Kipp Offers Quotations To Embellish Writing

Angelo Parti writing in his daily column a few weeks ago called attention to the teaching of handwriting in the public schools. Prof. Parti indicated that every child should have a distinctive and beautiful signature. The professor felt that by his little simple device a child would be able to express a great deal of his personality.

Another idea that the professor advanced was that the writing lesson should consist of a number of good quotations which would not alone train in hand writing but contribute to the character of the child. Looking over some of these quotations, one can easily see the reasonableness of this idea. Here are some that are admirable for either writing or committing to memory:

"An honest man is the noblest work of God"—Pope
 "Peace rules the day where reason rules the mind"—Collins
 "Diamonds are chunks of coal that stuck to their job"—Forbes
 "Advice may be wrong, but samples prove themselves"—H. W. Shaw
 "Self conquest is the greatest of victories"—Plato
 "Tact is eye-sight and might and foresight"—Twining
 "Be not simply good; be good for something"—Theodore Roosevelt
 "A man, like a watch, is to be valued for the manner of his going"—William Penn
 "Trifles make perfection and perfection is no trifle"—Michael Angelo
 "Common sense is instinct, and enough of it is genius"—Shaw
 "Nothing great is ever done without enthusiasm"—Sidney D. Eva
 "Greatness lies not in being strong but in the right use of strength"—Becher
 "You will never 'find time' for anything. If you want time you must make it"—Charles Buxton
 "The world is blessed most by men who merely talk about them"—Oliver
 "The three foundations of education: seeing much, suffering much, and studying much"—Cicero
 "Half the ill we hear with in our hearts are ill because we heard them"—Proctor
 "Habit is a cat: we weave a thread of it every day, and by the time it is done, it is a horse man."
 "Mischievous may easily be done quickly, but good and beautiful work is generally done slowly."
 "Ruskin: 'The man who wakes to find himself famous hasn't been asleep.'
 "Roger Babson
 "Everything comes to him who sits and hustles while he waits."
 —W. H. Vanderbilt
 —H. Earl Kipp

Key Club Committees Named By Marshall For School Year

"The Seminole High School Key Club is preparing for a great year in carrying its part as a member of the high school activities," said Edward Marshall, president of the club. He stated that the club is being divided into committees that would help remedy any faults that may exist in the school. "Certain other committees, achievement, financial and program—deal only with the club," he continued.

The president said that the achievement committee prepares a monthly project for the club, the financial committee prepares a budget, and the program committee prepares a program for each Key Club luncheon.

The members of the committees are as follows:

Achievement Committee: Chairman—Mack Cleveland; Members—Earl Jeter, Paul Hickson, Emmett Herndon

Financial Committee: Chairman—Harry Lee, Jr.; Members—Richard Meriwether, William Earle

Program Committee: Chairman—Lambert Palmer; Members—Delphine Hasty, Charles Park, William Earle, Paul Hickson

Traffic Committee: Chairman—David Gatchel; Members—Taylor Brown, Jr., John Belyou

Campus Committee: Chairman—Earl W. Jeter, Jr.; Members—Charles Park, Walter Anderson

Luncheon Committee: Chairman—Delphine Hasty; Members—John Belyou, William Earle

Sanitary Committee: Chairman—Richard Meriwether; Members—Russell Young, Harold Hasty

Students Welfare Committee: Chairman—Edward Marshall; Members—Karl Schultz, Walter Anderson

Athletic Committee: Chairman—Taylor Brown, Jr.; Members—Mack Cleveland, Warren Daniels, William Holeyhead

"Through the work of this committee, the Key Club will be one of Seminole High's most vital clubs during the 1941-1942 school year and in future school years," said the president.

Celeryettes Are Highly Praised At First Showing

With a loud beat of the drums, the Celeryettes made their first appearance on the football field at Seminole High School during the half of the Lake City-Seminole football game. They presented themselves in single file and stood at attention in respect to the flag, while "America" was being played by David Gatchel. Immediately following this they made a block formation before forming a circle in preparation for the star formation. They concluded their performance by marching off the field with a right address.

The Celeryettes have been practicing every Wednesday, Thursday and Friday afternoons for the past month and will continue to do so until the close of the football season. Miss Takach and Miss Earle have worked patiently and untiringly directing the girls for which they deserve much credit.

The Celeryettes received many compliments which gave them more assurance for their performance at the next home game.

Changes Are Made As Feds Prepare For The Buccaneers

Coach Leonard "Bing" McCas was singing a new theme song this week following the business showing of the Celeryettes against Columbia High of Lake City, Friday night.

"There'll Be Some Changes Made" was the tune crooned by McCas as he put his changes through their paces this week. As was evident from the last encounter the Feds are still lacking in the fundamentals—tackling and blocking—which are so vital to the game and Coach has set out to remedy this.

He inaugurated this week's practice with a rough and tough scrimmage on Monday which duplicated on Tuesday with a light scrimmage Wednesday. In these practices A. W. Hicks and Junior Brown, formerly right end and left guard respectively, were changed to the tackle slot and Billy Fleming, last week's shining light in Sanford's 20 to 0 defeat, remained at left end as Taylor Brown returned to the first string as right end and Jimmy Ridge moved up from the second string to fill the vacant guard post.

In the backfield drastic steps were taken. McKay Truluck and Mack Cleveland were changed to the full back position as Orren Farrell was moved to the half back position, because of a favorable showing in last week's battle he has been moved to right wing-tack and proved very valuable to the success of the team.

A few minor injuries were suffered by the Feds during the week but nothing serious has resulted. The ailing Jack Herring has had his leg treated for the next week and may be available for service against the Buccaneers of Daytona Beach, Friday night.

There's hoping Coach is "singling" the right tune for the success of the Feds and may they join on the chorus.

That's all for this week. Be seeing you next week with some favorable reports, I hope.

Salmagundi Staff Is Announced; David Gatchel Is Editor-In-Chief

With David Gatchel as our Editor of the 1942 "Sally" we are confident that we can attain the year with a first class yearbook award given every year by the National Scholastic Press Association.

Miss Phyllis Smith will act as sponsor. She has held this post for the last three additions. Her time is well filled from the day the staff is announced until the day every student who has ordered a Sally, has received his which is well toward the end of the school year.

Miss Rebecca Stevens will again be the financial officer and Mrs. Lillian Haskup will act as circulation advisor.

The Students of Seminole High are invited every year to write a letter of application for a desired position on the staff. The staff is then selected by Miss Smith and presented to the faculty for approval.

We hope that a Salmagundi will again be produced in which all the students are well represented and that the Senior Class can carry with them and treasure "their look."

Knowing that they will do us Justice Seminole High School is proud to present the Sally Staff of 42.

More Officers Are Elected By Senior Class

The second meeting of the senior class of Seminole High School was called to order by Mack Cleveland on Oct. 3, in Miss Rebecca Stevens' room. The meeting was held for the purpose of electing a secretary, treasurer, chaplain, and class manager.

They were elected as follows: Secretary—Howard Butler; Treasurer—Mack Truluck; Chaplain—Alvin Whitaker; Class Manager—Billy George; Boys class manager—There was a motion and carried that the dues for the coming year be fifteen cents.

The president, Mack Cleveland, then declared the meeting adjourned.

Dean Lambert of Stetson University Speaks To S. H. Students On Education

"Faith and Doubt in Education" was the subject upon which the Rhodes Scholar, Dean Thomas F. Lambert of Stetson University, spoke at a special assembly of the students of Seminole High School last Wednesday Oct. 9.

Dean Lambert was introduced by Charles Morrison, Mr. Morrison stated that Mr. Lambert has obtained degrees at Yale, and Oxford and that at the surprising age of 29 has recently been made Dean of the Stetson University College of Law in Deland.

The speaker who proved himself to be a master of humor began his interesting address by saying that degrees don't make the man any more than the stuff in boxes that women use make up that counts.

"The excellent address was concluded by Dean Lambert saying 'Learn about the practical things in life, but also try to obtain the better things of life.'"

The students of Seminole High School enjoyed the unusual manner in which this address was given and they will look forward to Dean Lambert's return.

By Herman Middleton

You will also learn how to lead a better life if you go to college. You learn how to be friends with people who come from other sections of the country and from other countries.

College is the long, sad, mad, carnal of life. You can spot a college graduate a mile away. He is finished, refined. Some people say 'Look at the college graduates who are on the bread line.' True? Yes, but think what these people would have been if they hadn't gone to college.

The average person thinks that the moon is only a planet, and he is acquainted with only the man in the moon. The college graduate knows that the moon is 239,000 miles away. He also knows that it is cold and wet, and that the light comes from reflection from the sun.

The excellent address was concluded by Dean Lambert saying 'Learn about the practical things in life, but also try to obtain the better things of life.'"

The students of Seminole High School enjoyed the unusual manner in which this address was given and they will look forward to Dean Lambert's return.

S. H. S. SASSIETY

Checks seem to be quite the style this year. Valerie looked very sweet in a blue dress Friday at the Lake City game. With George "of course". But definitely.

And that cute Freshman Martha Page looked extra cute in a dunoon colored suit and saddle oxford. No date for the game Martha? Who was that you were with at the dance? Could it have been Ralph Smith? Stain was well represented at the game Friday. Who were those thirty two girls all in white satin and boots? Why it was some other than S. H. S. Celeryettes.

Shirley Cameron, in a blue plaid dress and brown oxford looked as if she were ready for a real game! Helen Stafford, in a grey wool shirt and a blue blouse, didn't look as if she were ready for any fooliness. So sophisticated! I that cute blond, Ruth Stenstrom, was stunning in a red wool skirt and a beige blouse. One of our seniors who really looked nice was Violet Wells. All dressed up in a yellow skirt, white blouse, and spectator pumps. And who else could appear on the scene but Marguerite and Jule? Did they dress in a deep brown skirt, white blouse, light green overcoat hat, and sleeveless, highlegged vest. Jule was dressed in sport clothes as usual. Seems as if four of our girls had the same idea about their dress. They all came dressed in black and orange skirts, orange blouses, orange ribbons, and orange and black socks. Those girls were none other than our cheerleaders, Earline Kelly, Lucille Hall, Martha Wright, and Jane Thibodeau. They really looked good!

And all those seen in black and orange uniforms were our band that has really improved this year. Although Lillian Walsh was worried about a certain Sanford football player because he had a date with one of the Lake City cheerleaders she looked nice in a flowered skirt and a white blouse.

One of our freshmen, Charlotte True, looked very original in a red stocking cap and a navy blue suit. Betty King looked mighty cute in a yellow-sport dress, green suede boots. Two of our cute couples who appeared at the game Friday night were Stella Tanchot and Harvey Hald and Zena Mathews and Arthur Beckwith. Stella was dressed in a new, crepe dress with white wool pom-poms. Zena looked extra sporty in a black plaid skirt, white shirt, and red hat. Some of our boys not rating stars were Harold Hall, who had on a good looking tan herring bone tweed coat. Clothes make the man even though they are your "papa". Earl Jeter was sporting his fathers new saddle oxford—size 9 1/2. Paul Moore had on one of those classy belt boots that the boys brag about with their class rings. Also showing off Jewel Pittman's daddy's new gal from Seattle.

Our seniors always get 'em David Gatchel certainly was good looking in his tan uniform as he played a solo on the football field.

Junior High was well represented by one of their cute eighth graders, Betty Je Black. Betty was wearing a white blouse and hat to match. Marguerite Hodge looked quite stunning in a red plaid skirt and a navy blue vest.

There, Seminole High school dressers certainly were good looking and well represented. We hope all the members to be indicated.

GRAMMAR SCHOOL Notes

The Garden Club of the Sanford Grammar School is organized at its first meeting of the year Tuesday afternoon, Nonny Pitts was elected president, Geraldine Hinchcliff, vice president, and Robert Lee Sparkman, secretary. Each room in the school is entitled to have four members in the garden club. Mrs. S. G. Dickerson, from the Sanford Garden Club, acts as the advisor for the Grammar School Group.

The club selected three projects for their work this year. The first is the care and improvement of their grounds at their home. The prize will be offered to the boy or girl that enters the best garden in the school. Their home grounds in the greatest extent. Any club may compete for this prize. The grounds must be seen and judged before and after improvement by members of the school.

The second project was to continue the beautification of the school grounds. This will include the planting of the permanent foundation plants and a bed of annuals which will be used by the club as cut flowers for each of the rooms. The third project was to assist the advisor in maintaining a garden center. This is a downtown location and will serve as a clearing house for any person who needs help in any way. Plants, cuttings, lawn service, and advice will be available under the guidance of the advisor. This service will be sponsored by the adult club of the city.

—ROBERT LEE SPARKMAN

Junior Hi School

Tuesday morning the Sanford Junior High School had its change program at 1:30 A. M. The first thing on the program was the School Song by the assembly led by Miss Whitford. After the school song the students remained standing while the Star Spangled Banner was played, after which Gene LeGates and Bill Jennings held the flag while the pledge was given. The Glee Club sang the "School Song" and "I Love You Truly." For the script, Mr. Morris read the 18th chapter of Mark, after which the Lord's Prayer was repeated by the students.

Fire prevention week is being observed at Junior High this week. A Chas Cleveland gave very interesting talk on the ways to prevent fire. He said not to let rubbish accumulate, don't hang wet clothes on a clothes wire, and don't let your chimney get clogged up.

—GEORGE SPENCER

Inquiring Reporter Gets Reaction Of Students On Ritz Double Features

Since the new policy of the Ritz Theater, which has gone into effect, the students of Seminole High School have been expressing their opinions of this policy. This was the Inquiring Reporter asks: "What do you think of the new policy of the Ritz Theater?"

Patty Hodge: "Ain't it awful! I don't think you will get your money's worth. I won't go to the movies as much as I did before."

Orren Farrell: "I like the pictures the way they were—evently divided. I like double features because if I don't like one of the pictures, I always know that there is another one that I may like."

Marguerite Duncanson: "I like the double features on Tuesday before they started bringing back old pictures that I had seen before."

Edward White: "I think they should have double features especially on Saturdays."

Marjorie Jones: "I don't like double features, but I don't think they should be stopped. I think the programs should be evenly divided."

Louise Nordgren: "I'm glad that there aren't going to be any more double features. I'm tired of seeing B pictures."

Jack Herring: "I like double features. If you don't want to see but one picture you can leave before the other one starts."

Lillian Walsh: "I like double features because you get your money's worth and they bring back old pictures that I have missed."

—By HERMAN MIDDLETON

S. H. S. Rambblings

The football season is here and surrounding it is all the glamour and excitement of new campus crushes. Hu-Dun-It doesn't have a gal, but he sees all, knows all, and tells all.

We haven't seen any sign lately of what seemed, last year, to be a promising affair between FRANCES DAIGUE and GLENN EDWARDS. LEROY HODGE was spotted last week—was it another reason than backing into the DELAND CONSTABLE. Every eye has been noticing the new light in BETTY WILKINSON'S eyes, but it's our guess that that's all who works in W.A.L. GREEN'S, put it there.—JOYCE ADAMS admits that absence makes the heart grow fonder of somebody else. For instance, HAROLD HALL, LOIS CALDWELL, and HELEN HUTCHINSON are carrying on steady correspondences with ex-girlfriends. A-lah.—MARJORIE JONES keeps exclaiming over the wonderful time she had accompanying the DYSONS to Gainesville when they took FRED back Sunday. Now there is a perfect romance.—GEORGE SPENCER turns green every time he sees the lovely bracelet JOHN BEARD gave VALERIE WELLS for her birthday.—Come PHILIP, who don't you make up your mind! Is it NANCY DIGHTON or MARJORIE JUNE BURBOK?—At the P. A. K. dance Tuesday night MARTY PERKINS stole the floor show with her love and dance routine.—EARLE JETER and KIRBY FITZ are contemplating a little trip. Wonder if they could be going west. MARY FERBERT MORLAND still first in the heart of ANN BEHN? Don't be too HARTY, ANN.—HELEN PHILLIPS is as happy as a lark these days. Guess it's because LANCE HAYES is coming home from manhood soon.—Although the MOT NIGHT-BILL BRANAN affair isn't long standing, MOTT BEHN is writing a book on the subject. —F. H. S. FARRER.—BUDDY and MARY ANN are going to be married.

First P. T. A. Meet Of 41-42 Year Held

In the absence of the president, Mrs. J. E. Hodge, Mrs. M. N. Cleveland presided over the first Seminole High P. T. A. meeting of the year.

Mr. McKay introduced the faculty and mothers after which Rev. W. P. Brooks Jr. gave a splendid talk on "Moral Obligations." Mrs. Cleveland expressed her delight at the holding of such a splendid attendance at the meeting.

After disposing of routine business the members adjourned to Home Economics room. There they had a very enjoyable lunch and coffee and talked over the school year.

Everyone at South Side is working with our two efficient ladies, Mr. Landrum and Mr. Wicker to keep our building and grounds clean.

28 Students Form Tennis Club Under Direction Of Miss Takach

The tennis club of Seminole High School, under the direction of Miss Catherine Takach, met Monday afternoon for the purpose of choosing partners for the tournament.

Those coupled together are: Lillian Walsh, Anne Brown, Evelyn Kennedy, Alice Ruth Whitley, Betty Doris Williams, Mary Jane Robinson, Lorena Morr, Betty Moore, Martha Brown, Jane Thibodeau, Martha Miller, Camille Batten, Terri Miller, Mary Gordon, Louise Norgren, Marjorie Newman, Alvin Whitaker, Mary Shinner, Peggy Reynolds, Mildred Williams, Ann Shinn, Lee Tommie, Shirley Eick, Connie McCann, Constance O'Quinn, Mary Joyce Stewart, Ouida Murrell, Fennell, Helen Hickson.

The regulations of the club were laid out in order to keep up in the tournament it is suggested that each couple play a set weekly. Be sure to arrange the time and place in advance with opponents.

The game is forfeited if an couple appears at the designated court, ready to play, at the appointed time and the other couple fails to appear.

Each couple is allowed fifteen minutes to appear. After that time they are considered as having failed to appear.

The number of games to be played is one set which is the one couple winning six games.

The winning partners must be named ahead of their opponents.

The tournament of the new season will be held on Tuesday night, Oct. 15, at 7:30 P. M. at the school grounds.

Hull Asks For Prompt Action On Neutrality

Secretary Says U. S. Cannot Walk Away From Danger Of German Conquest

Permission To Arm Ships Asked

House Foreign Affairs Group Begins Hearings

WASHINGTON, Oct. 13.—(AP)—Secretary Hull, urging a prompt revision of the Neutrality Act to permit the arming of merchantmen, solemnly told Congress today the United States "cannot turn and walk away from the steadily mounting danger of a world conquest."

Testifying as the first witness before the House foreign affairs committee on the proposed repeal of the prohibition against arming American merchant ships, Hull also asserted he favored "repeal or modification" of the section of the act prohibiting American merchantmen from entering combat zones.

Administration leaders predicted Sunday night a speedy journey through Congress for legislation to permit arming of American merchant ships, on which the House is expected to vote before the end of the month.

Mr. Hull said he would testify before the committee on the proposed repeal of the prohibition against arming American merchant ships, on which the House is expected to vote before the end of the month.

It's A Boy At Mrs. Rhino's

Mrs. Mary Rhinoceros and baby George Joe rest peacefully at Brookfield Zoo, Chicago, where an oversized stork dropped the twenty-pound infant, one of the first rhinos ever born in captivity.

Gut and Bishop Qualify To Run For Commission November 4th

Two candidates, James H. Gut and Geo. D. Bishop, qualified today to run for commissioners in the City election to be held Nov. 4.

Mr. Gut said he intends to run for re-election in group No. 2 and Mr. Bishop, announced in group No. One.

In making his announcement, Mr. Bishop said, "At the suggestion of several of my friends I have consented to become a candidate for City Commissioner and would appreciate the support of the voters. I have no 'axe to grind' and if elected I will endeavor to do what can be done for the city and its taxpayers."

Mr. Gut, local realtor and secretary-treasurer of A. R. Connelly and Sons, real estate and insurance brokers, has served as commissioner since his election in 1937.

Mr. Bishop, president Crown Paper Company, was a charter member of the Rotary Club and served on the City Council Board in 1918. He is a director of the Sanford Atlantic National Bank and a member of the Episcopal Church.

The following merchants and business men have already simplified their intention of cooperating with The Sanford Herald in publishing a special Tourist Edition on Oct. 14, which will be distributed to 1,500 prospective winter visitors selected from a special Chamber of Commerce list, as well as thousands of other readers both in Florida and throughout the nation:

Supreme Court To Rule On Communism

Litigation Expected To Decide If Party Is For Overthrow Of U. S. Government

WASHINGTON, Oct. 13.—(AP)—The Supreme Court agreed today to review litigation which would open the way for a straight ruling on whether the Communist Party advocates the overthrow of the United States government.

The tribunal granted an appeal by William Schneiderman, state secretary of the Communist Party of California and native of Russia.

He sought a review of the decision of the federal district court at San Francisco cancelling his American citizenship on the grounds that membership in the Communist Party had been concealed.

CHICAGO, Oct. 13.—(AP)—Railroad management today submitted a wage increase counter offer to a union proposal for a 10 percent increase in the cost of living.

The proposal is based on formula relating to changes in the index of living costs. The first effect would be an estimated six percent increase on earnings up to \$30 week or \$68 on the semi-monthly payroll.

OPM Head Appeals For Low Food Prices

CHICAGO, Oct. 13.—(AP)—Douglas C. Mackenzie, director of purchases for the office of production management today warned that the government was prepared to force some to go downtown for dinner last night, Frank Shames, chairman of the "On to Orlando" committee, said this morning.

Speaches by Senator Claude Pepper and Governor Spessard Holland will climax the activities of the meeting today and will be followed by the Governor's Ball at the country club.

District Governor Frank Wright, Collins secretary, stated today.

V. P. Miller, a Lakeland lodge member and state manager of the organization, will be the principal speaker. The subject of his speech will be "woodcraft."

Members of visiting lodges and Sanford men attending the "home coming" will be addressed by two local citizens, O. P. Herndon and W. B. Zachary, the organization's secretary disclosed.

During the course of the business meeting, the Fall activities of the camp will be discussed. Mr. Collins added that this gathering is particularly important and all local members should be present.

British Bombers Fire Five Vessels

CAIRO, Oct. 13.—(AP)—British bombers today fired five Italian ships and left trails of fire and destruction at ports and harbors in raids along the Italian-occupied North African coast, the R. A. F. reported Sunday.

Americans Saved In Nazi Torpedo Attack

Captain William Mello (left), commander of the American-owned tanker I. C. White, which was torpedoed and sunk off the Brazilian coast, is pictured with members of his crew as they landed at Rio de Janeiro. They declared their ship, fully lighted and bearing a spotlighted Panamanian flag, was sunk without warning by the Nazis.

Over Thousand Attend Kiwanis Meet At Orlando

More than 1,000 Kiwanians and their wives attended the opening of the 24th annual convention of Florida District Kiwanis International at Orlando yesterday, as the big banquet hall at the Orlando Country Club was filled to overflowing.

Forcing some to go downtown for dinner last night, Frank Shames, chairman of the "On to Orlando" committee, said this morning.

Speaches by Senator Claude Pepper and Governor Spessard Holland will climax the activities of the meeting today and will be followed by the Governor's Ball at the country club.

District Governor Frank Wright, Collins secretary, stated today.

V. P. Miller, a Lakeland lodge member and state manager of the organization, will be the principal speaker. The subject of his speech will be "woodcraft."

Members of visiting lodges and Sanford men attending the "home coming" will be addressed by two local citizens, O. P. Herndon and W. B. Zachary, the organization's secretary disclosed.

During the course of the business meeting, the Fall activities of the camp will be discussed. Mr. Collins added that this gathering is particularly important and all local members should be present.

Explosion Kills Six Service Men

SITKA, Alaska, Oct. 13.—(AP)—An unexplained explosion in an underground dynamite magazine on the Sitka naval air station Sunday killed at least six service men, injured dozens of persons in the nearby fishing village and damaged defense and private construction.

The blast reverberated across quiet Barrow island just as hundreds of civilians and many families were listening to the benediction in a Sitka church. The explosion sent windows cascading into the streets in a shower of broken glass.

The list of dead included Capt. Francis C. Allen, Kenfield, Calif.; Pvt. Ralph E. Kirkbridge, Wadley, C.; Eastbrook, Ft. Frank E. Harton, and Pvt. Albert A. Spuring.

The City Commissioners will meet at the City Hall tonight at 7:30 o'clock for their regular meeting.

Crofton Would Quiet Wheeler And Lindbergh

Declaring that such men as "Adolf Wheeler and Muzo Lindbergh should not be allowed to stir the will of the majority in this country," L. C. Crofton, Titusville attorney, who was introduced at the Rotary luncheon today by

Cap. A. Spear as commander of a "sub-committee" during the World War, spoke on "The Underlying Philosophy of the Present War."

"The world is moved by thought power," he said, "not by muscle but by brain. If you can co-ordinate and comprehend the thought of the world, you will know which way it is going. The first of the underlying philosophies of the present war is 'The Folded Wing Philosophy'."

Mr. Crofton declared that the silver coin of 1928 with an eagle engraved on it with its wings spread far apart, and another silver coin of 1922 with the wings of the eagle folded. The first coin was minted just after the United States had reduced Spain from a first rate power to a third rate power and had taken its seat at the council of great nations, he said.

The second coin, he continued, was issued in 1922 at a time when of all periods in American history we have the greatest cause to feel ashamed. This was the period when the United States withdrew from the council of great nations, when we gave up our guns, sank our battleships, dumped army trucks into the sea to save the big steel companies from their competition.

Mr. Crofton declared that the philosophy of this war, he characterized as the "Tarapin philosophy," in which this nation crawled back into its shell and did nothing.

He said there would be no more wars to we did away with half our navy and reduced our army to a mere police force. We made a separate peace with Germany. We couldn't sit down at the peace table with other friendly nations and reach an agreement. We had to make a separate treaty with each one of them.

"We scuttled the League of Nations and passed the Neutrality Act," he said, "who ever heard of the boys of '76 talking of neutrality. They spoke of patriotism, no taxation without representation, freedom of the seas. We passed the Neutrality Act so now we can't send our ships into the belligerent ports of the world. We can't fight outside the Western Hemisphere. This is the philosophy of retreat, ease, cowardice."

The third philosophy, Mr. Crofton called the Scatterbrain philosophy. It was through this philosophy that 13 nations went down one after another under Hitler's armies. If they had all acted together in the beginning, they could have trimmed the Nazi armies down to their size and defeated them.

A fourth philosophy, he called the John Dillinger philosophy. Sunday by the Douglas Aircraft Company, to test such modern day equipment as the rubber hose connections in an airplane engine. The men engaged in the search were in luck. We have those of divers, to prevent themselves from temperatures of 100 degrees below zero.

"A cold room" inhabited by men in sheepskins, was created by the Douglas Aircraft Company, to test such modern day equipment as the rubber hose connections in an airplane engine. Sanford Observes Columbus Day With Display Of American Flags

According to history, Christopher Columbus discovered land in the early morning hours, but 400 years ago, and at dusk the members of his crew disembarked on an island called by its native name, San Salvador.

Sanford people are also celebrating another holiday today, Farmers Day. This is a day set aside each year in honor of farmers in the State of Florida.

Attacks Of Soviets Slow Nazi Advance

London Sources Say 12-Day German Offensive Has Lost Its Momentum

Moscow Drive May Be Halted

Both Sides Pour In Reserves In Greatest Test Of War

Countering German claims of driving within 100 miles of Moscow, the Russians today declared one Nazi thrust had slowed down and the defenders had launched counter-attacks at several points.

London sources agreed the German offensive, now in its 12th day, had lost momentum, adding there is a possibility the German drive might be halted 70 or 80 miles short of Moscow.

Fresh Russian troops reportedly had recaptured a town near Bryansk, 210 miles southeast of Moscow, and showed the German drive in the Vyazma area, 125 miles west of Moscow.

There is little question that the greatest test of the war is impending, with steady streams of reserves pouring into both armies. The British aiming an aerial offensive at German industrial targets to aid the hard pressed Russian, and the German Rhineland, northwest Germany and concentrated on Bremen and Nuremberg.

The Swiss announced three planes were killed by an unidentified aircraft which straggled the Swiss village of Bubard near the German border.

German forces, driving on Moscow in the nightfall offensive of men and machines the German has ever seen, were advanced Berlin today in the Soviet two warheads to within about 100 miles of the Russian capital.

One German force striking from the west touched which is just west of Gdansk, which is about 98 miles from Moscow. German dispatches said, and another driving from the southwest was said to have gone to Kaluga, 100 miles from the Soviet capital.

Another German force had swept 27 miles past Vyazma, which is 125 miles west of Moscow, and the one from the southwest had swept 110 miles beyond Bryansk, important communications and industrial center. It was in the vicinity of these towns that latest Soviet war bulletins placed the heaviest fighting.

Elsewhere along the 750-mile front from the northern Valdai hills below Leningrad to the Sea of Azov in the south the German declares the Russian lines bending back under the incessant Nazi pounding.

Hitler was reported to have heeled 14,000 tanks—the mightiest assembly of mechanized units ever in the world has ever seen—into the giant offensive under way since Oct. 2.

Both German and Russian accounts agreed that some of the bloodiest fighting of the war was going on as the Reds threw streams of fresh, trained reserves in a desperate effort to halt the Nazi juggernaut.

The German high command said the key railroad junction of Bryansk, 210 miles southwest of the Russian capital and Vyazma, 125 miles west of Moscow, were left far behind as the German forces surging along a 75-mile front that stretches from the Valdai hills south of Leningrad to the Sea of Azov, opened a new phase of the campaign.

The German phrase apparently referred to the ground-attack tactics which have superseded pauses to annihilate encircled Russian armies. They claimed 200,000 prisoners taken in the Bryansk and Vyazma areas, with the number growing steadily.

Plane Factory Tests Parts For High Flying

SANTA MONICA, Calif., Oct. 13.—(AP)—As the European war in the air pushes toward the altitude of 40,000 feet, a leading American aircraft manufacturer has begun a series of research projects in sub-zero cold to determine how airplane equipment will perform 10 miles above the earth.

"A cold room" inhabited by men in sheepskins, was created by the Douglas Aircraft Company, to test such modern day equipment as the rubber hose connections in an airplane engine. The men engaged in the search were in luck. We have those of divers, to prevent themselves from temperatures of 100 degrees below zero.

Vanderbilt Stands Alone With Record Of No Defeats

ATLANTA, Oct. 12.—(AP)—The Southeastern conference has just about exhausted all of its excitement hopes of furnishing an undefeated football team this year.

Vanderbilt's courageous Commodore stood alone today with the only unblemished record of the conference. Their comeback 22-18 triumph over unbeaten Kentucky sent Vandy hopes skyrocketing hard on the heels of upset ties and defeat that started Tulane, Mississippi State and Georgia.

Thus, after three full weeks, nine of the 12 S. E. C. members—including the four top-ranked teams—are scattered along the defeated path. Two others have been tied with a shock seldom absorbed in Southeastern circles.

Even within the conference race, eight elevens are eliminated from the championship drive—temporarily at least—leaving only Tulane's Green Wave and Vanderbilt with clean loop records. Tennessee and Georgia Tech, both whipped outside the circuit, have not appeared in a S. E. C. engagement.

Alabama, Auburn, Kentucky and Florida have been beaten in the conference. Mississippi State, Georgia, Mississippi and Louisiana State have been tied in the loop. Tulane's powerhouse collapsed before Rice, 10-0, after socking Boston College and Auburn; Georgia's highly-rated Bulldogs had to fight back to gain a 14-14 draw with one-bacter Mississippi State's unbeaten Maroons also were started in a scoreless tie with twice-whipped L. E. U. in three week-end upsets.

The Southeastern also lost two of its three other inter-sectional contests. Georgia Tech's Engineers were pretty well bottled up in bowling to unbeaten Notre Dame, 20-0, and Villanova administered the second setback upon Florida, 6-0.

The Tennessee Vols, starring a third string tailback in Walter Slater who raced 73 and 11 yards for two touchdowns and passed for another, salvaged the only inter-sectional laurels by thumping Dayton (Ohio), 26-0. Alabama crushed Howard College, 21-0, and Auburn whipped Louisiana Tech, 24-0, in warmups for major tests this week.

Rollins Clash With Miami Tops State Grid Staff

Friday night's clash in the Orange bowl between Miami and Rollins, the state's only unbeaten eleven, will feature next week-end's Florida football state.

Miami, relying heavily on sophomore beat Ebon, 22-0, in the season opener for the Hurricanes and turned out the Tampa Spartans Friday night 20-4.

The Tack of Rollins gave promise of being good as last season's fine eleven by gaining a 6-0 tie with heavily-favored Davidson and swamping Newberry, 40-0. They were idle over the week-end.

In other games Florida will invade College Park, Md., for a game with Maryland Saturday and Tampa will entertain Little Praline from South Carolina Friday night.

Florida's Gators will be decided favorites over the Marylanders, who were bowled well terrifically wallowing from Duke while the Gators were dropping a 6-0 decision to the heavy Villanova Wildcats.

Although losing to Villanova on a 53-yard touchdown pass from Al Postus to Bill Frohovich, the Gators showed they had progressed considerably along the comeback trail under the coaching of Tom Lab. They outplayed the heavily-manned Villanova eleven by a wide margin in the first half and kept the Wildcat offense well in hand throughout except for that one pass.

The Tampa Spartans, who played an alert and aggressive game against Miami, will be favored over Erskine.

Government Predicts Good Orange Crops

ORLANDO, Oct. 12.—(AP)—The federal agricultural marketing service Sunday predicted a Florida orange crop slightly above last season's but a grapefruit somewhat smaller than for 1941-42.

The indicated 1941-42 orange crop, including tangerines, was placed at 31,300,000 boxes, up 206,000 from last season, while the grapefruit production was placed at 20,300,000 boxes compared with 24,600,000 for 1940-41.

The Texas grapefruit crop was estimated at 15,100,000 boxes, California's at 1,223,000 and Arizona's at 2,900,000.

The California Valencia estimate is not yet available but production of navel and miscellaneous varieties was placed at 18,544,000 boxes against 19,478,000 last season. The Valencia crop last season was 27,720,000 boxes.

Texas orange crop was estimated at 3,100,000 boxes and Arizona's at 880,000.

Lack Of Power In South Is Threatened

Curtailment In Use Of Electricity May Be Necessary In 3 Southern States

Officials Meet To Pool Reserve

Shutdown May Come In Two Weeks Unless Rain Falls

ATLANTA, Oct. 14 (AP)—A definite curtailment in the use of power in Georgia, Alabama and Tennessee may be necessary within two weeks unless water supplies are replenished by heavy rainfall, Leland Olds, chairman of the Federal Power Commission, said here today.

Addressing public utility commissioners and power operators of seven southern states, Olds asserted surveys indicated "a possible drawdown in reservoirs until Oct. 25."

The Public Service Commission officials and power company representatives met here today to work out a plan for pooling the TVA, for the duration of the national emergency.

North Carolina, South Carolina, Georgia, Florida, Alabama, Tennessee and Louisiana were represented.

6 Bodies Recovered In Bomber Wreckage

MARCH FIELD, Calif., Oct. 14 (AP)—Recovery of the bodies of seven men from the wreckage of a bomber crashed Sunday in the Colorado desert during a test flight, was completed Monday.

The ship was returning from a routine flight to Albuquerque, N. M. Army officers said they felt certain extremely poor visibility and not mechanical failure nor an explosion led to the crash.

The victims were listed as: Lieut. John E. Overstreet, 34, Fort Worth, Tex.; Lieut. James S. Park, 24, Louisville, Ky.; Lieut. J. W. Templeton, 36, Wichita, Kan.; Staff Sgt. Bernard G. Bel, 37, Amite, La.; Staff Sgt. R. J. Farlow, 20, Anand, Ore.; Staff Sgt. Ralph J. Thomas, 25, Portland, Ore.; Corp. Jerome E. Smith, 21, Ashland, Kan.

Tons Of Government Owned Rubber Fired

WASHINGTON, Oct. 14 (AP)—Fifty tons of government-owned rubber were destroyed in a fire at the Firestone Rubber Co. plant in Fall River, Mass., an additional 200 tons of government rubber stored at the plant was not damaged. The rubber was fully insured.

James said the rubber at Fall River was part of a government stockpile of 185,514 tons in storage throughout the country. An additional 125,233 tons were on hand from the Far East and 148,964 tons more were waiting to be shipped to the Rubber Reserve Company, the government corporation which owns the rubber.

Fire Department Makes Two Runs

Two runs were made by the Sanford Fire Department yesterday to extinguish a fire at the Sanford Electric Co. plant. Chief Frank Cleveland said this morning.

Damage being applied to the roof of the State Farmers' Market building at the fire, Chief Cleveland said this morning.

Government Will Help Build Roads

WASHINGTON, Oct. 14 (AP)—The federal government would contribute \$134,919,000 toward highway improvements in the 48 states and possessions under a house roads committee bill which Representative Robinson, (D-Utah) said, would be reported out today.

The bill appropriates \$150,000,000 for access roads; \$10,000,000 for flight strips and \$14,919,000 for surveys. No matching funds from the states would be required for the access roads or flight strips. Funds for surveys would be matched by the states.

Butter Prices Drop Two Cents On Pound

CHICAGO, Oct. 14 (AP)—Wholesale butter prices broke as much as two cents a pound in their widest decline of the year Friday as a combination of unfavorable factors created pessimism in trade circles.

The Dairy Products Marketing Association, government-financed price supporting agency, bought actively in an effort to stem the downturn. The agency purchased 139,336 pounds of 35-cent butter and placed bids in the market for 22 more.

Plunges With Bang

NEW YORK, Oct. 14 (AP)—The stock market plunged with a bang today, as investors reacted to the news that the government had decided to raise the price of steel.

The Dow Jones industrial average fell 10.34 points to 128.14. The S&P 500 index fell 1.14 points to 34.14. The volume of trading was 1.2 billion shares.

Lost In Jungle

Wreckage thought to be that of the plane in which William C. Brooks disappeared has been sighted deep in the Bolivian jungle by the pilots of a transport plane. Brooks was ferrying engines and supplies to a mine when the plane, crew and cargo dropped from sight.

Defense Course For Young Men To Start Soon

Instruction In Metal Working, Motor Mechanics Offered

At a conference of defense training supervisors held yesterday afternoon in DeLand, each person who attended was authorized to begin courses this week in motor mechanics and metal working for young men between 17 and 25 years of age. Alex R. Johnson, local supervisor of national defense classes, stated today.

The first meeting will be Friday evening at 7:00 o'clock in the DeLand High School building.

The motor mechanics course includes elementary and advanced mechanics. Students of this group will receive instruction from J. S. Webb, while Admiral A. D. Johnson, selective service director, Lewis B. Hersey, declared a misunderstanding apparently prompted the statement.

He said Feidelson, son of a former regional director of the national labor relations board, merely wanted deferment for long enough to take an examination at Yale University, but the board believed he desired postponement for a year.

Selective Service Dispute Settled

BIRMINGHAM, Ala., Oct. 14 (AP)—Board No. 10, who threatened to halt drafting unless Charles N. Feidelson, Jr., reported for induction Thursday, said Monday night state selective service headquarters had ordered him inducted on that date.

Following the board's threat last week, National Selective Service Director Lewis B. Hersey, declared a misunderstanding apparently prompted the statement.

He said Feidelson, son of a former regional director of the national labor relations board, merely wanted deferment for long enough to take an examination at Yale University, but the board believed he desired postponement for a year.

Nazi Answer Peace Rumors

BERLIN, Oct. 14 (AP)—"Victory first" remains the authorized German answer to foreign gossip that the Reich is war weary and is putting out peace feelers.

"Only after arms have spoken and Churchill and Eden have been removed by the English people themselves will the time have come for peace feelers—but they won't be German feelers, they will be solely and exclusively English," said authorized quarters.

They recalled that Adolf Hitler has declared a clear military decision must be obtained against England, and added, "The time to talk peace comes after weapons have spoken."

Funds For Expansion Of Mills Approved

WASHINGTON, Oct. 14 (AP)—A \$150,000,000 increase in Reconstruction Finance Corporation power plant program, which is authorized to provide capital for an expansion of the nation's steel production was final congressional approval Monday.

The Senate passed the authorization of the program, which is authorized to provide capital for an expansion of the nation's steel production was final congressional approval Monday.

Captured Nazi Radio Ship Is Now In Boston

German-Controlled Vessel Taken In Greenland Waters By Coast Guard

BOSTON, Oct. 14 (AP)—The Nazi expedition ship, captured by the United States Navy off the coast of Greenland after a secret wireless station had been set up there, arrived at Boston today in the custody of the naval ship Bear.

The small 60-ton Nazi-controlled vessel, of Norwegian registry, was intercepted in American defense waters in September.

The navy disclosed yesterday that the seizure of the German-sponsored radio station in Greenland and its Norwegian supply ship was made by a coast guard vessel, which was a part of the navy's patrol of Greenland waters. The Norwegian vessel was not armed, and resistance put up by either its crew or the personnel manning the radio station ashore, the Navy said.

The status of the score or more persons who were on the ship or at the radio station will be investigated separately and their cases decided upon individually, the Navy said. The personnel and the supply ship are en route to the United States. Three men, one described as a German gas agent were seized ashore and the rest aboard the Norwegian vessel, a 60-ton craft last month.

Apples Blown From Trees Go To Schools

JACKSONVILLE, Oct. 14 (AP)—An ill wind that damaged apple orchards in Illinois, Indiana, Ohio, Michigan and New York last week blew good to participants in Florida's school lunch program and to recipients of surplus commodities.

To salvage the damaged crop, the surplus marketing administration is shipping the fruit out in bulk quantities. The surplus will be more than 1,600,000 pounds, said Walter F. Catling, director of the state welfare board's surplus commodity division.

W. J. Albert, chief of the distribution division of SMA, wrote Catling that the fruit was "entirely acceptable for all purposes" but because of the wind damage would not keep the usual length of time.

Bay Officers Are Brought To Trial

MARIANNA, Oct. 14 (AP)—Twelve Bay County officers were brought to trial today in the prosecution Monday at the state of a federal court trial of the Bay County officers, who were charged with conspiracy to defraud the government of internal revenue.

Other defendants are Hilton Cushing and Dewey Hillman, Scott's deputies; J. C. Blackwell and Reese Brown, Panama City policemen; and Sherman Lanier, Felix Long, Sherman Barron, Farris Foreman, Robert L. Hamilton and Gus Barnes, the latter six alleged by the government to have been engaged in the liquor business.

Nazi Answer Peace Rumors

BERLIN, Oct. 14 (AP)—"Victory first" remains the authorized German answer to foreign gossip that the Reich is war weary and is putting out peace feelers.

"Only after arms have spoken and Churchill and Eden have been removed by the English people themselves will the time have come for peace feelers—but they won't be German feelers, they will be solely and exclusively English," said authorized quarters.

They recalled that Adolf Hitler has declared a clear military decision must be obtained against England, and added, "The time to talk peace comes after weapons have spoken."

Nye Supports Jewish Stand Of Lindbergh

NEW YORK, Oct. 14 (AP)—Senator Nye (R-MD) asserted today he agreed with the stand of Charles A. Lindbergh that the Roosevelt Administration and British Jews were prime movers in leading the United States into war.

Nye said he was "gladly" to support Lindbergh's stand.

Nat Farnsworth Writes And Acts In New Radio Serial

N. C. (Nat) Farnsworth, Jr., is now author of a weekly half-hour radio serial, "Jones and I," broadcast over the Columbia network each Saturday at 10:15 A. M.

Mr. Farnsworth was graduated from Semole High School in 1930 and after attending the University of Colorado, he received his Bachelor's degree from the University of North Carolina, where he received a commission in the army and was serving in the army when he was called to New York City.

When he got his first position in the radio business, he was

Over 50 Given Traffic Tickets

Over 50 persons have been given traffic tickets since they issued their warning against violation of the law Friday, Chief Williams said this morning. Most of the tickets have been for improper parking or parking on the wrong side of the street.

Country Club Fees Raised By Commission

Resolution To Increase Rates Is Made By Ingley

An increase in fees at the Sanford Country Club was approved by the City Commissioners in their regular meeting last night at the City Hall, on the recommendation of J. L. Ingley, chairman of the golf committee. H. N. Sayer, city clerk, said this morning.

Rates effective Oct. 1 raise the green fee from 60 cents to one dollar during the winter and spring seasons, while the individual membership fee was raised from \$15 to \$20.

The family fee has been increased from \$25 to \$30. The fee for unmarried women is now \$10 and the student fee, \$5.

Several complaints were received by the Commission on bad and broken sidewalks in the city and the Commission will notify the owners of the property to give them opportunity to have the sidewalks mended. Mr. Sayer said. If the sidewalks are not repaired the City will have the work done and file a lien against the property for the amount of the costs.

Bids were received to paint the outside of the City Recreation Building on Lake Monroe and the contract was awarded to the H. H. Hardware Company, the lowest bidder.

Four permits were granted by the Commission. The permits were granted to Tony Singleton at 1211 West Thirteenth Street, Adelle Williams at 300 Sanford Avenue, O. K. Lally at the corner of French Avenue and the Orlando Highway, and Glover Johnson at Olive Avenue and Thirteenth Street.

The Commission prepared a resolution to amend a church and parsonage ordinance. Eighty-five percent of the value of the property in Sanford, Mr. Sayer said. A request by the Colored World War Veterans that the City donate the amount of a license for a benefit show for the Empty Stomach and Glover Johnson at Olive Avenue and Thirteenth Street.

Bomber Lookouts Work Efficiently

NEW YORK, Oct. 14 (AP)—In the presence of two government officials, the New York information and air raid warning center Monday received warning of an approaching bomber and, in three minutes, had dispatched word to intercept them.

In four days the center in the 10-state northeastern section has cut as much as five minutes off the time required to evaluate reports of attacking bombers and order intercepting units off the ground.

To exercise, employing the services of almost 40,000 volunteers at 123 observation posts, will close on Thursday.

Living Costs Are Up 1.6 Percent

NEW YORK, Oct. 14 (AP)—The cost of living of wage earners' families in the United States rose 1.6 percent from August to September, the monthly survey of the national industrial conference board, private research organization, estimated Monday.

The board said that living costs had risen six percent during the year and were 26.6 percent higher than April, 1933, the low point of the depression. However, they still were 10.2 percent below the September, 1929, level.

LOCAL WEATHER

Partly cloudy tonight and Wednesday; some likelihood of light showers on the southeast coast.

Russian Aid Is Screened By Churchill

Prime Minister Refused To Permit Commons To Discuss British Help

LONDON, Oct. 14 (AP)—Prime Minister Churchill today raised a screen of secrecy around the question of aid to Russia, refusing to permit the House of Commons to debate the subject of British help and declaring to discuss the course of the battle before Moscow.

He asserted only a discussion would likely do more harm than good.

A call for more direct British-American action to aid Russia was heard on the floor of the House of Commons last night despite authoritative assertions that the German drive on Moscow had been slowed and may even have been down 70 or 80 miles from Moscow.

Some of the London press called for the shedding of American blood and asserted that Britain and Russia alone cannot prevail against Hitlerdom, while informed quarters suggested that Britain might put her forces into a non-stop offensive against the Axis in Italy, North Africa or perhaps the Russian Caucasus.

Britain flung her air force into a non-stop offensive against the Axis in Italy, North Africa or perhaps the Russian Caucasus.

Several complaints were received by the Commission on bad and broken sidewalks in the city and the Commission will notify the owners of the property to give them opportunity to have the sidewalks mended. Mr. Sayer said. If the sidewalks are not repaired the City will have the work done and file a lien against the property for the amount of the costs.

Bids were received to paint the outside of the City Recreation Building on Lake Monroe and the contract was awarded to the H. H. Hardware Company, the lowest bidder.

Four permits were granted by the Commission. The permits were granted to Tony Singleton at 1211 West Thirteenth Street, Adelle Williams at 300 Sanford Avenue, O. K. Lally at the corner of French Avenue and the Orlando Highway, and Glover Johnson at Olive Avenue and Thirteenth Street.

The Commission prepared a resolution to amend a church and parsonage ordinance. Eighty-five percent of the value of the property in Sanford, Mr. Sayer said. A request by the Colored World War Veterans that the City donate the amount of a license for a benefit show for the Empty Stomach and Glover Johnson at Olive Avenue and Thirteenth Street.

Catholic Center At Starke Is Dedicated

STARKE, Oct. 14 (AP)—Bl. shop Hurley, of St. Augustine, Monday dedicated the new St. Edwards Catholic church and the Empty Stomach and Glover Johnson at Olive Avenue and Thirteenth Street.

The Commission prepared a resolution to amend a church and parsonage ordinance. Eighty-five percent of the value of the property in Sanford, Mr. Sayer said. A request by the Colored World War Veterans that the City donate the amount of a license for a benefit show for the Empty Stomach and Glover Johnson at Olive Avenue and Thirteenth Street.

Three Cabinet Members Urge Neutrality Ban

Three cabinet members and other officials called on Congress Monday to remove the ban against arming American merchant ships and one of them declared that even "the risk of war itself" must not deter this country from aiding Britain.

Secretaries Hull, Stimson and Knox told the House foreign affairs committee also that the Neutrality Act's prohibition against American merchantmen entering combat zones ought to be removed in the interest of insuring delivery of lend-lease supplies to the British ports.

"The risk we incur in arming our ships and sending them to sea," said Knox, "is far less than the risk of allowing England to lose the war."

In one of the bitterest official condemnations yet of the Nazi campaign of conquest, the usually mild-mannered Secretary of State Hull told the committee: "The blunt truth is that the world is steadily being dragged downward and backward by the mightiest movement of conquest ever attempted in all history. Armed and militant predatory forces are marching across continents and invading the seas leaving desolation in their wake. With them rides a policy of frightfulness, pillage, murder and calculated cruelty which fills all civilized mankind with horror and indignation."

Institutions devoted to the safeguarding and promotion of human rights and welfare built up through the ages are being destroyed by methods like those used by barbarian invaders six centuries ago."

Repeatedly warning that the Nazis are bent upon world domination, Hull said the failure of many persons in this country and elsewhere to grasp that fact "has been, and still is the greatest failure of our age."

The Iron Ring Around Odessa

The German caption with this radiophoto from Berlin says these are members of a Nazi storm detachment waiting to go into action near Odessa. The great grain port on the Black sea has been completely encircled for weeks but has repeatedly thrown back Nazi and Rumanian assaults.

Baber Qualifies For Commission Licenses Of All In District Two

Another candidate qualified today to run for City Commissioner in group No. 2, James H. Baber, owner and manager of the Akhion 25 to 1000 Store, an independent concern. The other candidate qualified in Group No. 2 is James H. Baber.

Mr. Baber is a member of the Seminole County Elk Lodge and the Junior Chamber of Commerce. He attends the Presbyterian Church of Sanford and has resided in the City since 1910.

In stating his platform, Mr. Baber said, "In announcing myself as a candidate for the City Commission, I do so at the request of my friends, business and professional men of Sanford.

"I am proud, I will pledge all my efforts toward the betterment of our fine City and I will appreciate the support of the voters in the coming election."

Patrolmen Check Licenses Of All County Drivers

Although motorists have until Oct. 19 to renew their driver's licenses before being required to take an examination, they are not exempt from the law against driving a car with an old license and the Florida Highway Patrol has patrolmen here who are stopping drivers and examining their licenses. W. H. Lindsey, supervisor of the drivers' license division, said this morning.

Drivers have no protection from the law requiring that they have a 1941 license in order to drive a car, Mr. Lindsey declared, "In announcing myself as a candidate for the City Commission, I do so at the request of my friends, business and professional men of Sanford.

"I am proud, I will pledge all my efforts toward the betterment of our fine City and I will appreciate the support of the voters in the coming election."

Extending Deadline To Buy Licenses Exempts No One

Some motorists have until Oct. 19 to renew their driver's licenses before being required to take an examination, they are not exempt from the law against driving a car with an old license and the Florida Highway Patrol has patrolmen here who are stopping drivers and examining their licenses. W. H. Lindsey, supervisor of the drivers' license division, said this morning.

Drivers have no protection from the law requiring that they have a 1941 license in order to drive a car, Mr. Lindsey declared, "In announcing myself as a candidate for the City Commission, I do so at the request of my friends, business and professional men of Sanford.

"I am proud, I will pledge all my efforts toward the betterment of our fine City and I will appreciate the support of the voters in the coming election."

Nazi Thrust Is 65 Miles From Moscow

German Artillery Is Now In Range Of Outer Defenses Of Soviet's Capital

Russians Report Furious Attacks

Hitler Troops Are Closing On Reds From 3 Directions

The United Broadcasting System declared 100,000 Germans have been killed and 100,000 wounded in the Moscow offensive in the past 12 days while the Germans claimed 1,000,000 Russians have been captured in the war thus far.

The R. A. E. radioed western Germany last the fourth consecutive night in an around-the-clock offensive.

London Sources Report Nazi Vanguard Has Reached Moshark, 65 Miles West Of Moscow

London sources today said the Nazi vanguard has reached Moshark, 65 miles west of Moscow on the closest approach to the Russian capital in the 13-day offensive, placing the German artillery within range of Moscow's outer defenses but the counter-attacking Red army kept the Germans from reaching the city.

Berlin spokesmen indicated also the Nazis have encircled Kaluga, 100 miles south of Moscow and were rolling forward. The Germans said another German column moving down on Moscow from the Vahla Hills to the northwest was nearing the Moscow-Leningrad railway.

The Russians reported formation of 10,000 Nazi tank formations and added the German offensive is slackening in the Vyatka sector after the German capture of Vyatka 121 miles west of Moscow.

The German offensives upon Moscow clearly had not been halted generally last night, but the one great question was whether the better Russian resistance, unfavorable weather and the cumulative exhaustion inherent in such a vast campaign were going to be enough to stop Hitler short of the capital.

The Germans claimed that the Nazi first line tank and motorized divisions were advancing at top speed and that the Soviet lines were no longer able to offer even a successful delaying defense.

Some German quarters expressed the opinion that the most advanced Nazi detachments actually were operating east of the longitude of Moscow, but the more specific testimony of military maps published in the Berlin press put the main German lines at within 100 miles of the Kremlin. In this itself, although the map's preparation might have been assumed to antedate some developments, did not support the theory of a bankrupt Russian resistance.

Soviet quarters for their part insisted yesterday that the Nazi thrust had been slowed down, although not brought to a standstill. Specifically, the Russians said that somewhere about fallen Bryansk, which lies 210 miles southwest of Moscow and presumably far back of the farthest German penetration in that theater, an unidentified town had been recaptured by the Red army and that north of Orsk, which is about 220 miles south of the capital, Red counter-attacks had made some gains.

Moreover, it was declared by the Russians that the German push from the writer of Vyatka—by rail town lying 125 miles to the west of Moscow—apparently was proceeding with falling momentum.

Leaders Co-operate On Tourist Edition

The following merchants and business men have already signified their intention of co-operating with The Sanford Herald in publishing a special Tourist Edition on Oct. 27 which will be distributed to 1,500 prospective winter visitors selected from a special Chamber of Commerce list, as well as thousands of other readers both in Florida and throughout the nation:

Piggly Wiggly & Lovett's
W. H. Rolfs Service Station
Wagoner Furniture Co.
Palmetto Grocery
Lodge & Son Grocery
Takash Restaurant
Jimmie Cowan
Mickey's Pharmacy
Spencer's Top Shop
Angie's Eat Shack
Mac's Electric Service
Stanley-Rogers Hardware Co.
Hanson's Shoe Shop
W. T. Whitehead, Hofmann Electric Service, Duke's Place, City Drug Co., Loney Dry Cleaning & Laundry, Seminole County Credit Association.
Stone Pre-School Nursery, Clark Variety Works, Nipper Egan Shop, Sanford Bowling Center, Malach Realty Co., and Farrell Co.
Bamieco's Barbecue, Realty

Allocations Board Makes Plea To U. S.

NEW YORK, Oct. 14 (AP)—Donald M. Nelson, executive director of supply priorities and allocations board, pleaded today that the nation "shoot the works" to beat Hitler. He suggested we double everything we are doing.
