Dems Using Pardon To Blast GOP

WASHINGTON (AP) — Democrats are starting to inject President Ford's pardon of Richard M. Nixon into the mid-term campaign at the same time a survey shows them headed for a strong showing in November.

Underlining Republican fears that Ford's action may revive Watergate-related issues at the GOP's expense, Democratic gubernatorial candidate Hugh L. Carey in New York and Senate hopeful Jonathan Marshall in Arizona have questioned the pardon. And in California, Sen. Ed-

ward M. Kennedy, D-Mass., launched a weekend of campaigning for Democratic candidates by blasting Ford. "It was the wrong time, the wrong place and the wrong person to receive a pre-indictment, pre-conviction pardon," he said. "His moves came as an Associated Press survey showed that Republicans appear headed for substantial losses this November. Despite some revived morale since Ford assumed the presidency, the GOP could lose two to six Senate seats and governorships, and possibly up to 40 House seats.

Carey, opening his campaign against Republican Gov. Malcolm Wilson, said he would make an issue of Wilson's refusal to comment on the pardon and other Watergate-related issues. "The governor of New York has a national voice, and he must speak to national issues and issues of conscience," Carey, a congressman from Brooklyn, declared.

In Arizona, meanwhile, Marshall, a Scottsdale publisher, opened his uphill drive against Republican Sen. Barry Goldwater by blasting the senator's support of the Nixon pardon.

"Why have these outspoken proponents of law and order gone along with this mockery of the law?" he asked. The best Republicans can hope for, according to the survey by AP bureaus in all 50 states, is to hold losses to about 2 governorships and 15 House seats while breaking even in the Senate.

Democratic control the Senate 58 to 42, the House 248 to 187 and the governorships 32 to 18. Though most Senate and gubernatorial seats being contested this year are held by Democrats — 20 of 34 Senate seats, 23 of 35

Juvenile Center Head Fay Needs Community

LAZY DAYS ARE OVER — The lazy, hazy days of summer behind them, students at Lakewood Middle School have said farewell to lying by the pool or sitting in front of the television, and are exercising back into shape for the fall school term.

The state Division of Youth Services (DYS) has appointed a new Seminole County juvenile detention center superintendent — one of the youngest men named to such a position in Florida. Tom Fay, 28, has taken over the reins of the facility. A resident of Sanford since his father was stationed at the old Sanford Naval Air Station, Fay attended All Souls parochial school and graduated from Seminole High School. He holds a masters degree from Rollins College and worked four years as a counselor at Five Points to accomplish more than just

Flooding Feud Session Slated

By DONNA ESTES Herald Staff Writer

The two-year old feud between the City of Longwood and Seminole County Commissioners and County Engineer Bill Bush over flooding problems in South Island Lake has apparently hit a cease fire level. Bush has scheduled a workshop among the parties for 7 p.m. Wednesday night to iron out the disagreement, but it is unlikely any elected city officials will be on hand. The city council has a public hearing scheduled for 7:30 the same night on its proposal to raise taxes from the current 3.68 mill level to 4. According to a letter from Bush, received by Longwood officials last week, Bush is now recommending that the South Island Lake flooding waters be diverted east into Fairy Lake which in turn overflows into Lake Kathryn in Casselberry.

In a confrontation with Palm in early July at a Longwood Council meeting, Bush denied that Palm's approved drainage concept which shut off overflow from South Island Lake through Winsor Manor had been initiated with Bush's prior approval.

In another informal meeting among commissioners, Bush and Longwood officials in late July, Bush contended the most feasible solution to South Island Lake flooding was to reopen drainage pipes under SR 434 and to rework the Winsor Manor drainage system to permit overflow to follow its natural course northward through The Woodlands.

Bush at that time criticized Palm's use of a letter written by Bush to the state Department of Transportation (DOT) in late 1971 as the prime reason for shutting off drainage through construction of a dam on the north side of the highway.

Bush said at that time that the 30 inch culvert pipe under the highway should be restored.

In his latest letter (Sept. 4), Bush said restoration of the pipe cannot be recommended. He cited the reduced flood storage area, increased runoff from Winsor Manor, the runoff from the impending four-laning of SR 434 and inevitable developments that will take place on south and northeast arms of Island Lake in the future.

"It is apparent that a new high level relief route to the east must be explored without delay to provide a permanent solution to handle the impact of developments that have yet to take place," Bush said.

Bush in the letter to Longwood officials, also said that if a 30-inch pipe were to be installed through Winsor Manor, the risk to the Woodlands would be unreasonably increased. He added if a 10-year storm drainage flow is experienced at a time when Island and Winsor Lakes were already elevated due to rains, there would be serious flooding in the Woodlands.

TOM FAY

volunteers to help with whatever expertise they may have from sports to recreation to tutoring." He noted the School Board has provided a good teacher, who is currently conducting tests to determine reading levels. He is also asking Seminole Junior College for assistance.

"And we need involvement by Seminole's religious leaders. We have seen the power and influence they have in turning families around in the right direction," he said.

Fay is initiating a "token economy" at the center, to reward inmates for positive behavior. "With problems the center had in recent months when some personnel were fired in mind, Fay said, "I will be honest with everyone. If mistakes are made, we will be honest about it. If any legal problems develop with staff or any of the juveniles, we will contact the sheriff's department and let them do the investigating."

Union Gifts Uncovered; Conflict Of Interest Denied

WASHINGTON (AP) — The maritime unions still have \$586,000 for political donations, after pouring one-third of a million dollars into campaigns of congressmen who supported them on a hotly disputed shipping bill.

Latest campaign finance reports show the unions have given \$333,300 to 141 congressmen who supported the bill. The measure would require that eventually 30 per cent of all U.S. oil imports be shipped in oil imports be shipped in American-flag ships, manned by union crews.

The unions still have some of the richest political trusts in the nation, the reports show.

Federal law sets no limit on political donations by union groups, so long as the funds come from voluntary contributions of members. Direct donations from a union treasury to political campaigns are illegal.

Most of the money, \$396,000, is held by three trusts run by the Marine Engineers Beneficial Association. Other rich trusts are run by the Seafarers International Union and the Masters, Mates and Pilots, and other maritime unions.

The reports show the union money given to incumbents since Jan. 1 has gone almost exclusively to those who voted for the bill or supported it in some way. Maritime donations went to only three congressmen and one senator who voted against the bill.

The senator, Jacob K. Javits, B-N.Y., gave \$8,500 back to the bill's sponsor, Sen. Ernest F. Hollings, D-S.C., \$7,200.

A spokesman declined comment when asked if Javits had feared the money would create a conflict of interest.

The largest donation by the unions went to Sen. Russell B. Long, D-La., who denied that the \$20,000 received by him created any conflict. Long is chairman of the Merchant Marine subcommittee, and as floor manager of the bill he guided it to passage.

The second-largest donation went to Long's counterpart in the House, Rep. Frank M. Clark, D-Pa., chairman of the Merchant Marine subcommittee which cleared the bill before the House approved it last May. Clark got \$17,500.

The third-largest sum went to Thomas P. O'Neil, D-Mass. He received \$16,000.

The maritime unions seemed to put their donations where they would do the most good. Sen. Warren G. Magnuson, D-Wash., chairman of the Commerce Committee and one of the bill's sponsors, got \$12,900. Another sponsor, Sen. Bob Packwood, D-Ore., got \$10,000.

Sen. Mike Gravel, D-Alaska, a vocal supporter of the bill, received \$12,500. He also received a \$25,000 loan, not yet repaid.

Other big donations went to Sen. Alan Cranston, D-Calif., \$14,500; Sen. Howard Metzenbaum, D-Ohio, defeated for re-nomination, Sen. Daniel K. Inouye, D-Hawaii, \$10,000; Sen. Thomas F. Eagleton, D-Mo., \$7,500 and Sen. Ernest F. Hollings, D-S.C., \$7,200.

Candy Bars No Treat; Their Price Rising, Too

WASHINGTON (AP) — Manufacturers plan to raise the price of vending machine candy bars to 20 cents because of a strain on the world supply of cocoa and chocolate products.

The price increase, on the heels of a jump from 10 to 15 cents with little or no change in candy bar size, reflects the development of a sweet tooth in the rest of the world as active as that in the United States.

World cocoa consumption has been expanding along with increases in population and income, says Rex E. T. Dull of the U.S. Department of Agriculture's Foreign Agriculture Service.

But unfavorable growing conditions in many major producing countries have brought the 1973 and 1974 world crops below consumption needs, sending cocoa prices to a record high, Dull writes in the current issue of Foreign Agriculture.

This 20-cent candy bar is being brought on by record high cocoa bean prices but also by higher costs of other candy bar ingredients such as sugar, nuts and milk, Dull says.

He says manufacturers also are paying more for labor, packaging and transportation.

"Normally, incomes of high cocoa bean prices, manufacturers have varied bar weights and increased usage of cocoa butter substitutes and extenders, such as coconut and soybean oils, to keep confectionary retail prices stable," Dull says. "But today, these commodities are selling at very high levels."

Cocoa bean prices peaked at \$1.30 per pound on the New York spot market in early May, more than double the price of a year before. However, the price had adjusted somewhat by the end of August to \$1.06.

"Increasing world demand for cocoa in recent years and somewhat disappointing crops in West Africa because of unfavorable weather, have resulted in substantial drawdown in world reserves," Dull says.

FOOD FOR THE OTTERS — Gordon Dehler, president of the Orlando Otters Underwater Club feeds one of the otters at the Central Florida Zoo. The skin-diving club has pledged to donate \$30 monthly for the next year to pay for the food and care of the otters.

How About That! Women In Runoff

Tallahassee, Fla. (AP) — "People vote for me not because I'm a woman but because I'm a woman who gets things done," says Joyce Goldberg of North Miami.

Mrs. Goldberg is one of two women who will be in congressional runoff races Oct. 1. Beverly Doster is in a runoff statewide for secretary of state.

Continuing to make political inroads, women also have a chance to increase their state Senate membership by 100 percent. Female membership of the state House of Representatives, now six, will grow if one of 10 remaining women candidates wins in the general election.

Two women lost statewide races in Tuesday's primary — Public Service Commissioner Paula Hawkins for the Republican Senate nomination, and Sheila King for the Democratic education commissioner nomination.

Washington (AP) — President Ford proclaimed a clemency program today for thousands of Vietnam war deserters and draft resisters "in furtherance of our national commitment to justice and mercy."

Key features of the program would require deserters and draft evaders to spend up to 24 months in low-paying jobs before being eligible for military service records and "other mitigating factors."

All those wanting to accept the amnesty opportunity would have to turn themselves in before Jan. 31. Draft evaders would report to the United States attorney where an offense was committed and deserters would report to appropriate military commanders.

Industry Airing Economic Ideas

PITTSBURGH (AP) — U.S. Commerce Secretary Frederick B. Dent, conceding he has "ideas of my own" on how to stop America's skyrocketing inflation, said today he wants to listen to businessmen "so to confront and overcome this serious problem."

"I will try to restrain myself while I listen," Dent told newsmen before opening the fifth of 12 regional meetings that will max Sept. 27-28 with a White House summit conference on the economy.

The first to respond among invited industrialists was Robert W. Sarnoff, chairman and chief executive officer of RCA Corp. He said in a prepared statement, "It is everybody's duty to cooperate in fighting inflation, but only the government has the power and ability to stop it at its source."

Sarnoff said the federal budget "should be held to \$300 billion in fiscal 1975 and every effort made to achieve a balanced federal budget in fiscal 1976."

Another economic brainstorming session is also being held in Dallas today, where views of people in recreation and natural resources are being sought.

Washington (AP) — President Ford proclaimed a clemency program today for thousands of Vietnam war deserters and draft resisters "in furtherance of our national commitment to justice and mercy."

Key features of the program would require deserters and draft evaders to spend up to 24 months in low-paying jobs before being eligible for military service records and "other mitigating factors."

DEAR ABBY Hubby's Jokes Aren't Funny

DEAR ABBY: Is there something wrong with my sense of humor, or is my husband sick?

He's a tease, a clown and an all-around kisser. The problem is that most of his kidding is downright cruel.

DEAR ABBY: When aggression and hostility are built into a person's personality, he is indeed "sick."

DEAR ABBY: I have been in business long enough to know that in dealing with customers, patience and courtesy is always the best policy.

DEAR ABBY: Thank you for letting your readers know that although many unmarried mothers are keeping their babies, the Salvation Army's Booth Memorial Hospitals are still open and serving a good purpose.

DEAR ABBY: My son was born at such a hospital. I was five months along when I entered Booth. Soon I realized that my impression of "bad girls" go to have their babies.

DEAR ABBY: I received your counseling, individual counseling, room and board and the knowledge that I wasn't the only girl about to have a baby all alone.

I recall all the get-togethers we girls had and how we talked about our fears. That was the best therapy in the world, just being able to talk without shame to someone in the job, just being able to talk to a friend.

I decided to keep my child, although I had no job and no husband in sight. For me, the decision was a good one. For others it would not have been. It was rough. The looks, the criticism, the tears.

My story has a happy ending. Seven years later, I married a wonderful man who adopted my son. I know this is the best thing that has happened to me since I was born.

Fine Feast For The Eye

This is National Flower Week, and Florida Seminoles County, as well as the nation, florists will be celebrating with extra beautiful floral displays.

Take advantage of Flower Week to bring a little floral sunshine into your lives as well.

Does the prospect of peace and quiet, now the children are back at their desks, fill you with lighthearted glee?

Are you the chairman of the annual Teachers Luncheon which welcomes the faculty back for another year of the three Rs?

Have you run out of clever ideas for Brownie or Cub Scouts projects? Keep the luncheon in mind for Mother's Day.

On Aug. 24, the Beginning Day Luncheon was held at the Golden Pagoda in Casselberry.

The following chairman gave a summary of this year's projects and events: Membership, Faye Jones; Program, Linda Keeling; Social, Janice Kroeg; Ways and Means, Linda Sapp; Service, Fran Hill; Sunshine, Debbie Bowlin; and Contact, Freddie Nelson.

Photographer is Debbie Bowlin and co-chairmen for publicity are Karen Wallace and Pam Knowles.

A Tupperware Party is scheduled for Sept. 24, Mrs. Dot Robinson will be the Tupperware Dealer.

The first social of the year will be a couple's beach party slated for Sept. 28.

Tina Bojanowski presented the program "The Body Beautiful." She discussed the physical and mental health of the body.

The new officers for this year are: Pam Knowles, president; Faye Jones, vice-president; Pam Schrum, recording secretary; Debbie Bowlin, corresponding secretary; Darlene Horn, treasurer; and Tina Bojanowski, extension officer.

DEAR POLLY: The legs on a mahogany chair made ugly dark stains on my cherry-colored wool carpet.

DEAR POLLY: My pet Peeve is having to pick up trash scattered by stray dogs.

DEAR POLLY: Virginia asked for something to use to remove a sticky residue left on her refrigerator after adhesive-backed paper was removed.

DEAR DR. LAMB: Your column about coffee and your heart was rather disturbing to me.

DEAR DR. LAMB: I have a faster heart rate than usual these past few years.

DEAR READER: Yes, I did say that. It is the result of a study of personnel from the People's Gas Company.

Normal heart rates are said to be between 60 and 100 beats per minute.

Normal, meaning "common," isn't too helpful in evaluating health.

Others expect to fight are Scott Clark, Alan Daltan, James "Shoebat" Salerno, Donald and Mike Monks and Carl Geiger.

Geiger, of Winter Springs, out-slugged Shawn O'Donnell of Fairgrounds. After that it was all down hill, as each of three amateur bouts and the two pro contests got progressively worse.

LEE GEIGER Unbeaten Middleweights Mink Fight In Tampa This Winter

Efforts are underway to put together the greatest match ever made in Florida—a bout between Tony Licata and Elisha Obed.

I have received information that Licata's manager, Lou Viscuso, and Obed's handler, Mike Dundee, have just about agreed on a February 1975 date for the pair of unbeaten middle weights.

The affair is to be a charity event for Danny Thomas' St. Jude Foundation. It would pair up for the first time two ranking fighters who have participated in more than 50 pro bouts and still have unblemished marks.

In fact, out of all the professionals in the world, these two ranking fighters have the longest win streaks around.

Licata holds victories over Emile Griffith, Denny Moyer, Dennis Riggs and Gene Wells. In his last Florida effort, he stopped Nat King in the eighth round in Orlando. He is currently recognized as the United States Champion.

Obed, who has done most of his fighting in the Bahamas has been performing for Chris Dundee in Miami Beach with great success. Some of his recent victories include "Fast" Eddie Davis, Dennis Riggs, Mike Lancaster, Vicente Medina and Bunny Grant.

If this match can be held in Central Florida, it will end forever any criticism that this area is not in the big time when it comes to boxing.

Next Saturday night at the Orlando Sports Stadium the Amateur Boxing Club swings into action with some of the first bouts that can be made.

Winter Springs' Rick Costantine will battle Orlando's Joe Bunt in a heavy-weight showdown. Day is the former Texas Golden Gloves Champ, Southwest AAU title holder and twice runner up in Florida's Golden Gloves.

Costantine has turned down several pro contracts in order to remain at the amateur level as he feels he has the goods to go all the way to the Olympics.

Both men are 200-pounders plus, and the battle should be worth the price of admission alone.

But Jimmie Williams, the head trainer at the Sports Stadium, has told me he also has Mike Cavanaugh and Henry Hall scheduled to meet in a three-round middleweight "Championship" bout.

Both men are claiming the title after recent impressive wins. Cavanaugh's victory came in a hard fought bout in Plant City when he took the measure of John Mangum. He also holds a mark of 70 wins in 74 outings and has a flock of people begging him to turn pro after every fight.

Hall won the Golden Gloves belt in Miami and also stopped Eddie "Pro-Am" Carter in Orlando on the last amateur card. This bout is another natural and one every promoter in Central Florida has been after. If Orlando can get them in the ring at the same time, and on the same card as Costantine and Day, it should amount to top in amateur action.

Others expect to fight are Scott Clark, Alan Daltan, James "Shoebat" Salerno, Donald and Mike Monks and Carl Geiger.

Geiger, of Winter Springs, out-slugged Shawn O'Donnell of Fairgrounds. After that it was all down hill, as each of three amateur bouts and the two pro contests got progressively worse.

But the rest of the card caused the cash customers to peer rather than cheer, at most of the antics.

After his brief ring appearance, Adams was disappointed. "I need the work," he said.

HERE AND THERE: "Schoolboy" Bobby Chacon was the W.B.C. Featherweight title by stopping Venezuela's Alfredo Marcano in the ninth round at the Olympic in L.A.

Michigan State quarterback Charley Baggett of Fayetteville, N.C., stayed in shape this summer by operating an air hammer for a Lansing, Mich., construction firm.

More Money For Miller

PINEHURST, N.C. (AP) — Johnny Miller had just clinched the money-winning title, had reached two plateaus attained only by Jack Nicklaus and was looking for new world's occurrences.

"I'm basically a lazy person," he said. "I need motivation. I need to keep setting my goals higher."

He quickly found the new goal. He's within sight of the new title, single-season, money-winning record on the pro golf tour.

Miller's dramatic sudden death playoff victory over the disappointed Nicklaus, Frank Beal and Bob Murphy for the World Open title Sunday put the slender blond less than \$5,000 away from Nicklaus' all-time record of \$300,542 in 1972.

Johnny, who joined Jack's only \$300,000 winner in a single season and the only player in the last decade to win seven American tour titles in a year, collected \$60,000 in the first round of \$300,000—the richest purse of the year.

He pushed his winnings to \$115,283 for the season and gave him an insurmountable lead of more than \$90,000 in the money-winning race.

He nailed it down with a gorgeous, third wood second shot on the second hole of sudden death, a shot that came to rest only eight feet from the cup and set up a winning, two-putt birdie.

"That kind of intimidated them," he said, "that was the whole tournament. It's got to be the greatest shot under pressure I ever made."

Miller, Nicklaus, Beard and Murphy all finished the regulation 72 holes at 281, three under par on the famed No. 2 course at the Pinehurst Country Club, Nicklaus and Miller, who shared the third-round lead, had clinched 72 while Beard and the chunky Murphy came out of the pack with 69s.

Leo Trevino never really got in this chase. He finished with 71-285. U.S. Open champion Hale Irwin had 72-286. Player, the winner of the British Open and the Masters, and Arnold Palmer failed to qualify for the final two rounds.

FSU's Study Thomas ran five yards and Dorsett a yard for touchdowns, with the game decided on a 29-yard field goal by Pitt's Carson Long.

Bethune had five runners gain over 500 yards last season, but the only touchdown scored by Wildcats could muster at South Carolina State was on a 21-yard pass from Victor Smith to Bernard Coleman. South Carolina scored both its tallies after Bethune fumbles.

Florida Coach Doug Dickey turned to sophomore quarterback Jimmy Fisher to bring the

Gaylord Latest 20 Game AL Winner

By ALEX SACHARE AP Sports Writer American League 6, National League 0

That's not the score of baseball's All-Star game, or any inter-league exhibition series. It's the number of 20-game winners in the two leagues thus far in 1974.

Gaylord Perry of the Cleveland Indians became No. 5 Sunday, stopping the Baltimore Orioles 1-0 on five hits. And moments later, California strikeout king Nolan Ryan became No. 6, pitching the Angels to a 6-2 triumph with a three-hitter.

But Sunday night, Jim Bibby was fouled in his bid to become No. 7. Sal Bando's two-run homer in the third inning lifted the Oakland A's to a 3-1 victory over the Texas Rangers and Bibby, 19-7.

Eliades in the American League, New York pitched Detroit 10-2, Minnesota defeated Kansas City 5-2 and Milwaukee beat Boston 9-5.

Perry, who had a 15-1 record on July 3, was given a decent shot at winning 30, instead is now 20-10.

Defense Shines As NFL Opens With Upsets

By HAL BOCK
AP Sports Writer

You can grade the National Football League's opening day D for defense.

Don't feel too sorry for the Miami Dolphins, 34 1/2 upset losers to the New England Patriots in their NFL opener Sunday. After all, the defending world champions did score three touchdowns and a field goal, and that's considerably more than some clubs managed on a day of offense-dominated games.

Baltimore was shut out by Pittsburgh 30-0 and Atlanta was blanked by Dallas 24-0. St. Louis managed only one touchdown, but that was enough to whip Philadelphia, who managed only one field goal, 7-3. Four other clubs scored 10 points or less.

Cincinnati ripped Cleveland 32-7. Washington tagged the New York Giants 13-0. Chicago topped Detroit 17-10. Los Angeles beat Denver 17-10. Minnesota whipped Green Bay 32-17. Houston downed San Diego 21-14. San Francisco shaded New Orleans 17-13 and Kansas City stopped the New York Jets 24-16.

The NFL's opening weekend concludes tonight with Buffalo facing Oakland in a nationally-televised game.

Patriots 34, Dolphins 24

While the defenses ruled other games, Miami's didn't seem ready. Jim Plunkett picked the Dolphins apart for 177 yards and running backs Mack Heron and Sam Cunningham gained 88 and 87 respectively as the Patriots sprung their surprise on the Super Bowl champs. The 34 points were the most allowed by the Dolphins since 1971.

New England ran up a 31-10 main and then held off a late Miami comeback. Larry Conka scored two TDs for the Dolphins.

Cardinals 7, Eagles 3

Jim Hart's four-yard scoring punch to Donny Anderson produced the game's lone touchdown as St. Louis defeated Philadelphia.

Redskins 11, Giants 10

Mike Bass returned an interception for one touchdown and then recovered a fumble to set up another in Washington's victory over the New York Giants.

New Orleans was leading 13-10 with less than two minutes to play but punter Donnie Gibbs fumbled a snap and was swarmed under by five San Francisco defenders, turning the ball over to the 49ers.

On the next play, Sammy Johnson went nine yards for the winning touchdown.

Stealers 36, Colts 0

Pittsburgh fans were booing quarterback Joe Gilliam during the first period when the Steeler's new signal caller managed only two completions for 12 yards.

But Gilliam erased the boos with two touchdown passes, gaining 257 yards through the air to lead Pittsburgh to its romp over Baltimore.

Cowboys 24, Falcons 0

Roger Staubach, returning to action from cracked ribs, passed for one touchdown and ran for another in Dallas' victory over Atlanta.

Bengals 13, Browns 7

Cleveland was leading 7-0 with 18 seconds left in the first half when Kenny Anderson hit Isaac Curtis with a 49-yard pass that set up Boobie Clark's one-yard run for the tying TD.

After that, it was all Cincinnati as the Bengals won their 14th straight home game. Anderson threw touchdown passes to Curtis and Bob Trumpy. Bears 17, Lions 9

Gary Huff hit Charlie Wade with two long passes, one for 73 yards and another for 43, setting up Chicago touchdowns that beat Detroit.

Vikings 22, Packers 17

Green Bay stayed with Minnesota for a while but turnovers eventually wrought up with the Packers.

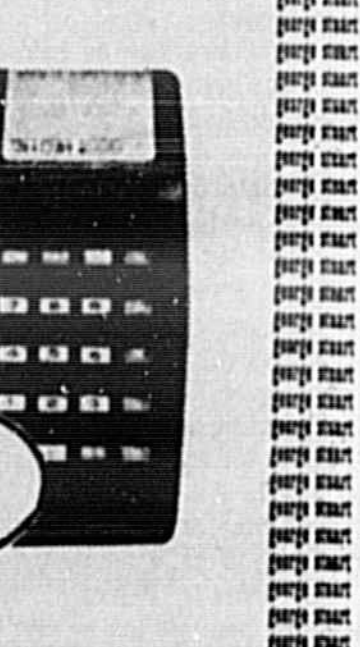

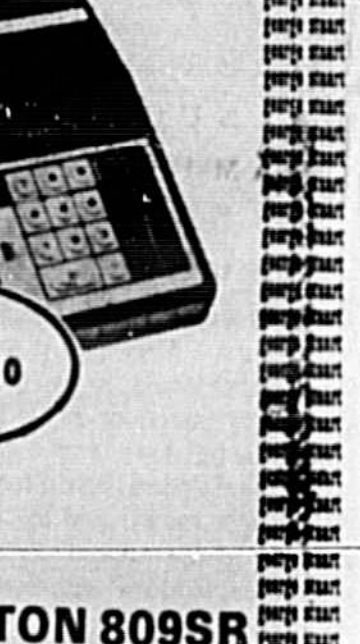

The Vikings forced Green Bay to cough up the football four times and scored after three of the turnovers.

Chuck Foreman had three of the Minnesota touchdowns.

Bill Moyer's At Home With Public Television

By DAN LEWIS
The Herald Services

Bill Moyer tucked three Emmy Awards under his arm at the recent presentations in New York, and then declared he still hadn't found the right formula for using the medium.

It's a strange reaction from a man who won so many awards in television, and especially since one of those awards was News Broadcaster of the Year—winner he shared with Harry Reasoner, ABC's Evening News anchorman.

"Emmys represent a very temporary fantasy in this business," said the urbane former press secretary to President Johnson, and more recently publisher of Newsday (a daily newspaper on Long Island) before he went into TV's public broadcasting field through New York's WNET.

"What matters is how you feel about what you do on the air," he continued.

All three of Moyer's Emmy Awards resulted from his effort on "Bill Moyers Journal," a weekly series of essays, interviews and political opinions of meticulous preparation and strong reporting.

Despite its success and acclaim, Moyer does not intend to return to the format. He doesn't want a weekly series, he declared several months back in announcing he would not resume the show this season.

"I still feel the same about doing a series," he said after picking up his Emmy Awards. "The awards don't change my mind."

What Moyer also read in the awards is the acceptance of the public broadcasting service (PBS). (PBS still shows won eight news and documentary awards this year—by far its best showing.)

And Moyer reaffirms his allegiance to Public Broadcasting Service, adding that whatever he does in the future in television will be on PBS.

He had been offered the spot on the "Today" show after Frank McGee died, an assignment which went to Jim Hartz after Moyer turned it down. Doing commercials was one of the drawbacks for Moyer.

"My heart is in public broadcasting," Moyer declared. "I'm pleased with it, and I will go back to it."

He said he would make a decision in about two months. When ABC-TV announced its lineup for its new A.M. America show which debuts in January, it was fairly obvious that the network went about the task of picking its anchor team the way a political committee seeks a ticket for an election.

There Are Two Prairie Families

By JAY SHARBUITT
AP Television Writer

NEW YORK (AP) — ABC, once highly regarded by virtue of its shows for the gore and gumsmoke of its fans, has joined TV's new craze for rural, virtuous families. I have reference to ABC's "The New Land" series.

The show is about a sturdy Scandinavian clan which, seeing no fjord in its future, settles on the Minnesota prairie in 1858. The clan is well ahead of NBC's "Little House on the Prairie" mob; that crew got to TV first, but didn't move to rural Minnesota until 1878.

Despite the age difference, "The New Land," which premiered last Saturday night, apparently shares not only the land but also the same ox-miseries as the family on the NBC show.

Those who saw the "Little House" opening will recall that Charles Ingalls almost lost his yoke of oxen to a hard-hearted merchant. "The New Land" took the yoke one step further.

Lightning struck the barn of settlers Christian and Anna Larsen, set it ablaze and in no time at all the barn and the two oxen within were burnt down. This was bad news for Christian, who needed the oxen to haul lumber to a freight company with which he had a

HOROSCOPE

For Tuesday, September 17, 1974

By CARROLL RICHTER

GENERAL TENDENCIES: Until early afternoon you could have problems with others that require astute handling and it is advisable that you approach them in a spirit of cooperation.

UNEXPECTED conditions arise and you can display your talents.

ARIES (Mar. 21 to Apr. 19) Allies could be uncooperative in the morning, but later will be most helpful and all works out fine. Use modern methods at work.

TAURUS (Apr. 20 to May 20) Use an objective approach if you work with more obligations at this time. Being cooperative with co-workers brings fine results.

GEMINI (May 21 to June 21) It's important to postpone fun until the latter part of the day when you can have more rapport with congenials. Take it easy tonight.

MOON CHILDREN (June 22 to July 21) Don't do anything about tensions during daytime and all will be righted by evening. Don't forget to pay pressing bills.

LEO (July 22 to Aug. 21) A more modern system can help you make progress in your line of endeavor. Plan to spend more time at home. Avoid those who gossip.

LIBRA (Sept. 23 to Oct. 22) Try not to force anything with others in the morning. Later engage in social affair, but keep calm. Friends help in others.

SCORPIO (Oct. 23 to Nov. 21) Don't make any drastic changes because you are feeling upset for some reason. Realize that discretion is the better part of valor.

SAGITTARIUS (Nov. 22 to Dec. 21) Try to listen carefully to the problems of a friend and be of real assistance at this time. Obtain the information you need.

CAPRICORN (Dec. 22 to Jan. 20) Don't take any chances now if you want to add to present prestige. A credit matter should be handled without delay. Be wise.

AQUARIUS (Jan. 21 to Feb. 19) The afternoon is more favorable to plan a trip than in the morning. Don't be too eager to make a friend of a new acquaintance.

PISCES (Feb. 20 to Mar. 20) Study the best way to handle your financial obligations. Make allowances for mate who is in a bad mood. Sidekick is a troublemaker.

IF YOUR CHILD IS BORN TODAY... he or she will have much to bring out the talents in this chart. Situations will arise during lifetime when everything seems to be lost, and then something happens to change the whole picture to a happy one. Don't neglect ethical training.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

BOOK REVIEWS

TORO! TORO! TORO! By William Hjortsberg. Simon & Schuster, 159 Pages, \$5.95.

The dust jacket gives it away. It shows a bull fighter waving his cape at a charging rhinoceros.

For it is in the events and characters leading up to that climactic scene that the reader is going to get his biggest laughs, and there are a lot of them. William Hjortsberg pulls out all the stops in this novel — his fourth book — and by the time he has finished the reader has been taken on as rousing a tour of crazy land as he could hope.

Mix all these things and characters together and out comes "Toro! Toro! Toro!" — as funny a novel as you could hope to come across for a little light and laughable reading.

Pardon Right Choice, Not Deal-Ford

WASHINGTON (AP)—President Ford says Richard M. Nixon's acceptance of a pardon could be construed as an admission of guilt, but Ford's unyielding defense of the clemency has failed to still criticism of his decision.

Responding to a barrage of second broadcast news conference, Ford declared, "I am absolutely convinced... I made the right decision in an effort, an honest, conscientious effort, to end the (Watergate) divisions and the turmoil in the United States."

He said White House aides are negotiating with Watergate Special Prosecutor Leon Jaworski's staff to remove concerns about preserving for possible courtroom use the tape recordings and presidential documents deemed to be Nixon's property.

Nixon's health at the time of the pardon, and although he was aware of published reports Nixon was ailing, "I was more anxious to heal the nation."

A number of congressional Democrats said they were not satisfied by Ford's defense of the pardon.

Chairman Peter W. Rodino Jr., D-N.J., of the Judiciary Committee said it would have been better had Ford "pursued the judicial process to show that all are treated equally under the law."

But Sen. George D. Aiken, R-Vt., said Ford's explanation was "pretty straightforward and will make an impression on a lot of people who didn't agree with the pardon."

Reviewing his decision to pardon the former President, Ford went further than ever before in suggesting Nixon was presumably when he addresses the United Nations General Assembly in New York on Wednesday, he hopes to announce a "very major decision" involving humanitarian food aid to other countries.

"A personal income tax return is a very precious thing to this individual and, therefore, I am about to issue an executive order that makes it even more restrictive as to how those re-

ference, the topic of CIA intervention in the affairs of other countries seemed certain to stir international controversy.

Asked about CIA action against the since-overthrown Marxist government of Chile, Ford said the United States did not "help and assist the president, who quit in protest against the Nixon pardon, 'in a relatively short period of time.'"

In any case, he said he was "informed reliably that Communist nations spend vastly more money than we do for the same kind of purposes." And he said, "our government had no involvement whatsoever" in the coup that toppled the Chilean regime.

On other topics, Ford said: "The United States is not going to have a depression. The over-all economy of the United States is strong. Employment is still high. We do have the problem of inflation, which he said he hoped would be solved."

'Nation Assured No Depression'

WASHINGTON (AP)—President Ford has assured Americans the nation's economy is not headed for a depression, despite steep inflation and sagging industrial production.

He promised at his news conference Monday night measures "to make sure that our economy improves in the months ahead," but he did not outline them.

"Let me say very strongly that the United States is not going to have a depression," Ford asserted. The over-all economy is strong and employment remains high, he said.

"We do have the problems of inflation. We do have related problems and we're going to come up with some answers that I hope will solve these problems," Ford said.

"We are going to work to make sure that our economy improves in the months ahead," he added.

Statistics support the view that the United States is nowhere near a depression now. Economists regard a depression as a period of low economic activity marked by mass unemployment, deflation, a decreasing use of resources and a low level of investment.

Schools, County Pledge Cooperation

The commission said closer cooperation between the county and all other government agencies will be among the topics studied this year by a consultant hired to avoid such problems in the coming years.

However, as Commissioner Greg Drummond pointed out at length, the commission moved well prior to a Sept. 12 school board letter to build sidewalks on Palm Springs Road at a cost of \$10,600.

The board also agreed to encourage a roving radar patrol by Sheriff John Polk's department near all county schools on a rotating basis, noting the success of Sanford's crossing guard, flasher-light and police combination on U.S. 17-92 by Sanford Middle School.

Drummond, who is leaving the board after five years service in November, worked up some of his old rhetorical steam in criticizing the school board for failing to anticipate its needs in time for the county's budget process.

Layer apologized to the county for any implications that the school board's Sept. 12 letter outlining safety needs for the coming year was meant to criticize the commission.

"It's not that we aren't solving problems cooperatively," Layer said. "It's mainly an emotional issue on the part of parents who are concerned."

At a school board meeting the night before sending the letter, the possibility of busing all students at a cost of \$2 million annually was raised—even though a specific request by bus students at Altamonte and Eastbrook Elementary Schools was rejected.

County engineer Bill Bush, who said he would try to get engineering done on the \$15,000 to \$18,000 traffic light within an hour on Palm Springs Road was met with promise to get the light installed as soon as possible—perhaps by December—and to post signs in the meantime.

Budget Approved, Taxes Unchanged

By SEAN CODE Herald Staff Writer Lake Mary city council has approved its 1974-75 budget, totaling \$167,231. There will be no change of the present three mill tax structure to support the \$20,000 increase in what is only the community's second fiscal year.

Administration, with \$39,110 ranked second this year, up from \$24,860 spent last year. Although the city council anticipates a drop in the real estate tax revenue of \$3,000, it is funding city functions through combined federal and state revenue sharing of \$45,185, \$18,000 from cigarette tax, \$18,500 in assorted building permits and \$10,000 in fines, besides the \$46,561 property tax receipts.

The biggest expense the city expects is the road department which received a total of \$40,000. More than half of the budget is earmarked for salaries and vehicles maintenance, with \$9,698 to be spent on new construction and street signs. The road budget is down from the \$52,554 budgeted last year.

SCOPA To Pay Tenant's Default

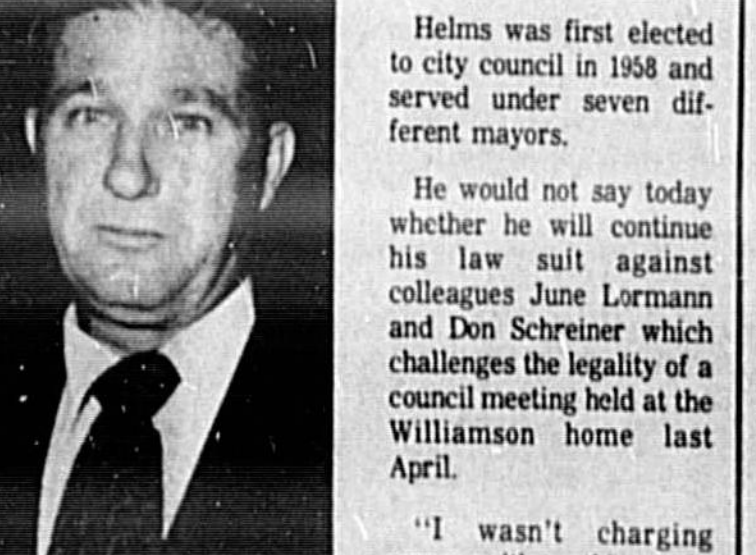

The Seminole County Port Authority (SCOPA) will pay \$45,000 in default on a default industrial tenant's \$340,000 bank loan to insure SCOPA won't have to pay off the entire amount.

After notice from Citicorp's National Bank of Orlando Monday that a loan that funded construction of 52,500 square feet in buildings for Concrete Structural Systems Inc. (CSSI) is in default the SCOPA board agreed to:
