

Mayor Opposed To Race Track In Longwood

By Donna Estes
Longwood Mayor David R. Wentworth has officially gone on record as being "thoroughly opposed to the joyce booth at a stock car stadium as it is against the best interests of the city."

The announcement, made publicly at last week's city council meeting, also stated that, in his opinion, "the tracks of this type tend to decrease property values and that while race drivers are fine people, as a rule, followers of the races, in many cases, are 'riff-raff.'"

Other persons heard during the meeting also were opposed to the stadium with the exception of Mrs. Bobbie Jo Hinton, prominent resident and property owner, who urged county officials cooperation to "bring new businesses into the community."

Council chairman R. C. Carlson again explained that the council has no control over whether or not the stadium is built. He advised that "if the joyce booth is built, it will be the strong opposition, all wish to continue with their plans and apply for building permit, council has no grounds for denying said permit."

"Whether or not the race way would be odorous, obnoxious or noisy would have to be decided in the courts," he pointed out.

City Hanging With Debt Of \$16,000

Sanford City Commissioners, bowing to wishes of merchants and shoppers, banned parking meters from city streets.

Declaring they would find some way of "digging up" \$16,000 to pay a note filed Monday by the city, commissioners voted unanimously to do away with the offending coin collectors at Monday evening's session.

"Take 'em out and remove the potholes — gut, feathers and shillies" ordered Mayor James H. Crapps.

Further discussion revolved around changing the parking meter from a 45 to a 30-degree angle as required by Police Chief Roy Williams, for instance, to parallel parking and leave it alone, he moved.

Hughesham's motion died for lack of second as did a motion by Commissioner M. E. Hedges to mark the north end of the parking meter on First Street at French Avenue as "right turn only."

The plan for permanent removal of the parking meters was voted by District 10, chairman of the Greater Sanford Board of Commerce and E. C. Harper Jr., chairman of the Sanford Merchants Association.

Area Boy Scouts Observing 55th Anniversary

MAR-CHRIS MARIONETTES, who charm adults as well as children, will be presented by the Chandler Brothers under sponsorship of the South Seminole Elementary School Council of Teachers and Parents in a program scheduled for 7:30 p.m. Feb. 16 in the school auditorium.

Sanford and Seminole County Boy Scouts are fortunate to have among them the president of the Central Florida Council of Boy Scouts of America, Randall Chase.

RANDALL CHASE

During this week, when area Scouts are celebrating their 55th birthday, special tributes are being paid to Chase, businessman, grower, farmer and financier.

The local man, who was never a Scout himself, nevertheless has been honored with membership in the Order of the Arrow, the honor society of Scouting.

Chase has been active in Scouting for more than 30 years and his one regret is that he never had the privilege of being a Scout when he was a boy.

For the past 10 years, the Central Florida Council has been the fastest-growing

council in the nation with a 28 per cent increase in the past 10 years. The present enrollment of 14,821 Scouts in the

council area has a projected goal of 25,000 by 1970.

Chase is the father of two Scouts, Randall Jr., a freshman at Florida State University, who holds both the Eagle Scout badge and the Order of the Arrow. Young Randall formerly served as chief of the Arrow lodge.

A younger son, Josh, a student at Phillips Exeter Academy, is a Life Scout. The Chases also have a daughter, Laura, a student at Green Mountain College in Vermont.

Mrs. Chase also is vitally interested in Scouting and shares her husband's enthusiasm for the encouragement and training of young people in the Scouting world.

Mrs. Chase has served for many years in leadership roles in the Citrus Council of Girl Scouts as well as with local Girl Scout leaders.

John Lowe Recalls Early Day Scouting

John Lowe, owner and operator of Losing Transfer and Storage Company, observing that this is Boy Scout Week, recalled today that he joined the Scouts the first year a troop was organized in Grant County, Indiana.

Lowe recalled that the first meeting, was held around a campfire in the woods with Enoch Burgoon as scoutmaster and Raymond Lane as assistant.

The scoutmaster read Daniel Boone stories to the boys and explained the purposes and functions of scouting.

At that time the Scouts met once a month in contrast to the present day when they meet once a week. There were no funds for uniforms or equipment and the boys mostly wore old clothes for their hiking trips, carrying along axes and knives to cut wood and build fires for heating and cooking.

At that time Scouts apparently had not begun following the old Indian practice of rubbing two sticks together

Electronic Computers Used To Fight Crime

NEW YORK (NEA) — For example, administrators coming to work Tuesday morning get a daily report of 8,000 calls for services occurring from midnight Sunday through midnight Monday.

The statistics pinpoint areas where more patrolmen are needed to stop crime before it starts.

How does data processing help identify criminals? Say that in Los Angeles, Calif., a gunman about 6 feet tall, wearing an Army surplus jacket and leather sandals, heats a liquor store.

Minutes later, the plainclothesmen in the convertible hold the driver at gunpoint while the patrolmen seize the others inside.

It sounds like a classic case of law enforcement — but there is a difference. The time had been predicted by the policeman's speediest partner, an electronic computer.

Criminal data processing spans a broad field ranging from a punched card machine to a complex computer. Although the punched card machine was invented at the end of the 19th century, only recently have police departments found special applications for their problems.

The police can quickly forecast a robbery by checking a deck of punched cards operating methods, including times and locations of previous offenses.

Throughout the United States today, advances in data processing and availability of equipment help an increasing number of cities to foresee crime, get rapid-fire criminal identification and co-ordinate traffic violations with payment of fines.

J. L. BENNETT

How do you get the truth through?

It's not easy. The Iron Curtain is a tough barrier. It's not easily crossed. It runs for thousands of miles across the center of a whole continent. On the Communist side there is little freedom.

There is less truth. The Communist leaders in Eastern Europe don't always talk straight to the people about what's going on in the world — or even what's happening at home. When they do talk, the talk doesn't always ring true.

And yet the truth does get through, every day. How? The Iron Curtain isn't soundproof. And so the truth is broadcast, through the air where it can't be stopped by walls and guards, up to 18 hours every day to millions of captive people in Poland, Czechoslovakia, Bulgaria, Rumania and Hungary.

The truth is broadcast by Radio Free Europe. The Communist rulers have set up a monopoly on news and information in Eastern Europe; Radio Free Europe has been set up

Mormon Church To Conduct Programs

The Church of Jesus Christ of Latter Day Saints will conduct a special series of programs entitled "What is a Mormon?" beginning at 7:30 p.m. this Thursday at the church, 2315 Park Avenue. The series will be continued every other Thursday thereafter.

The programs will be open to the public and the church extends a welcome invitation to all interested persons to attend. Purpose of the series is to give people a more knowledgeable understanding of the Mormon religion. Films will be presented along with talks concerning Mormon beliefs.

Directing the programs will be Elder R. D. Egan and Elder Alvin Fulkerson who will be assisted by local officers of the church and Bishop Freeman Baggett, head of the Sanford area.

Girls Discuss Safety Tips

By Mrs. H. L. Johnson
Safety was featured on the program for the last meeting of the Lake Monroe Junior 4-H Club when each girl answered roll call by giving a safety slogan and took part in a 20-minute discussion on how hazards can be avoided by being careful.

Several of the girls, who are making skirts for their uniform, reported on their progress.

Those attending, along with the leader, Mrs. Marie Rae, were Kerrie Kniffin, Susan Thomas, Jeanne Doyle, Marilyn King, Ruthie Boston, Emma Boston, Carolyn Burk, Carolyn Jones and Debbie Keeling.

VOCAL LEADS in the program, "American Heritage," presented for the Bear Lake Parent-Teacher Association by students of Dexter Wilson's fifth grade under direction of the music teacher, Mrs. Raymond Holton, were taken by (front from left) Mike Fenner, Tommy Gum and A. C. Clark; (back) Schlaime Meeks, Karen Bocio, Pat Chapman and Cheryl Dozier.

THIS SIX-PONY HITCH pulling a scaled down version of the old fire engine will be presented as an added attraction each night between 8 and 9 p.m. during the Sunland Charity Horse Show to be held at Seminole Raceway Feb. 10-14. The team is appearing by courtesy of the Victor Comptometer Corporation.

Plane Looks Like Dowdy Bird

DALLAS (UPI) — The XO-124A resembles a very dowdy bird. It is short, fat, and squatly. Its one touch of elegance—spats over the wheels—fails to make it handsome.

But it flies. Like a bird. The plane takes off like a scared quail—straight up.

Then the four helicopter-like propellers flop over 90 degrees and the craft zooms away from the would-be hunters.

Two models of the \$100 million hybrid with tilt wings were shown off to aviation and military officials at the Dallas Naval Air Station.

Five of the craft have been built for military testing. Ling-Temco-Vought, prime contractor for the project, said the plane also has many potential uses for civilian duties.

LTV chief test pilot John Konrad demonstrated the capabilities of the craft. He tilted the wings and propellers of the four-engine aircraft straight up.

The squatly "heli-plane" rose 30 feet into the air. It stayed there. The four propellers whirled and the plane backed up.

Konrad then nosed the controls forward and the wings slowly lowered into normal airplane position and the craft buzzed off at 200 miles an hour.

Konrad brought the plane back on front of the reviewing stand and with about 400 dignitaries watching, the wings changed from horizontal to vertical position. The mechanical monster hung momentarily in space and then landed easily.

The aircraft engineers said the plane operates more economically if a short take off run is used. The other prototype showed how.

The 58-foot-long craft scooted down 50 feet of runway with the wings and engines tilted at a 45 degree angle. After the short run the plane hopped airward with the whine of its General Electric turboprops slicing the air.

Once it is in the air the pilot can shut off two of the engines. He also doesn't have

to bother with a stubby propeller on the tail. It is used for balance when the craft is playing helicopter.

When the XO-124A is going forward it can travel at speeds up to 430 miles an hour, outpacing many of the counter-insurgency fighter aircraft currently used to fight the Viet Cong in Viet Nam.

The transmission and driveline hump you don't get means more foot room for both front- and back-seat passengers. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means

no water, no antifreeze and no hose leaks to worry about. All of which show up in the plus column in the form of repair and winterizing bills you don't pay.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure. Come down and discover the difference.

'On My Honor . . .'

"On my honor . . ." These words mean much to Americans as they continue the battle of life. They mean more to our Boy Scouts.

Check your memory. How many true Boy Scouts have you known and who have "gone bad?" We believe you'll say "not many." For Boy Scouts have special training from special men. They learn comradeship; how to live and work together.

The Scout Laws are a model for all to follow. There are only 12 of them and once learned they remain indelibly in our mind.

A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent.

Think of those words for a minute.

Roll them around in your mind. See what a wonderful world we'd have if all of us followed just those 12 simple, easy to understand words.

Years ago a man was umpiring a baseball game. He stood behind the pitcher's mound. The batter sliced one near third base and headed for first. The umpire asked him if it was a fair ball. "Yessir," came the reply. "Are you sure," the ump inquired. "I'm a Boy Scout," closed the discussion. The ump was convinced.

This week Scouts and their leaders are observing their own special Boy Scout Week. It's Scouting's 55th anniversary.

We hope everyone in Seminole County, in Central Florida, will give a silent doff of their cap to the boys. For each of them we give the Navy salute of "Well Done."

Another Reason Why . . .

Buffeted by blizzards on both weekends, the 10-day National Motor Boat Show in New York City nevertheless set records in attendance and sales.

And most of those hunters have their eyes focused on Florida where year-around boating is a pleasure. The total attendance was listed at 340,000. Sales orders chalked up by exhibitors ranged from a cool \$1 million to \$2.25 million and up to \$145,000 for equipment manufacturers.

Few marine engine companies take orders at the show, but several who did reported they were moving ahead of 1964, and that a strong buying mood was prevalent among the trade and public.

The Boat Show fleet of 579 craft

set another record for the consumer exposition. The previous mark for the show was 532 in 1964.

A Riverport Marina for Sanford and Seminole County?

It's a "must" if this area is to capitalize on the ever-increasing boating interest throughout the country.

Thought For Today

When I lie down I say, When shall I arise? But the night is long, and I am full of toasting till the dawn— Job 7:4.

Resolve to keep happy and your joy shall form a shield against difficulty.—Helen Keller.

Phil Newsom Says

U.S.'s Money Bags

UPI Foreign News Analyst

Compared to the struggle in South Viet Nam, Laos is a side-show.

But the United States' interest in both is the same. That is to prevent either from falling to a Communist takeover which like falling dominoes, would increase the threat to neighboring Thailand, Malaysia and ultimately the Philippines.

Thus internal rivalries which threaten or topple U.S.-supported regimes can be no more welcome in Laos than in South and it was this week in Laos, Viet Nam.

This was a so-called col-

onela' revolt but in reality a conflict between two Laotian generals, both of them nominally loyal to the neutralist government of Premier Prince Souvanna Phouma. And, although presently loyal, both had made previous attempts to overthrow the Souvanna Phouma regime.

Between them they threatened what little stability there is in the dusty and drought-plagued Laos capital of Vientiane where Souvanna Phouma attempts to maintain a government under constant threat of renewed attack by the Communist-led Pathet Lao.

On the one side is former

strongman and present Deputy Premier Gen. Phoumi Nosavan. Back in 1960 Phoumi Nosavan was riding high with U.S. support in opposition to Souvanna Phouma.

With the coming of U.S. support for a neutralist government his influence began to fade and went into further decline last April when an other military coup led by Gen. Kouprasith Abhay and Gen. Sino Lamphouthabou once more temporarily upset the Souvanna Phouma regime.

The United States, holding the strings on the money bags, forced the return to office of Souvanna Phouma but both Kouprasith and Sino retained much of their influence, Kouprasith as deputy chief of the army and Sino as commander of Vientiane police.

Secret arrests and even assassination became not uncommon in the once sleepy streets of Vientiane and there was considerable doubt about the authority of Souvanna Phouma as he wrestled with either commiseration.

In between were the real neutralists, liked neither by the extreme right nor by the Communists.

The Communists have withdrawn from any real participation in the neutralist government set up under the 1962 accord and the neutralists themselves practically have disappeared in government, with Souvanna himself openly accusing the Communists of aggression.

Question Before the House--and Senate

Bruce Biossat -- Ray Cromley

Political Notebook

WASHINGTON (NEA) — Despite all the brave talk from the Johnson administration on the success of the fight against inflation, it's a thing of walking on eggs.

As the President and his economic advisers are pointing out, consumer prices have been held to an average annual increase of 1.2 per cent over the past four years.

No economists, partisan or otherwise, have been heard to dispute that this is just about as close to total stability as could be hoped for in an expansionary period like 1965.

Yet an annual rise of only a few additional tenths of a point could start an epidemic of price spirals among government price specialists.

There would be speeches made if the increase went beyond 1.5 per cent. We'd be reassuring people everything was still all right, but we'd be worried.

Though there isn't any handy definition of how big a rate constitutes "inflation," all the alarm bells probably would be ringing hard if the increase shot past 2 per cent.

Last time that happened was in 1958, when the hike was 2.7 per cent. The year before the rise was a clearly inflationary 3.3 per cent.

Even those bumps do not compare, however, with the great spirals that occurred right after World War II and again at the outset of the Korean war.

U. S. economic activity in 1964 increased so strongly that at least one government price expert was surprised to see the anti-inflation line held so firmly.

But the factors which help produce this successful price "containment" last year

could very well work to the same end in 1965.

As the economic reports of the President and his advisers emphasize, demand is not really pushing hard against supply. The choice given the American consumer by today's immense variety of goods takes away some of the upthrust. Moreover, consumers are basically well stocked, and industry has a good deal of unused capacity.

The Council of Economic Advisers says the country's gross national product in 1964 fell about \$27 billion short of estimated potential. This gap, narrowed from \$51 billion in 1961, is unmistakably an anti-inflation valve.

The government's so-called guideposts — formulas intended to put limits on wage-price increases — are believed to have been of some real benefit as informal restraints in union-management bargaining over new contracts.

If it were not for these and the other factors noted, the administration's price guardians might be far more than ordinarily concerned at the 1965 outlook. At least 134 wage agreements involving bargaining units of 5,000 workers or more each, affecting a total of some 1.5 million employees, are due to expire this year.

The big ones are in steel, aluminum, rubber, shipbuilding and aircraft manufacture. The President already has his economists looking into steel price rises. No one needs to be reminded the steel negotiations are most crucial of all.

As busy as the new bargaining year is, others have been busier and more fraught with inflationary peril. Nevertheless, optimism should not run

beyond saying that President Johnson's eggs may not crack for another year.

Letters

Editor, Herald:

I have been reading a much lately about Sanford being in the horse and buggy days and the need to move forward. I very much agree.

This week I volunteered to drive a woman to the Child Guidance Clinic in Orlando. She has a child—and a husband—with sick minds. Statistics show we are having more and more mental problems.

The world is simply moving too fast for some of us to cope with it. Seminole County has no trained workers for this—we continue in the horse and buggy days. Ignoring the problem will not cause it to go away.

When you write of the cost of improvements, please check with the Health Director and the Juvenile Judge about help for these disturbed children—and adults. Remember, mental illness knows no social or economic barriers. A mentally disturbed child often goes on to become a delinquent child. Ask the juvenile counselor about that.

Let's admit we are in the horse and buggy stage and go on from there—with first things first. It is a frightening thing to consider, but the mentally disturbed person (who might be helped today) may go on to horrible crimes tomorrow.

There, I wrote and I'm glad. Mrs. Louise Thompson P.S. If you could have been in the car with me and listened to this woman's tale of fear and heartache. Her's, I'm sure, is not an isolated case.

That booklet outlines the basic laws for paying compliments and can be used as an excellent project for your Women's Club or PTA or a Sunday School class.

North Orlando Voters Urged To Register

Lagging voter registration in North Orlando today brought an urgent reminder from Mrs. Barbara Peters, village clerk and registrar, that all persons wishing to vote in the March 16 municipal elections must register in the village books by Feb. 27. To date only 41 of the possible 300 voters have registered, Mrs. Peters reported. Books are open Monday through Friday at the village office from 9 a.m. until noon. In addition special hours have been set for Wednesdays from 7-9 p.m.; Saturdays, Feb. 20, from 10 a.m. until 3 p.m. and all day Saturday, Feb. 27, until the books are officially closed at 4 p.m. Offices open in the elections are the council posts for districts one, three and five for two years and for district four for one year. Qualifying petitions, which may be filed between Feb. 17-27, are available at the office during any of the above stated hours.

Dr. Drinkwater To Speak For Garden Club

Guest speaker Thursday for the Altamonte Springs Garden Club will be Dr. Geneva Drinkwater, world traveler and former professor of history at Rollins College. Dr. Drinkwater, who accepted a full time professorship in Madras, India, more than a year ago, will tell of her experiences while touring many foreign countries. The program will follow the club's regular monthly covered dish supper to begin at 6:30 p.m. at the Community House. Supper committee includes Mr. and Mrs. L. R. Stover, chairman; Mr. and Mrs. Lewis G. West, Mr. and Mrs. Eric W. Dullman, Dr. and Mrs. Paul O. Schallert and Mrs. Fred W. Rasmussen. Plans for the smorgasbord to be sponsored by the group from 5 until 7 p.m., March 8, are being made by the executive board and will be announced in the near future.

Lyman Folk Singers Present Program For Civic League

The Trade Winds Folk Singers, a combo from Lyman High School, provided the program for last week's regular meeting of the Longwood Civic League (Woman's Club). Jim Gerard, Bill Wharton and Terry Harmon, members of the musical group, played four selections on the banjo and guitars for the pleasure of the women attending. The boys joined members for refreshments of desserts, coffee and iced drinks, served from tables beautifully decorated with arrangements of ferns, azaleas, camellias and cacti blooms. Valentine placemats and napkins were at each place setting. During the business meeting conducted by Mrs. Elizabeth Hill, president, five guests and one new member, Mrs. Jennie Fox, were welcomed. Mrs. Elena Shaw, chairman of the card party held recently, reported that a large crowd attended the event and thanked the people for their patronage. She said that Mrs. H. F. McPeak had received the door prize and expressed her appreciation to Mrs. Hill and Mrs. Lillian Cox for their assistance in making preparations for the party. Plans were discussed for the annual dinner sponsored by the club and scheduled for Feb. 27 from 4:30 until 7 p.m. at the Civic League Building. Menu decided upon includes country steak, whipped potatoes and gravy, homemade rolls, vegetable, coleslaw, hot apple pie and coffee. Tickets for the dinner, priced for adults and children, may be purchased in advance from any member of the club or at the door.

Mrs. Margie Hanner, librarian, reported that she has received many compliments on the League-sponsored library from out of town visitors to the area and that library hours would continue Saturday, 9:30-11:30 a.m.; Tuesday, 7-9 p.m. and Thursday, 3-5 p.m. Assistant librarians are C. E. Stewart, Miss Dorothy Henth and Mrs. Blanche Kissane. Plans were made to paint the ceiling of the library white to provide better light reflection. Mrs. Leota Putman gave a devotional and the salute and collect were read by the members. On the next regular meeting date, March 2, the group will travel to Busch Gardens in Tampa by chartered bus, leaving the Civic League Building at 8:30 a.m. Women making the trip may bring their own box lunch or purchase a meal at the Gardens. Hostesses for this month's meeting were Mrs. Ralph Start, Mrs. Grace Raddin, Miss Dorothy Heath, Mrs. L. B. Ostrander, Mrs. McPeak, Mrs. Clark McCoy and Mrs. Shaw.

Sunland Charity Horse Show Set For Wednesday

By Jane Casselberry. The spectacular five-day Sunland Charity Horse Show which will open officially at 7:30 p. m., Wednesday, at Seminole Raceway in Casselberry will benefit the research program at Sunland Hospital for the Retarded near Orlando. Mr. and Mrs. John Sutton are co-chairmen of the show. (She is the former Ginny Dodd of Goldenrod, daughter of former County Commissioner B. C. Dodd.) Mrs. Sutton is a volunteer worker at Sunland, serving as a Red Cross Gray Lady and when she served as a guide to acquaint the press with hospital facilities recently her enthusiasm and dedication became contagious.

Sunland is probably the largest hospital of its kind in the world devoted exclusively to the care and comfort of the non-ambulatory, severely retarded and severely handicapped physically patients between the ages of a few weeks to more than 60 years of age. The hospital's capacity is 1,000 beds and out of the nearly 900 patients there now less than 100 are capable of feeding themselves or being toilet trained. Yet in spite of the almost unsurmountable task of caring for the "most helpless of the helpless" and "least hopeful of the hopeless," the wards gleam with cleanliness and the patients' faces reflect the tender loving care which they receive by the smiles they give Mrs. Sutton when she walks in the room.

What could be more inspiring to the medical researcher than the challenge to help eliminate this threat to generations yet unborn. Little is known about the cause and cure of mental retardation, but under the competent leadership of Dr. Charles H. Carter, medical and research director, progress is being made at Sunland particularly in the field of Cytogenetics. Dr. Carter is a member of the President's Committee on Mental Retardation and was recognized at the annual Joseph P. Kennedy Jr. Foundation Awards Dinner in New York for his achievements. He has recently authored the first complete work on "Medical Aspects of Mental Retardation."

Several important discoveries have been made with the limited resources and financial grants available to Sunland, and it is hoped that proceeds from the horse show will further research. A new type of mental retardation discovered at Sunland is being named the "Carter Syndrome" and the abnormal chromosome found in the patients' blood is known as the "Orlando Chromosome." Other research is being done in the fields of biochemistry, amino acid metabolism and evaluating drugs.

The "mercy seat" was a golden place on top of the Ark of the Covenant on which was sprinkled the blood of sacrificial animals. Those entering in the dairy show were graded according to the 4-H's showmanship, record book, grooming and fitting of animals and individual animal score. According to County Agent Cecil A. Tucker II, these 4-H's did an excellent job in representing the county at these shows. This was the first time that the majority of these 4-H's have shown an animal.

Space Capsule In Final Test. CAPE KENNEDY (UPI)—The Gemini capsule scheduled to make America's first two-man spaceflight in April was hoisted above its Titan-2 rocket early today to begin a long series of final tests. The 6,900-pound spaceship will take astronaut Virgil I. Grisson and John W. Young on a three-orbit, 44-hour voyage around earth to open the nation's second generation man-in-space program.

Saves Self. TAVERNIER (UPI)—A 17-year-old boy, Peter Swan, one of three persons missing all night aboard a 18-foot skiff in the Florida Keys, swam ashore here this morning and reported his father and brother were clinging to the overturned boat. However, when a Coast Guard search helicopter found the swamped skiff later this morning, the two others were not there.

Royal Wedding. ATHENS, Greece (UPI)—Prince Michael, of Greece, was married to Marina Karalla, a 25-year-old painter and theatrical designer.

Altamonte Civic Club Plans County Federation Meeting

By Julia Bartos. Altamonte Springs Civic Club will be hostess to a meeting of the Seminole County Federation of Woman's Club on Thursday, Feb. 25, at the Altamonte Community House beginning at 10 a.m. Plans for the meeting, which will be followed by a covered dish luncheon, were made at last week's meeting of the Altamonte Club which opened with a Chinese Auction netting approximately \$25. Guest speaker for the day, introduced by Dr. Gertrude Forman, program chairman, was Mrs. Oswald Delgado of Winter Park, wife of a Presbyterian minister. Presenting a fascinating and enlightening review of the book, "Reflection on the Sounds," by C. M. Lewis, Mrs. Delgado also gave a brief history of the author's life, relating his turn from atheism to religion and how the meaning of the Psalm came into his everyday living. Tables were decorated in the Valentine theme with callias placed at each setting and featured in the large centerpiece arrangement. Corsages of this chosen flower were presented to Mrs. Delgado and the club president, Mrs. Eugene Taylor. Hostesses for the day were Mrs. M. L. Tinsley, Mrs. Glenn Humes, Mrs. Frank Long and Mrs. Ralph Peter. Refreshments of apple cake with whipped cream and cherries were served.

Comfort Items To Be Displayed At Meeting

By Donna Estes. Comfort articles made for the three veterans hospitals by members of the Auxiliary Unit of American Legion Old Glory Post 188 of Altamonte Springs will be displayed at the regular meeting of the unit scheduled for 8 p.m. Monday at the Legion Home on Prairie Lake.

Members participating recently in making the articles at the home of Mrs. Grace Anbacher, president, were Mrs. Catherine Burkhardt, rehabilitation chairman; Mrs. Nancy Russell, Mrs. Minty Warren, Mrs. Laura Larkum, Mrs. Molly Steudle, Mrs. Lillian Cox and Mrs. Elizabeth Hill.

Valentine Box lunches, provided by the auxiliary, will be enjoyed with members of the post during a combined social evening following Monday's meeting.

Blood Bank Visit. The mobile blood bank unit will be in DelRay at the Community Center on March 18. Constable Oscar Papineau and Miss Ethel Johnson, co-chairmen of the local blood bank who are in charge of arrangements, will announce hours in the near future.

Violin Maker Shoots Wife

NEW YORK (UPI) — One of the nation's top violin makers shot his wife to death in the lobby of the American Museum of Natural History in the presence of their 13-year-old daughter and 100 other horrified onlookers. The dead woman was Mrs. Gertrude Didenko, 43, who had won an annulment from her 72-year-old husband, Dmytro Didenko, last Thursday after a decade of marital discord.

Miss Patty Walker Honored With Pre-Nuptial Luncheon

By Jane Casselberry

Miss Patty Walker, lovely bride-elect of Thomas A. Speer, Sanford, was honored at a luncheon Saturday, Feb. 6, in the Turquoise Room of the Hamilton House at Casselberry.

Hostesses were Mrs. J. H. Loecheit and her daughter, Mrs. James B. DeBrine.

The honoree was presented with a gift of her chosen crystal and a corsage of white carnations.

The centerpiece for the table consisted of a beautiful arrangement of white pom-pom chrysanthemums, baby's breath and pink carnations, flanked by silver candelabra with white candles.

In addition to the honoree and hostesses, those attending included the bride-elect's mother, Mrs. Leon E. Walker; the future groom's mother, Mrs. George A. Speer Jr.; his sister, Mrs. Dwight Holmes of Tampa; Mrs. Ed Hurt, Winter Park; Mrs. G. Andrew Speer, Mrs. Al Wallace, Mrs. Robert O'Neil, Mrs. Henry Toole and Mrs. Jack Schiffard.

BRIDE-ELECT Miss Patty Walker, seated right, was feted at a luncheon given at the Hamilton House, Casselberry, by Mrs. J. H. Loecheit and Mrs. James D. DeBrine. Also seated is the honoree's mother, Mrs. Leon E. Walker; standing left to right are the groom's sister and mother, Mrs. Dwight Holmes and Mrs. George A. Speer Jr.

Phi Gamma Eta Has Model Meet For Rushees

Phi Gamma Eta Chapter of Beta Sigma Phi recently met at the home of Mary Sharp.

The culture program was presented by Barbara Erickson and Shirley Stumpf. It was the first of a new series, "The Feminine Touch."

President Peggy Crever presided at the "model meeting." Rushees were invited to attend to get acquainted with procedures of the chapter.

Those rushees attending were Rose Kratzert, Dinah Brumley, and Linda Craven.

The Sidney Vilhena will be host to a Valentine party on February 13. It will be an informal get-together of all members and husbands.

The chapter has agreed to take on a new service project. The girls will be the foster parents of two children of this county.

Jan Vilhen, Service committee chairman, has spent much time in contacting the State Welfare Department and presenting the schedule of plans to the chapter.

During the social hour, the hostesses served cheese cake, lemon meringue pie and cokes. The girls then played games of skill.

TENNIS, ANYONE? — A British sportswear designer has created an elegant costume for the tennis courts. The one-piece outfit features a crocheted bodice with a delicate ruffle circling the neck. Matching the bodice is a pair of over-the-knee crocheted stockings. Bootlets replace traditional tennis shoes.

New Officers Preside At OES Recent Meeting

Seminole Chapter No. 2, O.E.S., held its first meeting after the installation of new officers on Thursday, Feb. 4, at the Masonic Temple, at 8:00 p.m. Forty-three members and visitors were present.

Financial statements for the year 1964 were submitted by the secretary, Mrs. J. H. Blibrey and treasurer, Mrs. L. T. Sheppard. Report of the auditing committee was read by Mrs. J. H. Anderson, Chairman. All reports were accepted.

A petition for affiliation was received and referred to an investigating committee.

The Past Matrons presented a courtesy honoring the Worthy Matron. As the Past Matrons stood, Mrs. Charles Cole, president, and Mrs. R. E. Peurlfoy approached the East carrying the Worthy Matron's emblem, a red star bordered in white and centered with a white dove. These they presented to the Worthy Matron and Worthy Patron. The Past Matrons then saluted her with good wishes in verse, and presented her with a beautiful gift.

Byron Leach sang a stanza of "Sweet Peace, the Gift of God's Love" as the officers stood in formation of a star during the outgoing march.

Mrs. Estes, Junior Matron, and Mrs. Peurlfoy served delicious home made cake decorated in real whipped cream, and coffee after the meeting. (A secret — Mrs. Estes made the cake!)

Simple Remedy Reduces Tension For Harried

Tension can wear down the human body even as infection does. For the harried mother, who has to be chauffeur, cook, maid, shopper, counselor; for the career woman who must combine job with homemaking; for the man who is confronted with all sorts of crises at home and at work, tension is a formidable foe.

To reduce tension, Dr. Paul Dudley White, distinguished heart specialist, suggests a simple remedy: Take a two-hour vacation as often as you can manage. Walk briskly to a library and browse; walk to a park or botanical garden and stroll about, enjoying the out-of-doors. Eat an unburied picnic lunch under a tree in your city park — it's a welcome change from a crowded restaurant.

Every community has some attraction to which its harassed citizens can escape: A zoo, a park, an interesting shop, unexplored countryside.

Break the day's routine and tension — the life you're conserving is a precious one.

Women Educators Feted At Gala Luncheon

By Jane Casselberry
A gala luncheon meeting was held Saturday, Feb. 6, at the Windjammer Restaurant in Fern Park by the Beta Chapter of Delta Kappa Gamma Society, honorary organization for women educators, including teachers from the Lake, Volusia, and Seminole areas.

"Hemispheric Friendship" was the topic of the speaker, Mrs. Marie Bowden of Leesburg, Administrative Assistant to the Citrus Products Sales Department of Minute Maid Corporation. A prominent businesswoman and civic leader, Mrs. Bowden spoke first hand of Latin American relations as she was chairman of the first Hemispheric Friendship Goodwill Tour of Central and South America in 1960; chairwoman of the first Conference of Business and Professional Women of the Americas in Puerto Rico in 1961 and is at present chairman of Hemispheric Friendship Committee.

Because of her contribution to the advancement of education she was made an honorary member of the Beta Chapter.

Introduced by Mrs. Cynthia Schumacher of Leesburg, program chairman, she emphasized the importance of the role of the teacher in furthering international understanding in the countries of South America which she visited and sensed a hunger for food, education, opportunity, friendship and dignity as an individual.

Mrs. Margaret Manfre of Sanford, chairman of arrangements for the luncheon, and her committee consisting of Mrs. Marguerite Partin, Mrs. Frances Walton and Mrs. Catherine Wheelchel of Oviedo,

were responsible for the gay and imaginative decorations which carried out the Latin American theme.

Colorful blankets and serapes adorned the walls, a large arrangement of red roses, white chrysanthemums, stock, and leather leaf fern formed the centerpiece for the speakers table, and the side tables were decorated with open Spanish fans and clusters of double red camellias.

Clever dolls each concealing a bag full of surprise favors served as place cards and the program covers were decorated with fans, sequins, and lace.

A silver offering was taken for the scholarship fund.

Mrs. Anna Pascoe of DeLand, chapter president, conducted the business meeting and music chairman Mrs. Caroline Wiggins led the group in singing a Spanish song.

Miss Pat Appleton, Rollins College student, now intern teaching at Lynn High School, was a guest of Mrs. Alicia Schmidt.

Others attending the meeting from Seminole County were Mrs. Lucille Snyder, Miss Mabel Chapman, Mrs. Alda Milwee, Mrs. Nancy Brock, Miss Edna Chittenden, Mrs. Ruth Merlweher, Mrs. Velma Mitchell, Mrs. Betty Jo Palmer, Mrs. Mildred Wright, Miss Dorothy Rice, Miss Ethel Riser, Miss Barbara Ruprecht, Mrs. Katherine Teague, Mrs. Helen Westgate and Mrs. Hilda Wray.

LUNCHEON CHAIRMAN for the Delta Kappa Gamma Society, Beta Chapter luncheon at the Windjammer Saturday, Feb. 6, was Mrs. S. F. Manfre, Sanford, (left) chapter president; Mrs. Anna Pascoe, DeLand, president, and Mrs. Marie Bowden of Leesburg, spoke on "Hemispheric Friendship."

Dinner Dance, Show Staged By Theta Epsilon Chapter

The Policeman's Benevolent Building was the setting recently for a spaghetti dinner dance sponsored by Theta Epsilon Chapter of Beta Sigma Phi.

Highlight of the evening was a floor show staged by the members with Stern Bolte acting as Master of Ceremonies. He introduced the first act, the "Beta Bugs," interpreting their version of "The Name Game." The talented quartet was composed of Betty Lewis, Sherry Bolte, Jo Kuhke and Faye Stetson.

For the finale, the "Soap Suds Three Plus One" did the ever popular "Leader of the Laundromat." Paul Lewis, Sherry Bolte, Duffy Hutton and Jack Erickson formed this quartet.

Special guests enjoying the evening were Chuck and Joyce Sammet, Craig and Joan Moore, Jeanne and Frank Dunn, Joyce and Chuck Roberts, Faye and Boyd Gaines, Eleanor and Andy Anderson, Carolyn and Dick Dennison and Richard and Gail Rozolsky.

Members attending were Betty and Paul Lewis, Walt and Joanne Hohannon, Sterne and Sherry Holte, Betty and Jack Erickson, Jo and Bob Kuhke, Gary and Pat Helms, Art and Kay Lee, Rick and Mona Walker, Tom and Pat Largent, Betty and Bob McKee, Nancy and Randy Reynolds, Bill and Fran Rivero, Jan and Don Cahill, Sharon and Al Davis and Faye Stetson and Duffy Hutton.

'Rainbow Tea' Planned Thursday

By Mrs. John Leone
The beautification committee of the DelBary Garden Club is busy preparing for the annual birthday celebration. This year the event will be called the "Rainbow Tea" and will be held at the Community Center, Thursday, Feb. 11 from 2:30 to 5 p.m.

The committee is composed of the Meses, E. Shoptaugh, Rose Fidler, George Nicely, Lynn Reed, Earl Merrill, H. Hettrick and William Lake-man, chairman.

Chairman of the six tables are the Meses, Angel Diaz, E. Haigh, Aldo Loos, P. Lounsbury and George Ruppert. The public is cordially invited to attend the "Rainbow Tea."

Club members are urged to attend the Zoning Board meeting at the DelBary Fire Recreation Hall on February 8 at 7:30 p.m.

25th Anniversary Observed At Elks Charity Ball

Amidst the glitter of silver to mark the 25th Anniversary of the Sanford Elks' Charity Ball, 175 members, their wives and guests danced Saturday night to the music and entertainment of Sonny Bloch's orchestra.

The beautiful heart arrangements, supplied by the Sanford Flower Shop along with hearts framed with chiffon and lace, added color to the occasion. Sylvia Moss of the Anna Miller Circle was crowned the Valentine Queen and presented an attractive bouquet of flowers.

Exalted Ruler, Wade Snyder, gave the impressive rendition of the "Eleven O'clock Toast" after which several hundred balloons were released from a net suspended from the ceiling, adding to the festivity.

After a most enjoyable evening, guests were served an early morning breakfast at the club.

Marlin Hardtop, New Sports Car, Unveiled Today

DETROIT (UPI) — American Motors today officially unveiled its new Marlin hardtop "designed for those who want a sporty fastback concept combined with roominess and comfort."

"The Marlin's design concept provides conventional hardtop spaciousness and comfort which until now have been sacrificed in other fastback designs," Thomas A. Coupe, vice president of automotive sales, said.

It will have full six-passenger room.

The Marlin, featuring power-disc brakes, individual reclining seats and heater-ventilating system as standard equipment on a price tag of "less than \$3,000," will go on display March 1 at Rambler dealers across the country.

It will be displayed for the first time publicly at the Chicago automobile show Feb. 20-28.

The Marlin's fastback roof panel sweeps from front to rear and down to the bumper line.

Massive tail-lights with horizontal metal ribs flank the tapered body. The rear "sky-light" window is formed as an integral part of the roof panel.

The standard power plant for the Marlin is American Motors' new torque command 232-cubic-inch six cylinder engine rated at 155-horsepower and two-barrel carburetor.

Sanford recreation department will host its annual Valentine Dance on Friday night at the recreation center.

Music will be featured by the "Rogues," an up and coming band from Sanford. The "Rogues" will feature both instrumental and vocal pop tunes throughout the evening.

Dress will be regular school dress.

Doors will be open at 7:30 and the dance will close at 11 p. m.

Sanford native Lynn W. Whelchel, a native of Sanford, died unexpectedly Tuesday at Miami.

The former Margaret Peters, daughter of the late W. H. Peters and the late Alice Peters O'Connor, was born Nov. 4, 1908, in Sanford.

She attended schools in Sanford and Baltimore and Florida State University at Tallahassee prior to removing to Miami, where she has resided since her marriage.

Mrs. Whelchel was a member of Miami Shores Presbyterian Church and was active in civic and medical organizations.

Surviving are her husband, Dr. L. W. Whelchel; three children, Lynn Jr., student at McGill Medical School in Canada; Susan, presently teaching in Formosa, and Henry, a student at Harvard; a step-sister, Mrs. Joseph A. Braun, Hillsborough, Calif., and a cousin, Miss Charlotte Smith, Sanford.

Funeral arrangements are being held in absence pending arrival of relatives.

Sanford Native Dies At Miami

Florence Elsie Bunnell, 73, of Bunnell Road, Bear Lake, died Tuesday.

A native of Carrington, N. D., she came to this area 44 years ago from Minneapolis, Minn. She was a member of St. Andrew's Presbyterian Church.

Survivors are her husband, G. W. Bunnell, of Bear Lake; sons, G. Willard Bunnell, of Orlando and Archie H. Bunnell, of Lockhart; a sister, Mrs. Mary Alice Sunvold, of Lockhart; four grandchildren and seven great-grandchildren.

Mrs. M. Inghram Succumbs At 59

Benjamin Smith Succumbs At 50

Benjamin Marion Smith, 50, 3027 Cecilia Drive, Bear Lake, died Monday.

A native of Sanford, he had been residing in the Bear Lake area for 19 years, coming there from Richmond, Va. He was a former salesman and construction foreman, a member of Lockhart Baptist Church and a veteran of World War I.

Survivors include his widow, Mrs. Carolyn S. Smith, of Bear Lake; sons, Benjamin L. and Douglas M., both of Orlando; a brother, Milton, of Orlando, and a sister, Mrs. D. J. Ricks, of Geneva.

'Too Cool' SAN FRANCISCO (UPI)—

Gas station attendant Edward Curtis phoned police to report two men had robbed him of \$20 at gunpoint. He was told officer James Bates had already arrested the men after stopping them for questioning because that seemed "too cool."

Fresh Fruits, Vegetables Offset Meat Offerings

Food Shopping Guide (The following guide to the nation's best buys for the weekend has been prepared by the U. S. Department of Agriculture and Interior for United Press International.)

WASHINGTON (UPI) — Somewhat limited meat offerings are offset by a variety of colorful fresh fruits and vegetables this weekend.

Beef steak and ham are the best red meat buys, followed closely by broiler-fryers, eggs, canned pink and chum salmon, and fish portions and sticks for those good protein buys.

The latest reports from the consumer and marketing service show that carrots, celery, lettuce, sweet potatoes, bananas, and grapefruit are in good supply.

Onions, both green and dry, tomatoes, apples, and oranges are especially plentiful.

Greyhounds Move Up To Second Place Tie In Orange Belt

The Sanford Herald Page 4—Wed. Feb. 10, '65

Strikes . . . Spares

By John A. Spolek
I know all of the girls will be interested in knowing when they're scheduled to bowl and on which lanes this coming week-end for their fifth annual bowling tournament, so here's the official line-up from your association secretary, Fran Morton.

There'll be 18 teams on the 1 o'clock squad and 15 teams competing at 5 p.m.

Starting on lane one and working towards 18, this is the way the teams will be rolling: Grand Prix, Ramblerettes, Bonnevilles, Dragonettes, Le Sabres, Art Brown Post Control, Thursday Night Mixed, Behrens Tractor Repair, Merle Warner Realty, Pancho's Mexican Food, Stenstrom Realty, Lil' Buggers, Five Coquettes, Johnny Walker Realty, Jet Inn, Sand Spurs, Inland Materials and on lane 18, it'll be Karina Insurance.

Bowling at 5 p.m., you'll find these teams in action. Again starting on lane one and working through lane 18: Wilson-Marj Furniture, Bettye Anne's Hair Styling, St. John Realty, Pierre Manufacturing, E 7-8-9ers, Rowe's Tire Shop, Staffiers, O.K. Tire, Electras, Hunt Realty, Catalinas, Tempests, Sheppard's Oil, Lake Monros Inn-Lanes and on lane 15, it'll be the NAS Ops Ops. (The name alone ought to win 'em something, huh?)

The Doubles and Singles Lane assignments are on display here at the lanes and you'll be able to confirm yours by checking it out at the time you come in to shoot your team events on Saturday.

The D & S's are on Sunday with squads at 2 and 4 p.m. There's a total of 33 teams entered for this annual event and 18 pairings for the doubles and singles.

The public is cordially invited to watch these women bowl with a special invitation for all of the husbands of these women to come on out and cheer them on.

Incidentally, as is the case every year, the men's association volunteers to keep score for the women's tournament with these guys reciprocating the offer for the gent's get-together. We'd like to have

Houston Astros Try New Indoor Stadium

HOUSTON (UPI)—Outfielder Rust Staub slipped a baseball deep toward right field into the plush cushioned bleachers.

"That's better than hitting them outside," Staub said. "I just can't wait for the season to open. It's really, really good."

The scene was just one of the first at a special preview of the new all-weather Harris County domed stadium, as the Houston Astros held the world's first indoor batting practice on a regulation size baseball field.

Singer Anita Bryant threw out the opening baseball to stadium architect Bob Mitchell.

Then the batting began on the lush green carpet of grass inside the dome—after newsmen heard the National Anthem played over the stadium sound system.

A few persons worried that a player might lose track of a hit baseball in the gray overhead of the dome, but generally everyone agreed the ball carried off the bat the same indoors as outside.

Later, someone out of sight of the newsmen threw a switch as it grew dark outside.

Three banks of 1,904 lights that surrounds the upper portion of the dome came to life and lit the arena in an amazing array of color and brightness. A brightness twice that of the old Colt Stadium.

Lyman Drops DeLand From First Place

By Jim Bachus
Herald Sports Writer

The Lyman Greyhounds led all the way Tuesday night in defeating the DeLand Bulldogs 61-49. Led by Eddie Long's 22 points, Lyman gained a second place tie with DeLand and knocked them out of first in the Orange Belt Conference.

Apopka, by defeating Wildwood, now is in first place in the OBC.

The scoring of Eddie Long was influential throughout the contest. He made five field goals and 12 free tosses for 22.

He scored six points on free throws early in the game and put Lyman in the lead, one they never relinquished.

Lyman held a 14-8 lead at the end of the first stanza. A strong DeLand comeback in the second was not successful in overcoming the 'Hounds. Lyman led 31-26 at the half.

The two teams held the distance in the third period with each netting 13 points. Going into the last eight minutes of play Lyman had a 44-30 lead.

The last period made the difference for Lyman as they outscored the foe 17-10 thus winning the game 61-49.

Long's 22 was high for both teams. Joe Asher, shooting on rare occasions, scored 13 points. Mike Sterling, Davis Matis and Jim Winkelman all scored eight points.

John Burkheimer scored two points for Lyman's 61. High scorer for DeLand was Jim Ritter who scored 11 points.

Paul Harris and Eddie O'Quinn each tallied eight points for DeLand.

The victory for Lyman gives them an 8-3 conference mark with one game remaining and a 10-8 overall record. DeLand has a 7-2 record and Apopka has an 8-3 mark for the lead.

The Jayvee game was won by DeLand 44-34.

PAT BRADFORD, of Sanford, member of Dusty Boots Riding Association and 5-H Club, took first place in Western Pleasure Class (open) on her beautiful blue roan mare, Missy, in the Apopka Horse Show. Pat has won a number of ribbons in this class with Missy, which she has had only a short time. (Herald Photo)

'Queen' Semi-Finals Tonight At Dog Club

The Racing Queen semi-finals are on tap tonight at the Sanford-Orlando Kennel Club with the best 16 female runners at the track vying for berths in Saturday night's Racing Queen finals.

The first four greyhounds across the finish line in tonight's eighth and ninth races will make up the field for the Saturday night finals.

The first four finishers in Saturday night's special feature will be matched against the track's best four male sprinters in the King and Queen championship on Feb. 27.

Morning line favorites in tonight's eighth race are L. L.'s Me Too and Miss Whirl. L.L.'s Me Too has been in the money in all nine of her starts this season with six wins. Miss Whirl has four wins, four second place finishes and one third place finish in 11 starts.

Other eighth race starters include O.B.'s New Day, Shanna, Candy Spots, Dora Doll, Kivnelli and She's Set.

Early ninth race favorites are Summeretta and Katie Sunmarker bounding out the field will be Naoma Secretary. Quite Nice, Gena Faye, Lucknow, World's Fairat and Ebony Rock.

Sanford Braves, Dora Bulldogs Break Even

By David Higginbotham
Herald Sports Writer

The Sanford Junior High Braves split a pair of tilts with the Mt. Dora Bulldogs last night in the Braves' last game of the season with a 53 to 34 win for the Sanford eighth grade over the Bulldog ninth grade and a 46 to 43 loss for the Sanford ninth grade to the Mt. Dora 10th and 11th grade team.

In an earlier meeting of the season Sanford defeated the Bulldogs in both games.

Bobby Lundquist was high man for the Sanford eighth grade team in the first half of play with 15 points and Tommy Sandage was second with six. Bill Bracken made five and Skip Senkari added four with Matt Morgan adding two to give the Braves a 31 to 14 lead at the half.

In the second half Morgan and Sandage made six points each and Lundquist and Kit Jarrell made four each. Bracken made two and Senkari made one to give the Baby Braves a 53 to 34 victory.

In the ninth grade competition Sanford lost by a score of 46 to 42 to the Bulldogs in the final seconds of the final period. Mike Grant and Tom Brant made six points each for Sanford in the first and Muey Long and Bruce McKibbin made three each with Leslie Green dropping in two and Brad Hollingsworth adding one to tie the game up 21 to 21 at the end of the first half.

In the second half Brant paced the Braves with 10 points and Grant added five with Ira Abramson making four. Hollingsworth added two, but the Bulldogs made four foul shots to win the game 46 to 42.

NEW TWIST—Frank Costello, University of Maryland high jumper, just missed clearing the crossbar which was at seven feet. He looked good trying, though.

Sanford All Stars Named For Tourney

Sanford recreation department's Biddy Basketball (Florida Junior Boys Basketball) held the balloting to select the All Star Team to represent Sanford in the 1965 State Tournament to be hosted by DeLand.

The team will be as follows: Steve Hitchcock and Jim Dunham, of Standard Oil; Bill Schmidt, of Strickland-Morrison; Harry Sykes, of Sanford Atlantic Bank; Al Gross and Ricky Smith, of Sanford Electric; Randy Brown, of First Federal; Tommy Gracey, of Day and Nite Grill, and Mike Richard and Russell Gordie, of Pinerest Rexall.

The Sanford All Star team schedule to date:

Sanford vs DeLand, Seminole High, Feb. 22, 7 p.m.; Sanford vs DeLand, DeLand Jr. High, March 1, 7 p.m.; and Sanford vs Clewiston, DeLand Jr. High, March 5, 8 p.m.

The Sanford team will be coached by Chief John Stubbins, who coached First Federal to a big local season.

Recovered

NEW YORK (UPI)—The injuries and illnesses that sidelined Bill Crothers, Sam Perry and Russian high jumper Valery Brunel last week have subsided, and they plan to appear in the New York AC meet Thursday night at Madison Square Garden.

Sanford Electric, First Federal To Square Off

Sanford Electric will square off against First Federal for the League Championship of Sanford Friday night.

The big contest will be played at Seminole High Gym starting at 8:15.

In a preliminary game Strickland-Morrison will play WTRR to determine third and fourth place in final league standings.

Sanford Electric locked up the second half honors by dumping Standard Oil in the final regular season game.

First Federal defeated Sanford Electric 42 to 40 in a play off game to determine the first half winner, while Sanford Electric turned the table in regular season by 41 - 40 in the first half.

You're missing a lot when you own a Volkswagen.

A VW has fewer parts than other cars because it needs fewer parts. That's no bulky drive shaft to transfer engine power to the rear wheels. Our car's engine is in back to start with and to maintain traction with it. That's why it doesn't need a drive shaft. And it doesn't need a radiator, or a water pump, or hoses. Because the engine's cooled with air, not water. When you drive your first VW, you may miss putting in antifreeze, rust inhibitors, and whatnot. But you'll soon get used to it! The stuff a Volkswagen doesn't use, it doesn't have to haul land waste gas on! Which is one reason it averages 32 miles per gallon of regular. And the parts you don't buy, you'll never repair. So you can't waste money on that. Now you know why you can drive a VW for years and years with a lot of parts missing. And never miss them.

Don Schollander Hooked Early By Lure Of Gold

(First of a Series)
By Sandy Padwe

NEW HAVEN, Conn. (NEA) —As everyone knows, 9-year-old boys have a way of becoming difficult when not sufficiently amused.

For Don Schollander, it was easy.

"I was always pretty restless," he said through a broad smile. "We were in

MORE AWARDS—In addition to the Sullivan Award as the top U.S. amateur athlete, swimmer Don Schollander has received numerous honors, including "World's Best Sportsman" from Journalists of West Germany.

Ocala, Fla., visiting my mother's relatives. My mother was busy and I couldn't find anyone to play football with me.

"I remembered my mother telling me to go down to the pool—I guess she wanted to get rid of me."

So the youngster went down to the pool and began paddling around. Pretty soon he had tired of that.

"My uncle ran the pool," he said, "and I asked what I could do now. He suggested I swim laps with the team he coached."

That was the actual start for the youngster who won the Sullivan Award which goes to the outstanding amateur athlete in the country.

A few days later, the real lure of swimming hit him.

"There was a meet," Don said, "and my cousin took a third place. He got a medal. Well, I was in a race, too. I think it was the backstroke. At the time I was nine years old so what did I know about heats?"

"I took a third place in the heat and I went up to the people running the meet and asked for my medal. They said, 'You don't get one for finishing third in a heat.'"

"But I didn't care. All I know was that I finished third and wanted a medal."

Momentarily shattered, young Schollander headed home with his family to Lake Oswego, Ore., resumed swimming and started winning medals almost immediately.

Nine years later, Don Schollander is the only swimmer in history to win four gold medals in one Olympiad.

By the time he was 15, Schollander had made his decision to devote the next three years exclusively to making the U. S. Olympic team.

"At that tender age," he said, "sounding like some one out of Charles Dickens, 'I packed my suitcase, said farewell to friends and family and moved.'"

His new home was Santa Clara, Calif., and his new family — headed by George Haines — was the Santa Clara Swim Club, producer of 13 U. S. Olympians last year.

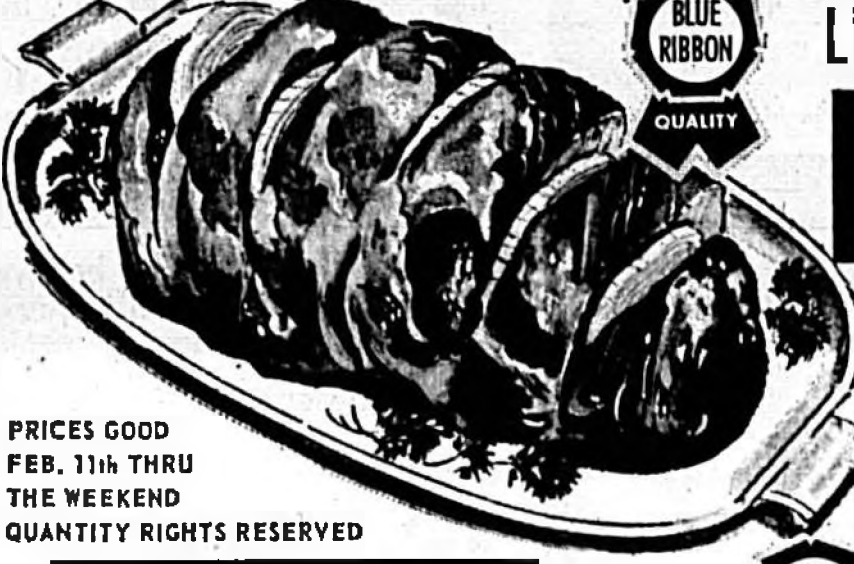

Once again, Schollander is in a new home, this time Yale University. He is a mid-seester freshman, which is considerably lower than being the greatest U. S. Olympic hero since Jesse Owens.

"Hardly anyone pays attention to me here," Schollander said happily. "About the only people who know me are the guys on my floor."

Anonymity is a pleasure to Schollander who became so proficient while swimming for George Haines and his swim club that he is now one of the most sought athletic figures in the country for banquets and public appearances.

JIM Stanton, parachute rigger first class, re-enlisted in the Navy for four years. A member of Heavy Attack Squadron 11, he has served with the Navy since April 1956. He resides with his wife, the former Patricia Thomas, of Sanford, and their four girls at P. O. Box 219, Route No. 1, Sanford.

Navy Launches Sound Buffer Project At Base

A double ceremony Tuesday at Sanford Naval Air Station marked another step in the continuing effort to reduce noise and the launching of another construction project.

The first event, a tree planting, concluded the setting out of more than 150,000 pine seedlings around the perimeter of the Naval base which will eventually serve as a sound buffer.

The second was a ground breaking for a \$32,700 shop addition.

Participating in the ceremonies were Mayor J. H. Crapps, W. A. Patrick, W. K. McRoberts, Dr. John Darby, Capt. C. W. Swanson, station commanding officer, and Capt. J. G. Mayo, commander of Reconnaissance Attack Wing One, Tom Doyle, resident officer in charge of construction.

Contractor Gene Harris, of Tallahassee, completed the job of planting rows of pines on the north side of the station parallel with Highway 46, along the eastern section of the base and along the southern boundary between the enlisted housing and the boathouse.

The project is part of a 10-year forestry program planned for the base by Southeast Division of the Naval Bureau of Yards and Docks, Charleston.

LeRoy C. Robb Construction Company of Sanford, is constructing the 40 by 100-foot pre-fabricated metal building extension to Building 255.

More than \$2 million in construction is scheduled for the Naval Air Station this year.

Film Showing

A color travel film, "In Louisiana," is scheduled on the program for Wednesday's 7:30 p. m. meeting of the DeBary Fishing Club to be held in the Fire Hall. The film will be shown by Elmer Thompson. Meeting will be conducted by the president, Norman Roach. The public is invited.

Brain Not Eyes Picture Objects, Rotarians Told

Many misconceptions about the eyes and sight were scored by Dr. Richard Dougherty, speaking to members of the Rotary Club.

Dr. Dougherty noted that contrary to public opinion, 20/20 vision does not mean perfect eyes. He also emphasized that the picture we see, is not with our eyes but with our brain. Vision is a learned function, the same as walking or talking.

"Vision also is greatly influenced by past experience, thus putting vision into the field of psychology," he pointed out.

The far-sighted child is the one most likely to become a poor or retarded reader and most near-sighted children fall into the upper third of their class at school.

"One of the most disturbing facts about the care of the eyes is that only about 50 per cent of school children, whose vision has been detected by testing as below normal during school screening programs by the public health nurse, ever sees a practitioner about this problem. This holds true even after notes are sent home to parents," Dr. Dougherty said.

He pointed out that statistics show that about 60 per cent of all professional and 53 per cent of all office workers suffer from inefficient vision.

It is not true that only middle-aged or old people wear bifocals, nor is it true that the whole eye can be transplanted," he declared.

Astigmatism is the condition whereby the cornea of the eye has a double curve to it, like the back of a spoon. This condition cannot be adequately compensated by the eye itself, therefore requires correction in most cases, were some other facts noted.

Color blindness is handed down through mothers to sons as a recessive gene, but the female is seldom afflicted with this condition, Rotarians heard.

Retirement Meet

The Seminole County School Food Service Association will meet at the Lyman High School cafeteria Wednesday at 7:30 p. m. A representative of the state and county retirement system will be there to explain the program for the benefit of all state and county employees.

Plans Outlined For Circle Gay Authentic Smorgasbord

The Ethel Root Circle of the Congregational Christian Church, 24th at Park, has completed all plans for the 13th annual Swedish Smorgasbord. It will be on Saturday, Feb. 20, from 4 p.m. to 7 p.m. at Fellowship Hall of the Church.

Mrs. M. J. Corbett is chairman, with Mrs. G. O. Nordgren, Mrs. Bonner Carter, co-chairmen and Mrs. Harold Herbst, advisor. This is the one big event that the Circle has to make money for their many worthwhile projects. Admission donations are nominal.

American dishes will be served as well as Swedish. Many of the recipes used are handed down for generations, while others have been carefully selected and collected by members of the Circle for the past 13 years.

The Hall will be decorated in a Swedish theme for the festive affair, and those tak-

Mrs. Sandusky Hostess To Coffee In Lake Mary

By Frances Wescor
A morning coffee social get together for the women of Lake Mary was held last week at the home of Mrs. Harry E. Sandusky on Lake Mary.

The hostess served assorted breakfast rolls, cakes, and doughnuts with the coffee.

Those attending were Phyllis Rugenstein, Bessie V. Hebe, Libby Smathers, Dorothy Wade, Fern Benedict, Bobby Benedict, Fannie Leffler, Mike Shottlock, Orlan Cochran, Betty Barley, Edna Sweet, a guest, Betty Freeman and Laura Freeman.

Also Doris L. Baker, Lenna Elth, Emma Bashara, Lillian Goodwin, Mildred Donaldson, Clara Slaven, a guest, Margaret Ulmer, LuVera Harrison, and Hazel, Maxine Hopkins, Shirley Smith, Ruth Goble, Kay Sassen, Elic Jane Keogh and Kyle Keogh.

APPLESAUCE CHIFFON PIE
3 cups sweetened applesauce
1 pkg. gelatin—strawberry, lemon or raspberry
1 pkg. cream cheese
1 cup cream
Heat sauce, pour over gelatin stirring until dissolved. Chill until slightly thickened. Pour into baked pie shell and chill until firm. Top with cream cheese blended with cream.

EGGLESS, MILKLESS, BUTTERLESS CAKE
Cook together for 15 minutes
1 lb. raisins
2 cups water
Remove from fire and add—
1 cup cold water
Mix together, then add to raisins
4 cups flour
1 tsp. soda
1/4 tsp. salt
Add:
1 1/2 cups sugar
1/4 cup lard
1 tsp. cinnamon
1 tsp. cloves
1 tsp. nutmeg
Chopped nuts if desired
This makes a large cake—use large layer pans or three 8 inch pans. Cakes is on spicy order, frost with your favorite frosting. Bake at 350 degrees for about 25-30 minutes or until done.

Miss Mary Nelle King, daughter of Mr. and Mrs. H. Howell King Jr. of Sanford, and Charlie Wheeler Hayes, son of Mrs. Lillie Price Hayes and the late Wheeler Hayes of Pageland, S. C., were united in holy matrimony on February 6, 1965 at 3 p.m. at the Central Baptist Church of Sanford.

Rev. Gall B. Smith officiated at the impressive double ring ceremony before the altar embanked with a profusion of potted palms and accented with two wrought iron-standing seven branched candelabra.

The couple repeated the vows under an archway of greenery with pedestal baskets on either side containing beautiful arrangements of white mums.

Mrs. Shirley Grieme, organist, played the traditional nuptial hymns with Gerald F. Covington, baritone, singing "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride was radiant in a white formal gown of bridal satin. The fitted bodice, fashioned from exquisite Chantilly lace, featured a sabrina neckline embellished with seed pearls and three quarter length sleeves.

Enhancing the graceful A-line bell-shaped skirt and sweeping chapel train were lace appliques. Her headpiece was a Chantilly lace mantilla, which added charm and elegance to her gown.

The bride carried a lavish cascade bouquet of white bri-

dal roses and feathered carnations centered with a white orchid corsage edged with lace and leaf shaped satin tubing. Long loops of picot-edged white satin ribbon cascaded from the bouquet to the hemline of her skirt.

Mrs. Jackie Sensakovic attended the bride as matron of honor and was gowned in a turquoise Empire styled creation. The taffeta skirt featured a velvet bodice and her short veil fell from a Dior bow. She carried a cascade bouquet of pink carnations showered with turquoise satin streamers.

Boyd Hayes of Pageland, S. C. served his brother as best man and ushers were William C. Yates and Worth A. Yates, uncles of the bride.

Felita Miss Debra Lee Yates, cousin of the bride, was flower girl and her frock was of similar design to the matron of honor.

Mrs. King chose for her daughter's wedding a three piece Navy blue ensemble with white accessories and a white corsage.

Following the wedding, a reception was held at the home of the bride's parents, 1903 Palmetto Avenue. Pink and white arrangements of carnations and mums adorned the reception area with the three tiered wedding cake centering the table flanked on either side with silver candelabra holding tall pink tapers.

Assisting at the reception were Mrs. Mona Bridges, Mrs. Evelena Yates and Miss Freddie Berryhill.

For her going away outfit the bride was attired in a pastel blue two piece ensemble

Program On Art Entertains Members Of Gamma Lambda

The home of Ruby (Mrs. J. W.) Carter was the setting for the recent meeting of the Gamma Lambda Chapter of Beta Sigma Phi.

Barbara (Mrs. Jim) Jones and Donna (Mrs. Bill) Bran presented the program entitled "Art." This was illustrated by Bill Brannon who did a very professional oil painting of a water scene and completed it before the meeting adjourned. Each girl was asked to draw a picture to be judged by Mr. Brannon, Claudia (Mrs. Jimmy) Blythe won the picture painted by Mr. Brannon for her drawing.

Carol (Mrs. Jerry) Metcalf announced that she had received a card from the little girl in Sunland expressing her happiness over the presents she had received from the chapter. The chapter decided to send her a package of Valentines so she could make them and send to her friends.

The chapter was reminded to turn in their data to help build up the program files.

Camellia Circle Welcomes Public To Flower Workshop

Mrs. Donald Flamm, president of Camellia Circle, Garden Club of Sanford, has announced that circle members will sponsor a one day flower arranging workshop on Tuesday, February 16 from 9:00 a.m. to 1:00 p.m. at Fellowship Hall of the Pinecrest Baptist Church.

Anyone interested in learning more about artistic design is urged to register. Specific pointers will be given by Mrs. Frank L. Woodruff III, an accredited amateur flower show judge whose skill is well-known throughout the community.

Those attending will participate in making one or more individual arrangements from plant materials which they are requested to bring. Mechanical supplies such as wire and clay will be provided, but each participant should bring her own container and needle-point holder.

For those who are interested, there will also be instruction in the design of miniature arrangements by Mrs. Metta Starke and the teaching of corsage techniques by Mrs. J. M. Fahey.

Those planning to attend are asked to register by contacting Mrs. Flamm, 322-6053; however, advance registration is not essential. Mrs. Flamm urged that as many as possible attend in view of the fact that the instruction would be helpful for those planning to enter the annual flower show, "Tribute to the Twenties," March 5 and 6. A small charge will be made as the workshop is being sponsored by Camellia Circle as a fund raising project for the new garden center.

Members of Camellia Circle have only recently completed a three week workshop conducted by Mrs. Woodruff and will be available during the hours of the workshop to assist. These members include Mrs. Thomas S. McDonald, Mrs. W. L. Gramkow, Jr., Mrs. R. F. Graham, Jr., Mrs. J. E. Chappelaine, Mrs. W. C. Clause, Jr., Mrs. Vernon Hardin, Mrs. Donald Flamm, Mrs. G. Andrew Speer and Mrs. Angel Diaz and Mrs. John Bischoff, members of Palm Circle.

Camellia Circle will provide coffee throughout the workshop hours. Each person planning to attend is asked to bring her own sandwich or snack if he desires.

Whitest Points Nearest Heaven

By Robert B. Thomas Jr. 322-5758

E. H. Chapin said: "An aged Christian, with the snow of time upon his head, may remind us that those points of earth are whitest which are nearest to heaven."

Such a statement has reference to elder citizen Turner Davis, who recently observed his 102nd birthday.

This man, who has lived five score years plus two, has spent his years trying to live as near to God as possible.

He told an audience some experiences of his very young life. "I have been in some most dangerous situations but I had faith that Jesus would protect me," he said.

The Midway-Cannon-Camoron City area participated in the March of Dimes campaign.

An assembly program at Midway Elementary School presented a score, entitled "The March of Dimes," sponsored by the seventh grade class under the direction of Mrs. B. A. Rosier.

Highlights of the program included the history and research of polio; some treatments and preventive measures to be observed.

Most outstanding was "The March." Each pupil carried a huge dime stating what he or she desired to contribute his or her time to research, doctor, nurse, special center, iron lung, rehabilitation center, crutches, physical therapist, etc.

The meeting will take place in the Fire Department Recreation Hall and the film will be shown by Howard Middleton.

Business to come before the group includes making of final plans for a bus tour to Busch Gardens in Tampa and the Sunken Gardens in St. Petersburg.

Chaperones were Mrs. Virginia Staley and Mrs. Jonelle Daniel, junior high, and Mrs. Marguerite Partin and Jim Palmer, senior high.

21 'Dragons' Win Ratings

Twenty-one Reconnaissance Attack Squadron Three "Dragons" were recently advanced in rate and congratulated for their accomplishment by Cdr. J. W. Akins, executive officer.

PTA Board To Meet

By Jane Casselberry The executive board of the Seminole County Council of Parent-Teacher Associations will meet at 10 a. m. Thursday at the home of Mrs. William Segrest...

Plans will be made for the Founders Day Program to be presented for the Feb. 18 County Council Meeting scheduled at South Seminole Junior High School in Casselberry.

TURNER DAVIS The following boys participated in the door-to-door march: Earl Williams, Samuel Long, Leon Oliver, Lexie Martin, Hubert Lee Martin, Jimmy Ferguson, Harry Bryant, Abner Jackson Jr., Herbert Black, David Sheppard, Louis Moore, Henry Brown, Curtis Williams, Daniel Miller, Joe Jackson Jr. and George Charlow.

The main topic under discussion was the state convention which is being held in Tampa.

Mrs. Connie Hill, of Jackson Heights Elementary, was selected as delegate No. 1. Mrs. Vivian Walden, of Goldsboro Elementary, was chosen as the alternate delegate.

The president asked everyone to make a concerted effort to attend.

Refreshments of ice cream and cake were served. The next meeting will be held at Hopper Elementary, Feb. 22. Mrs. Pearlje Mae Ford is president and Mrs. Ethel H. Montgomery is the reporter.

Rev. Z. L. Grady, alumnus of Crooms High School, already is making his mark on the sands of time.

Each Sunday morning, directly from the church through WPAU, Charleston, from 11:30 a. m. to 12:30 p. m. his message can be heard.

I am sure you join me in saying how proud we are of this fine minister.

An interested person asked me to make the following observation: Youngsters in the Midway area who have bicycles are asked to put reflectors and lights thereon.

Please observe the preceding statement because the life you save may be your very own.

Note: Every bicycle rider in Sanford, who rides after dark, should observe the above statement.

Please join the Seminole County Voters League: A voteless person is a voiceless person.

John Jeff Dies

By Mrs. John Leons

The first in a series of recent award winning motion pictures to be presented by the DeBary Civic Association will be shown at 7:30 p.m. this Friday in the Community Center.

The film, "Shane," which tells of the difficult homesteading life in early days of the West, was chosen as one of "10 Best of Year" by the National Board of Review and the Film Estimate Board of National Organizations and was awarded a "star" rating as an outstanding movie.

Earl Merrill, civic association president, advises that the films are being shown as a community service and no admission will be charged. However, he says, the "hat will be passed" for contributions to cover costs of the showings with any surplus to go for other community service projects.

A survey will be made among those attending Friday night's movie to determine preference of future showings and frequency of presentation. All people in the community are invited to attend.

Oviedo Science Fair Announced

By Evelyn Lundy

Entry classifications and judging point schedules for Oviedo's local Science Fair were announced today by Mrs. James Palmer, Science Club sponsor.

Classifications include biological, botany, medicine, health, zoology, physical, chemistry, earth and space, physics and mathematics.

Judging will be on creative ability, 30 points; scientific thought, 30 points; thoroughness, 10 points; skill, 10 points; clarity, 10 points and dramatic value, 10 points.

First, second and third place ribbons will be awarded in each division. Winners will enter projects in the Seminole County Regional Science Fair scheduled this year in Oviedo in the school gymnasium for March 25-26.

Dear Abby:

DEAR ABBY: I am a married woman with three children, ages 10, 8 and 5. Four years ago I went to work in an office as a book-keeper and fell head over heels in love with my boss, who is 17 years my senior. He was also married and had a family. We kept our romance a secret until I was three months pregnant. Then he asked his wife for a divorce so he could marry me. She refused. Last summer he left his wife and I left my husband and now we are living together as Mr. and Mrs. We realize we are social outcasts, but we go to church every Sunday and we know in our hearts that we are doing nothing wrong, and

are really married in God's eyes. Now, don't you think his wife should give him a divorce so we can be married and adopt three poor, innocent children? How can we make his wife see the light? ONTARIO: DEAR ONTARIO: I don't know how you feel that you are "doing nothing wrong" and are "really married in God's eyes." According to all the laws of God and man, he is married to another, and so are you. I would say that this man's lawful wife sees the light very clearly. DEAR ABBY: I have come to the conclusion that all the women who work in

the stores in Baltimore must work on commission because no one getting wages would set the way they do. The minute you walk into a store, a saleslady pounces on you. It frightens me so that I nearly forget what I came in to buy. I like to look around a store alone for a little while instead of having someone at my elbow asking, "May I help you?" More than once I've walked out of a store for that reason, and I know plenty of other customers have done the same. Why are the salesladies in Baltimore so aggressive? NO SALE DEAR NO SALE: You call it "aggressive"—same-

one else might call it "eager to serve." It's the salesperson's job to offer help. If the customer wishes to "look around," she has only to say so. DEAR ABBY: Our son is a Cub Scout and I am a den mother. I always thought the purpose of this organization was to teach young boys good character and citizenship, but now I am not so sure. Each month the "peak" meets and the boys present their project of the month. They've made Jack-o'-lanterns, bird-feeders, etc. Blue ribbons are awarded the winners. I used to work with children so I feel somewhat qualified to know what 8- and 9-year-old boys are capable of doing. It is obvious that some of the boys' parents have done most of the projects. The boys are bewildered because they know they are supposed to do the work themselves. Should I speak to the den mothers about this, or remain silent? A DEN MOTHER: DEAR DEN MOTHER: There is nothing wrong with parents "helping" their children in Cub Scout projects or homework unless it's overdone. But where children are relieved of ALL the work, they have learned only to pull a fast one. Present this idea to the den mothers—privately. Problems? Write to ABBY, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope. Hate to write letters? Send one dollar to Abby, Box 69700, Los Angeles, Calif., for Abby's booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Jacoby On Bridge By Oswald Jacoby

South was probably the most embarrassed player in the U. S. team trials for the World Championship when he found himself declarer at three clubs. West's one-spade opening was a proper 11-pointer since he had a fair suit and two defensive tricks. North's two-heart overall was doubtful on distribution but his high card holding was more than sufficient. East's raise to two spades was pure gall. He had almost no high card strength and no singleton.

Bridge hand diagram showing North, West, East, and South cards and suits.

North passed also. As for East, he had ended his bidding career when he gave that one raise. South played the hand pretty well to get out for down one. He won the spade lead in dummy, led a club and finessed the ten. West ducked, whereupon South returned to dummy with a heart and led a second club. This produced the queen, king and ace and West returned the nine of trumps in order to clear the suit. South took that club trick and led a second heart for West to ruff.

"After widowhood for twenty years I am getting married again. I am sixty, my husband-to-be is sixty-five and we are both retired. There's no money to waste, but we believe companionship is important. We are to be married in my sister's home at noon, with a lunch there afterwards for fifteen old friends. What should I wear and what should he wear? We are driving to a large city to spend a week at a hotel on a sort of honeymoon—Estelle." It sounds as if you had planned well. I suggest a soft crepe dress, with a small and pretty hat, a small bag and gloves to complete a proper picture. Wear a corsage which, of course, the groom will send you—and he should send one to your sister. Choose a color for your outfit which is especially becoming to you. This year color is really "in."

We The Women: By Ruth Millett

Regardless of how uncooperative your husband may be, don't push him to the wall by demanding that he accede to all your wishes. That kind of straight talk is more than the masculine ego can take. Through the centuries, smart wives have figured more subtle ways of getting their husbands to behave the way they want them to. The wife who is married to a man a little on the stinky side doesn't, if she hopes to change him, tell him how stinky he is. Instead, she pounces on any little sign of generosity, using it as an example to brag to others about

how generous he is (in his hearing, of course.) If he is a normal male he begins to like the picture of himself as a big-hearted, generous fellow. The wife who wishes her husband paid more attention to the children doesn't nag him into it. She keeps telling him how wonderful his children think he is, until he can't resist making an effort to be their hero. The wife whose husband refuses to be a handy man around the house doesn't keep after him until he accuses her of never giving him a moment's peace.

She has a simple job done, and lets him pay the bill. And the thought suddenly occurs to him that he could have done the job and saved the money. The wife who thinks her husband is a careless host doesn't tell him so. Instead, after they've been to a party at someone else's house, she points out what a good host Joe or Charlie is. The praise of another man's good qualities makes the husband examine his own behavior. A wise wife lets her husband discover for himself how generous, kindly, talented, courteous, considerate and right he always is.

Highlights TV Time Previews

10:11 p.m. CBS. The Danny Kaye Show. Danny gets off the beaten path tonight and presents a three-act comedy entitled "Top Hat, White Tie and Green Socks." Besides Kaye, the show stars Gwen Verdon and singer Harve Presnell. A good show, with the usual Danny Kaye touch. 7:30-9 p.m. NBC. Virginian. "A Slight Case of Charity." (Color) Charity is the name of the role played by guest star Kathryn Hepburn, a delightful young lady. 8:30 p.m. CBS. The Beverly Hillsbillies. (Kerua). Some good funny moments, though the laughs are frequently sparse. Granay (Irene Ryan) knowing nothing about professional cab drivers, accepts a ride from an "obliging stranger," then is outraged when he demands payment. Granay, determined that no one will ever take advantage of her again, insists on learning to drive the Clampett jalopy. Good as the moon-faced cable is Mel Blanc. 9:30 p.m. CBS. Dick Van Dyke Show. "The Redcoats Are Coming." An English rock 'n' roll combo (Chad and Jeremy) guest star. 9:31 p.m. NBC. Wednesday Night Movie. "The Night of the Juggler." (Color) It's man against the ape in this one, and the man is Charlton Heston. A South American researcher sends for a small order bride and she is disappointed when he discovers she (Eleanor Parker) has been married before. While making arrangements to ship her back, an army of soldier ants converge on his ranch, eating up every-

thing in their path. They then have to fight the ants. 9:30-10 p.m. CBS. Cara Williams. "How To Be Happy Though Married." Cara reveals she's married, in violation of company policy. Is her job in danger? Is Frank's? She pleads their case all the way to the top, the chairman of the board, Edward Everett Horton in an all too brief appearance. 8:30-10:30 p.m. ABC. Burke's Law. "Who Killed the

Fat Cat." Whaddya know? The victim is actually a fat cat! Guest stars are Martha Raye, McDonald Carey, Billy De Wolfe and Diana Hyland. 10:30-11 p.m. ABC. ABC Scope. "Dilemma in Vietnam." With United States policy as regards Viet Nam in a state of confusion, it's little wonder that the ABC network's representatives are at odds. This show is a debate between Charles F. Arnold and John Beall.

Horoscope Forecast

Thursday, Feb. 11, 1965
GENERAL TENDENCIES:

The morning brings you an excellent chance to get on a much better basis with a very influential and dynamic, up-to-date higher-up who sees your best qualities. The PM brings the possibility of some very unfortunate relationships with those who have a chip-on-the-shoulder, so force no issues.

ARIES (Mar. 21 to Apr. 19) During morning your pals are very receptive to your ideas, but steer clear of that worrisome situation tonight. Get some working during day. Take it quite easy tonight. Be happy.

TAURUS (Apr. 20 to May 20) Handling affairs in the business world early is fine, provided you are modern to the nth degree. Plan social activities, too. Steer clear of irritable pals. Don't reach important decisions.

GEMINI (May 21 to June 21) Your most desirable aims require a new viewpoint, taking in associates who are possibly younger. However, don't spoil in any way your public image. Good news early. Higher-up can be irritable later. Take in your stride.

MOON CHILDREN (June 22 to July 31) Paying attention to responsibilities, bills to be paid, how-to get ahead faster is wise instead of seeking a good time. Don't let higher-up with radical changes. Seek new contacts.

LEO (July 22 to Aug. 21) Fine talks can be had with associates early, but procrastinating only finds them in a testy mood. Make decisions early as to matters of policy. Then be sure to stick to them without deviating.

VIRGO (Aug. 22 to Sept. 22) Anything requiring a new method, approach can be put in operation in AM, but reserve time for partners later. Ameliorate all of your affairs. Be very tactful later.

LIBRA (Sept. 23 to Oct. 22) Morning is all right for looking into new outlets, but be sure to get your work done after lunch. Improve your appearance, health, too. Labors then seem easy and pleasant.

SCORPIO (Oct. 23 to Nov. 21) You now are able to see whatever is taking away your position at home and do something about it. Add more comforts there. Avoid going off on some tangent later.

SAGITTARIUS (Nov. 22 to Dec. 21) You are thinking very clearly in AM and can get your problems solved. Try not to disturb close ties. Business contacts can give fine assistance later.

CAPRICORN (Dec. 22 to Jan. 20) Look to individuals who are practical in their thinking for the ideas you need now. Take care in driving and speaking later. Get reports out early and work out monetary matters, too.

AQUARIUS (Jan. 21 to Feb. 19) Morning fine for enjoyments and planning the future. Find ways and means to get rid of unnecessary expenses. After a good day's work, get charm improved.

PISCES (Feb. 20 to Mar. 20) Preparation is the key-note if you are to make the most of opportunities about you now. Improve your health. Assist the needy. Steer clear of trouble makers.

IF YOUR CHILD IS BORN TODAY, he or she will be one of those remarkable people who will want to assist others, and this can be in business or via the social avenue that are so pleasant and remunerative as well. Teach early not to confide in everyone he or she meets, and help to acquire self control. Then the success here can be very fine, provided the tongue is not caustic.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

New Charter Hearing Slated At Casselberry

By Jane Casselberry
Dates for public hearings on the proposed new charter for the Town of Casselberry have been set by the charter committee for 7:30 p.m. Feb. 23-24-25. Meetings will be held at the Town Hall.

Members of the committee, Art Lego, R. F. Tucker and L. E. Woodhams, will be present to answer questions concerning the document and they urge all interested citizens to attend so there will be no misunderstanding as to meaning of proposed changes.

Beginning this Thursday, copies of the charter will be available from the town clerk, Mrs. Mary Hawthorne, for examination at town hall. Residents will not be able to take these copies home as only a limited number were printed due to costs.

After the public has opportunity for open discussion at the hearings, changes or amendments will be incorporated into the proposal before it is sent to the State Legislature prior to the March 6 deadline. If it is approved, it will be returned to the town for a referendum vote of the people.

An effort to obtain a new charter was stymied two years ago for lack of voter support.

Among main points provided in the new charter, as reported by Woodhams, are improved methods of controlling taxation, power of condemnation to allow for city growth, salaries for mayor and council-

men and changing of Casselberry's status from "town" to "city."
The new charter also will give more power to the voting public in contrast to the present charter which gives the council almost unlimited power, Woodhams said.

Captain Mayo Awaits Orders Of Transfer

By Fred Van Pelt
Capt. James O. Mayo, who probably more than any one person locally kept "afloat" the Sanford Naval Air Station when it was almost "sunk" a year ago in an economy wave, is expecting momentarily orders of transfer from his present post as commanding officer of Reconnaissance Attack Wing One.

CAPT. JAMES O. MAYO (left), commander of Reconnaissance Attack Wing One, welcomes his prospective relief, Capt. Richard E. Fowler Jr., to Sanford Naval Air Station. Captain Fowler, now attending a Vigilante aircraft familiarization course at the base, is expected to assume Wing command in May or June. Captain Mayo is expecting transfer orders in the near future. TOKYO (UPI)—Soviet Premier Alexei N. Kosygin flew from Peking to North Korea today, possibly to line up a united Communist front against the United States in Viet Nam.

'Moving Day' Expected Soon

Sanford Penney's Manager Charlie Robinson said today, "This new store will be eight times larger than our present downtown establishment and will offer our customers hundreds of new items. Area shoppers will have a full selection of the company's new, private-brand hard lines, plus an expanded assortment of Penney's traditional soft lines," Robinson noted.

Capt. Swanson Tells Of Plan

The booming noise of Navy jets taking off and landing at Sanford Naval Air Station soon will be a thing of the past for Sanford area residents . . . if the U. S. Congress approves.

"For a long time," said Captain Swanson, "these people have been most understanding despite the increasing tempo of training operations at this base. The RA-3C, with its two J79 engines, is a wonderful weapons system but it does make a lot of noise. Our neighbors warrant encouragement in this connection."

CAPE KENNEDY (UPI) — Technical troubles today delayed for several hours an attempt to launch a Titan-3A rocket and its first useful satellite, a 69-pound radio laboratory, on a complex shot that calls for three orbital changes.

Longwood Youth Dies In Crash

Vail Lewis Lambert, 17-year-old Longwood High School student, was killed shortly before 7 p. m. Wednesday at the intersection of SR 434 and Interstate 4, when his scooter hit a truck.

"Assuming that Congress will approve this budget for NAS Sanford, and I am confident that it will, the north-south runway will be extended and thereby allow most of the traffic to assume a new pattern."

The north-south runway presently is 8,000 feet long and is used only for emergency purposes. It extends southward from SR 48 (25th Street). The 6,000-foot extension will continue southward through present (mostly swampland) toward Lake Jessup.

Higher Return Seen For Valencia Crops

LAKELAND (UPI) — Florida growers should get a better return for their valencia orange crop if the U.S. Department of Agriculture's latest crop forecast holds.

An increase of two million boxes in the forecast for early and mid-season varieties, which will have been harvested by next week.

EXEMPLIFYING the "new look" in Penney operations throughout the nation is the company's new Sanford Plaza store, (shown in the artist's rendering), which will open later this year. The 40,000 square foot one-level department store will feature a complete auto center as well as expansion of all lines of merchandise.
