

Carolyn Higgins Resigns Job As USO Director

"Mom" has moved off. That's the sad news, many say. Mrs. Carolyn Higgins, the ex-husband's best sweetheart around Sanford for a long time, has left the local USO after more than five years' service as staff aide. Taking over the helm as Mrs. Higgins' replacement will be Mrs. Mary Washburn, lifelong resident of Sanford and veteran volunteer worker long interested in the welfare of servicemen. Mrs. Higgins resigned to accept a position with the State Welfare Department in Sanford. Meanwhile, Mrs. Washburn announced that the local USO will begin holding vesper services each Sunday, followed by buffet dinners.

Mice Become Dope Addicts

LOS ANGELES (UPI) — It seems that the mice which make their home in the Hall of Justice have become addicted to narcotics. Peter J. Talmachoff, chief deputy of the criminal division, explained that the mice find their way into a closely guarded room where several hundred pounds of marijuana and other narcotics are held as evidence in pending cases. "Those mice are addicts," he declared. "They run riot all night, then stagger off to their nest, leaving the floor littered with marijuana."

Two Die In Third Bus Accident

PARKERSBURG, W. Va. (UPI) — A school bus driver and a 14-year-old girl passenger were killed late Monday in this area's third fatal school bus accident in six weeks. The driver of the diesel fuel tank truck which slammed head-on into the bus was in critical condition with a skull fracture and four other student passengers were hospitalized with injuries. The previous accidents late in September and on Oct. 1 claimed the lives of a woman bus driver and of a man whose automobile collided with a school bus.

SHS Honor Roll Is Announced

Students making a 3.5 average or better during the first six weeks grading period at Seminole High School were named today by Principal Andrew Bracken. Heading the honor roll as straight "A" students are Linda Spencer, a junior and Stephanie Westgate, a sophomore. Others named are: Seniors: Dennis Brown, Doug Firestone, Ronald Goerss, James Long, Steve Sewell, Jimmy Thompson, Pat Branley, Barbara Buckler, Audrey Decker, Carol Jo Oxford, Sherry Spinelli and Jennifer Thompson. Juniors: Sandra Bisbee, Bonnie Coala, Helen Mann, Sherry Marzita, Susan Piercy, Joel Fehd and Jeff Williams. Sophomores: Claudia Bomgardner, Cheryl Jones, Meda Meiman, Becky Tanner, James Barks and Chall Crowell.

Rocket Records Lowest Cold

WASHINGTON (UPI) — Possibly the coldest temperature ever recorded in the earth's atmosphere — minus 289 degrees Fahrenheit — was reported by the federal space agency and Swedish researchers. The National Aeronautics and Space Administration and the University of Stockholm took the reading last August with a Nike-Cajun rocket. It attributed the low temperature to a high altitude cloud formation called noctilucent.

LEGION FAIR opened Monday to a capacity crowd. Pictured top is the display of the Future Farmers of America chapter of Sanford Junior High School. O. W. Barber, in the lower photo, judges a rabbit owned by Porter Sullivan (right). Judging was completed Monday afternoon. (Herald Photos)

Corn Piling Up

HANNIBAL, Mo. (UPI) — A mountain of corn stood on a street in this Mississippi River town today as testimony to

the worst shortage of grain-to-market boxcars since the Korean War.

Rare Cranes Reach Refuge

WASHINGTON (UPI) — Thirty-one whooping cranes, 24 adults and seven young, have arrived at their wintering ground at the Aransas Wildlife Refuge on the Texas coast. The cranes are the last of their species. Interior Secretary Stewart L. Udall, in announcing the number returning to Aransas, said the count of young birds—highest since the winter of 1958-59—was "heartening news." Last spring 23 adult cranes left the refuge for summer nesting grounds in Canada. There were hopes that the four missing adults still might show up after the 2,500-mile flight from Canada.

Ross, Missouri Farmers Association traffic manager. "But it's much worse this year."

Spokesmen for several railroads agreed.

X-Ray Unit At County Fair

The Central Florida Tuberculosis and Respiratory Disease Association's Christmas Seal chest X-ray mobile unit will be at the Seminole County Fair today through Saturday for free chest X-rays. X-rays will be available as follows: Tuesday, 3 p.m.-6 p.m. and 6:30-9:30 p.m.; Wednesday, 3-6 and 6:30-9:30; Thursday, 4-6 and 6:30-9:30; Friday, 4-6 and 6:30-9:30; and Saturday, 1-5 and 6-9.

No News Session

WASHINGTON (UPI) — President Kennedy will not hold a news conference this week. He met with newsmen last Thursday.

Reds Blow Up U. S. Pipeline In Venezuela

MARACAIBO, Venezuela (UPI) — Pro-Communist terrorists blew up a vital American-owned oil pipeline for the eighth time in 18 months Monday, setting off a major oil fire. The Armed Forces of National Liberation, strong supporters of Cuban Premier Fidel Castro, were suspected of dynamiting the pipeline in the barren area about 100 miles east of here. Hundreds of fire fighters of the Creole Petroleum Corporation, a subsidiary of Standard Oil of New Jersey, brought the fire under control Monday night.

Repairs were begun today on the line which carried 300,000 barrels of oil a day from the Ule pumping station near the rich Lake Maracaibo oilfields to the Amay refinery. Pipelines are particularly vulnerable to sabotage because they traverse miles of sagebrush country and are paralleled by a well-traveled highway. Close surveillance of the entire 138-mile length of pipe is nearly impossible.

Monday's blast occurred little more than a mile from the site of a similar dynamiting in August.

Youths Fined

HAIFA, Israel (UPI) — Eight youths, all Jewish religious zealots, were fined and given suspended jail sentences for rioting in a Christian school in September. They were given the choice of a \$175 fine or 60 days in jail and nine month suspended sentences. They were also placed under \$80 bond for three years against their good behavior.

Charges Slugging

MUNCIE, Ind. (UPI) — Jerry Johnson, 33, was scheduled to go to trial Dec. 27 on charges he slugged his son's eighth grade teacher.

Louis Schreiber Appointed Here

The Seminole County Probation and Paroles office has a new assistant supervisor. Louis Schreiber, a June graduate of the University of Tampa, joined the staff of J. G. Lee, district supervisor, Monday.

Lee said the addition of Schreiber to the staff will "enable our office to improve existing services and broaden those conducted in the past."

And he added, "this is evidence of Seminole County's growth and the increasing needs of social improvement that go along with it."

The new assistant, a native of Griffith, Ind., holds a bachelor of arts degree from Tampa University. He and his wife and three children have purchased a home at 1200 South Oak Avenue.

Heart Massage Course Slated

All volunteer fire departments of Seminole County, police, sheriff's deputies, Florida Highway Patrol and auxiliaries, Red Cross water safety instructors, nurses and power linemen have been invited to attend a special study course on external heart massage at the Seminole County Health Department Wednesday at 2 and 8 p.m. Mrs. Dottie Austin, assistant field director of the district office of the Florida Heart Association, announced today.

"With this method of chest massage, no surgery or equipment is required," said Mrs. Austin. "All that is needed are the two hands, exerting pressure on the breastbone in such a way as to imitate the beat of the heart. Often it is possible, in cases of drowning, electrical shocks, certain traumatic accidents and other forms of shock to start a

stopped heart beating again. "However, there are certain dangers inherent in this type of resuscitation," Mrs. Austin added. "If the heart has been stopped more than four minutes, massive brain damage will occur through lack of oxygen and resuscitation after this time would be unwise. This is why only certain groups of rescue personnel are invited to take part in this training session."

The course is being sponsored by the Visiting Nurses Association of Seminole County, in conjunction with the Heart Association.

Dr. William Rape will be the physician in charge of training in the afternoon session, with Dr. Luis Perez instructing in the evening.

The famous life-like doll, "Resucici - Annie," equipped

with a special cardiac attachment, which registers the proper amount of pressure to be applied to the chest, will be used in the course to allow participants to practice the external heart massage. In addition, an explanatory film, "Life in Your Hands," will be shown to the two groups.

'64 Jet-smooth Luxury CHEVROLET

Here are looks, luxury and comfort you'd expect to set you back plenty — if they came from anybody but Chevrolet. Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics (sink your hand into the new vinyl upholstery of the new Impala Super Sport Series, for instance, and ask yourself if you've ever felt softer seat covering). Here are the niceties of Body by Fisher craftsmanship like you'll find on expensive cars. And stylish touches like the vinyl-clad roof* you can order on the Sport Coupes. Door-to-door carpeting and foam-cushioned front and rear seats are standard now in all models, including the modestly priced Biscaynes. And there's a wealth of power to pick from. Engines from a peppery 140-hp 6 to a 425-hp V8*. Transmissions that are refined for smoother, more silent operation. Sixteen power trains in all. Then, with all of that going for you, you've got the '64 Jet-smooth ride at work to cushion you from road noise and vibration like few other cars can at any price. Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. *Optional at extra cost.

Ask about a SMILE-MILE Ride and the Chevrolet Song Book at your Chevrolet dealer's. HOLLER MOTOR SALES COMPANY. 219 E. 2nd ST. SANFORD. FA 2-0711.

AROUND THE CLOCK

America is truly a wonderful, democratic country. And it is a pleasure for R. E. Porter to pass this along to The Herald readers. With the hope it will make you as happy and as proud as it did him. Tom McDonald and Earl Higginbotham, who fought each other tooth-and-nail to win Tuesday's city election, were observed this morning having coffee together at the corner drugstore. Isn't that SOMETHING? That these two men are so big they immediately forgot their differences when the count was completed and sat down together over coffee. Just makes you feel good to be an American.

Cheerleaders Prepare For Homecoming

Homecoming is always a time of nostalgia and emotion. When spirits are high and voices are full of good cheer.

Emulating the spirit of Seminole High School more than any other single factor are the Varsity cheerleaders, eight pretty, peppy girls, who will draw every eye at the big homecoming football game as they lead the cheering section.

Head cheerleader this year is blond Carol Samuel, with equally blond Carol Jo Oxford as assistant.

Other members of the A squad include Ceni Wheatland, Bonnie Caolo, Susan Piercy, Linda Spencer, Barbara Bolger and Carol Torres.

A huge bonfire and pep rally is planned for Thursday night at the high school to kick off the homecoming festivities, at which time the cheerleaders will wear their traditional Indian costumes with feathers in their hair.

Friday at 4 p. m., the big Homecoming parade will get under way in downtown Sanford and a pep rally will be held on the corner of First Street and Magnolia Avenue.

Game time is 8 p. m. at Municipal Stadium, when the Seminoles meet the Wildwood 11 on the gridiron. Tickets now are on sale.

Following the game, the Student Council is sponsoring a dance in the Student Lounge. Dress is informal.

The parade will form at 3:45 p. m. Friday at Municipal Stadium and move out at 4 p. m. down Mellonville Avenue to First Street, to Oak Avenue. To Second Street, to Mellonville and disburse at the stadium.

The band will stop off on Magnolia Avenue, between First and Second Streets, for a pep rally.

Prizes will be awarded for the best floats and they will remain on display at the stadium during the homecoming football game.

Sanford Boy Has Liver Operation

KENNETH HARRIETT

CINCINNATI, Ohio (UPI) — A Sanford (Fla.) youngster, given only a 50-50 chance to live, today underwent a rare and delicate operation for cancer of the liver.

The operation was only the fifth of its kind to be performed at Children's Hospital here, which specializes in surgery on youngsters. It was so unusual that the hospital donated its services to the boy's parents.

Kenneth Harriett, 12, was to have 80 per cent of his malignant liver removed by Dr. Lester W. Martin, director of surgery at the hospital, who said the operation would take several hours.

"Kenneth has only about a 50-50 chance of surviving, but we hope we can be successful," said Dr. Martin. "We'll be removing the maximum amount we can and still expect him to survive."

Kenneth arrived here Saturday with his parents, Fire Lt. and Mrs. George Harriett, and his oldest brother, George Jr. Another brother, Steven, 10, remained at home.

"We'll be hopeful to the end. We've got to believe it will be successful," said Mrs. Harriett. "We've got a great God and we're putting our faith in Him."

Statements By McDonald, Higginbotham

Former Mayor Earl Higginbotham was returned to the City Commission Tuesday when he unseated Mayor Thomas S. McDonald in the municipal election, Commissioner A. L. Wilson was returned to office, without opposition.

Unofficial count gave Higginbotham 1,099 votes as compared to McDonald's 777 in the city's seven precincts. Wilson polled 1,138.

Official tabulation, including 28 absentee ballots, was being conducted by the City Commission early this afternoon.

Unofficial count by precincts for Higginbotham, McDonald and Wilson, respectively, was: Precinct One, 130, 109 and 121; Precinct Two, 176, 123 and 205; Precinct Three, 337, 246 and 333; Precinct Four, 106, 88 and 129; Precinct Five, 1 and 0; Precinct Six, 57, 35 and 57; and Precinct Seven, 292, 174 and 293.

It was explained the low tally in Precinct 20 was brought about since most of the precinct lays outside the city limits.

Higginbotham this morning released this statement: "I have a feeling of great responsibility to the citizens of Sanford for the splendid vote given me in Tuesday's election. I wish to assure each and every one that I will continue as in the past to carry out the wishes of the people. I will at all times keep you advised as to how I vote by permitting the newspapers to carry the full story. Humbly, I say to all the people of Sanford, thank you."

McDonald released this statement: "I wish to thank the many volunteer workers who worked in my behalf. I believe that it is a clear indication by the voters of Sanford that they prefer the philosophy of government of my opponent to mine. It has been a wonderful experience for me to have served you on the Commission these past three years and I will continue to serve in any capacity that I may have the opportunity to do."

Family Gets Warm Welcome In Cincinnati

By Frank McArdle

A small town Southern family flying North for the first time to a big, strange city. The Manning Harriett family were on a mercy mission, one filled with tension and anxiety. They had to rush Kenneth, 12, to a large children's hospital in Cincinnati for a rare and delicate emergency operation on his liver, not knowing what awaited them ahead.

But when their plane touched down at the Cincinnati airport, little did they know they were in for a big surprise — perhaps the most generous sample of hospitality, northern-style, ever accorded anyone.

The Harriett family was met at the airport by two friendly but entirely unfamiliar faces. Mr. and Mrs. Botts Crawley, of Cincinnati, were waiting to greet the little group from Sanford. The Crawleys introduced themselves, then quickly handled the Harrietts into their automobiles and drove them directly to their home. They wouldn't hear of their new friends staying anywhere except at the Crawley home.

But the "milk of human kindness" extended by the Crawleys flowed much deeper than this. They insisted on the Harrietts taking all their meals with them while in Cincinnati and even provided the family with an automobile for trips back and forth to Children's Hospital where Kenneth is receiving surgery today.

How did the Crawleys know when the Harrietts were arriving in Cincinnati? Well, Botts Crawley, sales executive with a large sporting goods and sports clothes firm, is a close personal friend of Sanford Chamber of Commerce manager John Kridler.

Crawley, as supplier of baseballs and equipment for the erstwhile Sanford professional team, and Kridler, then president of the Florida State League, had business dealings together. And they have known each other since the days when both were playing professional baseball.

Kelly Named

TALLAHASSEE (UPI) — Lakeland Sen. Scott Kelly, an unannounced gubernatorial candidate, has been named chairman of the Legislative Council's judiciary and law reform committee.

Truck Hurts 6

BRATT (UPI) — A gravel truck and automobile crashed at a crossroads here today injuring six high school girls on their way to classes.

The Sanford Herald

VOL. 56 United Press Leased Wire Established 1908 WED., NOVEMBER 6, 1963 SANFORD, FLORIDA NO. 55

Higginbotham, Wilson Winners

School Trustees All Re-Elected

An apathetic voting public, elected a new City Commissioner Tuesday, returned three School Trustees to office, and approved two school levies, a county issue and three amendments to the state constitution.

The county-wide vote was about 20 per cent of the registered 16,608 electors and the city vote about 33 per cent. Less than one-quarter of the state's 2.1 million registered voters cast ballots.

County canvassing board commenced its official tabulation of the 23 precincts this morning while the City Commission commenced its official count at noon.

The unofficial count gave former Mayor Earl Higginbotham 1,099 votes as against 777 for Mayor Thomas S. McDonald in the City Commission. Higginbotham will be seated in a special Commission session Jan. 7. Only 1,876 of the city's 5,167 registered voters cast ballots in the city's seven precincts.

A. L. Wilson, unopposed in Group II, was returned to the City Commission with a complimentary vote of 1,138.

Ray Slaton, Donald Hale and Fred Hestline were returned to School Trustee positions for two years in the county-wide voting. Total votes cast in the 23 precincts were Slaton, 2,609; Hale, 2,762; Hestline, 2,228, and newcomer John Keins, 1,125.

School district millage of 2.75 mills was approved with a vote of 1,480. This was automatic since the issue already had been approved under state law. The one-mill school bus levy also was approved with a vote of 2,319 for and 960 against.

County Commission was given the go-ahead signal to proceed with its plans seeking to have the State Board of Control locate a new four-year university in Seminole County. With a vote of 2,410 for and 718 against, the electors approved permissive legislation which will permit the Commission to call a special freeholders election to raise funds for the purchase of a site should the State select one of five offered in Seminole County. The State will announce its decision on a site Dec. 8.

Seminole County joined the rest of the state in approving three constitutional amendments. Changing the election year for governor and cabinet to an off-presidential election year, approving a \$75 million bond issue for institutions of higher learning, and permitting the State Recreation Commission to issue revenue bonds for the purchase of lands for recreational use and water conservation.

The vote was: Amendment 1, 3,083 for and 1,167 against; amendment 2, 3,458 for and 839 against; and amendment 3, 3,217 for and 998 against.

Bryant Hails Approval Of Amendments

MUSKOGEE (UPI) — Premier Nikita Khrushchev said today that if the American Army had tried to force its latest Berlin convoy through a Soviet blockade it would have had to "roll over our dead bodies" and possibly have triggered war.

Miami (UPI) — Gov. Farris Bryant's hard-fought legislative battle ended with victory for college construction bonds Tuesday night and voters paved the way for a possible six-year hitch for Florida's next governor.

The last constitutional amendment, which switches the elections of governor and Cabinet members to years when presidential elections are not held, had Democratic proponents walking a tight-rope until the last returns were counted.

The two spending amendments, giving the Cabinet power to issue \$75 million in bonds for university and junior college construction and an unspecified amount for recreation lands, passed easily.

In the mechanics of the election shift, the governor elected in 1964 will serve a two-year term and then be eligible to succeed himself in 1966 election for a four-year term.

Beginning in 1970, governors will again serve four-year terms and be eligible to hold office for more than one term in succession.

Less than one-quarter of the state's 2.1 million registered voters cast ballots.

With 2,157 of the state's 3,214 precincts reporting, the election switch led 249,091 to 222,090. The college bond issue had a 308,089 — 164,569 lead, and the other bond issue was ahead 259,044 to 205,876.

Bryant hailed passage of the college bond plan as a "guarantee that Florida will continue to be the finest state in which to live." He said it assured the state's position as a pace-setter in space-age education.

North Orlando May Terminate Franchise

Least action by the Village Council to terminate the existing water and sewer franchise with the North Orlando Company was discussed at Tuesday night's meeting of the Council.

The action came after a letter from Silver Creek Precinct Company was read stating that as of June 30, 1963, the village owed the North Orlando Company a total of \$8,433.76 as compared to the company indebtedness of \$4,813.81 due the village.

Costs of drawing the original charter, past bills from Florida Power Corporation for street lights and fees for use of fire hydrants were included in the village total.

Before legal steps are taken, efforts will be made to arrange a meeting with B. G. King, major stockholder of the North Orlando Company, to discuss the finances and the possibility of drawing an entirely new franchise agreement.

If the meeting is not arranged by Tuesday of next week, the matter will be turned over to the village attorney.

As a counter measure council also will begin negotiations to adopt lower water rates and to abandon any use of the fire hydrants unless insurance rates will be affected.

Traffic violation infractions, set up on recommendation of the volunteer police department, included \$15 for improper muffler; \$25 for disturbing the peace; \$25 for public intoxication; \$15 for driving a truck on through streets; \$50 for passing a school bus and \$50 for driving while under suspended license.

It also was pointed out that any hunting in the village is in violation of the law.

Final approval was given ordinances granting 30-year franchises to Florida Power Corporation and Suburban Rulane Gas Company of North Carolina after the second and final readings were heard.

First reading was heard on an ordinance declaring open drainage ditches to be unlawful. The ordinance provides that no open drainage ditches will be allowed within 500 feet of any home in the village; developers and builders must submit drainage plans for approval of council; existing

Couple Held In Child's Death

A young Navy couple was being held at County Jail this morning on suspicion of manslaughter after their small son died apparently as the result of a severe beating.

Pronounced dead at the Sanford Naval Air Base dispensary at 12:20 a. m. today was a four-year-old Negro boy, Christopher Kinnen Young.

Investigating deputies and doctors at the Navy base said the child's body was marked with lacerations and bruises, including fresh open wounds as well as old cuts.

Formal charges against the boy's stepfather, AMS 3/c Alton Roosevelt Williams, 22 and Valeria Jean Williams, 21, were pending until an autopsy report is received. Sanford NAS doctors said the exact cause of death has not yet been determined.

Deputy Sheriff Lee Rice, who investigated the death, said the boy's parents took him to the hospital where he was pronounced dead.

The child's father, a native of Ann Arbor, Mich., is on duty as a metalmith at the Navy base. He has been in the Navy approximately two years, according to the Base Public Information Office.

The Williams family reside at 1832 Lincoln Ave. in Sanford.

Auburn Gets Mixed Orders

A federal court struck another blow against Alabama school segregation Tuesday by ordering state-supported Auburn University to admit its first Negro student.

District Court Judge Frank M. Johnson Jr. ordered the all-white institution to accept Harold A. Franklin at the beginning of the winter term and to accept students in the future without regard to race.

Window Shoppers

AMSTERDAM (UPI) — Two penguins which escaped from an Amsterdam zoo Tuesday were found by police early today standing in front of a nearby fish shop.

LILIAN KALLIER

Concert Pianist Scheduled Here In December

Technique of lovely young concert pianist, Miss Lilian Kallier, will be heard in Sanford on Tuesday in early December, as it has been in concert halls throughout the world. Kallier has been called a "wonderfully satisfying artist, touched with genius." Also appearing in the program will be the Columbus Boychoir and Lord's Puppets International. No single admission will be sold and season membership tickets are now on sale through members of the association from Mrs. Ralph Austin Smith, membership chairman.

Alachua Favors Election Plan

GAINESVILLE (UPI) — A solid majority of alachua in the university town turned a deaf ear Tuesday to Alachua County school officials and voted down a proposal to have the school superintendent appointed instead of elected.

Gets Navy Order

LOS ANGELES (UPI) — Douglas Aircraft Corp. said it received a \$10 million contract from the Navy for 48 Skyhawk jet attack planes.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT OF AND SORE COUNTY, FLORIDA: JAMES W. BROWN, Plaintiff, vs. JAMES W. BROWN, Defendant. This notice is given to the defendant, JAMES W. BROWN, that the plaintiff, JAMES W. BROWN, has filed a motion for summary judgment in the above captioned case, and that the court has granted the motion. The court has entered a final judgment in favor of the plaintiff, JAMES W. BROWN, for the amount of \$10,000.00, plus costs and attorney's fees. This notice is given to the defendant, JAMES W. BROWN, that he has ten days from the date of this notice to file a motion for a new trial or a judgment notwithstanding the verdict. If no motion is filed, the judgment shall be final and enforceable. Dated this 10th day of October, 1963. JAMES W. BROWN, Plaintiff. JAMES W. BROWN, Defendant.

DeBarry Bridge Club Names Winners

The weekly meeting of the DeBarry Duplicate Bridge Club was held on Monday due to Tuesday's elections.

Winners were announced today from 11 tables in play directed by Miss Ethel Johnson.

NS, first, Mrs. David Singer and Mrs. Ruth Blatt; second, Col. and Mrs. William Haque; third, Norman Meyer and William Woodcock; fourth, Miss Ethel Johnson and H. Guy Chase.

SW, first, Mr. Elna Unkel and Mrs. Edna Kelly with Mr. and Mrs. F. M. Hinkle; third, Miss and Mrs. Charles Duglas; fourth, Mrs. Arthur Willgoose and Mrs. R. W. Ackerman.

Play next week will resume the regular schedule with the meeting to be held at 8 p.m. on Tuesday in the Recreation Hall of the DeBarry Fire Station.

Lake Mary Map To Be Okayed

Proofs of the new Lake Mary map and brochure will be on display at this month's meeting of the Lake Mary Chamber of Commerce to be held at 8 p.m. this Tuesday.

Richard Keogh, president, urges that all businessmen attend in order that they may approve advertisements for final publication.

Other business to be discussed includes the county-wide talent show the Chamber will sponsor in February.

Minutes are now being accepted by James Daugherty, chairman of the show.

Tentative plans for the annual Christmas Tree party for children of the community also will be discussed at Thursday night's meeting.

Owner Of Boat Denies Charge
MIAMI (UPI) — A Miami oilman admits he owns the ship Fidel Castro claims has been attacking his island, but denies knowledge of any anti-Castro raids.

J. A. Beitcher, whose family operates the Beecher Oil Co., said the blue-hulled boat is a 170-foot converted patrol craft, is operated by the Sea Key Shipping Corp., which he controls separately.

Church Names Committee

A meeting of the congregation of the Lake Mary Presbyterian Church was held following morning worship services Sunday to select a pulpit committee which will nominate a pastor to succeed Rev. John Poley.

Rev. Poley has resigned a full-time pastorate to continue his studies at Stetson University where he is working toward his Master's degree.

Named to serve on the committee were: Elna H. Unkel, chairman; and Robert Meyer, James A. Daugherty, Mrs. Ruth Gabel, Mrs. Ruby Lindner and Mrs. J. W. Howell.

Czechs May Get Council Seat

UNITED NATIONS, N. Y. — (UPI) — Czechoslovakia today appeared assured a seat on the UN Security Council in an East-West compromise agreement splitting its term with the new British Commonwealth federation of Malaysia.

The agreement on the council elections was worked out earlier in the week to break a voting deadlock. In its balance, Malaysia and Czechoslovakia reached the required two-thirds majority.

Strong Quake In Or Near Peru

NEW YORK (UPI) — The Fordham University seismological observatory Sunday reported a "fairly strong" earthquake occurred about 3,000 miles south of here.

Rev. Joseph Lynch, head of the observatory, said the disturbance, recorded Saturday night, possibly was in near Peru. He said the first shock was recorded at 10:18 p.m. (EST) and the second one six minutes later.

NAS Bombing Derby To Feature New RA-C5

Every phase of the Douglas-built Skyhawk, the world's smallest nuclear aircraft, will be on display at a competitive bombing derby on the Navy's long range air striking force — Heavy Attack Wing 12 — bases in San Antonio, Texas, and San Antonio Naval Air Station.

The bombing derby is considered one of the most comprehensive air readiness exercises in the U. S. Atlantic Fleet.

Its professional exercises, scheduled each day of the week, will feature the Navy's air strike potential.

The bombing derby will feature a \$15 million building program which is transforming San Antonio into a master base for the new RA-5C tactical reconnaissance plane.

Social events, including a golf tournament and reception, will bring the military and civilian communities together on Friday, Dec. 13.

A carrier air group demonstration of the following day will attract the same guest list plus thousands of Florida residents as the air group arrives at the base.

The purpose of the six-day event, as outlined by San Antonio's Capt. James O. Mayo, is to provide training for squadron personnel through participation in various competitive exercises thereby enhancing the overall readiness of Heavy Attack Wing 12.

Mayo, as Wing Commander, is responsible for keeping air squadrons of two- and three-engine fighters and A-1 Skyraiders in the best of readiness for their moment's notice deployment to the Caribbean, Second and Sixth Fleet areas.

It was just this kind of demand for rapid-fire strike capability that led to the formation of the Cuban Quarantine action — which forced cancellation of last year's bombing derby, originally scheduled for the week of Dec. 3.

San Antonio's 12-plane units form the all-weather backbone of the Atlantic and Mediterranean carrier strike complement.

In addition to attack, the units will soon be providing support for service reconnaissance — as San Antonio's Pacific Fleet Headquarters for the RA-5C, Intercontinental Division's Vigilante service.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

Besides Vigilantes and Skywarriors, other Navy aircraft will also have a hand in the proceedings.

From Air Groups One and Three, based in Jacksonville, will come A-1 Skyhawks, F-4C Phantom IIs, and F-105 Super Sabres.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

San Antonio's RA-5C, capable of speeds in the mach two range, will be on public display for the first time during the Dec. 14 air demonstration.

2 Officers Promoted; EM Signs On Again

2 Officers Promoted; EM Signs On Again

Lt.-Col. Ken Sandoz, operations training officer with Heavy Attack Squadron 3, Sanford Naval Air Station, has been promoted to the rank of commander, it was announced Tuesday.

Commander Sandoz, who has just returned from a training flight in a VA-13 A-1H, received his letter of appointment from Cdr. Roy Farmer, commanding officer of VA-13.

Commander Sandoz has the responsibility of training all pilots, bombardiers and maintenance personnel for all Atlantic Fleet heavy attack squadrons.

Commander Sandoz began his heavy attack career in October, 1948, when he reported to VA-13 for duty and transition to the A-1H.

Meanwhile, Lt. William V. Patterson of VA-11 at Sanford NAS has been appointed to the rank of lieutenant commander. His promotion arrived simultaneously with the birth of a six-pound, 15-ounce baby girl on Oct. 28.

Lieutenant-Commander Patterson, a product of the NAVCAD program, has participated in two Western Pacific cruises, served with the Commander's Staff at Pearl Harbor, and is a graduate of the U. S. Navy Postgraduate School, Monterey, Cal.

James B. Cruse, aviation structural mechanic (structure) first class, has been listed in the Navy for a six-year hitch, effective Oct. 22.

Cruse returned the Navy in March, 1945, and has served duty with 10 different commands on both the East and West coasts.

A member of VA-11 since April, 1952, Cruse is beginning his fourth enlistment. He is married to the former Ruby M. Steele of Robertsdale, Ala., and resides with her and their daughter, Eva Marie, in Sanford.

Mississippi GOP In Good Showing

JACKSON, Miss. (UPI) — Democrat Paul B. Johnson was elected governor Tuesday over a young Republican who made an unprecedented challenge of Mississippi's company politics.

Johnson, 47, who had the blessings of Gov. Ross Barnett, defeated Rufus Phillips by a better than 3 to 2 margin and will be inaugurated in January as the state's 33rd governor.

But Phillips claimed his showing illustrated that Mississippi had adopted a two-party system for the first time in this century.

With 1,396 of the state's 1,815 precincts complete plus a few scattered incomplete returns, Johnson had 18,941 votes to 101,223 for Phillips.

Thanksgiving

WASHINGTON (UPI) — President Kennedy issued a proclamation Tuesday officially designating Thursday, Nov. 26, as Thanksgiving Day.

President urged all Americans to take time out on that day to thank God for "unlimited blessings" and resolve to share them with "our fellow human beings throughout the world."

Tired Of Home, Son Runs Away

CANTON, N. C. (UPI) — A reporter for the Wayneville Messenger weekly newspaper received a telephone call Tuesday from a man who reported his son had run away from home three months ago and he haven't heard from him since.

Reporter William Lowrey asked the man why his son had run away and the man replied, "I don't know. He and Kinsey were so good to him."

"How old is he?" Lowrey asked.

"He's only 47," the father replied.

Couple To Fete 75th Year

LA GRANGE, Ind. (UPI) — Mr. and Mrs. Joseph Todd, both 91, will celebrate their 75th wedding anniversary Friday.

The Todds, who were married in a log cabin at the age of 16, live in a three-room apartment and take care of it themselves.

Hot Dog!

LONDON (UPI) — The sponsors of National Hot Dog Month predicted today that enough frankfurters would be eaten in November to girdle the earth or make a mound higher than mean here Queen Mary.

The Roman Empire was founded after the death of Julius Caesar.

Walter Herrick, Louis LeChai, all of DelBary; Ralph Grayson, Geneva; Quinlan Chavers, Osteen; Fern Benedict, Lake Mary; Mark Colton Jr., Lake Monroe.

Long Underwear Victor's Prize

JEFFERSON CITY, Mo. (UPI)—Gov. John M. Dalton, the "best cotton-picking contractor this state ever had," is set for water with a new pair of all-cotton long underwear.

The child executive won the underwear Tuesday by defeating Commissioner of Agriculture Don Thompson in a cotton-picking duel.

In a match that lasted just about five minutes, Dalton outpicked Thompson by 120 pounds in 4 pounds.

George Day, chief inspector of weights and measures, was the official weighmaster.

Day didn't see Dalton sneak a cotton ball into his sack before the match started.

The contest was held in a small patch of cotton on the Capitol lawn. Most state employees stopped work to view the match.

Legal Notice

IN THE COUNTY COURT OF PALMETTO PARISH, LOUISIANA, in and for the Parish of Palmetto, Louisiana, at the Court House in the Parish of Palmetto, Louisiana, on the 25th day of November, 1953, at 11:00 A. M., the undersigned, Clerk of the Court, do hereby certify that the following is a true and correct copy of the will of the late JAMES M. DALTON, deceased, as the same appears from the records of said court.

WITNESSED my hand and the seal of said court at the City of Lake Charles, Louisiana, this 25th day of November, 1953.

CLERK OF COURT.

GOP Leader Sees Gains

WASHINGTON (UPI)—The Republican National Committee commencing on results of the off-year election Tuesday.

"We made dramatic inroads in areas known as Democratic strongholds and in many other contexts a definite Republican trend is apparent," said the committee.

Bonds Win

GILAND (UPI)—A \$25 million bond issue to finance public school improvement was approved Tuesday by Orange County citizens. They voted nearly four to one in favor of the bond issue.

All former residents of Blair County, Pa., especially around the Morrison Cove Area, Altoona, Bedford and Martinsburg, are invited to attend the third annual Morrison Cove reunion, Sunday, Nov. 16 at Highlands Hammock State Park, from sun-up to sunset.

Anyone visiting around here from the above mentioned area is also invited to attend. Prizes for family groups, games for children and other entertainment will be provided. For further information, call Carl Brumbaugh, at FA 2-3803 after 6 p.m.

Enterprise Teachers Feted At Tea

By Helen Sandgras

The teachers and home room mothers of the Enterprise School were guests of honor at a tea given by the Executive Board of the PTC recently, in the school cafeteria.

The hostesses were Mrs. David Trof, Mrs. Edwin Braddock, Mrs. James Davis and Mrs. Roy Semones.

Since the PTC is a little late getting started this year this event was a get-acquainted social. The decorations carried out the school colors of purple and yellow.

All of the women teachers were presented with corsages and Arnold Pancratz, fifth grade teacher, received a boutonniere.

New Families Welcomed To Area

Mrs. Robert Rugenstein, Welcome Wagon hostess for the Lake Mary area, reports the following new families welcomed recently:

Mr. and Mrs. Terry Wells from Chicago; Mr. and Mrs. Ben Boyer from DeLand; Mr. and Mrs. Robert Oakley and children, Karen, Robert and Sherry, from Indiana.

Mr. and Mrs. Frank Hennessy from New Jersey; Mr. and Mrs. James Brewer, David and Larry from Jacksonville; Mr. and Mrs. William Womble, Gina and Beth from Atlanta, Ga., and Mr. and Mrs. John Waggoner from Norfolk, Va.

Herald Writer Holds Lead Of Blood Donors

Robert B. Thomas Jr., Sunbelt Herald reporter, continues to lead all other donors for the Seminole County Blood Bank, according to latest reports.

Thomas has given 27 pints of the life-giving substance. Next highest contributor is William B. Richard with 23 pints.

Other donors during October include Bob Kelly, with 21 pints; John S. Bezwiechen, 19; John T. Fortier, Richard R. Ethlette and J. E. Alderman, 17 pints each; Harry R. Wilson and Loren Dougherty, 16 pints, and Marvin E. Warfel, 14 pints.

Twelve pints each have been contributed by Willie Anderson, Ophelia S. Bennett, Floyd E. Hearn and Anthony J. Chesna; 11 pints, Melvin Skikind, Edwin O. Keith, Benjamin Hughes Jr., Lewis H. Schweickert and John D. Bull; 10 pints, William L. Rowland, Lucille Fester, Wilfred A. Smoraski and Joe B. Rogers.

Other October blood donors are as follows: Ralph E. Schweickert, nine pints; William J. Clark and Donner L. Carter, eight pints; Cecil K. Abney, Robert R. Huffman, Robert H. Kennedy Jr., Thomas Wilson Jr., Thomas W. Freeman Jr. and John P. Brown; Lowman J. Oliver, Curtis Lavender and James F. Yates, six pints; Franklin Montgomery, Charles H. Robinson, Kenneth L. Merica and Robert E. McKee, five pints; Daniel M. Bouldford, four pints.

Charles A. Vining, George D. Jalliet, Paul Dixon, James M. Brazzell, A. R. Middleton and Roy E. Rhodes, three pints; Edward N. Trawick, Harry R. Barlow, William H. Hogan, Donald W. Reeves, Bernard Black, Truman Wolfkill, Mrs. Susan Byrd, Edward Robertson, Richard A. Evans, Peter P. Bukur, two pints.

First time donors are: Russell B. Fehrman, Edward E. Atwell, Quincy Crosby, Robin W. Starnes, Carolyn L. Lotz, John H. Littles, John T. Bennett, Richard W. Krecher, Salvatore F. Manfre and David H. Dow.

Tribe Title Hopes Hinge On Wildwood Win

The one-advance Seminoles will highlight this year's homecoming program, in all probability will decide the outcome of this year's championship in the Orange-Belt Conference. To date the Wildwoods are undefeated both in or out of conference play. The Seminoles have posted five wins and one loss — a conference tilt to Leesburg.

If the Seminoles can take the Wildwoods the Tribe will enjoy a chance to tie for the conference crown. It can then go on to a possible co-championship if the Warriors can also win from both Lakewood and Winter Garden and the DeLand High Bulldogs. Therefore, a great deal hinges on the outcome of this week's affair.

Head Coach Jim Pigott revealed this morning that defensive halfback Billy Kuykendall is out for the remainder of the season. During the Leesburg game Kuykendall suffered a shoulder fracture in two places. Tackle Henry Finch, a 185-pound senior, hasn't been able to work out due to severe bruising, and defensive linebacker Buddy Burton is suffering from a 10-inch leg gash. Burton and Finch, however, are expected to be ready for action against Wildwood.

Meanwhile, Head coach Jim McCoy reported that tackle Dave Neill, out of action since the Orlando Colonial affair, saw limited action against Leesburg and will see action again Friday night against Wildwood.

Pigott said he and backfield coach Dick Williams were working hard this week on building up a defense against the explosive and offensive-minded Wildwood eleven.

Pigott said he and his assistants were pleased with the Seminoles' effort against Leesburg last week and that a pair of bad breaks took the starch out of his charges. Pigott was referring to the two times Seminoles lost the ball on downs deep in Yellow Jacket territory and the kickoff return fumble which set up Leesburg's second touchdown.

As for passing Pigott said he and his staff felt that the ground game was progressing good enough to refrain from gambling in the air. Therefore, the locals did not hit the air unless it was absolutely necessary.

Hounds Working Hard For Game With Mt. Dora

By Dick Grant
Special Sports Writer

The Lyman Greyhounds are working hard this week to get in shape for their coming tilt with Mt. Dora. The Hounds lost their game last week with the Auburndale Woodhounds and will be out to take revenge on the Mt. Dora eleven.

Not too much is known about this team but the coach's reports will be studied and the Hounds will work on the offensive patterns of their opponent. From what has been talked, the Mt. Dora team will be led by a real fine quarterback and a real hard running halfback.

The Lyman team with all of its starting regulars will be in excellent shape for the Dick Balmer who suffered from cramps during the Lyman-Auburndale tilt last week is back in real shape and expected to hold onto his starting position for the game.

The game promises plenty of action and good hard football.

Twenty per cent of U. S. employment is composed of teen-agers.

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

There'll be a pair of football games here in Sanford this weekend that should catch the fancy of most local gridiron fans.

The first of the two tilts will be the annual Peanut Bowl affair at the Memorial Stadium on Thursday night. This contest will feature the undefeated Sanford Junior High Braves and the once defeated South Seminole Hurricanes.

The second contest will be played Friday night in the same arena. This one will feature the undefeated Wildwoods of Wildwood and the once defeated Seminoles of Sanford.

The mention of the Georgia-Florida game reminds us of a trick we made up there one year with F. D. Scott and George Wells. It was in 1940, we believe, when the Gators ran into one of great Georgia eleven coaches by Wally Butts and sparked by the Charley Trippi.

During the initial half of the ball game the Gators came up with a defense that held

LYMAN'S LES LYLE DIVES in low to bring down Auburndale's flanker back Jerry McCarty (75) after he had taken a pass from quarterback Booty Etheridge in Friday night's game. McCarty's gain was good for four yards.

It's Texas By 7 In Game With Baylor

NEW YORK (UPI) — Top-ranked Texas was selected today to beat Baylor by seven points in a Saturday meeting that could break their first place tie in the South-west Conference standings.

Texas, which has won its last three games by the margin of Shoeless Tony Crosby's kicking, has a perfect 7-0 record for the college football season, Baylor has been impressive in its last two victories that were led by Don Trull, the nation's leading passer.

The country's two other major teams with unblemished records are slim picks to go through another Saturday unscathed. Auburn, 6-0 and ranked 8th nationally, is a three-point choice over Mississippi State. Princeton, also 6-0, is favored by the odds-makers to beat Harvard by at least seven points.

Illinois, the nation's No. 2 squad, is a 9-point pick over Michigan in a Big Ten battle that could give the Illini the impetus for a Rose Bowl trip. The contest also has a personal touch. Pete Elliott coaches Illinois and brother Bump is the Michigan mentor.

Mississippi, rated third, isn't even on the boards for its cross-sectional game with Tampa. The Rebels are prohibitive favorites.

Jolly Roger Staubach and a Navy team steaming toward a mythical Eastern championship are picked to beat Maryland by 14 points. The No. 4 Middies are out to hand the Terps their sixth loss of the season.

The remaining top teams are expected to win, but only Oklahoma, No. 6, is a big favorite. The Sooners are rated 17 points better than Iowa State.

South Louisiana State 4 over Texas Christian, Tennessee 6 over Tulane, Florida 4 over Georgia, North Carolina 5 over Clemson, Kentucky 7 over Vanderbilt, North Carolina State 8 over Virginia Tech, George Washington 7 over Brigham Young, Memphis State 14 over South Carolina, Duke 30 over Wake Forest, Georgia Tech 10 over Florida State.

Heavy rains over the Southeast forced indoor practice sessions by many teams Tuesday. But the Vanderbilt Commodores, serious about preparations for Kentucky, slipped and slid through a rough session.

Charlie Bradshaw also had his Kentucky Wildcats out in the mud.

Brave Practice Halted By Rain

Rain prevented the Braves from running through a drill scheduled for sharpening their attack which they hope will carry them to their second win over the Hurricanes this season.

Head Coach Dan Pelham of the Sanford Junior High Braves called off Tuesday afternoon's workout in preparation for the local club's Peanut Bowl appearance Thursday night with the South Seminole Junior High School Hurricanes.

The Peanut Bowl affair will be the sixth annual presentation of the tilt which features Sanford Junior High against a usually tough opponent.

This situation this season is almost identical to that of last year. This year the Hurricanes have posted four wins and one loss while the Braves have won all four of their contests. Last season the Braves were undefeated and ran into the once defeated Hurricanes, only to have the South Seminole eleven reverse an earlier decision and whitewash the Braves.

Thursday night Head Coach Jim Clark said he and his Hurricanes are preparing to repeat last year's performance. The Hurricanes are minus 12 of the youngsters they started with on this year's squad. However, many of the reserves have come a long way and it's entirely possible that the school's eleven might be even stronger than it was earlier in the year when it dropped a 27 to 6 decision to Sanford Junior High.

This afternoon Pelham and his aides, Owen McCarron, Ed Buckner and Ron Hunt, will run the Braves through another light drill to sharpen their offensive.

Physically, both clubs will be up for this one. However, the Braves' regular fullback, Ron Dudley, is not expected to start the affair due to a minor knee injury.

Pelham's probable starting eleven will include ends Chuck Pigott and Corky Stowell, tackles Jim Baker and either Season Warder or Charles Lyle, guards Wayne Fakes and Greg Ganas, center Roy Dunn, quarterback Frank Whigham, halfbacks Fred Weber and Ralph Stumpf, and Dan Simon will likely get the starting nod at fullback.

Peanut Bowl Festivities Announced

The kickoff is slated for 8 o'clock in the contest between the Braves of Sanford Junior High and the South Seminole Junior High Hurricanes.

However, Peanut Bowl ceremonies, including the crowning of the sixth annual Peanut Bowl queen, will precede the ball game.

At the present time a host of contestants for the queen's title has been narrowed down to nine young ladies, three seventh, three eighth and three ninth graders.

The bands of both Sanford Junior High and South Seminole Junior High will participate in the game's ceremonies.

Newcomer Rolls Series Of 653

A newcomer in the City Bowling League, rolling for Sweeney's team, racked up games of 236, 234 and 183 for a series of 653. He is Bob Combs and his totals helped Sweeney's take three points from Sanford Manufacturing Co. team.

Pryor's State Farm Insurance team wheeled the American Legion Post No. 53 team out of first place with a three-point win. John Zeuli was high for Pryor's with 218/570. Clyde Piercy was high for the Legionnaires with a 512 series.

The Knights of Columbus team scored a four-game sweep from Michael's Elk Gas. Howard Harrison was high for the KCs with 219/574 and John Wright was high for Michael's with 201/554.

Jet Lanes and Wisdom's Sod Service had a split, each winning two and losing two. Gerald Behrens was high for Jet with 208/546. Rich Murphy for Jet had a 203 game. Thurman Coberly was high for Wisdom with a 488 series.

Larry's Mart took a three-game sweep from Allied Van Lines team to move into a tie for second place with Inland. Gary Fox was high for Larry's Mart with 222/595. His teammates, Ed Kirchhoff and John Uhr, had games of 213 and 200 and 215 respectively. Phil Roche was high for Allied with a 559 series.

Betty Ann's team, with Archie King's 215, 202/559, took all three games from Meador's Marine. Bill Hall had a 203 game for Betty Ann's.

Inland Gains On Leaders

Rich Murphy of Inland Materials last week rolled games of 218, 204 and 183 and a 605 series to help his team salvage two points from the first place Bob's Restaurant team. Inland is now only two games behind Bob's. John Kneeland was high for Bob's with 209/571.

Larry's Mart took a three-game sweep from Allied Van Lines team to move into a tie for second place with Inland. Gary Fox was high for Larry's Mart with 222/595. His teammates, Ed Kirchhoff and John Uhr, had games of 213 and 200 and 215 respectively. Phil Roche was high for Allied with a 559 series.

Betty Ann's team, with Archie King's 215, 202/559, took all three games from Meador's Marine. Bill Hall had a 203 game for Betty Ann's.

Stanky Rejects Oriole Offer As Manager

ST. PETERSBURG, Fla. (UPI) — Former big league star Eddie Stanky has rejected an offer to manage the Baltimore Orioles in 1954 because he prefers to remain in the minor league farm system of the St. Louis Cardinals.

"I know Baltimore has a real good club," said Stanky. "I like everything about the Baltimore club and I appreciate Lee McPhail's offer but I believe I will wait a couple of years."

"I like this minor league system job I have," he added, "and I want to stay with the Cardinals in the same capacity."

Bill Hitchcock was released as manager of the Orioles at the end of the American League season.

3 Fighters Of Month Named

NEW YORK (UPI) — Three world champions are bracketed as "fighters of the month" by the Ring Magazine today because of their victories in recent non-title bouts that stimulated boxing interest.

They are Emile Griffith, welterweight, who outpointed Jose Gonzalez in Puerto Rico; Carlos Ortiz, lightweight, who beat Maurice Cullen in London; and Sugar Ray, featherweight who stopped Sammy McSpadden in London.

Oviado Game Shifted To Saturday

Oviado High School officials announced Tuesday night that this week's football game between the Oviado Lions and the Florida Air Academy at Melbourne will be played on Saturday afternoon in Melbourne instead of Friday night as previously scheduled.

Oviado Cub Game Dropped

The football game originally scheduled for Tuesday night between the Oviado Junior High Lion Cubs and the St. Cloud Junior High eleven was canceled.

WITNESS my hand and official seal at the County Courthouse, Sanford, Seminole County, Florida, 1st day of November, 1952. (SEAL) Arthur H. Beckwith, Jr., Clerk of the Circuit Court By: Martha T. Vibian, Deputy Clerk. ANDREWSON, RUSH, DEAN, LOWMEYER & van den BERG Attorneys for Plaintiff 222 East Central Boulevard Orlando, Florida. Publish Nov. 4, 1952. CDO-14

Wounded Soldier

United Press International Johnny Griffith, fighting over injuries to his Georgia squad, sent his team through light workouts Tuesday in hopes over muscles, will heal before Saturday's meet with Florida.

On the doubtful list are linebacker Ken Davis, halfback Billy Knowles and sophomore guard Jim Smith.

Florida coach Ray Graves was in better shape. Halfback Haygood Clarke, the Gators' only serious injury, returns to practice today and should be at full speed by Saturday.

Quarterback Mallon Kent, who probably will not get to see any action, has been named Auburn co-captain for Saturday's game with Mississippi State.

The senior quarterback who led the Tigers last year in passing with 748 yards in 58 completions is now in the same team with Jimmy Sidle — the Southeastern Conference's leading ground gainer.

Mississippi State coach Paul Davis got one of his injury-ridden halfback corpsmen back into action Tuesday but another is on the doubtful list.

Halfback Ode Burrell, out for two weeks, returned to practice but Davis said Price Hodges, first team right half, probably would remain sidelined.

Georgia Tech coach Bobby Dodd moved little Gerry Bussell to a starting halfback slot to replace Joe Auer. Tech coaches said Bussell earned the promotion by blocking harder in the Duke game Saturday. Tech plays Florida State in Atlanta.

Heavy rains over the Southeast forced indoor practice sessions by many teams Tuesday. But the Vanderbilt Commodores, serious about preparations for Kentucky, slipped and slid through a rough session.

Charlie Bradshaw also had his Kentucky Wildcats out in the mud.

Liston-Clay Title Bout All Set

DENVER (UPI) — Heavyweight champion Sonny Liston and challenger Cassius Clay will meet next February in a 15-round title bout expected to carry the richest gate in boxing history.

The only details remaining are the exact date and the site. And backers of the fight were sitting back today considering the bids after promising an announcement Nov. 19 and making it plain the city with the most lucrative offer will get the bout.

Shortly after Liston and Clay signed for the fight Tuesday at the Denver Hilton Hotel, three separate offers of \$1 million guarantees, two from Los Angeles and one from Miami, were reported by associates of the two principals.

They said Las Vegas, Minneapolis and Chicago also bid. Liston will get 40 per cent of an expected multi-million-dollar gate and Clay 25 1/2 per cent, a proportion Liston's backers said was the largest since a heavyweight challenger has ever received.

Former champion Joe Louis and his United World Enterprises, Inc., of Los Angeles submitted the first offer of a \$1 million guarantee.

George Farnasous of the Olympic Boxing Club, also of Los Angeles, was in with the second, and Miami promoter Chris Dundee was reported offering the third.

Liston was immediately installed as a 4-1 favorite by the New York oddsmakers, who also were giving even money that Clay would not last seven rounds.

Owens Named Coach Of Week

SEATTLE, Wash. (UPI) — The state of affairs was unusual, to say the least, when Jim Owens of the University of Washington football team was informed that he had been named United Press International Coach of the Week. The Huskies, by Owens' own admission, had played their toughest football game of the season when they clobbered defending Big Six Conference champion Southern California 22-7 Saturday.

Mrs. Claudia Hughes Gives Workshop Talk

By Robert B. Thomas Jr.
FA 2-5756

Mrs. Claudia McNeil Hughes, who was a delegate to the PTA workshop at Bethune-Cookman college, gave a report of same. She gave excerpts from each speaker's message.

Mrs. Myron Glee, keynote speaker, urged parents to instill within their children a desire to strive for excellence. "Tell your children to be alert always," she said. "Love the child constantly by acting and saying 'I love you,'" she stated further. In her conclusion, she said, "Your child always is asking what are his needs by his behavior patterns; and parents should keep trying to answer those questions." Mrs. Hughes gave a few statements from the president of Bethune-Cookman, Dr. Richard V. Moore. He said, "Expose the child to rich experiences, trips, magazines and books. Encourage creative activities and family discussions. Do not expect the child to be as others because there are individual differences; and above all do not push him. He concluded by saying, the welfare of the child should be first and foremost."

An appeal for children to know more about the Negro was issued. Our children should be aware of the heroes of Doris Miller, who shot down five Japanese planes during the attack on Pearl Harbor; and Gen. Benjamin

CLAUDIA HUGHES

way, has returned home after spending 1 1/2 years in Germany with the Armed Forces. He is residing with his parents in Academy Manor.

On Sunday afternoon, the Hi-Y and Tri-Hi-Y attended and participated on the Youth Day Programs at the Church of God in Christ.

Annual induction of new "Y" members and installations of "Y" officers was held Monday in the R. A. Allen gymnasium.

The Hi-Y, Tri-Hi-Y and Junkr Tri-Hi-Y now have 100 members, all students of Crooms High School.

The Hi-Y and Tri-Hi-Y groups were guests on a literary program given by the Young People's Endeavor of the Church of God Sunday evening. The members who participated were Sonja Cherry, Mamie Bowman, Steve Wright, Errol Cherry, Reginald McGill, Betty Black and Linda Merthie. Everyone who participated presented inspirational thoughts which contribute to the growth of the spiritual and moral values. The program was enjoyed by all.

A standing invitation was extended to everyone. Rev. Leon Deveaux is the pastor. St. Paul Baptist Church will observe its annual Women's Day Sunday, at 11 a. m. and 7 p. m. An enlightening program has been planned for this occasion. Two educators of the State of Florida will be the speakers at these services.

Highlighting the morning services will be Mrs. Ireta M. Crosby, who is originally from Sanford. Her wide experiences as a professional person furnish basis for her efficiency. She is a graduate of the local schools and received her BS degree from Florida A&M University. She has done further study at the University of Minnesota. Presently, she is a teacher in the Dade County school system.

Speaker for the evening services will be Miss Shirley Watts, of DeLand. She is a graduate of the schools of DeLand and of Bethune-Cookman College. Miss Watts is widely known in Central Florida because of versatile personality. She is principal of Malloy Elementary school, DeLeon Springs.

This special observance is sponsored by the choir and Deaneas Board No. 2. Committee chairmen are Mrs. Ella Roberts, over-all chairman; Mrs. Margaret Oliver, program; Mrs. Rebecca Abney, decorating; and Mrs. Luila Sedro, finance.

Pupils of Seminole County will present a bookweek skit over WTRR radio Tuesday at 3 p. m.

Representatives from the following schools will participate: Crooms High School, Midway Elementary School, Jackson Heights Elementary, Rosenwald Elementary, Goldsboro Elementary, Hopper Elementary and Booker-Town Elementary.

Wallenda Aerial Troupe Falls From Wire Again

SARASOTA (UPI) A high wire snapped with a resounding twang Tuesday when the Great Wallenda aerial troupe tried building a seven-man pyramid for the first time since tragedy struck at Detroit in January of 1962.

The fall this time was only from 12 feet, but three of the acrobats were treated at a hospital emergency room, three others suffered bruises and the seventh was not injured.

Normally, the act is performed 40 feet above the ground, but the wire was lowered for a cameraman filming the practice performance for a national television show. The camera caught the entire sequence.

The mishap came as the nimble-footed circus performers climbed up the backs of one another to make the human pyramid on a thin steel wire. The second row of the pyramid was finished and the third row was being built

when the wire broke.

The last time the Wallendas attempted the stunt was before a circus audience on Jan. 30, 1962. Two of the performers were killed and a third crippled when the pyramid collapsed and the acrobats tumbled to the floor of the hall.

Three of the troupe working here — Karl, Gunther and Herman Wallenda — were in the pyramid at Detroit.

Gunther Tuesday, suffered deep face lacerations and lost four teeth. Karl was treated

for a possible pelvic injury, and Louis Murillo suffered wire burns, head and shoulder bruises.

Herman and Jennie Wallenda and Paul Jordan received minor bruises and Andy Anderson — the seventh acrobat — was uninjured.

Cause of the wire break was not determined, although Karl theorized the strand was too tight.

The troupe is scheduled to make a final public performance of the pyramid at the

Shrine circus at Fort Worth, Tex., later this month.

"We want to show the people we can still do it and we are not afraid," Karl Wallenda said after this accident.

During the pyramid act, he said, the acrobats will use a safety net for the first time. But he said the rest of their act will be performed without the net.

From the errors of others the wise man corrects his own.

Regime Of Experts

It is not only the great and still enlarging size of government that worries many people, but its increasingly technical nature.

At the federal level, more and more scientists, engineers and other technical people are filtering into government posts.

To a lesser degree, the states are feeling the same change.

The days of huge spoil systems, in which mere untrained political favorites are rewarded with jobs when command of the government shifts from one party to the other, are fast vanishing.

Pennsylvania, perhaps the last great stronghold of such a system, is yielding to the pressures of an altered way of life. Massive job turnover is now much too costly and inefficient to be tolerated. A big civil service expansion has been approved.

There are clear advantages in the change. Government by the expert would certainly seem to be better than government by the inept.

Yet there is another side. The essence of free government is people's power to change leaders when they want. Presumably they do this when they seek not just new men but new policies.

The growth of government as a complex technical monolith makes it harder and harder, however, for incoming "policy-makers" to give their policies real effect.

The established bureaucracy,

whatever its size, always has served to dilute, divert and delay the efforts of the policy-makers. Its impact on them today is far, far greater.

The elected and appointed officials at the top of the government structure are, when they take over, heavily dependent upon the experience and expertise of the trained specialists in the administrative corps. The more special the work, the more dependent are the leaders.

One of the silliest arguments ever heard in presidential or gubernatorial campaigns is that some particular candidate should not be elected because he should not be given "on-the-job training" at the people's expense.

There is really nothing, aside from actually holding the office a while, that truly prepares a man for these high posts. On-the-job training is not only a necessity, but the only thing possible.

Indeed, in two, four or eight years he may just be really mastering the work when his service is up. The shorter his learning period in office, the less likely it is that he will be able to make any solid dent in the great iceberg of government.

So, while government appears in important ways to be getting more and more expert, we may be increasingly at the experts' mercy. Not only can they be wrong, like the rest of us, but from their entrenched posts they may be almost immovable.

Solutions for this puzzle do not come readily to hand.

Peter Edson

Political Notebook

WASHINGTON (NEA) — Any idea that the United States and Soviet Russia will follow up a wheat sale agreement with greatly expanded trade on other items overlooks the red tape angle.

This is best understood by taking into consideration all the troubles the United States is having in negotiations on new trade agreements with friendly countries.

The Trade Expansion Act of 1962, which was supposed to facilitate this business, has now been in effect a full year. So far it hasn't reduced a single tariff.

It will be another year at least before any tariff reductions can be negotiated with the Europeans. Trying to cut the Russians in on anything like this as a favored nation would just mess up world trade hopelessly.

The situation already is so bad that the U. S. high tariff lobby is saying the act never should have been passed.

But since the protectionists opposed trade liberalization in the first place, their new complaint serves to beat U. S. Tariff Commission is having trade czar Christian A. Herter

over the head for doing something they never wanted him to do.

Neither Herter nor anyone else would foresee the troubles ahead when he took the job as chief negotiator for the President under the Trade Expansion Act.

The act was pegged principally on admission of Great Britain to the European Common Market. When the French vetoed that, everything had to be reappraised for a new beginning.

Here is where matters stand now in five principal trade areas.

—On negotiating down-to-zero tariffs on products in which 80 per cent of the trade is between the United States and Common Market countries. Without Britain's trade to consider, this category is reduced to aircraft and perfumes.

—On other tariffs that could be cut up to 50 per cent within five years: Everything but petroleum is ruled out.

—On cutting tropical product tariffs down to zero: The Tariff Commission is having trouble defining just what

tropical products are. Recently it was stuck on guava jelly.

On reducing to zero tariffs that might lead to increasing American exports: Since French President De Gaulle blackballed British membership, it has been impossible to reach agreement with the Common Market on a single item.

—On reducing barriers to trade other than tariffs: While trade czar Christian Herter is authorized to negotiate on this, he doesn't know with whom he can negotiate.

For the treaty of Rome, which set up the Common Market, authorized negotiations only on tariffs—not on quotas or other trade barriers.

Progress on all these negotiations has been slowed down by a nine-year-old U. S. law which required reclassification and simplification of all tariff schedules. This was completed on Aug. 30 and is now in effect.

President Kennedy is ready to announce a list of newly classified items on which new rate negotiations can begin under the General Agreement on Tariffs and Trade.

For six to eight months American manufacturers and other interested parties may protest inclusion of their products in GATT negotiations. But after the Tariff Commission hearings the President is authorized to issue the final list. Negotiations may then begin.

This "Kennedy Round" of tariff negotiations is scheduled to begin May 4, 1964, in Geneva but may have to be held in abeyance until a UN conference on World Trade runs its course. The latter, called at the urging of Russia and some underdeveloped nations, gets under way in mid-March.

"The Trouble Is, Doc, I Can't Tell Whether It's a Nightmare or a Premonition"

Dr. Crane's Worry Clinic

Read the comments of the three wives at Ogden, Utah, who had been in the same predicament that confronts Della. Scrymgeour this medical case about pregnancy and send for the booklet below, to add to your personal file. Or mail it to any wife like Della.

CASE Q-493: Della D., aged 28, has been married six years.

"Dr. Crane," she mournfully began, "we have wanted to have children but thus far I have never become pregnant."

"Our family physician says there seems to be nothing organically wrong with me."

"And my husband has also been checked but he is also all right."

"But still we have no children. So is our only remaining hope the adoption of a baby, if we can find one?"

When I visited Ogden, Utah, on a lecture trip a few years ago, three women waited to speak to me after my evening address.

They had been in the very same boat with Della. For one woman had been married for 5 years; another for 12 and the third for 18 years, yet none of the three wives had ever become pregnant.

"Dr. Crane," they exclaimed when I had a chance to speak to them, "we are now the mothers of children and it all happened after sending for your newspaper booklet on 'Pregnancy Problems.'"

So here are some of the simple medical facts to be found in that booklet. These data obviously cannot produce pregnancy if there are organic medical reasons to the contrary.

But if husband and wife seem to be O. K. medically, yet still are childless, then try this method.

In the usual wife, her most likely time of pregnancy will be about 15 days before her next menstrual period starts.

Please notice that nowadays we locate this fertile date with reference to the future period instead of the last one.

For many women are on a 35 or even a 42-day cycle, so our former medical idea about 13 days from the last period

would be inappropriate on a woman whose cycle was not 28 days.

Furthermore, one of the big obstacles to conception is acid. To overcome the likelihood of excessive acidity of the wife, use a baking soda douche, employing a teaspoonful of soda per quart of warm water.

Contraceptive jellies usually employ acid to neutralize the action of the sperm cell.

But the normal bacterial condition often causes excessive acidity in an otherwise healthy wife.

So the alkaline douche, composed of ordinary baking soda, may tip the scales.

The pregnancy week, as per the Catholic rhythm theory, is simply found by starting with the 15th day before the onset of the next period and then counting off 3 days on each side thereof.

This is supposed to be the most likely time for human conception.

No you childless couples who are otherwise organically O. K., might profitably try this test of pregnancy for a few months.

For literally hundreds of other supposedly sterile couples have had children after following the advice above.

Send for my medical booklet "Facts About Pregnancy," enclosing a long stamped, return envelope, plus 20 cents.

It also shows you how to employ the "thermometer test" to find your exact ovulation date.

And it also contains the most deft way to inform a foster child of its adoption.

And if you have a chance to adopt a youngster, jump at the chance.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Barbs

By Hal Cochran

It's easy to borrow money from a bank if you can show enough evasions that you really don't need it.

Bus fares went up in an eastern town. Another job for a standing army.

What the baby elephant said to its mother's mother: "My, what big ears you have, grandma!"

A doctor says sandals and moccasins can cause flat feet. Put 'em on, teenagers, and settle down.

We'll bet that about 10 per cent of the stuff stored in your basement is worth saving.

With fall cleaning time here the davenport and the piano are due to change places.

One of the best uses for a thrashing machine is when a boy is sowing his wild oats.

Some men walk to reduce and others, with a son and a car, are reduced to walking.

Dick West Says

First Letter To Santa

WASHINGTON (UPI) — You can make of this what you choose, but the first Santa Claus letter to come to my attention this year struck me as being symbolic of the times.

It was written by young James Daubney of Uxbridge, Mass., and Jimmie apparently does not believe all that jazz about Santa living at the North Pole.

At any rate, he mailed his letter to Washington, D. C. which figures.

Even the kids must know by now when you want something, Washington is the place to write.

Old St. Nick may be noted for his benevolence, but he never came up with anything that could touch the recent military pay bill passed by Congress. And when did Santa ever leave a tax cut in anyone's stocking?

The letter was addressed to "Santa Clause," and the Post Office, with typical efficiency, delivered it to the office of Rep. Don H. Clausen, R-Calif. A mistake like that wouldn't have happened if Jimmie had

used Santa's zip code number. There is no doubt, however, that Jimmie did the right thing in sending the letter to Washington. It would take a congressional appropriation to pay for all of the things he wants for Christmas.

If the items on his list were stacked end to end, we wouldn't need the Apollo space program to reach the moon.

As an indication of what the rest of us parents will be up against this year, Jimmie's early bird gift list is itemized below. I have used his spelling, mainly because I can't spell very well either.

First page — "Smoke gun, cement mixer, boat trailer, truck, truck dump, horse trailer, truck & trailer, fire engine, bulldozer, indian set, cow set, airplanes, Popsi Sailer, punching bag, pup tent, train set."

Second page — "New clock, U. S. space team, sky diver, cargo plane, Mr. Machine, Mr. Mercury, robot commando, King Zor, farm set, Blue & Gray army set, combat set, Big Bruiser, exploding tank."

Third page — "Gas station, car, truck, car, sub, plane, racing car set."

This makes me glad that some of my sons are girls.

Closer Marina Study Proposed

Visions of a modern boat marina at Sanford stirred again in the minds of city commissioners Monday night, but such a facility remained in the embryonic stage after a lengthy discussion.

The commissioners noted that the proposed marina still lacks form or shape, however, inasmuch as no formal plans have yet been submitted by a group of business and professional men promoting the marina.

The city officials noted the group has expressed interest in a 50-year lease from the city for the pier property, site of the proposed marina.

City Attorney W. C. Hutchison Jr. questioned the advisability of such a long-term lease until more basic knowledge of plans and details are available to the city.

The city attorney said there are still too many questions remaining to be answered before a lease should be executed. He called for an investigation of figures and costs, whether the marina's boat slips would be covered or uncovered, how many boats to build for, and what would generally be accomplished over a 50-year lease period.

"If the canal (St. Johns-Indian River Canal) is completed in five years, anything could happen as far as a marina is concerned," Hutchison said. He added that the number of boats for which storage facilities could be built could range from 25 to 50.

Legal Notice

IN COUNTY JUDGE'S COURT, SEMINOLE COUNTY, FLORIDA.

ESTATE OF Harold M. Wood, deceased. NOTICE OF FINAL REPORT AND APPLICATION FOR DISCHARGE.

All persons are hereby notified that the undersigned as Executor of said estate, has completed the final report and application for discharge of said estate, and has filed in said court its final report and application for discharge. Objections thereto, if any, should be duly filed. After filing proof of publication showing this notice has been published once a week for four consecutive weeks, the matter of approval of said report and the ordering of distribution of said estate will come before the court.

Board Will Ask College Bonds

TALLAHASSEE (UPI) — The Board of Control meets Friday to ask the Cabinet to issue its share of the \$75 million college building bonds, but bonds to buy recreational land may be held up until two law suits are settled.

Boy's Condition Reported As Satisfactory

CINCINNATI (UPI) — A Sanford boy was reported in satisfactory condition today following an eight-hour operation Wednesday for cancer of the liver.

Eighty per cent of Kenneth Harriett's liver was removed by Dr. Lester W. Martin, director of surgery at Children's Hospital. It was the second time this year the rare and delicate operation has been performed here.

"No complications; things went smoothly," said Dr. Martin. He added, "it will take several years to see if the malignancy has been arrested."

The doctor said a minimum amount of liver remained for Kenneth to lead a normal life.

The 12-year-old's parents, Mr. and Mrs. George Harriett, and his eldest brother George Jr. waited the eight hours at the hospital. Kenneth is expected to spend a month here recovering.

Democrats Lose Percentagewise

WASHINGTON (UPI) — Political diagnosticians began running Kentucky and Philadelphia elections returns through their computers today and found at least superficial evidence of a backlash among white voters from the race issue.

Tuesday's contests for the Kentucky governorship and the Philadelphia majority had been watched for signs to measure the political effect of racial tensions. Democrats won both races but by sharply reduced majorities.

Philadelphia was given particular attention by Republicans because the party line has been that the GOP lost the 1960 presidential election in the big cities.

President Kennedy polled 68 per cent of the vote in Philadelphia, giving him a plurality of 330,000 which enabled him to carry the entire state of Pennsylvania.

In Tuesday's majority election in Philadelphia, Republican James T. McInerney polled about 66 per cent of the vote in his bid to unseat Democratic Mayor James H. J. Tate. The GOP share of the vote in the last city election was 34.4 per cent.

Bearing Hawaiian leis and pineapples from a luau, Paul Bates and Leonard Casselberry of Casseberry Utilities returned home Wednesday evening from Miami Beach where they attended the 4th annual conference of the American Water Works Association and the Florida Pollution Control Association.

Saturday is the deadline for census card returns for the residential area directory to be published by the Ginderville Volunteer Fire Department. Cards are available at Michael's Store in Ginderville or at 7-11 Store in Sunland Estates.

Mrs. Lynn Exch. of Altamonte Springs, is a judge in the saddle horse show Sunday at Fairview Park, across from the Ben White Raceway.

Telegram from Congressman Syd Herlitz: "Civil Service Commission will hold an examination for postmaster at Oviedo on Jan. 11. Closing date for applications is Dec. 10." Popular John Courier is acting postmaster.

approved by Florida voters Tuesday. The Board of Control, which gets \$46 million of the \$75 million bond issue, is expected to designate specific construction projects and the bond validation is expected to start around the first of the year.

Gubernatorial aide William Kidd said Wednesday the issue of recreational bonds will probably be withheld until two suits challenging a 6 per cent tax to back the bonds is settled.

The tax, passed by the 1963 Legislature, was placed on most sporting goods at the wholesale level. Hardware and sporting goods firms have challenged the tax as discriminatory and unconstitutional.

Planning is already underway on 12 university projects to be financed by the bond issue and Board of Control architect Forrest Kelly said contracts could be awarded in the spring of 1964.

Kelly said contractors would not be able to complete work on all of the projects until about mid-1966.

CC Directors Hold Quarterly Meeting Tonight

A new staggered system of election of directors will be explained by President Francis E. Roumillat Jr. at the Chamber of Commerce directors' quarterly meeting at 7:30 this evening at the Florida State Bank lounge.

A nominating committee will be appointed this evening. Ballots will be mailed Saturday and must be returned by midnight Nov. 15.

Mrs. Camilla Bruce, Seminole County supervisor of registration, will be recognized for her 15 years of service to the Chamber of Commerce.

Douglas Stenstrom will give a report on the proposed East Central Florida state university. Scott Burns will report on industrial committee activities. Clifford McKibbin will report on progress for metropolitan telephone service in Seminole County.

"We were very proud of the vote of the people of our County to authorize the Board of County Commissioners to call for a bond election, if necessary, for the purpose of acquiring a site for the new state university."

"Four of our five sites must be purchased. Until now, the County Commissioners had no authority to do this. Should the Board of Control select one of the four sites, the Commission is now in a position to call the bond election."

"I believe that the voters approved this authority for the County Commission by something like a 4-to-1 majority. This is a tremendous vote and certainly indicates that the people of our County are overwhelmingly in favor of the effort being made to have our County considered as the possible location for the new state university. All of us appreciate the effort of each one who took the time and trouble to vote on this question."

"I want to say, too, how pleased I am at Seminole's vote on Amendment No. 2. This was the higher education amendment. Next to Breard County, I believe Seminole gave the Amendment its greatest plurality. This is an other indication that the people of this County are deeply interested in the very finest higher educational facilities for our youth."

Lewis explained this contribution is from base personnel only. Navy and civilians assigned to Heavy Attack Wing One and its squadrons have yet to report their contribution.

Reports to date show good progress from the Wing with the following units contributing in excess of their goal: VAH-5, VAH-7, VAH-9 and VAH-11, staff, and with VAH-1 hitting 140 per cent of its goal.

Additional funds still are coming from men deployed with other squadrons in the Mediterranean. They will complete their fund raising activities before the Nov. 15 deadline.

The base contribution, Lewis added, is better than two per cent of the total UF goal.

Lewis stated: "If we could get the full co-operation of all of the people of Seminole County that we have and are receiving from the Navy we would more than break our goal this year."

Couple Charged In Son's Murder

Vote Results Unchanged By Official Count

Official count in the city and county elections Tuesday revealed no change today over the unofficial count released Tuesday night after the polls closed.

Voting in the city election saw only 35.8 per cent of the registered electors turning out while in the county, as a whole, only 4,057 voted out of 16,589 registered electors.

Official count in the city election was: Earl Higginbotham, 1,111, to win a seat on the City Commission; Thomas S. McDonald, 793, defeated for re-election, and A. L. Wilson, 1,100, re-elected.

Official count on the state constitutional amendments and the county permissive legislation question was: Amendment 1, 3,128 for and 1,171 against; amendment 2, 3,518 for and 831 against; amendment 3, 3,257 for and 1,003 against, and county issue, 2,454 for and 750 against.

School board will conduct its official canvass Nov. 14. In the unofficial count, two school millages were approved and Fred Bistline, Ray Slaton and Don Hale re-elected as school trustees.

Douglas Stenstrom, who spearheaded the campaign for the county issue as chairman of the Chamber of Commerce university site committee, today issued this statement:

"We were very proud of the vote of the people of our County to authorize the Board of County Commissioners to call for a bond election, if necessary, for the purpose of acquiring a site for the new state university."

"Four of our five sites must be purchased. Until now, the County Commissioners had no authority to do this. Should the Board of Control select one of the four sites, the Commission is now in a position to call the bond election."

Next to Breard County, I believe Seminole gave the Amendment its greatest plurality. This is an other indication that the people of this County are deeply interested in the very finest higher educational facilities for our youth."

DRUM MAJOR Roy Green Jr., Band Captain Norman Leach and Majorette Captain Sharon Williams will lead the Seminole High School homecoming parade at 4 p.m. Friday prior to the homecoming game of the "Fighting Seminoles" and the Wildwood "Wildcats" at 8 p.m. Friday at Memorial Stadium. (Herald Photo)

Altamonte Building Gets \$7,500 Start

Financing of the new Altamonte Springs Recreational Building got off to a good start Wednesday night with the Town Council making an initial pledge of \$7,500 toward construction.

At the same time the Recreation Committee, Bob Newell, Lorne Jacob and Mrs. Jean Pasternack, with Robert C. Webb as architect, was authorized to proceed with plans and specifications for building the 2,400 square foot facility which will go up on the west end of the city property facing Newburyport Avenue.

The building will be of concrete block construction with cement floor. It will contain a 10 by 38-foot general purpose room with a 12 by 16-foot stage, a kitchen and restrooms and showers for boys and girls. Space is provided for possible future additions to the north and west of the building. Estimated overall costs are expected to be in the neighborhood of \$15,000.

Council approved request from Dr. J. W. Hickman to supply city water to Seminole Industrial Park subject to final approval of the Housing, Home and Finance Agency.

Mains will be put in by the city up to the west line of Atlantic Avenue with Hickman to be responsible for providing lines and arteries within the park. Hickman has agreed, after the first year, to guarantee the town a total of \$450 annually for the next three-year period. After this time revenue will come from the individual customers locating in the Park.

Mr. and Mrs. Fred Faulhaber, who appeared before council with a list of fire complaints, were assured by Mayor Lawrence Swofford that all would be taken under consideration within the next few days.

Decision on paving Second Street between Sanford Avenue and Hermita Trail was tabled until the next meeting pending check on drainage. Estimated total costs for this project were set at \$4,790. Construction will consist of a six-inch sub-base covered with six-inch stamp asphalt and sand seal.

Progress report on the municipal water system showed that the work was 84.4 per cent completed at the end of October. Mains in the south end of town have been pressure tested and most of them sterilized, necessary changes along Altamonte Avenue are being made and it is expected that construction on the entire system will be in the final stages of completion within the next 30 days.

The low bid of \$2,080.11, submitted by Huller Motors of Sanford for a 1964 pickup truck for the water department, was accepted subject to compliance with specifications and approval of the government financing agency. Council also voted to accept the best bid for small equipment items needed by the department subject to final approval of the engineer.

Action on request to close an alley in Stuart Subdivision was tabled pending completion of the town's overall drainage plan by the engineer.

news... BRIEFS

MIAMI (UPI) — A Cuban exile group here says it plans to hold a world-wide refugee referendum next month to choose leaders to "bring about the liberation of Cuba."

DETROIT (UPI) — Dr. Robert E. Klein, Gainesville, Fla., was chosen Wednesday night as president-elect of the American Association of Blood Banks at the group's annual meeting here.

PEINE, Germany (UPI) — Rescue workers brought 11 men safely to the surface today from the underground shaft where they had been trapped for two weeks in a flooded iron mine.

BERLIN (UPI) — The U. S. Army today sent another convoy through the Soviet checkpoint at Marienborn and the Russians cleared the 23 men in 10 trucks in only 20 minutes.

ST. AUGUSTINE (UPI) — Negro integration leader Goldie Eubanks, already being held on a murder charge, was sentenced to four months in the county jail here Wednesday for resisting arrest without violence.

LONDON (UPI) — An 87 persons aboard a Trans-Canada Airlines TCA DC8 jetliner escaped death Wednesday night when the plane skidded off a London Airport runway into a muddy cabbage patch during a heavy fog.

TALLAHASSEE (UPI) — Gov. Farris Bryant said today adoption of the off-year election amendment last Tuesday made it possible for him to run for re-election but he had no plans to make the campaign.

NEW YORK (UPI) — Civil rights pickets scuffled with police early today in front of television studios where Alabama Gov. George C. Wallace pledged to battle President Kennedy's re-election campaign in 1964.

TALLAHASSEE (UPI) — Announcement that former president Harry S. Truman will be the main speaker has made the Florida State University homecoming banquet the most popular feature of the Nov. 15-17 weekend for old grads.

4-Year-Old Victim Of Brutal Beating

First degree murder charges have been preferred against a Negro couple in the fatal beating of their four-year-old son, it was reported this morning by Justice of the Peace Hugh Duncan.

Alton R. Williams, 26, and his wife, Valeria Jean Williams, 21, of 1832 Lincoln Avenue, are being held without bond in county jail, Judge Duncan said.

The Judge quoted the couple as having admitted that both beat four-year-old Christopher Kinnen Young, son of Mrs. Williams.

An autopsy at Sanford Naval Air Station, Judge Duncan said today, revealed the boy died from internal injuries. Judge Duncan stated that the boy's internal organs were injured and a number of ribs broken. Further, he added, the boy's entire body was covered with cuts and bruises. He said, "It was impossible to lay your hand on any part of that child's body, arms, legs or head without touching a bruise or cut."

Judge Duncan said he was of the opinion this beating practice had been continuing since the Williams couple was married last March.

Williams is an enlisted metalsmith in the Navy, assigned for the last two years to the Sanford Naval Air Station.

Sheriff's Deputy Leo Kisp said the stepfather and mother took the boy at 12:30 a. m. Wednesday to SNAB dispensary, where he was pronounced dead on arrival.

Rocky Makes It Official

ALBANY, N. Y. (UPI) — Gov. Nelson A. Rockefeller today announced his candidacy for the Republican presidential nomination and promised an all-out primary fight to stop Sen. Barry Goldwater.

Rockefeller told newsmen and a nationwide television audience he is willing to make the White House race next year and let Republican voters decide whether he should be the GOP standard bearer against President Kennedy.

After reading a prepared statement before television cameras in the jammed red room of the New York state Capitol building, Rockefeller headed for New Hampshire where the nation's first primary will be held next March.

Navy Shore Chief To Visit Sanford

Overseer for the Naval shore establishment in the southeastern United States, Rear Adm. Lawrence R. Daspit will visit the Sanford Naval Air Station Saturday en route to Veterans Day activities in Orlando.

Daspit, commandant of the Sixth Naval District, will fly into Sanford from his Charleston (S. C.) headquarters shortly after 9 a. m.

He will confer with Capt. Robert M. Ware, commanding officer of Sanford NAS, and Cdr. George W. Kimmons, chief staff officer of Heavy Attack Wing One. Naval sources said today Admiral Daspit is primarily interested in seeing facilities which are being developed to support the new RA-5C Vigilante attack reconnaissance plane.

The admiral will continue to Orlando in the afternoon to attend a reception and dance held by the Central Florida War Veterans Council in his honor at the Robert Meyer Motor Inn.
