2,000 Persons Are Snowbound In Bad Western Blizzard

Every Available Snow Plow In Southern California Turned To Rescue Efforts

SAN FRANCISCO, Jan. 30.—Caught in a sudden and terrific blizzard more than 2,000 persons were snowbound in the San Bernardino mountains of Southern California today, as a winter storm struck the Pacific Coast for the 17th consecutive day.
In the lowlands of Long Beach 50 families waited for flood waters to leave their homes from which they were rescued by boats. Nearby Los Angeles expected more rain after experiencing more than eight inches since Jan. 1, the greatest precipitation in 17 years.
Heno, Nevada was without power for the third day as a result of broken lines in the Sierra Nevada mountains.
Snowfall broke all records for Yosemite National Park with the season's total of 148 inches.
Gales and high water were reported subsiding along the Oregon coast while storm conditions prevailed in Washington.
Every available snow plow in Southern California was turned to the rescue of hundreds marooned in the mountains.

Chemist Is Coming To Aid Farmers In Ridding Residues

Celery and vegetable growers in this section will be interested to learn, according to Alex B. Johnson, vocational agriculture teacher at Seminole High School, that a chemist is coming to Sanford from Tallahassee to assist local growers in ridding their produce of the arsenic spray residues which have in recent years cost many growers both time and money.
Mr. Johnson said that he had just received word from J. J. Taylor, state chemist at Tallahassee, that the Department is glad to assist local growers in ridding their produce of residues which have been applied to them.

Funeral Services Are Held Saturday For Mrs. E. R. Whitner, Aged Pioneer

Funeral services for Mrs. Elizabeth Randolph Whitner, widow of the late Captain B. F. Whitner, who died at the home of her son early Saturday morning, were held from Holy Cross Episcopal Church on Saturday morning at 10:30 o'clock.

Hinkler Is Reported Found Alive In Alps

LONDON, Jan. 30.—A report which was not confirmed immediately that Bert Hinkler, missing English climber, has been found alive in the Alps, was received today by a committee directing the search for him for three weeks. The report was received in the cancellation of commercial services which were being discontinued for him.

BEER BILL IS SENT BACK FOR SENATE ACTION

Committee Approves Measure 12 To Five; Further Hearings Are Brushed Aside

WASHINGTON, Jan. 30.—(AP)—Brushing aside proposals for further hearings the Senate finance committee sent the Cullen-Blease 3.05 percent beer and wine bill speeding back to the Senate today with a favorable report.
The Volstead modification bill was approved 12 to five by the committee. Chairman Smoot said he will submit the committee's report today which will put the bill before the Senate ready for action as soon as the parliamentary situation permits.
No changes will be made in the bill as approved a week ago by the Senate Judiciary committee. Smoot said the vote to report the bill favorably was on its revenue feature only which provides for a tax of five dollars a barrel. Secretary Mills told the committee the tax would raise from \$125,000,000 to \$130,000,000.

3 MORE ROADS USE CELERY

Work has been received at the Seminole County Chamber of Commerce that two more roads, the Hillsdale Central and the Central of Georgia have announced that they are featuring Florida celery on their dining car menus, and that they are glad to comply with the request of the trade body and Florida celery growers in giving prominence to this item on their bill of fares.

COMMITTEE OF CARRIERS MAKES KNOWN REPORT

Group Representing Ralls And Highway Users Ends Study

NEW YORK, Jan. 30.—(AP)—After three months of intensive study, the joint committee of railroad and highway users yesterday issued a report which the joint chairman called "a distinct step forward in the development of sound public transportation policies."
A statement by Gen. W. W. Atterbury, president of the Pennsylvania railroad, and Alfred H. Swayne, vice-president of the General Motors and also of the National Automobile Chamber of Commerce, who served as chairman, said:
"This report will be laid immediately before the national transportation committee of which the late Calvin Coolidge was chairman. This action is taken in accordance with a request made some time ago by Mr. Coolidge and his associates, that they be given an opportunity to study the results of our investigation."
"Among the important and difficult questions upon which full agreement has been reached are those relating to taxation, highway administration, and grade crossing separations."
"Common ground has been found on many aspects of regulation and some phases of operational control of vehicles."

Opinion Strengthened By Statement of Automobile Maker

DETROIT, Jan. 30.—(AP)—There was a strong belief in automobile circles yesterday that the Ford Motor Company would be back in production Tuesday.
Although the supply of automobile bodies was shut off last week by a strike of Briggs Manufacturing Company workers, the Ford Company owns the die used by the Briggs Company in its Highland Park plant and could swing into production of its own bodies on short notice.
The belief was strengthened by a statement from Henry Ford Saturday night in which he said that, "some way or another, our plants will be going again at full tilt in a very short time."
Dating back to the model T days of the Ford Company, the Briggs plant has produced most of the Ford bodies and the proportion was increased with the advent of the model A.

Japs Repel Chinese Attack Third Time

MUKDEN, Jan. 30.—(AP)—For the third time in four days Japanese troops are reported to have repelled a determined Chinese attack today on Chiomenkov in the Great Wall of China. A Japanese communique said the Chinese suffered heavy losses and retreated westward. No Japanese casualties were reported.

HOUSE GRANTS EXTENSION IN CURRENCY LAW

Quick House Passage Of Statute Revising Bankruptcy Laws Foreseen By Garner

WASHINGTON, Jan. 30.—(AP)—The House today passed the Glass-Eagles bill to continue for another year provisions to broaden the base of paper eligible for redemptive purposes at federal gold reserves. The measure now goes to the White House.
Quick House passage of the heralded bill revising bankruptcy laws to help debtors was predicted by Speaker Garner. He also said he would permit the Cullen-Blease bill to continue the federal gasoline tax for another 12 months to be brought up under suspension of rules.
Sir Ronald Lindsay, British Ambassador, returned from Warm Springs for a conference with Secretary Stimson.
In the session of a cottage atop Pine Mountain, President-elect Roosevelt and Ambassador Lindsay of Great Britain, reached a tentative understanding yesterday for the March meeting on war debts and plans for world-wide economic recovery.
Two sentences scratched out on a page in pen and ink handed to newspapers—by Sir Ronald Lindsay as he departed on his way to London gave the world the two statements. The note read:
"The British ambassador and Mr. Roosevelt have had a wholly informal and unofficial but very satisfactory conversation concerning the arrangements for the coming meetings in Washington. It is hoped it will be possible to start these meetings early in March."

Prison Inmates Of State Increasing

TALLAHASSEE, Jan. 30.—(AP)—Either crime is on an increase in Florida or there have been more convictions in courts, for the biennial report of the State Prison Bureau made public today shows the number of persons committed to the penitentiary is steadily mounting each year.
The youth of those sent to Raiford for felonies is another striking feature of those received there. Twenty percent of those received there last year were under 21 years of age, nearly 55 percent was under 18.

Precher Delivers Baccalaureate At College Exercises

GAINESVILLE, Jan. 30.—"The human race, like the human individual, can find peace and happiness only if it discovers some object of devotion above and beyond itself," said Dr. Richard J. Broyles, pastor of the First Methodist Church, in the baccalaureate sermon last night at the fourth mid-year commencement of the University of Florida.
Thirty candidates for degrees were in the audience of nearly 2,000 that listened to Dr. Broyles on the subject, "A Modern Look at a Christian Paradox." He stressed his text from Mark 8:35, "If any man would come after me, let him deny himself, and take up his cross, and follow me. For whoever will save his life shall lose it; and whoever will lose his life for my sake and the gospel's shall save it."
Dr. Broyles said he was convinced that the contemporary quest of self-realization means anew to forget himself in loyal devotion to great social ends.

HOUSE GRANTS EXTENSION IN CURRENCY LAW

Quick House Passage Of Statute Revising Bankruptcy Laws Foreseen By Garner

WASHINGTON, Jan. 30.—(AP)—The House today passed the Glass-Eagles bill to continue for another year provisions to broaden the base of paper eligible for redemptive purposes at federal gold reserves. The measure now goes to the White House.
Quick House passage of the heralded bill revising bankruptcy laws to help debtors was predicted by Speaker Garner. He also said he would permit the Cullen-Blease bill to continue the federal gasoline tax for another 12 months to be brought up under suspension of rules.
Sir Ronald Lindsay, British Ambassador, returned from Warm Springs for a conference with Secretary Stimson.
In the session of a cottage atop Pine Mountain, President-elect Roosevelt and Ambassador Lindsay of Great Britain, reached a tentative understanding yesterday for the March meeting on war debts and plans for world-wide economic recovery.

"The British ambassador and Mr. Roosevelt have had a wholly informal and unofficial but very satisfactory conversation concerning the arrangements for the coming meetings in Washington. It is hoped it will be possible to start these meetings early in March."

Mrs. Nettie Crooms Is Victim Of Death

Funeral services for Mrs. Nettie Crooms, 78, who died suddenly at her home on the Sanford-Orlando road, late yesterday afternoon, were held from the Erickson Funeral Home this afternoon at 3:00 o'clock. Rev. Wm. H. Brooks, Jr., of the First Baptist Church officiated, and burial was in Lakewood cemetery.

Grievance Committee Formed Among Celery Growers To Help Industry

P. F. Dörner, president of the Seminole Agricultural Club, today announced the formation of a special Grievance and Adjustment Committee to which all growers and shippers are urged to turn for information, suggestions, or complaints as to the method which state-wide celery growers have chosen as a means of solving the present condition of the celery market.
The committee includes R. B. Chapman, Rex Packard of Chase and Co., Roy Sykes of the American Fruit Growers Inc., George E. Holmes of the Sanford-Oviedo Celery Growers Inc., and Charles Drenn, representing independent growers.

Hitler Is Appointed German Chancellor; Wins Goal At Last

ROLLINS SOCIAL MANATEE CELERY CLUBS REFUSE TO ADMIT CHARGES UNDER ONE-THIRD

Deny They Are As Unworthy As Painted In Faculty Report

WINTER PARK, Jan. 30.—Practically all members of the Rollins College faculty refused to admit that they are as black as they are painted.
Sharply disagreeing with the findings of a special faculty committee appointed to investigate the alleged "evils" of the fraternities system, all of the Greek letter groups have filed with President Hamilton Holt "formal answers" to the criticisms.
Most of the replies are tempered with commendable restraint in commenting upon the 11 specific "accusations" contained in the faculty committee's "indictment" of last spring. But some of the responses are far from restrained, particularly that of the Pan-Hellenic council whose members wrote that "we consider this report (the faculty committee report) unworthy of the time spent for the consideration of well organized and normal functioning fraternities" and further, that "we consider this criticism decidedly unjust, destructive, and unbeneficial to all concerned."

Auction Block For Sale Of Produce Is Plan In Melbourne

MELBOURNE.—An auction block for the sale of fruits and vegetables grown in this section, will be established in Melbourne within the next two weeks, it was announced Thursday by C. H. McNulty, president of the Chamber of Commerce.
Mr. McNulty has been in contact with buyers representing produce houses in the north and east, and with growers in the Melbourne farming district, at Vero Beach, Wabasso and Winter Beach and reports them to be enthusiastic over the proposition.
Sales will be held on the day prior to sailings of freight boats from Melbourne. Mr. McNulty declared. He explained that citrus fruits shipped by water can be delivered in the eastern markets within four days at a low rate of 61 cents per box on cart lot shipments and 70 cents on less than carloads. All other produce can be shipped in proportionate low amounts, he said.

Girl, 10, Saves Three Brothers From Fire

NEW YORK, Jan. 30.—(AP)—Eileen Murphy, 10, today saved her three small brothers from death shortly before their home was destroyed by fire. She sprang to find the house filled with smoke and carried her brothers to the second story veranda where they were rescued by firemen. The only other victim was Eileen's dog, who was killed.

WILLISTON.—Addition to Hotel Williston, nearing completion.

# Save Your "PROSPERITY SCRIP"

For The  
**Milane Theatre's Grand Auction**  
**FEB. 7<sup>TH</sup> 9 P. M.**

## Here's The Plan

MONDAY, JANUARY 26, 1933
BIBLE VERSES FOR TODAY
ABUNDANTLY SATISFIED
The death of Mrs. O. H. P. Belmont in Paris the other day is of more than passing interest because she once ruled over New York's "Four Hundred" as a social arbiter.

What in the world will the members of the club do without any "lady" to preside?
Relief measures are all right in their place but the time may yet come when everyone will be crying out for relief.

Although the Glass bill is out of the way, Huey Long is still in the public eye. This time, with a new twist, the depression. It is a long line that has no sunrise.

Lake County has a new hospital of which it is justly proud. It is a three story steel building of concrete and steel, located in Umatilla and owned by the Florida Elks Association.

It seems a plausible thing that Sanford farmers should be urged to play under a cloud of their own making. The transport companies usually have a scrap-bucket full of mail every morning setting forth qualifications of aspirants.

Our neighbor, the Winter Park Herald, has an interesting suggestion for curing the depression. The comfort and to a large degree, the safety of the passengers are in her hands.

A RETURN TO REASONABLENESS
CHRISTIAN SCIENCE MONITOR
Probably no other single piece of news could throw a brighter ray of hope upon the world's economic outlook than the news that the British government has announced that it is a leading factor in helping Britain off the gold standard.

Apartments For Rent UNFURNISHED Apartments on corner 2nd and Palmette Aves. \$10.00 per month, water furnished. Colough Realty Company, Phone 732.

Rollins Golfers Defeat Stetson On Course Here

A Rollins College golf team headed by Ike Merrill, of Daytona Beach, recognized as one of the outstanding amateurs in the state, proved too much for a Stetson University team which had challenged the former team to a match to settle the golf supremacy of the two schools.

Playing over the Sanford Country Club course Saturday afternoon, the Winter Park outfit scored a decisive 19-12 to 1-2 victory over their DeLand enemies. A fair sized gallery was on hand to witness play which saw the victors turning in scores in the early seventies.

Merrill handed Dave Jewett, number one Stetson player, a 3 to 0 beating under scoring rules of the Nassau system.

Bob Ezek of Rollins won from Speck Campbell, III, of Stetson by a similar score.

Dexter E. Ward, of Winona, Minn., and Rollins scored a 2 1-2 to 1-2 victory over T. P. Warlow, of Orlando and Stetson.

Table with columns for player names and scores.

At the end of the first round in the last half of the Bowling League, the Seminole Creamery team is in first place by a single game margin over the Smith Barbers and Ne-III Bottlers who are tied for second place. The standings:

Seminole Quintet Wins One Of Three During Road Trip

Coach Edward McLucas and his Seminole High School basketball squad returned from a three-day trip late Saturday afternoon, a trip that took them to Ocala, Lake City and Jacksonville to return with one victory in three starts.

Probably the best game of the three, according to Coach McLucas, was played at Ocala where the team nosed out 31 to 29 after a thrilling battle.

Friday night the youngsters went into what proved to be a free scoring game, with Lake City emerging the inner by a 48 to 32 score.

Saturday night the team really clicked, said Coach McLucas, turning in a 32 to 20 victory over the Landon High School team in Jacksonville.

The season finds the team winners in four out of nine starts. A tenth game will be played here Thursday night at 7:30 o'clock with Daytona Beach. Lake City comes here Friday night and Ocala on Saturday night.

Among the entrants in the annual National Championship of Golf Club Champions tournament being played at St. Augustine today and tomorrow are Jim Spencer and G. W. Spencer, number one and number two rated amateur golfers.

The former is said by local golfers to be at the top of his game. For the past several weeks he has been playing often in an effort to get into shape for what he says will be "the one match I'm going to try and win despite the strong opposition." Last year he played good enough golf to bring him into the finals against Jack Toomer for the State Amateur Championship, losing the title to a far more experienced player.

George G. Hull, pro at the Sanford Country Club, today announced that beginning next Saturday morning he will resume golf classes for local high school boys and girls.

He expects about 20 boys and nearly that many girls to be present on Saturday morning at about 9:30 o'clock. He will teach one of the fundamentals of golf at that time, he said.

Hull will resume Free Golf Lessons

Celery Market Reports

Through courtesy of the U. S. Department of Agriculture in co-operation with the Florida State Marketing Bureau, R. E. Winfrey, Sanford representative.

Seminole Agricultural Club, this morning said that "I am satisfied that we will get 100 percent cooperation from our local growers and that their pledged word will be kept to the letter. Reports from the other sections indicate that the growers there are also satisfied that we must take this action if we are to protect the industry."

He reported that as far as he could learn, there is no change in the market condition on the "other end" and that it will "probably be a week or 10 days before we will know of the reaction to our plan." He said that while Monday shipments of celery out of the section are generally few in number, the fact that only 18 cars will leave tonight indicates that there is a measure of co-operation being manifest, for the usual Monday shipment reaches 25 or 30 cars.

J. C. Hutchison, sales manager of the Sanford-Oviedo Truck Growers Inc., today said that "While it is yet too early to report what effect this movement has had on the celery market, according to a statewide survey, the number of cars estimated to be moved out of the state this week has been cut by virtue of this decision from around 650 cars to about 40 cars. We are hopeful that this reduction of around 210 cars will have a steadying effect upon the market."

HOUSE GRANTS Extension In CURRENCY LAW

(Continued From Page One) considered separately the economic situation, as Roosevelt proposes.

The unprecedented meeting between a President-elect and the official spokesman of another country occurred in the "little white house." They had luncheon together and were alone for most of three hours.

Sitting on the rail of the cottage porch of Will Moore where he spent the night, Sir Ronald freely parried question and answer with newsmen before he drove with Marvin H. McIntyre, secretary to Roosevelt, to the luncheon conference.

In that interview he emphasized a conflict of views now between the two countries and on procedure over the war debts relief asked by Great Britain.

"There is a large number of economic questions," he said, "on which the United States and Great Britain could not come to a decision by themselves. We are mighty fine fellows. We are not the whole world. We are perfectly willing to discuss war debts alone. Of course, if America wants to bring in other things she may."
