Seminole High School parents and students will be selling trees for the next week to raise funds to send the band to Tallahassee to march in the governor's inaugural parade.

### Civic Club Receives \$25 To Aid Needy

By JULIA BARTOS  
Donations of \$25.25 were received by the Altamonte Springs Civic Club to be used in aiding needy families through the holidays. It was announced at the annual Christmas luncheon held in the Community House with 45 members and guests in attendance.

Those present also were advised that the Thrift Shop of the Altamonte Springs Community Library will open Saturday with a book sale. The Thrift Shop is located at the rear of the library.

Devotions for the meeting were given by Mrs. Beulah Kemp, chaplain. Members sang Christmas Carols led by Mrs. Dorothy Bowker and Mrs. Graham Fuller, with Mrs. Kemp at the piano. Mrs. John Lielio, president, who was unable to remain because of serious illness of her husband, turned the meeting over to Mrs. Harriet Hestras, vice president.

New members accepted were Mrs. Lawrence Swafford, Mrs. Graham Fuller and Mrs. Richard C. Irwin.

Guests included Mrs. Laura Jones, Mrs. Bowker, Mrs. D. E. Boese and Mrs. F. Stocker. Yuletide decorations, done by Mrs. Norma Dullman and Mrs. Kemp, were used throughout the rooms.

Lake Mary Road, city library in downtown Sanford and at Sanford Plaza. Hours will be from 9 a.m. to 9 p.m.

The first 200 customers who purchase \$5 worth of trees Saturday will receive a potted Hawaiian Lily tree.

Sale will be held at the 25th St. and Lake Mary Rd. intersection from 2 to 6 p.m. daily Dec. 18-21.

Among the varieties of trees available will be magnolias, camphor, holly, enealyptus,

laural oak, Italian cypress, red-top, Chinese elm, grafted gardenia, assorted citrus, palm, Confederate jessamine, crepe myrtle and poinsettias.

Chairman of the tree sale, Ashley Jones, noted that "the trees will make very nice Christmas gifts."

Sale is being held through the cooperation of Lee Mansfield Nursery, of Sanford; C. B. Nursery of Samsula, and Steve's Nursery, of New Smyrna Beach.

## Area Sales Tax Receipts Up

November sales tax collected in Seminole County were up 8.5 per cent over November of last year, Florida Revenue Commission figures show.

Figures for November, 1965, were \$98,374 and this year, the figure rose to \$108,095, according to statistics.

Alexander Graham Bell not only invented the telephone; he produced a remarkable forerunner of the jet-powered helicopter in 1860.

Gasoline taxes increased by \$482,000 from November 1965 to November 1966.

## 'Clamps' Proposed For Grand Juries By Constitution Unit

TALLAHASSEE (AP)—A provision making it clear that grand juries cannot criticize persons without indicting them was written into the proposed new state constitution today.

This, and a few other measures, were adopted easily as the Florida Constitution Revision Commission again took up the judicial article.

A show-down over the proposed future trial court structure, whether it should be two-tier or three-tier, drew nearer and a compromise plan seemed a certainty. Commission Chairman Chesterfield H. Smith of Bartow conferred with a special select committee which worked on a plan.

The amendment concerning grand juries, passed by a 18-13 vote, was offered by Warren Goodrich, attorney of Bradenton, who said it puts into the constitution "a provision that is already the law," but which he said grand juries sometimes violate.

## Yule Lighting Contest Deadline Dec. 19

Annual Christmas lighting contest sponsored by the Sanford Jaycees is open for registration, with closing deadline Dec. 19.

Winners of last year's contest are ineligible to enter this year. Charles Daly, chairman, explained.

**Oaklawn Youth To Present Program**  
The 18-voice Youth Choir of Oaklawn Baptist Church, 2743 Country Club Road, Sanford, will present a program featuring special arrangements of Christmas Carols at 7:30 p.m. Wednesday at the church.

Soloists will be Ethel Todd, Pamela Bradley, Beverly Epifony and Brenda Steverson. There will be a churchwide social immediately following the program.

Entry blanks may be obtained at the Jaycee Building at 427 French Avenue. Entries will be accepted from commercial establishments, stores, stores and industries, competing for the Florida Power and Light Company's traveling trophy.

Contestants may enter residential or commercial classifications or both, but separate entry blanks are required for each entry.

Daly pointed out that there are three divisions of the contest. They include Religious nativity or similar scenes; traditional (Santa Claus and other non-religious figures); artistic (special lighting arrangements).

Best overall winner will be chosen from the first three divisions.

First and second winners will receive a trophy in each division, but there will be only one trophy in the best overall award. All entries are limited to the Sanford area. For further information, contact the Jaycees Information Office.

Decorations should be completed before submitting entries and displays should be lighted nightly, Dec. 21, 22 and 23 between 7:30 and 9:30 p.m. at least judges ample time to check all entries.

## War Moves On Saigon

SAIGON, South Vietnam (AP)—U.S. B52 Stratoforters unloaded a cascade of bombs on an enemy base close to Saigon today and the Viet Cong retaliated with an outbreak of grenade throwing in the capital and near it.

Although more than 1,000 South Vietnamese troops pushed a search and destroy mission in the Mekong Delta 165 miles south of Saigon, ground fighting across the country dwindled and only light skirmishes were reported.

The B52 raid hammered at a Viet Cong base camp and storage area 30 miles north of Saigon, repeating raids last week in the same area aimed at knocking out the lairs from which the Viet Cong launch terror attacks against the capital.

The closest B52 raid to Saigon was staged last March 28, when the eight-engine bombers hit 18 miles southeast of the city. Three terrorist attacks in and around Saigon were reported. All the terrorists escaped.

In the air strikes against North Vietnam Monday, U.S. Air Force pilots reported knocking out five trucks in a canal-laced convoy spotted 43 miles north-northwest of Dong Hoi. American pilots struck eight times in the demilitarized zone separating North and South Vietnam and reported wrecking a series of North Vietnamese trenches and bunkers.

U.S. planes Monday had their busiest day over North Vietnam in weeks, flying 99 bombing missions or 309 to 350 individual strikes. This was still well below the average of 150 missions flown daily before the monsoon storms moved north.

In one of the missions two all-weather Navy Intruders from the carrier Kitty Hawk struck only five miles from Halphong, North Vietnam's main port. The jet bombers made rather precision runs on a missile assembly installation, and one of the pilots said the explosions "looked like flashbombs in the night."

# Give 'Em A Break

Sanford and other Seminole County Post offices are ready to handle a record amount of Christmas mail this year. But just because our post offices are geared to handle a record-breaking volume of mail, please don't feel that you can wait until Dec. 24 to send cards and packages.

Postmasters suggest that you might save yourself worry and energy — as well as their staffs — if you address your cards immediately and have them ready to drop in the mails within this week.

This way you will get the job out of the way before the holiday pace quickens and give the postman a fair chance of getting them delivered on time.

You could do the same thing with packages — and also give the poor store clerks a break.

Shop and mail early to save yourself and the others involved from getting a case of ulcers.

# Alien Dropouts

A student drop-out problem of a different sort is becoming a major concern to a number of governments.

The students are foreign nationals in the United States, an increasing number of whom, mostly from underdeveloped countries, are electing not to return home after completing their studies. They are, in effect, dropping out of the intellectual and economic life of their native lands just when they have become most valuable.

There are currently about 100,000 foreign students enrolled on U.S. campuses, reports the Wall Street Journal. (Five years ago the figure was 60,000.) Fully 70 per cent of them, lured by the prospect of high-paying jobs and opportunities for continuing education, plan to apply for permanent resident permits.

The Journal cites a study made by the University of Iowa between 1950 and 1960 which found that only 40 per cent of its students from India and Norway and only 10 per cent of those from Taiwan, Hong Kong, South Korea and Greece returned home. The trend has accelerated since then, says the school.

The Iranian government reports that 60 per cent of the students it sends to America decide to stay. The Educational Council for Foreign Medical Graduates, a private organization, says it expects that 20 to 25 per cent of the 11,000 foreign interns (out of a total of 41,000) in U.S. hospitals will stay here after their training.

The results have been encouraging. Some of the governments are beginning to fight lure with lure, sending representatives on tours of campuses with offers of free transportation home and definite jobs. Some U.S. companies with branches abroad are helping the situation by recruiting foreign students to work in their own countries.

# Higher Taxes Pushed

WASHINGTON — President Johnson told the nation this week that the war in Viet Nam will cost \$9 billion to \$10 billion more before the end of the fiscal year. This is the first time the last Administration budget called for in this period.

Three days before a Government survey was released estimating a five per cent increase in national production next year, instead of the 16.5 per cent gain in 1966 over 1965.

Even before the President's indication that he will request double the estimated spending on the war and before the new figures on an expected cutback in business expansion, a growing number of leading industrialists and bankers were pressing the President to curtail strongly for higher personal and corporate taxes when Congress convenes.

# Analysis Of The News

WASHINGTON (AP) — This is one of those strange moments in American political history, a kind of bewildered searching, and maybe wishing.

Events of the past few days illustrate it.

One was out in Colorado where Idaho's Gov. Robert E. Spivey milled around at the Republican governors' conference, making a prediction about President Johnson.

Spivey could hardly have been smiling, since he was defeated in Idaho's Aug. 2 primary election. But he predicted Johnson would not be a candidate for re-election in 1968.

He thinks Johnson's health and what he called the "mood of discontent" in the country may persuade the President not to try for a second term.

Spivey could be right. For a man who has been soaked, bathed and massaged in politics, Johnson for many months has seen his popularity in the public opinion polls going steadily down without doing much to offset it.

But the Republicans are in no enviable position themselves and Spivey's prediction about Johnson may be no more than a wishful wish that Johnson, the most adroit, nimble, and powerful obstacle on the Republican side in the presidency, would please step aside by the time of the next election.

The Colorado conference of the Republican Governors' Association which Spivey attended was hardly more than a lot of polite palaver, a kind of board of inspection, where the Republicans looked one another over to see who might be a good presidential prospect.

News stories out of the conference told how Michigan's Gov. George Romney "thundered." While Romney still insists he hasn't decided about running in 1968, he certainly acts like a man trying to line up support.

But this thundering — which some may interpret later as dogmatic — manner may turn into one of his severest handicaps, particularly if he does not produce more ideas than he has so far.

On the other hand, California's conservative Gov.-elect Ronald Reagan, according to the news stories from Colorado, was a far easier figure to listen to, not any more original than Romney, but relaxed, and so far without any presidential pretensions.

In short, at this moment in their history there is not a Republican in sight who Republicans could say is their boy for two years from now.

But, while all this was going on in Colorado, something else was happening in Wisconsin where Roy C. Blum, the chairman of the Republican National Committee, didn't sound too cheerful.

There he was telling the GOP that while there is little room among Democrats for new ideas, with the party faithful standing in line for room at the top, the Republican party has been eroding at the bottom for its history there is not a Republican in sight who Republicans could say is their boy for two years from now.

But it is not wise to have polygamy in this modern age, for the effect on the children is bad when the father rotates among his harem.

King David thus saw the damaging results, for his sons feuded until Absalom slew his half brother Amnon, and King Solomon also slew his half brother, Adonijah.

Meanwhile, Absalom even tried to kill his own father.

And you Bible readers will recall the feuding between Rachel's firstborn son Joseph and the other sons of Jacob by Leah.

His half brothers voted to kill Joseph, because of their jealousy, but finally compromised by selling him as a slave into Egypt.

In modern times monogamy is legally, morally and economically the wisest arrangement for marriage.

# Dr. Crane's Worry Clinic

Nell is using the female yardstick for measuring marital satisfaction. That is a widespread fallacy that lets thousands of wives end in divorce. For the human male has a different endowed capacity for both gastronomic as well as erotic caresses. Smart wives use Shakespeare's prescription!

CASE B-568: Nell G., aged 32, is the wife of the surgeon who couldn't keep his hands off his attractive young nurse, "Dr. Crane." Nell asked, "my husband's nurse sent me a copy of your booklet on how to prevent a platonic marriage."

"But our marriage has been very happy."

"Surely my husband couldn't be dissatisfied, for I feel that we are a very loving couple."

Wifely Fallacy  
This is a common fallacy of wives.

"I am satisfied," they protest testfully, "so how could my husband be unsatisfied?"

Wives, get up!  
You can be entirely satisfied with 2,000 calories at the table, but your mate would feel half starved on that limited food input.

For God Almighty created the male to demand more food than his wife!

Likewise, in the erotic realm! You may shed copious tears as you deny that your husband is dissatisfied, yet you admit he is having an affair!

If he were satisfied at home, he wouldn't seek an outside supplier either for his gastronomic or those of the erotic variety.

The usual male was created to have a harem, like that of Biblical Jacob, who had four wives.

But it is not wise to have polygamy in this modern age, for the effect on the children is bad when the father rotates among his harem.

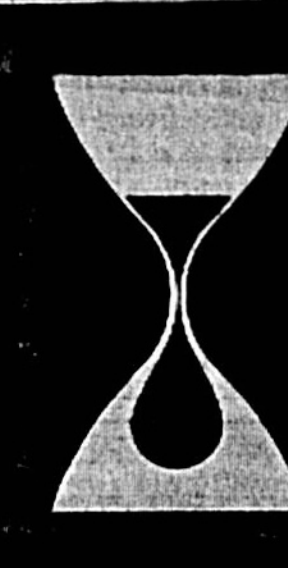

King David thus saw the damaging results, for his sons feuded until Absalom slew his half brother Amnon, and King Solomon also slew his half brother, Adonijah.

Meanwhile, Absalom even tried to kill his own father.

And you Bible readers will recall the feuding between Rachel's firstborn son Joseph and the other sons of Jacob by Leah.

His half brothers voted to kill Joseph, because of their jealousy, but finally compromised by selling him as a slave into Egypt.

In modern times monogamy is legally, morally and economically the wisest arrangement for marriage.

# YMCA In Seminole Requires 'Sacrifice In Time, Money'

Establishment of a Young Men's Christian Association agency in Seminole County would depend on the desire of the people of the community and "require sacrifice in time and money."

This was the opinion expressed by H. H. Laws, general secretary of the Orange County YMCA, speaking to members of the Sanford Rotary Club Monday.

The two things most needed are a professional YMCA operator, who knows the workings of the agency and enthusiasm of the public," he said.

"It is not an inexpensive undertaking. There are not federal or anti-poverty funds available for this type of thing," he added.

"I would not attempt to tell you whether or not your community could or would support a 'Y,' but I will be glad to give you information and assistance I can," Laws said.

He described the history and origins of the YMCA which began 122 years ago in London, England and was established a few years later in the United States.

He noted the YMCA pioneered many programs which have

# Chamber Group Studies Feasibility Of YMCA

If Sanford organizes a YMCA, it would be an independent organization or a branch of Orange County.

This was one of the questions posed by members of the Seminole County Chamber of Commerce study committee today.

The feasibility study group met early today with Phillip Brandon, executive for administrative services of the Southern Area Council of YMCAs, from Atlanta. Also present was B. R. Laws, executive secretary of the Orange County YMCA.

"Whether you wish to become a branch organization or set up an independent group we will give you all the assistance we can," Laws said.

He noted that five South Seminole County schools have clubs already affiliated with the Winter Park branch.

Laws estimated first year costs at somewhere between \$17,000 and \$30,000 a year, depending on the decision of branch or independent setup, with the independent organization costing more because of administrative costs.

Jack Bolt, study chairman for the Chamber, indicated that consideration is being given to possible use of recreational facilities at Sanford Naval Air Station when it is phased out in 1968.

He said pools, baseball, handball, tennis and other courts

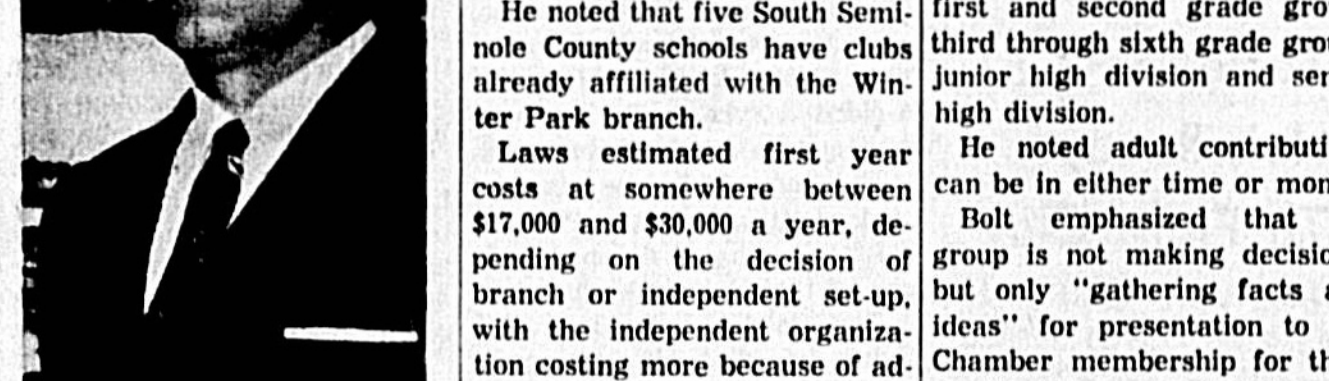

Florida has never been overconcerned with its youth, probably for a number of reasons, including climate, economy and the transient nature of its citizens," Laws noted.

The YMCA in Orange County was founded in 1887 and has existed in vacant second floors, old hotels and rented houses, he said.

Laws explained the YMCA is about 70 per cent self-support, through the charges made for adult participation, in order to hold down costs for youth seeking answers.

Some of the facilities include a lounge, game room, arts and crafts room, multi-purpose rooms for dances, parties and classes, gym, pool, health club, massage (for adults) games of all kinds, mostly of indoor type. There are no dormitories and none are needed, Laws said.

In answer to questions, Laws said the "Y" is not "evangelical," but "provides moral guidance and climate for the laity, (lay) living people of today who are seeking answers."

B. R. LAWS

Brandon and Laws indicated that the major portion of the expense of the "Y" would be paid by membership dues with a portion to come from public donation or United Fund participation.

Brandon cited seven basic goals of YMCA including development of self-confidence, respect and confidence in individual ability; faith for daily living; growing as responsible members of the family; development of mind, body and spirit; recognition of worth of all persons; world-mindedness and capacity for leadership.

Laws explained Orange County's "four-front" program as the first and second grade group; third through sixth grade group; junior high division and senior high division.

He noted adult contributions could be in either time or money. Bolt emphasized that his group is not making decisions, but only "gathering facts and ideas" for presentation to the Chamber membership for their consideration and decision.

Members of the study committee include William Hemphill, Rev. Virgil Bryant, Rev. Fred Chance, Thomas McDonaid, Douglas Stenstrom, R. T. Milwee, W. E. Knowles, Howard McNulty, Scott Burns, J. H. Van Hoy, Walter Glebow and Arthur Beckwith Jr.

Special speakers at the program for the Christmas meeting and social of the DeBarry Fishing Club to be at 7:30 p.m. Wednesday in the Fireman's Recreation Hall.

Howard Middleton, program chairman, has a n o u n c e d speakers will include Ed Walsh, district treasurer of the Florida Wildlife Association; Ed Pierce, chief game enforcement officer of the area, and Joe Keldrie, district wildlife secretary. The film, "A Very Special Place," features expert Anita Bryant and her husband fishing for tarpon in the Florida Keys.

Special refreshments will be served during the social hour following the business session and program.

President Theodore Leigh urges all members of the club to be present and bring a friend. The general public also is invited.

Development of character, leadership and service in youth and young adults, working with industry, government, school, church and home has been the program of the organization," Laws said.

"Trends now have changed so that we no longer devote the services of the 'Y' exclusively to men and boys, but include the whole family, mother and sister, too," Laws explained.

He noted the \$550,000 capital outlay funds raised last year in Orange County was the most money ever raised for a youth agency.

# Chuluota Legion To Have Dance, Annual Party

By Lisa Baker  
George M. Jacobs Memorial Post 225, American Legion, of Chuluota, will have its annual Christmas Benefit Dance at 8 p.m. Saturday at the Post Home.

Dancing will be to music of the juke box and a record player. Proceeds from donations, for couples or stag, will be used to defray cost of the Children's Christmas Party, also sponsored annually by the post, to be held this year from 2 until 4 p.m., Sunday, at the post home.

It is expected Santa Claus will visit the children and the American Legions' 40 at 8 train will be on hand to take them for rides.

All youngsters of the greater Chuluota area and those of the Legionnaires are invited to be present.

Members of the post are endeavoring to pack several food baskets for deserving families and anyone having canned goods or other non-perishable foods they wish to donate are asked to call Abe Goldman or Howard Eaton.

# Lynda Bird Married? 'Emphatically Not'

WASHINGTON (UPI) — Lynda Bird Johnson had fire in her eye.

"I'm not married, and I'm not at Treasure Island with Mr. Hamilton," she announced emphatically.

She looked stunning in a "hot pink" dress. She also looked besieged. The White House press officer had spent a busy day denying rumors that Lynda had married movie actor George Hamilton at the LBJ Ranch in Texas secretly, or that she intended to marry him secretly next weekend at Treasure Island off San Francisco.

Hamilton is in Europe for a picture. His mother said Monday in Munich that her son would spend Christmas at the LBJ Ranch.

# Sanford, Lyman Clash in Cage Battle Tonight

The Sanford Herald Page 6 — Dec. 18, 1966

## WHEEL DEEP IN OUTDOORS

By BILL VINCENT JR.  
Huntin' is at its peak, or you might say its "shootin'" cause there sure are a lot of nice kills.

Gus Schmah's huntin' party got itself a nice 400-pound bear last week while huntin' in Lake County. Those in the party were Cotton Brown, Ben Taylor, Bill Hoover, Schmah and Ed Parker. This is the second bear killed this year for this huntin' party.

Gus Schmah is a life-time resident of the Sanford area and is a well known bear hunter around the state. He has a real large collection of past bear hunt trophies.

Brantley Schradler, a past school trustee of mine and a real good hunter, went over to the turkey track in Osteen along with his son and they killed two big gobblers, both weighing 11 pounds.

Jack Hickson, one of our local retired policemen, killed a nice six-point buck last week.

is the fourth deer killed in his huntin' party this year.

The Mud Lake area yielded a good duck limit to Charles Hunter and Buddy Burton Saturday morning.

It seems like the duck hunters are having to carry their fishin' rods along. While the hunters are in the blinds waiting for the ducks, the bass are schoolin' and it's a real temptation to use a standard shad rig. They were fishin' from John Crim's fish camp.

Everybody worries about Christmas gifts for fishin' fans, because most probably have been chumkin' half more years than they care to admit and have accumulated more gear than they can use, anyway.

The needs of the upcoming fishing generation are usually more pressing, say the fishing authorities. They relate the following ideas:

Red and reeds that reflect graduation from one class of tackle quality to the one above are always welcome. At any age or experience level, there's a common yearning for better gear.

Tackle boxes, fly-tying and plug-making kits, tapered fly lines or spoons of special mono weight lines are appreciated.

Shore, there's the fish knife, the landing net, the flashlight, the creel and the lunch kit.

Another area worth exploring is that of wearing apparel.

Since most accepted fishing clothes are as equally practical as they are stylish, they fill a need that is almost universal, particularly among the growing set.

Caps, hats, shirts, vests, jackets, raincoats, pants, boot shoes, hip boots, waders — all can be considered.

Any youngster who's been around bass for several seasons and has developed a sense of responsibility and enthusiasm for angling will find a 3-5-hip outfit one of the most desirable stocking-stuffers even the older statesman of the family fishing tribe will appreciate to this.

## Miami Inks First Negro Grid Player

MIAMI (AP)—The University of Miami has signed its first Negro football player to a grant-in-aid scholarship.

He is Raymond Bellamy, a 6-foot-5, 185-pound end from Lincoln High School in Palmetto, a predominantly Negro school near Bradenton.

Bellamy, signed Monday, will spend a year with the freshman team before becoming eligible for varsity competition.

Bellamy played both offensive end and tight end on defense this season.

"I feel I can get out and prove myself at Miami," Bellamy said. "I expect people to accept me as just another ball player, not as the first Negro to play at Miami."

## Longwood Quint Favored After Bishop Moore Victory

Sanford and Lyman will renew their intra-county basketball rivalry tonight when the fighting Seminoles travel to Longwood to battle Coach Murray Arnold's Greyhounds. The Tribe, upped by Kissimmee in their opener last Saturday, will be seeking their first victory against the Lyman quint.

The Hounds trounced Bishop Moore's regional champs 63-51 in their debut and appear to be much stronger than last season's 10-19 crew.

Lyman hit on 80 per cent of their free-throw shots and out-bounced the Hornets 61-21.

Forward Charles Newell, with 15 points and 21 rebounds, and center Bruce Stuart with 15 points and 17 rebounds, sparked the win over Bishop Moore.

Lyman's starting five far tonight's contest will probably include Stuart in the pivot, Newell and Darrell Allinger in the corner posts, and Mike Hargis and either Chris Buterworth and Lenny West at the guards. Bob Means and Ron Tullbert should also see a lot of action.

Seminole Coach Mack Blythe will counter with John Weston at center, Frank Whigham and Buddy Stumpf at the forwards and Lamar Oxford and Bobby Lundquist at the backcourt.

Bill Wharton and Bill Higginbotham will handle plenty of cage play. Whigham, Lundquist and Oxford all scored in double figures in the 61-55 loss to Kissimmee. Whigham was the top point maker with 21 and leading rebounder with 11. Lundquist netted 15 points and Oxford had 10 for the Seminoles.

The varsity contest will be preceded by the JV tilt beginning at 8:20. The Baby Seminoles were victorious in their first outing, while coach Tom Barnes' Lyman eagles were dumped 40-54 by the Bishop Moore JVs.

## UCLA—Still No. 1

By BEN OLAN  
Associated Press Sports Writer

There is no threat this week to UCLA's standing as the No. 1 team in The Associated Press' college basketball poll because the powerful Bruins are not scheduled. Second-ranked Texas Western and fourth-ranked Kentucky, though, seem to have difficult tasks ahead.

The varsity contest will be preceded by the JV tilt beginning at 8:20. The Baby Seminoles were victorious in their first outing, while coach Tom Barnes' Lyman eagles were dumped 40-54 by the Bishop Moore JVs.

When asked to comment on the Lions' impressive season of two wins and no losses, Head-coach Dick Trier said "Both Coach Coleman and I are very pleased on the team's progress. Team effort has been very evident and it has not been strictly a one-man show."

The Lions Junior Varsity squad will be seeing the Yellow Jacket JV's in the preliminary game at 6:30. The Baby Lions are sporting a record of one win and three losses.

## Oviedo Aims For No. 3 In Cage Play

Tonight the Oviedo Lions held the Bishop Moore Yellow Jackets in the Lions second home game of the season.

The Lions will be relying on their full court press sparked by Joe McCellan and Tex Clants to contain Bishop Moore's scoring attack.

Offensively, Oviedo will be looking for Wally Jarman and Dick Trier to maintain the Lions 50 per cent scoring effort. Both Jarman and Harper will be under the basket for the Lions.

The Patriots, who lead Buffalo's defending AFL champs by one-half game in the Eastern stretch race, expect Gino Capelletti, the league's scoring leader, to be ready for full-time duty. Capelletti turned in a bruised thigh through last Sunday's 38-14 victory at Houston.

Dallas, the NFL's Eastern crown within its grasp last Sunday, bowed to Washington 34-31. Quarterback Don Meredith, injured in the second period against the Redskins, should be ready to call signals against the Giants, who were drubbed by Pittsburgh 47-28 last Sunday.

Eleveners Sunday, Green Bay's Western Division kings visit Los Angeles, Baltimore is at San Francisco, Minnesota at Chicago, Philadelphia at Washington and Pittsburgh at Atlanta in NFL play; Denver at Buffalo, Houston at Miami and Kansas City, the Western Division champion, at San Diego in the AFL.

## Barry Holds Scoring Lead

NEW YORK (AP)—Rick Barry of San Francisco is running away from the pack in the National Basketball Association scoring derby but Philadelphia's three-man entry, led by Wilt Chamberlain, is keeping the 76ers atop the team standings.

Barry averaged 40.6 points in five games last week, according to latest NBA figures, and now leads runner-up Chamberlain by over 400 points in the individual scoring race.

The Chiefs have averaged 35.3 yards in total offense and 123.3 in rushing. New York leads in passing, with 244.4.

Oakland leads in total defense with 279.3, but has allowed opponents just two touchdowns of a yard per game less than Kansas City.

## Torres Says He's Ready To Fight Clay

KIAMESHA LAKE, N.Y. (AP)—Jose Torres doesn't defend his light heavyweight championship against Dick Trier until Friday, but already Torres is talking about meeting Cassius Clay.

Torres' manager, a sports agent, said "Clay is a great fighter, but he's not ready for the fight."

Clay is a great fighter, but he's not ready for the fight.

## Worth Knowing

A great number of fire alarms each winter are caused by the homeowner's casual attitude toward his heating equipment.

Few of us are aware, for instance, that a pilot light in a furnace is just the heat labor for a leak detector, a waxed and painted, or rage soaked in these liquids, clear of furnaces and heating areas. How many of us face the fact that furnaces, chimneys and flues must be inspected and cleaned regularly, preferably every year?

We all should admit that searching for escaped gas is labor for a leak detector, a waxed and painted, or rage soaked in these liquids, clear of furnaces and heating areas. How many of us face the fact that furnaces, chimneys and flues must be inspected and cleaned regularly, preferably every year?

By MRS. H. L. JOHNSON  
Well, I will have to say I'm sorry" again. But this time I have a real honest good excuse. This changeable weather we have been having decided to put the jinx on me. The flu bug, which I had contracted and I brought it and then it hit a little harder and finally my good doctor said "To bed with you." So that's where I've been. Very glad that I didn't become ill when my son-in-law and daughter, Don and Shirley Hudson, and my four darling granddaughters, slipped in on us from Missouri. They came in on Thanksgiving evening and returned home on the following weekend. How I hated to see them go. But what a joy it was to see them for just such a short time. \* \* \* Son Bob and wife, Maria, who have been residing with us, are now in their new home in Park Ridge on Lake Minnie Drive. \* \* \* Rose Poff has her guests for the Christmas holidays here. Son, Frank Brown and wife Eva, of Roanoke, Va. I know they will have a very enjoyable visit. Well, Paula Wilson School did it again. The won first prize in the Christmas parade. Congratulations to them. And coming in second was the Lake Monroe School. So the same to them. Talking of the Lake Monroe School, the School Carriers have worked hard of their Christmas program which is another speciality of his business in which he received his training and apprenticeship from his father, an expert in the field. ## Food Fair Stores Sales Up 10% For Half Year

Food Fair Stores, Inc. reports increased sales for the 28 weeks ended Nov. 12. It was announced today. Sales for this period amounted to \$878,203,000 against \$804,911,000, or an increase of 9.2 per cent, according to Louis Stien and Jack M. Friedland, chairman and president, respectively, of the retail grocery chain.

Profits, after income taxes, amounted to \$5,649,000, or 78 cents per share on the same number of shares.

Sales for the 16 weeks ended Nov. 12 amounted to \$302,752,000 against \$332,705,000, or an increase of 11.4 per cent. Profits after taxes, amounted to \$3,037,000, or 42 cents per share against \$3,028,000, or 43 cents per share the preceding year.

Profits for the current year have been restricted due to start-up costs of the firm's unusually large expansion program, the executives noted.

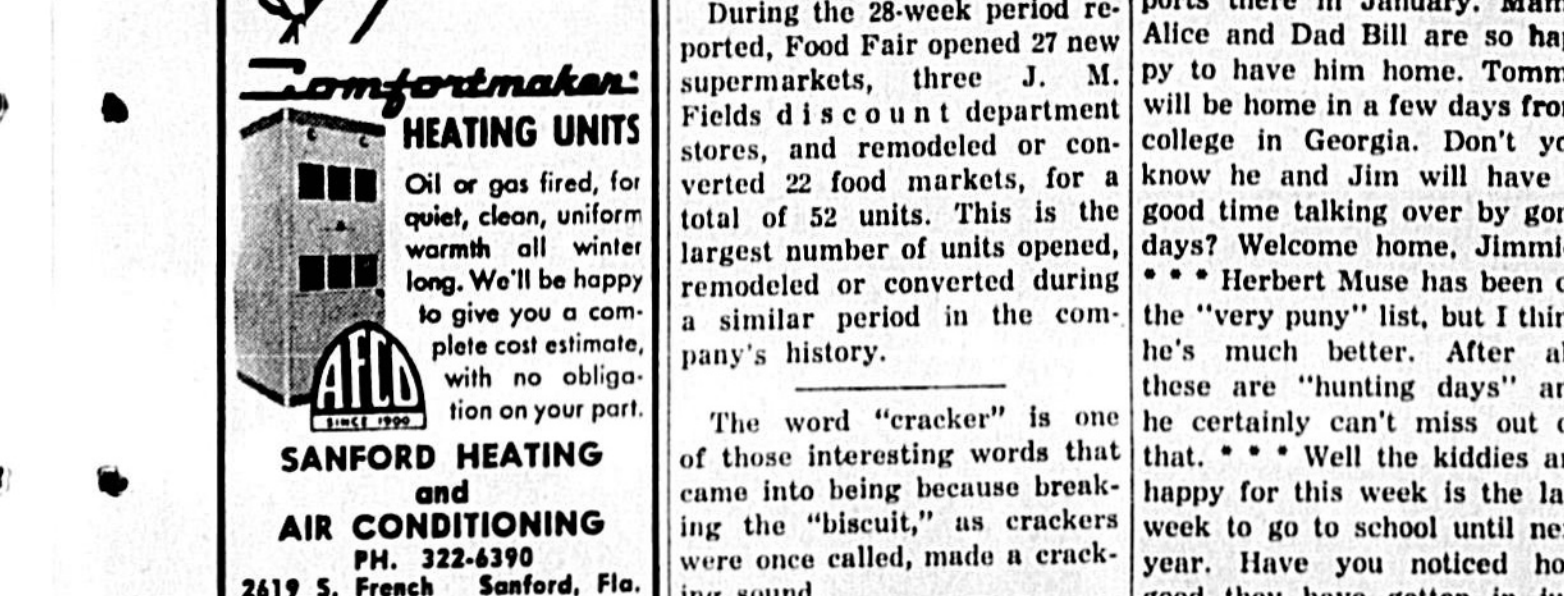

In addition due to strong competitive forces the company was forced to absorb, in part, increased prices for merchandise and higher costs for services. These increases were not reflected in retail prices.

During the 28-week period reported, Food Fair opened 27 new supermarkets, three J. M. Fields discount department stores, and remodelled or converted 22 food markets, for a total of 52 units. This is the largest number of units opened, remodelled or converted during a similar period in the company's history.

## Candlelight Ceremony Unites Miss Haskins, B.E. Johnsen

Miss Mary Elizabeth Haskins, daughter of Mr. and Mrs. Robert L. Haskins, of Apoka, and Bryan Earle Johnsen, son of Mr. and Mrs. Earl M. Johnsen, of Middletown, Ohio, were united in Holy Matrimony, Nov. 19, 1966, at 7:30 p.m. at the First Baptist Church of Apoka.

Rev. Tom Broomall was the officiating clergyman at the candlelight, double ring ceremony before the altar accented with a profusion of potted palms, standard baskets of white mums and standing candelabra. The couple knelt on a white prie-dieu for the wedding prayer.

Mrs. Glenda King, organist, presented a program of nuptial selections. Given in marriage by her father, the bride chose for her vows a floor length gown of white candlelight satin fashioned with a fitted bodice and fingered sleeves. Appliqued skirts ornamented the bodice, skirt and detachable chapel train. Her fingertip veil of illusion was secured with a white satin rose and she carried a white Bible centered with a bouquet of white rosebuds showered with satin ribbons.

Mrs. Franklin Thornton attended the bride as matron of honor, attired in a floor length gown of powder blue "rite lite" designed with a fitted bodice and scooped neckline. Her circular nose veil was held by a matching rose and she carried a single long stemmed red rose.

Attending as bridesmaid was Miss Sara Thippen and Barbara Ann Haskins, sister of the bride, was junior bridesmaid. Their deplumium blue gowns identical in design to that of the honor attendant.

Pelle Deborah Culberhouse, cousin of the bride, gowned in blue mist and carrying a hand-crocheted basket, was flower girl. Tracy Thomas Culberhouse was ring bearer.

Serving the groom as best man was Bill York with Robert Haskins, brother of the bride, and Robert Michael Hardy, serving as ushers.

For her daughter's wedding, Mrs. Haskins chose a turquoise ribbon knit dress with beige accessories and a corsage of red roses.

Mrs. Johnsen, the groom's mother, was attired in a beige lace dress complemented with matching accessories and a red rose corsage.

The First Federal Savings and Loan building was the site for the reception immediately following the wedding. Assisting were Mrs. Betty Jean Stewart and Mrs. Jewell Dean.

For traveling the bride wore a green suit enhanced with matching suede accessories and a corsage of white roses.

Following a wedding trip to Ohio, the newweds are at home at 2347 Post Street, Jacksonville.

Among the out-of-town wedding guests were Mr. and Mrs. A. W. Haskins, bride's grandparents, Barberville; Mrs. Bezie Culberhouse, grandaunt of the bride, Sanford; Mr. and Mrs. Earle Johnsen, parents of the groom, Middletown, Ohio; Mr. and Mrs. William Haskins, aunt and uncle of the bride, Barberville; Mr. and Mrs. Carl Dean, Mr. and Mrs. John T. Lovelace and Julian Wilson, all of Jacksonville.

**TODAY'S HOMEMAKER**  
Modern agriculture has provided Mrs. Homemaker of today with foods in greater abundance, quality and variety than ever before. It has also given her greater uniformity and availability in foods than previously possible.

In addition to this, she has more convenience and built-in aids as countless fresh meat cuts and pre-cooked hams. All of these are provided at a lower cost than before when the figures are related to the take-home pay of the bread winner in the family.

A display of beautiful pins and needles was shown by several of the members with antique glass and china displayed by Mrs. Alice Grein. Mrs. Ruth Magnuson displayed some of her famous doll collection.

Paintings by several of the members were also exhibited. Mrs. E. Shoptaugh was in charge of the silver bowl at the door. The proceeds of the Silver Tea are donated toward the many worthy projects the DeBary Woman's Club sponsors during the current year.

The buffet table was overlaid with a lace antique cloth, centered with a circle of holly and yellow and white mums, flanked by tall red tapers in brass holders. Twin silver tea and coffee service with trays of cakes and cookies completed the table. The annual Christmas tree presented to the Community Center was aglow with colored lights.

Mrs. Frank Woodruff, Mrs. William Lakeman and Mrs. Rose Forbeck had very old shawls, parasols and fans on display.

Mrs. Robert Henderson exhibited lovely hooked rugs and quilted spreads, as did Mrs. Frank Woodruff and Mrs. Clyde Harris. Mrs. Woodruff also had her throws and afghans on exhibition.

## Luncheon Fetes Miss Wight, Attendants

Mrs. James H. Crapps and his daughter, Miss Anne Crapps, were hostesses at their fashionable Mellonville Avenue luncheon honoring Miss Pat Wight and her bridal attendants.

MISS PAT WIGHT, center, and her bridal attendants were honored at the bridesmaids luncheon at the Mellonville Avenue home of Mrs. James H. Crapps. Others in photo are Miss Anne Crapps, left, maid of honor, and Miss Sally Knox, bridesmaid, Dallas, Tex., Miss Rose Kratzert, bridesmaid, and Miss Lisa Wight, sister of the bride-elect, junior bridesmaid.

## DeBary Personals

Miss Mabel Lerch of Chatham, N. J., will be the winter guest of Mrs. Edward Weary of Alamo Road.

The Christmas tree sponsored by the DeBary Business and Professional Women's Club is aglow with lights, each bulb inscribed and placed on a scroll in a prominent place. Anyone wishing a lighted bulb in memory of a loved one contact Mrs. Albert T. (Margaret) Williams, 59 Park Lane, or phone 668-5164.

## Casselberry Personals

By JANE CASSELBERRY

Mrs. Ray Wesley of 273 Lake Griffin Circle has been spending a week in Columbia, S. C., visiting her son and daughter-in-law and their new baby daughter (Mrs. Wesley's first grandchild).

Mr. and Mrs. C. L. Knight of 310 Jasmine Rd. returned recently from a week's stay on the West Coast at Port Richby.

Mrs. Fred Mayhew of 115 Overbrook Dr. is still convalescing from surgery this past summer but is much improved.

Mr. and Mrs. Fred Stier, who have spent the past five winters at their home at 115 Overbrook Dr., have built a new home in Patricia Steele, Mrs. Gertrude Maitland. They returned to Casselberry this week from Owego, N. Y.

Returning home Sunday from Ashbury College in Wilmore, Ky., for the Christmas vacation, were Dan Casselberry and Ken

Silver and white dominated the color scheme in the dining room decor. Centering the table, which was covered with an exquisite embroidered cloth, was an eye-catching arrangement of glittered fugi mums adorned with wedding bells in a silver creamed petit pois and mushrooms.

Included in the festive luncheon menu were wedding bell pearls, Royale chicken salad, creamed petit pois and mushrooms.

Gleaming silver, china and silver appointments added to the elegance of the picture-que dining table.

The hostesses presented the bride-elect with a personal gift suitable for use in Turkey where the bride-elect and bridegroom, Lt. Gary Fox Sanderson, will reside.

Receiving charming silver engraved dinner bells from Miss Wight were her attendants, Miss Anne Crapps, maid of honor; Miss Sally Knox, Dallas, Tex., and Miss Rose Kratzert, bridesmaid, and Miss Lisa Wight, sister of the bride-elect, junior bridesmaid.

Also attending the luncheon were Mrs. W. Henry Wight, mother of the bride-elect, and Mrs. Paul Sanderson, mother of the bridegroom, from Paducah, Ky.

# SJC Circus Is The Only One Among Junior Colleges

By J. RICHARDS  
Seminole Junior College is making its bid to be known in many ways this year.

One of them is the second college circus in the land. Although SJC's circus is smaller than the Florida State University circus it is gaining popularity with the people of Central Florida.

Sponsor for the SJC circus is Gene Rowell, speech instructor at SJC, who was also a member of the Florida State Circus. Rowell also heads a troupe of Evans High School performers, called the Flying Orlandos.

Both the Flying Orlandos and the "Imperial Four," an act in the SJC troupe, gave a performance at Evans High recently. Over 2,000 people attended and according to Rowell, "They enjoyed it all, and really gave the SJC group strong support. I think that our four performers were surprised at their success."

The SJC circus also put on a half-time show at a home basketball game and it was also well received with applause and appreciation.

Members of the "Imperial Four," SJC's performing acts, are: Rexine Garner and Wayne Buckner, who perform as a Rola-Rolla act, and accompanied by Wade Hancock and Dennis Guthrie form a ground acrobatic and gymnastic act called the "Quartet Adagio."

Or he might just win the first heart in dummy, draw two rounds of trumps and lead that same jack of clubs in order to see East's reaction to this quick play.

FOREST LAKE Academy choir will present a cantata, "Song of Christmas," on Friday evening, while the choir chorale group and brass ensemble will present an all-Christmas music program Saturday evening. Taking part will be (above) Doris Hall, Rick Steves, Alice Beeler, Marty Vandenberg, Ricky Tryon, Martin Sotola, director of music; Bob Dubose, Donna Sue Smith, Rodney Douglas, Este Gandeza and Frank Stokes . . .

## School Problems Told Reporter

By Debby Dalton

To inform the public how the taxpayer dollar is used, students in the Journalism class at Seminole High School have been interviewing public school officials and exploring various

county facilities. These interviews concern both the present and the future in Seminole County education.

In a recent interview R. T. Milwee, Superintendent of Public Instruction, when questioned as to the future of Seminole County schools, stated,

## Powderpuff Won By Jrs.-Sophs.

By J. RICHARDS

Junior and Sophomore at Oviedo High School prevailed over the Seniors and Freshmen in the Student Council's annual Powder Puff game.

This makes the second straight year that the Junior Sophomore team has beaten the Senior-Freshman team.

Junior-Sophomore team took 32 point lead in the first half on touchdowns scored by Judy Burch and Adriane Adriatic.

In the second half the Senior Sophomore squad scored seven points on a run by Susan Jepson who also carried the ball over for the extra point.

In the closing minutes the Senior-Freshman team crossed the goal line but the play was called back. The final score was 27-7 in favor of the Junior-Sophomore team.

Cheerleaders for the evening were Wally Jarrigan, Ted Janson, and Juan Adriatic for the Seniors and Freshman with Jerry Presley the lone cheerleader for the winning Juniors and Sophomores.

Ron Boyd, Senior-Freshman team coach said that they would look for a rematch at a later date.

## Dear Abby:

By Abigail Van Buren

DEAR ABBY: I guess we are never too old to need advice. I am a 68-year-old widow who for the last two years has been keeping company with a 75-year-old widower. He has invited me to attend a Shriner's convention with him in Hawaii in January.

He has a good friend about his age who has a lady friend about my age. The two boys said they could room together and we two girls could room together. Does this sound all right to you, Abby? Or do you think people will talk?

UNDECIDED DEAR UNDECIDED: This sounds perfectly all right to me. And if people talk, they're just jealous.

DEAR ABBY: You probably won't believe this, but I am 15 years old and need a bra, but my mother won't buy one. She says I don't really need one. She makes me wear a T-shirt like my brother. Abby, I tried on my girl friend's bra and it was a 36-B and it fit me perfect.

I hate to go to gym because if the other girls see my T-shirt they will make fun of me, so I stay home with a headache or a stomachache and I skip as many gym classes all I can. I have missed so much gym I might not get a credit. Please help me, Miss Abby. I can't talk to my mother.

NEEDS A BRA DEAR NEEDS: Go to your gym teacher, dear, and tell her the truth. If it's difficult to "find the words"—show her this column. She'll understand. I'll bet your problem will be solved within two weeks. If it isn't, write again, and I will school a letter to your mother.

DEAR ABBY: Some women complain that they don't get to go to the Christmas parties given by their husbands' companies. My problem is just the opposite.

Our company puts on a big Christmas party for the employees. There are always about 200 people there, husbands and wives. It is a very respectable party with a fine dinner at the best hotel, and they even have an orchestra and entertainment. Everyone looks forward to it.

My wife refuses to go. She says she doesn't know the people, she is not thirsty, and she'd only be bored. I am afraid if I don't show up my boss and co-workers will be insulted. Should I go alone? What should I tell the others. Last year I went alone and said my wife was sick.

EMBARRASSED: If you feel that your boss and co-workers would be "insulted" by your absence—go alone. And if anyone asks where your wife is, say she's "sick." (She is, in a way.)

DEAR ABBY: This is for "OUT OF IT," who was disgusted with the two teenage girls who returned to school the day after their mother died. "OUT OF IT" obviously has had no experience with that sort of thing, and she is fortunate.

When my husband died I went back to work the day after his funeral. I am sure I must have been criticized behind my back, but it didn't matter. Had I not been grieving over my loss I would have had my own chance to get ahead in the near future. Contact persons who are a short distance from their usual plans.

GEMINI: (May 21 to June 21) Follow through with hunches which have been bothering you. Show admiration for their ideas, plans. Be analytical in all of your affairs and they will be favorably impressed, if you expound them quietly. Later, step out to dinner, etc. together. Cement relations more ideally.

LEO: (July 22 to Aug. 21) Study conditions around you and then get busy and improve them. It is a good idea to get rid of scrubbing the floors nicely. Talk with mate, co-worker, partner more reasonably. Then you get right results.

VIRGO: (Aug. 22 to Sept. 22) Close ties should be re-examined. Be thoughtful, gifts, gestures, if you want to have greater harmony with them, increase happiness. Bring out your initiative. Then you make greater progress.

LIBRA: (Sept. 23 to Oct. 22) Seriously studying necessities for making home a more harmonious and comfortable place will see you originating fine ideas. Get rid of whatever is in your obstacle. Be ambitious and you accomplish a great deal.

SCORPIO: (Oct. 23 to Nov. 21) Exercise your ideas and see to it so that you can make routine work more interesting, profitable and you should discuss them with associates on this free day. Be sure to get caught up on correspondence. Be brief, but precise.

SAGITTARIUS: (Nov. 22 to Dec. 21) You are inspired with new ideas that help to increase income in the days ahead, not in one month. Be sure to find ways to improve any property you may have. Plan to make the repairs that are necessary.

## Jacoby On Bridge

A good guesser would have no trouble with this six diamond contract. He would play a couple of rounds of trumps, possibly fool around with the top spades and hearts and eventually lead the jack of clubs from dummy.

With eight jacks and six girls, Rowell has many plans for the future. A double trapeze act is in the planning stage for a home basketball game.

Next year Rowell hopes to have a larger participation and more acts such as a triple trapeze, a girls act, a slack wire routine, and both juggling and clown acts.

## Polly's Pointers

Newspaper Enterprise Assn. DEAR POLLY—Do tell Mrs. J. S. to use a solution of MILD bleach and water to remove stains from her laminated plastic counter tops. As soon as the stain disappears, rinse off with clear water.—MRS. D. M.

DEAR POLLY—I "popped" my laminated plastic counter with a hot iron just as Mrs. L. M. M. did. The repair man I called said the only thing to do was replace it. I was told by my insurance company. MRS. J. L.

DEAR POLLY—I am not a homemaker, just a bachelor, but I had the same problem as Mrs. L.M.M. I remedied it as follows: I took a straight pin and pricked the bubble to let out the air. Then I place a heavy coat object over the area and the bubble subsided without any visible damage to the drain board.—NORMAN.

DEAR READERS—Norman's suggestion would only work for thin surface bubbles. If they go all the way through, replacement would be necessary.—POLLY.

DEAR POLLY—A closed (door) Venetian blind makes an excellent display rack for your Christmas cards. Slip the back fold of the cards through a slot and let the pretty front show. They could be arranged on the blind in the shape of a Christmas tree.—MARIE.

DEAR POLLY—When there are some odd-shaped small items to be wrapped for Christmas gifts I find shiny, green plastic garbage bags makes ideal holders. Fasten with red ribbon and stick on a tag and colorful effect.—MRS. R.I.V.

Polly's Problem DEAR POLLY—My boy friend is away at college for his first year. I need some idea for little essentials and things to send him throughout the year. Can someone give me some suggestions?—BEV.

DEAR BEV—Perhaps your request will bring forth a letter from some college man who would know better than they?—POLLY.

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar in cash when you take one of your hair hat at home at night. Massage the scalp with cosmetic oil; get a bristle brush and do a good job of scrubbing your hair daily, with up and out strokes.

## Dear Abby:

By Abigail Van Buren

DEAR ABBY: I guess we are never too old to need advice. I am a 68-year-old widow who for the last two years has been keeping company with a 75-year-old widower. He has invited me to attend a Shriner's convention with him in Hawaii in January.

He has a good friend about his age who has a lady friend about my age. The two boys said they could room together and we two girls could room together. Does this sound all right to you, Abby? Or do you think people will talk?

UNDECIDED DEAR UNDECIDED: This sounds perfectly all right to me. And if people talk, they're just jealous.

DEAR ABBY: You probably won't believe this, but I am 15 years old and need a bra, but my mother won't buy one. She says I don't really need one. She makes me wear a T-shirt like my brother. Abby, I tried on my girl friend's bra and it was a 36-B and it fit me perfect.

I hate to go to gym because if the other girls see my T-shirt they will make fun of me, so I stay home with a headache or a stomachache and I skip as many gym classes all I can. I have missed so much gym I might not get a credit. Please help me, Miss Abby. I can't talk to my mother.

NEEDS A BRA DEAR NEEDS: Go to your gym teacher, dear, and tell her the truth. If it's difficult to "find the words"—show her this column. She'll understand. I'll bet your problem will be solved within two weeks. If it isn't, write again, and I will school a letter to your mother.

UNDECIDED DEAR UNDECIDED: This sounds perfectly all right to me. And if people talk, they're just jealous.

DEAR ABBY: Some women complain that they don't get to go to the Christmas parties given by their husbands' companies. My problem is just the opposite.

Our company puts on a big Christmas party for the employees. There are always about 200 people there, husbands and wives. It is a very respectable party with a fine dinner at the best hotel, and they even have an orchestra and entertainment. Everyone looks forward to it.

My wife refuses to go. She says she doesn't know the people, she is not thirsty, and she'd only be bored. I am afraid if I don't show up my boss and co-workers will be insulted. Should I go alone? What should I tell the others. Last year I went alone and said my wife was sick.

EMBARRASSED: If you feel that your boss and co-workers would be "insulted" by your absence—go alone. And if anyone asks where your wife is, say she's "sick." (She is, in a way.)

DEAR ABBY: This is for "OUT OF IT," who was disgusted with the two teenage girls who returned to school the day after their mother died. "OUT OF IT" obviously has had no experience with that sort of thing, and she is fortunate.

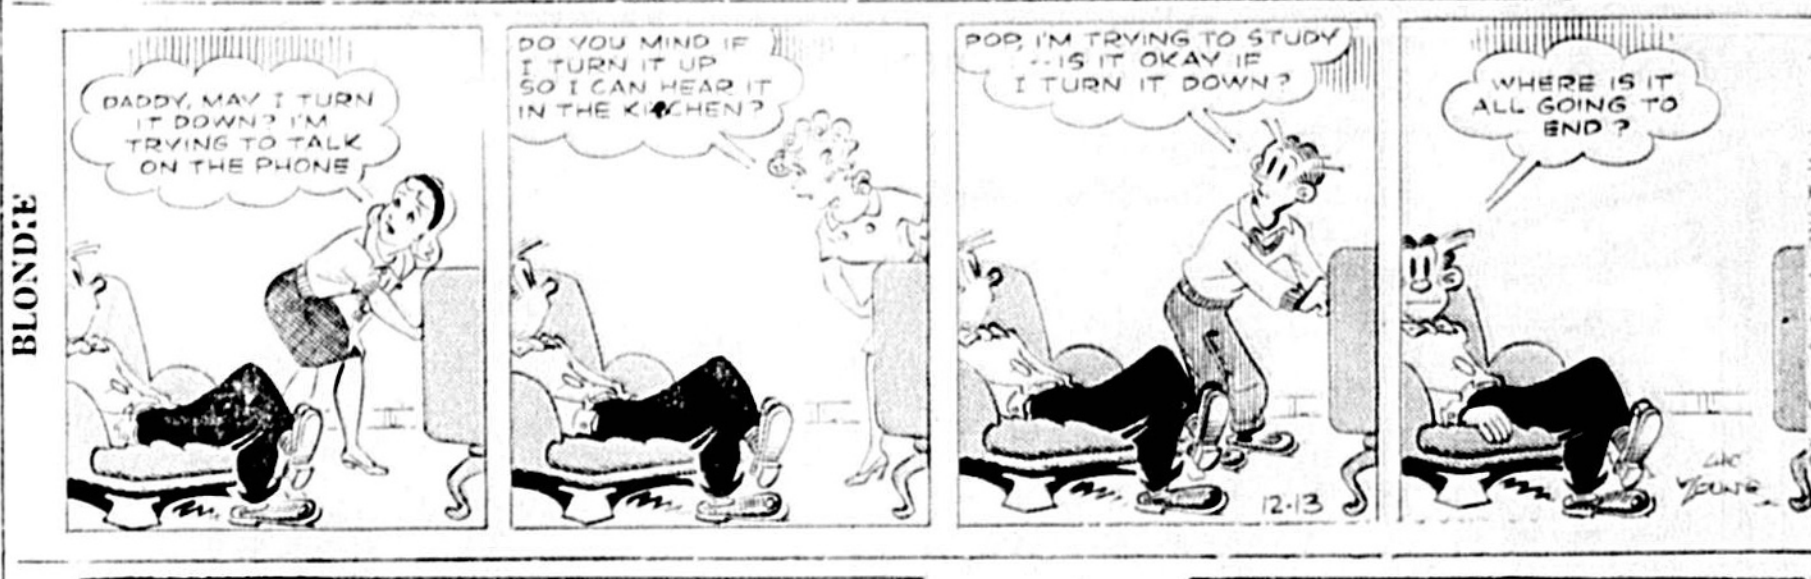

When my husband died I went back to work the day after his funeral. I am sure I must have been criticized behind my back, but it didn't matter. Had I not been grieving over my loss I would have had my own chance to get ahead in the near future. Contact persons who are a short distance from their usual plans.

GEMINI: (May 21 to June 21) Follow through with hunches which have been bothering you. Show admiration for their ideas, plans. Be analytical in all of your affairs and they will be favorably impressed, if you expound them quietly. Later, step out to dinner, etc. together. Cement relations more ideally.

LEO: (July 22 to Aug. 21) Study conditions around you and then get busy and improve them. It is a good idea to get rid of scrubbing the floors nicely. Talk with mate, co-worker, partner more reasonably. Then you get right results.

VIRGO: (Aug. 22 to Sept. 22) Close ties should be re-examined. Be thoughtful, gifts, gestures, if you want to have greater harmony with them, increase happiness. Bring out your initiative. Then you make greater progress.

LIBRA: (Sept. 23 to Oct. 22) Seriously studying necessities for making home a more harmonious and comfortable place will see you originating fine ideas. Get rid of whatever is in your obstacle. Be ambitious and you accomplish a great deal.

# Metro Phone Tie-In Nears

In a little more than two months from now more than 50,000 telephone subscribers in Sanford, South Seminole County and Winter Park will be able to pick up the telephone and call each other... talk as long as they wish... and pay no toll charges.

Robert Shelden, manager of Southern Bell Telephone Company in Sanford said today work between Southern Bell and the Winter Park Telephone Company crews are proceeding... Some are written in pencil, some printed.

# City OKs Piers Bid

Contract to construct piers and docks for the lake-front marina was awarded to Berlevé Uniflotts, Inc. of Jacksonville by City Commissioners Monday.

Berlevé's bid was \$163,528 for concrete floating piers with 196 wet berths for boats of various sizes.

Plans call for two piers to the east of the neck of the landfill in the harbor and one to the west, with 20 of the berths on the west pier to be covered storage.

Installation of the piers and docks will probably not begin before sometime in March, although construction will proceed at once at the construction firm's marina manufacturing plant in Jacksonville.

# Sanford Enters Row

City of Sanford has a "vital interest" in the question of whether or not Sanford is, in fact, the county seat of Seminole County, and therefore plans to "intervene in the action (injunction suit) filed on the Board of County Commissioners" by a group of South Seminole County residents.

Decision was made by City Commissioners Monday to request City Attorney W. E. Hutchison to "enter into the matter."

The city's intervention is "solely to determine whether or not the City of Sanford is or is not the county seat."

In careful wording of the motion, Commissioner Joe Baker emphasized the city does not wish to become involved in the question of the desirability of building a new courthouse or not as a lobbying group, but he does wish to have a material interest in whether or not this city will be constructed by the courts as being the permanent county seat.

Hutchison noted that as far as he has been able to determine there is no precedent present before the courts in the matter.

# Bank Moves To Alleviate Road Tieups

In hearing on request by the Florida State Bank to close the north-south alley and construct a through street on Railroad Ave. has been set for Dec. 27.

(Date of next commission meeting was also changed to Dec. 27, a Tuesday, since Monday, Dec. 26 is a legal holiday.)

Bank officials have indicated they will provide a 50 foot easement on their parking lot property, (to the west of the present alley) in the interest of constructing the street through from the present intersection of Railroad Ave. and Commercial Street, north, one block, to Fulton Street.

The change would align the present one block section, south of Commercial to First St.

Florida State Bank deserves a bouquet of roses for giving the city that 50 foot right-of-way on Railroad... That's one way to unscramble that congested intersection.

# Press Barred From Meet

The Altamonte Springs Town Council will meet tonight behind closed doors for a work session to determine their next move in an effort to obtain federal money for water system extensions and improvements.

The town received notification last week that applications for

sewage and water system funds had been withdrawn by the Department of Housing and Urban Development. Last Friday, town officials were discouraged from making a trip to Atlanta HUD offices to discuss most recent fund applications for the water department.

San Francisco (AP) — Settlement has been reached between National Air Lines and members of the Air Line Pilots Association, averting a strike set for Thursday.

# Policemen Get OK For Use

City Commissioners Monday granted permission for Sanford Police Benevolent Association to hold their annual Policemen's Ball at the Civic Center, Jan. 14 and at the same time raised the rental fee for any festive events of that nature to \$250.

Motion for approval was made by Commissioner Joe Baker, seconded by Commissioner W. Vincent Roberts with an "aye" vote recorded by Commissioner M. L. Habern, sitting as acting mayor.

Both Mayor A. L. Wilson and Commissioner Earl Higginbotham were absent.

However, commissioners indicated to members of a protesting church group present that the action "does not constitute throwing the Civic Center open for the use of alcohol."

They maintained that each request for such use would be considered individually. A second motion raised the rental fee for use, with alcohol, to \$250.

# Oviedo Camp Poor Security Denied

Capt. W. W. Cone denied today that poor security is maintained at the Division of Correction Road Prison near Oviedo.

"We have always been given a good security report by the state prison inspector," Cone declared. "We even got a fair rating when an armed prisoner escaped recently."

The prison, which Division of Correction officers there are quick to point out is not a prison farm, is located in the beautiful countryside on SR 426, four miles west of Oviedo.

The recently renovated barracks prison has a clean and airy appearance. Facilities have been located at the same site, however, for the past 30 years.

Prisoners housed there are men which have been sent to Raiford Prison and after 30 days processing have been found to be in good health and able to work.

Forty-nine inmates are currently being detained at the local institution. Of that number, 15 are in minimum custody doing yard work, cooking etc. Eighteen are working on the state highways without an armed guard.

Ten inmates are from all parts of the state and have been convicted of all types of crimes.

A staff of 14 DC officers, including the captain, a lieutenant, and a sergeant maintain discipline. Captain Cone has been in charge of the prison for the past five years.

# Sheriff's Audit Report Termed Good

Report of the state audit of the Sheriff's Department for the period from Apr. 1, 1964 to May 31, 1966 was returned to the local office today with good findings.

In the comments section of the report it is stated, "Resources were adequate to cover all liabilities of record."

The report further states, "Expenses appear reasonable and necessary for the operation of the office."

It is pointed out, "Salaries paid were supported by payrolls, and expenses were generally supported by approved bills and canceled checks."

The audit shows resources and liabilities balanced on May 31 of this year at \$18,712.79.

Report for the fiscal year ended Sept. 30, 1966 showed \$132.37 returned to the county of unexpended funds in the \$191,056 budget while \$125.00 was returned for the fiscal year ended Sept. 30, 1965 of the \$200,300 budget.

# Minimum Wage Hike For 47 At Hospital

Forty-seven employees of Seminole Memorial Hospital will begin receiving minimum wage rates Feb. 1, 1967, under action authorized Tuesday by the Board of Trustees.

Robert Bessner, hospital administrator, estimated the salary increase would boost hospital's salary expenditures by about \$20,000 annually, with further increases to come later as higher wage laws become effective in the future.

The board also authorized Bessner to order time clocks which will be used in conjunction with the new wage changes.

Bessner reported that the Medicare case load is increasing slowly each month with present ratio about 100 patients each month. He added that payments from Social Security are now being received regularly. Over the past five months approximately \$100,000 has been received from Medicare.

James Voukler, Sanford teenager who was injured in a winter-car accident at Sixth Street and Magnolia Avenue Sunday afternoon, remains on the critical list today in the intensive care unit of Florida Sanitarium and Hospital.

# Space Survey Goes On

Architects for the proposed new Courthouse facility are continuing with a space study survey despite an injunction suit which has been filed against the County to halt any construction.

The architectural firm of John Burton and James Gamble Rogers have been conducting a space allocation survey since November and plan to complete the job by the first of the year.

Meanwhile, County Attorney Harold Johnson is "hoping to file pleadings or an answer to the suit toward the end of next week."

"With the great interest in this suit by the public, we will use no type of delaying tactics," Johnson pointed out.

# Rejects Demand

Syria today rejected a demand by the Iraq Petroleum Co. for arbitration of the transit royalties dispute which has stopped the flow of about 20 per cent of the oil Europe gets from the Middle East.

# Longer Truce

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield wants the United States to negotiate a 45-day or longer truce in Vietnam for the purpose of negotiations. But two of his Southern colleagues counter that the war should be stepped up.

# Warheads

WASHINGTON (AP) — Pentagon sources indicate that the Soviet Union apparently has decided to develop multiple nuclear warheads to bolster its growing arsenal of intercontinental ballistic missiles.

# Senate Race

WASHINGTON (AP) — Rep. William Craner of Florida says he is considering the race for the Senate in 1968.
