

MEMORIAL EXERCISES FOR SANFORD BOYS THE FIRST TO FALL

LARGE GATHERING AT LYRIC PAYS TRIBUTE TO HEROES

Sanford held her first memorial exercises last Sunday afternoon in honor of her two soldier sons, the first to lose their lives in the great war for democracy and for the freedom of the world.

Frank Campbell and Arthur Lossing were among the first to enlist and among the first to get up the fighting lines and after being grievously wounded died in the hospital on the fields of France.

The exercises were held in the Lyric Theatre, beautifully decorated for the occasion with ferns and potted plants and the stage was hung with the flags of all our allied nations and all the service flags of the various churches, of the A. C. L. Ry and other plants.

The decorating was done by the Seminoles Guards, the committee being composed of O. L. Taylor, chairman, Deane Turner, R. C. Maxwell, Vance Douglass, Will Hoolahan and others.

Mr. J. Holly acted as chairman of the meeting and at the appointed time announced the opening, giving a brief synopsis of memorial days in the early history of the country.

The opening song, "America" was sung by the audience after which Dr. Hillburn gave a life sketch of Frank Campbell and Arthur Lossing.

After the singing of the "Star Spangled Banner" and the benediction by Dr. Hillburn, the exercises concluded the first memorial to be held for the boys who have died in the world's greatest battle for the principles of freedom and Christianity and that right might prevail in the entire world over night and military despotism.

Service Under Fire Marshal Foch, the French military genius, extended greetings to the Knights of Columbus in America and, thanked them for the efforts they were making to help the Allied cause.

On September 1, 1918, there were 309 writers in France, 450 additional secretaries had been passed by the United States Government and were being sent overseas as rapidly as shipping space could be obtained and 200 others had been accepted by the Order. This means that there will be 1,000 K. of C. secretaries in Europe within a very short time.

On September 1, 1918, the Knights of Columbus had 168 Secretaries in American training Camps and cantonments. At these points 150 buildings had been constructed, 56 were under construction and contracts had been let for 50 more.

The Knights of Columbus aims to provide social, recreational and educational facilities to all men in the service of our country.

Knights of Columbus clubhouses, huts and tents everywhere are wide open to men of all races, creeds and color. The Order's war workers accept no money for the suppl-

TRUCKERS MANAGER ON THE JOB

JACOBS VISITING SELLING AGENTS IN THE NORTH

The Sanford Truck Growers, Inc. are priding themselves in securing for their General Sales Manager, this season, Mr. J. D. Jacobs, who is now in Cincinnati, representing the Eastern Shore of Virginia Produce Exchange, the largest and most widely known farmers organization in the United States.

Mr. Jacobs has been with the Eastern Shore people for eighteen years but for the past four years has been released to the Sanford Truckers Association and has built that organization up to a point where it is the recognized leading farmers organization of South Carolina, and it was only after Mr. Jacobs visit to Sanford a few months ago and the wonderful opportunities seen here by him for a solid beneficial organization, that the Sanford Truck Growers, Inc. were able to secure his services.

In addition to Mr. Jacobs as Manager, excellent selling agents have already been established through the selling agents of the Eastern Shore Exchange, represented in sixteen of the largest eastern and western markets, none of which have been in active business less than ten years and are recognized as leaders in the handling of such crops as are produced around Sanford and Bradentown.

That the growers of this section as well as the Manatee section have determined to carry out their organizations successfully and permanently is seen in the holdings in warehouses and other properties recently purchased by the Sanford Truck Growers wherein the two large warehouses owned by E. S. Dutton, Inc., have been purchased and at present are being rapidly stocked with hampers and crates for the coming season. Full hamper and crate supplies are assured as an unlimited supply of this material has been contracted for by the organization.

A fine connection as to grade, price, inspection and selling has been entered into between the Sanford Truck Growers, Inc. and the Manatee Growers Association, who list as their stockholders, fully 70 per cent of the lettuce and celery growers of the entire state. The Sanford organization now having around 100 stockholder members.

With the two organizations in Sanford, indications point to a very successful winter. Price indications are good and with excellent products going out under brand, the coming season should be the season of seasons for the farmer and this fact should spur the business men of Sanford to assist in everything that benefits the grower.

Mr. Jacobs is now making a personal visit to the various selling agents and will reach Sanford to take up his duties about November 1st.

distribute in hospitals, in the fields or anywhere else.

The Order believes strongly in the development of athletics and outdoor sports. For this reason scores of men well known in athletics have been sent to American training and overseas and large amounts of athletic equipment have been placed. In addition portable shower baths have been installed in huts in France wherever possible. Sports are encouraged, not only to keep the men physically fit, but to occupy their leisure time and keep them interested in clean recreation.

M. S. Averitt of Chuluota was in the city yesterday greeting his many friends. He expects to go across with the Y. M. C. A. in a few weeks.

OVIDEO GOES OVER W.S.S.DRIVE

THRIVING SEMINOLE CITY MAKES FINE RECORD

Oviedo, the thriving Seminole City that recently went over the top in War Savings Stamps Drive feels good about it and the chairman writes the following letter about it: Hon. Schelle, Gaines, Sanford, Fla.

Dear Mr. Gaines: We appreciate very much your kind words of encouragement and congratulations as to the results of the last War Savings Stamp drive, which I put Oviedo over herquo with some to spare.

I assure you that we are very gratified indeed at the way our people responded to this call, but I also assure you that had it not been for the loyal support and untiring efforts of our committee composed of the following ladies, Mrs. C. L. West, Mrs. E. E. Dawling, Mrs. R. W. Lawton and Mrs. W. E. Young, it would have been absolutely impossible for us to have accomplished the results, and I assure you that even they could not have done the splendid work that they did, had it not been for the people of the community being ready and willing to subscribe their full quota, and more, and thus make possible to do our part in this drive. But as has been said by someone, no one institution, nor any one individual, nor any one organization can individually do anything that will bring about the successful results that we all expect, but that it is the everlasting team work of every blooming soul, that will make such a thing possible, and I assure you that this is the spirit that we found in Oviedo and it is the one thing that in every drive or every demand that has been made upon us since we have entered the War, that has put us over our quota in every instance.

I trust that every other district in the County, and I know that they are all manfully able as we are, will equal to the necessity of meeting these demands as they come and when they do this, it will be easy for not only the Chairman and Committee, but the people as a whole can do what is asked of them.

I write this for the reason that I feel that due credit should be given not only to the Committee that made the results possible, but to the people who have responded to the efforts made.

Yours very truly, O. P. Swopes, District Chairman.

FLORIDA CITRUS EXCHANGE Officials Here Well Pleas'd With Season's Prospects

The following from the Florida Grower regarding the marketing of Sanford products by the Citrus Exchange will be interesting to the growers:

Manager Stewart of the Exchange was indeed to be gossipy this week and also enthusiastic. He certainly has a sunny and happy disposition and the way things are turning for the Exchange makes him doubly so that this is a nice world to live in. Together with Dr. Ross and Manager Miller of the Supply Company, he had visited the growers of Sanford and Hastings this past week and, he reports that things are coming along finely. He was loud in his praise of the cooperative spirit shown by the Sanford growers and says that they are true co-operators and working along right lines. He says that they are not paying much attention to getting new members, preferring to have them seek admittance and being very careful to take in only the best growers whom they believe have become thoroughly converted to co-operation. This organization will ship about 300,000 packages this season.

Mr. Stewart says: "The way the members of the Sanford Growers have taken hold has exceeded my expectations. They are about the best lot of co-operators I ever saw in my life and are absolutely satisfied with the way their crops have been hand-

ALLIES PUSH "KAMERADS" ON TO BERLIN

GERMANS FLEEING IN ALL DIRECTIONS

Outfought by the French and Americans, the Germans are retreating on a wide front on the Champagne sector between Rheims Argonne. The enemy has been between Berthelot's army on the west and Gouraud's on the east and is retiring north toward the Retoufne river. It may be possible for him to stand back if that stream but it does not seem probable the French can be stopped after they reach the Aisne.

Berthelot's troops in the Rheims region seriously menace Hun troops south of the Retoufne and although the retrograde movement is being covered by rear guards, well supplied with machine guns, it appears to be going on rapidly. The French seem to have reached the Sappe over a wide front.

Americans have been battling valiantly alongside Gen. Gouraud's and aided in expelling the Germans from the Champagne sector. Further east the Americans fighting in goume and on the Meuse river seem to have cleared out the German forces the Krensheld line and to be gathering their forces for an assault on that powerful position.

In the region from Lille south to Cambrai the German retreat, begun when Lens and Arrmentieres were abandoned last week, was continued with what seems to be increased precipitation.

The fall of Lille is only a matter of days and the German retreat may extend as far south as Rheims.

So far the German line from St. Quentin south of the Aisne and thence east to Berry-Aux-Bac is standing quite firmly and evidently this part of the enemy's position is being used as a pivot, as his armies in the north and east, swing back to new positions. Italian forces, however, have struck at the German lines in front of Laon and early reports of progress indicate they seem to appear to meet the belief that the bridge of the Aisne may be broken.

German detachments which have been fighting beside the Bulgarians in Bulgaria have been defeated by the allies' forces in that part of the active zone where they attempted to make a stand.

"Unconditional surrender" has been the answer of the American press to the appeal for peace. A strategy of Germany, full of all sorts of peace proposals of the central powers have not yet been adopted upon by Wilson, but it is reported that the attitude of official Washington does not encourage the hope entertained by the enemy that the allies can be induced to enter into negotiations at a time when Germany's armies are in retreat and when Marshal Foch's master strategy is beginning to bear fruit.

Eastern Star Meeting The order of the Eastern Star held a very interesting meeting on the Masonic Hall on last Thursday evening. Mrs. James Moughton and daughter, Miss Ethel and Mrs. W. P. Brooks and S. M. Cromble were given the degrees of the order. Quite a large number were present after the ceremony of initiation was over, a social half hour was enjoyed by all at which delicious ice cream and cake was served by the hostesses of the evening Mrs. G. W. Bailey and Mrs. R. H. Bronson. We want to urge all members to be present at our next meeting which will be held Thursday evening Oct. 17th.

Close All public Places. Washington, Oct. 4.—The only way to stop the spread of Spanish influenza is to close all churches, schools, theatres and public institutions in every community where the epidemic has developed, is the opinion of Surgeon General Blas of the Public Health Service.

Card of Thanks To our friends and to the citizens of Sanford and vicinity we desire to express our deep appreciation for the kindness shown in our recent loss. The instant and spontaneous expressions of sympathy helped much to soften the blow and we appreciate that our loss was so fully shared by the community.

Mr. and Mrs. A. J. Lossing and family.

FAKE PEACE OFFER MADE BY GERMANS SMELLS OF TREACHERY

SPIF IS HERE SCHOOL STOPS FOR A TIME

OFFICIALS WORK TO STAMP OUT DISEASE AT ONCE

Spanish influenza has come to town and our city officials and the city physician and all the physicians have taken time by the forelock and intend to stamp out the disease before it can get started if possible. In order to combat it successfully it is necessary to close the schools, churches, theatres and other places and all public gatherings indoors because in crowded places the germ works and spreads the disease.

Therefore the schools were closed yesterday morning and will probably remain closed until the epidemic is over in Florida and all chance of its getting here in a prevalent form is dissipated. The city officials ask that all persons observe the rules laid down about spitting, sneezing, crowding together, and keeping the children at home.

From Boston, where the disease is centered, the following information is given:

What does it feel like to have Spanish influenza? "Just like the ordinary gripper," says Dr. Edmund Wilson, acting superintendent of Boston city hospital.

"When the germ gets to work the patient is suddenly taken with severe pains all over. There is a vertigo and nausea and sometimes actual vomiting of bilious matter. Frontal headaches of special severity are experienced. Pains in the eyeballs are increased by the slightest movement of the eye. There is a general feeling of misery and weakness and great depression of spirit. The patient may give way to weeping and suffer from insomnia and occasionally delirium. In some cases catarrhal symptoms may develop, such as running at the nose, sneezing and sore throat. The glands in the throat and neck may be swollen and there may be spitting of bright blood from the pharynx. Often tooth aches appear. There is a hard dry cough at a 40-degree and high fever, sweat at night, and high feverish influenza is just a new name for the old-fashioned gripper.

There is no known serum of antitoxin that will make a person ill Spanish influenza. Salts of quinine, aspirin and Dover's powder afford some relief, the doctors in Boston had. Surgeon General Gorgas of the army advises the use of dichloramine as a nose and throat wash, but not one in a thousand druggists ever heard of it.

Precautionary measures are simple. Keep away from infected persons. The sick should be separated from the healthy. Sputa should be received in vessels containing disinfectants. Promiscuous spitting and coughing should be absolutely prohibited. Antiseptic gauze masks should be worn by all attendants on a case. Public towels and drinking cups should be avoided and great care exercised in handling clothes and all articles that have come in contact with the stricken.

Only by loyal and intelligent co-operation of the general public can the epidemic of Spanish influenza be prevented from spreading throughout the country and hampering our war work.

Papers Must Be Paid For The new Government regulation requiring all newspapers to be paid for before delivery, went into effect Tuesday, October 1st. The War Industries Board ruling reads: "Discontinue sending papers after date of expiration of subscription unless subscription is renewed and PAID FOR. (This ruling to be effective October 1st, 1918.)"

We do not want to stop any subscriber's paper, but we cannot deliver it unless paid for in advance. Kindly see that your subscription is in condition. It is not a question of what we want, or how good your credit is—it is Government regulation.

James White Dead. A wire to Postmaster Elder this morning states that James White, a sister of Mrs. C. C. Lee of the West Side, had died at Camp Upton, New York.

JUST ANOTHER CASE OF CRYING "KAMERAD"

London, Oct. 7.—Field Marshal von Hindenburg has resigned as chief of the German general staff after a heated interview with the emperor in which the field marshal declared that a retreat on a large scale was impossible to avoid, according to a Central News dispatch from Amsterdam today.

Washington, Oct. 7.—The Swiss note to the United States and Frederick Oederlin, an attaché of the legation, delivered it to President Wilson at once. This gave rise to reports that to come from Emperor William himself.

Minister Ekengren of Sweden presented the note from Baron Burian, the Austria-Hungarian minister, to Secretary Lansing at 10:30 o'clock. He was at the state department only a few minutes.

The notes from Germany and Austria asking for an immediate armistice and discussion of peace on conditions previously laid down by President Wilson were placed in the president's hands today after he had spent the morning in his study with versions of the communications as cabled in press dispatches from Austria.

Official comment was withheld everywhere in official quarters pending the president's decision as shall be America's reply. There was no difference of opinion, however, on one point: that there will be no suspension of hostilities in the event negotiations of any kind are entered into.

The only question among officials and diplomats seemed to be whether President Wilson would be willing to ask the allies to consider negotiations even with the fighting continuing.

While word from the white house was awaited the senate discussed the latest phase of the peace offensive. Leaders of both sides of the chamber declaring emphatically that no suspension of hostilities should be contemplated. Sen. Lodge, Mass., declared the only course open, was to complete the defeat of Germany.

One indication of the president's probable action came in a statement by Secretary McAdoo, warning the country against allowing victories on the battle field to interfere with the from the enemy to interfere with the Fourth Liberty Loans.

Amsterdam, Oct. 7.—Bulgaria Saturday notified the powers with which she had been allied that they must quit Bulgarian territory within a month, says a Sofia dispatch to the Berlin Tageblatt.

IN SOCIETY'S DOMAIN

HAPPENINGS OF INTEREST IN AND AROUND SANFORD

Col. Haynes of Altamonte was in the city yesterday on business.

Many cases of Influenza. Cured promptly with "Re-1818." Never fails. 14-11c.

Mrs. C. D. Brumley of Chuluota was among the visitors to the city yesterday.

For wood and heavy hauling see Durcell, or phone 378. 48-1f

The Red Cross work rooms will be closed until the Spanish influenza has been stamped out.

For nice fresh fish call at the Sanford Market, Cor 1st and Sanford Ave. Also serve small lunches. Mrs. A. Burch. 14-2tp.

Lyman Frank is here for a few days visit with home folks from his home in Sarasota.

All the City and County School books at Mobleys Drug Store. 6-1fc

O. P. Swope of Oviedo was in the city yesterday attending the meeting of the Board of County Commissioner.

If you need stove wood phone me I can supply you. H. C. DuBose. 100-1fc

Mrs. C. L. Britt and little Chas. left this morning for Daytona Beach where they will be the guests of Mrs. B. L. Perkins. for several days.

As customary all School Books will be sold for Cash only at Mobleys Drug Store. 6-1fc

H. B. Lewis has gone to the hospital at Orlando to have his hand treated for blood poisoning. He is getting better and will soon be home again.

LEON'S AUTO TRANSFER PHONE 91. HOTEL CARNES. REMIABLE SERVICE. 101-1f

Mr. and Mrs. Herbert Lyman and Howard Lyman of Altamonte and family were in the city yesterday on their trip. were glad to see them again.

A complete stock of School Supplies and School books at Mobleys Drug Store. 6-1fc

Miss Laura N. Laing returned to her home in Jacksonville Friday after a delightful stay of two weeks with her brothers J. E. and C. W. Laing.

School books School books and School Supplies of all kinds at Mobleys Drug Store. 6-1fc

Isador Meltzer who formerly conducted a jewelry store on Sanford Ave. is residing in the British navy as a petty officer and will be a visitor.

MR. AT ONCE FOR N. COTTON SEED MEAL. V. H. GRAVE CO. PHONE 101-44

A. W. Honeycutt the secretary of the Board of Commercial Club and traveling recruiting agent for the U. S. C. A. was in the city yesterday for a few hours on business.

Mrs. M. S. Manning part is the county clerk in town. Open Wednesday, Thursday, Saturday and Sunday. 86-1tp

Mrs. W. J. Gillen and mother Mrs. J. J. and little son Wm. Jr. have returned after spending two months at Daytona Beach, and a visit to the city by Jacksonville.

Mr. and Mrs. W. W. Sizer and sister Miss Charlotte, a large party of relatives, Mr. and Mrs. David Sizer.

Mr. C. W. Laing accompanied by his sister Miss Laura Laing and niece and nephew Jennetta Laing and her sister Laing spent last week at the home of Lake Harney, the guests of Mrs. W. D. Ballard.

Mrs. Jack Adams and little son have gone to Illinois where they will be the guests of Mrs. Adams father Mr. Ed Wilton who will accompany them back to Sanford upon their return home.

WAR RELIEF TRAIN HERE Big Crowd at Sunday Morning to see the train.

The War Relief train stopped here two hours Saturday morning en route from the East Coast to East and other points. Chairman Forrest Lake of the Liberty Loan Committee was fortunate in obtaining this train as they were not scheduled to stop on their regular itinerary at Sanford. The blowing of whistles and firing of salutes brought out a good crowd and with many good speakers on the train, among them being men from over there, Americans, British and French, and with the fine collection of war relics stirred the enthusiasm of the crowd and about \$30,000 worth of bonds were sold in a short time.

The big crowd afterward inspected the collection of war relics and were shown throughout the train by the soldiers and others on board. It was a most interesting collection and gave Sanford people a taste at first hand of the war in Europe.

And meantime it should cause us to stop and remember that we must buy more bonds if Seminole County is to go over the top this week.

No Club Meetings The meetings of the Wm. A. Club scheduled for the month have been postponed in order to conform to the requests of the City Council that no public gatherings be held.

Mr. and Mrs. W. A. Whitcomb and family of Bloomington Illinois have arrived in the city and will make Sanford their home. Mr. Whitcomb has large real estate interest in the Geneva section.

Fresh Nasturtium and sweet pea seed on hand. Mrs. S. B. Wight. Phone 328. 14-2tp

Mr. and Mrs. Gwynne Fox and two children, Mrs. Earl Burdick and Miss Martha Fox left Saturday for Daytona Beach. Miss Fox will return in a few days while the rest of the party will stay about 4 months.

C. M. Perry, the county agent has arrived home from Gainesville where he attended a meeting of the agents of the state. He came home with a bad case of the influenza and is confined to his home on the west side.

Mr. and Mrs. Louekes have arrived in the city after spending the past few months in the north and will again occupy their home on Magnolia Avenue. Their many friends are glad to welcome them back home again. Their son, Lieut. Loukes is now in France.

Bill Erickson is home from the cantonment where he has been stationed for several months. Bill is not cut out for a soldier it seems and physical disabilities made it impossible for him to keep up the pace. Bill says Sanford looks mighty good to him.

Mr. and Mrs. Wyman Steele and baby of New York arrived yesterday and will occupy their home on Sanford Ave. south of the city for the winter. They built a nice bungalow last season and Mr. Steele will try the farming game again.

Mrs. Jones has received word from Paul at the University at Gainesville in which he states that he is recovering from pneumonia induced by the Spanish influenza. Mrs. Jones was called there last week and helped nurse Paul and ten other boys who were very ill at the time.

Regular meeting of Seminoles Rebekah Lodge, Friday evening at 7:30 in Masonic Hall. Following the business meeting a social time will be enjoyed to which all Odd Fellows and their wives and lady friends are invited. All visiting Odd Fellows and Rebekahs invited.

Earnest Molnar has arrived in the city from New York to visit his wife and children who are the guests of Mrs. Molnar's parents Mr. and Mrs. Tackach. Mr. Molnar is an analytical and consulting chemist in the laboratories of Charles Patten and is doing considerable for the government.

WAR RELIEF TRAIN HERE Big Crowd at Sunday Morning to see the train.

SPANISH INFLUENZA

State Board of Health Notes Give Facts.

Because of the great seriousness of Spanish Influenza throughout the United States, many requests have come to the State Board of Health for literature on this disease or suggestions as to control and treatment.

Not much is known as to this form of Influenza, but it is believed that there is little difference in it from the grippe, which appeared in pandemic form in 1889. All evidence points to human contact as being the means of spread, and from the local symptoms it has been assumed that the nose and throat have been the points of egress of the virus and the points of inoculation. There is nothing to show that the lower animals have any part in carrying this disease.

The most dangerous form of human contact in epidemic influenza is, in all probability, that with coughers and sneezers. Coughing and sneezing, except behind the handkerchief, is as great an unsanitary offense as promiscuous spitting, and should be equally condemned. Influenza and pneumonia are infectious diseases which are caused by certain germs. The germs are carried in the matter which is spit, sneezed or coughed up by sick persons or sometimes by persons who, while carrying the disease germs in their mouths, are talking, singing, or coughing.

These germs, even if they go into the nose or throat, are unable to break through the mucous membrane and attack a person who is in good health. If a person is not in good health resistance is lowered and the germs gain entrance through some weak spot. For the present the diagnosis must be clinical rather than bacteriological.

Treatment is symptomatic. On account of weakness and prostration rest in bed should be prolonged. Avoid exposure to cold and guard against lung complications at all times. Cases should not be too soon, or allowed to go out too early. There are no recognized drugs as specific, hence treatment is necessarily symptomatic. Owing to this disease causing great prostration, stimulants are beneficial. gives great relief for the headache and pains in the limbs and back. Of course a nourishing diet is indicated. However, one is apt to have a fairly good appetite in this disease. To guard against pneumonia one of the most important things in the whole treatment. This can be done by having the patient kept in a well ventilated room with uniform temperature, and avoid sudden changes. Only the nurse and physician should be allowed in the sick room. One never knows at the beginning which case will turn out to be a mild one and which a serious one. In all cases a physician should be called on, and no patent medicines or general prescriptions, which are advertised, should be used.

Pay Your Poll Tax This is the last week in which you can pay your poll tax in order to qualify for the November election. The 1916 and 1917 poll tax must be paid before you can vote.

As there are several important constitutional amendments to be adopted or rejected at the coming election, among which is the matter of voting "wet or dry" and the matter of school tax, it behooves every citizen to see that he is in position to vote on November 6th.

If you are not sure about your poll tax now is the time to look it up.

Presbyterian Church Services Suspended There will be no prayer meeting at the Presbyterian Church Wednesday night on account of Influenza danger. All services of the church are suspended for the present.

The Christian Endeavor Society will postpone the proposed meeting Friday night until it can be given with safety. Announcement of date of that program will be given later.

We urge people generally to cooperate with the health authorities in efforts to keep down epidemic. Do not gather in crowds.

NOTICE SEMINOLE GUARDS Headquarters Seminole County Guards. October 7, 1918.

Order No. 29: On account of the epidemic of Spanish Influenza there will be no drills nor non commissioned officers schools held until further notice. Members will take notice and govern yourselves accordingly.

By order of W. D. Turner, 1st Lieut. Commanding

Attest W. M. Haynes, 1st Sergeant.

AMERICAN SOLDIERS

Express Their Views of Peace Talk

American doughboys charge a German machine gun across an open field, some fall, but the others press forward. They come to their objective at the point of the bayonet only to find the beaten Hun, with uplifted hands, crying "kamerad," but with a gun or a knife concealed ready to violate his plea of surrender.

This is the true German spirit, the spirit back of the Kaiser and his court. With the power of the offensive passing from him, he is now merely waiting for another chance to lift his hands with the cry of "kamerad!" or "peace."

Peace with part of the loot still in his possession! Peace with only a thought of German gain or German victory through craft or deceit! Peace with the hidden knife ready for its sudden and treacherous thrust.

Peace! In the American expeditionary force there will be no thought of peace, no whisper of peace until the Hun is beaten to the dust.

The fighting lines sweeping their way forward through machine gun fire are not talking of peace. Their single thought and dream is victory. They see ahead, through the battle smoke, only a savage enemy to humanity whipped until he is ready to quit and take up his share of the work for civilization.

Let the weak-hearted who are dreaming of a compromise.

Let the pacifists who are talking of peace, stop their agreement!

Let the soldiers who have "had enough of war"

Let the secretly inclined pro-Germans, who think "this great tragedy should end without a decision"

Let them one and all know once and for all that for the American expeditionary force there is no such word as peace with the Germans unbeaten. The man who talks of peace today, except through victory is a traitor. Stars and Stripes.

WILL MOVE OUR CROPS The United States Railroad Administration has referred the following letter to Senate Duncan Fletcher.

American Railway Express Co. Southern Departments. Atlanta, Ga., Sept. 25, 1918.

Mr. F. S. Holbrook, Manager, Express and Mail Section, United States Railroad Administration, Washington, D. C.

Dear Sir:

Returning yours of the 19th, with letter from Senator Fletcher, covering communication from Mr. P. L. Congler, of Chester, S. C. referring to a rumor that an embargo would be declared on all perishable shipments by express from Florida.

The existing season.

There is no intention for the report, but on the contrary every effort is being made to give improved service during the coming season for all food products, not only from Florida, but every territory served by the American Railway Express Company.

We are, as you know, handicapped to a degree through lack of passenger equipped express cars, due to a large number having been withdrawn for freight movement, but the best possible use will be made of the cars at our command, and you may be sure Senator Fletcher that there will be nothing left undone by us to move promptly and successfully fruits and vegetables from the Florida territory.

We can not, of course, foretell what weather or transportation conditions may arise, but there is no intention to do other than go to the extent of our ability to provide Mr. Congler and other shippers with acceptable service.

Yours truly, E. M. Williams, Vice-President.

See Dr. Davis for glasses for defective vision or headache. At the Lincoln Hotel, Sanford, until Oct. 15th or 20th. Don't wait till the last day. Eyes tested free. 14-2tp

BOARD OF TRADE MEETING It will be to the interest of every employer and every employee to attend the Board of Trade meeting at the Court House, at 8:00 o'clock tonight. The U. S. Public Reserve through their Community Labor Boards all over the nation are enforcing certain necessary rules regarding occupation and business and the Government will within a very short time begin strictly enforcing the laws or rulings of non-essential businesses and occupations.

This matter for Seminole County will be gone into thoroughly tonight. You should be present to learn how your own business and help stands.

HEMSTITCHING

Ladies of Sanford and vicinity who have Hemstitching or Piecing work can have it done on a new Singer Hemstitcher at a nominal cost much better than you can possibly do it by hand.

Bring your Hemstitching work to 506 Magnolia Ave., for Prompt and Efficient Service.

MRS. G. C. HILL

506 Magnolia Avenue Sanford, Florida

Report Woman's Liberty Loan Committee

one week of the Fourth Liberty Loan drive has passed and the women of Seminole County have been busy securing bonds.

The result is pleasing, but there is much more to do to secure the quota set for the women.

Seminole County was given a quota of \$253,500 and the Woman's Committee was asked by their national leader, Mrs. Wm. McAdoo, to sell one-third of this amount, \$84,500 and we have secured the first seven days of our drive \$25,300.

The women have responded splendidly and the various committees throughout the city and vicinity have all canvassed their respective territories and most of them report

The Liberty Loan booth on First street with Mrs. Schelle Maines, as chairman and the various church societies and lodges in charge each day, has proven worth while.

A more detailed report will be given at the end of the drive, show in the work of each committee in Sanford, as well as county work, but the following is a complete report as of Saturday night at 6 o'clock:

Sanford	\$15,950
Geneva	950
Chuluota	950
Altamonte Springs	600
Lake Monroe	450
Booth on First St.	6,100
Total	\$25,300

FLORIDA CITRUS EXCHANGE

Stop for a moment and think what would be the condition of the citrus industry of this State if the Florida Citrus Exchange were not in existence.

If you are not a member, think, too, as to what you may be losing and before you dispose of your crop this season get the facts at first hand by writing to the Florida Citrus Exchange, Tampa, Fla., or by calling on

L. A. HAKES, Mgr. Orange County Citrus Sub-Exchange Orlando, Fla.

"Feed the Crops and they will feed us"

Properly fed crops, like well-fed men, are generally successful. If you would succeed with your crops, you must do as commanders do for their men—choose foods of the right kind and supply them in ample quantities.

E. Frank Coe's Fertilizers Are Rich in Plant Foods

They supply the right kind of nutrients at the right time to make vigorous growth and big yields.

Our new book, "Market Crops," is full of interesting information about Florida crops. Write for a free copy.

THE COE MORTIMER COMPANY
