

Plantation Estates Group Holds Meet In Sanford Hotel

By MARY POWLER
The Sanford Hotel in Winter Park was the scene of the Plantation Estates Women's Club (this week) Mrs. D. Dunkel greeted over 100 members and guests in a pretty ceremony presented papers to all new members, which reached of welcome. After the luncheon talk of Winter Park gave a fashion show of formal, sports and beach attire for both men and women.

Verdy reports were given by chairman of committees, followed by the account of the Florida Federation of Women's Clubs which met at Lakeland this month and in which Mrs. Caesar Robble and the president were delegates. Mrs. Ruben gave a vivacious account of the ten days' reception, luncheon and ceremonies, some of which were held at Florida Southern College (designed by Paul Lloyd Wright).

"When the impressive dedication services of the new club home," said Mrs. Dunkel, "a home built by the generosity of the junior and senior women's clubs and which belongs to all of us, on the first evening's functions when all of our state officials marched into Mayhall auditorium to the strains of Elgin's Pomp and Circumstance it was an outstanding convention."

"The Junior clubs, for those under 25, had colorful reports of the humanitarian work they were doing among working mothers; the projects for betterment of women everywhere were most appreciatively received. In all, we returned, weary from meetings and lectures, but imbued with the spirit of Florida club women and a desire to enlarge the scope of our philanthropic ambitions in our own club in De Bary."

Majorette Corps Receives Superior At State Contest

Thirteen girls of the newly organized Seminole High School Majorette Corps twirled and danced themselves to a victory for a superior rating in the Florida Bandmasters Association State Band Contest held in Gainesville over the weekend. The group of girls dressed in black T-shirts and shorts was the largest group among 15 ensembles entering the contest.

They were judged by Mrs. Portante who is a National Champion Baton Twirler from Williamsburg, Penn. Sgt. Bill Hexamer, a senior in the band accompanied the corps with a rhythmic drum beat.

Mr. and Mrs. Merle Smith have instructed the Corps throughout the year and Sgt. Carol Nutt is the head Majorette. Other girls in the group include Marty Cameron, Sandra Peterson, Harriet Redding, Mary Tanner, Mary Rose Spear, Joyce Rock, Pat Harrington, Bobby Crutchfield, June Jennings, Nancy Richards, Dottie Williams, and Gerri Spivry.

Comments on the judging sheet read: "A very nice corps. Appearance—outstanding. Very fine performance. For such a large corps you all did exceptionally well. You had most original formations and routines—shows evidence of a fine director and fine training. The drum accompaniment added greatly to the precision—he deserves a superior too, for he knew the routine as well as the girls."

Other band members receiving superior ratings were Sgt. Bob Reely who played a piano solo and Sgt. Bill Hexamer who played a timpani solo accompanied by eight brass players. Sgt. Bob Reely and 2nd Lt. Bob Armstrong received an excellent rating in student conducting.

Others receiving excellent ratings were 2nd Lt. Grace Dugger in a clarinet solo and 1st Lt. Larry Burney in a tuba solo.

Epnest Cowley, bandmaster stated "I am most proud of the fine showing of our group. It represents many long hours of hard work throughout the year and an elimination process at district contest for these students to be eligible for the state contest. Superior at state contest is the highest possible rating attainable."

Mental Health Contributors Told

Contributions to the Mental Health Campaign which is underway in Seminole County and will continue through May 25:

Dr. W. V. Roberts, Mrs. Sue Stevenson, F. D. Scott, Mrs. Walter Carter, Mr. Harvey Swanson, Mrs. D. K. McNab, Mrs. Verne Messenger, Mrs. Joel Field, Mrs. George Sline, Mrs. B. E. Chapman.

Anonymous: A. L. Wilson, Dr. L. T. Doss, Mack Cleveland Jr., L. A. Couer, Fred Wilson.

Lester Sharp, L. Dinkins, Rev. Milton Wyatt, Earl Vaughn, J. C. Davis.

Rupert Strickland, O. P. Herndon, Sanford Doudney, R. L. Brown, Martin Stinesipher, Dr. A. Mathers, Rayburn Milwee, David Gatchel, Andrew Spear, Mrs. Randall Chase.

Mrs. H. C. Hetzel, Jimmy Touby, John Mann, Helen Mann, Mrs. L. E. Spencer.

Mrs. Henry Russell, Mrs. Ada Hill Newman, LCDR. and Mrs. C. F. Filton, Mrs. H. M. Papworth, Dr. J. C. Boyce, Mrs. Earl E. Cash.

Visits To SNAS Set This Week For Civic Clubs

A series of visits to the Sanford Naval Air Station is slated this week for local civic clubs.

The Sanford Rotary Club members were guests of Captain Robert W. Jackson today at noon. Lunch was served to club members at the BOQ and afterwards a briefing of the station's facilities and a tour of the station was held.

Tomorrow, at noon, the Sanford Lions Club members will be guests at the Naval Air Station, followed by the Kiwanis Club on Wednesday at noon and the Junior Chamber of Commerce on Monday.

The visits and briefings lead up to the Armed Forces Day celebration on Saturday May 19 when civic clubs, veterans organizations, and other interested groups, along with units of the Naval Air Station, will take part in a mammoth Armed Forces Day parade.

Mayfair Planning Summer Program

The Mayfair Inn swimming pool and tennis courts will not be open the year-round, according to an announcement made Saturday by Frank Mebane Jr., Manager of the Mayfair Inn and Mayfair Inn Country Club.

Membership for the use of the swimming pool and tennis courts will also include the use of the golf course and all other facilities at the Mayfair Inn Country Club, said Mebane.

A program of entertainment for the summer, the Mayfair Inn Manager revealed, is being planned for adults and teenagers. This will include, according to the announcement, weekly dances and swimming parties.

A life guard will be on duty during the day and sandwiches and drinks will be available at the swimming pool on the weekend.

After December 1, membership will be on an annual basis only, the announcement said, but beginning on June 1, a half-year rate is offered for the family membership to the Mayfair Inn Country Club.

Present members of the Mayfair Inn Country Club will be extended the use of the Mayfair Inn Swimming Pool and tennis courts which use of have heretofore been made available to only those in the Bath and Tennis Club.

Talk On Writings, Life Of M. Rawlins Highlights Tea

By HELEN SNODGRASS
A talk by Dr. Norman Burnett of DeLand on the life and writings of Marjorie Kinman Rawlins highlighted the tea given Saturday at the lakeside home of Mr. and Mrs. James V. Richards. Over 100 guests listened appreciatively to the sympathetic appreciation of this writer of Florida's rural life, its colloquialisms and natural humor found in every day occurrences.

The tea was sponsored by the women of the Methodist church of Enterprise and donations are to be utilized for modernization of the church's kitchen.

Housewife (Continued from page One)

dollar bill, into the diaper of my baby for I believed that he was after money."

After loading the clothes of Mrs. Johnson and her husband in the car they drove out Highway 50 by the Highway Patrol Station, through Goldenrod and Oviedo and then to Geneva, with Peterson driving and holding the paring knife on her.

"At no time did he attempt to molest me," said Mrs. Johnson, "but he did mention it once."

"We stopped at a shack near Goldenrod where I changed my dress and he changed his clothes," Mrs. Johnson related. She was wearing a blue dress when brought to the Seminole County Jail.

The young woman said that Peterson came to her apartment about 4:45 p. m. Friday afternoon and they started their wild ride not more than 20 minutes later. It was 9:30 Friday night when the alarm

Former Resident Dies In Wichita

Funeral services for Roy T. Young, 67, formerly of Sanford, were held last Monday afternoon at the Byrd-Snodgrass Funeral Home in Wichita, Kan.

Mr. Young passed away May 5 at the St. Francis Hospital in Wichita.
The Rev. Ted C. Miller, pastor of the First Bible Baptist Church officiated at the services.
Born April 4, 1889 in Pratt County, Kan., Mr. Young moved to Wichita from Sanford, 14 years ago. He was a retired manager of Valley Feed and Seed Co.
Mr. Young is survived by his wife, Mrs. Kate Silvers Young; three sons, Donald O. and Russell L. Young of Sanford; and Dennis L. Young of Wichita; three daughters, Mrs. Francis Cole, Coloma, Mich., Mrs. Tillie Burr and Mrs. Tom Overaker, Wichita; three sisters, Mrs. Edna Harp, Enid, Okla., and Miss Bernice Young, Wichita; two brothers, Claude Young, Neosho, Mo. and Guy Young, Hutchinson, Kan.; 13 grandchildren and two great grandchildren.
Burial was in Old Mission Cemetery, Wichita, Kan.

was spread about the kidnapping, said Deputy Sheriff Cotton Brown of the Seminole County Sheriff's office.

A posse of Seminole County Deputy Sheriffs and Constables trailed the automobile, and with the help of two dogs from the DeLand Road Camp, found the couple on the narrow dirt road about 300 yards from Highway 46 backed into the brush.

Among those taking part in the search for the kidnapper were Denton Prevatt, Bill Lilly, Bill Goodspeed, Paul Duff, Cotton Brown, and Jimmy Singletary, Deputy Sheriffs and Constables J. Q. "Slim" Galloway and George Kelsey.

"My most terrifying moment," Mrs. Johnson said, "was when Peterson started slashing the ears, nose, eyes, and arms off a toy rubber kangaroo, with which my baby played, with a switchblade knife."

"I didn't know what he would do," she said.

"I am so thankful to be here alive," Mrs. Johnson commented as she talked with reporters at the Seminole County Jail.

It was after midnight when she and her husband were reunited at the Seminole County Jail. Staff Sergeant Johnson is stationed at the Patrick Air Force Base at Cocoa.

The alarm was spread that Peterson was in Seminole County by Alex Levine, a Negro who lived near the spot where the Johnson car was hopelessly stuck in the sand.

Levine had been secured to help dig the car out of the sand and with a shovel had dug around the tires until Peterson became exasperated and attempted to take the Negro man's car. The two engaged in a fight with Levine beating the enraged Peterson off with the shovel and left to telephone Seminole County authorities.

Peterson forced Mrs. Johnson to run with him from the scene but had been unable to get more than 300 yards through brush and bramble.
The 34-year-old Peterson said, at the Seminole County Jail, that his mother was afflicted with cancer and that he had known nothing but family trouble all of his life. "I arrived in Orlando Friday morning and all I was thinking of was getting out of the state," he said. "I called my brother and he told me that they were going to get the FBI on me," he related as he

talked to reporters. Asked whether or not he had molested Mrs. Johnson he said emphatically, "I wouldn't touch her."

Peterson was turned over to Orange County Deputy Sheriffs Bill

Another and Don Paden who stated, "We have a warrant for his arrest."

It is understood that Peterson is being held on an open charge until charges can be filed against him.

SANFORD, FLORIDA

TUESDAY, MAY 15, 1956

Associated Press Latent Wire

No. 97

WELCOME SANFORD CIVIC CLUBS

Routine Matters Foremost

Routine matters predominated at last night's Board of Sanford City Commissioners' meeting.

Public hearings were set for June 4 on the rezoning of the athletic area east of Melonville Ave. in the vicinity of the Sanford Memorial Baseball park and for the request by Howard Hughes for the rezoning of the northwest corner of French Ave. and 25th St.

The resignation of Alfred Stanley from the Planning and Zoning Board was accepted by the Board of Sanford City Commissioners with regret. However, due to the resignation also from that board by A. L. Wilson, appointments to fill the two vacancies were tabled until suggestions from the remaining members of the Zoning and Planning Board could be obtained.

The natural gas project met little interest at last night's meeting even though a representative of an engineering firm was present to answer questions. One commissioner stated that he would prefer private interests to operate the gas utility in the City of Sanford.

W. E. Kirchhoff Jr. was appointed to the Sanford Housing Commission for a four-year term. John Ivey was appointed to the same board for a one year term. Ivey was appointed to fill the vacancy caused by the resignation of Willie Hunt.

A beer and wine license was approved for Squire Wright at 1010 Hickory Ave. and a similar license was transferred at 501 E. 1st St. Beer and wine licenses to sell each in containers for consumption off the property were approved for Wade's Grocery at 509 E. 7th St. and at Wade's Super Market 2544 South Park Ave.

A request for a street light at 1400 Cypress Ave. was approved.

Also the request of H. N. Sayer, Sanford City Clerk, to attend the Municipal Clerk's meeting in New Orleans, La., was approved.

Sanford, DeLand Shriners Plan Inter-Club Affair

For the first time in the history of the Sanford and DeLand Shrine Clubs, an inter-club affair will be held, sparked by a moonlight boat trip aboard the Nautica sailing from the Sanford Pier.

Sanford Shrine Club president Harold Kestner said today that the Sanford and the DeLand Shrine Clubs will go aboard the Nautica at 5 o'clock tomorrow afternoon for the St. Johns River cruise and return at 8 o'clock in the evening.

The affair is being staged for the Nobles and their ladies and guests with each bringing a box lunch to take along on the boat trip.

Marines Receive Rank Promotions

Eight men of the local Marine Detachment at the Naval Air Station were promoted to their next highest rank last week.

J. J. Monahan was advanced to sergeant while the following men were promoted from PFC to Corporal: M. P. Chaplinsky, A. A. Coville Jr., J. J. Frake, G. W. Lindsay, H. T. Williams, Jr. J. P. Williams and C. E. Wherton.

The promotion awards were made by 1st Lt. E. G. Love, Officer in Charge of the Detachment.

Preliminary Sketches Of New Annex To Mayfair Inn Arrive

THE PROPOSED ADDITION TO the Mayfair Inn which will be built this year. (Copy by Jameson)

Erection To Start Soon

Preliminary sketches of the new annex to the Mayfair Inn were received in Sanford yesterday.

Frank Mebane Jr., Manager of the Mayfair Inn and the manager of the annex which will be kept open the year 'round, said that he is expected that contracts for the construction of the push annex will be let by June 1, with construction getting under way immediately.

The Mayfair Inn Annex will be built on the orange grove property east of the present hotel and will contain 48 rooms including two plush suites, the Presidential and Diamond suites.

According to the original announcement, the entire building will be air conditioned and will also include a solarium on the roof of the building with provisions for both men and women.

In all probability, a covered archway will lead from the present Mayfair Inn across to the new annex which is expected to be ready for use by Dec. 1 of this year.

The new Mayfair Inn annex is expected to be a motel type building with architecture to match the present Inn.

At the same time, it is expected that bids will be called for the Dormitory Building to be erected for the New York Giants' spring training camp on Melonville Ave. May 24.

Already, diamonds are being laid out for the gigantic expansion program with the three-story playing diamonds adjacent to the present Sanford Memorial Baseball Stadium and the area in which the dormitory building will be constructed. It is expected that the construction of the diamonds will get underway this week.

The new dormitory building will be completed in time for the 1957 Spring Training season of the New York Giants Farm System.

City To Construct Requested Boat Ramp Immediately

A boat ramp will be constructed by the City on Seminole Boulevard where the seawall and roadway is being constructed for the proposed Yacht Basin.

The concrete ramp will be 12 feet wide at one end and 30 feet wide at the base, 52 feet long on one side and 58 feet on the other.

The construction will be of six-inch concrete with wire reinforcing and will cost approximately \$650.

Request for the ramp was made by a representative of the Sanford Boat and Ski Club.

However, Harry Robson, local sporting goods man, reminded the Board of Commissioners, "You don't readily realize the magnitude of the boating and business construction of this ramp will bring to Sanford."

Robson told the Commissioners that the present ramp at the Lake Monroe Bridge is crowded with people from Orlando, and the surrounding trade area. He said, "There is a need for rest rooms, additional parking areas, and other facilities to take care of our visitors. We must keep in mind the future needs for boating."

Construction of the ramp will begin immediately during the low water level period of the lake.

Need for the ramp met the unanimous approval of the Board of Commissioners who instructed that the new facility be completed as quickly as possible.

Public Hearing Turns Into 'Yes', 'No' Affair

A public hearing on the rezoning of property on West First St. between Tamarind and Mangouline Aves. including lots seven and eight of Block Y and the rezoning of lots nine through 14 of Block Y turned into a "yes" and then a "no" affair last night at the meeting of the Board of Sanford City Commissioners.

The City's Zoning and Planning Commission recommended to the Board of Sanford City Commissioners that the area described be rezoned from a C-2 (Industrial) area to an R1-X (one dwelling residential) area.

Two attorneys spoke to the commissioners relative to the rezoning. Mack N. Cleveland Jr. represented Otto McDaniel while Edwin Shinholser represented a number of residents of the area to be rezoned.

Shinholser told the commissioners that the property in question was "residential in character if not in zone," and then explained "this is the first time that the residents in that area have been cognizant of what C-2 meant."

To impress the Board of City Commissioners as they heard the arguments for the rezoning and against the rezoning of the West First St. area, Attorney Shinholser asked those in the audience to stand who were residents of the area. Nine people stood up, some of them having their say on the question.

The Board of Commissioners, said Shinholser, "is vested with the police power in the rezoning of an area for the health and welfare of the people living there."

Mack N. Cleveland Jr. pulled the big punch of the evening when he compared an automobile repair shop proposed to be operated by Otto McDaniel, and for which he bought the property in a C-2 area, with a cabinet shop being operated in the rear of one of the residents' homes asking for the area to be rezoned.

Cleveland said "If F. Price, operator of an ex-nut shop in the rear of one of the dwellings, requested a variance and set it. An automobile repair shop would not be anymore obnoxious than the cabinet shop."

"You can't tell me the west side of town will not develop," said Cleveland. "You're dealing with the future of Sanford and in this particular instance you should recognize it."

After passing a motion to rezone the first area recommended by the Zoning and Planning Commission, the Board of Sanford City Commissioners reversed itself and denied the rezoning of any portion of the two areas recommended for a change from C-2 (Industrial) to R1-X (residential).

SNAS Plans Armed Forces Day 'Open House' Saturday

An Armed Forces Day "open house" celebration will be held at the Naval Air Station here on Saturday, May 19, commemorating the seventh annual observance of this day.

Throughout the country, as last year, "Power for Peace" will be the slogan of the day on which the general public is invited to take a closer look at the national defense system.

During the open house at Sanford Naval Air Station, Home of Heavy Attack Wing One, all visitors will be given the opportunity to see a continuous showing of service made movies, which will include "Operation Crossroads", the Bikini A-Bomb tests. Some of the films to be shown have never before been viewed by the general public.

Another highlight of the day will be a simulated air-sea rescue by a Navy helicopter. Actual rescue procedures, including the picking up of a "survivor", will be demonstrated.

At least six different types of carrier combat planes will be open for inspection to the general public. These will include both jet and conventional type aircraft.

The purpose of an Armed Forces Day open house celebration is to give the people of the country a better understanding of the personnel, equipment and tasks performed by the military. All citizens of the central Florida area are cordially invited to come out and visit Sanford Naval Air Station this Saturday. The open house at the Naval Air Station will get underway at 10 a. m. and continue through 3 p. m.

Rotarians Hold Meet At SNAS Yesterday

The week-long meetings of Sanford Civic Clubs at the Bachelor Officer Quarters of Sanford Naval Air Station got under way Monday, as the Rotary Club of Sanford met with Captain R. W. Jackson, USN, Commanding Officer of Sanford Naval Air Station, and other officers during a luncheon and briefing period that followed.

The different Civic Clubs of Sanford have been invited to hold their regular meeting aboard the Air Station this week by Captain Jackson in observance of "Armed Forces Week."

Following the luncheon, William Bush Jr., President of the Sanford Rotary Club, opened the lecture period with a series of announcements, and coming events concerning the Rotarians after which he introduced Captain Jackson.

As the Captain spoke, Chief Carpenter H. W. Filby, USN, Assistant Public Works Officer of Sanford Naval Air Station, pointed out different figures on a chart that coincided with Captain Jackson's address to the Rotarians.

Other Civic Clubs scheduled to meet aboard the Naval Air Station this week are the Lions, Kiwanis, and Jaycees.

John Fitzpatrick Appointed As City Auditor For 3 Years

John Fitzpatrick, local certified public accountant, was employed by the City of Sanford last night by the Board of Sanford City Commissioners as the City Auditor for a term of three years.

Fitzpatrick takes over his duties immediately.

A salary raise for the Superintendent of the Utility Department was approved last night by the Board of City Commissioners following the six-month trial period under which terms he was employed. The original employment of Russell Dallas stipulated that a \$300 raise follow the half-year trial employment.

Increased coverage for hospitalization was approved for city employees following a lengthy discussion. However, action was tabled until rates are clarified.

Discussion of possible pay schedules for city employees brought about action for a joint meeting with the City's Civil Service Board to set categories for various city employees.

Commissioner David Gatchel stated "A little cooperation between the Civil Service Board and the Board of Sanford City Commissioners will create the possibility of longevity and ability leading to pay raises for the city employees."

The city manager was requested to set up a meeting between the two bodies at the earliest possible time. "This is something that cannot be done over night, but we can at least get a good working basis," said Gatchel.

Saturday Is Set As 'Poppy Day'

Saturday is "Poppy Day" in Sanford.

The little red flower, adopted by the American Legion Auxiliary as its memorial flower in October of 1921, and recognized since as a symbol of providing monetary help for the necessities and comforts not provided by hospitals for the disabled, was first sold in June, 1919, during the return to this country of the 2nd Division.

The entire proceeds from the sale of the red poppy goes to the aid of disabled veterans and their children.

Poppy Day sales are conducted entirely by volunteer workers and every penny goes to the fund that provides much for the disabled veterans within the community where the poppies are sold.

Bulk of the funds received from Poppy Day sales remain in the community and are expended by American Legion and American Legion Auxiliary units in relief work.

No price is fixed for the poppy. The sale is conducted with contributions for each flower.

Volle A. Williams Jr., Assistant State's Attorney, will speak to high school audiences Thursday on the poppy, its origin and its meaning. Williams will speak at Seminole High School during its morning assembly period and again at Pinecrest School at noon.

The purpose of the American Legion's Auxiliary poppy program and poppy day sale is to place the symbol of heroic sacrifice above the heart of every true American, giving at the same time an opportunity to serve the war's living victims.

BOUNTY BOOST

MOUND CITY, S. D. (AP)—Inflation has overtaken the price of gopher tails. Campbell County commissioners doubled the bounty to hunters. It's now four cents.

Weather

Fair and warm through Wednesday; high today 83-86, low tonight 68-71; gentle variable winds.

Nicholas Pezold Dies In St. Louis

Nicholas Pezold, a former resident, died Sunday in the St. Louis Veterans Hospital. Mr. Pezold was born in St. Louis.

He is survived by three sisters, Mrs. Margaret Eckert, Mrs. Emma Ernst, Mrs. Mary McGrath, all of St. Louis; two brothers, George and Paul Pezold of Sanford.

Mr. and Mrs. George Pezold are in St. Louis for the funeral which will be held Thursday at 9 a. m. at the Holy Cross Church.

Governor Restores Kelsey To Job

Suspended Constable George A. Kelsey of Seminole County was restored to his job by Gov. Collins yesterday.

Collins suspended Kelsey Feb. 13, following his indictment by a Seminole County grand jury on a charge of taking bribes from moonshiners. The charges were dismissed by Circuit Court.

Weir Family First Members In New Mayfair Program

Harry Weir, administrator of the Seminole Memorial Hospital, became the first purchaser yesterday of a membership in the Mayfair Inn Country Club's new program of providing recreation facilities at the Country Club's golf course, swimming pool, and the tennis courts.

"This is an opportunity I have been looking for," Weir said as the first membership card was delivered by Mrs. Ruby Williams of the Mayfair Inn staff.

Weir, a golfer, will make use of the golf course facilities as will his wife who is looking forward to playing a round of golf often. The entire family will use the swimming pool, and the head of the family will participate in some of the fast-moving tennis matches taking place on the Mayfair Inn Courts.

"It's a family affair with me," said Weir as he received his new membership card to the Mayfair Inn Country Club, "and we're going to find many opportunities to enjoy the dances and entertainment being planned for the summer months."

Local Guard Unit Holds Weekend Training Period

Company "B", 154th Armored Infantry Division, the local National Guard outfit, returned Sunday afternoon from a weekend bivouac near Paisley in the Ocala National Forest.

Purpose of the weekend bivouac, explained 1st Lt. John O. Keeling Jr., commanding officer of the company during the absence of Captain Joseph D. Bryant, "was for training in tactics on the platoon and squad level."

It was the first weekend training period held by the local National Guard Company since becoming an armored company.

Men making the weekend training camp were equipped with full packs and gear.

They left for the training site Saturday afternoon shortly after 1 o'clock to arrive at the area for the beginning of the weekend instruction at approximately 3 o'clock.

Vocational School To Open Railway Classes June 1

Classes for Railroad Engineers and Firemen and for Railway Trainmen will reopen on Friday, June 1st in the Seminole County Vocational School.

For the fifth consecutive year, classes will again be offered in railroad men employed by the railroad or to men who have assured by the railroad officials that they can secure employment. The objectives of the courses are to help railroad employes secure promotion by the institution that they receive and to help make the employe a more valuable asset to the railroad by his increased abilities.

The classes for railroad engineers and firemen and trainmen will be offered in the day time and at night school. Teachers with many years of experience and knowledge and certified by the State Department of Education will give instruction. A tuition cost of \$5 per hour is charged to help defray expenses of administration and supplies. Both of these courses are approved by the Veterans Administration as that eligible veterans can receive instruction under the G. I. Bill of Rights.

Attendance increased in several of these classes should contact Fred Murray, Director of Vocational Education, in his office located in the present administration building or by phone 505.

Most Daytime TV Viewers Women

NEW YORK (AP)—Most of us working stiff, who dash from the house in the morning to catch the 9 o'clock news, are missing a wonderful half-hour which seems to bear little or no relationship to afterward viewing by, as a matter of fact, to life itself.

Most of daytime television viewers are women. And if stay-at-home women who watch the commercial should wonder the average idea of how the other 50 million women of the nation live—as well as the remaining 50 million men—don't blame the little woman.

I should think her discontent with her home—her house dresses and her kitchen—would be unbearable. In the marvelous world of commercial television, every household, inside or outside commercials and with the notable exception of Mrs. Ralph Kramden, inhabits a kitchen roughly the size of the flight deck of the USS Forrestal, in which has been placed every possible new, gleaming cooking aid. And the ladies who inhabit them are dressed, whether to whip up a quick breakfast or a heavy, jiffy, work-saving meal for their happy family, in garments impeccably pressed, custom-made and suitable for a matinee.

In the soap operas, of course, a good guide book is a must. I dropped into a half dozen and couldn't understand anything that was being on except that everybody was full of trouble—mostly unrequited love and faithfulness—and that most children are being badly misunderstood.

Mrs. J. McGrath Represents County At Conference

Mrs. James A. McGrath, Longwood, represented Seminole County at a Southeastern Conference of Women Leaders, Federal Civil Defense Administration held in Charlotte, N.C., May 8-10.

Mrs. McGrath, who made the trip by Eastern Air-Lines on Tuesday and returning Thursday, was accompanied by three representatives from Orange County, Mrs. Audrey Strain, county director of women for Civil Defense and Mrs. Caroline Stirling and Mrs. T. J. Grant.

Mrs. McGrath is a member of the American Legion Auxiliary Civil Defense Committee for the Department of Florida, and was selected to represent Seminole County in this first conference of its kind, in which seven southeastern United States and Puerto Rico were represented.

North Carolina's Gov. Luther H. Hodges was the first principal speaker to the group of 500 women present at which time he said, "It is a fact that no amount of money, appropriated by any government, can give adequate protection, unless the people take an interest in learning what to do, how to do it, and when to do it, in time of emergency."

He also said "We are living in a world of crisis—a cold war, which could become hot in a matter of hours—and a real threat to the lives and security of our nation, our homes and our people."

Former Actress Is Going To UCLA

HOLLYWOOD (AP)—Remember Evelyn Venable, the slender, lovely actress who often supplied the romantic interest in Will Rogers' movies of the 30s?

Her name Monday was on a list of 23 students at UCLA who were named to Phi Beta Kappa, the scholastic honor fraternity.

Now 42, and the wife of movie cameraman Hal Mohr, she attends classes at the big university with her two coed daughters. She won the coveted key for a major in Greek and Latin classics.

She retired at the height of her career to become a wife and mother. She explained why she went back to college:

"My daughters, Dairne, 20 and Rosalia, 19, are grown now and I just decided to enter a new field—teaching. And besides the moment presented a perfect opportunity to pick up where I left off many years ago."

TURN ABOUT

RICHMOND, Va. (AP)—Some 600 school teachers are visiting local businesses in groups of 10 or 12. They hear business problems from top management.

Later the business men will visit the schools with the teachers as hosts.

The visits were arranged by the Chamber of Commerce and the League of Richmond Teachers.

WITH PLEASURE?

BOSTON (AP)—Depends on your business!

The booking sergeant's desk in a Dorchester police station has this sign—in large letters—facing the public:

Yes, indeed, workers of the TV world, if you haven't had a daytime television tour, take a day off and count it vacation time well spent. It's a strange and mysterious world, more foreign than the casbah.

THE ANNUAL FOURTH GRADE picnic at Southside School was attended by many parents and friends of the children. Shown here is a group enjoying their picnic luncheon. SHS Baseball Team Will Enter Group Tourney Tomorrow

The subgroup baseball tournament, played in Sanford, was completed yesterday with Seminole High School winning the top spot in the playoffs by defeating New Smyrna Beach 4-3.

The subgroup championship gives Seminole High School baseball team the right to play in the group tournaments which will start in Sanford tomorrow afternoon at Sanford Memorial Baseball Stadium with the first game starting at 1:30.

The first game slated to get underway will be between Melbourne and Groveland with the second game immediately following between Seminole High School and St. Cloud.

Winner of the group tournament will go to the State tournament to be played at Fort Pierce on June 7.

Seminole High School enters the Group Tournament with an edge over its opponents and a 13-1 record.

The local baseball team will enter the hotly contested tournament tomorrow afternoon expecting to hold its lead that has been maintained throughout the baseball season.

DECORATED DECORATIONS

ALBUQUERQUE, N. M. (AP)—Albuquerque males are growing beards for the city's anniversary celebration, and Mrs. Mildred Bowling, operator of a beauty shop, says a number of men have asked for appointments for professional dye jobs. She says she'll set up special facilities "if we get enough requests."

VALUES FROM BRIDGE!

ST. IGNACE, Mich. (AP)—The price of highway frontage along the route leading to the new trestles of Mackinac bridge has jumped from \$5 a foot to \$50 in some cases.

Lead market analyst Frank A. Wood said land sales along U. S. 2, leading to the bridge, have increased one third in the past year. The bridge will be completed in 1937.

Wilson Officially Appointed To Board

A. L. Wilson, Sanford furniture dealer and civic leader, was officially made a member of the City's Board of Commissioners last night. Approval of the appointment was unanimous.

Wilson was sworn in at last night's meeting and he immediately took his seat to fill the vacancy caused by the resignation of Jack Raitman who left the City earlier this year.

The new City Commissioner fills the vacancy until the November election when the unexpired term will be filled.

Wilson immediately submitted his resignation as a member of each Board. He said, "It has been a great honor to have served on both of these boards and with the men who comprise their membership, I know that the knowledge of municipal affairs that I have been able to gain through my experience will be of great assistance in facing the problems of the City as a City Commissioner."

4 Mothers Given Special Recognition At Service Sunday

In a Mother's Day service Sunday at the First Christian Church a large group of four mothers were given special recognition. Also a new baby was recognized; a rosebud being placed on the pulpit in honor of John Robert senior who was born to Mr. and Mrs. B. R. Lantier, Rt. 2, Friday at the AP Base Hospital, Orlando.

Mrs. Barrow S. Hinson, Jr., 808 Margaret Rd., was presented with a religious picture as the mother with the best church school attendance record, having been absent only once in the past 18 months. The mother with the youngest baby present, Mrs. Keith L. Hall, Rt. 2, was given a copy of the New Testament. Her baby, Robbie, is three months old. Mrs. Frederick L. Elliott, 2428 Chase Ave., as the mother with the most children present (8) received a framed picture of the church. Mrs. W. H. Young, Calvary Ave., was honored with a hibiscus plant, for being the mother carrying the most service responsibilities in the church program.

After the service a picture of the four mothers was taken, which will be placed in the archives of the church.

Public Hearing
Set Tomorrow

The State Restaurant and Hotel Commission will hold a public hearing Wednesday morning at 11 a.m. in the Board of Seminole County Commissioners Room in the court house in two complaints concerning restaurants in Seminole County.

Lyman School 3rd, 5th Grades Visit At SNAS Friday

The third and fifth grades of Lyman School in Longwood, visited aboard Sanford Naval Air Station Friday.

Friday morning, the fifth grade accompanied by their teacher Mrs. Luella Wells, and six other chaperons were shown the Gally, Fire and Crash, and Operations departments of the station by Lieutenant Commander W. L. Barkley, USNR, Public Information Officer of Sanford Naval Air Station.

In the afternoon, the third grade accompanied by their teacher, Miss F. M. Cobb, and two chaperons were shown the Fire and Crash, and Operations department by LCDR. Barkley.

While the students were at the Operations department, both groups were shown a demonstration with the KUP-3 helicopter.

"NOTHING IN LIFE IS MORE WONDERFUL THAN FAITH."

When you next visit your Physician bring with you a lot of "Faith." His years of study and training; his devotion to his oath of service, all assure you that your belief in his ability to help you will be justified!

Always have sufficient "Faith" to follow his suggestions and instructions; exactly and you will be richly rewarded by more quickly regaining your health.

MOLLY AND SALLY ARDREY
LEESBURG — Florida Watermelon Festival queens Molly and Sally Ardrey are now appearing at New York's Copacabana Club. They will come to Leesburg May 23 to crown the new queen. Molly is queen this year and Sally wore the crown in 1953.

Flint Auto Dealer Launches Drive

FLINT, Mich. (AP) — Remember the automobile salesman who used to call on you before the war, but hasn't been back since? Well, automobile salesmen are calling once again in, of all places, Flint—a car manufacturing center of 163,143. And what's more, they're doing their peddling door-to-door.

The campaign was launched by Flint auto dealer George G. Spaulding in a move to boost lagging car sales.

Spaulding says his sales went up 25 per cent the first week. He explains:

"I've heard it said many times that 'if cars are so hard to sell, how come a salesman has never called on me at home and tried to sell me one?'"

Using teams of salesmen working both sides of the street, Spaulding set out to sell door to door. Some householders, he says, were so startled at having a car salesman call they were "shocked" into signing an order.

But even with his foot in the door a salesman can't close a car deal on the spot. It might involve an appraisal, a credit rating or some other matter.

To avoid the chance of a hot prospect cooling off while the salesman consults the head office, Spaulding sends the "head office" along on the sales trip.

Two platoons of 13 men each go out on alternate weekday nights with an assistant sales manager. Each man is assigned to one side of a street, working from 4 p. m. until dark.

When a prospect is turned up, the sales manager can make an immediate appraisal if a trade-in is involved and close the deal on the spot. A station wagon used to transport the sales crew is also available for demonstration rides.

Russia, West Evolutionary Process

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — Nations have an evolutionary biology of their own: they adapt themselves to new conditions or they perish like the dinosaur or the saber-toothed tiger which became obsolete in their own lifetimes.

Russia and the West are in an evolutionary process. For several years the Russians have been showing more adaptability to changing conditions than the West. The West is struggling to find new plans to meet the Russian changes.

The struggle was illustrated last week by the meeting of the 15 foreign ministers of the Nations which make up the North Atlantic Treaty Organization.

NATO, strictly a military alliance, was created in the late 1940's by the Western Powers as a defense against Russian attack. This turned out to be a successful adaptation to the new conditions imposed by Joseph Stalin.

By his growls, armaments and reliance on force he had made Russia a public menace which could be seen by the most backward.

NATO forced Stalin to stay behind the Iron Curtain. This was a new environment imposed by the West. Stalin didn't know how

to adapt to it. His heirs had more imagination.

Where Stalin failed to destroy NATO by threats, his heirs tried to do it by talk of peace to make war sound unnecessary and thereby induce them to abandon the idea NATO was needed.

Where Stalin alienated his neighbors, his heirs promised them help, visited them, sent them engineers. Cracks began to appear in NATO. One of its members, Iceland, asked the United States to get its forces, part of NATO's defense, out of Iceland.

Under Stalin's threats, the NATO partners on the Continent had submerged their differences,

but now differences began to appear. For example, between Greece and Britain over the island of Cyprus.

France has withdrawn three of her divisions from NATO to subdue rebels in North Africa's Algeria. West Germany has been dawdling about creating the army which would be part of NATO's defense.

NATO partners began asking questions among themselves: Were they in danger of losing to Russia in the long run if they thought only in terms of standing behind NATO's military wall?

Or should they think in wider terms? For instance, in economic help not only among themselves and for themselves but for some of those backward people the Russians were trying to win over with economic help?

Should there even be some kind of political cooperation among the NATO allies? And surely, there must be some way they could consult among themselves before any of the NATO members took any action which might adversely affect another?

The ministers met in Paris last week, agreed NATO should be kept militarily strong, and found no solutions for anything else.

They appointed three of NATO's foreign ministers to think up something and report back.

If there is a solution—and there is no assurance there will be—whatever wider cooperation and world planning the NATO allies do may not in the end be done through NATO but through some

MOTHER INSTINCT
SAN DIEGO, Calif. (AP) — A hen that has been vainly trying to hatch eggs for two years finally adopted kittens.

Mrs. Anna Foster says she has faithfully laid an egg a day for this past two years. Then the family cat, Maggie, gave birth to five kittens in the drum.

Mrs. Foster said the hen looked over, cuddling the kittens under her wing. "Of course, Maggie has to show up at feeding time," Mrs. Foster says.

A Doctor in the Family

By ELIZABETH SHERIFF

CHAPTER FOURTEEN
EACH DAY must be faced anew...

said not one word. What was he thinking? What plans was he making?

"It's cold," she warned. "There isn't much snow, but locally we say that such a day is colder than a well-digger's feet."

She went into the warm hospital, conscious of its sounds and smells...

Laura Adamant had been Alan's secretary since the hospital was built...

He mentioned their pretenses—he walked with her clear to the gates of the Green...

And now Ma'am—
She spoke as if she wanted the way left open for reconciliation...

Alan hated that situation, too. But Laura Adamant was a good medical secretary and hospital administrator...

She might have been sixteen, all smiling and dreamy-eyed, because some man had called her pretty.

And now Ma'am—
She spoke as if she wanted the way left open for reconciliation...

Her own cheeks scarlet beneath her little fur cap, she went out into the hall again...

And now... (To Be Continued)
Eight horses have won racing's Triple Crown—the Kentucky Derby, Belmont and Preakness.

Lausche Said Man Who Walks Alone In Ohio Politics

COLUMBUS, Ohio, (AP)—In Ohio politics they call Democratic Gov. Frank J. Lausche the man who walks alone.

In his 80th year he is walking a familiar, politically lonely path as "Ohio's favorite son" candidate for the Democratic presidential nomination and as his party's unopposed nominee for the U.S. Senate.

Lausche, a six-foot gentle bear of a man with a rumpled shock of graying hair, has developed a technique of campaigning for and holding office that has given him five terms as governor. This is two more than any Ohioan ever served before.

The technique seems to consist of ignoring most of the established rules while projecting the Lausche personality to the voters.

The keynote of that personality, as Lausche displays it to the public, is sincerity of an emotional sort. Tears come readily to his eyes as he talks of the traditions of America with reverence born of a son of a Slovenian immigrant.

Frank Lausche is a salesman who takes great pains to identify himself with the man on the street. Nothing pleases him more than to be recognized on sight in every hamlet of Ohio.

In this role, he avoids the pomp most governors love. He rides around in an old inexpensive state car driven by a state employe who is never in uniform.

When the governor and his cadre of aides go to lunch, it is always at a neighborhood cafe in Columbus and not one of the big hotels.

Lausche's critics, of whom there are more than a few in Ohio, call all this part of a phony sales campaign. They say he caters to the business interests of Ohio and enlists Republican support in that manner. They describe him as a hard man with his enemies.

The governor has accumulated many of these enemies by ignoring the Democratic Party organization, publicly supporting isolation, denying it patronage and Republicans for office. In the minds of some Democrats he is more Republican than Democratic.

As he himself has put it, his political creed is: "I will not allow my party interest to overcome my interest in my country." He has praised President Eisenhower to such an extent as to cause his November opponent, Republican Sen. George Bender, to accuse Lausche of "trying to grab Ike's coat tails."

Lausche has been hoisted by Sen. Russell D. Gibson, Govs. Allan Saxe of Texas and Robert F.annon of Louisiana as a potential presidential candidate acceptable to the South.

Lausche, who has proposed that Ohio set up a state Fair Employment Practices Commission (F.E.P.C.), and who opposes segregation in Ohio schools, has said the question of racial integration in the schools should be handled by the state.

The Ohio governor disclaims any present presidential ambitions. He says he wants to be the state's "favorite son" candidate only to keep Ohio's 38 presidential nominating votes out of the hands of the "bosses." Presumably, these are Ohioans who want to throw the state's delegation behind Sen. Estes Kefauver.

ACTRESS Marilyn Monroe, who was hospitalized for more than a week, is shown back on the Hollywood set of her new picture "Recovering from exhaustion, post-viral infection and bronchitis, Marilyn went back to work against her doctor's orders."

EIGHT MARINES stationed with the Marine Security Guard at the Sanford Naval Air Station were advanced in rank last week. Receiving his promotion to Sergeant, USMC, was J. J. Monahan (left, back row). Other men receiving their promotions to Corporal, USMC, from Lt. E. G. Love, USMC, Officer-in-Charge of the Marine Detachment at NAS were (left to right, back row) H. T. Williams Jr., G. W. Lindsay, and J. P. Williams. (left to right, front row) J. Drake, A. A. Coville Jr., C. E. Whorton, and M. P. Chaplinsky. (Official Photo, U. S. Navy)

Casting Movies Biggest Headache

HOLLYWOOD (AP)—When studios had dozens of stars under contract, filling the cast of a picture was no problem. Today, casting is Hollywood's biggest headache.

Until a decade ago, nearly all the top stars in the movie world were tied down to studios. There were a few notable exceptions—pioneer free-lancers like Cary Grant, Claudette Colbert, Irene Dunne and Ronald Colman. They set the pattern for the star system of today.

With only a score of name players under exclusive contracts these days, studios have to compete in the open market for acting talent, and the competition is fierce.

Because studios have failed to develop enough new talent, there are fewer big stars than ever before in film history. Names like Marlon Brando, James Stewart,

John Wayne, William Holden, Gregory Peck can write their own tickets with any producer.

"You wouldn't believe the demands some of these stars make," a movie maker moaned recently. "But what can you do? Names still sell pictures, despite rare exceptions like 'Marty.'"

In order to get the names, producers have to pay whopping salaries—\$150,000 is not uncommon, and some get much more. The most sought-after stars also can hold out for 50 per cent of the picture's profits, and that's what hurts the producers most. But they usually have to give in.

This sort of deal was pioneered by James Stewart. Starting with "Winchester '73," he deferred his salary for U-I Pictures in return for 50 per cent of the returns. He has taken in over a million dollars on some of the films.

The star shortage is further aggravated by the fact that many names have virtually taken them-

RUB A DUB DUB — FOUR EGGS IN A CRUST

Looking for something new to perk up jaded appetites at breakfast time? Look no further than these baked eggs flavored with Swiss cheese all tucked into a feather-light "Yeast-Riz" Crust. Since the crust can be prepared ahead of time, it takes only 20 precious morning minutes to make this dish.

BAKED SWISS EGGS
1 cup grated Swiss cheese
1 9-inch "Yeast-Riz" Crust
4 eggs
Salt and pepper

Put grated cheese in "Yeast-Riz" Crust. Make 4 small hollows in the cheese. Break an egg into each hollow. Season with salt and pepper. Bake at 350° F. (moderate oven) about 20 minutes until eggs are set. Make 4 servings.

"YEAST-RIZ" CRUST
(makes three 9-inch crusts)
1 1/2 cup milk
3/4 cup shortening
6 tablespoons sugar
1/2 teaspoon salt
1 1/2 cups warm, not hot, water (lukewarm for compressed yeast)

Scald milk. Stir in shortening, sugar and salt. Cool to lukewarm. Measure water into a large bowl. Warm, not hot, water for active dry yeast; lukewarm for compressed yeast. Sprinkle or crumble in yeast. Stir until dissolved. Stir in lukewarm milk mixture. Add beaten egg and half the flour. Beat until smooth. Stir in remaining flour. Turn out on a lightly floured board. Knead until smooth and elastic. Place in well-greased bowl; brush top with shortening. Cover with clean towel. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour and 30 minutes. Punch down and turn out on lightly floured board. Divide into 3 equal pieces. Roll out each piece into a 10-inch circle. Fit into 9-inch pie pan. Pat all over surface. Trim pastry even with edge of pan. Press pastry onto edge with tines of fork. Brush crust with egg white. Let rise in warm place, free from draft, until doubled in bulk about 20 minutes. Prick with fork. Bake in moderate oven at 350° F. for 8 minutes. Do not brown. To store, cool crusts, stack and wrap in aluminum foil. Hold in refrigerator 1 to 10 days, as needed. When ready to use, fill and bake as directed.

Investor Announces Purchase Of Acres Of Merrit Island

TITUSVILLE (AP)—A Fort Lauderdale investor Thursday announced the purchase of 3,500 acres of Merrit Island, including five miles of ocean frontage, for 3 1/2 million dollars.

N. J. Montano, president of the Florida-New York Realty Co. Inc., said the tract probably will become a housing development and shopping center. It is three miles north of the Patrick Air Force Base, guided missile center and lies along four miles of State Road 402.

It was purchased from Carl Brunkenfield, Palm Beach real estate developer. This same tract of land was reported to have sold for \$1 1/2 million during the land boom of the 1920s and after the bust was marketed for a dollar an acre.

Advisory Group Reveals Tentative Plans for Meets

TALLAHASSEE (AP)—The State Constitution Advisory Commission has announced tentative plans for at least 10 public meetings to give citizens a chance to make suggestions for changes in Florida's Constitution.

The commission was established in 1955 to present to the 1957 Legislature its recommendations for a "modern, simplified and effective constitution for Florida." The state's present much-amended Constitution was drawn up in 1845.

Commission Chairman Wallace F. Sturgis of Ocala set a tentative meeting of members for June 4 in Tallahassee, the date the Legislature will reconvene after an eight-month recess to resume debate on reappointment of the state Senate.

At the meeting, commission committees will make preliminary reports and decide locations of public hearings.

Commission reports will be edited and coordinated by George John Miller of Miami, former law professor at the University

BOOSTS LOWER CALIFORNIA
MEXICO CITY, (AP)—General Agustin Olachea wants more people to go west—particularly to the territory of Lower California of which he is governor.

He said this territory on the lower part of the peninsula, most of it still virgin, can absorb around another million people with a progressive spirit and

willing to work for a better life.

He says the coasts are good for fishing, there are mining opportunities, room for industry, and good soil for agriculture. Wheat and cotton growing already are expanding, he said.

DRAINAGE WELL
LEXINGTON, Ky. — Residents have finished drilling a well in the middle of a sewer in their neighborhood. It wasn't that they needed water, they needed a drainage hole to get rid of surface water.

THANKS - FOLKS!

NEW YORK GIANTS' DORMITORY and administrative offices to be constructed in Sanford in the immediate future. The modern building will house up to 400 Farm System trainees. (Copy by Jameson)

Bids To Open May 24 For New York Giants' Farm Training Base

Armed Forces Parade Group Slates Meet

Building To House Nearly 400

Sanford County Chamber of Commerce Armed Forces Committee Chairman Karlisle Housholder has called a final meeting of the Armed Forces Day Parade committee for tomorrow afternoon to set plans for the Saturday celebration.

Along with Housholder, the four co-chairmen of the event will meet with all committee members at the American Legion Club on Seminole Boulevard.

In the meantime, the American Legion Fair Building on Celery Ave. next to the old baseball park, has been thrown open for the building of floats for the Saturday Armed Forces Day Parade.

The parade is slated to form at 9 o'clock at the corner of First St. and Sanford Ave. and will move off promptly at 9:30.

According to plans, there will be an Armed Forces Day Prayer from the reviewing stand and the platform guests will be introduced. However, there have been no speakers planned for the Saturday occasion.

The Red Cross has entered a float in Saturday's parade which will depict water safety with the members of the Naval Officer's Wives Club of the Sanford Naval Air Station manning the float.

Another Red Cross float will be entered by Lyman School with recipients of life saving certificates manning the float.

The parade will move west on First St. to Oak Ave., according to a release this morning, South on Oak Ave. to Second St. East on Second St. to Sanford Ave. and south on Sanford Ave. to Fifth St., where the parade will disband.

So far bands to be represented in the parade will be those of Seminole High School, Oviedo High School, Sanford Junior High School, Lyman School, and Crooms Academy. Also taking part will be the Majorette Corps of Seminole High School, the Seminole High School Pep Club and the Crooms Academy Majorettes.

Heading the parade will be Police Chief Roy Williams, Sheriff Denver Cordell, and the Florida Highway Patrol represented by either Trooper T. Mark Mack or Patrolman Carl Williams.

Bids will be called for May 24 for the construction of the New York Giants' Farm System training base dormitory and administrative offices to be located on Mellonville Ave. in the athletic area adjacent to the Sanford Memorial Baseball Stadium.

The bids will be opened in the office of the architect, John Burton of Burton and Rogers, in the Sanford Atlantic National Bank Building.

The huge building, expected to cost in the neighborhood of \$180,000 will house nearly 400 baseball players and trainees, as well as administrative staff, during the six-week training period each year.

Already under construction are the additional playing fields necessary to take care of the training of the nearly 400 baseball players brought to the New York Giants Farm System spring training session. The three additional baseball diamonds will be adjacent to the two already being used, one in the Sanford Memorial Baseball Stadium and the other in the old baseball stadium area.

The return to Sanford of the New York Giants Farm System Spring Training Base is expected to release an additional quarter of a million dollars into the trade channels of Sanford.

However, this estimate does not include the attraction to Sanford of hundreds of visitors and families of baseball players.

The modern architecture of the new dormitory building will result in the construction of one of the most attractive buildings in this area. It is expected to be completed by the first of the year when plans for the 1957 spring training season get underway.

Bobby Weiderhold Winner Of Central Florida Contest

Bobby Weiderhold, sophomore at Seminole High School, won first place in the Central Florida speaking contest held yesterday afternoon at the Edgewater High School Auditorium in Orlando.

The title of Bobby's talk was "Conserving Natural Resources in My Soil Conservation District."

After explaining how a Soil Conservation District is organized and its purpose to local land owners Bobby centered his talk on local soil and water conditions. Bobby stated that "the proper use and treatment of our land, water and other natural resources insure a more abundant production of crops for the present land owner and also for the next generation."

According to Bobby the best method of getting all the needed conservation practices applied on the land is to first obtain a conservation farm plan for each individual farm. He explained that the plan is divided into three major parts: (1) An aerial photograph showing the various soil types, fields, roads, rivers and etc. (2) A land map showing what each field will be used for and the conservation practices required to keep the land productive. (3) A set of written instructions telling the farmer the best method of applying each recommended practice.

Bobby placed second in the Central Florida contest last year and by winning first place this year he will participate in the State Contest to be held in Orlando on August 23. A twenty-five dollar award was presented to Bobby by Gary Snow of Orlando.

He is a member of the local chapter of the Future Farmers of America, Seminole County Chapter. Jay Voss of Edgewater High School placed second and was awarded fifteen dollars and Kit Gillos of Deland High School placed third and was awarded ten dollars.

Mr., Mrs. Williams Attend Royal Palm Club Meet Monday

Mr. and Mrs. John H. Williams have just returned from Orlando, where they attended a meeting of the Royal Palm Club of the American Fire and Casualty Company, held at the San Juan Hotel, May 14. John H. Williams Insurance Agency is exclusive representative of the "American" for this territory.

The Royal Palm Club is the most selective insurance organization of its kind in the Southeast, and is composed of the topmost "American" producers of the 14 states and the District of Columbia in which the "American" operates. Williams has been a Royal Palm member for seven consecutive years.

The American Fire and Casualty Company, with its Home Office in Orlando, has been a pioneer in multiple line underwriting and other features, which have been of great benefit to the "American" policyholders.

The "American's" president, Walter L. Hays, sounded the keynote of the meeting, "The Emblem of Better Service," with the prediction that "The future for us here in the South is brighter than ever, we really are heading into an era of great possibilities, there will be lots of business for everybody. Those who try can grow beyond their wildest imagination."

Hays stated "The aim of the 'American' is to give the best of service to its Policyholders, to its Agents, and to pay its Agents a maximum commission. It is also our aim that the Agent should own his own business, and not be a slave to the Company."

Hays continued: "The measur-

Classes Tour Herald

Two primary school classes were interested visitors last week to The Sanford Herald and enjoyed personally conducted tours through the entire establishment to learn the rudiments of getting out a newspaper.

Last Thursday, members of Mrs. Barnes' class of Pinecrest School, part of the fourth grade of Seminole County's newest school building, followed Charlie Morrison member of the Herald's advertising staff on the tour starting with the business office where the advertising, editorial, circulation and accounting department functions were explained to some thirty-odd youngsters. They seemed to be most interested in the mechanical department, which, though not air-conditioned as was the front office, drew their attention to the Linotype mechanical type setters where they saw molten lead converted into bars of type, proofs made, forms set and plates cast in cylinder rotary type press capable of printing some fifteen thousand papers per hour. As the children left the building after the trip was completed, they received a type "slug" of their names, which proved to be of great interest to them, although the type shown in reverse.

On Friday morning, the third grade pupils of Lyman School with Miss Frances Cobb, their teacher, in charge, made the trip and were as much interested, it appeared, as were the group of the previous day. The procedure was followed with a comparable sized group who undoubtedly will turn out in years to come, some editors, managing editors, sports writers, society editors—and perhaps good advertising salesman or two.

Hardware Store Has Opening Today

The grand opening of a new self-service hardware store is being held today at their modern store on 25th St. in the recently developed neighborhood shopping area at Park Ave.

The Ted Williams Lumber and Hardware Company is featuring housewares which includes electrical refrigeration and kitchen equipment of a nationally known make as well as paints, garden tools, and appliances.

The huge new store, with self-service displays, will also feature sporting goods, do-it-yourself tools and equipment, and items for the home and home repair shop.

During the open house celebration valuable awards will be presented many of the visitors attending the affair.

The store, located at 205 East 25th St., is fronted with wide parking areas and drive-in facilities.

Ted Williams, owner and operator of the new self-service shopping center, invites all of his friends and neighbors to stop in and see the modern facilities provided in the self-service store.

Sanford Officials Speak At De Bary Open Discussion

By MARY FOWLER
George Touby, president of the Sanford C. C. Forest Breckenridge, manager of the C. C. and John Meisch, commissioner, were guest speakers last night at the civic auditorium in De Bary. The occasion was the first of a series of the Civic Association is inaugurating for open discussions of local problems.

The Sanford officials were invited to clarify the proposals under way for the crossing of Lake Monroe by a causeway as one solution to the rapidly growing traffic situation, which must be met in the near future by both state and federal decisions on central Florida's highway system. After the talks a spirited question and answer period was held.

At the business meeting the president Miss Kay Keninger, stated that the Brownies club for girls would soon be started, following the Association's policy of sponsoring the Cub Scouts of Scouts. Sydney E. Wilkes outlined proposals for the grading and establishment of a parking area at the civic building, which plans are to be discussed further at the next session.

18 Persons Killed When Jet Crashes Into Rest Home

OTTAWA (AP)—A jet fighter rocketed from 33,000 feet into a rest home for Roman Catholic nuns last night, killing 18 persons.

Most of the victims were aged and bedridden nuns. They perished in an inferno lit by a Royal Canadian Air Force CF100 jet.

The plane smashed like a bomb into the three-story brick convalescent home of the Grey Nuns of the Cross, alongside the Ottawa River, seven miles east of Ottawa.

The bodies of three nuns and a priest had been recovered from the smoldering debris early today.

Sister Marie Edmond, assistant general of the order, said there were 26 sisters in the convent.

She said 11 were missing and presumed dead. Twenty-two other nuns, including three injured, escaped.

Also missing and presumed dead are the two man crew of the plane and a woman cook employed at the home.

REDUCED PENALTY PHOENIX, Ariz. (AP)—Vernon Gail Matthews, 21, is lucky he wasn't born 50 years earlier, because he might have had to deal with a lynch mob party. He got off with a five-year probation term for grand theft. The stolen article: a horse.

Kefauver To Speak Here Next Wednesday

Senator Estes Kefauver, Democratic candidate for nomination as a presidential candidate, will visit Sanford next Wednesday night and will stop over here for a brief stay to talk with local citizens and to have dinner.

As Russell Atlas statewide delegate for Kefauver for this area, said this morning the Senator Kefauver will be in Sanford at 8 o'clock next Wednesday evening and will deliver a short talk from a platform at the corner of First St. and Magnolia Ave.

Immediately prior to the May 20 Presidential Primary, Kefauver comes to Florida for a statewide tour in his own behalf.

Kefauver will have dinner at Jim Spencer's when he joins his friends immediately following his local appearance in downtown Sanford.

Original plans included a non-alms visit to Sanford and Seminole County, however, plans were changed to the night visit which immediately precedes an Orlando TV appearance at 10 o'clock over WDDO-TV.

Mrs. Dallas, this morning, said that a tremendous crowd is expected to greet the presidential candidate, on his arrival here next Wednesday evening.

Aldermen Postpone Approval To Get Utilities Company

By MRS. RAYMOND MORRIS
Approval of a plan to acquire the Casselberry Utilities Co., a privately-owned water company without cost or financial obligation to any citizen, was postponed by the town's board of aldermen last night.

A special meeting will be held May 21 at 7:30 p. m. at which time a report from a New York attorney on validation of revenue certificates will be presented.

The board of aldermen decided to postpone action after a lengthy discussion last night on methods of financing expansion and improvement of the company's facilities.

Questions pertaining to financing, which will be done solely out of revenue, were answered by Robert Wagner of Leely, Wheeler and Altman, investment house of Orlando.

Problems of engineering and expansion were explained by Charles Black of Black and Associates, Inc. Gainesville engineers.

The board's monthly meeting was attended by about 50 persons. Objections raised at the beginning to various phases of the proposal by Frank Lucey, Mrs. C. W. Shipley and H. E. Buckley, among others, were answered to their apparent satisfaction during the meeting.

Ernest Lowndes, retired vice-president of the American Cicle Co., spoke in favor of the proposition and approved the plan to have Hibbard Casselberry continue to manage the water system. Others, who spoke in its favor included Chris Nuernberger and C. H. Michaels.

Steelworkers Seek Wage Increase

PITTSBURGH (AP)—The United Steelworkers will seek a "substantial" wage increase and 21 other contract changes in forthcoming negotiations with 172 basic steel firms.

The demands, approved yesterday by the union's 170-member Wage Policy Committee, touch on almost every part of the current contract.

Highest on the list, besides wages, are a premium pay plan for Saturday and Sunday work and supplemental unemployment benefits. The committee did not put a dollar and cents value on the package.

David J. McDonald, USW president, said he felt the demands were "reasonable" in view of high profits reported by most basic steel producers.

Residents Will Be Admitted Free To Cypress Gardens

Hundreds of Seminole County residents will visit near-by Cypress Gardens as the guests of Mr. and Mrs. Richard D. Papan, owners of the famous attraction when they admit Seminole County free May 19 and 20.

The annual event comes at the end of one of the most successful winter seasons in the 23 year history of the World famous attraction.

County residents need only drivers licenses for free admission for the entire family.

Four thrilling water ski shows will be presented daily. Show times for Saturday are 10:30, 1:00, 3:00, 4:15 and 6:00. Sunday 11:00, 1:00, 3:00, 4:30. Visitors will see the famous aquatic acts recently seen on movie and television shorts. World and National water ski champions will perform in routines ranging from beautiful floating on poles to the hair-raising high jumping by champions. Children of all ages will enjoy the antics of costumed clowns on skis.

Weather

Partly cloudy through Thursday, a few scattered showers and slightly cooler today and tonight; low tonight 58 to 64.

UNIFORM MAN RAVENWOOD, W. Va. (AP)—Fifteen uniforms testify to the service record of Sgt. Charles J. Felt, one of Ravenswood's most civic-minded citizens. Felt, 30, has served in six branches of U. S. military service, two civilian police forces, a fire department and six volunteer and fraternal groups which wear uniforms.

FLORIDA'S GOVERNOR, LeRoy Collins, presents a signed proclamation to Colonel George Patrick Welch, Chief, Florida Military District, naming May 10 as Armed Forces Day, which will be celebrated throughout the State by open house at all military installations. Open House will be held at the Sanford Naval Air Station from 10 a. m. to 3 p. m. Saturday.

SOIL CONSERVATIONIST BEN WIGGINS congratulates Bobby Weiderhold on his successful winning yesterday of the Central Florida Speaking Contest. (Staff Photo)

Jaycees Are Guests At SNAS Tomorrow

The Seminole County Jaycees Chamber of Commerce will be guests of Captain Robert W. Johnson, Commanding Officer at the Sanford Naval Air Station tomorrow.

The Jaycees noon luncheon meeting will be held at the Senior Officers Quarters where Armed Forces Week will be observed.
