Book Circle
This delightful coterie of ladies were entertained in the charming home of Mrs. R. L. Peck, assisted by her mother, Mrs. J. J. Purdon Saturday afternoon.

The circle was pleased to have with them Mrs. Peck's guests, Mrs. F. L. Woodruff and Mrs. Charles Dingee, members of the Book Lovers' Club. Mrs. Peck varied the entertainment which their fancy work was supplying for the ladies, by giving to each one a pencil and sheet of paper with the name of one of the members present written at the bottom of the sheet, and requesting them to write at the top of the sheet their plain, honest opinion of the lady whose name was on their paper, suggesting that the views to be expressed could cover either or both the personality, characteristics or appearance of the lady in question. The written opinion to be folded so that it could not be read, and passed to their neighbor, until all present had been criticized. The papers were then read aloud and each lady present had for one brief moment the privilege of seeing herself as others see her. The circle were then to vote which criticism was most to be desired. Mrs. A. P. Connelly, Mrs. F. L. Woodruff and Mrs. Bowler received an equal number of votes. The easiest way out of the difficulty was to leave it to chance. In the drawing Mrs. Woodruff won both the golden opinions and the very handsome hand embroidered centerpiece. When the pleasant contest was over Mrs. Peck served delicious ice cream ornamented with red cherries and cake.

Morgan Will Leave

W. L. Morgan one of the best boys in Sanford's coterie of business men intends to leave in a few days for Philadelphia where he will be employed in laboratory work in the office of the largest manufacturing chemists in the U. S. Mr. Morgan has been identified with Sanford's business interests for several years being with L. R. Phillips for several years first as prescription clerk and afterward as a member of the firm. His health necessitated a change and he purchased the hardware business of Harry Wilson which he has successfully transacted for the past year. At the last election he was elected City Treasurer showing the high esteem in which he is held by the Elks and Masonic lodges and numbers his friends by his acquaintances.

He has gained a fine position, one that does not come to every one and while deploring his departure every one is glad to hear of his good fortune. But Morgan will not shake Sanford for always. One winter in the north will just about be enough for Walter and we predict that in about a year's time he will again be enrolled on Sanford's directory.

George Washington Birthday Party

Mrs. W. W. Abernathy most delightfully entertained the Missionary Society of the Methodist church and also a large number of other invited guests in her charming home Thursday afternoon, Feb. 22nd, in honor of the birthday of the "Father of his Country." The guests were received at the door by the "Hatchet Brigade," who pinned a small red hatchet on each arrival. The hall and rooms were artistically decorated with a profusion of national drapery and flags of various sizes. In the front parlor, over the archway between the two rooms was a handsome picture of George and Martha Washington, framed in American Eagles, from which their peaceful, benign faces looked calmly down on the patriotic American women, who were manifesting by their presence only a tithe of the reverence and love in their hearts for their country's father and greatest American. The portieres between the parlors were covered on one side with American flags, and on the other with drapery in national colors. The walls and curtains were also ornamented with smaller pictures of George Washington, scenes around Mt. Vernon and little red hatchets. In the center of the front parlor was a cherry tree with an old hatchet, lying on its side. The rooms were charmingly attractive in their gay decorations.

When the guests had arrived, short devotional exercises were held by Mrs. M. A. Miot, fourth vice president of the Missionary Society, who has charge of the social department. "Brazil and the Child at Work" was the subject to be considered and discussed at the meeting. "Notes on Child Labor in the United States" was read by Mrs. Geo. Fox, Jr. and Mrs. Albert Seigh. "The Child at Work in Brazil" was read by Mrs. Bowler. The short discussion on the subject was led by Mrs. Miot, at the conclusion of which Miss Mabel Bowler sang, "I Know a Lovely Garden," and "You Kissed Me."

It has always been customary at these social missionary meetings to have a silver offering. The hostess sent, little silk

bags with her invitations and the request that a penny be put in the bag for each year of the age of the recipient of the invitation and be brought to the birthday party. A receptacle for the little silk bags was very conveniently placed on a table in the front room. The general response to the suggestion quite filled the receptacle.

Perhaps one of the most pleasing features of the afternoon's pleasure was the delightful singing of little Miss Margaret Davison, a little girl of eight years who sang, "I am Tying the Leaves," and "Better Be Good." The ladies were charmed with the remarkable voice of the child, which she seems to have quite under control.

With her usual delightful manner Mrs. L. R. Phillips gave three fine recitations: "The Twenty-Second of February," William Cullen Bryant; "Tis Splendid to Live So Grandly," Margaret E. Sangster; "An Order for a Picture," Phoebe Cary.

Another patriotic feature of the entertainment was the enthusiastic singing of "America" by everyone present.

Clarence Mahoney sang very charmingly two fine solos, "With the Tide," and "O Come Home." When the very entertaining program was concluded, delicious ice cream, ornamented with red cherries and miniature American flags, was served with dainty cakes, by the hostess, assisted by several members of the society. Although it was a very young looking assemblage of ladies; a nice sum, was realized from the pennies in silk bags.

Seventy two ladies enjoyed Mrs. Abernathy's charming hospitality, and assisted by their presence in celebrating George Washington's birthday.

Dr. N. deV. Howard has returned from the beach and can be found at his residence in the mornings and his office in the evenings.

OFFER SHEEP IN SACRIFICE

Animals Killed at Steps of Palace in Constantinople on Feast of Bairam.

The idea of animal sacrifice seems strange in modern Europe. But it must not be forgotten that Constantinople is Turkish, in spite of the numerous desires on the part of other nations to possess it—or rather because those are so numerous.

The new regime in Turkey is up to date in many things. It is establishing schools, planning railroads and hoping to take its place by right, and not by suzerainty, among the nations of the world. But the favor of the devout Mussulman is sought by strict observance of religious festivals.

The second feast of Bairam is the occasion of sacrifice. Its date is variable, since the Turkish year is lunar, and not solar. Last year came in December and it lasts four days.

In anticipation of this festival, droves of fat sheep were taken to the city from Roumelia and Asia Minor. The price varied from \$4 to \$5. In all the rich and even well-to-do houses these sheep were sacrificed, and the flesh in most cases given to the poor.

Naturally the most elaborate ceremony was at the royal palace of Dolma Bagtche. The sheep, picked for their whiteness and plumpness, were solemnly led to the palace. At the hour fixed the sultan, surrounded by his staff, descended the steps and read a prayer, while the first of the victims was led to the marble step that became the sacrificial altar.

The sultan made the motions of killing the sheep, but actually handed the knife to an officer, who waited until the sultan had withdrawn before completing the sacrifice.

In the last three years the custom has grown up that the skins and wool of all the sheep killed in Turkey that

One of the old rites of Bairam was to consign all Christians to massacre. This is now omitted in Constantinople. But it can be imagined that in the oasis of Tripoli this part of the ceremonies is carried out with emphasis.

A Many-Horned Cow.

A cow with 17 horns is the interesting monstrosity reported by a traveler from the south. The horns, we are told, protrude from the cow's back, each one resting on a joint in the spinal column. The farmer who owns the horned wonder is proud of her. She is proud of her gift, and out of thankfulness for her distinction produces more milk than any other cow on the farm.—Detroit Free Press.

Bert Franklin, the former United marshal, who was indicted for attempting to bribe jurors in the McNamara case, pleaded guilty in court here. He will be sentenced next Friday. The plea of guilty entered by Franklin is not so important in reference to him as it is in its probable effect on the chances of Clarence S. Darrow, who was chief counsel for the McNamara and who is under indictment as having inspired the bribery and employing Franklin and others to do the actual work.

The house steel trust investigation committee today made public the result of the inquiry into the books and minutes of the United States Steel corporation conducted by Farquhar J. McRae, an expert accountant. The McRae report reaches the conclusion that the steel corporation operates in restraint of trade and prevents competition through a manipulation of prices, through the influence of the so-called "Gary dinners," by control of raw materials and through a system of interlocking directors in various companies. It also tends to contradict some of the testimony given by steel trust officials.

Friends of United States Senator Hoke Smith in Georgia are preparing for circulation a petition, to which already several thousand names have been promised, calling on the Georgia delegates to the democratic convention in Baltimore to cast their solid vote for Hoke Smith for the presidential nomination in case of a deadlock, and to stand by him until it becomes apparent that he has no chance.

President Taft will soon start a vigorous speech making campaign to explain his position on current questions and further his candidacy for re nomination. Before the Republican national convention meets in June, the President will spend many days on the road and is expected to deliver scores of speeches. He will travel as far west as Chicago, as far north as New Hampshire and south at least as far as Georgia. Other engagements may be made in the next few weeks.

The American Secretary of State, Philander C. Knox, Wednesday made his first formal appeal for a closer union of the American republics. The occasion was a state dinner given by the acting president of Panama, Rodolfo Ciani, in honor of Mr. Knox, and judging by the applause the secretary's remarks were received in a spirit that was markedly sympathetic and cordial.

Dr. Harvey W. Wiley, pure food champion, is seriously considering resigning his position as chief of the bureau of chemistry in the department of agriculture. Admitting this in an interview last night, Dr. Wiley said that while he had not yet determined to offer his resignation it seemed that he could not be successful in his efforts to secure harmony as long as there were "incongruous elements" in the department.

Helping Hand Society.
The Helping Hand Society of the Baptist church, held their regular meeting, at the residence of Mrs. R. C. Maxwell, Tuesday evening. The mission study class was conducted as usual by Mrs. E. E. Cox. At the conclusion of the study, several articles on missions and mission work was read by different members of the society, after which, those present enjoyed a very pleasant social hour together. Mrs. Maxwell entertained them with a very interesting reading. A good attendance of the members were present also three visitors.

Gainesville Doctor Disappears.
Gainesville, Feb. 23.—Great mystery surrounds the sudden and mysterious disappearance of Dr. H. C. Spencer, a well known physician of this city, and well known for his skill in searching parties, numbering several hundred, have been engaged during all day scouring the woods for the man without effect.

Monday, at midnight, some one came to Dr. Spencer's home and summoned him to Gainesville's serpentine skill, three miles distant, to look after a patient.

SANFORD GROWERS ARE COMING INTO THEIR OWN

Twenty Cars of Lettuce and Twenty of Celery This Week Will Total \$30,000

There is a tide in the affairs of man which taken at the flood leads to fortune. This saying is true of every opportunity that meets the man today who is looking for fickle fortune. This adage hardly applies to the growers of Sanford for one year he may get the market in a strangle hold and shake a fortune out of it and next season the market may shake him. It has never been a question of raising the stuff but a question of distribution. This season Sanford was the lucky jade again and the cold wave that swept down through the Carolinas and Louisiana and Texas time and again and stopped on the border of Florida nipped all the tender vegetables, even put our California neighbors on the blink and now

we are trading on our neighbor's adversity. The markets are bare of the succulent vegetables that are wont to tickle the palates of the northern epicure and right here is where Sanford gets on the Prosperity Special because our section has the stuff and all kinds and will continue to have it up to June first.

Just now we are concerned with celery and lettuce the two crops that made us famous and made so many fake lands infamous. This week Sanford ships 20 car loads of celery and 20 car loads of lettuce and at the lowest possible estimate the 40 cars will total \$30,000. Can you beat it?

A. Dorner on Celery avenue cuts 20 acres that will bring him over \$20,000.

One grower was offered on Monday \$2000 for one and one half acres and accepted. Man backed up on the contract. Grower turned round and sold for more than \$2000 to commission firm here.

Sanford celery yesterday was bringing \$3 per crate in New York.

As soon as the celery is cut off the growers will plant spring crops on same land and ought to bring up the average to a sum per acre that would stagger the ordinary northern farmer.

Sanford was the first great vegetable growing section of the South, has always held that title and always will on account of soil, flowing wells, lake protection, cheap freight rates and other facilities.

Keep your eye on Sanford!

The Doctor responded promptly going in his automobile. When he did not return all day Tuesday and Tuesday night a messenger was sent from his home at an early hour Wednesday morning, who returned with the information that the automobile, with medicine cases, etc., intact, was found turned up against a fence but no trace of the missing man could be found.

The sheriff was promptly notified and a large posse searched all day without results.

Big Dance Monday Night
The Sanford Ball Association will give a dance in the city hall next Monday night. The celebrated Italian Band of the Moss & Marr's Show will furnish the music. Tickets for dance will be sold at 50 cents, ladies free and a good time can be promised to all who attend. The proceeds will go to the Association.

Thinks Well of Sanford
Joshua Powell of Hollis, Long Island is a conservative business man and owns some celery land near Sanford. In a recent letter to his friend, O. E. Walker, he states the condition here as he sees it as follows:

"I am still maintaining that it is the best opportunity I know of for a poor young man with a knowledge of agriculture to become independent in say ten years. Make haste slowly, study conditions, plant all the crops necessary for the family, stock, etc., and go into the 'get rich quick crops' cautiously, and spend all the year on the ground. Watch all expenses, work as hard as the average farmer on Long Island or New England. The greater success, to me, seems to me positively certain. So you see I am not entirely discouraged. I don't believe that additional land will be so rapidly broken, but that those that have will do well to

hold on, that the problems of production and freight and distribution will be solved to the satisfaction of the deserving few that are willing to stand fast for success.

Professor Maris' Bible Class
Professor Maris is to open an adult bible class at the Congregational Church next Sunday morning. The purpose of Professor Maris is to take up John's Gospel from the beginning. His primary inquiry is, "What did Jesus teach?" In seeking the answer to this question there will be opportunity for the widest discussion. As Professor Maris puts it, "I believe in standing by the word of Jesus regardless of all else, and by the best that is in us." He expects to lead the class along these lines. The Professor has been teaching bible classes for the past twenty years always has succeeded in building up large classes. Come with your bibles to the Peoples Church next Sunday morning at ten o'clock.

An Epitome of the Week's Most Important Happenings in the State's Domain.

The chautauqua which has just come to a close in Lakeland is said to have been the most successful ever held in that town.

The beautiful home of Judge J. A. Stewart was burned in DeLand a few days ago. The total was between five and six thousand dollars, less the insurance. The house was insured for \$1,750, the contents for \$750.

Work on the new Hillsborough Hotel in Tampa is progressing rapidly and it is thought that the new structure will be completed and ready for the opening date some time in April.

A car load of eggs arrived in Tampa last week from Cuba. The eggs were ordered by a wholesale firm in that city.

Tampa Socialists are preparing to wage a strong fight for their ticket in the coming municipal campaign.

A muslin underwear factory is a new enterprise promised for Ybor City.

The bond trustees of the city of Live Oak finally approved the sale of \$50,000 city improvement bonds, the proceeds of which will be immediately applied to municipal improvement. The entire central section of the city will be paved and the water and lighting departments are to be enlarged and extended. Besides these immediate additions to the city's comforts and attractiveness, many other moves, all calculated for civic betterment, are planned.

The Hillsborough county democratic executive committee, at its last meeting agreed that every effort would be made to prevent socialists taking part in the democratic primaries, and whenever the inspectors of election were in doubt they should require an affidavit that the party in question has been a regular member of the democratic party.

A fifteen thousand dollar Chautauqua Auditorium is one of the items which will make the coming year the greatest in Lakeland's history. The enterprise is assured, and will prove to be one of the greatest benefits the town has ever secured.

White-slavers convicted in Tampa have appeal to the Supreme Court of the United States against a two years' sentence. When the Supreme Court gets through with them, they'll hardly make another kick.

The mayor of St. Augustine suspended two policemen because they were said to be unduly officious in making an arrest. With two policemen gone from the force the Ancient City must be suffering for lack of police protection.

Ten thousand dollars were awarded Mrs. Fannie C. Reeves by a jury in Federal Court yesterday afternoon for the death of her husband, F. C. Reeves, a switchman of the Atlantic Coast Line, who was killed while on duty in the yards of that company at Lakeland, May 27, 1910. Mrs. Reeves brought suit as administratrix of the estate of F. C. Reeves and asked for \$40,000. The allegation was made that the defendant company had failed to equip its cars with the kind of couplers required by law.

A. F. Spawm made his first grinding of cassava flour on Tuesday at his factory here. He had 333 lbs. of gas sava, from which he made 81 1/4 lbs. of beautiful flour of the finest quality. Besides this, there were 31 lbs. of peelings which are excellent hog food.—Kissimmee Journal.

Band Concert
Next Sunday, March 3rd, the Sanford Band will give a free concert in the park. These concerts are given through an arrangement with the present city administration for the benefit of the public and will be given at regular intervals.

Our citizens are very proud of this organization, which is one of the best in the state, and the administration is to be congratulated upon this public spirited move by which the community derives a great source of pleasure.

GENEVA JOTTINGS

Special Correspondence to The Herald
Mr. and Mrs. W. L. Cox of Columbus, Ohio and who are visiting various places in Florida, are now with their cousin, Mrs. Etta Roberson. Mr. and Mrs. Cox have previously visited Geneva and their many friends are glad to have them back.

Grady Helms after spending several months in Geneva in the orange business has returned to his home in North Carolina.

F. B. Sutton has been on the sick list for a week.

Mrs. I. T. Peters is in Daytona visiting her daughter, Mrs. Nicholson.

Flynt and Rhebinder are now in their new store near the depot where they are ready to serve their many customers. This new firm will increase their stock of dry goods as well as groceries, they also intend having a meat market in connection with their groceries.

Recently F. W. Geiger made the banner haul of fish from Lake Harney, catching over 300 shad at one haul.

Mrs. Rice of Sanford spent last Saturday and Sunday in Geneva.

Hoyte Taylor among others visited Geneva Saturday.

V. T. Peters is building a new house near the Baptist church and will occupy it as soon as completed.

Birdie Pattishall of Sanford spent the week end with his parents.

Several new people are in Geneva, some at work on the bridge, some on the dredge boat and others on the railroad.

Our new railroad put in its first good work for Geneva last Friday night when it brought 74 jolly good citizens from Chuluota to the oyster supper, given by the ladies of the M. M. S. society at the hall. It is to be hoped that the oysters will not be a day late in arriving at the next one. In lieu of fresh oysters, canned ones were used and the fun kept at fever height. We extend many thanks to the public for their liberal patronage and especially do we thank our Chuluota friends for their presence and generous aid. The ladies anticipate having another supper soon and we will welcome our friends again.

CAMERON CITY CLIPPINGS

Special Correspondence to The Herald.
Hon. George DeCottes, our efficient County Attorney was in our village this week looking after his political interests.

We have some new neighbors. Mr. and Mrs. Alexander from New York and their little son Alexander Alexander. They will live on the Crippen farm just west of town where the Houstons formerly lived. We bid them a hearty welcome.

We were more than sorry to see the house on the Swartz farm burn last Sat-

urday morning but were glad to learn that the young men who were living there were able to save the greater part of their belongings.

Mr. and Mrs. F. F. Dutton and daughter Frances dined at Minnick place on Friday of last week.

Mr. and Mrs. F. C. Rater, of New York, were among our callers this week. These interesting people are looking for a location suitable for a winter home.

Miss Neva Gormly was shopping in Sanford Monday and spent the night in town.

F. F. Dutton is on the East Coast with Mr. Coggins looking after the interests of the M. O. Coggins Co.

Some weeks ago a committee was appointed by our Farmer's Club to interview the Captain of the Government Dredge regarding the making of a canal from our parks to Lake Jessup. Mr. Fulton was one of the committee and generously planned to take their wives up to Lake Harney where the dredge is stationed for the interview. The trip was made Monday and greatly enjoyed, the day being very fine but the committee was disappointed in not reaching the dredge on account of sand bars in Lake Harney. Some encouraging information has been gained however and will be followed up and the committee hope to be able to arrange for a meeting with the Captain in the near future.

The members of the canal committee and their wives are indebted to Mr. and Mrs. Fulton for a most enjoyable yacht trip.

Some of our young people plan to spend Wednesday evening at Silver Lake with Prof. and Mrs. Maria.

Last Sunday was a pleasant day at our church. It was our first anniversary and letters of greeting were read from some of our absent members. Among them Mr. and Mrs. J. W. Powell of Queens L. L. the Benjamins of Watertown, Me., the Beales of North Anson Me., the Foggis, of Hampton Falls New Hampshire, the Kinehans, of Wichita, Kansas and the Bentons of Topeka Kansas. The letters and offerings were greatly enjoyed and appreciated. At the evening service four new members were added to our roll.

Farmer's Club met Tuesday evening with President C. C. Worthington in the chair. After listening to reports of committees the question box was opened and some interesting discussions followed. Next meeting in two weeks. The Club is planning for a lecture in the near future.

Hunting Season Closes

The hunting season of 1911-1912 closed yesterday and it is the belief of the local sportsmen that sufficient birds have survived to insure a splendid season next year.

There has been complaint against the law which forbids the selling of game. Certain owners of property even have complained that although, in a sense, they owned the birds upon their premises they could procure none for their tables.

Undoubtedly the law has worked somewhat of a hardship in certain cases. But the best illustration of the wisdom of the measure is the fact that the woods are still full of birds, which, it is safe to say, would not have been the case had the law permitted the selling of game.

The wild life of Florida should be preserved at all costs, the fact being borne in mind that this is first and foremost a playground state, making a bid for sportsmen. Game elsewhere is rapidly disappearing—indeed, in many states of the east it has virtually disappeared—and it may be plainly seen that the longer Florida can protect its wild life the greater advantage the state will enjoy. Men who are in a financial condition to spend the money and time to travel to Florida from other states to shoot are desirable visitors. The citizens of this state should keep this fact in mind.—Reporter-Star.

Sorrento Snap Shots

Justice of the Peace Walter Cooper and J. P. Delahunty of Pittsion, Pa., a winter visitor here for many years, have been at Coronado for a week past on a fishing trip. Mr. Delahunty holds the record there for big catches, a catfish weighing 100 lbs. and a golden sea bass still heavier. Mr. Delahunty is 92 years of age.

The Battle Bros. will operate the Lovejoy sawmill about a week longer. Their new mill will be started in May it is expected.

The Parker orange packing house has finished packing the oranges and grapefruit from the dozen groves belonging to the Parker estate.

Eugene D. Williams, secretary of the Northern Club, has sent out invitations for the club's leap year party, to be given at the home of Mr. and Mrs. Henry A. Foster on the evening of Feb. 29th.

A. B. Lovejoy the veteran sawmill man, has the largest acreage of watermelons hereabouts, something like 45 acres. There are 250 acres in watermelons around Sorrento. Considerable replanting was done.

Mr. and Mrs. Chas. Budgen of Milford, Conn., are visiting Mr. Budgen's parents here Mr. and Mrs. Edward Budgen for a few weeks. Mrs. Budgen is a very fine soloist and is charming all with her wonderful voice.

The Misses Senter of St. Joseph, Mo., are stopping at the home of Mrs. Lockwood for a time. They are very much pleased with Sorrento.

Mrs. Edeburn visited Orlando two days this week.

Mrs. Parker and son Mr. S. E. Parker are now located at the De Soto Hotel, Tampa, looking after the large orange interests of the Parker estate in and around Tampa.

C. H. Dowler has bought the old Butts home west of Sorrento and is planning

to make a very nice place of it. Mr. and Mrs. Dowler expect to occupy their new home by April 1st.

Messrs. Jaekel and Hughes are in Tampa for a short time.

Dr. Cannon formerly of Atlanta, Ga., is now located in Sorrento.

The Misses Allen entertained twelve ladies at a Washington Birthday thimble party. The decorations were the National colors and flags. The illustrating of historical events created a great deal of fun. Misses Tinné and Hawkins gave several selections on piano and violin. Mrs. Budgen sweetly sang solos and Mrs. Cachran played piano solos. A dainty lunch was served, the confectionery was served in Washington cocked hats and the favors were carnation scissor protectors.

Miss Ida Christie entertains the Fancy-work Club this week at her home Eager place.

Invitations are out for a party at the home of Mr. and Mrs. J. D. Kennedy. Those who are invited are looking forward to a delightful evening as Mr. and Mrs. Kennedy have proven themselves to be an ideal host and hostess.

Mrs. A. E. Allan entertained the Social Chain Circle this week. This circle is proving to be a very enjoyable affair, as well a financial aid to the Ladies Church Aid Society.

Cameron City Church

The celebration of the first anniversary of the organization of the Congregational church in this city on the 25th of this month was an occasion of general interest in this community, and of very especial interest to the members and friends who were delighted with a number of letters of kind remembrance and good will sent from members removed. The substantial evidences of these sentiments by remittance of sums of money for the church were especially acceptable and agreeable.

Four new members were received on the occasion on profession of faith.

A very unique souvenir is being sent to these absent friends in the shape of a piece of new music, just published from the house of The H. Kirkus Dugdale Music Company, Washington, D. C., the words of which were prepared by the pastor, Dr. Joel Swartz; entitled "Should Auld Acquaintance be Forgot?" We do not wish to forget these acquaintances. The verses follow:

"Should auld acquaintance be forgot
And never brought to mind?"
No, Bobby Burns, forever not;
The bare suggestion seems a thought
Both cruel and unkind!

Thy father's friend and thine own friend,
Through good and ill retain;
His honor and his fame defend,
Nor suffer aught on earth to rend
The ancient, golden chain.

Slow grows the incense-breathing pine,
Crowned with its evergreen;
And slow the tendrils clasping vine,
Whose heavy laden clusters shine
The bending boughs between.

So, auld acquaintance, more and more,
Grow stronger with our years,
And clustering memories often pour
The joys of life from days of yore
With clasping hands and tears.

Abernathy Will Not Run

Doc Abernathy has been busy since his return day before yesterday from the south, looking over the local political field, and as a result of his observations has announced that he will not be in the race for County Treasurer.

He had his heart set on the office, he said today, but owing to his enforced absence from the field, his entrance now would be too late, in his opinion, to be effective.

"And you know I don't want to be known as a defeated candidate," said Mr. Abernathy.—Reporter Star.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called **REXALL ORDERLIES**. These are prompt, soothing, and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless, and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge, nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons, and aged people, as well as for the most hearty person.

They come in three size packages, 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Remember, you can obtain them only at our store—The Rexall Store.

THE COLE NO. 7

DIVERSIFIED PLANTER

For Diversified Farming

There are no defects in the Cole Planter. It is simple, strong, lasts a long time and is easy to run. The Cole plants in just the right way Corn, Peas, Bean, Peanuts, Soja Beans, Velvet Beans, Cantaloupes and Watermelons. The Cole plants each one of these crops just as well as if it had been made specially for the crop. In fact, there is a special plate for each kind of seed, and then you can fertilize as you plant, thereby saving much labor. The Cole has all the necessary adjustments for number of seed in the hill, the distance apart and the depth. All changes and adjustments are simple and easy for any farm hand.

There are a number of good planters on the market, but the best of them is not equal to the Cole. It will pay you to throw any of them away and buy the Cole. You will make money by doing it.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY R. J. HOLLY, Editor W. M. HAYNES, Business Manager

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month. Payments in advance must be made at office.

Entered as second-class mail matter August 22nd 1906, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

Sanford expects to put a winning ball team into the field this season. Do we hear anything from Orlando?

When is the government of investigate the Southern Express Co? We can't stand the strain much longer.

Ocala had the original Good Roads advocate in her midst the other day during the Good Roads meet in the person of Hon. Braxton Beacham, candidate for Congress.

The coming carnival seems to have resolved itself into a white elephant and the mayor and city council have no hay to feed the beast. Like the Irishman their only thought now is to get rid of him as soon as possible.

While The Herald has been disposed to favor the candidacy of Governor Harmon for the Democratic nomination for the presidency we also think that in Oscar Underwood the south has an exceptionally strong man and the race will narrow down to Harmon and Underwood rather than Harmon and Wilson.

IT IS TO LAUGH

In the vernacular of the day, \$340,000 for harbor improvement work in the St. Johns river "listens" well to the people of this State.

Thanks to the energetic work of Congressman Frank Clark and Stephen M. Sparkman, the congressional committee on rivers and harbors has recommended this amount of money for the improvement of Florida's great waterway.

This news is especially gratifying to Jacksonville, as \$300,000 is for use in improving the channel between Jacksonville and Mayport, while the remaining amount is for work south of this city.—Jacksonville Metropolis.

Good joke isn't it? "Listens well to the people of the state" that Jacksonville gets \$300,000 out of \$340,000 total appropriation. It will also listen well along about election time when the people of the interior will do a little voting for appropriations for the St. Johns and Ocklawaha rivers.

Good joke, everybody laugh!

COLD STORAGE

For several years The Herald has advocated a large cold storage plant for Sanford. The grower appears to have the proposition this year on account of a short crop but the chances are that a cold storage plant would assist the growers even at the end of this, a most prosperous season. The idea of a cold storage plant here is a good one and will bear the closest investigation. If the big dealers in New York can afford to store our celery and rabe in a large profit it would seem good for our home people to play the same game and when the price drops on account of a glutted market, put the vegetables in cold storage and bide your time. Nice crisp vegetable taken from the fields here and placed on storage the same day would certainly keep better than after taking a three days journey even in a refrigerator car and the grower could demand a good price in Sanford at every stage of the game. There are some objections to the plan but reverting to conditions two years ago how much could the growers have saved by a cold storage plant? Enough at least to, almost build one with their own money and operate it.

THE SWINGING PENDULUM

A few years ago the Sanford section held the boards as the first and only one where winter vegetables could be raised at a profit. Naturally the prices attracted notice and the result was an influx into Florida of thousands of people who expected to spend a few weeks clearing up land planting a crop, raking in the shekels and going to Europe to spend the surplus.

The cheap lands attracted them; the lurid literature attracted them and most of the pictures were faked from Sanford's celery and lettuce fields and shown in the booklets as "just as good as Sanford."

Our people heard the cry from afar and noted the rush as it swept by with restless feet seeking the Eldorado that promised lands for 25 cents per acre, upon which celery and lettuce and every other crop known to man could be raised "just

as good as Sanford." The seekers after land were kept away from Sanford because the lands were too high. If the train load by an accident happened to come through Sanford the doors were locked until the city was left behind. All the blatant land sharks took Sanford as their text and with their little hammers sounded the anvil chorus until the sound was heard round the world.

Twelve months was sufficient to test out the limitations and then what a howl went out about the land fable in Florida. There was no good land in Florida, and no money had ever been made from fruits and vegetables and every one who even talked about Florida land was looked upon with suspicion.

The result is obvious. Only the men who carefully studied conditions and came to Florida to invest real money bought Sanford lands and paid the price for them. Our section is still the greatest vegetable section in the south. Sanford still ships car loads of vegetables at a lesser freight rate. Still raises tender truck immune from frosts. Still sends celery and lettuce to the market at a better price and every day the visitor to the state who stops over a few days to look becomes a purchaser of land.

We have almost ceased to advertise celery lands. Our loving friends are doing this for us and all the energies of the Commercial Club are being directed toward making the city of Sanford a great tourist resort. The country can take care of itself. The celery grower is getting from \$2.50 to \$3.00 per crate for his stuff here in Sanford. He needs no advertising. His crops are in the field where every one can see them and the results are apparent. Not upon paper, not upon future promises, but the real article open for inspection.

The pendulum is swinging again. Through no efforts of our own the people are turning Sanford way and the real goods are selling themselves.

There is only one Sanford, one Celery City, one great vegetable section in the world.

Pay Your Poll Taxes Now

The last legislature passed a law making the general election law applicable to the holding of primary elections. In consequence of this law Saturday, March 9th will be the last day on which poll taxes can be paid to qualify voters to vote in the primary on April 30th. The general election law provides that poll taxes must be paid on or before the second Saturday of the preceding month in which a general or special election is held. If you want to vote in the coming Democratic primary be sure that you qualify for same by paying your poll tax before the 9th of March.

Fishing is Fine

Capt. Pagenhart is carrying parties to his house boat, the Seminole, every day and they are reporting great sport hunting and fishing. W. H. Huff of New Jersey and F. Frigard of Indiana caught 123 pounds of fine trout one day this week in four hours. There were fifty-seven trout in all and they were caught by trolling and casting.

Accidentally Shot

Arthur Dickens was wounded in the leg last Wednesday by the accidental discharge of a rifle in the hands of a boy companion. The latest account today is that he is resting easy and will recover without any bad effects from the wound.

POLITICAL ANNOUNCEMENTS

To The Voters of Orange And Osceola Counties

I hereby announce that I am a candidate for re-election as Senator from the 19th District, subject to the action of the Democratic Primary. I thank you sincerely for your support in the past, and if you approve my legislative record, I respectfully solicit your support again.

For County School Board

Having served one term as a member of the County School Board I will be a candidate for re-election to the office from District No. 2.

MISNAIR LUMBER COMPANY. Dyal-Upchurch Building, Jacksonville, Florida. Our stock is Well Manufactured, Carefully Graded, Price Low. If your dealer cannot furnish our stock write us for prices.

For County Treasurer

To the Democratic Voters of Orange County: I hereby announce myself a candidate for the office of County Treasurer. In asking your support in the coming primary election for this very important place, which is to be given to some one by the Democratic voters of this county, and if you can see your way clear to honor me with this place, I promise you that I will at all times and under all circumstances strictly guard your interests so far as lies in my power.

I am a candidate for the office of Treasurer of Orange county, subject to the action of the Democratic primary to be held April 30, 1912. Your support will be appreciated.

For Sheriff

James A. Kirkwood announces his candidacy for re-election to the office of Sheriff of Orange county subject to the decision of the Democratic primary to be held on April 30, 1912.

I am a candidate for the office of Sheriff of Orange county subject to the decision of the Democratic primary to be held April 30, 1912. Having served in the capacity of deputy sheriff of the county for a number of years and being familiar with the duties of the same I feel that I can leave the question of my ability entirely to the voters of Orange county.

I wish to announce to the voters of Orange County, that I will be a candidate for the office of Sheriff for the said county, subject to the primary election to be held April 30th, 1912. And please myself to carry out the law without fear or favor to any one, and special privileges to none. I respectfully ask your support.

For Tax Assessor

I announce my candidacy for re-election to the office of Tax Assessor of Orange county subject to the decision of the Democratic primary to be held on April 30th, 1912.

For County Solicitor

To the Democratic Voters of Orange County: I hereby announce my candidacy for re-appointment to the office of county solicitor of Orange county, subject to the coming Democratic primaries. Should I be so fortunate as to secure recommendation for re-appointment for another term of office, it will be my earnest endeavor at all times to perform the duties incumbent upon me, faithfully and fearlessly to the best of my ability.

For County Judge

I hereby announce my candidacy for re-election to the position of County Judge of Orange County, subject to the decision of the Democratic primary to be held on April 30, 1912.

For Tax Collector

I hereby announce myself as a candidate for re-election to the office of Tax Collector of Orange County, subject to the Democratic Primary. If elected I pledge to you my faithful service as I have endeavored to give in the past.

For State Attorney

To the Democratic Voters of the Seventh Judicial Circuit of Florida: I hereby announce that I am a candidate for re-appointment as State Attorney for the Seventh Judicial Circuit of Florida, subject to the action of the Democratic primaries in April, 1912. I have honored me with this office and I have endeavored to deserve your confidence in me by doing my duty to the best of my ability. If reappointed, I pledge you to do all in my power to uphold law and order in our circuit, with prejudice to none and with fairness to all. Thanking you for past kindness, I respectfully ask your support again.

For Superintendent of Public Instruction

To the Voters of Orange County: I hereby announce that I am a candidate for the office of County Superintendent of Public Instruction to succeed myself, subject to the action of the approaching Democratic primary.

I feel that I am peculiarly fitted for this office by educational qualification, and by experience in management of small and large schools, and in dealing with teachers, by natural temperament and love for the work and by familiarity with the details and the general demands of the office acquired during my present incumbency. If elected to the office the educational interests of the county will be upon my heart, and I will endeavor in every way to be faithful to the trust imposed.

For Clerk Circuit Court

I announce my candidacy for the position of Clerk of the Circuit Court of Orange county subject to the decision of the Democratic primary to be held on April 30, 1912. Having served the county in this capacity for a number of years I again ask for the suffrage of the people. My past record is my best recommendation.

For State Legislature

I will be a candidate for re-election to the State Legislature from Orange county subject to the decision of the Democratic primary held April 30th. Having served the people of the county for one term in this office gives me the benefit of experience as a legislator and the knowledge acquired by this service gives me a better opportunity to work for my constituency during another term in the Legislature.

For County School Board

To the Democratic Voters of Orange County: I hereby announce that I am a candidate before the approaching primary for member of the Legislature from this county. If elected I will represent you ably and honestly and will endeavor to return to you a record that will meet with your hearty approval.

For Representative in the Legislature of the State of Florida, for Orange county

I will be a candidate for re-election to the office of County Commissioner of Orange County subject to the decision of the Democratic Primary held April 30th, 1912.

School Board Protests

The following protest from the school board was sent to the city council:

February 28, 1912.

Hon T J Miller, President of the City Council, Sanford, Fla.

Dear Sir-We feel constrained to call your attention to a matter which interests us all most deeply. We refer to the suspension of the ordinance passed by the last council with regard to license imposed on carnival attractions, thereby allowing one of these organizations to locate in our city for a week.

We wish to record our protest against this action of the present council, first on the ground that this species of attraction has a demoralizing influence upon our young people, especially the school children. Experience of past years proves that during the stay of one of these institutions, attendance at school is more irregular and the scholars, many of them, are more or less disturbed in their duties.

In addition, we consider this class of amusement detrimental to the best interests of the merchants of the city, taking money that would otherwise be spent here. And last, but by no means least, there are nearly always features that pander to the immoral and all that is contrary to the uplift and betterment of our people, especially the young.

We understand that a majority of the council are not in accord with the action taken, and that the measure passed while one or more members were absent. We therefore ask that you, if you can consistently do so, call a special meeting of the council to reconsider the action referred to.

Yours very respectfully,
C. R. WALKER,

Walking Bridge Club
Mrs. Barrett was the charming hostess of the Walking Bridge Club Wednesday morning. Two tables of bridge were played, at the conclusion of which light refreshments were served. Mrs. Barrett's guests were Mrs. C. O. McLaughlin, Mrs. O. W. Brady, Mrs. Cruse Barnes, Mrs. R. L. Hughes, Mrs. H. M. Papworth, Mrs. Cecil Gabbett, Miss Wylie.

Pleasant Evening
Miss Florence Frank, entertained a few friends, very delightfully Wednesday evening. Two tables of five hundred were played. After the pleasant games, were over a delicious salad, sandwiches, olives and coffee were served. Those enjoying the evening were Mrs. Ed Goldwater, Mr. and Mrs. A. H. Gerber, Misses Nell Whitton and Mabel Bowler; Messrs. Henry Purdow, J. A. Einstein and A. B. Wallace.

Pleasant Party
Mr. and Mrs. W. L. Milteer entertained at a very pleasant party in their charming home Tuesday evening, Feb. 20th, complimentary to their house guests, Mrs. Milteer's brother and his wife, Mr. and Mrs. J. M. Earl. The evening was very pleasantly spent by the guests in playing dominoes and in interesting conversation. When the games of dominoes were concluded a delicious fruit salad, saltines, olives and coffee were served.

Mr. and Mrs. Milteer's guests were Mr. and Mrs. J. M. Earl, Mr. and Mrs. C. H. Summers, Mr. and Mrs. A. D. Kev, Mrs. Wright, Mr. and Mrs. L. R. Phillips, Mrs. Tracey, Mr. and Mrs. W. H. Williams, Mr. and Mrs. J. D. Langley, Mr. and Mrs. C. J. Rumpf, Mrs. H. H. Hill, Mrs. J. C. McDaniel, Mr. and Mrs. Harry Wilson, Miss Hume, Mr. and Mrs. Geo. Fox, Jr.

The Wednesday Club
The Wednesday Club held their regular meeting at the residence of Mrs. J. N. Whitner Wednesday afternoon.

After the reading of the minutes by the secretary, Mrs. S. O. Chase, the program for the afternoon was taken up. "The Saga of Olaf Tryggvason" was given by Mrs. M. H. Bowler. The name and deeds of Olaf Tryggvason figures in the annals of England. He is recorded as a mighty Norse Viking, who with four hundred ships harried the east coast of England and won great battles fought with the English. He became the friend of the English king and was converted to christianity while in England. Returning to Norway he was made king and immediately began the conversion of his countrymen from idolatry to christianity.

"The Saga of Olaf the Quiet and Magnus Barefoot," two powerful Norse kings were prepared by Mrs. J. C. McDaniel and read by Mrs. J. N. Whitner, as Mrs. McDaniel could not be present.

Mrs. A. E. Phillips was unable to attend and read her interesting sketch of "Einar Thamborskefr," one of Norway's most celebrated bowmen. The sketch was read by Mrs. L. R. Phillips and also the laudatory poem written in his praise by Longfellow. "The Saga of Signard the Jerusalem Farer" was given by Mrs. Cruse Barnes, in an interesting sketch of one of the most popular kings of his day, and also the incidents of his notable trip and stay in Jerusalem and return to his kingdom.

After the conclusion of this program it was suggested by the president, Mrs. Maris that the time was drawing near when a program for next year must be considered. It was moved and seconded that a committee of five be appointed to ascertain the views of all the members on the subject of the program. The committee will be appointed later. In response to the wish of the Federation that each club state their preference for a State Federation flower it was moved and seconded that the Wednesday Club, through their secretary, signify their preference for the orange blossom.

After hearing a committee report and making several announcements the club adjourned.

Willing Workers
Write your full name. Count all the letters over. A penny for each one—we wish they were more. Put all in a bag—each one do the same. Bring it to Wagner's and have a nice game. With the name of the class that has no shirkers. The M. E. Sunday School Willing Workers. Thursday afternoon, from 4 to 8, Feb. 29th. The above suggestive invitation was sent to the twenty young girls who are the "Willing Workers" and also members of Mrs. C. H. Summers' Sunday school class, who were given permission to invite a friend. Miss Maud Alice Wagner is a member of this class and head of "Willing Workers." Mrs. Wagner had promised that this class would give \$5 of the amount necessary to pay for the new roof recently put on the Methodist parsonage. The above poetic invitation suggested the way she had devised to help them secure the promised amount. About four o'clock Thursday afternoon

over forty young girls and boys assembled at Mrs. Wagner's residence. Several of the young friends of Ada, the younger daughter, had also been invited. The pretty little silk bags of every shape and color, brought by each young guest soon filled the plate that was conveniently placed on a table near the parlor door to receive them. Under the direction and assistance of Mrs. Summers the young girls enjoyed several pleasant games in the yard. Later they were invited to join a word making contest in the parlor, the idea being to see who could make the largest number of words from the class name, Willing Workers. Miss Esther Wilson made 126 words and was declared the winner of the contest.

The guests were invited into the dining room which had been darkened and the lights turned on. The table was lovely with its very attractive decorations. Bright tinsel ropes were suspended from the electrode and fastened to the corners of the long table. A strikingly effective centerpiece had been devised. A deep plate filled with nasturtiums occupied the center of the table, around the plate a very pretty design had been made with the bright tinsel rope, and in the plate also was a tall, slender vase, filled with more of the nasturtiums. Delicious ambrosia, dainty cakes and chocolate marshmallows were served. A pretty table was placed in the hall and on it was a large bowl decorated with red and white, the class colors, which was filled with refreshing lemonade and served during the afternoon.

The pennies were counted, so that all the young people could know the result of the unique ingathering of pennies, and to the surprise and delight of everyone it was found that the cute little silk bags had contained \$7.26, and as it was \$2.26 more than the Willing Workers needed it was proposed to turn the excess over to the Epworth League.

Benefits of the Fire.
The fire alarm sounded and a vagrant who had been huddled in a dark hallway crept out and joined the crowd hurrying to the midnight fire. Presently others of his fraternity appeared.

"Why do all you Johnnies always break your necks to get to a fire?" said a man who was something of a fire fiend himself.

The vagrant pointed to a woman who was emerging from a nearby apartment house carrying a pair of steaming coffee.

"There's the answer," he said. "At every winter fire that gives the firemen a hard tussle the women of the neighborhood bring out coffee and sandwiches to brace them up. Sometimes the firemen don't have time to snatch a bite, sometimes they do. Anyhow, there is sure to be something left over, and the women—well, it's a hard-hearted woman that won't give a poor devil a cup of coffee a night like this."

The man kept an eye on his candid derelict. He got two cups of coffee and two sandwiches.

California Wine Grapes.
The total number of tons of wine grapes handled by the wineries in this vicinity during the last season reaches the surprising total of 70,000 tons, writes a Lodi correspondent. If this 70,000 tons of grapes had been converted into sweet wine the total number of gallons would approximate 5,600,000. It would be safe to say that at least 10 per cent. of this tonnage was converted into dry wines, which would bring the number of gallons up to a higher figure.

As between table and wine grapes the wine grape industry at the present time looks to be in the better shape. At \$10 a ton for the common variety of grapes a rancher can show some profit. As table grapes have been selling for the last year or so there is little or no profit in them.

Music Fever.
Walter Damroch, the eminent musician, told, at a dinner in New York, a story about Patti.

"When the Patti fever was at its height," he said, "a worthy Philadelphia couple decided to buy tickets at \$8 each. So they drew \$16 out of bank.

"But \$16 seemed a good deal of money to spend on a single evening's music. In brief, after a serious talk, the worthy couple decided to devote the \$16 to charity.

"So they sent the money to a poor man whom they knew—and the poor man bought two tickets with it, and took his wife to hear Patti."

Ill-Fitting Shoes to Blame.
The cause of many broken insteps comes from imperfectly fitted shoes. When fitting, if there is too much space left in the toe of the shoe there is no doubt about it that as soon as the shoe is worn for a short time the heel will begin to chafe and cause the wearer much annoyance that could be well dispensed with, if the clerk is given enough time to fit the foot right. The ball of the foot should be at the curve of the sole.

A GREAT DISCOVERY.

Certain Ingredients That Really Promote Hair Growth When Properly Combined.

Resorcin is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely invaluable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "63" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93% of cases where put to a practical test.

Rexall "63" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. L. R. THE UTILIZATION OF WASTE
products to the very fullest extent is, of course, the aim of every industrialist, and the Wood Waste Distilleries Co., Wheeling, West Virginia, U. S. A., certainly makes this possible in the case of the waste material of wood working establishments. By means of their distilling apparatus, ranging from a capacity of 5 to 500 gals., the industrial alcohol and turpentine contained in sawdust are effectively extracted, while the resultant fiber is ready for paper manufacturers. This still will actually pay for itself over and over again every month, and Colonial and foreign fruit canning companies, chemical works, saw mills, varnish makers, oil refineries, sugar refineries, etc., cannot fail to find it a profitable acquisition.—R. G. Dun's International Review

MAKING YOUNG COOKS

GOOD WORK, NOW BEING DONE BY PUBLIC SCHOOLS.

Girls Take Great Delight in the Work and the Resourcefulness and Skill Shown Evokes Admiration From Elders.

Although cookery books come in rapid succession—so fast, indeed, that it would take a good-sized library to house them instead of the modest little shelf that formerly sufficed for the literature of the cuisine—the requirements of the child cook have been somewhat overlooked.

One of the most popular features of the public school exhibitions held each year is the demonstration held by the little girl cooks from the cooking classes. The leading chefs of the day are invariably to be found in the front ranks on these occasions, and are loud in their admiration of the little girls' skill and resourcefulness.

Not the least pleasing feature of these displays is the evident delight of the children in their work. Yorkshire puddings are whirled with a will, pastry is proudly rolled out on the floured board and the nicely browned meat taken out of the oven with a grand flourish that arouses the envy of every other child in the room.

Nearly every little girl longs to cook something all by herself, if it is only candy, or chestnuts over the bursery fire, and too often those responsible for their care, afraid of burned fingers and spoiled frocks, postpone the first cookery lesson until the girl has time fully taken up with the many interests that have been opened out to the modern school girl, and no longer wants to learn how to cook.

How the little girl may take the first steps in the art of good cooking is told simply and clearly, in language that could be understood by every child, in a new cookery book, which appears on the shelves of one of the big bookshops.

Parents confronted by the usual problem of the birthday present may take a hint from the book. From father there came to the little girl who appears as the heroine of this cookery romance a little white oilcloth-covered table on casters, which could be pushed under the big kitchen table when it was not being used. Three nice pinafores, with sleeve and ruffle bibs, were her grandmother's present. Shiny new patty-pans, sauce-pans, bowls, an eggbeater and a toasting fork were her aunt's contribution, and from her mother there was a little cookery book made out of her own cookery book, and containing all the simple, easy things that can be made by the little girl cook.

Early breakfast dishes, luncheon and supper recipes, easy entrees, sauces cakes and sweets make up the contents of the book, which should prove a very welcome present to a little would-be cook.

Left-Overs.

Time honored and hoary jests about hash are still told, but, as a matter of fact, nothing more agreeable to the palate of man was ever invented. In respect to hash, it may be said that a necessity has been the parent of a pleasure, but this is true only when the concoction is well made. People often have an idea that because a thing is simple no care in its preparation is required, and this is the reason that potatoes and beans and soup are so often poorly made by the very persons who can cook a fine Christmas dinner. The common and indispensable hash suffers from this carelessness, for too often it is but some dried up meat, indifferently hacked at and only lukewarm. Hash can be made from dry meat, but only if some substitute is found for the natural juices which are lacking. Butter and suet grease should be added to beef hash, olive oil and a little garlic to lamb, and a beaten egg to thicken. Soup stock or water in which vegetables have been cooked should be used to moisten the mixture, instead of the plain water, which gives a flat taste.

German Waffles.

One quart flour, one-half teaspoon salt, three tablespoons sugar, two large teaspoons baking powder, two tablespoons lard, rind of one lemon, grated, one teaspoon extract of cinnamon, four eggs and one pint thin cream. Sift together flour, sugar, salt and powder; rub in lard cold; add beaten eggs, lemon rind, extract, and milk. Mix into smooth, rather thick batter. Bake in hot waffle iron, serve with sugar flavored with extract of lemon.

Egless Plum Pudding.

One cup bread crumbs, two cups flour, one cup suet chopped fine, one cup raisins, seeded, 1 1/2 cups sugar, 1 1/2 cups sweet milk, one tablespoon soda, level, one teaspoon cloves, one teaspoon cinnamon, 1/4 pound citron. Boil six hours. After it begins to boil, stir on a slow, steady boil.

Notice of Intention To Apply For Letters Patent

Notice is hereby given that the undersigned will apply to the Governor of the state of Florida at Tallahassee, Florida, on the 12th of March, 1912, for letters patent to be issued to Sanford Manufacturing Company, under the following proposed articles of incorporation.

ARTICLES OF INCORPORATION We, the undersigned, hereby associate ourselves together for the purpose of forming and becoming a corporation under the laws of the state of Florida and do hereby adopt, declare and subscribe the following as the articles of our incorporation.

ARTICLE I The name of this corporation shall be Sanford Manufacturing Company, and its business shall be conducted in the state of Florida and other states of the United States of America, and in foreign countries wherever necessary or convenient. The principal offices of the said company shall be in the city of Sanford, Florida.

ARTICLE II The general nature of the business to be transacted shall be to buy, sell, lease and mortgage lands and other property; to buy and sell timber; to own, lease and otherwise acquire and operate saw mills and to cut and manufacture timber, lumber, cross ties, shingles, laths, boxes, crates, and other wood products; to manufacture, buy, sell and deal in barrels, staves, heading, hoops and supplies of similar kind; to deal in groceries and general merchandise; to build and conduct saw mills and other mills for the manufacture of lumber and other wood products; to buy, build, rent and sell dwelling houses and other buildings; to build, buy, sell, lease, manage, control, charter, hire and operate railways and other means of transportation for the transportation of property and products held, owned or controlled by this company or other persons or corporations in connection with the business of this company, but not to use said means for the purpose of doing the business of a common carrier, to acquire, hold, own and dispose of the stocks and securities of other corporations and to exercise all the voting powers and other privileges thereof and further to do all acts and things which may be necessary or proper or which the directors may deem advisable or expedient to be done in the transaction of its said business.

ARTICLE III The amount of the capital stock of said corporation shall be Twenty-five Thousand Dollars, divided into Two Hundred and Fifty Shares of the par value of One Hundred Dollars per share. All or part of the capital stock of the said corporation shall be payable in or issued for the purchase of land, machinery or other property, or labor or services at a just valuation to be fixed by the board of directors at a meeting to be called for that purpose.

ARTICLE IV The business of said corporation shall be conducted by a president, a vice president, a secretary and a treasurer and a board of four directors. The offices of secretary and treasurer may be held by the same person. The directors shall be elected by the stockholders at each annual meeting. All other officers of this corporation shall be elected annually by the board of directors. The annual business meeting of the company shall be held on the third Monday in January in each and every year at such hour as shall be fixed by the laws. The directors and stockholders shall meet at the office of the Sanford Manufacturing Company, in Sanford, Fla. on the 20th day of March, 1912, at ten o'clock a. m. for the purpose of adopting by laws, completing the organization of this corporation and transacting such other business as may come before this meeting. Until the officers elected at the first annual meeting shall be qualified, the business of this corporation shall be conducted by the following officers: A. H. Spier, president; T. J. Hammill, vice president; D. E. Zundel, secretary and treasurer; as a board of directors: A. H. Spier, D. E. Zundel, Franklin J. Davis and T. J. Hammill.

ARTICLE V The highest amount of indebtedness or liability to which this Corporation may at any time subject itself is Twenty-five Thousand Dollars.

ARTICLE VI The names and residences of the subscribers hereto, and the amount of stock subscribed by them severally are as follows, and the said shares are hereby subscribed for: A. H. Spier, Kissimmee, Fla. 5 Shares; D. E. Zundel, Kissimmee, Fla. 3 Shares; T. J. Spier, Kissimmee, Fla. 15 Shares; T. E. Zundel, Kissimmee, Fla. 45 Shares; T. J. Hammill, Jacksonville, Fla. 3 Shares; Flora V. Hammill, Jacksonville, Fla. 3 Shares; F. F. Davis, Altamonte Springs, Fla. 5 Shares; B. K. Davis, Altamonte Springs, Fla. 15 Shares.

DEPARTMENT OF THE INTERIOR, U. S. LAND OFFICE AT GAINESVILLE, FLA., January 6, 1912. Notice is hereby given that Edwin A. Gilbert, whose postoffice address is Sanford, Florida, did on the 5th day of October, 1910, file in this office a sworn statement and application, No. 0704, to purchase the NW 1/4 of SE 1/4 of NE 1/4, Section 12, Township 21 south, Range 31 east, Tallahassee Meridian, and the timber thereon under the provisions of the act of June 3, 1878, and amendments, known as the "Timber and Stone Law," at such value as might be fixed by appraisement, and that, pursuant to such application the land and timber thereon have been appraised at Five Hundred Twenty Dollars, the timber estimated 40,000 board feet at \$3.00 per M., and 40,000 board feet at \$2.50 per M., at the land \$220.00; that said applicant will offer final proof in support of his application and sworn statement on the 20th day of March, 1912, before the clerk of the circuit court at Orlando, Fla. Any person is at liberty to protest this purchase before entry, or to file a contest at any time before patent issues, by filing a controverted affidavit in this office, alleging facts which would defeat the entry. HENRY S. CUMMINS, Register.

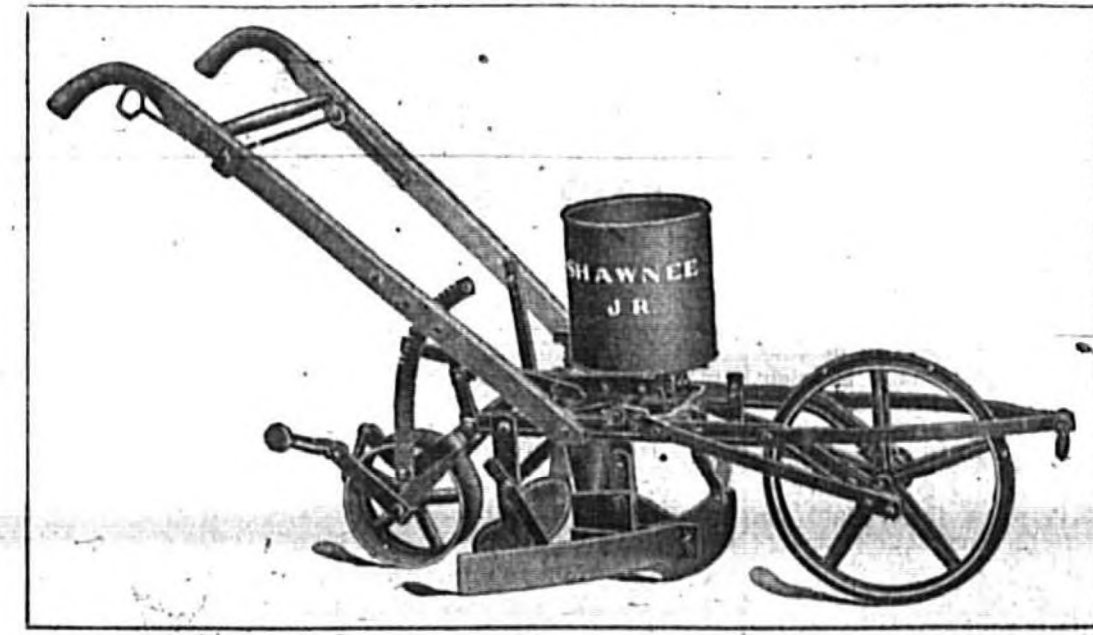

Notice In County Judges Court Orange County Florida. To William McMillan, and all whom it may concern: Whereas, M. F. Robinson, as administrator of the estate of Maggie McMillan, deceased has filed his petition to make assets in the hands of the administrator and to sell and pay debts of Maggie McMillan, deceased the following described real estate of the said Maggie McMillan, to-wit: Lot 2, Block 5, Tier 7 of E. GOOD HAMBURG STEAK

HOMELY DISH MAY APPEAR IN MANY GUISES.

Some Recipes That Are a Great Improvement on Usual Way of Serving It—How Butchers Cheat the Housewife.

That plain but nourishing dish known as Hamburg steak may appear in various guises that are a great improvement on the usual way of serving it. A very nice dish with cakes and coffee for an autumn breakfast is prepared with about two-thirds of Hamburg steak and one-third of sausage. The sausage should be rich with sage and other seasonings. The dish tastes much like sausage, but without the greasy quality. Therefore persons with delicate digestions can partake of it when they might be forced to refrain from eating unadulterated sausage.

Another nice way of serving Hamburg steak is the following: Melt a cupful of powdered cracker crumbs with a little milk—enough to make a mixture of pudding-like consistency. Stir this through a pound of Hamburg steak and season the whole with pepper, salt and powdered sage. Two teaspoonfuls of the powdered sage will be about right. Some palates may like a little more and some less. After seasoning knead the mixture with the hands until all the ingredients have become properly amalgamated. Form it into a roll and slice the roll into cakes. Fry the cakes in very hot suet or butter. If the Hamburg steak seems to be lacking in fat it is well to add a little chopped suet when mixing the softened crumbs into it.

Probably more housewives are cheated through the medium of Hamburg steak than in any other way along the meat line. The best way to manage is to buy a piece of first class round steak and have it ground before one's own eyes; then one knows exactly what one is getting.

One of the interesting specimens at a recent food show was the Hamburg steak shown in the exhibit conducted by Uncle Sam's meat inspectors. The "Hamburg" looked fresh and healthy but their appearance was most deceiving. They were in reality old minced scraps of meat freshened and colored with a preserving liquid that comes especially for the purpose—a veritable invention of Satan. As butchers seem to have the power to elude the inspectors at times and as meat treated with this preparation is likely to deceive any one, it is best to avoid all Hamburg steak that has been previously chopped, unless the butchers' sense of honor is above suspicion, and even then it is just as well not trust to one's own opinion. It may be well to warn young housekeepers in particular against tempting "specials" in this line.

MAKESHIFTS FOR THE COOK

Tasty and Appetizing Dishes Easily Made From Various Kinds of Leftovers.

Canned tomato soup can masquerade as a delicious puree if it is mixed with half its bulk of cream or milk. Season highly and add the cream before the soup is seated, as it is less likely to curdle. For variety, barley or cut-up spaghetti can be added.

The mixture that is left in the bottom of the casserole after the meat has been removed can be utilized for another meal. And about half the quantity of water, cut up dice of potatoes and make dough balls, stewing the mixture until the potatoes are tender.

When making apple float try roasting the apples instead of stewing them. The pulp is removed from the skins and mixed with the whites of eggs.

Left-over spaghetti or macaroni is nice cooked in a baking dish with a cream sauce and shredded green and red peppers cut over the top. Sometimes cheese is added to the mixture, again bread crumbs.

Roman Meat Pie.

Butter a large pie dish and line with boiled macaroni. Cut up any good cold meat—veal, chicken, ham or tongue; make a layer of each kind in the dish, putting a white or brown sauce over each layer, and season to taste. Pour a layer of rich white sauce on top, sprinkle over some grated Parmesan cheese and finish with strips of boiled macaroni. Pour a little melted butter on top, sprinkle on some grated cheese and bake in a hot oven over a half hour or until a nice brown.

Dog Alpinist.

A bulldog called Bobby, belonging to the Marquis de Charette of Paris, is the first dog to gain mountaineering fame by ascending the summit of the Jungfrau. He was accompanied by master and mistress and two guides.—Berne Correspondence London Daily News.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Punta Gorda is to have a new bank. The institution will be capitalized at \$15,000.

Pensacola is to have a new twelve-story hotel. The structure will occupy a site 150x125 feet and will be erected by Chicago capitalists. It will take about eleven months to complete the work.

Lakeland is making plans to have a permanent auditorium erected by next year for the holding of the chautauqua. Heretofore this annual event has been held in a big tent. The amount wanted for this purpose is \$15,000. There has already been subscribed \$11,500.

Attorney General Park Trammell's opinion that the expense of registration prior to a primary election must be paid by the county will undoubtedly be sustained by the courts. It is not a party registration in the language of the statute, and all voters, irrespective of party affiliation, are entitled to register while the books are open.

A man by the name of J. R. Etchison of St. Joseph, Mo., was found in Tampa Saturday, after a search had been made for him over the country at the instance of Mrs. Etchison. His mind is practically a blank for the period of his absence from home, but his bank account has diminished a hundred thousand dollars. He left home to go to Excelsior Springs to take mud baths.

T. G. Lockwood reports a splendid yield of cabbage. He has in about 30 acres and they look fine. He has been shipping in piece lots for several days and on Wednesday sent out the first full car. Several weeks ago a buyer estimated that Mr. Lockwood would have 9,000 crates and offered him \$1.40 per crate which would have been over \$12,000 for the crop. Mr. Lockwood is now glad that he did not sell on the guess plan.—Bartow Record.

Martin Frost is experimenting with alfalfa and so far has secured sufficient encouragement to try greater strides in this new venture. He has established a small experiment station on one of his places and has produced eight weeks from seedling stalks that measure nearly twelve from the soil surface. The same measurement of this product takes elsewhere about seventeen weeks to grow to this size. Interest is much aroused and the outcome is being closely watched.—Danis Express.

A saloon keeper in West Palm Beach, so the papers there state, was arrested for keeping his saloon open on the day of a primary election. He was arrested, convicted and fined, from which conviction he appealed to the circuit court. In a decision handed down by that court the judge states that an election called by a political party, which means a primary is not an election in the contemplation of the statutes of Florida. The laws, therefore that require the closing of all saloons on an election day do not seem to apply where a primary, called by any political party is held.

Lyman Twins Are Farming

The Lyman Twins are playing a new role while they are waiting for the show season to open again. About a year ago they purchased a fine place near Forest City this county where they have an orange grove, truck farm and chicken ranch and here they hibernate for the season. Herbert and his wife (Patti Reed) come to Sanford often to do their shopping and they are enjoying the outdoor life immensely. They are great favorites with the Sanford people and every one looks upon them as old friends. Their place, Lymandale, is situated upon a beautiful lake and Mrs. Lyman is greatly in love with the simple life and the Twins are looking forward to the time when they can retire from the bright glare of the footlights to the more peaceful life of a Florida planter.

Military Opening

A cordial invitation is extended the ladies of Sanford and vicinity to attend the spring military opening of Mrs. Overman Thursday and Friday, March 7 and 8, over Yowell's store.

UNDERWOOD FOR PRESIDENT

Friends Are Making Campaign For Favorite Son In Florida

Judge B. M. Allen of Birmingham and B. C. Abernathy of Orlando were in the city last Saturday in the interests of Hon. Oscar Underwood of Alabama, candidate for Democratic nominee for the Presidency of the United States. Judge Allen was a caller at The Herald office and spoke in glowing terms of his visit to Florida and the many expressions of loyalty he had received for his candidate. Judge Allen could not spend much time in Sanford, but met as many people as he could and pressed the claims of Mr. Underwood.

He stated that he was very desirous of forming an Underwood Club in Sanford and Orange county to push the candidacy of Mr. Underwood and that in the near future a more thorough canvass would be made for the county.

Oscar Underwood is very much in the public eye at present and the fact that he is a southern man will make a strong bid for the votes of the Florida people at present.

Ball Game Friday

Sanford High School team and DeLand High School team will battle for the supremacy at Holden Park next Friday afternoon. Both teams have been working hard and the boys expect to put up a good article of ball. Come out and help the boys.

TO CELEBRATE THE BRIDGE

Planning For A Grand Barbecue And Political Talkfest

The good people of the East End can always be counted upon to plan a barbecue or fish fry or a basket picnic during the campaign and The Herald suggests that they get together this year and let Geneva, Ocala, Chuluota, Ft. Christmans, Longwood and other precincts in that vicinity join hands with Sanford at the opening of the Geneva bridge and make the occasion one that will be an epoch in the history of Orange County.

According to J. F. Melann who has the work in charge the steel drawbridge ought to be completed in April and about the 20th of that month would be a good date to hold a big meeting and commemorate the opening of the new bridge that will unite the Sanford section to the East End of Orange County. All the candidates would be there and the day could be made a great occasion where all of us could meet and eat and hear the candidates. The river is close by a fine camp ground could be located, stands erected and with fried fish, barbecued meat, chicken and other good things such as the East Orange people know how to prepare a grand day would result.

The Weather

During the past year there was nothing out of the ordinary in the weather—no climatic disturbances. All days were not perfect, but the few inclement days made us appreciate the good weather when it came to us again after a lapse of 24 or 36 hours.

While we are filled with thankfulness that our lot has fallen in such pleasant places, we earnestly pray for the time when every sufferer from ice and snowstorms, or from extreme heat and violent storms, will be able to enjoy our blessings with us. In Sanford it is happiness and not misery that loves company.

We sympathize with all those who long to be with us but cannot, we make all due allowance for others who are held back by ties of family and association, but we know that there are many who could come and yet, through ignorance of our ideal conditions, or from want of a little energy to break away from the surroundings they have become accustomed to, still continue to waste the best part of their lives in uncongenial surroundings.

Church Social

"Latesponte Farm," the home of Mrs. Ella Greenland, was the scene of much enjoyment last Thursday evening, when its ever hospitable doors were thrown open to the church goers of Moore's Station and their friends.

The house was lovely with its decorations of roses, wild violets and the traditional jasmine. Music and readings were the features of the evening, after which refreshments were served. The musicale, which was given to liquidate the church debt, was a success financially. Everyone had a pleasant evening and all are hoping it may happen some time again.

MORE IMPROVEMENTS

Sanford Will Have Busiest Season In History

BIG THINGS ARE CONTEMPLATED

More Buildings, Tourist Hotel New Steamship Line and Country Club On List

The season of 1912 promises more good things for Sanford than we have ever gained in the past.

Among them will be a large canning factory, a new tourist hotel, a new steamship line, a country club, a new building with the Y. M. C. A., as the prime factor and a number of other improvements in the way of buildings and residences.

The improvements now being made and contemplated on the St. Johns river are attracting the traffic people to the importance of the river trade and Sanford as the lead navigation. One new steamship line is already organized and will be put in operation in the early fall.

A new tourist hotel is also among the live topics of conversation and the same parties who expect to engineer this project will organize a country club with golf links and all the recreations for the tourist guests.

Harry Ward is imbued with the idea of a larger canning factory and will make extensive improvements and will handle tomatoes, beans and corn.

A number of buildings will be erected and a nice one contemplated is a Y. M. C. A. three story building, stock for which is subscribed in part by many northern visitors who winter here.

FOR UPPER ST. JOHNS

Chief Engineer Recommended The Expenditure of \$10,000

There is much adverse criticism of the recent appropriations made for the St. Johns river wherein Jacksonville receives \$300,000 and the upper St. Johns river only \$10,000.

Congressman Clark has been instrumental in having the survey work and present dredging operations begun on the upper St. Johns river and of course cannot be held responsible for the chief engineer's report but surely it would seem out of all proportion for so much money to go to the seaport cities all the time and so little for the upper St. Johns, the great commercial highway for interior Florida.

Following is the comment of the engineer in charge of the work.

"As I have stated before, \$300,000 will take care of the work of the dredges while the other appropriation of the civil service bill will carry all present contracts, or those authorized in the past.

"As regards the appropriation for the upper St. Johns we have an item of \$10,000 which is exactly what the chief engineer estimated would be required, but \$10,000 we proposed to use in working the dredge Florida at night was cut off. We shall have to be content with operating the Florida during the day only.

"The total appropriations recommended by the committee, will if the bill passes, insure the operation of the whole plant now in the St. Johns for the next year or until June 30, 1913. By that I mean that the equipment excepting the Florida, can be operated night and day."

At present the dredge boat is working on the river above Sanford and we now have a good channel from Sanford to Palatka. All last summer the dredge boat was engaged in cutting off the curves and angles of the river and cutting out the sand bars and with an additional amount we look for a revived interest in river shipping.

Small favors are thankfully received and the upper St. Johns river will eventually come into its own and Sanford will be the greatest commercial center in Florida.

Another Jacksonville Murder

Another black crime has been added to Jacksonville's long list making eight of the same kind in less than a year's time. The last was that of S. Silverstein, a grocer and the same motive, robbery. Silverstein was killed Saturday night in his store and his wife and two children so badly injured that they will die. The robber and murderer used an iron pipe and dealt his victims blows over the head until they were unconscious when he rifled the house at his leisure and made good his escape.

WILL SPEAK HERE

Marcus Fagg Will Lecture Here Next Friday Afternoon

On Friday afternoon at 3 o'clock at the residence of Mrs. Henry Wight Mr. Marcus C. Fagg will speak to the Wednesday Club on the "Provision that Florida Makes for her Defective and Delinquent Classes." This is one of the regularly scheduled subjects for the civic study of the Wednesday Club, and Mr. Fagg is particularly well equipped for presenting the facts and needs pertaining to it. Mr. Fagg is state superintendent of the Children's Home Society and vice president of the Florida Conference of Charities and Corrections, and one of the best informed and most thoroughly efficient social workers in the south.

As this meeting will be of general interest, the Wednesday Club invites all who may wish to attend, whether club women or not.

Good Roads in Florida

The total mileage of roads in Florida is 17,579, of which there was improved in 1904 885.5 and in 1909 1,752.25, and in 1911 approximately 2,500.

During the period between 1904 and 1909 the per cent increase in good roads in Florida was 97 per cent.

In 1909 the per cent increase on new improved roads was 9.93 per cent, exceeded only by four other states. Oklahoma made the least improvement, 50 per cent.

CARNIVAL IS ON

First Street Presents A Busy Appearance And Much Noise

First street is some lively this week especially the east end of it for here the Moss & Murr's Big Shows have pitched their tents and a small midway is presented. The best effect cannot be produced as the attractions were forced to camp on all sides wherever a vacant space could be procured.

But they are here in force and the fine band discourse music daily and the free attractions are given on scheduled time and there is as much noise and confusion resultant as any one could desire.

The Wild West, Old Plantation and every other attraction under the sun, 16 big shows in all, and there is something doing all the time. Harry Six, the famous high diver has a spidery ladder that reaches the clouds and from this lofty perch he tries to kill himself every day and night by diving into a small tank of water. This free attraction is worth going miles to see.

On account of delay in the train part of the carnival has not arrived, several tents and side walls for the diving girls being on the way. This attraction is one of the best on the grounds and never fails to attract the crowds.

Former Sanford Residents

William Teaben of the Lenox Hotel of Jacksonville was in the city yesterday looking up old friends. He was in the hotel business in Sanford many years ago and his many friends were glad to see him again.

Another former Sanford citizen here is M. O. Markham of Atlanta. Mr. Markham is the son of Dr. Markham, who in the early days owned many valuable groves and city property in and around Sanford. Mr. Markham was prominently identified with the business interests of Sanford and vicinity and is glad to return for a short time and renew old acquaintances. His health is impaired at present and he hopes to remain here until until he is well enough to return to Atlanta.

The Men's Rally

Arrangements are being carried forward for the big Rally next Sunday night. One of the speakers of the evening will be Mr. Marcus Fagg, of Jacksonville, Superintendent of the Children's Home Society. He will speak on "The Necessity for a Public Conscience." Those who have heard Mr. Fagg know the treat in store for them.

While the service is advertised as especially for men, seats will be reserved for ladies and children and a most cordial invitation is extended to them to be present. As the rally will be held in one of the theatres it is believed that there will be room enough for all who will attend. Further details will be published in the next issue of the Herald.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flewing For Hurried Readers

James Wilson, Secretary of Agriculture, today broke all records for continuous service in the Cabinet. He completed his fifteenth year.

Senator Joseph M. Dixon of Montana will be the man at the helm of the Roosevelt ship. Suppose he will be the sort of captain that depends upon the reading of the stars.

The suffragettes of London, under the leadership of Mrs. Emmeline Pankhurst, recently undertook a window smashing campaign, during which a great deal of property of tradespeople was destroyed.

The Oregon hotel of Greenwood, S. C., one of the best known in South Carolina, and the adjoining block of stores were completely destroyed by fire early this morning. The loss is estimated at \$140,000, with perhaps half that amount in insurance.

Factories are closing all over the United Kingdom for lack of fuel, as a result of the strike of more than a million coal miners. It is estimated that 200,000 men besides the miners are idle. The number is increasing hourly. Railroads and steamships in many instances are paralyzed.

The liveliest of the tariff revision fights in the present session of congress will break this week when the Democratic free sugar bill and the income excise tax bill, which goes with it to make up the \$50,000,000 a year that would be lost in sugar duties, probably will go through the house and to probable defeat in the senate.

President Taft has taken the initiative in a movement to bring the men of the country into touch with the government for advice and counsel in the administration of laws and the enactment of new statutes. Virtually the president proposes a national board of trade, broadly representative of the commercial and individual organizations, and of such character as the government may properly recognize by a charter from congress.

Demand For Celery

The demand for celery is very heavy. Assistant Sales Manager Deckman, of the Florida Citrus Exchange, says:

"There is a great call for celery from all over the country. We are even having inquiries from Texas, itself a celery raising State. From the big cities of the Middle West the call is constant and increasing.

The Eastern seaboard cities cannot get enough for present wants. There appears to be no hold over stock in storage anywhere in the country. The California crop was light, and has been badly damaged by frost. In fact, Florida seems to be it in the celery deal as well as in oranges.

"We are having no trouble at all in getting all orders we can fill for fancy celery, 6 dozen per crate and larger, at \$3.50 for Manatee crates and \$3.25 for the smaller size. Choice celery of smaller size, when rightly packed, sells for \$2.75 and \$3. The quality of the Florida celery this year is the best ever. Just now the shipments are light, owing to the cold weather, which interferes with the bleaching."—Florida Grower.

Gainesville Murder Mystery

Gainesville, March 4.—All those arrested in connection with the murder of Dr. Henry Spencer, including H. G. Welch, have been released, the jury not finding sufficient evidence against the men to warrant their retention.

The murder still remains as great a mystery as before. However, every effort is being made to run down the criminals, a large reward having been offered for the apprehension of the murderer or murderers.
