

SOLID CELERY TRAIN LOST IN THE SHUFFLE NO TRACE FOUND YET

TRAIN LOAD OF CELERY "SOMEWHERE IN AMERICA"

If this statement were not serious it would be one of the biggest jokes of the season.

Last Saturday the Sanford growers shipped a solid trainload of celery to eastern markets with the idea of determining if better time could not be made by the trainload.

Since that time the A. O. L. officials here report that they do not know where the train is now.

The second train left here last Tuesday and nothing has been heard from that one.

The trainload shipped to Chicago last week arrived many hours late and John Russell who preceded it sold the stuff at \$1.25 to \$1.50

The entire situation demands strong work here on the part of the growers and shippers for there is an Ethiopian in the wood pile and he should be smoked out.

Junior Red Cross and War Savings Society

The pupils of the Oviedo public school organized the first school auxiliary in Seminole county of the Junior Red Cross, in the school auditorium Tuesday.

Mr. L. P. Swope, chairman of the local school board made an earnest and forceful appeal for greater personal economy and the elimination of unnecessary spending.

Rev. William Stones, pastor of the Baptist church showed the value of keeping track of personal expenses and advised the pupils to keep a record of the manner in which they spent their money.

Supt. Lawton showed clearly that the children of Oviedo were part of the army, and that their savings, plus the savings of the millions of other pupils would help win the war.

The climax of the meeting was reached when through the generosity and constructive patriotism of Mr. and Mrs. T. L. Mead, each pupil was given a thrift card and the first stamp.

At the next regular communication of Sanford Lodge No. 62, F. & A. M. which will be held on Tuesday evening, March 19th at 7:30 the Master Mason's Degree will be conferred.

A chamber of commerce has been organized at New Smyrna. The new organization starts off very auspiciously, and with a good membership.

The tourists registered in Tampa exceed those of last year at the same date by more than 100, notwithstanding the fact that last year the Gasparilla attractions were on at this season.

efficiently as treasurer of the local Y. M. C. A. War Work fund was elected chairman of the auxiliary.

In order to co-ordinate and prevent duplication of war work activities the local school authorities have ruled that all war work among pupils shall be carried on under the direction of the Junior Red Cross, hence the War Savings Society was organized as part of the Junior Red Cross work.

Mr. Hunt Was Here Also - Those who heard the lecture of B. W. Hunt at the Board of Trade meeting last Tuesday night will be interested in the following from the Orlando Sentinel:

"Mr. and Mrs. Benjamin W. Hunt of Eatonton, Ga., are registered at the Lucerne. They came here to visit their friend, Miss Flora B. Brown.

This is their first visit to Central Florida and they are delighted with the beauty of our city and surrounding country. To have come under the favorable notice of such prominent people as Mr. and Mrs. Hunt is worth a great deal to central Florida.

In his early manhood Mr. Hunt came to middle Georgia and has ever since been a leader in every forward movement in his state. He is a banker and has been president of the Georgia Bankers' Association.

Through all this struggle to free his own and then his county's cattle from this dreadful scourge he was aided by the pen of his gifted and charming wife, a native of Georgia.

Since peach growing is such a valuable industry in Georgia, it is interesting to know that he was first to introduce it into Georgia as a commercial industry.

Their home is one of the very highest type of hospitality, as well as of great beauty, and their grounds are among the show places of Georgia.

Mr. Hunt is a collector of rare plants and there can be seen there many plants that grow in the same latitude all around the world.

In company with Miss Brown they last Saturday visited Mr. and Mrs. Henry Nehrling at Gotha. Through correspondence Mr. Hunt and Mr. Nehrling had long been friends.

Master Mason's Degree

At the next regular communication of Sanford Lodge No. 62, F. & A. M. which will be held on Tuesday evening, March 19th at 7:30 the Master Mason's Degree will be conferred.

The tourists registered in Tampa exceed those of last year at the same date by more than 100, notwithstanding the fact that last year the Gasparilla attractions were on at this season.

OFFENSIVE TO BEGIN ALL FRONTS

AS SOON AS FAIR WEATHER WILL PERMIT

Favorable weather on most of the western front has led to increased fighting, but none of the armies have yet made an attack in great strength.

In the Champagne, where the German artillery has been very active recently, the French have withstood an attack. The Germans were repulsed with severe loss.

American raiding parties and gunners are active on the sectors northwest of Toul and east of Lunerville. The Germans do not remain in their trenches to fight the Americans, but flee when General Pershing's men appear.

British troops in the Ypres region Wednesday took the initiative and in a raid southeast of Polygon wood captured 37 prisoners and three machine guns and inflicted casualties on the enemy.

The sector in Palestine north of Jaffa has seen another British advance, three miles on an 11 mile front. Six villages were taken and two rivers crossed.

The Germans now hold Odessa, the Russian port on the Black Sea which probably will be used either as a base for an invasion of India by way of Persia, or as the terminal of grain shipments from Russia to the central empires.

British shipping losses for the past week totaled 18 vessels, the same number as was lost in the two previous weeks. There is an increase, however, in the number of large ships sunk.

German afloats again raided the east coast of England Wednesday night and a number of bombs were dropped. Tuesday night's zeppelin raid was ineffective, all the bombs dropping harmlessly.

There are more people stopping in Sanford now than at any previous time in the history of the city. The Board of Trade advertising is getting results.

NEXT DRAFT TO BE CALLED THIS WEEK

WILL GIVE ALMOST A MILLION MEN TO AMERICA

Washington, March 14.—Eight hundred thousand men are to be called to the colors gradually during the present year under the second army draft, which begins on March 29th.

An announcement by Provost Marshal-General Crowder of the number to be called was followed closely by an order for the mobilization of 95,000 men during the five-day period beginning March 29, some 15,000 of them to be assembled under the second draft.

Details of how the second draft is to be applied will be made public later, after congress has acted upon proposed legislation providing for the registration of youths attaining the age of twenty-one years and for basing state and district quotas on the number of registrants in each one.

The 95,000 men now called, it is understood, are needed at once to fill up divisions and other units scheduled for early departure or to take the place of men transferred from other divisions to make up such deficiencies.

The 800,000 men to be summoned this year represent the number necessary to fill up all existing divisions, to create the army corps and field army troops to fill out the war machine for which the framework already exists and to provide a quarter of a million replacement troops.

The first purpose of the war department is to complete the first field army in France. Probably this will be composed of five army corps of six infantry divisions each.

Provost Marshal-General Crowder's order calls troops from every state in the union with the exception of Iowa and Minnesota.

Just how many men of the second draft are included in the order is

BOARD OF TRADE SPLENDID MEETING LAST TUESDAY NIGHT

stated in General Crowder's statement. It is understood that the ment will virtually complete the first draft and that it is part of the announced plan to call registrants in small groups as fast as they can be accommodated.

The apportionment for southern states follows: Arkansas, 1,541; Alabama, 2,364 Florida, 2,608; Georgia, 5,925; Kentucky, 1, 651; Louisiana, 3,573; Mississippi, 2,220; North Carolina, 5,174 South Carolina, 348; Tennessee, 2,763; Texas, 3,943, and Virginia, 3,178.

The war department is ready to supply clothing and is now pressing vigorously the deliveries of winter clothing to build up the reserves necessary for next winter.

The original issue to men mobilized in April would be winter clothing but very shortly thereafter they would be transferred into summer khaki. Ample stores of summer outfits for the entire army are on hand.

Every man sent abroad is equipped with a complete new outfit before he boards a transport.

The orders sent to the states call for approximately 70,000 white troops and 24,000 negroes. The negro troops are to be scattered among the nine camps, including Camp Gordon, Georgia.

In his statement the provost marshal general said:

"The number that will be assumed as a basis for computation will be 800,000, which is well within the authorization of clause four of section one of the selective service act of a second increment of 600,000, increased, by the recruit training units, authorized by clause five of section one, and by the special and technical troops authorized by section two of said act.

"There are difficulties confronting the nation in the supply of labor appurtenant to agriculture. Class one, from which new levies are to be withdrawn, will contain many more men than are at present required for the army.

There are difficulties confronting the nation in the supply of labor appurtenant to agriculture. Class one, from which new levies are to be withdrawn, will contain many more men than are at present required for the army. It would be ex most unscientific and fatuous step if the men in class one were called indiscriminately without regard to the labor situation in agriculture.

All Day Picnic

Among the delightful events of the week was the all-day picnic and fish fry on Thursday given by the Royal Neighbors. The party left the city in automobiles and camped on the banks of the Wokiva.

The program now being arranged for the Red Cross Circus will be circulated in all the surrounding territory with the idea of getting a big crowd here the 11, 12 and 13 of April.

TICK ERADICATION AND TRANSPORTATION PROBLEM

It is gratifying to note the decided increase in attendance at the monthly meeting of the Board of Trade. Last Tuesday night at the court house more than a hundred energetic interested, progressive citizens were present and certainly all enjoyed and were benefitted by the results.

Among the many interesting subjects handled was the "transportation problem" of today and "tick eradication."

Every man sent abroad is equipped with a complete new outfit before he boards a transport. The orders sent to the states call for approximately 70,000 white troops and 24,000 negroes.

Mr. B. W. Hunt of Eatonton, Ga., gave a very interesting and appreciative talk in regard to the cattle tick. Mr. Hunt spoke from experience and his words and advice was indeed well received and the Board of Trade highly appreciated his presence.

Messrs. Swopo, Brumley, Hagan, Entzinger and Kilbee, members of the county commissioners showed their usual interest in better things for Seminole and are agreed that without exception, the good being done by the Board of Trade has never before been equaled in this entire section.

It was also observed with pleasure that three of our prominent ministers attended the meeting, Drs. Hillburn, Brower and Massey, of the Methodist, Congregational and Baptist churches respectively. Each had a good word for Seminole county's progressive Board of Trade and unhesitatingly offered their endorsement and co-operation.

Sunday at Congregational Church "Possessions that Cannot be Lost" will be the subject of the morning, and in the evening "Only One Thing can be First."

These are trying days for the truckers everywhere. There are hard times in spite of men doing their level best, but those persons are never "down and out," in fact are well to do who keep cheerful, look for better luck next time and can say, "and without any cant, 'Although the fig-trees shall not blossom, neither shall fruit be in the vines; the labor of the olive shall fail, and the fields shall yield no meat; the flock shall be cut off from the fold, and there shall be no herd in the stalls: Yet I will rejoice in the Lord, I will joy in the God of my salvation."

Key West's big hotel will be built. The deed for the land on South Beach has been delivered to the Flagler Hotel System. The Flagler Hotel System has brought the ground own which it will at once proceed to erect a quarter of a million dollar hotel that will be one of the landmarks for future Florida tourists.

MEETING SATURDAY NIGHT

There is absolutely no use in your growing crops unless you get paid for your labors. There is a big demand for your celery, lettuce and vegetables but buyers are not, and will not, bid for them with transportation as it now stands.

- F. P. FORSTER, L. P. HAGAN, B. E. SQUIRES, L. A. BRUMLEY, ED. PUTNAM

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD

Rev. Mr. Eades of Enterprise has his usual appointment here on Sunday, March 17th at Moore's Station.

Gilla Sipes, a popular East Sanford boy and Miss Georgia Geiger of Geneva were married on Tuesday last and are on a honeymoon trip to East Coast points. A great many friends are offering congratulations.

James F. McClelland, Jr., is on visit to his grandparents, Mr. and Mrs. Ephraim Brown of Fort Christmas.

Margaret, the little daughter of Mr. and Mrs. Bryan Squires is quite ill under Dr. Tolar's care.

Several young people gave Horace Chorpene a farewell party Tuesday evening before his departure for Cleveland, Ohio. His mother, Mrs. C. E. Chorpene and sister, Mrs. B. H. Squires served ice cream and cake.

Mr. and Mrs. B. E. Squires of Cameron avenue had as their guest last week, Mrs. Kennedy of New London, Conn. Mrs. Kennedy will be remembered as Mrs. Delamater's cousin and has been a visitor here before.

Dr. and Mrs. Bridgman of New Marysville, West Virginia and little child are guests of Mrs. Bridgman's parents, Mr. and Mrs. D. Long, Mrs. Bridgman was Miss Georgia Long. Mr. and Mrs. R. L. Grier and young people and Mr. and Mrs. Ross Long and daughters were supper guests at the Long home Wednesday evening.

Ross Long has returned from St. Augustine, where he has been on business for some time.

The dry weather is getting to be a serious thing, as many of the most faithful flowing wells are dry and people are hauling water to wet newly set plants in the fields looks bad and many are installing engines to pump up the water.

LONGWOOD PICK UPS

Mr. McWorkman left Tuesday for his home in Indianapolis.

Mrs. Dinkel and Miss Olive Din-

kel motored up to Jacksonville last week and were the guests of Mrs. H. R. Chapman.

Mrs. E. E. Hardy gave a silver tea Friday afternoon for the benefit of the Red Cross.

Mr. and Mrs. Baldwin were sight-seeing in the Celery City Tuesday.

Mr. and Mrs. Neimeyer and Mr. and Mrs. Bistline attended the "Egg Feast" given by the Chicken Association in Orlando Tuesday evening.

The ladies of the Red Cross Auxiliary will serve a sandwich, salad and coffee supper at the Library Friday evening March 22nd, 6 to 7 o'clock.

Mr. and Mrs. A. F. Searce of West Virginia are located in the Clouser cottage on Greenwood Lake.

William Washington, Paola, Fla.

GREAT ENTERTAINMENT

Home Talent Will Be Heard On Tuesday Night

The much anticipated All Home Talent Entertainment will be given Tuesday evening next. A most delightful evening of music, captivating and uplifting for harmony-loving ears, intermingled with pathos, wit and humor in elocutionary and reading, as well as song lines has been prepared and is all ready for the hearing. The vocalists, several of the instrumentalists and the readers of our city have united in arranging a superbly happy affair which every lover of good things will, we are sure, pass all other engagements up for, when next Tuesday night is here. Sanford has surprisingly fine talent and our people are not only proud to possess it but equally proud and loyal in supporting and patronizing it when opportunity offers.

The Congregational Society has very generously freely granted use of church and pipe organ for this fetè, proceeds of which are to go toward, and it is hoped entirely liquidate, Lyceum Course indebtedness. The admission is placed at the very low price of 25c. Concert will begin at 8 o'clock. The following program will be given:

- "My Native Isle" White Gentlemen's Voices
- "A Leaf From the Spray" August Ney
- Mrs. Ella P. Hilburn
- "The Long Day Closes" Sullivan West
- Ladies' Chorus
- Reading, "The Two Roads"
- Mrs. R. C. Maxwell
- Cornet Solo, "O Salutaris" Panofka
- Mrs. Jessie Stumon Herndon
- (a) "O Holy Father"
- (b) "Lullaby"
- Ladies' Quartette
- "Spring is Here" Dick
- Mrs. A. M. Philips
- "My Old Kentucky Home"
- Gentlemen's Quartette
- "Solo, Grand Organ"
- Mrs. Lucile Aspinwall Takach
- "The Shepherd," Easter
- Presbyterian Church Quartette
- "The Mission Box That Scandalized the Village" Mrs. J. W. Barnes
- "When Daylight Goes" Niedlinger
- Ladies' Chorus
- Violin Solo, "Meditation," from This
- Masseenet
- Mr. J. Reizenstler
- "My Aunt Eliza" (by request)
- Mrs. Wren McGuin

An Appreciation

Mr. Editor: Through the columns of your excellent paper we wish to express to the people of Sanford, Seminole county and our friends in general, our high appreciation of the long years of liberal patronage they have given us. This being the end of our fiscal year we look back with pride upon the fine patronage we have enjoyed during the past twelve months.

We are beginning the new year with many improvements and additions, a more complete, varied and better displayed stock than ever before. Better equipment in our Soda and Ice Cream Department. A very complete and well stocked Prescription Department.

Having secured the services of Mr. M. A. Reeves, one of the best Pharmacists in the state we are prepared to give even better service than heretofore. Accuracy, Neatness, Excellence and Dispatch being always our motto.

We have also secured the services of Mr. Edward Betts for another year and under his able management and good taste our fruit display and our Soda and Ice Cream Departments will be second to none.

Mr. Betts is too well known to need any introduction from us, save

to say that "Ed's" inimitable service is unequalled in the city.

Sundays are "Sodaless" days with us, in order that our good boys may have the day for rest and enjoyment. However, we are glad to have orders on Saturday for Sunday dinner-ice-cream and we will deliver it just in time and just right.

Our store is open on Sunday for necessities and medicines from 9:30 to 11:30 a. m. and 3 o'clock to 6 p. m. Only competent druggist in charge.

Call or phone us your wants at all times and we will see that you are supplied promptly and correctly.

Again thanking you for past favors and pledging ourselves to renewed and even Better Service, Respectfully,

L. R. PHILIPS & CO. (adv.)

A Leaking Faucet.
When the faucets in the bathroom or kitchen leak or do not allow the water to flow freely they need a new washer, and the washers cost five cents each. To put on the washer, turn off the water, the rod is usually under the sink or in the basement, and unscrew the faucet; take off the worn-out washer and slip on a new one and turn your water on again and presto! the work is done and no repair bill to pay.

Record Floods in China.
The Celestial kingdom has been the scene of some of the most terrible floods on record, observes London Tit-Bits. In 1801 the Yellow River overflowed and destroyed nearly 2,000 villages and towns and 5,000,000 people. Two years later there were great inundations in Mongolia, caused by typhoons, resulting in a death roll of 6,000.

Knots in Willow Plums.
There are more than 3,000 knots in an average willow plum.

Sugar the Most Common Sweet.
The world has a sweet tooth. It would be difficult to find individuals and probably impossible to find a people who do not like sweets. And of all sweets the most common is sugar, practically all of which is produced from the sugar cane and the beetroot. The beetroot being the source of somewhat more than half the supply. Sugar not only pleases the palate, but it helps to sustain the body, for though it is not sufficient itself, it forms a very useful component of foods, being easily soluble and assimilable.

Injecting Ink into the Eye.
Sometimes when a scar has been left on the cornea of the eye it is most unsightly. Oculists used to tattoo these scars with India ink, but the method was not satisfactory and has almost been abandoned. Dr. F. H. Verhoef of Boston describes in the Journal of the American Medical Association the delicate operation by which he injects India ink with a hypodermic syringe into such scars, and says the results are far superior to the old-fashioned tattooing.

Nature is Outwitted.
The man who invented the sewing machine achieved what he was after when he stopped trying to imitate the human hand. If you go into a factory you will see machines doing things which only human skill could do but a short time ago, but the processes are quite different from the manual method. The inventors have risen superior to the formulae that nature would seem to have laid down for them.

Make Windows by Hand.
In making stained-glass windows every bit of the work is done by hand, and it is amazing to realize how many times each piece of glass must be handled. An operator tells of counting up one day and finding that no less than twelve times were necessary. All the leadwork is done by hand too, even the opening of the little slots into which the glass is fastened.

To Remove Smoke Stains.
This suggestion will be beneficial to housewives who have not the convenience of electricity or the modern gas fixtures. Frequently the ceiling above an old-fashioned gas jet becomes discolored from smoke and heat. The discoloration may be removed if a layer of starch and water is applied with a piece of flannel. After the mixture has dried it should be brushed lightly with a brush. No stain or mark will remain.

"International" Cake

1 1/2 cup COTTOLENE (scant) 2 eggs
1 1/2 cups white flour 1 cup raisins and currants mixed
1/2 cup graham flour 1 level teaspoon soda
1 cup brown sugar 1 level teaspoon cinnamon
1/2 cup molasses Pinch of salt and cloves
1/2 cup strong coffee

Sift together the white and graham flour with the soda, cinnamon, salt and cloves.
Cream COTTOLENE and brown sugar together, and add the molasses and well-beaten eggs, then the fruit dredged in part of the flour. Then the coffee alternately with the balance of the flour.
Bake in well-greased loaf pan in moderate oven about an hour.

Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales
\$875,000,000.

Profits
\$34,650,000.

This is equivalent to a \$3,465. profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

Swift & Company, U. S. A.

ers and shippers are doing heavier work through their Board of Trade, with the one aim in view, results.

YOUR INCOME TAX

Mr. Harris Will Be Here Next Week To See You

The Sanford Herald, Sanford, Fla. Gentlemen—I beg to announce to the citizens of Sanford and Seminole county that I will be in Sanford for three days only, March 21, 22 and 23 for the purpose of assisting those who desire my services, in the preparation of their income tax returns.

These returns must be in the hands of the collector, or his deputy, on or before April 1st, and in order that every one may have a chance to file his return on time, the collector of the District of Florida has sent field men to each county seat for a few days. Will be glad to see any who call these days. My office will be at the court house.

I will thank you to give this as much prominence as possible, in order that none may fail to do their duty.

Very respectfully,
Roy R. Harris,
Income Tax Inspector.

Seasoned Wood.

The effect of seasoning wood is to bring into the same space 10 per cent more fibers than when the wood was green.

Facial Failure.

He—"Your friend isn't much stuck on her looks." She—"Say, she wouldn't dare shoot her own husband."—Judge.

Worth Consideration.

Pleasure comes through toil and not by self-indulgence and indulgence. When one gets to love work, his life is a happy one.—Rushin.

Vehicles Bear Owners' Names.

In England all cars and wagons must bear the owner's name and address before being used in a public highway.

Silent Applause.

Many a vaudeville actress seems to think she's a big thing because she sings through her nose, like an elephant.—Exchange.

Sir Oliver Lodge's Faith.

"I will not believe that it is given to man to have thoughts higher and nobler than the real truth of things."

Ford

THE UNIVERSAL CAR

While there's no telling what conditions may face the country before the war is over, one thing is certain and that is that Ford cars will grow more and more into being actual necessities, both in city and country. Prospective buyers will do well to place orders NOW, when a reasonably quick delivery is possible. Don't put it off until spring for the demand is continuous from all parts of the country; Ford cars are wanted in the North, South, East and West every day of the year. Let us have your order today and we'll hustle our best that you may not be kept waiting.

BETTER TRANSPORTATION IMPERATIVE

By D. C. MARLOWE in FLORIDA FARM & STOCKMAN

Never before have the farm products of Florida been in such demand as now and at prices decidedly attractive to the producer, and never before in its history has Florida suffered so because of inferior transportation. The result of this has all but killed the demand for our product and it is not infrequent that the producer or shipper is called upon for freight charges after the total return of a car have been turned on the freight account.

A conservative estimate of Florida's citrus crop for the season 1917-1918 is fifty thousand cars, but of this total only one-third of the vegetable crop has moved, and with the returns to the farmer from what has already been shipped, no incentive is carried him to increase his acreage later in the spring. In fact, unless means of better transportation is found, his acreage will decrease simply because of lack of funds in the farmer's hands to carry on his farming operations.

What is true of one section applies also to others and in speaking of the Sanford section, expressions are authoritative even to car numbers and initials. On celery and lettuce, the average movement from Sanford to New York is not more than the fifth morning delivery un-

der normal conditions, but at the present, and in fact for the last thirty days, eight, nine and even eleven days has been consumed in transit and the result has been that the product has lost its market day individuality and in many cases decayed in transit or from lack of attention. The Sanford Board of Trade has in its possession numerous cars whose average mileage in transit was eight miles per hour between Sanford, Philadelphia and New York, and even between Sanford and Jacksonville, anywhere from eight to eighteen hours has been consumed in movement with additional terminal delays of from five to thirty-five hours getting out of terminals. All this product is under ice and moving in refrigerator cars. As the situation stands now, the Sanford section alone, unless transportation service is improved, stands to lose not less than a half million dollars within the next thirty days, and since our product is typical of Florida in general, it is evident that under conditions as they now exist, a loss of from two to four million dollars to the producers direct is the ultimate result.

The very natural question arising then is: What is the trouble? A definite reply is: "Tonnage—overloading motive power!"

Obviously, there are two or three reasons why this is done, but since the carriers do not express real reasons in issues of this nature, those of us who wish to remedy and who express practical reasons, can only surmise, but in making surmises, we rely on experience, and a careful survey of every terminal and line between Jacksonville and New York city; a check of this sort having been made last December by the writer, and in giving the expressions herein, nothing theoretical is offered; but in offering to the public the service on railroads now existent, the carriers are evidently maintaining a service designed to produce certain results and if we are to give credence to such things as ulterior motive, three reasons are prominent: the "eight hour law," opposition to shippers because of their fight on a rate increase in May and June of last year or a desire to prove that the government cannot successfully operate the railroads of this country.

This statement that shortage of locomotives—particularly among the more prominent carriers of the southeast cannot stand as reason, neither can the claim of equipment shortage predominate, because to do this would carry us directly back to present day methods of depreciating motive power and equipment due to overloading engines and heavy handling of equipment.

To more clearly bring out these facts and to offer suggestions for observation, it is a known fact that the average locomotive now in use in Florida is of the 20-inch cylinder type, and if you will look up the builders' rating on these engines, it will be found that 1,200 tons is their capacity on track having nothing heavier than a one per cent grade, and you will also learn that to violate this loading to a degree worth mentioning, the entire machinery and boiler facilities of a locomotive is soon destroyed. Notwithstanding this, it is common and a daily occurrence for engines of this type to be sent out of terminals with from three to six hundred tons overload and it is also a daily or nightly occurrence for these same overloaded trains to find a "side track" between terminals not more than 125 miles apart, dead on the "sixteen hours law." This means delayed equipment, means a shopped engine from 24 to 60 hours, means increased consumption of fuel and additional money in overtime for crews. It also means connections at the terminal ahead and a decidedly ultimate loss in many cases, in the money returns to the producer.

A locomotive handling her allotted tonnage and given only ordinary running repairs at terminals, will cover 250 miles every 24 hours and do this day in and day out, but increase this tonnage as is the custom today, and a hundred mile average is good. Besides this, the coal consumption will increase per locomotive, at least 40 per cent per 100 miles and the damage to flues, crown sheets, etc., will run into dollars, and this to say nothing of labor, material, etc., required to maintain these engines in questionable condition for running. This system also destroys car supply and today, this system is deteriorating the car supply fully 20 per cent.

To restore nearly normal railroad facilities, one thing must, and will eventually be done, and that is a maximum tonnage system, according to the country, will be established and an inspection placed on this service to see that it is maintained.

All shippers know and appreciate conditions with the country today, and none of them expect normal conditions in anything, and they are perfectly willing to give and take, but when a remedy is in sight that means, if practiced, a possible solution and means, also, actually more money for the carriers in net dividends, then producers and freight shippers and receivers should exercise every effort to have steps taken by their representatives to see that the remedy is applied.

The shipper is not, nor does he intend to be antagonistic to the carriers and he looks for delays, but when they become serious to the extent of taking away his earnings, he is naturally interested in possible remedies, and with this in view, the Sanford and Seminole county grow-

BUSINESS MAN—GROWER—MERCHANT

There's an announcement on the first page of this issue. It refers to the most serious situation Sanford and Seminole county have ever faced. Yet, it is one that can be remedied, and will be remedied, but to remedy it quickly and in so doing save dollar upon dollar for you and me, it has reached that point where a unison of voices, shoulders and men must act together. Not only must they act once, but maybe many times, but every act brings better and better service and gives us each time better assurance for the transportation of our product. Nothing is accomplished, at least seldom ever, by "one man acts" particularly so since today hundreds of things face our Government for adjustment that heretofore were not up for handling. Still, our Government will help—will protect, but we must carry our troubles to them and present them in a logical specific way if we expect results. Our Government urges co-operation because through cooperation, the requirements of many are boiled down to the needs of sections and this need, handled through organization is always granted, provided there is justice in that requirement. Certainly there is justice in the needs of the grower, merchant and shipper of today and unless that justice in the way of transportation is meted out, Seminole county stands to lose a million dollars within sixty days. We urge you to be at the COURT HOUSE, SATURDAY NIGHT, MARCH 16th, at 7:30 O'CLOCK.

CORN STILL IN FLORIDA

It is pleasing to learn from the bureau of crop estimates that there were in Florida at the beginning of March this year a million and a quar-

ter more bushels of corn than at the same time last year, and a million more than for the first of March, 1916.

The figures given are 5,550,000 bushels on the farms of Florida March 1st. This is conclusive proof of the increased acreage last year, despite the ceaseless cry of some that the state was not doing its part in the matter of grain production.

True, five and a half million bushels is but little more than five and a half bushels per capita for our population; but it is a fine showing, considering the state of Florida has been deemed by many, who do not know it as grainless.

We venture the prediction that the corn acreage and the corn production in Florida this season will be an eye opener to the west and to the other great corn growing sections of the country. It is so easy to grow a crop of corn in Florida after the winter crop of vegetables or the spring crop of Irish potatoes; that the wonder is more of it has not been grown before. The trouble has been up to the past few years that the yield in dollars has been so satisfactory from the vegetables and fruits of winter and spring growing, that most of the farmers of the state were satisfied to let the land "rest." It has been found out, however, that there is a vast amount of available fertilizing material in the ground after harvest of the winter crops, and that this fertilizer is all that is needed to give from thirty to sixty bushels of corn per acre. The result is celery, lettuce, beans and potatoes and almost every other highly fertilized crop is now followed by corn which more than pays for the production of the crops already disposed of.

Florida corn clubs should be as common as Florida sand this spring and early summer; and they should be composed of men as well as the boys of the state.

And with every corn club should be attached, as part of the plan, a big club; for there is no better way to get fine crop results than by feeding your corn to your pig and feeding your pork to the buyer at sixteen or more cents on foot.

A Florida boy got more than five dollars a bushel for his corn the past season and all because he fed that corn to thrifty high bred porkers and turned it into high priced meat. It pays. Tampa Tribune.

GOVERNMENT ADVERTISING

"When will the government come to realize the power and dignity of advertising to convey its message direct to the people?"

The foregoing is the closing paragraph from an article by William H. Field, vice president of the Chicago Tribune, in a recent issue of Printers Ink.

Mr. Field has asked an interesting question, but we are afraid that it will be a long time before a satisfactory answer is given it. The United States government has

never recognized the dignity of advertising properly, but it has persistently, through all its various departments, sought to impose upon the newspapers of the country by asking for limitless space provided "there is no charge." The newspapers are constantly receiving from the government requests for printing this, that and the other, "provided it is done without charge," which is beneath the dignity of the government, and no such requests should be made by any government department.

It is proper that information should be furnished by the government when it is of a character that will interest the public, leaving to the individual newspaper the question as to its publication, but no department should for one moment ever send a request that the matter be published, provided "there is no charge." The government might just as well ask the maker of pig iron to furnish his product, "provided there is no charge," or to ask the cotton grower, the wheat grower or the mechanic, or its clerks, or its officials, to furnish their material or their work without cost as to ask the same of the newspapers.

Nevertheless, the newspapers are in their patriotism constantly giving unlimited space to the advocacy of the things without which the government could not float liberty bonds nor carry on the war. Other patriotic people are giving their time to the same work, but they do not give the product of their factories or their farms. For such products as the government pays, and pays liberally, except when it comes to newspaper space, and then it expects the newspapers to give their time, their money and all of the space upon which their existence depends, freely and liberally and without a dollar's expense to the government, and to this it adds constant hampering restrictions which make life almost a burden to every publisher.—Manufacturers Record.

Mad Dog at Jacksonville
Jacksonville, March 15.—Even persons suffered the bite of a rabid dog here today and the state board of health is now awaiting the arrival of serum from New York, which was wired for immediately with which to treat each case. Examination of the dog's head disclosed that the animal was suffering from a severe attack of rabies.

**RED CROSS
BIG CIRCUS
PROGRESSING**

**PROGRAM ANNOUNCING
EVENT WILL SOON
BE OUT**

The Red Cross Society Circus is the main topic of discussion these days not only in Sanford but in all the surrounding cities of this and adjoining counties for this circus will not be given for Sanford alone but for every city within a radius of 100 miles and many of the winter visitors of Altamonte Winter Park, Orlando, Eustis, Mt. Dora, DeLand and Daytona and other resorts have signified their intention of attending and assisting the Red Cross in their endeavor to raise funds for this great work.

Those who have the details of the Society Circus in charge are giving this big event with the idea of obtaining enough money to supply Seminole Chapter through the summer months in order that the work will not drag and also that the merchants and citizens generally will not be called upon each month for a donation or for the sale of tickets for some form of amusement—in other words to get it all at once and then take a vacation for the summer. The Red Cross workers are just as tired of soliciting funds as the people are tired of giving and this idea of making the money all at one time that will give the chapter all that is needed for the summer appeals to everyone.

The biggest thing about the Red Cross Circus is the fact that it will bring many new people to this city. Nothing like the Circus has ever been pulled here and it will not be presented anywhere in this territory upon such a grand scale as will be given here.

The program committee is out this week interviewing the business houses, selling space upon the big program that will be scattered all over this territory. The money on this program all goes for advertising, as the Circus will be advertised as no other attraction has ever been advertised and this city will profit thereby.

The people generally are asked to assist in this entertainment and the committee are out now securing the territory for material for the local talent part of the big show. They want ten freaks, ten clowns and numerous other attractions for the big show and the side shows and in the other cities where this attraction has been given the citizens have responded most generously and helped the chapter along by giving their services gladly for every part of the entertainment.

The Circus is different from anything ever before attempted and every citizen of Seminole county should get right in behind it and boost it.

The Queens' Contest for Queen of the Red Cross Society Circus promises to be one of the most interesting features. The most popular young lady will be crowned Queen during the Circus and will be presented with a beautiful diamond ring now on exhibition in the show window of Henry McLuzin's jewelry store.

The next prize will be a handsome diamond laveliere and a most handsome pearl breast pin is offered as the third prize.

Voting booths will be placed at the following stores: Bower's Drug Store, Phillips & Co.'s Drug Store, Mobley's Drug Store and other stores.

Votes cost one cent each and anyone can vote as many votes at one time as they wish and they can vote as often as they want. Any single

lady of good character in Seminole county is eligible. Mrs. Puleston is chairman of the Red Cross Queens' Contest Committee, assisted by Mrs. W. C. Hill, Mrs. Henry, Mrs. Thrasher, Mrs. Newman.

LICENSES REVOKED

Jacksonville Merchants Pass Under Food Administration

Food licenses under the federal administration held by the Tyler Grocery Company and the Gale Grocery Company were suspended yesterday by Braxton Beacham, federal food administrator for Florida, who ordered each to dispose of all commodities sold by them under government permit. They are allowed the privilege of applying for renewal of those permits to sell at the expiration of ninety days.

These cases are the first in Jacksonville wherein the state food administration has deemed drastic action necessary. They were tried by Mr. Beacham following charges preferred by County Administrator E. E. McLin, that they had violated regulations governing the sale of wheat, flour and sugar.

Specific charges against the Tyler concern were: Selling and shipping flour in greater quantities than permitted by law; selling flour without substitutes and realizing a greater profit than the food regulations permit. In the case of sugar violations, charges were: Selling flour in too large quantities directly to the consumer.

The Gale concern was charged with profiteering on flour and sugar and with selling both of these products to the consumer in too large quantities and with selling flour without substitutes.

Testimony was submitted to substitute the charges made by Mr.

McLin, a great deal of it taken from books of the two concerns. In making his decision, Mr. Beacham said that ignorance of the food administration's regulations was no excuse for violating them. He also stated that in disposing of the articles covered by their licenses both firms must conform with requirements of the administration.—Jacksonville Times-Union.

DeCOTTES EXALTED RULER

Elks Lodge Elects Officers for Ensuing Year at Meeting on Wednesday

At the regular meeting of the Sanford lodge of Elks the following officers were elected, for the ensuing year:

Exalted Ruler, Geo. A. DeCotte, Esteemed Leading Knight, F. E. Routhillat, Esteemed Loyal Knight, A. D. Parrish, Esteemed Lecturing Knight, J. F. Hickson, Treasurer, L. P. McCuller, Secretary, E. F. Housholder, Trustee, Forrest Lake.

A report of the activities of the lodge showed that 22 new members had been added during the year and the lodge is in a most flourishing condition despite the war and war times. Sanford lodge has 14 members in the war service and a beautiful service flag has been raised at the club, containing 14 stars for the boys who are serving their country at the front.

An Arab's Saying.
"It is well that all men are not rich. Riches corrupt the soul, but virtue enlarges the hope." These words were found in the parchment of an Arabic treatise by some ruler and is no doubt the bitter verdict of many that are rich today.—Exchange.

WE RETREAD WORN TIRES

so they will be good for many more miles of service. Make them practically new again so far as tread is concerned. No need for new tires just because the old ones have worn smooth. Just send them here for retreading at a very small expense.

**Patriotic Mass Meeting
Methodist Church, Sanford
TO-NIGHT 7:30**

"The Moral Aims of the War" 'WORLD RECONSTRUCTION'
Dr. CHAS. S. MacFARLAND of N. Y. By Dr. C. A. VINCENT

General Secretary Federal Council of Churches of Christ in America. Twice in Europe since the War.

Representing the League to Enforce Peace. Recently Pastor Washington D. C. Public Cordially Invited.

What Are We Fighting For? Answered Tonight at Mass Meeting

The people of Sanford and vicinity will have an unusual opportunity to hear two prominent speakers discuss vital war problems at the Methodist church this evening. The speakers are Dr. Chas. S. Macfarland of New York, General Secretary of the Federal Council of the Churches of Christ in America, and Dr. C. A. Vincent, now at Winter Park, and recently a prominent pastor in Washington, D. C.

Dr. Macfarland's subject will be "The Moral Aims of the War." Dr. Vincent, who speaks in behalf of The League to Enforce Peace, of which Ex-President Taft is the chairman, will talk on "World Reconstruction."

This meeting is held under the auspices of the National Committee of the Churches and the Moral Aims of the War, of which Hamilton Holt, editor of the Independent is chairman.

Similar meetings are being held this week in several Florida cities as part of a nation-wide campaign to quicken the spirit of America in support of the war.

This educational campaign is conducted at the request and with the cooperation of the Department of Public Information of the Federal Government.

THE PUBLIC IS URGED TO ATTEND

To Our Friends and Customers

THE Officials of the First National Bank desire to call to the attention of the general public the fact that the time for making returns of incomes for taxation expires on APRIL 1st, and that there is a penalty for failure of those required by law who make no returns.

We will be glad to afford any assistance in our power in making out reports, and trust you will make use of our services to the fullest extent.

FIRST NATIONAL BANK
of SANFORD, FLORIDA

In and About The City

Lyceum benefit concert Tuesday. Home talent entertainment next Tuesday.

Better see about your income tax returns before it is too late. 59-11c

Everybody's going to the benefit concert.

House for Rent—E. T. Woodruff. 58-5tp

Elsewhere the Herald publishes the benefit concert program we are to enjoy Tuesday evening next.

Break your Cold or LeGppe with a few doses of 666. r139-20tc

Just one eclipsing event next Tuesday—the benefit concert. Everybody be sure to go; can't afford to miss it.

Egplant and Pepper Plants for Sale. J. E. Spurling Phone 2. 59-11c

John T. Brady, Jr., is recovering from an operation for varicose veins performed by Drs. Puleston and Tolbr.

RUB-MY-TISM — Antiseptic Relieves Rheumatism Sprains Neuralgia etc. 39-26tc

Orlando, Eustis and DeLand and all the tourist resort towns of this part of Florida will be here for the Big Society Circus.

Income tax returns are required to be made by April 1st. There is a penalty for failure to make this return if you are liable. 59-11c

Big Farmers' meeting at the Court House tomorrow night under the auspices of the Board of Trade. Every farmer in this section should be there.

For Wood and heavy hauling see Murrell, or phone 378. 48-1f

The Sanford Postoffice is putting on a wonderful campaign for the Thrift Stamps and raffle with the leaders in Florida. The Woman's Club is taking the lead in this movement.

The Ladies' Union of the Congregational church will hold a strawberry festival on Saturday afternoon, March 16th in the room next to the Sanford Shoe & Clothing Co. In connection with the festival there will be on sale pillow cases, bureau scarfs, handkerchiefs and aprons. 59-11c

The "Haymakers" and "The Battle of Roses," spectacular productions staged for the Society Circus by the young ladies and little girls of Sanford will be the greatest ever witnessed here.

Expensive Hemstitching Machine just installed at the millinery shop of Mrs. H. L. Duhart. Ladies of Sanford are invited to call and see this machine in operation. Fourth and Sanford Ave. 13-1f

Rev. Dr. Brower, the popular pastor of the Congregational church will preside at the Lyceum benefit concert to be given in the commodious auditorium of that edifice on Tuesday evening next. The program will begin at 8 o'clock.

Ice cream delivered every Sunday in time for your dinner. L. R. Phillips & Co. 55-Fri-1f

The Honolulu, who have been announced as the closing attraction of the Lyceum Course are not coming. War disrupts everything, our Lyceum entertainments among the wreck. The baritone of the com-

pany has been called, in consequence of which the Honolulu are compelled to disband. As we cannot have this attraction, it has been decided to substitute the home talent concert of next Tuesday, and ticket holders are entitled to this entertainment instead. The concert of next Tuesday is to be so rich with enjoyment, that we are sure everyone will really gain by the change.

Automobile Accessories.—To all Ford Owners: The Perfection Acrotor saves from 1/4 to 1-3 your gasoline. Proves its efficiency on demonstration. Time required 5 minutes. Pays for itself 12 to 16 times per year. Cost only \$4.00. Want a resident agent in every town. If \$50.00 per week looks good to you see F. L. Miller. 59-2tc

At the First Methodist Church corner Park avenue and Fifth street, Sunday, March 17th, services as follows: Sunday school at 9:30 a. m. Preaching at 11 a. m. and 7:30 p. m. Epworth League at 6:30 p. m. Special evangelistic service will begin Wednesday, March 20th at 7:30 p. m. Rev. Howard Dutil will assist the pastor in the meeting. A most cordial invitation is extended to all to attend these services.

Robert Olin Chappelle, at one time the premier pitcher and ball player of the old Gainesville Oak Halls is in the city with the Society Circus arranging the program for this big event. Bob is a very popular boy all over Florida especially with the old timers of the diamond.

Don't forget to leave your orders for ice cream for Sunday dinner at L. R. Phillips' drug store Saturday. 55-Fri-1f

The grand pipe organ, the soul stirring violin, the thrilling sweetness of the cornet, the pathos and side splitting humor of artistic elocutionary presentation, and the charming solo and ensemble of Sanford's popular singers unite to form a reel musical and sentimental portrayal event which no one will want to miss seeing and hearing. We predict a crowded house next Tuesday night.

Munn Norwood, after a ten days' visit here to Mrs. Norwood and her parents, Col. and Mrs. H. J. Spence, started Saturday evening, on his return to his work at Monetta, Mo. His wife accompanied him, as far as Lakeland.—Punta Gorda Herald.

Get your prescription work done neatly, correctly and delivered promptly anywhere in the city. L. R. Phillips & Co. do it. 55-Fri-1f

If the benefit concert proved the success that is confidently expected the sponsors for the Lyceum expenses will certainly feel very grateful to the good people of Sanford. Albeit the entertainment is to be such that we make no question in saying those who come and enjoy it will feel like extending a vote of thanks for the pleasure afforded.

Holders of Lyceum Course tickets will be admitted to the benefit concert on presentation of these, Tuesday evening next. This is intended to take the place of the heretofore announced "closing number," which cannot be given for reasons stated elsewhere.

L. R. Phillips & Co.'s drug store open every Sunday from 9:30 to 11:30 a. m. and 3:00 to 6 p. m. For prescription and medical purposes. All work correctly and promptly done. 55-Fri-1f

Lyceum tickets are tickets of admission to the home talent concert next Tuesday. Come, all who hold tickets, tell your friends and any and all Lyceum Course supporters who have so loyally endeavored to make the present season's course a success. Let every one who loves music, good wholesome fun, clean wit, uplift of soul and refined presentation by Sanford's best readers, vocalists and musicians, fill the auditorium of the Congregational edifice to its fullest capacity. The Society is exceedingly generous benefit-ward, the singers, players and readers ditto, and there is no kind of doubt the entire public will prove likewise.

Notice to Property Owners
Section 50 of Chapter 5598 of the Laws of Florida provides that "If the taxes upon any real estate shall not be paid before the first day of April of any year, the tax collector shall advertise and sell."
Please take notice that state and county taxes, if remaining unpaid, will become delinquent on April 1st. Jno. D. Jinkins, Tax Collector, Seminole County. 58-8tc

Presbyterian Union
Atlantic City, N. J., March 15.—Definite action by the commissions on union of the Presbyterian churches North and South in their efforts to close the breach between the two bodies was delayed today by the late arrival of several delegates from the south. Participating in the joint conference are representatives of ten states.

A letter from President Wilson urging a union of the forces of Presbyterianism in the United States "as a very good thing for all Presbyterians in the country" is to be read at the meeting.

There are approximately 4,000,000 members of the two churches.

The city commissioners of Lakeland have adopted a resolution authorizing the purchase by the city of the Lakeland Gas Company for \$190,000. A bond election for the purpose of raising the money will be held in about sixty days.

HAPPENINGS OF INTEREST IN AND AROUND SANFORD

Mrs. No ma King McLaughlin, Social Editor. Anyone having points, parties or any article for this column, it would be appreciated if they would telephone 370-J

A lovely farewell party was recently given by Mr. and Mrs. Sam Dresner for their mother, Mrs. I. Dresner of Pattison, N. J. Mrs. Dresner came to Sanford about three months ago practically an invalid and returns home in perfect health, so she feels there is nothing too good to be said about Sanford, her climate or her people. She was the recipient of much attention while here. Nothing could have been lovelier than Mrs. Sam Dresner's home the evening of the party; yellow and green, the color scheme was very beautifully carried out. Streamers of these colors extended from the chandelier to the table and were entwined with plum blossom and this same beautiful flower was used over doors and windows, producing a charming effect. Tea roses were also used in profusion. Mrs. Moses, Mrs. Dresner and Lloyd Brown did the decorating and it was worthy of any artist. Delicious ice cream, cake and fruit punch were served to the guests during the evening.

If you are a married man and have an income of over \$2,000, one way of getting at the amount you owe the government is to set down all over the exempted amount, add the number of trading stamps you received during the year, divide it by the total amount of whatever pawn tickets you may have in your possession, subtract from this the difference in your present age and your age at the time you reached your majority, multiply this by what ever number you happen to think of and then chuck the whole thing in the waste basket and begin over again.—Philadelphia Enquirer.

Many people in Sanford will learn with the deepest sorrow of the death of Mr. Robert Davis at Port Orange on Wednesday morning. Mr. Davis spent last winter in Sanford at the Hotel Carnes and made many friends. He came here in the interest of the Wilson Contracting Co. and had charge of the paving of the road to the Wekiva bridge. The remains were accompanied to Virginia by his brother, where the interment will take place.

Mr. and Mrs. P. M. Elder announce the engagement of their daughter, Nellie to Mr. Goodspeed of Jacksonville. The wedding will occur March 31st. Miss Elder is the eldest daughter of Mr. and Mrs. Elder and a young woman of great charm, and the engagement is of deep interest to her many friends.

"Go back to the simple life, be contented with simple food, simple pleasures, simple clothes; work hard, pray hard, play hard, work, eat, recreate, sleep. Do it all courageously. We have a victory to win." —Hoover.

Mrs. Papworth, Mrs. Vance, Mrs. Thigpen, Miss Adamson, Miss Parramore, and Miss Wilkie motored to Altamonte yesterday.

Mrs. Colson of Memphis, Tenn., is the attractive house guest of Mrs. Ernest Galloway at her home on Beardall avenue.

Dr. and Mrs. F. L. Sweeney of Philadelphia, who are touring the state were guests of Mrs. Mettinger this week.

Mrs. B. W. Herndon leaves tomorrow for Staunton, Va., to spend the Easter holidays with Miss Norma Herndon.

Judge Cary D. Landis of DeLand, one of the most brilliant attorneys in the state spent Thursday in Sanford.

S. J. Bradley and father of the Bradley Brokerage Co., Jacksonville, were in Sanford Wednesday on business.

Miss Florence Frank left yesterday for Palatka after a visit of two weeks with Mr. and Mrs. R. C. Bower.

Mr. and Mrs. A. H. Moses and Mr. and Mrs. Sam Dresner motored to the beach Wednesday.

A. B. Wilkinson of New Smyrna was the guest of his sister, Mrs. Stringfellow Wednesday.

Roswell King of Dowagiac, Mich., leaves today for home after spending several months in the south.

F. A. W. Brown and Dr. Brouse have returned from a trip to Tampa and St. Petersburg.

Charles Whitner of Jacksonville is in Sanford on business.

Liberty Motors Ready
Washington, March 15.—America's first fighting seaplane equipped with liberty motor has been tried out and accepted, it was learned tonight, and a number of the craft are now being delivered for the use of the naval air service. They are the advance guard of a big fleet which will be added to the forces engaged in submarine hunting in the war zone.
