**FLORIDA IS A GREAT FOOD PRODUCING STATE!**

There is not even one small section of Florida that doesn't produce some important food product. These Florida foods go out in points all over the United States. Many of them are national favorites, and rightly so. But remember they cost more in Illinois, New York, California and other states than they do right here in your own backyard. Florida foods are your best bet for quality and savings. Come inside, see how you save!

## Influence On RFC Claimed By Industrialist

### Lawyer Said To Have Boasted Of Having Two Directors In "His Hip Pocket"

WASHINGTON, Mar. 2—(AP)—Roy Fruehauf, Detroit industrialist, swore today that Joseph H. Rosenbaum, Washington lawyer, told him in 1949 he had two RFC directors "in his hip pocket."

He said Rosenbaum named directors Walter L. Dunham and William E. Willett.

Fruehauf testified before a Senate Banking subcommittee which is investigating charges the reorganized Finance Corporation, government lending agency, has yielded to influence in making loans.

Rosenbaum, in an earlier appearance before the group, denied he had ever made the "hip pocket" statement.

Fruehauf told the Senators that Dunham blocked efforts to rescue Carl G. Strandlund's Lustron Corporation from financial collapse only a few hours after a negotiator had withdrawn a \$10,000 retainer fee to Rosenbaum.

Strandlund charged from the witness chair yesterday that Dunham was involved deeply with "financial wolves" he accused of having conspired to strip him of control of Lustron, big prefabricated housing plant at Columbus, Ohio. The plant was financed almost entirely with \$37,500,000 borrowed from the RFC.

Strandlund charged the RFC disclosed the mortgage on the now bankrupt firm because he related efforts to "influence" RFC officials, to enrich themselves from it and, finally, to take control.

Fruehauf, who said his Fruehauf Trailer Co. had a big financial interest in the enterprise, testified Dunham told him on the morning of Feb. 16, 1950, that the RFC had announced plans to foreclose on Lustron's mortgage only because it was anxious to make Strandlund out.

He quoted Dunham as assuring him, there was "encouraging" prospects for reaching some settlement which would avert Lustron's collapse.

The subcommittee developed evidence yesterday that the RFC got Rex Jacobs, a Detroit industrialist, to make a survey of Lustron for it and that Jacobs recommended that Strandlund would step out of the management.

## Decision Reached In Washington On Sanford Hospital

No joint occupation of Vernaldaugh Memorial Hospital by British and Navy personnel will be permitted. The hospital will be completely evacuated by May 1, with orderly reduction of patients starting Apr. 1. It was decided at a conference in Senator Holland's office in Washington today.

This decision, according to Ralph Davis, secretary to Senator Holland, was made at a conference with Senator Holland attended by George Young, representing the Navy, and Capt. P. A. S. Herlong, Rear Admiral Bertram Grosbeck, Jr., of the Navy Medical Corps and Comdr. K. J. Sander, representing the Department of Navy Operations for Air.

Although there cannot be any joint civilian use with the Navy of the hospital, the present hospital will be allowed to remain open for the time being. As of that date, there must be a complete removal of all patients and all equipment from the hospital.

"There must be no request for extension of time after this date," said Mr. Davis, "and there must be an orderly reduction of patients after Apr. 1."

Between Apr. 1 and May 1, he added, the Navy will have the right to go into the Dunsany Building to install equipment and to renovate the building.

These terms are conditioned on the fact that in no way shall the program regarding the hospital be a precedent for other similar cases.

## Combined Health Test Schedule

PERMANENT UNIT  
SATURDAY—Mar. 3—Last day of free combined health test. Doctors for permanent unit in Sanford, Florida Building, 116 West First Street, have been scheduled to conduct health tests from 8:30 A. M. to 5:00 P. M.

TRAVELING UNIT  
SATURDAY—Mar. 3—Altamonte Springs, Florida, Store, 10:00 A. M. to noon; 1:00 to 4:00 P. M.

## Infantrymen Open Up On Communist Targets

COVERING THE ADVANCE of another platoon on the Korean front, infantrymen of the 25th Division blast away with rifle fire on Communist Chinese positions. (U. S. Defense Department Photo from International)

## Common Front Is Proposed By Reds In East Germany

Communists Demand Neutralization Of Germany By Big 4

BERLIN, Mar. 2—(AP)—Soviet occupied East Germany's Communist parliament urged the West Germans today to join them in a solid front on proposals to be presented to the Big Four in the name of all Germany. Big Four deputies met Monday in Paris on an agenda for a possible foreign ministers meeting with Germany a top subject.

The Communists, playing on the hopes of West Germans that unity will come again some day, have been stressing the "common front" for some time now as a propaganda device.

The Eastern Volkskammer proposed to the eastern Bundestag front" declaration call for a treaty between Germany and the four powers this year, reunification of the divided nation, opposition to rearmament and withdrawal of all occupation troops within a year after the signing of a treaty.

Western Germans fear that the United States, Britain and France, anxious for an end to the tension between them and the Soviet Union, might agree to pull out and leave Germany "neutralized" and defenseless against a Communist coup, Czechoslovak style. Chancellor Konrad Adenauer fre-

## N. R. Johnson, 70 Died At Home Of Son Thursday A.M.

N. R. Johnson, 70, died at the home of his son and daughter-in-law, Mr. and Mrs. Lillian T. Johnson, 1518 West First Street, early yesterday morning. Mr. Johnson's home was at 111 Oleander Avenue.

Born May 8, 1880 in Belle River, Canada, the son of the late Philip Fox Johnson and Mary Ann Johnson, early pioneer settlers of Lake county, Mr. Johnson had been a resident of Sanford and Seminole County for 50 years.

A retired Atlantic Coast Line Railroad trainman, Mr. Johnson was a member of Whittier Lodge, Brotherhood of Railroad Trainmen; the First Baptist Church; Masonic Lodge 62 and the Independent Order of Odd Fellows. He was married to the late Daisy Belle Preston of Sanford.

Survivors in addition to Lucian include another son, C. W. (Pat) Johnson, also of Sanford; twin brother, Owen M. Johnson of Tallahassee, Ala.; one sister, Mrs. Mary Ann Guerry of Altamonte, Fla.; a foster son, Sol P. Rogerson of Miami; one daughter, Mrs. Eugene C. Hernandez, Jr. of North Miami; 11 grandchildren and two great grandchildren.

Funeral services will be held at Brinson Funeral Home Chapel at 8:30 P. M. Saturday with Rev. W. P. Brooks, Jr. and Rev. A. G. McInnis officiating. Burial will be made in Lake View Cemetery. The Masonic Lodge will have charge of the graveside services. John Honorary pallbearers will be Dr. J. N. Tolar, J. N. Gillen, H. W. Guadagnoli, John Baker, Frank Miller, Byron Squires and Leslie Wood. Active members will be Archie Lewis, C. J. Williams, Gus Brown, Barney Barnes, D. F. (Pat) Lender and Porter Lender.

All members of the Masonic Lodge are requested to meet at the lodge at 8:30 P. M. to attend the funeral services in a body.

## Fourteen Die As Snow Squall Hits Landing Airliner

SIoux CITY, Ia., Mar. 2—(AP)—A Mid-Continent Airlines plane crashed and burned in a snow storm here today and 14 persons were reported killed.

The DC-3 went down in a cornfield north of the airport as it was coming in for a landing shortly after 8 A. M.

A Sioux City Journal-Tribune reporter said 14 persons, including the pilot and co-pilot, were killed. At least nine others were reported survived.

The Mid-Continent office in Kansas City identified the pilot as Capt. James Graham, of Kansas City, and the co-pilot as Philip K. Toles, of Mission, Kan.

Witnesses said visibility was fair as the two-engine plane, which came from Kansas City, to Minneapolis came in for a landing. But a sudden snow squall blotted out the cockpit.

(Continued on Page Two)

## Tomorrow Is Last Day To Be Given Free X-Ray Tests

W. A. Thiel of the State Board of Health today estimated that about 5,500 residents of Seminole County will have received free x-ray and blood tests when the clinic tests made here and in the county during the week are completed Saturday night.

Tomorrow will be the last day in which residents may secure these tests during the present program, and Mr. Thiel urged that as many persons as possible take advantage of these facilities for the protection of their health.

The office hours for tests tomorrow at the Welaka Building will be from 1:00 to 4:00 P. M. and 5:00 to 8:00 P. M. Today, people were lined up for tests at from 10:00 A. M. to 1:00 P. M. and from 2:00 P. M. to 5:00 P. M.

Up to Thursday night only 4,232 persons had taken the tests in the county, he added, and termed this as not too good a figure considering that the population of Seminole County is 25,000 of whom 34 percent are under 15 years of age.

Tomorrow tests may be received at Altamonte Springs, where a mobile unit will be stationed at Fuller's Store at from 10:00 to 12:00 A. M. and 1:00 to 4:00 P. M.

The tests include 40 mm x-ray lung tests which also determine certain heart conditions, and blood tests for possible diabetes, anemia and other blood conditions. The tests are being sponsored by the County Health Unit, Tuberculosis and Health Association, State Board of Health and County Medical Society.

Two x-ray technicians operate the big photographic machines in the Welaka clinic. Twelve helpers assist in the blood tests, and local clubs have furnished many volunteers to assist in speeding up the registration of applicants for tests.

## Lease Is Extended By Florida Fashions

Harry Robson has agreed to an extension of Florida Fashions' lease on Factory Building No. 6 on First Street July 15, 1952. Ed Whitney, manager of the Seminole County Chamber of Commerce, announced today, following a meeting between Mr. Robson and Henry Simpson and Don Harpo of the Chamber's industrial committee.

## Johnston, Crosby Called Honest By Governor Warren

Disbelief Expressed In Plan To Muscle In On S. And G. Group

TALLAHASSEE, Mar. 2—(AP)—An assistant attorney general today said the practice of two Volusia county officers in collecting fines and costs on an installment plan without official records, "is one of the finest grinds for a racket that I can conceive of."

Witnesses said visibility was fair as the two-engine plane, which came from Kansas City, to Minneapolis came in for a landing. But a sudden snow squall blotted out the cockpit.

(Continued on Page Two)

## Florida Witness Is Questioned On Basketball Fixes

NEW YORK, Mar. 2—(AP)—Another former college basketball star today testified in court in the big game-fixing trial of Louis Lippman, 26-year-old former Long Island University cage player, was charged with accepting a bribe. He is the 13th player or former player to be involved. He was accused of having helped fix the outcome of a game between LIU and Duquesne University of Pittsburgh Jan. 1, 1949. Lippman's arrest was announced one day after he was returned here from Florida for questioning.

NEW YORK, Mar. 2—(AP)—An other former college basketball player was under questioning today in the spreading "fix" scandal.

District Attorney Frank S. Hogan said that Lou Lippman, 26-year-old former Long Island University cage player, was being interviewed after he was returned to New York from Florida last night.

Hogan said that Lippman had been arrested in Florida last night and was being held in a cell at the New York City Jail.

## Revision Of Air Force Strategy Is Revealed In Two New Jet Bombers

By ELTON C. PAY  
ASSOCIATED PRESS MILITARY AFFAIRS REPORTER

WASHINGTON, Mar. 2—(AP)—Two new heavy jet bomber types, able to carry atomic bombs speedily to distant targets, are part of an unfolding picture of revised American air strategy.

The Air Force has disclosed it is hastening into the building of B-52, short-cutting the usual practice of trying experimental models before production line. First of these big jets is expected to be delivered this year.

It is expected to be delivered this year. At the same time, it has ordered construction of two all-jet versions of the giant B-36, these to have the swept-back wings which give airplanes greater speed.

Out of a new conference by Air Secretary Thomas K. Finlet, by yesterday also emerged an outline of the air war planes into which the new bombers will be fitted. In answer to questions, Finlet said:

The United States is interested in getting bases for its aircraft within the North Atlantic treaty organization area. North Africa is considered as being in the area

# Senate Schedules Test Vote On 18-Year-Old Draft Law; Marines Stab At Red Lines

## Resistance Stiffens On Central Front As Allied Assault Gains Momentum

TOKYO, Mar. 2—(AP)—U. S. Marines swept through abandoned Hoengsong today and stabbed deeper into the heart of Red defenses on the central Korean front. Communist resistance stiffened all along the Allied line. On the east-central front, Korean Red-wearing South Korean uniforms knifed into American positions and fought the doughboys hand-to-hand.

Red jets again challenged U. S. jets near the Manchurian border. Tank-led Marines of the First Division drove into Hoengsong unopposed Chinese Reds in a two-day battle on dominating ridges nearby. Infantrymen followed the lead.

Field dispatches said they found the rubble highway hub littered with the frozen bodies of earlier Allied casualties and scores of wrecked army trucks and jeeps. Hoengsong was virtually deserted. Only a few South Koreans remained—and those had escaped the Chinese.

Hoengsong, 50 air miles east of Seoul, is in the middle of the mountainous central front. It fell to the Chinese Feb. 12 during the Red counter offensive that failed to crack the Allied line.

That counter-drive had cost the Chinese heavily. But an ambush inside Hoengsong took a heavy toll of Dutch troops, including their commander, Lt. Col. Marinus P. A. Den Ouden.

To retake Hoengsong Friday, the Marines stormed a series of hills and ridges to the south and west—sometimes at bayonet point. By noon Friday they had won a sea-saw battle for a 1,500-foot barren ridge after being stopped on their steep approach by a heavy machine gun fire.

The Leathernecks were on the approaches to Hoengsong, Chinese stronghold 15 miles to the north-west. It is regarded as the key-stone of Red defenses along the central front.

On the western front, U. S. patrols in rubber boats slipped a (Continued on Page Two)

## Vegetables Sales Growers Approve Exceed \$1 Million During February

Cabbage Accounts For \$641,000 Of Record Vegetable Deals

Vegetable sales, spurred by acute shortages due to a freeze in Texas, soared to a new high at the Sanford State Farmers Market during February with 283,893 units bringing a huge total of \$1,084,712. Sandy Anderson, market manager, announced this morning.

This was nearly \$300,000 more return than in February, 1950 when vegetable sales brought approximately \$800,000.

Cabbage was king in sales during the past month, accounting for more than two thirds of the total February sales or \$641,264, said Mr. Anderson.

This humble vegetable, which last year brought only about 50 cents a bag of 50 pounds at the market, brought prices up to \$5.50 this year due to acute shortages.

Last month more than 125,533 bags of cabbage, valued at \$624,267 and 3,227 crates, valued at \$16,998, were sold on the market platform. Much of the cabbage was sold in the Sanford area.

The jam of big semi-trailers from all parts of the nation was so great in the market area that Manager Anderson had to spend considerable time as a "traffic cop" to straighten it out.

One reason for the popularity of the market with produce shippers, it was recently pointed out (Continued on Page Two)

## Bids Are Called For On Navy Program

Lieut. O. F. Nicholson, USN, announced today at his headquarters at the Sanford Naval Air Station that plans had been made to open bids at 4:00 o'clock this afternoon on the demolition of partitions in the Mess Hall and four barracks which have been taken over from the Fellowship Foundation.

Bids will be opened in Jacksonville on Mar. 15 for the rehabilitation of runways and roads at the Sanford Naval Air Station. Bids are invited to help meet the requirements of the expanded military program.

On Mar. 8 at Jacksonville, bids were received for the painting and inspecting of 11 underground gasoline tanks, according to Comdr. E. J. Peltier, officer in charge of construction at NAS, Jacksonville.

SQUEEKY WAS NERVOUS  
LOS ANGELES, Mar. 2—(AP)—"Squeaky" is en route by railway express to be with his master, PFC Frank Traub, at Fort Campbell, Ky.

The soldier's father, A. A. Traub, explains "Since Baron left, Squeaky has been so nervous his appetite is nearly gone."

PFC Traub's superior officers are apt to be a bit nervous too when Squeaky arrives. The pet is a husky 11-month-old mountain lion.

PVT. COKER  
WITH U. S. 1ST CAVALRY DIVISION ON KOREAN BATTLEFRONT—(Delayed)—Pvt. Chester Coker, son of Mrs. Kate Coker, Rt. No. 1, Webster, Fla. has been awarded the Combat Infantryman's Badge in Korea while serving as an Infantryman with the 7th Cavalry regiment.

WILDLIFE FEDERATION  
MILWAUKEE, Mar. 2—(AP)—The National Wildlife Federation opened its 15th annual Clearing House for Conservation Education today.

## Senate Will Pass On Morse Amendment To Hold Minimum Draft Age At 18 1/2

WASHINGTON, Mar. 2—(AP)—The Senate agreed today to a test vote Monday on the controversial issue of lowering the draft age to 18 years and 6 months.

The present Selective Service Act allows induction at age 19. A pending bill approved by the Senate Armed Services Committee would allow calling up of 18 year olds.

The test will come on an amendment by Senator Morse (R-Ore) to make the minimum age 18 1/2 years.

The Committee bill would require local draft boards to take older men in the present 19 to 26 draft manpower pool before calling any 18 year old. It also would require that the 18 year olds nearest 19 be inducted first.

The Morse proposal would eliminate both these restrictions, allowing boys 18 1/2 years of age as well as those 19 to 26 to be taken at the same time.

Morse said he would also allow boys between 18 to 18 1/2 to volunteer.

The test will be the first on a series of amendments proposed for the broad universal military training and service bill. It has been debated intermittently this week and the voting agreement was by unanimous consent.

Senator Cain (R-Wash.) urged today that the nation draft 18 year olds because "we need every man we can get in Korea." Cain had sharp criticism for Morse's proposal.

Meansville Price Director Michael V. Disalle, who has just allowed auto makers to raise their prices 3 1/2 percent on new cars, has put his staff to work on a new order concerning used cars.

The rise in auto ceilings, announced last night and effective today, is expected to cause a boost of a little more than 2 1/2 percent in retail car prices as soon as the higher-priced cars begin arriving in show windows.

Disalle told of the used car price plans at his appearance to (Continued on Page Two)

## Fraudulent Duval Contracts Termed Subject To Voiding

TALLAHASSEE, Mar. 2—(AP)—Attorney General Richard Levin said today the Duval county school board has authority to suspend architectural contracts involved in its school brick construction case.

However, he said such suspension should not be binding on the board and it could enforce the contract regardless of the fact it was obtained by fraud or bribery. If it would be in the best interest of the school system.

Seven persons, including a member of the Duval county school board, were indicted for conspiracy to accept bribes or unlawful compensation in the awarding of contracts in the county's \$14,500,000 school construction program.

They will be tried Mar. 19. The Attorney General said in his opinion, the school board is authorized to suspend the contract "pending judicial determination of the charges."

"Even if the charges are substantiated, however, it would not necessarily have the effect of voiding the contract with respect to the contractor who obtained the contract by bribes or fraud.

## Papy Is Injured In Automobile Accident

KEY WEST, Mar. 2—(AP)—State Rep. Bernis C. Papy and two other men were painfully injured today when a car in which they were riding was struck from behind and rolled over three times.

Papy, a controversial figure in state politics, suffered a deep cut on his head which required three stitches to close. State Attorney J. Lamont Lester was bruised on the chest and received a possible concussion.

The car, a 1948 Buick, was owned by Joseph Knight, state conservation officer, had reverse face brakes.

Lester remained in the hospital for further treatment. The other two men were released. Acting Police Chief Harry Lee Baker reported the car which struck the three men was driven by a sailor, Norman Lanquette, who admitted a speed of about 65 miles an hour at the time of the accident. Lanquette was held in the city jail on charges, reckless driving and causing an accident. He was unharmed.

FRIDAY, MAR. 2, 1951

TODAY'S BIBLE VERSE

There have been fellow travelers for thousands of years. We are judged by the company we keep.

Governor Warren denies charges brought against him by the Senate Crime Investigating Committee.

We see where Gilda Gray, 'age 49', is staying a come-back in Milwaukee.

This measure deals only with aliens after they are properly in the country; it has nothing to do with the rates of immigration.

You'd think that with \$50,000,000 a year to spend Florida's State Welfare Board could provide adequately for all the old people in this state.

We always like to read the good house keeping magazine, because we learn so much about what the other half thinks about.

We wouldn't blame National Guard officers and men if they were suffering from a bad case of jittery days as they read the headlines one day proclaiming that they are about to be called into service.

Winter visitors detecting unpleasant odors at Sanford's junction clubs have to be told that they result probably from our quaint and primitive custom of using our beautiful lake for a cesspool.

Someone carelessly tossed a cigarette butt into a paper receptacle at the shuffleboard court's rest room.

He Beat Roosevelt

The only man to defeat Franklin D. Roosevelt for public office has written his memoirs. This is James W. Gerard, ambassador to Germany in the First World War and in 1913 the winner of the Democratic nomination for senator from New York.

Gerard came of a prominent New York City family, and was a successful lawyer and judge. His reminiscences, entitled 'My First Eighty-three Years in America,' contain the suggestion, not original with him, that the rise of Hitler might have been avoided if the Allies had set up a constitutional monarchy in Germany.

He also thinks that some of the Russian unaffection goes back to the Allied invasion of Russia after World War I. While the United States officially asserted that the intention was to keep the Germans from getting a foothold in Russia, the British and French frankly wanted to overthrow the Bolsheviks.

Citizenship For All

The House has passed a bill which would complete the redress of a long-standing injustice, a source of much criticism of the sincerity of American democracy. The bill would remove the last remaining prohibitions, based on race, against naturalization of aliens already legally residing in the United States.

This measure deals only with aliens after they are properly in the country; it has nothing to do with the rates of immigration. Quotas of immigration still would be set on a national or racial basis, and that is unavoidable as long as it seems to be necessary to set quotas.

That is a matter of entrance. Once they have been admitted for permanent residence, all immigrants should have an equal chance to become citizens, if they can attain the qualifications, regardless of race or nationality.

It Isn't Healthy

The Metropolitan Life Insurance Company made a study of a specimen group of six million average persons. Their findings showed that a man who has suffered severe disappointment in love is twice as bad an insurance risk as a slightly lesser extent.

Air Force Strategy

The Air Force decided to 'jump into production' of the B-52 because that plane is much like the smaller B-47, and thus the Air Force has had experience with the type.

The B-47 has a gross weight of 125,000 pounds and can carry a normal bomb load of 50 tons. It is powered with six jets. One of the early models of the B-47 Stratofortress flew across the continent at an average speed of 607 miles an hour.

The swept-wing, all-jet version of the B-52, called the B-52D, will be tried out after the first two models are delivered. It is a competitor of the B-52 but the Air Force may decide that both the B-52D and B-52 bombers are needed and order the B-52D into production.

Florida Witness

It was a teammate of Edward Gard and Nathan Miller, two other former LIU players who are among 12 present and past basketball players under arrest in the bribery plot.

Hogan's announcement identified the so-called 'mystery witness' from Florida about which there had been reports for the past two days.

He was brought here by Assistant District Attorney William P. Stevenson. Stevenson said that work is still being done on the case and that he would announce the names of the other witnesses in the case.

Korean War

(Continued From Page One) cross the Han River and probed at Communist defenses of Seoul, the burned out former Korean republic capital.

On the east-central front, U. S. Seventh Division spearheads which had thrust three miles north of Amidong Thursday were forced by antitank fire to withdraw Friday.

It was in this area that an estimated 60 Korean Reds disguised in Korean Republican uniforms slipped inside American positions northeast of Amidong.

A. P. correspondent Tom Stone, with the Seventh Division, reported the Reds went up to the GIs in their foxholes and fired upon them.

Other Americans charged the 'Other Americans charged the' counterattacks on the division's positions. Each attack was hurled back.

The U. S. Fifth Air Force reported several flights of F-80 jets into Russian-type Red jets fighters near the Yalu River.

No damage to either side was reported. In each instance, the Reds broke off the dogfight and streaked northward.

A Fifth Air Force summary said two F-51 Mustang fighters were shot down in Red territory by ground fire Friday, but did not locate the action.

Other F-51s dived through heavy anti-aircraft 43 miles northwest of Seoul to plant Red troop and supply concentrations at Sib-yong. Pilot reported the village and nearby woods were 'alive with troops.'

On the eastern end of the Seventh Division straightened a bulge in the United Nations line between Pangnim and the east coast.

The Marines fanned out in the town, past the scattered bodies of the soldiers from the Dutch battalion that had ambushed there 'two weeks ago.'

Randolph said the Marines slept without stopping and awoke more high ground. He added that the Reds were pinned down by machinegun fire slightly north of Hill 204.

On the Marine's left flank, British, Canadian, New Zealand and Australian troops launched northward against stiffening Chinese resistance. This was in the Yongdu area, 17 miles west of Hoengsong.

The U. S. First Cavalry Division Thursday was clearing in an Yongdu from the south and southeast.

On the mechanized cavalry division's left flank, the U. S. 24th division pushed slowly but steadily ahead in the Yangpung area, 27 miles east-southeast of Seoul. The 24th gained more than three miles Thursday.

The U. S. Third Division patrols probing Seoul's defenses were followed-up reconnaissance action which has been going on since Allied forces drove to the gates of the old capital in early February.

Lions Convention Scheduled For May In Jacksonville

JACKSONVILLE, Mar. 2 (Special) — The 1951 State Convention of Florida Lions Clubs will be held in Jacksonville May 20-22 with headquarters at the George Washington Hotel, it was announced today by Robert E. Hucker, chairman of the convention committee.

A local arrangements committee of 22 members selected from the six Lions Clubs in the Jacksonville area has been appointed and is already at work on a tentative program for the convention which, because of the present national emergency, will be predominantly a serious business session, Hucker said.

Hucker stated that there are more than 150 organized Lions Clubs throughout the state and five district governors as follows: Roy W. Russell, Tallahassee; Charles R. Hess, Jacksonville; Al Richbaum, Mount Dora; J. B. Crisp, Winter Haven; Emmet Roberts, Belle Glade.

Growers Vote

(Continued From Page One) situation as farmers in bondage. Orle Mathieu, past president of the Farm Bureau referred to the new Farmers Auction Inc. when he said that he believed the fact that 140 people have invested in an auction market was evidence that they want a market.

Al Skinner, president of the Sanford State Market Dealers Association, said that there is not a dealer at the market who is not in favor of the auction, and advocated locating a vegetable auction block at the market.

County Agent C. R. Dawson announced that Sanford Farmers Auction Inc. will hold its last auction on Friday night, March 2, at the new market site on the Orlando Highway, he declared, and a program for vegetable sales will be announced.

Vegetable Sales

(Continued From Page One) by Al Skinner, produce dealer, is the fact that it is known throughout the trade as a 'one stop market.'

The message 'Al Skinner said that the Przewalski horse actions in Morocco, showed she still is living 'in the dark ages of colonization' and commented that it was amazing that the United States could afford to sit on the fence without rebuking France.

Common Front

(Continued From Page One) Adenauer's West German government issued another statement last night, reminding the Western Allies that they promised to keep the Bonn government informed on all stages of four-power negotiations. It expressed confidence that if the Big Four deputies meeting in Paris Monday arrange a foreign ministers meeting, such a conference could solve all current problems, including that of German unity.

But the statement also reminded the West it had rejected the Communist 'Prague declaration' proposing the unification and centralizing of Germany. The Prague proposal would have given the east zone, with 18,000,000 population, equal representation with West Germany, which has 49,000,000 people.

Adenauer already has rejected an East German Communist proposal for an All-German constituent council to lay the foundation

French Policy In Morocco Criticized By Rebel Chieftain

CAIRO, Mar. 2 (AP) — Emir Abd Krim, 68-year-old leader of Rif revolts against France, appealed to the Arab world yesterday to demand independence for French controlled Morocco.

He sent communications to all Arab capitals calling for united Arab action after passage in a resolution attacking France's 'merciless and brutal Moroccan policies. The resolution asked Arab nations to break diplomatic relations with France.

Although Egypt has taken no official stand, Cairo's Arabic newspapers have been blasting the French agreement with the Sultan of Morocco which disarmed Moroccan nationalists and stripped the Sultan of some of his powers. They charge the agreement was wrong from the Sultan by force.

Abd El Krim has been living in Cairo since he escaped in 1947 from a French prison. He led the bloody Rif revolts against France and Spain in the early '30's. He declared in an interview that, unless France gives independence to the Moroccan people peacefully, a wave of nationalism will sweep the French out of North Africa.

France is attempting to prop up 'an outworn imperialism' in Morocco and that 'the United States and Britain should interfere and advise France against its unwise acts of violence which undoubtedly will lead to a situation that is a disaster for the Arab world.'

The message 'Al Skinner said that the Przewalski horse actions in Morocco, showed she still is living 'in the dark ages of colonization' and commented that it was amazing that the United States could afford to sit on the fence without rebuking France.

## The Lamplighter

By TOM DOYLE

There was music in the air last night as the Stetson University Glee Club, with Harold Giffin conducting, presented a splendid concert, held at the Southside Primary School. The voices were excellent, and quite apparent is the fact that Giffin gets the most from his talent. The group were at ease and followed perfectly the director's motions. The audience which should have been much larger, were appreciative, and answered for the various chorals and solo numbers with overwhelming appreciation.

Bill Jones was the outstanding performer of the group. His melodious voice, rich and warm, negotiating a good part of the keyboard. Jones was far and away the nearest thing to a finished artist on the stage. As he varies his seat to assume his place at the front of the stage, Jones impresses one as being nervous and somewhat ill at ease but when his liquid voice begins to pour forth, the lack of competence is surely dispelled. For Jones is master of his vocal technique. Here is a voice—and one we believe will continue to mature and acquire greater stature. There is no reason why Bill Jones will not carve out a comfortable niche in American music.

He ingratiate himself with the audience with his Jewish manner and easy smile. We were especially surprised at the finesse with which he rendered the famous "Barber of Seville" aria, "Largo Al Finito." No less well accomplished were Mattie's "Swan Lake" and the various songs from "Homburg's" "Desert Song."

Shirley Shaw, who sang two selections, does not appear as a regular member of the group. While possessing a very pleasing and clear soprano, her range was shaky, and her sustaining tones can stand improvement. Of her two renditions, Mattie's "A May Morning" was the brightest.

John Sims, tenor, did very well with his two selections, being especially good in Charles' "When I Have Song My Song." His voice has a very nice quality about it, while there is no great power to speak of, his voice possesses color, warmth, and sincerity.

The melody from the motion picture "Three Little Words" was sung and acted by Jack Cullerton and Betty Lynn proved greatly entertaining and a timely break from the regular pattern of the concert. Choral selections followed by solo. Cullerton has a fine baritone voice which especially proved its mettle in the beautiful Franz Lehar's "You're My Heart Alone," sung with the double trio from "Three Little Words." Mr. Cullerton and Miss Lynn performed in "Thinking of You," and "Where Did You Get That Girl?"

As an encore number they did a well received selection of the currently popular "Tennessee Waltz."

The program was concluded with a medley of tunes from "Homburg's" overture, "The Desert Song," which was recently presented by the Glee Club in Deland. Solo parts were handled by Bill Jones, John Everett, and Betty Lynn who with further training, should develop nicely.

The Stetson Glee Club is in its own proof of excellence; no mere words of ours are intended to be enlightening, smart, or new. We are voicing our longest and warmest wishes for this to be an ordinary musical entertainment. These kids love to sing, and if there be such a thing as "coming from the heart," their early last night's concert did.

When the group returns to Sanford, we shall again be counted "among those present."

The concert was sponsored by Beta Rho Psi Sorority for the benefit of the Fernald-Laughton Memorial Hospital Association. Mrs. W. G. Fleming of Sanford introduced Mr. Giffin and his group to the audience.

## Miss Mary Ann Wilke Has 16th Birthday

By TOM DOYLE

Miss Mary Ann Wilke was honored on her 16th birthday last night by her parents Mr. and Mrs. Charles Wilke with a dinner party.

The rooms were decorated in Easter colors with yellow tapers and streamers throughout.

Those present were Miss Alice Brown, Miss Gail Biting, Miss Betty Ann Carter, Miss Lucia Goff, Miss Linda Leonard, Miss Margaret Morrison, Miss Beverly Rogers and Miss Joan Wright.

Also Miss Ann Ralston, Miss Jean Moore, Miss Rosemary Boyle, Miss Beverly Gray, Miss Barbara Flynn, Miss Sylvia Hayes, Miss James Reel and Miss Wilke.

## Naturalist Notes

By MRS. J. H. BURNEY

The Seminole Audubon Society had as their guest speaker at the 147th meeting F. Bracon Rich, vice president of the Florida Society. Mr. Rich's talk on "Star Gazing" was most instructive and interesting. From earliest times, he told us, the Greeks and Romans have studied the stars for aid in navigation. The sun, said Mr. Rich, is burning up at the rate of a half billion tons per second, but even so it will be 500 million years before any change will be noticeable.

The sun pulls the whole planetary system with it, he said. Mercury, the smallest of the planets, takes only 88 days to move around the sun. Venus is the beautiful evening star seen in the heavens, and is about the size of the earth. Venus, also, is one of the planets that might have some form of life. It has no moon, he said. Mr. Rich, reflecting the light of the sun, where stars are themselves furnaces of heat, the sun being our nearest star.

He explained the four different types of the earth's motion and the change of the seasons. The earth rotates, revolves, wobbles and tumbles. The nebular is the birthplace of the stars. Mr. Rich told of some of the wonderful instruments being perfected today which is so powerful in measuring heat that it is said that if a candle were burning in Jacksonville, the heat of it could be measured in Daytona Beach.

One of the books recommended by Mr. Rich that has come out recently is "The Conquest of Space."

Pictures were shown illustrating various phases of the sunspots, comets, etc. Sunspots occur in cycles of 11 years, and have a definite effect on bird life and human activity because they affect energies. Some unusual pictures were shown of the moon, stars, planets and nebulae.

The February bird walk took us to the W. L. Bigg home on Lake Harney where we found coffee and doughnuts awaiting us. There were already several varieties of birds, including bobwhites, busy at the feeder. We had hoped to find many shore and water birds in a small nearby lake, but the water was still too high. In spite of this, however, 35 or 40 varieties of birds were identified in the fields and along the Lake Harney beach.

The program was concluded with a medley of tunes from "Homburg's" overture, "The Desert Song," which was recently presented by the Glee Club in Deland. Solo parts were handled by Bill Jones, John Everett, and Betty Lynn who with further training, should develop nicely.

The Stetson Glee Club is in its own proof of excellence; no mere words of ours are intended to be enlightening, smart, or new. We are voicing our longest and warmest wishes for this to be an ordinary musical entertainment. These kids love to sing, and if there be such a thing as "coming from the heart," their early last night's concert did.

### Mystery Witness From Florida To Be Questioned In Bribery Cases

NEW YORK, Mar. 2—(AP)—A mystery witness brought from Florida may be questioned today in the ever-widening probe of fixed college basketball games.

The witness, a man said to have been brought here by Assistant District Attorney William P. Sirignano, is reported by some sources to be a former Long Island University player. However, District Attorney Frank S. Hogan's office refused to identify him.

Announcement that the man would be brought here and questioned came soon after the district attorney huddled with Eddie Gard, accused go-between in the game-rigging scandal, and Harvey Schiff, suspended New York University player.

Hogan said "questions were answered" by Schiff and Gard, but he would not promise new developments "immediately."

Schiff and Gard, former Long Island University player, are among 12 high-time college players or former college players arrested on bribe charges since the scandal was disclosed.

The current probe involved ten players from LIU, NYU, and the City College of New York. All allegedly fixed games were played at Madison Square Garden.

The first hint of the mushrooming gambling bribe scandal came in January when two Manhattan College basketball players were arrested on bribe charges.

Salvatore T. Scialzo, 46-year-old jewelry manufacturer and alleged court fix case, is encountered further legal difficulties which kept him in jail without bail.

The gambler and ex-cop, already has been indicted by a federal grand jury on a charge of failing to pay \$210,770 in income tax for 1944. Authorities said the inquiry into his tax returns was started two and a half years ago.

Local and federal authorities also are checking gold and diamond transactions made by Scialzo.

Rumors are fixed in professional sports were denied by District Attorney Hogan.

A newspaper reported yesterday that evidence revealed a master betting ring has been fixing professional fights and football games.

Hogan, in denying that report, also said there was no truth to rumors that he was turning over to the U. S. Senate crime probe committee purported information regarding operations of a national syndicate that fixed a wide variety of sports.

Another source reported that Sherman White of LIU, a basketball All-American prospect until he was arrested, plans to "cooperate fully" with authorities and "throw himself up the mercy of the court."

White's attorney, Benjamin D. Gold, said his client is "extremely penitent" and "fully aware of the seriousness of his conduct."

In view of the widening probe, grand jury action was held up yesterday, with indications that indictments would not be returned next Monday, as originally indicated.

### Celeryfeds Lose 65 To 38 In First Round Of Tourney

### Hardin Is High Scorer As Local Five Gives Out In Second Half

By ED HARPER  
The Apopka Blue Dodgers used the fast break to perfection last night in defeating the Sanford Celeryfeds 65 to 38 in the first round of the District Basketball Tournament.

Showing flashes of brilliance in the first quarter, the local five recovered from a 20 to 9 deficit at one point in the first half to end the period only six points behind.

Wise Hardin had his best night of the year in the first half looping in 12 points—but the pace was too fast and the lanky center could account for only 2 in the last two quarters.

Putting on a blazing rally, the Celeryfeds had eaten up most of the Blue Dodger lead as the second were running out toward the end of the first half when Garnett "Whizzer" White made the most spectacular shot of the evening—a running hookshot from the right hand sidelines which swished through just before the horn blew.

During the first half the local squad looked for the first time like a smooth-working offensive team—but their defense was pitiful.

As the second half it became quickly apparent that the fire was quick. Nothing seemed to go wrong for the Apopka five and nothing right for the Celeryfeds.

The fast breaking Blue Dodgers whipped the ball the length of the court and scored all alone under the basket repeatedly in the disastrous third quarter.

Smith, who quickly collected three fouls in the first quarter, played the best defensive ball of the game along with White.

Clarence Clause, a frenetic phantom who never ceased moving, drove through the Blue Dodger defense consistently but his eye was off and too many of his shots were missing.

By the end of the third quarter the Apopka five had piled up an 18 point lead and went on to increase it in the fourth quarter. The final score was 65 to 38.

Varsity Lineup  
Wise Hardin  
Gerald Covington  
Lefty Reynolds  
Dennis Stafford

### Training Camp Notes

By ASSOCIATED PRESS

LAKELAND, Mar. 2—(AP)—The Detroit Tigers won't quite be living the life of Riley this season. But it won't be too stiff either.

Manager Red Rolfe's general instructions: "Behave yourself. Keep in shape. No poker. Clin funny and hearty are okay but only for low, friendly stakes. Act your age. Keep hustling."

SARASOTA, Mar. 2—(AP)—Ted Williams connected solidly against only three of the 38 pitchers tossed at him in his first 1951 batting practice but his Boston Red Sox teammates were impressed by his performance.

Trainer Jack Fadden was certain Williams' fractured left elbow would be as strong as ever inside a month.

AVALON, Calif., Mar. 2—(AP)—It was blue Thursday for Chicago Cub manager Frankie Frisch.

Rain pelted Catalina Island and cancelled workouts. In the midst of the bad weather came word from Preston Ward, the club's candidate, that Uncle Sam instead of the Club probably would get his services.

Ward, who missed much of last season with a knee injury after a fine start, wired the news from southwest Missouri State College in Springfield, Mo., where he is a student.

He said his draft board had ordered him to remain in Springfield until Mar. 19 for his pre-induction physical. He said if he passed he would be inducted immediately.

WEST PALM BEACH, Mar. 2—(AP)—With all except two players on hand, the Philadelphia Athletics are in the real grind of spring training today.

Manager Jimmy Dykes lunched full scale drills yesterday, sending 40 players onto the field for a rigorous workout. Fielders were put through a two hour batting session.

Best news in the camp, of course, was the re-signing of last year's first baseman, Ferris Fain.

The two absentees are Ted Davis, utility infielder, and Spider Wilhelm, second baseman.

TUCSON, Ariz., Mar. 2—(AP)—Cleveland's general manager, Hank Greenberg, still was looking for some vanishing Indians today. Pitcher Mike Garcia and second baseman Roberto Avila, both official holdouts haven't showed up for training yet.

In addition, he still hasn't spotted outfielder Thurman Tucker, first baseman Herb Conroy and outfielder-third baseman Orastes Minoza.

Avila was stranded in Jaurez, Mexico, with visa difficulties. Garcia is holding out for more money at his Visalia, Cal., home and the others are just late.

ST. PETERSBURG, Mar. 2—(AP)—Stan Musial became the St. Louis Cardinals' first casualty of the spring training season. He was struck by a line foul ball that broke a blood vessel in his left ankle yesterday.

The National League batting king regarded the injury as minor. Trainers said he would be out for at least two or three days.

### Big Sport Program Scheduled At FSC On Founder's Day

LAKELAND, Mar. 2—(Special)—The 16th annual celebration of Founders' Week, Mar. 5-11, at Florida Southern College will feature three athletic events on the week-long schedule of activities.

The sport program will get underway Monday, Mar. 5, with an Athletic Circus at the college gym at 8:00 P. M. The two hour program, a cooperative presentation of students in the department of physical education, will this year feature 10 acts: Latin twirling, men's sword dance, coed folk dance, vaulting acts, balancing acts, women's figure tableaus, African hunting scene, and comedy skits.

On Thursday at 8:00 P. M. an all-student playday will be held at the athletic field. The program will consist of novelty events in men's, women's and coed competition. Included on the slate are: a sack race, rope jumping relay, rolling pin throw, dodge ball, walk relays, and a contest in which the men pin dicees on a clothes line.

The athletic portion of Founders' Week will be closed with the third annual rowing regatta on Friday afternoon at 2:30 o'clock between the varsity crews of Florida Southern College and the University of Tampa.

On Thursday at 8:00 P. M. an all-student playday will be held at the athletic field. The program will consist of novelty events in men's, women's and coed competition. Included on the slate are: a sack race, rope jumping relay, rolling pin throw, dodge ball, walk relays, and a contest in which the men pin dicees on a clothes line.

### Kentucky And Vanderbilt May Meet In Southeastern Tourney Finals

By KYLE VANCE  
LOUISVILLE, Ky., Mar. 2—(AP)—Talk of a Vanderbilt-Kentucky finals was on the lips of most neutral observers at the Southeastern Conference basketball tournament today.

Vandy picked up new support when it turned red-hot and drubbed Tennessee, 88-52, in yesterday's first round. Kentucky, No. 1 in the Associated Press national poll, lost none as it mowed down Mississippi State, 92-70.

Another darkhorse on the horizon as play reached the quarter-finals today was unseeded Mississippi, 44-42 upset victor over second-seeded Alabama.

Fourth-seeded Tulane squeaked out a 66-62 decision over a flashy Florida five, but had to stall out the clock.

In today's quarters, Vandy faced Georgia at 1:30 P. M. and Ole Miss was paired with Louisiana State at 3:15 P. M.

Tonight's action will see Tulane pitted with Georgia Tech at 7:30 P. M. and Kentucky with Auburn at 9:15 P. M.

Georgia, L. S. U., Georgia Tech and Auburn drew first-round byes. Today's and tonight's winners will clash in the semifinals starting at 10 A. M. tomorrow. The finals are set for 8:30 P. M. tomorrow.

Off-floor action featured growling talk that the S. E. C. will abandon its post-season tournament and play instead an eight-team invitational last before the Christmas holidays.

Conference basketball coaches met today to discuss schedules, but S. E. C. Commissioner Bernie Moore said the tourney plan could not be voted upon until a meeting set for May.

Vanderbilt's stock soared when it blistered the Huskies with a record shooting average of 44.9 percent, the best in S.E.C. tournament play since Kentucky hit 41.6 percent in drubbing Tennessee, 95-68, last year.

TODAY'S BIBLE VERSE

Unlovely characteristics often develop late. They can be checked in youth by correction. When Israel was a child, then I loved him. —Hosea 11:1.

Time was when it was a privilege to pay taxes, and then nobody minded at all. But now everybody has to pay and it has become a burden.

As we tried to point out in the beginning the Navy is sorry, the Navy wishes to co-operate, the Navy hopes something can be worked out, but scum!

Columnist Drew Pearson, who has probably libelled more people than any other person in the United States, is suing Senator McCarthy of Wisconsin for \$3,000,000 in a libel action. The shoe is on the other foot.

The Sanford State Farmers Market sold over \$640,000 worth of cabbage during the month of February alone. We can remember when the entire proceeds from all sales at the market for an entire year amounted to only \$600,000.

When you hear people criticizing the Navy brass remember that it is the Navy brass which over profits of many a penny-pinching politician and the conniving of cabinet officers, put the U. S. fleet into mothballs after the last war ended, and it was this same mothball fleet, or part of it, which was used in Korea, which saved the U. N. task force at the Hungnam beachhead last winter.

Remember when the New Deal fiat came into power the idea was to redistribute the wealth to take it away from the rich and give it to the poor. Well, in 1929 there were only 1,477,000 persons with incomes of less than \$5,000 a year and they paid but a very small tax. By 1947 there were 38,000,000 income taxpayers in this small income group who were taxed more than \$6,677,000,000. They may be taking it away from the rich, but they are also taking it away from the poor.

The Herald has pointed out many times in the past the vast sums of money which gambling devices like slot machines, lotteries and punchboards fish from the pockets of the people, mostly those people who can ill afford to lose. The 'take' from such forms of gambling as bookmaking, policy or numbers (lotteries), slot machines, punchboards and gambling casinos, says the Kefauver committee, "is fantastic in amount". The average "take" on a slot machine is \$50 a week, and on all those in the United States this amounts to \$140,000,000 a year. Altogether all these various forms of illegal gambling are estimated to take around 20 billion dollars a year.

Governor Warren denies that his friend and financial backer Bill Johnston is "an associate of the Capone mobsters" as charged by the Kefauver Crime Investigating Committee. "He is," says the Governor, "a loyal friend and a good citizen. He has helped many needy people and has given generously to charity," and so forth. The Kefauver committee didn't say he had. It said he was "an associate of the Capone mob."

The Kefauver Report

If there is any such thing left in this country as righteous indignation after the corrupting influences of the past decade, the American people should rise in it. If democracy, which has been called the greatest and noblest experiment in all human history, collapses and disappears completely from the face of the earth, we will not have Communist dictators or Soviet armies to blame, but rather a betrayal of public trust by duly elected officials and our own indifference to an incredibly sordid state of affairs. The Kefauver Crime Investigating Committee's preliminary report shows the existence of an underworld government allied with an international crime syndicate reaching into almost every community in the country, corrupting public officials from constable to governor, and rivaling in power and toll it exacts from the people's pocketbook the government of the United States. Its operations cover every known form of crime from gambling to white slavery and murder.

With respect to Florida the Kefauver committee showed that an associate of the Capone gang of Chicago contributed \$100,000 to Fuller Warren's campaign fund and that as soon as Warren was elected he appointed a henchman of his generous contributor as his "chief investigator" of illegal gambling activities in this state, and that this investigator then became a partner in the S. and G. Syndicate of Chicago racketeers which controlled, or was trying to control, all illegal gambling in the Miami area.

The report also showed that Sheriff Cullbreath of Tampa was involved in the bolita racket and was the "center" of a conspiracy to violate gambling laws, that former Sheriff Clark of Broward county was a partner in a gambling racket from which he reaped enormous profits, that former Sheriff Sullivan of Miami grew wealthy while he remained in office and while gambling flourished throughout his county.

But space did not permit in the 35-page report of the Kefauver committee a list of more than a small part of the criminal activities currently carried on in the United States. The Kefauver committee did not delve into the mysteries of the Reconstruction Finance Corporation, or the mink coat of the President's secretary's secretary, or any of the other disclosures being made by Senator Fulbright. It did not say anything about the sale of federal offices in Mississippi as reported by Senator Stennis. It did not mention the trial of a Florida sheriff for collecting graft in a bolita racket, or the payment of fines on the installment plan in Volusia county, something which the Governor says is all right.

Is it any wonder with such conditions existing in this country, with such callow disregard for their sacred duty as is being exhibited by public officials from the highest to the lowest, that basketball players sell out their team mates for a few thousand dollars, that cheating is reported on the increase in many schools and colleges, that fathers desert their own children in order to throw them on the welfare rolls, and that juvenile delinquency, immorality and drinking driving are approaching a national scandal?

The President of the United States, the Governor of Florida, should be the first to be horrified by such disclosures. They should take the lead in stamping out crime, corruption, immorality and general indecency. They should set an example to the rest of the country in unimpeachable conduct. Instead they call the charges "assinine," "a lot of baloney," "a newspaper talk." Whom do they think

Caged Composers

A songbird can thrive in a cage, but can a musician? Dimitri Shostakovich, the Russian composer, was censured three years ago for writing music in an un-Marxian manner. What that means, no one but a Communist can tell. The upshot of the charge was that he apologized abjectly as anyone living under a Communist regime must do when the authorities choose to find fault with him, and promised to do better in the future.

Now Pravda, the official newspaper of the Kremlin, deigns to praise Shostakovich and some fellow composers for avoiding some of their previous faults, though remarking that further improvement is still possible.

Whether musicians would consider the present-day Shostakovich productions as good as the old ones, or could detect any difference, is a question to which as yet there is no answer.

Draft Standards

The armed forces appear to be due for a lowering of their standards of physical and mental fitness for servicemen, whether they like it or not. Dependency and job clearance requirements seem destined to be made more exacting. Some change of draft age limits, possibly quite small, is likely.

These steps are bound to be criticized. We don't like to lower standards of fitness, to draft husbands or youngsters, or to take men out of important jobs. But in military draft as in other matters compromise is often necessary. The standards and rules must be made to balance the supply of men against the needs.

Congressman Herlong Reports

I would like first to express my appreciation to the newspapers of our District for their kindness in publishing our questionnaire two weeks ago so our people could have an opportunity to express themselves on the matters upon which we will have to vote during this session. On some of the questions we may not be able to vote directly, but we will have a chance to express ourselves on appropriations, designed to carry out the Administration's policies. I think the people of our District should know the position the Florida Delegation now holds in the eyes of other members of Congress and the people who work on Capitol Hill. As you have probably heard, we have weekly luncheon meetings in which we discuss the problems of the whole State. At these meetings we exchange ideas and information so that all of us have the same information about all of our problems.

Just recently a newspaper man of the Hill told me he had had a chance to observe all the members of the Florida Delegation at a luncheon meeting in the Capitol building. He said that he had seen a number of members of the Florida Delegation who were in the habit of coming to the Hill to have lunch with the members of the Florida Delegation. He said that he had seen a number of members of the Florida Delegation who were in the habit of coming to the Hill to have lunch with the members of the Florida Delegation.

BLOOD DONOR OF THE WEEK

Hundreds Of Reds

(Continued From Page One) hopeless but fighting retreat of a small American force of about 2,400 cut off miles behind enemy lines and outnumbered at least 12 to one. "It all started," the staff officer said, "with the plan to let two Korean divisions lead the advance against the Reds on the central front supported by special American tank forces of artillery with an infantry guard and with the main American line several miles behind."

The ROK (Republic of Korea) unit was the Eighth Division advancing steadily toward Hoengsong. A special support force of one American field artillery battalion and a battery of medium artillery with an infantry battalion to protect the artillery was ordered north to support the ROK advance. The special support force consisted of a tank company and an infantry company.

The night of Feb. 11-12 the Chinese hit the ROKs hard. By 2:30 A. M. the Chinese had cracked through the ROK line and were attacking our own American "entry perimeter" defending the line.

"We heard later that one ROK regiment had collapsed but two ROK regiments must have put up one helluva fight."

The American support team was sent back down the road to secure a bridge near Haklam so we could withdraw safely.

The tanks took a platoon of infantry. When they got near the bridge they ran into a Chinese ambush (and) the whole little force was practically annihilated.

The American support regiment was strung out over nearly 20 miles of road. The regimental commander had very few forces under his hand at any one point. It was estimated the Reds had at least 23,000 men massed against the American regiment and the Eighth ROK Division.

The support force started down the road and managed to fight all the way back to Saemal with the Chinese firing constantly from the hills on both sides of the road," the staff officer said.

"All this time the battalion in Saemal was under constant attack from Chinese rifle, machinegun and mortar fire. The Chinese were firing from the hills on both sides of the road. They thought for a while they were retreating ROKs."

"Our regimental headquarters was hit by a Chinese tank firing from the hills on both sides of the road. The Chinese were firing from the hills on both sides of the road. They thought for a while they were retreating ROKs."

"The Chinese fought like hell but the southern force went on through and linked up with the convoy."

As darkness fell the remnants of the trapped force found themselves in terrible isolation. One wounded survivor says someone ran to the line, where he lay with other wounded and shouted "Come on, you wounded guys get out and fight for your lives."

It was a fight to the death. The Chinese division poured in more and more reinforcements. Hopelily surrounded the men fired until they fell. Everything was shot up their ammunition at point blank range.

Almost everywhere along the road were empty rifle cartridges spaced out every few feet. There were heaps of them where machineguns had fired. When the end was clear and the Chinese closed in for the kill the gunners destroyed their artillery pieces.

That part of the convoy that escaped before the Chinese closed in was pulled back through Hoengsong where the Eighth was fighting for their lives. The Chinese were warning in an Hoengsong hot tank. The Chinese were warning in an Hoengsong hot tank. The Chinese were warning in an Hoengsong hot tank.

The Revolt Spreads

Rebellion against federal censorship of state welfare payrolls is spreading, both North and South. A Tennessee legislative committee investigating welfare spending has announced it will make public the names of children it has found on the rolls. The Indiana Legislature is preparing to pass a law throwing open the welfare list to public inspection.

In both states the legislators are defying a provision of the Social Security Act which keeps the welfare rolls secret except for "purposes directly connected with the administration" of the program.

Since 1911 the censorship has been enforced by the threat that federal funds would be withdrawn from any state not obeying the rule. But this threat no longer seems so fearsome in the legislators of Indiana and Tennessee.

The Tennessee and Indiana states have to raise in direct taxation to pay its share. In welfare the total requirement has grown enormously.

The Tennessee and Indiana states follow closely on the action of the Georgia Legislature in calling upon Congress to lift the censorship of welfare rolls.

A comparison of the amount spent per capita under the state-federal welfare program in Florida and in Georgia, Tennessee and Indiana is interesting. These are the figures for the 1949 fiscal year:

FLORIDA \$16.54  
Tennessee 8.89  
Georgia 8.71  
Indiana 8.69

Then we see that Florida, which now pays out some \$50,000,000 a year for the aged, dependent children and blind, spends more than twice as much, proportionately, as Indiana and nearly twice as much as Tennessee and Georgia.

There is no logical explanation for the difference except that the welfare program in this state has been foolishly open-handed—a conclusion supported by the fact that total welfare spending has risen 700 per cent in 10 years.

Florida's taxpayers and legislators have much greater cause for concern over welfare spending than do those of Georgia, Tennessee and Indiana. When the legislature meets in April it should lose no time in joining the rebellion against federal censorship and in adopting some of the sensible restrictions on welfare handouts now in effect in the other states.

down the Son River valley and were massacred themselves by the concentrated fire of 22 pieces of artillery. This was the "Wendu shoot" that finally broke the Chinese drive.

Red Cross Drive

(Continued From Page One) fund campaign chairman, said that in the present state of world unrest, "the job to be done by the Red Cross for the military and for civil defense, plus maintaining its normal day-to-day activities, adds up to what can be the biggest task the Red Cross has ever undertaken."

Gov. Sanford listed the following as principal points in the expanded Red Cross program:

1. Acting as official agency for collection of blood and its distribution for the military and coordinating the collection of blood derivatively for civil defense. To fully meet these and regular civilian needs, the Red Cross must collect 1,500,000 pints of blood this year.

2. Training 20,000,000 persons in first aid including treatment of injuries from atomic bombs.

3. Training 100,000 men and training 1,000,000 housewives in home nursing for civil defense.

4. Assisting civil defense in providing food, plotting and shelter during an emergency period.

5. Expansion of Red Cross services to the armed forces to meet the needs of the proposed 5,000,000-man fighting force.

One-Third For Taxes

State Comptroller Clarence Gay, addressing the Tampa Rotary Club yesterday, made the astounding—yet by no means exaggerated—statement that, by next year, the people of Florida will be paying the total city county, state and federal taxes of \$1,000,000,000, which will be one-third of the total income of the state. In other words, Floridians will be paying for the support of government 33.3 per cent of all they receive, from all sources.

Comptroller Gay based his estimate on the figures for the current year which show the Floridians are now paying \$84 million dollars in taxes. The increases in federal taxes due to the defense program, and in other levies, will rise the total take to a billion or more.

"It has become a question," said Mr. Gay's head fiscal officer, "just how long the people can stand it."

Mr. Gay's talk to the Rotarians was a revealing report on state government, what it is costing, how that cost has enormously grown, what the budget board is doing or trying to do to keep it down within reasonable reach of available revenue, what citizens can do to relieve a steady worsening situation. In the course of his remarks the comptroller severely criticized abuses in the state welfare program, which he said, "has gotten out of hand," and suggested measures whereby these abuses may be corrected or removed.

Quoting a friend who warned him that his attitude on welfare was "radical suicide," the forthright state official declared that no consideration of political expediency would deter him from continuing the fight against waste and for sensible economy in state government.

Urgent School Problem

In compliance with state law which says that it is the duty of the state superintendent of public instruction to "bring to the attention of the people of Florida facts which affect the education of Florida's children," State Superintendent Thomas D. Bailey has issued a pamphlet which is starting to say the least. It is entitled: "The Story, The New Resident and Florida Schools."

Almost twice as many babies were born in Florida in 1949 as in 1950, he said. The 31,642 babies born in 1949 will be the first graders of 1955.

In the last ten years 411,344 new residents came to Florida, the fastest growing state east of the Rockies.

"An average of 1,172 out-of-staters became residents of Florida every week for the past ten years," says Mr. Bailey's booklet. "An average of 225 new school children from other states came to Florida every week for the past ten years. That's 11,535 new school children every year for the past ten years from new residents alone. Every time 11 new residents move to Florida two of them enter our school."

Since 1944-45, there has been an increase of 98,158 children in Florida schools. Last year, 1949-50, 495,068 children attended school in the state, an increase of 24,367 children over the previous year. There are now between \$25,000 and \$30,000 children in Florida schools.

An estimated 60,000 more school children will attend our schools each year for the next five years. "Every child who enters school (and he must enter school, whether there's a seat for him or not), needs a seat in the classroom—a set of books—a teacher—possibly a desk on a bus—and his share of all the other facilities and tools of education."

So every time a child enters school the cost of Florida's educational system increases.

Based on an on-the-spot survey of every school building in the state," says Mr. Bailey's pamphlet, "Florida needs \$150,000,000 worth of school construction and repair right now."

To keep up with increasing enrollment (30,000 additional school children each year calls for 1,000 new classrooms at \$10,000 each), Florida will need \$10,000,000 in new classrooms each year for the next five years.

"Add the \$50,000,000 the state needs for the next five years to now and you can see the school bill \$150,000,000 the state needs building problem Florida is facing," the state superintendent said.

"He says Florida is too far behind in building to provide additional school facilities on a 'pay as we go' basis. Although bond issues will be needed, they are not sufficient to build the schools of the state.

So it is proposed that the legislature earmark as a stable source of state income, state funds now allocated for school construction, permitting the counties to issue revenue certificates against anticipated receipts from this fund. This plan will require about two years to become operative. An act of a bill by the 1951 legislature, placing a constitutional amendment on the ballot next November is necessary.

The people of Florida must decide what they want to do about their schools. The longer the decision is put off the greater will be the problem.

Confine That Cold

W. V. Ditting, Toucheau Drug Co. When you see members of the family coming down with a cold it usually means a lot of extra labor for mother. If there are several children in the family they have a tendency to pass their cold around. Keeping a sick person isolated from the rest of the family and sterilizing dishes and silver makes additional work but it doesn't take nearly the effort and strength of nursing several sick people in succession. Make certain the prescription your doctor writes is compounded of fresh, pure drugs. This is the 25th of a series of Editorial advertisements appearing in this paper each week. Copyright

### Top Basketball Teams Will Meet In 2 National Court Tournaments

NEW YORK, Mar. 5—(AP)—With the regular college basketball season virtually ended, tournament time approached today with the lines being drawn for the National Invitation and NCAA joust—the major attractions.

Aside from the fact that Kentucky, rated the nation's No. 1 team for weeks, was handed a stunning upset Saturday by Vanderbilt in the Southeastern Conference tournament final, most of the league races were following the expected script.

The field for the National Invitation affair, which begins Saturday at Madison Square Garden, is almost filled, but 10 places remain in the 15-team NCAA tournament.

Selection of St. Louis (21-7) and La Salle of Philadelphia (22-5) located to 10 the number of teams in the N. I. T. Two more are to be chosen, and the names of Oklahoma A&M, Cincinnati and New York University were being mentioned.

In the NCAA tournament, which blossoms forth later with three sectional tournaments at New York, Raleigh, N. C., and Kansas City, the picture is clouded. Six teams, all winners of their respective conference titles, are in the field. They are Kentucky, Columbia, Arizona, Brigham Young, Kansas State and North Carolina State.

But, four more conference championships must be determined, and the selection committee has to choose six other "at large" or independent teams.

There is plenty of time. Play starts at Raleigh and New York Mar. 20, and at Kansas City Mar. 21. The finals will be at Minneapolis, Mar. 27.

Kentucky, blacked out by Vanderbilt, 61-57, nevertheless goes into the NCAA affair at Raleigh by virtue of having won the Southeastern Conference title in regular play. It left Kentucky with a 27-3 record.

North Carolina State (28-4), qualified for the Raleigh tourney by downing Duke, 67-63, and Columbia (21-1), clinched the Ivy League crown and a NCAA berth in New York by defeating Pennsylvania, 63-58.

Brigham Young (28-7) finally won the Skyline Six crown by defeating Utah Saturday, 69-51, assuring a trip to Kansas City. Previously, Kansas State (20-3) and Arizona (22-4) had wrapped up the Big Seven and Border Conference titles, respectively.

Florida (18-3) and Oklahoma A&M (26-2) need one more victory to capture the Big Ten and Missouri Valley championships, but it isn't simple for the Southeastern and Coast Conference contenders.

There is a triple tie in the Southwest, among Texas, Texas A&M and Texas Christian, all at 18-3. In the Pacific Coast, Washington clinched the northern division title by defeating Washington State, leading champion, 86-41.

In the southern division however, Southern California edged UCLA, 48-41, to throw it into a tie.

### FSC Meets Tampa In Third Annual Rowing Regatta

LAKELAND, Mar. 5—(Special)—Rowing crews from Florida Southern College and the University of Tampa will start their 60-foot racing shells on a mile-long course on Lake Hollingsworth here Friday afternoon, Mar. 9, in the rowing of the third annual "Founders' Week" regatta.

The meet will be the second of the 1951 rowing season pitting the Water Moccasin and Spartan crews. Tampa took possession of the Oreganite regatta trophy, won by Southern last year, by defeating the Mocs on the Hillsborough River in the collegiate season opener on Feb. 5. Since then Coach Roy Couch of FSC has had his varsity and junior varsity crews on the water on a steady week schedule in preparation for Friday's race.

Southern will face the Spartans with a revised lineup. Winning the 12-foot sweep in the varsity boat will be Martin Gay, stroke; Frostproof; Bo Allen, No. 2; Hollywood; Deacon Allen, No. 4; Hollywood; Clayton Lyons, No. 5; North Bergen, N. J.; Captain Ed Waters, No. 4; Rochelle Park, N. J.; Bud Borden, No. 3; Springfield, N. J.; H. W. Van Arsdale, No. 2; Elizabeth, N. J.; and John Ward, bow. Baldwin, N. Y.; Coxsack, Pa.; Lockport, N. Y. City, will call the boat.

In the junior varsity boat will be (from stroke to bow) Jan Brouwer, Babylon, N. Y.; Buster Thompson, St. Petersburg; Ed Cochran, Jacksonville; Ray Krickmer, Brooklyn, N. Y.; Gil Fryer, Livingston, N. J.; Gary Farrar, St. Petersburg; Larry Kravitzky, New Britain, Conn.; and Frank Deo, Barre, Vt. Coxsack, Pa.; Lockport, N. Y. City, will call the boat.

In the senior varsity boat will be (from stroke to bow) Jan Brouwer, Babylon, N. Y.; Buster Thompson, St. Petersburg; Ed Cochran, Jacksonville; Ray Krickmer, Brooklyn, N. Y.; Gil Fryer, Livingston, N. J.; Gary Farrar, St. Petersburg; Larry Kravitzky, New Britain, Conn.; and Frank Deo, Barre, Vt. Coxsack, Pa.; Lockport, N. Y. City, will call the boat.

**Straight from the Horse's Mouth**  
By ED HARPER

Florida lost by two points to a highly favored Tulane basketball team in the Southeastern Conference tournament last week giving the surprising Gator five respectable 11 won, 12 lost record for the season—not bad considering the wide predilection of disaster which were made about the squad before the season opened.

Harry Hamilton—who scored more than a thousand points during his Florida career—was the top individual scorer on the Gator team and the sparking of the flashy impetuous record in the last few weeks. Winning over the vaunted Crimson Tide by only four points the Gainesville five nonetheless showed definite latent class.

As in all sports programs, but in the case of the Gators they show a singular accuracy in bearing out the evidence of the wear and tear record.

Florida defeated some tough teams during regular season play, most prominent of which was Alabama which has compiled an impressive record in the last few weeks. Winning over the vaunted Crimson Tide by only four points the Gainesville five nonetheless showed definite latent class.

But the record even more revealing when it shows a total of 543 field goals against 507 for the opposition. Here the spread is only 36 shots. The Gators percentage of hits was slightly lower than the overall opposition throughout the year, standing at 32.4 against an even 35 for all the teams it faced.

An overall basketball superlativity places an equal importance on this percentage, and reason will make it obvious that a team which hits fewer of its shots than another is likely to lose. But the example of Hank (Bo) Oklahoma squad—which has the highest percentage in the nation—throws out of kilter the statistics of the system.

Florida's percentage of hits is excellent, but it is most certainly not 100% better than most of its opposition as its phenomenal percentage of hits would indicate. In the Oklahoma system, 10 plays should only make it more than 50% certain he will make the shot.

### Pittsburgh Pirates To Begin Training; Rickey Is Pleased

DELAND, Mar. 5—(Special)—Within the next week, a vanguard of the Pittsburgh Pirates baseball team will arrive in Deland for spring training scheduled at the Naval Air Station.

More than 200 players will train in Deland from March 12 through May 1, according to Fred Hering, President of the Charleston, S. C., baseball club and Director of the training program.

All ownership clubs in the Pirates' farm system, including New Orleans; Charleston; Waco, Texas; Salisbury, N. C.; Brunswick, Ga.; and Bartlesville, Okla., will train here in addition to the working agreement clubs composed of Modesto, Calif.; Hutchinson, Kansas; Burlington, N. C.; and Mayfield, Kentucky.

Arrangements for a 300 equipped with kitchen facilities and a post exchange, building were made through John B. Stetson University, while the City of Deland was contacted for a clubhouse and also two practice diamonds.

Branch Rickey, Jt. Vice-President and General Manager of the Pirates in Philadelphia, was in Deland last week for a short stay to inspect the progress at the training base. He was well satisfied with the improvements, Hering reported.

"Pool tables, boxes, and other forms of amusement are being set up in a separate building," the general manager said. "The bowling alley, in Building No. 6, also will be utilized for the players, he added.

### Scarborough May Brine Long Sought Pennant To Boston

By JACK HAND  
HARROSBURG, Mar. 5—(AP)—Fenway Park's chummy left fielder may be the terror for Ray Scarborough, one of the Boston Red Sox new pitchers.

"I figure we have eight men who can hit the wall more often than the other club," he said. "Of course, I'll be hit off that wall too. But it never bothered me too much. Most pitchers try to be too careful in that park. Get too careful and you're in a hole. Then somebody hits you and you're cooked."

Scarborough grinned as he eyed the lockers in the Red Sox clubhouse. Chuck Leisner identified the owners such as Humphreys, Williams, Goodman, Dravo, Deers and Peck.

"We'll be in all those naps on your side," he said, "especially Stephens. He gave me more trouble than all the rest. He really can worry a curve ball pitcher."

Curve ball pitcher, that's Scarborough, who came to Boston last December with Bill Wright in the trade that shuttled Joe Donahue to Chicago. Curve ball and now a knuckler.

"I used the knuckler some last year," he said. "But now I think I have it under control. I won't be afraid to throw it with men on base."

For years the newspapers raved that Scarborough on the trading block. Each spring he wound up in Washington, right where he had been with the Senators. The senators sent him to Chicago in a surprise move.

Everybody figured it was part of a three-cornered swap. So did Scarborough.

"I like Chicago fine," said Scarborough. "But the White Sox are on a long-range program and I don't seem to fit in. Now I'm in the place where I'm ready to do it. I'm not just a pitcher, I have a year or five years left."

This ought to be a heck of a ball club. Maybe they need to win more of those 3-2 and 3-1 games. I hear they're picking up to win the pennant already. That's sure a novelty to me.

Scarborough should be an expert on why the Red Sox missed in three close finishes. He beat them out of the pennant in 1946, he hit with games he pitched for Washington.

The fight, despite a low top of \$12 per seat, is expected to attract a record 70,000 gate at Detroit's Olympia stadium.

Charles was merely that he is confident he can outbox and outpoint his 37-year-old opponent and win a watershed election.

Fourteen of the 30 members of the Notre Dame basketball squad this season are of Irish descent.

### Training Camp Notes

VERO BEACH, Mar. 5—(AP)—Same old Rex Barney. The wild man of the Brooklyn Dodgers' pitching staff worked three innings in an intra-squad game yesterday—and granted six walks, heaved four wild pitches and was charged with the loss.

Did it bother this strong right-hander?  
"I'm not discouraged by those wild pitches," Barney said later, "because I threw some mighty good pitches, too. My curve was working well and my change-up was good. My fast ball was wild, but I'm sure that I'll lick it."

ST. PETERSBURG, March 5—(AP)—Glenn Hartung, the pitcher-outfielder, is atoning the thunder from the New York Giants' heavy hitters.

Leo Durocher doesn't know where to play the Honda, Tex. hurricane. On the mound, he's a .500 pitcher at best. In the outfield, he has a notorious reputation for playing singles into triples, and so on.

But Hartung's bat has been smacking in the Giant intra-squad games. Yesterday he wallpopped home run that sent the outfielders scurrying among the palm trees in left center field. Last week, he uncoiled another tremendous home run.

PASADENA, Calif., Mar. 5—(AP)—The outbreak of flu in the major league training camps, says Eddie Robinson, White Sox first baseman. He was floored by the "virus X" bug a year ago for 10 days.

"I became sick in a hitting 400 in spring games," he recalled Robinson. "When I came back I couldn't recover my timing or snap. In 30 games with the Senators I hit only one homer and batted .240. They finally traded me to the White Sox at the end of May."

In the final two months of the season Robinson hit .337 for the Sox to hit his season mark to .295. Robinson thinks the flu bug could cost a pitcher several victories and a hitter many an important single. A team could be reared so much it would find it hard to regain lost ground.

AVAILON, Calif., Mar. 5—(AP)—The Cubs may make a much better showing this season than their seventh place finish in 1950. Manager Frankie Frisch said today.

"We have some young pitchers who may find themselves this season," he said. "I'm speaking of fellow-bats Paul Minner, Bob Rush, Cal Hightower, and Klippstein, Warren Hacker and Bob Schultz. If we get a couple of those boys going good, we'll be in the first division."

WHIST PAIR BEACH, Mar. 5—(AP)—Manager Jimmy Dykes of the Philadelphia Athletics is well pleased with the form displayed by pitcher Joe Coleman. Last year's one-armed right hander is throwing as hard as he ever pitched and looks like the hurler who was expected to win 20 games last season.

Second baseman Kermit Wahl was the only casualty in camp. A finger nail was torn off during a workout.

SAN BERNARDINO, Calif., Mar. 5—(AP)—Manager Billy Meyer of the Pittsburgh Pirates is more than pleased today with two pitching prospects, Paul Pettit and Don Dempsay.

Pettit and Dempsay took turns on the mound in an intra-squad game yesterday and hurled shut-out ball in their three-inning stints.

Boyer is kicking his left leg higher, which he says gives his body "more time to come around." The full force to the pitching motion had been on his elbow, producing a snapping effect.

The new Boyer has a whipping motion, a form recommended by coach Mike Ryan.

### Ability To Call Pitches Is Help To Batters

By GAYLE TALBOT  
TUCSON, Ariz., Mar. 5—(AP)—Manager Al Lopez of Cleveland, an old catcher himself, is dead set against the tendency among modern backstops to use only their gloved hand—merely to knock the ball down when men are not on base.

The idea is, of course, that by keeping their meat hand out of the way they will be less likely to suffer jammed fingers, but—"The umpires don't give pitchers the strikes the way they do when a catcher uses both hands and holds the ball there an instant for the umpire to see," Lopez says.

The ability of players and coaches to "call" the pitches of rival hurlers is much more widespread than is generally realized. Rare is the pitcher who, sooner or later, doesn't develop some mannerism which tips off his curve or fast ball to the lynx-eyed batters of the league.

"If you want to know something, I wasn't much of a hitter when I wasn't calling the pitches," volunteered Hank Greenberg. "But I was pretty good when I knew what was coming."

The Indians claim there are numerous better signal stealers than Charlie Dresser, the new Brooklyn pilot, who is noted for the faculty, but that the others find it more profitable to conceal their gift.

In Jim Hegan and Birdie Tebbets the Cleveland club now claim the best balanced catching staff in the American league, though neither is quite in the class with Yogi Berra of the Yankees.

Sports writers in the Cleveland camp are becoming dizzy trying to figure out exactly how much money Lemon will make this year. Is it \$50,000, or over that figure? The management first announced \$40,000.

Members of the Southern Association. Dempsay came to the Buc from San Francisco of the Pacific Coast League and the Buc has 30 days after the season opens to decide whether to keep him.

BRADENTON, Mar. 5—(AP)—For the first time in five days, Manager Billy Southworth will be back with his Boston Braves 60-day and he has scheduled two vital meetings for his Braves today. Southworth was one of the 77 who were gripped yesterday.

RURHANK, Calif., Mar. 5—(AP)—It looks like the St. Louis Browns—and baseball—will have to do without Frank Secor, one of the game's most promising rookies.

He's a successful oilman working out of Okmulgee, Okla., and isn't interested in the \$5,000 offered him by the Browns.

Saucier, letting star of the Texas League last year made his position known yesterday in a telephone conversation with Bill DeWitt, Browns president.

The 23-year-old left-hander hit .343 for San Antonio last year.

ST. PETERSBURG, Mar. 5—(AP)—Clay Boyer of the St. Louis Cardinals is developing a new pitching technique which produced impressive results in an intra-squad game yesterday.

He retired the first seven batters in a three-inning stint.

Boyer is kicking his left leg higher, which he says gives his body "more time to come around." The full force to the pitching motion had been on his elbow, producing a snapping effect.

The new Boyer has a whipping motion, a form recommended by coach Mike Ryan.

### Bribe Artist Is Jailed After Attempt To Fix California Basketball Game

LOS ANGELES, Mar. 5—(AP)—Authorities are trying to lead today whether the attempt to bribe a University of Southern California basketball player is connected with the eastern basketball scandal.

In jail in lieu of \$50,000 bail is Albert Scroggins, 31, who identifies himself as a former paratrooper and jockey's agent.

He was arrested Saturday night after Ken Flower, 19-year-old forward on the Trojan team, told his coach, Forrest Two-good, that Scroggins offered him \$1,500 to lose a crucial game against the University of California at Los Angeles.

"Scroggins told me we were going to lose anyway, so we might as well lose by 12 points and make some money," Flower, not a first stringer, told officers.

Just before game time, the entire Trojan team was told of the alleged bribe attempt. It apparently aroused the players. They fought furiously in a game marked by actual fistfights and won, 41-41, to gain a tie with UCLA for the southern division title of the Pacific Coast Conference. A playoff game is scheduled tonight.

Flower gave police and university officials this account: Scroggins told him he had \$1,500 to spend on the "fix," and would give him \$500 before the game, \$500 afterwards if USC lost by 12 points, and another \$500 to give to another member of the team.

Scroggins said "some of the others are fixed anyhow, so you might as well get yours." Flower quipped him, adding "he told me I'd never find out who the others were."

Flower said he'd think the deal over and immediately notified assistant coach Al Contry, who took the boy to Two-good. Coach Two-good telephoned detectives, who suggested that Flower go through the motions of accepting the bribe.

Flower went to Scroggins' room, but the latter was not there. The basketball player left for the game. Police later arrested Scroggins when he entered his room. He denied complicity in the case.

Detectives said they found a betting marker on which was the names of the competing teams, USC and UCLA.

### Frank Thomas Is Critically Ill Of Heart Condition

SAN DIEGO, Mar. 5—(AP)—The leading National League slugger, Frank Thomas, is in a serious condition, his physician said last night that his pulse was "rather weak."

During the year as coach of Alabama, Thomas led the Tide to four consecutive seasons and six post-season football games. His Tide eleven played in three Rose Bowl games, winning in 1935 and 1949, and losing in 1938.

Thomas succeeded Wallace Wade as coach at Alabama in 1931. He remained as mentor until poor health forced him to step down at the end of one of his best seasons. He continued in the role of Tide team's athletic director.

The 51-year-old sports leader suffered a similar severe attack two years ago, but recovered.

ed that Feller had signed for \$50,000. Lemon promptly said that figure would suit him fine, too. Feller signed for a bonus of \$12,000 over his 1950 salary.

Then General Manager Greenberg, after some debate with Lemon, announced that Bob had agreed to terms and would be the highest paid pitcher in baseball this year.

So what? Did Hank agree to pay Lemon more than the \$50,000 Bob had demanded. Or is the fabulous Feller making under \$50,000? The man of the press have about concluded that one of the Bob's has a bonus arrangement, but they don't know which.

## Red Reinforcements Enter Korean Battle

### Marines Drive Slowly Toward Transport Hub Against Fierce Chinese Resistance

TOKYO, Mar. 6—(AP)—Park-clad American Marines attacking over new fallen snow drove slowly ahead today in Central Korea. The Chinese Reds resisted bitterly.

The Leathernecks were pushing toward the key communications hub of Hongchon, 15 miles north of recaptured Hoengsong. Some of the Marine elements were 11 miles from Hongchon.

The Chinese Reds are believed to have concentrated their largest front-line forces at Hongchon. General MacArthur said another big Red force—the Chinese Third Field Army—is moving toward the front from northeast Korea to support the Communist fourth field army.

MacArthur's report was the first indication of a large shift by the Third Field Army. He said it was comprised of several army corps, possibly up to 90,000 men. Despite losses of an estimated 22,500 troops since the United Nations resumed its limited offensive, Feb. 21 the Chinese and North Koreans are believed to number 300,000 below Parallels 38 in South Korea.

Lt. General Matthew B. Ridgway, commander of Allied ground forces in Korea, said the Chinese advance the Red have plenty of men to launch a big counter-offensive.

But he expressed belief such an attack is not imminent. Ridgway added that his forces "at the moment" could stop a Red offensive.

The ex-paratrooper general spoke confidently of his Eighth Army's capabilities and praised the support he has received from General MacArthur.

Ridgway went in Korea from Washington to see Lt. General William H. Walker, who was killed in a jeep accident north of Seoul in December. Ridgway commanded an airborne division in Europe in World War II.

## Six Europeans Are Appointed To High Defense Positions

### Western Army Takes Shape As Top Level Leaders Are Chosen

PARIS, Mar. 6—(AP)—General Dwight D. Eisenhower's headquarters today announced the appointment of six Europeans and one American to top posts in the North Atlantic military command.

From Europe Eisenhower named three British, two French and one Italian to assist him. Eisenhower's chief of staff, Lt. General Alfred M. Gruenther, announced these appointments:

Lt. General Marcel Maurice Carpentier, French Army, to be Deputy Chief of Staff for Administration.

Air Vice Marshal E. C. Huddleston, (British) Royal Air Force, Deputy Chief for Plans.

Maj. General Terence Sydney Airey, British Army, Assistant Chief for Intelligence.

Maj. General R. W. Feilding, British Army, Assistant Chief for Organization and Training.

Rear Admiral Ferrant Capani, Italian Navy, Assistant Chief for Personnel and Administration.

Maj. General Edmond H. Leavelle, U. S. Army, Assistant Chief for Logistics, which now is located in the Hotel Astoria here.

## County Board Hit For Treatment Of Epileptic Patient

### Mrs. Ravene! Demands Medical Care For Mrs. J. O. Larson

Mrs. Eleanor Ravene! today strongly protested to the County Commission an action a month ago whereby Mrs. J. O. Larson was allowed to leave the hospital here to go to live temporarily with a friend, Mrs. Anna Starnes in Uptala.

Maintaining that Mrs. Larson is subject to epileptic seizures, and requires medical attention, Mrs. Ravene! asked that the former be returned to the County Home as bona fide County case where "she can have quiet and care of a doctor and until her case is diagnosed."

Mrs. Larson, said Mrs. Ravene!, had a spinal injury when she was 15 years of age, and added that an examination by a specialist might a way to cure the seizures.

"I have the power of attorney (Continued On Page 81a)

Mrs. Larson, said Mrs. Ravene!, had a spinal injury when she was 15 years of age, and added that an examination by a specialist might a way to cure the seizures.

"I have the power of attorney (Continued On Page 81a)

"I have the power of attorney (Continued On Page 81a)

## Senator Calls Help On RFC Loan Proper

### Murray Demands That RFC Make Public All Congressional Communications

WASHINGTON, Mar. 6—(AP)—Senator Murray (D-Mont.) today defended as "proper" his prodding of the RFC to lend \$1,000,000 to a Miami Beach Hotel for which his son, James Murray, was attorney.

In a statement, the Senator said that what he did was "routine" and "consistent with established congressional practices."

A Senate committee developed evidence yesterday that James Murray, a Washington lawyer, received \$21,000 in fees in connection with that Allied loans.

As to his son's connection with the matter, Senator Murray said: "He is a lawyer conducting proper and ethical services for his clients; and I can see no reason why, because he is my son, I should treat him any differently than I would any other lawyer."

"When he called my attention to the problems he and his associates were encountering in connection with this matter, and when investigation convinced me that his facts were correct, I volunteered a letter about it."

The loan which Senator Murray urged the RFC to approve was to the Sorrento Hotel. He wrote the RFC a letter about it.

A Senate Banking Subcommittee, now investigating charges of influence on RFC lending, brought out that it was one of three loans being handled by George Glasgow, a New York attorney.

The others were \$1,000,000 to the Saxony hotel, also of Miami Beach, and \$1,000,000 to a hotel equipment company in Miami.

## Senate Defeats Bill To Limit Volunteers' Length Of Service

### Leatherneck Taken To Korean Field Hospital

WOUNDED IN THE FIGHTING on the Wonju-Hoengsong sector in Korea, a Marine of the First Marine Division is gently placed on a litter for removal by ambulance (background) to a field hospital behind the lines. Fellow Leathernecks drove into Hoengsong, where the Reds had been putting up bitter resistance. (International)

## Raise In School Funds Faces Stiff Legislative Fight

### Opposition Is Voiced To Law Permitting Tax On Homesteads

## Only Selected ROTC Students Are Subject To Deferment, Draft Boards Told

WASHINGTON, Mar. 6—(AP)—The Senate today defeated 77 to 14 in an attempt to limit to three years the service terms of all volunteers for the armed forces.

Senator Morse (R-Ore.) proposed it as an amendment to the broad National Military Training and Service bill. He contended the Air Force, Navy and Marines had "high-pressure" thousands of young men to enlist for four years "to avoid being drafted into the infantry."

At present the Army has a minimum of three years for volunteers. The Air Force, Navy and Marines require men to sign up for at least four years.

The measure before the Senate would extend the draft to 18-year-olds. It also would provide machinery for a Universal Military Training, but a group of senators, led by Taft and Bricker, Ohio Republicans, and Edwin C. Johnson (D-Colo.), want to knock that section out of the bill.

At the same time Selective Service advised draft boards that only selected students in Reserve Officers Training Corps programs are eligible for deferment from the draft.

Director Lewis B. Hershey sent to state directors of Selective Service a bulletin explaining the status of draft registrants chosen for enrollment or continuation in the ROTC of the Army, Navy or Air Force.

His aides said the bulletin was issued partly because many persons mistakenly believe a student is automatically deferred from the draft when he serves in the ROTC students especially selected by ROTC officials are deferred, they said.
