Odham Is Accused Of Being Newspaper Tool

Papy's Attorneys Insist Bookie Bill Would Have Created \$1,000,000 Monopoly

TALLAHASSEE, July 24 (AP)—The legislative bribery trial of Bernie C. Papy headed for the jury this afternoon as Papy's accusers were termed "tools" and men of "moral courage" by opposing counsel in closing arguments.

Pat Whitaker of Tampa charged that the state had made a "destitute appeal to prejudice and passion" in its effort to convict Papy on charges that he offered bribes for votes against the anti-bookmaking bill in the 1947 legislature.

To prosecution queries about what motives could have inspired Reps. Brailley Odham of Sanford and Clarence Campbell of Ocala to make their accusations against Papy if they were not true, Whitaker charged that newspaper interests would have benefited by a monopoly from the bill.

Weldon G. Stary of Tallahassee, opening the defense arguments, said Odham and Campbell probably were "tools of some powerful syndicate" in making their accusations against Papy.

Weldon G. Stary of Tallahassee, presenting the opening defense argument, told the jury conviction of Papy would mean "ruin for him and his family politically, financially and socially," and would bring to an "inglorious and a political career lasting 14 years in the halls of the Legislature where he was, if you please, the recognized champion of the little units."

At a recess, Brailley Odham of Sanford and Clarence M. Campbell II (Continued on Page Eight)

Congress Okays Bill To Transfer Airports To Cities
Senate Bill No. 364 which transfers entire airports such as the Sanford Naval Air Station to municipalities, together with buildings and facilities, has now been approved by both the House and Senate and only awaits the President's signature before becoming law, according to word received this morning by H. N. Sayer, city manager from Edward Higgins, chairman of the Seminole County Chamber of Commerce.

Mr. Higgins and H. H. Coleman left this morning for Jacksonville to confer with CAA and WAA officials in regard to details of the new law.

The bill is designed to dispose of government surplus airports, airport facilities and to assure (Continued on Page Eight)

Deported Refugees May Stage Strike
PARIS, July 24 (AP)—A Jewish Agency spokesman said today that 4,500 more Jewish immigrants being returned to France from Palestine by three British deportation ships might stage a sit-down strike upon arrival and refuse to leave the vessels.

Dick Aiken Is Guest Speaker At Jaycee Meet

Tourist Information Booth To Be Dedicated On Sept. 1

"I was a sick man when I went on the stage to sing my song on Arthur Godfrey's talent show, but the Lord was with me and I won the contest for those who had sponsored me," Dick Aiken told the Seminole County Junior Chamber of Commerce at their noon meeting at the Mayfair Inn today.

"Under the supervision of the directors of the show, I sang several 'pieces in an audition, and it was their conclusion that 'Gianna Mia' would give me the best chance of winning the contest. That is how I chose the song," Aiken stated.

"I am still a southern boy, and I love the South. I want to continue to make my living in Sanford and remain here," he asserted.

Mrs. H. V. Aiken and Miss Joyce Hotzel, accompanied by their families, rendered several vocal selections.

Charles Luke, in the absence of J. Brailley Odham, president of the Jaycees, outlined the Jaycee tourist program that has been in progress since last fall. Mr. Luke told the members that the Jaycee project over and we are now in the process of working this problem out, he said.

"We are going to have a real program here next week and we are going to 'kick off' the project and start the ball rolling toward getting \$50,000 worth of donations for the booth and surrounding area," H. G. McIntosh, II, project chairman, stated.

Ernest Campbell, second vice president and officer in charge of internal affairs of the organization, stated that he needed help from the members in raising the money and requested that anyone interested in working on the committee contact him. Mr. Campbell stated that Edward Kircher had been appointed chairman of the Jaycee newspaper committee, and that the members are to be given assignments complete for publication of the Jaycee paper.

Ernest Southard and J. G. Campbell were introduced as guests. Several old members who had not attended meetings, recently were welcomed home by Mr. Luke.

Captain Of Liberty Ship Shot In Gunfight

BALTIMORE, July 24 (AP)—Henry A. Anderson, 33-year-old British naval officer, was shot and wounded in a hospital today and police said they had the descriptions of a man and a woman involved in a fight with him outside a bar shortly after midnight.

Police said they learned Anderson slipped a Liberty Ship on at least four voyages through "Bomb Alley" to Murmansk, Russia, during the war and that he came here eight years ago from Boston.

Police Lieut. Thomas J. Mooney said Charles Chambliss, another merchant ship captain from Tampa, Fla., told him he was sitting at a table with Anderson when the latter went to another table where a man and woman were sitting.

1 Killed, 7 Hurt In Collision On Orlando Highway

Negro Released Under \$500 Bond; Hearing Slated

John Stills, Orlando negro, was killed and four other negroes and three white people were severely injured in an automobile collision Monday evening at 6:30 o'clock on the Orlando Highway 12 miles south of Sanford, and 200 feet south of Road 436 which leads to Altamonte, it was reported today by State Highway Patrolman L. C. Bender.

The matter has been referred by Bender to Assistant State Attorney George A. DeCottis, who announced this morning that he will hold a hearing next week to inquire into the circumstances of the wreck.

Following the accident, James Arthur Tribue, Orlando negro driver of a 1940 LaSalle sedan which was involved in the accident, was released under a \$500 bond pending further investigation of the accident, said Patrolman Bender, who completed his investigation of the smash up yesterday afternoon.

The injured were Clifford Kinard of Longwood, who at the time of the collision was driving his 1939 Studebaker Sedan north on the highway, and whose injuries (Continued on Page Eight)

Violence Flares Up In Jerusalem With Gun Battle

JERUSALEM, July 24 (AP)—Germans and British troops exchanged fire today at the gate of a security zone in Jerusalem, touching off alarm sirens and halting traffic for 45 minutes.

An "unofficial" report said the attackers arrived in a taxi, fired four times with a Bren gun and escaped towards the Jewish quarter as troops returned the fire. No casualties were reported.

The attack was the latest in a long series since the British troops were sent back toward France the 1,500 Jews intercepted on the SS Jewish Warfield, also called the Exodus of 1947. It occurred within a few yards of the Jewish agency and the Goldsmith Officers' Club, which previously had been wrecked by a bomb.

Six men were reported by a reliable informant to have robbed a Tel Aviv diamond merchant's office of \$10,000 in cut and uncut stones at noon. A similar robbery and another \$10,000 haul occurred yesterday. The informant said members of the underground Stern Gang, seeking funds for further operations against the British, were known to be operating diamond polishing shops in private homes and selling the products in Europe.

Randall Goff Tours U. S. With Babe Ruth

Randall Goff, 14 year old son of Mr. and Mrs. O. Goff of 914 Park Avenue, is due to leave today on a trip that should excite the envy of every American youth, a tour of many cities with none other than George Herman "Babe" Ruth.

All will come about due to the fact that Babe Ruth, who is sponsoring American Legion Junior Baseball leagues in the United States, asked James P. Chapman, director of Ford Motor Company public relations which is making the tour to go along. Mr. Chapman suggested that his nephew Randall Goff go along, and Randall was notified.

He left today by train for Montgomery, Ala. to join the Babe Ruth party. They will visit New York, Detroit and other cities by air.

Neutral Body Urged For UN Balkan Watch

France Moves To Bar Big 5 From Commission Assigned To Greek Border

LAKE SUCCESS, July 24 (AP)—France proposed today that the five big powers and all other "interested" nations be excluded from the proposed UN Commission which would set up a semi-permanent watch along Greece's disturbed northern frontier.

French Delegate Alexandre Parodi offered his suggestion informally in the United Nations Security Council which is considering an American plan for a commission of 11 nations, including the big five.

Parodi suggested that the commission should be composed of a smaller "neutral" group, possibly the six non-permanent members of the Security Council, with Sweden as the seventh member.

The non-permanent members of the council are Australia, Brazil, Colombia, Syria, Poland and Belgium.

The French proposal was offered as the council moved slowly through a long series of amendments to the original American resolution on the Balkan problem.

Tests Clear Boy Of Slaying 2 Infants

MASSILLON, O., July 24 (AP)—Tests in the pediatric nursery of City Hospital apparently cleared six-year-old Roger Gus of Navarre today of the killings of two baby girls last June 6.

Dr. Lemoyne Sawyer of Lansing, Mich., medical director of the Michigan State Police said the boy was "most unlikely" the Navarre, O. boy, who admitted the killings last Monday then changed his story on Tuesday, "actually did remove a baby from a crib."

The Michigan criminologist ran a series of tests with the boy by re-enacting his purported "accident," his right arm in a cast as it was at the time of the babies' deaths.

The test, he said, showed "it would have been physically possible for Roger to have removed either of the babies from their cribs" but "it is unlikely that he actually ever did remove a baby from the crib."

Italians Urged To Accept Peace Treaty

ROME, July 24 (AP)—Foreign Minister Carlo Sforza told the Italian constituent assembly today he received telegrams which "confirmed the desire of Soviet Russia" to ratify the Italian peace treaty.

All three of the other major powers have ratified the treaty. Bevin yesterday urged Italy to speed her ratification, adding that the Italians apparently were holding back in the belief that the Russians would not ratify.

Sforza, opened an assembly debate on ratification, strongly urged the constituent assembly to accept the treaty before Aug. 10, by which date he said Italy's chance for entry into the United Nations would be ended for this year.

Way Open For GOP To Call Extra Session

Senate Okays Armed Forces Merger; Group Cuts Loyalty Check Funds

WASHINGTON, July 24 (AP)—Republican leaders, making plans for Congress to adjourn Saturday, decided today to keep in their own hands as well as President Truman's the power to call the legislators back into session.

The House and Senate GOP commands agreed at a conference that the adjournment resolution should specify that Congress can be recalled by the Speaker and Republican leader of the House and the President pro-tem (Senator Vandenberg of Michigan) and the majority leader of the Senate.

Without such a clause, only President Truman could call the Congress members back to Washington before Jan. 6 when the second session of the 80th Congress will begin. He has authority under the constitution to call a special session at any time.

The Senate approved by unanimous consent compromise legislation to place the armed services under a single cabinet officer.

The measure now goes back to the House for action on an agreement worked out last night by a Senate-House conference committee. This incorporated "safeguards" designed to preserve the identity of the Marine Corps and Naval aviation.

France To Accept Bid To Meet On German Industry

PARIS, July 24 (AP)—A French spokesman said today France would accept the United States proposal for a British-French-American conference on the future level of industry in Germany.

The spokesman said France was awaiting more precise details of the American proposal before making an official reply.

He said the projected discussions would cover control of the Ruhr industrial basin, and management and ownership of the Ruhr coal, but would not deal with administrative measures to increase Ruhr coal production.

Such administrative steps, he said, concerned only British and American authorities as zonal administrators. Thus, he said, France would not participate in the British-American talks expected to be held in Washington.

U.S. Secretary of State George C. Marshall, in his letter Monday to French Foreign Minister Georges Bidault, said he would indicate soon how such a trip-articles conference could be held.

The spokesman said it was this added information for which the French government was waiting.

and they had a big time at the party.

Dutch Army Captures Important Java Port

Honor Student

Walter M. Haynes, Jr., Sanford student at the University of Florida, who has been elected to membership in Phi Kappa Phi and Phi Kappa Phi national honorary scholastic fraternities. He is a candidate for a bachelor of science degree.

Walter Haynes, Jr. Wins High Honor At State University

GAINESVILLE, July 21 (Special)—Walter M. Haynes, Jr., Sanford student, and candidate for a bachelor of science degree, has been elected to membership in Phi Kappa Phi and Phi Kappa Phi national honorary scholastic fraternities. It was announced today by their secretaries at the University of Florida.

Mr. Haynes, a veteran of the Army Air Forces and the European Theater of Operations, who expects to enter Harvard Medical College in the fall, was one of 22 students at the University elected to Phi Kappa Phi and the only one elected in Phi Beta Kappa.

The initiation of the new members will be held Friday preceding evening commencement exercises in which 107 candidates will receive degrees. Dean Walter J. Matherly of the College of Business Administration will address the graduates on "The Future of Private Capitalism," and President John J. Tuzet will confer degrees.

Other students selected for membership in Phi Kappa Phi include Hector Flores-Gallardo, Punta Riega, only candidate for the Master of Arts, and Chih-hwa Wu, teaching assistants, Ching, Eunice Z. Gallison and Robert L. Gifford, Gainesville; and Randolph F. Wedding, St. Petersburg; Myron G. Gibbons, and Randolph B. Park, Tampa; Ray E. Goddard, Plant City; Robert W. Green, Fernandina; James L. Clarke and Charles W. Bryant, Coral Gables; John N. Parker, Mayor; Edwin A. Shuler, Bristol; Kenneth L. Jones, Laurel Hill; John W. Mixson, Campbellton; Kenneth F. Waisner (Continued on Page Eight)

Historic Papers Of Lincoln To Be Opened

SPRINGFIELD, Ill., July 24 (AP)—The custodian of Abraham Lincoln's tomb said today that the Lincoln papers in Washington may contain letters from people who were "angry at the martyred Civil War President."

The custodian, 87 year old Herbert Wells Fay, along with Jay Monaghan, state historian, both thought, however, that the papers would not reveal anything sensational.

Meanwhile a group of Lincoln scholars and Civil War authorities gathered in Chicago preparatory to attending the opening of the historic documents.

The papers, at the wish of the martyred President's son, Robert Todd Lincoln, have been sealed for 21 years in the library of Congress.

Kaiser Hit As Turning On Heat To Get Contracts

Krug Testifies About Wooden Plane Deal Before Committee

WASHINGTON, July 24 (AP)—Secretary of Interior Krug told Senate War Investigating Committee members today that Henry Kaiser "put the heat of hell on everybody in Washington" to obtain wartime contracts to build a huge plywood airplane.

Krug told reporters he had informed Senators Brewster (R-Me.) and Ferguson (R-Mich.) at an informal conference that a contract made by the War Production Board with Kaiser and Howard Hughes, movie producer, for the plane's construction was let before my time on the War Production Board.

The committee, headed by Brewster, is inquiring into the letting of the contracts and any possible connection of Elliott Roosevelt, son of the late President Roosevelt, with the transaction.

Ferguson, who heads a subcommittee opening hearings on the matter Monday, told a reporter that the Army and Navy had opposed letting the contracts but that orders had come from the White House to go through with them.

Krug said he told the two subcommittees (Continued on Page Eight)

Promise To Scrap Credit Controls Denied By Truman

WASHINGTON, July 24 (AP)—President Truman said today he has not promised to remove controls over installment buying in event Congress does not approve their extension.

He has only promised to take action, he said at a news conference when asked about his plans. These controls were imposed originally during the war by a presidential order. They require at least a one-third down payment when an automobile, a refrigerator and some other articles are purchased on the installment plan.

Mr. Truman recently sent Congress a message saying he thought the controls should be continued, but felt that was a matter for Congress. At that time, he said, he would take action if Congress did not vote to continue them.

His phrase was generally interpreted at the time as meaning he would remove the controls if Congress did not vote to extend them. The Senate has voted for a modified continuation, but the House has not.

Truman also said that a world trade organization to buy grain for distribution under the Marshall European recovery plan is under consideration.

The President made this statement at a news conference when questioned about Secretary of Agriculture Anderson's proposal for such an organization.

Cheribon, Birthplace Of Independence Movement Falls To Assault By Tanks

JOGJAKARTA, Java, July 24 (AP)—President Soekarno of the Indonesian republic broadcast an appeal today to President Truman and the American people "to exert every effort to halt this war in Indonesia."

SYDNEY, Australia, July 24 (AP)—The Waterside Workers Federation imposed a ban tonight on loading of Dutch ships as a protest against the armed action in Indonesia of what it called "Dutch imperialism."

BATAVIA, Java, July 24 (AP)—Cheribon, important northwest Java port, has fallen to a Dutch tank attack, but Indonesian Republicans declared today they had turned back a strong Dutch drive on their port of Semarang.

A Dutch army communique announced the capture of Cheribon. The Indonesian radio said the Dutch used a striking force of 50 tanks in assault yesterday afternoon against the port, birthplace of the Indonesian independence agreement. These forces, the broadcast said, bypassed Soemeding and Kadipaten.

An Indonesian army communique said Republican forces in the east-central sector had seized Modjokerto, on the outer rim of the Dutch perimeter around the once-powerful naval base of Soerabaya. This was one of the areas held by the Dutch before the outbreak of hostilities Sunday. Modjokerto is 28 miles southwest of Soerabaya.

The Modjokerto action apparently was an attempt by the Republicans to break down Dutch forces being on the stronghold of Malang. The Indonesian communique said the drive had been halted 35 miles southeast of the city. (Continued on Page Eight)

Marshall Advised Of Dutch Situation

WASHINGTON, July 24 (AP)—Secretary of State Marshall received the Dutch Indonesian fighting today with the Netherlands ambassador-designate, Dr. Feelo Van Kleffens.

In a 40-minute conference at the State Department, Van Kleffens said he gave Marshall "a few points" on the breakdown of negotiations which resulted in what he termed the Dutch "police" campaign.

The Indonesian crisis was taken up "in very general terms," Van Kleffens told reporters, along with current efforts to put the Marshall plan for European economic recovery into effect.

Marshall, he said, "knew very well what was going on" in the East Indies.

Van Kleffens, who has been Netherlands delegate to the United Nations, returned Tuesday from The Hague. He said his call was primarily a courtesy visit, such as normally precedes a new envoy's presentation of his credentials at the White House.

Truman also said that he has no plans for domestic controls over wheat and corn.

He also said that the so-called "Marshall Plan," first announced by Secretary of State Marshall, is the United States' offer to help European nations get on their feet economically if they work out plans to do what they can on their own.

On the matter of domestic controls over grain, Mr. Truman said those mentioned in his recent economic message to Congress had to do with export and transportation (Continued on Page Eight)

Mercy Flight Success Despite Bad Weather
BOSTON, July 24 (AP)—An Intrepid Coast Guard pilot brought a flying boat down in heavy seas last night within 15 feet of the Weather Ship Bibb, 600 miles off Newfoundland, to rescue an 18-year-old sailor struck on with appendicitis.

Joseph J. Johns, 18, 81-c of Helena, Ga. was flown to a hospital at Fort Pepperell in Greenland, where plans were made to operate immediately.

Braving hazardous flying conditions, Lieut. William Morrill of Lakehurst, N. J., was forced to use instruments in making the landing because of fog and resorted to "Jata," a form of jet propulsion, in taking off from rough seas.

CAMP IS SOLD
WASHINGTON, July 24 (AP) Rep. Sikes (D-Fla.) said today the War Assets Administration has agreed to sell Camp Gordon Johnston, in northwest Florida to Grier A. Quay Bloose, of East Palestine, Ohio, for \$440,100.

The Sanford Herald

Established in 1898... Published by... 111 Main Street... Subscription rates...

THURSDAY, JULY 24, 1947

BIBLE VERSE FOR TODAY

FEW HAVE NEEDS THAT ARE UNSUPPLIED, BUT WE WANT MORE THAN NEEDS. IT IS RIGHT TO DESIRE LIMITLESS SPIRITUAL BLESSINGS...

Sanford is a member of the Associated Press which is entitled to the national news and to the local news of all the local news districts...

Sanford is a member of the Associated Press which is entitled to the national news and to the local news of all the local news districts...

We see where it snowed in Cleveland the other day. They let it stay on the ground while they can. It is liable to get cold next winter.

It's a good thing the President didn't appoint Kenneth Royal Secretary of the Navy. Then the British no doubt would have assumed they owned the Royal Navy.

Grasshoppers are reported as about to "take" the Plant City area of Hillsborough county. And for that matter something ought to be done about the grasshoppers in this vicinity.

American Communists are said to be backing Henry Wallace for President. They evidently want someone who will take his umbrella in Munich and come back with "peace for our times."

Sanford is not the only city having budgetary troubles these days. It is a common complaint among Florida cities where honest reception, and other exemptions, are cutting into municipal revenues at a time when more and more funds are needed for needed operations. The Delton Sun News reports that city faced with \$38,000 deficit for the coming year and the City Commission is turning midnight oil trying to raise expenses and find ways of raising enough money to pay the bill.

President Truman's unexpected appearance in the Senate yesterday where he sat among a group controlled by members of the opposition party met with a reception of marked contrast to what might have happened in almost any foreign country. Burma, for instance. We are told that one of the hardest things for foreigners to understand was why President Roosevelt didn't have Tom Dewey executed after defeating him for office in 1944. It is utterly impossible for people not accustomed to democratic ways to comprehend how men can disagree so violently and not actually slay each other.

Grady Burton, 1936 candidate for governor, and at present looking with longing eyes on the laboratory general's office, was a visitor in Sanford Wednesday when he told us about his son, an Annapolis graduate now on duty in Tientsin. "Everybody says there it seems," he said, "that their idea of politics is a lead pipe with a stick of dynamite in it." That seems to be the way things are going in the world. Most of these people have no conception whatever of what democracy means. There is no compromise in democracy. It is not to make the best of a bad bargain. Every political faction must have its way 100 percent. There is no right. There is the way they know. But we are all out to tell you about Grady Burton. He's just taking a slight respite from the state at present. We'll hear more from him later.

Economic Co-Operation

The Paris Conference on European economic co-operation has discarded politics in favor of business, says Paul Ghali, who is reporting it. The co-ordinating committee will consist of sixteen delegates, one from each of the nations in attendance. A decision has been made to obtain economic information only with the consent of each government concerned. Work will be carried on by an executive body of six members, and by consulting committees which will look into problems of Europe's transportation, supply and industry. The smallness of these groups and their practical approach to the situation are factors which should bring about a solution to some of the complex economic problems of Europe. Upon the solution of these economic problems should follow the working out of some of the political problems which concern Europe as a whole. The political road will be smoother when the rocks and bumps of economic upheaval have been removed.

How To Keep Husbands Happy

- 1. Most women don't know how to keep their husbands happy.
2. Mr. Gould, a consulting psychologist, states, "A man, like a woman, will be happy in marriage if he gets what he wants. Most of the girls who are now young or middle-aged wives grew up with a dangerously wrong slant on the subject of what men want from them."
3. "Women should ask themselves the following questions:
1. Would your first, honest reaction be "Of course-I'd be happy anywhere with you" if your husband unexpectedly proposed moving to a strange town or even a foreign country?
2. Do you feel reasonably certain that if your husband got into serious trouble, he would turn first to you?
3. Do you get an instinctive feeling of happiness when you know that he is in good spirits and feels fit?
4. Does he frequently discuss his business with you?
5. Do you enjoy talking with him about his business?
6. Do you have a strong feeling for him in your own home?
7. Do you frequently help him with gardening, home repair work or other tasks in his department?
8. Is there any book you have read and discussed recently?
9. Do you and he participate together in any recreational sport?
10. Do most of his friends like you?
11. Do you like most of his friends?
12. Can you remember in some detail what you and he talked about last night?
13. Do you and he, in general, enjoy the same radio programs?
14. When he talks to you about something that interests him much more than it does you, do you really try to listen to what he is saying rather than day-dream about something else?
15. Do you like your husband's company as much as that of any girl you know?
16. If you can answer Yes to eight of these fifteen questions, and are honestly trying on most of the others, your husband will probably be even happier ten years from today than he is at present. And he can consider himself "happily married" right now!" concludes Mr. Gould.

Oddities Of The Great

Thomas Jefferson insisted that his book, Parliamentary Manual, be published without an index or page numbers so that cheapknives could not look up information while browsing at the bookstore!
The renowned philosopher, Immanuel Kant, was a slave to his habits. He became accustomed, while lecturing to one of his classes, to fix his eyes on a certain student who always wore the same coat, which had one button missing. One day the student appeared with the button sewed on. The great thinker was so disturbed that he could not lecture that day.
After having become one of the wealthiest men in the world, Andrew Carnegie spent money lavishly on travel and art. He gave away millions of dollars. But he could never bring himself to send long telegrams. Often he spent many precious minutes trying to cut a message down to ten words.
Webb B. Garrison in Your Life.

Sight-Seeing Charter Sought By Company

Florida, as well as sight-seeing, Robinson's Transfer of Sanford has asked for an extension of its contract carrier certificate, and Austin Lloyd of Fort Pierce will be authorized to transport canned hams from Fort Pierce to Tampa. The commission, consisting of Chairman W. B. Douglas and Commissioners Wilbur C. King and Jerry W. Carter, will convene today. This hearing also will consider applications of two other companies for additional state rights. Captain Cook sailed around New Zealand in 1769. There are 3,400 miles of railroads in New Zealand.

TOO LATE TO CLASSIFY

Each year hundreds of thousands of pictures and magazine stories depicting the horrors of war are published in newspapers, magazines and trade journals of the nation. It is impossible to estimate but this publicity doesn't just happen. It is planned and executed by the news writers and editors who know what publishers want to know and have the necessary contacts to place it carefully. You don't get your publicity pictures and stories in magazines like Life, Parade, Look, the Saturday Evening Post, Colliers or metropolitan newspapers like the Chicago Tribune, New York Times, Cleveland Plain Dealer, or Kansas City Star unless you know your stuff. Double-check the facts. How do publishers get their material? The most part unprepared, they are among the easiest and most successful to be found anywhere in the country and have done and are doing a magnificent job for Florida. Men like Dick Pope of Cypress Gardens at room 41130 Wayside have crashed front pages in the Tampa office. Instructions by our secretary to make hotel reservations I wrote and asked that a double room be reserved for the night of August 2 at the Edgewater Gulf Beach Apartments. In reply I received a courteous "form letter" informing me that my reservation had been made at \$7.00 per night. I was told that my reservation would be for a double room with a bathroom. I was told that my reservation would be for a double room with a bathroom. I was told that my reservation would be for a double room with a bathroom.

TEEN TALK

Newspapers Dear Judy, It seems most of the kids have found fascinating ways to occupy themselves during the summer. I've learned one startling fact place out there before even leaving my Tampa office. Instructions by our secretary to make hotel reservations I wrote and asked that a double room be reserved for the night of August 2 at the Edgewater Gulf Beach Apartments. In reply I received a courteous "form letter" informing me that my reservation had been made at \$7.00 per night. I was told that my reservation would be for a double room with a bathroom. I was told that my reservation would be for a double room with a bathroom. I was told that my reservation would be for a double room with a bathroom.

EMIGRANTS TO U. S.

BREMEN, July 24 (AP). American officials said today that 15,449 emigrants and 4,856 refugees had sailed from Germany for the United States in the past year. They were admitted to the United States under the so-called "unused immigration quota" that developed during the war.

Regional, District Housing Offices Close

ATLANTA, July 24 (AP).—The regional housing office in Atlanta, announced today that it will close its doors on August 1. The regional office in Atlanta, announced today that it will close its doors on August 1. The regional office in Atlanta, announced today that it will close its doors on August 1.

Recreation Group Formed By Baptists

The Baptist Youth Club was organized Saturday at the First Baptist Church with a group of 10 young people signed as charter members after appointing a set of by-laws which included a statement of purpose as being to provide for recreation and entertainment of the youth of the community.

Wayne B. Abers To Speak In Sanford

Wayne B. Abers, state organizer of the 5th Congressional District of the Townsend Club will be the guest speaker during the 10th annual meeting of the club which will be held at the home of Mrs. R. W. Harrison on the Country Club Road.

Hollywood

HOLLYWOOD, July 24 (AP)—Van Johnson is a Hollywood actor who doesn't add his own self about his dramatic talents. For that reason he is asking his fans for lighter roles. Most actors believe they could tackle Hamlet in a moment, says Van Johnson. He would rather have a musical than a tragedy.

Colorell Floors

Many decorative effects can be worked out with asphalt flooring because it is made in a variety of colors, both plain and marbled.

Program Announced For All-Day Meet

The Rev. Douglas E. Charles is scheduled to speak on the program for the all-day meeting and picnic of the W. S. C. S. at the home of Mrs. R. W. Harrison on the Country Club Road.

Wayne B. Abers To Speak In Sanford

Wayne B. Abers, state organizer of the 5th Congressional District of the Townsend Club will be the guest speaker during the 10th annual meeting of the club which will be held at the home of Mrs. R. W. Harrison on the Country Club Road.

Hollywood

HOLLYWOOD, July 24 (AP)—Van Johnson is a Hollywood actor who doesn't add his own self about his dramatic talents. For that reason he is asking his fans for lighter roles. Most actors believe they could tackle Hamlet in a moment, says Van Johnson. He would rather have a musical than a tragedy.

Colorell Floors

Many decorative effects can be worked out with asphalt flooring because it is made in a variety of colors, both plain and marbled.

Program Announced For All-Day Meet

The Rev. Douglas E. Charles is scheduled to speak on the program for the all-day meeting and picnic of the W. S. C. S. at the home of Mrs. R. W. Harrison on the Country Club Road.

Cosmetics Are Risky Business In Berlin

ALL NEWSPAPERS HEREIN are a woman's vanity can be a dangerous business if she buys her cosmetics in Berlin's black market. She might get hold of some expensive perfumes, some poisonous lipstick or an eye deodorant with high content of methyl alcohol. In the once-glorious Kurfurstendamm German women have been known to pay a week's salary for a lipstick which might prove poisonous.

G-Men Here Tonight; Feds Drop Tilt To Sens, 7 to 2

Charlie Bissen To Face Hoagmen In This Evening's Single Contest

ORLANDO, July 24, (AP)—The rampaging Sanford Celery Feds were slowed down by the right handed slant of rookie right-hander Stan Zedalis in a 7 to 2 contest before a screaming fans who came to Tinker Field to partake of the 1946 pennant-raising ceremonies and to honor Lou Bevil, Tommy Hyde and Gene Major.

Bevil, Hyde and Major ambled into deep center field to raise the pennant, and upon their return were introduced to the fans present by Dr. R. M. (Doc) Huntley, who immediately started a collection for the three Senator players. The collection netted \$305.45, and was divided equally among the three.

Buddy Lake, on the hill for the Yeds, and Zedalis hooked up in a nip and tuck hurler's duel for the first three frames, but the Fed right-hander began to weaken in the fourth and was nicked for a single tally. The Orlandoans tallied another score in the sixth.

Five hits and a sacrifice netted the Sens four markers in the seventh, the Bevilmen tallied their final run in the eighth.

Tonight the Feds entertain the Gainesville G-Men and Charlie Bissen is on deck to handle the burbling chores for the Murraymen.

Sanford Legion Team To Play Parkers

The Sanford American Legion Junior Baseball aggregation dropped a hard fought tilt to the Orlando Legion Juniors yesterday by a 5 to 1 margin.

Lloyd Swain tossed for the Sanfordites and allowed but five well scattered bingles, but the Orlando team nixed their attack with six sacrifice hits to push across the needed margin of victory.

Winter Park tripped the Cocoa entry and as a result will meet the Sanford Juniors in Orlando at Tinker Field tonight in the semi-finals of the double elimination tourney.

The winner of the Sanford-Winter Park contest tonight will meet the Orlando team for the district championship. The team will play at 2:30 o'clock tomorrow.

Mason Leeper Pitches Victory Over Pirates

Mason Leeper, off again—on again Gainesville southpaw, limited the Leesburg Pirates to two bingles last night in racking up a 6 to 3 victory for the G's. Leeper fanned 14 and issued but eight free decrees in turning in the win.

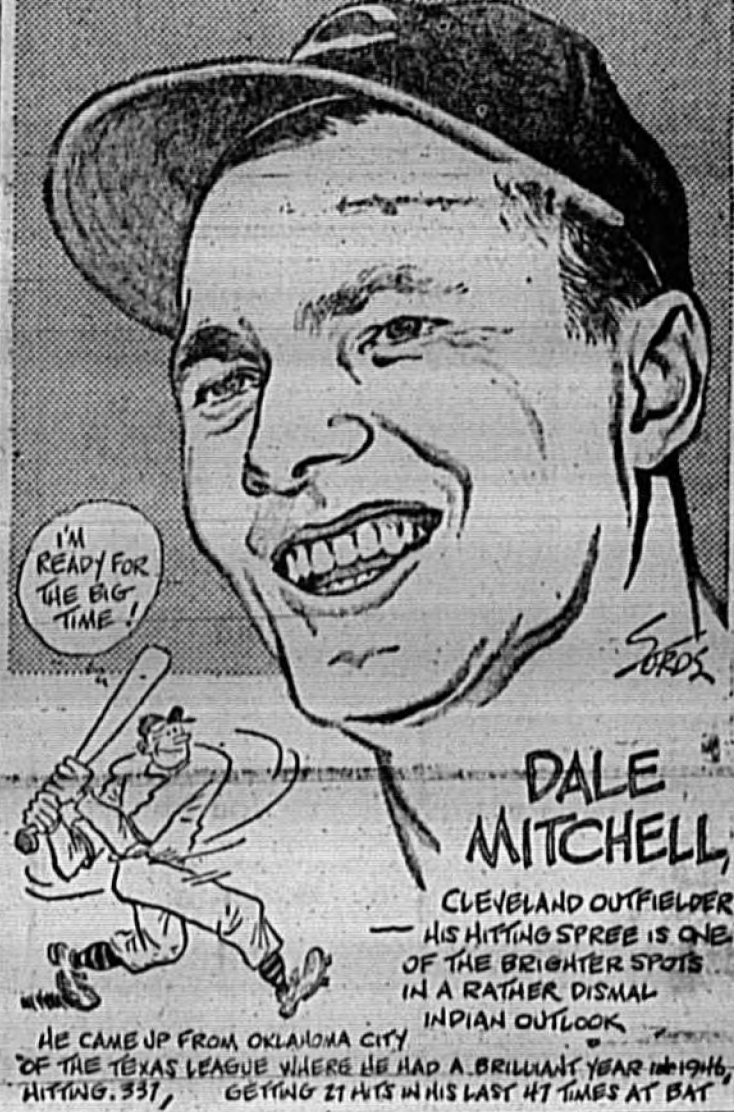

The Palatka A's fanned three runs across the platter in the top for the 14th frame to take a nip, and tuck the lead from the St. Augustine Saints by a 4 to 1 margin. The ailing Daytona Beach Islets were trimmed again by the DeLand Red Hats in a 12 to 7 contest with Ben Bardin, DeLand right-hander turning in the victory.

Line scores:

Leesburg 000 020 001—3 2 3
Gainesville 100 000 41x—6 9 0
Bolin and Hall; Leeper and Dakaney.

Daytona 010 003 012—7 11 4
DeLand 602 112 00x—12 11 0
Foster, Meadows and West; Bardin and Steinecke, Waddell.

FRANK PARKER TO MEET PANCHE SEGURA TODAY

SEA BRIGHT, N. J., July 24, (AP)—Frank Parker of Los Angeles, still smarting from his recent Spring Lake defeat, will have a chance to show his mettle today when he meets the top-ranking foreign player, Francisco (Panche) Segura of Ecuador, in a quarter-final match of the 59th Annual Sea Lawn Tennis and Cricket Club Invitation Tournament.

Parker, who won the title here in 1939 and is seeded no. 1, came through the opening matches with ease. He toppled Clarence (Nick) Carter of San Francisco yesterday, 6-4, 6-4, to reach the round of eight.

Edward Moylan of San Francisco, who ousted Parker at Spring Lake, ending the latter's nine-year winning streak, there, was knocked out of the tournament yesterday by Victor Seixas of Philadelphia, Penn. State Grass Court champion, in straight sets, 6-1, 6-2.

Seixas, ranked 18th nationally, thus was credited with the tournament's biggest reversal. He downed Moylan in 31 minutes of play, to rate today's spot in the quarter-finals against southpaw James Brink of Seattle. Brink had to go three sets yesterday to eliminate Bill Vogt of Princeton, 4-6, 7-5, 10-8.

Second seeded Gardner Mulloy of Coral Gables, meets Earl Cochell of Brooklyn and fourth seeded William Talbert of Wilmington is matched against Bob Falkenberg of Beverly Hills, Calif., in the other two quarter-finals.

Cochell caused a mild stir yesterday when he defeated the nation's 11th ranking player, Seymour Greenberg of Los Angeles, 8-6, 6-4.

Both Talbert and Falkenberg are considered strong contenders for the title.

In the Women's division, top-seeded Shirley Fry of Akron, Ohio, is paired with unseeded Barbara Jrase of San Francisco and Mrs. Virginia Kovacs of San Francisco, seeded second, battles Dorothy Head of Alameda, Calif., no. 3, in the semi-finals.

THIRD ROUND OF PUBLIC LINKS TOURNAMENT OPENS

MINNEAPOLIS, July 24, (AP)—Sixteen weekend golfers, the boys who normally play the game for fun, teed off today in the third round of the National Public Links Golf Tournament at Meadowbrook Course.

Today, though, they were playing for keeps. The winners of this morning's third round and this afternoon's fourth round will go into the 36-hole semi-finals Friday.

The 16, representing the remainder of a field of 179 Monday, won their berths by first and second round match play triumphs yesterday.

Most of them had comparative-

ly easy victories, but a few of them were carried to extra holes to conquer their foes. Three of the 16 second round tilts went over the scheduled 18 holes, with four of the 32 opening matches going over.

Shedric McKain of Memphis, Tenn., went to the 22nd hole before eliminating Louis Stafford, Clatskanie, Ore., Stroker, in the second round; Edward E. Vast, of Detroit, downed Peter Strackbein of Long Beach, Calif., in 20 holes and Avery Beck of Raleigh, N. C., won over Mike Stefanchik of Gary, Ind., in 19 holes.

In a first round match that also went to the 22nd hole for decision, Jack Nounnan of Los Angeles, Calif., downed Carl Spain of Memphis, Tenn. Robert Silvestri of San Francisco went 21 holes before he could win over Clair Emery of Salt Lake City. Arthur Kenneman of St. Louis took one extra hole to eliminate Peter Shof-

rick of San Francisco, and Thomas Marlow of Portland, Ore., dropped Warren Campbell of Seattle, Wash., in 20 holes.

Four cities had two representatives each in the tourney at toe-off time of 9 A. M. (CST). They were San Francisco, Calif., Atlanta, Ga., St. Paul, Minn., and Raleigh, N. C.

The third round pairings: Edward E. Vast, Detroit, Mich., vs. Robert Silvestri, San Francisco, Calif.
Al Clasen, St. Paul, Minn., vs. Wilfred Crossley, Atlanta, Ga.
Ralph Vranaec, Denver, Colo., vs. Jack Nounnan, Los Angeles, Calif.
Don Dostert, St. Paul, Minn., vs. Charles W. Barnes, Atlanta, Ga.
Avery Beck, Raleigh, N. C., vs. Marino Caso, Seattle, Wash.
Philip Gordon, Oakland, Calif., vs. Einar Hanson, San Francisco, Calif.
Benjamin Hughes, Portland,

Ore., vs. Thomas Card, Raleigh, N. C.
Shedric McKain, Memphis, Tenn., vs. Alfred Littleton, Wichita, Kansas.

GAMMON ELECTED

MOBILE, Ala., July 24, (AP)—Wirt Gammon, sports editor of the Chattanooga Times, was re-elected president of the Southern Association sports writers here yesterday.

COMMENTS from the SIDELINES

HERE 'N THERE

We see that Stan Karpinski's four-run homer against the DeLand Red Hats in St. Augustine, netted him \$224.00. Not bad for a circuit swat. Incidentally the blow placed on the sack list because he is suffering from a sore arm.

To add to the woes of the Islet skipper, second sacker Joe Schoendienst is warming the bench with a sore foot. Hal Shiles has a sore arm and Bill Rabe is in the hospital suffering from food poisoning. It is reported that Hartley has only two hurlers who are in condition to hurl. They are Stablefield and Meadows.

Buddy Lake and Mayo Langston's open air fruit market is progressing nicely at the corner of Third Street and Palmto

Hollywood Gold Cup Set For Saturday

INGLEWOOD, Calif., July 24, (AP)—The \$100,000 Hollywood Gold Cup short on tradition but long on cash, promises to arouse the quota of local and national interest Saturday as a dozen or more thoroughbreds go to the post for the eighth running of the event.

There will be no highly publicized Assault or Styvie in the procession. There won't be a tough, great little Seabiscuit to grab the gold, as he did in the inaugural 'way back in 1938 when hundred grand purses were still considered extravagant.

Nor will there be a handsome Chelidon to win as the Marylander did in 1940, or a Big Pebble in the last race before the war set in.

But there will be as fine a field as could be persuaded to enter, including two candidates who just a few months ago showed their heels in the \$100,000 Santa Anita handicap to a mighty stake champion named Armed. By name, Ohlavery and See-See-See.

A run down of possible starters goes like this: Ohlavery, See-See-See, Honeymoon, Triclate, Cover Up, Please Me, Texas Dance, Burning Dream, Texas Sandman, El Lobo, Autocrat, Paperboy and another possibility or so.

Yanks Valor, colic stricken, was declared out. There may be a surprise nominee or two tomorrow, but the gold cup is set, regardless of the field, as the high point of summer racing at Hollywood Park.

YESTERDAY'S STARS

Willard Brown, Brown, got four singles in five times at bat and drove in three runs to lead the Browns to an 8-3 victory over the Yankees.

Has Scarborough, Senators' second star, in pitching a 6-0 victory over Fred's Hutchinsonson, the Yankee streak-stopper, and the Tigra.

New Zealand's follow the English custom in traffic laws.

Andrew J. May And Garsson Brothers Sentenced To Jail

Ex-Congressman Gets Up To 2 Years For Accepting Bribe In War Contract Deal

WASHINGTON, July 25 (AP)—Ex-Congressman Andrew J. May was sentenced today to a term of from eight months to two years in prison on charges of accepting \$53,634.07 in bribes while he was wartime chairman of the House Military Affairs Committee.

The two men accused of paying the bribes—munitions makers Murray and Henry Garsson—were given prison terms with a minimum of eight months and a maximum of two years.

The maximum penalty that could have been imposed on each by Judge Henry A. Schweinhaut was six years in prison and a fine of \$30,000.

The sentencing was delayed for more than two hours while the defendants' lawyer pleaded for a new trial and May beseeched the court for mercy.

The 72-year-old former Kentucky democratic congressman insisted that he had never taken "a single dime" dishonestly during his long service in congress.

He told Schweinhaut: "I stand before the court today with a clear, clean conscience. I never violated a law as far as I know in the 72 years of my life. I never received a dollar directly or indirectly that was not honestly earned or justly due."

May was convicted July 3 after a hearing in which he accepted \$53,634.07 in bribes from munitions makers Murray and Henry Garsson. The Garsson brothers were found guilty of giving the bribes for favors and, like May, came into court to hear their penalty.

May told Judge Schweinhaut: "I never got a single dime from the Garssons or anybody else. I never did a thing in Congress that today vexes my conscience. I stand here today on the mercy of the court. If I go to jail, I know it will carry the case to the Supreme Court if necessary, pleaded for a new trial and praised May and the Garssons before May addressed the court.

Among the reasons cited by the lawyer for a new trial was the contention that the jurors had listened to radio descriptions of the trial.

Value Of County Property Given As \$32,827,990

Nearly Half Of This Valuation Exempted For Tax Purposes

The total assessed valuation of all property in Seminole County at the present time is \$32,827,990, or \$545,241 more than the 1945 assessment. It was revealed today by Sanford F. Doudney, county tax assessor.

The total assessed value of all property in the county which is exempt or partially exempt from taxation is \$14,649,700, he declared.

This is 44.6 percent of the total valuation.

Assessed value of property against which taxes may be levied for county maintenance purposes is the difference between the \$32,827,990 and the \$14,649,700 exemption, or \$18,178,290.

Homesteads, valued at \$5,801,140, are exempt by State law from taxation for maintenance, but can be taxed for interest and sinking fund. Adding this sum to the valuation for maintenance equals \$23,979,430 valuation for the interest and sinking fund.

Of the \$14,649,700 exemption, \$8,825,900 is the value of property wholly exempt. The largest items in this sum are the Sanford Municipal Airport and Osceola airport which total \$4,460,000 in estimated value, said Mr. Doudney. A total of \$4,108,900 is exempted under many classifications including city and county owned lands, churches, schools, lodges, and disability and widows exemptions, etc. Also exempt is \$221,900 worth of land that has reverted to the State Internal Improvement Board, and \$950 of delinquent, non-exempt property.

Property classified as taxable includes non-exempt land valued at \$12,784,540; personal property valued at \$3,597,270 and railroad and telegraph properties valued at \$1,796,480.

The assessed valuation at present shows a \$545,241 increase over the \$32,282,750 valuation for 1945, Mr. Doudney revealed.

This increase, he said, is due to natural causes such as new buildings and improvements. Maintenance tax valuation of \$403,211 more than the \$17,174,080 value of 1945.

In 1945, according to the report of the State Comptroller, Seminole County had a total assessed value of \$32,282,750.

Gun Toter Held After President's Visit

A FEW MINUTES after President Truman left the Senate chamber Capitol police took into custody a man identified as Clifton R. H. Spikes, of Augusta, Ga., showing the arresting officers, Lorain Grimm (left) and Paul C. Smith. He was taken to Gallinger Hospital for observation. A bullet was in the gun, another was in his pocket.

Slovak Communism Is Far Cry From Rigid Marxist Doctrines

By DANIEL DE LUCE
BRATISLAVA, Slovakia, July 25 (AP)—Slovak Communism wears a white collar to the office—and goes to church on Sunday.

It beats the propaganda drums for Soviet foreign policy. But it admits it never wants to see a Russian army on Slovak soil again.

It talks of democracy instead of dictatorship of the proletariat. It wants Czechoslovakia's windows to the West wide open.

What is Slovak Communism? The answer, from Party Secretary General Stefan Bastovansky, reading old Marxist doctrine, is about as much as a jet-propelled racer resembles the flying machine that the Wright brothers launched at Kittyhawk.

A quiet, scholarly ex-railway clerk, 37-year-old Bastovansky controls the party machinery which harvested a Red vote of 31 per cent in the first Slovak elections after war.

On the wall of Bastovansky's simple office hangs a picture of Lenin, but the No. 1 Bolshevik of history has a quizzical expression on his bearded face.

"The accusation that the Slovak Communist Party's program is made in Moscow is not often made, and it is easy to disprove," Bastovansky said.

"We propose nothing that cannot be achieved through democratic processes. The fact that we advocate cooperation with other parties in achieving a broad socialization of the economic structure of the state presupposes that we are open to compromises."

"We are for evolution, not revolution."

Bastovansky has never visited Moscow and he welcomes "internationalists" (Continued on Page Four)

Lions Schedule Practice Session To Beat Rotary

The Lions Club is prepared to take on the Rotary Club with a softball game to be played next Wednesday evening at 7:30 o'clock at the Lakewood softball park, it was announced today by Harry Robson at the meeting of the Lions at the Tourist Center.

Richard Deas, who was named manager of the team, announced a "14 minute" practice for Monday evenings.

"This is all the practice necessary to beat Rotary," he declared. Club President Robson was not so optimistic, however, and pointed out that none other than Dub Epps is slated to take the mound for the Rotarians.

However, Epps is due to face the following formidable lineup of Lion sluggers:

H. Robson, p
Al Lyon, c
Henry Wight, Jr., 1b
Dick Ellsbury, 2b
R. Deas, ss
H. Swan, 3b
H. Bisbee, rf
Jack Morrison, cf
Jack Williams, lf
Utility men will be John Ivey, Joe Moss, Cecil Carlton and E. B. McCall.

Daryl Swan called upon members of the club to aid Jaycees in their drive to raise funds to operate the new Tourist Booth on the lakefront.

Clyde Ramsey told of a new pocket Braille-writing machine that Lion clubs are making available to the blind at small cost. King Lion W. O. Livingston was fined 10 cents by Tall Twister Harry Robson for calling a guitar played by W. R. Connolly, a lamp.

Guests at the meeting were Ray Slaton and Albert Pitts.

Spencer Wainwright, 61, Dies In Miami

Funeral services for Spencer B. Wainwright, Sr., 61, former resident of Sanford and Orlando, who died of a heart attack Wednesday afternoon at his home in Miami, will be held at the graveside at Lakewood Cemetery Sunday afternoon at 4:00 o'clock in charge of the Erickson Funeral Home. The Rev. Lionel Nelson of the Oviedo Methodist Church will officiate.

Mr. Wainwright had lived in Miami for the past 11 years. He is survived by the widow, Mrs. Minnie L. Wainwright and by two daughters and two sons by a previous marriage: Mrs. Robert F. Riley of Miami, Mrs. L. A. Knight of Pikesville, Md., Ben G. Wainwright of Oviedo and Spencer E. Wainwright of Miami and by seven grandchildren.

OVERLOADED

MELBOURNE, July 25 (AP)—The chartered airliner which crashed near here July 18 killing 21 persons, most of them Puerto Ricans, was overloaded about a ton, a Civil Aeronautics Board hearing was told today.

ROTARY PROGRAM

Charles Morrison, program chairman, announced today that Miss Roberta Evans, soprano, and Perry Bremer, trumpet soloist, accompanied by his son Robert, an accomplished pianist, will render a program of music at the Rotary luncheon Monday.

LEEDY APPOINTED

TALLAHASSEE, July 25 (AP)—Governor Caldwell today appointed L. C. Leedy, Orlando bond dealer and former state representative, to the Orange county school board to succeed Samuel H. Williams, who resigned.

Russian Says United Nations Has No Power

Gromyko Insists Security Council Can Not Force Balkans To Aid On Border

LAKE SUCCESS, July 25 (AP)—Russia told the United Nations Security Council today the council had no power to force the Balkan states to cooperate with the American-proposed border commission.

Soviet Delegate Andrei A. Gromyko thus took sharp issue with contentions of Herschel H. Johnson, Deputy U. S. Delegate, that decisions of the council under Chapter Six of the UN Charter were binding.

Johnson immediately countered with another warning that failure of any state to comply with a decision of the Council might result in enforcement measures of the strongest kind.

"Any failure would lay the non-complying states open to serious action to insure their cooperation," Johnson said. "The Council can make such decisions under Chapter VI."

Johnson summed up his views in this way:

"The Council has the power to make investigations. Countries are obligated to cooperate. It is the duty of the members of the United Nations to abide by the decisions."

Gromyko replied that if a nation found that the work of the commission "is incompatible with its sovereignty, then it can refuse to cooperate."

State Department, AMG Disagree On German Policies

BERLIN, July 25 (AP)—A difference between the policies of the United States State Department and views of the American military government here concerning Germany became apparent today.

The news of Secretary of State Marshall's invitation to France to participate in a three-power conference on Germany's industrial level, but governing officials in Germany with sharp impact.

The U. S. Military Governor, General Lucius D. Clay, declined to comment but it was learned authoritatively that neither he nor any other top American military government official was officially informed of the State Department's sudden offer to France either before or after it was made.

The only information received in Germany on the whole was a request to hold up the announcement of an American-British agreement on Germany's level of industry, reached after weeks of negotiation, these sources said.

The question of giving France a voice in deciding what the level of industry shall be for the combined American and British zones of Germany was considered by authoritative sources here as virtually a complete reversal of arrangements which will drop out of collection.

Regardless of what has been said in the malicious press x x x I'm not guilty."

Lewis Inspects Site Of Mine Disaster

WEST FRANKFORT, Ill., July 25 (AP)—John L. Lewis, United Mine Workers chief, arrived here by automobile today for an inspection of the mine in which 27 coal diggers perished from an explosion yesterday.

Lewis, who was accompanied by Hugh White, president of District 12 (Illinois) of the UMW, spoke briefly with Governor Dwight H. Green of Illinois in a downtown hotel lobby and then went out to the old Ben Coal company's No. 8 mine.

The old newsmen he had just arrived, he said because he had just arrived.

Before Lewis arrived here, a federal mine inspector examined the mangled corridor where the miners were killed and attributed the blast to an explosion of gas.

William Gallagher, Evansville, Ind., the federal mine inspector who began his examination while rescuers still sought the last three bodies said "it was a gas explosion. There's no question about it."

Twenty-six of the approximately 200 miners at work in the diggings 8000 feet underground were found about a mile and a half south of the main entrance shaft. One of five seriously injured miners removed to a hospital died today.

Mrs. Nolan's Brother Died This Morning

H. D. Berry, 75 year old brother of Mrs. Mimmie Nolan of Sanford, died this morning at 4:00 o'clock at his home in Winter Garden after a lingering illness.

Mr. Berry is survived by his wife, one son and one daughter and another sister, Mrs. Edna Miller of Bushnell.

Funeral arrangements have not yet been completed.

UNSOLVED CRIME

MONROE, GA., July 25 (AP)—One year ago today two negro men and their wives were slaughtered by an unmasked mob of about 20 white men and despite intensive federal and state investigations, and rewards in excess of \$30,000, the mass murder remains unsolved.

Repeal Of War Laws Is Signed By Truman; Armed Forces United

Air Force Is Given Equal Rank With Army And Navy In Unification Bill

WASHINGTON, July 25 (AP)—Congress sent to President Truman today legislation putting the Army and Navy under a single cabinet officer—to be called the Secretary of National Defense.

This so-called armed services unification measure also gives the Air Force equal rank with the land and sea forces. At present, the Air Force is a branch in the War Department where land officers wield biggest influence.

The legislation is one of the big measures Congress had ticked off for final action before adjournment tomorrow.

It is also one of the major proposals Mr. Truman made to the lawmakers. For future national defense, he also asked that military training be required for all physically fit young men.

All he got on that was a promise of early action when Congress reconvenes next January. That promise came when the House approved a universal training bill by a vote of 20 to 0, thus adding it to the calendar of bills which will be awaiting the legislators when they reconvene.

This was another progress in Congress' drive to clean its slate for adjournment.

The House passed compromise legislation to end Nov. 1 the government's restrictions on installment buying and selling.

The Senate Labor Committee approved 9 to 3 the President's nomination of former Democratic Senator Abe Ribicoff to be a member of the National Labor Relations Board. The committee also approved the nomination of J. Copeland Gray, as a member of the board and Robert N. Dethman as general counsel.

Republicans, after holding the Senate in session all last night, gave up serious efforts to put (Continued on Page Six)

New ACL Freight Depot Building Is Now In Operation

The new Atlantic Coast Line Freight Depot building, recently completed by the Lee Construction Company of Jacksonville, was put into use this week. Another improvement, an automobile loading platform is now being built near the freight terminal. Masonry work is by Bridges and Williams, Lake Mary, contractors.

The new building with its concrete floors and cement block walls is at freight car level on the south end, and tracks will be raised about 14 inches on the north end so that the new rubber-tired hand trucks can be pushed more easily in and out of cars. It was announced by E. N. Fielding, freight agent.

During wartime, Sanford was a transfer point for the whole of Florida, but since the completion of the big terminal at Waverly, Ga., this transfer business has been much reduced, and at present goods and merchandise are received mostly for the Sanford area. The location of the freight depot in the heart of Sanford makes it easily accessible to business interests, and thinking ahead is ample.

The building is more than 200 feet long and 35 feet wide, but a side-loading platform running the full length on the west side and on the north side has a 50 foot platform with roof shelter with a ramp for easy unloading of cars.

Within the freight building is a separate office for E. E. Feltner, warehouse foreman. He pointed out a screened enclosure which is rat proof, and used for storing food and perishables. There is a large platform scale of five-ton capacity. Rest rooms have hot water provision and ice water drinking fountains.

It is planned to cut the wood and improve the appearance of the area to the rear and side of the depot, according to officials. In front of the office building, shrubs bloom brightly.

State Department, AMG Disagree On German Policies

BERLIN, July 25 (AP)—A difference between the policies of the United States State Department and views of the American military government here concerning Germany became apparent today.

The news of Secretary of State Marshall's invitation to France to participate in a three-power conference on Germany's industrial level, but governing officials in Germany with sharp impact.

The U. S. Military Governor, General Lucius D. Clay, declined to comment but it was learned authoritatively that neither he nor any other top American military government official was officially informed of the State Department's sudden offer to France either before or after it was made.

Dutch Report End Of First Phase Of Indonesian Fight

BATAVIA, July 25 (AP)—A high-ranking Dutch source said today the first phase of Dutch operations against the Indonesian Republican army, aimed at isolating central Java from the rest of the island, had been completed.

Reporting from the Republican capital of Jogjakarta, deep in the interior, Associated Press correspondent Harris Jackson said independent Republicans obviously saw the possibility that the Dutch would render the Dutch position continuously precarious with guerrilla warfare.

The Dutch informant here said the next step for Dutch troops would be to mop up zones of resistance in the eastern and western parts of the island and install new administrations. Whether Dutch troops then would drive on Jogjakarta in an attempt to smash the remainder of the republic was undecided, the informant said.

A Netherlands army communiqué said fighting already was begun in the eastern part of the island.

An Indonesian army communiqué reported that Republican (Continued on Page Six)

Series Of Robberies Reported In Palatka

PALATKA, July 25 (AP)—County Judge Caudill Green today said two men and a girl had confessed participating in a series of business house burglaries during the past six months. He added the group was led by the 19-year-old wife of one of the prisoners.

Fifteen persons have been charged with participating in the affair which has upset official and business circles over Putnam county, but only four have been taken in custody.

Today Sheriff W. J. Reeves was looking for Coleman Hancock after Judge Green issued a warrant for him and set bond at \$1,000, saying that Hancock had jumped a \$200 bond.

HEARING SET

LEONARDTOWN, Md., July 25 (AP)—Civil authorities today tentatively set Aug. 1 for arraignment and preliminary hearing for a young seaman charged with the murder of Mrs. Julia Katona, 35 year-old navy wife found slain after a penny-ante poker game at her home near Tall Timbers, Md. The seaman, Joseph Daniel Houllotte, 22, of Manchester, N. H., is held in the county jail here.

JOINT SUIT

TALLAHASSEE, July 25 (AP)—The Supreme Court today ruled that a husband and wife may sue jointly for separate claims arising from the same transaction. Answering a certified question submitted by the circuit court of Orange county, the court said the joint suit could be filed even though a 1943 legislative act permits a woman to sue and be sued in her own right.

RAPIST EXECUTED

COLUMBIA, S.C., July 25 (AP)—An 18-year-old negro, Bert Grant, was electrocuted here today for kidnapping a 16-year-old white woman in Darlington county two months ago. Just 18 minutes before he was led into the pentagonal death chamber, Grant asked for and was given "a little more chicken" from his last night's supper.

"It sure is good," he remarked, eating heartily. "I shocked my days myself," he told the prison chaplain.

CHARGED WITH MURDER

PENSACOLA, July 25 (AP)—Deputy Sheriff Billy March said today Ben Grady E. Poland, 26, of Eglin Field died early today of bullet wounds and that his English war bride, in jail at Crestview, would be charged with murder.
