando's gates will be wide open and a warm welcome will await every delegate to the meeting of the South Florida Chamber in this city November 11.—Orlando Reporter-Star.

Standardized Products.

The University News says. Standardization of farm products is the solution to the marketing problems of the farmers. This is the opinion of Dr. Bradford Knapp of the United States Department of Agriculture, who spoke before the county agents at the University of Florida September 21. If the market can depend upon the products, there will be no trouble in disposing of them. This is especially true of Florida where so many fruits, vegetables and luxuries are grown.

Standard products means a square deal. The farmers must establish grades and brands and live up to the labels put on the packs. If the buyer can go to a warehouse or write to a grower for a certain brand and quality of produce and be sure

of obtaining it, the process of marketing is simplified and made less expensive.

Standardization is best effected by an organization of some sort. A community can establish a brand but individual farmers cannot. Each will have his own standards and grades and the products will be in just such chaos as they are now. Furthermore, an association is necessary to have efficient inspection to see that honest packs are given.

There are many notable instances where products have been standardized. Among them are the citrus growers' organizations, the Hood River Apple Growers' Union, and the Eastern Shore of Virginia Truck Growers' Association.

Land for Strawberries

Strawberry growers who are troubled with white grub worms should be careful in selecting the land upon which the plants are to be set. Sod land, according to J. R. Watson, entomologist to the University of Florida Experiment Station is apt to be infested with the worms. He advises that the land be given to some crop not injured by the grubs, for two or three years after the sod is turned under. If the grower cannot wait that long, he might pasture pigs on the land six months before planting. Pigs root the grubs out and eat them.

If stable or barnyard manure is used as fertilizer, it might be well to mix with it from 200 to 400 pounds of cyanamide to the acre. It is possible that cyanamide cannot be obtained. About 100 pounds of sulfur or enough to slightly color the manure might be added. The sulfur can be applied between the rows.

Neither of these substances will kill the grubs, but they will act as repellents and will probably drive the grubs away. The best method, however, is to avoid sod lands.

CHINCH BUG DISEASE.

It is the Work of a Parasitic Plant or a Fungus.

[J. Haseman, Missouri station.] Each year hundreds of inquiries have come to the University of Missouri regarding the so called "chinch bug disease" and the artificial distribution of it for controlling the chinch bug. Several years ago, when the so called disease was first discovered it was supposed to be distributed only in a few parts of the country and attempts were made to distribute it into all of the localities where the chinch bug was present. After careful study the disease was found to be merely the work of a parasitic plant or a fungus which develops from seeds or spores similar to other plants and lives on the body of the bug. These spores are microscopic objects and, like the seeds of plants, remain dormant until the proper weather conditions come. The spores require continued warm, sultry weather for sprouting and developing. These conditions usually occur about wheat cutting time. During the dry summer to spores sprout and the disease does not develop.

The spores are now abundant everywhere awaiting proper weather conditions. They are in the air, in the soil and on the bodies of the bugs, but will not sprout until conditions are exactly right. The disease will develop on chinch bugs collected anywhere if they are put in a warm, damp jar for about ten days. It is merely a waste of time to scatter a few bugs which have been killed by the disease. That merely means that a few more spores are scattered in the field to remain dormant the same as the billions already present. The disease is very effective when it works, and if it works at all it will do so without help.

ORCHARD AND GARDEN.

Peas and beans may be planted between rows of newly set raspberries to advantage.

White spine cucumber is a good variety to use because of its quality and productiveness.

Soak celery or tomato plants thoroughly for several hours before transplanting. This will enable you to carry more dirt with the plant.

Use the best and most up to date machinery possible to obtain. Where large areas are to be cropped the machine requiring the least effort for the most work is desirable.

Hot bed or greenhouse plants should be "hardened off" before being set in the field. They are hardened by giving them all the air possible and by reducing the amount of water. Cabbage and tomatoes have a bluish cast when hardened.

Flowering canna requires a warm, rich soil and must be given plenty of water in hot weather. Many varieties flower well. The bulbs are quite easily stored over winter if not allowed to get wet or too dry.—Le Roy Cady, Associate Horticulturist, University Farm, St. Paul.

Feminine Mistake. A woman who thinks she has met the ideal man merely thinks so. There isn't any such person.—Albany Journal.

**OUR PUBLIC FORUM**

R. C. Duff  
On Cotton As Contraband.

Hon. R. C. Duff, one of the highest authorities on International law in the nation and one of the most capable citizens in the United States, when asked to investigate the exporting of cotton and interpret the laws of nations on this subject for the American plow man, said in part:

"Article 28 of the Declaration of London reads as follows: 'The following may not be declared contraband of war—(1) raw cotton, wool, silk, etc.'—Great Britain is not only a signatory of the Declaration of London, but in fact called the conference and insisted upon the inclusion of raw cotton on the list of absolute non-contraband. Under this declaration, which was subscribed to by all the maritime nations, we have a right absolutely to ship cotton, not only to neutral ports of Europe, but to Germany and Austria themselves. Humanity shudders at the thought of the death of the splendid Americans who went down on the Lusitania, but humanity would have more cause for shuddering if it could have presented to it in some similarly striking and dramatic way the woe, sorrow and suffering that will be occasioned to multiplied thousands of men, women and children in the Southern states as a result of cotton being forced down to starvation prices."

"The reason why cotton does not command 15 or 20 cents per pound is simply because Great Britain has a naval strangle hold on our shipments and, therefore, on the world supply. England sends her ships of war out into the open seas, captures American cotton no matter to whom the same may be destined, carries it into British ports, sets up prize courts of her own nomination, which prize courts, of course, are operating in her favor and which under such circumstances, after whatever delay they elect to impose, assess the damages of the American shipper at whatever price she see fit and then, after having by such process bought our cotton, she avails herself of the extraordinary high prices existing on the continent of Europe, produced in part by her diversion of our shipments, to resell it at a profit. The American shipper has no recourse except to the government. The acts of Great Britain referred to, according to the well recognized principle of international law, constitute war against the United States."

"This grievance is now of many months standing and the South is about to bring to market another great crop of cotton. Under such circumstances one would expect that our government, without prompting, would kindly see to it to deal with our acts on the part of the British government, amounting to warfare against our trade and country."

"It is not necessary for us to resort to war against Great Britain in retaliation. A simple, adequate and obvious remedy would be for the president to advise Great Britain that unless she respects the law of nations as regards our foreign commerce, he will call on congress to adopt a resolution forbidding the exportation of arms and munitions of war to foreign countries."

COPPER AS HARD AS STEEL

Maine Blacksmith Claims to Have Discovered Centuries' Lost Art of Tempering Copper

Milbridge, Me.—James Walter Foss, the village blacksmith, sixty-seven years old, says he has discovered the centuries' lost art of tempering copper. He shows copper knives that will whittle long shavings from a hickory wagon spoke and a copper draw shave that slices through knots in the toughest ash hoop pole. He cuts a mortise in an oak heart plank with a copper chisel and he has a copper razor which the village barber says is about the slickest tool he ever handled.

These tools were forged of discarded hoarding copper from the sardine canners, bits of copper wire and an old copper kettle. They may be ground, whetted or honed like steel, Foss says he can make a copper file, or a copper hand saw, or anything with a cutting edge and of any degree of hardness.

He says that he hopes to get enough out of his discovery to spend his last days without work and then the world is welcome to it. He is sixty-seven years old and thinks he has worked long enough but until he made his discovery it looked like years more of labor for him.

MOUNTAIN LIONS ARE SCARCE

Huntmen in Northern Counties of California Have Practically Terminated the Breed.

Sacramento, Cal.—Reports to the state comptroller indicate that the huntmen of the northern counties of the state have practically exterminated the mountain lions. Last month only four mountain lions were killed in California as against close upon 200 for the same period a decade ago.

Three of the four were killed in the southern counties, one each in Los Angeles, Tulare and Kern, the fourth one being killed in Humboldt county. The bounty paid for the pelts by the state was \$80 for June.

Indications are that efforts of stock raisers during the past quarter of a century have resulted in the practical extinction of the animal. Bounties have been paid upon 22,000 mountain lions in the past 25 years.

Have to Import Hard Wood.

Now that the supply of the hard wood of timber on the Pacific coast, there is a very meager supply of hard wood, and much of the hard wood use in the western part of this country is imported from the eastern countries of Asia.

A Great Sanitarium

Vivian Speer has returned home from Newport, Tennessee, where he has been taking treatment for tuberculosis. He first went to consult Dr. Masters while the Doctor had his patients at his winter home at Port Orange, afterward going with the Masters colony in their summer perigration to the mountains and returns to Sanford absolutely cured. Dr. Masters has cured many of them and if his advice is followed the disease can be successfully combated for many years and in most instances absolutely eradicated. The many friends of Vivian are glad to see him home again and to know that he has escaped the white plague.

Back on the Job

Tonight is the night when the Ladies Aid Society of the Presbyterian church entertain the members and their friends, at the new church building. They have asked the Christian Endeavor Society to take charge of the program. The C. E. Society has been working on this program with a vim, trying to make it come up in standard to their previous "stunts" for which they are noted.

Just what they will "pull off" is going to be "kept in the dark" until the time comes. One of the members of the social committee, while sweating under the labors of the program, sang this little patheticism:

There is a little P. C. E. that has a reputation, So the Ladies' Aid Society gave it an invitation: "Pull off some corking stunts," said they. "For this our Social Gala Day, 'For we love lots of jollity,' please give this meditation." Up hopped this lively P. C. E. without a hesitation, And said, "We'll pull off anything except a recitation. We'll give you all the fun you want. That for some time will your mites haunt. But what we'll pull off, for your glee, we'll hide, with blank quotation."

Millinery Opening Today Look for the advertisement of the French Millinery Shop elsewhere in this issue, calling attention to the opening today to which the ladies of Seminole county are cordially invited. A RESUME OF SANFORD HAPPENINGS UP TO DATE

Address all Communications for the Column to "Sanford Editor," P. O. Box No. 100, Sanford, Fla.

Miscellaneous Shower

In honor of the approaching marriage of Miss Ruby Betts to Mr. Robert L. Rowe, Mrs. Forrest Gatchel entertained with a pretty miscellaneous shower Wednesday afternoon that was one of the delightful events of the season. The rooms were lovely with cut flowers and ferns, quantities of yellow alamanders featuring the decorations. Many beautiful gifts testified to the popularity of the attractive young bride elect. Enjoying the delightful hospitality of Mrs. Gatchel were Mesdames M. D. Gatchel, J. B. Lawson, Will Bray, W. E. Betts, Archie Betts, W. S. Thornton, H. Peabody, J. B. Calder, E. L. Marshall, Misses Charlie Seay, Linda Connolly, Gladys Bryan, Minnie Stewart, Edith Stewart, Pearl Hunter, Clara Millen, Agnes Berner and Daisy Betts.

Mrs. W. E. Betts rendered several beautiful vocal solos during the afternoon.

Marrried in Daytona

Surrounded with much cordial interest both here and elsewhere is

the marriage of Miss Florence Knight and Mr. Osborne Payne Herndon, which occurred at Daytona Monday afternoon. Mr. and Mrs. Herndon left immediately after the ceremony for Jacksonville and other points of interest. They are expected in Sanford within a few weeks, where they expect to make their future home.

Book Circle

The Book Circle was charmingly entertained on Tuesday afternoon by Mrs. A. W. Fitts, Jr., at her attractive little home, Wilderness Farm. Vases and bowls of cut flowers adorned the rooms. Two tables of bridge were played, in which game the top score was made by Mrs. D. L. Thrasher to whom was presented a pretty curly linen crocheted centerpiece. Affording much amusement was the making of words from the name "Wilderness Farm." Punch was served throughout the afternoon and a tempting salad course with coffee at the refreshment hour. Mesdames T. A. Neal, R. R. Deas, C. O. McLaughlin, Archie

Betts and Miss Annie Hawkins were guests of the club. Members of the Book Circle present were Mesdames Margaret Barnes, R. A. Newman, D. L. Thrasher, Geo. Speer and Henry Wight.

Sea-Sea Club

Mrs. R. J. Holly delightfully entertained the Sea-Sew Club and a few others Tuesday afternoon, in honor of her niece, Miss Ethel Thomas of Jacksonville. The hours were spent informally with their needlework and social exchange of ideas. Delicious fruit ice cream and dainty cake were served by the hostess, assisted by her little daughters, May and Mildred, and Robert Jr. Invited to meet Miss Thomas were Mesdames M. C. Savage, Deane Turner, Bessie Hill, Harry Ward, W. M. Haynes, B. A. Howard, C. E. Henry, R. L. Peck, O. L. Taylor, Wm. McKinnon and J. S. Wilson.

Informal Get Together Social

At the Presbyterian church parlors tonight the members and friends of the congregation will be entertained by the Ladies' Aid Society and a delightful time is anticipated by that august body of merry makers. The Christian Endeavor Society will provide the program, which is equivalent to saying that there will be something doing the entire evening for these young people are. Continued on Page 8

hustlers and fun makers. Refreshments will be served and a cordial invitation extended to all interested.

#### Music Recital

On Saturday afternoon last the pupils of Miss Florence Frank, assisted by Miss Mabel Bowler, soprano soloist, rendered a very delightful program at the home of Miss Frank, that was enjoyed and appreciated by the parents and friends of the pupils. Miss Frank is herself one of the popular young musicians of the city and the excellent work of her class proves her ability as a teacher. Miss Bowler's sweet soprano grows sweeter with each recurring song, her perfect interpretation showing the splendid training of years of study. The program follows:

- Duet, Flying Doves. Carl Heins
- Mrs. J. D. Abrams, Miss Frank
- My First Duets. Theo. Presser
- LeClaire Jones
- Turtle Doves. H. Engelman
- Nettie Messenger
- Hunter's Song. Theo Presser
- Eloise Wright
- In May. Theo Presser
- Theresa Venable
- Dolly's Lullaby. Cyerny
- Kitty DuBose
- Selection. S. Schmitt
- Velma Venable
- The Parrot. Geo. L. Spaulding
- Anna DuBose
- Rondo Des Archers. Concone
- Ruth Steinmeyer
- (a) Dolly's Cradle Song. C. W. Kere
- (b) Alpine Idyl. Chas. Lindsay
- Mary Belle Allen
- (a) May Queen Richard Goedeler
- (b) Phantom Ship Barcarolle. Smith
- Mollie Abernathy
- (a) Garden of Girls. J. W. Bischoff
- (b) Curious Story Stephen Heller
- Carolyn Spencer
- Duet, Iris. Pierre Renard
- Mollie Abernathy, Carolyn Spencer
- Vocal Solo. (a) The Cry of Rachel
- Mary Turner Salter
- (b) A Perfect Day
- Carrie Jacobs Bond
- Miss Bowler

#### Fall Weddings

An unusual number of interesting weddings are on the calendar for the fall and winter and as numbers of affairs are planned for the brides elect the so. la season will begin early and will be filled with interesting entertainments.

The marriage of Miss Linda Connelly and Mr. Thomas Getson on October 6th is preceded by a number of parties.

Another of the weddings of interest is that of Miss Ruby Betts and Mr. Robert L. Rowe, which will occur on the same date.

The four young people are popular with a large circle of friends and a very cordial interest is felt in the approaching nuptials.

#### Shower for Bride Elect

A very lovely shower of miscellaneous articles was given by Mrs. R. L. Peck yesterday afternoon in honor of Miss Linda Connelly, who will be married next Wednesday to Mr. Tom Getson. The rooms were very attractively arranged, a charming setting for the group of pretty girls and matrons gathered in honor of the fair young bride elect.

In the living room myriads of red hearts blended harmoniously with the green of vines and ferns, while in the dining room a profusion of pink love's wreath was used effectively. The table was centered by a huge basket of pink hibiscus. Truly Dan Cupid was master of ceremonies for hearts were everywhere. The dainty little pink cakes were heart shaped; a big heart figured in the archery contest which was won by Miss Lucca Chappell and Cupid, cleverly impersonated by Albert Connelly fired an arrow straight at the heart of the guest of honor. After this daring deed, young Love presented his quiver filled with many gifts to Miss Connelly. Exclamations of delight and appreciation greeted the opening of each package. After the refreshment course, the bride elect borrowed a bow and arrow from Cupid and shot into the midst of the girls. The arrow snapped in half, the heart tipped end, falling at the feet of Miss Lillian Higgins, the other half beside Miss Lucca Chappell, and now the merry girls insist that a double wedding will be the next on the tapis. Mrs. Peck's guests were Misses Eadie Purdon, Lillian and Adelaide Higgins, Charlotte Hand, Margaret Davis, Helen Rowland, Ruby and Daisy Betts, Hazel Hand, Lucca Chappell, Eugenia Mauldin of Washington, D. C., Mesdames Tom Davis, O. L. Taylor, H. B. Connelly, A. P. Connelly, Walter Hand, Robt. Powell, Purdon and Lilja, Sr.

#### Delightful Dances

The first of the season's dances was given last night at the city hall by the young society men complimentary to their friends. Music was furnished by the new orchestra and refreshments served during the intermission.

Those invited were Dr. and Mrs. Puleston, Dr. and Mrs. Cecil Butt Mr. and Mrs. R. J. Holly, Mrs. J. S. Wilson Mr. and Mrs. R. A. Newman, Mr. and Mrs. B. W. Herndon, Mr. and Mrs. Braxton Perkins, Mr. and Mrs. Archie Betts, Mr. and Mrs. A. B. Wallace; Misses Helen Rowland, Charlotte Hand, Mabel Bowler, Eugenia Maulden, Saidee Williams, Olga and Gretchen Schultz, Adelaide Higgins, Elizabeth Stafford, Lillian Herring, Anna McLaughlin Messrs. Felix Frank, Hume Rumph, Joe Chittenden, Ernest Galloway, D. H. Shepherd, Geo. McLaughlin, Arthur Yowell, W. J. Thippen, Karl Shultz, Billy Hill, Billy Lefler, S. M. Lloyd, Clarence Mahoney, Marks, Grovenstein and Dr. Fajn.

#### Where the Teachers are Located

Mr. and Mrs. B. F. Ezell are domiciled on Palmetto avenue near Third street. With them is Mr. J. C. Hutchinson.

Miss Louise Harris, Miss Edna Plant and Miss Stevenson are with Mrs. Geo. Davis Hart on Sanford Heights.

Mrs. Arington will spend the winter with Mrs. N. O. Garner.

Miss Pearl Hunter is living with her sister, Mrs. W. S. Thornton.

Miss Virginia Powers is the guest of her brother, Mr. A. K. Powers at It'll-do.

With Mrs. Geo. Dickinson are Miss Douglas and Miss Tribbel.

Miss Nita Moore is domiciled with her sister, Mrs. Murrell.

Miss Lillie Farnsworth is the guest of Dr. and Mrs. L. R. Phillips.

The resident teachers of Sanford can be found at their old address, with parents and relatives.

#### State President's Day

Owing to the absence of Mrs. John W. Dickins, president of the Woman's Club of Sanford, State President's Day has been changed to Thursday, October 14th.

#### Personal Mention

Miss Clarissa Starling returned Sunday from a delightful trip to the west, having visited the Panama exposition while in California.

Mrs. Margery Boor Varn of DeLand University has resumed her weekly visits to her Sanford studio, which for the time being is at the home of Mrs. Henry Wight. Mrs. Varn is a teacher of the violin and has a number of pupils in this city. She comes on Tuesday of every week remaining until Wednesday.

Enjoying the vesper services at the DeLand University last Sunday were Mr. and Mrs. C. R. Walker, and Clifford and Mr. and Mrs. Henry Wight, Fred Wight and Mrs. J. W. Dickins.

Miss Marian and Raymond Phillips are attending Rollis College this season.

Mrs. Edward Putnam and her son George have returned from Birmingham, Ala.

Mrs. J. W. Dickins left on Monday for New York. She will return on the eleventh.

Mrs. C. L. Goodhue is enjoying a visit among relatives and friends in Cincinnati and other points in Ohio.

Mrs. Jessie Schilling and daughter, Miss Leah Schilling have returned to Sanford for the winter.

Mr. and Mrs. Vance Douglas left recently for Orlando, where they will spend several months.

Mrs. S. O. Shinholser and little Stephen accompanied Mrs. A. E. Phillips to Plant City on Tuesday, where the latter will be the guest of Mr. and Mrs. E. T. Roux for several weeks.

Mrs. Will Shelly was called to DeLand on Monday by the serious illness of her sister, Mrs. Roy Hamilton.

#### Reception Tonight

At the Presbyterian church tonight a reception will be held to which all members of the church and their friends are cordially invited to be present. The Christian Endeavorers will give an interesting program of entertainment. The reception will be given at 7:30.

#### GLAD TO GET BACK

Maj. Gen. George W. Goethals, governor of the Canal zone, arrived in New York recently on board the S. S. Pastores. He said he would offer his resignation to take effect in November. Colonel Goethals is accompanied by his wife and son Thomas, and is here on a leave of absence to visit the Panama-Pacific exposition. The colonel expects to be put on the active army list, and if this is not possible, he will ask for his retirement with the rank of brigadier-general. He told newspaper men that he intended to visit the exposition, as a private individual, and desired that no fuss be made about him by any of the officials. That Mrs. Goethals is anxious to leave the Canal zone permanently was shown by a remark she made shortly after the ship left quarantine and started for the pier: "I hope never to go back," she said.

#### STAND ON ANCIENT RIGHTS

Northwestern Indians Insist on Fishing Without Licenses According to Old Treaty.

Bellingham, Wash. — Attorney-General W. V. Tanner came here to confer with County Attorney W. P. Brown relative to issuing information for the arrest of Indians for alleged illegal fishing. County Attorney Brown having declined to issue informations recently for the arrest of five Lumis who had been picked up by a deputy State fish commissioner Mr. Tanner was advised that until cases now in the courts are settled one way or the other no more informations will be filed.

The Indians are defending their stand under the treaty of 1841, giving them the right to fish when and how they please on ancient and accustomed fishing grounds. The fish commissioner is attempting to compel the Indians to take out licenses.

First Cattle in North America. In 1492, on his second voyage to this country, Columbus brought his bull and cow to the island of San Domingo, where he established the first dairy in America. The cow, which was a Guernsey, was named "La Vache" and the bull "Le Taureau". It is believed that these animals were the ancestors of the Guernsey and Jersey breeds of today.

COUNTY FAIR FOR SEMINOLE IS NOW BEING AGITATED

A STREET FAIR OR FAIR GROUNDS AND RACES IS QUESTION

The great question that is agitating the minds of the boosters of Seminole county is whether it will be possible to hold the annual fair this year or not.

At a meeting of the Commercial Club held last Friday night to determine whether an exhibit should be held at Orlando or not the enthusiasm was intense but the ardor was somewhat cooled among certain ones when it came time to take up the Seminole county fair idea.

The street fair as held last year is rather than no fair at all and is certainly less expensive than the fair grounds scheme but the street fair does not appeal to many of the boosters here.

The men who made the fair possible last year feel that the burden should fall upon other shoulders this season although they stand ready to do their part.

Some Fine Apples

The editor of the Herald is the recipient of a basket of fine apples from Sound Beach, Connecticut yesterday.

K. R. Murrell and family arrived Saturday from South Carolina, where they have been spending a month visiting old friends and relatives.

The idea of direct attack and massacre carried out in former times, says one authority, writing under date of August 3, has been altered somewhat in that the men and boys have been deported in great numbers and disappeared enroute.

TURKS CONTINUE TO MASSACRE ARMENIANS

New York, Oct. 3.—Documentary evidence of atrocities inflicted by the Turks on the Armenians was made public tonight by the committee formed by Cassus R. Kane, Cleveland H. Dodge and others, to investigate the facts of the Armenian massacres and to aid sufferers.

The committee states that the evidence was collected from sources unquestionable as to their veracity and the writers are above question, but for obvious reasons their names must be withheld.

In the committee's report from twenty-four sources, some of which describe in detail instances where Armenians have been put to death, women violated and children slaughtered; of robbery, torture and death by starvation and of terrible privations endured in long marches to the desert regions to which these Armenians have been exiled—crimes described by the committee as surpassing in their horror and their cruelty anything that history has recorded during the past thousand years.

Oviedo School Opens

The Oviedo public school opened Monday morning for the present scholastic year. Many of the school patrons, together with the local board were present at the opening exercises.

Chairman McKensie of the trustees pledged the enthusiastic support of the school board for the up-building of the school. Interesting addresses along educational lines were delivered by the Rev. A. E. Outridge pastor of the Methodist church.

The primary department is in charge of Miss Stevens, a graduate of the University of California, with normal work at the Florida State College for Women.

Mrs. Crawford of Oviedo, a State normal graduate has charge of the grammar grades.

Prof. A. J. H. of the principal of the high school department. He is an alumnus of Bowdoin College.

The school building is in excellent condition. A tennis court has been completed on the school grounds.

All indications point to a successful year for the Oviedo school.

Senator Buys Hotel

Senator Arthur E. Hanger, the long-time resident of the Hotel property, which includes the entire block on Broadway from Ponce to Dakin avenues, the hotel building, Graystone Casino and other buildings.

Extensive improvements will be made in the property at once and it will be placed in such shape as to be one of the foremost tourist resorts in the state.

An experienced hotel manager will be employed to handle the property and it will be extensively advertised as an ideal place for tourists.

W. S. Pates, representing the International Correspondence Schools is in the city, a guest of the Fairview hotel.

Refugees are arriving on every boat, bringing with them stories of hardships and suffering. In nearly every instance they were being landed with no belongings other than the clothes they wore.

RESCUE WORK OF STORM VICTIMS AT NEW ORLEANS OVER TWO HUNDRED PEOPLE DEAD AND MANY ARE MISSING—DAMAGE TO PROPERTY IS ENORMOUS

New Orleans, Oct. 4. Stories of relief camps dispatched from almost every point along the Louisiana and Mississippi Gulf coasts today were searching all sections of the storm stricken district.

None of the 183 persons reported missing had been accounted for and it was feared that many of them must be included in the number of casualties.

Conditions in New Orleans are being improved rapidly. Public service corporations and municipal departments have employed extra help and the workmen are rapidly bringing order out of chaos.

Refugees are arriving on every boat, bringing with them stories of hardships and suffering. In nearly every instance they were being landed with no belongings other than the clothes they wore.

GREECE ENTERS THE GREAT WAR ON SIDE OF THE ALLIES

FRENCH TROOPS HAVE BEEN LANDED AT SALONIKI TO LEND ASSISTANCE TO THE GREEKS

Athens, Greece, Oct. 4.—All doubt as to the entrance of Greece into the war on the side of the entente allies has now been disposed of.

In regard to the landing of the French troops, the governmental organ says that if for the present the government considers the assistance of the allies as premature, it is none the less to aid and support Greece that the allies are at Saloniki, France and England enter the Balkans as traditional friends of Greece and not otherwise.

The Greek government has seized the Macedonia railroads, of which two are Austrian and one French.

Millinery Opening

One of the latest business ventures in Sanford was launched on Friday with the fall opening of the French Millinery Parlors under the management of Mrs. Eleanor Glasgow Mehrtens.

SEMINOLE COUNTY LIKELY BE PRIZE WINNER AMONG COUNTIES

Seminole county will have a fine exhibit at Orlando when the big Five County Fair takes place in February.

The counties of Volusia, Seminole, Lake, Ocala and Orange will take part this year and the fair at Orlando promises to be one of the greatest in the history of that city.

State Registration of Automobiles Required

As there seems to be some impression that state registration of automobiles is no longer required, the Tax Collector recently took this matter up with the Secretary of State who replied as follows:

Tallahassee, October 1, 1915 Hon. Jno. D. Jenkins, Sanford, Fla.

My Dear Sir:

Replying to your letter will state that Chapter 6881, Acts of 1915, does not repeal Chapter 5437, which requires the registration of all automobiles or motorcycles in this office.

Yours very truly,

H. Clay Crawford, Secretary of State.

The registration fee is \$2.00 payable to the Secretary of State, and the penalty for failure to so register any automobile, motorcycle, or other motor driven vehicle is \$100.00.

THE ST. JOHNS RIVER ROUTE IS ENDORSED

The Lakeland Board of Trade, Geo. E. Southard, president; M. E. Hetherington, treasurer; A. J. Holworthy, secretary; September 24, 1915; Mr. E. T. Woodruff, secretary Waterways Committee Sanford Commercial Club, Dear Sir:

I have been very busy and until now unable to look into the matter presented by you. It does seem to me that there can hardly be any question, prejudice excepted, with regard to the desirability of the St. Johns, Lake Harney, Salt Lake and Indian River Line, in preference to the route via Daytona and St. Augustine.

I hope to have the pleasure of helping support this proposition at the meeting of the Atlantic Deeper Waterways Association at Savannah in November.

Very truly yours,

A. J. Holworthy, Secy. Lakeland Chamber of Com.

FAIR EXHIBIT AT ORLANDO TO BE MADE IN FEBRUARY

One of the latest business ventures in Sanford was launched on Friday with the fall opening of the French Millinery Parlors under the management of Mrs. Eleanor Glasgow Mehrtens.

The foreign office explains that the fact that Russian alone sent an ultimatum to Bulgaria was due to voluntary recognition on the part of her allies of this nation's pre-eminence in the Balkans and of her moral claim upon the gratitude of the Balkan peoples.

Whether England, France and Italy will withdraw their representative in Sofia in case Russia takes the initiative has not yet been decided.

It is the view of the Russian government that the recall of its minister to Sofia is a step which would be a recognition of the Bulgarian government.

Refugees are arriving on every boat, bringing with them stories of hardships and suffering. In nearly every instance they were being landed with no belongings other than the clothes they wore.

Deputy Sheriff Geo. Baker of Palm Beach county was in the city Saturday to take into custody one Charley O'Bryant, colored, wanted for embezzlement in that county.

J. B. Johnson Returns

J. B. Johnson and family have returned from Elkmont, Tenn., where they have been spending the summer. Mr. Johnson has a fine farm near Elkmont, where he spends his summers and farms along the same lines as he does in Florida.

Johnson & Son expect to farm something over 50 acres on their place near Monroe this season.

L. L. Taylor, proprietor of the three in one stores on Sanford avenue left Saturday night for New York on a buying expedition.

Pretty Mrs. Smith at the Star Friday, Oct. 4th

Pretty Mrs. Smith, starring Friday School, a dramatic society comedy drama, written by Messrs. Oliver Morosco and Elmer Harri. The play has been successfully staged to meet the demand for photoplay work of this character.

No expense has been spared to make this a memorable picture, and particular attention is directed to some of the scenes, which are in every way realistic.

The trip to Africa, the ocean liner, docks, ocean views, dancing parties, on board ship, and some exquisite moonlight scenes are in this picture.

Miss Scheff worked for days at a fashionable country club getting in her and porch views, and some excellent pictures of the golf links.

The scene of the play "Mrs. Smith" in a hotel lobby, were made in the magnificent Hotel Alexandria. Throughout the play Miss Scheff exhibits a wonderful array of artistic costumes, specially designed for this role, and a crystal robe worn in a bedside scene will attract no end of attention and admiration.

The beach scene and the views on the lake add a touch of summer life which will be welcomed.
